

THROUGH FRIONA

Interstate Highway Route Discussed

The D.E.S. drug scare which involved feedlots using the hormone injections to facilitate weight gain for feedlot animals was definitely politically motivated, according to a local spokesman for the cattle industry.

"This was one wedge the government could use in an attempt to decrease the consumption of beef, and thereby effect a reduction in beef prices," the source maintains.

Tests have never found the D.E.S. residue in the muscle fibre--only in the liver. Our informant says that scientists say that a person would have to eat 500 pounds of liver with the D.E.S. traces in order to have as much of the drug as is received by a pregnant woman in hormone injections.

Not many people we know are going to eat 500 pounds of liver at one sitting--even if they like liver that well.

The DES "scare" is sort of related to the flack which farmers have received for using government-approved chemicals in order to feed our hungry nation. And then they're catching it for raising tobacco, which the government pays them to raise and then advertises that the product may be harmful to one's health.

An article which originated in the Kentucky Farmer magazine and related by fellow newspaperman Bob Hamilton last week in the Iowa Park Leader strikes back at the "big thing" which has been made about dire physical afflictions brought about by eating eggs. With tongue in cheek, the article says in part:

"Pickles will kill you. Every pickle you eat brings you nearer to death.

"Nearly all sick people have eaten pickles; therefore the effects are obviously cumulative.

"Of all the people who die from cancer, 99 per cent have eaten pickles.

"100 per cent of all soldiers have eaten pickles; therefore pickles must be related to war.

"99.8 per cent of all juvenile delinquents come from homes where pickles are served frequently.

"Moreover, all pickle eaters born between 1890 and 1900 have wrinkled skin, brittle bones, have lost most of their teeth and are afflicted with failing eyesight.

"Rats force-fed with 20 pounds of pickles per day developed bulging abdomens and their appetite for wholesome food was destroyed."

Get the point?
Not often, but once in a while this summer we have had 30 minutes without anything scheduled to go to, and without any other demands on our time, we tried the "hoob tube" to see which of the summer re-runs we might have missed.

The other evening, wife Carol turned on the set, only to find it was a program we had already seen ("We only watched that show once all last year, and that was it," she remarked).

Flipping from channel to channel, she found that lo and behold, she had already seen every program being aired at that particular time--and we don't consider ourselves TV "addicts."

Now I ask you--How is it that you can already have seen all three programs in progress at the same time? We sure don't have three TV sets tuned to the different networks during the regular season.

Sort of frustrating, isn't it?

Our uncle and aunt, the L.P. Lynskays of Lubbock have a friend in San Francisco, their former home, who contributed the following.

She says she heard that John Connally and Lyndon B. Johnson were about to form a political party of their own. It would be called the G.O.D.

We thought people were at last ready to let poor old LBJ rest in peace, but apparently not.

Well, the Democratic ticket has been amended, in a move that had not been necessary since the election of 1848.

The Eagleton case has received reams of publicity, and we shall not dwell on it here except to criticize columnist Jack Anderson, whose charges against the Missouri senator almost were his "death knell," or so it appeared.

Anderson's charges were challenged by Eagleton, and you may have missed the news that on the day that Eagleton withdrew from the ticket, Anderson retracted his charges.

Which prompted comedian Bob Hope to remark "This was sort of like an apology from the Japanese on December 10, 1941."

(Courtesy The Hereford Brand)
A possible interstate highway through Friona, that would partially follow the existing Highway 60, was discussed at a meeting last Friday night in

Hereford, attended by local civic officials. Some 29 area officials met in Hereford to discuss the possibilities of obtaining the highway.

Attending were Texas Highway Department Officials and John McClellan from Roswell, N.M., who has been pushing such a highway for more than a decade.

Leroy Tillery, assistant manager of the Amarillo Chamber of Commerce introduced McClellan to the gathering and explained the basic purpose of the meeting. He said the main purpose of the new interstate route would be to connect I-10 and I-40 along with proposed I-27 which will connect Lubbock with Amarillo.

"We (Amarillo) have good highways," Tillery said. "We just want to help you get them too."

The route of the interstate would be set to connect Amarillo with Las Cruces, running from Amarillo to Canyon, Hereford, Friona, Clovis, Portales, Roswell, Alamogordo and ending in Las Cruces.

Senator Montoya of New Mexico has been given credit for being the legislative "driving force" behind the program and has held public hearings concerning it.

"It is a legislative matter at this point," Tillery said.

However, the route has been favored by the Bureau of Roads since 1958. A bill was introduced to establish the route and passed the Senate, but fell short of passing the House of Representatives by a large margin.

"This bill was defeated due to the majority of representative from New York and Illinois who were more interested in urban development," McClellan said.

Continuing, McClellan said that a legislative bill is not needed to produce a highway and that the Transportation Department has the power to make such decisions, but that they are not building any highways at this time for anyone.

McClellan defined the proposed interstate as "money and a lot of money" through added commerce to the towns it connects. At the same time he warned of the bill that is being proposed by the Transportation Department and "the President" which would have the users of highways pay one-third of the operating costs.

"I feel that we have justified this route with the legislators, but it will be impossible to get

(Continued on Page 9)

TRAGEDY AVERTED. . . This is the tailwater pit where tragedy was narrowly averted on Tuesday when an eight-year-old boy crawled into a culvert emptying into the pit. Friona Firemen were instrumental in rescuing the boy from the pit. He had crawled about six feet into the pipe.

Youth Rescued From Tailwater Pit Pipe

An eight-year-old Friona youth had a narrow escape Tuesday afternoon when he became trapped in a culvert emptying into a tailwater pit just outside the city limits of Friona.

Pepe Rodriguez, son of Mr. and Mrs. Jose (Lupe) Rodriguez of 1501 N. James, was rescued from the culvert by Friona Fire Department volunteers and others who rushed to the scene.

Young Rodriguez was playing in the irrigator runoff ditch a few yards behind his residence, when he apparently decided to enter the culvert, which carries the water into a tailwater

pit on the Floyd Reeve farm. Other youngsters notified their parents when the youth got about halfway through the culvert, and they notified the fire department.

Actually, the youngster was not stuck in the culvert, but was afraid to go further, or to back out of the pipe. Being in the pipe had caused the water to build up behind him, however.

Using a pole hook, rescuers finally managed to hook a belt loop on young Rodriguez' blue jeans, and pulled him out of the pipe.

The youngster was uninjured, just a little excited over the ordeal.

REGISTRATION SET

Parents Reminded Of Immunizations

Superintendent of Schools Alton Farr reminded parents of school children that under the state's compulsory immunization law, all children must be immunized against diphtheria, measles, tetanus and polio before they will be allowed to enroll in school.

The measles immunization is not required if there is a history of the illness. Smallpox vaccination is no longer required by the State Board of Health.

"I think the majority of our parents are aware of these requirements and have taken care of the immunizations, but if they have not done so they will need to enroll their children," Farr said.

High school registration will be held next Friday, August 18, at 9 a.m. in the Friona High School Auditorium. Registration for seventh and eighth grade students will be held the same time and day, at the Junior High School Auditorium.

Sixth graders will also register on August 18, at 10:30

a.m. at the Junior High Auditorium.

Students in public school kindergarten through the fifth grade will report on Monday, August 21 at 8:45, the first regular day of school.

Students who have moved to Friona during the summer and have not attended school here before are requested to register sometime beginning the week of Monday, August 14, at one of the three principal's offices, between the hours of 8:30 a.m. and 3:30 p.m.

The week of August 14-19 is a week of "in-service training" for all teachers.

Drama Workshop Sets Performances

The Friona Fine Arts Council's Summer Drama Workshop has two performances slated this Saturday, as a conclusion of the two-week workshop.

Del Lewis, former Friona resident who has worked on Broadway and Off Broadway productions in New York, is director of the workshop.

Performances are set for Saturday at 2 p.m., when the "Wizard of Oz" will be produced.

At 8 p.m. Saturday, "Love Makes The World Go" will be the production. Both productions are at the High School Auditorium.

Tickets are 50¢ for adults and 25¢ for children. The Fine Arts Council's workshop is underwritten by the Chamber of Commerce and other local organizations.

Officials say they are well pleased with the participation in this summer's workshop, although the number of adults was down somewhat, due to last-minute vacations.

SCENE REHEARSAL. . . Three participants in the summer drama workshop are being instructed by Del Lewis, right, who has conducted the workshop the past two weeks. From the left are Iris Stephenson, Carol Bavousett, Pam Lindley and Lewis. Two productions are set for Saturday at the high school auditorium at 2 and 8 p.m.

PAINTING TIME. . . Pete Hollis, street superintendent for the City of Friona, is shown putting finishing touches on the new crosswalks being painted at the school crossing on Highway 60. This year for the first time, students will cross the highway in the middle of the block, rather than have two crossings, one at each end of the block.

