NINE IN SIX DAYS

Firemen Have Busy Schedule

FRIONA FOLKS WHO like to wait until the deadline to do things will get their chance during the coming week.

Tuesday is the deadline for voting absentee in both the city council and school board elections. That election is slated for next Saturday, April 3.

Wednesday, March 31 will be the last day to register to vote for those who have not already done so, if you plan to vote in the May 1 primary.

Under the election code, voters have to register at least 30 days prior to an election. Those who have not already registered would miss getting to vote in the city and school elections, but could still vote in the primary.

Then April 1 is the deadline for securing your vehicle license renewal. This year for the first time, Texas is using the validation sticker, which is affixed to the upper left hand corner of your old plate.

According to what we have heard, this deadline is to be more strictly enforced this year than usual. Those coming to purchase validation stickers after the April 1 deadline must certify that the vehicles have not been driven since the expiration date, or face possible fines.

LAW OFFICERS and the Friona Fire Department have had a hectic week, and are hoping that the pace slows down somewhat in the near future.

Law officers investigated four wrecks in the first four days of the week, to go with the one they had had the previous week.

Firemen had nine calls in slightly over five days, for everything from grass fires to helping rescue cattle from an overturned truck.

TEXAS TECH COACH Steve Sloan was a hit at the annual all-sports banquet here Tuesday. The youthful head coach seemed to go over in a big way, especially with the athletes.

And Sloan had some words of praise for the Chieftain Parents, who host the annual banquet. He said that of all the banquets he had attended since coming to Texas in January of 1975, Friona's excelled, particularly from the standpoint of food, decorations and atmosphere.

A former starting quarterback for Bear Bryant at Alabama, Sloan told a number of humorous incidents that had happened to him since entering the coaching ranks.

He closed with a statement that underscored his deep religious feelings, "Always remember—God is bigger than your problems."

ONE DRAWBACK to the all-sports banquet was the oversight of not recognizing the top athletes in tennis and golf, along with the other sports, in which special awards were instigated this year.

The two additional awards were arranged the following day, but it was after the banquet and the recognition that would have been appropriate.

It needs to be realized that a number of fine young people compete in golf and tennis, and they are every bit as dedicated as the footballers, basketballers and track people. Their sport is just as important to them as football is to the football players.

These kids should get their just recognition, especially with the announced intention of "honoring more athletes," or perhaps we should just go back to the "football banquet." At least as we can think about when it comes to passing out honors.

PARMER COUNTY Community Hospital and Modern Study Club received a good write-up in the current edition of the "Hycel News," a medical publication.

The magazine told how the club, through "Project Christmas Card" raised the money to purchase a blood counting machine for the hospital's lab. A picture showed technologists Mike Pavalus and Bob Beck with the new machine. The club has raised over \$58,500 for hospital equipment in 20 years through the project.

The Friona Volunteer Fire Department has been pressed into action on a regular basis during the past week. Fire Chief Ralph Shirley tabulated nine calls in a six-day period ending Thursday, March 25.

The bulk of the fires have been grass fires, due to the extremely dry conditions that are gripping the area. Three of the calls were to put out fires along the Santa Fe Railway right of way.

Biggest fire was at Missouri Beef Packers' (MBPXL) settling pit west of the city, which burned for several days. The pit, which contains grease from the plant's system, was really a "tough nut" for the firemen to crack.

Chief Shirley said the department owed a debt of thanks to Lewellen Spraying, who flew over and dumped a load of chemicals onto the pit, and finally was successful in extinguishing the fire.

Three calls were made to the Owen Seamount ranch west of Friona for grass fires. One call was made at about midnight last Saturday for a railroad right of way fire east of town.

On Tuesday, the department was called east of Friona to wash down the pavement following a three vehicle wreck.

Wednesday, firemen were summoned to help cut cattle out of a wrecked truck on Highway 60. A metal cutter was used to cut the top out of the truck to extract the cattle.

One day during the period, the

department had three calls at almost the same time.

"We have had our hands full," said a weary Chief Thursday evening, successful in extinguishing the fire. in extinguishing the fire.

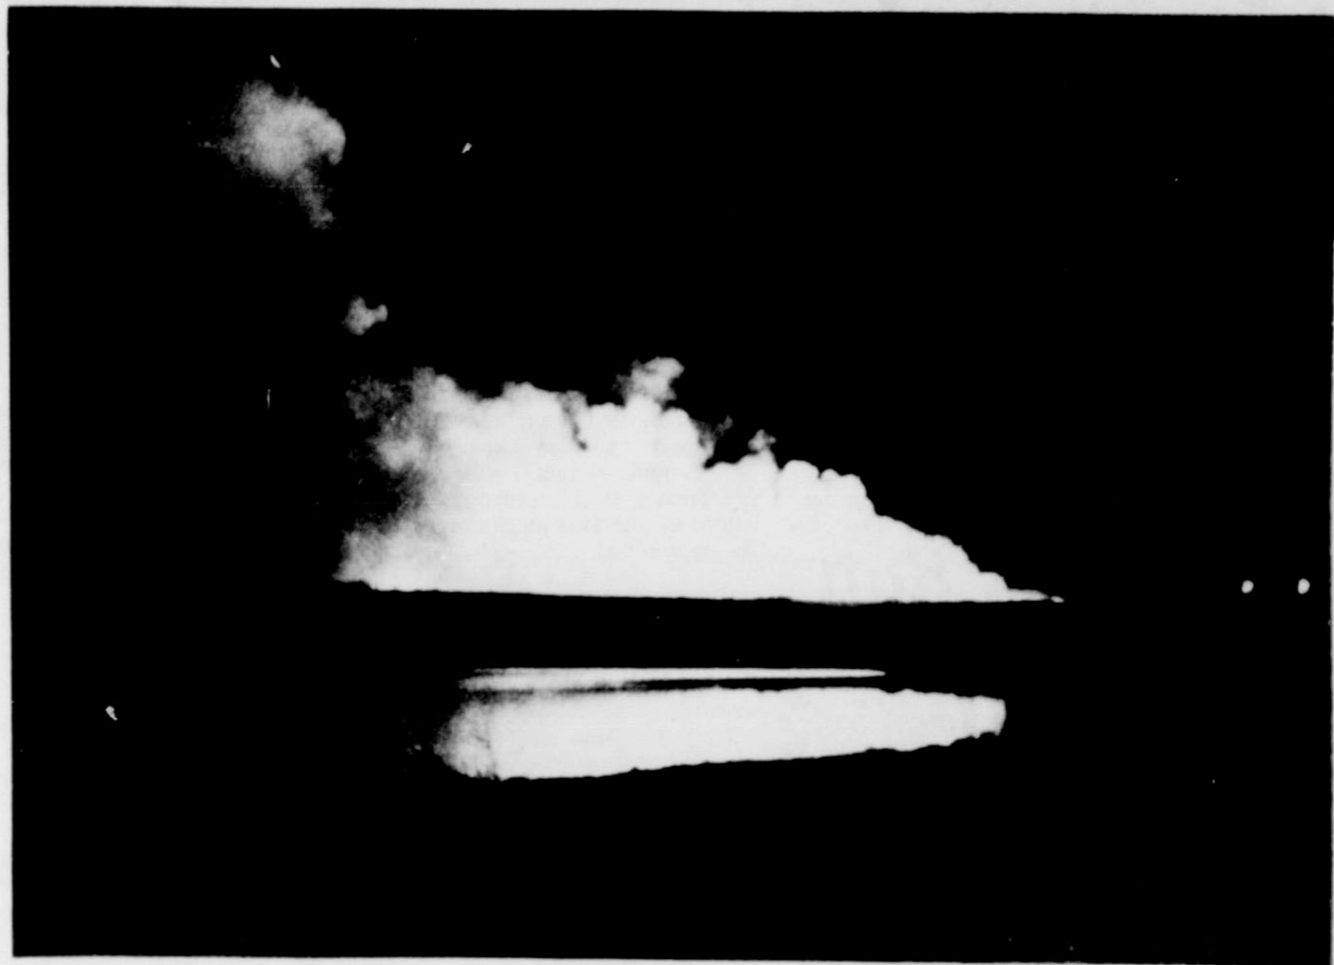

Seven Clubs Donate To July 4 Fund

A total of seven clubs and organizations have donated to the special fireworks fund sponsored by the Friona Chamber of Commerce, it was announced this week.

As of Thursday, those organizations which had contributed to the fund included the Friona Kiwanis Club, the Friona Riding Club, the Friona Evening Lions, the Friona Noon Lions, the Friona Woman's Club, Black Study Club and the Black Community Assn.

The Chamber of Commerce is attempting to raise \$1500.00 with which it plans to stage a "bigger and better" fireworks display for the Bicentennial July 4th Celebration.

"We sincerely appreciate the good response shown by the Friona area clubs and organizations. We can still use additional donations," said a spokesman for the Chamber of Commerce this week.

NIGHT FIRE....One of the many fires which the Friona Fire Department has been called upon to fight was the above blaze, at the

settling pit at MBPXL west of Friona. The fire burned for a number of days and nights, and was visible for miles. The local fire

department secured the help of Lewellen Spraying in finally controlling the blaze.

ELECTION DAY APRIL 3

Absentee Voting To End

Absentee voting is slated to end Tuesday for the annual school board and city council races.

The combined election is scheduled for Saturday, April 3 at the Friona Fire Station. Voting hours

will be between 8 a.m. and 7 p.m.

Absentee voting for the school board election is being conducted in the Superintendent's office at Friona High School. Voters may cast an absentee ballot for the city council race at the City Hall.

Biggest slate of candidates will appear on the school board ballot, where eight candidates have filed for three positions which are expiring on the board.

Candidates are Floyd S. Reeve, Joe Allen, Gary Snead, M.C. Osborn, Gaylord Maurer, Dr. Jon Mack Roden, George Frye and Teddy Fangman.

Reeve is the lone incumbent from among the school board candidates. The holders of the other two seats on the board which are expiring, Doyle Elliott and Floyd Schueler, did not seek re-election.

On the City Council, Mayor R.L. Fleming is unopposed for re-election to a new two-year term. Four candidates are seeking the

two places on the city council which expire this month.

Seeking alderman posts are B.K. Buske, Jerry Loflin, H. Ray White and Bill Stephens.

Loflin is seeking election to his second term on the city council. Incumbent Troy Young, finishing his third term, did not choose to seek re-election.

Sample ballots are being presented courtesy of the school and city elsewhere in this issue so voters may familiarize themselves with the ballots.

COUNTY'S VOTE STRENGTH PEGGED AT NEAR 4600

County tax assessor-collector Hugh Moseley said Tuesday that approximately 4600 Parmer County residents had registered for voting during 1976.

This compares to 3,903 in 1975, and 3919 in 1973.

Moseley said there could be a few duplications in the current figure.

