

MAIZE QUEEN EVENT

Miss Texas Slated As Contest Emcee

THE DEBUT of professional wrestling in Friona was very well received here Monday night, and Progressive Study Club is to be commended for having the idea in the first place, and then for carrying it to a successful conclusion.

Most Friona area residents couldn't believe it when you told them that a women's study club was sponsoring the wrestlers, but they did, and the ladies did a good job of it.

However, the good response to the first offering of wrestling has created a problem of sorts, because now the club is faced with the decision of whether or not to make the program a regular affair.

A total of 580 tickets were sold for the initial wrestling program, and this is just about as many as can be handled, since the "standing room only" policy had to be put into effect last Monday.

At Hereford, wrestling is a regular Saturday night program, and a member of the Hereford Lions Club, sponsors of the wrestling, told us that the project draws from 500 to 900 fans every Saturday.

MORE BOUQUETS are due the Friona Fine Arts Council, Del Lewis and the annual summer drama workshop, which has just been completed once again.

Friona has been very fortunate in being able to have Del Lewis, the local product, to come home for the past few summers and direct the drama workshop.

The interest was good again this year. Someone said that all you have to do to get the young people of Friona excited is to mention the name "Del Lewis," and you suddenly have their attention.

At any rate, the summer drama workshop is a fine program, and it is hoped that it can be continued.

WE SUGGESTED that there was more drama presented Monday night at the wrestling matches than there was at the workshop presentation—and we assure the youngsters that this is not a criticism of your lack of drama, but rather complimenting the "grunt and groan" profession for their over-abundance of that ingredient.

BEFORE WE QUIT handing out the compliments this week, I suppose it isn't too late to give the local Little League officials a pat on the back.

The 1974 Little League program was one of the smoothest-run baseball programs we can ever remember on the local scene.

Apparently the key to the situation was that the officials had assigned umpires and scorekeepers for the two parks. These appointed officials did their jobs, the games started on time for the most part, and the program went off smoothly.

Probably the largest number of youngsters ever to participate in a Little League program here did so this summer, with the 17 teams competing in the two leagues.

Officials would like to perhaps add girls softball to the program for next year, and maybe even men's softball, and an older league for the boys, to take care of those graduating out of the Senior League.

In order to do this, the league would possibly need a third park, since the two we have are well-used during the season.

We're fortunate to have in Friona the adult leaders that we do who spend a great deal of time and effort to assure that these youngsters have an organized program they can be a part of in the summer.

If expanding the program means an additional park, then we suggest that perhaps this is one of the things the city needs to consider in its plans for civic improvements.

OUR QUOTE of the week is by our daughter, Laura, in referring to her baby brother: "I wish I were a baby, and all I had to do was to lie around and wait for my teeth to grow in."

HEAT WAVE...The Friona area has been reeling this week in the throes of the hottest weather of the summer. The mercury climbed to its highest reading of the year, an official 102 degrees, on Wednesday. Here, the temperature sign at Friona State Bank was captured by the Star's camera as it hit the 100-degree mark for the first time this year.

The reigning Miss Texas, Judy Mallett, has been secured to serve as mistress of ceremonies for Friona's Maize Queen contest this year, it was announced this week by Janet Woodard, chairman of the event.

"Judy consented to help us with the event. She also will bring her violin and we expect that she will entertain with some musical numbers," said Mrs. Woodard, who indicated that she was pleased to be able to secure the talented and

lovely young lady for the contest.

Miss Mallett was the winner of the Miss Haltom-Richland Area contest prior to winning the Miss Texas Pageant. She also was a finalist in the "Miss America" pageant, where she was a big hit with her violin, playing "The Orange Blossom Special."

A fairly tall girl at 5-10, Miss Mallett has brown hair and blue eyes. Her measurements are 37-24-37.

Mercury Climbs To 102; Showers Fall

The thermometer climbed to the highest reading of the year—and of the last couple of years—in the Friona area this week, when a reading of 102 degrees was achieved here on Wednesday.

Tuesday's high had been an even 100. The week's readings brought to five days this summer the mercury has reached that mark. It was reached on June 18-19-20, with the year's previous high being the 101 registered on June 20.

A rain shower dotted the area Thursday night, bringing

promise of at least some relief for the area. Friona's official measurement was .24 inch, but as close as Black, over an inch was reported. The area is still running "way behind on its moisture. Last July, a total of 3.8 inches of rain were received.

Pastor To Preach Sun

The new pastor of Friona's First Baptist Church, Rev. W.H. (Bill) Penland, will assume his duties at the church beginning Sunday, when he preaches his first sermons for his new congregation.

A native of Frisco, Texas, Rev. Penland comes to Friona from Broken Arrow, Oklahoma, where he has served for the past four years as pastor of the Arrow Heights Baptist Church. He has previously served churches in Skellytown, Littlefield, Plainview and Archer City.

The new Friona pastor is married, and he and his wife Dorothy have four children. A married daughter, Mildred Ann, lives in Stephenville. Other children are Travis Edward, 20, of the U.S. Navy, Laeretta Dawn, 9, and Melanie, 7.

Dr. Neill Record of Plainview has been serving First Baptist Church as interim pastor, since the resignation in May of Rev. Charles Broadhurst, who moved to become pastor in May of the Southcrest Baptist Church of Lubbock.

CITY MANAGER SAYS

Same Tax Rate Seen For City In Budget

City Manager Jake Outland announced this week that the city's budget for 1974-75 would be presented to the council at its meeting on Monday, August 5.

Because of the Revenue Sharing checks and the continued income from the one-cent city sales tax, Outland is recommending no increase in the city's tax rate, which is \$1.40 per \$100 valuation.

Outland pointed out that the city has been receiving around \$13,500 per quarter from the city sales tax, and \$9,771 per quarter from Revenue Sharing.

Due to the increase in the amount received from sales tax, the new budget will anticipate \$55,000 from that source of

revenue, an increase of \$42,000 which was allowed for in the 1973-74 budget for the year ending August 30.

Outland will present a budget to the council that will call for expenditures amounting to \$421,174. This will be an increase of \$14,339 over the disbursements in the 1973-74 budget, which came to \$406,835.

The new budget will call for income to the city amounting to \$586,211. This is up \$13,603 from the previous budget's figure of \$572,608.

Outland pointed out that the city's budget is invited to attend the council meeting on August 5 and express their views on the budget.

particularly in the gas and fuel departments. The city is now paying 100 per cent more for its bulk fuel than it did just a year ago.

Included in the new budget will be a recommended increase in the salaries of city employees, \$25 per month, straight across the board. Capital improvements are tabbed for \$57,900 of the proposed budget, which items mainly amount to general maintenance and periodic replacement of vehicles and machines.

Any citizen interested in the city's budget is invited to attend the council meeting on August 5 and express their views on the budget.

Judy Mallett, Miss Texas

Girlstown Needs Beef Friends Of Library Seek Memberships

Girlstown, USA is in need of beef, according to Friona's CowBelles organization.

