WE RECEIVED the following article in the mail this week, and thought it would be appropriate to print for the benefit of sports fans. It appeared in a recent issue of "The Leaguer," the official publication of the University Interscholastic League.

From time to time, fans tend to forget that sports events are sponsored by the school, and that the home team can get into trouble if they do not conduct themselves properly.

1. There is no such thing as a "right" to participate in athletics. Math, history, English, and certain other courses are mandated by the state authorities, and each student has a "right" to be exposed to them. But as a participant in athletics, a youngster must follow rules or his "privilege" will be taken away from him.

2. Your team does not belong to the community. It belongs to the school. And that school has voluntarily agreed to abide by a certain set of rules, so that all athletes may compete under the same standards.

If these rules offend any special-interest groups to the point where they cannot conduct themselves in a rational manner, then, by all means, these persons should direct all their energies toward some other level of athletics, but NOT the high school level.

3. All high school athletes make mistakes. They are not perfect, and never will be. While these mistakes make high school athletics unpredictable and interesting, it is sad to hear so-called fans boo youngsters at an athletic event.

4. Your coach is also a teacher. In fact, he is a teacher first, and coach second. When misguided people try to reverse this order, the athletic program is in the first stages of collapse.

Nobody wants to see a program fail. In many cases, failure can be attributed to unrelenting, merciless pressure by well-meaning fans. Most of the time, these fans played little or no part in the building of the program. Small wonder that the high school coaching profession has the highest turnover of any coaching level.

5. Make an attempt to learn the rules of the game and then leave the officials alone. Much time is spent in training these officials so that a contest can proceed smoothly.

The spectator who constantly criticizes game officials is ignorant of the rules under which the game is played. Psychologists have also stated that persons with inferiority feelings tend to vent their frustrations on game officials.

6. Finally, keep in mind that you are a guest of the school. While winning is certainly an admirable goal, victory is hollow if it comes at the expense of morals, ethics and just plain common sense.

Do not become the laughing stock of your community. Be a loyal, sensible, thinking spectator. Ask yourself this question: "What would this crowd be like if everyone acted the way I do?"

++++

FOOT-IN-MOUTH: Few people can match my foot-in-mouth skill. Met an old friend after many years and asked about his wife. "She's in heaven," said he. I blurted out, "Oh, I'm sorry." That didn't sound right, so I amended, "I mean I'm glad." That didn't sound right either so I amended again, "What I really mean to say is, I'm surprised." In desperation I just walked away with him glaring after me. Still can't think how I should have said what.

RICK SPRINGER, who has moved his printing business into the old post office building, had an experience last Friday while moving a linotype machine into the building. The machine got away and pinned Rick against the wall for a time, until Leon Coffey could get there with his winch truck. Rick has decided that bull-dogging linotype machines is not a good pastime.

WE LIKE the slogans that Baxter Layman uses on his marquee at the Dairy Queen. You may have noticed one of the headings this week said "Will Rogers Never Met Howard Cosell."

Farmers Hit By Bergland Speech

The farmers who have been involved in American Agriculture Movement's tractorcade to Washington, D.C. met with some stiff opposition in the nation's capitol this week, and some violence has resulted.

The farmers appeared to be stymied at first in their efforts to demonstrate on behalf of their problems in making a living on the farm under the present conditions.

One of the biggest obstacles that the farmers have faced has been Secretary of Agriculture Bob Bergland, who chastized the farmers, and in a speech on Tuesday called the farmers "greedy," stating that farm income was "at an all-time high."

Bergland's remarks have touched off a chain reaction in the agricultural community. A number of national farm organizations,

including the AAM, the National Corn Growers and several U.S. senators, have called for Bergland to resign, due to his remarks.

The farmers have vowed to stick with their fight until they get some relief from their situation. They are asking that congress implement the 1977 farm bill, which would call for national loan rates at 90 per cent of parity.

Members of the AAM are asking other supporters to join them in Washington during the coming week, as they will work for other farm support. Meetings have been scheduled with the U.S. Department of Agriculture and other agencies.

A meeting has been scheduled in Friona for 7:30 p.m. Monday night at the strike headquarters. A call will be received from AAM headquarters in Washington, and will be placed on a loud speaker for the crowd to hear.

Emergency Course Set

An emergency care technician course will be conducted in Friona beginning February 20. The classes will be held at the Friona Fire Department, and will begin at 7 p.m. each night.

The course will consist of 40 hours of instruction.

Anyone interested in taking the course is requested to call Ralph Shirley at 247-2727 or Rex Williams at 247-2711.

Classes will be taught through Amarillo College. A registration fee of \$15.00 per student will be charged.

Presently, nine people from Friona are participating in an Emergency Medical Technician EMT class in Bovina. This class consists of 88 hours of classroom work, and 40 hours of hospital work. It also is being taught through Amarillo College.

Those participating are Rex Williams, Richard Wilson, Beamon McDonald, Donny Campbell, Danny Campbell, Stanley Varner and Darrell Collier, all members of the Friona Fire Department, along with Pat Fleming and Madie Schmidt.

READY FOR SHOW.... Renae Monroe, left, Friona High School FFA sweetheart, and M'Lynda London, chapter plowgirl, hold two of the awards which will be presented at the 32nd annual Parmer County

Junior Livestock Show next weekend in Friona. The above couple will be joined by other FFA sweethearts and plowgirls from throughout the county in handing out the awards to the winners.

Grand Opening Event To Climax Saturday

Parmer County Implement Company will wind up its Grand Opening promotion on Saturday, February 10, according to Mark Coleman, manager of the company's new Ace Hardware department.

The company will feature a hot dog and a Coke all day Saturday for a dime. Winding up the grand opening promotion will be the drawing for some 30 prizes which customers have been registering for.

The drawing will be at 2 p.m. Saturday.

A number of the product manufacturers who supply Ace Hardware will be on hand on

Saturday to discuss their products with customers.

Coffee and doughnuts will be served during the day. The store will be open all day Saturday.

"We appreciate the good response we have had from the residents of the Friona area to our grand opening, and urge everyone to come out Saturday and help us climax our Grand Opening week," says Coleman.

The hardware manager says that if customers will tell him of hardware items they would like to see Parmer County Implement keep in stock, he will be happy to add them to the inventory.

PUPPY LOVE.... "Petah," a young Shih-Tzu puppy, gives his sister, "Tennessee," a valentine kiss, just prior to biting her ear in observance of Valentine's Day. The puppies

belong to the Bill Ellis family, who say they will make marvelous pets by about the end of the month. (Unpaid Adv.)

Jr. Livestock Show Slated Feb. 16-17

The 32nd annual Parmer County Junior Livestock Show will be held next Thursday through Saturday, February 15-16-17 at the Parmer County Community Center-Showbarn in Friona.

Some 500 animals are expected to be entered in the 1979 show. Around 300 barrows are expected to make the show one of the biggest in history. This will be up from the 232 barrows entered in the 1978 show. Around 150 lambs, about the same as last year, are expected, and from 45 to 50 steers.

The first order of business for the show will be the weighing in of animals, which will begin at 9 a.m. Thursday at the showbarn.

Lambs will be classified by Ronnie Dennis of Kress, vocational agriculture instructor beginning at 1 p.m. Thursday.

All judging in the show will take place on Friday, February 16. The barrows will be judged beginning at 8 a.m. Lambs will be judged beginning at 2 p.m., and the steer judging begins at 6 p.m. The auction sale begins at 1 p.m. on Saturday, February 17.

It will mark the third year for the show to be under the sponsorship of the Parmer County Young Farmers.

For a look at past years' results in the Parmer County Jr. Livestock Show, including pictures of last year's championship winners and a listing of every winner in the show since 1948, see section II of this issue.

Chief Buchanan is general superintendent for the 1978 show, and Max Eubanks will be assistant general chairman. James Sides is in charge of the barrow division; Steve Pearson is heading the lamb show and Jim Taylor is in charge of the steer show.

A spokesman for the show officials urged area residents to attend every facet of the show, including the sale.

The Parmer County show traditionally grosses as much money for

the young showmen as many shows much larger. Recent years have seen the sale top the \$74,000 mark.

Judges for the 1979 show include Dr. Jerry Stockton, chairman of the Agriculture Education Department at Texas Tech, barrows; Herman Boone, vo-ag teacher from Spearman, steers, and Denny Belew, vo-ag teacher at Anton, lambs.

Parmer County Farm Bureau is once again providing the trophies for

the champion animals. The Friona Star and Bovina Blade will present showmanship plaques to the outstanding showmen in each of the three categories.

Radio Station KPAN of Hereford will broadcast highlights of the show for the benefit of those unable to attend.

FFA and 4-H Club members from throughout the county take part in the show.

All-School Honor Winners Announced

Class favorites, named recently at Friona High School, were announced this week. Elections were held at the school to name the winners in 13 different categories.

Named as Mr. and Miss FHS were Leslie White and Julie Owen. Most Likely to Succeed were David

Farmers May Get Loans

A meeting will be held here Wednesday, February 14 to discuss the possibility of securing farm disaster loans.

Bill Webb, a representative of the Small Business Administration's disaster office in Lubbock will be present to speak to those attending. The meeting will begin at 7 p.m. at the Community Room of Friona State Bank.

"If you can't make it at the start of the meeting, just come on later," said an organizer of the meeting.

It was stated that even those farmers who may have already applied for disaster loans might want to attend to see if there is additional information they might need.

Fleming and Sarah Mears. Best all-around were Leslie White and Myra Veazey.

John Ingram and Vanessa Hudson were named "friendliest," Roger Coffey and Donna Rector were selected as "most talented," Ky Graham and Julie Owen were named "most courteous," and Michael Leal and Holli Hudson were named "wittiest."

Mark Gammon and Jamie Fuiks were selected as "most dependable," Chris Barnett and Jan Mason were "most studious," Chitto Caballero and Varla Welch were "most competitive," Larry Paiz and Dana Miller were "most spiritual," Roye Straw and Renae Monroe were named "best dressed," and Ricky Taylor and M'Lynda London were named "most school spirited."

Friona Flashbacks

.....from the files of *The Friona Star*

50 YEARS AGO—FEB. 8, 1929

Charles Schlenker, S.M. Sherrieb, O.G. Turner, S.F. Warren, John Benger, S.H. Meade and R.L. Chiles were among the winners in the second annual poultry show held in Friona last Friday and Saturday.

G.W. Davison who for the past few years has been living near the railroad three miles east of town departed Wednesday with his family, his household goods and farming equipment for Melrose, New Mexico where he has purchased 160 acres of land and where they will make their home.

Pearl Taylor, who was reported last week to have gone to Fort

Worth, has returned to Friona for an indefinite period. Mr. Taylor was one of the most efficient employees of the Friona Gin Co. and as some of the other helpers had resigned, his services were sorely needed at the gin, so he has returned to assist until the ginning season is over for the season.

+++

40 YEARS AGO—FEB. 10, 1939

J.A. Blackwell, manager of the Blackwell Hardware and Furniture Store of this city, spent the early part of this week at Amarillo, in attendance at the regular meeting of the Panhandle Hardware and Implement Dealers Association. Mr.

Blackwell was chairman and president of the association, and presided over its deliberations.

W.L. Edelman, superintendent of the Friona Schools, O.F. Lange and Mr. and Mrs. Elroy Wilson attended the home-talent play presented at the Lakeview School by the people of that community last Friday night.

