## Winter Storm Holds Area In Icy Grip

IF YOU LISTENED to President Reagan's State of the Union speech last Tuesday evening, there is a good chance you saw the political advertisement which followed, advertised as "The Democratic Response."

If you are a Reagan fan, or just unbiased but willing to give anyone in office for just a year his fair chance, there is a good chance that you found the Democratic film, which was produced well in advance, very offensive.

Some Reagan critics like to say "Well, you know he's just an actor," implying that you can't believe what an actor says or does. So, what did the Democrats do? Why, they went to Hollywood and had their "response" produced right in one of Reagan's old studios.

One commentator pointed out that on the Democratic cinema, a senator indicated Reagan because there were more bankruptcies in 1981 than in any year since 1933. The reverse of that coin is the fact that 1933 was the first year of another president's term: Franklin D. Roosevelt. If the Demos are to lay all the faults of Reagan's first year at Reagan's feet, then they also must be prepared to say that the difficulties during FDR's first year were his fault, and not Herbert Hoover's.

The public should be aware that the economic mess in which the country finds itself did not happen overnight, nor did it happen just in the last year. Things did not just suddenly go sour when Reagan replaced Carter (by the way, good ole Jimmy's name was not even mentioned in the Democratic "movie" last Tuesday.)

One would think the Democratic response would have dealt on a more logical plane, such as how the states are going to take over such programs as food stamps and other welfare programs, which the president says he will shift from Washington to the states.

Although most state governments have been opposed to the shifting of such programs into their jurisdiction, there is something good to be said for this: usually, welfare, or any other program, is more adequately administered on the local level than through Washington.

If the tax money which supported these programs were to be returned to the states, we have every confidence that Texas could handle its welfare far better than it has been handled from the banks of the Potomac.

**SUPERINTENDENT TOM JARBOE** told us this week that the construction program in the schools was virtually complete, and that as soon as the weather warms up, plans are being made to have an open house, so the general public can see what has been done.

From what we have seen, the additions and alterations are very nice, and something that will really benefit the school.

**A HEARTY WELCOME** to new City Manager Jerry Lewis. We understand that he arrived in Friona at the height of this week's snow and freezing conditions, and had a few problems in getting into his new home, but finally made it.

We tried to assure him that the weather of this week was not the "norm," but Lewis would rather have skipped it entirely. It had waited this long to snow, anyway....

### Filing Is Underway

Filing began this week for three spots on the Friona Independent School District's board of trustees. Deadline for filing is March 3. Applications for a place on the ballot may be picked up in Superintendent Tom Jarboe's office.

The spots held by Teddy Fangman, Floyd Reeve and George Frye are expiring. All three incumbents have indicated that they will seek new three-year terms.

The worst storm of the winter--in fact in three or four winters--has held the Friona area in an icy grip for much of the past week.

The area received around four inches of snow late Monday and early Tuesday. The snow was accompanied by high winds, which caused considerable drifting, and also caused mammoth problems for the travelling public.

Friday morning's low temperature of -1 degrees was the lowest temperature of the season, and lowest since February 11, 1981, when the mercury also fell to minus one. The lowest temperature in 1980 was a ten degree (above) reading, but on January 2, 1979, the temperature fell to ten below.

The biggest adventure started in the local area at about 10:15 p.m. Monday night, when patrol units from Friona and Bovina were combing U.S. Highway 60 between the two cities looking for a reported one-vehicle roll-over.

While looking for the reported accident, DPS trooper Steve Talkington, Friona Patrolman Lindel Davis, and Deputy Jerry Atchley of Bovina discovered a school bus from Vega stranded in the middle of the roadway eight miles southwest of Friona on Highway 60, with 48 junior high school students and two coaches. The bus was returning from games at Farwell.

The coaches told the officers that they had been stranded for about 30 minutes before the officers arrived.

Upon locating the bus, officers closed Highway 60 between Friona and Bovina, until the bus was safely moved off the roadway and until the Vega students and coaches were transported into Friona.

Friona Patrolman Randi Burkhart and Deputy Bob Davis held up traffic in Friona, while Bovina Reserve Officer Robert Olvera stopped the traffic in that city.

In order to transport the Vega students and coaches from their stranded bus into Friona, Fire Chief Ralph Shirley and volunteer fireman John Blackwell took a Friona Fire Department van to the location, while volunteer fireman Glenn Reeve, Jr. and Friona schools superintendent Tom Jarboe took a four-wheel drive vehicle to the location.

