WORK BEGINS ON \$150,000 HOME FOR PIGGLY - WIGGLY

Ginnings Total Above 30,000

Foundation work was started Monday on the site for the new home of Piggly Wiggly supermarket at the corner of Mississippi and Wall streets, where an outlay of \$150,000 is scheduled to be made, according to Bob Finley, manager of the Floydada store.

and Humphries general mercantile store at Brashears, Texas. In the light of what is happening throughout the world in the field of self service selling, Piggly Wiggly is proud that it was their system, launched in 1916, that has revolutionized the grocery business and is rapidly making similar progress in other fields of retailing.

Harmony Road Contract Let

Kerr & Middleton were low bidders last week on the road contract of 11.8 miles extending westward through Harmony community to a connection with Farm to Market Highway No. 1314 in the eastern part of Hale county from U. S. Highway No. 62, at a point south of Floydada three miles. Bids were opened on Wednesday.

The site covers 150 feet north and south on Wall street by 225 feet facing on Mississippi street, the announcement last week said. Negotiations were recently completed with Massie estate, Conner Oden and Mrs. S. E. Thurmon, for the property on which the 65 by 140 foot supermarket will be constructed by Tidmore Construction company of Lubbock.

Features built include brick and tile semi-fireproof construction, metal dock, plastered ceiling, tile floor, slim line fluorescent lighting.

The new supermarket will be located with a paved parking area designed to accommodate 150 cars, and will feature the latest in self service departments.

Self service departments will include 50 feet of refrigerated fruit and vegetable display; 32 feet of frozen food display, 24 feet of self service meats and 26 feet of fish and poultry display, all of the latest Piggly Wiggly design.

New and larger drug, hardware magazine and dietetic departments will also be included in the supermarket, the owners said.

This completely new store will replace the present Piggly Wiggly store located at 104 East California street.

Davis and Humphries, own and operate 18 Piggly Wiggly supermarkets in Lubbock and on the south plains. W. E. Humphries and J. M. Davis formed a partnership 28 years ago to establish the Davis

Chorus has first 'Messiah' rehearsal. Fifty members of the Floydada community chorus have had their first rehearsals on music from Handel's 'Messiah' which is scheduled for a December presentation.

The chorus is under the direction of Miss Ruby Lee Bevell, Floydada high school music department. Mrs. Bob Copeland is organist.

There is an open invitation to everyone who likes to sing to come to the next rehearsal and be a part of the chorus," said Miss Bevell.

Rehearsals are now being held each Wednesday night at 8:30 at the First Methodist church.

When the Messiah is presented in December the chorus will be directed by Robert Page from the music department of Eastern New Mexico university in Portales. Solos will be sung by Miss Bevell and music majors from the Eastern New Mexico university.

City Braces Against Vandalism

Hallowe'en is a good time for the little folks to have their fun and the big ones, too, but not the rowdy ones who believe having fun is tearing up the town. At least this is the judgment of Mayor J. A. Patterson, who issued a warning this week that vandalism is not going to be tolerated in Floydada on Hallowe'en night.

Last year it was demonstrated, he said, that a town in shambles the morning after was not a necessity. In fact the mayor indicated the business people, who pay large part of the city taxes, were mighty well pleased that the city authorities took measures last year to head off the vandals. He said similar measures would be taken this year. The city can better afford to spend money to prevent a roaring Hallowe'en orgy of tear up and smear than it can to spend several days afterward cleaning up he declared.

The mayor issued a warning tearing up property and smearing up the town will not be tolerated on Hallowe'en night.

Mrs. Harris Rites Sunday; Burial at Newcastle, Texas

Funeral service was held for Mrs. Effie Lou Harris, 84, Sunday morning at the Harmon funeral home chapel, with Rev. Tilden B. Armstrong officiating. Interment was in the New Castle cemetery at Newcastle, Texas.

Mrs. Harris succumbed after an extended illness, at the home of her daughter, Mrs. W. F. Hinkle, at 12:35 p.m., October 24. She had been with her daughter for about two months, but her home was at Odessa, Texas.

Mrs. Effie Lou Harris was born Effie Lou Harrison, March 30, 1868 in Tennessee. She was married to William C. Harris on September 3, 1888, in Lone Oak county, Arkansas. Mrs. Harris was of the Methodist faith. Mrs. Harris preceded her husband in 1940 and his remains are interred in the New Castle cemetery.

Mrs. Harris is survived by three daughters, Mrs. W. F. Hinkle of

Floydada, Mrs. J. A. Hart of Dallas and Mrs. J. W. Smith of Odessa, one son, W. F. Harris of Fort Worth 12 grandchildren and 19 great grandchildren.

Pallbearers were Harris Smith, Jack Hart, Billy Hinkle, Dave Hinkle, Ronald Riddpath and Harley Wright.

Harmony Dinner Date Now Dec. 4

The Harmony community Mexican dinner date has been changed from November 6 to Thursday, December 4, because the 1952 Study club had also announced their play party for the night of November 6, said Mrs. Walter Hanna this week.

GARY ODEN SICK

Gary Oden, who entered Southern Methodist university as a freshman in September, has been sick and in Dallas medical and surgical clinic hospital for several days.

His illness had not been diagnosed definitely the first of the week, when Mrs. Conner Oden, his mother, flew to Dallas to be with her son.

Community Concert Campaign for Members Under Way This Week; Eighty Attend Kick Off Meeting

High hope is held that Floydada will enter its fourth concert season with the best support ever, said W. E. Garrett, president of the Community Concert association following Monday night's kick off dinner at the Hotel Coffee shop starting the membership campaign.

Nearly 80 workers were present and gave their support to the new affiliation with Community Concerts, a change which was announced earlier in the year. The group heard Robert J. Eddy, representative of Community Concerts, give the history of his organization and tell of results obtained in other communities of comparable size with Floydada. The local association formerly was affiliated with the Municipal Concert organization.

The membership campaign now under way is expected to result in the biggest membership in the history of the organization. In addition to presenting the plan of Community Concerts Mr. Eddy showed a film, "The Immortal Bizet," Rev. Tilden B. Armstrong, pastor of the First Methodist church, made a short address.

Mrs. Carl Minor, Jr. outlined the campaign plans to the assembled group. Floydada high school singing group of girls, the Blue Notes, sang. Association with Community Concerts has an added value this year. Mr. Garrett points out, in the fact that it affords a better selection of

talent and will permit Floydada members to attend concerts in other community cities in the area, which include Plainview and Littlefield. Thus, if the Floydada group books three concerts members will actually have advantage of attending eight or more concerts during the season.

How the Plan Works. Community Concert association conducts an annual one-week membership campaign during which every citizen is invited to join for the mutual benefit of all.

Each member pays dues which entitles him to attend all of the concerts given by the association each season without additional expense. This creates an audience in advance and establishes a fund in the bank, which may then be allocated to the concert of the association's choice.

At the end of the campaign the membership is closed and no one can join for another year. Only members of the association can attend the concert and no tickets to single performances are sold. This enables the association to book concerts within the limits of the fund established during the campaign week and makes it unnecessary for anyone to assume any financial risk.

There is no profit and no loss. Every dollar paid into the association is spent for artists, ensembles and the local expenses of presenting them in concert.

All the signs yesterday pointed to the strong probability that Floyd county will poll the heaviest vote in its history on Tuesday of next week. This prediction covers not only general elections of past years but also primary elections including the July and August primaries of 1952 of the Democratic party.

One arrow pointing strongly to the biggest vote in history is absentee voting at the county clerk's office. Wednesday morning 106 absentee ballots were in the hands of Margaret Collier, county clerk. This figure is somewhat lower than the July and August figures, but the absentee ballots are not coming from vacationers who expect to be away from home election day. They are coming from absentees whose legal residences are in this county, a source from which a few absentee ballots came in the primaries.

Only contrary indication to a big vote is in the roaring cotton harvest which will reach its peak by Monday, if good weather prevails, and is keeping hundreds of farm families busy.

While the pot boils higher and higher over the national election the county election committee this week is completing plans for the general election on Tuesday, November 4, and foresee the biggest vote in the history of the county in a general presidential year election.

This week-end supplies will be distributed to the various election precinct officials, 21 voting boxes, and a special canvassing committee has been named to report on the "absentee" box.

The county committee is composed of Sheriff Leland A. Hart, County Clerk Margaret Collier and County Judge Frank L. Moore. The Commissioners court named as the absentee canvassing board C. C. Huckabee, of Floydada, Mal Jarboe of Route 3, Floydada, and Dee Copeland of Lockney.

With four exceptions the voters will go to the polls at the same places where they voted in the July and August primaries of the Democratic party. The four exceptions are Southwest Floydada where the balloting place will be the district court room instead of the high school;

Aiken, where the votes will be cast at the community house instead of in a private residence; West Lockney where the First Methodist church has been designated as the voting place instead of the high school;

And at Aiken, where the box has been abolished after nearly 40 years. The voters of that precinct will cast their ballots at the First Methodist church polling place of West Lockney No. 18. Absentee voting will continue (See Heavy Vote, back page)

City Is Named Escrow Agent on Paving Job

As the work of paving Floydada streets, at least 38 blocks in number, and the job of laying curbs and gutters got under way this week, came the announcement Wednesday that the City of Floydada has taken over the responsibility of serving as escrow agent between the contracting West Texas Construction company and the property owners. Floydada Chamber of Commerce undertook the role of escrow agent when the school job was contracted this spring, and is still giving strong support to the paving project.

The city's responsibility, in addition to the service as go-between for contractor and property owners, is to furnish the engineering and to pay for street and alley intersections. The contract taken over by the city includes all the commitments for paving which have been made. Meeting of the city council and a representative of the construction company confirmed the agreement which had been reached earlier by the contractor and the Chamber of Commerce. Under this agreement paving costs the property owner \$1.25 per square yard, and curb and gutter \$1.50 per lineal foot.

Yesterday it was indicated the city will order pavement for curb and gutter as each block is finished and given approval by the engineer and the council. As to the paving no money will be paid out until the respective street projects are completed. The city authorities pointed out that escrow funds will be paid out only on order of the city.

Projects on 13 Streets. Yesterday the engineers were un-

Crouch To Show 1953 Chrysler at 3-Day Open House

K. Crouch Motor Company, presenting the 1953 model Chrysler line, will hold open house today and this week-end in their show room at 112 West Missouri street.

The personnel of the organization will be serving coffee and doughnuts.

Yesterday Mr. Crouch said the Chrysler for 1953 will feature entirely new and beautiful body styling, with long, low lines which emphasize the length and width of the cars.

"These cars, we are confident, will set the new highway fashion for 1953," Mr. Crouch said, emphasizing their desire for as many people of the area to attend the open house as the busy season will permit.

Geo. W. Dunavant 'Rotating' to U. S.

WITH THE 25TH INFANTRY DIV. IN KOREA — Sergeant First Class George W. Dunavant, son of Mr. and Mrs. E. W. Dunavant, Route 3, Floydada, Texas, is returning to the U. S. under the Army's rotation program after completing 13 months in Korea.

He was a member of the 25th Infantry Division, now the senior American division on the peninsula which landed shortly after the beginning of hostilities in 1950.

SFC Dunavant entered the Army in November 1950 and has been serving as a personnel sergeant in Headquarters Battery of the division's 8th Field Artillery Battalion.

He is a 1940 graduate of Texas Technological College in Lubbock and was formerly employed by the Taylor Co. as an accountant in Lubbock.

Good Dollar Day. Monday, November 3, is going to be a "good" Dollar day.

It appears the advertisements of the Dollar Day minded merchants in Floydada point to a good first Monday, when November 3 rolls around. Maybe it is the heat of the election campaign, maybe not. Anyway, the merchandise in the advertisements appears to be reasonable and timely and the values worth checking. Read them and see what you think.

First Monday is always Dollar day in Floydada.

COMBAT PAY

D. G. Ayres, county service officer announces that he has combat pay applications for Korean veterans at his office now. All Korean Veterans with combat service may come by the office over the First National bank.

Views and Comment

While we have been wrinkling the brow—worry, worry—over what to do on election day as regards the presidential and vice-presidential election we have suffered no such mental strain or qualms in arriving at a conclusion on the two amendments which Texans will pass upon at the general election Tuesday of next week. The first of these relates to workmen's compensation for city, town and village employees. The second would have the state of Texas provide grants, loans or scholarships to students who would agree to practice medicine in rural areas. Both are in the general category of "good things" but both lead off into the morass of additional boards and commissions to begin interpreting the laws of Texas like we now have interpreting the federal laws, issuing orders, pushing people around in a beneficent sort of way. As for insurance for city employees the constitution already provides adequately for this. Such insurance is available. The proposed amendment is worded so that it could be made mandatory and the state would enforce it. To argue in favor of the "rural doctor" grants the word "medical" is not defined in the proposed amendment in the first place, there is no way of having medical students, after nine years in college, take up practice in any given area, and in the third place all the medical schools of the state are overcrowded and have long waiting lists. This means the people would have to put up more tax money to build more medical schools. If a law were passed reducing by two the number of years a medical student has to go to a university before he can begin his internship, we'd like to support it, but we are not in favor of creating more things for the taxpayer to do now to make up for some of our follies we have committed in prior years. Instead of "winding tighter" we need to put more of our efforts into "unwinding."

The Hesperian will be one of several agencies in Floyd county attempting to report election news next Tuesday night, so that the people may have the information as quickly and as accurately as it can be provided. We will be reporting on the Floyd county outcome on the presidential and state elections to the Texas Election Bureau. Whatever else we do we'll try to get the news for the people. During the first several hours of the national reports, however, the returns will be so incomplete that we will not attempt general coverage on the national and state races. Generally it is midnight and often long afterwards, before the national outcome is clear.

Speculation is rife over the outcome of the national election and midway of the last week of the campaign question also arises over the outcome of the vote in Texas and Floyd county. We can't help but believe that

the state is going for Stevenson and Sparkman and that the county will join in the parade. We may be wrong but we think we sense the fact that a big segment of voters who do what talking they do among themselves and on the street corners are going for the Democratic ticket beginning with the national candidates. And while Texas' courageous governor and equally courageous attorney general will gain many votes by being cross-filed on two tickets, they will be "scratched" by a good many Democrats who won't see their courage as such nor their devotion to Texas' rights as anything but desertion of the party.

COMMUNITY CONCERT PLAN (A contributed article)

The Community Concert plan was instituted at a time when great concerts were given up as a hopeless cause. The reason: the system for selling tickets at a box-office. The public demanded the most famous stars on the concert stage or they failed to show up at the box-office. The fees of these stars made necessary a large auditorium and a large population to draw from. Only in major cities could such a situation be met and concerts for smaller communities became impossible.

The Community Concert Association conducts a one-week membership campaign during which those interested in music of all kinds may join for the mutual benefit of all. This creates a closed association and a fund in the bank with which to buy artists. There is no profit and no loss. The local committee selects the artists for the season and democratically represents the whole membership. Thus both the desired stars and the desired music is obtained. Whether the program is a bargain or costly, the cost to each member is the same. Concerts have become an established institution under this plan in over a thousand communities of all sizes on this Continent.

Start the cattle grub control program as soon as the grubs appear in the animal backs. Controlling the grubs now means fewer heel flies next spring. This parasite is a livestock profit robber.

Rats are moving into their winter quarters. Feed supplies are too expensive and short to be wasted for feeding these rodents. Clean up, poison and rat-proof to keep them away from your farm.

Before buying a mattress, check labels and tags carefully and get information on the material and construction. Buy the best that can be afforded.

It is estimated that a rat will eat and destroy or cause to be wasted up to \$25 worth of food in a single year.

News of Dougherty

(By Mrs. W. J. Ross)

DOUGHERTY, October 27. —As the Rev. Harris accompanied his wife to Dallas for treatment at the Baylor Hospital, he was unable to fill his regular appointment at our church. There were 58 present for Sunday school.

Mr. and Mrs. Wise and Mr. Bradford of the Center community attended our Sunday school. We enjoyed them and cordially invite them to come again.

We are happy to report that Mrs. Emert is now able to sit up. She is now at the home of her son, Lon, in Dougherty. A number of friends have visited her.

We regret to report that Mrs. Ada Hinton is on the sick list. Thursday afternoon the Dougherty school soft ball team played the Lakeview team at Lakeview. The scores were 13 to 15 in favor of Dougherty.

Everyone is cordially invited to the Halloween carnival Thursday evening October 30, at the school house. The carnival is sponsored by the community club.

Saturday Mesdames W. S. Poole, Ned Bradley, C. A. Caffee, Brooks Bradley of Dallas and W. H. Smith of Silverton were guests in Amarillo at a reception honoring Mrs. Bradley Boyd, a recent bride.

Bill Norman was a business visitor to Plainview Monday. The members of the Intermediate and Young Peoples Sunday school classes enjoyed a hayride and supper last Wednesday evening. They report a wonderful time.

Jack and Kent Covington were Saturday evening guests of their cousin Brookie Neil Alexander of near Plainview.

Mr. and Mrs. Billy Gene Warren, of Floydada were Sunday dinner guests in the home of his parents, Mr. and Mrs. Elmer Warren.

Mr. and Mrs. Virgil Scott and family were Sunday guests at a family dinner at Roaring Springs honoring a nephew of Mrs. Scott, who was leaving to enter the Armed forces.

Mr. and Mrs. Bruce Johnston have moved from our community to Floydada. We regret to lose these friends from our community and invite them to return often.

