HEARINGS WHICH will be vital to this area's future are scheduled for next Thursday and Friday in Lubbock.

The hearings are in regard to changing the priority on use of natural gas for irrigation purposes.

I think everyone in this area can see how important the uninterrupted availability of natural gas is to the area. Those who can should definitely attend the Lubbock meeting.

For details on the hearings, see the news story and advertisement in this issue of the Star.

+++

THE CURRENT ISSUE of the Grain Producers News magazine has a fine feature article, along with some excellent pictures from "New Cave," the attraction which was opened to the public a little over a year ago.

It was exactly a year ago that we joined with a group of press representatives from New Mexico and West Texas in a special tour of the cave. It was an experience we will long remember, and recommend to anyone who enjoys hiking or exploring.

We are to be guests of the Carlsbad Chamber of Commerce again this week for their Press Day activities.

This time we plan to go back through the regular cavern. It will be "sissy" after our trip to New Cave, but we still enjoy seeing the cavern. It is one of nature's real wonders, and something every resident of this area should see, being within driving distance.

+++

THE SCHOOL YEAR is coming to a close, but there is still quite a lot of sports news on the local scene.

Top story in sports locally was the naming of a new head football coach for Friona High School, only the third new head coach for FHS since 1960.

Mike Garrison is an impressionable young (31) coach. He must make a good impression, because the school board had 29 applicants for the job, before trimming it down to the Dalhart native.

Garrison says he remembers a couple of games he played against Friona while he was in high school at Dalhart. One in particular was his sophomore year (1958). The Wolves practically had the district title in the bag. They needed a win over Friona in the final game to clinch the title, but Friona turned the tables with a 13-6 win.

The new Friona coach will get to visit his alma mater next October, when the Chieftains and Wolves again tangle. This series has produced some good games in recent years, and beginning this fall there will be a new angle for the game.

+++

FRIONA TRACK TEAMS have had a good year. Particularly the Squaws, who just returned from Austin where they ran in the mile relay event for the second straight year.

The Friona girls clipped off a fabulous 4:00.2 timing in the event, more than five seconds better than the school record, but had to settle for second place behind district mate Olton, who was timed in 3:59.8. The Olton girls also brought home the team title for class AA.

As a sidelight to the event, one of the Squaws was completing a "second generation" of running in the state finals in the mile relay.

Paige Osborn, who made the relay team as a freshman, has no doubt been told that her father, M.C. Osborn, was a member of the first place state mile relay team from Friona in 1954. She has three more years to try to equal Papa's first place medal, but we imagine they are all proud of the silver medal.

+++

PREDICTING THE WEATHER in Texas is hard enough at best, but something new has been added.

Those of you who watched Johnny Carson's program Wednesday night may have seen farmer John McAdams of Huntsville, Texas, who predicts the weather by observing his cow, "Brimmer."

McAdams and the local weather bureau in Huntsville staged a contest to see who would be the most accurate. The farmer led for most of the contest's duration, but the weather bureau finally edged him out a couple of days in coming closer to the weather.

A weather cow! We've heard it all now.

+++

SOMETHING ELSE we heard the other day that we thought was worthy of passing along:

After viewing all of the television commercials, we're trying to figure out how cereal can be so good for your children, and yet so bad for your dog....

MOTHER'S DAY MEMORIES....Mrs. A.W. (Ruby) Wood, a resident of Friona for the past 47 years, pauses to enjoy Mother's Day with a couple of her grandchildren, Jeffrey and Debbie. Mrs. Wood, who has two living children, nine grandchildren and 14

great-grandchildren, is typical of the mothers across the nation who will be getting together with their families. A keeper of the nursery at First Baptist Church for some 13 years, Mrs. Wood is still active despite a broken hip she suffered a year ago.

Hearing Is Vital To Agriculture

A hearing to determine the future of natural gas for irrigation fuel will be held next Thursday and Friday, May 15 and 16, at Lubbock, it was announced this week.

The Lubbock hearing, one of three to be held in the Southwest, will be at the Federal Building, 205 Texas Avenue from 9 a.m. to 5 p.m. each day.

Those interested in maintaining natural gas for irrigation purposes, including civic leaders, are urged to attend the hearing, or at least register their attendance.

There will be no curtailment of natural gas for irrigation until the hearings are over and the initial decision is reached by an adminis-

trative law judge, according to a spokesman in the Washington office of Sen. John Tower of Texas.

The future of natural gas as a farm fuel has been in question since the Federal Power Commission issued a ruling last December which lowered the use of natural gas for agriculture from second to third priority.

Although that decision applied only to customers of El Paso Natural Gas Company, observers believe the action will eventually result in curtailment of natural gas as a farm fuel throughout the United States.

Spokesmen for agriculture feel such curtailment would have a devastating effect on production of

food and fiber.

Officers and staff of Grain Sorghum Producers Association, headquartered in Lubbock, have worked full time since the December ruling to block the curtailment and have sought to move the hearings from Washington to the Southwest where farmers will be hardest hit by loss of natural gas.

Working with the Plains Gas Users Association and Southwest Consumers Association and Southwest Consumers Association, GSPA spokesmen have continually stressed the technical and economic impossibility of converting irriga-

Jr. Rodeo Set May 16-18

The third annual Friona Junior Rodeo will be held next Friday, Saturday and Sunday, May 16-18, at the Friona Roping Arena.

Seven events will be featured on Friday and Saturday nights at 8 p.m., and at 2 p.m. Sunday.

Events include bare back bronc riding, bull riding, tie-down roping, ribbon roping, barrel racing, pole bending and goat tying.

There will also be a calf scramble at each performance.

Belt buckles will be awarded to winners in each event. In addition, all-around buckles will be awarded. Entry fees of \$15.00 for two

go-rounds will be charged. Cash or money order will be necessary to accompany each entry, along with a minor's release.

There will be two age groups, 14 and under and 15-19, except for the bucking events.

Halliday Rodeo Co. of Elida, N.M. is the stock producer.

Entries may be sent to the Friona Riding Club, Box 582, or phone 247-3073.

Serving as rodeo royalty this year are Donna Rector, Riding Club queen, and Robin Zetsche and Faith Mays, sweethearts.

RODEO ROYALTY....The Riding Club queen and sweethearts display the prize buckles they will be handing out at next weekend's junior rodeo. Club queen is Donna Rector (center). Sweethearts are Faith Mays (left) and Robin Zetsche.

Friona Industries In Quarterly Report

Friona Industries, Inc., reported net income of \$59,928, or 5 cents per share, on revenues of \$12.9 million for the third quarter ended March 31, 1975. This compared with net income of \$96,695, or 8 cents per share on revenues of \$14.2 million in the same quarter of the prior year.

In the first nine months of the current fiscal year, the Company had a net loss of \$475,589, or 38 cents per share, on revenues of \$34.1 million, compared with net income of \$1.4 million, or \$1.26 per share, on sales of \$39.7 million in the same period of the prior year.

"The Company presently has no short-term debt, working capital remains strong at \$6.6 million, and liquidity has been maintained," said John G. Carrothers, President.

"Even though the cattle business during the third quarter continued to undergo severe difficulties, our custom cattle feeding, grain and trucking operation more than offset losses in manufactured feeds and animal health supplies," said Carrothers.

"The Company sold about 6,300 head of Company-owned cattle at a loss during the quarter. However, because of reserves which had been set up, no additional write-downs were required. Occupancy at the Company's feedlots, which have a combined capacity of 124,000 head, was at about 41 percent at the end of the quarter," explained Carrothers.

"As a result of the extreme and continuing economic pressures on our primary agri-business operations, we have continued to trim budgets, reduce inventories, and implement other cost cutting measures which have enabled the Company to remain financially viable. These measures will be beneficial to present and future operations, particularly when the overall economy of our business begins to show improvement," he said.

Operations of the Company's animal health store in Garden City, Kansas, were consolidated with the Guyton, Oklahoma store. Customers in the Garden City area can still be efficiently served from Guyton.

The Company continues to conduct research and testing on a new organic fertilizer utilizing cattle manure from its feedlots. These tests are being conducted at three universities. Marketing of one type is being done on a limited basis, and the Company has hired a highly qualified man to supervise fertilizer operations. Both regional and national marketing possibilities are being pursued. No additional capital

investment or equipment will be required in this fertilizer venture.

"Although government figures reflect that the total number of cattle in the United States is the highest in history, the most recent on-feed report for April 1 indicates that the number of cattle on feed in the 23 major feeding states is down 31 percent from a year ago," he commented.

"This is the smallest number of cattle being fed since 1963. Feedlot occupancy in Texas, as well as in most of the cattle feeding areas, is at an unusually low percentage," Carrothers added.

"Since our quarter ended March 31, the severe shortage of available grain-fed cattle has caused prices to trend upward, bringing about a profitable situation.

"To summarize our outlook for the future, we view it with cautious optimism," concluded Carrothers.

Pre-School Day Slated Here Friday

A pre-school day for 1975-76 kindergarten students has been scheduled for Friday, May 16, it was announced this week by elementary school principal J.T. Gee.

Parents who have children who will be five years of age prior to September 1, 1975 and have not received a letter from the school are urged to call 247-2240 or go by the primary office to register the child.

Gee emphasized that there would be no pre-school day for next year's first graders, since they will have already attended kindergarten.

Scouts Slate Open House

The Scout Hut for Friona Boy Scouts and Cub Scouts will have an open house to show off their new building on Thursday, May 22 at 8 p.m.

The Kwahadi Indians from Amarillo will be here and present Indian folklore dances as an added attraction.

Admission will be \$1.00 for adults and 50 cents for children. After the program at the community center everyone is invited to tour the new scout building.

OWEN IS A. D.

Mike Garrison Is New Head Coach

Mike Garrison, 31, was named head football coach at Friona High School this week, according to Tom B. Jarboe, superintendent of schools.

At the same time, it was announced that former head coach Bob Owen, named recently to a new administrative post, will continue as athletic director at FHS.

The selection of Garrison concluded a week of interviewing which began with 29 formal applicants for the position.

Garrison comes to Friona from Plainview, where he served as first assistant and defensive coordinator at the class AAAA high school. The Friona job will be his first as a head coach, although he has ten years of experience in coaching.