### Tommy Williams Announces For Office

Tommy Williams, longtime resident of the Bovina area, authorized the Friona Star to announce his candidacy for County Commissioner, Precinct 2, subject to the action of the Democratic Primary May 1.

Williams, 43, has been a resident of Bovina for the past 27 years. He is a farmer, west of Bovina. Williams and his wife Kay have two daughters: Kathy, who attends Texas Tech University, and Lezli Tidwell of Munday.

"If elected commissioner, I pledge to devote the time and effort necessary, and to keep the well being of the people in my precinct uppermost in mind," Williams said. (Paid Political Advertisement)

The students and coaches were taken to Friona High School, where Tom Jarboe took charge and distributed them to residents in the city, where they would have a place to sleep and get warm. The bus was pulled off the roadway and left until the morning hours.

Also helping in the rescue operations were Bovina City Marshall John Detten and Bovina Reserve Officer Charlotte Detten, who were between the convoy and Friona, advising of hazards and controlling traffic from MBPXL.

According to Patrolman Davis, it took the rescuers exactly two hours and 33 minutes to bring the students and coaches from the bus into Friona. During the time they were being brought into town, those who took part in the operation were faced with zero visibility, 40 mph winds, blowing snow, zero temperatures and much below zero chill factor.

### Local Folks Don't Read 'Closed' Sign

It could only happen in a small town. After the snow and blizzard-like conditions of this past Tuesday, Irene Gee decided there would be no use opening the snack bar at Bi-Wize Drug. After all, who would be out in weather like that?

Several people would, as it turned out--and they decided to open up the snack bar on a "help yourself" basis.

It is reported that Steve Bavousett was the chief cook for the "breakfast run," assisted by Karen Britting.

Then, at lunchtime, several people got in on the act. James Ochoa, the assistant band director, with Glenna Holt, Linda Noey, James Whitis and Mrs. Britting helping out. These also waited tables, along with Elthie Hand.

Lola White, Chamber of Commerce secretary, was seen washing dishes.

Luckily, Mrs. Gee had made a pot of stew the previous day, planning for stew and cornbread as a feature. The stew went in a hurry at lunchtime. Then, things changed to burgers and quick items. At one point, a menu was prepared which said "If you don't see it, don't ask for it!"

The customers paid for their items, and the volunteer cooks and helpers cleaned things up for the next day's run.

"I was overwhelmed. You just don't know how good that made me feel. I love everyone for their help, and if ever I can help any of them, I hope they'll let me know," Mrs. Gee said concerning the day's events.

**FATAL WRECK....**Members of the Friona Fire Department's rescue squad are shown cutting the door from the pick-up truck, in which two Roswell, N.M. residents were killed last Saturday, January 30, two miles southwest of town on U.S. 60. (Photo by Steve Talkington)

### Dale Hart Announces Candidacy

Dale Hart has authorized the Friona Star to announce his candidacy for election as Parmer County Commissioner Precinct 2, subject to the Republican Primary.

Dale says that having been actively involved in farming and ranching in Parmer County all his life and in the accounting and bookkeeping business and other business interests in the county for many years that he can relate to and represent the business and professional person equally as well as the farmer-cattlemans.

"With many years of accounting, real estate and other business experience, I have the experience, education and knowledge to be an asset to Parmer County government. If elected I pledge to look after the taxpayer's tax dollar, but I will not use false economy on road maintenance. I pledge that a vote for Dale Hart will be a vote for honesty and integrity. I pledge to have an open line of communication with every resident of Parmer County. I pledge to spend the necessary time required to take care of county business and supervise the maintenance of the precinct roads."

Dale and his wife, Laura, have been rural mail carriers in Parmer County for twenty-four years. They have four children, Karene, who is married to Troy Bass, a U.S. Postal employee and also associated with Dale and Laura in the cattle business; Holly, who is married to Danny Campbell, an electrician, and he is also associated with Dale and Laura in several business enterprises; Evelyn is a college student and employee of West Texas State University; and a son, Jeremy, of the home. ### Two People Killed On Highway 60

Two New Mexico residents were killed Saturday, January 30 when the pickup truck they were in collided with a tractor-trailer rig on U.S. 60 near Friona.

Killed were Vonnie Jasper, 55, and Virginia K. Heine, 50, both of Roswell, N.M., said a Texas Department of Public Safety officer.