Injuries Slight In Rash Of Accidents

A rash of accidents in the Friona area the past week luckily resulted in only minor injuries. Law officers investigated four accidents in a 48-hour period. The previous week, a Friona man was seriously injured in a wreck inside the city limits.

A large cattle truck loaded with fat cattle heading to an Oklahoma packing plant overturned in Friona

Wednesday afternoon in the most spectacular accident of the lot, but the truck driver escaped uninjured, and only one of the cattle was killed.

Dan Unruh of Mustang, Oklahoma, owner of the truck, escaped with minor injuries, but considerable damage was sustained by the 1968 Peterbilt truck which turned over on its left side and blocked the

U.S. Highway 60-FM 1731 intersection for a considerable time, until the cattle could be rescued and reloaded.

Friona Chief of Police Bill Denney said that Unruh had picked up a load of 38 fat cattle at Hi-Plains Feed Yard west of Friona, and was bound for Oklahoma City with his load.

But Unruh had trouble negotiating the intersection of FM 1731 and Highway 60. According to Denney, he approached the highway too fast to stop at the intersection, and when he attempted to make the left turn, his loaded truck overbalanced, and overturned.

"Thanks to the help of the public, we were able to clear the wreck in a little over two hours," stated Denney. Highway traffic was routed down Grand Avenue to Fifth Street around the wreck scene.

Workmen had to cut a portion out of the top of the truck to get all of the cattle out. A number of cowboys volunteered their help. Five of the steers were injured, sustaining broken bones. They were slaughtered at Crow's Meat Co. in Friona. The remaining cattle were reloaded into another truck.

Unruh was cited for "failure to control his speed."

A two-vehicle accident Thursday afternoon caused one person to be sent to Parmer County Community Hospital for treatment.

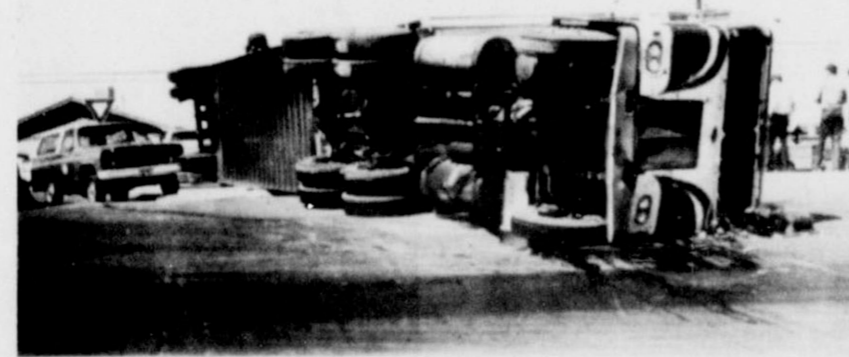

Raymond Lee Anderson of Friona, driving a 1974 Chevrolet

Highway 60 and was attempting to turn left into the MBP-XL entrance.

Lester Martin, Clovis, an employee of Santa Fe Railway, driving a 1970 Dodge pickup, was passing another vehicle, also heading west, and did not see Anderson attempting to turn left. The Martin vehicle struck the Anderson vehicle on the right side, causing it to skid into the deep ditch adjacent to the entrance, and roll over onto its top.

Martin sustained scratches and cuts on an arm. Mrs. Anderson, a passenger in her husband's pickup, also sustained some cuts and

(Continued on Page 15)

CATTLE PINNED....The above photos show the cattle truck which overturned on Highway 60 Wednesday, pinning 38 fat cattle inside until they could be emptied. The driver, Dan Unruh, was uninjured,

but one of the cattle was killed and five were injured. Members of the Friona Volunteer Fire Department are shown cutting the top from the truck to extract the trapped cattle.

SLOAN FAN....Texas Tech University head coach Steve Sloan is shown autographing a program for a young fan following the All-Sports

Banquet here Tuesday. The youthful Sloan was the principal speaker at the banquet.

REMEMBERING...
By BILL D. BROOKS

Building A Raft

After reading the book, "Huckleberry Finn," my brother and I were so impressed with Huck's adventures we decided to have some of our own. We took our trusty, but dull, hatchet and one of Dad's handsaws and set out to a spot down on the creek where a large grove of willows grew.

We would cut down a few trees, build ourselves a raft and the next time the creek flowed we would ride the stream clear to the coast only about five hundred miles away! No telling what we might see or do or what might happen to us. It was so exciting. We would take along a little food but we would live mostly off the land. We would fish the streams or hunt wild animals along the banks with our Red Rider B.B. gun.

It took about a week of hard labor just to get the trees cut and to chop them into logs the right length. We didn't mind the hard work, besides, it would all be worth it when we set sail.

We connected all the logs together with boards and nails, some old rope and bailing wire. Though it was probably not as pretty as Huck's, it did look seaworthy. We added a mast, rigged up a sail made from an old bedsheet and made a pole rudder to guide her with. We were proud when we had finished. We made further voyage plans and looked at the sky, hoping it would come a "gully washer" soon. It didn't.

After about a month we decided it might never rain again and we just had to try that raft out. There was a large stock tank about a quarter of a mile away so we decided to take it over there

for a trial run. We tried to pick it up but quickly decided it must have grown to the ground. We finally budged it a little by using poles for levers but it took us all day to go about ten feet. We abandoned the stock tank idea and decided to just wait for the rain.

When the rain finally came we rushed down to the creek to shove it in. We used our poles to work it into the water. Green logs are not good to make rafts with as Huck could have probably told us. The raft bobbed up and down just under the surface of the water, hardly able to float itself, much less two eager adventurers and their provisions. Sadly we watched the raft bob pathetically as it floated out into the swift muddy current. It hadn't gone more than a hundred yards down stream when it bumped into a tall tree and was reduced to splinters in a few seconds. If we had headed toward the coast, it would have been a short trip.

Friona Flashbacks ...from the files of The Friona Star

45 YEARS AGO—APRIL 3, 1931
"A Farwell reader contradicted our population figures for that city, saying they had a population of 700. However, the census supervisor for this district tells us the correct figure is 479. When you get down to brass tacks, Farwell and Texico are only one town, divided by the state line. Together they are a real good town. They live together, they work together, they vote together, and they evidently enumerate their census together." L.E. Bauerfeind's column.

40 YEARS AGO—APRIL 3, 1936
At a meeting of the directors of the Friona Consumers Company Tuesday night, Mr. Wright Williams was chosen as manager to succeed A.A. Crow, who resigned Tuesday evening. Mr. Williams was formerly connected with the Consumers as assistant to Mr. Crow, and served with great satisfaction to the patrons of the company elevator as manager for the past year.

35 YEARS AGO—APRIL 4, 1941
Out of four Plymouths being driven home from the factory to California, three have been wrecked along the way. Two were left in Oklahoma and a third was wrecked here on Wednesday, when it sideswiped A.A. Crow's produce truck, badly damaging the truck and totally wrecking the coupe. The car was passing another at high speed, when it met the truck. The driver of the truck, J.B. Buske, cut his wheels sharply to the right, thus averting a tragic head-on.

30 YEARS AGO—APRIL 3, 1946
(Issue missing from Star files.)

25 YEARS AGO—APRIL 3, 1951
All of Parmer County and parts of 20 other High Plains counties are included in an underground water reservoir designated by the state board of water engineers. A proposed water district would carry out a conservation program through proper spacing of wells, prevention of pollution, educational programs and re-charging.

20 YEARS AGO—MARCH 30, 1956
Highlighting the Easter services scheduled this weekend in local churches is a union Sunrise Service planned for 8:30 a.m. Sunday morning and an Easter cantata to be given by the choir of the First Baptist Church at 8 p.m. Sunday evening. The union service will be held at Running Water Draw, just east of the highway south of Hub, and will be given by the young people from all churches.

15 YEARS AGO—MARCH 30, 1961
April 9 has been set as the date for open house activities at Parmer County Community Hospital to mark the opening of the \$50,000 addition to the hospital building. The addition provides each doctor with adequate examining rooms, as well as 18 hospital rooms. The new section will have a meeting room, a doctor's lounge and a space for

records and bookkeeping.

10 YEARS AGO—MARCH 31, 1966
The Friona Chamber of Commerce voted unanimously to seek out and hire a full-time manager at a director's meeting Monday morning in the home of George Taylor, newly-elected president. A committee consisting of Flake Barber, Lloyd Shackelford and

Texas Traffic Deaths Increase 13 Per Cent

Figures released today by the Texas Department of Public Safety show that 1975 traffic deaths in Texas rose 13 per cent over 1974, but the toll fell 263 short of the all-time record set in 1973.

Colonel Wilson E. Speir, director of DPS, said a total of 3,429 persons lost their lives last year in 2,945 fatal accidents. The figure compares to 3,046 who died in 2,626 fatal accidents during 1974 and 3,692 who were killed in 1973's 3,074 fatal mishaps.

Speir said the traffic death rate per 100-million vehicle miles was 4.054 last year—up from the 3.9 rate in 1974 but under the 1973 death rate of 4.6.

The DPS director said reports were received on 92,510 injury accidents which resulted in injuries to 138,962 persons. In 1974 there were 83,341 injury accidents and 123,611 injuries, while in 1973 some 87,631 accidents resulted in 132,635 injuries.

Non-injury accidents for 1975 totaled 373,141, compared to 348,227 in 1974 and 373,521 in 1973.

Considering all types of traffic accidents in Texas, Speir said there were 34,402 more total accidents in 1975 than in 1974, and 4,370 more than in 1975.

Speir said the largest increase in deaths occurred in cities over 5,000 population—up 17 per cent over 1974. Deaths in towns of less than 5,000 decreased by 0.3 per cent, while rural deaths increased by 12 per cent.

The DPS director said the sharp rise in deaths and accidents is due in part to a large increase in total driving over 1974. Last year Texans and visitors drove 84.575 billion miles compared to 78.290 billion miles driven in 1974 and 80.615 in 1973. Total driving fell drastically in 1974 due to the impact of the national energy crisis.

Speir noted that even though 1975 mileage was well above 1973 figures, and even though there were more total accidents in 1975 than in 1973, the 55 mile speed limit apparently made a sizable contribution to the reduction of 263 deaths when compared to 1973's record toll.

"While voluntary compliance with the 55 mile speed

limit is not as good as it should be, traffic continues to move slower than it did in 1973 when the speed limit was 70," Speir said. "This translates into reduced impact speeds in highway crashes; and, coupled with vehicle safety improvements, is helping to save lives."

Speir pointed out that DPS is both obligated and committed to enforcement of the 55 mile speed limit, and he called on all users of the highways to drive in a safe and lawful manner.

"Only through responsible driving on the part of all our citizens can future increases in traffic deaths be averted," he added.

SS Office

Announces Changes

"If you are over 65 or have been receiving disability social security benefits for over two years, this measure is for you," Jose A. Martinez, social security field representative, emphasized recently.

