**HATS OFF TO** the Friona High School band on a job well done at the band festival at Six Flags Over Texas last weekend.

Friona's band was named "Outstanding Band" in its class during the 13th annual festival, and was one of only two bands in class AA given a First Division rating by the judges.

That's quite a record for the Friona band in contests where it has competed against musical groups from not only across the state but out of state.

In case you have forgotten, on the band's last competition in such an event, the FHS musicians won a similar "Outstanding Band" accolade at the Six Flags Over Mid America festival at St. Louis two years ago.

So, we salute bandmaster Charles Faulkner, assistant Gordon Hart, and all of the talented musicians who make up the Chieftain Band.

We also understand from some of the adult sponsors who accompanied the bandsmen on the trip that the young men and women also rated "Superior" in their conduct while on the trip.

There were no incidents which sometimes happen to mar such a trip, and the young Friona residents were praised for the manner in which they conducted themselves while on the trip.

IT WAS QUITE a homecoming that the band received when the caravan of cars met the chartered buses at Hub and escorted them on into Friona.

We thought that the law officers who assisted in the "convoy" were to be commended, for taking time off on a Sunday evening to help assist in such a community endeavor.

Chief of Police Bill Denney spent over an hour waiting with the faithful band fans at Hub, in order to assist the group. Highway patrolman Royce Keck also assisted the operation, and other members of the Friona police force were helpful in stopping traffic for the convoy as it performed a mass "Main Drag" down Fifth Street, Main Street, down Highway 60 and then to the high school parking lot.

WE WOULD LIKE to publicly commend Troy and Gladys Young for their work on East Highway 60.

The Youngs, with the help of contractor Delton Lewellen, are in the process of erasing one of the city's eyesore situations, and turning it into a place of beauty.

"The XIT Auto Ranch" is looking more and more like a page out of the Old West all the time, and it is going to be a real nice addition to the city's business community.

A new business is always welcome, but when we can get such a new business and do away with an eyesore on the highway at the same time, that's a double bonus.

We're hoping that the trend will continue. Just on the opposite side of the street from Troy and Gladys' new venture is yet one of the city's worst eyesores—a series of ramshackle buildings which do not give the newcomer much of a first impression of Friona when entering the city from the east.

SPEAKING OF NEW businesses, Friona has not one, but two new television and appliance dealers.

bought out Nobles TV & Appliance Store, and Roberts TV & Appliance, which also operates in Hereford, has opened in the building formerly occupied by The Hut. Both businesses are located on Main Street.

In addition, Jerry Poarch plans to open a furniture store in the north half of the building occupied by Roberts TV.

The Wilhelms have scheduled their Grand Opening for Monday, Tuesday and Wednesday, and are anxious to show the Friona folks their new lines of merchandise.

We wish both of these new businesses the best of luck.

All of the merchants we have visited with lately indicate that business in Friona has never been better, so perhaps it's not

The section is made possible by the business people of the Friona area, who present their congratulatory messages to the seniors.

## Band Sweeps Honors At Six Flags Fete

The Friona High School band was given a royal welcome home last Sunday evening by over 100 parents, friends and well-wishers, after the band scored an overwhelming success in its participation in the Six Flags Over Texas Band Festival May 14.

The Friona band was named "Outstanding Band" in the class AA division of the festival, with nine bands competing. Only one other band, from Ozark, Arkansas, scored the "Division I" rating that the FHS band earned.

Friona's rating was superior in that it was by unanimous vote of the three judges, Charles Minelli of Ohio University, Frederick Ebbs of Indiana University and Forrest McAlister of "School Musician" magazine.

The performance marked the third consecutive year for the Friona band to score a superior rating in its end-of-school festival appearance.

Last year, the Chieftain Band was named the "Outstanding Sight-Reading Band" at the Greater Southwest Music Festival in Amarillo.

In 1974, Friona's band received Outstanding Band honors from the Six Flags Over Mid-America Festival in St. Louis, Missouri.

Band director Charles Faulkner and assistant Gordon Hart were elated over the showing. "I was very pleased with the performance. The band members were extremely well-behaved on the trip, and this made it a more pleasing experience," said Faulkner.