The accident occurred two miles southwest of Friona, the officer said. The tractor-trailer rig, operated by Robert Dwayne Holt, 38, Springdale, Arkansas, was traveling northeast at the time of the accident when it hit an icy spot in the road and slid sideways, the officer said.

The pickup truck hit the rig broadside and both victims were pronounced dead at the scene, by Justice of the Peace Frances Euler.

Holt is charged with criminally negligent homicide, said DPS Sgt. Billy Don Scott of Hereford. The violation is a Class A misdemeanor and carries a penalty of one year in jail or a \$2,000 fine or both, he said.

DPS Trooper Jim Bishop of Farwell, Texas, is the officer in charge of investigating the double fatality.

Holt was freed on \$2,000 bond, with arraignment set for Wednesday morning.

Measles and mumps are now epidemic in Friona, it was reported this week by health authorities, who suggest some precautions to prevent further spread of the diseases. Children should not be taken to the doctor's office for diagnosis of possible contagious disease, it is pointed out, as this might expose other children to the diseases. Parents are asked to call the physician to the car, or have him visit the child in the home when any contagious disease is expected.

**THANK YOU**

On behalf of the citizens of Friona, I would like to thank all the farmers who used their time and equipment this week to help clear streets and driveways around Friona. As most citizens know, it would be prohibitive to keep snow removal equipment on hand for just one or two major snows each year. The city employees have done a good job with the available equipment and I'm sure will continue to do so. We sincerely appreciate the contribution that the agricultural people make to this area and our prayers are that the economy will rectify itself soon.

## Tri-County Savings Announces Merger

Don Harmon, President of Summit Savings Association, announced recently that final approval of the merger of Tri-County Savings and Loan, Plainview Savings and Loan, and Collin County Savings and Loan into one Association, Summit Savings, has taken place.

This merger means that Summit Savings will now have offices in Plainview, Floydada, Matador, Hale Center, Muleshoe, Littlefield, Friona, Farwell, Plano, and Allen, Texas, and will have a combined financial strength of \$140,000,000.

"In this age of higher interest rates, along with the cost of building, it is a must that the lending institution has the financial footings to meet the customer's need. This merger has

provided us with one hundred forty million dollars which in turn will help provide financing on a larger scale," Harmon stated.

"One other thing that I need to stress is that there have been no major shake-ups in our offices. The same personnel are still there to serve their friends and customers. The same friendly atmosphere while attending to business is still the order of the day. The only thing that has changed is that we now have a universal logo and name for identity purposes. I would invite everyone to feel free to visit any one of our eleven locations, meet the people who are associated with Summit Savings and, if they aren't already, become one of our valued customers," Harmon concluded.

### Letter To The Editor

We, the undersigned, wish to make a complaint to Energas and the City Commission about the drastic increase in our gas bills for January.

We realize we, the people, have no voice in the situation and probably the City Commission had no choice but to agree to the increase or Energas would not furnish us gas.

We do believe the increase is irresponsible, unreasonable, and, therefore, cannot be justified.

## Varsity Teams Fall To Muleshoe Cagers

Both Friona varsity basketball teams found the going a bit on the rough side last Friday night at Muleshoe, each dropping district contests in hard-fought games.

The Squaws' 32-31 loss was perhaps the toughest of the two, because it knocked the team out of a share of the first half district championship. A Friona win would have allowed the team to have shared the first half title with Littlefield, a team the Squaws had beaten in the first round.

The Chieftains, meanwhile, could get no consistency in their shooting, and fell, 52-41, to a team they had beaten earlier in their own tournament.

The Squaws have lived and died by the low score all season, and last Friday's game was no different.

Muleshoe pulled away from a 6-6 tie midway through the first quarter to lead, 9-8 at the end of the first period. But if fans thought the first quarter was low scoring, the second quarter changed their mind.

Cari Hand's basket gave the Squaws the lead back at 10-9 to begin things in the quarter, and Sherry O'Brian connected on a jump shot to put the Squaws out front, 12-9. When Rene Noland scored a basket at the four-minute mark, Friona had a 14-9 lead, its longest of the game, the home team had not scored since late in the first quarter.

But the Mulettes became aroused, and Friona suddenly could not buy a basket. Muleshoe managed four free throws during the final portion of the second quarter and Friona was scoreless. Even at that, Friona still had the lead at halftime, 14-13.