"If you let the first opportunity pass to enroll for Part B or the Medical Insurance part of Medicare, you have another chance this month. If you sign up before April 1 your coverage will begin July 1.

"This part of Medicare helps with doctor bills, laboratory fees, medical equipment, home health benefits, outpatient hospital bills, and other benefits. The premium will be \$7.20 per month. If your first opportunity to enroll was more than a year ago, the premium will be higher.

"All social security beneficiaries over 65 already have the hospital part of Medicare. However, if you are over 65 and not eligible for social security benefits, you may enroll for Part A or Hospital Insurance. The coverage, effective July 1, will cost you \$45 per month, in addition to the \$7.20 or more for Part B mentioned above.

"Additional information about enrollment for or benefits under the two Medicare plans may be secured from any social security office," Martinez concluded.

CARDS OF THANKS

Thanks to Friona Fire Department and our neighbors who helped us fight the grass fires on the ranch.

Shirley and Sue Smith 26-1tp

The Friona Fire Department would like to express their appreciation to Lewellen Flying Service for their help in fighting the fire at Missouri Beef. 26-1tc

Words are inadequate to express our thanks to Dr. Alexander, the nurses and attendants at the hospital, our neighbors and friends and everyone else involved after the accident, for your care, prayers, visits, cards and offers of kindness. Now, more than ever, we can appreciate living among people such as you.

The Floyd Rector Family 26-1tc

We wish to thank the doctors and nurses at Parmer County Community Hospital for their fine attention during Taft's stay in the hospital. We appreciate them very much.

T.E. Lovett 26-1tc

We appreciate so much each of you who remembered us at this very difficult time with your calls, cards, flowers, prayers and words of comfort and encouragement. Your love and understanding has meant so much to us at this time of the death of our father and grandfather.

North Texas Farmer Named Rural Hero

A young North Texas farmer who foiled a bank robbery and helped capture the robbers has been given an award in recognition of his heroism.

Jerry Don Wood, 30, who farms in Hunt and Collin Counties was given the Rural Hero of the Year award Monday by the Texas Farm and Ranch Safety Council, at the 37th annual meeting of the Texas Safety Association in Dallas.

Millard Shivers, director of rural development for Blue Cross-Blue Shield of Texas and chairman of the Texas Farm and Ranch Safety Council's Rural Heroism Committee, presented a plaque to Wood. Wood was nominated for the honor by Chuck Cook, publisher of "The Caddo Mills Mirror" newspaper. Wood was leaving the State National Bank of Caddo Mills on the morning of September 17, 1975, when he noticed two men entering the bank and saw they were wearing surgical gloves. As he looked back at the two, he saw them put on ski masks.

The young farmer ran to a nearby office and had a secretary call the sheriff's office in Greenville, 12 miles away. He then alerted other citizens. As the robbers fled, with the bank president's daughter as a hostage, they fired a shot at Wood. Another citizen shot out a tire of the getaway car.

Wood jumped into the back of a pickup driven by another citizen, and chased the robbers. Realizing they were in trouble, the robbers dumped their hostage a short distance from town. During the chase another vehicle tried to force Wood to stop the chase.

The driver identified himself as a police officer. But, the chase was continued and the robbers were forced to abandon their vehicle. As the robbers started to run across an open field, Wood fired a warning shot at their feet. They immediately surrendered.

The man who earlier said he was a police officer turned out to be one of the group involved in the robbery, and on Wood's tip, he was arrested. The man turned out to be a former law officer. In all, four former lawmen were charged, and seven bank robberies were cleared.

Larry Anthony Receives Award

Charlie Merrill, CLU, Vice President of the Fort Worth General Agents and Managers Association announced today that Larry E. Anthony has been presented the Career Achievement Award.

This is an annual award presented to an agent with less than three years experience. The award is given once in an agent's career and is for outstanding service in building a career.

The award was co-sponsored by the Fort Worth General Agents and Managers Association and the Fort Worth Association of Life Underwriters.

This is Larry's second award this year that has singled him out as an outstanding career agent.

He is the son of Mr. and Mrs. A.W. Anthony, Jr. of Friona.

Gaylor Maurer

Maurer Seeks Spot On School Board

Gaylor Maurer is a candidate for the Friona School Board of Trustees in the election here April 3.

A graduate of Friona High School, Maurer holds a B.S. degree in business from the University of Arizona at Tucson, and a B.S. degree in foreign language from the American Institute of Foreign Trade at Phoenix.

He has had experience in retail business in Friona, and is presently a farmer.

Prior to returning to Friona to live, he spent two and one-half years in the United States Air Force, and eight years in Agriculture-related business in Venezuela.

Deadline Set

Applications for requesting a transfer from another school district into the Friona Independent School District for the 1976-77 school term are available at Superintendent Tom Jarboe's office.

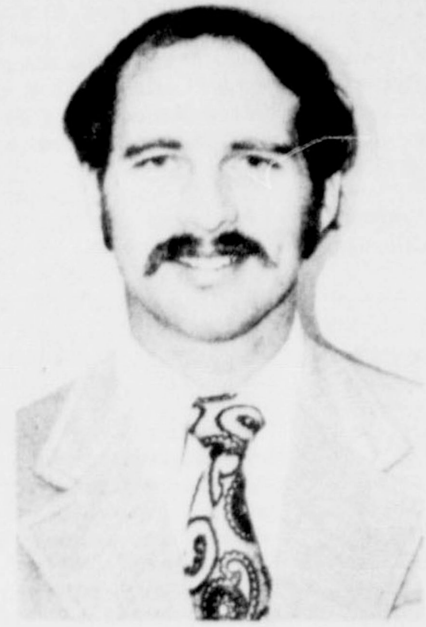

The applications must be filled out prior to April 6, in order to be included on the school board's agenda for April 12.

SCHOOL HOLIDAY

Friday, March 27 was an in-service day for teachers in the Friona schools, as students were given the day off.

Chiefs Take Lead In District Golf

Friona High School's golf team was in first place following the first of five tournaments, to be held at each of the five District 3-AA schools, to determine the district champion team and individual medalist.

The first meet was held at Morton Monday, March 22. Friona had low score in the opening meet, with a four-man score of 345, to second place Dimmitt's 357.

Tennis Team Splits With Mule Netters

The Friona boys tennis team traveled to Muleshoe last Saturday to compete in a dual meet with the Muleshoe team. Friona was defeated on the day five matches to four, winning all four doubles tilts while dropping five singles matches.

Friona players who participated were: Clint Mears, Mark Neill, Don Maynard, Hal Blackburn, Keith Martin, Joe Lafuente, and Tim Lyons.

In singles action Mark Neill was halted by Mark Slayden 6-7, 6-3, 6-2 and by Mark Vinson 6-3, 7-6. Clint Mears fell to Vinson 7-6, 6-0 and to Slayden 8-4 in a pro set. Friona's Tim Lyons was clipped by Donny Graves of Muleshoe 6-1, 6-2.

The doubles team of Keith Martin and Joe Lafuente defeated Hamilton and Jones of Muleshoe 7-5, 6-0. Martin and Lafuente also put away Beversdorf and Wilson of Muleshoe 6-4, 7-6. In doubles play, Martin and Lafuente stand 3-1 on the year.

Friona's team of Don Maynard and Hal Blackburn picked up two victories against Muleshoe, defeating Hamilton and Jones 6-2, 7-5 and Beversdorf and Wilson 6-4, 6-2. Maynard and Blackburn are 4-0 this year in doubles action.

The boys and girls teams will be playing in a Littlefield tournament on April 3. The 3-AA district meet will be held in Morton on April 6.

The Chieftains had the medalist in Monday's play, as Steve Darnell of Friona led all golfers with a score of 80. Robin Renner tied for second with a score of 82, and Darcy Renner gave Friona three players in the top four with a score of 85.

Tony Johnson, like Darcy Renner a freshman, was the team's fourth place scorer with a 98. John Jarecki shot a 99, and Ricky White carded a 101 to round out Friona's entries in the tournament.

Scores of the top four players are added up to determine the team scores.

Darnell has served as District 3-AA medalist for the past two years, and is shooting for three in a row.

The team, coached by Jackie Morgan, was to play at Littlefield Friday (March 26). The rest of the district tournament schedule is March 31, at Dimmitt; April 2, at Olton, and April 5, at Friona.

TEAM

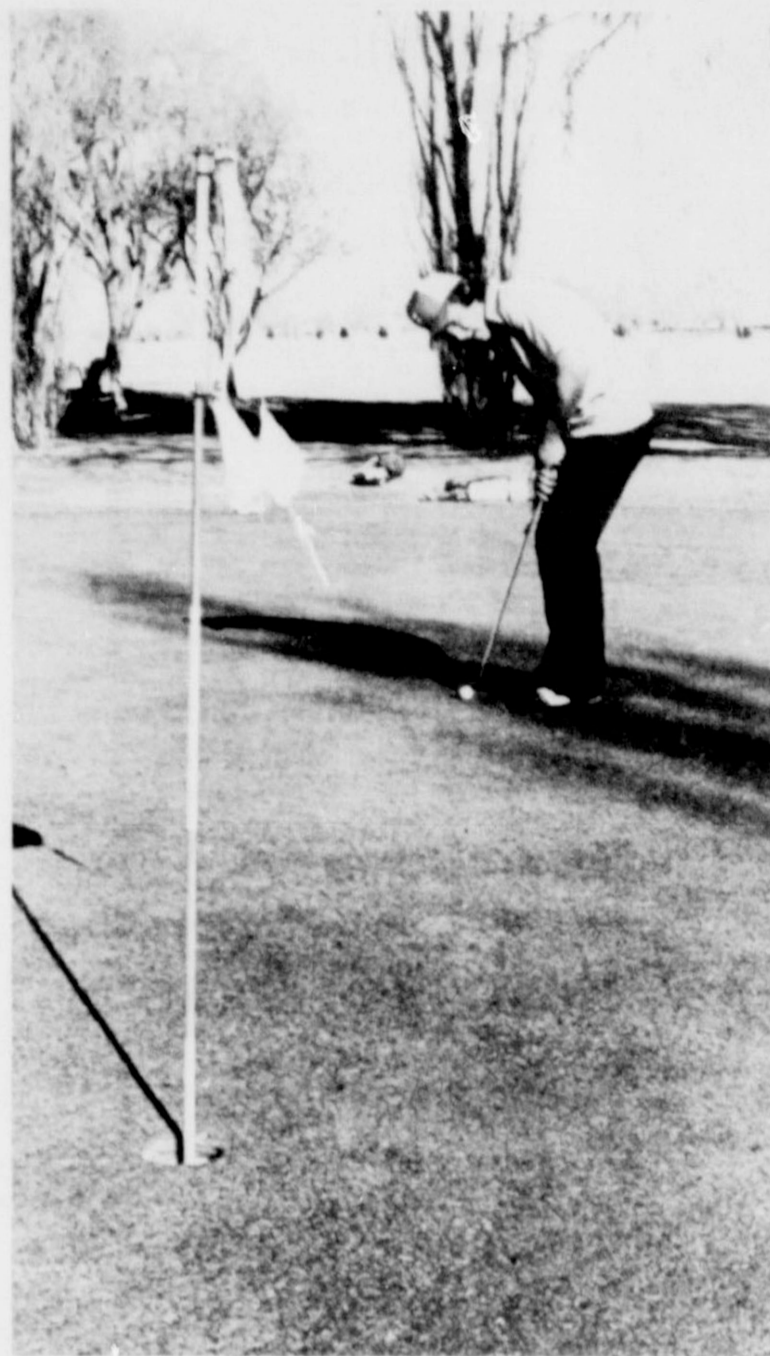

1. Friona, 345; 2. Dimmitt, 357; 3. Littlefield, 360; 4. Olton, 378; 5. Morton, 405; 6. Dimmitt "B," 423; 7. Olton "B," 432.

