Insurance Rate For Floyd County Wheat is Announced

Bushel An Acre Guarantee Against All Crop Hazards

Crop Insurance Program To Center Around Agent And County Committee

COLLEGE STATION—Crop insurance which will guarantee wheat growers three-fourths of average wheat crop in 1939 will be farmers of Floyd County an average of 1.9 bushels per acre, according to figures announced at the wheat meeting recently held at Amarillo.

For insurance that guarantees one-half of an average crop, the rate will average 3 bushels per acre of Floyd County.

The county rates reflect the average per acre loss in this county during the 10 years, 1926-36. The premium that an individual wheat grower will have to pay for insurance will depend half on this county rate and half upon the crop losses on his own farm. The rate for each farm will be computed in the branch office of the Federal Crop Insurance Corporation.

The cost of insurance is not based on the average amount of yield, but on the year-to-year variations in yield. "Two farmers with the same average yield for the 10 year period would not necessarily pay the same premium for the same percentage."

N. Holmgren, administrative officer of the Texas AAA office at Texas A. and M. College, who attended the meeting, pointed out the farmer who suffered but little loss would pay less than the farmer who suffered frequent and heavy losses, even though their average yields were the same.

The figures farmers need for calculating their insurance will be available for farms which took part in wheat adjustment programs in the office of the county agricultural agent and the county committee, but which the county crop insurance program will center. Farms which figures are not available will be appraised.

The premium a farmer pays covers only the actual cost of the insurance. Administration costs and costs for storage of insurance received will be paid by the Corporation.

National Air Mail Week To Be Observed At Floydada Office

Encouraging Reports Indicate Thousands of Letters To Go Out by Plane From Floydada

Plans for national air mail week in Floydada, beginning May 15 and continuing through May 21, are being worked out by Mrs. Barbara H. Smith, postmaster, this week with committee of business men. This committee includes G. L. Kirk, president of Floydada Chamber of Commerce, Glad Snodgrass, mayor, R. C. Cothren, secretary of the Chamber of Commerce, and others.

Meanwhile, it is confidently hoped that the airmail cachet provided by the Post Office will be used.

District Court Term Floyd County Will Begin Next Monday

District court for Floyd County, this term, will open on Monday of next week and a five-week term will ensue.

No petit jury has been summoned for the first week, but the grand jury for the term will be chosen from a venire of fifteen notified to appear Monday morning. The grand jury will be put to work before noon by Judge Alton B. Chapman.

All the cases on the docket are expected to be a busy one and should be doubly busy if effort is made to dispose of cases which result from indictments returned by the grand jury. Civil cases of more than usual interest as well as several divorces and the criminal docket are expected to take up the time of the court during the term.

Clubs Name Heads For Demonstration Units Of County

Fourteen Organizations Participate in Plans For The Year's Work

The Home Demonstration Clubs of the county are getting their organizations perfected in a very commendable way. Mrs. Ed Holmes, council chairman, said this week when she released the names of fourteen presidents, each representing a unit of the Home Demonstration work with Miss Ruth Grimes as their leader. The names of the clubs and their respective presidents are as follows:

- Dougherty, Mrs. A. H. Kreis; Pleasant Hill, Mrs. C. T. Capden; Antelope, Mrs. T. J. Boyd; Starkey, Mrs. T. E. Assiter; South Plains, Mrs. Gilbert Bean; Sand Hill, Mrs. Ed Holmes; Harmony, Mrs. Blanche Williams; Campbell, Mrs. W. H. Bethel; Center, Mrs. J. B. Jordan; Lone Star, Mrs. Herman King; Sterley, Mrs. Bud Cooper; Sunny Side, Mrs. J. S. Latta; Home Builders, Mrs. Raymond Teeple; Pleasant Valley, Mrs. Clark Harris.

Reports from clubs over the county indicate interest and enthusiasm in the plan of work indicated for the coming year.

Dougherty club had their first meeting Thursday at the home of Mrs. C. A. Caffee. They elected all officers and appointed their council representative. They report eleven members. Other meetings have been held but have not been reported.

Mrs. Holmes urges all members in the county to attend the Council meeting at the County Court Room at 2 p. m. Saturday.

FIREBOYS SCHEDULE BAND FOR DANCE ON WED. MAY 25

Ollie Cook's Swing "6" will come to Floydada Wednesday night, May 25, under the sponsorship of the Floydada Fire Department to "swing it" in the Sarginer Building.

The Fireboys invite all "the boys and girls" to mark the date and get their "invites" for the occasion.

MERCHANTS PLAN TO CLOSE AT 7 P. M.

Grocerymen in Floydada this week met and came to an agreement to change their closing time to 7 o'clock each night on week days and later on Saturday nights.

During the winter the closing time was generally regarded as 6 o'clock. The move was made to shorten the hours of employers and employes alike and enable them to see the baseball games and other amusement each night.

May 15 Deadline On Plowing-Up Of Designated Wheat

Acres to be Plowed Up Can Be Figured by the Producer Letter States

According to information released this week from the county agent's office, May 15 has been set as the final date for the plowing up of wheat designated by producers as a winter cover crop for the State of Texas.

This information was released as a reminder that producers who designated wheat to be plowed up early in the season are reminded that they can figure the acreage necessary to be plowed up themselves, the statement said.

"On straight wheat farms or farms having only bases established on either wheat or sorghum it is estimated that these farms will take a 15 1/2 per cent reduction from their 1937 general base and this acreage of wheat may be plowed up as a green cover crop; on farms which have been practicing a diversified system of farming, having part cotton, part wheat and part grain sorghum it is estimated that these farms should take 22 1/2 per cent reduction on their cultivated acreage and this acreage of wheat may be plowed up as a green cover crop."

"It must be remembered that the county committee must certify that this wheat was plowed up by May 15 and it is hoped that those farmers intending and who have made applications to plow up green wheat will act accordingly as it is doubtful at present that wheat plowed up after this date will be certified as green cover crop."

"Anyone not knowing their 1937 acreage may contact the county agent's office and this information will be furnished them."

"It is to be remembered that the plowing up of wheat as a green cover crop shall be that acreage which was designated by map on the Form SRM-202 which was executed by the producer some time ago and on file in the county agent's office."

"There are some producers who did not designate the plowing up of green wheat who now for some cause wish to plow up wheat. These producers may do so but if a crop is harvested from this acreage it will be used as the soil depleting harvested in 1938 and they will not be given credit for the seeding of wheat for harvest in 1938 for the wheat which they plow up."

Singing Event Fourth Sunday At Lakeview For South Side Assn.

The South Side Singing Convention's spring meeting will be held on the fourth Sunday in May at Lakeview, Faye Hart, president, reminds members of the convention this week. Singers from a wide area will be present, it is confidently expected, when the meeting is called to order.

The annual meeting date of the convention for a number of years has been the second Sunday in May. Last year the date was changed to the fourth Sunday to avoid conflict with Mother's Day.

Dinner will be served on the ground and those who attend are asked to bring basket dinners. Other officials of the south side convention include T. J. Heard, vice-president, and Miss Abbye Lee Woolsey, secretary.

The north side singers on the first Sunday in May chose Lone Star again as their place of meeting. Singers from all over the county attended and several outside singers visited the convention.

MOTOR INN RE-OPENED

Motor Inn, retail oil and gas service station, was re-opened this week by the Oden Chevrolet Company and is being operated as a part of their business, Conner Oden announced.

HOME NEARS COMPLETION

The new home of Will Walker, in east Floydada, this week neared completion. The residence will be a complete and modern five-room house when it is ready for occupancy.

Mrs. Holmes Heads H. D. Club Group

Fifty Women of Fourteen Clubs Present for Meeting Saturday Afternoon

Mrs. Ed Holmes of Sand Hill community was elected Chairman of the County Home Demonstration Council and Mrs. Herman King secretary-treasurer, at a meeting Saturday at the County Court Room.

Miss Lida Cooper, district agent and Miss Ruth Grimes, home demonstration agent for Floyd County were present and helped in the organization of the council.

Other business of the meeting was the appointment of the year-book, finance and exhibit committees. Yearbook committee is composed of Mrs. S. J. Latta, C. P. McPherson, Raymond Teeple, Herman King, and Clark Harris. Finance: Mrs. W. H. Bethel, Roy Tyler and Raymond Williams. Exhibit: Mrs. A. H. Kreis, T. J. Boyd and George Stiles.

Approximately fifty women were present for the meeting. Fourteen Home Demonstration Clubs have been organized over the county, it was announced at the meeting Saturday.

Mrs. Ed Holmes urges all members of clubs to be present at the next meeting to be held in the Court Room at 2 o'clock May 28.

Outline of Year's Work

The outline of work as planned for the year by Miss Grimes concerns the home food supply and bedroom improvement demonstration for the Home Demonstration Clubs. The following program was submitted by Miss Grimes and will be carried out during the year.

May:—Plans for buying and producing food to meet the family's nutritional needs. Opportunities for the buying and utilization of fruit.

June:—Tuffed breads, and others. Using retired acres to produce quality foods.

July:—Salads from leafy, green and yellow vegetables. Casserole and one dish vegetable meals.

August:—Up to date methods on canning leafy, green and yellow vegetables. Buffet supper or other entertainment.

September:—Equipping a comfortable standard bed. (to be selected by Yearbook Committee).

October:—Warm bedding. Making of wool and cotton comforts.

November:—Bed linens. Club achievement events.

December:—Mattress making. Miss Grimes states that she will be in her office on Monday and Saturday of each week. Other days will be used in meeting with various clubs.

Six Year Old Child To Be Given Medical Attention At Round-Up

A summer Round-Up of children, conducted by the National Congress of Parents and Teachers and sponsored by the local P. T. A. organization and local doctors, will be held at the Andrews Ward school building at 2:30 p. m. on Tuesday, May 17. Parents are urged to come with their children. The examination is free and is only for children six years of age who will start to school next fall.

The local Doctors will examine the children thoroughly to determine if they are needing medical attention. Mrs. J. C. Wester, chairman of the round-up said.

Commencement Exercise And Baccalaureate Program Are Ready For End of School

Complete Programs Prepared And Listed For End Of School May 10

School days will just be a musical rhyme to approximately 78 seniors sometime Friday night, May 20, when Superintendent A. D. Cummings completes the yearly ceremony of handing out the diplomas earned by 11 years of study and endeavor.

Already the preliminaries are shaped up and the programs prepared for the final "go-round" of the seniors who will end their careers as students at Floydada High School forever.

First to be marked down by the seniors will be the Baccalaureate sermon scheduled Sunday night, May 15 in the First Methodist Church beginning at 8 o'clock.

The program is: Professional, Mrs. Ohmer Kirk. Invocation, Rev. Gordon Voight. (Pastor First Christian Church). Song, Audience.

Scripture reading, Rev. F. A. Bell. (Pastor Presbyterian Church). Special Song, Mrs. Dorris Jones. Baccalaureate Sermon, Rev. John E. Eldridge. (Pastor First Methodist Church). Song, Audience.

Benediction, Rev. M. M. Robinett. Recessional, Mrs. Ohmer Kirk. (audience standing).

Following the Baccalaureate program the seniors must run through a series of final examinations before the commencement exercises the following Friday night, May 20, in the Floydada High School auditorium.

The commencement exercises will begin at 8 o'clock with the program as follows:

Theme: The Marvelous Age. Professional, Mrs. E. C. Thomas. Invocation, Rev. Vernon Shaw. Chorus "Home" "The Days of Long Ago" Seniors, (directed by Emma Rose Stuart).

