TRUE TO FORM, the Iranians played the hostage situation to the hilt, and "milked" the situation for all the political slants that they possibly could.

The extra delay which was placed upon the hostage release on Monday could only have been political in nature.

Whether the Iranians decided to hold the hostages an extra day to deprive Jimmy Carter of going to greet the group in person as his final act as president, or whether they did it, as some have theorized, to bind President Ronald Reagan to the hostage release terms, is hard to say.

But to think that the extra delay was caused just because arrangements had not been made with the Bank of England, to establish the escrow account, is a little bit hard to swallow.

Some thought that an "appendix" to the banking agreement, which Iran termed "fine print," according to one commentator, might have been the cause for the stall. Others said that the Iranians were balking, haggling over the amount of interest which would be involved in the escrow account, once the money was deposited to their account.

Whatever the reason or reasons for the delay, it has been a harrowing experience and time for the families of the hostages, who have been stretched literally to the breaking point by the events of recent days.

It has been bad enough for the average American, who has been following the progress of the situation, and hoping for an early release, to see the various delays; so you can imagine what a personal disappointment the delays caused the members of the families of the hostages.

Then, just before noon (CST) on Tuesday, church bells began to ring across the country, and the entire nation breathed a collective sigh of relief. The hostages were free of their 14½ month captivity.

HOPEFULLY, THE NEW administration headed by Ronald Reagan will present a new "tough" front to the nations abroad, making our image overseas different to what it has been.

The new president inherits perhaps more problems than any other president, due to such things as the economy, the energy problem, foreign affairs, etc., etc.

It behooves all Americans to dig in and do all they can to support the Administration, and hopefully pull the country back to a position of strength, both fiscally and physically.

Friona's leading citizens were recognized at the 1981 banquet of the Friona Chamber of Commerce and Agriculture, held Saturday, January 17 at the Community Center.

In spite of the cold, snowy evening, the banquet was attended by about 300 people.

Those honored were JeDon Gallman as "Man of the Year," Gaye Tannahill as "Woman of the Year," Jerry Shelton as "Teacher of the Year," and Doris Sears as "Most Courteous Employee."

Chosen for plaudits as the outstanding students in Friona High School were Mark Blankenship and Jana Brown.

Another award presented during the banquet was the Parmer County Soil & Water Conservation District's "Farmer of the Year" award, which was presented by director M.C. Osborn to Ben Rejino.

Danny Kendrick was introduced as the 1981 president of the Chamber of Commerce. Bob Hurst is the vice president, and Dale Houlette is secretary-treasurer.

New directors installed by the organization included Hurst, Robert White, Lois Norwood, Mike Cortese and Rick Jennings.

Gil Stricklin entertained for the banquet. He kept the audience in stitches with his off the cuff humor. "You might as well laugh at life—it isn't going to get any better. You need to work up a sense of humor every day," Stricklin said.

Gallman was raised in the Lazbuddie community. He attended school at Texas A&M and Texas Tech University. He is married to the former Kitty Black, and the couple has two children.

The 1981 Man of the Year is a member of the Friona Noon Lions Club, and initiated the beautification project for the area surrounding the Community Center.

He is an active supporter of

Girlstown, is a life member of Friends of the Library, is a member of the board of directors of Plains Cotton Growers, helped initiate the Parmer County Junior Livestock Show Boosters.

Gallman helps stage the junior livestock show, serves on the Boy Scout Council, is a Little League coach, and is vice president of the Parmer County Swine Producers. He is a former member of the Chamber of Commerce board.

Mrs. Tannahill, the former Gaye Jennings, has served as president of Progressive Study Club. She was co-ordinator of the 1980 Maize Queen pageant, and formerly served in a similar capacity for the "Little Miss" pageants during Maize Days.

She is known as "Girl Friday" for the Friona High School Thespians for their productions, including Contest Play, as well as the Summer Drama Workshop.

Gaye has served on the social committee for the Union Congregational Church, is an active member of the church choir, and is sponsor for the Junior High age group. She recently was in charge of decorations for the Ex-Students banquet.