Any person or organization desiring to donate beef, or money to the beef fund for Girlstown is urged to contact Kitty Gallman or Karen Britting.

It was pointed out that Girlstown's weekly consumption of beef equals 450 pounds per week.

Friona's Friends of the Library have kicked off their annual membership drive, according to Mary Priest, president of the organization.

Memberships are available all the way from the \$1.00 regular annual to the \$100 life membership. There also are sustaining memberships (\$10), club memberships (\$25) and student memberships (50 cents).

Membership dues are used for various facets of the library's activities, which includes purchase of books, story hour supplies and others.

Mrs. Priest emphasizes that all of the dues collected by the Friends of the Library are used locally. Those wishing to be a Friend of the Library are requested to mail their contribution to Mary Priest or Kitty Gallman.

IS THAT REAL BLOOD?...Tracy Horton, one of the many young wrestling fans, can't be sure that she is enjoying the main event at Friona's first wrestling match here Monday.

HE'S GOT A CHAIN!...Miss Horton and all of the fans surrounding her attempt to point out to the referee the fact that Dick Murdock's opponent might not be playing the game exactly according to Hoyle.

NOT OVER THE ROPES...Wrestlers don't always stay in the ring, as ringside spectators found out Monday. Tracy Horton seems ready to bail out of her seat, just in case.

Rectors Host SA Visitors

Mr. and Mrs. Lloyd Rector were hosts for a barbecue supper Wednesday, July 24 honoring Mr. and Mrs. Billy Don Wigley and children, Billy Joseph and Katherine of Bogoto Columbia, South America.

The evening was spent visiting. Homemade ice cream was served after the dinner.

National Farm Safety

Week, 1974

By The President of the United States of America
A Proclamation

Every one of America's farmers produces enough food to feed 50 other people. Our agricultural productivity plays a fundamental role in our country's international leadership as it enables us to provide assistance to other less fortunate nations and it frees so many in our society for other economic and social efforts which benefit America and the world.

As in every other crucial industry, job safety is essential to the maintenance of high agricultural productivity. But we are concerned with more than productivity alone. Every year farm accidents produce serious injuries and result in the loss of thousands of lives. The financial cost in lost time, production, and medical and property expenses runs into billions of dollars. The cost in human suffering is incalculable.

This needless waste of precious human and economic resources must be and can be sharply reduced through careful attention to basic safety precautions. As we act to provide the food and fibre that feeds and clothes Americans and many people around the world, I urge that we also act to protect the lives of the farmers and farm workers of America through more careful attention to farm safety.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate the week beginning July 25, 1974, as National Farm Safety Week. During this week and in the ensuing year, I urge all who reside on farms and ranches to employ every needed safety precaution and practice, at work, at home, and in recreation. Further, I ask those who work with and serve farm and ranch people to support them in accident-reducing efforts by providing encouragement, information and education. We must become as effective at reducing accident losses as we have become in increasing agricultural production.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-first day of February, in the year of our Lord nineteen hundred seventy-four, and of the Independence of the United States of America the one hundred ninety-eighth.

Richard Nixon

DID YOU KNOW THAT VALLEY WATER DRIVE CENTER PIVOT SPRINKLERS ARE NOW AVAILABLE IN FRIONA AND SURROUNDING AREAS?

The Valley Water Drive is the original, yet for over 20 years it has been going around producing record crops for farmers. Every year it has been improved and modified to meet new standards of performance under every conceivable condition.

Opposed to electric systems, Valley Water Drives can save you up to \$15,000 over a 10 year life span, because:

- \$3,000 to \$7,000 lower initial cost than electric systems.
- 95 per cent maintained by owner or operator due to simple mechanical construction.
- Requires no expensive service calls by highly trained and licensed technicians [necessary on electric systems]. Average yearly maintenance costs less than \$150 [quarter section].
- All parts are small and inexpensive.
- Swivel axles for towing are standard equipment.
- Valleys are run by power source already available, no additional power source required.

Valley Water Drives can make you money and pay for themselves because:

- Reduced irrigation labor costs [1 man can operate 8-10 Valleys].
- Water applied to crops at the right time boosts yields.
- Fertilizer can be applied through the system.
- Valley Sprinklers conserve precious water.
- Valley Water Drives are totally galvanized with a 10 year corrosion warranty.
- Valley Water Drives reduce time required to irrigate a quarter section.
- Local service and parts.

Contrary to popular belief, the Valley Water Drive Sprinklers do not require additional water pressure or gallons per minute for operation. As with all center pivots, water pressure is necessary to obtain the desired rain pattern and of course the advantage to large wells is simply to irrigate more land more rapidly. Valley Water Drives can operate on as little as 350-400 gallons per minute [depending on the land and type of crop]. The water used to drive the Valley is in itself insignificant but it is returned to the rain pattern and used to help irrigate your crop.

Valley's 10 year lease program and options such as high speed valves, reverse units, high crop tower extensions, freeze kill switches, hi-low pressure kill switches and automatic stop controls make the Valley Water Drive Sprinkler an exceptional value.

Valley Water Drive Center Pivot Sprinklers are currently available for delivery in mid August.

Farm Accidents Take 2,200 Lives

CHICAGO—Approximately 2,200 people were killed in agricultural accidents in 1973, according to preliminary estimates by the National Safety Council. About 1,500 of the victims were residents of farms and ranches, and the remaining 700 were non-residents. Although the final totals have not been confirmed for 1973, little change is expected from 1972.

The 2,200 accidental agricultural work deaths are part of an estimated 14,200 total work deaths in all occupations.

A total of more than 6,000 farm and ranch residents died in accidents last year. More than half of these, however, were victims of traffic mishaps. Farm work accidents ranked second as a cause of accidental deaths.

JULY 25-31

Governor Proclaims Farm Safty Week

Governor Dolph Briscoe has proclaimed the week of July 25-31 Farm and Ranch Safety Week in Texas.

"Although the farm and ranch environment contains many hazards," the governor said in his proclamation, "experience has shown that caution, common sense, skill and protective equipment can counter these hazards and keep accidents and injuries to a minimum.

"Texas farmers and ranchers, their families and employees need to dedicate themselves to the task of safely producing the commodities needed by an entire nation," he continued.

The proclamation is part of a statewide farm and ranch accident prevention campaign being conducted by the Texas Safety Association, Texas Farm Bureau, Texas Agricultural Extension Service, Future Farmers and Future Homemakers of America and Young Farmers of Texas.

The week also concurs with National Farm Safety Week under the co-sponsorship of the National Safety Council and the U.S. Department of Agriculture.

State Health Department figures show that there were 214 fatal accidents on Texas farms during 1973. That number is up 16.9 per cent over 1972. The highest ranking fatal farm accidents in 1973 were those involving firearms (42 deaths), drownings (41 deaths), tractors (26 deaths), fires and burns (24 deaths) and falls (20 deaths).