"The Marvels of This Age", Thomasine Cox, (salutatorian). Violin Solo "Memories" Alene Warren (accompanied by Beth Newton).

"Opportunities for Youth" Mary Wilson Hicks (valedictorian). Saxophone Duet "To a Wild Rose" Lanell Shirey, Frankie Sanders.

Original Poem, Ima Ruth McAda. Song "Tiptoe" Marjorie Kirk. "How Far Have We Come" Reid Strickland, (honor boy).

Accordion Solo, "Smilin' Through" Marguerite Leonard. Reading "New Day at Hand" Ruby Lee Tribble.

Awards, O. K. Davis. Diplomas, A. D. Cummings. Recessional, Mrs. E. C. Thomas. (audience standing).

C. M. Bender Doing Well At Breckenridge Rotary Members Learn

C. M. Bender is continuing to do well at Breckenridge, Floydada members of the Rotary Club who attended the district conference learned this week. Bender, a former resident of Floydada, went to Breckenridge in 1918. Following his removal there he has amassed a very considerable fortune. He was very considerate of his Floydada friends during their brief stay in the central Texas city. S. W. Ross, official delegate, said.

Among the Floydada Rotarians, in addition to Ross, who attended the session were Walter Travis, A. D. Cummings, J. M. Willson, and Mr. and Mrs. R. F. Stovall.

Thunder In February Result In May Freeze

Thunder in February, freeze in May, is the old saying. It thundered quite plainly on February 18 and on the morning of May 8, the thermometer at the gas office in Floydada registered a low of 31 degrees, 1 degree below freezing.

That the thermometer was correct in the reading was borne out by any number of hog troughs and chicken watering places around over the county, and frost was very general and evident on exposed planks and on roofs. Except to make new Bermuda grass, tender rose shoots, beans, and similar growth look somewhat sick as the sun warmed the earth, there was no apparent damage.

Visual Aid Expert for learning in the schoolroom is Earl E. Sechriest, above, who will teach teachers how to make effective use of visual aids. He is a licensed sound engineer from Birmingham, Alabama. He taught last year at University of Pittsburgh.

Floydada Chapter FFA Ranks Highest In South Plains

FFA Boys Win Third Place In One Act Play At Area Meet Saturday

Recent contests in this district and area have revealed that the Floydada chapter of Future Farmers of America is the highest ranking chapter in this area and probably one of the highest in the state.

At the district contest and at the area contest committees were given cards to be scored on Lone Star Chapter contest, each chapter being scored on the basis of 1,000 points.

The Floydada chapter took first place at the district with 800 points scored out of the possible 1,000. At the area meet held Saturday in Lubbock the boys did even better by racking up 892 points to again show that they were "best."

The score cards will be sent to the state meet and will be judged against the cards sent in from the other nine areas.

The scoring is based upon leadership, co-operation, community activities and participation in events and the many other phases of farm and school life.

"Racket on Payson's Farm", the FFA one act play put on by the FFA boys won third place at the area meet, W. A. King agriculture teacher said. Friona and Plainview presented plays winning first and second places.

Since there are 70 schools in this area the boys were not disappointed with the third place but plan to go higher next year. Lorenzo won first in debate.

This is considered one of the strongest areas in the state. There are 10,000 FFA boys in Texas and 3,000 of them are in the South Plains area. The other nine areas splitting the remainder.

This area ranks near the top or on the top in just about every phase of FFA work King revealed, therefore second and third places in these meets are "sumpin'".

Mrs. S. F. Conner and grandson, Troy, left Tuesday for Dallas where Troy will enter the Scottish Rite Hospital for treatment.

CIRCUS COMING TO TOWN TONIGHT

One of the biggest to-do's of the Boy Scouts of this area have put on in a long time will be held tonight at Wester Field.

The affair is the Boy Scout Circus, the complete program and details of which appear in an advertisement on one of the inside pages. Turn to that page and read the program and then go to the circus and have a night of fun.

A big added attraction will be baseball, Bishop Motor vs. Lions Club and another game is slated to be held after the circus. One game before the circus, one game after the circus.

City Street Repair Job Begins Soon

Council Plans To Save Citizens' Investment in Residential Section

Work which may begin within the next few days will be undertaken as soon as machines and material can be assembled to repair paving on residential streets in Floydada.

Details of the plan were discussed by the council in its Tuesday night meeting. Only rock for the work yet remains to be put on the ground. Asphalt that will be needed and a machine for applying the hot sealing material already are purchased.

The expense of the work will be relatively light, considering the value to traffic, authorities of the municipality believe.

Collection of delinquent taxes and the transaction of routine business were among other matters which had attention of the council at its meeting.

J. R. Hinton Starts Good Shorthorn Herd

Beginning of a milking shorthorn Durham herd on his farm 15 miles east of Floydada was started last week by J. R. Hinton, who returned from Des Moines, Iowa, to announce that the first 16 head of registered cattle had been bought and brought home.

His 2,300-mile trip resulted in the study of the better types of shorthorns in three or four states and before he completed his purchases will take him to Minnesota where he has in mind buying a bull to head the herd. He will make the Minnesota trip soon.

"I bought good stuff, turning down a good many offers of cattle which were not of the type I needed to begin the herd here," Hinton said Wednesday. "Hinton's purchases were cattle from the Des Moines auction block from Kansas and New York state. He is much pleased with the cattle he brought home."

Wife Of Motley Judge Killed By Auto Wreck

Mrs. W. R. Cammack, wife of the county judge of Motley County, was killed in an accident near Guthrie Sunday while enroute to Matador from Abilene. A blowout as she and her husband were returning home from a mother's day visit, caused the accident.

Judge Cammack was bruised but not seriously injured. The car turned over several times. They had been guests of Rev. and Mrs. T. Z. Cagle at Abilene.

Funeral was held Tuesday. Survivors include a son, Cecil C. Cammack, Dallas lawyer; three daughters, Mrs. Wilbur Park, Crockett; Mrs. Frank Cole, Galveston, and Mrs. P. J. Baron, McKinney.

Lockney Loop Put On Advance List For Early Paving

Paving of the road west from Locust Street in Lockney is in the hopper and will likely be in the list of lettings for the latter part of this month, the State Highway Commission told a delegation of Floyd County officials and citizens who presented the matter to them in Austin last week.

The loop, approximately a \$5,000 undertaking, will be hard-surfaced on top of a caliche base that has been laid as a WPA project, E. R. Harris, Commissioner of Precinct Two, said this week. It will give a complete loop from the highway through the city of Lockney, the westward connection joining with the stub from the south and doubling the ease with which traffic may pass through the city.

With Mr. Harris were Commissioner of Precinct Four Henry Bloodworth, W. R. Childress and A. R. Meriwether, two former mayors of the City of Lockney, on the trip to the state capital for the conference with the highway commission.

WHITE FROM BLACK

The marvels of science never cease, while the engineer works feverishly in the wake of the scientist in making nature's works as revealed by man suitable for the use and enjoyment of humankind.

Now it is shown that the whitest white pigment ever yet achieved comes from black, a black sand. To many who think of white as white it may be revealing to know that there are many, many shades of whites and that they can be compared and contrasted. The whiter the white the greater its opacity or hiding power.

WHAT SHALL BE DONE?

What shall be done about the fast-fading markets for Texas cotton? This question is bothering the master minds of the state, who realize that Texas welfare as a cotton producer is bound up in the situation.

Texas, more than other states, needs the export market, for, we are told, 90 per cent of the cotton produced here goes to foreign soil. Nine out of every 10 bales of cotton this state produces is exported.

What shall be done about it? And how? Everybody would like to know.

COTTON NO LONGER KING?

Cotton, which lends itself so admirably to the making of so many and various kinds of finished products, has its place in the sun threatened by the advance in scientific knowledge. One expert has announced that cotton has seen its zenith as the leading fibrous material on the market and that henceforth leadership gradually will go to other materials.

Whether this means further drop in the living scale to southern farmers or whether it means emancipation from slavery to King Cotton is to be found out.

THERE WILL BE A HARVEST

Contrary to the talent, there will be a wheat harvest in Floyd County this season, although a "spotted" one, a fair to good field here, a poor one there. Little planted ground, except where the greenbugs did their worst, but will have to have the combine go over it.

SAFETY HINT OF THE DAY

Acquaint yourself with your rear view mirror.

Some fields really look encouraging, others not so hot.

Irrigated lands, it appears, where the water got to the crop at the right time, will have good to excellent yields.

SPOILS THE PICTURE

But even for the man who has a fair to good crop in prospect the price outlook is not so encouraging. However, acreage increases, the total steadily mounting for four or five years, have put the buyer in position to command. Just a poor crop will make enough wheat that there is no danger of a shortage, or anybody going hungry.

What we mean by mounting wheat acreage is reflected in the figures for wheat planting four years ago and this year. In that year the total planted wheat acres was said to be slightly less than forty million acres. This year the figure is nearer sixty million. For a crop, supposedly under control on a nation-wide basis with all farmers co-operating to keep reasonable production and fair prices, that doesn't make sense. It doesn't seem to us to argue very strongly for the kind of "control" that has been exercised that past few years.

It is something for the farming man to think about.

THEY LEARN IT YOUNG

Young Mr. Gerald C. Mann didn't go to college and learn his three rahs for nothing. Note his recent campaign opening at Sulphur Springs where the crowd was blocks deep and they cheered him and staged a torchlight parade and sent out word that the political hotbed of Texas would support its native son for attorney general.

Mr. Mann doesn't like to be "young." In a few years he will get over that. However, the thought we had is that in college you learn, among other things, to stage a good show. A perfectly sporting thing to do. Gerald C. Mann, who made football history short days hence, may make political history short days hence.

SAM'S FLOWER GARDEN

(An editorial from the Rotarian Magazine) Easy to do. But what a difference it made on busy Stephenson Avenue, Iron Mountain, Michigan! Sam Cudlip spaded up the space between the sidewalk and the curb alongside his drugstore and planted an old-fashioned flower garden. On a hot, busy business street in mid-August it was the brightest, cheerfulness in sight, and stirred the editor of a local service-club paper to utter this thought, which we wholeheartedly commend and pass on:

"What better program could be devised by this club for the spring months than planting some flowers in some of the unsightly places that are now eyesores to all those who would like to be proud of the city?"

Few articles cost less than a packet of flower seeds. Few forms of exercise are more stimulating than spading up a bit of soil in early spring. And few things are more satisfying to both eye and soul than flowers that bloom after such labor.

There is only one man who can raise your pay. Look him in the eye and ask him about it—when you shave.

As A Farm Woman Thinks

Nellie Will Spikes

In some ways this has been a pleasant week end, in others ways it has been quite depressing.

The cold wind has blown. May is too late for cold weather. The sand has blown in my house and in my hair. My hands are rough. My face is chapped. The young chickens get cold every time I put them out. In and out, out and in I have carried these incubator chickens. Sometimes I regret that we have improved (?) on mother hen. She, at least furnished a feather lined brooder for her babies. You don't have to worry about the lamp burning everything up.

Another thing that is bothering me is the thought of being fifty years old. I won't mind being fifty-one. I didn't like to be thirty nor forty. Just being foolish, that is all. And I burned my arm the chickens scratched up some of the garden. One thing, my old Muscovy duck has gone to setting and she will not soon be in my flower beds and down the irrigation ditches, padding and making mud puddles, for I read in a farm paper that it takes from 33 to 35 days for Muscovy duck eggs to hatch. Would not care if it were longer.

