LOCALS

Born to Mr. and Mrs. S. L. Struve, of Levelland, a baby girl, Roma Kay, Mrs. Struve was formerly Miss Seva Welch, daughter of Mr. and Mrs. F. N. Welch, of this community.

Mr. and Mrs. R. F. Johnston, returned to their home at Commerce, Sunday night, after having spent two weeks visiting in the home of Mrs. Johnston's parents, Mr. and Mrs. F. N. Welch. Mr. Johnston was formerly a teacher in the Friona schools, but is now teaching in the Commerce High School.

Mr. and Mrs. Louie Welch and sons, Guy Lynn and Gary Dale, of Dallas, returned to their home Sunday night after a two weeks visit with his parents, Mr. and Mrs. G. E. Welch.

Mrs. Jennie Davis and daughter, of Oklahoma City, visited with friends here last week, they left for their home Tuesday.

O. C. Jones and family and C. M. Jones, left last Friday for a visit of several days with relatives and former neighbors near Dallas.

It is reported that Julius (Smiley) Fulks, has sold his cafe to Talbert Stowers, who will take charge this week. Mr. and Mrs. Fulks are planning to depart for California today (Friday) where he expects to enter employment in defense work for the government.

Word has reached the Star office that C. A. Wickard has sold his farm west of town. No definite particulars were learned.

Roy Lovette, living north of Friona, has sold his farm there and purchased another about ten miles east of the city. He plans to move to his new home in the near future.

Johnny Blackburn, who was formerly employed with the Blackwell Hardware and Furniture store, but who has been in Uncle Sam's army for the past year or more, was here visiting friends this week.

Wilton Lillard, son of Mrs. Carrie Lillard, who is now a member of Uncle Sam's army, spent a part of this week visiting his mother. Wilton has been transferred to the Sam Houston College, where he will receive special officer's training.

Rev. Joe Wilson, former pastor of the local Baptist Church, but now of Sundown, was here

Monday shaking hands with many of his Friona friends. Rev. Wilson stated that his son, Sgt. Joe Earl, of the U. S. Marine Corps, would be home to visit him within the next few days. This will be Sgt. Wilson's first visit home in two years. He has seen service in Guadalcanal and other places in the Pacific.

George Treider, who has been visiting his mother in Iowa for the past few weeks, returned home last week. He was accompanied by his sister.

Attends Abilene College
Miss Melba Welch, daughter of Mr. and Mrs. F. N. Welch, will leave Monday for Abilene, where she will attend Abilene Christian College for the coming term. Miss Welch has accepted a place in Zellmar Hall there. She intends to continue her studies in her home economics major.

MRS. COLDIRON VISITS AT FT. SILL
Mrs. Dallas Earl Coldiron returned last week to her home 15 miles north of Friona, from a trip to Ft. Sill, Okla., to visit her husband, who is there for induction into the Army.

Private Coldiron will leave Fort Sill within the next few days, for New Orleans, where he will be in training for some time in radio work. He graduated July 30 from the Philco Radio School in Philadelphia, Pa.

A Card from the Bakers
A message from Mr. and Mrs. George M. Baker, former residents of Friona, written from their present home at Marfa and dated Sept. 3, states that they are both OK, and that Mrs. Baker is now a seamstress for Uncle Sam.

Then the following expression, evidently intended for us, of the Star office, says: "So you believe in the creed of the Ten Commandments. You were born some 1900 years too late. The Atlantic Charter is to take the place of them. See?"

Miss Maurer Attends Drury College
Miss June Maurer, daughter of Mr. and Mrs. Carl C. Maurer, left Tuesday afternoon for Oklahoma City, from where she would go on to Springfield, Mo., to enter Drury College for the coming year of College work. Miss June graduated from the local high school last May as valedictorian of her class.

Moral: Don't Sit Under the Apple Tree

Mr. and Mrs. Oscar Pope left Saturday of last week for Oklahoma, where they would visit for a few days, with Mr. Pope's brother, who is seriously ill. The exact date of their intended return was not learned.