The new Friona coach has served as first assistant for programs which produced records all the way from 4-4-2 to 9-1. He has never been associated with a losing record in his high school coaching career.

Garrison began his coaching career as an assistant in the L.D. Bell High School system at Hurst, another class AAAA system. He spent two years as first assistant at Kermit High School, two years as top assistant at Liberal, Kansas, and a year at Spearman prior to going to Plainview.

At Liberal, Kermit and Spearman, he was associated with head coach

Greg Sherwood, who is currently head coach at Spearman.

"I am real excited about the prospects of coming to Friona. The athletic program here is well thought of. It has a good background of tradition. I feel that the job offers a tremendous opportunity, and we look forward to working at Friona," Garrison said this week following the announcement.

A native of Dalhart, Garrison was all-district and all-regional for the

Golden Wolves in 1960. He holds a BS degree from Northwestern State College, Alva, Oklahoma, where he was a starter on both offense and defense in football four years. He received his master's degree from North Texas State University, Denton, in 1969.

Garrison and his wife Cheryl are parents of two children, a daughter Leslie, seven, and a son Jay, four. They attend the Presbyterian Church in Plainview. Garrison has been a sponsor in the Fellowship of Christian Athletes chapter.

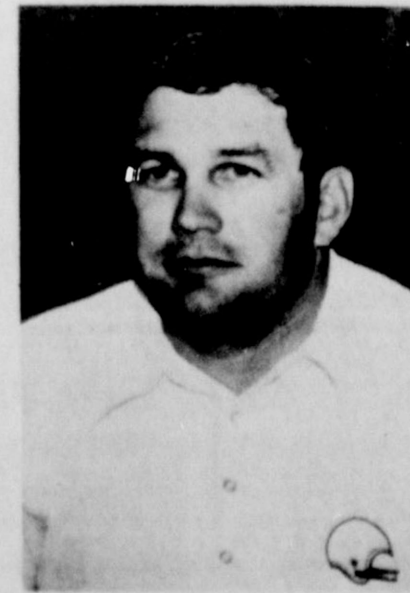

The new Friona coach plans to run the Wing-T and Slot-T offense at Friona.

"It is a multiple offense, utilizing the fullback trap. It has been real successful for us in the past," Garrison says.

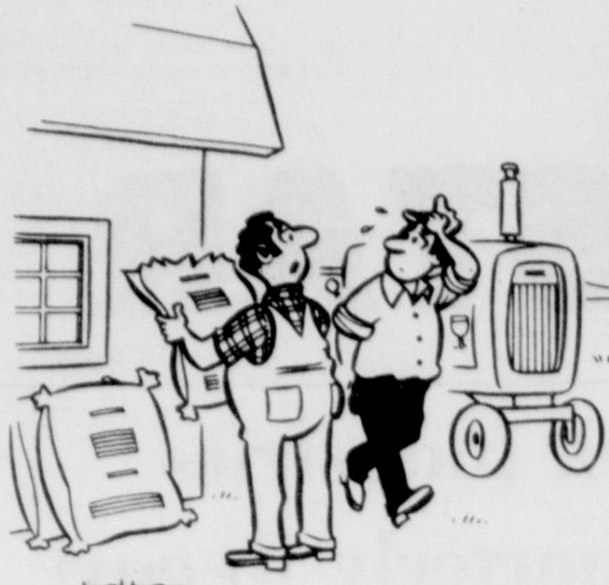

In the classroom, Garrison has taught history, government and civics.

Owen will retire from active coaching after 12 years with the local system, including seven years as head coach. He holds the record for number of years coached at FHS, and also for the most number of wins, 41. He compiled a seven-year mark at Friona of 41-28-1, a winning percentage of 59.3.

In his 12 years as head coach or assistant at Friona, the Chieftain teams had a combined record of 74 wins, 45 losses and two ties.

MIKE GARRISON

"Guess what, Ed? You just planted 10 acres of high-protein dog food."

Current Comments From . . .

GILFORD MOORE in THE SUNRAY NEWS....During the three ages of man the subject of group conversation of the male sex varies with the ages represented. If it's a mixed age group, time devoted to the major subjects of interest is about equally divided.

If it's a youthful group the conversation centers around girls, cars and car performance, and the most active sports. Later on, after marriage and settling down to the serious business of making a living, it's women, cars, business and sports, with a little less time devoted to the first subject as the group nears the forty mile mark.

Once the group hits the "middle-age-and-past" category, there begins to creep into the conversation references to aches and pains. But fishing and the less strenuous sports still maintain a lead, but just barely. The subject of women, which once led in subjects discussed, is now lagging far behind.

done little about rural problems except to talk about them.

It's high time that rural America gets back into the nation, but at the rate things are going, this will never happen.

Somehow all of the solutions and all of the legislation designed to help rural America never gets put into operation. Whenever there is a natural disaster that wipes out crops, Congress may pass a law calling for loans to the afflicted areas, but by the time the red tape gets untangled and the loan money goes through enough bureaucratic channels, rural America has worked itself out of a crisis without federal aid.

Last week there was a four day conference in Washington called by the Rural Housing Alliance. About all that was accomplished was a lot of deploring and wringing of hands regarding rural problems.

It was pointed out that since 1960, 146 bus companies have ceased operating and nearly all of these are in cities of less than 25,000. It was pointed out that in most small towns of America, there is no public transportation of any sort, not even an Amos 'n Andy taxicab.

The Department of Transportation has maintained all the time that it is not authorized to help rural communities meet their transportation needs. Yet there is talk of jacking up gasoline prices to force people out of their cars and into mass transit. Where will that leave the rural resident? On foot, of course.

HEW laid out more than \$6 billion for income maintenance assistance last year and 75 per cent of it went to metropolitan areas.

The Department of Agriculture laid out \$2 billion worth of food stamps last year and city based Congressmen wailed about how much the farm program was costing, and 8 per cent of the food stamps ended up in the big cities, having nothing to do with farming or farm problems.

Slums have come to be identified with the inner city, but the shacks and tin roof shanties in rural areas comprise 60 per cent of the country's substandard housing.

Some 140 rural counties have no physician at all, an increase of 63 per cent since 1963. Those rural areas with doctors are finding that the ones serving them are getting older and nobody is moving in to replace them.

It is obvious that Uncle Sam spends most of the tax money in the big cities. Is this because rural residents don't pay their share of taxes? Not hardly. People in rural America pay their full share and get less than their full share back.

Only a few decades ago, the ideal life was on the farm and small town. However, the trickle of people from rural areas into cities became a flood and now most Americans live in the cities and know very little about rural America.

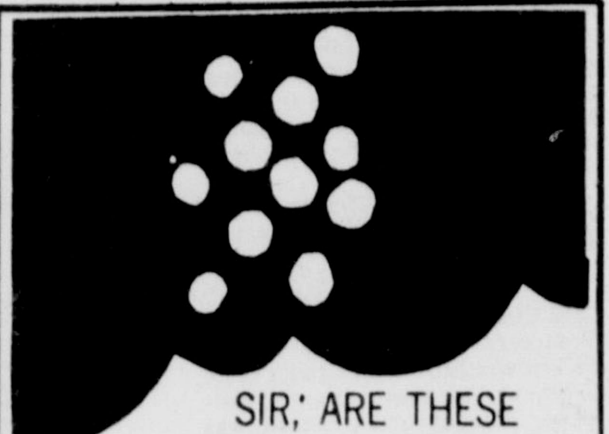

All of the conferences and speeches and publications fall short of a solution to a real problem—letting rural America back into the Union. Rural America has been ignored long enough.

School Lunch Menu

- Week of May 12-15**
- MONDAY**—soup and chili, sandwiches, brownies and milk.
- TUESDAY**—baked turkey roll, mashed potatoes, hot rolls-butter, cranberry sauce, green beans, strawberry shortcake and milk.
- WEDNESDAY**—enchilada casserole, Ranch Style beans, cornbread-butter, lettuce and tomato salad, apple sauce and chocolate milk.
- THURSDAY**—smothered steak, mashed potatoes, hot rolls-butter, English peas, chocolate cake and milk.
- FRIDAY**—French fries, hot dogs, mustard, baked beans, catsup, fruit salad and milk.

Friona Flashbacks

...from the files of The Friona Star

45 YEARS AGO—MAY 16, 1930

At about four o'clock Sunday morning three masked men made their appearance at the front of the Friona Consumers Oil Company filling station and with their pistols staring the attendants in the face, bade them stick up their hands and keep them up, while they rifled the cash drawer of its contents to the amount of between forty and fifty dollars. No evidence of the identity of these has yet been found out.

40 YEARS AGO—MAY 10, 1935

Forty-one seniors will graduate in exercises beginning Sunday morning. The number is the largest graduating class that Friona has ever had. Commencement will be Friday evening, May 17, at 8 p.m.

30 YEARS AGO—MAY 11, 1945

Wayne B. Stark, formerly Santa Fe station agent at Friona and agent at Black for several months, has returned to Friona, and again taken charge of the local depot as agent. Mr. Stark's many Friona friends are truly pleased to have him here to serve them again, and he expresses his pleasure at being back.

20 YEARS AGO—MAY 11, 1945

Latest business to open in Friona is the Tasty Cream firm across from Friona Consumers on Main Street. Owned and operated by Mr. and Mrs. Kenneth Williams, the business opened last weekend and plans are to remain open from 10 a.m. until 10 p.m. each day.

15 YEARS AGO—MAY 12, 1960

With all the "chamber of commerce" figures going down the drain in the three towns in Parmer County, official reports from the district census director's office in Amarillo revealed that the total county population in Parmer is 9,492. City populations in Parmer County are as follows: Friona—2,035; Bovina—1,023; and Farwell, 1,009. The figures are said "subject to revision."

10 YEARS AGO—MAY 13, 1965

The Friona City Council annexed a total of 52 acres of land in its meeting Monday night, bringing in two new subdivisions. The newly annexed land is comprised of Western Addition, of which 24 acres were annexed, and Welch Acres, a 28-acre plot, belonging to Nelson Welch.