Now that I have gotten the bad things off first, I will tell of the nice things for they are the ones that I shall remember. The others I shall soon forget.

Mrs. Barbara Smith, our pleasant postmistress came to inspect the route on Tuesday and wished me a Happy Birthday and her smile cheered me the rest of the windy day.

Mother sent me a vase of Roseville pottery. The beautiful blue color is an evidence of her love and her faith in me. The pine burl and needle decoration remind me that mother is upright and staunch like the pine tree. How understanding she is of my need.

Barbara Massey Smith—she is Bob Smith's wife and is mistress of the old rock house in the canyon—sent me a cheerful birthday greeting and Bob sent me a rock of black lava from the noted lava land in New Mexico.

Wilda and James gave me two pairs of silk hose one for my birthday and one for mothers day. Wilma and Paul gave me a set of sparkling ice tea glasses. Winnie Angus, bless her heart, sent me a stack of elephants acrobats. Seven white elephants. Perhaps bad luck to some but to me it is good luck.

I went to a quilting at the home of Mrs. W. W. Smith and had a delightful time with friends both old and new. As our shining needles followed the lines of the soft velvet and orchid quilt, we laughed and joked. Told of our chickens and gardens, our husbands and children, while we knew that our wheat was dying for lack of rain, that the

FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

ISSUE OF MAY 15, 1924

Twenty five boys and twenty five girls are in the graduating class this year from Floydada High School, a total of fifty pupils and the officers of the school are claiming percentage honors among all plains schools, in number of graduates based either on high school attendance or on district scholastic enrollment, and faculty, trustees and patrons alike are elated that the number of sex in the graduating class is the same this year.

Perhaps not in a year has attendance at the churches been so general as it was Sunday last, when special Mother's Day services were held at the Methodist, Baptist, Christian and Presbyterian churches. Special services was held at the morning hour and at evening some of the churches held further services of similar character.

The Commissioners Court met Monday and voted unanimously for a Home Demonstration Agent for Floyd County. Miss Hayden, district home demonstration agent has been wired and expects to have an agent here in a very short time.

Sunday May 11, was a big day at Sand Hill. People began gathering early for the big singing which had been contemplated, planned for and looked forward to for the past six months. Long before the noon hour the auditorium was packed to the utmost capacity. When morning session adjourned for dinner at 12:30 there were as many people in the yard as there was in the house.

Wm. Salisbury last week had contractors begin foundation work on a home he is building on South Main Street from which location he recently moved the residence that has occupied the lots.

New water rates for users of water from the city mains in Floydada effective this month, were announced at the city office following a meeting of the city council, last Friday night, when in order to encourage a more general use of water for lawns, flowers and garden plots, the council made reduced rates for the summer months.

WASHINGTON LETTER BY SPECIAL CORRESPONDENT

WASHINGTON. — Despite the noisy rebellion of some farmers who don't like the restrictions imposed by the new agricultural control policies of the administration, the Department of Agriculture feels confident that participation of farmers in the corn belt with this year's program will show an increase of nearly 10 per cent.

The Corn Belt Liberty League, growing out of a mass meeting of some 3000 farmers in and near Illinois recently, drew up a 12-point protest to express dissatisfaction with the 1937 Agriculture Adjustment Act.

Two points which had the widest appeal were: (1) It is unfair discrimination for the government to restrict the production of American corn and at the same time import corn from the Argentine at world prices and at serious detriment to the American market; (2) The New Deal plan allows southern cotton

land was too dry for row crop planting, no one mured or complained. Farm women have learned patience and resignation to droughts and weather conditions we cannot help.

The mail brought an invitation to the graduation exercises at Lubbock High School. But who could it be? I wondered as I opened it. Lois Omega Tubbs, the engraved card read. But no.—I told myself, surely not that child. Why she can't be more than the 8th or 9th grade. Just yesterday, it seems my sweet young niece was starting in school—time has gone by swiftly.

May she, and other young graduates choose gay beautiful colors in life-colors that will not fade in goods that will not shrink, with patterns of love and faith and hope.

One of the most interesting things on the farm is sheep shearing. It is fascinating to watch the long fleecy wool clipped from the sheep that lie so still. On the outside the wool is dirty dark gray, but next the tender, pink skin it is white as snow. The heating oil of the wool fat, commercially known as lanolin, heals the cuts of the sharp shears sometimes made on the tender skin of the sheep.

Lanoline is the base of most good cold creams and of many salves. I am told that it penetrates the skin deeper than any grease.

Bob Smith gave me two large rocks for the gate posts to my rock fence. They were left from building the rock house. I take great pride in them for they are history. I shall look at them and remember: A wagon toiling up the cap rock with patient ox teams—A little blue eyed girl looking out with fear and wonder—A picnic near the rock house—A red cheeked woman—women and my brother Lowell and

planters to replace their restricted cotton acreage with corn. This creates new competition and penalizes the natural corn growers of the corn belt.

The Department of Agriculture points to corn imports for the period from July 1936 to January 1937 which came to 24,225,000 bushels, and at imports for the same period this year which had dropped to 1,548,000 bushels. Corn exports, on the other hand, which were only 31,000 bushels from July 1936 to January 1937 jumped to 18,987,000 for the same period this year.

In 1937 we used 2,343,258,000 bushels of corn for grain domestically, and there was a carry-over of about 180,000,000 bushels which has been the average for the past 10 years. The department feels this should be increased to more nearly 350,000,000 bushels.

The department is asking farmers to plant 94,595,000 acres of corn this year, as against 96,483,000 harvested last year. The average yield is 25 bushels to the acre.

The department answers protests against increased corn competition within American borders by pointing to the fact that from 1928 to 1932 the average corn crop of the 12 states known as the "cotton south" was 29,000,000 acres, and that in the year 1936-1937 there was no noticeable increase. All 48 states have produced some corn for the past 10 years.

Flint Sparks Back-to-Country Idea to Give Unemployed New Opportunity

FLINT, Mich.—Throughout the United States ruralites have been pouring into industrial centers for several years, seeking jobs, new opportunities, a future. But the exact opposite of this movement is being fostered today here in Flint, a center of the automobile industry. Flint is faced with the problem of having within its borders many more people than present conditions hold any promise of employment for.

One-third of the city's population, 12,000 families in all, are on a "catch as catch can" earning basis. As such, they are a liability to the community. And the only answer, officials believe, is orderly and financed deportation to greener fields.

THIS modern exodus is under the control of Louis J. Ludington, relief administrator in the area, who is making a painstaking attempt to enlist the support of civic organizations to convince unemployables that they can live better elsewhere.

Threatened closing of automobile plants and curtailment of production, relief workers are pointing out, have made the situation particularly dark. And even with activity picking up to some degree, only a person with a two-year or more seniority record has a chance for a job at the big General Motors factories.

The idea is to get the families out of Flint with as little hardship as possible. In most cases, the arrangement is purely voluntary after a discussion with relief workers over job prospects. Efforts are made to move the people to a town where relatives may assume their care or to a farming area where they may earn their own bread.

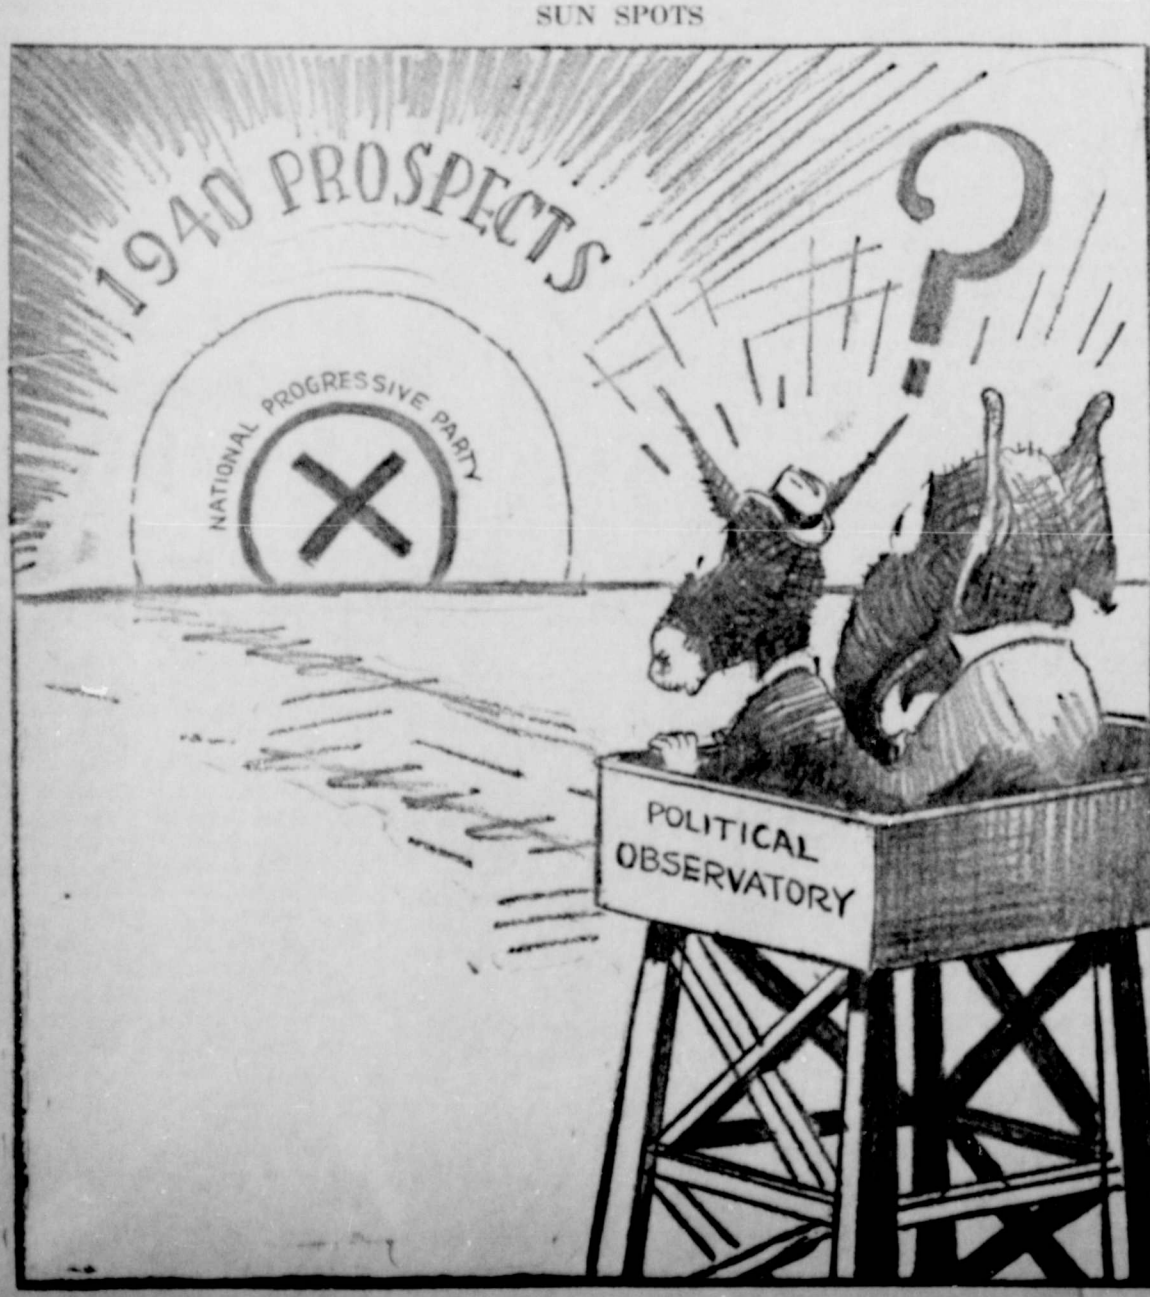

If the point of destination is outside the state, Michigan pays the fares; if within, transportation is arranged by the Poor Commission. A charity rate from the railroads enables a family of five to go as far as Boston on \$23, considerably cheaper than a constant relief drain on the government.