Tom Dodson returned Sunday from a trip through Oklahoma and East Texas, where he visited with relatives and former neighbors. Mr. Dodson stated that in the country he visited, the present long drouth had prevailed, and that crops looked more hopeless than they do here near Friona. In a few places, however, they had received good rain before he left.

Functional swimming, wartime feature of Red Cross water safety instruction in this country, is also being taught servicemen in London under auspices of the American Red Cross, in cooperation with the U. S. Army.

Misses Ruth Reeve and Charlene McFarland, both of whom are teaching in the Clovis public schools, came home Friday evening to remain until Tuesday; Monday being Labor Day there was no school.

Christmas Shopping Season Starts Early—Sept. 15th

Conserve Protein Feed Supplements

Since the most effective conservation of limited protein supplies ultimately must be left with the producer, it is important that protein concentrate feeds in their unmixed form be available at all times to ranchers and farmers.

Guides to efficient use of protein feeds issued by the A. and M. College Extension Service point out that any individual stockman's need for protein concentrates will depend on the kind of livestock being produced, the amount and condition of available pasture and roughage, and the amount and type of home or locally grown grain available.

And, in any event, the producer should use protein feeds only as they are necessary to meet the basic requirements of digestible protein according to feed standards in common use, livestock specialists say. Present and probably future shortages of protein concentrates will not permit their use freely as a source of energy.

To aid farmers and ranchmen in the best possible use of protein feeds, the Extension Service has issued four free printed leaflets related to the feeding of beef cattle, sheep and goats, dairy cattle, hogs, and poultry. These are available from county agricultural agents throughout the state.

Mrs. W. H. Warren was taken to a hospital in Amarillo Tuesday for medical treatment and examination due to a heart ailment. Her many friends here wish her a speedy recovery.

The Christmas shopping season is here—even though the weather is still warm.

Mailing of gifts for Army and Navy personnel overseas must begin by Sept. 15, if many of the men and women in our armed services are not to be disappointed; and Sept. 15 is less than a week away.

Christmas gifts may be mailed by parcel post to Army men and women overseas only between Sept. 15 and October 15. After the latter date, such parcels may not be mailed unless a written request from the soldier for the article is presented with each parcel. No soldier should have to ASK for a Christmas gift; so gifts must be mailed on time. The Navy also urges that gifts be mailed between Sept. 16 and October 15.

Weeks are required for a ship to reach many of the distant Army and Navy Stations. There can be no assurance, of course, that the first ship sailing for any of these locations will have space available to carry Christmas parcels. Gifts may have to wait until vitally needed supplies and equipment have been shipped, to assure victory and to save the lives of our men. If the parcels are not mailed early, that delay may prove to be just enough to prevent their arrival by Christmas day, with consequent disappointment to the men who are offering their lives for their country and ours.

School Activities Off To Fine Start, Says Supt. Ginn

FRIONA WEATHER
The oppressively hot weather of the past few weeks suddenly gave place to days of decided coolness, as were experienced on Monday and Tuesday of this week; and the writer, not yet having had the gas turned on at his place of business, has worked with chattering teeth during the forenoon of both days.

There is an old saying to the effect that if the first Norther of the season is dry, they will all be dry, and this saying proves true in all too many cases. That is a bad omen for the Plains Country, for having experienced the driest season for many years, to now be threatened with a continuation of the drouth during the winter, seems almost calamitous. At any rate, no moisture of any consequence has been received for many weeks. The writer has been informed that a really good shower fell Saturday evening at Claude Osborn's home, but only a mere sprinkle fell at Friona and on east as far as Hereford. But it got cold.

According to Superintendent O. B. Ginn, he has never seen a more auspicious opening of a term of school than that of the present term of the Friona Public Schools.

Enrollment in the grades numbers 270, while the High School starts out with an enrollment of 148, making a total enrollment of 418 for the first day of school, with possibly several others to enroll later.

Athletics, along with all the other features of the school, are getting a good start with the first football game slated for Friday (tonight) night, with the Panhandle team at Panhandle.

