

# Reunion of Pioneers Marked by Big Attendance

## Sams Is Named New President

Encouraged by good rains which fell generously over most of the plains and lower panhandle over the week-end, Floyd County pioneers in their reunion Monday had their biggest attendance in recent years in the about the driest spot in the panhandle.

Many who were present for the event were surprised to find only light rainfall here whereas their towns and countryside had had the blessings of rainfall ranging from an inch to five inches.

The ardor of the event was heightened as early morning breeze and sunshine greeted the first pioneers around the registration desk of Margaret Collier under the trees on the court house lawn. They gathered in large numbers and nearly a thousand were actually registered, particularly in the "40 years and more" class. Supply of badges for these were exhausted by mid-day.

From the morning hours when Mrs. Maud E. Hollins, president, opened proceedings with a welcome address until late in the afternoon when Buck Sams was chosen to head the pioneers for next year, the events unfolded. It was shortly before sundown when the twelfth of the fiddle drew the first dancing crowd about the newly-made "platform".

John B. Stapleton was master of ceremonies for the afternoon session.

**THE FEATURED** speaker of the forenoon, Arthur B. Watkins, of Lubbock, was presented by Judge H. A. C. Brummett.

Mr. Watkins, now a department store executive in Lubbock, was accompanied by his wife and his mother, Mrs. Chas. W. Watkins to Floydada for the all-day event. The speaker is a grandson of the first white couple to settle in Floyd County, Judge and Mrs. Arthur B. Dunbar. His address was principally in eulogy of the hard hands and tough hearts who in tears and toil, sweat, blood and patient endurance, saw through to the day when the foundations for an epic segment of the land in the west.

Watkins' tribute to the pioneer mothers was a gem. "We would be unworthy of the blessings of this day and of our country if we did not cherish this heritage bequeathed to us by our forefathers and mothers," he said.

"Mollie, Darling," was the morning's solo number selected by Mrs. David Batten Jr., for her contribution to the pleasure of the assembled pioneers at their opening session.

**MORE THAN** 600 40-year pioneers marched past the tables at the American Legion hall, village automobiles, marching clubs, decorated bicycles, oldest to newest power farming equipment, and hundreds of individual horsemen and women swelling the length of the parade to more than a mile.

Andrew Ward School band led the parade and did an acceptable job, in the absence of the senior bands from Floydada and Lockney High Schools, which were disbanded last week-end and could not be rounded up to participate.

**MRS. MATTIE** Hale's presentation of the pioneer style show was beautifully done as was the accompanying program and the numbers which followed. The small fry square dance had three youthful teams in competition for honors. Raymond Rucker was their caller.

In the two hour session that preceded the election of officers a score or more of pioneers were introduced by John B. Stapleton as the master of ceremonies. Among these were Mrs. Fannie Brown, who at 94 was the eldest woman present for the day, and Sam Thompson, 91, the

## Judge Brummett Has Statement On The District Attorney Race

It is with a sincere belief that the people of this Judicial District do not believe that the District Attorney's office should be considered the personal property of any one man that I announce as a candidate for District Attorney. The present District Attorney has been elected to the office for five successive terms and is now seeking a sixth term, which will assure him of 14 years in this office. Upon completion of his present term, he will have received approximately \$60,000 in salary and expense allowance; if elected to a sixth term, he will assure himself of another \$30,000 in salary and expense allowance.

New County Judge O. P. Rutledge was sworn in as county judge of Floyd County Saturday morning in a 5-minute ceremony at which County Clerk Miss Margaret Collier officiated. Immediately thereafter Mr. Rutledge made bond and assumed the judgeship. He was the unanimous choice of the Commissioners Court to take the place vacated by the death of the elected judge, W. E. Grimes. Rutledge's term will be for a period of two years and about six months.

## Baseball Leagues Scheduling First Games Tuesday Night

There will be plenty of baseball on tap for Floyd County fans starting Tuesday when Floydada Little League and Pony League both start play.

The Little League will play three evenings a week with double headers on each date. First games will start at 6:30 p. m. and the site is the ball diamond at the rodeo grounds.

The Pony League will also play three days a week — the same days as the Little League — Tuesday, Thursday and Friday. Their games will be played on the Jack Deakins Diamond across from Carthel Oil and Butane on north Highway 70.

**THE NEWLY** formed Pony League will also start on Tuesday June 5 with the Yankees playing the Phillies in the opener. Thursday the Athletics play the Orioles and Friday the Yankees take on the Athletics.

The senior citizens' committee of Floydada Chamber of Commerce has set June 11 for the first meeting of the older residents of the community to make plans for a summer program to provide extra opportunities for recreation for the senior age group.

The first meeting will be at the First Christian Church. It will be a covered dish supper. At that time plans will be made for future meetings.

All area residents, 70 years old and older, who feel they would be interested in a program of this kind are urged by the committee to make plans to attend the June 11 supper meeting.

Statement

(Continued from Front Page)

statements of a personal nature I have lived in Dickens County for 41 years and practiced law for 27 years, having served as County Judge of Dickens County for 6 years. As a trial lawyer, I have participated in the trial of many cases all over West Texas, and I

invite a comparison of my trial experience and ability. My first wife passed away in 1901. We had four fine children, three boys and one daughter. My oldest son, Carlos, is in business in Lubbock, Texas, and is married and has two children. His wife teaches in Lubbock Schools. My second son, Winston, is a lawyer in Lubbock, Texas. He was formerly County Attorney of Dickens County, Texas, and is now a partner in the law firm of Brummett & Kimmel. He is also married and has four children. My youngest son, Dudley is also a lawyer. He is now serving his first term as County Judge of Lubbock County. He is married and has two children. My daughter is now Mrs. Ross G. Smith and lives in Dallas, Texas. She is married and has four children. Although my children came up through the depression, I am proud of the fact that their mother and I gave each of them a college education, and I am proud of the success they have made.

Two of my four sons were in World War II, and Dudley was a bomber pilot. His plane was shot down while on a bombing mission over Germany, and he was a prisoner of war until liberated. I have always tried to be of help in all community matters wherever I lived. For years I served as a member of the Dickens County draft board under appointment of President Roosevelt and President Truman. For six years during the depression I served as United States Conciliation Commissioner for Dickens, Kent, King and Garza Counties and helped distressed farmers who were threatened with foreclosure. I am a member of the Methodist Church.