Victims of Flint's unemployment situation, above, form a last relief line about the automobiles they would like to have a hand in building. It is people like these that the city is trying to "Jepori" to states from which they came.

The plan has been met with mixed emotions. For instance, there's William Dye who, with his wife and three children, was routed from his tiny Nebraska farm by frequent dust storms. "Business is bad in Nebraska," says Dye. "If we have to go back there, I don't know what will become of us."

SINCE the movement started two months ago about 100 families have left the city voluntarily. At the present time, there is no indication of a cutting of relief funds to those who refuse to go. In fact, a committee of 10 has been appointed to coordinate plans for providing additional WPA projects. The plan is favorably viewed by most civic leaders. They believe it is better to give the individual an opportunity to work for his living. For many men, that opportunity does not exist in Flint.

What Is Middle-Aged?
Meddlesome Austin

In my last article I was made to say identify for indemnify; indemnification for indemnification. That didn't make sense, so I am telling readers to substitute indemnify for identify, indemnification for identification. I needed no identification for when I was elected and qualified by making bond and taking the oath of office it was a matter of record.

There were two men noted for their brevity of speech. They were neighbors and each had lost a mule. They met next morning in their wagons. "Morning Jim." "Morning Jack." "Jim what did you say you gave your mule?" "Turpentine." "Hub, killed mine." "Killed mine. 'Gid up." "Gid up."

Talking to J. D. Christian yesterday. A pretty wise old guy, but like Collins ran he has a head of his own. But he don't know how to vote, and you, nor I can't tell him, nor learn him.

Sitting in a car with a lady a few days ago when an old prissy guy walked along before us. "When is a man middle aged?" she asked me. "Oh about forty I reckon."

"Wrong," she said, "it's when he quits growing at each end and starts growing in the middle," meaning when he is getting pot-bellied.

I just can't keep from thinking of our silly, meddlesome Legislators down at Austin, sending out word to the people telling them how to run their schools. Blanco school community voted bonds and built a fine brick school house costing several thousand dollars. Equipped with a nice teacherage a well for water and other things for convenience and that silly busy-bodied bunch down at Austin had them

SPIRITUAL VS. MATERIAL WEALTH

Golden Text.—Come, take up thy cross and follow me. Mark 10:21
Lesson Text.—Mark 10: 17-31.

17 And when he was gone forth into the way, there came one running, and kneeled to him, and asked him, Good Master, what shall I do that I may inherit eternal life?

18 And Jesus said unto him, Why callest thou me good? there is none good but one that is, God.

19 Thou knowest the commandments. Do not commit adultery. Do not kill. Do not steal. Do not bear false witness. Defraud not. Honour thy father and mother.

20 And he answered and said unto him, Master, all these have I observed from my youth.

21 Then Jesus beholding him loved him, and said unto him, One thing thou lackest: go thy way, sell whatsoever thou hast, and give to the poor, and thou shalt have treasure in heaven: and come, take up the cross, and follow me.

22 And he was sad at that saying, and went away grieved: for he had great possessions.

23 And Jesus looked round about, and said unto his disciples, How hardly shall they that have riches enter into the kingdom of God!

24 And the disciples were astonished at his words. But Jesus answered again, and said unto them, Children, how hard is it for them that trust in riches to enter into the kingdom of God!

25 It is easier for a camel to go through the eye of a needle, than for a rich man to enter into the kingdom of God.

26 And they were astonished out of measure, saying among themselves, Who then can be saved?

27 And Jesus looked upon them, and said, With men it is impossible, but with God all things are possible.

28 Then Peter began to say unto him, Lo, we have left all, and have followed thee.

29 And Jesus answered and said, Verily I say unto you, There is no man that hath left house, or brethren, or sisters, or father, or mother, or wife, or children, or lands, for my sake, and the gospel's,

PROTECT YOUR FLOORS

LOWE BROTHERS NEPTUNE FLOOR VARNISH will give your floors a hard, durable surface which heat, moisture, or heavy furniture will not mar. Use it tonight and you can safely walk on your floors tomorrow—because it's quick drying. And because it's so light in color, it will not darken or discolor the lightest of woods.

That man is not truly Christian in the modern world, any more than in the ancient world, who hugs his possessions to him self and refuses out of his abundance to meet the need of his fellowmen.

Jesus said that to those who made the supreme sacrifice there would come a richness of blessing. How true that is—not only in relation to the individual, but also in relation to the world in which noble disciples have lived. Think how much poorer the world would have been if St. Francis of Assisi had turned away and failed the Master, as this young man failed!

There is a tradition that identifies the rich young man with Joseph of Arimathea, who afterwards begged the body of Jesus and gave it burial. It is a tradition—which one would like to believe—that the young man did come in time to the place where he could make the supreme sacrifice for the Master.

A Combine For Every Job

The Oliver Line's Complete!

There are Oliver Combines for every crop and acreage—the world-famed Oliver Nichols & Shepard Combines—the machines that keep running, keep threshing, keep saving! There are 10, 12, 16 and 20-foot machines, many of them with header extensions for the lighter crops. Every one of them has the famous BIG CYLINDER—MAN BEHIND THE GUN—STEEL WINGED BEATERS and STRAW CARRIERS that work together to save more of the grain. The cleaning machinery is just as efficient and just as trouble-free.

If you are considering a new and better combine, come in and talk to us about the Oliver! Let us show you—part by part—its many improvements and exclusive features. The Oliver Combine is an investment that pays big returns by saving more of your crop of grain.

District 9 WMU Executive Board Meeting Held In Plainview Saturday

All board members of the Baptist Woman's Missionary Union of District 9 met with the First Baptist Church in Plainview recently in an all day business meeting.

Mrs. W. E. Kirkpatrick of Dimmitt, president of the W. M. U. of the district, was in charge of the business for the day.

A feature of the business was to select girls from the district who are eligible for scholarship which Howard Payne college at Brownwood and the Missionary Union present to this year. Wayland college also is offering a scholarship this year for the first time to be given through the women's work.

To be eligible for the scholarship girls have to be willing to take an active part in church work, to be outstanding pupils recommended by their school superintendent as to ability and character.

The W. M. U. scholarship to Wayland college was given to Polly Fry of Post last year and was also presented to her again this year with Othell Bomar of Silverton as alternate. Wayland scholarship went to Mogene Robinson of Hereford with Dorothy Nell Swinson as alternate and Howard Payne's goes to Foy Stevens of Wilson with Allene Evans as alternate.

June 27-28-29 were the dates set for the boys encampment to be held at Ceta Canyon and the girls at the same place August 1-2-3. The young people are asked to make their plans now to attend the encampment making their arrangements to not have the dates conflicting with other affairs.

The Missionary study institute for the Floyd county association will be held with the Crosbyton church June 13 in an all day meeting.

This study is held to give instructions on how to teach methods in missionary work. Mrs. R. L. Brown of College Station, state missionary chairman will be present and have charge of the work. Mrs. W. E. Kirkpatrick of Dimmitt, district W. M. U. president will also attend.

Mrs. G. A. Linder, Mrs. Vernon Shaw and Miss Dorothy Nell Swinson attended the meeting.

Half Minute Interviews

Geo. I. Dunavant: "No, I don't know anything. I don't even know who told me."

C. B. Carmack: "I'd rather have 500 laying hens and a place to take care of them than any man's job in town. And I mean the dry years, too."

Safety In Numbers; Figures On Conoco Maps New Wrinkle

Map Makers Find Plan To Make You Think In Hours Instead Of Miles

Most Important Road Map Improvement of Recent Years, Travel Bureau Find

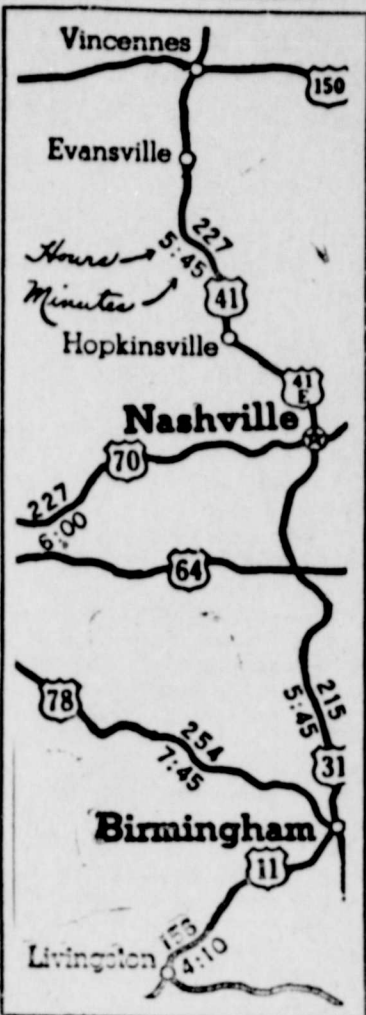

PONCA CITY, Okla.—Numerals that indicate the average driving time from town to town in hours and minutes have been added to United States maps issued by the Conoco Travel Bureau. America's largest free travel service which is maintained by the Continental Oil Company. This new automobile safety development is the most advanced road map improvement in recent years.

The new driving time figures, which are printed in red beneath each mileage figure, are expected to save the driver the trouble of calculating his own probable time and to encourage him to think in terms of reasonable time of arrival instead of the distance he has to cover.

Continental's driving time figures are the result of long investigation and careful checking of practically all of the well-travelled roads in the country. The hours and minutes as they appear on the new maps represent effective but reasonable speeds under normal traffic conditions and over dry roads.

In each case, consideration has been given to the nature of the route and to whether there are an unusual number of hills, turns or other features. For example, where a distance of 182 miles of flat straightaway in Arizona requires only 4 hours and 30 minutes at a safe pace, the same distance in the West Virginia hills requires 5 hours and 27 minutes.

The driver is expected to make allowances if he is in the habit of driving unusually fast or slow or if he encounters bad weather or heavy traffic. In test use, motorists seem to have no difficulty in learning how much allowance to make after a few trials, and the easy calculation of the probable hour of arrival appears to set a standard that removes some of the uncertainty and makes for more comfortable driving.

Crosbyton To Have Fifty-Eight Seniors To Graduate May 20

Fifty-eight seniors of Crosbyton high school, the largest graduating class in the history of the school, are starting this week on the last rounds of high school activities. Graduation will be completed on Friday night, May 20, when the commencement address will be delivered and diplomas presented. Hon. George W. Dupree, of Lubbock will deliver the address.

Baccalaureate services will be held Sunday, May 15.

FISH FLOPPING ON SHORE UNNOTICED BY FISHERMEN

Children screaming gleeful, men, women, colored men and boys so intent in the arts of fishing they failed to notice several small fish flopping on the bank as a seine was being hauled to shore. Such was the scene witnessed by a reporter of the Hesperian Friday morning in waters of a bar pit in the North edge of Cone when fifteen or twenty persons were engaged in fishing, some with seine, screens and even by hand.

The dump was built by the Highway department three years ago. It has had water in it most of the time since being built but at present the water is getting very low.