MEDALIST

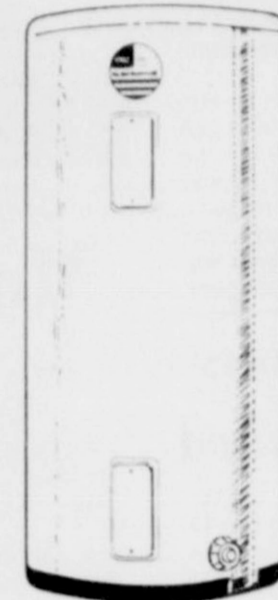

1. Steve Darnell, Friona, 80; 2. Robin Renner, Friona, 82; 3. Tobin Touchstone, Dimmitt, 82; 4. Darcy Renner, Friona, 85; 5. Richard Rogers, Littlefield, 85; 6. Kyle Jones, Littlefield, 86; 7. Keith Crum, Dimmitt, 87; 8. Bart Barnett, Olton, 90; 9. Brad Glenn, Dimmitt, 90; Van Jacques, Littlefield, 94.

11. Robert Offield, Olton, 94; 12. Brant Jones, Littlefield, 95; 13. Wade Machen, Olton, 95; 14. Donny Carpenter, Dimmitt, 96; 15. David Cutshall, Littlefield, 97; 16. Bucky Healy, Littlefield, 97; 17. Jim Bradford, Dimmitt, 98; 18. Rodney Craig, Dimmitt, 98; 19. Tony Johnson, Friona, 98; 20. Troy Patton, Morton, 98.

21. Rickey Hodge, Morton, 99; 22. John Jarecki, Friona, 99; 23. Jimmy Parker, Olton, 99; 24. Greg Burgess, Olton, 101; 25. Ricky White, Friona, 101; 26. Brian Cooper, Morton, 102; 27. Rusty Lamar, Morton, 102; 28. Reggie Lawson, Dimmitt, 104; 29. Shorty Lacy, Olton, 105; 30. Gary Smith, Dimmitt, 105.

READY, AIM, FIRE...Steve Darnell, number 1 man on the Friona High School golf team, sizes up a putt on one of the greens at the Friona Country Club course. Darnell was the medalist in the first round of District 3-AA golf, which was played at Morton last Monday. Steve shot an 80 and leads a pack of 38 golfers in the district. He has been district medalist the past two years. (Staff Photo)

Save 15% Of Electric Water Heating Cost

The ELECTRIC CONSERVATIONIST... it's fast. Install it right at the point of use for hot water instantly. It requires no space for a flue or vent. All it needs is a source of water and electricity.

The ELECTRIC CONSERVATIONIST features double efficiency insulation to keep heat inside the tank longer. And less heat is lost to cold floors with insulator pads.

The ELECTRIC CONSERVATIONIST... guaranteed for 10 years... and it saves 15% of the average customer's electric water heating cost.

WE SELL, SERVICE, INSTALL, FINANCE & GUARANTEE 'EM!

WE SELL 'EM - Call Us!

Only a Dodge pickup can handle all you're cravin' for.

The lowest price.

The Dodge D100* is the lowest priced pickup made in America. (Based on a comparison of manufacturers' suggested retail prices for six-cylinder half-ton pickups excluding state and local taxes, destination charges, and optional equipment.)

The best gas mileage.

In the latest EPA tests for half-ton pickups, a '76 Dodge D100 powered by a 225 six-cylinder engine with a manual transmission turned in an estimated mileage of 25 miles per gallon on the highway and 18 in the city. Of course, your actual mileage may vary depending on the type of driving you do, your driving habits, your truck's condition and optional equipment.

The biggest standard payload.

The Dodge pickup can haul a load of up to 1,505 pounds. That's more than any other American made pickup. And the more you can carry, the fewer trips you'll have to make.

*Pickup shown: The Dodge D100 Adventurer will be priced higher because of optional equipment.

Chieftains Edged By 2½ Points For Title

The Friona Chieftain track team, after being edged out in the final race of the day for the meet title at the Deaf Smith Chamber of Commerce track meet last Saturday at Hereford, will seek to further improve on their season this week at Plainview.

The Chiefs turned in their strongest showing of the season at Hereford, scoring 130 points.

Going into the final race of the day, the mile relay event, Friona held the lead in their division, with 118 points, to 116 for Olton and 112½ for Tulla.

But Tulla, led by all-around athlete Raymond Williams, the defending state champion in the 440-yard dash, stormed to the win in the relay event, and Olton edged out the Chieftains for second place in the race.

The final tally found the Hornets winning the meet with 132½ points, Olton second with 132, and Friona dropping to third with 130. The

DEAF SMITH CC MEET

Shot put—1. Kenny Stowers, 48-9; 2. Davy Carthel, 44-7½; 3. Koty Kothmann, 37-0.

Discus—1. Davy Carthel, 140-11½; 4. Koty Kothmann, 115-0; 6. Kenny Stowers, 113-½.

High jump—5. Bob Clark, 5-6.

Broad jump—1. Bobby Zetsche, 19-4; 3. Bob Clark, 18-6.

Pole vault—2. David Barnett, 12-0.

440 Yard Relay—3. (Kelwin King, John Seright, Cliff McLellan, Bobby Zetsche), 47.1.

880-yard dash—3. Glen London, 2:12.0; 4. Jesus Mata, 2:13.

120 yard high hurdles—6. Todd Bandy, 18.8.

440-yard dash—6. David Morales, 56.0.

330-yard intermediate hurdles—4. Chris Ingram, 44.1; 5. Todd Bandy, 47.1.

220-yard dash—2. Mark Lunday, 24.7; 3. Eddie Braillif, 24.8.

Mile run—3. Joe Bermea, 5:17.6; 6. Jesse Gonzales, 5:56.

Mile relay—3. (Kelwin King, Chuck Essary, Jesus Mata, Glen London), 3:45.1.

Team totals: 1. Tulla 132½; 2. Olton 132; 3. Friona 130; 4. Shallowater 36; 5. Kress 35½; 6. Vega 17; 7. Alamo Catholic 10; 8. Happy 2.

Chiefs, with another strong showing in the field events, had been in the team point total lead for virtually all the meet until the final event.

"We did a lot better over all. It was the first time we had qualified that many people in the running events. We scored points in every event, which was the first time this season," stated Chief coach Mike Garrison.

The Chieftain coach said based on the team's head to head battle with Olton in the meet, it looked like the race for the District 3-AA title, which will be held in Friona on

April 22, will be a close one.

Friona won three events at the Hereford meet. The Chieftains swept the shot put event, placing first, second and third, with Kenny Stowers winning, Davy Carthel second and Koty Kothmann third.

Carthel also continued his winning ways in the discus with a season best heave of 140-11½. Bobby Zetsche, bothered during the week by a sore foot after a near sprain, still managed to win his specialty, the broad jump, with a leap of 19-4.

Here are the boys that placed in the meet:

AWAITS HANDOFF....Sylvia Malouf, right, awaits the finish by Jatón Widner, left, after the first leg of the mile relay at Hereford last Friday. The Squaws' mile

relay foursome turned in their best time of the year, 4:17.1, but had to settle for fourth place in the event, which featured four of the top girls' mile relay teams in the area.

TIMES IMPROVE

Squaws Compete In Two Outings

The Squaw track team had two outings last week, competing in a meet at Hereford on Friday, and then at Olton on Saturday.

Friona was sixth in the Deaf Smith Chamber of Commerce meet, scoring 34 points. At Olton, the team tied the host Fillies for fifth place with 52 points.

Only winner for the Squaws in the two days of competition was Sylvia Malouf, in the long jump at Olton with a leap of 15-11 and ¾ inches.

However, the Squaw mile relay team turned in its best time of the season despite a windy, sandy track at Hereford. The team was timed in 4:17.1, good for only fourth place in a very competitive race involving Kress, Hereford and Tulla.

Although the effort placed fourth in the meet, it is good for the fifth best time of the season for teams of all classes in the Golden Spread area.

Following are the Friona results in each of the meets:

HEREFORD

440-yard dash—Jatón Widner, fourth, 66.8.

220-yard dash—Janice Peak, second, 28.2.

Mile relay—second, 4:19.9.

Long jump—Sylvia Malouf, first, 15-11¾.

TOP AWARD...Chosen to have their names added to the Fighting Chieftain award for the 1976-77 school year were Davy Carthel

Paula London and Sherri Thorn. The two girls tied for the honor. They were recognized at the all-sports fete here Tuesday.

RED RAGE AWARDS....Outstanding individuals were chosen in each sport for Friona High School for 1975-76. Standing are Bobby Zetsche, track award, Hal

Blackburn, tennis, David Barnett, basketball, Davy Carthel, football and Steve Darnell, golf. Seated are Paige Osborn, girls track, and Lucinda Aguirre, girls basketball.

Volleyball Tourney Slated

A record number of teams have entered the annual Friona Noon Lions Club volleyball tournament which begins at Friona High School gym Monday at 6 p.m.

A total of 16 teams have entered the women's division, and ten men's teams are entered, according to George Rushing, chairman of the event.

Teams are entered in the annual event from Muleshoe, Lazbuddie, Hereford, Clovis, Bovina, Needmore and Friona.

The tournament runs Monday, Tuesday, Thursday, Friday and Saturday. Play begins at 6 p.m. on weekdays, and at 1:30 p.m. on Saturday.

Admission is 50 cents for adults, and 25 cents for students and players.

First-round schedule is as follows:

Women, Monday: Decorator's Floral vs Friona Star, 6 p.m.; Teddy Bears vs Oglesby Equipment, 6:45; Brownsabout vs Friona Seniors, 7:30; Candy Strippers vs Foster Fertilizer, 8:15.

Women, Tuesday: Clovis National Bank vs Wilson Drilling, 6 p.m.; Friona State Bank vs Ag-Chem, 6:45; The Panhandlers vs Bovina Teachers, 7:30; Tidettes vs Treider Electric, 8:15.