Only one of the features of the present term did not get going with the other departments of the school, and that is the school band, which was hindered by the fact that the band teacher, Miss Clarice McCall, has suffered an appendectomy, which will hinder her from participating in the opening work of the term; but she expects soon to be able to be present and take up her part of the school work.

The school cafeteria, under the able management of Mrs. Raymond Jones, assisted by Mrs. R. F. Jones, Sam Jones, Johnson and Hamlin, fed 196 persons the first day of school.

The cafeteria building has been repainted and the floor covered with new inlaid linoleum, which adds greatly to the attractiveness of the dining room.

The editorial force of the school paper is being selected this week, and Mr. Ginn hopes to be able to have the "Chief-tain" make its appearance in the Star next week, and to make it a regular weekly feature throughout the school term.

were made public in June for the guidance of early shoppers. They include:

The parcel must not exceed five pounds, and must not be more than 15 inches in length or 36 inches in length and girth combined. It should be marked "Christmas Parcel" so that it may be given special attention to assure its arrival before December 25.

Not more than one parcel may be mailed in any one week to the same member of the armed forces by or in behalf of the same mailer.

The parcel must be well and strongly packed, in a container of metal, wood, strong fiber board, or similar material, then wrapped in strong paper and tied with twine. The cover should be such that it can be opened readily for censorship. The contents should be packed tightly.

Perishable goods, such as fruits that may spoil, are prohibited. Intoxicants, inflammable materials such as matches or lighter fluids, poisons, and anything that may damage other mail also are prohibited. Gifts enclosed in glass should be substantially packed to avoid breakage. Sharp instruments such as razors and knives, must have their edges and points protected so that they cannot cut through the coverings and injure postal personnel or damage other packages.

Since the armed forces are being plentifully supplied with food and clothing, the Army and Navy recommend against these as gifts.

Addresses must be written clearly and completely. In (Continued on Back Page)

Funeral Rites for Mrs. Trigg Held In Friona Friday

The funeral services for Mrs. Mollie Ellis Trigg of this city, who died on Thursday night of last week, at a hospital at Clovis, were held last Friday afternoon at 5 p. m., in the Euclid Avenue Church of Christ, here in Friona.

The services were conducted by O'Dell White, with Steed Funeral Home of Clovis as funeral directors. Following the services at the church, the remains were laid away in Friona Cemetery.

About two weeks ago, the deceased suffered a paralytic stroke.

She is survived by six sons: Joe, of Great Bend, Kan.; Steve A., of Amarillo; Jeff, Gibbe, Jack and Haskel of Friona. Also three daughters, Mrs. Nettie Norton Hardin of Grandfield, Okla.; Mrs. J. E. King of Fort Worth, and Mrs. Maude Mason of Lawton Okla. She also has four sisters living: Mrs. Susan Martin of Hillsboro, Texas; Mrs. Emma Beale of Roby, and Mrs. W. T. Willis and Mrs. Kate Mihcoelias of Amarillo.

A Junior Home Front Soldier

This youngster makes sure that the housewives in his neighborhood get their waste fats in the local salvage collection. Collecting waste fats is an important job these days because they contain 10 percent glycerine which is necessary to the manufacture of nitroglycerine, dynamite, and cordite. Two pounds of waste fats produce enough glycerine to fire five 37-mm. antitank shells.

Miss Novellene Naylor Bride of Mr. Welch in Friona Church Ceremony

At 4:00 o'clock on August 26 the bridegroom was accompanied by his brother Mr. Louis Welch.

The bride wore a navy suit with red and black accessories and carried a white Bible. The matron of honor wore a white suit, also with red and black accessories. Both wore corsages of red and white carnations.

These attending the wedding other than the above named were: Mrs. H. B. Naylor, Mr. and Mrs. F. N. Welch, Joan Naylor, Murna Loy Welch, Mr. and Mrs. D. E. Welch and sons Guy Lynn and Gary Dale, Mr. and Mrs. Ralph Miller, Joyce Ann and R. B. Mrs. E. O. Welch, Miss Mamie Lou Wilson, Mr. and Mrs. Nelson Welch, and Mr. and Mrs. Rex Johnston.