In 1951 I married Mrs. Harriette Hatcher, a fine lady, who is now County Home Demonstration Agent in Floyd County, Texas. Prior to serving Floyd County as Home Demonstration Agent, she was Home Demonstration Agent in Dickens and Yoakum Counties. We now have her 19 year old daughter in college. We have lived in Floydada, where I am actively engaged in the practice of law, since May of 1955. This district is composed of Floyd, Briscoe, Motley and Dickens Counties, and I hope to see each voter of the district personally. However, if I fail to have an opportunity to see you personally, I hope you will take this as a personal solicitation for your support, and I will deeply appreciate your consideration.

Sincerely yours, H. A. C. Brummett

In video, where his prowess with the ad-lib rapidly sent him to the big-time, he long has had the reputation of being television's most relaxed personality.

"Sure, I used to be nervous," says Allen. "When I first started out in show business my heart used to pump so hard it sounded like a bop drummer, and my knees used to rattle so hard I thought of putting on special rubber pads to work like a muffler."

Allen points out that he had to overcome his nervousness as a matter of necessity.

"It was either that," he elucidates, "or get out of the business. And I still like to eat."

### Old Settlers

(Continued from Page One)

oldest man on the grounds. Among the impromptu speakers presented during the afternoon were A. J. Fulley of Amarillo, Mrs. Pearl Martin of Matador, Jack Fortenberry of Adrian, Melvin Day of Falls, Ormer Parrish, Bert Bobbitt, Pratt Huckabee, A. T. Sweeney, C. L. Anderson, A. B. Muncy, Rev. Joe Wilson, Tom McLain, Jack Henry, Buck Sams, Tom W. Deen, George L. Fawver and Irvin Bennett, all of Floyd County. Mr. Bennett brought greetings to the pioneers from his now hospitalized father and mother, Mr. and Mrs. R. C. Bennett.

IN THE memorial service Rev. and Mrs. Joe Wilson conducted the 15-minute tribute to 86 pioneers who passed during the year from May 28 to May 29, and were assisted in calling the roll by Mrs. Alma Holmes.

RECOGNITION came to one of the association's organizers and an old 1891 settler when George L. Fawver, treasurer of the pioneers, was called to the speakers table and presented a specially designed badge as the outstanding pioneer of 1956.

Noted as absent at the reunion were Mr. and Mrs. Wm. McGehee of Hereford, and G. L. Snodgrass. It was while Wm. McGehee was county judge of Floyd County that he was one of the organizers of the pioneers association.

G. L. Snodgrass has ridden on the night as flag bearer for the reunion parade every year since the pioneers organized in 1928. Desperately ill at his Harmony home he was unable to be present at the reunion in this year. Bert Bobbitt took his place along side Geo. L. Fawver leading the parade.

The new officers for the year are Buck Sams, president, Bert Bobbitt, vice-president, Geo. L. Fawver, treasurer, Maud Hollums, secretary, and directors R. C. Scott, Ormer Parrish, A. T. Sweeney, C. L. Anderson, Ham Smith, Tom McLain, R. I. Bennett, Homer Steen, and Skeet Thornton.

A throng of hundreds of persons thronged the area surrounding the new concrete slab for dancing as the evening wore on, with old-fashioned dances making up the evening's program.

TWO WINDOWS that did not qualify for prizes under the rules were shown from the collection of Mrs. Maud Hollums. Of these a collection of nearly 700 ornamental combs from all parts of the world was shown in one of Hale's windows. The collection is valued at more than \$1,000. The other unique window of Mrs. Hollums' collections was at the Solomon Jewelry where the collection was made up of stick pins.

NOTE "POSITIVES" IN TESTS  
LOCKNEY — Mrs. Elsie Peckham, school nurse, reported last Wednesday that 55 "positives" had shown up in the recent tuberculosis patch tests run on some 600 students in the local grade schools and junior high.

The patch tests were run under the sponsorship of the C. N. Townsend Parent-Teacher Association.

Mr. and Mrs. E. L. Campbell are leaving this week for Bayfield, Colo., where they plan to spend the summer.

### Fairview News

(By Mrs. Cyde Bagwell)

FAIRVIEW, May 28 — The rain that fell Sunday morning early was really fine. Some folks over the county were lucky enough to receive as much as 2 inches. It was lighter out this way as we received only 3/4 of an inch.

Church services were dismissed for Sunday night here as our pastor's son Ward Hineckley was a high school graduate from Plainview high school this year. Baccalaureate services were held Sunday night.

Mrs. S. H. Tackett returned home last Wednesday from Crosbyton where she had been a patient in the Crosbyton Hospital. Mrs. Tackett is up and about some now. We hope for her a complete recovery soon.

Mrs. R. C. Mangum of Plainview spent last Tuesday and Wednesday with her daughter and family. Mr. and Mrs. Dean Walls and sons.

Mrs. C. W. Payne visited in Floydada Friday with Mrs. W. W. Payne. Mr. and Mrs. E. W. Walls spent two days last week at San Angelo going down on Wednesday and returning home on Thursday. The Walls met Mr. and Mrs. Carl Haney of Gainesville, Ga., there. Mr. Haney and Mr. Walls are cousins.

Mr. and Mrs. Walton Wilson Leonard and Judy visited Sunday night in the Walls home.

Mr. and Mrs. Clyde Bagwell visited Monday night with Mr. and Mrs. C. W. Denton.

School is out and the closing programs are being held. The only graduate up here this year is Judy Wilson who finished at Andrews Ward School.

Our community was about one hundred percent in attendance at Old Settlers reunion Monday.

# Floydada Business Man Honored With Degree at McMurry College

ABILENE — J. M. Wilson, Floydada businessman, is one of six men who were awarded honorary doctor's degrees from McMurry College in the 32nd annual commencement exercises of the college here at 10 a. m. Monday, May 28.

Wilson, chairman of the McMurry board of trustees since 1951, received the honorary doctor of humanities degree. He was awarded an honorary doctor of laws degree from Texas Wesleyan College in 1947.

Others who will receive honorary doctor's degrees in the McMurry commencement are the Rev. Dallas D. Denison, pastor of First Methodist Church, Abilene; Don H. Morris, president of Abilene Christian College; the Rev. C. Raymond Gray of El Paso, retired Methodist minister; the Rev. E. E. White, district superintendent of the Childrens Methodist district, and the Rev. Ewart Watts, pastor of Asbury Methodist Church, El Paso.

The Rev. Watts delivered McMurry's baccalaureate sermon at 8 p. m. Sunday, May 27, in Radford Auditorium on the college campus.

His father, Bishop H. Bascomb Watts of Lincoln, Neb., delivered the commencement address for 74 degree candidates at 10 a. m. Monday in the same auditorium. Bishop Watts is the presiding bishop of the Nebraska area of the Methodist church.

Wilson was nominated for the honorary degree at McMurry by a unanimous vote of the college's faculty, and approved for the honor by the McMurry board of trustees.