The band was surprised upon their return when over 30 cars met the two chartered buses at Hub and gave them an escort into Friona. Assisting were the Friona Police Department and the Texas Department of Public Safety.

The band was paraded "around the square" eastward to Main Street, then to Highway 60 and back south down Grand and to the high school parking lot, where a tired group of musicians, leaders and four other adult sponsors were greeted by parents and well wishers.

Accompanying the group, in addition to Mr. and Mrs. Faulkner and Mr. and Mrs. Hart, were Mr.

and Mrs. Dale Westbrook and Mr. and Mrs. Leon Coffey.

The bandsmen and adult sponsors enjoyed the attractions at Six Flags Over Texas during their trip.

The band officials indicated that they were gratified by the judges' comments regarding the festival performance. The band played "Fabulous Country" by Bennett and "Incidental Suite" by Smith.

Minelli commented "A fine, well-trained group. Fine tone quality, technique, interpretation; excellent musicianship. Fine performance! (Your) school should be proud of this fine group!"

Ebbs commented "The general concept of fundamentals by this band is excellent. The tone quality and intonation for the most part is sound. There are some excellent top chair players. Let's let that concept filter all the way through the band."

McAlister said in his remarks "The band has a fine sound...Individual players or lead chairs are excellent...Keep working for that ideal symphonic sound."

### Poppy Day Is Saturday

Saturday will be Poppy Day in Friona, according to a spokesman for the Friona American Legion.

Members of the Auxiliary will be busy in Friona selling the poppies as one of their annual projects.

The poppy as the memorial flower for American war dead is a tradition which began in the years following the first World War. Veterans returning to their homes in this country remembered the wild poppies which lined the devastated battlefields of France and Flanders.

A Canadian officer, Colonel John McCrae, who was killed during the war, immortalized the flower in his famous poem, "In Flanders' Fields." Its opening lines are familiar to millions of people around the world.

"In Flanders' fields the poppies blow, Between the crosses, row on row....."

**CHEERLEADERS CHOSEN...**Recently elected cheerleaders for the 1976-77 school year are, top row, left to right, Johnna Thorn, Rhonda Parsons and Linda Anthony. On the

front row are M'Lynda London and Janice Peak. Their sponsor is Miss Gail Murdock who teaches home economics at Friona High School. (Photo by Hal Blackburn)

## Committee Seeking Name For Facility

The publicity committee for the Friona Nursing Home met this week with Administrator Merv Noah with suggestions for picking a permanent name for the home.

at the meeting were "Autumn Acres," "Pioneer Mesa," "Coronado Manor," "Caprock Villa" and "Casa Querida."

The committee expressed a desire to have suggestions for names sent in by the general public. Anyone with ideas or suggestions is requested to fill out the blank on this page and turn it in at City Hall as soon as possible.

The tentative date for opening the home is August 1 and it is imperative that a name be selected

as soon as possible in order that letterheads can be printed and legal work can begin. Names turned in will be gone over by the committee and then submitted to

Members of the committee thought it best not to use such names as "Golden Age" or "Retirement Home," etc., in connection with the nursing home since it would be open to people of all ages rather than just the elderly.

Members of the committee who met with Noah and toured through the nursing home facilities were Mrs. Paul Spring, chairman, Mrs. Lee Spring, Mrs. J.T. Gee, Mrs. Bill Ellis and Mrs. Glenn Floyd.

My suggestion of a name for the nursing home is: \_\_\_\_\_  
Signed \_\_\_\_\_  
Please turn this blank in at the Friona City Hall.

**TOP BAND...**Charles Faulkner, Friona High School band director, is being presented the Outstanding Band trophy by Jan Gathings,

organizer of the Six Flags Over Texas Band Festival. Friona was the top band in the Class AA division.

# REMEMBERING... Decoration Day

By BILL D. BROOKS

Most every community had one, though some went out more for it than others, and some called it by other names. Usually held in the month of May, it was a big affair where my grandmother lived and we went almost every year.