The couple will make their home north of Friona where he is engaged in farming.

My Boy, How You've Grown!

The tractor was progenitor of the tank, but gosh, how sonny has grown! Parent and offspring pose as farmer Allen Bass pauses near Averitts Ferry, Tenn., for a chat with tank Sgt. Judd W. Wiley, on 2nd Army maneuvers. (U. S. Army Signal Corps photo.)

COGITATIONS and APHORISMS of Jodok

In times past I have at various times given vent to an expression or proverb, that so far as I know is original with me, and is therefore a home-grown expression. The expression or proverb is this: "Many people would rather believe a lie, when they know it is a lie than to believe the truth, when they know it is the truth." It is a sad condition but the fact, nevertheless.

This proverb of mine has been again called to mind by having handed to me a clipping from some newspaper, but not enough of the paper that I could distinguish its name; therefore I cannot give credit for anything I may copy from it. However, I do not intend to copy any of it verbatim but may state some of the facts that were arrived at by the argument of its author, whoever he may have been, for there was no signature to the article and no credit line given by the paper.

This clipping has attracted my attention, more than any other way, by its similarity to some facts that Lynn Landrum had in his column, "Thinking Out Loud," which he wrote for the Dallas Morning News for many years before he resigned to again enter the Army, when war was declared with Japan. I do not remember the exact figures given by Mr. Landrum, but he was treating on exactly the same subject, as that treated on in the above mentioned clipping.

Mr. Landrum was a lifelong, died-in-the-wool democrat, but he saw very little that was deserving of praise from his pen in the theories and actions of the New Deal Party. But when the New Dealers did something that he thought was deserving of credit, he was neither slow

Pfc. Ray Davison, who has been transferred from North Carolina to Kentucky, likes Kentucky better, as stated in the following letter.—U. J.

Bowman Field, Ky.,
Sept. 2, 1943.

Mr. J. W. White:
Dear Sir:

While I have a few spare moments on my hands, I thought I would drop you a line as to my whereabouts. I am now stationed at Bowman Field, Ky. I like it fine here. The weather is more like it is around home. Well, Victor Talbot and I have got separated again. He was on furlough when I shipped out of Maxton, N. C. I was sure glad to get out of that place. It is raining here tonight. I am driving a guard truck tonight, and while I was out on the run, it must have rained an inch of water. They sure do need it, as the grass and crops are burning up. It sure has been dry here. There is a lot of pretty country around here and pretty homes. I have taken some pictures of these places, but I don't believe the camera can begin to show how pretty the places are. Well, this is all the

Pfc. John R. Silvertooth seems to have one of my own characteristics, that of a fondness for collecting and retaining of "catchy" rhymes and bits of verse. Here are a few of them.—U. J.

Columbia, S. C.,
Sept. 1, 1943.

Dear Uncle John:

Will drop you a line tonight. How is the good old home town? Hope you have a rain by now. Boy! It is hot here. Everytime I leave the Plains it makes me realize just how far ahead the Panhandle is of these other Southern states. I missed connections at Amarillo coming back and had to lay over there 24 hours, but made it here OK. Uncle John, here are a few rhymes, which I copied off the bulletin board here. Perhaps you can use them. These first could hit almost anyone with a loose tongue:

- "Butt'n your lip—drip."
 - "Keep Mum—Bum."
 - "Close your mouth—Lout."
 - "Shut your trap—Sap."
- Pick out which ever title you prefer and read on:
- The boneless tongue — small and weak,
 - Can crush and kill, declare the Greek.
 - The tongue destroys a greater horde—
 - The Turk asserts—than does the sword.
 - A Persian proverb wisely saith—
 - "A lengthy tongue—an early death."
 - Or, sometimes takes this form instead—
 - "Don't let your tongue out off your head."
 - The tongue can speak a w... whose speed,
 - Say the Chinese—"Outstrips a steed."
 - While the Arab sages this impart—
 - "The tongue's great storehouse is the heart."
 - From Hebrew with the maxim sprung—
 - "The feet may slip, ne'er let the tongue."
 - The sacrea writer crowns the whole—
 - "Who keeps his tongue, doth keep his soul."