An irrigation well has been completed on the W. D. Griffin farm in the southern part of our community. Wells are now under construction on the farm of Ned Martin, O. G. Glassmoyer, G. W. Smith, W. B. Jones and W. J. Ross.

HALF MINUTE INTERVIEWS

Harry Brunk: "The Greatest Show on Earth" is just that.

O. M. Watson, Jr.: "Floydada Chamber of Commerce is happy to endorse Community Concerts as a part of the program of a well-balanced community life."

What Do The So-Called Tidelands Mean

(What do the so-called Tidelands mean to Texas and Louisiana is a question which prominent scientists from all over Texas have attempted to answer in the evaluation given below, and vouched for by them as factual, according to George R. Gibson and Oliver C. Harper, of Midland, who have joined in the report made by 18 scientists, operating principally in the field of geology. — Ed Note.)

A confusion has been established in the minds of people not only by the erroneous use of the term "Tidelands" but also by an attempt to establish these offshore submerged lands to be of no economic importance to the state of Texas.

The offshore submerged lands of Texas and Louisiana are but a continuation of the Gulf Coast Embayment, part of which is located on land, part of which is covered by water. This structural province covers the entire Gulf of Mexico, including the shore areas immediately surrounding it.

This Geological province is a very large basin into which rivers, during millions of years, have deposited sediments many thousands of feet thick. Folding, faulting, and uplifting through earth structural changes and piercement by salt masses have resulted in the formation of reservoirs favorable for the accumulation of gas, oil, and sulphur.

The oil field located along the Gulf Coast of Old Mexico, Texas, and Louisiana are on the landward parts of this basin. The early discovery of these fields was due to the fact that these areas were above

sea level where it was cheaper and easier to drill and not because the structures, traps, and salt domes do not occur where the land is below sea level. Sea level has nothing to do with the occurrence of these traps and structures.

With the increase in the demand for oil, gas, and sulphur and improved methods for exploration and drilling, development of the submerged lands became economically feasible and resulted in the discovery of numerous structures and fields off shore. These operations were successfully conducted on the submerged lands of Louisiana and Texas until the title to these offshore submerged lands was questioned by the federal government in Washington, after which, all drilling was terminated on the submerged lands of Texas.

These undeveloped lands of Texas occur along the same structural trend and at similar depths to the large number of oil and gas fields and sulphur domes that are presently being produced in southern Louisiana on submerged areas raised above sea level by the great delta of the Mississippi River and its distributaries. (Refer Map Exhibit). If, by geological happenstance, the Mississippi River had been diverted westward into Texas, at an earlier time, the reverse of the existing status would no doubt exist. The Texas structures and traps would have no doubt exist. The Texas structure sand traps would have already been discovered and developed.

The vastness of the oil, gas, con-

densate, and sulphur potentialities in this submerged land area is indicated by the discoveries made on the landward portion of this basin. As of January 1, 1952 there were 1,065 oil and gas fields producing in Railroad Commission Districts 2, 3, and 4, within a 100 mile belt along the Gulf Coast line of Texas alone. From these fields, as of the same date 11.9 trillion cubic feet of gas, 5,046 billion barrels of oil and condensate, and 70.9 million long tons of sulphur had already been produced. As of the same date, there still remains a future estimated reserve, already discovered, to be produced, of 50 trillion cubic feet of gas, 5,965 billion of oil and condensate and 50 million long tons of sulphur.

The total gas, oil, condensate, and sulphur discovered in the coastal belt of Texas as of January 1, 1952 was, therefore, 61,940 trillion cubic feet of gas, 11,011 billion barrels of

oil and condensate and 120.9 million long tons of sulphur. These total ultimate future recovery estimates are very conservative in that they do not include the fields discovered since the first of the year nor those yet to be discovered in the same land area. 70 new fields have already been discovered this year.

The Texas submerged land areas, immediately adjacent to the Gulf coastal belt of Railroad Commission Districts, 2, 3, and 4, extending for over 400 miles along the coast line having the same geological and structural features have a potentiality for the production of oil, gas, condensate, and sulphur greatly

in excess of these totals because of its greater area, better reservoir conditions, and the full use of modern methods of recovery.

However, if the potentialities be assumed to be limited to the equivalent of the ultimate recoveries set forth above, then the gross ultimate income from the gas at 15¢ per 1,000 cubic feet would amount to \$9,291,000,000. The oil condensate at an average of 02.65¢ per barrel \$29,179,150,000, and the sulphur at a value of \$25.00 per long ton \$3,022,500,000 or a total of \$41,492,650,000. A more realistic forecast of the possible gross ultimate income would probably be twice the above figure, or say \$80 billion.

A royalty of 1/3 accruing to the public school fund would amount to, say \$5,000,000,000 on the minimum estimate or \$10,000,000,000 on that of the more realistic figure, not including the amounts that would accrue as a bonus for leasing the lands or the rentals received therefrom. It also would not include any ad valorem taxes or a 5% gross production and pipe line tax, the latter alone would amount to \$2,000,000,000 or \$4,000,000,000, respectively.

If the ownership to these potential oil, gas, and sulphur reserves are seized and nationalized by the government in Washington, it not only means the loss of this future income to the state school fund that will have to be replaced by taxes, but will also remove these taxable values as a source of future ad valorem income required to offset the declining oil and gas values of the existing field located on the adjacent onshore submerged land areas.

This brief review of what the submerged lands of Texas or the so-called "Tidelands Case" means to Texas and Texasans has been evaluated as a public service to the

people of Texas by Texas geologists and registered engineers functioning solely as Texas citizens.

Onion Juice

To obtain onion juice, cut an onion in half, crosswise. With a knife scrape the cut side of the onion and the juice will flow.

Review News

(By Mrs. Clyde Bagwell)

FAIRVIEW, October 27. — Our lovely weather for the past several days has changed some. The wind is strong from the north with sand in the air. Cotton is going to the gin as fast as it can be gathered by hand or by the mechanical pickers. Some are dusting in wheat, others are still waiting for rain.

On Wednesday night, November 3, our pastor, Rev. Bob Hickling has planned a very interesting program for the mid-week service. Rev. Mike McKay, who is a missionary to the Indians will speak here. Rev. McKay also plays the trombone and there will be other musicians, so a program of music and song as well as a message from Rev. McKay is planned. The time for the service will be 7:30 p.m.

Mr. and Mrs. Lee W. Burton and children were dinner guests Sunday of her parents, Mr. and Mrs. J. T. Myrick of South Plains. In the afternoon the Burtons visited at the hospital with L. P. Osborne.

Mr. and Mrs. Roy Meek and daughter visited with Mr. and Mrs. Gene Hopper and family.

Mr. and Mrs. T. L. Perry and Jan were Sunday dinner guests of Mr. and Mrs. Shirley W. Irwin. In the afternoon Mr. and Mrs. L. B. Cosby, Jr., visited in the Irwin home.

Mrs. L. A. Horton of Plainview spent from Wednesday until Sunday here in the community visiting her daughter, Mrs. Jim Stewart and friends.

Thursday Mrs. Horton spent the day with Mrs. Walton Wilson and Thursday night she stayed with Mrs. W. B. Wilson. She also visited one day with Mrs. Benton Ritchey. Mr. and Mrs. Jim Stewart and Jim Dan accompanied Mrs. Horton home Sunday and spent the day in Plainview.

Mrs. L. B. Cosby visited in Floydada Tuesday in the home of her mother, Mrs. G. M. Bullard. Mrs. L. E. Crabtree of Lubbock was also visiting in the home of her mother, Mrs. Bullard.

Mrs. Grady Reeves of Plainview, visited Wednesday afternoon with her sister, Mrs. T. L. Perry.

Lee Bargett spent from Friday until Sunday in Canyon with his sister, Mrs. C. E. Steen.

Mrs. Delphia Cook and Glenda and Mrs. Lee Bargett were Sunday dinner guests of Mr. and Mrs. Carl Nelson.

Mrs. S. H. Tackett and Mrs. Galen Holland visited Saturday afternoon with Mrs. C. W. Payne.

Protectograph Ink, Hesperian.

Jerry Holcombe of Amarillo Air Force Base spent the week-end in the E. W. Walls home. Other Sunday visitors in the Walls' home were Bill Womack of Floydada and Judy Wilson, who were dinner guests and in the afternoon Mr. and Mrs. Doyle Walls and Brenda day visitors in the Walls' home and Mrs. Wall were Bill Womack of Floydada and Judy Wilson called.

Mr. and Mrs. Lee Burton over the week-end at the home of their daughter, Mrs. Bridges and family and they Rushing.

ONE UNDER COVER MAN

All winter long, you can sleep under one cover — if that cover is an electric blanket. Just set the automatic control at your personal comfort setting and you'll rest without fear of any outside temperature changes.

Now is the time to get set for an "under one cover" winter. Buy electric blankets for your beds before the cold weather sets in.

LOOK at what you get for making that easy move up to MERCURY! 1) Years-ahead styling that protects future trade-in value—not an outmoded "face-lift." 2) Economy you can count on—Mercury with optional overdrive has twice beaten all comers in ton-mile per gallon average in the Mobilgas Economy Run. 3) Long life and stamina that keeps upkeep low. (92% of all Mercurys ever built for use in the U.S. are still on the road.)

Here's one car that actually repays you for stepping up. Drop around today for a no-obligation drive.

CUSTOM IMPERIAL IS CHRYSLER LUXURY CAR

The 1953 Chrysler Custom Imperial 6-passenger sedan features rich interiors to match the beautiful lines. The Custom Imperial has a wheelbase of 133 1/2 inches and is powered by the high-180-horsepower V-8 FirePower engine. It is also available in a 4-door town limousine model.

Events Now Christmas Events

Business men are planning a shopping center for a wide area this fall. The retail trades committee of the Floydada Chamber of Commerce is coordinating the business people so they can be in the groove. Their plans are that will equal or ever attempted in. Also the stores are for the Christmas the most attractive have ever had for the slogan, "you can't buy cousin and company slickers." The plans is the parade, the date for is set for December in the afternoon. The parade will not feature throwing out candy. Taking a page out of experience, O. M. Watsony throwing is because it is most highly unsatisfactory. Instead of throwing souvenirs this year people who want to join give them away inside of their own. To reduce the possibility to boys and girls, people an opportunity souvenirs of the parade.

Featherstons Meet in Family Reunion

Forty-eight relatives of C. H. and W. B. Featherston from 15 communities representing 23 different families were guests recently at the Featherston F-Bar Ranch near Commanche, Oklahoma.

This reunion was attended by all of the living brothers and sisters of C. H. Featherston and a number of relatives. The big ranch house was completely covered with beds and pallets when sleeping time came about 1:30 a.m. Meals were served cafeteria style three times per day.

Relatives came from the following Texas towns: Wichita Falls, Abilene, Amarillo, Petersburg, Lubbock, Meadow, McLean, Novice, Walnut Springs, Fort Worth, Aspermont, Benjamin, Iraan, Swenson, and Elk City in Oklahoma.

The Featherston family reunion used to be an annual event. Now it is held every two or three years. No formal poll was taken on the Presidential election, but a rough resume indicated about 75 per cent for Stevenson. The answer usually came, "I am a Democrat." Eisenhower supporters were all from the younger set.

Free India Extends Rights Regardless of Caste, Race

One of the first tasks of the government of free India was to extend full democratic rights and privileges to every citizen, irrespective of caste, religion, or race.

Harijans or "children of God" (a name given to the so-called "untouchables" by Mahatma Gandhi) had long suffered social discrimination and economic degradation. The Nehru government on assuming power, nearly five years ago, declared the practice of untouchability a criminal offense. Later, India's constitution, inaugurated January 26, 1950, confirmed the Harijans' equality before law.

Now, the government is making special efforts to raise the economic and educational level of the Harijans. All government jobs are made available to them, and a certain percentage is reserved for them (12 1/2 percent in the federal services and 16 2/3 percent in other services.)

Harijans or "untouchables" are being provided with economic opportunities. They are given facilities to organize cooperative societies; land is allotted to them for cultivation, and they are encouraged to learn gainful arts and crafts.

Scholarships and stipends are given to Harijan students who are unable to afford the cost of higher education. The central government's expenditure on Harijan education in 1950-51 was more than 2 1/2 times that spent before independence.

Tenderness in Steak

A good indication of tenderness is the presence of tiny streaks of fat throughout the lean part of the steak, a condition known as "marbling." This fat lubricates the meat, making it rich and juicy. The lean should also be firm, velvety and fine-grained. Any bones should be red and porous, a sign that the steak is not from an older animal, whose bones would be whitened in appearance. Fat on the edges of the steak should be white — not yellowish!

May Marriages

Rome considered May bad for marriage, but the prejudice against that month has been overcome in Christian countries. In fact, May is considered the ideal marriage period in some European nations.

Diet and Polio

Scientists are trying hard to discover if there is a connection between diet and polio. While they cannot yet tell you what to eat to avoid it, they are beginning to hope that diet may possibly provide a future weapon against the disease.

News of Home Demonstration Clubs

Demonstration Club Meets at Sand Hill

The home of Mrs. John Hollums was the meeting place for the Sand Hill Home Demonstration club, October 22.

Mrs. Lynn Miller reported that first aid supplies had been purchased and presented to the primary room from our club. A Thanksgiving dinner was planned for the evening of November 20 to be held at the school house. A number of members volunteered to exhibit baskets, jelly and hand work at South Plains for achievement day.

Mrs. Bill Robertson conducted the recreational period. The game prize was won by Mrs. W. M. Knight. The attendance prize was drawn by Mrs. Lynn Miller.

After club meeting was adjourned a pink and blue shower honoring Mrs. J. T. Spears was held. Visitors for the afternoon were Mesdames J. R. Turner, Tom Thomas, Robert Hinkson, Bill Norris, W. E. Daniel, N. T. Williams, Leon Ferguson, Milton Terry, Joe Martin, Pat Adams, Henry Ballman, L. B. Stewart, Jr., and Mrs. Dubis Vogel.

Club members attending were Mesdames Wayne Billington, Bill Robertson, Eddie King, Odie Elliott, Rafe Ferguson, J. T. Spears and J. H. Brock.

Punch and cookies were served by the hostesses, Mesdames John Hollums, Lynn Miller, T. C. Hollums, James Jeffers, C. B. Carmack, Jim Holmes, A. V. Womack, H. P. Jackson, Bud Pope, Fred Jackson and W. M. Knight.

EIGHTH GRADE 4-H CLUB

The eighth grade 4-H club of Andrews ward school met October 21, from 11:10 a.m. until 12:00 o'clock. We elected officers for the coming year. They were Elmer Williams, president, Aubrey Terrell, vice-president, Bobby Weiborn, secretary and David Mount reporter.

We visited Texas Tech Saturday, which was field day. There were seven club boys attending. They were Bill Smith, Norman Davis, Norman Brints, Dale Warren, Jimmy Hrabal, Jay Johnson, David Mount and Mr. Gibson, the county agent.

We saw cattle, hogs, chickens and sheep. The club will meet once every month.

Mrs. E. L. Angus returned home Monday from a 10-day visit to Bonham, and other East Texas points.

WCSB MEETING

The Methodist WCSB women had an all day meeting Tuesday. The program was a part of the week of prayer.

At the meeting Mrs. James C. L. ville was leader. Topics of the morning session were given by Mrs. L. W. Less, Mrs. Olen Lyles, Mrs. J. M. Willson, and Mrs. George Stiles.

A sack lunch was served in the basement at noon.

Talks on the much needed work was given by Mesdames Tilden Armstrong, Sparks, Mrs. McKinney, E. B. Chesnut, Wilson Kimble and Miss Lilly Solomon in the afternoon.

CARMACK HOUSE PARTY ENTERTAINS SEVERAL GUESTS

Mr. and Mrs. C. B. Carmack and sons had as their guests over the week-end Messrs. and Mesdames Albert Glenn of Childress, Howard Albert and children, Dickie Lynn and Linda Kay from Wellington, Noble Glenn and Carroll from Big Spring, Don Glenn and Donna Louise, and Fred Turner of Amarillo.

They all attended the Abernathy and Floydada football game Friday night.

Mrs. E. C. Fullingim and Mrs. Cassie Morelock of Tucumcari, New Mexico visited from Monday until Wednesday with Mrs. Fullingim's brother, J. T. McLain and Mrs. McLain. Mrs. Fullingim's daughter, Mrs. Susie Riggs of Plainview brought them down here. Mr. and Mrs. H. E. (Coke) Fullingim of near Petersburg visited the McLains Tuesday.

Mr. and Mrs. Mark Martin visited in Valley View, Texas, and Gainesville over the week-end. In Valley View they visited Mrs. Martin's sister and husband, Mr. and Mrs. J. G. Steadman, and her brother and wife, Mr. and Mrs. R. P. Sinker. In Gainesville they visited Mr. Martin's mother, Mrs. J. L. Martin and his brothers and sisters there.

Mrs. Walter Collins reports that she has heard from Van Collins, Tom Bob Jarboe, George Mize and George Reid May, inducted last week. They are all stationed at Fort Sill, but will be moving from there Friday or Saturday for points unknown.

Hubert Stringer, of Wichita Falls, was among the business visitors in Floydada this week.

The Rebekah lodge of Floydada enjoyed games and refreshments at their meeting Tuesday night.

J. N. Redd, of Electra, is in Floydada this week on business and plans to make this his home once more.

Indonesians Battle Hunger On World's Richest Island

Six American 80-foot PT boats capable of 45 knots will soon be patrolling waters surrounding the more than 3,000 islands that compose the young Republic of Indonesia.