CITY BUSINESS

Contract Awarded For New Station

The Friona City Council awarded the contract for the new fire station to Lewellen Construction Co. at its regular meeting Monday night.

Lewellen was awarded the contract on a low bid of \$35,847.60 after councilmen heard presentations by Delton Lewellen representing the successful bidding firm and Gerry King representing Mills & King Builders, Lubbock.

The bid by Mills & King amounted to \$48,000. The city had sent out bid specifications to several contractors following its last meeting, but only the two bids were received.

The new fire station is to be constructed adjacent to the existing station and law enforcement center, to the east and north of the present building. The new station will be made up of three elements: the garage, which will house the department's five vehicles; a meeting room bounded by a kitchen, chief's office and locker room; and a shop area.

A 26-foot concrete drive will be at the front of the building, which will be of steel with brick trim. Some landscaping also is included in the plans.

Lewellen said the construction job would take approximately 90 days, and that he could begin almost immediately.

Funds for the new station were provided by a \$50,000 bond issue approved by city voters last April.

In a busy session, the city also approved the purchase of an automatic water pressure control system from Triple F Controls, Inc., Amarillo, at \$10,979. The new device is expected to allow the city's water system to operate at maximum efficiency, and keep an adequate supply of water in the various storage tanks at all times.

The council gave tentative approval to a \$387,890 budget for the 1972-73 fiscal year. The budget will be re-submitted for final discussion and approval at the council's next meeting, September 11.

which will be of steel with brick trim. Some landscaping also is included in the plans.

The council gave tentative approval to a \$387,890 budget for the 1972-73 fiscal year. The budget will be re-submitted for final discussion and approval at the council's next meeting, September 11.

The board authorized the annual city audit and gave approval to an electrical code for the city, which is to go into effect January 1, 1973, the same date on which the recently passed plumbing code will be effective.

The new city electrical code follows closely the national code. Set as a board of directors on the code are John Allen, Ray Campbell, J.C. Blankenship and a representative of Southwestern Public Service Co. Clyde Fields will be electrical inspector for the city.

The council also approved a request from E.E. Sparkman, who retires next month after 20 years of service to the community, for a flat rate charge on his water bill after retirement.

Miscellaneous items discussed included the police department's efforts to again reach full-force status; and D.C. Herring's plans for extension of the lagoon at the city's wastewater plant.

Roy Slagle Remains In Intensive Care

Roy Slagle, who was critically injured July 9 in a two-car accident five miles west of Bo-

Durward Looper Still Critical

Durward Looper, 16-year-old son of Mr. and Mrs. Jackie Looper, who was critically injured in a water skiing accident July 16 at Ute Lake, was placed back in the intensive care unit of Northwest Texas Hospital, Amarillo, this week.

The youth had been taken out of the unit early last week, but was placed back when an infection developed. A spokesman for the family said that Durward still has not regained consciousness.

Meanwhile, the fund started at Friona State Bank to help on the Looper family's medical expenses, has grown to \$577.00. Those wishing to donate may make checks payable to the Durward Looper Fund.

vina, is still in the intensive care unit at High Plains Baptist Hospital, Amarillo.

Slagle sustained a broken neck, bruises, cuts, and is paralyzed from the shoulders down.

Neva Rabon, who was with Slagle at the time of the accident, received cracked ribs, multiple bruises and cuts.

Slagle's car overturned two and one-half times when a motorist attempting to pass struck his car on the left side.

Martha Rutherford, Slagle's daughter who lives in Amarillo, members of the family and friends have been at the hospital 24 hours a day since the accident.

Although only the immediate family has been allowed to see Slagle at five-minute intervals on the hour, Mrs. Rutherford says he smiles when he is told of his would-be visitors, cards, letters and flowers which have been received.

It is hoped that Slagle can be moved to the Bivins Rehabilitation Center which adjoins the hospital early this week.

SHORTHORN QUEEN. . . Judy Northcutt, National Shorthorn Queen, will attend the State Fair of Illinois, at which the National Shorthorn Congress also will be held. The meeting is set for August 13-14-15. Miss Northcutt is the daughter of Mr. and Mrs. Bob Northcutt of Broadway.

COOPERATIVE EFFORT

Chemicals Play Vital Role In Agriculture

A late issue of the National Agricultural Chemicals Association News contains a list of official Food and Drug Administration tolerances with respect to pesticide residues in farm crops. The majority of the tolerances on the list have been in effect for a good many years. They are the result of exhaustive and continuing studies aimed at achieving the most beneficial level of pesticide application consistent with controlling residues or traces of pesticide chemicals that appear in products after harvesting or processing. In any given food product or crop, the tolerances, as established by the FDA, are far within a safe range.

What makes the list, as published in N.A.C. News, especially pertinent is the fact that it reveals the measure of progress that has taken place in the development of pesticides and the science of their use since the days when the crop-saving chemicals were first introduced. Since those days, we have seen the rise of the specter of world starvation. The question of whether or not to use chemicals is academic. Every possible aid to stimulate food production must be utilized and, as in the case of pesticides, utilized wisely.

The United States supplies well over one half of the total pesticide chemicals used in the world. As might be expected, both industry and governmental authorities in this country have led in establishing a realistic balance between use and control. Unfortunately, other countries have lagged in establishing such a balance.

Consequently, unduly stringent tolerance restrictions threaten a kind of embargo on worldwide distribution of pesticide chemicals to areas where they are most needed. Eventually, these restrictions must be removed by international agreement that accepts U.S. standards for measuring pesticide tolerances. In the words of N.A.C. News, "The efficiency and effectiveness of U.S. methods have, in our studied opinion, been unquestionably proven time and time again. Other nations could well profit by our experiences."

Maize Days Discussed

The Friona Chamber of Commerce board of directors, with Maize Days chairman Ray D Fleming attending the meeting, discussed the way the 1972 celebration is shaping up at the board's regular meeting Tuesday morning.

Fleming voiced concern over the fact that moving the parade to Saturday might weaken the celebration's Friday drawing appeal. Previously, the parade has been on Friday, with the free barbecue on Saturday.

Plans are to hold both events on Saturday this year. More participation from outside groups and organizations is expected by holding the parade on Saturday.

The board discussed the possibility of scheduling another event on Friday, and the prospects of holding some type of motorcycle racing event for the young cycle buffs was discussed.

Board member Carrol Gatlin was to do some checking on this matter.

Board president Dale Cary announced that Friends of the Library have scheduled a square dance on Saturday evening of Maize Days.

Sincerely Yours

By Rev. Albert Lindley

I was at a group meeting the other evening when at the conclusion of a study session a bright idea was presented and adopted. . . build a fire in the fireplace of our meeting room and make some "smores," a concoction of graham crackers, marshmallows and Hershey's chocolate. (A lighted fire in August?)

So, the air conditioner was turned up and the fire was lighted. . . but no one stopped to think that the flu might be shut in the fireplace.

After all of the windows were opened and everyone vacated the smoke-filled room, a suggestion was made that the activities be altered and the meeting disbanded. . . which was quickly accepted.

Now, my little story does contain some sort of truism: Those who act out of ignorance find many smoke-filled rooms in their lives.

Well, now I know that isn't as outstanding as a good "Russian Proverb," or a "Confucious Saying," but for a Lindleyism, I thought it was pretty fair.

Have you ever stopped to think of the many mistakes that come about simply because someone failed to "check it out," or simply was ignorant of the action taken?

Such mistakes have caused great nations to fall, world situations to worsen, human relations to absolutely deteriorate and unsolved problems to remain unsolved.

If you are by yourself on a lone raft in the middle of the ocean (I don't know how you got there), then a mistake may not mean much. (I do suppose you had to make a pretty good one to get in that predicament).

But when you are in the midst of where life is going on with people all around you, a mistake takes on new proportions. . . like a smoke-filled room.

Has anything I've said caused you to want to pursue further the possible knowledge of better informing yourself? I hope so.

Such a waste of talent to not use your best potential. . . . Let me conclude with something great, like: "Keep your life free of smoke-filled rooms. Check out your situation first."

Friona Flashbacks

...from the files of the Friona Star

40 YEARS AGO--AUGUST 12, 1932

F.N. Welch, who for the past few years represented the John Deere Company in Friona, has closed his agency and will devote his attention to his farming interests only.

The singing school at Friona, under tutorage of V.O. Stamps, O.L. Echols and Freddie Martin, has been in full swing all this week. It is reported that there is an enrollment of 100 pupils.

30 YEARS AGO--AUGUST 7, 1942

August 29 has been designated by Governor Coke R. Stevenson, the War Production Board and the county USDA War Board as local junk rally day for Farmer County.