5 YEARS AGO—MAY 14, 1970

Norman (Skip) Mohr, Friona High School senior, returned from Austin last Saturday with the first-place plaque and medal in informative speaking in class AA. Mohr has been district champ in the event three straight years. It also was his second trip to Austin, having won regional as a sophomore, and placing third in the state meet that year. The son of Rev. and Mrs. Paul Mohr, Skip's honor adds to an already impressive list of achievements, including class valedictorian.

WITH Thelma Johnson PEOPLE COME FIRST

Friona State Bank this week salutes Thelma Johnson who is our "Jack Of All Trades." Thelma has been with the firm for five years and she works wherever she is needed, filling in as a relief teller, in bookkeeping and at the drive-in window. She also helps out as a secretary when needed. Thelma says she enjoys this style of working as it never gets to be tiring.

Mr. and Mrs. Truitt Johnson have four children. They are Larry, who now lives in Richardson, Shirley Womble of Dallas, Ricky, who is a freshman at WT and Tony who is a freshman at FHS.

The family enjoys church work at the Sixth Street Church of Christ where Thelma teaches a class.

She also enjoys painting and sewing in her spare time.

Our people at Friona State Bank enjoy working with the public. That's just one more reason why our motto is "People Come First."

FRIONA STATE BANK

Producers Solicit Help From Congress

Telegrams to members of Congress from Grain Sorghum Producers Association have requested an override of President Ford's veto on the Emergency Farm Bill.

The president vetoed the farm bill May 1 after its earlier passage by a House vote of 248-166 and a strong voice vote in the Senate.

Elbert Harp, executive director of GSPA, expressed "some optimism" that Congress will override the veto.

letter to the president. Farmers can not continue to suffer financial losses in production of the nation's food and stay in business, Harp warned the president. "Unless some provision is made to stabilize agricultural markets, many producers will be forced to shut down their farming operations," Harp's letter said.

Harp pointed out that President Ford's veto message carried contradictory

statements, saying that cattlemen needed lower grain prices but also claiming that the veto would not lower grain prices. In expressing optimism toward the possibility of a veto override, Harp pointed out that Congressional passage of the farm bill by a substantial majority indicates that Congress wanted farmers to have the bill's emergency financial protection.

LAST FRIDAY

Police Seeking Hit-Run Driver

The emergency bill passed by Congress would have increased both target prices and loan rates on feed grains, wheat, cotton and milk for 1975 only, in an attempt to stabilize the agricultural economy.

"Farmers have not been so close to the brink of bankruptcy since the Great Depression," warned Mabry Foreman of Felt, Okla., a GSPA vice president testifying before a Congressional committee in a farm bill hearing.

GSPA has worked for passage of the emergency bill since its introduction through testimony before committees, letters to Congressmen and recently, a

Texas Department of Public Safety officers and the Parmer County Sheriff's Department are seeking the public's help in locating the driver of a car which struck and seriously injured a highway department worker Friday afternoon then sped away from the scene.

DPS Sgt. W.E. Wells issued an appeal through the Friona Star for assistance in finding the driver of the car that struck 23-year-old Cecil Baugher of Amarillo at 2:30 p.m. Friday. Baugher was working with a highway construction crew on U.S. Highway 84 about five and one-half miles east of Farwell when he was hit.

Baugher, along with a

flagman, was working in the middle of the highway when a westbound car, believed to be light green or light brown in color and possibly a Ford Galaxy, struck him. The car skidded some distance before hitting Baugher and continued to skid after impact, sliding off the pavement into the median.

The car came to a stop facing east, toward the spot where the injured man lay.

The driver started the car, drove back toward the victim, passed him and a parked pickup, then made a U-turn and headed back toward Clovis, "just fogging it," Sgt. Wells said.

The driver of the car, which was believed to have New Mexico tags, was described as a young Spanish male, of medium size with medium length hair and a mustache. He seemed to be alone in the car.

Services Conducted For Orbra A. Cole

Funeral services for Orbra A. Cole, 61, were conducted at 3 p.m. Wednesday at Steed Memorial Chapel in Clovis with the Rev. Glenn Lethgo officiating. Burial was in Lawnhaven Memorial Gardens.

Born Nov. 14, 1913, Mr. Cole died Monday morning in Memorial Hospital. He had lived in this area since he was 16. He was an area farmer, and moved from Friona to Clovis in 1974.

Survivors include his wife, Sally, of the home; one

daughter, Stella Hopingardener of Hollister, Calif.; three grandsons; two brothers, Roy Cole of Snyder, Texas and Ray Cole of Abilene, Texas; and one sister, Mrs. Ima Faye Terry of Roby, Texas.

Pallbearers were M.C. Osborn, Robert Porter, Paul Dee Barnes, Ray Cole, Harold Joe Wells and Steed Myrick.

Steed-Todd Funeral Home was in charge of arrangements.

Baugher was first taken to Memorial Hospital in Clovis and then transferred to Northwest Hospital in Amarillo where he was treated for a fractured right leg, head lacerations and lacerations of the left arm. He was described as in good condition Friday night.

"We are looking for anyone who might know a man and a car fitting those descriptions," Wells said, "or anyone who was traveling the road at that time of day who might have noticed. Or anyone around Farwell who might have seen him coming through there at a pretty good rate of speed."

Wells requested that anyone—farmer or contractor or other employer—who might have such an individual in their employ to check on the possibility.

"We'd keep any information from an informant confidential if they desire," he said. "We think the public will want to help us locate a man that will commit this kind of act—run a man down and drive back by him twice and leave him laying in the road."

Anyone with information is urged to contact the Department of Public Safety or the sheriff's office in Farwell.

Lost to Cancer

Cancer has claimed such outstanding people as Babe Ruth, Tom Dooley, Eddy Duchin, Nat "King" Cole, Gary Cooper. This year 365,000 other Americans will die of cancer. More than 2.3 million volunteers of the American Cancer Society are seeking your support for programs of research, education and service during the April Crusade.

New Savings Bonds Are Introduced

Secretary of the Treasury William E. Simon announced recently that a special Bicentennial-design Series E Savings Bond went on sale May 1, the 34th birthday of the E Bond. The design will be used through 1976. Terms and conditions applying to the Series E Savings Bond remain unchanged; interest is six percent, compounded semi-annually, when held to a five-year maturity.

The Bicentennial-design Series E Bond differs from the regular E Bond in the following respects—the tint is in blue ink, rather than green, and all of the face printing in black ink is changed to blue; the "Minute Man" replaces the eagle in the center tint design; the presidential portraits are replaced by commemorative vignettes; the Bicentennial logo is printed in red immediately to the left of the legend in the lower part of the Bond; "1776 BICENTENNIAL 1976" is printed in red immediately above the vignette. The design changes have no effect whatever on interest rate, maturity and other terms and conditions of sale.

Speaking of the change, Secretary Simon said—"The Bicentennial-design Series E Savings Bond plays a leading role in the Treasury's Bicentennial effort. We feel that this Bond, combining all the familiar advantages of the popular E Bond with a patriotic motif, will become a perfect souvenir of our nation's

200th birthday for all Americans. Further, they will find it to be a souvenir with a very big difference—that is, the longer it is held, the more it will grow in value."

Mrs. Francine I. Neff, National Director, U.S. Savings Bonds Division, and Treasurer of the United States, pointed out that the new Bonds are easily obtained.

"These Bonds, like the original E Bond, will be on sale at thousands of banks and other issuing agencies

throughout the country. And, of course, they will also be available through the Payroll Savings and Bond-A-Month Plans. Each denomination carries attractive art that harks back to the American Revolutionary period. Examples include 'Independence Hall' on the \$25, 'Liberty Bell' on the \$50, 'Spirit of '76' on the \$75, and 'Valley Forge' on the \$100. We hope all Americans join us in making the Bicentennial year a 'Buy-Bonds' year as well."

4-H Members Are Part Of District Contests

Seventeen 4-H members and their parents from throughout Parmer County participated in the District I 4-H Roundup Contest, Saturday, May 3, on the Campus of WTSU in Canyon.

These 4-H members presented their demonstrations in competition with youngsters from throughout the Panhandle.

Competing in the contest were Susan and Quentin Mimms, Russel Windham, Jana and Joe Dan Briggs, Terry, Dennis and Charle-son Steinbock and Steve Brantley of Lazbuddie; Jimmy Fallwell and Randy Boeckman of Friona; Randy Geries, Charlie Rose, Berny and Johanna Mesman, along with Linda and Cheryl Gohlke of Farwell.

This contest was divided into junior and senior divisions. The junior division was for youngsters between the ages of 9 and 13 and the senior division for members 14-19. The first and second place winners in the senior divisions qualified for State 4-H Roundup in June.

The highest winning team from Parmer County was the Senior Horticulture Preparation and Use Demonstration composed of Linda and Cheryl Gohlke. These girls won first in their division, thus qualifying them for the state contest. Also qualifying for Roundup was Susan Mimms who placed second in the Senior Girls' Public Speaking Contest. Susan's brother, Quentin, placed second in the Junior Boys' Public Speaking Contest.

Russel Windham won third in the Junior Natural Resources Demonstration. Also winning third was Johanna and Berny Mesman in the Junior Sheep Demonstration. Joe Dan Briggs placed fourth in the Junior Horse Demonstration.

Participating in other divisions were Jana Briggs in Junior Food and Nutrition, Randy Geries, Charlie Rose, Terry Steinbock and Dennis Steinbock in Junior Rifle plus Charle-son Steinbock, Steve Brantley, Jimmy Fallwell and Randy Boeckman in Senior Rifle.

This contest was the final round of competition for the District I 4-H members. Other qualifying contests were held in March and April.

Parmer County will have eight members going to the State 4-H Roundup Contest on the campus of Texas A&M University, June 2-4. These include Jacquelyn Langford in the Food Show, the Senior Dairy Team composed of Rocky Bartlett, Steve Cockerham, Haden Walling and Duane Mitchell; Susan Mimms in Public Speaking along with Cheryl and Linda Gohlke in Horticulture Preparation and Use.

Church To Host Deaf Choir Sun.

The Hallelujah Hands Chorus of Amarillo's First Baptist Church will be singing Sunday evening, May 11, at 6 p.m. in the auditorium of Friona's Calvary Baptist Church.