Shelton, a native of Portales, N.M., received his bachelor's degree from Texas Tech University. He has been associated with the Friona School system for the past nine years. He teaches American History in high school.

Shelton served as junior class sponsor for two years, and has been elected as senior class sponsor for the past seven years. He spends a great deal of time in the various class projects, which include float-building, etc.

He is married and is the father of four children.

Mrs. Sears is a teller at Friona State Bank, where she has been employed since 1975. "She always has a smile

and is ready to listen to your problem and try to help in whatever way she can," said master of ceremonies Cecil Maddox.

Mark Blankenship has attended Friona schools 12 years. He was a member of the state championship debate team as a junior; was named "best actor" in the district Contest Play competition.

Blankenship has made the all-regional band the past three years, and was nominated for "most talented" his junior year. He plans to attend Texas Tech and study to become an attorney.

The student honoree is the son of Dorothy Blankenship and the late J.C. Blankenship.

Miss Brown also has attended Friona schools 12 years. She was elected as Homecoming Queen her senior year, and has been nominated for "Most Beautiful" three years.

A member of Future Teachers of America, Future Homemakers and Fellowship of Christian Athletes, Jana has played basketball four years and also is a member of the girls golf team.

She was assistant editor of the school annual her junior year and is serving as editor for 1980-81. She is an active member of the Methodist Church, and plans to attend West Texas State University to become a dental hygienist.

Area Gets Light Snow

The Friona area received a light snowfall late Saturday, January 17 and early Sunday, January 18, which left .16 inch of moisture. The Saturday fall was logged at a half inch, and the early Sunday measurement was 1½ inches.

This brought the month's total precipitation to .28 inches. The weather returned to a mild state for the balance of the week, with high temperatures generally in the 50s.

Committeemen Are Elected

Complete but unofficial returns from the High Plains Underground Water Conservation District No. 1 election held Saturday, January 17, show that Wendol Christian, Ronald Elliott and John R. Cook have been elected as County Committeemen from Parmer County.

The three men will serve four-year terms on the committee that represents Parmer County residents at water district meetings and activities.

They will join Floyd Reeve of Friona and Ralph Roming of Bovina on the five-member committee which handles approval of water well drilling permits and other related activities in Parmer County.

YELLOW RIBBON....Friona residents celebrated the release of the American hostages in various ways. Odie Claiborn, left, and Janette Collard, of Claborn Floral, dispensed yellow ribbons, which decorated store fronts and indicated the joy of seeing the release occur.

Cotton Crop Is Second Largest

Parmer County's 1980 cotton crop will be the second-largest crop ever produced here, in terms of bales, according to the final survey of the ginning season conducted this week by the Friona Star.

With virtually every gin either through ginning or in the finishing stages, the bale count stood at 62,862 bales, which will be second only to the record crop of 1962, when a total of 80,292 bales were ginned in the county.

"That figure will probably be pretty close to the actual number of bales ginned by county growers. We will not have the actual total until sometime in April," said Prentice Mills, office manager of the Parmer County ASCS.

The main difference between the figures for the current crop and that of 1962 is the yield per acre. The 1962 crop was ginned from just 49,000 acres of cotton, or about 1.64 bales per acre.

In 1980, Mills said that a total of 67,776 acres were planted to begin with, but only about 58,000 were harvested. The rest were lost to either hail or drought. This still gave a yield of over a bale per acre, not bad considering the less than ideal weather for the year.

The current cotton production thus is the best in the county in 18 years. Cotton acreage has been on the rise in recent years, due primarily to the relaxing of quotas, and also to the decline in the amount of irrigation water available Mills said he expected to see the acreage continue to increase.

Other top cotton years in Parmer County have been 1956, which produced a record at that time of 58,825 bales; 1958, with 60,579 bales; and 1961, with 60,029 bales.

The 1980 crop marked only the fifth time in the agricultural history of the county, for as many as 55,000 bales of cotton to be produced.