The purpose of the special day was to honor the dead. In the small communities there was usually only one church building and most likely the cemetery was located somewhere nearby. Decoration days were on Sundays, but out-of-town folks started arriving late Friday Saturday would be a work day — hoeing weeds around the graves, mounding up the dirt to the correct shape and resetting the tombstones if they were leaning. A wooden grave marker got a fresh coat of white paint and flower urns a good cleaning.

The activities started the next morning with a song service for folks who liked to sing or a leisurely stroll through the graveyard for those who wanted to visit with family and friends. "Store-bought" wreaths or cut flowers from home were placed on the fresh-worked graves and people would stand near their family plot while thinking and talking about those who had departed this life. Then they would stroll through the rest of the graveyard to recall others whose names were recorded there. An important thing, particularly for the older people, was to look for new graves, graves put there since last decoration day, to find out if acquaintances were among them.

Later that morning a sermon was preached, usually by a previous

minister of the church, invited back for this special event. Just about everyone went up to the church house for the preaching and there were usually so many people that some had to stay outside, listening to the speaker through the open windows.

After the sermon there was dinner on the ground. A table would be set up under a shade tree and each family would bring a dish of something. Everything was spread out and the people would go by the table, filling paper plates to overflowing with things like red beans, fried chicken, mashed potatoes, potato salad, garden vegetables of every kind and fresh cobbler. They would eat wherever they could find a spot. Many brought quilts to spread out on the ground for the youngsters and womenfolk but most of the men stood

DECORATION DAY

under trees and on the porch of the church to do their eating.

With the meal finished and the spread put away there was a time of more visiting, then the singers assembled once again inside the church. Before the assembly broke up most of the songs in the old hymnals would have been sung or at least at-

tempted. People from the congregation would each get a chance to request their favorite hymn and willing, but tired, vocal cords would lead forth the harmony. People would leave late in the afternoon to go to the homes for more conversation and to reflect on the day's happenings.

Decoration day was to honor the dead, but it went further toward honoring the living, people got together to renew friendships, relatives were reunited, sharing love and remembering.

## FOR APRIL

# Sales Tax Check Received By City

Comptroller Bob Bullock said Friday his department has collected nearly \$1 million in sales tax judgments in the 16 months since he took office, more than was collected during the previous eight years.

Bullock said his sales tax division has collected \$993,000 in judgments since January 1, 1975, compared to only \$763,000 collected in the previous eight years since the sales tax was implemented.

"These judgments were against hard-core delinquents who refused to pay until we went into court against them," he said. "They used to be considered uncollectable. Now we're starting to cash them in."

Also Friday, Bullock mailed checks totaling \$9.1 million to 599 Texas cities and towns, representing their May city sales tax rebates.

Bullock said he has remitted

\$96.5 million so far this year to the 845 cities collecting the one-cent city sales tax.

For the period ending April 30, Bovina received a check for \$1,059.38, which included a prior balance of \$460.73; Friona received a check in the amount of \$3,377.85; and Farwell was credited with \$444.25. Payments totaling less than \$500 are not sent a city until the following payment period.

### 45 YEARS AGO—MAY 29, 1931

In a reply to the city's request for additional crossings, the Santa Fe Railway stated that it was their opinion that the city did not need the additional crossings, and that the state law forbids crossings where there were three lines of track. Santa Fe was written in an effort to relieve some of the congestion that develops at harvest time, with lines of trucks.

### 40 YEARS AGO—MAY 29, 1936

**SCS HONORS**...Mrs. Elsie Joe Buchanan of Friona was recently named to Region I Conservation Farmer of the Year at the regional awards banquet. From left is Mike Buchanan, Mrs. Buchanan, Leroy Johnson, Jimmie Cockerham and M.C. Osborn, district directors.

**J. Buchanan Gets Top SCS Honors**

Mrs. Elsie Joe Buchanan of Friona has been named Conservation Farmer of the Year in Region I, according to Leon Grissom, chairman of the Parmer County Soil and Water Conservation District.

Mrs. Buchanan received the honor at an awards banquet recently after being named the Conservation Farmer of the Year in Parmer County.

