Star Lites By Bill Ellis

WE DOUBT THAT American taxpayers will ever get any relief from the excessive bite out of their paycheck that goes to the ever increasing welfare program.

Politicians talk about welfare reform, especially in an election year. Carter, Reagan and Ford have all made welfare reform an important plank in their respective platforms.

But we doubt that any candidate can do much to stem the welfare tide which bids to drown America and send its capitalistic system down the drain.

For example, President Ford has asked congress to pass a new bill on food stamp reform, which would cut 1.29 million families out of the program, while at the same time making it available to another 2.1 million families.

Now we ask you—is that reform????

That seems to be the only kind of reform that 20th Century politicians know anything about. But to our way of thinking, it still amounts to one step forward and two steps back.

The food stamp program costs taxpayers millions of dollars. It allows millions of families to "rip off" the middle income taxpayers, who are never eligible for any of these benefits themselves, but must keep digging down a little farther all the time for another tax increase.

Some of the real areas where food stamp reform is needed includes limiting to families with income below the poverty levels, and with less than \$1,500 worth of assets such as savings, insurance policies or luxury items.

A study compiled in April of 1975 showed that strikers were eligible, and supposedly using, food stamps. So were certain college students.

A current bill is pending in the U. S. House of Representatives which would keep striking workers from being eligible for food stamps, and also would bar students without dependents from receiving the food assistance.

But the same bill also makes the program eligible for an additional 2.6 million families, like the president had recommended.

We would think that any type of food stamp reform should in some way limit the number of families that are eligible for such assistance, and preferably restrict them to the elderly, and those unable to provide for themselves.

But at the same time, this limited class of people makes up only a small amount of the electorate, so we doubt that a congress with their ear ever tuned to passing legislation designed to garner them more votes will ever pass a real tax reform bill of any nature.

We hope that there is the chance we can be proven wrong, but we doubt that there is.

++++
AFTER WHAT SEEMS like years, but apparently hasn't been that long will conclude this week for two Republican aspirants for the presidential nomination.

Gerald Ford and Ronald Reagan are waging one of the closest battles in years for a presidential nomination. With both sides claiming enough delegates for victory, it is going to be interesting to watch on Wednesday when the roll call vote is taken.

With Ford's inability to salt away the nomination hands down, we are sticking to our earlier prediction that the nomination will not be won on the first ballot.

There has been so much infighting for delegates, that it is virtually a toss-up going into the convention.

If you have tried, as we have, to follow the delegate tally in the news

confused as to where the two candidates actually stand.

You get a different delegate tally for each source that you check. The various wire services, networks, magazines, etc., all have a different count.

This is why we have spoken at times in favor of a national presidential primary that would lead to nominating the candidate. You wouldn't have to worry about the delegates being swayed over to the other side with a national primary.

++++
City Manager Jake Outland has reminded all interested persons that Sunday, August 15, will be the last day the swimming pool will be open.

Friona, Texas, USA

FOR 1976-77 TERM

Friona Students Register Aug. 20

Friday, August 20 marks the beginning of Friona schools' 1976-77 fall term.

Superintendent of Schools Tom Jarboe has asked all new students to remember to bring their report cards and check with their respective principals prior to registration.

Youths Are Arrested For Home Thefts

Four Friona youths have been arrested and charged with two separate house burglaries, reported Friona Police Chief Bill Denney.

The youths have been turned over to juvenile authorities and will appear before District Juvenile Judge Pat Boone. No date has been set as yet.

Cash and merchandise were taken from one residence and cash only from the other. Among the merchandise stolen was a stereo, a cassette tape deck and some jewelry. Most of the merchandise has been recovered.

"All officers worked together as a team in the investigation of these burglaries," said Chief Denney.

Also appearing before authorities on charges of criminal mischief, are two Friona youths. The youths allegedly destroyed two sections of fresh concrete, causing an estimated \$65 in damage.

CITY BUSINESS

Council Adopts Budget For 1977

The Friona City Council met Monday, August 9, at the Friona City Hall.

Monthly meeting was the consideration of adoption of the annual city budget for the fiscal year 1977. The budget, amounting to \$492,219, was accepted as proposed.

Second item under consideration was a contract with Purdue, Brandon-Blair and Associates, of Amarillo, a delinquent tax collection firm. The City Council voted to accept a contract with the new firm and terminate the contract with Tubbs and Eastwood of Hereford.

The City Council is also looking into old paving leins, some of which date back to 1959. Among those parties still owing debts on leins is Parmer County. The council voted to try to collect on these delinquent leins.

Kindergarten through fourth grades should check with Freeman Melton at the primary school, five through eight should check with Cecil Maddox at the junior high, and grades nine through 12 should contact Raymond Cook at the senior high school.

Final registration for grades six through twelve will take place Friday, August 20.

High school students will register in the high school auditorium at 9 a.m.; grades seven and eight will register in the junior high auditorium at 10:30 a.m., and sixth grade is to register in the junior high auditorium at 9 a.m.

Kindergarten through fifth grade will not register early, but will report to their respective buildings at 8:45 a.m. August 23.

Kindergarten should report to the junior high auditorium at 8:45 a.m., August 23.

Children born after September 1, 1969 and before March 1, 1970 will be eligible for first semester kindergarten and should report on the 23rd.

Any child born between March 1, 1970 and September 1, 1970 is eligible for second semester kindergarten

and will not report for registration until January 12, 1977.

"Children eligible for second semester kindergarten should still report to their principal's office, however, since their names are needed," said Superintendent Jarboe. "Birth certificates should also be furnished for kindergarten and first grade."

Immunization against polio, rubeola, rubella and diphtheria-tetanus is required by law and all immunization records must be furnished by students.

Meal tickets can be purchased (Continued on Page 13)

Bovina Seeks Parade Entries

Mrs. Jane Kassahn, Bovina, chairman of that city's annual Bull Town Days parade to be held on Friday, August 20, states that the parade would welcome additional entries, and extended a particular invitation to individuals and groups in the Friona area to participate.

The parade will assemble at 2:30 on August 20, on Bovina's Main Street and will move out at 3 p.m.

Dr. Lloyd Watkins, president of West Texas State University will serve as parade marshal.

Court Deplores Wild Sprinklers

Parmer County Commissioners took issue with the farmers who allow their sprinkler systems to play on county roads, causing the roads to become muddy, slick and dangerous at times, at the regular meeting of the commissioners this past Monday.

The commissioners passed a resolution (see Page 4) asking that farmers take more care in preventing such oversights, and also pointing out that the individual farmer can be held liable for accidents or injuries resulting from their negligence.

In other business, the commissioners agreed to contribute \$1500 to the Central Plains Mental Health-Mental Retardation Center at Plainview. The center operates a field office in Friona, for the use of Parmer County citizens.

Mack Heald, County Agent, met with the court, and reported on the condition of the county's corn, milo, cotton and other crops. Generally, all crops within the county are excellent, Heald reported.

It was pointed out that the construction of the Lazbuddie damsite on Running Water Draw

had been scheduled for bidding in the early part of 1977.

Previously, the bid letting had been scheduled for April of this year, then it was postponed to September, or October.

"This appears to be a continuation of the delay process we have been experiencing," Judge Paul Fortenberry said. After some discussion, the commissioners passed a resolution requesting that letters be written to various people connected with the project, regarding the delay in starting the project.

The audit of the county's books for 1976 was presented and discussed at some length.

District Court Sets 19 Cases

A slate of 114 prospective jurors has been summoned for Tuesday and Wednesday of next week to hear 19 criminal cases in district court at Farwell.

Cases on the docket include The State of Texas versus the following: Curtis Drager, theft; Eddie Ray Baker, burglary; Thomas F. Barker, theft; Billy Don Knight, theft; Ricky Clark, delivery of marijuana; Juan Reyes and Gilbert Gomez, breaking and entering a motor vehicle; Billy Don Knight, bail jumping; Christopher Webster and Bradley Neely, credit card fraud; and Mildred Faye Drake, forgery.

Also, Pedro Dimas Garza and Jesus Garcia, burglary; James Glover, theft; Don Barnes, possession of marijuana; John L. Mershon, theft; Ernest Prieto, burglary; Ernest Prieto and Frank Mendoza, burglary; David Ramos, burglary and criminal mischief; Terry Duane Fite, possession of hashish; Johnny D. Broyles, aggravated assault; and Victor Duran, rape.

The following list of jurors has been summoned:

TUESDAY, AUGUST 17

Mrs. Kenneth O'Brian, Melvin R. Southard, Jay Potts, Mrs. C. L. Vestal, Mrs. R. W. Shelton, Mrs. Dorothy B. Grant, Mrs. L. R. Vincent, Mrs. Charles W. Gibson, Phillip Don White, C. E. Christian,

Kenneth R. Cary and Chencho Basquez.

(Continued on Page 9)

Chamber Board Plans Event

The Friona Chamber of Commerce and Agriculture held their regular monthly meeting Tuesday, August 10 at 6:30 a.m. at Parmer House Restaurant.

First on the agenda was the upcoming Maize Days celebration. The theme for this year's Maize Days will be "Spirit of '76" according to Maize Days Chairman Charles Caudill.