This year's national campaign is focusing on the fall with the theme, "ABC's of Avoiding Falls—Alertness, Balance, Care."

Joe Smetana, TSA vice president for farm and ranch safety, offered some basic suggestions for preventing falls:

--**Watch your step.** Survey your path to spot slipping, tripping hazards.

--**Wear shoes** and boots with slip-resistant soles and heels. Clean them before climbing, mounting farm equipment, or walking on hard, smooth surfaces.

--**Keep walking surfaces** free of ice, snow, manure, loose grain, etc.

--**Never permit** children to ride on farm equipment. Establish a "no riders" rule--no one should be on farm equipment other than those necessary for work operation or for instructional purposes.

--**Use hand holds** or rails when climbing off and on machinery. Use handrails on stairs.

--**Inspect ladders** before each use. Repair or replace if unstable or faulty. Set ladders on firm footing. Set straight ladder base out one foot for each four feet up. Don't overreach. Stay off tall ladders on gusty days.

--**Keep buildings** maintained. Fix broken flooring, steps, etc.

--**Have a storage** place for everything; put things away when finished. Good housekeeping is a falls prevention "must."

--**Don't block** your view when

carrying large items.

--**Look for hidden** hazards when walking in weeds, tall grass, etc.

--**Provide plenty** of light so you can see where you're going and what you're doing.

--**Fatigue, illness,** excessive alcohol, worry, poor vision, anger, medicants which make you drowsy, etc. make you less alert, more prone to fall.

--**Take time** to be safe.

Suit Filed Against Local Spray Firms

Walter Gilbert and Ronald Bretrand of Lubbock, representatives of the Texas Department of Agriculture office there, were in Parmer County the second week in July inspecting reported violations of state herbicide usage laws.

Gilbert reported that suits have been filed against several agricultural spraying firms in the county. If the firms are convicted of violations, they will be subject to fines, he reported.

Gilbert said that agents from the office in Lubbock will return to the county at periodic intervals to inspect for further violations.

Farmers desiring information concerning the regulations on herbicide use may contact the Texas Department of Agriculture at 1924 34th Street in Lubbock.

LEGAL NOTICE

PUBLIC NOTICE

The Beacon Broadcasting Corporation hereby gives notices that it has filed on Monday, April 15, 1974, an Amended Application for Authority to Construct a New Broadcast Station or Make Changes in an Existing Broadcast Station.

The officers of the Beacon Broadcasting Corporation are Mr. Jake Goble, President and Director, Mr. Fredrick J. Borgsmiller, Treasurer and Director, and Mr. James A. Lawder, Jr., Director.

The applicant seeks a license to operate a standard broadcast station on frequency 1070 under the call letters KNNN. The Application has been filed to supply the Federal Communications Commission with the necessary background information concerning the applicant. The applicant proposes to broadcast from a facility previously operated by the KNNN Broadcasting Corporation which is located outside the City of Friona, in Parmer County, Texas. The applicant currently has an agreement to purchase said facility. No modifications of either the broadcast facility or the antenna are proposed.

A copy of this Application, including the Exhibits attached

hereto and a legal description of the real property involved, is on file for public inspection in the offices of Ethridge-Spring Agency, Inc., 603 Main Street, Friona, Texas.

Seyfarth, Shaw, Fairweather & Geraldson, 1819 H Street, N.W., Suite 750, Washington, D.C. 20006. 43-3tc

CARDS OF THANKS

The family of Jim Guinn would like to take this opportunity to say Thank You for all of your many acts of kindness expressed to us during the recent loss of our loved one.

The food, flowers, visits, and phone calls were appreciated more than words could ever say. We will always love and remember each and everyone of you for reminding us of the loving concern in this community.

IN GRAIN CROPS

Greenbug Epidemic Hits High Plains

Grain sorghum crops in the High Plains are being hit by greenbugs in epidemic proportions, according to Jack King, research director of the Texas Grain Sorghum Producers Board.

King compared this infestation of greenbugs to the epidemic of 1968, but added the main difference is that control is very poor at this time. The use of existing chemical compounds is resulting in only 50 to 70 per cent control.

"We don't know why we're having control difficulties," King said, "but it could be one of two things: The extremely dry period could have affected the results of chemical usage or there may be a resistance in greenbugs to the present registered compounds."

King added that farmers should recognize that in most cases, the fault is not with the chemical itself or the aerial applicator.

"If chemicals are going to work, then the low rate (one-sixth pint) is enough. If chemicals aren't going to work, it doesn't matter how much is used," King said, adding that if rapid mite buildup is present, higher rates of granular or liquid chemicals could be advisable.

The area hardest hit at this time is north of Plainview, east of the Caprock and west through the grain sorghum

producing areas of New Canadian River, but there's Mexico. There appears to be little reported activity in the some problem north of the North Plains.

READY FOR FLOOD...Herb Evans, conservationist for the Soil Conservation Service in Parmer County, poses by the spillway pipe at the recently completed dam on Catfish Draw. Now Evans and most everyone else in the area, would like to see the dam put to some practical use.

Tennis Meet

A tennis tournament, the first of what is slated to become an annual event, will be held in Farwell Monday at the Farwell High School tennis courts, according to a spokesman of the sponsoring organization.

Entries will be divided into four groups—boys and girls, singles and doubles, through 14 years of age; boys and girls, singles and doubles, 15 through 21; men and women singles and doubles, 31 and over.

If sufficient entries are received in each group, additional age divisions may be made. Other arrangements may also be made in the event there is a lack of entries in one or more groups, the spokesman reported.

Entries may be mailed to Vernon Scott in Farwell, or he may be contacted by phone at 481-3411. Deadline for entering the tournament is tomorrow [Thursday]. Information to be submitted includes name, age, category of competition, address and telephone number.

A \$1 entry fee for each event will be charged. Money will be returned to competitors in prizes.

Six Packs Continue Ninth Inning Magic

The Friona Six Packs used a pair of ninth-inning home runs to come from behind in a game at Lubbock last Sunday and top the Lubbock Lobos, 10-8 for their 18th win of the season against only three defeats.

The Friona nine, which is getting good at last-inning heroics, had scored two runs in the bottom of the ninth inning in a game here the previous Wednesday to down the Clovis Chicanos, 11-10, their third win over the Clovis team.

By winning their last three games, all by come-from-behind tactics, the Six Packs hiked their winning percentage for the season to a lusty .857.

In the game at Lubbock, Friona came to bat in the ninth inning trailing 8-6. Shortstop Chaco Arce led off with a home run to trim the margin to 8-7.

Ismael Iglesias singled, Juan Fuentes was hit by a pitch, and then first-baseman Raymond Delgado delivered the game-winning hit, a three-run shot.

Friona had scored five runs in the fourth, sending 13 men to the plate. Delgado, Arce and Iglesias all had doubles in the inning, manager Frank Castillo socked a triple, and Manuel Quintana singled.