In competition with 44 other county winners, Mrs. Buchanan was selected because of "...her progressive thinking, application of good conservation practices and missionary work in promoting sound conservation." According to Herb Evans of the Parmer County SCS office, Mrs. Buchanan has not been afraid to try new and different conservation ideas and practices.

Region I consists of 66 counties in the Panhandle and northwest Texas, or one-fifth of the state, according to Evans.

"We are proud of Joe and pleased she has been selected as the Region I Conservation Farmer of the Year," commented Grissom.

**Our future with Gifford-Hill's 360 has made history.**

Farmers tend to be pretty tough customers. They want to get everything they can out of every nickel they spend. And that's good. Because the tougher they get the more likely they are to use Gifford-Hill's 360. This is no ordinary

match it. Everything about it was designed to increase profitability. It's engineered for minimum maintenance. The water pattern can be customized to your particular needs and it cost less to operate than conventional water drive systems.

We even designed the size of the water drop so it gets way down where it does the most good.

And the people who installed it will be the same people who service it.

Whether you need a pivotal system, an underground PVC system, or an aluminum surface system, you just can't outdo us.

All you have to do is take a look at our past. That should give you a very good idea about what to expect in the future.

## Local Student Gets Scholarship

Seven students from Bryan-College Station have been selected to participate in Texas A&M University's undergraduate fellows program which allows top honor students to conduct research in lieu of certain courses.

One of the students is a former Friona resident, Holly Stephenson Mohr, daughter of Mr. and Mrs. Doug Stephenson of Friona.

The new phase of Texas A&M's honors program is restricted to students who will be seniors next fall, have at least a 3.5 grade point ratio (out of a possible 4.0) and have demonstrated an aptitude for independent research.

Linda H. Mohr majoring in modern languages, will be a senior.

## Star Lites ...

(Continued from Page 1)

surprising that our business section is beginning to grow, and perhaps keep pace with the residential growth that has been going on for the past decade or so.

"Friona First!" is still a pretty good motto. With the new businesses we have added in the past years, we are getting closer to being able to get everything we need right here in our home town.

**DON'T FORGET** that if you expect to miss the June 5 runoff, and want to vote absentee, you have only four selected days to do so.

## SCS Report

Leon Grissom, chairman of the Parmer County Soil and Water Conservation District announced the official dates of Soil Stewardship Week today. The nationally observed week begins Sunday, May 23 and concludes Sunday, May 30.

Locally, the week is sponsored by the district. Material has been distributed to each church in Parmer County for use at its discretion.

When immigrants came to America they saw a land of milk and honey. They sincerely believed the resources of this vast new continent were unlimited.

When the United States became a nation two hundred years ago, the resources were just beginning to be developed. But, already land was being "worn out," so the westward movement began.

It never occurred to most people that there would ever be a shortage of land. They just used the land until it would not produce anymore and then they moved to more productive land.

Those days are gone. People now realize all the productive land is being used. Practices have had to change.

Now is the time to re-evaluate the situation—the time to start over.

This is the theme of Soil Stewardship Week this

Two thirds of the world will go to bed hungry tonight. We must protect the land that is productive now and renew the land that has been abused. If we do not in a few years proud America may have hungry children.

The Parmer County SWCD challenges the people in Parmer County to take another look. Are you doing everything you can to preserve our national heritage as king of the food producers. If not the district is ready, willing, and able to help you inventory your resources.

## SPARK ... A New Era In Agriculture

Your Helena representative has a remarkable new way to help you increase corn yields up to 10%! SPARK growth stimulant ..

a combination of dinoseb plus surfactant used as an overall post-emergence spray on corn has the university-proven potential of increasing grain yields by 5% to 10%. This exciting new development is a revolutionary concept ... one that could parallel such benchmarks in agriculture as hybrid seed corn and the use of an anhydrous ammonia.

## A New Era Of Production With Increased Profit.

Economical, cost less than \$1.25 per acre. SPARK sprayed on corn when tassel is 1/2-7 inches long and unemerged can make a big difference in your production.