FOR SALE: 640 acres of land in fourteen miles of Friona, 450 acres in cultivation. Price, \$10.00 per acre. See us for cheap farm and ranch lands. M.A. Crum, Friona.

20 YEARS AGO--AUGUST 7, 1952

Mr. and Mrs. V.R. Jordan returned from their trip to California by way of Farmington, New Mexico, where they visited with her brother, Mr. Fred Easterling.

Mr. and Mrs. G.L. Mings are back at home after spending two weeks in the hospital at Hereford. Both underwent surgery the same week there, and are reported to be slowly regaining their strength.

10 YEARS AGO--AUGUST 9, 1962

A public debate on the merits of the Kennedy Administration's Farm Program is scheduled for Tuesday, August 14, at the Lazbuddie High School Auditorium. Representing the area farmers who oppose the program will be Frank Hinkson of Lazbuddie. Speaking for those who are in favor of the Administration and its farm program will be Paul Lewis, Lamb County farmer.

LETTERS TO EDITOR

Mr. Bill Ellis
The Friona Star
Friona, Texas

Dear Bill:

Let me take this opportunity to thank you and the Friona Star for your excellent news coverage of Encounter '72. The photographs and news stories were tastefully presented and accurately reflected the facts of the Encounter.

Also the paid advertising was artistically and journalistically well prepared. I'm sure this excellent advertising helped Encounter '72 draw the record-breaking crowds that it did. Congratulations and thanks to you and The Star for a job well done!

Sincerely yours,
Bill Myers
Music-Education Director
First Baptist, Friona

NICE CATCH . . . Mrs. Earl Hibdon holds the four-pound, four-ounce channel catfish which she caught recently at Burleson Lake. The fish was two feet long. The Hibbons also caught some bass and perch, and said the fish were "really biting." The catfish was one of the largest caught at the lake this season.

Criminal Cases Set For District Court

A list of 100 petit jurors have been summoned for duty next week in District Court, according to Sheriff Charles Lovelace.

Criminal cases are on the docket to be heard before District Judge Pat Boone.

Four cases are on the docket. They include Lonnie O. Counts, charged with theft in connection with allegedly fraudulently selling insurance to Pearl D. Hastings of Bovina; Daniel Lopez Garza, charged with assault with intent to murder; Ronnie Dale Wines of Bovina, charged with the burglary of Don's Medicine Chest and Dr. P.C. Hickman's office; and Morris Bell, charged with passing worthless checks.

Of the list of jurors, 72 have been called for duty beginning at 9:30 a.m. Tuesday, the first day of court. The other 28 prospective jurors are to report at 9:30 a.m. on Wednesday.

Those called for jury duty include:

TUESDAY, AUGUST 15
 Mrs. John S. Williams, James W. Moody, Marie Krieger, Clarence L. Jones, Audrey Mason, Mrs. C.A. Norton, Bobby L. Green, Mrs. L.R. Hand, Iven B. Clary and Linda L. Dozier.
 Also, Myrna Hammonds, Steve Messenger, Clifford S. Crow, Charlie H. Wise, Mrs. Harry Lookingbill, Mrs. Cecil Malone, Rodney Murphy, Mrs. Charles L. Bass, Earl Franklin Graham and Tom Bonds.
 Also, Raye London, Al-

ice K. Snodgrass, Mrs. Edmund Kitten, J.J. McDonald, Frank Hinkson, Mrs. James D. Johnston, Beverly Joy Obershain, Mrs. E.S. White, Maurice Smith and Carl Guess.

Also, Burl F. Rogers, Martha E. Bates, E.G. Steelman, Guy A. Whitesides, Hubert L. Gohke, Curtis J. Birchfield, Mary Ruth Redden, Woodrow Whitaker, Charles Sanders and Bessie Davies.

Also, Caryl R. Fallwell, Mrs. Lawrence Jamerson, Billy Dean Baxter, Mrs. O.M. Hammonds, Mrs. Manuel Lopez, Houston Bartlett, Floyd Millican, Lloyd Rector, Ismael Barraza and Tommy C. Haralson.

Also, John Leroy Witten, Mrs. R.E. Mears, W.M. Bradley, Paul Dwayne Bishop, Mrs. C.M. Coffey, Patricia Livengood, Margaret B. Caldwell, Bobby M. Gleason, Carl G. Davis and Ralph Roming.

Also, Thoma Lou Boeckman, Lana Doshier, Mrs. Andrew J. Jesko, John W. Frazier, Mrs. Peggy Snider, Marion E. Clark, R.J. Renner, Jr., Randol C. Allen, Mrs. Gerard Bradford, Douglas Landrum, Alice Lovelace and Matilda Caballero.

WEDNESDAY, AUGUST 16

Wayne A. Jones, Mrs. Truman Gaines, R.E. Mears, Mrs. H.T. Magness, Mrs. Orville Burnett, Mrs. L.M. Grissom, Mrs. R.W. Shelton, Gilbert Gilliam, Mrs. I.W. Quickel and W.H. Gammon.

Also, Mike Ellis, Mrs. O.H. Jones, Zula Mae Rundell, C.B. Eddins, Wayne Foster, Mrs. W.A. Waddell, Felix A. Robbins, Mrs. George Treider and Mrs. Otto Lingnau.

Also, Fidencio Guzman, J.C. Robertson, Joyce Haseloff, Louise Hancock, Glayton Wylie, M.T. Hukill, Mrs. John L. Ray, Walter H. Hughes and Bobby D. Wied.

PUBLIC NOTICE

Proposed **CONSTITUTIONAL AMENDMENT**
 NUMBER 11 ON THE BALLOT (HJR 95)
 General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
 Section 1. That Article IV, Section 17 of the Texas Constitution, be amended to read as follows:
 "Section 17. If, during the vacancy in the office of Governor, the Lieutenant Governor should die, resign, refuse to serve, or be removed from office, or be unable to serve, or if he shall be impeached or absent from the State, the President of the Senate, for the time being, shall, in like manner, administer the Government until he shall be superseded by a Governor or Lieutenant Governor. During the time the Lieutenant Governor administers the Government, he shall receive in like manner the same compensation which the Governor would have received had he been employed in the duties of his office, and no more. The President, for the time being, of the Senate, shall, during the time he administers the Government, receive in like manner the same compensation, which the Governor would have received had he been employed in the duties of his office."
 Section 2. That Article III of the Texas Constitution, be amended to add a new Section 24a to read as follows:
 "Section 24a. The Lieutenant Governor, while he acts as President of the Senate, and the Speaker of the House of Representatives shall each receive from the public treasury an annual salary of \$22,500."
 Section 3. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 7, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide a salary of \$22,500 for the Lieutenant Governor and the Speaker of the House of Representatives."

PUBLIC NOTICE

Proposed **CONSTITUTIONAL AMENDMENT**
 NUMBER 12 ON THE BALLOT (HJR 96)
 General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
 Section 1. That Article VIII, Section 1-b, of the Texas Constitution, be amended to read as follows:
 "Section 1-b. (a) Three Thousand Dollars (\$3,000) of the assessed taxable value of all residence homesteads as now defined by law shall be exempt from all taxation for all State purposes.
 (b) From and after January 1, 1973, the governing body of any county, city, town, school district, or other political subdivision of the State may exempt by its own action not less than Three Thousand Dollars (\$3,000) of the assessed value of residence homesteads of persons sixty-five (65) years of age or older from all ad valorem taxes thereafter levied by the political subdivision. As an alternative, upon receipt of a petition signed by twenty percent (20%) of the voters who voted in the last preceding election held by the political subdivision, the governing body of the subdivision shall call an election to determine by majority vote whether an amount not less than Three Thousand Dollars (\$3,000) as provided in the petition, of the assessed value of residence homesteads of persons sixty-five (65) years of age or over shall be exempt from ad valorem taxes thereafter levied by the political subdivision. Where any ad valorem tax has theretofore been pledged for the payment of any debt, the taxing officers of the political subdivision shall have authority to continue to levy and collect the tax against the homestead property at the same rate as the tax so pledged until the debt is discharged, if the cessation of the levy would impair the obligation of the contract by which the debt was created."
 Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment providing that the various political subdivisions of the State may exempt not less than Three Thousand Dollars (\$3,000) of the value of residence homesteads of all persons sixty-five (65) years of age or older from ad valorem taxes under certain conditions."

BUSINESS IS GROWING

Pioneer Cattle Buyers Serve Entire Industry

One major business which has evolved and grown due to the area's cattle boom is Pioneer Cattle Order Buyers of Friona.

This company, which was formed in 1969 as a means of taking care of the various facets of the cattle industry from a buying and selling standpoint, has grown tremendously in its short history, and plans to build a new office building in Friona in the near future.