He has been a leading benefactor of the Methodist college for many years. Mr. and Mrs. Wilson established the annual Wilson Lectures on Christian Life Service at McMurry in 1946, with an endowment gift of \$25,000.

The Wilsons have established similar lectureships at Texas Technological College, Texas Wesleyan College, West Texas State College, Southwestern University, Oklahoma City University, Wayland College, and for young people at nine other institutions, including the Methodist Home at Waco.

An outstanding and active Methodist layman, Wilson was the leader of the lay delegation from the Northwest Texas Methodist Conference to the recent quadrennial conference of the Methodist Church in Minneapolis, Minn. He has been a delegate to every general conference of the church since the 1934 quadrennial conference.

## Rename Barker Gin; Ownership Changes Hands

The interest of Roy Barker, of Crowell, in the Barker Gin in east Floydada has been bought by Bob Davis, of Altus, Okla., and the gin is being re-named the Davis Gin.

This announcement was made recently by Johnnie Hurd, who will be manager of the business.

Hurd is here from Hobart, Okla., where he has spent most of the past 22 years in the ginning business. He recently sold a merchandising business there, a furniture store and Frigidaire agency, and also disposed of interests in a gin which he operated at Hobart.

The family is moving here and will spend the summer in Floydada. Mrs. Hurd was here recently and will return about the first of the month. They will make their home at 120 West Kentucky Street.

The couple has a son Don, who is a sophomore at TCU, Ft. Worth.

The Davis Gin Entry in the pioneer's parade Monday, was a miniature gin plant bearing the slogan "gin with Johnnie Hurd", which

## Sarah Lucy Mickey Wed Tuesday Night To Wm. R. Hudson

LUBBOCK — Lubbock View Christian Church was the scene Tuesday night of the wedding of Miss Sarah Lucy Mickey and William R. Hudson.

Parents of the couple are Mr. and Mrs. Everett Mickey of Amarillo and Mr. and Mrs. Euclid Hudson of Port Arthur.

Arthur B. Watkins, Church of Christ minister, read a double-ring ceremony before a bank of white gladioli flanked by candelabra and palms.

The bride, given in marriage by her brother-in-law, wore a ballerina-length white lace gown over net and satin styled with a fitted lace bolero featuring a small Peter Pan collar with full length sleeves buttoning at the wrists. The full skirt was fashioned with panels of lace forming a point in front and drooping to hem at center back. Her silk illusion veil fell from a crown covered with net and trimmed with seed pearls. Her bouquet of white carnations and blue cornflowers was carried on a white Bible marked at Ruth 1:16-17.

Mrs. Lewis Dorsett, sister of the bride from Santa Rosa, Calif., attended as matron of honor.

Following a wedding trip to points in New Mexico, the couple will be at home in Old Hickory, Tenn., where the bridegroom will be employed by DuPont.

Mrs. Hudson graduated from Plainview High School and Texas Tech in 1955 with a B. S. degree in home economics. Her husband is a graduate of Port Arthur High School, attended Lon Morris Junior College and received a B. S. degree in mechanical engineering from Texas Tech with the class of May, 1956.

## WMU Circles Hold Joint Banquet At Church On May 17

The Clara Jordan and Blanche Groves W.M.U. circles of the First Baptist Church entertained with a banquet on May 17 at the church in observance of their recent Indian study "The Tribes Go Up."

Robbie Morgan opened the program which followed the dinner with a prayer of thanks. Mrs. Jane McCully, chairman of the Clara Jordan circle gave the welcome.

Mrs. Mary Alice Craig, teacher of the study, reviewed the book followed by the Indian version of the 23rd Psalm by Nina Copeland. A filmstrip "Trail of Triumph" was shown before Indian games were played. To close the evening a moccasin ceremony was held, followed by the closing prayer.

## Memorial Service Honors The War Dead Of Floydada

Men who had part in fighting America's wars were honored yesterday evening at 6:45 p. m. at a joint Sunset Memorial Service by the American Legion and V.F.W. at Floydada Cemetery.

Acting Legion Commander Kenneth Bain Jr., paid tribute to the men and women of our community who served in the United States Armed Forces. The roll of honor which consisted of 168 men and women was called by V.F.W. Commander W. R. Daniel.

Mrs. W. R. Daniel, Mrs. L. B. Stewart Jr. and Mrs. Jess Covington presented flowers to the next of kin of those who had died.

Rev. Laveal Merriott, pastor of the Calvary Baptist Church of Floydada was speaker for the evening. At the close of the service taps was sounded by Bob Ed Dempsey and Johnny Witkowski.

The Boy Scouts of Troop 57 raised the flag at half mast early yesterday morning and were in charge of lowering it last evening.

All county offices, the post office, many professional men's offices, as well as groceries, markets, department stores and shops were closed yesterday in observance of the holiday.

## Multilanes Are Necessity When Traffic Climbs

(The engineering division of the State Highway Department, urges the necessity of a four-lane highway from Floydada to the Hale County line in a statement given to The Hesperian this week, and gives reasons as outlined below—Ed. Note.)

When traffic on a two-lane highway approaches 3,000 vehicles per day, the Highway Department begins to plan for a four-lane divided facility.

We have learned from our own experience and from the experience in other states that if the present two-lane facility is merely widened to a four-lane facility without constructing a median strip between the lanes of sufficient width for adequate turning movements, the fatality rate increases tremendously.

APPROXIMATELY 50 per cent of all highway accidents in our state are caused by some type of friction between either the automobiles or automobiles and obstacles on the travelway as a result of turning movements, weaving, passing, and head-on collisions. The highest percentage of accidents caused on our highways is in the last category, head-on collisions. They amounted to 23 per cent of the total accidents in our state in 1955. This brings one to the conclusion that a multilane divided highway is the greatest single factor in reducing accidents of this kind.

A statistical study made on a two-lane highway of 20 feet in width, which is the same as U. S. 70 from Floydada to the Hale County line compared with four-lane undivided and four-lane divided revealed the following:

On 10,800 miles of 20-foot, two-lane highway in Texas with a daily vehicular travel count of 10,700,000 miles, there were 87 fatal accidents each 100,000,000 miles of travel. We found further that on four-lane divided the accident rate dropped to 59.

IT IS INTERESTING also to note that the four-lane divided highways were carrying almost six times as many vehicles per day as the two-lane highways.

The State Highway Department is asking for a clear title to 160 feet in width of right of way on the section from Floydada to the Hale County line with a 40-foot reservation title on each side. The proposed construction on this strip will cost approximately \$30,000 when completed.