## Spark Growth Stimulant

This concept of growth stimulants is not new to agriculture and has been used successfully in the fruit and vegetable markets for many years. SPARK is the first dinoseb plus surfactant product that has been developed especially for corn

**Here's How SPARK Can Help Promote 5% To 10% Grain Yield Increases:**

- ENHANCED CORN GROWTH
- SILKS EMERGE ABOUT 2 DAYS SOONER
- TASSELS EMERGE ABOUT 2 DAYS SOONER

This means a longer pollination period and a tendency to get away from corn that does not fill all the way out to the end.

Enhanced growth, longer pollination, fewer barren stalks, more complete ear-filling ... they all add up to big potential

increases in overall production.

# Presenting... Friona's Award-Winning Band At Six Flags

--Photos by Leon Coffey

The Friona High School Band

**THEY'RE NOT HEAVY...**Philip Hand and Greg Mathos might be wishing they had been flute players, after totting their large brass instruments all the way to Arlington and back. It was worth it all, though, when the results showed a Division I rating and Top Band award for the FHS musicians.

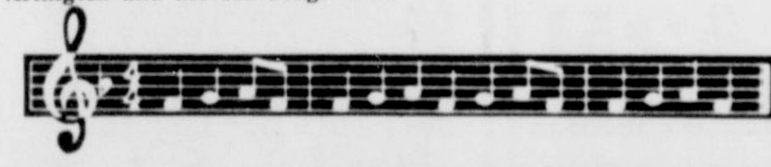

**BACK HOME...**A tired bunch of FHS musicians and their sponsors piled off the two chartered buses at the end of a four-day trip to Arlington and the Six Flags Over

Texas Band Festival last week. The trip was a success, however, as the Friona band was named "Out-standing band in its division."

**BIG TROPHY...**Alan Faulkner, son of Mr. and Mrs. Charles Faulkner, is shown with a souvenir of Six Flags Over Texas, a giant stuffed animal.

**COLLECTING...**Band director Charles Faulkner and Gordon Hart have all sorts of duties while on a special trip—including collecting quarters for telephone calls made

from the individual motel rooms. Left to right are Laura Coffey, Charles Faulkner, Mary Belle Westbrook, Carol Faulkner, Gordon Hart and Judy Hart.

**LEAVING TIME...**Dale Westbrook is shown starting the task of reloading his van for the return trip to Friona after the band's big weekend in Arlington. Westbrook

was one of the adult sponsors making the trip. One of the chartered buses and the motel at which the group stayed are shown in the background.

**DEVOTIONAL...**The youngsters who attended the Six Flags Band Festival had the experience of attending a special outdoor worship

service, conducted by Dale Westbrook, left. The service was conducted prior to the band's departure for Friona.

FTA LEADERS...Officers and faculty sponsors of the Future Teachers' chapter at Friona High School are shown above. Standing, left to right, are Julie Johnson, Jerri Bengel and Sylvia Malouf. Seated are Pam Veazey, Carmaleet Truitt and Thelma Coffey.

## FTA Organization Has Career Goals

Editor's note: The following is an article submitted by FHS Administrator Bob Owen on the works of the Future Teachers of America organization at the local level.

By Bob Owen

Future Teachers of America is an organization of young people who think they might be interested in pursuing teaching as a career. The local chapter is named in honor of Ethel Bengel and is a very active organization. The sponsors are Mrs. Carmaleet Truitt and Mrs. Thelma Coffey.

The Future Teachers of America gives young people an opportunity to work very closely with teachers in the Friona Schools. They have an opportunity to experience first hand just what teaching is all about. I feel that this organization is to be commended for the many

services that they perform for their school. The services they render are too numerous to mention here, but I would like to mention the fact that they give, each year, a \$125.00 scholarship to a senior who plans to pursue teaching as a career.

The organization was very honored this year to have Bryan Johnston and Pam Veazey to represent them and district XVI in the Mr. and Miss FTA Contest at the state convention.

There are 57 members in the F.T.A. this year. Not all of this 57 will end up in the teaching profession, but I feel that those who do will be better able to assume the responsibilities of the classroom teacher because of the experience they have gained through the Future Teachers of America.