+++

25 YEARS AGO—FEB. 4, 1954

Friona FFA boys were experimenting this week with a two-headed calf which was born on the Sloan Osborn farm. The calf was dissected this week, and it was found to have two sets of lungs, two hearts, but only one intestinal tract.

+++

20 YEARS AGO—FEB. 5, 1959

Hon. Jesse M. Osborn, state representative from the 96th district, is vice-chairman of the committee on banking, and is a member of four other committees having been appointed by Waggoner Carr, Speaker of the House.

A price war has hit the anhydrous ammonia business in Parmer County, according to dealers. The price war, which has been brewing for over a year, hit a low of four and one-half cents per pound in Friona.

+++

15 YEARS AGO—FEB. 6, 1964

A 14-inch snowfall clogged Friona streets this week, stranding scores of motorists.

Mr. and Mrs. D.C. Herring were seriously injured when the pickup they were riding was struck by a Santa Fe freight train on February 5.

J.G. McFarland announces the sale of Parmer County Implement Co. to a partnership consisting of Andy Hurst, Rene Snead and Newman Jarrell, Jr.

+++

5 YEARS AGO—FEB. 10, 1974

Friona will be headquarters for a Parmer County outreach clinic of the Central Plains Mental Health and Mental Retardation Center, it was announced this week.

The Bovina-Friona Knights of Columbus will sponsor a trap shoot Sunday, February 10. The shoot will be held from 2 p.m. until dark.

The members of Epsilon Sigma Alpha and Friona Future Homemakers of America conducted a joint drive for the March of Dimes locally.

LENA STEINBOCK

Mrs. Steinbock Services Held

Funeral services were conducted Tuesday, February 6 for Mrs. Lena Steinbock, 74, of Lazbuddie.

Services were held at the Singleton-Ellis Funeral Home Chapel of the Chimes in Muleshoe. Burial was in the Lazbuddie Cemetery by Singleton-Ellis Funeral Home. Rev. Al Ewing Jennings officiated at the services.

Mrs. Steinbock died February 4. She was born in Frederick, Oklahoma and moved to Parmer County in 1927 from Frederick. She was a member of the Lutheran Church. Her husband, Alex preceded her in death.

Survivors include two daughters, Mrs. Bobby Broyles of Lazbuddie and Mrs. Bert Williams of Houston; three sisters, Mrs. Minnie Lawson, Mrs. Walter Vaughan and Mrs. R.D. Tucker, all of Frederick; five grandchildren, Vickie Copley and Mickie Cochran, both of Friona, Bobby Lynn Broyles of Farwell, Sheryl and Susan Williams, both of Houston; and one great-grandchild, Shannon Cochran of Friona.

Pallbearers were her nephews, Wayne Moore, Rex Steinbock, Johnny Mitchell, David White, Demp Foster and Jimmy D. Vaughan.

Honorary pallbearers were Benny Dyck, Volley Hodges, Walter Hanson, Strother Walker and Jody Shupin.

Around The Firehouse

By RICHARD WILSON

Recently elected as officers for the Friona Fire Department for 1979 were Ralph Shirley, chief; Glenn Reeve, Jr., assistant; Porter Roberts, secretary; Richard Wilson, reporter; and Tommy Taylor, whistle blower.

Ruben Taylor is captain of Company 1; Donny Campbell is lieutenant. Joe Mann and Leo Reed are assistant training officers. Other members of Company 1 are Howard Love, Robert Zetsche, C.H. Veazey, Raymond Auburg, Randy Campbell, Paul Bush, Beamon McDonald, Tommy Taylor, Richard Wilson and Mike Myer.

Ray Campbell is captain of Company 2, with Lee Campbell as lieutenant. Joe Reeve is training officer. Other members are Rex Williams, Fred Flores, John Allen, Ron Smiley, Clyde Fields, Danny Campbell, Stanley Varner, Harold Reed and Darrell Collier.

Members of the food committee are Collier, Donny Campbell, Harold Reed. The mascot is Shawn Taylor.

The emergency care technician course will be given in Friona beginning February 20. Contact Ralph Shirley or Rex Williams if interested.

Remember our fund at Friona State Bank for the Jaws of Life machine. Any amount appreciated.

Legal Notices
ORDINANCE NO. 524
 AN ORDINANCE ESTABLISHING TRUCK ROUTES IN THE CITY OF FRIONA, TEXAS; PROHIBITING THE PARKING OF TRUCKS ON THE CITY STREETS; PROVIDING FOR ENFORCEMENT; AND PRESCRIBING PENALTIES FOR THE VIOLATION OF THIS ORDINANCE.
 Section 1. DEFINITIONS.
 For the purpose of this Ordinance the following terms, phrases, words and their derivations shall have the meaning given herein.
 The word "shall" is always mandatory and not merely directory.
 1. "City" is the City of Friona, Texas.
 2. "Deviating Truck" is a truck which leaves and departs from a truck route while traveling inside the corporate limits.
 3. "Person" is any person, firm, partnership, association, Corporation, Company or Organization of any kind.
 4. "Truck" is any vehicle designed or operated for the transportation of property and whose combined body and load weight exceeds 10,000 pounds.
 5. "Truck Route" is a way over certain streets, as designated herein, over and along which trucks coming into and going out of the city must operate.
 Section 2. APPLICATION OF REGULATION. All trucks within the city shall be operated only over and along the Truck Routes herein established and on other designated streets over which truck travel is permitted.
 1. "EXCEPTIONS" This ordinance shall not prohibit:
 (a) OPERATION ON STREET OF DESIGNATION. The operation of trucks upon any street where necessary to the conduct of business at a designation point, provided streets upon which such traffic is permitted are used until reaching the intersection nearest the designated point.
 (b) EMERGENCY VEHICLES. The operation of emergency vehicles upon any street within the city.
 (c) PUBLIC UTILITIES. The operation of trucks owned or operated by the city, Public Utilities and Contractor Materialmen, while engaged in the repair, maintenance or construction of streets, street improvements, or street utilities within the city.
 (d) DETOUR TRUCKS. The operation of trucks upon any officially established detour in any case where such truck could lawfully be operated upon the street for which such detour is established.
 Section 3. TRUCK ROUTES ESTABLISHED. There is hereby established within the City the following "Truck Routes":
 1. U.S. Highway No. 60 from City Limits to City Limits, and also designated as Eleventh, 11th Street.
 2. Texas Highway No. 214, from the South City Limit to Fifth, 5th Street and then East or West along 5th Street to Main Street or U.S. Highway No. 60.
 3. Main Street from U.S. Highway No. 60 intersection (11th & Main) south to 5th Street and/or the South Corporate Limit.
 4. Texas Highway No. 214 from the North Corporate Limit south to the intersection of U.S. Highway No. 60 (11th Street) thence East or West on U.S. Highway No. 60.
 Section 4. TRUCK TRAFFIC WITHIN THE CITY.
 1. OUTSIDE ORIGIN
 (a) INSIDE DESIGNATION POINT. All trucks entering the City for a destination point in the City shall proceed only over an established truck route and shall deviate only at the intersection with street upon which such traffic is permitted, nearest to the destination point. Upon leaving the destination point, a deviating truck shall return to the Truck Route by the nearest shortest permissible route.
 (b) MULTIPLE INSIDE DESIGNATION POINTS. All trucks entering the city for multiple destination points shall proceed only over established Truck Routes and shall deviate only at the intersection with the street upon which such traffic is permitted, nearest to the first destination point. Upon leaving the first destination point a deviating truck shall proceed to other destination points by the shortest direction and only over streets upon which such traffic is permitted. Upon leaving the last destination point, a deviating truck shall return to the Truck Route by the shortest permissible route.
 2. INSIDE ORIGIN.
 (a) OUTSIDE DESIGNATION POINT. All trucks on a trip originating within the city, and traveling in the City for a destination point outside the City shall proceed by the shortest direction over streets upon which such traffic is permitted to a Truck Route as herein established.
 (b) INSIDE DESIGNATION POINT. All trucks, on a trip originating within the city, and traveling in the City for destination points in the City shall proceed only over the streets upon which such traffic is permitted.
 Section 5. NO STREET PARKING.
 Except in an emergency, no truck shall be parked or left unattended upon any City Street, State or Federal Highway within the Corporate Limits of the City of Friona.
 Section 6. ENFORCEMENT.
 1. TRUCK ROUTES POSTED. The Chief of Police, in coordination with the State Highway Department, shall cause all Truck

Routes to be clearly sign-posted and give notice that this Ordinance is in effect.
 2. WEIGH-IN. The Chief of Police and the City Police Force shall have the authority to require any person driving or in control of any commercial vehicle not proceeding over a Truck Route or Street over which Truck Traffic is permitted to proceed to any public or private scale available for the purpose of weighing and to determine whether this Ordinance has been complied with.
 Section 7. PENALTY FOR VIOLATION.
 Any person, firm, corporation or association who violates any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine in the Corporate Court of not more than \$200.00. Each and every violation constitutes a separate offense.
 Section 8. EFFECTIVE DATE.
 In view of the fact that this Ordinance is necessary for the immediate protection and preservation of the public streets of the City of Friona, Texas, this Ordinance shall be in full force and effect after its passage and upon publication.
 PASSED AND APPROVED THIS THE 5th DAY OF FEBRUARY 1979.

 ATTEST:
 Arley L. Outland
 City Secretary
 City of Friona, Texas, do hereby order that an election be held in said City of Friona on the 7th day of April, 1979, for the purpose of electing the following officials for said city:
 THREE (3) ALDERMEN
 That in accordance with an order adopted by the City Council of the said city, said election shall be held at the following place in said city, and the following named persons are hereby appointed officers for said election:
 In Election Precinct No. 1, at the City Fire Station Building, 102 East 8th Street, in the City of Friona, Texas: Mrs. Floyd Millican, Presiding Judge; Mrs. T.I. Burleson, Judge; and Clerks -Mrs. Darla Bracken, Mrs. Mary Ford, Mrs. Ouida Jones, Mrs. Allo Reeve, Mrs. Bill Stephens, and Mrs. Joe Talley.
 That the said election shall be held in accordance with the Election Code of this State and only resident qualified voters of said city shall be eligible to vote at the said election.
 That immediately after said election is held, the officers holding the same shall make returns of the result thereof to the City Council of this city as required by the Election Code of this State.
 That the City Secretary shall give notice of said election by posting a copy of this order in each of the election precincts of said city which posting shall be done not less than 30 days prior to the date of fixed said election.
 A copy of this order shall also serve as a writ of election which shall be delivered to the above appointed Presiding Judge for said election.

Teams Sweep Games From Littlefield

The Chieftain and Squaws basketball teams took a pair of games from visiting Littlefield last Friday night.

The Squaws held on for a 38-33 win, thanks to some good defensive play in the late stages, while the Chiefs roared to an 81-59 win, coming up with their top scoring game of the season.

The Squaws took one of their come-from-behind wins, after playing swap-out with the Littlefield girls during the late stages of the game.

Friona got a bundle of free throws during the final quarter, and if they had been hitting well, could have put the game away much earlier. In fact, the team went for over eight minutes of clock time in the third and fourth quarters without scoring a field goal, but still managed to maintain their lead.

The teams played even for much of the way. Littlefield held fourth-quarter leads of 29-28 and 31-30. A free throw by Renae Monroe gave Friona the lead at 32-31, but Littlefield scored to take a 33-32 lead with 3:13 left in the game.