Men's, Monday: Lazbuddie vs Tiders, 9 p.m.; Needmore vs Treider Electric, 9:45; Rubber Roaches vs Blackwater Ag, 10:30.

Men's, Tuesday: Friona Coaches vs Drinking People, 8:15; Tasty Cream vs Fumble Bums, 9 p.m.

The women's bracket will be single elimination, due to the large number of teams. The men will play a double elimination bracket.

Little Dribblers Near Season's End

BY HAL BLACKBURN
Staff Writer

Friona Little Dribblers are nearing the end of their season, with only a few games remaining on the schedule. The young hopefuls played some very exciting games during the month of March.

The Little Dribbler program has grown immensely over the past year with more teams and players taking part. Third and fourth grade kids now participate.

The action on March 8 saw the Pacers slip by the Colonels 22-16 behind Charlie Veazey's 10 points. Ross Roden, Wade Davenport and

Reese Fleming also scored for the Pacers. Jeff Taylor, Charlie Morgan, and Ricky Barnett scored for the losers.

On the same night, the Rockets narrowly defeated the Nets 20-18, with the Rockets' Doug Carthel pouring in 12 points. Rodney Allen and Mark Murphy had 4 each for the winners. Matthew Loftis, Troy Crutchfield, Brent Loflin and Monte Smith scored for the losers.

On March 15 the Pacers blew the Rockets out of the gym 34-16, with Charlie Veazey scoring 24 points. Ross Roden, Wade Davenport and

individual point output of the year in the Minor League division. Later on the same evening the Nets and Colonels played a double overtime game, with the Colonels coming out on top 18-16. Charlie Morgan came up with the winning basket for the Colonels.

The Rockets tripped the Pacers 18-16 on March 18 to avenge an earlier defeat handed them by the Pacers. Mark Murphy, P-dney Allen and Doug Carthel balanced the scoring for the winners. Charlie Veazey, Ross Roden, and Wade Davenport kept the Pacers close throughout the game.

Parmer County Ranks 2nd In Barley Yields

With production totaling 463,000 bushels, Parmer County placed second in 1975 Texas barley yields.

According to Agriculture Commissioner John C. White, county farmers harvested some 8,700 acres with an average yield of 53.2 bushels per acre.

The county also placed eighth in the state in wheat

production with a crop of 3,568,000 bushels. Irrigated acreage produced 3,091,400 bushels of that total, with the remainder of the crop being produced on dryland fields.

Barley and wheat were seeded under excellent moisture conditions during the fall of 1974, and early growth of the crops was satisfactory. However, dry conditions during the late winter and early spring months shortened the crop prospects and grazing conditions of both small grains.

Despite the period of short moisture, Texas farmers were able to produce a record wheat crop in 1975 with production totaling 131.1 million bushels. State-wide barley production was 2,380,000 bushels.

Reeves County ranked first in barley production with 467,500 bushels, and Deaf Smith placed first in wheat production with 10.2 million bushels.

Complete figures on small grains have been compiled in the "1975 Texas Small Grain Statistics." Copies may be obtained by writing John C. White, Commissioner, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

Parmer 4-H'ers Compete In Final Show

The final livestock show of the 1976 spring season was held on March 14-17 in Lubbock. This was the Southwest Junior Livestock Show, a regional event for youngsters in the Panhandle-South Plains area.

Parmer County 4-H members exhibited barrows and lambs in this show. These youngsters included Laura Widner of Bovina, along with Russell Windham, Todd Gregory, Terri Clark, Steffan Moore, Keim Smith, Sherrie Seaton and Barbie Seaton of Lazbuddie.

In the barrow show, Todd Gregory won third with his heavyweight Spot. Terri Clark placed sixth and eighth with her two heavyweight Chester Whites. Keim Smith exhibited the fourth mediumweight Poland China and the eleventh mediumweight Hampshire.

Russell Windham won eighth with his heavyweight Hampshire and ninth with his heavyweight crossbreed. Barbie Seaton placed thirteenth with her mediumweight crossbreed while her sister Sherrie won fifth in the lightweight Hampshire class and twelfth in the heavyweight Hampshire class.

Little Known Facts
About America's Greatness

When decorating a room in the south or west part of your home, blues, greens and violets are good choices, since those rooms receive a lot of sunlight.

Thanks to the efforts of dependable American engineers, such as the ones who created the first gravity type dam in 1834, many people around the world need no longer worry about floods.

PICKUP WRECK... This is the 1972 Ford pickup driven by Floyd Rector that collided with a truck here on March 15. Rector sustained a number of broken ribs and other injuries, and was hospitalized for several days.

Cancer Crusade Set Locally During April

"We want to wipe out cancer in your lifetime! That is why we need you to volunteer for the American Cancer Society's 1976 educational and fund raising Crusade," says the Friona Crusade leaders.

Heading the 1976 drive in the Friona area are Mrs. Troy Young, business chairman; Mrs. Dale Smith and Mrs. Dan Smith, residential chairmen.

"Our action programs which motivate people to discuss facts about cancer and commit them to regular health checkups are carried into all the communities of the U.S.A. by more than 2,300,000 ACS volunteers," they said.

"The volunteers in this great fight against a great common

enemy come from all walks of life. This people-to-people contact alerts neighbors, relatives and friends to cancer's warning signals and helps raise fighting funds."

"During this Bicentennial year the challenge is even greater. We must reach out to those we may never have contacted before. Every house in Friona and the surrounding area must be visited in Crusade 1976 beginning April 7," they said. The Business Crusade will be March 30-April 2, 1976.

"Everyone who believes health is beautiful is needed by the Friona American Cancer Society Unit. You can also call us at 247-3833, 247-3550 or 247-3203."

Lingerie Shower

Fetes Pam Wilcox

A lingerie shower in the home of Mrs. Dale Gober, 1102 Eighth Street, Bovina, Saturday afternoon, was a courtesy for Pam Wilcox, bride-elect of Alan Cockerham.

Following the gift presentation Mrs. Gober served punch and banana split surprise cake to Mrs. V.R. Wilcox and Mrs. Jimmie

Cockerham, mothers of the engaged couple, and Mrs. Jerald Reed and daughter, Michelle of Hereford.

Also, Cindy Gammon, Amal Malouf, Amanda Mason, Marilyn Jones, Gail Graham, Mrs. Donnie Campbell and Mrs. Jayson Grimsley.

Separate Insurance Now Required For CB Radios

"Breaker, breaker one-nine. Pig pen, this here's the Rubber Duck....Come on."

So go the lyrics from a popular record which glorifies one of America's newest fads—citizens band (CB) radios.

Nowhere is the fad more popular than in Texas where an estimated 206,000 CB operators chatter away on the 23 channels authorized by the Federal Communications Commission for citizen broadcasts.

As the popularity of the CB radio has increased, there has been a corresponding increase in theft of CB equipment.

During 1975, more than half a

million dollars worth of CB radios were stolen in Dallas alone, and during one seven month period there were 1,635 reported CB thefts.

Houston law enforcement officials say they average 20 to 30 reports of stolen CBs each day. In Corpus Christi, the number of reports of CB thefts jumped dramatically when a local car dealer started advertising that he would give away free CB radios with the purchase of a new car.

Apparently no one is exempt. A Fort Worth Assistant District Attorney had his CB radio stolen, as did the mayor pro tem of San Antonio, Secretary of State Mark White, and Texas Insurance Commissioner Joe Hawkins.

The problem became so severe late last year that the State Board of Insurance excluded CB radios from the standard comprehensive coverage portion of an automobile policy. (This exclusion also applies to two-way mobile radios or telephones, including accessories, equipment and antennas.)

If CBs had been left under that coverage, "there is no telling what

it would have done to comprehensive rates," a board official recently told members of the Texas House Insurance Committee. "We may have saved a major comprehensive rate increase," he said.

While some CB owners object to having to pay additional premiums, insurance industry representatives say it is not right for the non-CB owner to face higher rates because of the CB boom.

The new ruling, which applies only to policies sold after January 1, means that unless the vehicle owner purchases coverage specifically for his CB, it will not be protected on his insurance policy. Equipment valued up to \$750 may be insured for \$17 per year. For \$751-\$1,500 in coverage, it would cost \$27. For equipment worth more than \$1,500, it is \$53. Rates are set by the State Board of Insurance, which will review them periodically when there is additional statistical evidence.

These coverages may also be purchased under a different line of insurance, though the rates are generally higher. Portable units that are moved from one car to another can be insured by a separate policy. Even if the radio is not insured, any damage done directly to an automobile by a thief comes under the standard comprehensive coverage of the policy.

A "hit" by a thief takes less time than it took for the owner of the CB to make the first payment. Typically, a thief goes to a large public function such as a basketball game looking for cars in the parking lot which sport a CB antenna.

It might take two and a half minutes to open a locked car. Once in the car, the thief uses a bolt cutter and screw driver to remove the unit. At home the serial number, which is often pasted on, will be removed and the unit sold to a "fence."

The Texas Automobile Insurance Service Office says there are several ways to protect your property.

First, record the serial number and date and place of purchase of CB equipment and keep the

information with other valuables.

Second, use an electric engraving tool or any sharp object to inscribe some identifying mark (such as a social security or driver's license number) on the back of the radio. Also, scratch your initials in some secret corner of the unit. The only way the police can return a stolen unit to you is if you are able to identify it properly.

Third, if you park your car in a public place, remove the antenna and unit (if possible) and lock them in the trunk or take them with you.

Fourth, buy CB equipment only from a franchised or reputable dealer. If it can be proven that you knew a unit was stolen when you bought it, you can be convicted as an accessory to the crime.

Band Earns Top Ratings

The Friona High School Band earned the highest ratings possible in the Region XVI Concert and Sightreading Contest held Friday, March 19, in Plainview.

For their efforts, the band received a Special Award trophy which represents a First Division (Superior) rating in both concert and sightreading.

Judges for the concert contest included: Bill Bradley, Big Springs High School; Richard Crain, Belton High School; and Lynn Low, Cisco High School.

Sightreading judge was Bill Spencer of Abilene High School. Spencer is a former Friona Junior High band director. The next competition for the High School Band will be at the Six Flags Over Texas Festival to be held May 13-15 in Arlington.

Bank Team Second

Friona State Bank's volleyball team took second place honors in the Farwell Jaycee Tournament held in Farwell March 17, 19 and 20. The team defeated Henry's 66 two games out of three, Friona Star two games out of three, Clovis National Bank two games and was defeated by Wilson's Drilling

team. The Wilson Drilling team took the first place trophy in the tournament.

Members of the team were Betty Lessert, Glynna Harrison, Janice Richards, Terri Patterson, Jan Loper, Loy Christian and Theresa Buck, who hurt her foot in the semi-finals on Saturday.