Mrs. A. E. Shelton and children Joe and Miss Effie Mae and Mr. and Mrs. P. G. Wilkes left Saturday morning for Buckingham Dam where they will visit a brother of Mrs. Shelton and enjoy a weeks outing and fishing.

Miss Lola Mae Grundy of Lubbock was a week end visitor with her parents, Mr. and Mrs. I. R. Grundy. Mr. and Mrs. Grundy went to Lubbock for her Saturday afternoon.

Mrs. L. H. Robinson left Thursday after a weeks visit with her friend Mrs. C. F. Lincoln. She will visit in Brownfield before returning to her home at Lancaster.

Mrs. E. F. Stovall and daughter, Dorothy Dell, Mr. and Mrs. Richard Stovall and son, Franklin, visited Sunday in Lockney as guests of Mr. and Mrs. Marvin Gilbert. Mrs. Gilbert is Mrs. Stovall's daughter.

BILL ROY FLOYD

ONLY YOUR MILEAGE MERCHANT OIL-PLATES YOUR ENGINE

He makes mere "oil-changers" take a back seat... because

Do you need any reminder of what oil you bought? Not if it delivers smooth long mileage that you can't forget! Then here's the real big value of the little drain tag you get from Your Mileage Merchant: he marks it with your mileage today as you change to his patented Conoco Germ Processed oil, and then you can keep tabs on how far you go before you ever need another quart in your OIL-PLATED engine.

OIL-PLATING is exclusive with Conoco Germ Processed oil. The patent-guarded Germ Process forces this oil to "magnetize" on to the working parts in the form of implanted slippy OIL-PLATING. The parts that used to wear worst and make your oil "rub out" fastest, now possess this all-over, deep-seated OIL-PLATING. It can neither drain down while your engine is stopped, nor let loose in all the whirl of 4,000 revolutions a minute. Therefore OIL-PLATING, done only by Your Mileage Merchant, distinctly tells you why your Germ Processed oil and your car money won't do a "disappearing act."

Sand Hill Ninth Grade To Present 'Behind The News'

SAND HILL, May 10.—"Behind the News" a three act comedy drama will be presented in the Sand Hill auditorium, Thursday evening, May 19, at 8:30. The play is directed by Clarence Guffee, and the cast is composed of the following ninth grade students; Anna Cates, Opal Knight, Verona Miller, Kenneth Mickey, Eddie Brown, Leland May, Hollie McLain and J. W. Grigsby.

The scene opens in an abandoned newspaper plant in which just one year previous a murder has been committed. The place has been closed since that time, but when Jane Cooper, the present owner, receives an offer to rent it from Elmer Scott, the action begins. How Mr. Scott outwits Sam Barnett, the local boss, and carries his newly-formed plans through to a finish, finally solving the mystery, makes an interesting story. "Petunia Blossom" the colored man-of-all-work, is a howling success as a news-sniffer.

Other characters are Joe Hudson, an old-timer returned, Tom Dugan, the over-bearing constable, Mrs. Small, a typical small-town busy body, and Ruth Roberts, a friend of Jane.

This play is free to the general public and you are invited to be present.

"42" Party Here Thursday, May 12
The Sand Hill Home Demonstration Club ladies will sponsor a "42" party in the school auditorium Thursday, May 12. Special guests for the occasion are all Floydada merchants and business men, and their wives.

A small charge will be made and the number of games unlimited.

Meat 'Doping' Rumors Challenged By Food Distributors Of City

\$25 Reward for Any Person Proving Report, or Any Part of It, Offered By Piggly-Wiggly.

Persistent rumors that the market of Piggly-Wiggly, a local food distributing concern, had been penalized by enforcement officers of the Pure Food and Drug division of the State Health Department, were not confirmed this week by an investigator for the Hesperian, who checked every available source and found nothing but good reports on the concern's meat market.

Division health department's food and drug inspector's last report gave the Piggly-Wiggly store a clean bill of health and their meat department was declared in excellent condition as to sanitation and general appearance, the report said. Dr. H. H. Puckett, division director, was out of town yesterday and could not be seen, but it was indicated at his office that records of any fines or penalties for law violations or infractions of the Pure Food and Drug Act would be part of the records of the local office.

Indignant that the report had gained credence in the county, J. B. Claiborne, manager of Piggly-Wiggly, and Wesley Little, manager of the meat department of the store, yesterday made an offer of a \$25 reward for anyone who would prove that the report, or any part of it, had any foundation in fact.

"Our business is hurt, of course, but our pride is hurt worse," Claiborne said. "We claim to have the most modern market department on the south plains and the report that the foods we dispense from it would in any way be tampered with to the detriment of our customers, wounds myself and all the employes of our store deeply."

The rumor given considerable circulation, apparently, is that the firm had "doped" or treated or "embalmed" meats being sold, and that a fine had been assessed by the health department for this conduct. That there is no foundation in the report and that the food store, is, in fact, one of the most sanitary and best kept on the south plains, was evidenced on every hand by the reports which the representative of the Hesperian was able to obtain.

Press Club Enjoys Final Banquet

The Floydada High School Press Club held what they plan to be their first annual banquet last night at the high school building at 8 o'clock.

Twenty-two members of the Hesperian staff, faculty, and visitors were present for the affair.

Miss Dorothy Dell Stovall acted as mistress of ceremonies, introducing the speakers and acting as toast-mistress.

Miss Thomasine Cox, co-editor of the Hesperianette this year introduced the staff for 1938-'39, which will be Sappho Ward, editor; Dorothy Dell Stovall, society editor; James Willson, sports editor, and Leeman Norman, business manager.

Superintendent A. D. Cummings and Bill Hams, Hesperian reporter, made talks to the group.

RELATIVE DEAD AT ELECTRA

Mr. and Mrs. Dennis Murphy last week-end attended the funeral of J. P. Hamilton, brother-in-law, at Electra. The funeral was held Friday morning following Hamilton's death in a Wichita Falls hospital on the Thursday before.

W. M. Hamilton, of Lubbock, and H. H. Hamilton, of Lockney, the latter pastor of the Methodist Church, also attended the funeral of their brother. He was 49 years of age. Survivors include his wife and three children.

WHEAT INSURANCE PLAN EXPLAINED

"The wheat insurance policy under the crop insurance plan guarantees insured farmers against 15 specific risks," E. N. Holmgreen, administrative officer in charge of the state AAA office at Texas A. and M. College, said last week.

The federal crop insurance policy which will be offered to wheat growers on their 1939 crop was thoroughly explained to Extension Service and AAA employees, state committeemen, and others in the course of the May 2-3 meeting, according to Holmgreen.

The policies are of two types of coverages, one against losses in yields up to half of the average crops and the other against losses up to three-fourths of the average yield. Farmers may choose the type of coverage they want.

"The wheat insurance policy is an all-risk one and guarantees against losses in yields of wheat seeded for harvest as grain up to the stated percentage," Holmgreen pointed out. "In addition to a clause which says 'any other unavoidable risks not excluded herein,' the 15 risks which are specific are drought, flood, hail, wind, frost, winterkill, lightning, fire, tornado, storm, insect infestation, animal pests, plant diseases, excessive or deficient moisture, and incursion of animals."

"You notice I said the policy guarantees against losses in yield of wheat seeded for harvest for grain," Holmgreen continued. "That means just what it says. Losses are payable in actual wheat. Under the plan, the insured farmer will have wheat to sell up to the amount specified on the policy. If his crop fails, he simply calls on the Federal Crop Insurance Corporation to deliver, and he can take his payment either in wheat or in cash at the prevailing price on the number of bushels due."

Wheat crop insurance policies for the first three years will be written for one year only, and growers will have to take out a new policy each year. After this period, however, the plan is to offer policies for terms of several years.

Premiums are payable in actual wheat, and will vary from about a half bushel per insured acre a year on the surest wheat lands to some thing over two bushels on the more risky lands.

The procedure of paying premiums, as explained by Holmgreen, consists of turning over the amount of wheat required to an acceptably bonded elevator and securing a storage receipt, which is left at the county agricultural agent's office.

At the option of the grower, the premium can be paid in cash equivalent to the amount of wheat required. Payment will be made to a bonded representative of the Federal Crop Insurance Corporation who will be located in the county agricultural agent's office. The Corporation will then buy and store an equivalent amount of wheat.

"Once the receipt for insurance is in his pocket, all the farmer has to do is to play fair with the Corporation to rest assured that he is protected against the 15 specific hazards mentioned, plus the other unavoidable losses covered by the cause 'not excluded herein'," Holmgreen said.

Among the "play fair" stipulations in the policy are items requiring the use of an amount of seed adequate to produce a normal crop, workmanlike care in planting and tending the crop, seeding wheat for harvest as grain on adapted land, seeding for harvest as grain the number of acres and the land specified in the policy and the keeping of complete records of the harvesting, threshing, storing, shipment, sale or other disposition of all the wheat produced.

The Federal Crop Insurance Corporation is a chartered corporation set up within the U. S. Department of Agriculture and it will use the existing facilities of the Department as far as possible. Its field operations in Texas will be handled through the AAA setup by county agricultural agents, and county and community committeemen. The expense of such operations will be borne by the Corporation.

The cost of the insurance will be borne by the farmers who take part in the plan, but the administrative expenses and the cost of storing the wheat reserves will be paid by the Corporation.

Five meetings have been scheduled in the wheat area of Texas during the week of May 16 at which county agricultural agents and committeemen will be given all details of the procedure for taking applications

Many Visitors At McCoy S. S. Sunday

MCCOY News, May 11.—Sunday School was well attended Sunday. A large part of the congregation was visiting in the community. The visitors were Mr. and Mrs. Anderson of the Lakeview community, T. J. Michael and wife of Sand Hill, Mr. and Mrs. A. Curry of Olton, Mr. and Mrs. Turner and son of Blanco, Henry Culpepper and Miss Mable Culpepper of Lubbock, Mrs. Estil Chick and baby of Cotton Center, Joe Earl Wilson of Wayland College, Mrs. Brook of Waco, who is here visiting her son W. H. Brock and family, Mrs. Griggs of Floydada who is a guest in the home of her son Ceel Griggs and family of the Starkey community.

The children of Mr. and Mrs. Walter Whorton gathered at the parental home Sunday and enjoyed a pleasant reunion. The children present were Crowder and Buel and their families of Seagoves; Mrs. Whorton's brothers A. L. and John Hollums and their families of Floydada.

The church and community take this method to thank the members of the committee who helped in the Mothers Day program and the play which was presented by the Wayland young people Sunday night.

Guests in the home of Mr. and Mrs. Elber Ewing were Mr. and Mrs. Charlie Berry and children Harold, Charles Jr. and Arimanta, Mr. and Mrs. Buster Allmon and baby all of Brownfield.

Walter Chaidix of Plainview, Miss Ima Nell Jackson of Happy were Sunday dinner guests of her mother Mrs. J. W. Jackson.

Opal Hartsell of Fieldton spent the week end with her parents Mr. and Mrs. Hugh Hartsell.

Son Jackson, (who is expecting a big rain,) took his tractor and opened a spill way from the road to the lake on the west side of his farm.

The McCoy W. M. U. will meet Tuesday afternoon. We hope to have a good crowd out as there is some business that needs our attention.

Little Miss Luola Ewing, daughter of Mr. and Mrs. Leslie Ewing is out of school this week because of illness.

Mrs. Hugh Hartsell and Charlie took their heating stove down Friday afternoon. Saturday morning Mr. Hartsell said, "Wife, the summer is over, we will put the stove up this morning."