G.B. (Pete) Buske, veteran of 40 years in the cattle buying business, heads up Pioneer Cattle Order Buyers. Other members of the staff are D.H. (Doug) Stephenson, Don Foster, Redge Priest and Mary Bingham.

The company is headquartered in the Bingham Building on the corner of Main and Highway 60, but plans to break ground soon on a new 10,000-square foot office building which will be its headquarters, on a half-block tract on Columbia Avenue between Highway 60 and 12th Street.

"We are cattle dealers. We buy cattle and have them on contracts for our customers," says Buske, adding that this is the company's main reason for being in business.

"However, we also are fat cattle brokers. We buy for packers in Indiana, Michigan and Canada. Thus, we buy cattle all the way from a 200-pound calf to a 1200-pound finished steer," Buske says.

But the company's main business is securing cattle for feeders, either for pasture or feedlot purposes. Pioneer Cattle usually has thousands of cattle on hand (under contract), ready for their buyers.

"If we didn't keep a good inventory of cattle, it would be difficult for us to fill some of our orders, which can be sizeable," Buske says.

With the increased emphasis on cattle feeding in the Friona area, Pioneer Cattle Order Buyers has expanded its territory, and purchases cattle from several states, including New Mexico, North Carolina, Mississippi, Tennessee, Alabama, Kentucky, Arkansas, Oklahoma and Texas. Occasionally, the company buys cattle from Florida, Utah, Arizona and Mexico.

"We have a considerable advantage over the individual buyer, because we are buying and selling cattle every day. The fellow who only buys one load might get stung, but we are less likely to be mistreated, because the people we deal with want our repeat business," Buske says.

"We are on the telephone every day. We touch base at least once each week with every major cattle center in the nation--finding out what is available. We talk with people we have been dealing with for years--people we know and can depend upon," the veteran cattle buyer adds.

Buske said he believed that Pioneer Cattle Company, because of these built-in advantages, could buy a feeder a load of cattle and sell them to him (including commission) at a cheaper price than the feeder could buy the cattle.

If the market fluctuates, Pioneer Cattle takes the loss or profit. It does not hold a particular pen or herd of cattle in order to make

them pay off, but buys and sells on the current market price.

This market fluctuation is the company's biggest risk factor, but Buske figures that by buying and selling cattle every day, the company offsets any advantage or disadvantage of the fluctuating market.

"We always try to have another steer coming in for every one we take out of the feed lot, to offset the risks of the market price. We buy in volume and sell in volume, and try to always be fair with the people we are dealing with," Buske says.

The longtime cattle buyer, whose experience in the business is called upon many times each day, says the company operates on an "optimistic market price." This year, Buske adds, has been an especially good year for cattle feeders, he says.

Buske says he likes to show potential cattle feeders how they can make a profit by feeding cattle, and prove to them that feeding is actually a low-risk business. "This is especially true as compared to raising crops, where a hail storm can wipe you out overnight," he says.

Buske sees continued success in the immediate future for cattle feeding.

For one thing, the average consumption of beef per capita has increased by six per cent per year in recent years, and this trend should continue.

Buske doesn't think the supply of cattle is in any danger, and that the current market price for beef will remain relatively stable.

Fortenberry Relatives Are In "Texas" Company

The seventh season of "TEXAS," the musical drama of Panhandle history by Paul Green, is entering its second week of performance. The story is told by eighty cast members and thirty crew members from 24 different communities and trained in 38 colleges and universities.

The following excerpt from the Souvenir Program of 1972 tells about members of the company who are related to Friona residents.

Bill and David Anderson of the "TEXAS" company are related to the Paul Fortenberrys of Friona.

BILL ANDERSON (Light and Sound Technician) returns for his third season. Bill has served on hospitality, worked as a stage technician, and will be a sound and lighting technician. He received many of his credits on the stage of Canyon High School, and for his backstage work there which include:

"The Silver Whistle," "Guys and Dolls," and "Becket." He was a member of The Drama Club, and Thespians at CHS. Bill is a student at West Texas State University, and won two outstanding awards recently:—The Alpha Psi Omega backstage achievement award, and the Dr. C.E. Colgate outstanding technician award. He earned credits as stage manager of: "Antigone," "The Night Thoreau Spent In Jail," "Fiddler On The Roof," "Edwin Booth," and "Tales of Hoffmann."

DAVID ANDERSON, comes to the Texas Company for his first season, and will be a familiar face to greet patrons on the parking lot, and in the theatre. He is a student at Canyon High School, where he has been a member of the track team that won the district in track relay. David is an officer in his church youth organization, and he is a member of an early pioneer family.

RECEIVES AWARD. . . Benny D. Pryor, vocational agriculture instructor at Friona High School (right) receives the 20-year tenure award of the Vocational Agriculture Teachers Assn. from the organization's president, Herman H. Stoner, Sherman. The award was presented at the annual awards breakfast at the association's recent convention in Fort Worth.

A 20-YEAR-OLD ALFALFA TAP ROOT CAN ACTUALLY ATTAIN A LENGTH OF 50 FEET!

At Home In Parmer County Jana Pronger

Are convenience foods worth high price tags? Or do they really cost that much?

A study has revealed that some convenience foods cost as much as three times the price of ingredients needed to prepare similar foods at home.

But the study also showed that some cost less than their homemade counterparts.

Homemakers generally pay a higher price for convenience.

In the study, each of four commercially prepared frozen, ready-to-heat dinners of meat loaf, beef, fried chicken and turkey cost more than if prepared at home. Costs for fried chicken dinners averaged 25 per cent higher.

Costs were based on home-prepared dinners that had the same amount of food (meat, potatoes, and a second vegetable) as commercial dinners. Cost relationships might have differed substantially if home-prepared dinners had used another cut of meat or poultry.

For example, the home-prepared fried chicken dinner used a whole ready-to-cook frying chicken (cut up) costing 42 cents a pound.

If the meal had served chicken parts—breasts with ribs and legs—at 65 cents a pound, the dinner would have totaled 35 cents instead of 25 cents. The commercial fried chicken dinner, then, would have cost only 50 per cent more than the home meal rather than 110 per cent higher.

Some brands of frozen ready-to-eat main dishes cost much more than other brands, partly because they contain more meat or poultry.

One brand of beef pie, for instance, cost twice as much while another cost about the same as beef pie made from a home recipe. The less expensive frozen pie contained only three-fourths as much meat as the homemade pie. Similarly, one brand of chicken pie cost 150 per cent more while another brand was only 20 per cent higher.

Cheese pizza made from a packaged mix cost only slightly more than pizza made from

scratch. But frozen pizza, ready for the oven, cost 60 per cent more.

Apple pie, pound cake, brownies, sugar cookies, waffles and baking powder biscuits made from mixes ranged in cost from slightly less to one-third more than similar foods made at home. Frozen waffles, heated in the toaster, cost three times as much as homemade waffles, but canned chilled biscuits, ready-to-bake, cost only one-third more.

Apple pie bought ready-to-eat cost about 80 percent more, but ready-to-eat brownies and sugar cookies cost about the same as homemade brownies and cookies.

Paying these higher prices for convenience may be a saving for persons living alone. Preparing some dishes at home can require too many ingredients and yield too many servings to be practical. Or a homemaker may simply prefer to use her time for activities other than cooking.

When shopping for convenience foods, compare costs of equal-sized servings of home-prepared and commercially prepared foods. This will prevent paying more for convenience than you had intended.

Calculating precise costs for mixed dishes isn't easy. Before attempting the calculations, try the convenience item first to check if it's acceptable.

IN THE WORLD OF BANANA-LOVERS, STEPHAN NEL HAS BEEN A HERO SINCE 1970—WHEN HE ATE 50½ BANANAS IN ONLY 10 MINUTES!

George Gershwin's "Concerto in F" was the first jazz concerto for the piano in musical history!

Now liquid SEVIMOL® CARBARYL INSECTICIDE helps keep borers out of corn

You can't keep profits up when Southwestern corn borers knock down your plants. Protect your crop with liquid SEVIMOL.

Since last winter was mild, billions of Southwestern corn borers are getting ready to rip into unprotected crops. Once the larvae tunnel into stalks or girdle them, your plants lodge and your profits slump.

That's why it pays to protect your crop with liquid SEVIMOL a proven mixture of molasses and SEVIN® carbaryl insecticide, recently labeled for use against Southwestern corn borer.

Start checking your crop now because maximum hatch occurs between mid-July and mid-August. If 50 to 75 percent of your corn shows egg masses or young larvae anywhere on plants, apply SEVIMOL. Then make a second application in 7 to 10 days.

SEVIMOL is used in low-volume applications. It gives you a heavy spray that falls fast and resists drifting. It spreads uniformly to leaf surfaces and "hangs in there" when other insecticides run off in rain or irrigation.