Letters To The Editor

Dear Bill:

In case you haven't noticed, the fire alarm siren has blown an awful lot recently.

I don't know if anybody ever tallied up the time lost from their jobs and businesses when our volunteers go fight other folks' fires.

The inconvenience of leaving your job two or three times a week, plus the cost to the employer in time and lost services must be considerable!

I hope the people in this community will thank these volunteers personally and continue to support those Friona businesses that put up with the situation.

Thanks for letting me express publicly my appreciation of the Friona Volunteer Fire Department.

R.S. Alexander

Editor's Note—We wholeheartedly agree with you, Bob. It's a comfort to know when we go to bed at night, that should the emergency of a fire arise, the "fireboys" always are ready and willing to respond. They are a great group, and are worthy of any recognition we can give them.—B.E.

Sales Boost Tax Dollars

Comptroller Bob Bullock said Monday that a total of \$75.5 million was rebated to cities for city sales tax collected in the 1975 Christmas quarter, compared to \$64.2 million for the 1974 Christmas quarter.

"All the merchants said during the Christmas season that sales were up over 1974," said Bullock, "and they were right. Based on city sales tax figures, there was a 17.5 per cent increase."

Bullock mailed checks totaling \$52.8 million to 837 Texas cities and towns Monday, representing their March city sales tax allocations.

The city of Bovina received a check for \$2,890.56 with Friona receiving a check for \$10,359.86. The city sales tax which just recently went into effect in Farwell resulted in a check for \$2.26.

The Comptroller said the March, February and January allocations to the cities represented the tax collected by merchants from October through December.

FRIONA, TEXAS

James Matthew Higdon is a professional agronomist with 16 years of intensive experience in growing hybrid corn and sorghum in the Southwest. His full time responsibility is to consult with farmers about their grain and storage growing problems.

"These are the sorghums I'd plant if I farmed in this area."

Jim Higdon
AGRONOMY SERVICE DIRECTOR

"Drouth, disease, insects, wind storms... taking everything into account that can plague a crop in this area, these are the sorghums I'd go with."

It's my job to know which are the best varieties for each locale in the states of Oklahoma, Texas and New Mexico. For the last five years I've had Crop Information Centers, Standard Comparison Tests and Uniform Strip Tests in this immediate area. In these carefully controlled tests, I've evaluated most of the sorghum varieties a farmer might consider planting. I've had the same headaches and frustrations you've had. My plantings have suffered the same weather conditions, epidemics and infestations yours have.

Based on these tests, there is no doubt in my mind what I'd plant in 1976 if I farmed hereabouts.

8311

8311 is a champion producer of high test weight, yellow endosperm grain. Pioneer introduced this golden bronze hybrid three years ago and it's been setting yield records in this area ever since. One reason is its ability to yield in the face of too wet or too dry weather, insects or disease. Another reason for the high yields is that 8311 tends to adjust its maturity to the growing season in a particular area. Whatever else you plant... put in some 8311.

8501

An outstanding new yellow endosperm hybrid with about the same maturity as 846. This hybrid has a superior yield record. The plant has excellent roots and stalks. Heads exert well above the flag leaf and are uniform in height. Pioneer brand 8501 has good tolerance to smut, MDMV, downy mildew and greenbugs. It performs well under stress and has semi-open heads that add to its good appearance.

A WORD ABOUT GREENBUGS
Tolerance to both greenbugs and maize dwarf mosaic plus high yield potential give these two sorghum varieties an economically significant advantage that you'll want to consider for your grain sorghum crop in 1976.

Performance of seeds or the crop produced therefrom may be adversely affected by factors beyond our control including environmental conditions, insects and diseases. The limitation of warranty and remedy attached to each bag of Pioneer brand seed is a part of the terms and conditions of the sale thereof.

Ice Capades Slate Shows In Amarillo

Wow! You should see us now. Ice Capades is music, skating magic, full of fun and laughter....a humdinger of a show!

The 1976 edition opens at the Amarillo Civic Center Coliseum on Wednesday, April 7 through Sunday, April 11 for six perform-

ces. Evening shows are Wednesday, Thursday, Friday and Saturday at 8 p.m. Matinee performances are

Saturday and Sunday at 2 p.m. Tickets are \$3.50, \$4.50, \$5.00 and \$5.50...Wednesday Opening Night Show, sponsored by KVII-TV, is one-half off regular adult prices for all...Youths (16 years and under) are admitted one-half off regular adult admission for Thursday 8 p.m., Saturday 2 p.m. and Sunday 2 p.m. shows only. For additional ticket information call 373-6891.

The incomparable precision skating of the world-famous Ice Capettes takes its inspiration this year from another famous group--The Kilgore College Rangerettes. The precision drill team from Texas marches onto our background screen and leads the way to one of the most exciting ensemble skating numbers Ice Capades has ever presented.

Other imaginative productions include the eye-catching opening number, "Reflections." The ice becomes a shimmering display of images reflected from a montage of mirrors. The Corps de Ballet introduce the sparkling pair of Dan Henry and Lisa Illsley. As the tempo changes, newcomer Donna Arquilla skates a sprightly solo.

world of Sid & Marty Krofft, comes "Zap, Here's H.R. Pufnstuf," for kiddies of all ages featuring Patrick Romano as Little Jimmy.

Through the magic of film comes "The Seasons," featuring Don Yontz and Charlene Sharlock in Summer, fiery Sashi Kuchiki in Spring, Scandinavian Champion Ann-Margret Frei in Winter.

All skates on deck! It's time for "Ship-A-Hoy," as Ice Capades goes to sea with a bouncy, rollicking number. The rink has the look of a battleship as Ann-Margret Frei presents a stunning display of skating virtuosity as the navy sweetheart.

"Images and Phases" takes a look at the future in an imaginative, space-age production, featuring the electrifying Sashi Kuchiki and interpretive pair of Dan Henry and Lisa Illsley.

Now come to a gypsy camp, as skaters become wandering vagabonds. The solo performances of Adelle Boucher, Ken Shook and Lee Meadows highlight "Gypsy Magic."

There's a little gospel, a little jazz, a bit of the blues and some Dixie as the entire ensemble picks up the rhythm in "Soul-Rhythm-Blues." Comedy and specialty

numbers are highlighted through the show. Just for laughs, there's clown Jean-Pierre. The Chairpersons, Wes and Chris, return with their original 12-legged act.

There's no due daffier than the mixture of South African comedian Titch Stock with his partner Don Yontz of Florida in "The Hokey Hoedown."

The bicycling Romano family--Tony, Helene and Patrick go ice-cycling and together they pyramid to a trio of terrific talent and unique cycling.

For the grand finale, Ice Capades presents "Carnival," complete with musicians, devils, harlequins and jesters. Come along and join the gaiety of a street celebration to close the latest edition of Ice Capades in a riot of colors, sights and sounds. Ice Capades of 1976! Wow! You should see us now!

Remind County Farmers

Of 2,4-D Regulations

Agriculture Commissioner John C. White urges all Parmer County farmers who use 2,4-D and other hormone-type herbicides to be especially careful this spring and observe regulations for application of that material.

This county is one of 76 in the state which have elected to operate under the regulations administered by the Texas Department of Agriculture.

White reminded farmers that they must have a permit to use hormone-type herbicides on plots of ten acres or more. On smaller plots, the operator must notify the Texas Department of Agriculture of his intent, prior to spraying.

"These hormone-type herbicides are essential in production plans of some farmers, but they can be a serious problem to others if wise practices are not followed," White explained.

Herbicides can drift during application from the target area and will affect

susceptible crops such as cotton and other broad-leaf plants. In addition, fruits, vegetables, and ornamentals can be damaged severely by herbicides.

Before applying them, the farmer should check the surrounding fields for susceptible crops, White advised.

He also suggested that a spray pressure of 20 to 30 pounds is best for applications of these herbicides.

"Proper pressure for ground rigs is one of the best ways to assure safety. Spraying is best done when winds are from 0-3 mph. and temperatures are less than 90 degrees F. When winds reach 10 mph. and temperatures exceed 90 degrees F., the operations should be halted," White said.

"The best advice we can give anyone--farmers or home owners--is that in using any type of agricultural chemical, one should first read the label and follow the directions to the letter."

Where Rheumatism Pain Strikes

Rheumatic and Arthritic Pain can strike the joints in any of the indicated areas (see arrows on chart)

Puts Pain to SLEEP

Now for the first time, overnight blessed temporary relief from the pain of arthritis, bursitis, rheumatism, soreness, stiffness. Just rub Icy-Hot's creamy balm over the affected joints or muscles, and you can actually feel the pain start lessening. Begin to sleep peacefully again. If you don't have relief in 24 hours we'll refund your money. \$3.00 for 3 1/2 oz. jar or \$5.00 for 7 oz. jar.

America The Beautiful Is Club Meeting Topic

The Friona Woman's Club met Wednesday, March 24 at the Federated Club House, for their meeting on "America The Beautiful."

Roll call was answered with "A Country I Would Like To Visit and Why."

Mrs. Carrie Tatum reported on the Caprock District Convention she attended recently.

Mrs. Ethel Bengler, president, presided over the business meeting.

The club collect was repeated in unison.

Mrs. Lillian McLellan entertained by showing slides and discussing "America the Beautiful."

Some of the places shown were the Botanical Gardens and Japanese flower gardens and citrus groves in Phoenix; New York City skyline; London Bridge at Lake Havasu, Arizona; Atlanta, Georgia; Stone Mountain; scenes from Oregon, Washington, Canada, California, Idaho, Utah, Wyoming, South Dakota, Nebraska and Colorado.

Members present were Mrs. Annis Turner, hostess, Mrs. Ethel Bengler, Mrs. Bessie Boatman, Mrs. Mary Dixon, Mrs. Anna Mae Hays, Mrs. Lillian McLellan, Mrs. Addie Moyer, Mrs. Luella Maurer, Mrs. Carrie Tatum and Mrs. Vela Wood.

Texans Respond To Guatemalan Effort

Texans are continuing to respond generously to Guatemalans devastated by the earthquake which hit their country Feb. 6. Throughout March, money and kind gifts were donated to the Salvation Army for use in the Central American country.

Lt. Col. Guy Hepler, Texas divisional commander, said, Col. Paul Thronburg, former Texas divisional commander, was called from retirement to help coordinate disaster activities for Guatemala from Atlanta, Ga., southern territorial headquarters.

Hepler remarked, "This has turned into such a massive project, that extra help is needed. Officers working at the scene say this is the

Mata Named On TSTI Honor Roll

Luis R. Mata was recently named to the President's Honor Roll at the Mid-Continent Campus of Texas State Technical Institute, according to Lovell A. Pillow, General Manager of the Amarillo Campus. Membership to the President's Honor Roll is attained by maintaining a 4.0 grade average.

Luis is majoring in Electronics Systems Technology and is the son of Elias Mata of 503 11th Street, Friona.

worst disaster they have ever seen."