Delgado, who had three extra-base hits in the game, also figured in the first-inning run for Friona with a double. However, he was out trying to score.

Gary Pope and Quintana did the pitching for Friona, each giving up four runs.

Delgado also figured prominently in the ninth-inning uprising here against the Clovis team on July 17.

Fuentes singled, David Davila doubled, and Delgado followed with a double to tie the game at 10-all. Delgado then stole third, and when the catcher's throw went into left field, he came in with the winning run.

Ernest Hernandez was Friona's starting pitcher against Clovis. Davila pitched the last five innings and received credit for the win.

The Six Packs will host a team from Dumas this Sunday (July 28), the first meeting of the two teams. The game will start around 2 p.m. at the Lions (West) Park.

 Clovis 410 002 120-11
 Friona 001 410 203-11
 Arce ss 4-1-0; Pope rf 5-0-0; Fuentes cf 5-0-1; Davila 3b 5-0-1; Castillo c 4-1-0; Delgado 1b 4-2-2; Ruiz lf 5-0-0; M. Quintana 2b 4-2-1; Hernandez p 0-1-1; Valdez 3b 2-0-0.

 Friona 100 500 004-10
 Lubbock 112 012 100-8
 Arce ss 5-3-2; Iglesias cf 5-2-4; Fuentes 2b 4-1-0; Delgado 1b 5-2-3; Castillo c 5-1-1; Ruiz lf 5-0-1; Quintana 3b 3-1-1; Gonzales rf 4-1-0; Pope p 3-0-2; Davila 3b 1-0-0.

SIX PACKS...The Friona Six Packs, who have compiled an 18-3 season record, are shown above. In the back row are Chacho Arce, Manuel Quintana, Ernest Hernandez, Lupe Ruiz, Rick Royal, Bill Gonzales, Raymond Delgado. Second row—Ismael Iglesias, Frank Castillo [manager], David Davila, Juan Fuentes, Earl Quintana, and Ruben Castillo, Jr. In front are Ernest Castillo, scorekeeper, and Hector Castillo and Tirso Carillo, bat boys. Not shown is Gary Pope, who has joined the team.

Major All-Stars Lose To Clovis Team, 12-5

Friona's Major League All-Stars were eliminated in the first round of their playoffs at Texico, N.M. last Friday, when the team lost a 12-5 decision to the Clovis Evening Lions All-Stars in the District 3 Area Little League tournament.

The Friona stars enjoyed an early 3-2 lead in the second inning, but could not contain the hard hitting and fast running Clovis team.

After falling behind 2-0 in the first inning, Friona came back. Kyle Barnett walked, and moved to third on a single by Tirso Carillo. A passed ball on the Clovis catcher moved Barnett in to score and Carillo to second.

Tony Rios walked, and then Randy Richards got a big hit for Friona with a double that looked like a home run at first, but bounced over the fence on one hop. That scored Carillo and Rios, and gave Friona the lead at 3-2.

Clovis tied the score in the third inning and then forged ahead in the fourth, getting one

home run and blasting to an 8-3 lead.

Friona came back with two runs in the bottom of the fourth as Barnett and Martin Mercado both came in on unearned runs. Roger Peace socked a double to highlight the rally, but Friona's flurry was nipped on a double play when Clovis' shortstop made a diving catch and tagged Peace for the double out.

WATCH IT....A group of ringside youngsters get excited as the action nears their side of the ring. Young and old alike seemed to enjoy the matches, staged in Friona on Monday by Progressive Study Club.

County Leads State In Agriculture Stats

Parmer County farmers were ranked first, second and third in production of corn, castorbeans and grain sorghum, respectively, and were among the top five counties in sugarbeet production in Texas for 1973, according to Agriculture Commissioner John C. White in a news release last week.

Total corn production in Parmer County was 16,594,000 bushels, White reports. "The work of the Parmer County farmer provided a big boost to the total state production of 60,800,000 bushels," he added. Other counties in the top five in corn production include Castro, Lamb, Deaf Smith and Moore.

The second largest crop of castorbeans in the state—4,750,000 lbs.—was raised in the county last year.

Because '73 had one of the latest freezes in recent history, harvest began several weeks behind schedule with rapid progression until the end of the year, White noted.

Other counties in the top five in castorbean production include Lamb, Bailey, Hale and Castro.

Total grain sorghum production for Parmer County was 15,454,000 bushels, third ranked county in the state.

Statewide, some 2,355,000 irrigated and 5,745,000 dry land acres were planted in grain

sorghum. Other counties in the top five in all sorghum production include Hale, Lamb, Hidalgo and Swisher.

Parmer County, which had ranked first in sorghum production last year, fell from the number one slot probably because of the number of acres planted last year in corn, according to agricultural observers here.

Ranked in the top five counties in sugarbeet production in '73, Parmer County produced 41,600 tons, while production on a statewide basis yielded 400,000 tons.

Planting of last year's crop began in late March and was completed in early May. Harvest began the first of October and, with mild, open weather, was completed by December.

Also included in the top five counties in production of sugarbeets are Castro, Deaf Smith, Hartley and Randall.

SCS News

This is National Farm Safety Week. The Parmer County Soil and Water Conservation District and the Soil Conservation Service are emphasizing rural safety this week.

There are a number of practical, common sense precautions rural people can take to prevent deaths and injuries.

Some of the precautions are the use of the slow-moving vehicle emblem where applicable; the use of protective equipment (such as PTO shields) at work; drive defensively; install rollover protection on tractors and follow good common sense practices while at work, play or in the home.

Each rural person should take volunteer action to prevent rural accidents.

ADAMS DRILLING

Let farm safety become second nature to everyone. Set the rules straight! No smoking in buildings! No clowning on tractors! No putting off repairs! Plenty of cooperation.

Local Girls Win Meet At Clovis

Regina Priest and Kim Barnett, students of D.W. Gehrett in Clovis, participated in a gymnastics meet in Clovis Friday, July 19.

girls entered the meet. They were in the nine, ten and eleven age group.

balance beam and second in trampoline.

Kim won first in trampoline; second in floor exercise; third in balance beam and third in uneven parallel bars.

Twenty girls competed in this age group.

Hereford Program

To Benefit Girlstown

The Tommy Overstreet Show, sponsored by the Hereford Lions Club, will be held in the Deaf Smith County Bull Barn Friday, August 2 at 8 p.m.

Overstreet, one of the top singers in the country and western field, has had such hits as "Jeanie Marie, You Were a Lady," "Gwen (Congratulations)," "Heaven Is My Woman's Love" and many others.

Proceeds from the show will be donated to Girlstown USA.

One special group of seats has been designated as the VIP Section. Any person making a donation of \$25 to Girlstown through the Hereford Lions Club will be given a complimentary ticket for one of

these seats. These VIP's will each receive an autographed picture of Tommy Overstreet and will be personally introduced to the star. Checks should be made payable to the "Hereford Lions Club-Girlstown Fund."

Other reserved seat tickets are available for \$6, \$5 and \$4 each, with general admission tickets selling for \$3.