Several men of the community were helping to run concrete Tuesday for the foundation of the house for Rev. Sidney Johnston.

for insurance and other items connected with the program. After the meetings, Extension agents and committeemen will hold county and community meetings at which the plan will be explained in detail.

DOUGHERTY W. M. S. MET IN BOYD HOME MAY NINTH

Women of The Dougherty Methodist Church met May 9 in the home of Mrs. Tom Boyd.

The service was opened with a song, "What A Friend" Rev. Gattis gave the devotional from Matthew 5, using as his main point of discussion, "Ye are the salt of the Earth."

Interesting experiences were related by each one present and the meeting closed with a song, "More About Jesus," and sentence prayers by each.

The next meeting will be held at the home of Mrs. Will Poole May 23 at 2:30. Mrs. Nelson will give a synopsis of the book, "Out of Aldersgate." All women are invited.

L. G. STEWART SERIOUSLY ILL IN WICHITA FALLS HOME

L. G. Stewart, son-in-law of Mr. and Mrs. W. I. Cannaday, is seriously ill at his home in Wichita Falls following a paralytic stroke a month ago. At last reports from his bedside he was resting better and is somewhat improved from the stroke but other complications have caused his condition to remain serious.

Mrs. L. J. Welborn has been with her sister since last mid-week and other members of the family have been spending some time there since Mrs. Stewart's illness. Mr. and Mrs. R. A. Garrett, friends of the family, and Hugh Cannaday, an uncle of Mrs. Stewart, visited with them last Sunday.

JOHN WEST AND DAUGHTERS EXPECTED HOME THIS WEEK

John L. West and daughters from Tuscaloosa, Alabama, are expected home this week-end. Miss Hester, who has been at Peabody Academy, Nashville, Tennessee, has been taking a course in health nursing. She came to Tuscaloosa and has been visiting her three uncles Otis, Clarence and Monroe West.

Miss West was met at Tuscaloosa by Mr. West and Mrs. Ione Clements who with her husband W. A. Clements are visiting in Texas at present. They spent the week there visiting relatives and former pupils of John L. West. Enroute they attended the general Conference at Birmingham, Alabama.

Mr. and Mrs. Ballard Wilkinson are spending a few days with his brother Lee Wilkinson. Ballard formerly lived here attending high school.

Junior-Senior Banquet Proclaimed Huge Success Saturday Night, May 7

150 Are Present For Outstanding Event Of School Year

Something like 150 Juniors and Seniors were present for the annual banquet staged Saturday night in the Andrews Ward gymnasium. The annual affair given by the Juniors in honor of the Seniors is the most outstanding and picturesque affair staged during the school year.

The gym was cleverly decorated with a Maypole in the center wrapped in green and white, from which streamers of brilliant colors were extended. At each side of the gym there was a blue background with white stars representing the sky.

Above the speaker's table was extended a blue and white globe of the world. On top of this globe were two stately, capped and gowned Seniors, representing the Seniors sitting on top of the world.

The tables were decorated with dolls dressed in caps and gowns placed at intervals on the tables and black and white tapers surrounding by red leaves lighted the banquet hall with a soft glow.

The program presented was Invocation, L. B. Williams, toast to seniors, James Fry Gibbs, junior class president, Virgil Orman, senior class president, trumpet solos, "The Cavalier," "In The Still Of The Night," Joe Arwine, accompanied by Sappho Ward;

Tap Dance, Floy Jean Hale, accompanied by Norma Denison; Saxophone duet, "On the Sentimental Side," "I see Your Face Before Me," Frankie Sanders; Lanell Shirley, accompanied by Ruth Kreis; solo, "Gypsy in My Soul," "Love Walked In," Olin Watson, accompanied by Sappho Ward; violin solo "A Gypsy Told Me," "Indian Love Call," Mrs. A. D. Cummings; solo, "Moon of Manakoa," "There's a Gold Mine in the Sky," Emma Rose Stuart, accompanied by Lois Pouta. Talk, Superintendent A. D. Cummings; music, Nickelodians.

The menu consisted of green beans, tomato juice, pressed chicken, fresh potatoes, pear salad, radish rosettes, rolls, pickles, butter, strawberry shortcake, iced tea, mints.

The committee on which the importance of the banquet rested were decoration committee: Jack McIntosh, Robert Scott, Dot Stovall, James Burrus, Ruth Kreis, Josephine Troutman (chairman) Jimmy Wilson, and Mary Katherine Daniel; program committee, Robertine McIntyre, Olin Watson, C. W. Denison; menu committee: Verda Francis Turner, Sappho Ward and Edward Wester.

Date committee: Gloria Hammonds, Dorothy Dell Stovall (chairman) and Charles Nickels, chair committee: James Wilson, Jack McIntosh; flower committee: Inez Jones, (chairman), Frances Probasco and Irene Probasco.

Special guests, besides the faculty, were Mr. and Mrs. Walter Travis.

Spanish Class Has Charge Of Chapel Program

Chapel last week proved to be both different and interesting. The Spanish classes presented the program; Mrs. Jones is the sponsor.

The audience was led in two songs, "Juanita" and "A Spanish Cavalier," by a member of the class, Olin Watson. Next, a play was presented; the title was "The Land of Milk and Honey." The characters in the play were: Jimmy Wilson, John McCleskey, and Jack McIntosh.

LaVerne Russell gave a reading entitled "Lawless Language." Another play was given, "Is there Peace?" Those in the play were: Carl Arnold, King Puckett, Cleo Davis, Robertine McIntyre, and Randall King. During the play "Ti Tu" was sung in Spanish by Beth Newton, Lena Mae Nelson, Billie Brown and Olin Watson. After a few announcements were made by Mr. Davis and Mr. Cummings, chapel was dismissed.

Miss Grace Cade At Academy Of Science Meeting Friday

Attending the interesting Regional Meeting of the Academy of Science in Lubbock was Miss Grace Cade. The meeting extended through Friday and Saturday and was held principally to review the work done by the students for the year.

On the program, Miss Cade gave a part from her Masters Thesis entitled "Thomas Hardy's Background in his novels." We are very proud of Miss Cade and are glad that she got to attend this meeting.

Rare calamities seen on the Senior picnic ran high in variety! For instance: Beth's beautifully blistered back after a couple gallons (?) of olive oil. L. B., even though a junior, won championship in fancy diving. Sand flew high in Ham's and Malvin's cars, and Legs and Charles' marshmallows were more or less thrown around to a certain extent. Minnows are hard to catch especially running wild in creeks. Spencer will learn not to drive down creek beds into quicksand. Boy who made a morsel that V-8 would have made. Midge and Anita Jo turned feminine and had to be carried across the creek. Mr. Cummings was a "he" man and tried to throw some Seniors into the swimming pool without success.

T. Davis must have hit a train or sumpkin from the size of that limp. Doesn't he look picturesque with that cane?

Why did all the Seniors stare when a certain Model A hit Roaring Springs? Could it have been the contents?

Ted Bell had to have a few French phrases explained and all the time it was just a simple English name for a car! Well "Chevrolet coupe" does sound like French.

About a dozen Juniors caught on to Robert Scott's joke about the cemetery just a little late. Well you're never too young to learn.

The banquet made quite a grand slam in events for the week end. Honest though it was sumpkin. Mr. Cummings hit new heights in telling jokes even though the world was over his head.

Stinky got to cuttin up and put too many potatoes in Mary Jo's tea. Bates and Nell were across the table from each other so as not to fite too much. Somer was in the mood to dance due to the fact that the nickelodian struck out on all the latest hot tunes. Miss Cade was hit in the eye with an olive. Gloria was hit on the shins with buns. Who, for instance, were getting all the teachers autographs? Well they do make good permits. Marjorie Kirk's face was no contrast to her dress during one certain joke.

That Char Bennis Crawford is some manager, body guard and what have you. Just ask Mont. He was told to buy some candy and sure enough he brought back "four" bars. Quite a kid, sez we.

Now since we're jogging around we'll take in the mid night show Saturday. Noticed: (to a certain extent) Malvin and Glenna on the back seat (yep man).

It was said that J. B. was so thrilled at having a date with Sappho that he nearly shaved with the tooth-paste. Well, that's better than brushing your teeth with the shaving-cream, at that.

Looks like King Puckett and Jerry Porter really gin around these days, but we decline to say who.

When Stinky picked up the program at the banquet, he was heard to remark that this was a "Sappho-Senior Banquet." Honestly, every number was accompanied by Sappho!

When someone spills things all over you, and puts potatoes in your tea, and throws mints at you, you can take it, but when they play "cat and rat" during a speech—that is the last straw.

Mont, where did you get that cute football? Seems we have seen it before.

When Gloria was told that her new hair-dress reminded one of "Madame Du-Barry" she said she felt like Madame Did-Wrongee.

I wonder if Miss Rea noticed that America, Europe, and Asia was on the wrong side of the world.

Why Sappho, we did not know that you were "taking up Animal Husbandry" and so soon.

Sappho picture is appearing in the year book, any one wanting a picture for their garden get a year

HIT OF THE WEEK

Love Walker In
Love walked right in and drove the shadows away
Love walked right in and brought my sunset day
One magic moment and my heart seemed to know that love said hello.
Though not a word was spoken
On look and I forgot the gloom of the past
One look and I had found my future at last
One look and I had found a world completely new
When love walked in with you.

The Hesperette staff has turned out—Today is Olin's birthday, Sappho and Dot spent their history period telling happy birthday gee—I wish I could get that much attention.

200 Attend Home Economics Open House Thursday Night At Floydada School Building

Awards Given To The Outstanding Home Ec Students

The Home Economics Department held open house Thursday evening beginning at 8 o'clock. The guests were greeted by Esther Finkner and Myra Louise Harris.

Alleen McIntyre presided over the lovely hand-painted guest book, that each person signed, after which Claudine Carpenter and Gladys Lovell pinned each guest's name on it.

Geneva Cline, Eloise Langley, Margaret Hale checked the men's hats and lady's coats, while Evelyn Daniels and Edith Grimes passed out the programs. Charles Denison, Lynn Colville, Paul Marshall, and Ray Ramsey were ushers.

The program for the evening was chairman, Benja McKinney; music, Sappho Ward; Welcome, principal O. K. Davis; style show, Edna Mae Smith as chairman, "The Things I have Learned by Studying Home-making," Irene Cardinal; piano solos, Neida Pagan who played "Dondo" (second movement) Sonata; "Clementine" and "The Race-Kullah." A talk was given by Mr. Cummings, accordion solos by Marguerite Leonard, "The Waltz You Saved For Me" and the "Indian Love Call"; Tenth Month Program, Miss Lois Pouta, clothing teacher; Marimba solos by Esther Finkner, "The Stars and Stripes Forever," "Whispering Hope," and "Gold Mine in the Sky"; presentation of awards by Miss Pannice Mae Rees, head of the department, and group singing led by Charles Denison.

After the program, the guests were taken on a tour of the department. Officers of the club, Benja McKinney, Claudine Carpenter, Verda Frances Turner, and Sappho Ward, greeted the guests as they entered the department. Ruth Simpson and Margaret Beedy pinned pink and blue ribbons on the guests as they entered the lovely dining room to be served tea by Juanice Cothern. The table was beautifully appointed with tall tapers of ivory burning and reflecting their glow on the center piece of blue corn flowers, and pinks.

The guests were escorted back into the clothing laboratory to eat their refreshments and to hear popular music played by Charles, C. W. and Leroy Denison, after which they visited the foods laboratory.