Dana Miller sank a jump shot from in close with 2:12 left on the clock for a 34-33 Friona lead. It was the Squaws' first field goal of

the fourth quarter, and only their second of the entire second half.

Then the team was able to wrap it up with their delay game, although it took four trips to the free throw line, with players making four of seven shots to account for the final margin of 38-33. Littlefield never scored again in the final 3:13, attesting to the good defensive effort by the Squaws.

+++

In the boys' game, Littlefield held only one lead, and that must have challenged the Chieftains sufficiently. Chris Barnett's jump shots from the side gave Friona two early leads, before the visitors took their only edge at 7-6 2:10 into the game.

But Kevin Pope made a lay-in shot with 5:38 left, giving Friona a 9-7 lead, and baskets by Barnett, Pope and Jeff Peak ran the lead to 15-7 as Littlefield suffered a scoring drought.

The Wildcats tried to rally, outscoring Friona 6-4 in a two-minute stretch, but Barnett's jumper made it 21-13 at the buzzer.

The Chiefs continued to hit as the second stanza started. Barnett's goal made it 27-15 with 5:30 left in the half, and after Littlefield broke the ice with a free throw, the Chieftains reeled off 11 unanswered points to hike their lead to 22 points,

38-16, with 1:17 left to play.

The 'Cats scored the last two baskets for a 38-20 halftime score.

Friona hit a sizzling 55 per cent of their field goals during the first half of play.

It was more of the same during the third quarter, as Pope, Peak and Barnett burned the nets, and Leslie White got into the act with a trio of baskets that gave Friona a 55-28 lead. Friona scored nine points in the last 1:20 of the third quarter to take a 64-36 lead. The Chiefs had enjoyed a 26-point third quarter.

With reserves entering the lineup, the Wildcats were able to trim the lead a little, outscoring Friona 23-11 in a seven-minute span. But the Chiefs got the last six points of the game to hike their final lead to 22 points, 81-59.

KER-POW....At first glance, it looks like Alesia Tucker (52) of the Squaws is landing a right to the cheek of her basketball opponent, but actually she is blocking a shot. The Squaws edged Littlefield, but lost to Olton in action during the past week.

8th Maidens Drop Games

The eighth grade Maidens traveled to Dimmitt Thursday night and fell in defeat to the Bobbies by a score of 23-20.

Cara Brockman led the Maidens in scoring with 14 points, followed by Sheri Dodson, Sally Castaneda and Sheri O'Brian each with two points.

There were fourteen fouls called on Friona and nine on Dimmitt.

This loss brings the Maidens' season record to 6-7 and district record to 3-4.

+++

The eighth grade Maidens traveled to Hereford LaPlata Monday night and were defeated by a score of 28-18.

Cara Brockman was high pointer for Friona with seven, followed by Sheri Dodson with three, Judy McLellan, Sally Castaneda, Margaret Escobedo and Cindy Drake each with two.

There were ten fouls called on Friona and thirteen on Hereford.

This loss gives the Maidens a 6-8 season record.

The Maidens travel to Littlefield Monday for the last game of the season.

7th Graders Are Defeated

The seventh grade Maidens traveled to Dimmitt Thursday night and lost by a score of 44-15.

Diane Johnston led the scoring for the Maidens with 11 followed by Kristi Britting with 4. There were four fouls called on Friona and ten on Dimmitt.

This loss gives the Maidens a season record of 6-7 and district record of 3-4.

+++

The seventh grade Maidens traveled to Hereford Monday night and had another close game, but lost by a score of 19-18.

Diane Johnston and Kristi Britting shared high point honors with seven each, followed by Valencia Koelzer with four.

There were twelve fouls called on Friona and eight on Hereford.

The Maidens travel to Littlefield on Monday to play their last game of the season.

The loss to Hereford gives the Maidens a 6-8 record for the season.

Olton Edges Chiefs; Title Hopes Impaired

The Olton Mustangs drove the final nail in the coffin of the Friona Chieftains' title hopes on Tuesday, with a 63-62 win over the Chiefs, their second district loss of the second half of play.

Thought to be the first basketball loss to Olton by the Chiefs in at least a decade, the loss left Friona at 1-2 for the second half schedule, still facing games against Morton and Dimmitt at home.

The Mustangs' slow, deliberate type offense again baffled the Chieftains, who had had to pull out a last-minute decision against the Ponies earlier at Friona.

This time, Olton bolted to a 16-2

lead in the first quarter, and left Friona playing catch-up for the rest of the night.

The Chiefs narrowed the gap to 48-44 at the end of three quarters, and finally tied the score with a minute of play, and had a chance to win.

After both teams missed chances, Olton got the ball and worked for a last shot. They drew a foul on the shot, which came with three seconds left, making the first free throw which was enough for the win. Kevin Kothmann's long desperation shot at the buzzer fell short.

The Squaws, who likewise had scored a narrow victory over the

Filices at Friona, led by three at halftime, 21-18, but saw the lead evaporate in the last half. Varla Welch's 12 points paced the team's scoring.

JV Chiefs Win Pair

The Friona Chieftain junior varsity scored a pair of wins last week, to run their season record to 14 wins against only six losses.

The team edged the Muleshoe junior varsity on Tuesday, 43-40, as Joel Hight pumped in 17 points. Friona had a 20-18 halftime lead, led 31-24 at the three-quarter mark, then held off the Mules for the win.

On Friday night, it was more of the same, as Friona got off to a first quarter lead of 11-2 behind the shooting of Jerry Harrelson. Littlefield rallied and cut the margin to two points, but the B-Chiefs held

on for the win, 40-37. Harrelson had 19 points to pace Friona.

Squaws JV Takes Wins

The Friona Squaws' junior varsity won two games last week, to hike their season record to 15 wins against eight losses.

The team scored a 38-25 win against Muleshoe on Tuesday, led by a balanced scoring attack.

It was close at halftime, with Friona leading by just one point, 15-14. But the Squaws outscored the Mulettes, 10-3 in the third quarter to take a 25-17 lead and maintained that advantage the rest of the way. Myra Veazey's nine points led the team in scoring.

On Friday, the team edged past visiting Littlefield, 31-29 for their 15th win. Friona built up a 26-17 lead after three quarters, but Littlefield

outscored their hosts, 12-5 in the final quarter to make it close. Jisele Malouf's eight points led the Squaws in scoring.

players visible are Kevin Kothmann, Chris Barnett, Kevin Pope and Leslie White.

Friona Will Host Tourney

Friona will host the District 3-A basketball tournament this coming week, with games beginning on Thursday at Chieftain Fieldhouse, it was announced this week.

The Bovina Mustangs are in the process of winning the boys' division of the district's round-robin, and will be seeded a spot in the tournament finals Friday night. If Bovina wins the round-robin, and then fail to win

on Friday, a playoff would be held on Saturday evening with the other team involved.

The Bovina girls also will be seeded high in the tournament, standing second in the district standings prior to Friday's games with a 7-2 district record.

Other teams which will be involved in the tournament will be Farwell and Vega, and possibly Springlake-Earth.

SELECTED AS Mr. and Miss FHS in elections by the student body this week were Leslie White and Julie Owen, both seniors. White also was

named "Best All-Around," while Miss Owen likewise was a dual winner, chosen as "Most Courteous." --See story on Page 1

PERMANENT WEIGHT LOSS

GOALS OF PERMANENT WEIGHT LOSS:

1. Understand the psychology of weight loss.
2. Understand why you gain weight or can't keep it off after dieting.
3. Self control of your behaviour.
4. Support and enjoyment while dropping those pounds.
5. Increased activity level.

Dennis Allen will have the first meeting of the SLIM CLUB on Tuesday, February 13, at 7 p.m. Meeting will be held at 623 Main, (Behind the Chamber of Commerce). Initial consultation and personal history assessment will be \$12.00. Call Dawn Hill, 247-3976 for information.

Artist Sets Workshop

Popular cartoon artist Arnie Vail from Dallas has announced plans to teach a workshop in painting in Friona for five days starting March 19.

Vail will be remembered by Friona residents as the artist who drew caricatures of bank customers at Friona State Bank in December 77.

Vail has created his own technique of painting using regular house paints as the basis for his colors. The workshop will cost \$40.00 and Vail will be furnishing all the paints.

Anyone interested in signing up for the classes are to call Mrs. Carrie Tatum at 247-2246 or Mrs. Jim Baxter at 247-3759.

The workshop is under the auspices of the Friona Fine Arts Council.

The top 8 corn hybrids on the Irrigated Plains are all from Pioneer.

That's a pretty bold claim, we admit. But in farmers' fields, county agent test plots, wherever they're grown, these Pioneer brand corn hybrids consistently out-perform competitive hybrids. Each hybrid has its own particular strong points that make it especially well suited for certain conditions. When thoughtfully selected and managed to meet the conditions, each of these hybrids delivers winning performance that's head and shoulders above the competition.

Don't take our word for it. Ask your Pioneer dealer about yield data in your area and see for yourself. The top 8 performers are all from Pioneer!

- 3195** High yielding, full-season powerhouse! 3195 gets off to a good start with high seeding vigor, then makes the most of High Plains conditions.
- 3183** Contest winning yield potential with excellent disease tolerance makes 3183 an ideal companion for 3184.
- 3305** A silage grower's dream come true (even if your plans change mid-season)! Tall with good standability.
- 3780** The corn you can manage almost like sorghum. Total fertilizer, water and insecticide requirements similar to sorghum.
- 3184** Steady corn maker, popular for excellent yields and consistency.
- 3311** A new hybrid you can trust like an old friend! It delivers top yields and is an outstanding companion for 3195.
- 3541** Very early silking, a long kernel fill period, and fast drydown help 3541 produce high yields for its maturity.
- 3360** Plant this one for your banker! It has the consistency to be the high-yielding workhorse hybrid you can rely on.

Kaufman will both graduate from the University of Texas School of Pharmacy in May, 1979, and are presently completing their externship program in San Antonio, Texas. The wedding will take place May 26, in Dumas, Texas.

JUNE CLEVELAND

Ex-Friona Resident Gets Hospital Post

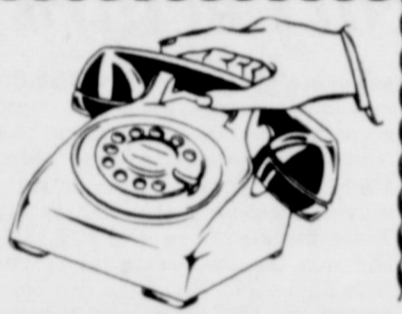

The newly-created position of Community Relations Director of Rocky Mountain Hospital, filled by June Cleveland, encompasses both public relations and development functions.

June Cleveland is the daughter of Mrs. Carl Maurer of Friona.

Mrs. Cleveland, who has worked in the Development Office of Presbyterian Medical Center for the past six years, will be responsible for the hospital publications, for assisting with community activities involving the staff and volunteers, and for establishing an Office of Development to encourage continuing support of Rocky Mountain.

A graduate of Colorado College with a B.A. in Sociology and a minor in English and Journalism, Mrs. Cleveland has been an editor-writer for many years and has worked as a volunteer with various groups. She is married and has two grown children.

Prairie Acres Party Line

Hello Central:

New residents at Prairie Acres are Kay Kendrick, Lodie Neel, Guadalupe Rodriguez, John Hall, J.C. Morrison, G.L. Haney, Nora Paetzold and Frank Bird.

