## Graduation Activities Set

### \*\*\*\*\* Eighth Grade Honors Given

WHEN WE TOLD our office staff on Wednesday that our area was located in a "potential flood zone," we received one look of askance, one pair of raised eyebrows, and one "you've gotta be kidding."

Surely not in semi-arid West Texas, a flood zone? Their computer must have slipped a gear.

But by the time Wednesday was over and Thursday continued on the rainy side, we all became more and more convinced that for once the forecasters came pretty close on their predictions.

In case you did not know it, that was a "tropical blob" which covered our area for most of Wednesday and Thursday. Whatever it was called, it brought some welcome moisture to our area, and by now the entire area should be saturated.

### Tax Board Compromises On Bovina

The Parmer County Tax Appraisal Board, meeting in Farwell this past Monday, voted after considerable discussion to locate the newly-created county office in Bovina.

A motion was passed to locate the office in Bovina, provided a location can be found which will be acceptable to the board.

The action followed a lengthy discussion as to where the new office could best serve the majority of the residents of Parmer County.

Previously, an offer had been made through County Commissioner Archie Tarter from an anonymous donor, who would have paid \$50,000 to build the appraisal office, if it were located in Farwell.

But there were some objections to this offer, one of which being the anonymity of the donor.

"This left some of the board members a little cold. We felt that before we could accept such a donation we would need to know who was putting up the money," said board chairman David Grimsley.

Two of the members of the board campaigned to get the new office built in Friona, and two favored Farwell. The lone board member from the Bovina area, Lawrence Jamerson, held out for his home town, and in the end was successful as the Bovina site became a compromise.

Judge Porter Roberts stated that Commissioner Tarter had called him stating that the mysterious donor had "officially withdrawn" the offer to build the tax office.

### Area Gets Nice Rain

The Friona area received more good rain during the past week, during which time the temperatures have also been well below the average for this season of the year.

A total of 1.55 was logged Wednesday afternoon and night and most of this fell in the form of slow-falling rain. When the moisture first began to fall shortly after noon Wednesday, there was a smattering of small hail, but not enough to cause any damage.

Another .20 inch was logged in Friona late Thursday afternoon and evening, for a total for the week of 1.75, and brought the total for the month of May to 3.36 inches, with the month just past the half-way mark.

The rains of the past week were considerably more general in nature than those of the preceding week, with virtually every nook and cranny of the area getting a good soaking rain. Lakes in the area were showing the results of the moisture, which will benefit the young crops, and provide planting moisture for cotton, sunflowers, etc.

### Mayor Vote Is Tuesday

The special election for the Friona mayor's position will be held on Tuesday, May 20 at the Friona Fire Department, from 7 a.m. to 7 p.m.

Candidates on the ballot will be the incumbent mayor, B.K. Buske, and W.L. (Preach) Edelman, who is a former mayor of the city.

The special election was made necessary after a strange turn of events on the city's annual election day. In that election, a write-in effort gave Charles Caudill the majority of the votes. But, Caudill, who was out of town at the time, turned down the mayor's job, leaving the city without an elected mayor.

Buske says he is running on his past record, and if elected will continue to represent all of the residents of Friona "as fairly and impartially as I can."

Edelman says that he is running "so that the voters may have a choice."

achieved top status in the class with a grade point average of 96.13.

Sarah Mears, as class salutatorian will give the salutatory address. She is

the daughter of Mr. and Mrs. Sam Mears.

Dana Miller will be the class historian and will read the class history at the graduation exercises. She is the daughter of Nelda Miller and the late Ross Miller.

## Bike - A-Thon Event Scheduled Saturday

The Cystic Fibrosis Bike-a-Thon will be held Saturday, May 17, from 9 a.m. until 3 p.m. at the high school track, weather permitting.

Officials of the promotion, Baxter Laymance and Roxanne Hurst, said in the event of rain or a wet track, the event would be re-scheduled for June 7.

Refreshments will be provided for the participants.

A 12-speed bicycle will be given to the rider raising the most money during the Bike-a-Thon. A black and white portable television set will be the second prize.

Other prizes will be awarded to the contestant riding the most miles, the

one securing the most sponsors, and the youngest rider.

Last year, the local drive raised over \$3,000, and was third in the state on a per-capita basis, and in the top five cities overall.

Participants of all ages are invited. If a person doesn't have sponsors, they still may enter.

For further details, those interested may contact Baxter Laymance or Roxanne Hurst.

"We have had good response from the businesses so far, in regard to sponsoring individuals, and more will be contacted this next week," Laymance said.

COOK HONORED....John R. Cook, left, and his wife Iona, are shown with Gerald Floyd and Jim Dixon following the dinner which honored Cook last Saturday night at the Community Center. The longtime Friona school official is retiring at the end of the term.

LAKES RISE....Reeve Lake, located in northwestern Friona, began to live up to its name this week, after almost two additional inches of rainfall added to last week's 1.7. The city's softball park, at the center left, was inundated once again, having survived the earlier rain, but this one overran the dike which had been constructed.

In fact, many housewives across the country prepare the boneless cuts to their own requirements right in their kitchens. # Vanessa Hudson, Billy Toney United In Church Ceremony

Vanessa Hudson of Friona and Billy Toney of Levelland exchanged wedding vows at 4 p.m. Friday, April 25.