Goods shipped from the Texas Division included: one gas powered water purifier with spare parts and filters, 365 blankets, 10 cases of hot cups (10,000 cups), 175 folding cots, three cases of assorted medicine, 327 air mattresses, 7,200 pounds of dry milk, 10,000 pounds of rice, 347 cases assorted food and medicine (from Oklahoma City) and 3,783 pounds of clothing, food and bedding (from the Jacksonville Service Unit).

American Airlines and Delta donated time and space to ship many tons of goods free to Guatemala from the Salvation Army, which was designated to receive kind gifts by the Guatemalan embassy.

Additionally over \$25,000 was collected in Texas, Hepler reported.

Assigned by the Guatemalan government to work in Tecpan, an area 99 per cent destroyed by the quake, the Salvation Army began work immediately to help construct new homes for Guatemalans before the June rainy season. Arrival of a block making machine is anticipated in early April. The machine is capable of mass-producing concrete and pumace blocks used in construction of safer buildings.

The Salvation Army is an agency of the Friona Area United Fund.

McLAUGHLIN PROMOTED..... Major Gary D. McLaughlin (left), a Friona native, was recently promoted as a project officer in the Community Relations Branch of

the U.S. Army Forces Command Information Office. He is joined by his wife Annie and son Don Kip following his promotion on March 1 at Ft. McPherson, Ga.

Maj. Gary McLaughlin Earns Army Promotion

Major Gary D. McLaughlin, a native of Friona, was promoted to his present rank in the U.S. Army during recent ceremonies at Ft. McPherson, Georgia.

An Infantry officer, he is currently assigned as a project officer in the Community Relations Branch of the U.S. Army Forces Command Information Office. Prior to assuming this position, he served in the Military Science Department of West Texas State University at Canyon.

Major McLaughlin is a graduate of Panhandle A&M College, Goodwell, Okla. He holds a bachelor of arts degree from that institution. In addition, he has earned a master's degree from West Texas State University.

His military schooling includes the Infantry Officer Basic and

Advanced Courses and the Information Officer Course at the Defense Information School.

Various tours of military service include duty in Germany, southeast Asia, and Ft. Hood, Texas. A veteran of the Vietnamese conflict, he has received the Purple Heart with Combat Infantryman's Badge, the Bronze Star with Oak Leaf Cluster, the Air Medal, two awards of the Army Commendation Medal, and the Soldiers Medal.

Prior to receiving his Army Commission through the Reserve Officers Training Corps, Major McLaughlin was a Field Supervisor for the Parmer County ASCS.

Major McLaughlin is the son of Mrs. Frances Davis, a Friona resident. He, his wife Annie, and son, Don Kip currently reside in College Park, Ga., outside Atlanta.

Commission For Blind To Have Reps Locally

Representatives from the State Commission for the Blind will be at the Parmer County Health Fair, in the Community Building on Highway 214 North and 15th Street in Friona on April 6, 1976 from 10 a.m. to 3 p.m. The Commission for the Blind is a state agency designed to help people with eye problems. The Commission for the Blind works not only with legally and totally blind, but also works to prevent blindness.

Two basic programs will be presented. The (VR) vocational rehabilitation or adult program, which covers people from age 12 and above, and the (VHC) visual handicapped children, or children's program, which assists children from birth to age 12.

The VR program covers three main areas. The broadest area is medical services, which is for individuals with eye problems requiring medical treatment, such as surgery or medication for glaucoma, cataracts, pterygiums, or for sudden decrease in vision. If economic and visual requirements are met, the Commission can pay for this medical treatment.

The VR program also offers training, which includes college training or personal adjustment training. There are two rehabilitation centers in Texas for the blind where an individual can learn personal adjustment skills, including mobility and braille.

Also, a homebound teacher is available who can work in a person's home and assist them in the areas of personal adjustment skills and assist them in caring for the needs in the home. Job placement is also provided as a VR service for the totally or legally blind, and gives assistance in finding jobs which a visually limited person may be able to perform.

The children's program also offers medical services for those who meet the economic requirements. These services are for children with severe visual loss, and children with crossed eyes, which may lead to vision loss and emotional maladjustment, and children with congenital cataracts, and many other eye problems. Counseling services are also offered for children who are legally and totally blind.

When application is made with

the Commission for the Blind for services, and the economic requirement is met, an eye examination will be paid for by the Commission. This application may be made at the Parmer County Health Fair, in the Community Building located on Highway 214 North and 15th Street in Friona on April 6, 1976, from 10 a.m. to 3 p.m.

If you have any questions, you may call the County Extension Service in Farwell at 481-3619. If anyone is having eye problems that needs medical treatment, other than a simple change in glasses, please contact us at the Parmer County Health Fair.

Library Corner

Dr. Finneson's book, "On Low Back Pain," is available at Friona Library. In this book, Dr. Finneson, distinguished neurosurgeon and specialist, provides commonsense information to aid those who suffer from America's most prevalent and persistent ailment—low back dysfunction—a problem that afflicts an estimated seven million people.

This is a straightforward guide to alleviating and preventing these disorders. It covers the psychology and mythology of low back pain and what it is and isn't.

+++
"Breast Cancer" is a personal history and an investigative report by Rose Kushner.

Rose Kushner has had a mastectomy. She is a well-known medical journalist. She has extended her personal experience into a sustained investigative report on the status of breast cancer research and care in the United States and abroad.

Her main conclusions are controversial. American women she states, do not get the best care; they are the victims of a blind one step biopsy-mastectomy procedure they do not need.

Her book is a heroic challenge to American medicine and to American women everywhere.

County Health Fair Slated Here April 6

The Parmer County Family Living Committee is sponsoring a Countywide Health Fair, Tuesday, April 6 from 10 a.m. to 6 p.m. in the Community Building at 15th Street and Highway 214 in Northwest Friona. The public is invited to attend and participate in free screening for blood pressure, diabetes, T.B., glaucoma and height-weight.

Assistance for the health fair is being drawn from the regional offices of the State Department of Health Resources and the American Heart Association. A local optometrist will be assisting with glaucoma screening and various women's organizations over the county will be acting as hostesses.

Educational exhibits will be on display from a number of health related agencies. Some of the displays planned will include films, literature and demonstrations representing Public Health Region I; Public Health Dept.-Immunizations; Emergency Medical Services of the Public Health Dept.; Texas Rehabilitation Commission;

American Heart Association; State Commission of the Blind; The Arthritis Foundation; Society for the Prevention of Blindness; Parmer County Planned Parenthood and the Parmer County Extension Office.

Various organizations in the communities will be providing transportation for those who do not have a way to the Health Fair in the Rhea Community, contact Mrs. Helen Potts at 295-3887 and in the Hub Community contact Mrs. Ralph Robinson at 265-3587 and in the Black Community contact Mrs. Tommie Tatum at 265-3858.

ALLEN ELECTED
Charles E. Allen of Friona was elected to a two-year term on the board of directors of the Texas Panhandle Heritage Foundation, Inc. at its annual meeting recently. The Foundation is in charge of the "TEXAS" production annually in Palo Duro Canyon.

Town Talk

With Your News Item

Some of the local college students who were home during the spring break were Brad Beene, son of Dr. Bill and Rita, who attends University of Texas at Austin; Gail Graham, who belongs to Sterling and Joy Graham, from Abilene Christian University; and Marilyn Jones of West Texas State University, Canyon, daughter of Tommy and Wanda Jones.

Also Kevin Welch, David Hutson and Clay Bandy of Texas Tech University, Lubbock. Their parents are the Gene Welches of the Black Community, the Leland Hutsons and the Eugene Bandys.

The Bandys also had their oldest son, Johnny, who attends Angelo State at San Angelo, home for a few days. Johnnie Walters, also a student at Angelo State, was here, too.

Amal Malouf and Cindy Gammon, both Tech students, visited their parents, Mr. and Mrs. Johnny Malouf and Mr. and Mrs. J.W. Gammon.

Kenna Moore of Lubbock Christian and Jeanine Jarboe of West Texas State were also here. Their parents are Mr. and Mrs. Kenneth Moore and Mr. and Mrs. Tom Jarboe.

Eugene and Dorothy Ellis took off a few days and went to El Paso. They traveled in their motor home and reported much wind on their way down Friday, but better conditions coming home.

They did some sightseeing and antique shopping in El Paso. Bob and Bert Rule were there, too. The women visited some doll shops, of course.

The Frionans also took in some horse races and went South of The Border to watch some dog races.

Then in Ruidoso, Dorothy and Gene saw Joe and Caryl Fallwell. A Fallwell owned horse won one of the races at Ruidoso Downs.

The Ellises returned home late Monday.

Incidentally, Gene and Dorothy have a new daughter-in-law. Their youngest son, Randy, who is employed at KMTY in Clovis, was recently married to Karen Brayton, also of Clovis. These two exchanged wedding vows in the chapel of Kingswood Methodist Church there.

Randy and Karen and her two daughters, Jennifer, who is 3½, and Tria, seven months, live in a newly constructed home in Clovis.

Mrs. Bert Shackelford had weekend guests. Friday evening Mr. and Mrs. G.E. Shackelford and children, Molly, Meg and Danny came down from Perryton and spent the night.

Saturday morning Ann accompanied the Perryton Shackelfords to Clovis for the wedding of her niece, Terri Edwards of Farwell.

When the group returned to Friona Holly Hurst of Lubbock, who is Ann's granddaughter, was

here to visit with her kin. She spent the night. All the visitors left Sunday.

Billy Dean and Lillie Mae Baxter drove east a few days ago. When they left home, they planned to spend some time with their youngest son, Blayne, who attends Oklahoma State Technical Institute at Okmulgee, Oklahoma.

Blayne had some time off from classes, so the three just kept driving east. They did some sightseeing in Eastern Oklahoma and the southern part of Arkansas before stopping at Murphreesboro. One of this city's most popular tourist attractions is a "field of diamonds" or something similar. Think most of us have had a desire to visit this place and try our skill at diamond hunting at one time or another.

Blayne was one of the fortunate ones who find a diamond. It was a small one, but don't you know the find added excitement to the trip?

Debbie Baxter, daughter of Billy Dean and Lillie Mae, is teaching English at Sam Houston Junior High in Amarillo and is the volleyball and track coach. She has a winning volleyball team this year.

Thelma Johnson has been dismissed from Deaf Smith

General Hospital, Hereford, where she had surgery last week.

Mrs. Emory Bloxom is a medical patient at St. Joseph's Hospital in Albuquerque. She expects to be home by the end of this week.

Mayo Phipps is still a patient at Lubbock's Methodist Hospital.

Mrs. ElRoy Wilson is a patient at St. Anthony's Hospital in Amarillo.

Mrs. A.L. Outland returned to Wilford Hall Hospital, San Antonio, where she was to undergo surgery on Friday, March 26.