The choir is composed of deaf adults and young people who use the Language of Signs to communicate a program of religious music in a fascinatingly graceful and unique service.

The choir was formed one year ago under the direction of Mrs. Ron Ricks of Amarillo and since that time has performed in numerous churches and civic clubs throughout the Panhandle. Thirty of the choir members will travel to North Carolina this summer, performing in churches along the way and serving as the guest choir for one week at Ridgecrest Baptist Assembly.

The public is cordially invited to hear and see this beautiful presentation Sunday evening.

Self-control is a virtue that individuals recommend to their friends.

Lucille L. Hoffman Buried Wednesday

Lucille Loraine Hoffman, 42, died Monday, May 5 at High Plains Baptist Hospital in Amarillo, Texas.

She was born July 9, 1923 in Parmer County and moved to Hereford in 1952. She was a 1949 graduate of Friona High School and was self-employed.

Funeral services were conducted Wednesday, May 7 at the Immanuel Lutheran Church in Hereford with

Rev. Herman Schelker, pastor of the Lariat Lutheran Church officiating. Burial was in the Rhea Cemetery.

Survivors are her mother, Pauline Hoffman, Hereford and one brother, Carl Hoffman, also of Hereford.

Pallbearers were her cousins. The family requested that contributions be made to the Multiple Sclerosis Foundation.

Texas Tech Center Open For Visitors

Texas Tech's Ranche Heritage Center—formerly the Ranch Headquarters—was opened for Sunday visitors beginning May 4. Visiting hours are from 2 to 4:30 p.m., and guides will be at the site to help interpret ranching history.

The Sunday visiting hours will be in effect through October.

For the first time this year, individuals will be taken on guided tours. A new program will serve weekend visitors. There will be two tours a day, each for 20 persons, served on a first-come, first-served basis. The first tour will start at 10 a.m. and the second at 1:30 p.m.

Organizations may make special arrangements for tours.

Despite heavy summer rains, more than 15,000 persons toured the Ranche Heritage Center last year.

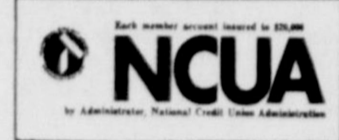

The center authentically depicts the history of ranching in America's West, through the restoration and furnishing of notable ranch structures which have been moved to the site at The Museum of Texas Tech University, 4th Street and Indiana Avenue, Lubbock.

If you really want to know where you don't measure up, ask your family.

SCS Report

A progress report on the Running Water Draw Watershed project was made to the Parmer County SWCD at their regular meeting Tuesday.
The report was made by Herb Evans, District Conservationist, Friona. The report showed Site No. 1 is fifty-eight percent complete. The concrete work on the principal spillway has progressed satisfactorily and is past the danger point. The earth fill is progressing well and is above the principal spillway pipe so any rain now should not slow operations much.
Site No. 2, Bovina, has been mulched with cotton burs earlier in the year. Five different kinds of grass seeds have now been seeded in the mulch. A rain is all that is needed to bring the grass up.
Site No. 3 at Lazbuddie is ready and awaiting construction funds. Construction has tentatively been set to start in October of this year.

PRACTICE TO START

Rosters Announced For Little League

Equipment will be issued Monday, May 12 for the Friona Little League teams for 1975, it was announced by Dewayne Howard, Little League president.

Practice may start anytime after equipment is issued, but no practices may be held after 7 p.m. until school starts.

The 1975 schedule will be kicked off on Saturday, May 31, Howard said. League officials decided to schedule no games on Friday, July 4th, so games that would have been played that day will be played on May 31.

Howard said that the complete schedule would be released in the near future.

There are the same number of teams in the league this summer as last year, although they are divided up a bit differently. There is one less team in the Senior League, with four teams counting the Sherley Grain entry from Bovina. The past few years there had been four Friona teams.

There is one more team in the Minor League, due partly to the fact that there are 11 girls in the program this season, and most are playing in the Minor League.

The complete list of teams and team rosters are as follows:

**FRIONA LITTLE LEAGUE
1975 BASEBALL TEAMS
SENIOR LEAGUE**

CATTLETOWN

Bob Beck, coach; Joe Reeve, Mitchell Reeve, Jeff Taylor, Thomas Merritt, Mike Maynard, Kelly Caudill, David Hough, Ricky Stacy, Stephen Newell, Sheri Dodson, Kenneth Jones, Trent Johnson and LaCretia Penland.

TAKE SECOND PLACE

Squaws Blaze In State Meet

The Friona Squaws' mile relay team got a sparkling performance at the state meet in Austin last Friday night, even though they had to settle for second place behind their district rivals, Olton.

The Squaws ran an official 4:00.2 clocking in the mile race, beating the old school record by more than five minutes, and their best season time by more than that.

"It was a great performance. The girls did the very best they were capable of. We don't have any complaints about finishing second after a race like that," said Squaw coach F.G. Crofford.

Each of the four relay members turned in by far their best quarter mile races of the season. Crofford said his stopwatch had timed the team in four minutes flat, being .2 off the official clock.

The Friona coaches timed each of the first two runners, Lucinda

Aguirre and Jatón Widner, in 60.5. The last two, Paige Osborn and Terri Patterson, were clocked at 59.5 each for their quarter mile.

But a fantastic anchor lap by Olton's Donna Hodges stole the thunder from the balanced Squaw team. Miss Hodges was timed in an unbelievable 56-second quarter, and wiped out the lead which Friona had held on the field.

The Squaws were enjoying about a 15-yard lead on the other seven state finalist teams as the third lap neared its end. But the final handoff was not letter perfect, allowing Olton to gain a little ground.

The Olton anchor girl then managed to nip Miss Patterson at the tape by .4 second. Winning the mile relay also gave the Olton girls the state team title, quite an honor for Friona's district mate. The second place relay finish gave the Squaws 16 points for the state meet.

ALL-STARS....The girls Little Dribbler all-stars were chosen this week for post-season play. In the back are (l. to r.) Glenna Harrison, coach; Kayle Britting, Christie Wiseman, Jyl Hight, Myra Veazey, Lynn Blackburn, Kipi Fleming, Lesa Bermea, Theresa Bermea, Janice Richards, coach, and Mary Priest. Middle-Lupe Brailiff, Janie Aguirre, Rhnea White, Shawna Hadley, Erin

Davila, Pam Perez, Teena Shavor, Tammy Smith and Norma Graves. Front-Christy Chesher, Regina Priest, Samme Adkins, Frances Guerra, Irma Garza, Gwendolyn Maurer, Janette Read and Dora Constanancio. The team plays in a tournament at Hale Center next week.

Honey Bees Capture Girls Championship

The Honey Bees won the championship in the girls Little Dribblers league, which completed play on Monday, May 5.

Final standings found the Honey Bees with a 9-1 season record, to 6-4 for the Raggedy Anns.

In games the final week, the Honey Bees edged the Lollipopps, 21-16; and topped the Pink Panthers, 14-6.

The Raggedy Anns topped the Cowgirls, 12-2 on May 1, but fell to the Lollipopps 12-11 on May 5. In other games, the Pink Panthers downed the Pigtales 13-8, and then fell to the Cowgirls, 22-21, as Irma Garza of the Cowgirls hit 10 points.

Other high scorer for the week was Erin Davila, who had 12 points for the Honey Bees.

The all-star team was chosen this week, and the Friona All-Stars will compete in a tournament at Hale Center May 15-16-17. The girls regional tournament will be in Ralls May 22-23-24, and the national tournament will be in Levelland the following weekend.

Coaching the all-stars are Miss Janice Richards and Mrs. Glenna Harrison.

Steve Sloan To Attend RR Day Fete

Red Raider Day will be held on Tuesday, May 20 in Hereford. All sports fans in the "Magic Triangle" are invited to attend.

Two functions are on tap for the day. A golf tournament will be held at Hereford Country Club beginning at 1 p.m. Second function will be a dinner banquet at 7 p.m. at the Hereford Country Club.

New Tech coach Steve Sloan will participate in the tournament, and will speak at the banquet. Other coaches on the Tech coaching staff also are expected to attend the function. The Southwest Conference Film for 1974 games will be shown.

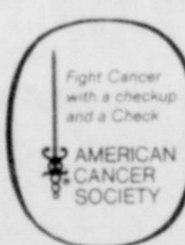

Clint Formby will serve as banquet master of ceremonies.

"All interested sports fans may attend. They need not be a Texas Tech graduate," Formby says.

Those interested in playing in the tournament are asked to call Cal Garrett at 364-2782 by Friday, May 16. Reservations for the banquet also are recommended. Call Dave Hopper, at 364-6051 by Monday, May 19.

Another Role

While many people know of the American Cancer Society's part in supporting research, the Society has another role—service to the cancer patient. Your contribution to the ACS during its April fund-raising Crusade will help continue this important work.

Special Education
More than 53 million Americans now alive will develop cancer, reports the American Cancer Society. If their disease is diagnosed and treated early, the chances of cure will be good. Your contribution to the American Cancer Society supports not only research, but public education about safeguards such as early detection.

MURPHREE TEXACO

MONEY we spend away from home does not help pay taxes in our community, and it's obvious that come next year somebody must make up the difference...

Guess Who...

About one-third of every dollar we spend goes to help pay the RUNNING expenses—and the GROWING expenses—of some American community... OUR community, if we spend that dollar at home... SOMEBODY ELSE'S community, if we spend the dollar where HE lives.

When a dollar leaves home that could just as well OR BETTER have been spent here... the part of it that helps support the community goes along, too, of course. And our own community tax pot has less money in it.

But schools and roads and streets, churches and local charities, police and fire protection, ... all of the normal necessities and conveniences of community life... go on costing about the same.

So... with community expenses the same, and community income LESS... who makes up the difference? WE DO. You might say it's sort of like paying taxes TWICE... once for the other fellow... and then going down in our pockets to pay them again... for ourselves.

It Pays to Buy Where You Live

KEYWAY...Lynn Blackburn has the ball, as Christle Wiseman comes in to try to get it. Diana Hayes is number 10, and Dora Constancio is number 23. The action was from the Honey Bees vs the Pink Panthers May 5, won by the Honey Bees, 14-6.