Mrs. Ethel Adams was the bingo winner this week. Our most sincere appreciation goes to Marc Houser and the crew at Houser's Foods. This fine firm provides fresh fruit for our bingo prizes.

Several friends and members of the family of J.C. Morrison were here to help him celebrate his 87th birthday Tuesday.

Valentine door decorations and plate favors for each resident have been provided by the Acteens and Girl's Auxiliary of First Baptist Church.

Do you have any unused portions of Rub 'N Buff that you do not plan to use? We will be using this in next week's craft class. If you would like to donate this item, please call Kitty Gallman at 247-2549.

If any of you care to provide special music for our residents once a month or for special occasions, please contact us so that we can

include this in our calendar of activities. We would like to have about 30 minutes of special music at least one evening each week.

Joy Osborn is the new activities director at Prairie Acres. She hopes to coordinate an interesting, challenging and varied program suitable for our residents.

This program is made possible through volunteers, who so willingly share their creativity, enthusiasm, talents, time, love and laughter to enrich the lives of our residents.

Twenty-seven students are currently enrolled in the 120 hour nurse's aide training classes being offered by Prairie Acres and Texas State Technical Institute.

This is the most comprehensive course ever offered by our facility. Due to the large enrollment, we have had to divide the class.

Instructors of these classes are Kassandra Black, Madie Schmidt and Merv Noah.

Volunteers are needed to read to our residents, who are unable to read the morning newspapers to themselves. Anyone having time to spend 20-30 minutes about 11:00 a.m. is invited to contact Joy Osborn.

Town Talk

By June Floyd

Phone 247-3681 With Your News Item

Our across the street neighbors, Irvin and Eula Henderson, are home. They have spent about six weeks visiting relatives and friends in Arizona and California.

Their first stop was in Tucson, Arizona, where they visited in the homes of Mr. and Mrs. Harold Baize and Mr. and Mrs. Tom Henderson. Mrs. Baize and Mrs. Henderson are Irvin's sisters.

Then from Tucson they went to Yucaipa, California, which is their former home. There they visited Mrs. Henderson's brother and sister-in-law, Mr. and Mrs. Jay Ivie, and former neighbors and friends.

From Yucaipa they went to Mission Viejo, where they were guests in the home of Mr. and Mrs. Frank Henderson and daughter, Katie. Frank is presently an assistant to the District Attorney of Los Angeles County.

He spent Saturday night with his parents. Frank started to school here in 1950 and was ready to enter the fourth grade when the Henderson family moved to California.

Mrs. Fern Barnett, who has been a surgical patient at Central Plains Memorial Hospital in Plainview for a couple of weeks or so, returned home Tuesday afternoon.

She's recuperating at her home southeast of Black.

Janet and Jerry LaFrance, who farm near Olton, have been moving and their children, Jeri Lynn and Jody, have been visiting in the home of their maternal grandparents, Mr. and Mrs. Glen C. Stevick.

Ronnie Stevick, Glen's and Ruth's oldest son, spent several days last week in Parmer County Community Hospital following an automobile accident in which he received multiple injuries.

He was dismissed from the hospital Monday afternoon.

Winnie Beaton of Sunsites, Arizona, has been a guest in the home of Mr. and Mrs. Ira Parr and daughters, Shannon and Sharlene. She is a former Friona resident, the mother of Winette Parr and sister of Wright and T.A. Williams.

Mr. and Mrs. Bill Horton and children, Lee Ann and Brad, of Amarillo were weekend guests in the home of Mrs. Lucy Mae Stokes, Carole and Alayna Maree.

Mrs. Horton is the former Jolynda Stokes. The group visited in the home of Mr. and Mrs. Ruben Taylor Sunday afternoon.

By the way, Ruben and Ollie Pearl are joining the ranks of families having real live wood burning fireplaces. They're doing the work themselves, as they generally do, and will soon have a beautiful addition, which will add comfort to their home.

Mrs. Christine Connor of Shamrock, Texas, has been a guest in the home of Mr. and Mrs. Carl McInroe and son. She is Betty's mother and also has relatives in Muleshoe, where she spent several days.

Walter and Betty Cunningham of Andrews, Texas, were weekend

visitors in Friona. They visited Betty's mother, Mrs. Lavernia Duke, and Walter's family, Mrs. Susie Cunningham and Mr. and Mrs. James W. Cunningham and family.

Mr. and Mrs. Otey Hinds of Hereford, former residents of the Black Community, were Sunday guests in the home of Mr. and Mrs. Otis Neel. Mr. and Mrs. Rosco Ivie were also visitors in the Neel home.

Ralph McBroom, 1112 Etta, is a patient at Methodist Hospital in Lubbock, where he is undergoing tests.

Tom Jarboe, superintendent of the local school system, has been a medical patient at Methodist Hospital, too. He returned home Thursday and will be under treatment for an undetermined length of time.

Mrs. Walt Mabry of Lubbock was a Friona visitor Monday. Her mother, Mrs. Maggie Miller, is a resident of Prairie Acres. Mrs. Mabry reported that her daughter-in-law, Rose Mabry, who was injured in a traffic mishap near Anton during the Christmas holidays, is showing some improvement.

She has been hospitalized since the accident.

Nellie Pearl Shelton and Geneva Gustin had a nice surprise recently. They were in Phoenix for a sewing machine dealer's meeting and decided to do some shopping in one of the city's malls.

Upon entering from the outside, the first face they saw was a familiar one. Then, the second was equally as familiar. Frank Carson

and Ruthie Fite just happened to be shopping in the same mall at the same time.

Later that same day Nellie Pearl and Geneva were eating dinner and were seated next to a couple of strangers. Before dinner was over, the lady said, "Pardon me, I really didn't mean to be eavesdropping, but I couldn't keep from hearing you mention Friona and Dimmitt."

Then, the Frionans and a couple whose last name was Hughes chatted awhile. This couple had lived in Amarillo a number of years and were related to some of the E.D. Matlock family.

See by the papers that F.G. Crofford's Gruver girls basketball team captured the first half of district play with a 5-0 record.

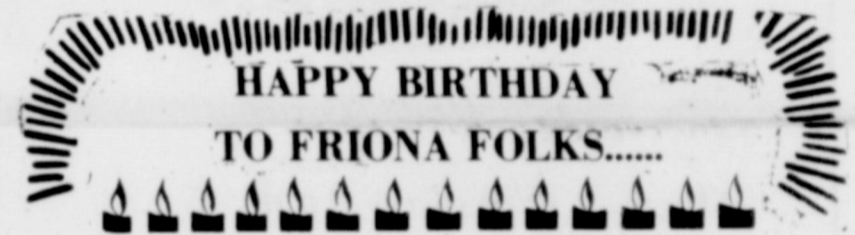

If I were a sports forecaster, I'd be guessing that the Stratford Elkettes will be giving the Gruver girls a hard row to hoe if they win the second half. The outcome of girls competition in this particular bracket should prove most interesting.

Everyone interested in learning more about the equal rights amendment, Kiddie Lib, International Year of the Child and International Women's Year should attend an open meeting in the local junior high gym at 7 p.m. Thursday, February 15.

Margaret McClain of Hart will be the speaker. She is highly qualified to discuss these issues and is a dynamic speaker.

Men and women of the area are being invited to attend and there will be no admission charge.

The acid test of intelligence is its ability to cope with unintelligence.

WEEK OF FEBRUARY 10-16

Friona residents having birthdays next week are:

- Jobey Claborn, February 10
- Holly Whatley, February 11
- Gary Coker, February 11
- Nancy Mingus, February 11
- Jeff Schueler, February 12
- Leon Coffey, February 12
- Eufaula Ethridge, February 13
- Michael Schueler, February 13
- Terri Ray Lloyd, February 13
- Donny Campbell, February 13
- Donnie Finley, February 13

Wayne Schueler, February 14

- Jimmy Broyles, February 14
- Mildred Rule, February 14
- Wade Schueler, February 14
- Billie Jo Hand, February 14
- Donna Schueler, February 15
- Doug Whaley, February 15
- Delbert Putman, February 15
- Marion Fite, February 16

If you or someone in your family has a birthday coming up soon, call the Friona Star at 247-2211 by Thursday noon and report it.

801 Main Friona Ph. 247-3232

MR. AND MRS. JERRY DEON MARTIN... Jerry Deon Martin and Donna Gail Ray were married Saturday, January 27 in the home of his parents, Mr. and Mrs. Lawrence Martin of Friona. Donna is the daughter of Mr. and Mrs. B.F. Ray of Friona, formerly of Greenville, Texas. The couple will make their home in Friona.

CPR Program Highlights Meet

The Friona Young Homemakers held their monthly meeting Thursday, February 1 at the High School Cafeteria.

The members attending were Joan Baize, Linda Black, Keri Jack, Connie King, Lea Lindeman, Terri Outland, Amelia Taylor, Paula Wilson, Jayn Looper, Tamela Bandy, Cindy Simmons, Chris Alexander and the advisors attending were Valoris Osborn and Gayle Murdock.

The roll call was answered by giving a household tip each member

Study Club Met

In Carthel Home

The Black Study Club met Thursday, February 1 in the home of Mrs. Bill Carthel.

Roll call was answered with "An Appreciated Deed."

The program was conducted by Diane Tatum and tray favors were made for Prairie Acres.

A Valentine party was planned for Thursday, February 15, at K-Bob's in Hereford, at 7 p.m. Following the meal, the group will return to the Bill Carthel home for games.

Members present were Mrs. T.A. Kelley, Mrs. Travis Stone, Mrs. Tommy Tatum, Mrs. Harry Lookingbill, Mrs. Gene Welch, Mrs. Glyn Hamilton, Mrs. Roscoe Ivie and the hostess, Mrs. Carthel.

uses. The devotional was given by Linda Black and the hostesses who were Connie King and Paula Wilson served soft drinks, hot chocolate, strawberry shortcake, Valentine sweet hearts and mixed nuts.

The projects that were discussed were the Valentine Day parties for the schools and the Parmer County Livestock Show. The Friona Young Homemakers will be opening the concession stand at the stock show on Thursday, February 15 at 8 a.m. and will be open through Saturday. The Young Homemakers will be serving coffee, Cokes, hot chocolate, spoon burgers, hot dogs, donuts, brownies and cookies.

The program for this month's meeting was sponsored by the Heart Association who donated an inflatable manikin to demonstrate the process of Cardio-Pulmonary Resuscitation (CPR). Linda Black gave the program and demonstrated how to perform CPR on someone who has had a heart attack or a respiratory problem.

Mrs. Black explained that you should keep performing CPR on the victim until you are exhausted or until someone relieves you. She then asked Terri Outland, who has had CPR training) to help demonstrate how to perform CPR with two people alternating the process. The program was concluded with members asking questions about Cardio-Pulmonary Resuscitation.

GIVES DEMONSTRATION... Linda Black is demonstrating the process of Cardio-Pulmonary Resuscitation on an inflatable manikin. The

program was presented at the Young Homemakers meeting held February 1 at the High School Cafeteria.

First Assembly To Sponsor Film

"A Thief In The Night," a new color film, will be shown at the Friona High School Auditorium on Friday, February 16 at 7:30 p.m.

"A Thief In The Night" is a mighty motion picture about Bible prophecy. It shows what can happen when Jesus Christ returns. This exciting story centers around Patty, an average girl caught up in living for the present, with little concern about the future. What happens when this thinking finally catches up with her provides an action-packed, unforgettable drama.