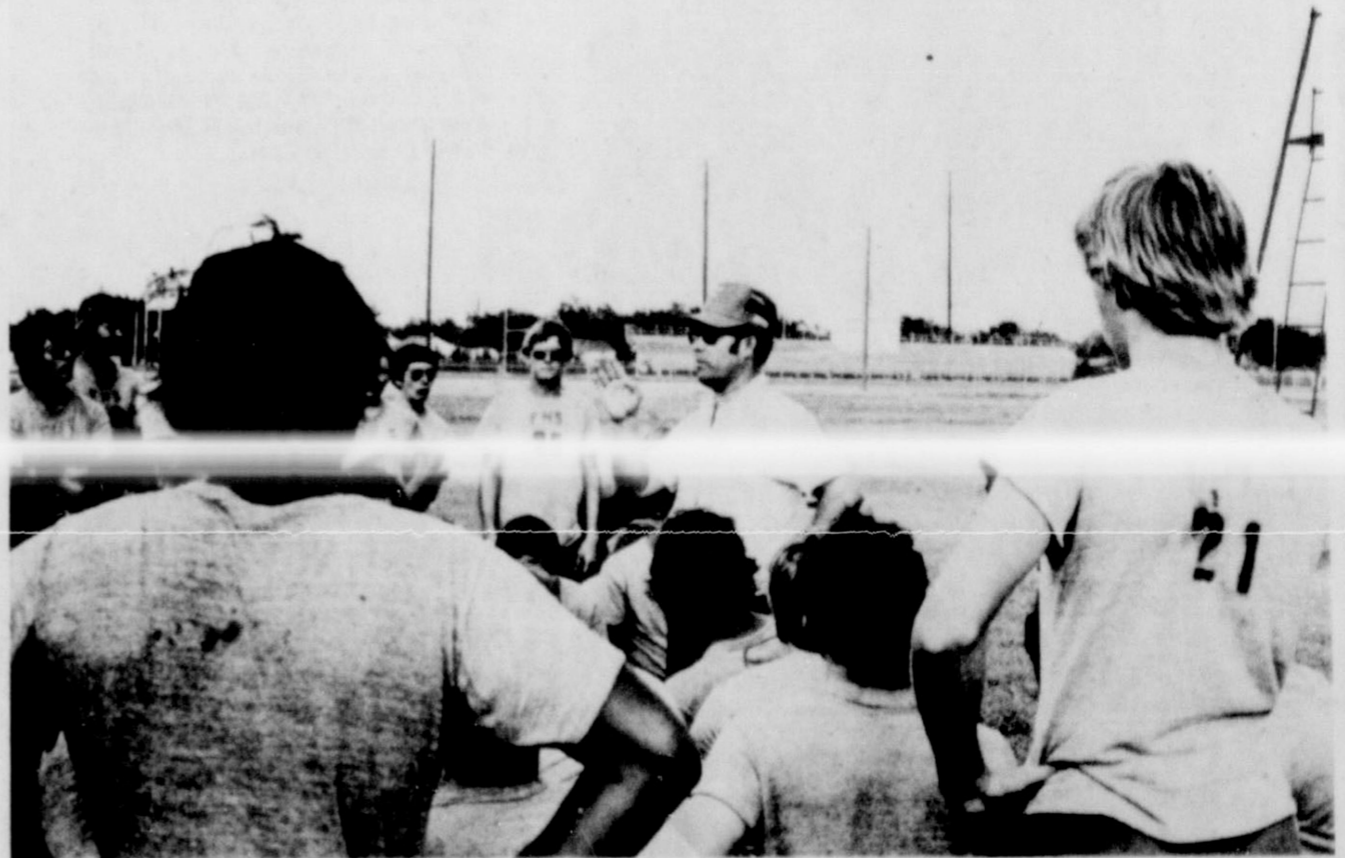

Maize Days will be held the week of September 26-October 2. Deadline for the Maize Days Queen contest and the Little Miss contest has not been set. Entry fee for Maize Queen contestants of \$20.

Also discussed was the parade, prizes for the floats, the barbecue and various other events.

Prizes for the floats will be \$100 for first place, \$75 for second, \$50 for third and \$25 for fourth.

Ray Cammack's Carnival will also be here again this year.

Other business included discussion about Nell Fulk's, Friona's entrant in the Wheatheart of the Nation Contest to be held in Perryton August 20-21.

WE BELIEVE...Head football coach Lonnie Phillips instructs the Friona Chieftain team during a break in their two-a-day workouts.

The coaches and team members are very enthusiastic about their chances in the upcoming season.

Coach Phillips is stressing the motto "We Believe", and from all appearances, they really do.

Friona Flashbacks

.....from the files of The Friona Star

40 YEARS AGO—AUGUST 21, 1936

Work on the Frio Draw WPA project at the south side of town has been at a standstill for the past two or three weeks and without any assurance that the work will be resumed at an early date.

Miss Floy Goodwine, who has been attending college at Lubbock, returned home last weekend.

35 YEARS AGO—AUGUST 22, 1941

Charlie Gibson, field supervisor for the Emergency Crop Loan Office, has announced that loans are now available to farmers of Parmer County for the planting of wheat, barley and other small grains.

The third consecutive summer band school, conducted by Prof. Harley Bulls, came to a close on Friday.

30 YEARS AGO—AUGUST 16, 1946

The Texas Highway Department

this week issued invitations for bids on hard-surfacing of a little more than five miles of Highway 51 between Hereford and Vega. Construction will be from Vega south.

Lt. Jim Roy Roden stopped by the Star office last week with a box filled with war pictures that were taken by himself during his period of service in the Pacific war area.

25 YEARS AGO—AUGUST 16, 1951

Seven Parmer County men have just completed a four-day tour of Colorado agriculture areas observing the feeding practices and crop experiments underway in those high altitudes. Attending were Joe Jones, Agriculture Agent, Alan Romich, Chamber of Commerce manager from Friona, Hadley Reeve, Bruce

Parr, Carl Schlenker, Walter Kaltwasser and Charles Allen.

Archie Sims, superintendent of the Lazbuddie schools for the past two years, has resigned to accept a position at Tahoka.

20 YEARS AGO—AUGUST 16, 1956

Dr. Loyd Shackelford, Friona dentist, and Nelson Welch, farmer-businessman, have entered into a partnership which will spawn the community's first effort at an independent shopping district. Under construction now are a new and modern Humble service station, and a restaurant building. The construction is in the Lakeside Addition, on Highway 60 and 214.

15 YEARS AGO—AUGUST 17, 1961

Sixty entries have been received for the first annual Friona City Swimming meet, scheduled Saturday at Dive-Inn Swimming Pool. Kenneth Miller, Friona's new head football coach, greeted only 13 boys Monday morning at the first practice session for 1961.

In order to meet the needs of a waiting list, 90 new boxes were installed at the Friona Post Office last week.

10 YEARS AGO—AUGUST 18, 1966

A total of 51 prospects reported for pre-season football workouts at Friona High School on Monday of this week. The number was about 10 short of that expected by Coach Don Light and his assistants, but a few more boys were expected to join the team.

Jan Shirley, 16, daughter of Mr. and Mrs. Ralph Shirley, was dead on arrival at Crosbyton Memorial Hospital just before noon last Saturday. Miss Shirley collapsed while participating in a senior life saving course at Camp Rio Blanco.

5 YEARS AGO—AUGUST 19, 1971

Coach Bob Owen and his staff were greeted on Monday by 45 candidates for the varsity team. This was a few short of the number that had indicated last spring they would be out for the sport, but was three more than reported on last year's first day.

The City of Friona measured another 2.12 inches during the past week. This brought the month's rainfall total to 4.54 inches for August.

REMEMBERING... Cigar Store Indians

By BILL D. BROOKS

Sometimes when we went into town to do shopping, Mom would treat us all to a fountain soda at the drug store on the north side of the square. There were lots of things to look at in the store but one thing that particularly interested me was a statue of a fierce-looking Indian standing beside the tobacco counter. The first time I ever saw it, I was

startled because it seemed so realistic. It stood about six feet tall and looked like what I had pictured Indians to be, though I had never seen an actual flesh-and-blood Indian. Oh, I had seen them in movies of course, but my brother said those weren't real, they were just some Hollywood actors dressed up to look like Indians. This one

had a full headdress of feathers painted all different colors. He held a tomahawk in one hand and a bundle of cigars in the other. One of his fringed boots was raised slightly as though he was about to take a step in my direction. His face was pinkish brown and he had black, staring eyes that seemed to follow me about the store, watching my every move. He seemed to be asking me to buy his product. I guess he didn't notice I was just a little kid, much too young to buy cigars. The statue was made of wood. I could tell because there was a crack through his shoulder and down his chest and I could see some splinters inside.

The druggist told me that the Indians were an "old-timey" way of advertising tobacco for sale. They were carved out of solid blocks of wood by master wood-carvers, mostly in the 1800's. Brightly painted of many different colors, they attracted much attention and at one time they were so popular that most prominent tobacco shops had one or two.

They were usually rolled out onto the sidewalk in front of the shop each morning where they would stand all day long, coaxing passers-by to go inside to purchase the best in all types of smokes. Their popularity decreased

in later years and most were put in storage, done away with or sold. Many were weather-beaten from standing outside or else were vandalized by persons with nothing better to do. Consequently, when I was growing up they were already somewhat of a rarity and are much more so today.

The druggist had gotten his wooden Indian at an auction back East and he said it meant a lot to him. He mentioned things like craftsmanship, free enterprise, advertising theory, and a couple of other things, none of which I really understood. I liked the Indian because he looked so big and strong and I could count on him to be looking for me anytime I walked into that store. I thought of him as a kind of friend and looked forward to seeing him each time I went to town.

CIGAR STORE INDIAN

Jr. Rodeo This Week At Hereford

The Hereford Junior Rodeo, to be held August 13 and 14 in the Hereford Riders Arena, is being anticipated by a number of area youngsters who will compete in events such as bronc riding, bull riding, barrel racing, pole bending and roping.

Action will begin at 7:30 each evening with competition being held in three age divisions. Seven years old and under; 8-11 and 12-14. Buckles will be awarded for the top two places in each event. Also an All-Around award will be given in each age group.

The participant must enter at least three events to qualify for the All-Around award. The books will close two hours before show time. Further information on entering can be obtained by contacting Frankie Evans, 364-4243, or Nelda Smith, 364-1338, both of Hereford.

Court Advertises For Motor Grader, Auto

Parmer County Commissioners met July 26 at the county courthouse, and authorized County Judge Paul Fortenberry to advertise for bids on two major items.

The first was a motor grader for Precinct 1, and the other was a car for the sheriff. Bids on both the motor grader and the vehicle are to be opened at the commissioners' meeting on August 23.

In other business, a request was made to the Board of County and District Road Indebtedness for the return of \$31,466.71 of the lateral road fund to the county for the county's use in road improvements.