This year, knock out Southwestern corn borers before they knock over your crop. SEVIMOL carbaryl insecticide also controls corn earworm, fall armyworm and certain other corn insects.

Minimum Tillage Is Growing

Minimum tillage is gaining wide acceptance throughout Texas and the United States. Minimum tillage is a new system of farming that is producing more net return per acre for many farmers while reducing soil erosion.

Minimum tillage leaves last season's crop residues on the soil surface to provide a seedbed for a new crop. Farmers leave the past season residues on the soil surface and use planting equipment such as fluted coulters, common drills or chisel openers to place the seed in an otherwise undisturbed seedbed. Herbicides are used to control weeds during the growing season. Tillage is kept to a minimum by the use of herbicides.

Farmers such as Frank Hinkson are finding advantages such as: reducing breakdown of soil structure-reduces soil compaction-improves soil aeration-soil takes water more readily-less labor-reduces trips across the field-lower production costs-conserves moisture-soil erosion reduced as much as 95%-protects seedlings from wind damage-more food and cover for pheasants and other wildlife.

For more information about minimum tillage contact the Soil Conservation Service in Friona.

NAMES NEW BUSINESS... Bobit Blankenship, 11-year-old daughter of Mr. and Mrs. J.C. Blankenship, was the winner of the contest to name the new frame and hobby shop which is open in the former Lillard Real Estate building on Highway 60. Bobit was presented with a picture frame by Mrs. Billie Homer, owner of the business, for submitting the winning name.

BEGIN ON MONDAY

Optimism Reigns As F.H.S. Players Eye Workouts

With eight returning starters and 13 returning lettermen from their 1971 team, the Friona Chieftains for 1972 have their coaches smiling for a change when the topic of the prospects for the upcoming season is under discussion.

"We coaches are really excited about the prospects for the 1972 season. This is by far the best bunch of returnees I have had at Friona," Coach Bob Owen says. He adds that the players also apparently are thinking about a winning season, and this should be a plus factor.

The Chieftains have been picked at or near the top in the newly aligned District 3-AA by most of the pre-season polls and prognosticators.

The team will be seeking to rebound from a 3-6-1 season of last year which was the worst of Coach Owen's head coaching career.

Back are eight offensive and one defensive starters from the 1971 team. However, guard Gary Land, a starter a year ago, has not as yet passed his physical, due to a blood pressure problem, and may or may not be available to the team.

Other returning starters in-

clude quarterback Johnny Sandy, center Willie Bailey, halfback James Bartlett, guard Mike Martin, tackle Kevin Wiseman, halfback Louis Lee and guard James Perea.

Mario Perea, who was a defensive starter last year at middle linebacker, will probably be a starter at fullback for his senior year. All of the players listed are seniors with the exception of Lee, who broke into the starting lineup last season as a sophomore.

Four other returning lettermen are expected to be among those reporting for the first workouts next Monday. They are seniors Mark Walters, a guard, Gerall Wyby, a guard, John Rule, a tackle, and junior Ricky London, a tackle.

Coach Owen said that the coaching staff was expecting some 97 players to report for football for 1972, including approximately 45 freshmen, as indicated by pre-enrollment cards signed last spring.

"We are especially pleased with the attitude of the kids that we have seen," said Owen, who added that a couple of the prospective starters had voluntarily gone this week and had their hair cut short.

The football candidates will report at 7 a.m. next Monday when equipment will be issued. Twice-per-day workouts are to be held daily at 7:30 a.m. and 6 p.m. next week. No contact equipment will be issued until Friday, as the grid candidates will not be allowed to have any contact until Friday, due to a new rule adopted this year.

Owen said the new no-contact rule was designed to eliminate early injuries due to beginning contact too soon, and also allow the players an opportunity to condition themselves some prior to beginning the hitting phase.

Friona, which has been forced to play seven district games the past two years, finds themselves with only four district opponents this fall, with six non-conference games.

District opponents are Olton, Littlefield, Dimmitt and Morton. Non-conference games are scheduled against Farwell, Bovina, Muleshoe, Springlake, Lockney and Dalhart. The Lockney game has been designated as homecoming.

Coach Owen pointed out that the 1972 schedule really favored Friona as far as traveling is concerned. Both Lockney

and Dalhart come to Friona. Other home games are with Bovina, Olton and Dimmitt.

The farthest road trips will be to Morton and Littlefield. Other games away from home are Farwell, Muleshoe and Springlake, all closeby sites.

The Lockney game, which is scheduled here on October 6, has been designated as Homecoming for FHS exes.

Dalhart and Lockney are new to the schedule after an absence of several years each. The other eight opponents were all met in 1971. Dropped from the schedule were former district mates Floydada and Abernathy.

All Football Prospects Need Physical Exams

All boys in the seventh, eighth and ninth grades who plan to play football are requested to have their physical examinations prior to the beginning of school on August 21.

The required forms are available at Parmer County Community Hospital.

CHECKING ROSTER. . . Coach Bob Owen, kneeling, center, goes over the list of prospective football players who are expected to report on Monday when workouts begin for Friona. Coaches Larry Dyess is at left and Dub Cleveland at right. Standing is Ray DeBord.

Trip Horton Attends Debate Workshop

Trip Horton, who will be a Junior in Friona High School this fall, was among the more than 180 high school students from across the United States attending a debate workshop at Texas Christian University. An offering of TCU's ninth annual Summer High School Fine Arts Institute, the July 29-August 11 workshop is designed to emphasize competitive forensics and bring a thorough understanding of the new debate resolution as well as a workable grasp of debate theory.

The largest workshop of its kind in the state, TCU's two-week event features a faculty

headed by James Luck, TCU Forensics coach. The workshop opened with a round of diagnostic testing and featured a battery of lectures concerning theory and preparations of argument. Students are now preparing for tournament competition.

"We feel that the workshop is invaluable for the experience it offers. The students are not only exposed to other high school debaters but also have contact with our bright college debaters who are part of staff," said Luck.

Horton is the son of Mr. and Mrs. Hollis Horton Jr.

New Reading Program Planned By Kindergarten

Mrs. Ernie Porter spent two weeks in Dallas this summer visiting various publishing companies. The purpose for her trip was to find a reading program especially geared for the kindergarten child.

Mrs. Porter purchased from the J. B. Lippincott Co. the "Beginning To Read, Write And Listen" program. This program was developed by the Boston Educational Research Com-

pany. "Beginning To Read, Write And Listen" is a comprehensive reading-language arts program that takes children on a guided tour from readiness to independent reading. Handwriting, auditory skills, language activities, art projects, spelling and reading are all correlated in this unique, multi-sensory, child-oriented program.

With "Beginning" the alphabet literally comes alive. Children can see it, touch it, hear it, smell it, even play with it, and by doing so they learn to read. What a good beginning! Mrs. Porter believes that with this program her students will be eager and ready to accept the challenges of the first grade.

Hard work still represents the main essential of success in life.

The battle on the highways is almost as deadly as the combat of warfare.

Old-fashioned cooking is still very much in fashion.

Interstate.

(Continued from Page 1)

"and the trucking companies have to be interested in this measure due to the cost advantages."

At this point McClellan said that one of Texas most powerful assets would be found in Senator John Tower who has indicated an interest in the interstate.

Some concern was voiced by the delegation concerning bypassing of towns by a highway such as the proposed one.

"Interstates cause by-passes and some people are afraid of being by-passed, but the increase in traffic will actually increase the kind of traffic in a town that is profitable, if the town has something to offer," McClellan said.

He pointed to the fact that over 3,000 cars pass over the New Mexico line into Clovis per day, and that that figure might be increased by more than 40 per cent taking into consideration the amount of travel being done to the West Coast.

Wedding Bello Ring...

Gale Lynn Boyd Weds Bill Kelley

Gale Lynn Boyd, daughter of Mr. and Mrs. Earl Dean Boyd, Route 2, Friona, became the bride of William Jackson Kelley, son of Mr. and Mrs. Roy E. Kelley of Lubbock, at 8 o'clock in the evening at First Baptist Church, Bovina.

The double ring ceremony was read by Bro. Larry Heard before an altar, which was backed with an archway of greenery trimmed with daisy garlands. An arrangement of daisies and gladioli formed the focal point of the archway, which was flanked by pairs of spiral and seven branched candelabra. Votive cups with greenery, daisies and yellow satin ribbon bows marked the family pews.

Mrs. Doris Wilson, pianist, accompanied Mrs. Dennis Burrows of Lubbock as she sang, "We've Only Just Begun," "The Twelfth of Never," and "The Wedding Prayer."

Mrs. Weldon Moody played traditional wedding music preceding the ceremony and during the ceremony, she played "The Love Theme From Romeo and Juliet," throughout the ceremony.