Manned by Indonesian soldiers and equipped with radar and other modern navigation devices, the craft will aid the Far Eastern nation's drive to control smuggling and illegal immigration—evils contributing to Indonesia's current critical shortage of food.

"We are facing an appalling future, a case of life or death for Indonesia," President Soekarno told his people recently. He was reviewing the statistics of population versus food production. A million tons of rice are lacking each year even for subsistence diets, he said.

Yet this fledgling nation is one of the wealthiest on earth in natural resources. Barely touched are treasures in rubber and oil, sugar and spices, minerals and fibers. For such "wealth of the Indies," world powers fought for centuries.

The virtually countless islands of Indonesia stretch along the equator from the southernmost mainland of Asia to the northern tip of Australia. On them live 80,000,000 people, nearly as many as in Japan.

Groom Has It Easier

Gentleman attendants in today's weddings are somewhat better off than those of ages past. In the days when wives were captured by host le tribes or families, the groomsmen had the job of warding off indignant relatives. Today the best man has little more to do than to see that the groom gets to the altar with a ring. Newlyweds of today, if funds are available, leave after the ceremony on a honeymoon—a trip on which they can be alone if they wish. In the time when men grabbed their women by force it was sometimes necessary for the happy couple to hide out—until the bride's family stopped looking for her.

Avoid Norway Maple

Avoid the Norway maple, with its over-dense shade and under which it is practically impossible to grow grass. Shun also the poplars and willows which send thirsty roots into drainage systems. And forget soft and silver maples. They are too brittle to withstand heavy storms. The sycamore, overplanted as a street tree, mages up the lawns with scaly bark and seed pods.

Mrs. Allen H. Leach, Jr., and son, Michael, of Borger are spending the week with her parents, Mr. and J. E. Newton of Dougherty.

Mrs. Arthur Savage, of Amarillo, spent Monday here, the guest of her mother, Mrs. C. Snodgrass.

Sherbet

Serve a scoop (small) of fruit sherbet with your fruit salads if you like them to serve as salad and dessert. This adds color as well as interest to the salad plate.

Women Officers New Year

The County Council Women's Demonstration Saturday elected officers of 1953, naming Mas Lucille Moore, chairman, Mrs. Howard Dougherty as vice-chairman, Mrs. M. J. McNeill, secretary-treasurer. Resolutions were amended by the chairman for the school, which will be presented to the board of education. Mrs. M. J. McNeill, secretary-treasurer, will be in charge of the luncheon at the P. W. Hall on November 14, 7:30 p. m. to 9:30 p. m. A sack lunch at the club members and 4-H members are also invited.

Women's Day Plans
The county women are also under the leadership of the day program at South Plains. Each club member is responsible for plates, for herself and her room meal which is served at luncheon. The menu includes jelly, work, and rugs. You are to be exhibited at 11:00 a. m. with each club member responsible for her own place exhibits. In three homes will be community. The men and women are welcome.

Defense chairman, Mrs. M. J. McNeill, presented the plan to make scrap books. The blank books are filled with different pictures clipped from magazines in the books for

Vic Vet says
SINCE KOREA VETERANS WILL NEED THEIR ORIGINAL DISCHARGE OR SEPARATION PAPERS TO APPLY FOR A LOAN FROM PRIVATE LENDERS UNDER THE NEW KOREA GI BILL.

the enjoyment of the soldiers.

Fourteen Clubs Represented
Fourteen clubs were represented in the following roll call: Mrs. Tom Noland and Mrs. M. J. McNeill, Center; Mrs. Howard Drysdale, Dougherty; Mrs. Galen Holland, Mrs. Chloma Williams, Mrs. John Hoffman, Harmony; Mrs. R. L. Nichols, Lakeview; Mrs. Thomas Marr, and Mrs. Frank Messimer, Lockney;

Mrs. C. L. King, Lone Star; Mrs. Roy Wilkes, Pleasant Valley; Mrs. Wilfred Stoerner and Mrs. T. E. Cowart, Providence; Mrs. H. P. Jackson, Sand Hill; Mrs. H. L. Marble, South Plains; Mrs. Tom Porter and Mrs. John Shipley, Starkey; Mrs. R. H. Tinsley and Mrs. Mullins, Sterley, and Mrs. D. W. Burke and Mrs. G. N. Shirey, Sunnyside.

Richer Flavor

A tablespoon of condensed milk added to cream before whipping will increase the quantity and give a richer flavor.

Get out the Vote Theme of Contest at Andrews Ward

Out of 98 members of the eighth grade of Andrews ward school some very clever ideas of political poster making were originated by members of the three classes, said Mrs. H. G. Barber this week.

The poster making was an exercise in civics in the form of a contest.

Carleta Reeves won first prize of \$1 in the poster contest, Weld-n Bailey won second place and 75 cents, Frances Bow third and 50 cents, Sonia Beth Wilson fourth and 25 cents.

AN APPRECIATION

The solicitude and interest of our friends during my recent illness and stay in the hospital are deeply appreciated. Good friends are good to have.

Tom Jernigan

Mr. and Mrs. R. P. Kirchner and Mrs. A. P. McKinnon, who had been spending the summer in Denver, Colorado, returned to Texas last week. The Kirchner's permanent residence is Dallas. Mrs. McKinnon makes her home at 300 West Missouri street, Floydada.

Mrs. Jessie McSpadden, of Amarillo, has been confined to her home the past several days following a heart attack. Her brothers, Glad and G. L. Snodgrass, spent a brief time with her the first of the week. She has rallied and was doing nicely as late as Tuesday, family reports said.

TRIGGER-QUICK THINKING

The Army wants its soldiers to think clearly and shoot straight in combat. To attain such mental marksmanship, the Army's Troop Information and Education Division recently introduced a new aid to commanders for use in the "command-conference," as its information hour now is called. This aid, a booklet entitled "Troop T. P. C. s.," furnishes the kind of background material for the conferences which will be valuable in battle indoctrination training. Discussion of such subjects as "The Fighting Heart" and "The Soldier in Combat" should be as important in the development of potential combat and service troops as their basic rifle instruction. Just as the fundamentals of a soldier's rifle lesson are demonstrated on the range and proved in combat, the lessons taught in Command Conferences can be illustrated in subsequent battle training and given their final test in the performance of combat missions. Troops Topics, designed to arouse soldier interest in subjects of importance to Army life and military preparedness, answer the questions most often asked by soldiers.

Long Life For Kids
Conquest of disease has reduced the mortality of ages one to 14 by three fourths since 1930. This is based on the experience among children insured in the Metropolitan Life Insurance Company. The death rate among boys of the insured group dropped from 275.8 per 100,000 in 1930 to 74.7 in 1950, and among girls from 228.4 per 100,000 to 53.9. At the preschool ages the improvement over the two decades was about four-fifths, and the 1950 preschool

death rate from all causes combined was lower than the rate from pneumonia alone in 1930. The mortality from the principal communicable diseases of childhood—measles, scarlet fever, whooping cough, and diphtheria—fell more than 95 percent, and the downward trend of the death rate from diarrhea and enteritis was almost as rapid. Reductions of not less than 75 percent at any of the age periods were recorded for pneumonia, tuberculosis, and rheumatic fever.

Close Shaves

Nobody loves to be cheated, but it does seem as though everyone is anxious to see how near he could come to it.

The Floyd County Hesperian, Floydada, Texas, Thursday, October 29, 1953

Highest Living Standard

Ireland enjoys the highest living standard in Europe. The average person consumes 3,460 calories daily.

Economy

If necessary to economize on eggs in making custard, do so by using one-half tablespoon cornstarch for each egg omitted.

Atomic Explosions

Some of the atomic bombs exploded near Las Vegas, Nev., were of such small size that they could be delivered by artillery or guided missiles.

Safety First

The safest state from traffic accidents is Colorado; the safest suburb is Shaker Heights, Cleveland, Ohio; the safest big city Los Angeles.

How Was That Cotton Price Again?

Five-cent cotton is one of the boogies of the political campaign. We're getting tired of it, and so are a lot of other people, judging by our mail.

A RETIRED COTTON FARMER from Wise County has handed us a copy of an editorial from a Texas cotton-country newspaper.

"Run this," he said. "I'm getting tired of a lot of city people and politicians who never grow a bale of cotton talking about 5-cent cotton and 2-bit wheat as a political issue."

The editorial was written by T. Glenn Doss, who runs the White-wright (Grayson County) Sun. It follows:

Speaker Sam Rayburn is quoted by daily newspapers as saying the "present economic status of Texas is a result of the Democratic administration."

Sun editor has been voting the Democratic ticket for a good many years, but Sun editor is a stickler for the truth, whether it be in politics or something else. So, let's have the facts.

In the 1930 November election, the Republicans, in power for 10 years, lost control of Congress, although retaining Herbert Hoover as President. The Democrats organized the House in March, 1931, and elected John Nance Garner of Texas as speaker, in which capacity he served until he became Vice-President in 1933.

So you see, it wasn't a Republican administration in 1931 and 1932, even with a Republican serving as President.

Mr. Rayburn has had much to say over the last 20 years about 5-cent cotton under the Hoover administration. Let's see what the record says.

In 1930, the last year this country had a Republican House and Senate and President, cotton sold in Whitewright the first week in September at 19 1/2 cents per pound, and cottonseed at \$27 per ton, according to the record as published in The Sun.

In September, 1931, six months after the Republicans lost control of Congress, cotton was sold at Whitewright at 62 cents a pound and cottonseed at \$10 per ton.

In September, 1932, still under the Democratic-controlled Congress, cotton sold in Whitewright at 7 cents per pound and cottonseed at \$19.50 per ton.

In 1933 the Democrats also took over the Presidency.

On Sept. 7, 1939, six years after Roosevelt became President and gave the nation the New Deal, Whitewright had ginned 2,065 bales of cotton, and buyers were paying 8 1/2 cents per pound for cotton and \$16 per ton for seed. The Sun of that date quoted other farm products prices in Whitewright as follows: Corn, 50 cents per bushel, and oats, 35 cents per bushel.

So eight years after the Republicans lost control of Congress and six years after a Democrat became President, cotton and cottonseed prices in Whitewright were less than they were the last year under a full Republican administration, 1930.

All of which leads up to the fact that in spite of all the New Deal could do after six years, it took World War II to restore prosperity, and it took the Korean War and preparations for World War III to maintain it.

If Mr. Rayburn or anybody else tells you otherwise, he is only trying to fool you. If this war and preparations for war go on indefinitely, this false prosperity will also go on indefinitely.

And that is the real present economic status of Texas and the rest of the nation: A false prosperity paid for with the blood and sacrifices of our fighting men and a mortgage on the earnings of this and future generations.

—Reprinted from Wes Izzard's column in the Amarillo Daily News.

It wasn't much different in Floyd County.

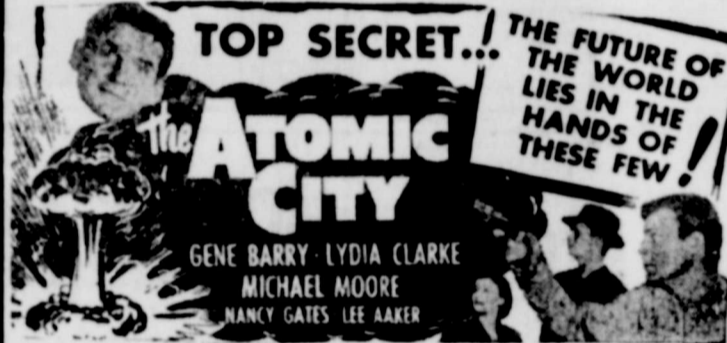

(From market reports in the Floyd County Hesperian.)

4 September 1930:	Cotton per lb.	10.85
10 September, 1931:	Cotton per lb.	6.00
14 September, 1939:	Cotton per lb.	8.2

Wedding Vows For Oragene Willson, Wm. Russell Addis

Miss Oragene Willson exchanged vows with Mr. William Russell Addis in the home of the bride's parents at eleven o'clock, Saturday morning, October 18. Reverend Tilden B. Armstrong officiated.

The bride, daughter of Mr. and Mrs. J. M. Willson, sr., is a graduate of Ward Belmont college, Nashville, Tennessee, and attended Southern Methodist university.

The bridegroom, son of Mr. and Mrs. Russell T. Addis of Sharon, Pennsylvania, is a graduate of Teal college, Pennsylvania.

Mrs. John Hollums played the piano prior to the service and used a home organ for the processional.

Given in marriage by her father, the bride wore a corded silk dress of silver with variegated hues of green. Her dress featured a high neck, deep-set pleats in push-up sleeves and a bouffant skirt. The collar and sleeves were trimmed in green velvet. On her head the bride wore brown veiling tied with velvet streamer. Upon a white bible, the bride carried brown orchids with yellow streamers of satin ribbon.

Mrs. Robert Arnold, sister of the bride, was matron of honor. Mrs. Arnold wore a suit of brown satin brocade and carried a bouquet of yellow roses.

Miss Linda Anne Willson, niece of the bride, was the flower girl. Her dress was brown velvet with beige trim. The wreath was corsage of yellow roses.

MR. AND MRS. W. M. SNELL

Mr. and Mrs. Will Snell Married Fifty Years Ago, Celebrate Day

Mr. and Mrs. Will Snell observed their golden wedding anniversary Sunday afternoon at their home on West Virginia street, with their children, numerous relatives and many friends present for the eventful day.

David and Mae Willson served as ushers.

Immediately following the ceremony, luncheon was served to all wedding guests in the dining room. The table was beautifully laid with a cream Madeira cloth. Ribbon loaf sandwiches, a congealed olive salad, relish trays and beverages were served.

A beautiful all white two-tiered wedding cake was cut by the bride and groom, prior to the luncheon. Assisting in the serving were Miss Mary Jo Addis and Mrs. Robert Arnold.

Mr. and Mrs. Addis will reside in Dallas where he is employed with Southwestern Bell Telephone company.

For her going away costume, Mrs. Addis chose a Nettie Rosenstein suit of brown tweed. Her costume was complemented by an orange hat, brown accessories and the brown orchid taken from her wedding bouquet.

Out of town guests attending the wedding were Mr. and Mrs. T. M. Nichols, Tulla, Miss Mary Jo Addis of Evanston, Ill., Miss Maxine Horn of Houston, Mr. Ben Davison, Houston, Mr. Ocea Frishof, Houston, Dr. and Mrs. Robert Arnold and Dick, Pine Ridge, South Dakota, David Willson, Denton, Texas, and Mrs. C. K. Arnold, of Amarillo.

The couple were married in 1902 at Turnersville, Texas, where they made their home until 1920. Mrs. Snell was Annie Jones. They moved to Floyd county in 1920 and lived in Blanco community until 1943 when they moved to Floydada.

The serving table was covered with an ivory lace cloth over yellow. The three tiered cake, and yellow candles on either side was the center piece. The punch bowl was surrounded with yellow leaves.

Mrs. Lena Helms was at the register, Mrs. Glen Armstrong was in the gift room. Mrs. Wilber Snell served the cake and Mrs. B. W. Snell poured punch.

Relatives present were Mr. Snell's five sisters, Mrs. J. E. Gatlin of Paris, Texas, Mrs. Lena Helms of Clifton, Mrs. Lottie Grimland and Mrs. Lulu Brown of Waco, and Mrs. Minnie Lee Snider of New York City; and a sister-in-law, Mrs. Willie Snell of San Antonio, two cousins of Mr. Snell, Mrs. Lester Humes of Turnersville, and Mrs. C. E. Jones of Gatesville. Mrs. Jones was a bridesmaid of Mrs. Snell at her wedding.

Mrs. Snell's sisters, Mrs. Virtie Hollingsworth of Altus, Oklahoma, and Mrs. Lillie Trent of Fort Worth also a cousin, Mrs. J. V. Hollingsworth and husband of Amarillo and a great niece, Patricia Ann Brewer of Slaton.

Present also were the three children, B. W. Snell and family of Lubbock, W. J. Snell and wife of Fort Worth, and Mrs. Roy Hale and family of Floydada.

Out of town friends included Mr.

Almost every woman, at one time or another, dreams of a little shop of her own. Whatever she does best, from making chess pies to crocheting baby booties, is a secret challenge to set up in business.

We've seen a few women carry out this ambition. We've seen several succeed. But we sometimes wonder if the woman who tries and fails isn't the lucky one after all.

We had one friend who tired of teaching school, and wanted to start a book and stationery shop. At first it was exciting. She had no boss; her hours were her own. As a business woman she was a natural. In

and Mrs. J. J. Spikes of Rails, Messames C. Gollihar and Cecil Simpson and Mr. and Mrs. H. T. Snider of Crosbyton, Mrs. Joe H. Smith of Silverton, Messames J. D. Christian and B. A. Robertson and Mrs. R. F. Kirchner of Denver, Colorado. Mr. and Mrs. Ben Bracker of Amarillo, Mrs. C. L. Record and daughter, Donna Lynn, and Mr. and Mrs. W. A. Gilbreath of Lockney. There were about 163 persons registered.

PROTECTION AGAINST FIRE
Automobile and Casualty Losses.
G. C. Tubbs

PHONE 418

fact, she was so good that the business grew clear beyond her expectations and she had to work day and night. Soon she was faced with having a nervous breakdown or selling out.