Parmer County's cotton

production for the past decade is as follows (the low figures for 1975-76 were due to devastating hailstorms): 1971: 22,741 bales; 1972: 34,371 bales; 1973: 25,404 bales; 1974: 24,676 bales; 1975: 6,380 bales; 1976: 10,850 bales; 1977: 42,179 bales; 1978: 39,880 bales; 1979: 40,418 bales; and 1980: 62,862 bales.

Vote Starts For Water

Absentee voting for the \$1 million water bond issue which has been called by the City of Friona, began this week at City Hall, and will continue through Friday, February 6.

The issue has been called to provide bonds for the purchase of a 670-acre tract of land 1½ miles northeast of the city, to be used as well sites by the city to cure its depleting water problems.

Wheat Assn. Sets Meeting

The Texas Wheat Growers Association will hold a meeting in Friona on Tuesday, January 27, it was announced this week by M.C. Osborn, who is a director for the association.

The meeting will be held at the Friona State Bank's Community Room, beginning at 2 p.m.

"All wheat growers or other interested persons are invited to attend the meeting," Osborn says.

Jim Allison, assistant to Bill Nelson, executive director of the Texas Wheat Growers Assn., will present an update on the outlook for the 1981 wheat crop and prices, and speculate on how farmers may expect to fare under the new administration.

FARMER AWARD....M.C. Osborn, left, representing the Parmer County Soil and Water Conservation District, is shown presenting the organization's "Farmer of the Year" award to Ben Rejino, as Mrs. Rejino looks on.

Windbreak Trees Are Available

Order forms for windbreak trees from Colorado State Forest Service are available at the Soil Conservation Service Office in Friona.

Those persons interested may come by the office and place an order, or take an order form to be filled out.

A good selection of trees are available from the forest service, however, the demand for the trees becomes greater each year. To receive the desired trees, all orders should be in by February 27. The trees should arrive at the Soil Conservation Office in Friona, the latter part of March or the first of April. Persons ordering will be notified of the specific date of arrival at a later date.

The Parmer County Soil and Water Conservation District sponsors this windbreak program. The program is to encourage planting of effective wind barriers to protect buildings, cropland, and for erosion control.

IRS Postpones New Ruling

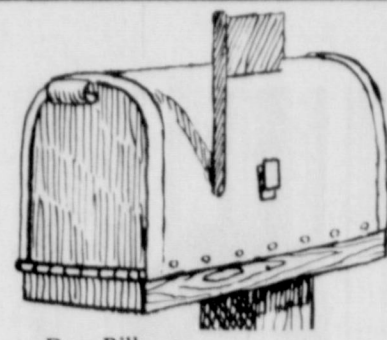

Congressman Kent Hance (D-Tx.) announced that the Internal Revenue Service has postponed until May 31, 1981 implementation of a ruling that would have adversely affected banks, local governments, and municipal bond markets.

"If implemented, this IRS ruling would have been devastating," Hance said.

Revenue Procedure 8055 stated that no bank would be allowed to deduct interest it pays on negotiated time deposit accounts of governmental units if the bank uses tax exempt issues as collateral to secure those deposits.

"The banks in Texas," Hance said, "have traditionally strongly supported the Texas municipal bond markets primarily because of the public fund pledging requirements and the high quality of Texas municipal bonds that have been established over the years."

Hance said he expects both the IRS and the Ways and Means and Banking Committees of the House to hold hearings on this issue prior to the May 31 implementation deadline.

Letter To Editor

Dear Bill:

After two years of holding hearings in Nevada and Utah, and meeting with resistance from the populace, the Air Force is apparently trying, with a few weeks of subterfuge, to place the M-X Missile system in the middle of one of the most productive agricultural areas in the world. And this at a time of

increasing food shortages.