Mrs. Gary Crump of Amarillo, was her sister's matron of honor. Bridesmaids were Vicki Kelley, Lubbock, sister of the groom, Patti Mills and Deborah Mills, Bovina. Candelighters were Karla Mills and Kara Mills, both of Bovina.

Mrs. Crump wore a yellow polyester flocked dotted gown designed with an empire waistline, scooped neckline and long full sleeves, which were cuffed with ruffles, which extended over her hands.

The bridesmaids wore gowns

identical to the one worn by the matron of honor. Each attendant wore a white pearl choker laced with velvet ribbon and headpiece of yellow and white daisies with yellow tulle shoulder length veils and carried a white basket filled with white daisies and decorated with yellow satin ribbon bows.

Linda Wilson of Midland was the best man. Groomsmen were Larry McDonald, Plainview; Mark McKinney, Amarillo; and Larry Calvert, Muleshoe. Preston Wilson and Darrell Wilson, both of Muleshoe, were ushers.

As the bride was escorted to the altar and presented in marriage by her father, she wore a white formal flocked nylon gown over white satin. It was designed with a scooped neckline and empire waistline. Motifs of French Alencon lace were re-embroidered on the waistline.

The long full sleeves were cuffed at the wrist and ruffled over her hands. The cuffs were re-embroidered with French Alencon lace motifs.

Her veil of imported silk illusion was attached to a crown of white velvet ribbon and extended to floor length. The edge of the veil was re-embroidered with lace matching the trim on her gown.

She carried a bouquet of yellow roses, white daisies and garlands on a white Bible with white satin streamers and love knots topped with a Cattelya orchid corsage.

The bride's only jewelry was a pearl necklace, which was a gift from the groom. She wore an heirloom quarter, which was minted in 1853 and belonged to

her late grandfather, Ernest Ivor Perry and two pennies minted in the years of the births of the bride and groom in her shoes. She borrowed a silver braided bracelet from her mother and a blue garter.

The serving table for the reception, which was held in Fellowship Hall of the church, was covered with a white sheer cloth over yellow satin. A Lady Windemere cake with four revolving tiers topped with three upper tiers was decorated with white daisies and topped with satin wedding bells.

Crystal and silver serving appointments and the bride's

bouquet completed the table setting. Cake, punch, nuts and mints were served by Betty Paul and Kathy Schueler, both of Friona.

Guests were registered by Shirley Schueler, who also passed out rice bags.

Mr. and Mrs. Kelley plan to live at Weatherford, where he is a student at Southwestern State College. He is a graduate of Muleshoe High School and West Texas State University, Canyon.

Mrs. Kelley, a graduate of Bovina High School, is also a graduate of West Texas State, where she received a bachelor of science degree.

MRS. JOHN BRIDGES

Cindy Ingram, John Bridges Exchange Wedding Vows Here

Cynthia Beth Ingram, daughter of Mr. and Mrs. W.S. Ingram, 507 Arrah, became the bride of John Richmond Bridges, son of Col. and Mrs. John D. Bridges, 1616 Fairway Drive, Lima, Ohio, at 7:30 p.m. Saturday, August 5, at Friona United Methodist Church.

The double ring ceremony was read by The Rev. Albert Lindley, pastor of the church, before an altar banked with palms and decorated with tiers of candelabra holding white tapers. Spiral candelabra pointed up the triple arrangements of white gladioli, pink carnations and amaryllis, which stood in white columned urns. A pyramid candelabra backed the white kneeling bench, which extended from the white aisle cloth. The altar was also flanked on each side by palm trees and spiral candelabra.

Votive cups holding white candles entwined with English ivy marked the family pews. Other church decorations included lighted tapers in the windows.

Original arrangements of traditional wedding music were played by Mrs. Roy V. Miller Sr., organist, and Mrs. J. Lee Witten, pianist. They also accompanied Del Lewis, vocalist, of Madison, Wisconsin, while he sang "Walk Hand In Hand," "The Twelfth of Never," and "The Wedding Prayer."

Teresa Ingram, Friona, sister of the bride, was the maid of honor. Another sister, Mrs. Robert Osborn, Amarillo, was

the matron of honor. Bridesmaids were Linda Cooper, Pampa, and Cheryl Clark, Dallas. Mrs. Bill McKinney, Amarillo, was the matron of honor.

The bride attendants wore formal sleeveless gowns of lime and pink imported swiss embroidered cotton. The necklines and sleeves were edged with flounces, which were repeated on the empire waistlines.

They wore matching headbands of pink roses and leather fern, and carried nosegays of pink amaryllis, stephanotis, carnations and gypsophila.

Jim Wall, Dallas, was the best man. Groomsmen were Wilber Walls and G.M. Walls Jr., both of Miami, Texas. Charles Harris, Kress, and David Woody, Canyon.

Guests were seated by Jerry Cass, Amarillo, and Steve Jones, Hereford, both cousins of the bride; David Bridges, Oklahoma City, cousin of the groom; and Gary Crume, Hereford.

Matt Osborn of Amarillo, nephew of the bride was the ring bearer. Candelighters were John and Cris Ingram, brothers of the bride.

As the bride was escorted to the altar and presented in marriage by her father, she wore a formal gown of silk peau de soie and Alencon lace designed with a fitted empress waistline overlaid in lace with a duchess neckline enhanced by a soft flounce.

Her long sheer lace enhanced sleeves tapered to flounces over her hands. The softly shirred skirt fell to a scalloped lace hemline, which swept to back fullness cascading into a full chapel train. Seed pearls and crystals were re-embroidered over the bodice.

She wore a camelot coil of Alencon lace re-embroidered in seed pearls and crystals and enhanced by three dimensional lace flowers. Her veil of imported silk illusion fell the full extent of her train and was edged in scalloped lace.

The bride carried a nosegay of pink garnet roses, gypsophila, stephanotis, white feathered carnations and leather fern. Carrying out tradition she wore something old, something new, something borrowed and something blue, which was a lucky sixpence in her shoe. The genuine British silver sixpence coin was a gift from Amarillo National Bank.

Guests were registered by Linda Waldrop, Dallas.

A reception was held in Fellowship Hall of the church immediately following the ceremony. Mrs. Alton Fields presided at the guest register.

The bride's table was covered with a white peau de soie and tulle cloth caught at the swags with pearl embroidered circlets. Centering the table was a silver candelabra holding pink tapers and an arrangement of pink roses and gypsophila. Mrs. Stephen Thomas

poured from a silver punch service.

In keeping with the Victorian look and Old World design of the wedding, the bride's cake was frosted with white and garnished with small pink roses, clusters of rosebuds, white lattice-work and miniature wedding bells.

Four revolving cakes were offset from the other three tiers with the topmost cake holding a Botticelli Cupid in a filigreed heart frame supporting two tiny white doves. Mrs. Robert Koger served the cake.

For a wedding trip to Florida, Mrs. Bridges wore a mint green dress with white accessories.

Mr. and Mrs. Bridges, who will be at home at 1100 South Ocean Blvd., Pompano Beach, Florida, are both graduates of West Texas State University. He is the Ben Hogan Company's district manager for its sales territory in southern Florida.

The groom's parents hosted a rehearsal dinner at Amarillo Country Club Friday evening.

MRS. WILLIAM JACKSON KELLEY

MRS. ERIC VANCE RUSHING

Wedding Vows Exchanged

Wedding vows were exchanged between Linda Sue Grabbe, daughter of Mr. and Mrs. Oliver Grabbe, Canyon, and Eric Vance Rushing, son of Mr. and Mrs. E.M. Rushing, Friona, at Oklahoma Lane Methodist Church Tuesday, July 25.

The single ring ceremony was read by Rev. Oran D. Smith, pastor of the church.

Attendants were Mr. and Mrs. George Rushing and Jimmy Holland.

The bride wore a green suit with white accessories.

Following a wedding trip to Northern New Mexico and points of interest in Colorado,

Mr. and Mrs. Rushing are at home at 1211 Jackson Street.

Mrs. Rushing, who is a 1966 graduate of Canyon High School, holds a bachelor of business administration degree from West Texas State University and has taught business in Roswell High School for the past two years.

Her husband, who is a 1964 graduate of Friona High School, holds a bachelor of arts degree from Texas Tech University, Lubbock, and served a tour of duty with the United States Navy. He is associated with Rushing Insurance Agency and also farms.

EVELYN DARLING... Mr. and Mrs. Daane Darling, Route 1, Muleshoe, are announcing the engagement of their daughter, Evelyn, to Carl Gable, son of Mr. and Mrs. Bill Gable, also of Route 1, Muleshoe. Miss Darling, who is a 1971 graduate of Lazbuddie High School, attended Lubbock Christian College last year. Her fiancé, a 1969 graduate of Muleshoe High School, attended South Plains Junior College, Levelland, one year. The couple plan to exchange wedding vows at 8 p.m., Thursday, October 12, in Lazbuddie Church of Christ.