We've known several good cooks who started catering in their own homes. Until they became established, that was fun, too. Eight or ten cakes and pies a week, or three or four parties, brought in good pin money and still left time for other activities. But soon they were snowed under with orders, and what had been fun in moderation became drudgery on a large scale. Those who don't make a go of it,

on the other hand, get to keep their dreams a much longer time—giving the flower shop or the drapery room a chance to catch on. Then by the time they're willing to call it a misdeal, they've usually got the idea out of their systems anyway.

For part-time business women, we would advocate some such business slogan as this: "We want your business, but don't over do it." Or, "On busy days, 3 hours; on slow days, open all day."

"Either, Or"
"Or" is used with "either," "nor" is used with "neither." Either red or blue, neither red nor blue.

Malina Co. Veterans returning to the United States are likely to be carriers of typhoid with attacks occurring in spring and summer.

Club Sponsored Play Party for Library Fund

(By Mrs. S. J. Latta)

Come to the high school cafeteria November 6 at 7:30 p.m. There is going to be a good time for all high school people come.

The 1929 Study Club is sponsoring a game night. There will be arranged for you to play the game of your choice from 42. Bridge, Samba, Canasta and many others.

Bring the family for the club. It has been said "The family that plays together, stays together." The same thing can be said of the community. The best way to learn your neighbors is to play with them.

Mmes. Paul Dennison, Earnest Kendrick and George Caven will have charge of the games and a prize will be given for winners in each game.

Cake and coffee and cold drinks will be sold during the evening. Mmes. L. L. Jones, E. L. Norman, A. H. Kreis, and Ross Henry will have charge of selling the refreshments.

The tickets are on sale by the Girl Scouts at 50c each. Not that just you can have a good time for the evening but will be helping one of the best causes in the county.

All the proceeds will go to help get the free county library started. It will take the help of all to get this worthy project going, but once established will be a source of help to children, schools, professional and civic workers alike to say nothing of the pleasure of having stable, good reading material.

If you do not have a chance to buy a ticket from the Girl Scouts come on and you can get your ticket at the door.

You don't even have to have a new dress—come—have a good time—help the library.

Lakeview News

(By Mrs. Warner Johnson)

LAKEVIEW, October 28. — Don't forget the Halloween carnival at the school house Friday night. Each family bring a pie and enough sandwiches for your own family. Drinks will be fixed at the school house. Supper will be about 6:30 to give plenty of time for the carnival. Everyone please come. Fun for every one. Also bring card tables and dominoes!

Mr. and Mrs. Dick Nichols and Billy of Harrold, South Dakota, arrived Friday night for a week's visit with their parents, Mr. and Mrs. D. M. Moore and Mr. and Mrs. R. L. Nichols.

Mr. and Mrs. Fred Jones, Wayland and Ima Jean, and Mr. and Mrs. Paul Polasek of Claud, spent the week-end with Mr. and Mrs. James Jones and family at Rule. The occasion was James' birthday.

Mr. and Mrs. L. D. Goughly spent the day Friday with Mr. and Mrs. Verlon Wright. The Verlon Wrights and the Charlie Wrights visited the Goughlys Friday night.

Mr. and Mrs. B. P. Neff and family visited his sister and family the Joe Guffees in Plainview Sunday.

Mr. and Mrs. Verlon Wright and children were Sunday night supper guests of Mr. and Mrs. W. C. Wright. The Buel Neffs visited there also.

Mrs. Luna Bolton and Bob Rodgers spent Sunday with Mr. and Mrs. Verlon Wright and children.

Mr. and Mrs. W. C. Wright attended church at Afton Sunday.

Mr. and Mrs. Wayne Russell and Wandell visited Mr. and Mrs. D. McCandless and family at Plainview Sunday afternoon.

Sunday visitors of Mr. and Mrs. R. L. Johnson and Charles were Mr. and Mrs. Cecil Johnson, Mr. and Mrs. Gene Johnson and Shirley, Mr. and Mrs. V. D. Wheelless and sons of Crosbyton, Mr. and Mrs. Warner Johnson and children and Mr. and Mrs. Pat Suitor of Crosbyton.

Patsy Johnson spent Tuesday night with Wandell Russell. Novis Johnson spent the night with Char-

lene Wright.

Mr. and Mrs. Buel Neff and children visited Mr. and Mrs. Charlie Wright and family Tuesday night. They enjoyed playing canasta.

Mr. and Mrs. L. D. Goughly and family visited Mr. and Mrs. Verlon Wright and family Thursday night.

Mr. and Mrs. Warner Johnson and sons visited Mr. and Mrs. Boyd Gregory and Mrs. Wilma Paschall and children at Lorenzo Tuesday night.

I want to correct a misprint from last week. Mr. and Mrs. Merle Moore and baby daughter returned home Monday after a month's stay at Thalia. Mrs. C. T. Morrison and baby went to Lubbock last Monday instead of the Moores.

Mrs. Mary Bell Wyers, Mr. and Mrs. J. R. Wyers and sons of Tulla, and Mr. and Mrs. J. B. Wyers of Clarksville, Arkansas, spent Saturday night with Mr. and Mrs. R. I. Johnson. The Warner Johnsons visited them awhile.

Mr. and Mrs. Cecil Johnson have moved back into the community again after living at Crosbyton several years.

Mrs. Vernon Moore and Mr. and Mrs. Lewis Adkisson, of Benjamin, visited Saturday with Mr. and Mrs. Fred Jones and family.

Peggy Adkisson of Benjamin spent Friday night with the Fred Jones family.

Mr. and Mrs. Floyd Wilkes and children spent Sunday with Mr. and Mrs. P. J. Wilkes.

Mr. and Mrs. Aubrey Raso and children of Gruver visited from Sunday until Tuesday with his aunt and family, Mr. and Mrs. R. L. Johnson and Charles. They were Tuesday dinner guests of Mr. and Mrs. Warner Johnson.

Mr. and Mrs. L. H. Hammonds of Thalia spent Tuesday night with Mr. and Mrs. Weldon Hammonds and daughters.

Mr. and Mrs. Dave Shults, of Thalia, and Mrs. Glenn Goble of Vernon, spent the day Sunday with Mr. and Mrs. Lewis Pyle and family.

Harold Engley of Modesta, California, and Mrs. Mary Engley of Lubbock, visited Thursday with Mr. and Mrs. E. H. Spears.

R. T. Spears and Mrs. C. B. Spears of Lubbock spent Sunday with Mr. and Mrs. E. H. Spears and family. Last Sunday visitors in the Hillery Polvadore home were Mr. and Mrs. Tom Hopper, Sherry and Crutchfield, Mr. and Mrs. Arvin West and family of Dougherty, Mrs. J. C. Wimberly and children, Max Harrison, Bill Owens and Mr. and Mrs. A. H. Turner of Lockney.

Fay Hart, David, Tom Hopper and sons and Dale Owens visited in the Hillery Polvadore home Monday night of last week.

Lakeview 4-H Club Girls (By Nell Polvadore)

On October 15, the 4-H club met in the lunch room with Mrs. Verlon Wright and Miss Lella Petty. Miss Petty passed out recipes for candy. The following officers were elected: president Wandell Russell, vice-president Anella Thurston, secretary Mary Newberry, reporter Nell Polvadore and game leader, Linda Lea Goughly.

We have several new members this year. They are Carolyn Hol-

Center News

(By Mrs. J. E. Green)

CENTER, October 28. — People are still busy. Some are dry planting wheat; some wheat is already up. We would like to see a good rain. And yet we are thankful for this fine cotton harvesting weather.

We had 36 present at church Sunday. There were still a number of absentees. We had several visitors whom we ask to come again. Among these were Jolene Robertson of Waco, Linda Robertson of Amarillo, Nancy and Lane Allen and Karen Graham of Lubbock, also Katherine Zimmerman of Floydada, a guest of Donna Welborn.

Don Clark Green of El Paso was with home folks Sunday.

Mr. and Mrs. O. C. Vinson are visiting and fishing this week.

Mr. and Mrs. D. I. Bolding visited the J. E. Greens Thursday evening.

Dorothy Ann Melton, who is being treated in the Plainview polo center, is improving.

Sunday dinner guests in the R. G. Ross home were Bro. and Mrs. Hodges and Jerry. The Hodges report a wonderful time at the State Baptist convention at Fort Worth last week. They also visited with their mothers at McGregor, returning home Friday.

Sunday dinner guests in the J. E. Green home were Mr. and Mrs. Victor Green, Plainview, Mr. and Mrs. Anthony Latta and W. A. Latta of Mt. Blanco and Don Clark Green.

Mr. and Mrs. James Robertson and children of Amarillo visited over the week-end with his parents, the J. E. Robertsons. Mrs. J. R. Robertson returned home with them for a short visit and shopping tour.

Mrs. Iris McWilliams and son and daughter, Jolene, of Waco, visited the Robertsons Sunday.

The W. M. S. met Monday afternoon at the church. A Sunbeam band for the little folks was organized with Mrs. Hodges as leader. We invite all women of the community to come and be with us and to bring their pre-school children. There were eight women present and three Sunbeams. A large box was packed for Buckner Orphans Home.

We enjoyed the home demonstration club at Mrs. Allens Friday. The next meeting will be with Mrs. Walter Simpson Friday, November 14.

comb, Beverly Wilkes, Novis Johnson, Stella Hernandez, Estefana Soto, and Mary Mendoza.

Center Club Meets

The Center Home Demonstration club met Friday, October 24 with Mrs. Oliver Allen as hostess. Plum jelly got the most votes. Mrs. Nolan, president, conducted the business meeting and Mrs. Jordan read the minutes. Mrs. Willis lead in the recreational period.

Miss Petty gave a demonstration on making jelly. She made apple jelly. A sample of the jelly was served on the lovely refreshment plate of spice cake and punch to the following: Mesdames W. B. Jordan, W. J. Rhodes, Walter Sims, H. B. Mankins, Frank Dunn, J. E. Green, O. C. Vinson, R. C. Ross, T. R. Nolan, J. A. Hartell, Henry Willis, Mrs. Goolby and children, Miss Petty and the hostess, Mrs. Allen.

The next meeting will be with Mrs. Walter Sims on November 14. Mrs. Leo Prizzell and Mrs. Marvin Jackson spent the week-end in Wolf City at a family reunion.

Card Of Appreciation

We sincerely thank each one of you for all the lovely flowers, food and kind words of sympathy during the illness and death of our mother, Mrs. Effie Lou Harris. May God be with each of you.

Mr. and Mrs. W. P. Hinkle and family
Mr. and Mrs. J. W. Smith and family
Mrs. Kate Hart and children
Mr. and Mrs. W. F. Harris and family.

GORDON NEAL HAMBRIGHT GETS SERVICE PROMOTION

Gordon Neal Hambright, son of Mr. and Mrs. W. M. Hambright of the Lakeview community, who has been in the navy for the past 18 months, has been promoted to Television Third Class, Petty Officer.

Gordon worked as a letter carrier at the Floydada post office before entering the navy. He has been in a U. S. Naval post office overseas for the past 10 months and has been advanced to mail clerk.

SECOND SUNDAY SINGING WILL BE ON FIRST SUNDAY

The date of the regular second Sunday at the Nazarene church has been changed this week because of the West Texas convention at Rule on the second Sunday in November. The singing will be held on the first Sunday in November at 2:00 o'clock at the Nazarene church as announced by Earl Rainier.

Dash of Color

When you can get whole berries, use these to add a dash of color to a plain frosted cake. Wash berries and dry carefully, leaving hulls on.

More men than women die of heart prostration.

GET READY FOR WINTER DRIVING

As A Farm Woman Thinks

(By Nellie Witt Spikes.)

Yesterday, Sunday, was a day of pure gold. From the time the gold of the morning sun slipped over the caprock until the gold of its setting was turned to the blue of night, we were happy. The world was blue above and in the canyons the trees were showing the latest fashions of golden array. The cottonwoods whispered as has always been their customary days.

Worst Goller in World Can Make Hole-in-One Here

The lousiest golfer in the world can make a hole in one at the Kilauea course in Hawaii national park.

No matter how frustrating play on the first nine holes may have been, he can tee off confidently for Helemaumau, which is a hole 1000 yards wide.

Helemaumau is a volcanic firepit, no golfer gets his ball back. But thousands of vacationers have walloped away for a good tale to take back home.

Some oldtime Hawaiians aren't so sure it's a wise idea, though, for Helemaumau is sacred to hottempered Pele, the Hawaiian volcano goddess. When aroused, she's a regular hellion.

Throughout the park, which stretches over sections of two islands, are weird lava formations and craters where Pele has rampaged by. Native guides spin hairraising stories of her fiery life and deeds.

Largest portion of the tropic park is on Hawaii island in the land of Mauna Loa and Kilauea, active volcanoes fed by the same lava source.

Tree-Ring Studies

In the 1920's, the National Geographic Society sponsored a series of expeditions in the southwest, searching from clues to the history of pre-Columbian Indians in the ruins of such settlements as Pueblo Bonito in Chaco Canyon, New Mexico. In 1929, Pueblo Bonito was dated exactly by the three-ring studies of Prof. Douglass — its earliest timber was cut in 919 A. D.; it had reached its golden age in 1067, one year after the Norman invasion of England, and was still occupied in 1127. More than 40 other Indian ruins were fitted into the chronology, world archeology's most precise calendar of pre-history. Today, in the University of Arizona's Laboratory of Tree-Ring Research, a tree calendar written by desert conifers goes back to the year 11 A. D. Another has been traced in the giant sequoias of California to earlier than 1,000 B. C.

Mrs. Mary Jones of Portales, and Mrs. Lorraine Golman of Muleshoe; one brother, A. Lee Noble of Floydada; and 12 grandchildren.

Pallbearers were Russel Noble, George Noble and Murphy Chapman, all of Ralls, Bob Noble of Lubbock, Jack Cartwright of Dimmitt and John Noble of Tulla.

The body was brought overland from Portales after service there Wednesday morning. Burial was in Cone cemetery, directed by Marr-Carter funeral home.

Good and Well

When you "feel good," it means you feel happy, agreeable or even virtuous. When you "feel well," it means you are in good health.

tom. I wondered as usual what they were saying. The mesquites held golden fingers to the sun. We took our places we once used at the Methodist church in Floydada. We met our friends, and the words they spoke were like "apples of gold in pictures of silver."

We had lunch with good friends, Mrs. J. W. Crump and Alma D., then we went to the golden wedding party at the home of Mr. and Mrs. Will Snell. As we shook hands with them and with their daughter and two sons, we thought how the Rule of gold had been paramount in this fine family.

What a pretty party it was! And how happy everyone looked!

—So—
With fifty years between you and your well-kept wedding vow,
The Golden Age, old friends of mine, is not a fable now.

But we went to another church, also last week and we saw other old friends of ours in grief. Walter Noble has passed on and we also find the comfort of "Gold" in this poem

No night so wild but brings the constant sun
With love and power untold;
No time so dark, but through its woof there run
Some blessed threads of gold.

Last Saturday afternoon as we looked and marveled at the huge crowds which swept down the streets of Ralls, like a river of moving color we thought of other falls in other years of our being in Ralls on a Saturday afternoon. We recalled empty store buildings that looked so tragic and forlorn. We remembered some hundred people or so, standing and holding some tickets to get the twenty five or so dollar prize money. We from the country never bought electric light bulbs

for we never had any electric lights. We either stopped on the way to town or home to work on our car, fix a flat or to lend some tire patching to another in need. We had a little money in our purses which was got the hard way. From milking cows in an open wire lot on cold mornings, from chickens raised in the cellar in an old cranky incubator, from eggs and maybe a bushel of turnips or black eyed peas.

No, I am not complaining; I was just a thinking as I watched the buying crowds, standing thick in the stores handing out twenty and one hundred bills like children with no care for the handful of nickles and pennies. We saw the once empty store buildings piled to the top with groceries and dresses and all kind of drygoods. We saw the farmers in cars whose tires would not go flat for being worn as thin as a

jacket elbow, buying electric supplies along with the other wonderful modern comforts. We saw boys hauling big supplies of groceries to trucks, laughing children with toys which once were only for Christmas.

Where in the world but in our own beloved America could one find such crowds of orderly people, not afraid of even their whispers being overheard and reported to the ones in power. Laughing and talking and being free and independent. I heard a man say the other day that freedom had to pay a price for it. Let us give thanks to our Heavenly Father for our free country and may we each one hold it dear.

O beautiful for patriot dream
That sees beyond the years
Thine alabaster cities gleam
Undimmed by human tears!

The Floyd County Hesperian, Floydada, Texas, Thursday, October 30, 1933

America! America!
God shed His grace on thee,
And crown thy good with brotherhood

From sea to shining sea.

Hello, Mr. C. W. Morckel of Springfield, Missouri. Now it is nice to know that you are one of the readers of this column and I am saying "thank you" for your nice words of appreciation.

My father, John Marion Witt, lived in Dade county, in fifteen miles of Springfield. I heard him say that he left there when about grown but had only been to Springfield twice in his life. He never even saw the Mammoth Cave. He said fifteen miles was a long, long distance in those days. But I grew up

on the plains and fifteen miles was not a long distance then to go in a wagon, buggy or horseback.

Eisenhower Has 3-to-One Lead In Plains Poll

While only seven pre-election "poll voters" turned in "tickets" on the national election at The Hesperian office this week newspapers in other cities were racking up "voters" in numbers ranging into figures above a hundred.

Floydada's seven pollsters turned in six of their seven "votes" for Eisenhower to one for Stevenson, bringing the total here to 43 for Eisenhower, 16 for Stevenson, lacking five votes of being three to one for the Republican candidate.