The 60 additional feet of right of way and the 40-foot reservation title on each side that is being requested is the minimum amount of right of way that a four-lane divided highway can be constructed upon.

## Plainview Team Roping Winners

The largest crowd in years at a matched roping in Floydada saw the Plainview team of W. T. Kirk and Jack Harris win over Billy Kirk and Ras Ware of the Floydada club by the close time of 1:8 seconds. Each man roped five calves.

Elapsed time for the Plainview team was 2:12 seconds, for the Floydada team 2:13.

Two jackpot ropings followed. The first of these was won by Tommy Finniken of Lakeview with a time of 12:9. Second was Odell Blackwell, McAdoo, with 12:6. Third was split between Jack Ratjen, Happy, and Red Whitley, Crosbyton, with 12:6 seconds.

Red Whitley won first in the second jackpot with a time of 10:4.

### Vacation Bible Schools Focus Youth Interest

The First Methodist Church will start their Vacation Bible school next Monday, June 4 and will continue through June 15. The sessions will start at 9 o'clock each morning for all children between the ages of 3 and 15 years of age. Mrs. S. W. Ross is general superintendent.

Vacation Bible School at the First Baptist Church will start Monday, June 4, and will continue through June 9. Scripture study, handwork and other various activities will start at 8:30 o'clock each morning and will go until 11:30 o'clock.

Mrs. R. Earl Allen is serving as general superintendent and the department superintendents are as follows:

Intermediate: Mrs. L. D. Simpson, Junior I: Mrs. Charles Craig; Junior II: Mrs. W. F. Patrick; Primary I: Mrs. W. P. Nicholson Jr.; Primary II: Mrs. Claude Weathersee; Primary III: Mrs. Bill Blair; Beginner I: Mrs. Aaron Carthel; Beginner II: Mrs. R. L. Kendrick; Nursery Supervisors: Mrs. Felt Patterson, her helpers, Mrs. E. L. Ginn, Mrs. T. W. Battey and Mrs. W. D. Miller.

**THE FIRST** Christian Church Vacation Bible School began Monday of this week with 84 workers and children registering. The overall theme of study in all departments is "Our Bible". Mrs. Kinder Farris, general superintendent, stated that they were having a good school and many activities have been planned for the groups by all department superintendents.

**AT THE** Calvary Baptist Church the Vacation Bible School will begin Monday and continue through Friday, June 8.

Hours will be 8 o'clock to 11 o'clock a. m. Pastor Laveall Merriott reports.

Registration and preparation day will be Saturday, June 2, when children and faculty will report at 3 o'clock for an hour.

A place is being made for all children 3 to 16 years of age, the pastor said.

**CITY PARK** Church of Christ began Vacation Bible School Monday morning, June 4, and continues through Friday. Two hours each morning will be spent in studying God's Word. There will be three pre-school classes, a class for each grade in school, first through sixth, a junior high class, senior high class ladies Bible class, and there will be someone to keep the nursery.

The pre-school and primary classes are studying, "Jesus Loves the Little Children"; Juniors, "A Busy Life"; Heroes of Whom God is Not Ashamed"; "Stories About Christians"; Intermediates, "Heroes of Whom God is Not Ashamed"; Seniors, "Lessons for Christians", covering First Corinthians; and the ladies adult class will study the Book of Romans.

On Friday evening there will be a picnic lunch on the church lawn at 6:30 p. m. followed by a program by the children at 8 p. m.

"We invite our friends to send their boys and girls to our school," stated Gordon L. Downing, minister of the church.

### Softball Season Opens Monday Night With Double Header Here

The much-discussed area softball league has finally taken form with an eight-team organization and Wayne Cooper of Floydada as the commissioner.

They will open a round robin schedule, home and home game, for each of the eight teams the night of June 4 in Floydada and will close out with games on the night of Thursday, Aug. 16.

Teams in the league are Silverton, South Plains, City of Floydada, Floydada Merchants, McCoy, Farmer, Ralls Independents and Ralls Mayes Gas.

Each team will play the other three times during the 11 weeks. The schedule through Thursday, June 28 is announced as follows:

### Lloyds Are Home From Fairbanks

Mr. and Mrs. Louis Lloyd and their two sons, one of them born in Alaska, have returned home from Fairbanks and have resumed their farm life in Floyd County. Their home is a mile south of Floydada.

The couple left Fairbanks on May 12 and Louis was discharged at Fort Lewis on May 21. They reached home Tuesday of last week.

Their eldest son, Andrew Vance, was born at Lockney. The new boy born four months ago, is named Stephen Eugene. Mrs. Lloyd was Janice Thompson of Lockney.

Lloyd says Fairbanks is a town about the size of Floydada though it is credited with 20,000 people.

Egg raising has come of age. From the time when grandpa "kept a few chickens," to the present day, egg raising has gone "scientific." Producers today carefully manage their chickens determining correctly balanced rations, taking proper sanitary precautions, all with an eye to a better price per dozen.

However, all the precautions are to no avail if freshly laid eggs are not cooled from their 106 degree temperature to the 55 degrees necessary to grade "A" quality. It has been proven that eggs kept for a week at 55 degrees and 85% relative humidity are superior in quality as compared to eggs not cooled and kept only one day under

average Texas summer temperatures. Eggs deteriorate even more rapidly in hotter weather.

What does egg cooling mean to the egg producer? It has several advantages: 1. He gets a higher price per dozen for his quality eggs because the ultimate consumer is willing to pay more for eggs that he knows are quality. 2. He is assured of a constant market because cooled eggs are a better edible food product. 3. He needs to make fewer trips to market, thereby saving on hauling costs and time. 4. Obviously the investment in egg cooling equipment will more than pay off.

What kind of cooling equipment will do both the cooling and humidifying job needed to maintain quality? Tests at the Texas Agricultural Extension Service found that refrigerative equipment must be used, and that, in general, a twelve case cooler will handle the production from 1,800 laying hens by marketing twice weekly. The cost, expressed in terms of kilowatt hours used, is only 1 1/2 kilowatt hours of electricity per case of eggs cooled. This is indeed cheap insurance for keeping your market eggs at top quality. Incidentally, those who have tried evaporative egg coolers found that in high temperatures the method failed to bring egg temperatures down to 55 degrees and that humidity control was lacking. Too much relative humidity may cause mold to develop on the eggs, while too little may cause weight shrinkage, as much as 3/4% in five to seven days.

Most farm store dealers have access to a line of moderately priced refrigerative egg coolers and will be glad to give you information on their particular brand.