"All seats in the Bull Barn are good seats," said Hereford Lions Club President Wayne Laney.

Advance tickets may be ordered by sending a request and check to The Tommy Overstreet Show, Box 2211, Hereford 79045. Include 50 cents per order for handling and postage.

Loan Rate Increase

Announced By Assn.

Ernest Kerr, Manager of the Federal Land Bank Association of Muleshoe, announced today that the Federal Land Bank's billing rate on farm and ranch variable interest rate loans would be increased from 7 1/4% to 8 1/2% effective August 1, 1974.

The billing rate on rural residence loans will be increased from 8 1/4% to 9% on the same date. The variable interest rate loan plan was introduced by the Houston Bank in July, 1969 with a billing rate on loans outstanding to "float" with the variations in the money market.

In making this announce-

ment, Kerr stated, "The Bank's decision to make this change was necessary because of the increased cost of bonds sold which had increased with every issue since the beginning of the year, with the most recent issue selling at an all time record high of 9.21% average effective rate. The Bank had delayed action in raising the billing rate in order to assess the duration of present high interest levels, and there is nothing in the present monetary situation to indicate any improvement in the immediate future."

The Federal Land Bank of Houston makes long-term real estate loans on farm and ranch land and rural residences throughout Texas and now has more than 913 million dollars in volume of loans outstanding. The local Association makes and services loans in Bailey and Parmer Counties. Officers and directors of the Association are Ernest Kerr, Manager, Gordon Duncan, Morris Douglass, Jim Claunch, Arlin Hartzog and James Glaze, Directors.

Sherman Gets Appointment

Lieutenant Governor Bill Hobby today announced the appointment of Senator Max Sherman of Amarillo to a six-year term on the Texas Advisory Commission on Inter-governmental Relations.

Senator Sherman replaced Senator Jack Hightower of Vernon, whose term has expired.

The commission was created by the Legislature to improve coordination and cooperation between the state and its local governments and between the state and federal government by providing continuing research, information, and advisory services to public officials and citizens of Texas.

"Senator Sherman will bring a great deal of knowledge and dedication to the post," Hobby said. "His appointment continues the commission's tradition of broad representation of all levels of government in the state."

FLIGHT FACTS

Did you know that... Flying isn't just for the young. Although the largest number is in the 25-29 year old bracket, nearly 20 percent of the private pilots qualified for their licenses after age 40. About 15,000 private pilots are over 60 years old.

Flying isn't just for the rich. Sixty percent of today's private pilots earn less than \$20,000 a year.

The cost of learning to fly is about equivalent to a winter's skiing or country club dues, according to Piper Aircraft Corp.

A small Piper single engine airplane travels two to three times the speed of the family automobile and at 14 to 18 miles per gallon.

Around 30,000 women now hold private pilot licenses.

It takes a minimum of 40 hours—20 with instructor and 20 solo—to qualify for a private pilot's license.

Small airplanes are used more for business purposes than for personal recreation.

A LITTLE FORESIGHT PREVENTS ACCIDENTS!

BE A SAFE FARMER . . .

Accidents just don't happen, they are caused by human neglect. Inspect your farm today against any accidents. This year, save yourself lots of time and money by ridding yourself of hazards. Start now!

Trio From FHS Attend WTSU's Music Camp

Janice Hayes, Julie Johnson and Diane Westbrook of Friona were among the 1,185 high school students from Arizona, Kansas, New Mexico, Oklahoma and Texas who attended the 22nd West Texas Instrumental Music Camp at West Texas State University July 14-26.

The camp is regarded as one of the largest of its kind in the United States, according to Dr. George Umberson, head of the WTSU Music Department and camp director.

The camp concluded on Friday with a "Finale Concert" at WTSU's Branding Iron Theatre.

The camp is said to be of value to the students both "musically and personally."

Nine bands, a symphony orchestra, and twirling and drum majoring techniques are features of the summer workshop. Dr. Ralph Laycock of Brigham Young University conducts the Honors Band and J.R. McEntyre of Odessa the Symphonic Band.

The Honors and Symphonic Bands are made up of the most advanced instrumental players in camp, selected by audition.

Eighty-five string players make up the nucleus of the Symphony Orchestra. The most advanced wind and percussion players use orchestra as an elective class. Harry Lantz of

the Peabody Conservatory, Nashville, Tenn., leads the orchestra.

Campers spend from "five to six hours a day in work," says Umberson. In addition to required membership in one of the bands or orchestras, students may take instruction in choir, music theory, baton twirling, drum majoring, conducting, solo preparation, improvisation and beginning piano.

Other elective organizations are stage band, reading band, brass choir, marching band and various ensembles.

Benny Pryor To Attend Workshop

Coy R. Jagers, DeKalb, President of the Vocational Agriculture Teachers Association of Texas, Austin, Texas, has announced several meetings of the organization during the July 29-August 2 In-Service Education Workshop of the Vocational Agriculture teachers of Texas.

The meeting will be held in Houston, with headquarters at

the Shamrock Hilton Hotel. Plans for the meeting are being completed by Coy R. Jagers, president; Albert Timmerman, Jr., Rockdale, vice-president and Guy Finstad, Boys Ranch, secretary-treasurer.

Benny Pryor of Friona is a member of the Board of Directors.

The Board of Directors of the Association will meet at 5 p.m. Monday, July 29 in the hotel and will hold additional meetings on the evenings of Wednesday, July 31 and Thursday, August 1. The Board will elect officers, conduct Association business, name committees and adopt a program of work for the 1974-75 school year.

Pepsi Driver Is Killed

Kenneth Willis, Clovis, long-time soft drink route man for this area, was killed last Friday east of Clovis when his truck was struck by another truck which came across the divided highway.

Willis, an employee of the Pepsi Cola Bottling Company for about a year, had previously been employed as route salesman for the Dr. Pepper Bottling Company in Clovis for some 10 years.

Survivors are his wife Helen, a daughter, Judith of the home, a son, Frank Willis of Dallas and his mother, Mrs. Lorene Willis of Clovis.

Medieval healers claimed that gold fused under certain astrological signs could cure appendicitis.

Lana Renner Weds Michael Bender

Mrs. Michael Bender

Lana Gayle Renner, daughter of Mr. and Mrs. R.J. Renner, Jr. of Friona, became the bride of Duane Michael Bender, son of Gideon Bender, Clovis, New Mexico and Mrs. Dorothy Bender, Rock Springs, Wyoming on Thursday, July 18.

The double ring ceremony was performed by Rev. Bobby McMillan in the First Baptist Church in Friona.

The ceremony was performed before a double arch candelabra with jade palms and a white kneeling bench flanked by bouquets of white gladiolas, yellow carnations and baby's breath in Gothic urns. The setting was flanked by jade palm trees, spiral candelabra and seven-branch candelabra trees holding yellow candles. The steps leading to the altar were covered with white satin. Traditional wedding selections were provided by Carolyn Murphree, soloist. She was accompanied by Gary Mingus, organist, and Mrs. Gary Renner, pianist. She sang "Love Me With All Your Heart" and "Twelfth Of Never."