There were about 50 girls in the style show, which included garments made at home as projects and dresses made in class. The refreshments were planned and prepared by the foods classes. Juanice Cothern was awarded a certificate of merit for the most outstanding work done in home economics the past year.

Laverne Handley was given a personality certificate for having the highest grade of the year which was 98. A gold pin was awarded Claudine Carpenter, a silver pin to Myra Louise Harris, and a bronze pin to Mary Louise Tubbs, from the American Home Economics Association for doing the most outstanding club work of the year.

Refreshments were served to more than 200 guests who were the parents of the students now enrolled in some class in home economics, the lady high school teachers, and students.

This ends the news of the seniors this week, but there will be more next week.

Whirlwinds End Spring Practice And Adjourn

The Whirlwinds of 38 have disbanded until August after three months vacation during the summer holidays. The spring squad has spent three weeks in learning and brushing up on the fundamentals of football. The new comers have been getting acquainted with the different systems and blocking running that goes into the game of football. The boys have the spirit it takes to make a team as they showed in their scrimmages.

The team will miss stars of our 37 team; such men as Sommer Hollingsworth and Virgil Orman who played a dashing game at ends. Moody Williams and co-capt. Rainer will be missed as main stays in the line. The team will miss that pass catching Ham Smith and hard running blocking W. H. McClung. There will also be missed the all-district

water boy Grizzle Tye. To fill the shoes of our all-district water boy we have the little but loud and reckless Fleecy Norman. To fill up the end positions we have Adolph Burgett and the hard fighting Joe Conway. To fill in at tackle we have E. L. Tyler, Gordon Patterson, and Malvin Jarbo.

In guard we have some stiff competition in Emmitt Henson, L. B. Martin, Charles Nickels and James Gibbs. The center post will be in the hands of Bob Montgomery and his understudy Norman Goen and James Johnson.

In the mail totaling department of Whirlwinds we have the big fast hard charging, and leader from the quarter back post George Linder. To match in speed we have Clifford Daniels and the small but shifty and loud Freddy Beard. R. E. Goughly and Bruce Foster will round out an experienced backfield.

The conference schedule: October 7 Estellee at Floydada. October 14 Floquet at Floquet. October 21 Flomague at Floydada. October 28 Paducah at Paducah. November 14 Lockney at Floydada. November 21 Spear at Floydada.

Carroll Grummish Resigns To Get Kansas Job

Carroll Grummish, high school band director, resigned Monday so he could accept a position in the Donald Kansas High School as director of a seventy piece band and teacher of commercial work.

Mr. Grummish will begin his work there August first, which is an 11 month job.

Mr. Grummish spent the weekend in Donald and his home, Fort Morgan, Colorado.

Never have people been so sure from climbing and being hindered as on Senior Day this year.

Miss Cade stresses rather than much the eating problem which resulted in a rather full-feeling after lunch. There were several Ulysses and mermaids in the swimming pool, and several Daniel Boones who waded in the sand.

Though the day was entertaining everyone looked forward to coming home - because - well, enough is enough! Even a rest of approximately two hours in a broken-down bus is too much!

At last the invitations are here. A hint (you will probably see one soon). They are undoubtedly the nicest ones ever sent from Floydada High School. Just to see one suggests the thought of presenting a nice gift!

Some of the seniors are wondering if they will be seniors again next year. This reason for their suspicion is the thought of the test taken over the Texas Constitution.

Andous eyes await the arrival of the senior picture. The reports are good so there is little fear of disappointment. However, it will seem good to have the picture in the hall and know that it will be viewed for many years to come.

The project is still to be decided. There is talk of several different projects, but you may rest assured that the one chosen will be a good one.

This ends the news of the seniors this week, but there will be more next week.

PEEPS FROM THE PEP SQUAD

The pep squad this year was successful from every standpoint. The leaders, Marguerite Leonard, Iva Moore, and Virginia Bell Womack led us through exciting games with a cool pleasantness which bespoke good leadership. Our green and white showed up beautifully at every event and the school spirit ran rampant.

At a meeting during the year, the squad met and elected leaders for next year. These officers are Dorothy Dell Stovall, president, Sappho Ward, vice-president, and Gloria Hammonds, secretary. The business manager elected was Josephine Troutman.

A good year is looked forward to and may all the peppers be back peppier than ever.

Seniors Voice Regrets Invitations Here, So Are Exams

Senior day is over, and there are many regrets! Never in all school history has there been a more enjoyable day spent by a senior class than Friday 6. Never has Roaring Springs been explored so completely nor proved so entertaining as then.

SETTY BITS

What a day! It is Mondays like this that makes you thoroughly agree with the person that called Monday "Blue Monday." Oh well, it may be Spring fever, that malady that settles over school this time of year. Anyway in time, since school is so nearly over, to check over the past school year.

Generally speaking this year for F. H. S. has been a success. We had up our football team and a football and coming pep squad always backing them up. Our band has been very successful and has made great improvement. Although we lost to Lockney High School the Interscholastic Meet however, it taught us something. It helped to rank down our "ego." We realize now that we must work ever harder and start ever sooner to win.

We profited a lot from that defeat, and though my prediction may mean nothing I'm betting that F. H. S. will come out with flying colors in the next Interscholastic Meet. After all it's a defeat that makes one appreciate a victory.

The Junior-Senior banquet, one of the highlights of the year, was a huge success. It turned out even better than anyone could have hoped for. The genuine cooperation and friendliness of the classes in school this year has been manifested to a larger extent than ever before. Since the close of school is almost here it makes everyone feel a little sad. We hate to see the Seniors graduate and we just naturally hate to see the grandest of school years close.

At a meeting during the year, the squad met and elected leaders for next year. These officers are Dorothy Dell Stovall, president, Sappho Ward, vice-president, and Gloria Hammonds, secretary. The business manager elected was Josephine Troutman.

A good year is looked forward to and may all the peppers be back peppier than ever.

J-S Banquet Is Fashion Commensary

The Junior-Senior Banquet might be termed as a "Fashion Parade," for it tended to show the latest styles in clothes.

As we look about the banquet-hall, Mrs. Cummings, is seen in a powder-blue gown set off by a lovely white corsage; Miss Copeland, junior sponsor, was dressed in pale-blue that set off her fair skin and light hair.

The co-editors, Mary Wilson and Thomazine, were beautifully dressed in peach taffeta and orchid chiffon.

The assistant editor, Sappho, wore a royal blue taffeta with a corsage of crimson roses, that tended to set off her wonderful personality. Miss Wolfe looked picturesque in pale pink net. Marjorie Kirk, Senior vice-president, was appealing in Aqua chiffon with a crimson gladiolus in her hair.

Ruth Kreis, junior vice-president, was charming in orchid lace, with pink corsage.

Miss Cade, senior sponsor, was becomingly dressed in black trimmed in gold.

Dorothy Dell, was outstanding in navy blue and white dotted taffeta with a white mess-jacket adorned with a corsage of sweet peas.

Beth was lovely in a powder blue, with a corsage of pink roses.

Space does not permit us to mention all the lovely dresses there, but these are a few of the highlights of the banquet.

At a meeting during the year, the squad met and elected leaders for next year. These officers are Dorothy Dell Stovall, president, Sappho Ward, vice-president, and Gloria Hammonds, secretary. The business manager elected was Josephine Troutman.

Co-editors: Mary Wilson, Hicks, Thomazine Cox. Assistant editor, Sappho Ward. Society—Beth Newton, Sports, Leeman Norman.

and James Wilson. Exchange—Charles Denison. Reporters: Marguerite Leonard, Alleen McIntyre, Dorothy Dell Stovall, Bobby McIntyre, Olin Watson, Joe Smith, and Evelyn Groves.

Typists—Henry Hinton, James Jones, Harold Cothern, James Wilson, Alene Warren, Robert Scott. Sponsors—Mr. Cummings and Miss Rees.

NO APPRECIATION

I'm not quite sure the Junior class or the teachers, or the whole school for that matter appreciated the conduct of the Juniors who played hockey and went to Roaring Springs on Senior day. After all it wasn't smart and not a thing to be bragged about.

News Review Of The Week

Monday, May 2

ROME—Italy's square-jawed peace and Germany's Hitler will meet Tuesday to symbolize their unity. It will be the third meeting of these European peace setters in their recent working partnership.

DANVILLE, Ill.—A suspected bank robber was shot and killed, a federal agent, and a son of the dead man wounded and another officer slightly hurt today when officers raided a riverbank hideout near Armstrong, Ill.

Florida Votes

WASHINGTON—Primary balloting in four states tomorrow may indicate what influence, if any, the economic slump and other events are exerting on 1938 political trends.

AUSTIN—Immediate attention to the possibility of obtaining federal PWA funds for construction of a combination courts and office building here was promised by Gov. James V. Allred.

Tuesday, May 3

TAMPA, Fla.—The New Deal appeared to have won its first major test of 1938 as Sen. Claude Pepper took the lead in the early unofficial returns of the Democratic nomination primary being held in Florida.

AUSTIN—Mrs. Miram A. (Ma) Ferguson turned a definite deaf ear today to mass meeting demands that she try for a third term as governor. She had announced several weeks ago that she would not be a candidate for that office this year but public opinion in many parts of the state has been bringing force to bear.

SHANGHAI—A war-conscience world watched closely what many believed the turning point of the Far East situation, when Tokyo admitted portions of the Chinese reports that the Japanese offensive in southern Shantung province was near collapse.

Wednesday, May 4

SHANGHAI—The teeth-gritting nation of China, in bitter hand-to-hand combat drove back the multitudinous Japanese forces in the Shantung area, heart of the Sino defense, late Wednesday.

WASHINGTON—While backers of the nation received a warning in Washington, Secretary Morgenthau announced that the United States, Great Britain, and France have agreed to continue their tripartite agreement for international monetary stabilization.

Visit Continues

ROME—A new effort to enforce ratable takings in the sour gas area of the West Panhandle gas fields was launched today by the railroad commission's completion of a new provision order to supplant one invalidated by the U. S. Supreme Court early in 1937.

Thursday, May 5

WASHINGTON—The United States Chamber of Commerce urged repeal of the Wagner labor relations act today and asked "that management and labor work together without recourse to the federal government".

SHANGHAI—Chinese, jubilant with hopes of a second major victory in the Shantung province, reported their legions today were continuing to sweep back Japan's front lines. Chinese reported that a number of Japanese food trucks had been captured.

Understanding Near

NAPLES—Adolf Hitler and Premier Mussolini standing on the bridge of an Italian battleship, exchanged views today that may indicate the future course of the Nazi-Fascist partnership.

WALLA WALLA, Wash.—Face to face with his accusing mother, De Casto Earl Mayer, 43 years old, life-term habitual criminal, remained sullenly unimpressed today as she repeated her ghastly story that he was guilty of the 10-year-old ham-

Acts as Lungs — What does the world's largest bridge breathe? According to the first air analyzer ever to be used on such a structure, it's a mixture of salt, coffee, chaff, sulphates and soot. The device which Carl Hamilton, maintenance engineer of the San Francisco-Oakland Bay span, is examining above was fashioned by the California Highway Department to determine the proper paint for the bridge. The scoop fans operate a pump which draws atmosphere into the bottle of distilled water. When 7,500,000 cubic centimeters of air have passed through the bottle it is sealed and sent to analytical laboratories at Sacramento.

THIRTY-TWO ELK MULTIPLY TO 500 HEAD IN 20 YEARS

Wise management increases game in National Forests. A recent count by the Forest Service shows 126,000 elk now in protected national forest areas—enough to allow a short hunting season.