"For better eggs and better prices, the eggs should be gathered often and cooled immediately," says Herbert Hunt, "because eggs, like milk, are a perishable product." Mr. Hunt cools the production from a flock of 600 hens on his Claude, Texas farm. He uses a twelve case cooler. In the picture Mr. Hunt, left, and Jack Stallings, Universal Mills Tapp representative, examine cooled eggs.

# King County (Seattle) Library Head Spends Brief Visit Here

Miss Dorothy Alvord, of Seattle, Washington, head librarian of the King County Rural Library District, says that circulation is the key policy in the operation of that huge public library.

The library has 300,000 listed books which last year had a circulation of 1,145,000. One-fourth of which was by automobile.

In the organization which she heads there are 43 employees in the headquarters office, and there are 37 branches in strategic communities in the county, which are serviced by a panel truck, as well as smaller communities served by Bookmobiles.

The largest branch has a "book level" of 20,000 books, and the branches range downward to 3,000 books, all depending on the demand and the facilities provided by the communities. Thirteen of the branches are in incorporated cities, the other 24 in rural communities. Incorporated cities can become a part of the district by a vote of the people of the city.

"WE BELIEVE in a constantly changing book list at the branches. When we find a book has been 'read out' it goes to another branch or back to headquarters and another book on the same subject is provided," Miss Alvord said.

The two Bookmobiles serve only cross roads where there are no branches. They do not service the branches under the system used in King County.

# Commencement Finals School Year in Floyd

The final activities of Floydada High School came to a close on Tuesday night of this week, when 66 seniors of 1935 received their diplomas at the annual graduation exercises.

On Sunday evening the senior group held their baccalaureate at the First Baptist Church at 8 o'clock. Rev. W. D. Reaves, pastor of the First Christian Church, delivered the sermon.

Their commencement exercise was held at Floydada High School at 8 o'clock. The theme of the occasion was "We Look to Tomorrow." Honor boy, Leon Wiley, son of Mr. and Mrs. J. R. Wiley of Floydada spoke on "Today Ends: Tomorrow Begins"; Miss Betty West, salutatorian, daughter of Mr. and Mrs. Carter L. West of Floydada, spoke on "Our Faith in Opportunity"; and Miss Mary Jo Smith, daughter of Mr. and Mrs. Joe Smith of Petersburg, spoke on "Let Us Have Our Dreams."

Ninety pupils graduated from R. C. Andrews Ward School last Friday night at 8 o'clock. Their commencement was held at Floydada High School.

Miss Sue Ring, daughter of Mr. and Mrs. Claude Ring, honor girl, spoke on "Hitch Your Wagon to a Star" and Danny Shipley, son of Mr. and Mrs. John R. Shipley, honor boy, had the subject, "Westward Ho."

These graduates will constitute the first freshman class to begin study in the new high school on West Georgia Street, next term.

**PORTRAIT OF A DISASTER** which could happen anywhere is this truck-trail collision at West Newton, Pa. Almost immediately after the crash, which killed five and seriously injured two, Westmoreland County's civil defense rescue truck went into action with its power winches, cutting torches and other special disaster gear.

# Wheat Harvest Begins as Trial Runs Are Made

The wheat harvest is on in Floyd County, and barring weather that prevents the dry land crop is going to be harvested mighty soon, the bulk of it within 10 days.

The dry land heads are short but the grain is nice and plump. No irrigated wheat is expected for several days but some of the crop will be moving also, by June 10, unless the weather gets in the way.

By the week-end practically every elevator in the county had received a trial load or two of dry land wheat, and one or two crops were dry enough to go on the market.

Among the first to receive wheat that was marketable was the Muncy Elevator, where Bob Muncy unloaded 181 bushels from Ed Muncy's lease three miles northwest of Floydada. The wheat tested 69 pounds. The moisture content was 14 per cent (13 per cent is the loan maximum). "It was nice wheat and the earliest we ever got a load since we've been in business," Mr. Muncy said. The yield appeared to be about 8 bushels.

**JAKE GREER**, a mile east of Muncy, started up Saturday. His first load tested 62 pounds and had 13 per cent moisture content. He started up again Wednesday after the Saturday night rain postponed operations. Greer's wheat is due to make a good eight bushels per acre, Mr. Muncy thinks.

Of several who have been tuning up combines in the Dougherty area, Malvin Jarboe dumped the first load of the season at Producers Elevator there Friday. He had 100 bushels of Early Wichita that tested 14 per cent moisture. He was expecting wheat that would meet OCC moisture tests this mid-week after the showers over the week-end.

Dorris Jones left a 150-bushel load at Dougherty Producers Tuesday of this week that tested 12.5 per cent moisture, Mrs. C. A. Caffee, manager, said. He expected to resume harvesting Wednesday afternoon.

# Young Children Have Creative Urge To Paint

All children are artists at heart. They all have a native urge to create. This interest is best developed in the early years by giving them a chance to experiment spontaneously and freely with a variety of art materials, says Irma Simonson Black, teacher and author of books about art for children. Writing in Redbook Magazine she warns parents against criticizing a child's paintings and against every kind of formal guidance at the start.

"Albert Dorne, head of the Famous Artists Schools, in Westport, Conn., always advises parents that their children need art experience and a chance to experiment before they are ready for even the most elementary guidance.

"Give your child plenty of art materials. Start with several jars of bright poster colors and a good chunk of moist clay. You will also

# Young Children Have Creative Urge To Paint

find a wondrous assortment of things right in your house and yard — cotton, paper, dollies, leaves, and dozens of other items. Coloring books, incidentally, while they offer a harmless kind of busywork, cannot be classed as art material since they offer no chance for originality.

"Your child is an artist because he is a young human being. His thoughtful arranging of lines or blobs of color on paper, his smoothing of clay are all part of his native urge to make something of his own, to 'create'.

"Psychologists take children's art seriously as the expression of feeling. Your child can work off his anger without danger to himself or to anyone else by painting a battle scene. And he can express quiet satisfaction in a crude but vivid sunlit landscape. Such free expression of feeling is an important part of healthy emotional growth.

"Constant helpful or critical comment about your child's art work is not only unnecessary, but undesirable. He doesn't care whether or not his 'house' has the proper perspective or the right number of windows — or even whether it looks like a house at all. The important thing is for him to paint or model as he sees and feels.

"Even constant praise will tend to make your child self-conscious and will lessen his spontaneity. The most convincing and meaningful appreciation of his work will be in your actions. Tack some of his more colorful paintings on the walls of his room. Encourage him to make Christmas or birthday cards for his friends — and then see that they get in the mail. Use his rough clay ash tray after it dries.

"As your child approaches his teens, he will, if his interest in art lasts, want direction and technical skill. His best preparation for both is the spontaneous and joyous creative urge to paint.