As the bride was escorted to the altar and presented in marriage by her father, she wore a formal length gown of white silk organza over bridal taffeta. The dress was designed with a Victorian lace yolk outlined in an old-fashioned clung lace ruffle enhanced by seed pearls. Her long lace sleeves fell to flounces over her wrists. The princess lined gown was marked by satin ribbon applied with Venice lace and seed pearls marked a center back with a bow. The skirt fell to a flounce lace hemline which swept to back fullness cascading into a full cathedral length train. She wore a matching camelot cap of lace, seed pearls and petite satin bows. The elbow length veil of tiered bridal illusion was edged with matching lace and a separate blusher veil.

The bride carried a nosegay of yellow roses, white stephanotis and baby's breath with streamers of pearls and satin ribbon.

Carrying out tradition, the bride wore a ring that belonged

to her great-great-grandmother for something old; something new was her wedding gown; something borrowed was a lace handkerchief belonging to her grandmother and she wore the traditional blue satin and lace garter with pennies minted in the years of the bride and groom's births sewn into a lace pocket.

Mrs. Gary Murphree of Irving, Texas, was her sister's matron of honor. Bridesmaids were Debye Rylee of Perryton and Cindy Barnett, cousin of the bride from Friona.

Gary Bender, Portales, served as his brother's best man. Groomsmen were Joe Bennett and Tommy Watson, both of Clovis, New Mexico.

Ushers were Gary Murphree, Dallas, Conrad Renner, brother of the bride from Friona, Bruce Bender, Brice Bender and Darrell Bender, all brothers of the groom from Clovis.

The feminine attendants wore formal length gowns of yellow dotted chiffon fashioned with an empire waistline with a yellow satin ribbon sash, high necklines and short flared sleeves. They wore yellow straw lace hats with a large yellow rose attached to the side brim. Each attendant carried a bouquet of yellow mums.

For her daughter's wedding, Mrs. Renner chose a floor length gown of coral chiffon and wore a white cymbidium orchid corsage.

Mrs. Bender wore a floor length gown of mint crystalline and wore a white cymbidium orchid corsage.

A reception followed the ceremony in the Fellowship Hall of the church. Sandy Stone and Rita DeBord presided at the guest register.

The register table was covered with a white cloth and was centered with a rose and a silver bowl containing scrolls which contained a reading of I Cor. 13.

The bride's table was covered with a white floor length cloth with a swag tied with yellow flowers. A bouquet of yellow carnations was flanked by candelabras with

yellow candles. Punch was served from a silver punch bowl.

The three-tiered wedding cake was white with pale green leaves around the white bells and roses. A music box of off-white china lovebirds completed the cake decorations.

Gloria Brown, Kathy King and Debbie Wassom served at the reception.

For a wedding trip to Galveston and other points of interest on the coast, the bride chose a three-piece pale blue pants suit.

The couple will make their home in Clovis, New Mexico.

The bride is a 1971 graduate of Friona High School and attended Tyler Junior College and Texas Tech University in Lubbock. The groom is a 1970 graduate of Clovis High School and is general sales manager of Bender Cadillac-Olds in Clovis.

Out-of-town guests attending the ceremony were: Kirby Phillpott and Mrs. Lela Gulley, Bentonville, Arkansas; Mrs. Joe Smith, Mrs. Winnie Beaton, Mr. and Mrs. Lee Renner, all of Wilcox, Arizona; Kathy King, Sandy Stone, Rita DeBord, Gloria Brown, Cathryn Hancock, James Gobert, Gerald Gibes, all of Lubbock.

Also, Carolyn Owens, Gabriel Bartholomew, Mr. and Mrs. Tom Wolf, Mr. and Mrs. Jim Malloy, Bryce Bender, Cheryl Burch, Mr. and Mrs. Darrell Bender, Mr. and Mrs. Tommy Watson, Mr. and Mrs. Joe Bennett, Bruce Bender, Kindra Rebtov, Herb Smith, all of Clovis, N.M.; Mr. and Mrs. Leroy Allen Jr., Erick, Okla.; Debbie Wassom, Gruver; Mr. and Mrs. Davis Gulley and John of Muleshoe; Mr. and Mrs. Jerry Wiechman, Scott City, Kansas; and Mr. and Mrs. Gary Bender, Portales, N.M.

HYDES HAVE FAMILY REUNION...Mr. and Mrs. H.A. Hyde of Friona attended the Homer A. Hyde family reunion in Lawton, Oklahoma recently. The reunion was held in the home of Mr. Hyde's sister, Mrs. Nettie Pippin. There are nine children, six girls and three boys, and are all living. The children and their ages are: Ruby George, 75 of Tempe, Arizona; Eva Mitchell, 86 of

Okemah, Oklahoma; Nola Badger, 82 of Stillwater, Okla.; Nettie Pippin, 81 of Lawton, Okla.; Enda Alair, 78 of Rockdale, Texas; Viola Grey, 71 of Wichita Falls, Texas; Cyrus, 69 of Mesa, Arizona; H.A., 85 of Friona and Walter, 66 of Wichita Falls, Texas. While in Oklahoma, they visited in the home of Mrs. Hyde's nephews, Harold and Ruben Newby of Walters.

Going-Away Parties

Honor Fairchilds

Paula and Tammy Fairchild were honored with going-away parties last week.

Paula was honored Thursday with a luncheon in the home of Mrs. John Miller.

She was presented a silver bread basket as a going-away gift. The girls will be moving to Adrian in the near future.

Those present were Athelene Neel, Geneva Ivy, Lorraine Welch, Martha Bates, Doris Boggess, Kay Dyess, Joy Graham, Barbara Mason, Mildred May, Winette Parr,

Elizabeth Peak, Gail Brown, Frankie Wilcox, Pat Wilkins and Carol Zetsche.

Tammy was honored Tuesday night with a going-away party by her Sunday School class.

The group went to Clovis for a Mexican food supper and went bowling.

She was presented an engraved silver charm.

Those attending were Christy Cunningham, Jan Mason, Ky Graham, Jeff Peak, Louise Hays and Joy Graham.

The best way to tell whether a man is having a good time at a party is to look at his wife's face.

Sign outside a New York corset shop: "If you're 20 and want to look like 40, that's your business. But if you're 40 and want to look 20, that's our business."

LIBRARY CORNER

Friona Public Library has many "how to" books so if you want to know "how to" do almost anything there is a book in the library to help you.

"How to Make Whirligigs and Whimpy Diddies and Other American Folkcraft Objects" is a large and lovely book by Laura Louis Foster. Beautifully illustrated with 36 photographs, the book gives detailed and authoritative instructions for making more than twenty uniquely American folkcraft objects. There are suggestions about how to select wood, sharpen a knife, cut metal, and about how best to work with clamps, saws, paints, hand drill, braces and bits.