Roy Alexander, representing the Central Plains Mental Health-Mental Retardation Center, Plainview, met with the court and asked for county support for the center, which operates an outreach office in Friona. After lengthy discussion, no action was taken, but it is to be considered again at the next meeting.

The commissioners approved various charitable assistance, including a medical bill at Parmer County Community Hospital, a grocery bill at White's Super Market in Friona, and a medicine bill at Rose's Drug in Farwell.

Max Eubanks of Farwell was re-elected president of the Parmer County Chapter of Young Farmers at a meeting Monday night at the Oklahoma Lane Community Center.

Other officers elected to serve during the coming year include Bob Hurst of Friona, vice president; Ed Corn of Friona, secretary; James Sides of Oklahoma Lane, treasurer; and Kregg Wilson of Bovina, reporter.

Some 25 members of the chapter heard Jim Berry, Farwell CPA, speak on income tax laws which directly affect farmers.

"We really appreciate Berry and other speakers we've had for giving their time to better the community and young farmers in this area."

Eubanks said after the meeting.

During the business session, the group voted to take over sponsorship and management of the Parmer County Junior Livestock Show. Plans will be made for the 1977 show by a committee of Young Farmers during the next few weeks.

Also discussed was the area Young Farmers convention to be held at the KoKo Palace in Lubbock Saturday, Sept. 18. Corn, Eubanks and Parker Stewart of Bovina were elected voting delegates.

The organization hosted its first family social Saturday night at the city park in Bovina. Some 60 people attended the hot dog and homemade ice cream social, followed by games of volleyball and croquet.

Wendell Gresham Says...

IF THIS IS YOUR ONLY FIRE PROTECTION... YOU'RE IN TROUBLE

Checked your homeowners insurance coverage lately? Unless you have increased your insurance to keep pace with the upward surge in replacement costs, you can't afford a major loss. It would be wise to review your policy annually.

OUR LOCAL RETAILER PAYS THE HIGHEST PERCENTAGE OF LOCAL TAXES. HE IS MOST OFTEN THE CIVIC LEADER WHO DEDICATES HIS TALENTS AND VALUABLE TIME TO OUR TOWN. HE IS CONTACTED FIRST FOR CONTRIBUTIONS TO CHARITABLE AND SCHOOL PROJECTS. HE PROVIDES JOBS. WITHOUT HIS STORE WE HAVE NO TOWN.

GIVE OUR LOCAL MERCHANTS FIRST CHANCE!

FRIONA STATE BANK

WHERE PEOPLE COME FIRST

On The Farm In Parmer County

Mack Heald
County Agent

The crop insect situation in Parmer County is running about on schedule for this time of year. Major corn insects are present in most of the fields throughout the county. In quite a number of fields the second generation of the Southwestern corn borer has hatched or it in the process of hatching out. A producer can determine his infestation by looking in the leaves at about ear height on the plant. At this time of year when young eggs, old eggs, and young larva are found, one knows that the second generation is in the process of hatching out. As an economic infestation is present, then control measures are necessary. Either Furdan or Sevimol gave good bore control. Furdan will kill less of the beneficial insect population, and therefore forestall a mite build up.

Speaking of mites, most of the corn fields throughout the county have Banks grass mite populations. In some instances, I have seen a population build up to justify spraying. However, most of the build up may possibly be seen during the month of August. This insect can do a great deal of damage in a very short period of time to both corn and milo fields. Natural predators have kept the population down to a minimum. However, the insect thrives on stress fields during hot, dry periods of weather. Therefore, if you have an infestation, you should keep your field as wet as possible to avoid a heavy build up. This insect has a natural resistance to most insecticides used in this area. Comite and sulfur give reasonable control.

Another insect seen in corn over the years is the oat bird cherry aphid. A heavier build up has been seen this year than years past. However, I have yet to see a build up heavy enough to warrant spraying. Even though I have seen some leaf sugaring due to the insect, I can detect that the aphids are injecting a toxin into the plant. Therefore, I do not believe at this time that they are causing enough damage to spray for them. Also where these aphids are found, mite build up is very light. The Banks mite will not build up in heavy numbers on the leaf where cherry aphids are forming colonies. These insects bear watching, but I would refrain from spraying until definite damage has been established.

In regard to grain sorghum, both greenbugs and corn leaf aphids are present in most fields. I have seen several fields where greenbug damage was high enough to justify spraying. In most of the fields I have seen Branconid wasp activities working on the aphid population. These wasps inject an egg into a single aphid thereby reducing the aphid population. The wasp build up should be seen in a greater number through August. You may have sufficient wasp build up to decrease the aphid population so that you need not spray the greenbugs. You should allow their build up and give them a chance to work for you if at all

possible. Of all beneficial insects working in grain sorghum, the Branconid wasp does the most good.

+++++

Screwworms have mounted a siege in Texas this spring and summer, and the coming months hold little promise for relief. Virtually all of Texas is now subject to the Screwworm.

Recent cases in Montague county in North Texas and in Baylor, Cottle, Kent and Motley counties in the Rolling Plains and Lubbock county on the South Plains mean that screwworms are now within striking distance of all livestock in the state. Therefore, it's vital that producers check their livestock regularly, spray for flies, treat any wounds, and send any worms found in wounds to the Mission Lab for identification.

If the worms are identified as larvae of the screwworm fly, then action will immediately be taken to bombard the area where the case was reported with sterile flies reared at the Mission Lab. Sterile flies will breed with wild screwworm flies, rendering any eggs that they may lay as sterile. Thus the eggs won't hatch. The screwworm fly dies after mating, so the mating process with the sterile flies breaks the reproductive cycle of the screwworm.

Texas screwworm cases in June totaled 2,306 and were double those recorded in June of 1975. That makes this June the third worst on record since the screwworm eradication program got under way in 1962. Through July 28 a total of 6,398 screwworm cases have been confirmed in Texas this year.

With the recent wet weather in South Texas, a letup in the screwworm siege is not likely. And traditionally, screwworm cases have been high during the fall months. So, the outlook isn't good.

However, a new effort that may eventually keep the screwworm out of Texas will be kicked off in late August when the first screwworm eradication program begins in Mexico. That's when the first consignment of flies from the new insectary at Tuxtla Gutierrez is scheduled for delivery to Baja, California.

Joe Rothe Named Associate Director

Joe H. Rothe has been named associate director of the Extension Service, effective August 1. He has served as Extension assistant director and state agent since May, 1971.

Rothe's appointment was announced July 27 by the Texas A&M University System Board of Regents. The Extension Service is the TAMU System's public service agency which provides educational assistance in agriculture, family living and consumer information, 4H and youth, and community resource development to thousands of Texans.

Rothe has served with the

Extension Service for 29 years in roles ranging from state agricultural agent to district agent, county Extension agent and assistant county agent.

"Rothe is uniquely qualified for the position of associate director of the Extension Service. He is extremely knowledgeable about the overall operations of the organization, and is highly respected both by staff members and the agricultural leadership of Texas," said Dr. Daniel C. Pfannstiel, director of the Extension Service.

The new associate direc-

tor will fill the position vacated by Pfannstiel when he was named Extension director, June 1.

"Rothe has provided dynamic leadership in the development of Extension education programs in Texas, and has repeatedly demonstrated his ability to mobilize Extension resources and initiate and implement educational programs to meet the needs of people," Pfannstiel added.

Exemplifying Rothe's leadership has been the success of the Venezuelan Equine Encephalomyelitis (VEE) control program for Texas horses in the summer of 1971, continuing educational efforts on the part of Extension for the screw-worm eradication program, to her animal health programs, hurricane and disaster emergency preparedness programs, and in-depth educational programs.

"The expeditious manner in which Rothe has initiated and implemented these vital programs has saved Texas agricultural producers millions of dollars from potential losses, and ultimately reduced food and fiber costs to consumers," said Dr. H.O. Kunkel, A&M's dean of agriculture.

Rothe began his Extension career in 1947 as assistant county Extension agent in Lavaca County, and transferred the following year to Brown County as agent. From 1954 to 1963, he was district agent for Extension District 12, and then served as district agent for District 11 from 1963 to 1965, when he became state agricultural agent.

He received the U.S. Department of Agriculture's Superior Service Award in 1973. He was cited for "Phenomenal success in conducting and supervising educational programs to combat diseases, pests and emergencies, and in mobilizing resources to assure equitable opportunities for farmers in a growing Texas agriculture."

Rothe also was responsible for initiating the successful use of paraprofessional program aides in establishing the Intensified Farm Planning Program as a pilot effort to assist

JOE H. ROTHE

Hereford Company Moves To New Home

A move to a new location and expansion plans have been announced by Noel and Dale Jones, owners and managers of Jones Motor Company of Hereford, the Chrysler-Plymouth dealer, for this area.

New headquarters for the motor company will be one mile south on US-385 in the building formerly occupied by Oglesby Equipment Company. "With our business continuing to increase, we decided that we needed to improve our facilities in every aspect," said Dale Jones.

The building on US-385 was purchased and will be completely renovated—including redecoration of the showroom area, new lifts and hoist in the service area, and a complete clean-up and paint-up throughout.

Noel Jones engineered and supervised the new design and redecoration of the facility. He pointed out that the move will more than double and triple some of the areas of the present building on East Main.

The showroom and parts department areas are to

have more than double the present space, while the service department area will be tripled, and the parking area outside the building will be almost unlimited.

The motor company planned to make the move to the new location August 13-15. "We hope to make the move with as little inconvenience as possible to our customers. We will have a grand opening just in time to introduce the 1977 models," Dale Jones stated.

The brothers also announced that they expect to add four people to the staff. A new service manager, Gary Williams, has already joined the personnel at the motor company. All of the present staff will be retained.

Jerry Gee, district representative for Chrysler Corp., announced this week that "Chrysler Corporation is proud of the move due to the enhancement of both Chrysler and Jones Motors." He added that the corporation is "confident in the growth of both Jones Motors and the Hereford area."