# Rainfall Helps Major Portions Of The County

Something more than half of the fields in Floyd County have good planting seasons this week, following a storm period that lasted Saturday through Tuesday, and other portions of the county had from a fourth of an inch of moisture up to an inch and a half.

The reports of good planting seasons include practically all of the north half of the county, including

# Baptist Library, Named for Norma Allen, Dedicated

Sunday, May 27, at 11:00 a. m. the First Baptist Church dedicated the Norma Allen Memorial Library.

H. G. Barber read the scripture reading taken from Psalms 119:150-112.

Following this was the responsive reading in which the people dedicated the books to be used for the glory of God.

Mrs. Edna Phillips, Sunday School teacher for Norma at the time of her death, led in a dedicatory prayer.

The choir sang "The Battle Hymn of the Republic" and Myron Kattner sang "The Holy City."

Dr. Allen brought the library dedicatory message.

After the services were dismissed the people were shown through the library. The library now consists of more than 800 books.

**MRS. R. I. TEEPLE DOING FAIRLY WELL, FAMILY SAYS**

Mrs. R. I. Teeple, who underwent surgery last Wednesday morning at Northwest Texas Hospital in Amarillo, is reported by relatives of Floydada to be doing fairly well. They think Mrs. Teeple will be able to go to the home of her daughter, Mrs. Vern Nelson, in Amarillo tomorrow.

Mrs. Milton Terry, daughter of Mrs. Teeple, of this city is staying with her mother during her illness.

Tom and Bob Oliver, of Waco, brothers of Mrs. Teeple, have been with her since last week but returned to their homes yesterday morning.

### Rainbow for Girls Fete Miss Foster

LOCKNEY — Miss Betty Jean Foster, Worthy Advisor of Rainbow for Girls, was honored at a meeting last Monday night as her term of office draws to a close.

Under the leadership of Gayle Rucker, gifts were presented to Betty Jean in appreciation of her work as Worthy Advisor. Charlyne Brown

made the presentation for Lockney members while Beth Wilson represented Floydada girls. Kay Golden made the Assembly presentation. After each presentation a verse of Betty Jean's chosen song, "Give of Your Best to the Master" was sung by Elaine Cooper. Amid tears of happiness, Betty Jean expressed her thanks to all those who had helped her during the year, including her parents, Mr. and Mrs. E. J. Foster.

### Nellie Ruth Neff Jack Johnson Are Married Saturday

Miss Nellie Ruth Neff, daughter of Mr. and Mrs. Buel Neff of the Lakeview Community, became the bride of Jack Johnson, son of Mr. and Mrs. Arthur Johnson of this city, Saturday evening at 8 o'clock in the New Salem Baptist Church, Floydada.

Elder Willie Fox, pastor of the Primitive Baptist Church, Amarillo, read the ceremony as the couple stood before an altar banked by baskets of glads and candelabra.

Mrs. Farrell Johnson, sister-in-law of the bridegroom, attended the bride as matron-of-honor. She wore a dress of pink taffeta, fashioned after the bride's dress. She wore a corsage of white feathered carnations.

Given in marriage by her father, the bride wore a dress of imported white lace over taffeta designed with a high neckline framed by a Peter Pan collar and featured a fitted

bodice. Her veil of silk illusion was joined to a bandeau of pink roses. She carried a white Bible topped with white feathered carnations and pink rosebuds.

Miss Patricia Ann Neff, sister of the bride and Mary Elizabeth Wright, cousin of the bride, served as candlelighters. They wore identical dresses of pink trimmed in lace and satin.

Farrell Johnson served his brother as best man. Following the ceremony a reception was given in honor of the couple. The bride's cake was the shape of an open Bible decorated with pink roses and wedding bells.

Mrs. Johnson is a graduate of Floydada High School with the class of '56. The bridegroom is a graduate of Mountainer, N. M. High School and is attending Texas Tech College, Lubbock.

**GRADUATED AT McMURRY**  
ABILENE — Elizabeth Ann Tannahill of Lockney graduated from McMurry College May 28 in the school's 32nd annual commencement exercises. She is the daughter of Mr. and Mrs. Ernest Tannahill of Lockney.

MRS. WILTON GREEN (Betty Martin)

the hands. The fitted bodice was shirred over the bustline and terminated with a point at the center front waistline. From this stemmed a voluminous waltz-length skirt.

Made of lace fully shirred with stiffened lower edge, the immense fullness of lace, net and taffeta was emphasized by crinoline worn underneath.

Her short circular silk illusion veil was joined to a lace cap outlined with tiny pleated ruffles held in place by seed pearls. She carried a white prayer book topped by a white orchid with blue and silver satin streamers.

Following the ceremony a reception was given in honor of the couple by the bride's mother in the church parlor. The bridal table was laid with a lace cloth and centered with an arrangement of white carnations flecked with blue. From a crystal bowl blue punch over dry ice was served by Mrs. Fred Marble and the three tiered wedding cake was served by Miss Sue Baker. Miss Marcelita Green, sister of the groom of Lubbock, presided at the guest book.

For a wedding trip to Ruidoso, N. M., the bride chose a navy blue fitted suit with navy and white accessories. She wore a white orchid corsage.

Mrs. Green is a graduate of Floydada High School and she attended Hardin-Simmons University and Texas Tech College. She is currently employed by the Baker Company in Lubbock.

The bridegroom, also a Floydada High School graduate is a junior student at Texas Tech College and employed by A & C Pump Company in Lubbock.

The couple are at home at 2206 14th Street, Lubbock.

### Couple Will Take Vows June Tenth

Miss Gayle Clark, daughter of Mr. and Mrs. L. L. Clark Jr. and J. E. Waller, son of Mr. and Mrs. H. S. Waller, will take their wedding vows June the tenth at five in the afternoon at the First Methodist Church.

Rev. Newton S. Daniel of Andrews, uncle of the bride, will perform the ceremony.

Friends and relatives of the two families are cordially invited.

**MRS. WAYNE FINLEY IS BLUE BONNET CLUB HOSTESS**  
The Blue Bonnet Needle Club met Thursday afternoon in the home of Mrs. Pete Kendrick with Mrs. Wayne Finley as hostess.

Following the business meeting an afternoon of sewing and visiting was enjoyed.

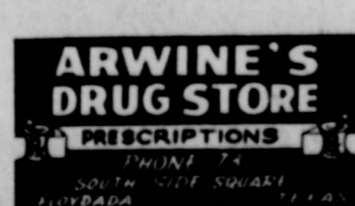

Refreshment plates were served to Mesdames Oliver Allen, Everett Collier, Luther Dorrell, Dennis Dempsey, Floyd Fuqua, Carl Jarrett, Pete Kendrick and the hostess Mrs. Finley.