If you have ever longed to sew a patchwork quilt, carve something from wood, paint a picture on velvet, braid a corn-shuck mat, make your own candles or put together a Christmas wreath from nuts, pine cones, and other natural materials, this is the book for you.

"How to Clean Everything"

by Alma C. Moore is the authoritative guide to cleaning, conditioning and stain removal for every type of material and surface. Whether you have a new dress with a grease spot or a cosmetic stain, a tabletop ring, an electric iron that is dirty or jewelry that doesn't shine, the answer to your problem may be found here.

"How to Arrange Flowers For All Occasions" is written primarily for the woman who may have little knowledge of arranging flowers but who likes flowers around her in her home. The author, Katherine Cutler, is a well known exhibitor, lecturer and teacher. Descriptions and instructions for making different kinds of arrangements using foliage, forced branches, fruit, dried material, wildflowers, houseplants, and even artificial flowers are given with pictured illustrations.

Come by Friona Public Library and pick up a "how to" book that will be just what you need.

Sharon Stowers, Jeff McCormick United In Double Ring Ceremony

Mr. and Mrs. Jeff McCormick

In a candlelight ceremony at 7:30 p.m. Saturday, June 22, at Calvary Baptist Church in Friona, Miss Sharon Rose Stowers of Friona and Jeffrey Lee McCormick of Bovina were united in marriage.

Rev. R.D. Owens, pastor of the Pentecostal Holiness Church in Bovina, read the double ring vows before an arched candelabra holding 15 white tapers trimmed with greenery and flanked with spiral candelabra and bouquets of yellow gladioli and pom poms standing on white pedestals.

Parents of the couple are Mr. and Mrs. A.T. Stowers of 901 Grand in Friona and Mr. and Mrs. Robert McCormick of 406 Avenue S in Bovina.

Miss Gayla Self of Friona, organist, presented traditional wedding selections and accompanied Miss Gail Graham of Friona as she sang "We've Only Just Begun" and "The Wedding Prayer."

Escorted to the altar by her father and presented in marriage by her parents, the bride selected a formal gown of

white Chantilly lace over peau de soie designed with a scalloped neckline and long, fitted sleeves. Her cathedral length mantilla of illusion was edged with motifs of matching re-embroidered Chantilly lace and caught to a headpiece of lace and seed pearls. She carried a cascade of white carnations and greenery.

Carrying out bridal tradition, the bride wore her mother's wedding ring for something old; something new was a strand of pearls and she wore the traditional blue garter. A feathered pen used at the reception was something borrowed.

Mrs. Mike Martin of Friona was matron of honor. Miss Karen Stevick of Friona, cousin of the bride, was bridesmaid. Bridesmaids were Mrs. Jerry Gerner of Post, sister of the bride, and Mrs. Jackie Stowers of Friona, sister-in-law of the bride.

Mrs. Martin and Mrs. Gerner wore green formal length gowns designed with empire waistlines and long, belled sleeves. Miss Stevick and Mrs. Stowers wore yellow dresses designed in the same style. They wore white Southern Belle hats with ribbon streamers matching their dresses and carried nosegays of yellow carnations and green tulle.

Steve Williams of Amarillo, cousin of the bridegroom, was best man. Groomsmen were Alton McCormick of Bovina, cousin of the bridegroom, Gary McCormick of Bovina, brother of the bridegroom, and Chuck Gilbreath, also of Bovina.

Ushers were Jackie Stowers of Friona, brother of the bride, Kenny Stowers of Friona, brother of the bride, and Jerry Gerner of Post, brother-in-law of the bride.

Miss Penny Stowers of Friona, niece of the bride, was flower girl. Miss Pam McCormick and Miss Denise McCormick of Bovina, sisters of the bridegroom, lighted the candles. Karl Gerner of Post, nephew of the bride, was ringbearer.

For her daughter's wedding, Mrs. Stowers chose a formal length gown of baby pink knit designed with empire waistline and trimmed with silver braid. She wore matching accessories and a corsage of gardenias.

Mrs. McCormick selected a formal length gown of dark blue chiffon with light blue chiffon sleeves and matching accessories. She wore a corsage of gardenias.

The couple greeted guests at a reception in Fellowship Hall of the church following the ceremony.

The serving table was covered with a white linen cloth and centered with the bride's bouquet flanked by candelabra. The three-tiered wedding cake, trimmed with yellow roses and greenery, was served with lime punch, nuts and mints from silver and crystal appointments by Miss Gail Graham and Miss Tena Day, both of Friona, Mrs.

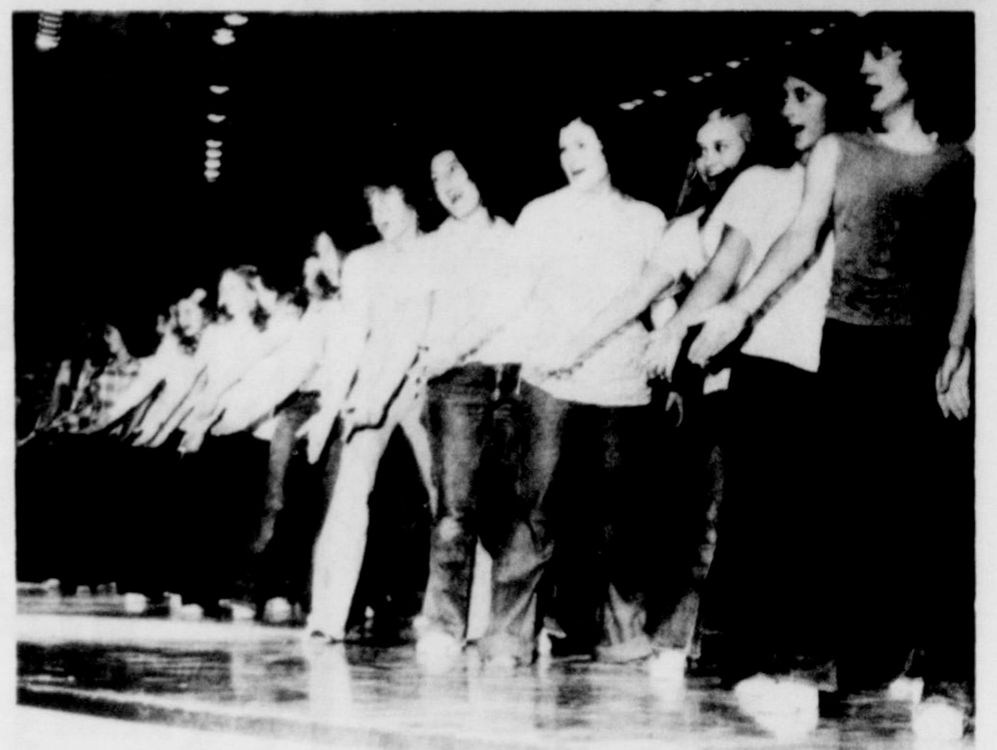

Gary McCormick of Bovina, sister-in-law of the bridegroom, and Miss Rhonda Williams of Amarillo, cousin of the bridegroom.