AT AUSTIN...David Clark, all around athlete for Friona High School, was at Austin this weekend competing in the state track and field meet. The regional high jump champion was out to annex one more title, if possible. His competition was to be Friday night.

Irrigation Hearings...

(Continued from Page 1)

converting irrigation to alternate fuel sources.

GSPA vice president Mabry Foreman of Felt, Okla. and research director Jack King have met regularly with legislators in Washington, personnel of the FPC, representatives of the Federal Energy Agency and U.S. Department of Agriculture, attempting to demonstrate the impossibility of converting commonly used automotive irrigation engines from natural gas to gasoline or propane.

A study by Dr. James Osborn of Texas Tech University indicates conversion to gasoline would increase hourly fuel costs 320 per cent for 150 h.p. engine. Conversion to propane, according to the study would increase hourly costs 282 per cent.

The annual cost of a 3,000 hour irrigation season on the same 150 h.p. engine would jump from \$3,570 for natural gas to \$15,000 for gasoline and \$13,650 for propane, according to the study.

Band Concert Slatad Tuesday Night, 7:30 P.M.

The annual spring concert by the Friona bands will be held Tuesday night, May 13, at the Junior High School Auditorium.

All of the bands, from fifth grade through the high school, will be performing. Tickets are currently being sold by members of the band. Ticket prices are \$1.25 for adults and 75 cents for students.

Charles Faulkner, director, and James Andrews, assistant, will be in charge of the program.

An Army Against Cancer

This April some 2,300,000 volunteers will visit friends and local businessmen across the country to gather support for the American Cancer Society's 1975 educational and fund-raising Crusade.

Presents Split Pair Of Games Program

Members of Modern Study Club met in regular session Tuesday, May 6 with Nellie Pearl Shelton, vice president, presiding.

The meeting was opened with a prayer by Beth Thompson.

Sharla Bengue sang a ballad love song, as she accompanied herself on the guitar.

Lois Miller gave a devotional and Winifred Hurst reported on Federation. Mrs. Vela Evans was voted into the club.

The guest speaker, Dr. Dewitt Seago, who is full-time chaplain of Kings Manor Nursing Home in Hereford, was introduced by Eufaula Ethridge.

Dr. Seago spoke on "Changing Concepts For Aging."

The club adjourned by the members repeating the club collect in unison. Refreshments were served to the following guests, Mrs. Herb Evans, Mrs. Mabel Hartwell, Mrs. Jeanette Teel, Dan Ethridge, Charles Allen and Dr. Seago.

Seventeen members were present. Hostesses were Louisa Wilson and Wilma Jones.

The Friona Six Packs downed the Dimmitt Aces, 19-12 here last Sunday, scoring 14 runs during the last three innings in a come-from-behind effort.

In the second game of the doubleheader, Muleshoe took advantage of the tired Six Packs for a 7-3 win. The two-game split left the Friona team with a 3-3 season record.

Centerfielder Ismael Iglesias paced the 16-hit attack in the opener with five hits. Manager Frank Castillo collected three hits, as did left-fielder Juan Fuentes, who had a homer.

The score was 5-4 in the sixth inning when Friona erupted for five runs. Hits by Iglesias, Castillo and Frank Galvan paced the rally.

The team batted around in the seventh, with Fuentes getting his homer, a two-run blast, and then repeated the performance in the eighth. Iglesias' triple was the big blow in that rally.

Manuel Quintana, who relieved David Davila, got credit for the win.

The team couldn't find its batting eye in the nightcap. Fuentes socked

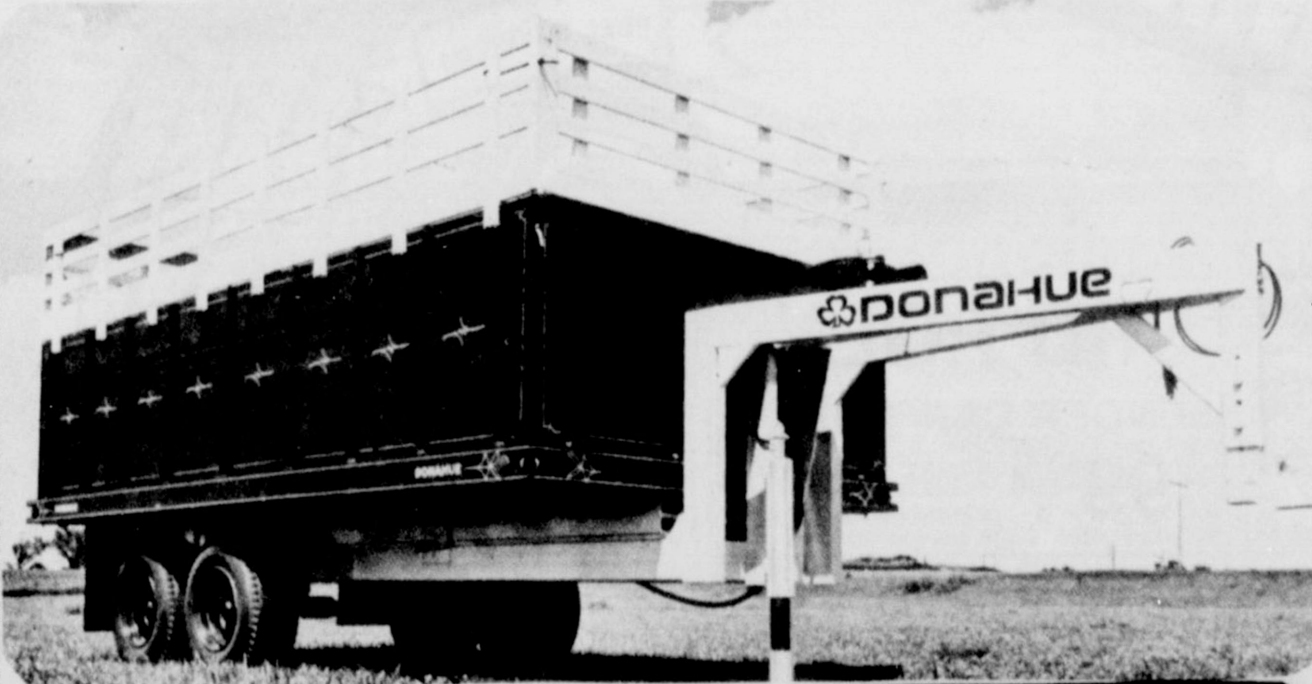

a two-run homer in the bottom of the first inning to give Friona a 2-1 lead, and Castillo homered leading off the fifth to pull the Six Packs within one at 4-3. But Muleshoe scored three runs in the top of the seventh to salt away the win.

Besides the two home runs, Friona was able to get only two other hits. The team will play Bovina Sunday at Friona.

The long dress and shirt style pants are included in McCall's Carefree™ Pattern # 4393 in misses sizes and # 4394 in womens sizes.

Feedlot Waste Plant Opened At Summerfield

The largest facility ever built to recycle cattle feedlot waste has commenced production at Summerfield, Texas.

Operated by the BioCon Division of Searle Agriculture, Inc., the new facility uses a bacterial digestion process to convert cattle manure into a soil conditioner, called "Tilleez," that improves the tilth and fertility of farmland.

BioCon's facility, situated eight miles southwest of Hereford in the Texas Panhandle, can accomplish in about six days a biological conversion of manure that would take a year to complete in nature. Company officials estimate that the plant will recycle approximately 150,000 to 200,000 tons of feedlot waste per year.

Dr. William C. Hackett, general manager of the BioCon Division and a developer of the recycling concept, describes Tilleez as "a useful resource recovered from an ecological problem. The process creates a commodity of value to farmers and, at the same time, reduces the odor of the manure as an environment concern," he said.

The heart of the BioCon plant is two 400-foot-long vats, each capable of holding up to 1,700 tons of waste. After being pulverized, manure is distributed in the vats where bacterial action converts it into soil conditioner.

Soil conditioner produced at the Summerfield facility will be available in bulk to High Plains farmers through agricultural supply distributors.

The recycling concept used by BioCon was pioneered under Dr. Hackett's direction at a cattle feed yard in Ohio. The new operation in the Texas Panhandle utilizes a bacterial digestion principle developed in Ohio but has certain adaptations for the Southwest.

BioCon is one of three divisions of Searle Agriculture Inc. Other divisions are Curtiss Breeding Service, headquartered at Cary, Illinois, and Searle Animal Science Research, at Elburn, Illinois. Searle Agriculture is the agricultural arm of G.D. Searle & Co., a leading manufacturer of ethical pharmaceuticals and hospital supplies headquartered in Skokie, Illinois.

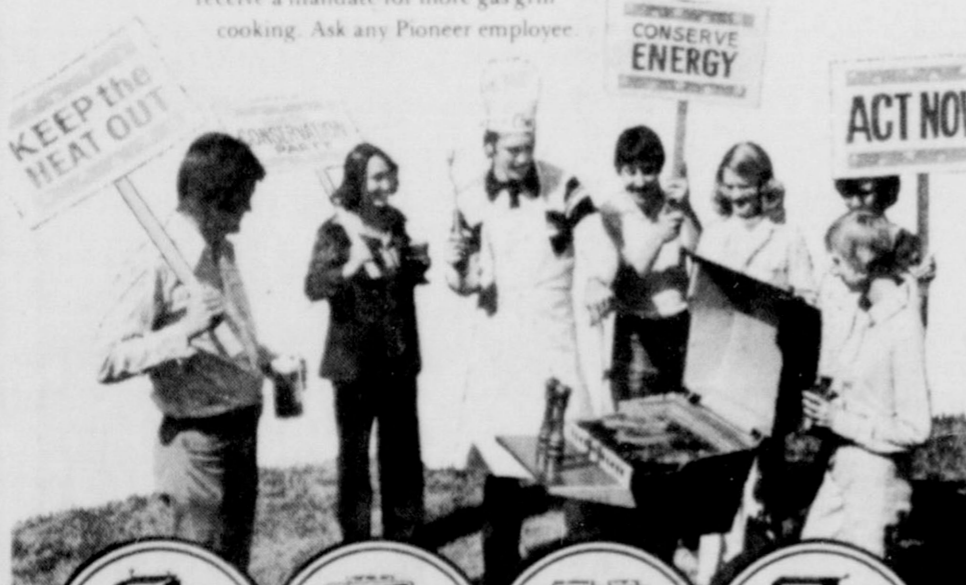

People once believed that a sudden feeling of light-heartedness would lead to an equally sudden death.