The fast moving pace includes a young man confronted by deadly Asian cobra, a young girl's daring escape from jail, and a take-over by "The Imperium" that regards all, who are not properly identified, as enemies of the system.

Filmed on location in Iowa, this picture portrays with devastating reality the Biblical prediction, "There will be no place to hide." One does not merely view this film, he experiences it. Every thinking person will seriously consider its impact.

"A Thief In The Night" was given the "Best Film of the Year" award by the National Evangelical Film Foundation of Valley Forge, Pennsylvania. The lead actress,

Miss Patty Dunning, was given the "Outstanding Female Actress" award at the same time.

The First Assembly of Friona is sponsoring the film. There will be no admission charge, however; a free-will offering will be taken.

Boy Born To Milners

Mr. and Mrs. Dale Milner of Friona are the parents of a baby boy born Monday, January 29 at 10:45 p.m. in Deaf Smith General Hospital in Hereford.

Named Charlie O. Milner, he weighed eight pounds, four and one-half ounces and was 21½ inches long.

Charlie has one sister, Mindi Paige, four years old.

Grandparents are Mr. and Mrs. Raymond Milner and Mr. and Mrs. Elvie Jennings, all of Friona.

Great-grandparents are Mrs. O. Milner of Tulsa, and Mrs. O.M. Jennings of Lazbuddie.

Mrs. Olivia Rowland of Wynn, Arkansas is the great-great-grandmother.

Current Issues To Be Topic Of Local Lecture

A lecture and seminar on the topics of "Issues Facing Families Today" will be presented in Friona on Feb. 15th at 7:00 p.m. in the Junior High School Auditorium.

The lecture and discussion will be led by Mrs. L.C. McLain of Hart. Sub-topics will be Equal Rights Amendment, International Women's Year, International Year of the Child and Kiddies Lib.

Mrs. McLain is an outspoken

Bond Sales Are Given

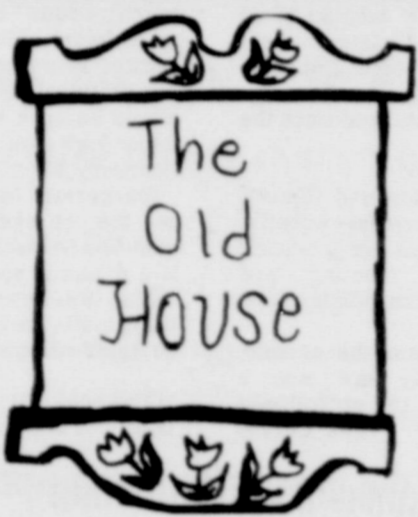

December sales of Series E and H United States Savings Bonds in Parmer County were reported today by County Bond Chairman Charles E. Allen. Sales for the twelfth-month period totaled \$78,091 for 78 per cent of the 1978 sales goal of \$100,000.

Texas sales during the month amounted to \$23,849,667, while sales for the first twelve months of 1978 totaled \$304,168,293 with 99 per cent of the yearly sales goal of 306.6 million achieved.

advocate for the Pro-Family movement, having spoken to civic organizations, women's groups and others in New Mexico and the Texas Panhandle areas. She actively sought recession of the ERA by the Texas Legislature in 1975 and 1977. She was the first recipient of the Beta Sigma Phi Woman of the Year Award in 1975 and was Castro County Home Demonstration Club's Woman of the Year in 1978. She has received numerous other awards for her work in charities and public education on local, district and state levels.

"As I see it, the so-called women's liberation movement and ratification of the ERA is a very real threat to the family structure as we know it in America today. The apathy and unconcern exhibited by most of our citizens is robbing us of those values which made America the greatest nation on earth. The American male, age 25 to 55, will be the great loser in this battle and yet, because they were raised to be gentlemen and respect women, they have not taken an active part in defeating the ungodly forces that will rock the very foundation of our nation, reaching down to the sanctity of the home and family as God ordained in the beginning. Therefore I would challenge every male to arm themselves with the facts concerning the humanist-feminist elements, and work together with their wives and daughters to reverse the liberal trends we see in our homes, schools, churches and governments and re-establish puritan ethics so that law and order may prevail," states Mrs. McLain.

Friona and area people who are alarmed about the government's infringement upon their private lives are urged to attend this lecture which is open to the public and free of charge.

WINNING PATTERNS CHANGE

Bovina Girl Starts New Trend

During the past two or three years, some longtime winning streaks have come to an end at the annual Parmer County Junior Livestock Show, and the possibility of other streaks have had their beginning.

For example, prior to the 1976 show, a Bovina exhibitor had never had the grand champion in the steer show. But Joan Carson took care of that discrepancy with her Charolais-cross animal that took top honors.

Last year, Miss Carson came back with another Charolais crossbred animal, and captured the county's grand championship honors, making it two years out of three for the championship banner and trophy.

Miss Carson had earlier won the steer championship at the Bovina local show for a fourth consecutive year.

Another championship drought was ended at the 1978 show when Joe Reeve, a 13-year-old Friona 4-H Club member, became the first Friona youngster in 18 years to claim the Grand Champion title in the barrow division of the show.

It was also the first major championship in the show for a Friona youngster in 12 years. So, for more than a decade, Friona showmen had been relegated to just being good hosts for the annual county show.

Reeve captured the barrow honors in 1978 with a 242-pound Duroc entry, which had earlier been named champion of its breed, in one of the most competitive breed divisions, and then nailed down the overall

title from a record entry total of 232 barrows.

"That's the best red hog I've seen in a long time," said Dr. Jerry Stockton of Texas Tech University, in taping Reeve's Duroc for champion of the show.

It was the second year in a row for a Duroc to win championship honors in the county show, and was the seventh time in the 31-year history of the show for a Duroc to claim the title, tying it with Hampshires for the most titles won by a particular breed.

Poland China entries have won six county titles, crossbreeds have won five titles, mainly in recent years, and Chester Whites have won four.

Bovina claimed grand champion honors in the sheep show, making it the first time exhibitors from Bovina had captured two of the show's three championship trophies.

The championship wins by the Bovina and Friona youngsters also meant that it was the first time in 22 consecutive years that youngsters from Lazbuddie failed to win at least one of the three major championship banners.

Lazbuddie exhibitors had an uncanny winning streak of 18 straight years in the barrow show, stretching from 1961 through 1976. This string was finally broken in 1977 when Brent Green of Farwell won the barrow title with a 231-pound Duroc entry.

Prior to 1961, Lazbuddie had claimed grand champion honors starting in 1957 with a steer title by Glen Watkins, a barrow title in 1958 by Calvin Mason, and steer titles

again in 1959 and 1960 by Derrell Jennings and Bobby Redwine.

Although shut out of the championship circle in 1978, Lazbuddie showmen still have a wide lead over other communities in the number of grand prizes won. In fact, their total of 69 championship trophies since 1948 is still two more than half of the total number of awards given in that period.

The win by the crossbred steer was the third time a cross steer had won a county title. Hereford steers lead the list with 18 titles, at least. Breeds are not noted on our records for 1950, 1951, 1954, 1957 and 1959. We would appreciate those winners helping us fill in the blanks.

Angus steers have won three titles.

Rick Seaton of Lazbuddie made county show history by exhibiting the grand champion barrow three consecutive years, 1966, '67 and '68, and added a fourth title in 1971. His three straight titles and four in all are both county records.

Champions

Since 1948

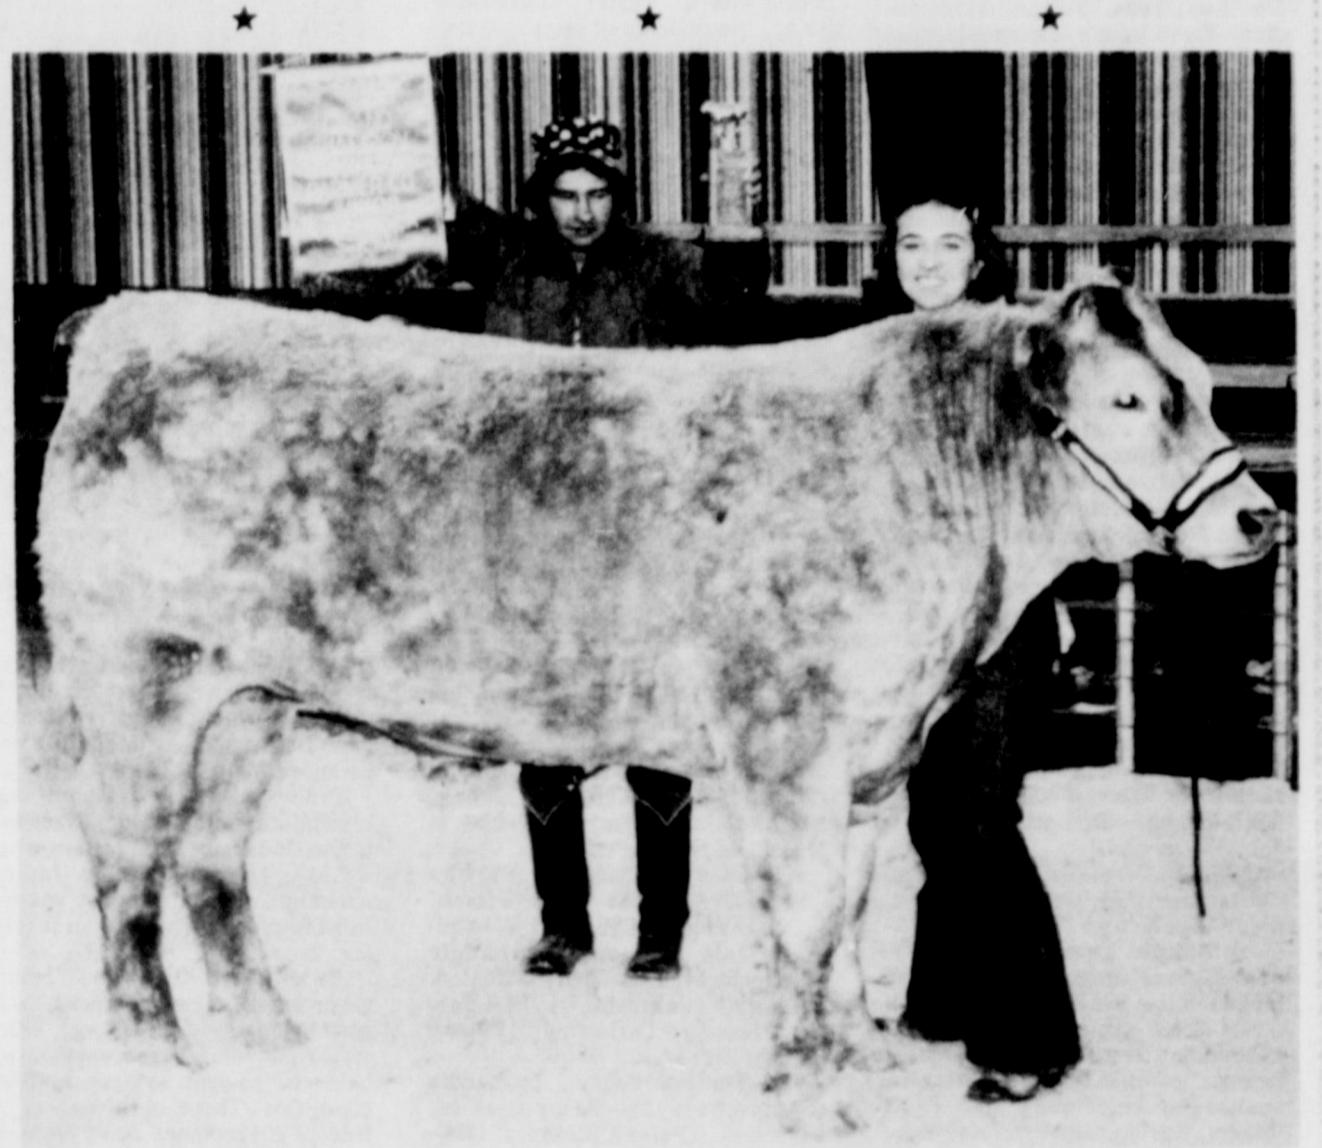

Steer Champions

1948—Maurice Gaede, Friona 4-H (Hereford); 1949—Wayne Massey, Friona 4-H (Hereford); 1950—Herbert Schueler, Friona; 1951—Donald Jesko, Farwell; 1952—Ben Jordan, Friona (Hereford); 1953—Mary Tatum, Friona (Shorthorn).