The next meeting will be June 8 with Mrs. Everett Perry as hostess.

## ★ ★ ★ ★ ★ VIEWS AND COMMENT

**The Hesper, 1930.** How we come to have them we do not know. But we do have four copies which we offer for sale at the keep-sake price of \$5. If we make any sales the money will go into the annual fund of Floydada High School. With changing years and changing outlooks the school's annual has come to be known as "The Whirl." But the old Hesper tells the same story of the youth of that date as the new one tells of the current crop. If you're interested you are much interested. If not interested you are not interested at all.

**Auto and farm machinery** workers, having priced themselves into a "bind", with prices higher than the public approves, are now wondering how their "guaranteed annual wage" contracts are going to work out. Public disapproval is slow to build up but it makes itself felt mightily when the time comes.

**However, the steel people** have not seen the point as yet and are planning another round of raises. It is not necessary to argue the rights and wrongs of things of that kind. Common sense would tell one that you can get your prices too high and fall flat of your kisser when the public finally comes to the point it will not go along with you.

**Congressman Poage, Waco,** says the new farm bill, the one the president is going to approve soon, is not the second best bill passed by congress. It is probably the third or fourth best. However, it is the best the agriculture committee can get passed. He recently sent out a letter to newspapers of the state in which he pointed out the good and bad features of the new bill. Even in the congress you have to do the best you can do. You have to get along with other people.

**The children who behave themselves** reasonably well do not make the news. What they do is the normal. It is the other small percent of the youth population that get the attention. All the stories about delinquents, however, have gotten on the nerves of the well-behaved youngsters and they wish "something would be done about it." At a teen-age it is small comfort to be told that virtue is its own reward. Very true but not very satisfying.

**Rules of the Game.** They have all the usual rules in the Texas Prison System Baseball League and a few ground rules besides. For instance a team is disqualified when one member attempts an escape. Also unsportsmanlike conduct puts you out of business, if it is a major infraction. And of course riots are out of the question.

**What the future may have for the dairy producer** in West Texas is somewhat problematical, but as of the moment the dairy man ought to be sitting on top of the world, what with reasonable priced hay and other feeds more in line than formerly. A fifty-cow dairy plant right now ought to be mopping up, as the slang expression goes. It was high-priced and hard to get feed that put a good many dairies out of business in the five year period since 1950. That is one of the reasons even dairy-minded farmers will be slow to get back in the groove.

**An increase in the size and number of commercial laying flocks in Texas** indicates a trend toward a higher percent of high quality eggs reaching the consumer. In commercial producing areas, the trend is definitely toward the marketing of all eggs on the basis of grade, says John G. McHaney, extension economist and F. Z. Beanblossom, poultry marketing specialist.

**Rural churches are playing an important role** in the community improvement programs of the state. Rural pastors are working closely with local county extension service agents in rebuilding community spirit and fellowship.

**The Supreme Court could help the packers** a lot if the high tribunal would come up with another one of its famous decisions restricting the rights of the people. Only real competition the packers have left is the family food locker. There is no law now that a family can't freeze and store its own meat supply and such other foods as are available. But by the help of the changing times and the operations of the Pure Food and Drug administration the butcher who once bought his own meat on the hoof and retailed it through his retail place is as extinct as the dodo. The congress meant well when they set up this Food and Drug agency to protect the health of the nation. It has been the "rules and regulations" and the little tyrants who administer them that have squelched the local butcher, and made it tougher on the baker and the candlestick maker. The court might well consider the matter of the home food locker. Who knows the family provider is handling the meat as it should be? Why not have a decision of the court protecting the family against itself? Silly? Not at all. The court had just as well make the people over in one way as another.

## Wiley Hunting More Vegetable Acres in Area

**LOCKNEY** — M. W. Wiley said last Wednesday that he is seeking farmers to plant more than 2000 acres of vegetables in this area. He said that shippers which he represented will furnish the seed and labor for harvesting as well as advice on planting, cultivating, spraying and fertilizing.

**Mr. Wiley said, "We want 1000 acres of carrots, 600 to 800 acres of cabbage, 400 to 500 acres of tomatoes. We feel that the potential for vegetables in this area is great. We don't make a lot of promises but we honestly believe the farmer will make as much or more net money on vegetables as he will on maize and it will not be near as hard on his land."**

**Farmers in Hidalgo County** where vegetables are grown quite extensively, and also cotton is a large crop, expect to net from two and a half to three times as much money on vegetables as that of cotton, long staple cotton at that.

**Mr. Wiley seemed to be especially sold on the carrot crop. He pointed out that the nation's average daily consumption of carrots is 135 train car loads.**

**He said that his firms had 200 acres of onions in the county and that the total onion crop in the county is 600 acres.**

**He is offering farmers contracts at this time on all the vegetable crops mentioned above. The seed is on hand here ready for planting, he said.**

**"Cooking Electrically, I can depend on good results everytime!"**

says **MRS. LANDON DONNELL,**  
224 N. E. ALPINE DRIVE, PLAINVIEW, TEXAS

Electric cooking — and only electric cooking — with its pre-set, perfectly controlled temperature can guarantee the good results every time demanded by outstanding homemakers like Mrs. Donnell.

And only electric cooking combines perfect results with perfect styling. As Mrs. Donnell says: "Convenience and space-saving features, plus contemporary styling, led us to choose a built-in electric range when we redecorated our kitchen." Mrs. Donnell, incidentally, has used an electric range for several years. Her new built-ins are just modernizing the modern for her, so to speak.

Mrs. Donnell's new electric surface units fold into the wall when not in use — providing extra counter space. Only super-safe electric cooking could offer this fold-away feature.

Accurate, modern, space-saving and safe. These tests or any other that you might choose can be met best when they're met by an electric range. Try one and see.

## Junior Hi PTA Organized With High Interest

Last week's meeting of interested parents, teachers and students of the new junior high school due to be put into operation this fall, was attended by 95 adults and 60 pupils, indicating unusual enthusiasm for a new school project.

Myron Kattner led the big group in singing to open the meeting, at which Mrs. Sam Spence presided.

A. W. Coltharp, who will be principal of Junior High, made the planning committee's report and Mrs. Wilson Edwards the report of the nominating committee.

Mrs. Lee C. Goughly officiated at the officer installation ceremonies.

The purpose of the meeting was to form an organization to include parents, teachers, and students in the new Jr. High School and to elect officers to serve the organization. It was the decision of those present that an organization be formed to be known as the Parent, Teacher, Student Association of Floydada High School. And that this organization would stay within the regular P.T.A. However it would be separate and apart from the present P.T.A. of Andrews Ward School.