The ceremony was performed in the Union Congregational Church of Friona by Rev. Skip Sircic.

The bride is the daughter of Mr. and Mrs. Wayne A. Jones of Route 1, Friona.

The groom is the son of Mr. and Mrs. David Toney of Route 1, Levelland.

The church was decorated with a candelabra in the center of the altar and a candelabra on each side. Ribbons marked eight family pews.

The unity candle was on the right side of the church. The mothers of the couple brought lit candles down the aisle for lighting the unity candle.

Sarah Mears of Friona presented the wedding music of "If," "Always and Forever" and "First Time Ever I Saw Your Face."

As the bride was escorted to the altar and presented in marriage by her step-father, Wayne A. Jones, she wore a formal length gown of white silk. The Queen Anne design featured puffed sheer sleeves. The back of the gown formed a point with tiny buttons going from the neckline to

the bottom of the gown. The semi-long train was accented with a ruffle on the bottom. She also wore her great-grandmother's ring.

The bride wore a long sheer veil accented with scattered daisies and a headpiece of daisies.

She carried a spring bouquet of silk carnations, daisies and roses.

Cindy Chesher of Friona was the maid of honor. Bridesmaids were Mrs. Rolanda Burchett and Holli Hudson, sisters of the bride from Friona.

Jackie Hudson of Friona, brother of the groom, served as best man. Groomsmen were Frankie Golden of Levelland and Garth Land of Levelland, brother-in-law of the groom.

Serving as ushers and candlelighters were Kenneth Shipley of Levelland and Stephen Jones of Friona, the bride's step-brother.

Becky Elmore of Levelland was the flower girl. Scott Hudson of Friona, brother of the bride, was the ring bearer.

The feminine attendants wore blue satin dresses with sheer floral capes. Their hats were trimmed to match their dresses. They carried bouquets

of spring flowers.

The reception was held in the Fellowship Hall of the church following the ceremony.

Christy Chesher presided at the registration table.

The serving table was decorated with a candelabra as the centerpiece with a punch bowl on one end of the table.

The five layer wedding cake was decorated with stairs on each side of the cake.

Mrs. Stephen Jones served the cake. Punch was served by Cathy Chesher.

For a wedding trip to Ruidoso, New Mexico, the bride wore a beige dress and yellow daisy corsage.

Out-of-town guests attending the ceremony were Velma Hudson of Hereford, grandmother of the bride; Mr. and Mrs. Jimmy Wright of Amarillo; David and Jerimi Toney, Myra and Garth Land and Joe and Sharon Toney, all of Levelland.

The bride is a graduate of Friona High School and is attending South Plains College.

The bridegroom attended Lubbock Christian High School and is employed by Chico Oil Company.

Mrs. Billy Toney

## 2778 Grain Sorghum

Greenbug Resistance

2778 is a medium late maturing hybrid with a wide range of adaptability. Growers consistently report top yields with 2778. It has excellent resistance to greenbugs and to MDMV. The long, semi-compact heads of yellow endosperm grain thresh easily. The strong roots and stalks provide excellent standability.

A Dawn, Texas grower said it has been a mighty long time since he'd had sorghum yields come close to the spectacular 10,946 lbs./acre he produced with NK Brand 2778.

When 2778 was ready to cut it was still standing upright and he didn't have to handle a lot of leaves to cut this sorghum.

He planted 400 acres of 2778 at a rate of 7 lbs./acre on April 30. He spread 10 tons of manure as a preplant and every 7 days he applied 2 inches of water with his sprinkler system. He cut his grain sorghum on October 2.

EXCELLENT YIELDS WITH 2778 WERE REPORTED THROUGHOUT WEST EXAS AND NEW MEXICO LAST YEAR.

## Rhea Homemakers Met In Taylor Home

The Rhea Extension Homemakers Club met Tuesday evening, May 13 in the home of Gay Taylor with Ona Patterson serving as co-hostess.

Everyone enjoyed a salad supper in Gay's enclosed patio. Special guests were Mr. and Mrs. Otho Whitefield of Friona, Carleen Sims of Lubbock and Laura Jacobs of Farwell. Club members present were Gay Taylor, Ona Patterson, Judy and Helen Potts, Sue Smith, Sarah Dean, Velma Schlenker, Martha, Shirley, Donna and Cecelia Schueler.

Mr. Whitefield gave a very informative talk on the work being done on the second Parmer County History Book.

At the business meeting everyone presented answered roll call with "My Favorite Food." Sue Smith and Gay Taylor reported on the luncheon at Canyon on April 19 for the Texas Panhandle Distinguished Women they had attended. Even though Sue wasn't a winner she expressed her appreciation for being nominated by the club.

Sarah Dean and Cecelia Schueler reported on the quilting workshop and "How To Get New Young Club Members" workshop they attended at the district meeting in Denver City on April 10.

The annual Rhea Fourth of July picnic will be on July 4 with a special program being planned.

Laura Jacobs gave a program entitled "Light Up Your Life" on home lighting. She told of two kinds of light you need—general lighting and local lighting. The amount of lighting needed depends on the size of the room and what you will be doing in that room. The different kinds of light bulbs were shown by Laura. She then gave directions of where to place your lighting for floor lamps, desk lamps, etc.

For better lighting, three things were mentioned—dust light bulbs often, light colored walls will reflect light better and white lamp shades give more light than colored or opaque lamp shades.