Friona had employed a full-court press in the first half, and it caused several turnovers by Muleshoe, helping Friona take its lead.

The third quarter was one the Squaws would just as soon forget. Friona scored only one basket in the first six and one-half minutes of the quarter, during which time Muleshoe was scoring 13 points, to assume a ten-point lead, 26-16.

Miss O'Brian finally connected with 1:24 left in the quarter to break the scoring ice and trim the margin to 26-18, and then Miss Hand stole the

ball and drove in for a layup to cut the score to 26-20.

The Squaws continued their rally, catching up with the Mulettes late in the game.

But the team lost their momentum, and Muleshoe, which had been scoreless for practically the entire final quarter, scored some vital free throws as the clock was winding down, to pull out the win, 33-31.

Miss O'Brian's 14 points paced all scorers in the game.

The Chieftains, paced by baskets by Mark Tucker and Robert Caballero (two apiece) and one by Mike Neill, bolted to a 10-3 lead midway through the opening period. If they thought they were in for easy sailing, consider the fact that Muleshoe outscored the team the rest of the way, 49-31.

After the Chiefs held a 10-8 lead at the end of the first quarter, Muleshoe tied the game early in the second quarter, and the lead rocked back and forth until the Mules took a 24-20 lead at halftime.

Although still having trouble scoring, the Chiefs kept close during the third quarter. Single baskets by Tucker, Neill, Caballero, Rich Malouf and Anthony Brady kept the team within a basket of the Mules, 30-32, as the fourth quarter began.

But the Mules finally got their offense into high gear, and paced by guard Ron Angeley, who scored nine fourth-quarter points, Muleshoe broke to a ten-point advantage, and Friona never could recover.

Neill scored 11, Tucker ten and Caballero ten for Friona's offensive efforts.

# Town Talk

By June Floyd  
Call 247-3861

Early February seems to be a good time for us to have snow and this time the first day of the month really got us off to a good start. Most of us rarely ever pay much attention to the weather forecasters when we hear, "possible snow," so we go gaily on our way doing whatever we had planned to do.

As Patsy and Eugene Bandy were enroute home from Tucson, Arizona, Monday evening, they listened to a weather report as they drove northeast on Highway 60. The report went something like, "a front is expected to move in."

At the time they were about ten miles from Roswell and a few minutes later they met the snowstorm head on. About four hours later they arrived in Portales, so spent the rest of the night there. Then, Tuesday morning it took them approximately two hours to drive home.

The Bandys went to Tucson Saturday to visit their youngest son, Todd, and his wife, Lori, who recently moved from here.

The unexpected snowfall brought the Floyds an unexpected treat. A telephone call about 1:15 a.m. Tuesday informed us that Paul and Myrna Jackson and their daughter, Tonya, who live in Vega, along with Donna Baynham, Marci McDade, Norma Hughes and Clara Gonzales were coming over to spend the rest of the night with us.

They were a part of the Vega Junior High School basketball teams and parents who were marooned in Friona due to school bus engine trouble between here and Bovina.

Paul, Myrna and Tonya are some of the kinfolks that we enjoy seeing very much, but rarely ever see even though we don't live very far apart, so we especially enjoyed their unscheduled visit.

Visitors in Friona, who've stayed longer than they had planned due to the snow, are Mr. and Mrs. Earl Baker of Clearfield, Iowa.

The Bakers are cousins of Minnie Knight, Neeley Pierce, Lena Stokes and Bud Reed and are enroute to Arizona.

Troy and Veda White and Joe and Daph Cunningham took off last weekend for a mini vacation in northeastern New Mexico. They went to Red River and Taos.

The White's daughters stayed here. Vacresia stayed with her paternal grandparents, Ray and Wanda White, and Tawn and Vanette visited in the home of Frank and Carmaleet Truitt.

Weekend guests in the home of Bob and Terri Welch and children, Ben and Katie, were Mr. and Mrs. Ray Bailey of Carlsbad, New Mexico. The Baileys are Terri's parents.

Lavernia Parr recently became a great-grandmother for the first time. A baby boy, Justin Wayne, was born to Rex and Rachel Kessler, who live in Liberty Center, Ohio, January 29.

The maternal grandparents, L.C. and Sandra Roots, live in Greenland, Arkansas. As of Wednesday they had been unable to go see their new grandson because of the snow in Missouri.