Guests were registered by Miss Williams.

Members of the houseparty included Mrs. Herbert Day, Mrs. Pat Livingood and Mrs. Owen Drake, all of Friona.

For a wedding trip to Ruidoso and Cloudcroft, N.M., the bride chose a yellow and white knit dress with matching accessories. She wore a corsage of white carnations lifted from her bridal bouquet.

The new bride is a 1974 graduate of Friona High School. McCormick, a 1973 graduate of Bovina High School, attended Texas State Technical Institute in Amarillo and is employed in Bovina.

CHORUS LINE...The girls in the summer drama workshop are shown as they enthusiastically presented "Big Spender," one of the song and dance number from "Optimist on Broadway," which was presented here last Saturday night.

Workshop Productions Are Well-Received

A production of "The Optimist on Broadway?" last Saturday evening concluded the two-week summer drama workshop sponsored by the Friona Fine Arts Council.

Earlier on Saturday, the company had produced "Androcles and the Lion."

Those attending the production were entertained by the young workshopers, under the direction of Del Lewis. Production supervisors for the two shows were Joy Morton and Sally Kendrick.

Highlights of the "Optimist" included Gary Stone's interpretation of "The Joker" from "Roar of the Greasepaint," and Pam Lindley doing Barbra Streisand's "Sadie, Sadie," from "Funny Girl."

Phillip Duggins, Faith Mays, Pam Veazey and Carol Bavousett were outstanding in a series called "The Interview," from "America Hurrah."

Soloist Lisa Taylor did an impressive rendition of "This Dream," and Paul Lindley sang "Wonderful Day," both from "Roar of the Greasepaint."

Pam Veazey was convincing as "The Hostess With the Mostess" from "Call Me Madam." Dorothy Johnston sang another Streisand number, "People," as did Pattijon Talley, who sang "Don't Rain on My Parade."

Other soloists included Brian Johnston, "Nothing Can Stop Me Now," Sharla Bengel, "Sweet Beginning," Tammy Williams, in "Who Can I Turn To?," Marilyn Jones, "I'm a Brass Band," Susan Garner doing "Yum Tickle," Keith Pryor in "The Best Thing For You," Vicki Pryor in "Yes My Heart," and Tracy Horton doing "Somebody."

Hope Mays did a dramatic reading, the prologue from "Taming of the Shrew," and

Larry Johnston presented a monologue from "As You Like It."

Carol Bavousett, assisted by the rest of the company, stole the show somewhat with her interpretation of "His Love Makes Me Beautiful" from "Funny Girl."

Duet numbers included Cris Beck and Lisa Edelman doing "Look at That Face," Carolyn Gore and Mark Edelman in a scene from "Company of Wayward Saints," Pam Veazey and Phillip Duggins in "With All Due Respect," Joe Jones and Mark Edelman doing "What Would You Do Without Me?" and Shelly Osborn and Leesa Mercer in "The Rich."

A barbershop quartet composed of Brian Johnston, Larry Johnston, Gary Stone and Paul Lindley did "Good Night, Ladies" as a backup to the girls' production of "Pick a Little, Talk a Little," from "Music Man."

Another musical foursome, Keith Pryor, Gary Stone, Joe Jones and Phillip Duggins did "New Generation."

Mark Edelman, Larry Gore, Cris Beck and Paul Lindley did "It Isn't Enough."

The girls of the company were impressive in their rendition of "Big Spender."

Other numbers by the entire company included the opening and closing numbers, the title

song from "Celebration," the "Rhythm of Life," in which coronetist Phillip Duggins portrayed "Daddy," and "Beautiful Candy."

Lewis, drama instructor at the University of Wisconsin, choreographed the dance numbers, all of which were impressive. In "Beautiful Candy," a number of waltzing couples were featured.

In "Androcles and the Lion," Phillip Duggins was excellent as the Lion. Pam Lindley played Androcles; Carol Bavousett played Pantalone; Dorothy Johnston played Isabella; Joe Jones was Lelio and Cris Beck was Capitano.

The animals were played by Paige Osborn, Shelly Osborn, Tracy Horton, Pam Lindley and Larry Gore. The "Zani" were played by Faith Mays, Sharla Bengel, Laura Ellis, Marilyn Jones, Lygis Blalock and Carolyn Gore.

Youths Slate Work Day

United Methodist Youth will sponsor a work day on Friday, August 2.

The members will do any jobs that might need done. Just call 247-3042 or 247-3373 and arrange for these youths to come to your odd jobs.

Shower Honors Barbara Allmon

Barbara Allmon, bride-elect of Clay Kent Duke, was honored with a miscellaneous bridal shower Saturday afternoon, July 20, in the Community Room of Friona State Bank.

Greeting guests with the honoree were her mother, Mrs. Clifford E. Allmon, and the prospective bridegroom's mother, Mrs. A.C. Duke of Vernon.

Diane Day registered guests. Refreshments of punch and

cookies were served by Mrs. L.B. Lookingbill and Mrs. Travis Stone.

Approximately thirty guests attended the shower.

Hostesses were Mesdames Gene Welch, Travis Stone, J.B. Noland, L.B. Lookingbill, Kenneth Christie, J.R. Euler, Raymond Milner, Troy White, Glyn Hamilton, George DeLozier, Bill Carthel, Alan Hamilton, Harry Lookingbill and Herbert Day.

Country Crafts Located At THE MAIN PLACE 615 Main Friona 247-3282

MUSICAL NUMBER...Joe Jones [on guitar] and Gary Stone [rhythm] are shown doing the "New Generation," one of the numbers from Friona's summer drama workshop production.

Weather Conditions

Aid Vegetable Harvest

Hot and dry weather may spell trouble for many agricultural producers on the High Plains but is presenting optimal conditions for harvesting the 1974 vegetable crop. Agriculture Commissioner John C. White said today.

Reports from TDA Market News reporter Jim Morrow, stationed in Hereford, indicate ample supplies of very good quality potatoes, both red and white, for the next 30-60 days. Sales on the red potato are slow, Morrow said, but white potatoes are moving well.

Good market conditions are being quoted for onions, with good supplies expected for the next three weeks.

Cantaloupes of very good quality from the Pecos district

are expected on the market in volume soon, with sales running through the next three weeks.

Some 12,000 acres of potatoes were harvested on the High Plains in 1973, while plantings of onions yielded 4,000 acres. Total production for the summer harvest in the state last year reached 2,940,000 hundredweight for potatoes and 1,820,000 for onions, with a combined dollar value of more than \$46 million.

Some 2,500 acres of cantaloupes were harvested from the Trans-Pecos and High Plains districts in 1973. Summer acreage in the state was 6,300 acres, with a value of more than \$4 million.

Family Pack Quarter Pork Loin