CHRISTINE GRANT... Mr. and Mrs. George L. Grant Sr. of Friona have announced the engagement and approaching marriage of their daughter, Christine, to Oscar Canter Jr., son of Mrs. Carrie Flickinger of Winchester, Kentucky. Miss Grant is a 1972 graduate of Friona High School. Canter is assistant manager of Tullia Bi-Products. Wedding vows will be exchanged Tuesday, September 5 at 8:00 p.m. in Calvary Baptist Church, Friona. Invitations are not being mailed locally, but friends of the couple are invited to attend.

AMELIA JANE SIMS... Mr. and Mrs. J.P. Sims, 601 Washington Avenue, have announced the engagement and approaching marriage of their daughter, Amelia Jane, to James Robert Taylor, son of Mr. and Mrs. J.B. Taylor, Center, Colorado. Wedding vows will be exchanged at 7:00 p.m. Saturday, September 16, at Calvary Baptist Church. Invitations are not being mailed locally, but friends and relatives of the couple are invited to attend the ceremony and reception, which will follow.

Engagements Announced...

Coffee Honors

Mrs. John Bridges

A coffee in the home of Mrs. Kenyth Cass Thursday morning at 10:00 honored Mrs. John Bridges from Lima, Ohio. Mrs. Bridges was here to attend the wedding of her son, Chip Bridges, and Cindy Ingram.

The serving table was laid with a pink linen cloth and centered with an arrangement of pink and white roses flanked by porcelain, fan-tailed pigeons. Other floral arrangements throughout the home were white daisies and pink and white snapdragons.

Mrs. Robert Osborn of Amarillo served coffee and tea from a silver service to Mesdames: W.S. Ingram, Ralph Shelton, Olan Turner, Leroy Johnson, Arthur Drake, W.D. Buske, J.H. Boyle, C.W. Tannahill, Guy Latta, Roy Miller, J. Lee Witten, Henry Lewis, Albert Lindley, and Kenyth Cass. Also Misses Cindy Ingram and Teresa Ingram.

Out-of-town guests were Mesdames: L.J. Jones, Steve

Jones, Sidney Urbanczyk and L.J. Jones Jr. of Hereford, and Mrs. Don Lewis and Amy of Madison, Wisconsin.

Karen Agee Ends Course Of Study

Karen Agee, daughter of Mr. and Mrs. Maynard Agee and a 1967 graduate of Friona High School, recently completed a course of study at West Texas State University, Canyon, and was presented a certificate as a teacher of mentally retarded persons.

Miss Agee, who is a graduate of West Texas State, where she majored in elementary education and minored in English, has been teaching in the Morton Public School system, will be returning there this fall.

She and two college friends, Patsy and Virginia Green, visited in the home of the Maynard Agees last weekend.

Nancy Scales Is Shower Honoree

A miscellaneous bridal shower in the home of Mrs. F.G. Crofford from 2 to 4 p.m. Saturday, August 5, was a courtesy for Nancy Scales, bride-elect of Vaughan Wingfield.

Receiving guests with Miss Scales was her mother, Mrs. Charles C. Scales.

The serving table was covered with a white linen cloth and scented with a candle arrangement.

Pineapple punch and assorted cookies, nuts and mints were served by the hostesses.

Co-hostesses with Mrs. Crofford were her daughters, Sharon and Karen, Mrs. Ron Altman, Mrs. John Baxter, Cynthia Proctor, Regina Peak, Mrs. Ruby Barnett and Mrs. D.G. McClellan.

Maynard Agees

Return From Trip

Mr. and Mrs. Maynard Agee and daughter, Krystal, returned home recently after spending two weeks on vacation.

They visited in Scottsdale, Arizona, Porterville, California and Paso Robles, California and did some sightseeing along the way.

Marian Haile, Ronnie Williams United In Church Ceremony

Pledging nuptial vows Saturday evening in the Stratford Baptist Church were Marian Haile, daughter of Mr. and Mrs. Homer L. Haile, Stratford, Texas, son of Mr. and Mrs. Kenneth C. Williams.

Rev. Alvin Askins, Lubbock, Texas, officiated at the ceremony.

The church was decorated to simulate a garden in the late afternoon. Janice Hart greeted the guests at a garden table set with a hurricane lamp and the guest book.

Mrs. Wayne Powers, sister of the bride, was matron of honor. Osa Kay Kendrick was maid of honor. Bridesmaids were Terri Williams, sister of the groom and Sue Etta Haile, cousin of the bride.

The bride's dress was a candlelight organza made with a palatrite and cathedral train, both trimmed in Belgium Chantilly lace. Her headpiece was a lace picture hat with a floor length illusion veil. She carried a sheath of white stock and white bride's roses.

The attendants' dresses were light blue check with sheer blue overlay, made with cape sleeves. They carried garden flowers of killian daisies, miniature carnations, marguerites with statice and baby's breath in a wicker basket.

Serving as best man was David Williams, Friona, brother of the groom. Groomsmen were Bill Meeks, Jodie Taylor and Allan Haile, brother of the bride. Ushers were Joe Ray Brown, Jack Haile and Jim Bob Brown.

Organist, Jerry Brown of Amarillo, played a medley of songs including "This Guy's In Love With You," "Time For Us," "Close To You," and "Color My World."

Bob Boardman and Allan Haile accompanied by Mrs. Boardman sang "The Wedding Song. Bob sang "Climb Every Mountain."

Mr. and Mrs. Glenn Hart of Stratford, were hosts to a reception in their home. The mantle of the fireplace was banked with emerald greenery and white glads. Bridesmaids' baskets of garden flowers adorned the various living room tables.

MR. AND MRS. RONNIE WILLIAMS

The bride's sheath, laid in a garden basket, graced the entrance hall table. The wedding cake, decorated with blue and white daisies was served by Mrs. Baskin Brown. Mrs. Arlyn Haile served the punch. Mrs. Carolee Dean served ice cream cones in the garden patio.

The bride is a graduate of Baylor University, Waco, Texas and will teach Home Economics Cooperative Education at Richfield High School in Waco.

The groom did his pre-law study at Baylor University and is now in his second year of Law School at Baylor University, Waco.

They will be at home after August 10th in Robinson Drive Garden Apartments, 2912 B. Webster St., Waco, Texas.

Out-of-town guests were: Mrs. Lee Barton, Mrs. Robert Ross, Mr. and Mrs. Jimmy Butler, San Jose, Calif.; Mr. and Mrs. Ray Pierce, Albuquerque, New Mexico; Mr. and Mrs. W.A. Stephens, Amarillo; Mr. and Mrs. Edward Coggins, Duncan, Oklahoma; Mr. and Mrs. Donald Powell and family, Friona, Texas.

MRS. ANNIE VAUGHAN

Mrs. Annie Vaughan Honored With Party

A birthday party in the home of Mr. and Mrs. Max Steinbock in the Lazbuddie Community Sunday was a courtesy for Mrs. Annie H. Vaughan, who is observing her eighty-ninth birthday.

Mrs. Vaughan was born August 6, 1883 in Royal, Missouri. She and her late husband, J.E. Vaughan, moved from Frederick, Oklahoma, to West Texas in 1925. Eight of the children born to the couple are still living and were present for the birthday party.

Local Couple To Be Honored

Mr. and Mrs. Raymond Jones, who have lived at the corner of Main and Fourteenth Streets for many years, will be honored with a Golden Wedding Anniversary reception in their home from 3 to 6 p.m. Sunday, August 20.

Host couples will be Mr. and Mrs. Charles Jones, Amarillo, Mr. and Mrs. Bill Jones, Galveston, and Mr. and Mrs. B.B. Banner, Odessa.

Invitations are not being mailed locally, but all relatives and friends are invited to attend.

Also present were Mrs. Walter R. Vaughan, Mrs. Edgar Vaughan and Mr. and Mrs. Eddie Wayne Vaughan and Lana, all of Frederick, Oklahoma; Danny Parsons, Muleshoe; Mr. and Mrs. George Grimes, Leonard, Texas, and their granddaughter, Charlene, of Dallas; Mr. and Mrs. Fred Cochran and Shannon and Mr. and Mrs. Terry Copley, Friona.

Also present were Mrs. Walter R. Vaughan, Mrs. Edgar Vaughan and Mr. and Mrs. Eddie Wayne Vaughan and Lana, all of Frederick, Oklahoma; Danny Parsons, Muleshoe; Mr. and Mrs. George Grimes, Leonard, Texas, and their granddaughter, Charlene, of Dallas; Mr. and Mrs. Fred Cochran and Shannon and Mr. and Mrs. Terry Copley, Friona.