Mrs. Outland has been experiencing a chronic gastric disturbance, and was to undergo corrective surgery. She is expected to be in the hospital for about two weeks.

Carrie Tatum went to Amarillo Saturday to see the East-West All Stars play basketball. Her granddaughter, Pam Tatum of Happy, played on the West team along with Friona's Lucinda Aguirre.

Did you notice that Frionans almost took all the space on the front page of the Panhandle section of the Amarillo paper one day last week? First, there was a long feature about the retirement of J.T. Gee. Then, on the same page, Dave McReynolds was featured.

He's really an East Texan who adopted the Panhandle and wound

up in Stratford by way of Friona. Congratulations to both of these find men.

BRAIN TEST.... Dr. Paul Dudley White, an indefatigable advocate of exercise who bicycled daily up to his 86½ year, once said, "If you want to know how flabby your brain is, feel your leg muscles?"

The family of Mr. and Mrs. E.D. Matlock honored the couple with a covered dish luncheon in their home at 907 Woodland at noon on March 19. The group gathered to help Mr. and Mrs. Matlock celebrate their 71st Wedding Anniversary.

Those attending were Mr. and Mrs. Forrest Osborn, Mr. and Mrs. Henry White and Donnie, Mr. and Mrs. Tom Lewellen, Mr. and Mrs. Delton Lewellen, Mr. and Mrs. T.A. Kelley, Mr. and Mrs. Joe Lewellen, Mr. and Mrs. Donny Lewellen, Mr. and Mrs. Charles Hamilton, Chad and Chris, all of Friona.

Also, Mr. and Mrs. W.D. Skipworth and Jimmy, who moved here recently from Grayson County and Mrs. Dale Schueler of Bryan, Texas.

Afternoon visitors were Mr. and Mrs. Bill McGlothlin, Monique Osborn, Karla Skipworth and Carl Osborn.

Above Average Crop Year Seen By Crim

According to Parmer County's renowned weather prophet, J.W. (Indian) Crim, the 1976 crop year should turn out to be another pretty fair year.

Crim held his annual "weather watch" ritual at the family place near Clay's Corner Monday morning for the 55th consecutive year, and came forth with a better than average prediction for crop prospects.

The wind was directly out of the north when the longtime area resident held his reading at sunup. He commented that it was one of the few times he could remember the wind being straight out of the north on the March 22nd affair.

According to Crim's formula, an east wind is the best, fortelling a

rain, while a west or southwest wind is the worst. So apparently, a north wind is somewhere in between.

"It was a slow wind, easy and mild. I don't look for us to have any bad storms during the year," said Crim, who has been making the annual weather reading on his place near Lazbuddie since 1922.

A big crowd of spectators, some 50 or 60, were on hand for the annual "prediction." The old weather prophet said it was one of the biggest crowds he had ever had for the occasion. He said it was probably due to the fact that it has been so dry, and folks were anxious to see if he was going to predict a rain.

The north wind doesn't indicate an excessive amount of rainfall, Crim says, but it should be enough for the farmers to get by.

"If we didn't have our irrigation, we'd be in a fix," Crim stated, pointing out that nature provides moisture for a "bumper crop" in this area only every five or six years.

He said that following his reading on Monday, someone in the crowd suggested that a rain dance be performed around the teepee-shaped campfire that Crim makes to help him observe the elements.

It was a clear, warm day with the temperature near 50 degrees when Crim and his followers "did their thing" at sunup Monday morning.

He has never missed a year making the prediction, and has done it in all kinds of weather. One time, 15 or 20 years ago, there was considerable amount of snow on the ground, left from a big snowfall, on the March 22 event.

Crim started doing the annual weather observance with his father over 50 years ago. They made the reading strictly for their own benefit, to see if they could get any information that would assist in planning their crop years.

But neighbors and friends began to check on Crim's findings, until in 1952, the county pioneer began to have a public ceremony for all who wished to attend.

"I plan to do it as long as I'm able," said Crim.

He turned his farming activities over to his boys eight or nine years ago, and has moved into Matfeshoe.

HAPPY WINNER...Keith Winkler proudly displays the awards he won for the Friona Riding Club at a playday at Umbarger last Sunday.

Winkler entered nine events, winning six and placing second in another. He also holds the high point trophy.

Local Rider High Point At Playday

Keith Winkler, representing the Friona Riding Club, won the high point trophy at the Buffalo Riding Club Playday at Umbarger March 21.

Winkler entered nine events, and won ribbons in seven, six of which were first place ribbons. He was awarded a handsome trophy as high point individual.

Events won by the Friona rider were the rescue race, golfette, ring riding, ribbon, barrel racing and the two-man baton race. He was

second in pole bending. J.A. Crofford teamed with Winkler in the baton race, rescue and ribbon races. In addition, he placed third in barrel racing, pole bending and flag race.

Patricia Winkler was another Friona entrant. She placed fourth in flag racing, fourth in rescue race, fourth in the two-man baton race, fourth in pole bending and third in golfette.

Teams were entered from Amarillo, Hereford, Canyon, Dalhart, Friona and host Umbarger.

BAND WINS...Officers of the Friona High School Band are shown with the Division I plaque the band won in concert and sight reading last week at the UIL contests. Standing, left to right are

David Whitaker, Linda Nelson, Julie Johnson, Greg Mathos, Pam Veazey, Bryan Johnston and Barbara Rhodes. Seated are Fred Garza, Joe Lafuente and Faith Mays.

For Rent

You're doing without a Zimmatic center pivot. Saving your hard-earned capital for other improvements. Don't want to borrow right now.

But it's costing you money every year you wait. Two ways. First, you're losing the extra crop production you get under irrigation. Second, inflation is at work. Boosting prices, dropping the value of your dollars.

Why not rent a Zimmatic under our new lease plan? Let the system pay for itself and put some extra money in the bank for you at the same time.

Our terms and conditions. This does include freight, installation, pump.

other "above ground" items in one flexible package, tailored to your needs. Why wait to irrigate? It's just costing you money. Call us today for details on our new lease plan.

Gonorrhea, VD Leading Diseases

The 1975 communicable disease morbidity figures released this week indicate that gonorrhea is again the Panhandles' number one communicable disease; 1287 cases were reported. Only six of the 25 Panhandle counties had no report of gonorrhea.

The other major venereal disease, syphilis, is ranked as the third communicable disease in Public Health Region I (Panhandle). Infectious hepatitis ranked as second, with 71 cases being reported, and Tuberculosis was fourth. Other reported diseases, by rank, are serum hepatitis, rubella (German measles), measles, meningococcal infections, and brucellosis.

State Public Health Laws require that many communicable diseases treated by located physicians be reported to the Texas Department of Health Resources. Since many physicians fail to comply with these laws, the morbidity reports are generally considered to be a "conservative estimate" of the true disease situation in most counties. This is especially true of such diseases as gonorrhea and syphilis.

Area Has Accidents..

(Continued from Page 1)

bruises. She was treated at Parmer County Community Hospital.

A small dog, also in the Anderson vehicle, also escaped the accident, but ran into an adjacent wheat field, and had to be chased down by Mrs. Anderson. Patrolman Royce Keck of the Department of Public Safety investigated the accident.

+++

About noon Wednesday, a three-year-old boy, Roberto Quintana, was apparently playing in the dirt road near his home five miles south and two east of Bovina when a pickup driven by Billy Johnson of that community passed over him.

Miraculously, the boy escaped injury. He was taken to West Plains Hospital in Muleshoe, where he was kept overnight Wednesday for observation.

"He must have been playing on his hands and knees, or lying in the road. Johnson says he didn't see the boy, but thought he heard a bump. He looked in his mirror and saw the youngster in the road," said Keck, the investigating officer.

The young boy is the son of Mr. and Mrs. Alona Quintana of Star Route, Bovina.

+++

On March 15, Floyd Reior of Friona was involved in a near head-on crash at the Highway 60-FM 1731 intersection with a truck driven by Larry Don Hardy of Amarillo.

Reior, driving a 1972 Ford pickup, was travelling west, and was preparing to turn into the Mobil station on the highway. The 1972 Ford truck-tractor, an empty auto carrier, was headed east.

Reior was hospitalized with five broken ribs, cuts and abrasions. He remained hospitalized until the 19th, when he was released.

Hardy was not injured.

+++

Three vehicles were involved in an accident about three miles east of Friona Tuesday afternoon, in which two pickups and a truck were involved.

The wreck was investigated by Jim Bishop, DPS, Farwell. Full details were not available at press time, although it was believed that no serious injuries resulted.

Lloyd Bentsen

Bovina Jaycees Set Community Auction

The third annual community-well motors, a pickup, a welder, irrigation equipment and electric fencing materials.

Additional sale items may be brought to the gin yard the day of the sale. Jones said he expects "quite a few more items to be brought in Saturday." All types of items, including household goods, will be welcome.

Coffee, courtesy of Bovina Gin, will be served by the Jaycees and a concession stand will be set up on the grounds.

An advertisement containing further particulars of the sale may be found elsewhere in this issue of The Blade.

Houston Bartlett and Larry Potts will call the sale.

The Jaycees, in return for organizing and sponsoring the sale, will receive a portion of the auctioneer's fee.

Included on the sale bill are shredders, one-ways, tandem discs, a combine with corn header, Hoemes, breaking plows, ditchers,

Local Bentsen Supporters Open Office

Parmer County headquarters for Senator Lloyd Bentsen, who is campaigning in a "favorite son" role for Texas' Democratic presidential delegate voters, were opened this week at Parmer County Pump Co. in Friona.

"The importance of Texas is looming larger and larger in the pattern of Democratic party primaries across the nation. Senator Bentsen believes that his delegate slate is the best that will be presented to Texas Democratic voters May 1," says H.H. Horton, Jr., county coordinator for the Bentsen drive.

Horton says that anyone wishing to help with the Bentsen effort in the county should call him at 247-3030.

FOR VEHICLES

Sticker Purchase Deadline April 1

Deadline for re-newing vehicle license registrations is 5 p.m. Thursday, April 1, according to Hugh Moseley, Parmer County tax assessor-collector.

Motorists may register vehicles after the deadline, however, they must certify the vehicles have not been driven since the last registration expired, Moseley said.

Rather than the new metal plates vehicle owners have been accustomed to purchasing, Texas vehicles this year sport a small red, white and blue validation sticker which is to be affixed to the area outlined in the upper left corner of the rear license plate.

Beginning in January '75, Texas instituted a new system of issuing new metal plates every five years and issuing the rectangular stickers for the interim years.

The renewal fees remain the same as in the past—\$12.50 for vehicles weighing up to 3,599 pounds, \$22.50 for vehicles between 3,600 and 4,500 pounds, and \$30.30 for those over 4,500 pounds.

Vehicle owners must bring their license renewal forms in order to purchase the stickers. If owners plan to purchase tags with a check, personalized checks must be used, Moseley stated.