NOTICE

It has come to the attention of the Commissioners Court of Parmer County that sprinkler systems are creating a very real, dangerous hazard when they discharge water on county roads, causing the road to become very muddy and slick, resulting in the loss of control of a vehicle when a person enters the watered part of the road unaware that it is wet. This is especially dangerous during the hours of darkness as the wet portion cannot be seen and the driver cannot slow his speed before entering.

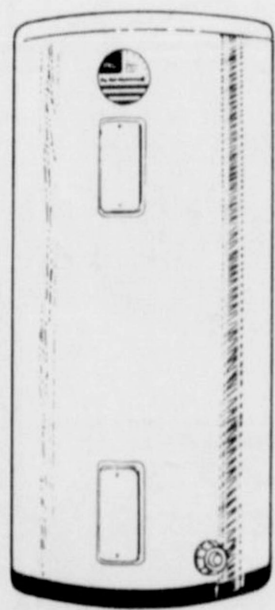

The County Attorney has informed the Court that the person owning and operating the sprinkler system would be liable for any damages or injuries resulting from an accident caused by this situation, therefore, those operating sprinkler systems that discharge water upon county roads should be mindful of this possible liability and should take the steps necessary to insure their systems do not discharge upon county roads.

The Commissioners Court of Parmer County, being concerned with this dangerous situation to both life and property, directs that this article be published in the three papers of Parmer County, and that the editors of the papers within the county be requested to elaborate upon this situation in their editorials and/or other parts of their papers.

LETTERMEN....The Friona Chiefs, under new head coach Lonnie Phillips, return 12 lettermen this fall. They are, back row, left to right, Mike Murphy, Larry Broyles,

Koty Kothmann, Mitchell Smiley and Glen London. The center row includes Jody Menefee, Cris Ingram, Ricky White and Terry Wilcox. Seated are Kelwin King,

Ernest Mills and Joe LaFuenta. The Chiefs scrimmage Boys Ranch and Vega before opening their schedule against Floydada on September 3.

Phillips Pleased With Work, Attitude

By RICK LUTHER
Star Staff Writer

The Friona Chiefs look to be "rainin' and ready to go", with two-a-days a week old, and the first game of the season only two weeks away.

The Chiefs, picked fifth in District 3-AA, are hoping to prove pre-season talk wrong.

Blessed with a strong group of offensive backs, and an excited coaching staff that really "believes", it seems without a doubt, Friona will improve on last year's 2-8 record.

New head coach Lonnie Phillips, coming to Friona from Hart where he compiled an excellent record, has 14 lettermen back from 1975 around which to mold the 1976 team.

Among the strengths this fall should be returning fullback Glen London, a 6-0, 190-pound junior, who gained 745 yards last year and was awarded all-district honorable mention honors.

Although quarterback Keith Martin, 5-7, 140, will be out for at least six weeks with a broken wrist,

backups Todd Bandy (5-8, 150), Kevin Kothmann (6-0, 170) and Clint Mears (5-8, 150) are "all showing promise."

"One of our weaknesses is our passing game which is coming along slowly" says Coach Phillips, "but Todd Bandy is showing a lot of leadership and savvy."

Others returning are backfield veterans Kelwin King (5-6, 135) and Ernest Mills (5-8, 140).

Larry Broyles (5-9, 160), Chris Ingram (5-7, 155), Koty Kothmann (6-0, 204) and Ricky White (5-8, 130) are returning linemen.

Defensive returners include King, Koty Kothmann, Terry Wilcox (5-8, 160), Mitchell Smiley (5-10, 180) and Ram Randolph (6-1, 180).

"In all my 16 years of coaching, I've never worked with a group with such a tremendous work attitude," says Phillips. "We've been moving people around to find out where they can do the most good for the team. The boys are more than willing to work at different positions."

With adequate size in the front lines and good depth in the

backfield, it looks very good for the enthusiastic Chieftain team.

Asked about the Chiefs' non-district opponents, Coach Phillips replied, "I think you could search the state over and not find a tougher non-district schedule."

He goes on to explain, "I'm pleased with the schedule. Since we are playing tougher teams, we should be more than ready for district play, if we can keep our injuries to a minimum."

Phillips is asking all boys in grades 9-12, who are interested in playing football to come out during two-a-days, even if they have never played before.

Coach Phillips is very enthusiastic, and optimistic, and it is catching on. "Being the new coach, I feel we must believe in ourselves more than in the past, and if we do this, we will be better than last season."

"I Believe" seems to be a good slogan for this young, strong team and if they believe as strongly as they seem to, they will make this an interesting season in District 3-AA.

Special Event Slated For Footballers

Chieftain head football coach Lonnie Phillips has announced a Red-White Night to be held Tuesday, August 17, at the Friona Chieftain Field at 8 p.m.

The team will present its defense and offense, showing formations that will be run during the season. Coach Phillips will explain the formations by means of the public address system.

The team will also demonstrate many of the drills they go through in preparation for football season.

Anyone interested in the Chieftains football team is invited to attend.

TWO-A-DAYS....Friona football coach Al Lemons instructs his boys during two-a-day work outs. With at least 12 letterman returning from the 1975 season, prospects look good for a strong year. Enthusiasm and optimism is already running high among the coaches and team members.

FHS COACHES....Friona Chieftain football coaches for the '76 season are pictured above. Kneeling are Gary Jones, Lonnie Phillips (head), and Teddy Giddens. Standing are Al Lemons, Gary Rambo, Jimmy Pope and Wes Bradshaw.

Football Tabs Go On Sale

Tickets for the Friona Chieftains 1976 football season will go on sale Monday, August 16, at Bi-Wize Drug Store, it was announced by administrative assistant Bob Owen. The season tickets will be \$12, or \$2 per game.

Treasury Dept.

Issues Warning

The Department of the Treasury is aware that, despite its efforts—in association with the Postal Service, Federal Reserve Banks, issuing agents and others—to stop chain-letter activities involving the use of U.S. Savings Bonds—schemes continue to reappear, from time to time.

Chain-letter schemes, including those involving U.S. Savings Bonds—which use the mails to facilitate their purpose—are considered by the postal authorities as in violation of the Postal Lottery and Fraud laws (18 USC 1302, 1341). Such schemes are considered lotteries, because the question as to whether the chain will be broken is a matter of chance; it is also a matter of chance whether a participant will reap anything from his participation.

The fraud aspect enters into the schemes, because representations are made that the participants will, eventually, receive substantial rewards. In the usual case, however, the chain of gullible persons soon vanishes—and there is no way by which a new participant can determine whether there is available a reservoir of interested persons sufficient to move his name to the top of the "list."

Postal officials have warned that, even though the lists of participants are not circulated in the mails, it does not alter the illegality of the operation since, usually, the Bonds or other evidence of participation in the schemes are mailed. There is also the possibility that the scheme may violate state or local anti-lottery laws, even though the mails were not used in any way.

In addition to the fact that chain-letter schemes violate federal law, the Treasury believes that the public should be made aware that such schemes—which are essentially get-rich-quick endeavors—do a distinct

disservice to the Bond Program. Instead of encouraging persons to make genuine investments, they create the illusion that participants are both aiding their government and themselves.

Accordingly, banks and other issuing agents have been requested to refuse to sell Savings Bonds in cases where they know—or have reason to suspect—that the Bonds will be used in any type of chain-letter scheme. This applies whether or not the letters and-or Bonds are to be transmitted through the mails.

From time to time, the Treasury's Savings Bonds Division distributes news releases warning of the illegality of chain-letter schemes involving Savings Bonds. When a specific instance is brought to its attention, special releases are distributed to news media in the areas involved.

Individuals who purchase Savings Bonds for such chain-letter schemes, and who discover that participation may violate certain laws and regulations, may request a refund, using Treasury Form PD-2966. This form is available at many banks; it may also be requested from the Bureau of the Public Debt, Division of Loans and Currency, 536 South Clark Street, Chicago, Ill. 60605.

SCS Report

The Parmer County Soil and Water Conservation District held its regular meeting Tuesday, August 3, at 12 noon.

Along with the regular business, there was a letter of appreciation to the directors for assisting with the Kentucky farm tour, read to the board.

The Board was brought up to date on actions that had been taken on Bovina dam site maintenance.

The board received individual copies of a report of the Texas Water Development Board on the Ogallala Aquifer in Parmer County.

Final plans were reviewed for the election of a District Director for Subdivision three (South Friona School District) to be held Saturday, August 14 at the Hub Cafe.

Plans to attend the Panhandle Association of Soil Conservation Districts were made.

Election The Soil Conservation Service issued a reminder that Saturday, August 14, is election day in the Parmer County Soil and Water Conservation District.

The election will be held in the Hub Cafe, starting at 9 a.m.

District director now serving this area is Leroy Johnson.

Voters must own agricultural land within the subdivision (South Friona School District) and live in Parmer County.

Bull Town Days '76 Slated Next Week

The stage is set and final details being ironed out for Bovina's 13th annual community celebration, Bull Town Days 1976, scheduled for Thursday through Sunday of next week.

Everything is on schedule for the four-day celebration, which has been highly successful during its 12-year history, according to George Powell, general chairman of this year's event.

The celebration will kick off Thursday of next week with the Bull Town Queen contest at 4 p.m. at the Bovina Roping Arena.

As of early this week, four entries had been received in the contest, according to Mrs. Ed Corn, BTD Queen contest chairman. Several more girls have tentatively agreed to compete in the contest. Entries as of Monday this week were Tamra Lambert, Pam Rhodes, Kathy Falkenberg and Tamra Read.

Also on the slate of events Thursday will be the opening games in the Jovina Jaycees softball tournament with some 20 teams expected to be competing. Action in the tournament will continue Friday evening, all day Saturday and Sunday afternoon.

Some eight entries have been received as of Monday in the junior beauty pageant slated at 7:30 p.m. Thursday in the Bovina Schools auditorium.

The entry deadline for the junior beauty pageant has been extended to Friday, according to the pageant committee. Entry blanks may be given to Mrs. Larry Mitchell, Mrs. Bruce Caldwell, Mrs. Ronnie Sudderth or taken by the First State Bank of Bovina before 5 p.m. Friday.