TEXAS RANCHERS have a unique service available to them through the Texas Veterinary Medical Diagnostic Laboratory at Texas A&M University.

The lab serves mainly as a test center for animal specimens to identify disease problems so that specific treatment can be administered. The lab also helps in the commerce of animals by performing various tests required for interstate or international shipment of livestock.

The lab is a central collection point for all diseased animal specimens from throughout the state so that disease outbreaks can be detected when they occur. Recent examples of disease outbreak identifications include anthrax in Central Texas and lobelia poisoning in South Texas.

Through the study of disease specimens and overall animal health conditions, the lab issues warnings of seasonal diseases through veterinarians and the Texas Agricultural Extension Service.

The lab itself has a staff of 10 professional people who meet daily to review all specimens received for that day. This type of thorough review allows the lab to arrive at a diagnosis in the shortest time possible, and this is critical if they are to help livestock owners.

Lab departments include pathology, toxicology and microbiology, with microbiology subdivided into virology, bacteriology and merology. Each of the departments simultaneously performs various tests, examining certain components of the animal specimen. Again, this procedure leads to a rapid diagnosis.

Autopsies are also performed on animals that have died within 6 to 12 hours during warm weather and within 24 hours in the winter.

The lab operates on a fee basis which provides for about one-third of its operating costs. Other costs are paid through state funds.

+++

THE TEXAS 4-H CENTER at Lake Brownwood opened its doors for the first time April 2 when some 200 volunteer 4-H adult leaders gathered for a statewide 4-H adult Leader Forum.

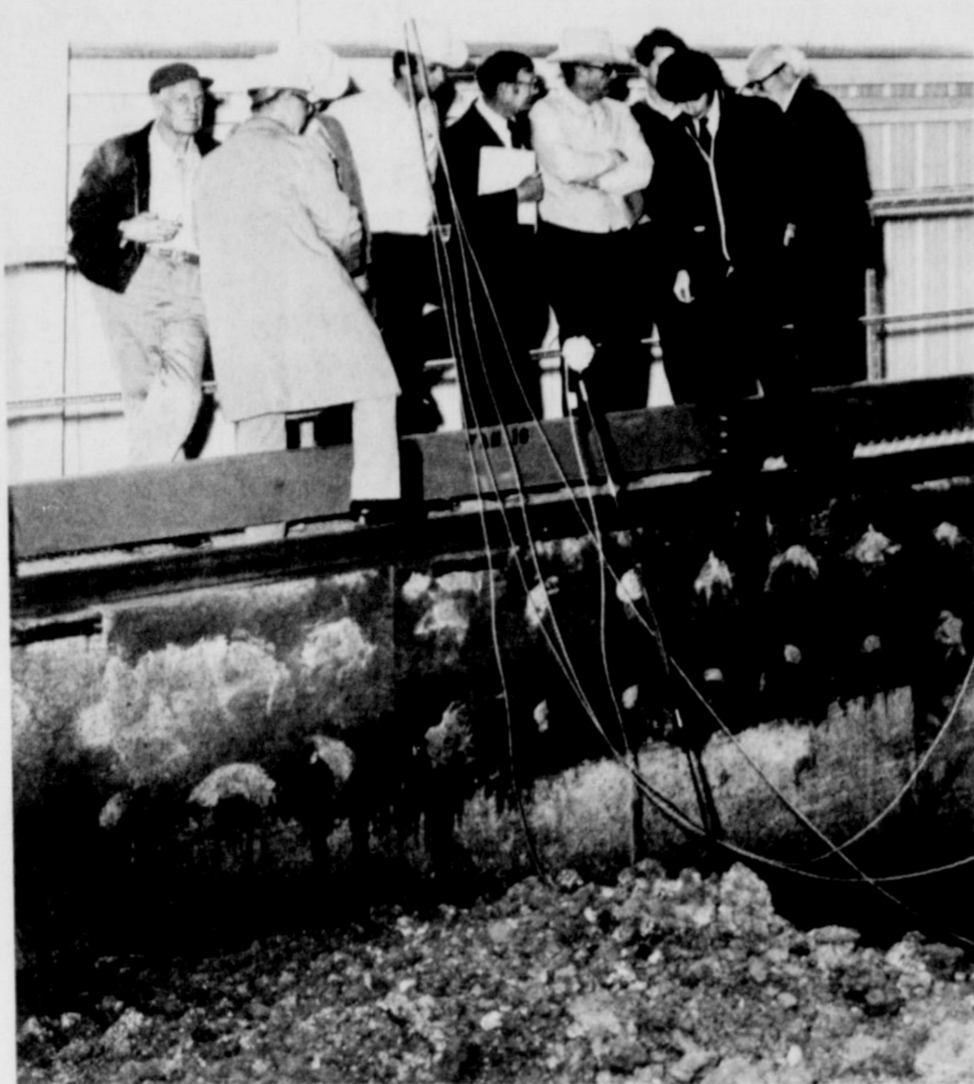

The \$1.4 million educational training facility for the state's 4-H program was constructed under the leadership of T. Louis Austin, Jr., chairman of the Texas 4-H Youth Development Foundation, who is also vice chairman and chief executive officer for Texas Utilities, Dallas.

This modern facility can accommodate more than 250 people. It features a 300-seat assembly hall and 15 additional conference rooms that can accommodate from 12 to 100 people each. The Center is served by an ultra-modern kitchen and has excellent space for outdoor recreation, a swimming pool, and accommodations attractive to both youth and adults.

Marshall Crouch, Extension 4-H and youth specialist, has been temporarily assigned to Brownwood to direct the operations of the 4-H Center and to assist with programming activities.

The 4-H Center was designed and planned as a leadership training facility for 4-H members and adult leaders who serve the youth of this state. 4-H members will use the Center primarily in the summer months while adult leaders will receive in-service training during the school year to enhance their work with 4-H members. When the Center is not being used by 4-H or other Extension oriented activities, it will be available to any group with a program of an educational nature.

The facility will accommodate banquets and special one-day meetings as well as other activities.

NEW PLANT....The manager of the new BioCon plant at Summerfield, Jim Bowlus, (left, wearing a hard hat) explains the facility's operation to a group of visitors during a recent open house. The plant is the largest ever built to recycle cattle feedlot waste.

Band Top Rated In Sightreading

The Friona High School Band learned this week that it had been selected as the Outstanding Sightreading Band at the Greater Southwest Music Festival held in Amarillo on April 24-26.

The band made a first division rating in sightreading and a second division in concert performance.

The band returned from the festival on Friday morning and awards were presented to outstanding organizations on Friday night.

There was a delay in getting the word out from the festival, and the band finally got the good news this week. There is a trophy on the way for the accomplishment.

**Lou Whaley
Wins Award**

The annual West Texas State University mathematics awards banquet May 3 honored outstanding junior and senior mathematics and mathematics education majors.

Receiving top awards were Doris Lou Whaley, daughter of Mr. and Mrs. Watson Whaley of Route 2, Friona; Jana Wolf, wife of Richard Wolf of 2710 5th Ave., Canyon; and Tom Oppe, son of Dr. and Mrs. Hubert Oppe of 2408 12th Ave., Canyon.

Miss Whaley, whose grade point average is 2.9, was presented the \$200 Mr. and Mrs. C.A. Murray Award by C.A. Murray.

Mrs. Wolf, who has an overall gpa of 2.83 on a 3.0 scale, received the \$300 Edna Graham Award, which was presented by Mathematics Department Head Hollis Cook. Oppe received the \$200 Odessa Cleavinger Award from Dutch Cleavinger. He has a perfect grade point average of 3.0 on all his courses at West Texas State.

Another feature of the banquet was the first installation of national mathematics honor society, Pi Mu Epsilon. Conducting the installation of the 41 charter members was Dr. Richard Andree, head of the University of Oklahoma Mathematics Department.

Qualifications for membership in the honor society are a minimum grade point average of 2.0, a major in mathematics and approval of the mathematics staff.

Mrs. Matlock Honored As "Pioneer Of Plains"

Mrs. E.D. Matlock of Friona received the title of "Pioneer Woman of the Plains" for 1975 at the Pioneer Roundup in Plainview last weekend.

Mrs. Matlock who is 86 years old, just celebrated her 70th wedding anniversary with her husband two months ago. The couple are former residents of Plainview and moved to Friona in 1944 to be near their children and grandchildren.

Elva Dee was presented with a bouquet of roses, a plaque and a standing ovation from the crowd attending the program at the Ag Center in Plainview Saturday night. She was the 16th woman to ever be presented with the coveted pioneer award.

Mrs. Matlock came to the High Plains as a small girl from a town called Mill Creek, then in Indian Territory.

Andrea Graves Initiated Into Kappa Delta Pi

Twenty-seven students were recently initiated into Kappa Delta Pi, an honorary organization in education at West Texas State University, Canyon.

The Iota Theta chapter now has 84 members, who must have at least a 2.2 overall grade point average on a 3.0 scale, a 2.0 gpa in education and completion of one three-hour education course.

From Friona, the initiate is Andrea Graves, wife of Travis Graves of 1120 Etta Avenue.

Territory. She married Earnest D. Matlock at Running Water on March 19, 1905.

Having lived in a half-dugout in the Valley View Community for several years before building their home, this couple raised eight children, including six girls and two boys.

Mrs. Matlock was noted during those early days for the assistance that she gave to the sick, as doctors were rare. She was a charter member of the St. John's Methodist Church of Plainview.

The couple's eight children are all still living, with three of their daughters residing in Friona. They are Mrs. Tom Lewellen, Mrs. Henry White and Mrs. Forrest Osborn of Friona. The other children are Mrs. L.M. Bostick of Kilgore, Mrs. J.B. Ratliff of Hico, Frank Matlock of Kingsville, Mrs. W.D. Skipworth of Tom Bean, and Thomas Matlock of Munday. It is estimated that the Matlock's offspring will number in the 60s counting grandchildren, great-grandchildren and great-great-grandchildren.