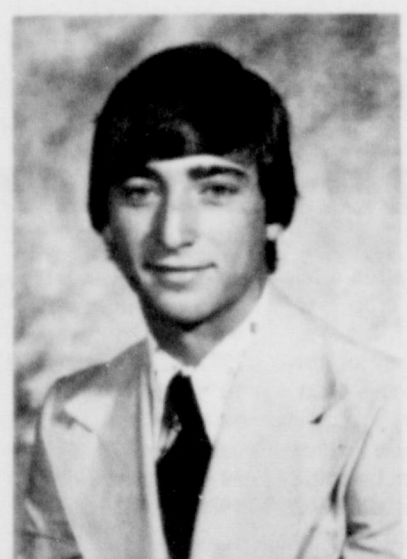

This is the height of folly from three standpoints: (1) It side-tracks our defense spending from building a credible defense during the next two crucial years. It is 1981 and 1982 that present the greatest threat of a Russian attack, both on the mid-East, and a pre-emptive strike on us. Placing the M-X on submarines, as has been suggested by knowledgeable people, is obviously the way to improve our defense, and in time. (2) It will help destroy our economy at a time we desperately need the balance of payments provided by agriculture, thus further weakening our defense posture and our productive capacity at the same time. (3) It is environmental rape at its worst.

What do the citizens of this area, Eastern New Mexico and West Texas intend to do about it? All of the community groups, and thousands of other citizens are going to fight it at every level of our court system and in every conceivable legal manner. So long as this is a free nation, and it is becoming quite apparent that we cannot take this for granted, we do not, under any circumstances, intend to allow the placement of this system in our area. Please convey this, loud and clear, to all those in authority. It will save one of the bloodiest domestic battles in the history of this nation, with the accompanying waste of time and energy on all sides.

Reagan stated in his campaign that he wanted to take government off the backs of the people. This farce, fraud and boondoggle is hardly in line with that promise.

We have the right, as American citizens, to require the Air Force to spend two years in hearings here, just as they did in Nevada and Utah, and the coalition of national wheat, corn and grain sorghum growers will be hiring the best attorneys we can find to see that they do. We are not to be taken lightly, or considered as of no importance so long as we have any rights as citizens of the United States.

Reception To Honor Charles Lovelace

A reception to honor former Parmer County sheriff, Charles Lovelace, has been scheduled for February 1, from 2-5 p.m. CST, with the entire population of Parmer County invited to attend.

David Smith Gets Medal From USAF

Captain David L. Smith, native of Friona, received the U.S. Air Force Commendation Medal, it was announced recently.

Capt. Smith, the son of Mr. and Mrs. Lewis Smith, distinguished himself "By meritorious service while assigned to the Applied Physics Division, Air Force Weapons Laboratory, at Kirtland Air Force Base, New Mexico, from November 13, 1978 to November 7, 1980."

"Capt. Smith's outstanding technical contributions, creativity, inventiveness and his exceptional personal motivation and dedication led to the successful demonstration of a new technique for powering a laboratory X-Ray simulator," the USAF said.

"His contributions (may) result in potential savings of tens of millions of dollars and bring actual operation of a full-scale simulator years closer. The accomplishment of Captain Smith reflect credit upon himself and the U.S. Air Force," the citation continued.

Capt. Smith, a 1967 graduate of Friona High School, spent four years in the Air Force, and is now working at the Sandia (N.M.) government laboratory's energy department.

JVs Lose To Canyon

It seems that bad luck once again hovered over Friona's devoted junior varsity Chiefs basketball team. Last Friday, January 16, the Friona boys' team hosted Canyon.

The Chiefs really put up a fight for the game. Fouling was down and free throw percentages were up. The audience participation in the game was enough to help the team regain determination to play a really great game. And, at the end of the first quarter, Friona was ahead 10-7 in what began as a fairly slow-moving game. However, as the game progressed, Canyon slowly pushed ahead to win the game, 60-51.

Height was Canyon's main advantage over the Chiefs, and they used their height to the best of their abilities. With their height, Canyon captured the rebound more often and passed the ball in a fashion that made action move faster from one side of the court to the other.

Although the game was lost, Friona's junior varsity team wasn't dissatisfied.

Steve Taylor 5-3-13; Michael Deaton 5-3-13; Bruce Patterson 6-1-13; loey Howard 3-0-6; Michael Chaney 1-4-6.

Set to take place at the Hamlin Memorial United Methodist Church in Farwell, the reception "is for Parmer County citizens to come and show their appreciation to Sheriff Lovelace," said Irene Woods, one of the reception organizers.