On tap for Friday during the celebration is the annual chuck-wagon breakfast with Vernon Estes in charge of the cooks. The breakfast will begin at 6 a.m. at the Bovina Gin yard. Youth activities, sponsored by the Jaycees, will get underway at 10 a.m. at the city park. At noon, the old timers reunion and luncheon, sponsored by the Bovina Woman's Study Club, will be at the Masonic Lodge on Main Street.

The parade will begin at 3 p.m., according to Mrs. Jack Kassahn,

parade chairman. The parade will start at the ball park, travel east to Third Street, turn west at Avenue D and over to Eighth Street, and wind up at the ball park.

The beard growing, cow calling and fiddlers contests will get underway at 4 p.m. on Main Street with Joe Jones to serve as master of ceremonies.

The main feature of the celebration, the barbecue supper, will begin on Main Street at 5 p.m. There will be a minimal charge of \$1 per plate, according to Powell. Gaylon Rhodes has been appointed chief cook with Mrs. Daryl Kirkpatrick in charge of the servers. A variety show, with Mrs. Randy Barrett serving as chairman, will begin at 8 p.m. at the school auditorium.

Action in the slow-pitch softball tournament will resume at 8 a.m. Saturday. Also on tap at that time will be a new addition to the BTD activities, the "Almost Anything Goes" contest at Mustang Stadium.

Judging in the 16th Annual Quarter Horse Show, sponsored by the Bovina Roping Club, will begin at 10 a.m. at the roping arena.

A fall fashion show, sponsored by The Browsabout, will be at 3 p.m. in Community Room of the First State Bank of Bovina.

Finals in the "Almost Anything Goes" contest will begin at 7:30 p.m. at the football field. Rhodes, also chairman of that contest, said that five entries had been received as of early this week.

Saturday's activities will conclude with a dance, sponsored by the American Legion Post here, at 9 p.m. at the Legion hall on Third Street.

Beginning at 1 p.m. Sunday will be the finals in the softball tournaments.

The Great Southwest Shows Carnival will set up across the street from the ball park Tuesday for a six-day run, according to Powell.

Various civic and other organizations will sponsor carnival-type booths on Main Street all day Friday.

Five organizations have contacted Powell for booths, including the Knights of Columbus; the Cub Scouts, which will have a wet sponge throw booth; the Boy Scouts, which will sponsor a dunking board; the Lions Club, which will sponsor a dime pitch booth; and St. Ann's Society, which will sell homemade ice cream, pop corn balls and cookies.

Little Known Facts About Water

If the earth's surface were smooth, it would be covered with water to a depth of nearly 3 miles.

If only one polar ice cap were to be melted, it alone would feed all the world's rivers for 800 years.

The United States is the world's largest water consumer. Every day, on the average, we use about 345 billion gallons.

Drinking and cooking water can be made to look, smell, and taste better without costly bottled water or treatment devices. People who want an economical means of improving the quality of the water in their homes can get a push-but-

ton, countertop home water filter from Filterite.

In 1975, the United States government spent

over five million dollars to clean pollution from water.

Although doctors recommend you drink about eight glasses of water a day, the average adult drinks only 3.3.

FRIONA, TEXAS

New Faces Mark Teaching Roster

Friona Independent School District has hired fifteen new teachers, including an elementary school principal, for the 1976-77 school year.

"All teaching positions have now been filled for the new school term," reports Superintendent Tom Jarboe.

Mr. Freeman Melton, the new elementary principal, comes to Friona from Panhandle, Texas. He holds a M.Ed. degree from West Texas State University and has 26 years experience in Texas Public Schools. Mr. Melton is married and has four children.

Also hired for elementary school is Jean Ann Faver. Mrs. Faver is a recent graduate of West Texas State University with a B.S. degree. Her husband is a student at WTSU. She will teach fourth grade.

Judy Houston, from Post, Texas, will also teach fourth grade. Mrs. Houston holds a B.S. degree from Abilene Christian University. She has five years teaching experience and is married to the high school band director.

The fourth teacher hired for elementary school is Mrs. Judy Masters. Mrs. Masters will teach third grade and holds a B.S. degree from the University of Minnesota. Her husband is a lawyer, associated with Doyle Elliott's law firm and is also city attorney.

Five teachers have been hired in the junior high school.

Mrs. Rosemary Melton comes to Friona from Panhandle and is the wife of Freeman Melton. She has a B.S. degree from WTSU and has taught for 12 years. Mrs. Melton will teach fifth grade.

One of the new coaches will be Wes Bradshaw. Coach Bradshaw is a recent graduate of WTSU, with a B.S. degree. He is from Ropes, Texas and is single. This will be his first year to teach.

Teaching sixth grade and social studies will be Mrs. Ann Graves. Mrs. Graves is a recent graduate of WTSU with a B.S. degree. Her husband is Travis Graves. This will be her first year to teach.

The new junior high band director is Steve Rhodes. Mr. Rhodes holds a B.M. degree from Abilene Christian University and a M.M. degree from the University of Northern Colorado.

He is from Canyon and is single.

Kim Gober is the new junior high science teacher. Miss Gober is a recent graduate of Texas Tech University and is originally from Bovina.

Six new teachers have been hired in the high school, including two new head coaches and a new band director.

Harvey L. Haynes has been hired to teach industrial arts. Mr. Haynes holds a B.S. degree from Tarleton State University and a Master's degree from WTSU. This will be his first year in teaching. Mr. Haynes is married and has one child.

The new band director will be Scott Houston from Post, Texas. Mr. Houston holds a M.Ed. degree from Abilene Christian University. He served as assistant band director at Dalhart for four years and as head band director at Post for two years. His wife teaches fourth grade.

Pat Evans will be the new History and P. E. teacher. Mrs. Evans is a graduate of WTSU and has one year of teaching experience in Bovina schools. She and her husband Milton are Friona residents.

One of the new head coaches is football coach Lonnie Phillips. Coach Phillips has had 16 years experience in Borger, Fritch and Hart, and holds a M.Ed. degree from WTSU. He is married and has two children.

Head basketball coach and government teacher will be Jimmy Pope, Jr. Coach Pope has his B.S. degree from Texas Tech University and M.Ed. degree from WTSU. He has 15 years experience in Texas schools and comes to Friona from New Deal, Texas. Coach Pope is married and has three children.

Also hired for coaching and Jr. High science is Gary Rambo. Coach Rambo holds his B.S. degree from WTSU. He is from Groom, Texas where he taught and coached for one year. Coach Rambo is married and his wife will teach speech therapy in the Bovina Schools.

Mrs. Elizabeth Bizzell has been hired as the high school math teacher. She has a B.S. degree from WTSU and one year teaching experience. Mrs. Bizzell lives in Muleshoe and has three children.

G. L. (PREACH) CRANFILL

Services Held Here For Retired Merchant

Funeral services were held here Thursday for G. L. (Preach) Cranfill, 76, longtime Friona resident and retired merchant.

Cranfill died August 10 at the High Plains Baptist Hospital in Amarillo after being hospitalized since August 1. He had sustained a broken hip at his home, and had undergone surgery in Amarillo for the broken bone.

A native of Sweetwater, Mr. Cranfill was born in that city on April 5, 1900.

A longtime city resident had served as manager of Friona's Continental Elevator (originally known as Santa Fe Grain) for 34 years, retiring in 1966. He had been a member of the Union Congregational Church and the Oddfellows Lodge.

He also had served on the Friona School Board, during building projects, and had been a supporter of the establishment of Parmer

County Community Hospital.

Funeral services were conducted at the Congregational Church Thursday afternoon. Officiating was Rev. David Plumb, pastor. Burial was in Friona Cemetery, under the direction of Parsons-Ellis Funeral Home.

Survivors include two daughters, Mrs. Sue White of Friona and Mrs. Pat Patton of Lake Jackson, Texas, and one son, Dr. Lee Cranfill of Dumas.

Two sisters survive. They are Mrs. Eva Johnson of Muskogee, Oklahoma and Mrs. Doshie Hill of Glen Rose, Texas. Nine grandchildren also survive.

He was preceded in death by his wife Zola.

Serving as pallbearers were Gaylord Maurer, Percy Wilson, Jim Johnston, Charles Scales, J. Cranfill and Noel White.

The family requests that memorials be made in the form of contributions to Prairie Acres.

Bovina Gets New Market, Center

A gala grand opening sale began Thursday at Bovina Supermarket and Family Center, as the business celebrates moving into its beautiful new quarters on the Dimmitt Highway.

Billy Whitecotton and Billy Smith, owners and operators of the expanded Bovina enterprise, are throwing a tremendous Grand opening sale which runs from Thursday, August 12 through the following Wednesday, August 18.

"We want to invite everyone in the Bovina trade territory to come in and take advantage of our specials, and see our new store, if they haven't already," the owners say.

In addition to the tremendous bargains, customers are invited to register for one of two door prizes to be awarded next Wednesday. The grand prize will be a Sound Design home entertainment system, with AM-FM radio and eight-track recorder-player, with a retail value of \$349.95.

Second grand prize will be a Paulin Convertible lamp which operates either on battery power or plugs into a wall outlet. The lamp will either sit on a table or mounts onto a wall. Its retail value is placed at \$49.95.

Shoppers may also register their kids for hoola hoops, which are to be given away in three separate drawings. Children under 14 must be accompanied by an adult to register. Shoppers are encouraged to register each time they come in during the next week. It will not be necessary to be present to win the drawings.

In addition to registering for grand opening prizes, shoppers may continue to get their "Jackpot Day" cards punched each week, to be eligible for the \$50 cash prize given by the store each week.

Whitecotton and Smith began in business four years ago last April in their former location on Main Street. They indicate that they built their new building partly out of appreciation for the patronage they have received since launching their business enterprise.

"People in the Bovina area have been real good to shop with us, and we wanted to offer them an even better selection of goods, at the lowest possible prices," Whitecotton says.

The new building, built by Lewellen Construction Co. of Friona, contains 15,000 square feet of floor space, giving the company more than double its former footage for grocery items, plus around 5,000 square feet of Ben Franklin items.