We are fortunate to have an organization such as F.T.A. to encourage young people to enter the teaching profession, because without a continuing supply of young teachers our educational system cannot survive.

WE HAVEN'T MISSED A DAY YET...During the Junior High awards assembly Thursday in the Junior High auditorium, two students received perfect attendance awards who haven't missed a day of school since they started.

Junior High principal Cecil Maddox presents seventh grader Robert Bentley and eighth grader Scott Fangman their perfect attendance certificates which they have received every year they have been in school.

### Local Agents Attend

#### IIAT Annual Convention

Mr. and Mrs. Dan Ethridge and Lois Norwood attended the three-day annual convention of the Independent Insurance Agents of Texas. Over 1200 insurance executives and their spouses participated in this professional educational meeting.

Registrants received the state of the nation report from the Deputy Secretary of Defense, The Honorable William P. Clements, Jr. As an indication of the vitality that exists within the insurance agency business, a good part of the program was devoted to bringing new producers into the business and to reviewing various successful marketing techniques.

Recognizing that physical and mental fitness cannot be overlooked, the world-famous Dr. Kenneth H. Cooper, founder of The Cooper Clinic in Dallas, presented his philosophy of maintaining good

health. In this year of heavy underwriting losses three insurance company officers explained problems of concern to them and then answered many questions from the floor. The Honorable Joe Christie, Chairman of the Board of the State Board of Insurance, addressed the Convention on Tuesday and installed the new officers.

Reports of Officers, election of Directors and the conclusions reached by the Committees studying the Association were covered during the Annual Business Meeting.

Membership in the Independent Insurance Agents of Texas is available only to independent insurance agents who hold state licenses as local recording agents. The IIAT is the largest state insurance trade association in the United States.

The Friona Star staff has enjoyed having Cinda Johnson back for a brief time. Miss Johnson, who attends Texas Tech University, Lubbock, is between sessions, but will be going to school again soon.

Mr. and Mrs. Joe Day of Spearman were weekend guests in the home of Mr. and Mrs. Joe Moyer. On Sunday the Joe Moyers honored their visitors with a dinner.

Others present included Mr. and Mrs. O.B. Moyer, Mr. and Mrs. Dale Hart and children and Mr. and Mrs. Larry Moyer and sons.

The Joe Moyers visited in the Thomas Johnson home in El Paso the previous week. They did some sightseeing, which included one "South of the Border" trip.

Mike Taylor has been visiting his parents, Mr. and Mrs. Ralph Taylor, last week. Mike is a recent graduate of a hair styling school in Kansas City and has returned there, where he is employed in a styling salon.

Graduation festivities for the 1976 senior class of New Mexico Military Institute, Roswell, began Thursday evening. Mrs. Amy Mason, whose son Darrell was a member of the class, went to Roswell Thursday.

Then Saturday Mrs. David Smith and Mrs. Rodney Dunnam, both of Friona; Mr. and Mrs. Jack Solomon and children, Lori, Loren and Linette of Clovis; and Mrs. Evelyn McDade of Alamogordo drove to Roswell for the commencement exercises.

Visitors in the homes of Mrs. Lucy McCown and Mr. and Mrs. Glenn Floyd last week included

Mrs. Neoma McCown, Adrian; Mrs. W. H. Clements Jr., Dalhart; Mr. and Mrs. J. C. Bowers and Mrs. and Mrs. Tom Bowers and children, Todd and Terry all of Seagraves.

Mike and Sharon Crofford Mills have been visiting Mike's parents, Mr. and Mrs. Wayne Mills.

Mike is a spring graduate from Southwestern State University School of Pharmacy in Weatherford, Oklahoma.

Apparently Mike and Sharon like being "Okies." They've decided to locate at Ardmore and are in the process of getting moved.

Weldon and Mary Emerson of Gainesville have been visiting in the home of their son and family Mr. and Mrs. Kenneth Emerson and Cheryl.

The Emersons lived in the Black Community a number of years, while he was employed by Friona Feedyards.