The final 26-town poll tally, wired to The Hesperian from the Amarillo Daily News yesterday at noon put the ratio over the whole territory at about the same, total Eisenhower 1,896, Stevenson 551. This indicates that Stevenson has picked up strength in parts of the area in the past two weeks. Early reports gave Eisenhower about four to one.

Another Straw Vote Taken
Newspaper men, who have no reason to doubt the authenticity of their straw vote, view the possibility that the Eisenhower supporters may be more ardent in their support of their candidate. What seems to add weight to this view is

an "election" held in Floydada high school last week in which 83 boys out of 193 enrolled and 120 girls out of 162 enrolled took part. Of these Adlai received 129 votes and Ike 115 votes. The previous election was conducted by Mrs. Barbara Cooper as a civics project. Editor Carolyn McDonald of the "Whirl" student newspaper, said it "may prove to be indicative of what the authentic election may turn out to be when pers. really eligible to vote go to the polls."

The figures here given may be used by the readers as a tally against the actual count to be made public following election day, as a study of poll taking. Twenty-six papers took part in the poll and gave three weeks of cumulative figures as follows:

Lockney, 91-18; Olton 14-9; Clovis 25-10; Texhoma 7-0; Borger, 54-25; Childress 42-6; Tucumcari 83-30; Spearman, 12-7; Groom 16-5; Hereford 120-22; Memphis 9-34; Muleshoe 15-10; Boise City 126-14; Canadian 17-11; Dalhart, 168-80; McLean 30-4; Happy 18-3; Amarillo, 237-39; Guymon 157-32; Fritch, 67-19; Shamrock 83-98; Floydada, 43-16; Perryton 209-44; Claude 17-21; Higgins 17-3; Clayton 82-11.

Street Paving

Continued From Page One
der pressure to keep ahead of the curb and gutter crew, and will be hard put to keep projects in readiness for the street work when it gets under way. At this time there are projects under escrow on thirteen streets and five blocks of alleys also are mapped out for the paving crew.

A total of 38 blocks of paving are now considered certain of improving and this list may grow, it was said at the engineer's office.

Only property on which the improvements will be made are those for which the property owners put money up in the escrow fund to cover. Since the undertaking is a voluntary one, only an escrow arrangement can be considered a valid contract. The property owner's protection is in the city as escrow agent and the city engineer.

Streets which have one or more blocks of paving listed as ready to proceed are:

Three blocks on White, three on Tree, one on Fourth, six and one-half on Fifth, four on Main, one on West Grover, one on Virginia, one on Mississippi, four and one-half on Kentucky, four on Tennessee, two on Georgia, one on Crockett, one on Olive. Five blocks of alley in the business district are lined up for hard surfacing.

When these are completed the total number of blocks paved in the city limits will be 155, according to a check made Wednesday.

Heavy Vote

(Continued from first page)
through Friday of this week. County Clerk Margaret Collier had 89 absentee ballots Monday night.

Meanwhile plans to gather the returns of the election in Floyd county quickly after the results are given out by the election officials are being made at The Hesperian

Whirlwinds Get An Open Date

Floydada's victorious Whirlwinds are enjoying a much deserved rest this week following their 20 to 0 win over Abernathy last Friday. The "Winds" have wound up the non-conference portion of their schedule with seven straight wins. From here on it will be for keeps and the first start for the local team will be at home next week when they do battle with the Hereford Whitefaces.

The game in Lockney will bring together two evenly matched and well coached ball clubs. Some of the local fans are picking the Antelopes to win by a small margin, but many are of the opinion that the Whirlwinds were not quite up to par in the game against Abernathy and that the Loghorns of coach Curtis Kelly will give a good account of themselves come game time. Whatever the outcome may be it will be well worth the trip to Lockney.

B Squad Against Olton
To-night (Thursday) at Westerfield there will be football beginning at 7:30. Coach Paul Huntington's charges will be playing host to the "B" squad boys are playing a full schedule of games and have developed a fine little ball club. Today they have won three and lost two.

Last Minute Appeals

In Floyd county the Democratic campaign will be climaxed with an appeal to the voters by C. C. McDonald, of Wichita Falls, who is being brought to the county by the regular Democratic organization. The Wichita Falls attorney has been a political power in northwest Texas as politics for many years. His address will be heard in the high school auditorium tonight at 7:30. He is a strong advocate of support of the national Democratic ticket headed by Stevenson and Sparkman.

For the Republican ticket the Texans for Eisenhower are continuing their campaign of direct mail and newspaper advertising. No political rally had been publicized as late as Monday night.

Big Crowd Seen for PTA Carnival At Andrews Ward

The P.T.A. is sponsoring a hall-wen carnival Friday night October 31 at the Andrews Ward school beginning at 7 o'clock. Supper will be served in the cafeteria consisting of hot dogs, cake, pies candy and coffee and cold drinks.

Amusement planned in various rooms and in the gym include fortune telling, fishing pond, dart throwing a circus, a movie, fun house, country store, cake walk, spoons and other entertainment.

Mrs. Woodrow Wilson is general chairman of the carnival. All committees are working for a large crowd. The public is invited to come enjoy the fun and help the P.T.A. help the school.

OES Delegation At Grand Chapter

The Order of the Eastern Star state Grand Chapter convened in Amarillo Sunday with a tea and vespers service. Monday there was the registration of grand chapters. The convention will close Thursday night with the installation of new officers of the grand chapter from

State Farm Bureau Meets November 11

Helmuth Quebe, county president of the Farm Bureau, will represent the Floyd county organization in the state meeting at San Antonio on November 11. Quebe will vouch for the resolutions presented by the county-wide meeting of the association held in October.

Metropolitan Dwellers

More than one half of the American population lives in the 168 standard metropolitan areas.

this chapter are Mrs. Jess Patterson, T. L. Gilley, C. L. Berry, W. W. Trapp, Jack Clark, Jim Morrison, Harland Cage, Ruth Daniel and Messrs. and Mrs. E. A. Robertson, M. J. McNeill, J. W. Day Jr., and Mr. and Mrs. Gerald Lackey. All of these are going back and forth to the meeting.

Mrs. J. T. Huckabay, Mrs. Sam Green, who is a grand page of the grand chapter, Mrs. Elna Thurmon and Mrs. Bill McNeill, who is the Worthy Matron, are remaining in Amarillo during all of the meeting.

Attend Conference

Robert H. Gibson, county agricultural agent, and Miss Leila Petty, County Home Demonstration Agent, Floyd county Extension Service officials, have been attending a three-day conference of extension service officials of District Two in Lubbock this week.

They are due to be back on the job in the county this mid-week.

Divorces

Eight million Americans received divorce decrees in the last 10 years. Three of every four divorced persons now remarry within 5 years.

DICK RUSSELL BACKS ADLAI

RUSSELL IS THE GEORGIA SENATOR FOR WHOM GOVERNOR SHIVERS AND TEXAS DELEGATION VOTED UNANIMOUSLY ON ALL BALLOTS AT DEMOCRATIC CONVENTION IN CHICAGO

Senator Dick Russell of Georgia, the man the Texas Delegation headed by Gov. Allan Shivers supported on all ballots at the national Democratic convention in Chicago, predicted last week that Adlai Stevenson and John J. Sparkman will be elected by one of the largest majorities given a national ticket in recent years.

Senator Russell, who is chairman of the senate armed services committee and of the senate subcommittee on agriculture, said: "General Eisenhower's evident confusion in his efforts to grapple with vital political issues has clearly demonstrated to the American people the grave danger of placing our government in the hands of a military man. . . . No military career, however great, can be a substitute for familiarity with the operation of a government which traditionally and by law is dependent on civilian control. . . ."

"As one who has admired General Eisenhower as a military leader, I have been bewildered by the endless contradictions of his political pronouncements. It would require a book to catalog them.

"Shortly after stating that he did not understand the term 'Farm Parity,' he assured the American farmer of 100% parity for all the products of his toil. As one who has devoted a large part of his legislative service to overcoming Republican opposition to fair farm legislation I have vainly awaited an endorsement of this last farm statement from General Eisenhower's Republican congressional supporters. I have failed to see where one of them has disclaimed his record of opposition to the soil conservation program and to the laws which enabled these farmers to have some idea when they plant their crops what they will receive from their harvest.

"The American voters are thinking for themselves in 1952. Neither the bedlam of this campaign nor the military glamor of the Republican candidate will confuse them. They will go to the polls in the greatest number in our history on November 4 to maintain in power the party of the people. . . ."

"Governor Stevenson has the potentialities which can make him one of the greatest presidents who has ever served our country. With the support and prayers of the American people and the aid of the Almighty he devoutly worships, he will see this nation safely through the dangers of today's world."

(Pol. Adv.—Paid for by Stevenson-Sparkman Committee, San Antonio, Chairman)

Americans now check a day. Checks take care of the exchange of money.

RIPE for a change

When the cheese gets as bad as this—there's no point in trying to save it—throw it out!

The grafters, crooks and influence-peddlers infesting the present administration are way past the nibbling stage. They have greedily gobbled their way into top departmental levels—the White House itself! And any exterminating so far done was started by Congress—courageous committees and individuals who probed and investigated despite constant obstruction from up top.

Is Washington "ripe" for a change?

You bet it is. Here's the record:

Scandals in the Internal Revenue Bureau—wholesale corruption, 174 employees dismissed this year alone, one-third for taking bribes.

Scandals in the RFC—loans dispensed wholesale to cronies, crooks and mobsters.

Scandals in the Commodity Credit Corporation—\$8 million worth of the taxpayers' grain disappeared.

Scandals in the Alien Property Office under investigation.

Scandals in Illinois and Mississippi

where federal jobs were bought by campaign contributions.

What can you do about this? Vote for IKE!

Ike Eisenhower put the vital clean-up job first on his list of things to do when he moves in the White House. "There is no opportunity ahead of the Republican Party bigger or more important to our country"—he said on June 22, 1952—"than to root out corruption to establish in Washington the kind of morals the average American practices toward his neighbor." Clean up corruption . . .

Vote for EISENHOWER and NIXON

(Political advertisement paid for by Texans for Eisenhower, John W. Kimble, Floyd County chairman)

THE GREATEST SHOW ON EARTH

'Greatest Show on Earth' Coming To Capada Tuesday Thru Monday

Cecil B. DeMille's 'Greatest show on Earth' is coming to the Capada Drive-in in Floydada for seven days next week—beginning Tuesday and continuing through Monday night. Announcing the biggest feature he has yet had the opportunity to present W. D. Mount, manager of the drive-in, said the booking is on a "road show" basis, which means that the holders of the film set the admission prices and the number of days which the picture must be shown. The distributors view the story depicted in technicolor on the screen is one of the greatest ever told.

"The greatest show on earth" is Ringling Bros.—Barnum & Bailey HOW FAST IS LIGHT The speed of light was first measured in 1875 by a Danish astronomer named Roemer, from observations of the moons of Jupiter as they went into eclipse in the planet's shadow. It was found that the eclipses were sometimes earlier and sometimes later than predicted, varying as much as eight minutes from the expected times. Roemer found they were earlier when the Earth and Jupiter were both on the same side of the Sun, and late when the two planets were in opposite directions from the Sun. Thus he concluded, correctly, that their light required about 16 minutes to travel the diameter of the Earth's orbit and that this accounted for the discrepancies between observed and predicted times. In more recent years scientists have developed laboratory methods of measuring the velocity, in which brief pulses of light are sent to a distant mirror, and accurate measurements made of the time they take to return to the starting point.

work, to meet this expansion, has been going on almost constantly during that period. At this time several class rooms are under construction and repairs and betterments are being made in all the school buildings which house the scholastic population during their school hours.

circus, of course, and the story was actually filmed under the big top. In it are featured Betty Hutton, Cornel Wilde, Charlton Heston, Dorothy Lamour, Gloria Grahame, and James Stewart, with a galaxy of supporting players such as Henry Wilcoxon, Lyle Bettger, Lawrence Tierney, Emmett Kelly and members of the circus troupe. Admission for adults will be \$1 and for children 25 cents, said Mr. Mount, pointing out that these prices are required by the distributors. DeMille's own estimate of the film is that it is one of his best of a long series of screen triumphs. Mr. and Mrs. Mount are proud they are in position to present it.

Two Types of Fires There are two frequent types of fire which invariably break out in hidden voids: those started by overheated or defective chimney flues, and those started by defective wiring. Both require opening up the wall or ceiling with an ax or hatchet so that you can get water into the hidden space; and both are apt to be beyond the scope of the average householder.

Rayburn Views Solid Victory For Democrats

House Speaker Sam Rayburn, chairman of the Stevenson-Sparkman committee, predicted this week that Adlai Stevenson and John J. Sparkman, Democratic nominees for president and vice-president, will win a solid victory in Texas in next Tuesday's election. "All indications point to the greatest vote in Texas history," Mr. Rayburn said. "That is good for our side. There are simply more Democrats than non-Democrats in Texas. So, if the true Democrats go to the polls—and they are so aroused they will go—Texas will remain Democratic."

CLEAN CLOTHES FRESH FOR FALL

Greet Fall with a sparkling clean wardrobe. . . send us your clothes now! They'll get expert cleaning in our modern plant.

STEWART'S CLEANERS

103 North Main

Mr. Rayburn has been highly critical of misrepresentations in which he says the so-called Democrats for Eisenhower have engaged in the campaign. He predicted that the majority of the people in Texas will administer a stinging rebuke to them in Tuesday's election.

"Texans remember how things were in 1932 and after 12 years Republican rule," he declared. "Tex-

ans know how things are with them today after 20 years of progressive Democratic leadership. Texans don't want to go back — Texans want to go forward. They will continue to go forward with the Democratic party."

The Articles of Confederation was the first written plan for U. S. Government.

Floydada Gets Invitation To Ft. Worth Show

Floydada has been invited to have a special day at the Southwestern Exposition and Fat Stock Show. The letter received by the Chamber of Commerce was written by W. R. Watt, president-manager of the Fort Worth exposition. The invitation says:

"Out here at the Will Rogers Memorial coliseum we are busy with plans for the 1953 Southwestern Exposition and Fat Stock show. The '52 show, in many ways, a record breaker. This was made possible only through your splendid cooperation."

"We hope to present a still better show January 30 through February 8, and to do this we need your help. Your city is invited to have a special 'day'. Name a cowgirl sweetheart,

bring the band and a whooping enthusiastic caravan of citizens displaying badges and hat-bands to publicize your city and your rodeo, fair or other civic enterprise. You will enjoy the trip and the publicity department will do its best to give advance publicity to your plans."

"The Stock Show is yours—serving the livestock industry of the Southwest since 1896. We are counting on you and are awaiting your reply."

C. M. Watson, Jr., said the invitation is being referred to the Chamber of Commerce Committee for attention and suitable action at the proper time.

Kalgary Students to Crosbyton After School House Burns

CROSBYTON. — Students of the Kalgary school district will attend the Crosbyton Public schools for the remainder of this year, following a fire last Thursday morning which completely destroyed the Self Coun-

ty Line school building in that community. The students started Monday morning in the Crosbyton school. Mr. and Mrs. W. A. Reeves, teachers in the Kalgary school, will also be in the Crosbyton schools, although they will retain their status as teachers in the Kalgary district, school officials announced.

The arrangement was made last week-end following an invitation to the Kalgary school board from the Crosbyton board extending the facilities of the local system.

The fire which destroyed the school building started soon after school took up last Thursday morning. Students, the teachers and others in the community managed to save all the equipment, books and other supplies, but the building was completely destroyed.

Home Fires

Usually there are commonplace things in the home which can be used to fight fire, if people will only remain cool enough to use them. The grease fire in the oven, for instance. If you will grab that box of salt off the pantry shelf and throw a few handfuls into the oven, you will quickly put the outbreak in its place.

The average person has two colds each year.

Homecoming Day At Lockney High

LOCKNEY. — The business houses of Lockney are being asked to enter floats in the parade on Homecoming day, November 7, according to Bob Miller, president of the Homecoming Association. Entries are to be listed with Mrs. Wanda Baker as soon as possible. An afternoon of activity is planned for the Homecoming group with registration starting at 1 a.m. The activity will close with a football game Friday night between Ralls and Lockney.

Cards of invitation have been mailed to a large number of former students of Lockney High school.

"Very"

"Very" is a greatly overworked adverb. It is better to use it less frequently. Often "very" is used to modify a past participle, as "He was very disappointed" or "Mary was very pleased." Better say, "He was much disappointed" or "Mary was very much pleased."

There are more suicides on Wednesday than any other day.

U. S. Coal Industry Mines 23 Billionth Ton of Fuel

America's bituminous coal industry, whose productive capacity far exceeds that of any other nation in the world, reaching another milestone with the mining of the 23 billionth ton since 1800.

Great Britain, now in her seventh century of mining, is runner-up to the United States in the all-time production figures, yet her total coal output is less than the 23 billion tons produced by this nation's bituminous mines alone since 1900. Including anthracite, there has been an output of 23,894 million tons of

coal in America in the past 52 years, and a total of 30,953 million since 1800.

At the present rate of production, another billion tons of bituminous coal will come from U.S. mines by October 1953. A billion tons per year serves of oil and gas become inadequate a generation hence, but there are enough recoverable coal reserves in the 31 coal-bearing states to enable this high output to continue for a period of at least several centuries.