Uncle John, you can use these if you care to. There are several copies of the Star waiting for me when I returned here. Thanks a million.
Your friend,
John Silvertooth.

Pecos, Texas—Sgt. Jay Ivie, kley General Hospital, Ward son of Mr. and Mrs. Gorge Jousha, Friona, Texas, has been down here for quite a time and I really do not know when I will be shipped out of here, but I hope it will be soon for I am getting tired of staying in the hospital. I have put in 68 days here and they have not cured me yet; but I sure would like to know what they are going to do with me. They won't give me a discharge or nothing. Lots of the boys here are getting a discharge from the army, but they said I would go back on duty some day. Boy! Those days must be a long time off. I guess I had better close for this time. And thanks a lot for the Star. I sure do enjoy it. Well, Adios!

Yours truly,

FARMING TALK

with CARLON A HARPER
County Agent

Many of you farmers saw the fine dairy bulls which we had exhibited at the Parmer County Dairy Show on August 28. You could see the good dairy type these bulls were showing but unfortunately most of these bulls were young and you did not have an opportunity to see the type of heifers these bulls will produce and the milking ability these future heifers will probably have. However, you did have an opportunity to see some of the milk and butterfat production records back of many of these bulls by studying the star certificates on the bulls which were displayed. All of these bulls have very excellent butterfat records back of them. Their daughters should almost universally be high producing cows.

With as many of these highly rated bulls as we now have in the county and with them scattered over the county as widely as they are, there is little excuse for any farmer who is interested in breeding better cows to fail to get his better cows bred to one of these bulls. Most of these bulls when bred to just an average good cow will produce a cow which is capable of producing a very fine butterfat record. So that leaves the matter entirely up to you. Improvement is within your reach if you will only take advantage of it. It may be a little trouble and you will have to pay the owner of the bull a small breeding fee but these matters are nothing when compared to the thing you will get out of the deal.

Let's say that you have a pretty good cow. If you breed her to a scrub bull you will get a heifer which is even lower in production than was the cow. If you breed her to one of these better bulls you can depend on getting a heifer which will produce, on the average, at least 100 pounds of butterfat per year more than her dam produced. What is that worth to you? If butterfat sells for an average of 30c in coming years that will mean that this heifer will be worth \$30.00 per year more than she would have been if she had been sired by a scrub bull. You can depend on milking that heifer for at least 5 or 6 years. Five times \$30.00 is \$150.00 in my way of figuring. Can you afford to not use these better bulls?

Taxpayers May Get Collector's Aid In Preparing Declaration

If you are required to file a declaration of your estimated income and victory tax for the year 1943 on or before Sept. 15, you may want to take advantage of a visit of Deputy Collector Warner of the Department of Internal Revenue, who will consult with taxpayers at the First National Bank all day on Friday, Sept. 3 to help them in preparing their declarations.

Generally speaking taxpayers required to file the Sept. 15 declarations are single persons earning more than \$2,700 and married persons earning more than \$3,500 from wages or salaries subject to withholding, or those who have incomes of more than \$100 from sources outside of wages and salaries or persons whose 1943 wages subject to withholding are reasonably ex-

pected to be less than their 1942 wages as recorded on the 1942 income tax return.

Heavy penalties are imposed on persons required to file declarations who fail to do so or who fail to pay the required amount of estimated tax on or before Sept. 15. Penalties are also provided for substantial understatements of tax due.

Persons who desire the help of the deputy collector must have available the following information:

A copy of his 1942 Income Tax Return.

Cancelled checks or other evidence of income tax paid on March 15, 1943 and June 15, 1943.

Estimate of victory tax deducted from wages Jan. 1, 1943 to June 30, 1943.

Estimate of withholding tax deductible from wages July 1, 1943 to Dec. 31, 1943.

Definite estimate of net income (gross income less allowable deductions) from all sources for the calendar year 1943.