1954—Jerry Henson, Farwell 4-H (Hereford); 1955—Frankie Spring, Friona FFA (Hereford); 1956—Leon Massey, Friona; 1957—Glen Watkins, Lazbuddie; 1958—Jim Roy Wells, Friona (Hereford); 1959—Derrell Jennings, Lazbuddie.

1960—Bobby Redwine, Lazbuddie (Hereford); 1961—Craig Coon, Friona FFA (Hereford); 1962—Risa Howell, Friona 4-H (Hereford); 1963—Dwain Phipps, Friona (Hereford); 1964—Rex Wells, Friona FFA (Angus).

1965—Mike Riehmayer, Friona FFA (Angus); 1966—Gary Phipps, Friona 4-H (Hereford); 1967—Jacquelyn Langford, Farwell 4-H (Hereford); 1968—Mark Haseloff, Farwell 4-H (Hereford).

GRAND CHAMPION STEER...Joan Carson of Bovina poses proudly with her 1191-pound Charolais steer, which was named Grand Champion

at the 31st annual Parmer County Jr. Livestock Show last February in Friona. It was the second time in three years for Miss Carson to

exhibit the show's champion steer. She will be on hand to defend her title this year.

Sheep Champions

1954—Gerald Hardage, Farwell FFA; 1955—Jackie Sheek, Friona; 1956—Jackie Sheek, Friona; 1958—Jim Greeson, Friona; 1959—Pat O'Brian, Bovina; 1960—Fine Wool—James Brown, Lazbuddie; medium (Continued on Page 2)

1974-Charleson Steinbock, Lazbuddie 4-H (Duroc); 1975-Mark Mimms, Lazbuddie FFA (Cross); 1976-Mike Windham, Lazbuddie (Cross); 1977-Brent Green, Farwell 4-H (Duroc); 1978-Joe Reeve, Friona 4-H (Duroc).

78 CHAMPION LAMB....Tim Garner's medium wool lamb was named Grand Champion Lamb at the 1978 Parmer County Jr. Livestock Show. Garner had won reserve champion honors at the Bovina show, but moved up a notch at the county competition.

Bill Calls For New Budget

Rep. Kent Hance this week joined in sponsoring a resolution in Congress which would require the federal government to operate on a balanced budget.

Hance actually signed two resolutions, both of which were sent to the Judiciary Committee, which would provide a constitutional amendment requiring the government to spend no more than it takes in.

"It is just time the federal government started operating like a good business," said Hance. "Many states, including Texas, operate on a balanced budget system and are doing fine. There is no reason the federal government can't do every bit as well."

The resolutions call for a constitutional amendment which would forbid more spending than income received in any single fiscal year. Only provision for exception would be a declared emergency by three-fourths vote of both the House and Senate.

Should the bill be approved by Congress it would need ratification by three-fourths of the state legislatures as all proposed constitutional amendments require.

The balanced budget amendment is expected to be one of the major pieces of legislation to come before Congress during the 96th Session.

Officers Elected By Water District Board

The Board of Directors of the High Plains Undergruond Water Conservation District No. 1 elected new officers for 1979 at its February 5 meeting. James P. Mitchell of Wolforth was elected President. Malvin A. Jarboe of Floydada was elected Vice-President and Jim Conkright of Hereford was elected Secretary-Treasurer. Other members of the Board are Webb Gober of Farwell and Selmer Schoenrock of Levelland.

In other business the Directors canvassed the votes from the January 20 election and declared the returns to be official. The official canvassing was conducted prior to the installation of the newly elected members.

The Board approved a cooperative agreement between the USDA-SCS and the Water District where-in the District would provide equipment and technical expertise to the SCS for its use in providing a water management program to irrigators, approved the purchase of various water measuring devices for use by the Texas Agricultural Experiment Station at Lubbock in its water

conservation research efforts and approved the publication of two reports that were done by the District and the Texas Department of Water Resources.

The accounting firm of Edwin E. Merriman & Company was selected to audit the District's financial records for Fiscal Year 1978.

A District-wide County Committee meeting was approved by the Board to be held in early March at the District office in Lubbock.

Butch Bates, a District engineer Technician, reported to the Board that the observation well measuring program for 1979 was approximately 95 per cent completed and that it would be finished soon, weather permitting. Don McReynolds, District Geologist, presented a status report on the work the District is doing under contract to the Texas Department of Water Resources and Kathy Redeker, Depletion Program Coordinator, reported that the District has processed nearly 3100 water depletion requests and that she expects approximately 1500 more before this year's tax deadline.

HELPING TEXAS GROW! HEREFORD

DAR CONTEST

Students Write On Colonialism

Each year Los Ciboleros Chapter Daughters of the American Revolution (Hereford) sponsors an American History Month Essay Contest to stimulate interest in the history of our country. All 5-8 grade students in area schools are invited to participate. Instructions for the contest including rules for the contestants, subject, deadline, length of essay, judging, bibliography, and important data is sent to local chapters by the National Society Daughters of the American Revolution. This information and a letter to teachers is taken to schools in September. The subject of this year's essay was "Travel in the Thirteen Colonies."

386 essays were submitted this year. 12 bronze medals will be awarded to first place winners and 13 Certificate of Award to second place winners. All other contestants (361) will receive Certificates of Appreciation. These awards are usually presented to the winners by a DAR member at his Awards Assembly in the spring but some grades may present the awards in the classroom. A first and second place is selected for each grade in each town or combination of towns joining to form one school. Five school systems participated in this year's contest: Hereford, Dimmitt, Friona, Lazbuddie, and Springlake-Earth. (St. Anthony's is included in the Hereford system.)

Los Ciboleros Chapter DAR will honor the contest winners and their parents at a reception on Sunday afternoon, April 22, 1979 at the E.B. Black House, (Hereford).

Boat and Land Travel
 By Milli Dixon
 Friona Junior High School
 Sixth Grade
 First Place

The life of American colonials seems slow and humdrum if compared to that of Americans today. It was very difficult for the people to get from place to place. The towns along the coast used the sea as a way of communicating. The Atlantic Ocean and the navigable rivers were the ties that linked the cities and bound the colonies together. Crude rafts and boats were the

MILLI DIXON

main source of transportation on the rivers. Travel along the coast was very slow and sometimes dangerous. Packet boats usually sailed between the New England ports, New York, and Philadelphia ports. These boats kept a schedule. Several of the early colonists usually did not travel far from their home. Often long journeys were made only by traders, or wealthy merchants or planters. These men usually traveled for fun or business by boat on rivers, bays, and the coastal waters. Cargo and passengers were carried in many different types of sailing vessels, also using brigantines, schooners, shallops, sloops, and yawls. Big ships that sailed across the ocean carried small boats. The small boats were put over the side of the ship's edge so that they could be used in shallow water. Land transportation was slow and very uncomfortable. The first colonial roads were just paths that followed old Indian trails through the woodlands. The colonists widened the paths for travel on horses and carts. But soon roads were used more and more. Stage coach routes were soon put to use after the paths were widened. But usually coaches were operated between the major cities in the North. Roads were very bad from the summer rains, but during the

winter months, the roads were dry and frozen hard. During the wet seasons even the very best of roads were impassible and could only be used by travelers on foot or horseback.

Roads were reaching into the interior by the middle of the eighteenth century. The most important road ran from Philadelphia to Lancaster to York, then to Virginia. Traders and drovers mixed with a steady stream of immigrants, who were intent upon settling in the West and South. Taverns and inns were built at convenient distances where travelers could find lodging and visit with one another. (370 words)

+++
Travel in The Thirteen Colonies
 By Aaron Hargett
 Lazbuddie Elementary School
 Fifth Grade
 First Place

Traveling in the thirteen colonies was hard and dangerous because the trails were so poor.

Most of the people were poor and had to walk when they were traveling. The people who had horses were very lucky, most of those people were wealthy.

On narrow trails in the forest the sense of direction was poor. Because trails were so narrow and forests were so thick, many of the colonists lost their way.

Sometimes the traveling colonists stopped at taverns. Taverns were inns on the side of the road. The colonist stopped to rest, eat, and feed the horses so they all would be ready for the long journey ahead.

In the winter the colonists made sleds because wagons could not make it in the snow and ice. Many of the colonists froze while traveling from place to place in a blizzard.

Traveling on rivers in riverboats and in dugout canoes was very dangerous. Some of the dangers of traveling on rivers were waterfalls, rapids, and logs in the river. Many colonists were also attacked by Indians or ambushed by highwaymen.

Sometimes the colonists traveled together for protection from Indians or highwaymen. The colonists carried their things

on pack horses or in clumsy two-wheeled carts.

When the colonists went on narrow roads with their wagons, sometimes they had to take the wagons apart to go on the roads.

Sometimes Indian trails wound into roads, and the colonies made them better.

The colonists also learned alot of ways to travel from the Indians. One of the ways was traveling by canoes. The canoes were made of logs which were dug out half way in the middle. One other way is a horse pulling two poles, one on each side of the horses. In the middle of poles there was wood or animal skin for carrying the freight on.

Traveling in the city was alot easier than traveling in the country.

The colonists rode coaches in the city. Coaches were made of boxes on springs, they had a top so the people would not get rained on.

Most of the people walked or rode horses in the city. The people who lived in the country drove wagons to the city.

Finally the colonists made better roads through the country and in the woods so the colonists would have a better way to travel. (388 words)

My Adventures Traveling
 By Stacy Ivy
 Lazbuddie Junior High School
 Sixth Grade
 First Place

My name is Heather Brown. I was born on December 6, 1755. I have brown hair and blue eyes.

My story started when I woke up and heard my Father and Mother talking. My Father said, "Mary, it is about time we told Heather about our moving to Rhode Island." I came into the room and told my Father that I liked our home here in Richmond, Virginia, and I didn't want to move. My Father said, "You'll like it in Rhode Island."

The next day we finished our packing and was soon on our way to a new colony. As we set down the road in our wagon I had a feeling of great excitement. We passed alot of taverns and woods.

When we finally got to Rhode Island it was nearly dark and we stopped at an inn to spend the night.

The Innkeeper told us about the five Indian tribes that were living in Rhode Island. They were the Narraganset, Niantic, Nipmuck, Pequot, and the Wamponoag. They all belonged to the Algonkian family.

These peaceful tribes hunted and fished, and raised corn, beans, and other crops.