The super market has expanded its line of grocery items with the addition of several brand names, plus items not previously carried. The frozen food and dairy department space is more than doubled from the old store.

Billy Smith, whose meat market has long been a favorite of shoppers in this area, has more than twice the space he formerly had, and will continue to feature "USDA Choice" beef for his customers. Shoppers may choose their favorite cut of meat from the display, and also may order whole or half beefs for freezer purposes from Smith.

The meat market has also added "Broasted Chicken" to its lineup. The fried chicken is available as a carryout item, and has proven very popular in other areas. In addition to the chicken, the "broaster" cooks corn dogs and burritos for those wanting them, as well as French fries.

When school starts, Smith plans to offer a special chicken lunch for those students wanting them.

Several new items are available at Bovina Supermarket and Family Center through the Ben Franklin outlet, which were not previously handled by the store.

These would include such items as toys, sporting goods, gift items, hardware items, small appliances, housewares, party goods, sewing notions, cameras and watches, house plants, plant food and garden supplies.

Complete details on the store's grand opening can be found in a four-page advertisement included in this issue.

Trap Shoot Is Slated

The Friona Gun Club will host a merchandise trap shoot Saturday and Sunday, August 14 and 15. The shoot will be a night activity beginning at 8 each evening. Everyone interested is urged to attend.

FHS Students Attend WTSU Band Camp

Twelve members of the Friona High School and Junior High bands attended West Texas State University's annual band camp last month in Canyon.

Those attending the two-week session from Friona were David Whitaker, Diane Westbrook, Roger Coffey, Janice Coffey, Regina Walters, Rory Brito, Mark Blankenship, Tim Mercer, Delinda Shipp, Kipi Fleming, Sydonia Tongate and Monique Osborn.

City Water Usage Hits Summer High

The City of Friona Administrative Department spent ten days during the month of July drafting the Annual City Budget for the fiscal year 1977.

The overall expenditures proposed were \$492,219, an increase of approximately 3.3 per cent over last year.

In other business by the administrative department during July, five building permits were issued. Two were for new residents and three were for storage facilities,

for a total of \$93,200.

The water department had a busy month, pumping 35,620,700 gallons of water with an efficiency of 93.1 per cent in the distribution system.

This amounted to 1,187,356 gallons per day pumpage and is the high for the summer.

The water pressure and fire sprinkling systems were checked and tested at Prairie Acres by Mr. McCormack of the State Insurance Board on July 16. Both were satisfactory.

Also in July, wastewater records indicated approximately 9,605,600 gallons of wastewater were processed at the plant. This amounted to 309,858 gallons per day and is down from the month of June.

The fire department reported four alarms sounded during the month, but none with serious damage.

Fire Chief Shirley and two firemen attended the annual State Fireman's Training School at Bryan, Texas, July 26-31.

The Police Department reported 53 arrests during the month; 42 traffic violations, three each for public intoxication and illegal aliens, two each for disorderly conduct and no driver's license and one runaway.

Park-Cemetery business included release of James Sweny as caretaker of the cemetery, July 23. David Fields was employed as his replacement.

Other city business during July included several new children participating in the summer reading program to bring the total to 55.

Jake Outland, the City Manager, attended a meeting of the Emergency Medical Service in Amarillo on July 15. Application was made July 16 for an EMS ambulance for the City of Friona.

Shower Honors Amanda Mason

A miscellaneous bridal shower honoring Amanda Mason, bride-elect of Ross Kent Miller, was held at the home of Mrs. Dean Blackburn, 608 Lela, on Saturday, July 31, from 3 to 5 p.m.

The table was covered with an ivory linen cut-work tablecloth and was decorated with a crystal punch bowl. Fruit punch, cake, nuts and mints were served.

The centerpiece was a man and woman made and decorated with kitchen gadgets, centered with daisies, roses and gladiolas were used throughout the home.

Corsages made from kitchen gadgets with blue bows were presented to the honoree, the bride-elect's mother, Amy Mason, and groom's mother, Mrs. Nelda Miller.

Special guests were Mrs. Roy Miller, Mrs. Hardy May, grandmothers of the groom, and the bride-elect's aunts, Mrs. J. P. Macon and Mrs. Reagan Looney both of Bovina.

Hostesses were Mrs. Blackburn, Mrs. Curtis Murphree, Mrs. James Procter, Mrs. Herb Seright, Mrs. Robert Zetsche, Mrs. Charles Sanders, Mrs. Baker Duggins, Mrs. Grady Nelson, Mrs. Bearl Broyles, Mrs. V. R. Wilcox and Mrs. Eugene Bandy.

Also Mrs. Bill Carthel, Mrs. Homer Lindeman, Mrs. J. W. Gammon, Mrs. Billie John Thorn, Mrs. W. L. Cleveland, Mrs. Alan Cockerham, Mrs. Doyce Barnett, Mrs. Peggy Bryant and Mrs. Raymond Fleming.

The hostess gift was a kitchen center.

Motor Company Moving

Standing in front of the new home of Jones Motors are, from left to right, Victor Cantu, sales manager; Dale Jones, partner; Jerry Gee Chrysler, district representative; and Noel Jones

Partner. The dealership will be moving from their East Main location to a new facility on South Highway 385 Aug 13-15.

With Your News Item

Don and Kay Cash and young son, Clay, recently moved from Denver to Salt Lake City. Before the move, Clay spent a couple of weeks or so with his grandparents, Mr. and Mrs. T. I. Bureson of Friona and Don's parents, who live in McLean, while his parents took a Caribbean cruise.

After having been employed by Amco about ten years, Don recently accepted a position with Mountain Fuel as a vice president. He is responsible for the company's exploration, lease acquisition, etc.

Immediately following his graduation from Texas Tech University, where he received a bachelor of science degree in engineering, he went to work for Amco in Fort Worth and was later transferred to Oklahoma City, Chicago and Denver.

T. I. and Melba aren't real happy about the increased distance between Friona and Clay, but are already making tentative plans to drive to Salt Lake City.

++++

Gary White, the oldest son of Carl and Lola, has had a very rewarding summer. He has been a counsellor at Yosemite Bible Camp in the national park in California.

Now, he's about ready to resume his studies at Lubbock Christian College, where he will be a counsellor at the men's dorm and a senator in the Student Senate.

Gary is a graduate of Muleshoe High School and will be a sophomore at LCC.

++++

Mr. and Mrs. Mack Weatherly and daughter of Tekamah, Nebraska, have been visiting relatives in this area. After spending a couple of days with the Clovis Baxters, Lonnie and Jewel and Charlie and Mary Lou, they came to Friona.

They were overnight guests in the homes of Mr. and Mrs. Lawrence Martin and Mr. and Mrs. Calvin Martin.

++++

At least two 1972 graduates of Friona High School are beginning their first teaching assignments this fall. Melissa Pruett, daughter of Tom and Martha Mae, will be teaching first grade at Hobart, Oklahoma.

She is a spring graduate of Southwestern State University, Weatherford, Oklahoma. Melissa has been home for a few days, but has gone to Hobart and is looking forward to the beginning of school.

Then, Mrs. Brent Wiseman, the former Vicki Beck, daughter of the J. C. Becks, will be teaching in the

Navasota school system. She is a 1975 graduate of Texas Tech University and was a teacher's aide in that school last year.

Brent is a senior at Texas A&M at College Station, where the Wisemans are living.

++++

Isadore and Sherrie Shelton Cordova are moving to Austin. Isadore is employed by a telephone company, Southwestern Bell, I think, and has been working in Houston several years.

He and Sherrie are both 1970 graduates of Friona High School and also graduates of Texas Tech University, Lubbock.

Sherrie is attending nursing school in Houston and plans to continue her studies following their move to the Capitol City.

It seems that Izzy's vacation didn't quite coincide with Sherrie's class schedule this summer, so each of them visited relatives in Friona, but not at the same time.

++++

Jim, Mark and Neal Mabry are visiting their paternal grandparents, Mr. and Mrs. James Mabry in Grants, New Mexico. Jimmy and Betty took the boys to Cline's Corner Wednesday to meet their grandparents.

++++

Raymond Schueler of the Rhea Community is a surgical patient at Methodist Hospital in Lubbock. He had heart surgery Tuesday morning and is reported to be making satisfactory progress.

His oldest son, Dale, and his wife, the former Donna Lewellen have been in Lubbock and also visited Friona relatives, and will be moving to Coleman, Texas soon.

++++

Mrs. Frank Stone, a former Friona resident who has been living in Fort Smith, Arkansas, for the past several years, has moved back. She is the mother of Mrs. Bill Ellis.