How rapidly elk multiply is shown by the herd in the Helena National Forest in Montana. An importation of 32 elk in 1917 has grown into a herd of 500 head. In this isolated region along the continental divide, elk summer in the rough highlands and winter on the lower levels, where they feed on pasture land and abandoned dry-land wheat fields.

Importing the 32 elk from an overstocked game area cost only \$250. Seven were killed before Montana passed a protecting game law in 1918. The herd grew to 250 by 1927.

Twenty-one bull elk were taken by hunters in 1932, when one day of hunting was allowed. By 1936 close to 500 elk were counted and another open hunting day yielded 25 bull elk to sportsmen.

During the past winter State and Federal officials received complaints from farmers that elk were eating crops in the neighborhood of the 900,000-acre national forest. A 3-week open season was allowed. Seventy-five elk were killed the first day. Fifty-five more were killed before the season closed.

Forest Service officials say the several hundred remaining elk are enough to furnish a big game supply for future hunting seasons.

WHITE COLLAR INCOMES NOT SO HIGH AFTER ALL

The income of business and professional families is lower than has been popularly assumed—often under \$2,000—according to a study of consumer purchases, begun in 1935.

In this large-scale study, the Bureau of Home Economics of the United States Department of Agriculture collected and analyzed facts concerning families on farms, in villages, and in small cities. The Bureau of Labor Statistics in the United States Department of Labor has studied large city and metropolitan families.

Until this study brought actual facts to light, \$2,500 or more was often taken for granted as the average professional or business income per year. But in none of the 19 small cities studied did the median income of such families exceed \$2,400. In half, it fell between \$1,500 and \$2,000. These investigators comment:

"The wife of the business or professional man will probably have to exercise skill in budgeting and buying, and make effective use of any training she has in family financial management and consumer purchasing."

Largest park in the United States is Yellowstone. It exceeds in size the state of Delaware, is mostly in Wyoming, but extends into Montana and Idaho. Its creation as a park, at the suggestion of a Montana businessman, Cornelius Hedges, in 1870, was the start of our national parks system.

Almost beyond belief are its natural wonders, and indeed early explorer who reported boiling spring, geysers, were called liars.—Groom News.

Misses Catharine Ferguson and Betty Sue and Sibyl Bow were week-end guests in the home of Mr. and Mrs. Woody of Dougherty.

R. L. Rutherford, who is engaged in house building in the Harmony community, spent the week-end here with his family.

Mr. and Mrs. W. S. Poole and Mr. and Mrs. T. J. Boyd attended the Chamber of Commerce banquet in Floydada Wednesday night.

W. J. Huckabay and family from Austin have been visiting in the L. C. Huckabay home. He is the father of L. C.

Mr. and Mrs. Lowell Gambill and little daughter, Lonita Beth, of Tucuman, New Mexico, spent the week end here to be with their parents, Mr. and Mrs. J. M. Gambill and Mr. and Mrs. J. U. Borum, for Mother's Day.

Jerry Gambill of Lubbock was at home with her parents, Mr. and Mrs. J. M. Gambill, for the week-end. She had as her guests Misses Charlene Grey and Frances Allison, students from Tech.

From murky waters of the Cuyahoga river near downtown Cleveland, O., detectives dragged a burlap bag, shown above, containing dismembered portions of a 25-year-old girl's body. Thus was added the tenth death to the toll taken by the city's mad "torso murderer" since 1934. Decapitating each of his victims, the killer has left only meager clues for authorities to follow in solving one of the most gruesome crime series in history.

WORLD FARMING ENTERING AN ERA OF MECHANIZATION

WASHINGTON. — American farms have become the most mechanized in the world, according to S. H. McCrory, chief of the Department of Agriculture bureau of agricultural engineering.

It was only 100 years ago that the steel plow and the grain harvester were invented. Gasoline tractors came into general use less than 25 years ago. Electric power on farms is much newer.

"Today there are more than 1,250,000 farm tractors in use and electric power is available on 1,000,000 farms," McCrory said. "Huge combines that harvest 100 acres of wheat a day are common in the great plains."

"There are 85,000,000 acres of the best agricultural land in organized drainage districts and 19,000,000 acres under irrigation in the West. Millions of acres more soon will be irrigated from huge dams now being built."

There is a strong tendency, McCrory said, for engineering improvements to aid the family-size farm. Among recent developments are the handy general-purpose tractors and the "baby" combine grain harvester adapted to small fields.

Despite the increase in the number of machines, McCrory said, the quantity of metal used in farm implements is about the same as in 1917.

Do not feed goslings until they are a day and a half to two days old, or 36 to 48 hours from the time of hatching, at which time they should be fed a mush of stale bread soaked either in water or milk, advising a writer in the Los Angeles Times.

Cricked corn, soaked, is also good, as is a mash of four parts cornmeal and one part middlings. But never lose sight of the fact that geese, even in their young stages, are primarily grazers, and that most of their feed should be grass.—Lockney Beacon.

Mrs. J. H. Poore of the Lakeview community spent the week with her son O. E. Poore and family and her daughter Mrs. J. C. Odum and family, here.

Mr. and Mrs. Greer Christian of Lubbock visited Saturday night and Sunday with their parents, Mr. and Mrs. Noel Trouman and Mr. and Mrs. Harry Christian.

Barwise Ball Team Victorious Sunday

The Barwise Baseball team played a double-header on the home court Sunday May 8. They played Petersburg and Estacado winning both games by a vast majority. The score was Barwise 9, Petersburg 2; Barwise 9, Estacado 1.

Barwise and Lockney will play at Barwise Sunday May 15. The public is invited to attend. The games were well attended Sunday.

RITZ THEATRE ADMISSION CHARGES ON "OFF DAYS", REDUCED TO TEN CENTS

Ritz Theatre admission charge will be 10 cents for afternoon or night shows during the remainder of the spring season, except on Fridays and Saturdays when the charge remains at 10c and 20c, Jack Deakins, manager of Floydada Theatres, announced this week.

"We have been pleased with the interest shown in our new show on west side," Mr. Deakins said. "And during the next several weeks we plan to make the show double attractive as a place of amusement by cutting the price during the week-days and Sunday indicated above." The show will be cooled on warm days, the announcement said.

An unusually good sound system was installed in the show when it was opened and the show has been a popular one during the winter.

Airmail

(Continued from page 1) The Chamber of Commerce for the Floydada office will be used on thousands of letters to go out from this point by air mail. To further plans for the pick up plane that will visit Floydada on May 19 and hurry mail from this point in all directions of the compass, the above committee and representatives of the postal service will confer tomorrow or Saturday here when a plane bearing an air mail-pick-up committee comes to Floydada to complete necessary arrangements.

Program is Planned
A program is being planned for the date of air mail service day, when the special plane visit Floydada. Mrs. Smith has named as this committee J. M. Willson, chairman, A. D. Cummings, W. Edd Brown and M. B. Cavanaugh.

Every citizen served by the Floydada office is being asked to have a part in Air Mail Service week. Throughout the week every person is asked to write letters to friends or business acquaintances in other sections of the state or nation, and the climaxing date is Thursday, May 19. Letters which are wanted to leave on the special mail plane must be mailed by 7 a. m. of that date, Mrs. Smith said.

Reports indicate that interest in air mail week here is growing and the likelihood is that thousands of letters bearing the special air mail cachet will go out from this point.

National Commander To Visit Convention Of Nineteenth Dist.

Attention of members of McDermott Post, American Legion, was called this week by Post Adjutant E. C. Thomas to the fact that the National Commander Daniel J. Doherty will address the convention at the Saturday evening session, May 21, when the Nineteenth District convention is held.

The convention, called by J. M. Willson, district commander, points out the importance of attendance at the meeting. Delegates to the national convention are to be chosen and committee members of the Nineteenth District are to be selected. Dates are May 21 and 22.

Willson's announcement says Allen Bros. Post, of Lubbock, will be official host and a worthwhile program is being arranged.

Urnon Borum was home over the week end from his studies at W. T. S. T. C. for a visit with his parents, Mr. and Mrs. J. U. Borum.

Mrs. Walter Sims and daughter Betty Jo, visited in Carlsbad, New Mexico the latter part of last week with friends and relatives.

Flood Control For Red River Water Shed Will Be Study At Childress

Water Flow Retardation, Soil Erosion Prevention Subjects for Childress Gathering May 16

CHILDRESS, Texas, May 11.—Flood control, waterflow retardation and soil erosion prevention in the upper Red River drainage basin will be topics for discussion at a joint public hearing sponsored by the War and Agriculture Departments which will be held at Childress on May 16. The hearing will be held in the City Hall starting at 1:30 p. m.

Work on the preliminary examination for flood control has been assigned to the War Department, while the duty of making the study for runoff and waterflow retardation and soil erosion prevention on the watershed has been delegated to the Department of Agriculture.

That part of the hearing for which the Department of Agriculture is responsible is to cover the following counties: Cottle, Childress, Collingsworth, Wheeler, Gray, Donley, Hall, Motley, Briscoe, Armstrong, Swisher, and parts of Hemphill, Carson, Randall, Castro, and Floyd.

A hearing on that part of the Red River drainage basin above Palo Duro State Park was held at Hereford, Texas, last December.

Views of all persons interested in these problems in this part of the Red River basin will be heard. Oral reports will be received, but officials in charge of the hearing suggest that important data be offered in writing.

Reports on waterflow retardation and soil erosion prevention will be received by H. H. Finnell, representing the Department of Agriculture.

Butler Bros. General Manager Pays A Visit To Floydada Merchant

A. M. Mason, general manager of Butler Bros., nation-wide merchandise distributors, was a visitor in Floydada last week-end stopping for a visit with the company's long-time friend, Charles Rosenberg, of the Economy Dry Goods Company. In company with Mr. Watson was J. Frank Martino, the company's general sales manager.

"I've been a customer of the firm here and at Brownwood and Snyder for a good many years," Mr. Rosenberg said of the visit of the prominent southwestern merchandisers. "And was very glad to have them stop by to see me."

DONALD THOMAS IN GOOD START IN N. E. ARKANSAS

Donald Thomas, Floydada youth, who is pitcher for Paragould, Arkansas, in the northeast Arkansas League, has an auspicious beginning this season, winning the first two starts he has made for his club. His last reported game, pitched Friday, was a three-hit affair.

Local baseball enthusiasts this week were making plans to bombard Thomas with telegrams encouraging him in his season's efforts.

LARGE GROUP GRADUATE AT SOUTH PLAINS SCHOOL

Seventeen pupils from the tenth grade and sixteen pupils from the seventh grade graduated Thursday night at the South Plains School auditorium. Friday the entire school held their annual picnic.

SONS OF THE AMERICAN REVOLUTION WILL MEET

Sons of the American Revolution will meet in Dallas Monday to Wednesday in their national convention. J. N. Johnston said this week, and he is among the eligibles who will attend.

"A large number of Floyd County people are eligible for membership in this organization. However, I do not know of any others who have joined it and are planning to attend the sessions in Dallas," Mr. Johnston said.

Mr. Johnston will give business matters his attention, also, while in Dallas, he said.

MISS SELMA LIDER HOME FROM WORK AT HEREFORD

Miss Selma LIDER returned home Friday from Hereford where she has been employed for the past six weeks with the Soil Conservation Work there.

She will visit at home with her mother, Mrs. G. A. LIDER until the last of the month when she goes to Waco to participate in the graduating exercises at Baylor University where she will receive her degree. Miss LIDER completed her work there at the end of the last year.

CAMPBELL CLUB DATE MAY 17