Mrs. Matlock is noted among the members of her large family for her tradition of breakfast biscuits, as well as for the music she makes with the French harp, accordion and piano. She and her daughters and granddaughters share a common hobby which is quilting. She has handed the art of making beautiful objects out of scraps down to the younger members of her family. (See The Friona Star, December 22, 1974)

Reception Honors Lazbuddie Couple

Mr. and Mrs. Bobby Broyles of the Lazbuddie Community were honored at a reception on the occasion of their 25th Wedding Anniversary on Sunday, May 4.

The reception was held from 2 to 5 p.m. in the Community Room of Friona State Bank.

Hosting the occasion were the couple's children, Mr. and Mrs. Terry Copley and Mr. and Mrs. Fred Cochran, all of Friona and Bobby Lynn Broyles of Lazbuddie.

The table was covered with a yellow and white quilted checked cloth with lace edging. An artificial arrangement of yellow and white spring flowers centered the table setting. Candleholders with yellow

candles were on each side of the centerpiece. Accenting the table setting was the three-tiered cake decorated in yellow, green and white.

Punch, nuts and mints were served from crystal appointments.

The couple's daughters, Vickie Copley and Mickie Cochran presided at the serving table. Mrs. Rex Steinbock registered the guests.

Approximately seventy-five guests attended.

Mrs. Lena Steinbock, Mrs. Broyles' mother, was a special guest.

Bobby Dale Broyles and Fern Marie Steinbock were married on May 6, 1950 in Muleshoe, Texas.

Seven Local Students Earn Degrees At SPC

A total of 309 students in academic and technical-vocational programs at South Plains College, Levelland, are listed as candidates for graduating this spring. Commencement services were held at 10 a.m. Friday, May 9 in Texan Dome.

Featured speaker for the exercises was Dr. Arnulfo L. Oliveira, president of Texas Southmost College at Brownsville. Following his address, students received either associate degrees or certificates of proficiency.

Students from the Friona area and the degrees they have earned include: Silvia M. Flores, Betty Sachs and Guy S. Sanders, associate in arts; Cynthia D. Barnett, associate in science; Janice K.

McDowell, secretarial science, certificate of proficiency; David K. Gallman, diesel mechanics, certificate of proficiency and Roger D. Gallman, diesel mechanics, certificate of proficiency.

It's A Girl For Dements

A baby girl was born to Mr. and Mrs. Huey Dement on Friday, May 2.

The new arrival was born at 2:16 p.m. in Parmer County Community Hospital.

She weighed seven pounds, fourteen and one-half ounces and was twenty inches long at birth.

She was named Sheryl Renee. Sheryl is the second child for the couple. She has an older sister, Carol, age 9.

Grandparents are Mr. and Mrs. E.T. Dement, Canyon, and Mr. and Mrs. Rufus Melton, Friona and one great-grandmother, Mrs. Nevada Dement, Hartshorne, Oklahoma.

Mr. and Mrs. Bobby Broyles

Officers Installed At FHA Banquet

The Friona Chapter of Future Homemakers of America held their annual banquet on Saturday, April 12 in the High School Cafeteria.

The cafeteria was decorated in red and white. Mexican food was served by the cafeteria ladies.

New officers for the school year, 1975-76, were installed. The new officers are: Janice Peak, president; Linda Anthony, first vice

president; Rolanda Hudson, second vice president; Cindy Cleveland, third vice president; Diane Westbrook, fourth vice president; Melodi Dixon, fifth vice president; Diane Bennett, secretary; Leesa Mercer, treasurer; D'Aun Wilson, parliamentarian; and Martha Castillo, historian.

Mrs. Dale Gober was presented an honorary membership.

MRS. E.D. MATLOCK

Meeting Set To Plan Services

All persons interested in planning the special Memorial Day services are invited to attend a special meeting Monday night, May 12.

The meeting will be held at the American Legion Hall and will begin at 8 p.m.

Everyone is urged to attend.

Lisa Mercer Selected YH "Little Sister"

Friona's Young Homemakers had their last meeting of the year on Thursday, May 1 in Friona High School Cafeteria.

The meeting was called to order by Brenda Pace, president. Roll call was answered by each member present giving a program suggestion for the 1975-76 club year.

"Little Sister" for the coming club year was selected from four candidates. They were Lisa Mercer, Deon Wilson, Earlene Graham and Martha Castillo. Lisa Mercer was selected to serve as the club's "Little Sister" for 1975-76.

hospital.

Linda Cord presented the devotional.

Mrs. Ralph Wilson gave the program on dough art. Each one present got to make an owl. Mrs. Wilson showed some things she had already made up.

Refreshments of homemade ice cream and brownies were served by hostesses, Gwen Corn, Cherry Wells and Shirley Wilson. Twenty-five club members enjoyed the evening with one special guest, Mrs. Louisa Wilson.

Windy Miller

Born Friday

Mr. and Mrs. Donnie Miller are the parents of a baby girl born Friday, April 25, at 8:51 a.m. in Parmer County Community Hospital.

The baby girl was named Windy Don. She weighed seven pounds, one and one-half ounces and was nineteen and one-half inches long at birth.

Windy Don is the first child for the couple.

Grandparents are Mr. and Mrs. Johnny Miller of Friona, Loyd Huber of Lubbock and Mrs. Harold Fielding of Levelland.

Great-grandparents are Mrs. Fred Clark of Irving, Texas and Mrs. Roxie Miller of Georgia.

Officers were also elected for the 1975-76 club year. They are Judy Herring, president; Jan Petree, first vice president, program; Linda Grimsley, second vice president, social; Peggy Stowers, third vice president, parliamentarian; Melody Drake, fourth vice president, benevolence; Linda Garrison, secretary-treasurer; and Sharon White, reporter-historian.

Judy Herring gave an annual Library report. Brenda Pace was nominated as the new Library chairman for the coming year.

Plans were made for the Area Young Homemakers Activity Day which will be held in Hereford Saturday, May 3 at the Pioneer Natural Gas building.

Carolyn Carson gave a report on the redecorating project the club was doing on the labor room at the

SUSAN KAY SPRING, daughter of Dr. and Mrs. Paul L. Spring, is a candidate for spring graduation from Texas Tech University in Lubbock. She will receive a Bachelor of Science degree in education, with a major in Special Education-Speech Pathology. Graduation exercises are Friday, May 16 in Jones Stadium and Saturday, May 17 in the auditorium for the college of education ceremony. She has maintained a 3.4 grade point average and has been a member of the Women's Service Organization, Sigma Alpha Eta, Texas Tech Speech and Hearing Association and the National Student Speech and Hearing Association. She plans to begin graduate studies this fall at Our Lady of the Lake College in San Antonio. Miss Spring was a 1971 graduate of Friona High School.

Book Provides Health Facts

"Heart Attack: Are You A Candidate?" is a dynamic, carefully documented analysis of the significant causes of America's number one killer, with a simple, clear-cut program for prevention.

The author is Arthur Blumenfeld, a distinguished electronics engineer, industrialist and inventor of the famous Reflex Loudspeaker, who has for ten years devoted himself to a world-wide study of the latest developments of research in heart-attack prevention.

In clear and straight-forward terms the author describes what a heart attack is, who is likely to have one, and why. He presents his Unification Principle of heart-attack preventions, a new concept showing

how all the significant causes of coronary disease are focused in one central area—the blood.

He explains the Prudent Diet, an important first-step weapon against the three blood excesses our over-abundant, over-rich diet brings on. He discusses stress, exercise, heredity, sex, weight and other factors in relationship to heart attack and its prevention.

Serious readers of the book should come away from the book with a clear understanding of the major factors in heart attacks—and what can be done to prevent them. Conserve gasoline and stay at home and read a book from your local library.

Bridal Shower Honors

Mrs. Eddie Wood Here

A bridal shower honoring Mrs. Eddie Wood of Amarillo, was held in the home of Mrs. Odie Claborn at 1210 Jackson Avenue on Saturday, April 26.

The table was covered with a white lace cloth, with a centerpiece of ramunculus, iris, baby's breath and stock. Table decorations were completed with a silver punch service and crystal.

The bride wore an orchid corsage. Mrs. Otis Yates of Clovis, the bride's mother, Mrs. Noyle Wood, the groom's mother, Mrs. Grace Kennedy of Clovis, the bride's grandmother and Mrs. T.E. Wood, the groom's grandmother, wore carnation corsages.

Punch and cookies were served to the guests.

Mrs. Mike Hand registered guests. The hostesses were Mrs. Odie Claborn, Mrs. Roy Clements, Mrs.

Kenneth Neal, Mrs. A.L. Black, Mrs. Curtis Murphree, Mrs. George Taylor, Mrs. John Renner, Mrs. Pete Buske, Mrs. Claude Osborn, Mrs. Bob Knight and Mrs. Paul Fortenberry.

Four-Wheelers Tour Canyon

The Friona Four-Wheel Drive Club and their guests the Clovis Gem and Mineral Society met Sunday, May 4 for a tour of Palo Duro Canyon south of Claude.

A picnic lunch was held on the Mick Stocket ranch.

After lunch the group returned home through Canyon and toured the West Texas State University Museum.

Those attending were Mr. and Mrs. Bill McGlothlin, Mr. and Mrs.

Square Dancers

Plan To Visit

Stewart Rowan, square dance caller for the local club, called for the dance Saturday night, May 3.

Guest tips were called by Cliff Gossett of Clovis.

Visitors were from Hereford, Clovis and Friona. Refreshments were served by Marca Lynn Herring. There were four squares present.

Merry Mixers, square dance club of Hereford, is having their 1975 Spring Fling at Sugarland Mall Saturday night, May 10. It will begin at 8 p.m.

Gary Goetz of Texhoma will be the caller. An admission price of \$1 will be charged per person. There will be door prizes awarded.

Girl Born To Brackens

Mr. and Mrs. Rex Bracken are the parents of a baby girl born Friday, May 2, at Parmer County Community Hospital.