Mrs. Nelson Welch returned home Wednesday after spending a few days in the home of Mr. and Mrs. Dwayne Bishop and sons, Michael and Nelson in San Saba, Texas.

Rev. Elliott D. Clive, pastor of Century Methodist Church, New Delhi, India, an assistant of Executive Board of General Conference of India, visited in the home of Frank and Ethel Ruth Spring several days last week.

The Springs met Rev. Clive and his family and visited in their home when they toured India in 1969.

Rev. Clive is in the United States after having been the official delegate from India to the General Conference of United Methodist

Churches held in Portland, Oregon the first part of May.

At least four of our number were in the Hill Country last week. Louis and Mamie Lou visited relatives and did some sightseeing in the Kingsland area.

The J. G. McFarlands visited and did some fishing in the same area. Think they all came home Sunday afternoon.

How long has it been since you've seen or heard of a "Victory Garden?"

Don't think small garden plots have been called by that name since World War II, but maybe it would be applicable now.

Kitty Loveless has a lot of vegetables growing and since the judge is a shut in, she has to do all the work. She has some beautiful flowers too.

John and Zora Gaede also have a neatly tilled plot of ground in vegetables in their front yard.

These people may not call their plots "Victory Gardens, but since most of us need to win a victory over the high cost of living, surely they will help in the fight.

Myrl Buske and Phila May Weatherly hosted a recipe party honoring Janet Kerr, bride-elect of B. K. Buske, on May 18. Each guest brought a favorite recipe and one or two ingredients.

Those attending were Sharon Black, Linda Murphree, Karene Cass, Sharon Rector, Veda White, Shelia Carson, Jan Turner, Hannah Blakely, Mrs. Blakely, Susan Renner, Pam Campbell, Becky Weatherly, Penni Weatherly, Fern Sanders, Randi Hamilton, Debbie Rector and Dena Fite.

## Schlenker, Grissom Vows Read In Lubbock Church

In an intimate family ceremony, Donna Schlenker of Clovis and Mike Grissom of Bovina exchanged wedding vows at 1:30 p.m. Wednesday, May 12, in the Bowman Memorial Chapel of the First United Methodist Church in Lubbock. Rev. Billy Joe Foster of Lubbock, cousin of the bridegroom's father, read the vows.

Parents of the couple are Mrs. H.D. Andrews of Lubbock and Mr. and Mrs. Leon Grissom of Bovina.

Serving as attendants for the couple were Miss Barbara Pasquarillo of Clovis and Jeff Grissom of Bovina, the bridegroom's brother. The bride selected a two piece pink dressmaker suit with white accessories. She carried a nosegay of daisies and pink roses. Carrying out tradition, her dress was something new and for something old and borrowed, the bride wore a diamond brooch, a 25th wedding anniversary gift to the bridegroom's mother from his father.

A reception was held at the Andrews home in Lubbock following the ceremony.

Mrs. Lee Rice and Mrs. David Malock, the bride's stepsisters, presided at the serving table. An arrangement of pink and white roses centered the serving table which was covered with a white linen and lace cloth. Wedding cake, trimmed with pink and white roses and topped by a pair of doves, was served along with pink punch.

Following a wedding trip to San Francisco, the couple will reside at 1517 Cameo, No. 2E, in Clovis.

The bride, a graduate of Friona High School, attended West Texas State University at Canyon. She is employed by Dr. Jacob Goldbaum in Clovis.

Grissom, a graduate of Bovina High School, attended Rice University at Houston, South Plains College at Levelland and Texas Tech University at Lubbock. He is currently engaged in farming and feedlot operations with his father in the Oklahoma Lane Community.

## The Right Track Leads to a Happy Tomorrow

Remember those carefree days when worries about anything were few and far between? When you and a friend traveled many imaginary roads into the future and the past. We all have to grow up and face tomorrow, and tomorrow is easier to face when you know we are facing the future with you and are here to help by putting you FIRST in every way, every day.

You can be assured that we will always put you on the right track when it comes to your financial needs.

Putting People first makes you Number ONE with us and that's pretty important to all concerned.