Also present were Mrs. Walter R. Vaughan, Mrs. Edgar Vaughan and Mr. and Mrs. Eddie Wayne Vaughan and Lana, all of Frederick, Oklahoma; Danny Parsons, Muleshoe; Mr. and Mrs. George Grimes, Leonard, Texas, and their granddaughter, Charlene, of Dallas; Mr. and Mrs. Fred Cochran and Shannon and Mr. and Mrs. Terry Copley, Friona.

Also present were Mrs. Walter R. Vaughan, Mrs. Edgar Vaughan and Mr. and Mrs. Eddie Wayne Vaughan and Lana, all of Frederick, Oklahoma; Danny Parsons, Muleshoe; Mr. and Mrs. George Grimes, Leonard, Texas, and their granddaughter, Charlene, of Dallas; Mr. and Mrs. Fred Cochran and Shannon and Mr. and Mrs. Terry Copley, Friona.

Cindy Lee Cary Born Here Tuesday

Mr. and Mrs. Dale Cary, 1000 Austin, became parents of a baby girl at 11:30 a.m. Tuesday, August 8, at Parmer County Community Hospital. She was named Cindy Lee and weighed 7 lbs. 7 ozs.

Cindy Lee has one sister, Patty, who is four. Her grandparents are Mr. and Mrs. R.C. Cary and Mr. and Mrs. Hugh Metcalf, all of Hollis, Oklahoma.

YOU ARE INVITED to attend a coffee and lullaby shower honoring Mrs. Don Lewis and daughter, Amy from 10:00 to 11:30 a.m. Friday, August 11, in the home of Mrs. Dick Rockey. Invitations are not being mailed but everyone who is interested is invited to attend.

Race problem?

Men of conscience feel our nation's problems in their souls. And our souls must be the starting place for our recognition of the inalienable rights of man.

If you live in an area where, because of tradition, acceptance of human dignity for all is undiscovered—seek to discover what your faith says about human dignity, the brotherhood of man.

If you live in an area where greater "freedom" seems apparent—examine the situation in the light of your faith, for the fullest meanings of unselfishness and brotherhood.

You can help overcome the lack of understanding in our land... and possibly a chasm in your own heart. Worship this week... put your faith to work for a fuller understanding of yourself, for a fuller unity of spirit among all men.

We have some new residents that aren't really new. Mr. and Mrs. Noah T. Young, who have lived on a farm northwest of town, recently purchased the residence of Mr. and Mrs. Jack Brown on Summit Avenue.

Jack and Flossie moved into an apartment on West Ninth. Think they are making plans to do some out-of-state visiting when the weather gets a little bit cooler.

I'm wondering if Jack remembered to tell Noah that providing fresh vegetables and flowers for the Floyd family went with the trade.

The Youngs are farmers and are parents of Troy Young, Monroe Young and Joyce Veazey, who live here, and Roy Young, who lives up near Colorado Springs.

I feel sure the children and grandchildren will enjoy having Granddad and Grandmother living closer.

A young Frionan, Denise Shipp, was recently pictured in the Norman Oklahoma Transcript. She and a dog named Billy were spotted by an AP photographer on the West Texas State University campus. Miss Shipp, who is the daughter of the Dean Shipp, was attending a music camp there and the dog accompanied her by howling as she practiced on her clarinet. Our thanks go to Jean Crawford, a former Friona resident, for sending us the copy of the Transcript.

One former Frionan, Buddy Gale Squyres, who now lives in Amarillo, missed a chance to "hit the jackpot" one day last week. The radio program, which comes on about lunch time every day and dials someone in the area with money to give away in exchange for a correct answer to "How much money is in the jackpot?" is one of our favorites.

Think the announcer called the Squyres residence Thursday, but Buddy Gale didn't know the correct answer.

PUBLIC NOTICE
Proposed
CONSTITUTIONAL AMENDMENT
NUMBER 10 ON THE BALLOT (HJR 68)
General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article XVII, Section 1, Constitution of the State of Texas, be amended to read as follows: "Section 1. The Legislature, at any regular session, or at any special session when the matter is included within the purposes for which the session is convened, may propose amendments revising the Constitution, to be voted upon by the qualified electors for statewide offices and propositions, as defined in the Constitution and statutes of this State. The date of the elections shall be specified by the Legislature. The proposal for submission must be approved by a vote of two-thirds of all the members elected to each House, entered by yeas and nays on the journals. "A brief explanatory statement of the nature of a proposed amendment, together with the date of the election and the wording of the proposition as it is to appear on the ballot, shall be published twice in each newspaper in the State which meets requirements set by the Legislature for the publication of official notices of officers and departments of the state government. The explanatory statement shall be prepared by the Secretary of State and shall be approved by the Attorney General. The Secretary of State shall send a full and complete copy of the proposed amendment or amendments to each county clerk who shall post the same in a public place in the

courthouse at least 30 days prior to the election on said amendment. The first notice shall be published not more than 60 days nor less than 50 days before the date of the election, and the second notice shall be published on the same day in the succeeding week. The Legislature shall fix the standards for the rate of charge for the publication, which may not be higher than the newspaper's published national rate for advertising per column inch. "The election shall be held in accordance with procedures prescribed by the Legislature, and the returning officer in each county shall make returns to the Secretary of State of the number of legal votes cast at the election for and against each amendment. If it appears from the returns that a majority of the votes cast have been cast in favor of an amendment, it shall become a part of this Constitution, and proclamation thereof shall be made by the Governor. "Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition. "The constitutional amendment revising provisions on the time and method of proposing amendments to the state constitution and the time and method of publishing notice of proposed amendments."

SCD Holds Meet Here

The Parmer County Soil and Water Conservation District Directors had their regular meeting last week. Directors present were Leon Grissom, Leroy Johnson, and Dick Rockey. Steve Messenger, district bookkeeper and Herb Evans, SCS were also present.

Soil Conservation Service activities for the month of July were reviewed.

The District prepared their annual plan and accepted the proposed activities for the coming year beginning September 1st.

Other action taken was the making of plans for the Final Acre Ceremony to be held on September 5th. The ceremony will be held at Parmerton, south west of Friona, at 2:00 p.m. A.L. Black will be the Master of Ceremonies and according to Leon Grissom, Ed Thomas, State Conservationist of the Soil Conservation Service, will be present to give the principal address.

Tentative plans were made to attend the Panhandle Association of SWCD meeting in Spearman on September 6th.

Wetsel Family Visits Relatives

Mr. and Mrs. Eldon Wetsel and daughters, Kellie and Stacie, who are moving from Midland to Houston, were weekend guests in the home of Mrs. Wetsel's mother, Mrs. Reeta Agee. The Wetsels also visited in the homes of Mr. and Mrs. Maynard Agee and other relatives and friends.

Mrs. Wetsel is the former Betty Agee.

A.H. Hadleys

Have Visitors

Mr. and Mrs. C.D. Hansen and daughter, Pam, Mr. and Mrs. Jerry Hansen and son, Leon, and Mr. and Mrs. Kenneth Sherrar and children, Ken and Sandy, all from Athens, Texas, were weekend visitors in the home of Mrs. Hansen's parents, Mr. and Mrs. A.H. Hadley.

The group also visited in the homes of Mr. and Mrs. Leo Bails and other Friona friends and relatives. The Hansens are former Friona residents.

TEC Seeks Ginners

Experienced cotton ginners who are interested in temporary work are being sought by the Texas Employment Commission to handle a bumper cotton crop in Central Texas gins.

Those planning to apply should have the ability to supervise a gin crew, and can expect to receive a wage approximating \$2.50 to \$3.00 per hour, according to Tommy Stanfield manager of the local TEC office. Transportation to and from the job site and housing while there will be furnished.

The temporary work is expected to last two or three months. Applications are being taken at the Friona office of the Texas Employment Commission, located at 103 W. 7th, Friona. These applications will be forwarded to the state TEC office to be considered for ginner jobs over the state.

66 Employees Get Mystery Car Award

A special award was presented July 28 to Fred and Ezequiel Constancio, who is employed at "Lakeside 66," Highway 60 and Woodland Avenue in Friona.

The award, a plaque bearing two rare silver dollars, two Kennedy half-dollars, and a specially minted commemorative coin set in an automotive engine design, was presented for exceptional customer service by a representative of The Gates Rubber Company.

The Denver-based rubber company sponsors a nationwide contest (now in its 40th year) to reward service station personnel who provide exceptional customer service. A fleet of "Gates Mystery Cars" regularly travels across the country stopping at service stations. Each "Mystery Car" has a worn fan belt. Award plaques are presented to station personnel who notice the defective belt and offer to replace it.

John Paul Jones was once an admiral in the Russian navy.