The reception is being organized by the Parmer County Sheriff's Department in recognition of their former boss, who stepped down from his office January 2 after 32 years as Parmer's top law official.

The organizing committee has invited area law enforcement officials, in addition to elected officials and employees of Parmer County, to attend the appreciation reception for Lovelace.

"But this is not reserved for law enforcement personnel alone. We want the entire Parmer population to attend and pay tribute to the former sheriff," said Mrs. Woods.

The committee will serve refreshments, and a money tree will be provided for the former sheriff.

Lovelace chose not to run for reelection last year. He first took the sheriff's oath of office in January of 1948, and for the next 28 years he had no further opposition in his quest to retain the sheriff's badge.

Over his 32-year reign as Parmer's chief lawman, Lovelace watched crime prevention methods change drastically "from night to day" but said that crimes themselves have not changed at all, "there's just a big increase."

During a recent interview with the State Line Tribune, Lovelace expressed his feelings about his lawman role and Parmer's citizens by saying, "I have enjoyed this job very much, and appreciate the people of Parmer County who made it all possible."

The legendary law officer added, "I enjoy being a public servant. I enjoy doing something for somebody and helping them. There's a real feeling of accomplishment."

Parmer's citizens will have their chance to show their feelings of appreciation to Lovelace at the upcoming reception.

JV Girls Win First Dist. Game

Last Friday, January 16, the J.V. girls played and won their first district game of the season against Olton, 41-19. The game was played here at 5 p.m.

The game was fast-moving for the Squaws until around the fourth quarter. By the end of the first quarter, the J.V. team was ahead, 14-5.

Each quarter broadened the Squaw lead. The final score was 41-19. Friona's leading scorer for the team, Sherry O'Brian, scored 19 points in the game to equal Olton's score.

Squaws Split Two Basketball Games

In last week's basketball games, the Squaws split a pair of games, the first two district games of the season were played here in Friona.

In the first district game, the girls' team hosted Olton last Friday, January 16.

Fouling seemed to be more of a problem to the girls in this game than it has been in previous games.

The Squaws were more consistent when it came to scoring, however, and, in the end, Friona had very well outscored Olton to win their first district game and their tenth season game, 50-29.

The second district game was also here in Friona against Littlefield. The game was played Tuesday, January 20. And, as luck had changed for America's hostages, the Squaws' luck had also changed for the worse.

The game wasn't a total loss: it could have very easily been won. At the end of the first two quarters, Littlefield proved to be better than Friona. But, in the third quarter, the Squaws pushed up even with the Littlefield team.

In the final moments of the ball game, Littlefield decided to take a win home with them to end the game,

Chieftains Are 1-1 In Week's Action

In basketball action the past week, Friona's varsity Chiefs split a pair of home games. The first game didn't prove to be as enjoyable to watch as did the second game.

The Chiefs' first confrontation was against Canyon last Friday, January 16. As Canyon ended the first quarter leading 20-5, Friona realized that they were in for a tough game.

The game proved to be one of many fouls as four Friona boys fouled out and, between Canyon and the Chiefs, there were three technicals issued in the game.

Canyon took advantage of the fact that they were much taller, by picking up more rebounds and passing the

ball better. As the game ended, Canyon had won, 78-29.

The next game the Chiefs played brought back their confidence from the loss against Canyon. Friona hosted Channing here last Tuesday, January 20. Fouling was a little lower than in the previous game and scoring was a little higher.

But the Chiefs' battle against Channing will most be remembered for an outstanding field goal made from mid-court as the buzzer sounded to end the second quarter of play. The fancy shooter was Tony (T.J.) Jackson. The Chiefs went on to win the game, 51-39.

Friona Native Named As Head LCC Coach

Don Carthel, a Friona native, and a former outstanding football player for the Eastern New Mexico University Greyhounds was recently hired as the head football coach at Lubbock Christian College according to an announcement by LCC Athletic Director Larry Hays.

Carthel is already excited about the 1981 football campaign and the opening kickoff is still 10 months away.