++++

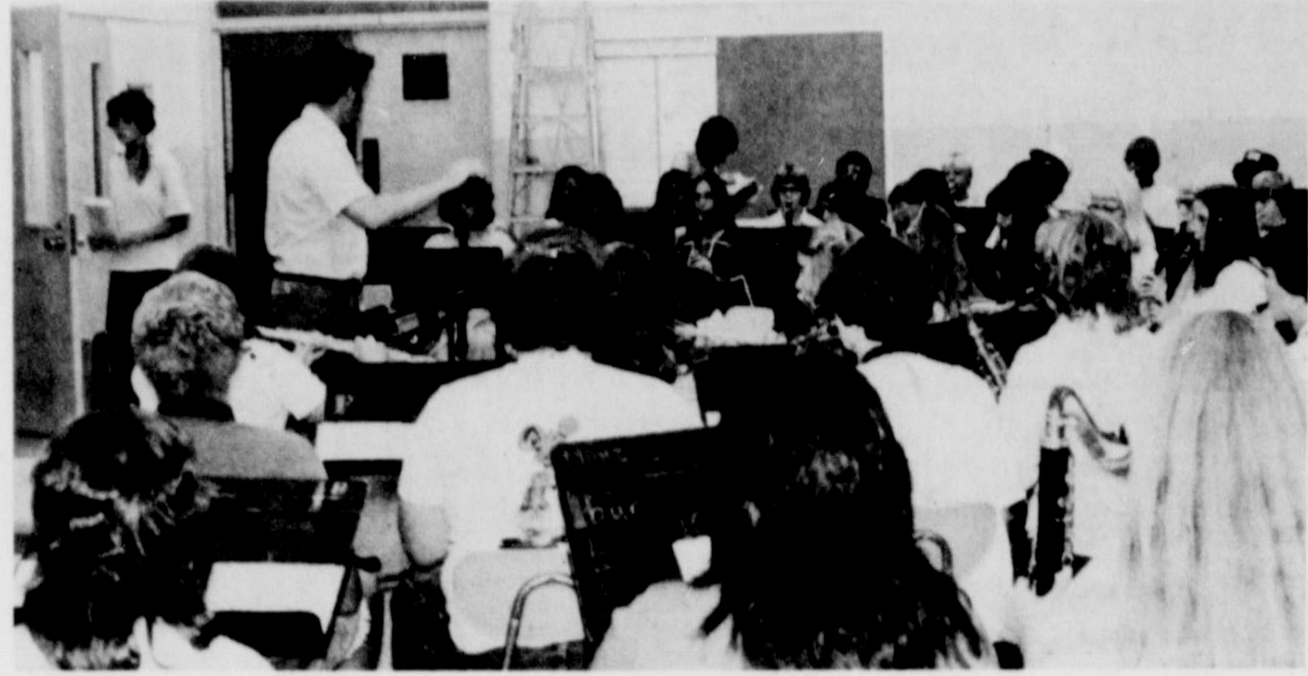

Mr. and Mrs. Mark Shackelford of Abilene are visiting her parents, Mr. and Mrs. Stan Bengel, for a few days between sessions of Abilene Christian University.

Mark and Debbie have also been visiting his parents, Dr. and Mrs. Loyd Shackelford of Hereford.

++++

Mr. and Mrs. Scott Houston have moved to 1105 Etta from Post. Scott is the new Friona High School band director and Judy will be teaching fifth grade this school term.

Judy is visiting her parents, who live at Mertzon, this week.

BAND PRACTICE....The Friona High School Band held its first practice session last Thursday night

in the band hall. New music was passed out and rehearsals for the next week were announced by new

director Scott Houston. The band will practice Monday, Tuesday and Thursday at 7:30 p.m.

Dale Schueler Earns Degree At Texas A&M

Dale R. Schueler of Friona was one of 126 students awarded Doctor of Veterinary Medicine degrees August 6, from Texas A&M University's College of Veterinary Medicine.

Texas A&M's College of Veterinary Medicine produces ten per cent of the D.V.M. graduates in the United States and is the largest such college in the nation.

Schueler, son of Mr. and Mrs. Raymond Schueler, received his degree magna cum laude.

Dale and his wife, the former Donna Lewellen, are moving to Coleman, where he will be associated with the Coleman Veterinary Clinic.

J.W. Baxter Family

Has Annual Conclave

The annual J. W. Baxter family reunion was held August 6, 7 and 8 at the Villa Inn, Amarillo.

The six living children of the late Mr. and Mrs. J. W. Baxter were present. They are: Lonnie and Jewell Baxter, Charley and Marilou Baxter all of Clovis, New Mexico; Clarence and Eva Baxter of Rye, Colorado; Lou and Imogene Baxter of Chivington, Colorado; Bill and Beth Baxter of Faith, South Dakota; and Miles and Nora Robbins of Blunt, South Dakota. Also Calvin and Ann Martin of Friona.

There were 97 relatives present. The group attended the performance of "Texas" in Palo Duro Canyon on Saturday evening.

Library Corner

"The Kitchen Sink Papers—My Life as a Househusband" by Mike McGrady is available at Friona Public Library.

Mike McGrady quit his job as a successful syndicated columnist to become a housewife.

During his year as a housewife, Mike McGrady lost more than a few of his masculine preconceptions. However, one thing he didn't lose was his sense of humor—that helped him survive and this is the tale he lived to tell.

As a forty year old man he had to learn to cook, clean up, pick up after three kids, go head to head with bargain hunters and plead with his wife for a raise in allowance, and in general live the life that half the human race accepts as its lot.

Reception Set For California Couple

Mr. and Mrs. Harvey W. Matthews, residents of Friona during the 1930s and now living in Long Beach, California, will celebrate their sixtieth wedding anniversary with a reception and dinner at the home of a granddaughter, Mrs. Michael Szklarski of Alhambra, California, on Sunday, August 15.

Harvey Matthews and the former Viva Ritter were schoolhood sweethearts in Water Valley, Texas, where they were married August 14, 1916.

Matthews has had a widely diversified career. At various times he taught school, played professional baseball with a minor league team, and farmed in the Plainview area.

In 1932, he moved his family to a

Jerry Teels Have Girl

Mr. and Mrs. Jerry Teel of Rt. 4, Hereford, announce the birth of a baby girl, at 7:02 p.m. Thursday, August 5, at Farmer County Community Hospital in Friona.

Named Shelia Dee, the new arrival weighed six pounds, 12 ounces, and was 20 inches long at birth.

Shelia Dee has one sister, Trisha Ann, three years old.

Grandparents are Mrs. Ralph Thurman of Fritch and Mr. and Mrs. W. D. Buske of Friona.

Great-grand parents are Mr. and Mrs. W. F. Buske of Friona and Mr. and Mrs. Neff Turner of Abernathy.

Mrs. Teel and daughters will be at her parents home for the next two weeks while Jerry is attending National Guard.

1600-acre wheat farm eight miles southeast of Friona, which he managed in partnership with his brother-in-law, Levi Ritter. Later he and Ritter operated a billiard parlor in town, and Mr. Matthews managed the Friona Credit Bureau.

In 1940 the family moved to Southern California, where Mr. Matthews worked as a foreman at California Shipbuilding Corporation. At the close of World War II, he established his own barbershop in North Long Beach, retiring in 1967. He is a sports enthusiast and golfs twice weekly.

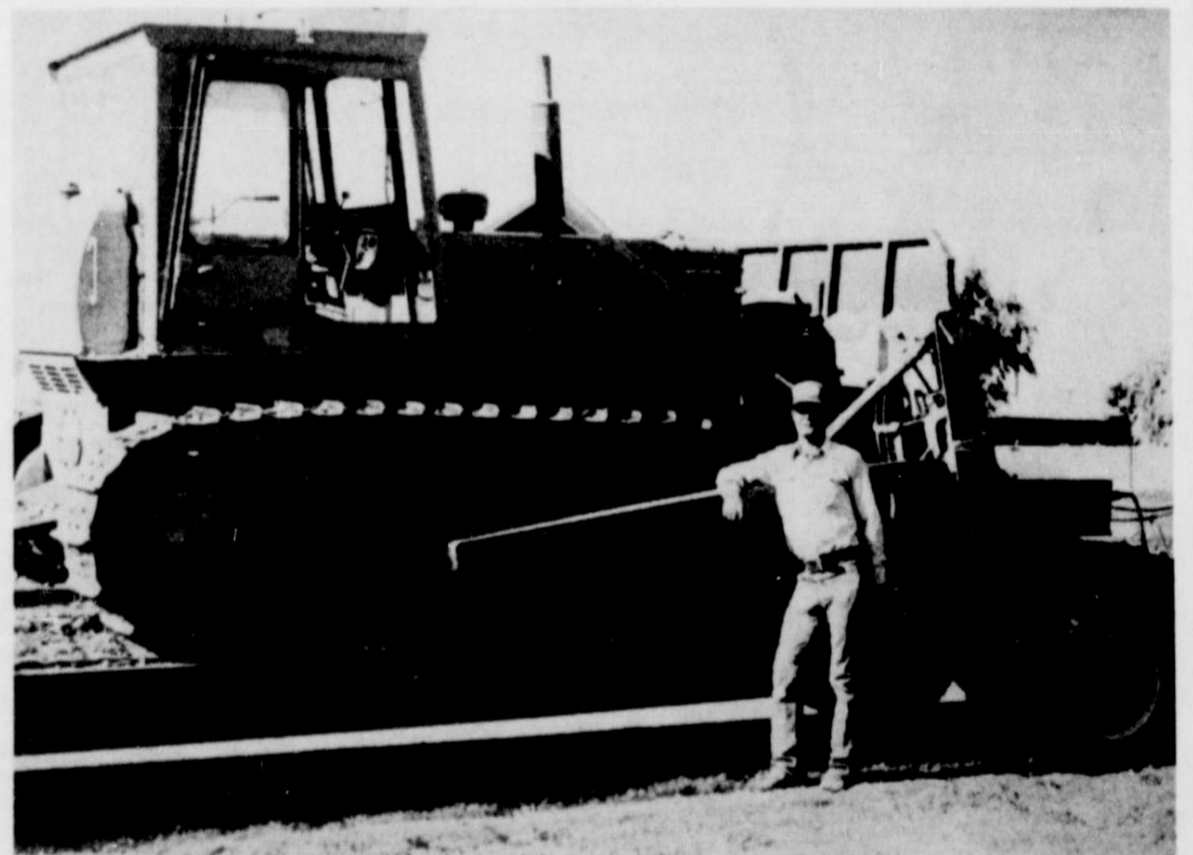

Mrs. Matthews, except for a brief stint with an aircraft company during the war, has devoted herself to her family and to a large circle of friends. Her hobbies include cooking and needlework.

The couple has remained in contact with good friends in Friona throughout the years, visiting here last in the summer of 1965.

They have two children, Dr. H. Ray Matthews of Alhambra and Mrs. Connie Matthews Baurac of Pico Rivera, California; four grandchildren and two great-grandchildren.

PRESENTATION MADE.... Guy Finstad (left), president of the "Vocational Agriculture Teachers Association of Texas", is shown in the above photo presenting Benny Pryor (right) the 25 year tenure pin,

which is given by his organization. Friona Vocational-Agriculture Instructors Pryor and Paul Smith (center) also received the "FFA Newspaper Award". Presentations were made in Ft. Worth on August 3.

School Begins...