I enjoyed listening to his stories and later slept good in my warm room.

The next day we went to our new farm and Mother was very, very pleased with the cabin Father had built for us. There was a stream running behind the cabin and a lot of trees around.

Early the next morning, I went down to the stream and sat down with my fishing pole and caught nine big fish. Mother cooked them for lunch and they were really good.

One day as I was watching my Father plant cotton, I saw a young Indian girl about my age peeking at me from behind a tree. I went over to her and said Hello. Her name was Bright Star and she was a member of the Wampanoag Tribes. She and I became real good friends and had a lot of good times together.

That Thanksgiving Mother invited Bright Star and her family to our house for dinner. We had a great feast and I realized how much I had to be thankful for. I had a nice family, a good home and a new friend. I was glad we had moved.

SERVING THE HIGH PLAINS REGION FOR THREE DECADES

Farm Committee System Discussed

There has been a determined effort on the part of some agricultural and congressional leaders to enact legislation that would place the administration of farm programs under the direction of a body of agricultural producers.

This idea grows from the fact that Congress writes legislation authorizing various crop controls and price support programs administered by USDA. These programs, in effect, transfer congressional authority to the administrative branch of government. The head of the administrative branch of government is the president of the United States. The president appoints a Secretary of Agriculture with the approval of the Senate, who in turn hires a group of administrators, and it is this system that administers all agriculture programs.

Regardless of what system or who is selected to administer farm programs, they will always be under the control of the administration in office. It is only logical for an agricultural producer to look at the many glowing errors in the administration of present programs and conclude that if I were in charge or some of my neighbors who are agricultural producers, these errors would be eliminated. This is a total inaccurate conclusion.

When the agricultural producer is placed in charge of administering the program, he becomes subject to the same guidelines, rules and regulations as present administrators. He is no longer a producer in his new capacity, but a federal administrator under control of the administration in office. If the administrator does not cooperate he is replaced. The present U.S.D.A. Secretary is an agricultural producer. There is now before Congress a proposal entitled "Economic Recovery Act of 1978" (H.R. 12689). The heading of the bill reads as follows:

"A bill to provide for the establishment of a board which will establish and administer agricultural production and marketing programs and for other purposes."

In fact, the bill proposes to establish a national board of agricultural governors. The board is to be composed of 57 members, appointed by the President, with the advice and consent of the Senate.

That is not all; the President is given guidelines as to how this board is to be selected. In plain English,

the administrative rules will decide who are farmers and who are not farmers and who will qualify for each of the positions. Here are some examples of how the plan would work. In the section of the law dealing with the duties of the board, the board is instructed to:

- (1) Establish parity prices under Section 101;
- (2) Establish comprehensive cost of production prices under Section 102;
- (3) Determine established prices under Section 103;
- (4) Establish a national production goal under Section 104;
- (5) Allocate acreage allotments or marketing quotas under Section 105;
- (6) Establish a program to acquire reserve stocks of agricultural commodities under Section 106;
- (7) Establish quotas for imported agricultural commodities under Section 107;
- (8) Conduct proper referendums under Section 108;
- (9) Conduct such public hearings as the board considers necessary to assume the fair and equitable implementation of this act;
- (10) Advise the special representatives for trade negotiation regarding international trade agreements negotiation which pertain to agricultural commodities, and regarding other matters and policies affecting the importation of agricultural commodities;
- (11) Establish and administer all agricultural production and marketing programs of the federal government and,
- (12) Perform such other functions as may be necessary to carry out the provisions of this act.

In effect, the board will perform its duties under the regulations written by the Secretary of Agriculture and his assistants, without exception. The following phrase should be added to all the 12 statements listed above: as determined by the administrator who will be the President and his team of administrators.

In other words, the board will not determine what the program will be, but will decide what the best interest of agriculture will be under the guidelines established by the Secretary. However a law is written, it will contain or imply that the Secretary of Agriculture is to carry out the intent and purpose of the law,

which no one really knows. In other words, the Secretary becomes the interpreter as well as the administrator, which, in effect, places the administration in a position to use various laws as a political tool to promote the policies of the party in power.

Farmers and ranchers have had many years of experience with farm committees. The Soil Conservation and Domestic Allotment Act, Section 8, authorizes the present system of agricultural committees to administer programs. This section of the law was first approved in February of 1936. In fact, the 1936 law was written to replace one written in 1933; therefore, it is safe to conclude that farm committees were established in 1933 to administer the Agriculture Adjustment Act of that year.

Under this law, state committees are appointed by the Secretary of Agriculture, county and community committees are selected by local producers. Regardless of how they are selected, they take an oath to support and administer the law to the best of their ability. Either a state or a county committee can be removed by the Secretary of Agriculture when he concludes that the member no longer supports the intent and purpose of the law, as determined by the Secretary. It seems unnecessary to review the history of this as all agricultural producers have witnessed in their county the operation of this system.

In conclusion, farm committees selected to administer farm programs serve as a bridge between USDA and the local farmer. These committees do now, and will in the future, have authority to make decisions, but these decisions must all be approved by the Secretary of Agriculture. The lesson to be learned is not who administers the program, but that a government program is by design, a regulator, of individuals.

This system of government removes the individual's right to own and/or control property and to seek a profit for his own personal use. In reality, no individual or group of individuals, can equitably administer such a program. This is based on the fact that what government gives to one, it must take from some other person. The person receiving is happy, but the person being robbed is unhappy.

While attending the Stock Show, make the Dairy Queen your eating headquarters. We feature such all-time favorites as the Dude, the Belt Buster, Chicken Baskets and those smooth and creamy malts and shakes.

Winning Essays Tell Of Colonial Travel

Travel In The Thirteen Colonies During The 1700's
By Franky Garcia
Lazbuddle Junior High School
Seventh Grade
First Place

They traveled by boats on the frighten bass and coast waters. They also had many sails they were called the brigantines, and the schooners, the shallops and the sloops, also the yawls. The first road was lead in to the Indians trails. Later they made roads for people to ride on horseback and carts or wagons pulled by horses.

In 1760 Philadelphia had two stone bridges. In 1760 people could all ready traveled from New Hampshire to Georgia. By the mid 1700's vehicles were being used in towns by the government officials and wealthy colonists. They also included carriages, chariots and coaches, drawn by four, six or eight horses.

They used to drag their loads from place to place after a little later they learned to tame animals. That's when they started to build wagons and carts also sleds so the tamed animals could pull the wagons and the carts and made transportation faster for the people to go from place to place without dragging a load on their back. The first long road they made was from Boston to Providence, R.I. was not opened until 1854. Later the road extended to New York City and it was called the Shore Road.

The people were so poor that they couldn't afford to lose a horse or anything they bought. In some towns they had private coaches. In 1700's stage wagons and stage coaches were introduced. If the stage coaches got stuck the passengers had to help get it out or they would have to stay there and start walking but if they had to get mud on a special occasional they often got mad and they never got where they were going.

In two days if they were going from New York City to Philadelphia the trip would be slow and tiresome but they always made it to where they were going. The early settlers were always located on the ocean or near a navigable river.

Some stage coaches would leave at a certain time to a certain place or town. At first the people used brick-bark canoes and dugouts as the Indians did. In 1631 the ferry was used to cross a large stream. Some of the people were famous and rich. The shallops and sloops which carried passengers through all large streams. So people wished you luck when you went on the waters because some waters were danger-

ous and angry. They couldn't use buggies because of the roads they were too bumpy and too crooked. The people at the town tried to afford money for the roads and the town but they were just too poor. The way the people used oxens to plow and to grow their crops. Back then they had hogsheads and tobacco. They also had a border and they traded their stuff for better things and for things they needed. The hogsheads were dragged by horses or oxen. Two pins were stuck through the top of the wooden tires. The people liked to kill the hogs for meat and bones for the dogs. The hogsheads were brought in the Richmond, Fredericksburg, Falmonth and other fall lines towns. The people all were hungry and thirsty.

They did not want to kill the hogs because the people and the families did not like to kill or steal. People back then got sick and they didn't have a doctor or a nurse for the people some people had to die. The people then did not like the roads they had because of the holes, bumps and rocks on the road. They also didn't like the way they plowed. Some people did and some still live.

Travel In The Thirteen Colonies
By Bart Elliott
Lazbuddle Junior High School
Eighth Grade
First Place

If you wanted to go to grandmother's house in 1760 you didn't hop in a car and run there. You would leave a few days early if she lived way off. Because you had to go by horse back or in a wagon or on foot. There were many different ways to travel in the early colonies. Most colonists rarely traveled. By rule, traders, merchants, or wealthy farmers were the only ones that traveled.

Travel by land was very slow. The fastest thing was probably horseback. If you got a good horse you could go three to four miles an hour. If you went by wagon it took much, much longer, or if you were poor, you either walked or didn't go. You could ride with a friend then it wasn't so bad. When a farmer had to take his crops into town he took it by wagon. The mail was delivered by horseback. There wasn't that many real roads they mostly were paths made by the Indians.

Their Fords and Chevrolets were carriages and curricles; which is a two wheel carriage pulled by two horses. They also had Grayhound Buses; it was a stagecoach. They even had a Cadillac, which was phaetons; which is a four wheel carriage with a front and back seat, with a folding top. Travel may have

been slow, but they traveled in style. Some of the carriages were hand carved and the seats were upholstered in leather or brightly colored cloth.

Travel by sea wasn't as fast as it is today either. It took months to travel across the sea. If the stores ran out of tea you would have to wait for some to come in on a ship from another country. There were many different kinds of ships back then. There were Brigantines, that is a two masted ship with a fore-and-aft-rigged mainmast and a square-rigged foremast and a Schooners, a ship with two or more mast-rigged fore and aft, Shallops, a small open boat fitted with oars or sail or both, and then the Sloops, a small boat with a single mast and a yib. There were many dangers on the sea. Storms, which could blow a ship off course and it may take days for it to get back on course or it might even sink the ship. There were also some Pirates running around. They would steal every thing they could and then kill the crew of the ship and then sink the ship. The navy ships aren't the same as today either. They didn't have destroyers or carriers or subs. They mainly had ships called Men of War. They were very big ships for those times but they were clumsy and awkward looking.

There were many dangers in traveling. There were the Highwaymen, who would rob you ever chance they got. There were swamps too. The swamps were full of wild animals. And it was very muddy. If you went in a carriage it was likely you would get stuck and have to push. If it was the first time you had been in that certain swamp it was likely you would get lost. There were the Taverns along side the road that were like Motels of today. Most of the Taverns were pretty nice; but there were some where thieves hung out. Some Taverns were the meeting places for some of the most historical meetings in our nation's history. The Indians were bad, but not as bad as later on.

During the War the soldiers had to walk from place to place. They weren't drove around like ours are today. About the only ones with horses back then were the officers and the cavalry. Their artillery was pulled around by horses. They had a problem when they had to retreat and the cannons got stuck and the horses couldn't pull it out.

It may have been slow and dangerous. They did it and made America what it is today. (671 words)

KIM GREGORY

LAURA WIDNER

STEVE COCKERHAM

SHOWMANSHIP WINNERS at the 1978 Parmer County Jr. Livestock Show, sponsored by the Friona Star and Bovina Blade, were Kim Gregory of Lazbuddle for barrows, Laura Widner of Bovina for lambs and Steve Cockerham of Bovina, steers.

Little Farmer Blue

Little Boy Blue,
Come blow your horn.