But the Friona native, Lubbock Christian College's second head football coach in history, has a more important priority. And that came when he met the 1980 Chapparral grid unit.

"I want to keep all the athletes who are already on campus," Carthel explained, "and get them excited about next year."

His second order of priority will be recruiting. And to that end, Carthel will remain in Lubbock during the week and return "home" to Fort Worth on weekends until he sells his house there.

Carthel has had experience at both the high school and college level since

graduating from Eastern New Mexico University in 1974 with a B.S. in physical education-mathematics.

While at ENMU, he started 34 straight games for the football team, playing both center and linebacker in addition to handling the place kicking duties. He was three times selected to the All-District 7 NAIA team and the Greyhounds finished No. 18 in the nation his second year.

He holds two records which still stand at ENMU. One is that of consecutive field goals of 16 which was set in 1971, and the second is that of most field goals in a career which was 16 during the years of 1970-73.

He also helped the Greyhounds capture the NAIA outdoor track championship in 1974 as a discus thrower.

Carthel served as captain his senior year, was football MVP, and was selected as Greatest Greyhound for the 1973-74 school year.

Carthel served as ENMU's offensive line coach in 1974 while working on his Masters Degree. From there it was two years at Floydada where he was offensive line coach.

After Floydada, Carthel went to Dubuque, Iowa, a Division III, (non-scholarship), NCAA school where he served as defensive coordinator. Dubuque had won only two conference games in three years, yet went undefeated, won the conference title, and finished third in the nation in 1979.

This past season Carthel served as defensive coordinator and track coach at Boswell High School in Saginaw, Texas.

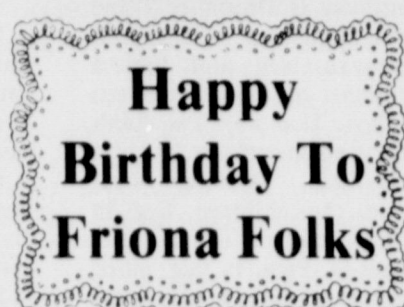

While at Dubuque, Carthel's track teams finished in the first division each year.

Carthel indicated he plans to run the veer offense and split 6 defense at LCC. "If we can't find a quarterback who can run the veer, then we'll go to the 'I' and throw a lot," he said.

Carthel is married to the former Cindy Phillips of Farwell, and they have two sons, Colby 4, and Courtney 3. Carthel's parents are Bill and Ann Carthel of Friona. Mrs. Carthel's mother, Mrs. Elizabeth Phillips, lives in Farwell and is a teacher in the Farwell Junior High School.

Candlelight Ceremony Unites Sharla Bengé, Craig Trimm

Sharla Beth Bengé and Alan Craig Trimm were united in marriage Saturday, January 10, in a candlelight ceremony at 7 p.m. at the First Baptist Church of Friona.

The bride is the daughter of Mr. and Mrs. Stanley Bengé of Friona. The groom is the son of the late Mr. and Mrs. Morris B. Trimm of Bogata, Texas.

The sanctuary was decorated for the wedding with an arched candelabra holding pink candles flanked by a spiraling candelabra entwined with English ivy on each side. A large bouquet of red roses, pink carnations, burgandy pom-poms

and baby's breath stood behind the kneeling bench which centered the altar. On each side were bouquets of pink carnations, crimson pom-poms, baby's breath and leather, backed by trees of palm leaves. Family pews were marked by pink bows.

The double ring ceremony was performed by Rev. Carrol Green, pastor of First Baptist Church.

Mrs. Eva Miller, organist, and Mrs. Lucy Beth Hinkle, pianist, presented selections as wedding guests arrived. Selections included "The Rose," "If," "Theme From Love Song," and "As Long As He Needs Me."

Barbara Rhodes, friend of the bride, presented vocal selections. She sang "More," "Longer," "Can't Help Falling In Love," and "The Wedding Song."