(Continued from Page 1)

upon registration. "We encourage students to buy monthly meal tickets if at all possible," said Mr. Jarboe. Meal prices for kindergarten through fourth grades will be 60 cents, fifth through eighth grades will be 65 cents and ninth through 12 will be 75 cents. Buses will begin regular schedules on Monday, August 23 and school hours will be 8:45 a.m. - 3:45 p.m. Jarboe encourages all parents living north of Highway 60 and east of Main Street to urge their children to use the crosswalks provided.

Bicentennial Choir In Command Number

The Bicentennial Choir will once again present their program "I Love America" on Tuesday, August 31. The program will be presented at 1:30 p.m. in the Friona High School Auditorium, for the high school students according to choir director Geary Brogdon.

A practice session will be held on Sunday, August 29, at 3 p.m. in the high school auditorium.

DAM FUNCTIONS....The floodwater retention dam near Bovina functioned for the first time this week after heavy rains to the west of that area. Soil Conservation Service

employee Duval Burton is shown standing on the huge pipe, which was running more than half a pipeful.

Mustangs Are Rebuilding; Five Lettermen Back

Bovina Mustang gridgers, picked to finish in the District 3-A cellar by a pre-season football publication, started preparations Monday for the 1976 campaign which will find the Ponies clashing with two Class AA and three Class B non-conference foes before entering district warfare.

The low pre-season rating does not surprise Head Coach Joe Christian, starting his second year as head gridmaster here. Christian has only five returning lettermen from last year's squad. Only two of those five were two-way starters last year.

The returnees include Tommy Serna, senior halfback; Elezar Robledo, Jr. end; Gerald Shelby, Jr. halfback; Randall Ritchie, Sophomore tackle; and Ruben Salazar, sophomore back.

Christian said 30 pro-

spective gridgers reported for the first of the two-a-day sessions Monday morning, however, he expects some 10 to 15 more. The head coach expects some seven seniors, six juniors, 16 sophomores and 16 freshmen to compete for places on the varsity squad.

Assisting Christian this year will be Zane Reeves, varsity offensive and defensive back coach; Ric Smith, head junior varsity and junior high coach; Joel Nelson, assistant JV and junior high coach; and Richard Rendon, junior high coach.

Two-a-day drills began Monday morning with the sessions set at 8 a.m. and 5 p.m., according to Christian. In accordance with Texas Interscholastic League rules, contact is not allowed the first four days.

"We are definitely going to be in a rebuilding year,"

said Christian this week. "We have a bunch of young, inexperienced kids, but by mid-season I feel we will be showing some definite improvement and will be in contention in the district race."

The Mustang's 1976 gridiron schedule is as follows: Sept. 3, Boys Ranch, there; Sept. 10, Happy, here; Sept. 17, Lazbuddie, here; Sept. 24, Lubbock Christian, there; Oct. 8, Amherst, here; Oct. 15, Farwell, there; Oct. 22, Springlake-Earth, here; Oct. 29, Kress, there; Nov. 5, Vega, here; and Nov. 12, Hart, There.

The Top-O-Texas Football magazine has predicted the District 3-A race as follows: Hart, Farwell, Vega, Springlake-Earth, Kress and Bovina. None of the District 3-A teams were picked in the top 10 Class A schools.

"YOU CAN DEPEND ON US"

BICENTENNIAL SALUTE....The State of Texas will be honored August 24-25 at Mt. Rushmore National Memorial in the Black Hills

of South Dakota. Rushmore is a national Bicentennial focal point and the site for the 11-day Days of Honor commemoration which will recog-

nize each state and territory in the United States this summer. (SD Tourism Photo)

Texas Lone Star Flag To Fly Over Mt. Rushmore

The State of Texas Lone Star flag will fly over Mt. Rushmore National Memorial in South Dakota's Black Hills August 24-25, as this national Bicentennial focal point recognizes Texas in the National Park Service's 1976 "Days of Honor" commemoration. Sec. of State Mark White will receive the Texas flag in ceremonies at the memorial, Aug. 25.

"The Texas flag which flies over the memorial will be presented to Sec. White during our evening lighting ceremonies," says Rushmore Supt. Harvey Wickware. "Ceremonies both days will recognize Texas in the 1976 Days of Honor commemoration developed to fulfill Rushmore's role as a national Bicentennial focal point."

The Lone Star flag also flies in a special Avenue of Flags constructed for the Bicentennial at Rushmore. South Dakota Gov. Richard Kneip, on behalf of all South Dakotans, has invited any Texans traveling north to take part in their state's days at Rushmore.

The Mt. Rushmore Days of Honor program began May 21 and continues through Sept. 8, with each state and territory in the nation receiving homage at the Shrine of Democracy.

Located on a 6,000-foot-high granite mountain, the Shrine of Democracy was carved by Gutzon Borglum as a monumental summation of the American Republic. Borglum chose

four Presidents (Washington, Jefferson, Lincoln, Theodore Roosevelt) to symbolize the growth of the United States. The portrait bust of each is 60 feet high. Rushmore's unique attribute of being a memorial for the whole nation, rather than just one section, led to its national Bicentennial designation by the American Revolution Bicentennial Commission in 1971.

Fuel Facts And Fallacies

Of the three basic kinds of foods we use to fuel our bodies—proteins, carbohydrates, and fats—the one that provides the most energy is fat, which yields nine calories per gram.

If construction and operation of nuclear power plants were restricted by unwarranted safety fears nationwide, for a period of five years, U.S. consumers could pay more than \$230 billion more for electricity, a study by University of Missouri experts indicates.

Steam is a powerful fuel. In fact, the 2,000 geysers spouting steam in Yellowstone National Park provide enough heat to melt three tons of ice a second.

PAUL DURHAM IN THE DIBOLL FREE PRESS....Presidential candidate Jimmy Carter has been successful thus far in carving a huge lead chiefly because he wisely discerned that the American people are tired of the old politics.

"The old politics is dead, it is gone from our way of life," said pollster Louis Harris last week.

Harris went on to define "old politics" as those candidates who use the fear tactic to attack their opponent and those candidates who promise the electorate anything to get elected.

Carter has done neither of these things and so he is a believable person to many Americans, said Harris, because voters realize they have voted before for politicians who have promised an end to crime in the streets and yet it flourishes; voted for candidates who promised to balance the budget yet the deficits continue to soar; voted for candidates who promised jobs for everyone and instead created more taxes for most; voted for candidates who simply promised more than they could deliver.

Americans realize that one man cannot deliver on all these promises and so they want to turn to a person who promised only to do the best job he can. In realizing this, Jimmy Carter has correctly defined the American desire sooner than most others in politics. Carter, of course, has proved to be a sure political tactician in other ways, but his recognition that the "old politics" is dead is his most valuable asset so far, Harris believes.

Despite Carter's wide lead at present, Harris predicts a close election in November, regardless of who the Republican nominee might be.

We hope Louis Harris is correct in predicting that we've seen the end of at least some of the political maneuvering which politicians have used for years. The real test will come at the conventions when we will see what sort of platforms are adopted and how much the two parties intend to promise the electorate.

JIM FITZGERALD IN THE MASON (MICH.) NEWS....The idea was to get to know my two teenage kids again. I might learn to like them again, the way I did when they were tiny and I could cuddle them in my arms and easily lock them in a cupboard.

So we drove to Florida for a holiday vacation. Ma, Pa, 17-year-old Ed and 19-year-old Christy, packed with all our earthly tape decks and electric curlers into our six-year-old gas-gulping Oldsmobile. 3,029 miles round-trip with stops at several motels to watch the toilets overflow.

God help us all. It was our first family vacation in at least five years. We took the kids everywhere with us when they were little because that's what All-American families always did on Saturday Evening Post covers. We went the complete route Together, Waltons on wheels, visiting the Mayflower, Parrot Jungle and 1,456 flopping seals.

Then, one day in St. Louis, while my neck was still sore from looking up at McDonald's biggest arch, the kids grew up.

They announced they were bored sick with Ma and Pa and the amusement park life. They didn't want to follow the pioneer trail, marked only by billboards, to the village of the Neon Indian. They wanted to go home and see their friends.

It was an Emancipation Proclamation and from that day on, my wife and I traveled free. The children stayed home with the peanut butter. It was marvelous to check into a Holiday Inn and be reminded why the word "motel" is a double entendre when Johnny Carson says it.

But, just like in a Chester Morris movie, the calendar pages flipped. Came Christmas 1975 and an invitation to revisit our favorite spot—beautiful Marco Island on the west coast of Florida. Suddenly my wife decided her two youngest had to see the island before they were too old for me to pay for it. And the lousy

kids agreed to go, not because they really wanted to, but because they like to hear me sob hysterically.

So I got to know my kids again. I learned important things.

Ed is no problem traveling if you don't kind nudge and pushing and otherwise guiding him between bed and board. He can't respond to spoken directions because two earphones have become permanently attached to his head. He carries a tape player everywhere, with spare batteries in every pocket and extra Frank Zappa tapes in his mouth. (If you don't know who Frank Zappa is, say thank you to God.)

Christy always agrees with her mother. This meant I had no chance of winning the domestic disputes which inevitably occur along the freeway.

When I am the pilot, my wife is navigator, in charge of reading all maps and signs. I require explicit instructions and constant reassurance. When the proper procedure toward Florida is to turn left at the next exit, I want to be given that information several times as I approach the turn. When, for the 15th time, I ask, "Is this where I turn left?" I do not appreciate such answers as "Right, unless you want to go into the ocean."

Such sarcasm is dangerous. Obviously, when the navigator is asked if a left turn is the right turn, she should not answer "right," she should say "correct." When the navigator consistently refuses to obey these most rudimentary rules of safety, the pilot is certainly justified in screaming and pounding the steering wheel and threatening to kill.

But my wife doesn't see it that way and neither, I learned during this rebirth of blessed fatherhood, does our darling daughter. It was two against one all the way, with no help from my son because the angriest pilot in the world can't holler louder than Frank Zappa.

I didn't win one argument in 3,000 miles. Onward and Upward, except when you turn left. Right?