West Virginia is the leading producer of bituminous coal, account-

ing for 166 million tons in Pennsylvania, 111 million in Illinois in that order for more than three billion tons of coal produced in the U.S. since 1800.

an orderly manner, taking advantage of the price-support loan to make this possible. By following this course, they can protect the values of the 1952 crop as they have done in previous years. If the crop is marketed properly, there will be no apparent reason for any material drop in prices — even for the period right after harvest.

Floyd County 14 Years Ago

(Taken from the files of The Hesperian, issue dated November 3, 1938).

The nation will march to the polls Tuesday to make their decision up on various public officials for national, state, county and in some cases, city officials.

J. B. Bishop, Fulton (Blondy) Finley, and J. O. (Buster) Eubank spent Tuesday and Wednesday in Dallas pre-viewing the new 1939 model Fords which they plan to have on display here Friday.

Percy Tate, son of Mr. and Mrs. D. D. Tate, of Aiken, will be the guest of the Santa Fe Railway company at the International Live stock show in Chicago, November 22 to December 2, it was announced this week by D. F. Bredthauer, county agent of Floyd county.

Flaunting an undefeated and untied record in the face of the Floydada Whirlwinds, the Lockney Longhorns will invade Wester Field tomorrow afternoon to extract a long desired vengeance from the county seat team.

Travis Burgett, of Floydada, who has been visiting at Childress for some two weeks, returning home Wednesday for a brief stay before returning, is to be a member of a four-person blind party which will give a program under the auspices of the Childress Lions club at Childress on November 22.

Mrs. Lon Thomas and Mrs. J. A. Arwine returned home Monday from San Antonio where they had been since Thursday visiting with Mrs. Thomas' son, Dr. J. Herman Thomas, who is ill.

Wilkie Parrish was entertained by his mother, Mrs. Joe Parrish, from 6 until 8:00 Monday evening to celebrate his ninth birthday.

Friends and relatives met at the home of Mr. and Mrs. Albert Kein Sunday to celebrate their fifteenth wedding anniversary.

Rev. Vernon Shaw, G. N. Shirey, and W. P. Daily will leave early Monday for Dallas to spend next week attending the state Baptist Convention there.

Kenneth Bain, jr., student at Lubbock, spent the week-end with his parents, Judge and Mrs. Kenneth Bain.

Mr. and Mrs. A. H. Kreis made a trip to Amarillo Wednesday for a visit with their grandson Arthur Edwards Mayhew, little son of Mr. and Mrs. Lee Mayhew.

INK SPOTS

Ink spots, especially those caused by spillage of washable inks, are easily removed. Here's the simple procedure recommended for removal of these spots on washable garments: Rinse out in cold water, apply soap, and then keep flushing with cold water until the spot disappears. It's the permanent type ink stains that will not wash out with soap and water which require specialized handling by laundries or cleaners rather than experimental treatment by housewives. Don't try that time-honored application of sour milk on permanent ink stains. It won't remove the permanent ink stain and a protein stain might develop from the use of the sour milk.

Agriculture

MARKETING

still well below the 1952 production goal and is just about the same as the expected domestic and export demand for cotton during the marketing year.

Since this is the case, the farmer would do well to hold a part of his cotton for this year in anticipation of a good market a few months from now. Every grower knows prices drop when the market is flooded too quickly.

If the present indications for production and disappearance are borne out, we will hold our own in the cotton situation and possibly add a few hundred thousand bales to the comparatively low carryover reserves of the last two years.

Cotton producers themselves can do a great deal to avoid the danger of temporary declines in prices by spreading out their marketing in an orderly way. Gathering has been proceeding rapidly. If the crop is dumped immediately after the harvest, prices might dip temporarily below levels justified by the overall situation.

Farmers are urged to market in

COLLEGE STATION—The stage is set for another winter of narrow nutritive margins for livestock. The continuing drought is responsible, says C. M. Patterson, veterinarian for the Texas Agricultural Extension Service, for conditions that can cause trouble for livestock producers unless corrective measures are taken.

Animals during the past months, have had little chance to build up reserves of vitamin A for carrying them through the winter and according to Patterson, it appears that conditions are becoming favorable for the recurrence of "white-muscle disease." This disease caused heavy livestock losses last winter in the north-east fourth of the state. Patterson warns that unless rations of pastured animals are supplemented, with vitamin A rich feeds, respiratory troubles will increase as changes in the weather become more sudden. If the lack of rainfall prevents the growth of winter grazing crops, green hay or vitamin A enriched concentrates must be supplied. In addition to bronchitis and pneumonia prevention, the veterinarian points out that vitamin A also plays a very important role in animal reproduction. The large number of aborted, still-born or weak and deformed calves dropped last spring, he adds, was a direct result of the lack of green feed last fall and winter.

The condition known as "white-muscle disease" also results from dry weather. A deficiency of vitamins A, E and C, ordinarily furnished in ample amounts by native forages, develops as a result of distributed processes of storage of vitamin E in the cured grass and the inability of the animals to store normal amounts of other vitamins during the periods when grass is ordinarily green and succulent. The lack of these essential nutrients, points out the veterinarian, prevents the normal metabolic processes which are essential to the proper functioning of the muscles. As a result of this interference, muscle tissues, primarily of the rear legs, loins and heart, degenerate causing paralysis and usually death of the affected animal.

Dr. Patterson urges livestock producers to plant crops for winter grazing but if moisture is not sufficient for growth of these crops, then, he says, other sources of supplies must be provided. He recommends the feeding of good quality hay, silage and or vitamin A enriched concentrates.

New Equipment Aid To Motorists

Ralph Rucker, owner and operator of the O. K. Rubber Welders happily announces that the new James Auto Float, tire trueing and balancing machine, recently installed in his shop is doing a wonderful job of solving peoples tire troubles. Mr. Rucker reports that they have trueed and balanced approximately 180 tires since receiving this wonderful machine and all receiving this service were well pleased with the great difference in the way their car drives.

It has been proven that balancing alone does not eliminate your tire trouble. The James Auto-Float not only increased the life of your tire 30%, it eliminates heat, reduces friction, reduces vibration, makes car run smoother, increases life of car, removes shock absorbers strain, removes bushing strain, removes axle strain, and removes wheel shimmy.

Tire experts say the James Auto-Float is the only new approach to tire trouble in over twenty years. Mr. Rucker invites you to come in for a tire inspection with no obligation connected. If you are not thoroughly satisfied it doesn't cost a penny. All work guaranteed.

★★★ FIELD NEWS

(from Floyd County Rural Electric Cooperative, Inc.)

Nancy Morekel and Claude Weathersebe)

Mr. and Mrs. Willard Pollan, DeNene and Earl are moving to Dalt, Texas, where Willard will be employed at the Rita Blanca Electric Cooperative, Inc. We regret losing Willard as one of our employees — he and his family will be greatly missed.

The Sheepherders are back on the air at KFLD on Sunday afternoon at 4:00 o'clock. Edwin Pollan plays with this group.

Wiley Roberts, Line Foreman and Arthur Womack, Jr., lineman, left early Saturday morning to attend the national job training and safety congress and the Texas job training and safety conference held in Houston October 27-31.

With the national congress in Texas this year, officials of the Texas job training and safety program scheduled the Texas meeting to coincide with the national congress so that linemen and other co-op personnel might have an opportunity to attend this national congress. This will be a five-day meeting. A nadded attraction for those attending will be the "Hall of Exhibits" with displays by various suppliers of electrical distribution equipment.

Discussions, speeches and workshops make up the program for this meeting.

There's no way to buy freedom when we want it. Only through assuming our responsibilities as individuals can we develop—or maintain—the freedoms we have. One of those responsibilities is to vote for those individuals and ideas in which we believe. We shall be called upon to assume again that responsibility in a few days.

We all have our own slate of candidates and ideas. Some of our neighbors have the same ones, others differ. But the important thing is not that we agree or disagree, but that we all express our views at the ballot box.

We believe that this is essential for democracy to thrive. We have based the organization of our rural electric system on that belief. The votes of our members set the policies of this locally-owned, locally-controlled rural electric system. To that one principal we attribute our success as a tax-paying local business enterprise. To that same principle we attribute the success of our nation.

Failure of our members to assume their responsibilities would weaken our business, just as surely as failure of all of us in our responsibilities as citizens would weaken our democratic nation.

Let's all remember to go vote. It is our duty, and a privilege—the way in which we can make our deposit for freedom.

Mr. and Mrs. Dick Nichols and son Billy Clyde of Herald, South Dakota, are visiting their parents—Mr. and Mrs. D. M. Moore and Mr. and Mrs. R. L. Nichols and other relatives and friends. Miss Jackie Pfeil, a friend, also of Herald, accompanied them to Texas on this trip.

Mr. and Mrs. O. A. Neff had his sister, Mrs. Ira Capshaw of Hereford, as their guest Sunday.

Opal Rogers is recuperating at her home, 313 West Lee Street, from bruises received in a car wreck Saturday noon.

Curkey was telling John how hard he is trying to sell shoes. John said to him, "Well, you will never smell defeat."

Note: Corkey is working for Van's ready to wear store on Saturday afternoons.

Kathryn Turner went home from Pitts hospital Sunday morning where she had been since last Saturday, following an appendicitis operation at that time. She is improving nicely, and plans to be back to work

been asking. From way back when I was a groom! It's this — I know my wife is outspoken. But tell me— dear people — by whom?

Anna Dell and Joan Quebe entertained with a lovely tea for Mrs. Quebe on her birthday, Saturday afternoon, October 25.

Dona and Jesse Covington returned Monday from Fort Worth, Waco and Hillsboro, where they visited relatives.

Dona Covington met Besie Rainer, office manager of the Greenbelt Electric Cooperative at Wellington, in Paducah Wednesday morning and accompanied her to San Antonio where they attended the Region X bookkeeper's conference October 23-25.

John W. Scott, REA Washington, D. C. discussed accounting problems. Others from over the region contributed interesting parts on the programs.

It was nice indeed to be a guest

some economists in their kitchen. The programs were most interesting. There was a range demonstration, also washer, ironer and freezer demonstrations.

Mrs. Leorena McClure, with Detergents, Inc., Dallas, Texas, is quite anxious to come to the co-op kitchen and give us a washer demonstration. She brings a gift for every homemaker attending. We will be glad to have her as soon as a dryer is installed in the kitchen.

There will be other laundry demonstrations very soon we hope — washer and ironer too. Be sure and watch the paper for the date on these demonstrations.

Plans are being made for a turkey steak demonstration soon.

Elegant Materials

Your jewelry may still be worn as a conversation piece for the costume, but they should stress the colors shown in the clothes. Graceful designs sheer and shimmering, are in keeping with the elegant materials used.

The Texas and Pacific Railway was building westward across the State and, in anticipation of the railroad's arrival, Fort Worth boomed.

In the autumn of 1872, the T. & P. had been built to Eagle Ford, six miles west of Dallas — and then disaster struck. The Wall Street firm of Jay Cooke & Co., backers of the railroad failed. Construction of the line halted and an exodus from Fort Worth began. From a population estimated at 4,000, the town soon numbered less than 1,000.

Citizens felt that the future of their town depended upon obtaining the T. & P. and, despairing of the company's extending the line to Fort Worth, undertook to build it themselves. The Tarrant County Construction Company was organized, the capital stock being subscribed in money, labor, material, forage and supplies.

It was a race to save the railroad company from losing a great land grant from the State. One of the provisions was that the railroad had to reach Fort Worth before the legislature adjourned. There were mem-

call, there was no quorum. So, day after day, he was taken to the House on a cot.

Rapid progress was made on the construction of the railroad but, at last, adjournment of the legislature was set for two days hence. It seemed almost an impossibility that the railroad could reach Fort Worth within the time limit. But in those final days, Morgan Jones, the contractor, did not go to bed, seizing only a few minutes sleep now and then, and the work did not end with darkness but continued under the light of torches till midnight. Then volunteer workers rested till dawn and started toiling again. Their wives brought coffee, food and cheering words.

The rail-laying caught up with the grading at Sycamore Creek; so, instead of a trestle, cribs of ties were used to support the track over the creek and then the rails were laid on the ground for two miles. One account says that the city council extended the city limits a quarter of a mile east so the distance could be shortened. At all events, the first train entered Fort Worth July 19, 1876. The race had been won!

shiny yellow to match tint of the same as the wallpaper panel design. A blend with the ground color of the ceiling added circus gaiety by a half a dozen small lights in red-orange yellow. These simulated balloons have long cords attached to the ceiling. A shelf is painted white, curtains are turquoise, table, painted red-orange, companion, a small red chair with red top.

ure Homemakers of
the future with
and high hope. For
ear consciousness of
precious values.
The experiment was conducted be-
between a "sender" in Capetown,
South Africa, and a group of 371
subjects, mostly university students,
who acted as "receivers" in Gra-
hamstown, 500 miles away.

Special care was taken to choose
objects not ordinarily thought of,
Marsh pointed out. From a list of 15-
000 suggestions made by the receivers
objects were selected that had been
mentioned only once in the list.
These included a radar aerial, a
crutch, billiard table and see-saw.

Each morning the sender would
draw pictures of two objects on the
list. The receivers, 500 miles away,
would sketch pictures of whatever
objects came to their minds and
would write the title beneath each
drawing. At the end of the experi-
ment, these drawings were com-
pared with those from the sender,
and statistical scores were compiled.
March said his findings indicate:

(1) The telepathy was "definite-
ly at work in the experiment."
(2) That sociable extroverted peo-
ple tend to score higher than sen-

itive introverts.
(3) That a subject's knowledge of
the sender formed a link which con-
tributed greatly toward successful
telepathy. This "linking factor"
was one of the experiment's most
significant findings.

**NEW COMET DISCOVERED
BY GEOGRAPHIC SURVEY**

The National Geographic Society
announces the discovery of a new
comet in the constellation Virgo.

The new heavenly wanderer was
first seen on a photographic plate
exposed on Palomar mountain, Cali-
fornia, on the night of January 30,
1952. Its light was captured by the
great 48-inch Schmidt telescope, op-
erated by California Institute of
Technology astronomer Robert Har-
rington.

The comet is of the 15th magni-
tude. Its tail is about five minutes
of arc long. On the night of discov-
ery the comet's position was right
ascension, 12 hours, 33.4 minutes;
declination, plus 11 degrees, 36.4
minutes. Its daily motion is 30 sec-
onds east and 13.8 minutes north.

The new comet is the fifth dis-
covered in the last two years by the
National Geographic Society-Palo-
mar Observatory Sky Survey — a
four-year project to explore the en-
tire sky visible from Palomar out
to a distance of 350 million light-
years.

Here's the other end of the story when you contribute blood. Naval Hospital Corpsman Donald J. Capots of West Pittsburgh, Penna., administers whole blood to a U. S. Marine after recent fighting at Bunker Hill. Capots is attached to the First Medical Battalion of the First Marine Division, a long time front line outfit. (Official U. S. Navy Photograph)

**Telepathists Bridge 500
Mile Gap, Doctor Reports**

Human minds have spanned a
distance of 500 miles in a dramatic
telepathy experiment which brought
to light "significant new findings,"
a South African psychologist reports.

Maurice C. Marsh, who conducted
the unique experiment, says that
the evidence in favor of telepathy
was "more than twice as great as
could be attributed to chance alone."

The experiment was conducted be-
tween a "sender" in Capetown,
South Africa, and a group of 371
subjects, mostly university students,
who acted as "receivers" in Gra-
hamstown, 500 miles away.

News

Saturday lunch with Mrs. Ruth Childress in South Plains, as they were packing their furniture to take to their new home in Plainview. Mrs. Childress prepared a delicious lunch which they all enjoyed.

Mr. and Mrs. Albert Stewart had a house full of company for an all day get together Sunday. Their daughter, Mrs. Wayne Greer and two children were present from Lockney, as was Mr. and Mrs. Wapp Hodges from Plainview, and Mr. and Mrs. Marvin Murphy from Lubbock. They all had a delicious dinner and a good day of visiting.

Mr. and Mrs. George West were pleasantly surprised Monday morning to have an old school mate of Mrs. West's call on them. Tom Ball, cotton buyer from Sherman where Mrs. West had gone to school as a child, called at the West home, and had lunch with them, and spent several hours visiting.

On Sunday after church Mr. and Mrs. John Smitherman were present hosts to Rev. and Mrs. John Allen, and Mrs. Robert Reeves, all of Plainview. They spent the afternoon visiting together.

Word came from Carlsbad, New Mexico, that Mr. and Mrs. Kenneth Harper are the parents of a baby daughter, born this past week. We do not have the exact date. Kenneth grew up in our locality. He is now in the armed forces stationed at this time at El Paso, Texas. This is his first child.

Sunday morning after church Mr. and Mrs. George West went home with Mr. and Mrs. Ed Thomas, of Silverton, and had dinner and spent the afternoon visiting. Later in the evening when they returned home, they called on Mr. and Mrs. P. M. Smitherman, and visited them during the evening. We see the Smithermans have a big new television aerial on their home. Before long I suppose many homes will carry the aerials, but this one is the first we've seen in our locality.

Mr. and Mrs. Otho Sanders spent a pleasant evening Monday night at the home of Mr. and Mrs. George Beedy playing games of "42".

Mr. and Mrs. Fred Fortenberry prepared a surprise birthday celebration Sunday, October 26, for their son, Elmo, and after church several boys of the young people's class of the Methodist church came home with him to spend the afternoon and share his birthday dinner. Those who attended were Douglas Reeves, Laurel and Louis Foster, and Richard and Roger Sanders.