The baby was born at 3:05 p.m. She weighed eight pounds, four ounces and was twenty inches long at birth.

Named Julie Beth, she is the second child for the couple. Her older brother, Cody Rex, is four years old.

Grandparents are Mr. and Mrs. Gene Bracken, Friona and Mr. and Mrs. C.W. Perkins, Olton, Texas.

Great-grandparents are Lena Bracken of Friona and David Wright of Tribbey, Oklahoma.

Daughter Born To Bentleys

Mr. and Mrs. Charles Bentley of Lancaster announce the birth of their first child, a girl, on Thursday, May 1.

Named Lisa Michelle, the new arrival weighed seven pounds, four ounces.

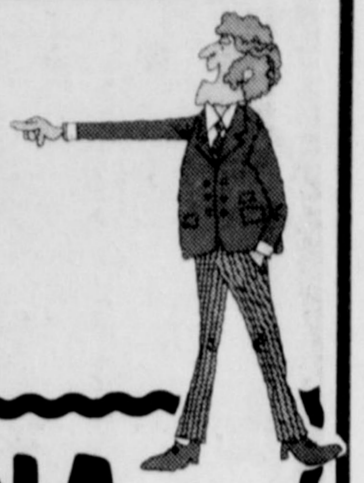

Bentley is employed by the Lone Star Cement Co. at Lancaster. Mrs. Bentley is the former Miss Brenda Dyer.

Grandparents are Mr. and Mrs. Travis Dyer of Clovis and Mr. and Mrs. Buck Bentley of Hub.

Maternal great-grandparents are Mr. and Mrs. H.A. Vick and Mrs. Floyd Dyer, all of Littlefield. Great-great-grandmother is Mrs. Clara Murdock of Littlefield.

Chevrolet announces a new small car.

Monza Towne Coupe

34 MILES PER GALLON. Equipped with its available 5-speed transmission and 2.3-litre 2-barrel engine, the Monza Towne Coupe has been rated by the EPA as follows: 21 mpg in the city test, 34 mpg in the highway test... better than a lot of foreign cars.

THREE ENGINES TO CHOOSE FROM. The standard engine is a thrifty 2.3-litre single-barrel Four. Available: a 2.3-litre double-barrel Four and a small 4.3-litre V8. Depending on engine selection, there are four transmissions available.

NEW FREEDOM BATTERY. The Towne Coupe is the first Chevrolet to have it. Standard. Needs no refill.

FORMAL VINYL ROOF STANDARD. In your pick of nine colors. The lower body comes in thirteen colors.

A WIDE SELECTION OF OPTIONS. Leather upholstery, forged aluminum wheels, AM/FM stereo—they're all available. And up to you.

A CHOICE OF RICH-LOOKING INTERIORS. Either vinyl or luxurious pattern cloth is standard.

SMALL AND DRESSY. There have always been dressy big Chevrolets. This is a dressy small one. It's fun to drive. It's comfortable inside. It comes with a very sensible price.

AT YOUR CHEVROLET DEALER'S MAY 8. See it soon. We think you'll find it's both a sensibly priced car to start with, and a sensible little car to stay with.

Dressy. Fun to Drive. Sensibly Priced.

AWARD WINNERS...Friona bandmen captured all three "Outstanding" trophies in the local band festival held May 3. From the left are Andy Fleming, winner of the award for the percussion division, Laura Ellis, winner for the woodwinds, and Rickey Vera, winner in the brass section.

Junior Bandsmen Take Top Honors

Friona elementary and junior high bands took all of the top awards at the Friona Band Festival held Saturday, May 3. Thirteen concert bands and nine schools were represented by students totaling over 600.

Judges for the contest were: J.W. King of Canyon High School and Gary Laramore from Stratford High School in concert; Richard Bales of Canyon Jr. High in sightreading; and Noreen Bales, Canyon; Randy Vaughn, Hereford; Steve Ragsdale, Stratford; and Chuck Higdon, Clovis, as solo and ensemble judges.

All three Friona band entries, the sixth grade, third period jr. high, and fifth period jr. high bands, made first division ratings in both concert and sightreading. Others receiving first divisions were: Vega fifth grade, Vega sixth grade, Plainview Coronado, Plainview Estacado and the Idalou seventh and eighth.

Friona received all of the "outstanding" awards given at the contest. Outstanding woodwind soloist was Laura Ellis, Friona eighth grade; outstanding brass soloist was Rickey Vera, Friona sixth grade; and outstanding percussionist went to Andy Fleming, Friona fifth grade. The Friona fifth period jr. high band received the "Outstanding Band" trophy for the second year in a row.

Friona students made up 135 solo and ensemble entries. Of these, 78 entries received first division

ratings, 47 made second divisions and there were ten third divisions. There were 98 individual medals earned for the first divisions. Hereford was next with 48 medals.

Students that made first division ratings and received medals were: seventh and eighth grade solos—Janice Coffey, Laura Ellis, Cherie Parker, Priscilla Pruet, Kyle Barnett, Roger Coffey, Fred Garza, Charlene Seale, Phillip Veazey, Chuck Nichols, Sylvia Bermea, Angelia Sims, Sharla Duggins, Doris Hough, Maria Villanueva, Alex Garza, Milton Dixon, Sonya Gore and Joey Malouf.

Sixth grade solo medal winners included: Kipi Fleming (2), Jiselle Malouf, Danny Guerra, Pam Perez, Delinda Shipp, Dana Smith, Dianna Wright, Lynn Blackburn, Cindy Alexander, Cindy Auburg, Davy Howard, Kim Taylor, Rickey Vera, Mark Blankenship, Jeff Landrum, Tim Mercer and Brent Self.

Fifth grade first division winners were: Teresa Loflin, Gwendolyn Maurer, Regina Priest, Jim Mabry, Mark Osborn, Robert Osborn, Kim Barnett, Kim Eustace, Tawnya Hand, Diana Hayes, Jyl Hight, Noni Ruzicka, Sandy Spring, Christy Wiseman, Stanley Ellis, Andy Fleming, Francis Guerra, Cari Hand, Mitch Massey, Greg O'Brian, Amber Smith and Sunny Horton.

Those receiving medals for ensemble performance were: Minnie Aragon, Jamie Fulks, Doris Hough, Detricia Miller, Milton Dixon, Shae Dodson, Sonya Gore, Stan Powell, Kayle Britting, Sandra Cortez, Becky Jones, Terri Lloyd, Pam Perez, Myra Veazey, Kipi Fleming, Jiselle Malouf, Anita Perkins, Vivi Hernandez, Dale Merrell, Denny Young, Robert Alexander, Morris Garza, Rod Owen, Tera Simpson, Kyle Barnett, Kimber Britting, Fred Garza, Gary Schueler, Charlene Seale, Burk Vestal, Mark Blankenship, Janette Reed, Tim Mercer, Brent Self, Rickey Vera and Mark Zachary.

BUYS INSTRUMENT...Harrell Mays, center, presents a check to Edwin Harris of May & Duncan Music Co., Amarillo, for a new marching trombone purchased for the Friona band by the Band Boosters, of which Mays is president. The school bought two similar instruments. Looking on is band director Charles Faulkner.

Bandsmen Earn 32

Medals From UIL

Friona band students earned 32 medals at the recent University Interscholastic League solo and ensemble contest held at Wayland Baptist College in Plainview.

Of those earning medals, six students have qualified to go to the State Solo and Ensemble Contest in Austin on June 2.

To go to the state meet, a student must make a 1st division rating on a Class I solo or ensemble. Those qualifying to go to state were: Janice Hayes, flute solo; Diane Westbrook, flute solo; Julie Johnson, alto saxophone solo; Charlene Seale, baritone solo; and a flute

quartet made up of Janice Hayes, Diane Hamilton, Regina Walters and Diane Westbrook.

Other students making 1st division ratings on solos at Plainview were: David Whitaker, Tracy Horton, Renae Monroe, Julie Owen, Laura Ellis, Janice Coffey, Roger Coffey, Kyle Barnett, Priscilla Pruet, Stephanie Schueler, Burk Vestal, Chuck Nichols, and Joel Hight.

Receiving 1st division on ensemble performance were: Donna Rector, Kim Frye, Debbie Menefee, Deloris Wyly, Burk Vestal, Charlene Seale, Fred Garza, Gary Schueler, Kyle Barnett and Kimber Britting.

Miscellaneous Shower

Honors Bride-Elect

Glenda Reeve, bride-elect of David Hardgrove, was honored with a bridal shower Saturday, May 3 from 3 to 5 p.m. at the Community Room of Friona State Bank.

Colors of red and navy were used on the serving table. Red climbing geraniums were used for the centerpiece.

Punch and cake were served by Cinda Johnson. Guests were registered by Julie Reeve of Dimmitt.

The honoree was presented a corsage of dish cloths and kitchen

gadgets. The hostess gift was a stainless steel electric skillet.

Mrs. Agnes Fulks, Mrs. Glenn Reeve and Mrs. Eddie Smock of Plainview, grandmothers, and Mrs. Calla Sparkman of Amarillo, great-grandmother, were special guests.

Hostesses were Carmaleet Truitt, Christine Johnson, Elizabeth McLellan, Lesta Lee Neill, Mary Pryor, Inez Butler, Gerry Taylor, Iona Cook, Pearl McLean, Wana Brewer, Christeene Mann and Stella Shirley.

Piano Pupils

Present Recitals

Johnnie Walters will present her piano students in two recitals on Sunday, May 11 at 2 p.m. and 3:15 p.m.

Performing in the 2 p.m. recital are Carol Dement, Shannon Allen, Patty Hinton, Jiselle Malouf, Rhnea White, Christie Wiseman, Teresa Clark, Bonnie Lunday, Diana Hayes, Myra Veazey, Linda Ruzicka and Julie Owen.

Playing at the next recital will be Charla Cheshier, Kim Wilcox, Gwendolyn Maurer, Deloris Wyly, Charity Mays, Deena Mason, Detricia Miller, Faith Mays, Sandy Spring, Jan Mason, M'Lynda London and Linda Anthony.

Janice Hayes will be guest flute soloist at both recitals.

The public is cordially invited to attend.