The bride was escorted to the altar by the father. She wore a formal gown of white chantilly lace. The Queen Anne neckline featured a stand-up collar edged in Venice lace and encrusted with pearls. Long sheer sleeves of lace were caught in cuffs of Venice lace. The waistline was accented with a Venice lace motif with hand sewn pearls that caught satin ribbons which formed a tie in the back. The full circular lace skirt fell over a lace chantilly ruffle into a scalloped hemline. Both layers fell over a taffeta underskirt to form a chapel length train.

She wore a pearl encrusted lace mantilla from which her fingertip length veil of net fell.

The bride carried a nosegay bouquet of pink roses, white Elfe carnations and baby's breath surrounded by pearl encrusted lace with white satin streamers.

The bride carried her maternal great-grandmother's wedding band as the traditional something old. She borrowed a bracelet of her mother's and wore the traditional blue garter. A pearl necklace, a gift from the groom, was something new.

The bride was attended by her youngest sister, Christy Bengé, as the maid of honor. Bridesmaids were Debbie Shackelford of Colorado Springs, Colorado, Jerri Bengé of Lubbock, both sisters of the bride, and Tracy Horton of Friona, friend of the bride.

The attendants wore formal length gowns which fell from the shoulder and featured pointed ruffled necklines. The maid of honor's gown was a soft pink and she carried a long stemmed burgandy rose. Bridesmaids' dresses were burgandy quiana and they each carried a long stemmed pink rose tied with burgandy ribbon.

The groom was attended by his brother, Morris F. Trimm of Avery,

as best man. Groomsmen were Mitchell Smiley of Friona, Keith Dunn of New Braunfels, and Mark Howard of Texico, New Mexico. Ring bearer was Shone Trimm, nephew of the groom from Avery.

Ushers were Glenn West of Keller, Sandy Peters of Lubbock, Don Draper of Winnsboro and Robert Shaffer of Muleshoe. The groom's attendants wore burgandy tuxedos with pink shirts.

Guests were registered at the church by Holly White of Friona and Belinda Brooks of Lubbock, cousin of the bride.

Following the ceremony, a reception was held in the Fellowship Hall of the church.

The bride's table was covered with a pink cloth over a white satin ruffle. Drapes of the top cloth were caught up on the sides with baby's breath and satin ribbons. The tiered white wedding cake was held on pedestals and decorated with icing bells in shades of pink. Heart-shaped cakes surrounding the bride's cake were strawberry cakes iced in white. A wedding bell topped the cake.

The centerpiece was a bouquet of pink and burgandy roses, Elfe carnations and baby's breath in a footed silver bowl. Punch was served from a silver punch bowl and heart shaped mints on silver plates completed the table service. Serving at the bride's table were Holly White, Belinda Brooks and the bride's aunt, Mrs. Lena Williams.

The groom's table was covered in an ecru cutwork cloth. Coffee was served from a brass coffee service by Mrs. Peggy Hamil. Chocolate cake was served by Barbara Rhodes.

As the couple left the church, the bride wore a suit of grey with black accessories. Her corsage was of Elfe carnations.

The bride and groom are at home in Lubbock where both are students at Texas Tech University.

The bride is a graduate of Friona High School and was Maize Days Queen in 1977. She attends Texas Tech and will graduate with a degree in social welfare in December.

The groom graduated from Avery High School and attends Texas Tech University. He will graduate in August with a degree in agricultural economics.

Out-of-town guests were Mr. and Mrs. A.C. Pratt, Robert and Kerry, Mrs. Russell Crawford, Mrs. Ruth Harlan, all of Floydada; Mrs. Lena Williams, Roddy Williams, and Mrs. S.A. Two Local Girls Compete In Contests

Two local girls, Lisa Fuks, a Junior High School twirler, and Erika Pope, feature twirler for the High School Chieftain Band, competed in the Golden Spread Twirling Contest in Canyon last weekend. The contest was held at the West Texas State University Field House.

It was Lisa's first time at N.B.T.A. competitive twirling competition, and she brought home two first place trophies and two second place medals. Erika, in the advanced division, brought home three first place trophies and two medals.

Both girls were named "Miss Sweetheart" in their divisions.

Happy 25th,
PHYLLIS