Mr. and Mrs. Ernest Smitherman left immediately after club Wednesday afternoon to go to White Flat to see Tommy Edwards' father, who is critically ill there.

Rev. Chas. Joiner spent Friday night as the guest of Mr. and Mrs. Gilbert Bean in Lockney. He was ill over the week-end, but is feeling much better at this time.

There were baptismal services in Floydada at the First Baptist church Wednesday evening of last week for Bruce Julian. Many good friends and neighbors were present from South Plains.

Mr. and Mrs. E. E. Joiner spent Sunday in Hereford visiting Mr. and Mrs. G. W. Brunly. From there they are going to Rye, Colorado to their ranch. They plan to be back home Thursday night.

Home Demonstration Meeting The South Plains home demonstration club met Wednesday, October 22, at the home of Mrs. Murray Julian, with Miss Petty present. Roll call was conducted by Mrs. J. K. West, and answered with a favorite jam or jelly. Mrs. H. L. Marble as president brought up the discussion of Achievement day which is to be held in South Plains on Saturday, November 8. Homes to be visited in our vicinity are those of Mrs. John Wilson and Mrs. Herman Thornton. Each member is to bring her own card table and arrange her exhibit, which may be of clothing, flowers, rug, baskets, jelly, or anything you wish to exhibit.

Mrs. Grigsby Milton was elected to fill the term of Mrs. Robert Reeves who has moved, as council representative. Thursday, November 4, Mrs. Grigsby Milton, Bill Beedy and John Smitherman are to go to recreational meeting Mrs. John Wilson read a poem by Eugene Field, and Miss Petty gave an enlightening demonstration of jelly making, perfect apple jelly, and letting members see and taste the difference between jelly made with pectin and without. Mrs. Julian served nut bread sandwiches, pumpkin pie and coffee with the help of Mmes. Ernest Smitherman, John Smitherman, John Wilson and H. R. Hartman to the following members: Mmes. Hor-

ace Marble, Gilbert Bean, Bill Beedy, J. P. Taylor, George West, Owen Thornton, J. B. Thames, Rufus Young, J. K. West, Grigsby Milton, and our home demonstrator, Mrs. Petty. Celebrating birthdays at this meeting were Mrs. Grigsby Milton, Mrs. Bill Beedy and Mrs. Ernest Smitherman. Mrs. Eulan Bradshaw was unable to be present to help as hostess as planned.

Mr. and Mrs. George Beedy went over to Clovis, New Mexico, on Sunday, to spend the day with Mrs. Beedy's parents, Mr. and Mrs. T. P. Martin. They found the parents doing well, and after visiting them returned home late Sunday evening. Mr. and Mrs. Beedy are gone most of the time working on their new home in Lockney. We are all going to look forward to a housewarming soon, for their house will soon be finished, as will Mr. and Mrs. J. P. Taylors.

Rev. Joiner was a luncheon guest of Mr. and Mrs. Murray Julian Thursday noon, and Saturday noon Mr. and Mrs. Early Joiner had dinner with the Julians.

Johnny Wilson was an over night guest at the home of Johnny West Monday night of this week. Do not forget the Halloween Festival at the school house on Friday night, October 31, and come prepared to meet spooks and goblins galore.

ed grays, greens, pink, and yellow—as well as one deep green and one brilliant red. Such high style colors as charcoal, brown, copper, mustard and olive green, lilac and purple did not make the "best seller" list.

North Dakota is the coldest state in the U. S.

Pulmonary phthisis is a technical name for tuberculosis.

Grammar Hint It is better not to add "in" or "up" to the verb "start." Do not say, "When did you start in to play in the orchestra?"

Checking up on color trends by seeking to discover what color paints America's homemakers were buying in the largest quantities, noted colorist Faber Birren made these discoveries. In one paint line that offered a selection of more than one hundred attractive colors, the most popular twelve were tones of gray, green, pink, yellow and blue. A company that has more than one thousand colors available reported that their twenty best sellers also included

Farmers — Don't Let it Happen Again!

- THESE things happened just before the 1948 presidential election: 1. Farm prices went down just before election. 2. The Democratic candidate, who was also the president, put the blame on the Eightieth Congress. 3. The president was re-elected—and the farm vote gave him four more years in the White House.

deliberate abuse of power over prices—by the party which held that power—which cost farmers millions of dollars in needless losses. The same party is still in power. The same party can rig prices—or create some other emergency—in 1952. The same party has an organization that covers every county in the United States to spread any smear the schemers who run the party want you to believe.

What has happened since? It has been proved that prices went down because the government pulled the props out from under them. It was not the Eightieth Congress—but the

Don't be tricked again. If you want to get rid of bungling, fumbling, corruption in Washington—get rid of the men who can do such things to you.

Hallowe'en Fun Friday Night

Hallowe'en is always a lot of fun, and this year it is evident that Parent-Teacher associations, community clubs and the like are going to see to it that youngsters in practically all parts of the county have their part of the spooky business and the games that go with all saints' night. Plans for some of these events are presented below:

Dougherty Community Club
The Dougherty community club will meet at the Dougherty school house Thursday, October 30 at 7:30 p.m. There will be a Hallowe'en carnival with bingo, fortune telling and all the other things that go into making a Hallowe'en carnival. The public is cordially invited to attend.

MERCHANT MARINE VENTURE HELPS UNITY DOWN SOUTH

A new chapter in the history of international cooperation has been written by Colombia, Venezuela and Ecuador in the successful operation of one of the world's newest merchant fleets, the Flota Mercante Grancolombiana.

Ownership of Flota Mercante Grancolombiana is jointly held by the three nations. The line operates in the Caribbean sea and among its home nations, North America, and Europe.

Company officials recently announced plans to spend \$30,000,000 in the next five years for construction of 13 cargo-passenger vessels, bringing the number of company-owned ships to 30.

Grancolombiana now operates 13 of its own vessels and has four under construction in Canada that are not included in the new building program. In addition, the company charts more than a score of other ships.

SON IS BORN TUESDAY

A baby boy was born to Mr. and Mrs. Gene Johnson of Lakeview Tuesday, October 28 at 9:00 p.m. at the Spikes clinic at Ralls. The baby weighed six and one half pounds and has been named Larry Eugene. Larry Eugene has one sister, Shirley.

Grandparents are Mr. and Mrs. R. L. Johnson and Mr. and Mrs. Charley Robertson of Crosbyton.

WHAT A KITTY

This is Miss Betty Honig and her kitty "Cinderella". Miss Honig is the leading lady with Brunk's who are appearing here in Floydada all this week, in the heated tent theatre, sponsored by the Lion's club. Recently when the big tent was torn down on Saturday night, "Cinderella" was missing. When the tent was unrolled the next Monday morning three hundred miles distant the kitty jumped out. With a little milk administered by Betty, the kitty was soon back on the job, keeping the mice away from the ladies dressing room. Miss Honig was runner up in the Illinois beauty contest last year, and barely missed a trip to Atlantic City.

Miss Honig appears in all the plays, and will play one of the principal parts in the feature play, "Cheating Husbands" Friday night.

Saturday night will be the final showing for this season, at which time the semi-western play "Pull Up Your Pants" will be shown.

Time to Treat Against Grubs

COLLEGE STATION. Extra feed is required for cattle infested with cattle grubs and there is no profit in feeding these parasites, says U. D. Thompson, assistant animal husbandman for the Texas Agricultural Extension Service.

The losses caused by cattle grubs are borne by the livestock producer and he can do something about it, adds Thompson. These parasites annually cause damages to hides and high priced meat cuts that amount to millions of dollars to say nothing about lowering milk production in the dairy herds. This loss could be added to the income of cattle producers and dairymen of the parasites were controlled.

Thompson recommends the use of a power sprayer—with a pressure of 200 to 400 pounds. Lower pressures decrease the effectiveness of the treatment, he says. The animals should be held in a chute while they are being treated. The spray nozzle should be held no further than four inches from the backs of the animals. It is best, says the specialist, to use a full gallon of spray on each animal and from 10 to 15 seconds are required for doing a thorough spraying job.

The spray material should consist of 7-1/2 pounds of 5 per cent rotenone dust for each 100 gallons of water. Mix it thoroughly, says Thompson.

The first application should be made as soon as the grubs appear in the animals' backs and repeated at intervals of three weeks as long as needed. Three or four treatments

are usually sufficient to get good control.

A good control job should result in weight gains for cattle of up to 20 per cent and materially increase the value of the hides and cattle when they are marketed. The dairyman with a grub free herd can expect a good increase in the herd's milk production and, adds Thompson, a good job done now means there will be few or no heel flies next spring. Animals tormented by these parasites lose weight rapidly and is coupled with milk losses for the dairy herd. Controlling the cattle grub breaks the life cycle of the parasite and thus stops the damage from grubs and the multiplication of the heel fly.

Right now feed is about the most important item being considered by livestock producers and Thompson says, the animal cannot fully utilize their feed if they are heavily infested with grubs.

Thompson adds that local county agricultural agents will be glad to supply additional information on controlling this livestock profit robber.

A Natural

One of our favorite stories concerns an admirable little horticultural volume, The Grafters' Handbook, which, by some strange (or perhaps not so strange) mischance got into the current Oxford University Press catalog under the general heading, "Government."

Mr. and Mrs. Gordon Gray and son, of Fort Worth, spent last week-end here in the homes of Mrs. Gray's parents, Mr. and Mrs. J. E. Roy, and her sister and family, Mr. and Mrs. Harold Huggins.

Oklahoma is the windiest state in the U. S.

News of Harmony

(By Mrs. Mather Carr)

HARMONY, October 28. — Mrs. Lizzie Owens, wife of Wade Owens and sister of R. B. Gary was killed in a car accident last Monday, October 20 at Post. She was in the car alone. When she drove on to the highway a car hit her. She lived a few minutes after the accident. Mr. and Mrs. Gary drove to Post Tuesday but came back home Tuesday night as the funeral was not to be until Thursday. They and Mr. and Mrs. Loyce Turner, Mrs. Elmer Williams and brother and Mrs. Krebsos went down for the funeral. The funeral was conducted at the Baptist church.

Mid-week services were well attended. Mrs. Don Finkner prepared a program celebrating the seventh birthday of the United Nations. Having parts other than Mrs. Finkner were Mrs. Sherwood Ramsey and Mrs. Wesley Carr. Mrs. Finkner baked a Harry Truman pound cake and placed seven candles on it. The cake was presented to Mrs. Sherwood Ramsey. At the close of the meeting the cake, cookies and punch were served to all present.

Club met Thursday in the club room with Mrs. Glen Pool and Mrs. Don Finkner as hostesses. The demonstration was a meal-in-one. Officers elected for the following year were president, Mrs. Carrie Snodgrass, vice-president, Mrs. Riley Holmes, secretary-treasurer, Mrs. Ted Rutherford, council representative, Mrs. D. S. Baitey, reporter, Mrs. Don Finkner, and parliamentarian, Mrs. Charlie Smith. Recreation was directed by Mrs. Zant Scott. There were 23 present. Refreshments were served to all present.

Several attended the ball game at Floydada Friday night.

Mr. and Mrs. Fred Byerly and daughter, Syble Mae of Springlake spent the week-end in the home of Mr. and Mrs. Wheeler Turner. The Byerlys also attended services at the chapel Sunday.

Mr. and Mrs. Chloma Williams were host and hostess for their Sunday school class dinner Sunday. There was a nice crowd present. Mr. and Mrs. Aldine Williams and daughter of Floydada and Mrs. Billie Dave Scott of Lubbock were guests.

Mrs. Billie Dave Scott spent the week-end with her in-laws, Mr. and Mrs. Zant Scott. Billie Dave is in the service.

The older adult Sunday school class met in the Wheeler Turner home Sunday and organized their class. Rev. Krebsos presided. Mrs. Mather Carr was elected president, Mrs. Wheeler Turner, vice-president and Mrs. R. B. Gary, secretary-treasurer.

Mrs. Ruben Rutherford of Plainview attended services at the chapel Sunday.

The week of Prayer was observed Monday at the Church. Present were Mmes. H. G. Krebsos, Sherwood Ramsey, E. W. Turner, Don Finkner, Mather Carr, Wesley Carr, Zant Scott, Chloma Williams and M. D. Ramsey. Lunch was served at noon.

There was to have been a rug demonstration October 30 at the home of Mrs. Sam Hale, but she became ill and was taken to the hospital.

Mr. and Mrs. Ted Rutherford attended the fair at Dallas and visited Ted's brother, Maxwell and wife. They also visited their parents at Abilene and Stamford while away.

Baby Safety

From the time your baby begins to take food you supervise his eating activities with the greatest of care. Yet every year many children die of poisoning—from detergents, cleaning powders, lye, amonias, medicines, etc. Because of his great curiosity the young child wants to be into everything — he wants to taste, smell and touch all the objects around him. To protect him, keep all harmful materials out of his reach, preferably in a locked closet. Many young children are also killed each year because they don't have a safe place to play. Have you given thought to the safety of your children's play spaces—both indoors and outside? Remember, the best time to deal with an accident is before it happens.

The Floyd County Hesperian, Floydada, Texas, Thursday, October 30, 1952

Government Grades Meat
The grade that government inspectors have given to each beef should be clearly in evidence, either on the edge of the fat, or, if that has been trimmed away, it may be stamped on the label. If you can't find this grade stamp, ask the butcher, who is always on call behind the scenes to answer questions and fill special orders in any self-service market. The three government grades you'll see on most steaks are "Prime," "choice," and "Good." Retail prices for the three grades vary throughout the country, but there

A STATEMENT BY Senator Richard B. Russell OF GEORGIA

THIS IS THE MAN GOV. SHIVERS AND THE TEXAS LEGATION VOTED FOR IN CHICAGO THROUGH THE DEMOCRATIC CONVENTION

As the campaign for the Presidency approaches a decision, it becomes evident that I was correct in the prediction I made in August that Governor Stevenson and Senator Sparkman will be elected by one of the largest National Ticket in recent years.

General Eisenhower's evident confusion in his efforts to grapple with our issues has clearly demonstrated to the American people the grave danger our government in the hands of a military man who is totally unfamiliar with American civilian thinking and the laws and policies which control our life. No military career, however great, can be a substitute for familiar operation of a government which traditionally and by law is dependent on civilian control. Civilian control is all the more imperative in circumstances which require us to maintain large military forces and devote two-thirds of our budget to preparations for military defense.

As one who has admired General Eisenhower as a military leader, I was bewildered by the endless contradictions of his political pronouncements. I require a book to catalog them. Of course, it is difficult for him to bring his program for his early classic, "our whole program must bring an idealistic solution to every problem in the world."

Shortly after his nomination, he declared: "The Soviet threat is not to be feared than a pollywog swimming down a muddy creek." Since that statement devoted much time to stressing the fact that he is the best qualified man to meet the ominous threat of world communism he had likened to a pollywog.

Shortly after stating that he did not understand the term "Farm Party," the American farmer of 100% parity for all the products of his soil. As devoted a large part of his legislative service to overcoming Republican opposition to fair farm legislation, I have vainly awaited an endorsement of this last movement from General Eisenhower's Republican Congressional supporters. I to see where one of them has disclaimed their record of opposition to the program and to the laws which enabled the farmers to have some control over their crops what they will receive from their harvest.

On those days when General Eisenhower decides to support collective fields of foreign relations, he is deserted by the Republican leaders in the who will direct legislation in that body and whose record stamp them as

The American voters are thinking for themselves in 1952. Neither the campaign nor the military glamour of the Republican candidate will confuse will go to the polls in the greatest number in our history on November 4 to power the party of the people. They will protect the social, political, and gains of the past 20 years. They will not be beguiled by the promises of to National Security nor risk the future of this country to hawkers of power to stop the march of communism. They will not gamble with the future of their children.

It is well known that I do not subscribe to every plank in the Democratic nor agree with all the views of our Party's Presidential candidate. I do, however, that Governor Stevenson has the potentialities which can make the greatest Presidents who has ever served our country. With the prayers of the American people and the aid of the Almighty he devoutly will see this nation safely through the dangers of today's world.

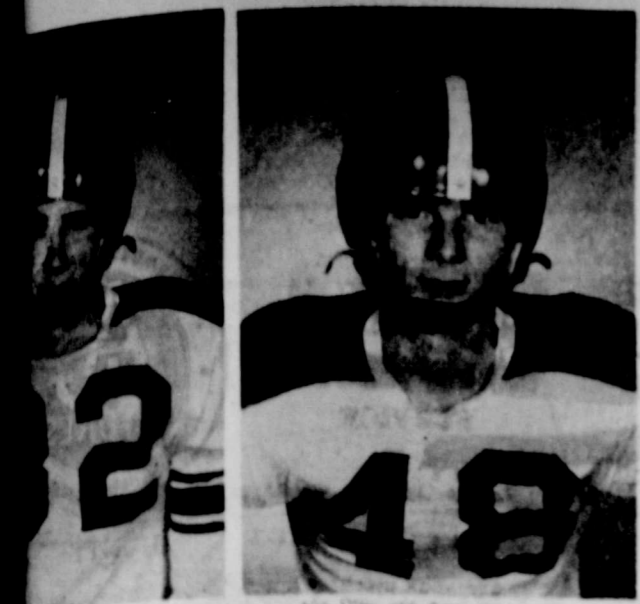

RICHARD B. RUSSELL
United States Senator

FOOTNOTES

General Robert E. Lee, when urged to become President of the Confederate States, said: "Never, sir, that I will ever permit. Whatever talents I may possess (and they are but limited) are military talents. My education and training are military. I think the military and civil talents are distinct and different, and full duty in either sphere is about as much as one can qualify himself to perform. I shall not do the people the injustice to accept high civil office, with whose questions it has not been my business to come familiar. . . . I speak of the proper rule in Republics, where we should have neither military statesmen nor political generals."