Mrs. Flossie Brown of Duncan, Oklahoma, formerly of Friona, is still hospitalized at Bethania Hospital in Wichita Falls. She had major surgery Tuesday morning and is making satisfactory recovery.

Conrad and Susan Renner and children, Brandon and Misty, moved from the Lazbuddie Community to Duncan, Oklahoma, last weekend. They had been farming in Parmer County several years and had lived in several different places in the southeast part of the county.

Brandon's and Misty's grandparents, Junior and Betty Renner and Everett and Paula McBroom, will probably be making more trips to the Sooner State.

Each couple has other children living in Central Oklahoma. Donna McBroom, Paula's and Everett's other daughter, is currently employed in the Capitol Building in Oklahoma City.

Betty's and Junior's oldest daughter, Phyllis, and her husband, Gary Murphree, and their two daughters, Jennifer and Lacy, are living in Edmond.

Dalton Simmons, young son of H.D. and Linda Simmons, spent several days early in the week at High Plains Baptist Hospital, where he was a surgical patient.

Mae Ridgeway of Decatur, Texas, has been visiting in the home of her father, Mike Brown. She returned to her home Wednesday.

Fifty Vega residents left Farwell about 10:30 p.m. Monday following the close of the junior high basketball tournament. Forty-eight students and coaches were on a school bus and two parents, Paul and Myrna Jackson,

## Bridal Shower Fetes Mrs. Bobby Moore

A miscellaneous bridal shower in the foyer of Sixth Street Church of Christ from 2:30 to 4 Saturday afternoon was a courtesy for Mrs. Bobby Moore of Hereford, the former Kimberly Stephens.

The serving table was covered with an antique cutwork cloth and centered with an arrangement of blue and white carnations in a silver compote.

Crystal and silver serving pieces completed the table setting.

Refreshments of punch, cookies, mints and nuts were served.

Gift tables were covered with white and blue cloths and the registration table was decorated with a miniature

whose daughter, Tonya, was a member of the seventh grade girls team were following the bus in a pickup.

Between here and Bovina the bus quit running. Jackson hooked onto it with a chain and pulled it until visibility reached the zero mark.

Then he called for help on his CB radio. Soon the emergency rescue unit was on the way to help the stranded Oldham County residents.

Superintendent Tom Jarboe opened the high school doors and everyone was escorted to safety. Then, after making a few telephone calls, he had made arrangements for everyone to have a warm place to sleep.

Tuesday morning local volunteers assisted the coaches in getting the bus in running order again.

Calls were made to homes where the unexpected guests had spent the night announcing that lunch would be served for all of them at the high school cafeteria.

Then, after lunch they were able to resume their journey homeward.

arrangement matching the one on the serving table.

Guests were greeted by the honoree and her mother-in-law, Mrs. Kenneth Moore, Friona. Mrs. Bobby Zetsche, a sister-in-law of the honoree, assisted with opening the gifts.

Hostesses were Mesdames Johnny W. Hand, Randy Weatherly, L.R. Hand, Robert Zetsche, James Procter, John Hand, Ralph Robinson, Sterling Graham, Eugene Bandy, H.D. Simmons, Glenn Floyd, Eugene Boggess, Dean Blackburn, Frankie Allen, Bearl Dean Broyles and George Patterson.

*SNOW SCENE...What would have made a nice Christmas card scene, just a trifle late, is the above group of trees on Elm Street in Friona. The trees and shrubs around town were bedecked with a layer of white following the snowfall earlier in the week.*

Inflation affects the electric company just as it affects you. The cost of borrowing money for new power plants and the construction of those plants to assure a dependable supply of electricity for the future, also affects your electric bill.

Jack King, Division Auditor, Lubbock

Area and industrial development is a high priority at SPS. Southwestern can provide the electric power needed by new and expanding industries that locate in our part of the "Sunbelt." SPS area development consultants assist community leaders in our service territory with the growth of existing businesses and in attracting new industry. Planned, sensible growth means more jobs, more retail sales and a healthier economy.

Jon Krebs, Area Development Consultant, Amarillo

Southwestern Public Service has 42,813 holders of common stock and 2,102 holders of preferred stock. These stockholders are the "owners" of the company who, in return for furnishing money for construction and other costs, receive payment for their investment in the form of dividends.

Lorene Lacer, Investor Relations Supervisor, Amarillo

Knowing what electricity is worth is worth knowing. For answers to your questions, call or write your SPS manager.