Little Boy Blue,
Come blow your horn.
There's a government agent
Counting your corn.
Another one is lecturing
The old red sow,
On the number of pigs
She can have and how.

Pa's gone to town
To find out what
He can do next month
With the old meadow lot.
Ma's at the radio,
Hearing them tell,
How, under the New Deal,
There ain't no Hell,
Aunt Mame's in Washington
Dragging down pay
From the PDG
Or the AAA.
The hired man quit
When the work didn't please
And got a job trimmin'
Government Trees.

They'll be telling you soon,
If you don't take care,
How much you must pay
For your pants and your shoes
So this is no time to be
Taking a snooze.
Little Boy Blue may be buried
deep
Under red tape, but he's not
asleep.

The American farmer builds two things better than anyone else in the world. He builds the next generation, passing along a special kind of wisdom... respect for the soil, honesty, independence, and faith in the future. And he builds his land, leaving it better than he found it. That kind of building usually requires borrowed long term capital. That's where we can help.

Water Import Faces Uphill Battle--Black

Environmentalists and the Carter administration have been the biggest detractors to finding solutions to water-supply problems in six High Plains states, the chairman of a \$6 million study of the Ogallala Aquifer said Tuesday.

Friona Industries president A.L. Black, who also is chairman of the Texas Water Development Board, told the Hereford Rotary Club that Congress appropriated funds in 1975 for the study of the dwindling aquifer but has since done nothing to remedy the problem.

"Water programs are not very popular at our national capital. We're getting a handle on the energy aspect of our nation much faster than we are on the water aspect. The administration has found that there are several alternate sources of energy and several ways to solve energy problems. But there is no substitute for water," Black said.

"If we get a solid program by the turn of the century, we'll be real fortunate."

Black, in response to a question concerning the administration's attitude toward importation, said: "There might be a preacher in the crowd so I'll just say it's negative."

States included in the study are Texas, Oklahoma, New Mexico, Kansas, Colorado and Nebraska.

"Texas has as strong a water plan as there is, but Texas is a very deficit water state," Black said. "The purpose of our study is to research changes expected in farm output, how much water will be used, and point out what will happen if something is not done about the lack of water."

Black said the snail darter in Tennessee and whooping cranes in Wyoming have held up the construction of expensive hydroelectric projects in those states and added that similar environmental attitudes may stop water importation projects in the future.

He said that environmentalists state that removing water from a source upsets the balance of nature.

WATER EXPERT....A.L. Black, right, chairman of the Texas Water Development Board and head of a \$6 million study of the dwindling Ogallala Aquifer, talked to James Hull, chairman of the chamber of commerce water committee, after speaking to Hereford Rotarians Tuesday concerning water-supply problems in High Plains States. Photo by Speedy Nieman

"Any water project of the size we need will have to be implemented through the national government," Black said. "Then it will be brought back to the states through people who are willing to pay for it."

"This study is not being forced on anyone, but everyone will feel the results of decline." Black is past president of Water Inc. and is an advisory director of the organization. He also is president of the Association of Texas Soil and Water Conservation Districts, an organization he has been involved in for 32 years.

Friona

Record Net Income Noted For Friona Industries

Friona Industries, Inc. today reported record net income for both the second quarter and first half of its current fiscal year.

"Higher feedyard occupancy and continued favorable profit margins on the sale of Company-owned cattle were the major reasons for the increase," explained Ron Davenport, president. "Also, the Commercial Feed, Animal Health, Grain and other segments of business made sizeable profit contributions."

For the six months ended Dec. 31, 1978, the Company had net income of \$2.3 million, or \$1.80 per share, on revenues of \$51.4 million. This compared with net income of \$892,000, or 71 cents per share, on revenues of \$32.6 million in the same period of last year.

Second quarter net income was in excess of \$1.1 million, or 88 cents per share, on revenues of \$27.9 million. In the second quarter of the prior fiscal year, net income amounted to \$559,000, or 45 cents per share, on revenues of \$17.6 million.

All segments of the Company's agribusiness operations achieved higher revenues and gross profits for the second quarter and first half of fiscal 1979.

The sale of Company-owned cattle accounted for the largest share of gross profits. During the first six

months about 33,700 head were sold on behalf of the Company, which was 16 per cent more than in the first half of the previous year. Gross profit from Company-owned cattle totaled almost \$2.5 million, nearly twice the amount reported in the same six months of last year.

Occupancy at the Company's three feedyards averaged approximately 88 per cent, compared with 62 per cent average occupancy in the first half of the prior year. Revenues (\$16.5 million) and gross profit (\$1.7 million) from Custom Feeding about doubled those of fiscal 1978's first half.

Commercial Feed achieved a substantial gain in gross profit, while revenues of \$9.6 million were 90 per cent ahead of the first half of the prior year. Increased numbers of cattle on feed in the Company's operating area brought about higher demand for manufactured feeds. Also, extremely cold weather accelerated sales of the Company's Hi-Pro Cattle Cubes which are utilized by livestock raisers in feeding range cattle during the winter months.

Sales and gross profit from animal health supplies also benefitted from improved economic conditions in the cattle industry. Animal Health sales climbed 32 per cent to \$5.2 million

and gross profit showed a gain of 29 per cent over the first six months of 1978.

Grain and other operations produced some of the best revenues and gross profits ever during the first half of fiscal 1978.

"The number of cattle in feedyards is at the highest level in the past five years," said Davenport. "However, the non-fed, range cattle herd is still somewhat depleted after going through severe inventory reductions from 1974 through 1977, and this more than offset the supply available in feedyards. This situation normally brings about relatively good cattle prices and benefits our Company's operations."

On December 14, 1978, trading in the common shares of Friona Industries began on the American Stock Exchange under the symbol FI. Prior to that, the Company's stock had been traded in the over-the-counter market since its initial public offering in October, 1973.

"Management believes that this action will provide greater public exposure and diversify our shareholder base," added Davenport. "Also, since the listing became effective, trading activity has accelerated and the price had appreciated as of January 31, 1979."

BEST OF LUCK!

To The Fantastic Group Of Youngsters Who Will Be Participating In The PARMER COUNTY JR. LIVESTOCK SHOW

Hereford Plant

'BLUE NORTHER SPECIAL'—Nothing takes the chill out of a Texas 'Blue Norther' cold spell quite like the state's official dish, a piping hot bowl of chili, according to the Texas Department of Agriculture's home economist.

'Blue Norther' Chili

- 1/4 C. olive oil
- 1 large onion, chopped
- 1 T. chopped parsley
- 2 (6 oz.) cans tomato paste
- 1 (15 oz.) can tomato sauce
- 1 (1 1/2 oz.) can chili powder
- Dash of pepper
- 2 cloves garlic, minced
- 4 stalks of celery with leaves, chopped
- 2 lb. Texas beef, cubed or ground coarsely
- 5-6 C. water
- 1 1/4 tsp. salt
- 1 C. cooked red beans (optional)

Heat olive oil in a 5 quart Dutch oven. Add garlic, onion, celery, and parsley, saute just until tender, about 5 minutes. Add ground beef, and brown, stirring occasionally.

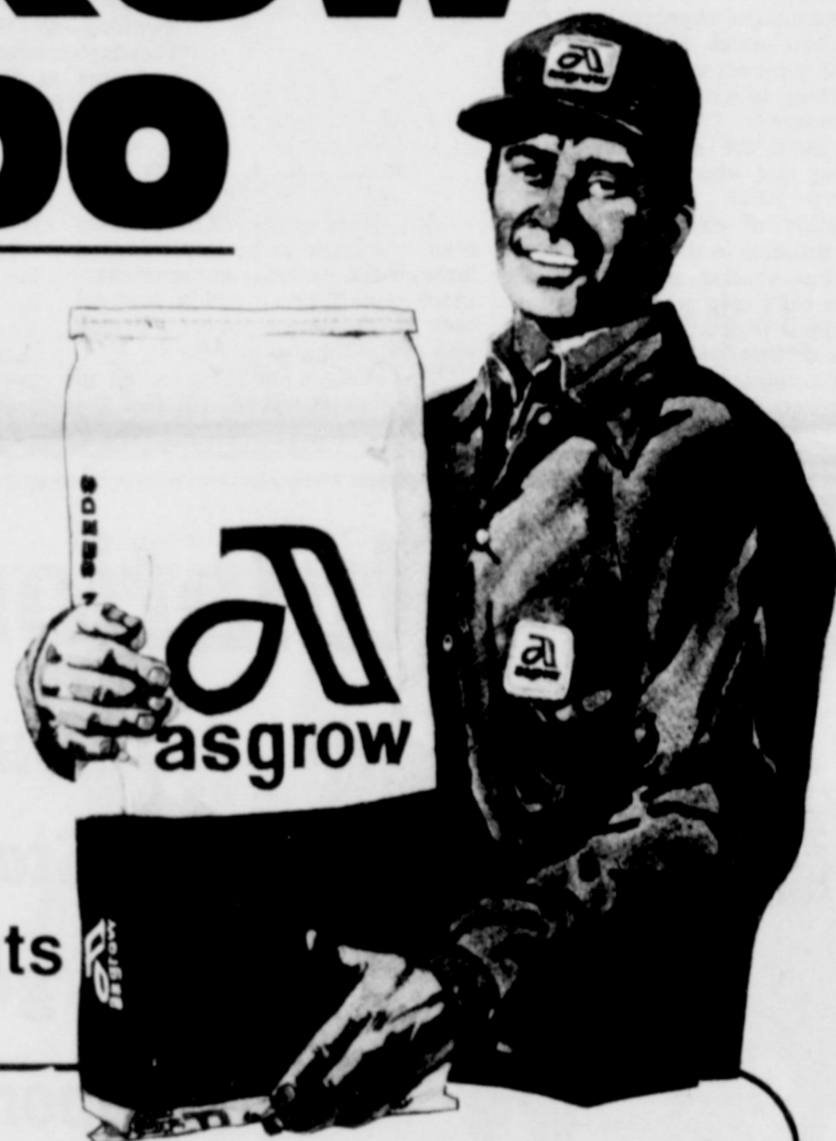

Drain off pan drippings, reserving 3 tablespoons. Add reserved pan drippings to meat mixture. Stir in tomato paste, tomato sauce, water, chili powder, salt, and pepper. Bring to a boil, reduce heat, and simmer 1 hour. Add red beans during last 15 minutes, if desired. Serves 8-10.

For additional recipes, write: Commissioner Reagan V. Brown, Texas Department of Agriculture, P.O. Box 12947, Austin, Texas 78711.

ASGROW RX 100

FOR A GROWING ADVANTAGE.

- Approved for Food Processing
- It Really Yields
- Upright Leaves
- Short, Space-saving Plants

IN 40 OUT OF 44 COMPETITIVE COMPARISONS RX100 OUTYIELDED THE COMPETITION BY AN AVERAGE OF 24.3 BU/A.

RX 100 is a proven profit-maker for farmers with super yields at high populations for farmers in the Southern Corn Belt, and the High Plains of Texas and Kansas.

The medium height RX 100 plants, with their almost totally upright leaves, respond well to above-average populations, favorable growing conditions and modern management practices. Under these condi-

tions, yields can exceed 200 bushels. RX 100 also performs well under less than ideal conditions.

Sturdy stalks and strong, short shanks support medium-size ears filled with bright yellow, high test weight kernels. The excellent standability of RX 100 plants insures easy picking or combining, even into late season.