NEWSWEEK Magazine (Oct. 27, 1952) reports sample poll of American voters shows 168 for Stevenson, 63 for Eisenhower.

(Political advertisement paid for by Floyd County Democrats for Sparkman, Ben P. Ayers, Chairman.)

Center left and Charles Hartman right are the terrific tackles this year. Both boys are seniors and playing their last season for coach Preston

Winds Bag Seventh in a Row; Abernathy Antelopes 20-0

Whirlwinds lived up to their reputation for the season as they defeated the mighty Abernathy Friday night in a real test for the defensive play as the highest scoring team in the game undefeated. The forward wall out

charged the heavy Antelope line and kept their ball carriers in hot water throughout the contest. The secondary was just as good with almost air tight defense on both running and passing plays.

Coach Royal James Antelopes were not without their heroes also and offered the locals some of the stiffest competition to date. The big speedy Antelopes showed a

stout defense especially when their goal line was threatened, and held on several occasions to take over on downs. The Whirlwinds found their passing game not too effective against the tall defenders from Hale county.

First Quarter Statement

The Whirlwinds received the opening kick and Wayne Rogers booted to Franklin Stovall on the 'Winds 33. The 'Winds were able to gain little yardage and Billy Carmack quick kicked to the Abernathy 20. The Antelopes attack also bogged down and Wayne Rogers exchanged punts followed with Connie Bearden kicking to the Abernathy 30 and Rogers later punting back to the Whirlwind 30 where Clark returned it to the 43. From this point the 'Winds' attack got rolling as the first quartan

Starting the second stanza, the Floydada attack carried deep to the Abernathy 8 before the Antelope defense stiffened and held. The Antelopes fumbled on their 14 and Charles Hartman took over for the 'Winds. From this point the Whirlwinds advanced the ball to the one where Carmack drove over for the score. The Carmack-Bearden kick combination worked and score was 7-0.

Hoppy Toler took the kick off for the Antelopes and was downed on the Abernathy 43. A few plays later Don Barber recovered a fumble to give the 'Winds possession on the Abernathy 47. Penalties set the 'Winds back from this point and then Cunningham intercepted a pass and carried to the Floydada 30. Passing and running plays worked for the Antelopes and they moved to the Whirlwind 11 before they lost the ball on downs.

Scores on 43-Yard Run

Floydada got their offense working and advanced to the Antelope 40 before they fumbled and Abernathy recovered. The 'Winds returned the compliment and Kerwin Baxter came up with the pig hide on the next play. Putting the ball in play on the Abernathy 34 Dane Clark did a bit of fancy maneuvering and raced across on the first attempt from scrimmage. The kick team worked again and the score was 14-0. Abernathy threatened again before the half ended, but the 'Winds held and took over on their 28.

The third stanza was a hard fought one but mostly in midfield. The ball changed hands several times. Stovall recovered an Antelope fumble, Bearden had a punt blocked. Rogers punted to the Floydada 20 and the 'Winds drove to the Antelope 22 only to lose the ball on downs.

Early in the fourth period Cunningham punted to Clark on the Floydada 29. The Whirlwinds then drove 69 yards to the Antelopes 2 before losing the ball on the 2-yard line. The Antelopes drove out to their 38 before a fumble gave the ball to the 'Winds. Jimmy Dunn made the recovery. The Whirlwinds attack bogged down and Bearden kicked out on the Abernathy 12.

Rogers kick was partly blocked and Barber took it on the 22. Abernathy intercepted Clarks pass on the Antelope 18, and then Chapman intercepted Cunningham's pass on the 40 and returned it to the 7-yard line. Helms carried over from the seven for the TD. The kick was wide. The game ended shortly after the following kick off. The Antelopes were trying their passing game with little success as the final whistle sounded.

Downs 21 to 8

The Whirlwinds made 21 first downs, Abernathy 8. The 'Winds were penalized 75 yards to 0 for the Antelopes. Floydada had a net rushing of 296 yards to a net of 69 for Abernathy. Through the air the 'Winds gained 19 yards on 3 of 13 passes. Abernathy connected on 4 of 15 passes for 43 yards.

Adrain Helms, Whirlwind half-back, was the big show for the night. The flashy little back was not to be denied as he played a whale of a defensive game and carried the ball a staggering 32 times for a net gain of 185 yards. Clark was next with 81 yards net. Bearden added substantial yardage and Carmack was used mostly on ball handling and passing assignments. Stovall picked up 11 on an end around.

For the Antelopes Verlon Barron with 37 yards net for the night was high man. Cunningham had 22 after losses were deducted. Rogers gained 21 yards from scrimmage and Geronimo Ramos wound up with a -7.

Starters for the Whirlwinds were Lewis Reddy, Connie Bearden, Dane Clark, Kerwin Baxter, Brooks Chapman, Don Barber, Charles Hartman, Franklin Stovall, Billy Carmack, Adrain Helms, and Bert Grimes. Others to see service included Gordon Joiner, W. J. Hartline, Stanley Vickers, Jimmy Dunn and Kent Covington.

For the Antelopes the starters were Hoppy Toler, Dorman Allen, Joe Connell, Wayne Ray, Billy Lewis, Mark Shadden, Jerrell Crawford, Geronimo Ramos, Wayne Rogers, Verlon Barron and Harold Cunningham.

Last Thursday night the Whirlwind "B" squad defeated the Lockney B's 7-0 in Lockney. This gives Coach Huntington's charges 3 wins against 2 losses.

Other Scores of Interest

Hereford 19 — Priona 7;
Phillips 40 — Canyon 0;
Post 25 — Tullia 19;
Spur 13 — Crosbyton 7.

CHILD ECZEMA

Some cases of eczema in young children can be traced to a hostile mother-child relationship, according to a dermatologist of Vancouver, British Columbia. Dr. Donald H. Williams reports on his study of 53 children with allergic eczema. Maternal rejection, he said, was a common observation in all the children—that it, "rejected by the one human being who was closest and on whom he was most dependent, the mother." The children—between the ages of 13 months and 12 years—had chronic eczema involving mainly the arms, legs and face. In most instances the rash first became evident during the year following birth.

Board Refuses Building Bids

LOCKNEY. — The Lockney school board refuses all bids submitted Monday night on bonds voted to erect additional school buildings. Five companies submitted bids on the \$250,000 in bonds with the lowest rate of interest average 3.486% over the entire period. This bid was submitted by Columbian Securities.

A bid submitted by the First National Bank of Lockney in conjunction with R. A. Underwood & Company averaged only slightly more, 3.468%.

The board offered the bonds with the understanding that the entire \$250,000 would not be issued at this time, members said.

New Minister at Lockney Church Assembly of God

LOCKNEY. — Rev. Olan Beauchamp of Lockney has been elected pastor of the Assembly of God Church at Canadian and will move next week to that city. Rev. Beauchamp has been a resident of Lockney for the past seven years and pastor of the Assembly of God church here for six and one-half years of that time. Previously he was pastor of the Assembly of God church at Cedar Hill for four or five years.

Rev. V. C. Sparks has been elected pastor of the Assembly of God church here and preached his first

The bonds will be offered again to buyers at a later date, it was said.

The Floyd County Hesperian, Floydada, Texas, Thursday, October 30, 1933

sermon last Sunday. Rev. Sparks and his family moved here from Garland, Texas. He was formerly pastor of the church at Childress. Rev. and Mrs. Sparks have three children.

Fifteen Floydada Students at WTS

CANYON, October.—Fifteen students from Floydada are enrolled in the fall semester of West Texas State college. Included in this fifteen are three freshmen, eight sophomores, one junior and three seniors.

Freshmen enrollees include Curtis Turner, Keith Wilkes and Nancy Hagood.

Sophomores are Luelle Irwin, Laverne Jones, Elayne Snodgrass, Edith Garrett, Carolyn Kiker, Wil-

liam Jones, Fred Conner and Peggy Parkey. Bobby Finley is the lone junior representing Floydada.

Enrolled as seniors are Roberta Garrett, Laverne Fowler, and Ruth Harmon.

Weims Lee Norman of Dougherty transferred to WT this fall from New Mexico Military institute as a sophomore.

A psychiatrist saw another psychiatrist plodding down the street carrying a couch on his head.

"Why the couch?" he called after his colleague.

"House call," replied the burdened one.

MANY FORMER CARRIERS WON FAME Writer Calls Attention To Nation's 500,000 Young Newspaper Boys

(By Bob Considine)

NEW YORK, Sept. 12 (AP) — We haven't offered three cheers for the great American newspaperboy for too long. So here goes a tip of the lid to the nation's 500,000 young men, 97 percent of them independent merchants, who bring the latest news to your doorstep.

It used to be that a presidential candidate had to be born in a log cabin to warrant any serious consideration from the voters. Today, in all fields, it must help to have been a newspaperboy. So many successful Americans were.

Outstanding Examples Cited
Ben Fairless, president of U. S. Steel, for instance. And a host of governors, including Tom Dewey of New York and Val Peterson of Nebraska. And others as varied as Supreme Court Justices Fred Vinson, Bill Douglas and Tom Clark, Morton Downey, Gen. Omar Bradley, Ralph Kinder, ex-president Herbert Hoover and presidential hopeful Dwight D. Eisenhower. Bing Crosby and Arthur Godfrey, Harold Stassen and Walt Disney, Joe DiMag and Bob Hope, Jackie Robinson and Earl Warren, Joe Kennedy and Roy Roberts, Maurice Tobin and Roy Howard, Jimmy Hutto and Happy Chandler, Jack Dempsey and Gene Tunney, Frank Sinatra and the late great Cardinal Gibbons.

Franklin "First" Newsboy
"After having worked in composing the types and printing off the sheets, I was employed to carry the papers through the streets to the customers," Benjamin Franklin wrote, dealing with that part of his life when he was 12. He may have been the first American newspaperboy. At least he is the first immortal one.

During the war the country's newspaperboys made a remarkable contribution to fund-raising, under the auspices of the International Circulation Managers' Association. Some 300,000 of them, distributing 939 U. S. newspapers, sold \$179,831,295.80 worth of war stamps to their customers. The Treasury Department was delighted enough to announce:

"The program was successful in the eyes of the department not only because of the money these boys raised from sources not accessible to any other agency, but also because of the collateral effect their persistent efforts had in keeping the families of the nation constantly reminded of the need for war savings throughout the duration."

Help In Bond Campaigns
The treasury and the boys have been allies since then. Philadelphia newspaperboys in 1946 commenced a new nation-wide program of investing carrier profits in U. S. savings bonds. The Philadelphia boys alone have purchased nearly 800,000 of these bonds to date.

In 1949 the treasury called on the boys to distribute leaflets plugging the "opportunity bond" drive. Some 165,000 boys dropped 1 1/2 million of the leaflets in U. S. homes during that year, and the following year 192,000 carriers, representing 345 newspapers, distributed similar literature into 15,000,000 homes. Last year 20,000,000 treasury leaflets were distributed by a quarter of a million newspaperboys delivering or selling 785 papers.

The half a million boys who today are getting their first business experience by selling and delivering newspapers earn an average of from between \$9 to \$15 a week, depending largely on whether the paper they handle has a Sunday edition. Their work day averages a bit under an hour, plus another hour or two to attend to their collections.

Tom Edison, Henry Ford, Al Smith and Knute Rockne were newspaperboys. So was Al Johnson and Sen Arthur Vandenberg, and Red Skelton, Jimmy Cagney, Joe Martin, Charlie Luckman, Adolph Ochs, Charlie Schwab, Sen Wayne Morse and Bill Veack.

They all might have made it

easily without the apprenticeship of getting up earlier than the other kids, working harder, and learning more thoroughly the rudiments of business and the business of life. But I doubt it.

Pneumonia Claims Two-Year-Old Lad

Funeral service was held for Rickie Gene Hallowell, two year old, at the First Methodist church with Rev. Alby J. Cockrell, pastor of the Petersburg Methodist church officiating. The funeral was held Saturday morning, October 25.

Interment was in the Floydada cemetery. Pallbearers were Odell Breed, Neal Bertrand, Ray Lloyd and Dave Willis.

Rickie Gene is the son of C. E. Hallowell of Seattle, Washington, and Mrs. Frank Breed of 508 West Grover Street, Floydada. He was born June 8, 1950 at Plainview.

Rickie Gene is survived by his parents, one sister, Beverly Hallowell, his grandparents, Mr. and Mrs. Rufus Martin of Petersburg and Mr. and Mrs. E. L. Hallowell of Montana.

Festival at South Plains Friday Night

The South Plains festival will be held in the South Plains school house, Friday night at 7:30 o'clock. Each lady is to bring one pie and six sandwiches and something for the bazaar. Please bring table and dominoes.

There will be fun for the young and old alike. Announced by Mrs. Sylvian Kinnibrugh.

WILLIE A. VIRDEN SEABEE SERVING IN CONSTRUCTION

WITH THE FIRST MARINE AIRCRAFT WING IN KOREA — Serving here with the navy's construction battalion unit No. 1, is Willie A. Virden, mechanic constructionman, USN, son of Mr. and Mrs. Willie A. Virden of Lockney, Texas. The unit is keeping up the World War II record of the "SeaBees" of "Doing the impossible and working on the impossible" while building and rebuilding fighter-bomber strips throughout South Korea.

Since the unit arrived in October, 1951, they have built three strips, erected 100 buildings, five bridges and over 50 miles of roads.

CARD OF THANKS

We wish to thank each one for their kindness and thoughtfulness during the illness and death of our loved one. Also for the food, flowers and kind words of sympathy. May God Bless each of you.

Mrs. Walter Marler
Mr. and Mrs. Floyd Jones and Walter
Mr. and Mrs. Orville Marler and family
Mr. and Mrs. Harvey Marler and daughters
Mr. and Mrs. Roy Marler
Mr. and Mrs. Roy Marler and family
Mr. and Mrs. Herman Marler and family.

Bad and Badly

Many persons use the words "bad" and "badly" incorrectly. "Bad" means ill, sick or in pain. For example, John feels "bad." Henry looks "bad." "Bad" is an adjective modifying John and Henry. "Badly" is an adverb. Therefore you do not say when you are sick, "I feel badly."

The word magazine originally meant storehouse.

The milky way completely encircles the earth.

Information on New GI Loans

D. G. Ayers, Floyd county service officer, has called attention to the relaxed credit restrictions affecting minimum down payments on housing built or purchased with VA guaranteed or direct loans, which became effective October 2. A statement issued by the Veterans administration amplifies the information:

New terms applying to all Government-supported housing credit were recently prescribed by the Housing and Home Finance administration under the provisions of the Defense production act amendments of 1951.

On houses costing \$8,000.00 or less, no down payment is required under VA-S new regulations, but closing costs must be paid in cash. Minimum down payments on houses priced above \$8,000.00, but not more than \$8,400.00 will be 4 per cent. For homes priced above \$8,400.00, the minimum down payment is 5 per cent.

The new terms represent a modification of those announced by the HFA on September 15. Under the new terms, no down payment other than closing costs is required on houses costing no more than \$8,000.00. Previously the no-down-payment terms applied to houses costing no more than \$7,000.00.

The change was approved by the housing and home finance administrator to put veterans in a more favorable position in the \$7,000.00 to \$8,000.00 price range.

VA said these minimum down payments are only the minimums, and do not prevent the lender from requiring a larger down payment.

VA also announced that in certain substantial hardship cases, it may waive the down payment on houses costing over \$8,000.00. However, the veteran must pay closing costs in cash.

VA stressed that it could grant the waiver only if the lending institution is willing to make the loan under the more liberal terms. In addition, the veteran, as in the case of all GI loans, must have sufficient income and relative credit factors to be able to repay the obligation.

Minimum down payment under the requirements of the new rule range from closing out costs only in the loans in the \$7,000 to \$8,000 brackets. On loans in the \$9,000 bracket the down payment now is \$450 instead of \$480. The down payment range up ward in stages to \$1,000 for a \$20,000 loan.

The minimum down payment required from the veteran may be used to pay closing costs. The following example shows how to compute the maximum permissible loan: Sales Price is \$10,000.00; Closing Costs are \$200.00; the Minimum Down Payment is \$500.00. The Maximum Loan is \$9,700.00 (\$10,200.00 minus \$500.00).

In all cases, in addition to the minimum down payment required, the veteran must also pay in cash any item such as taxes and insurance which the borrower is required to prepay when the loan is made.

The relaxation of credit restriction does not change the maximum time allowed for repaying VA guaranteed or direct home loans. The limits remain 25 years on homes priced at \$12,000.00 or less, and 20 years for higher priced property. VA may approve a longer period if it finds that the veteran cannot meet the larger monthly payment which a shorter mortgage required.

Add Sparkle
When you're tossing leftover vegetables or greens into a salad, add sparkle with an unusual salad dressing. Grated American, Parmesan or blue cheese are excellent in the dressing for adding a tempting note to the salad.

Glazed Doughnuts

Glaze your doughnuts for a more attractive appearance by dipping warm doughnuts into a mixture of 1 cup confectioners' sugar and 1/3 cup boiling water.