**OFFICERS ELECTED** were: President, Rush Wheeler with Mrs. Rush Wheeler to serve as Co-President; Three vice-presidents, one from each of the Jr. High grade levels—Eighth Grade, Mrs. Wayne Baker; Seventh Grade, Mrs. Sam Spence; Sixth Grade, Mrs. W. W. Trapp; Secretary—Mrs. G. W. Switzer; Treasurer—Mrs. J. D. Parks.

Many new ideas were brought out in the discussion and in the recommendations of the committee who has been investigating as to the type of organization that would best serve the needs in Junior High School.

At this time no committees have been appointed nor any definite plans made by the newly elected officers, but the help, advice and cooperation of all the parents, teachers and students will be needed to make this new Parent, Teacher, Student Association a success, the officers pointed out.

**STUDENTS FROM** each of the home rooms of the present Fifth, Sixth and Seventh grades were selected by the students to assist with the hospitalities of the meeting. Students serving as ushers, assisting with the registration, and assisting with the serving of the refreshments were:

- 7-A Grant Trent, Tiny Copeland;
- 7-B Joe Edd Viney, Sue Anne Reue;
- 7-C Gene Franklin, Sally Parks;
- 8-A Frank Barrow, Pattie Patrick;
- 8-B Rodney Teague, Mary Kay Asher;
- 8-C Don Switzer, Nita Faye Goughly;
- 5-A Fred Thayer, Linda Robertson;
- 5-B Denny King, Janice Trapp;
- 5-C James DuVak, LaJuana Rimmer.

**THE REFRESHMENT** committee members for the meeting were Mrs. Billy Henry, Mrs. W. F. Patrick, Mrs. Lee C. Goughly and Mrs. J. D. Parks. Others helped with the refreshments but their names were not available.

Mrs. Orville Marler was in charge of registration. She was assisted by the fifth grade students.

The Sixth and Seventh Grade girls assisted with the serving of the refreshments.

Movies were shown by Coach Tyler to the students and other children in the study hall during the business meeting.

Parents and teachers present at the meeting:

Messrs. and Mmes. Paul Sparkman, W. F. Patrick, Rush Wheeler, Harold Christensen, F. P. Sharnan, Ray Lloyd, Truett Smith, E. L. Ginn, L. F. Others may have been present but failed to register.

Students attending the meeting were: Tiny Copeland, LaJuana Rimmer, Don Switzer, Janice Trapp, Fred Thayer, Sue Anne Reue, Kay Asher, Carrie Thayer, Lynn Jackson, Don Patrick, Evelyn Patrick, James Barrow, Frank Barrow, Rodney Teague, Barbara Darden, Carolyn Day, Diane Sharnan, Ronnie Day, Dale Newberry, Melinda Barker, Don Lloyd.

## Perfect Record of Attendance At Council Meet

Every home demonstration club in Floyd County was represented at the May County Council meeting, 30 members being on hand and five visitors, with Mrs. Grigsby Milton presiding.

A very entertaining reading was given by Kenneth O'Neill.

Mrs. Tom Porter read a letter from Miss Lucille Moore, who will conduct a recreation school at Post, July 17 and 18 and one at Morton, July 19 and 20. Four women from each county may attend if they will be present for all four sessions of the school.

The National Home Demonstration Council and state conventions were discussed. The convention will meet Sept. 24-28 at San Antonio. Delegates are to be elected in clubs in July and delegates names brought to the council.

**LAKEVIEW** Club furnished the exhibit for council room, which featured outdoor cooking.

Mrs. Elmer Norrell stated the commissioners court informed her the council room is assigned to home demonstration women, but it may be used for other activities.

The Swap Shop at Ft. Worth was attended by Mrs. Loyce Turner and she gave an interesting report. Floyd County home demonstration women will hold their Swap Shop, May 31, at the V.F.W. Hall at 10:30. Plans for lunch will be sent to club presidents. This is open to all home demonstration women.

Council members voted to give a book to the library in memory of Judge W. E. Grimes.

A Floyd County program planning committee is being formed. It will consist of men and women from all parts of the county. About 40 people will be a part of this committee. Mrs. Raymond Teeple was elected to represent the council on this committee. Purpose of this committee is to study the entire county and formulate programs for home economic and 4-H programs, and inform agents how to make-out programs.

Mrs. Brummett stated each club should have a club constitution and by-laws. Each club must make these and work them out in their club.

#### Sealing As Control

Vincent Schaefer, became interested in the possibility of suppressing hail and lightning by this method. Lightning and hail occur in the same general type of storm which may grow into a tornado. These storms come from the immense blue-black thunderclouds that tower far above the freezing line into the atmosphere for as much as nine miles or even more.

When water-vapor condenses into a cloud, it gives back to the atmosphere the heat-energy that turned it into vapor in the first place. Such energy is enormous. Even any small thunderstorm represents the energy of several atomic bombs. This energy is discharged in lightning, or in rain.

If such a cloud "cannot rain," but builds up in bellowing anguish to great heights, it may result in destructive hail or lightning, tornadoes—or all three.

Experiments have shown that cloud seeding induces rain or snow more quickly than under natural conditions. Thus seeding may cut down cloud growth, and the menace of the following clouds.

This, and other possibilities, are being studied by the U. S. Committee on Weather Control. We are still a long way from "ready-made weather," but the reduction of natural disasters may not be too far in the future.

**ENEMY TERRITORY:** A man was perched atop a building in a large southern city and it looked like an attempted suicide. A policeman made his way to the roof to persuade him not to jump.

"Think of your mother and family," pleaded the law.

"Ain't got any."

"Well, think of your girl friend."

"I hate women."

"All right," said the cop desperately. "Think of Robert E. Lee."

"Who's he?"

"Jump, you durned Yankee."

### What to WATCH for when selecting the most modern truck for your job!

If you're in the market for a new truck, you can start your "shopping tour" right on this page! The salesman shown here is pointing out modern features that increase efficiency on the job and give you more truck for your dollars.

So take a moment to follow him around in this on-paper demonstration. Then you'll know what to look for—and you'll find it right here, at your Chevrolet dealer's!

**WATCH for advanced Work Styling**  
The long, low, forward-sweeping lines of new Chevrolet trucks provide modern truck beauty that's good advertising for your business. Each weight class has its own distinctive styling.

**WATCH for Ball-Gear steering**  
Modern Ball-Gear steering, featured in all Chevrolet Task-Force trucks, makes your job easier at every turn! In this precision steering gear, scores of polished steel balls minimize steering friction.

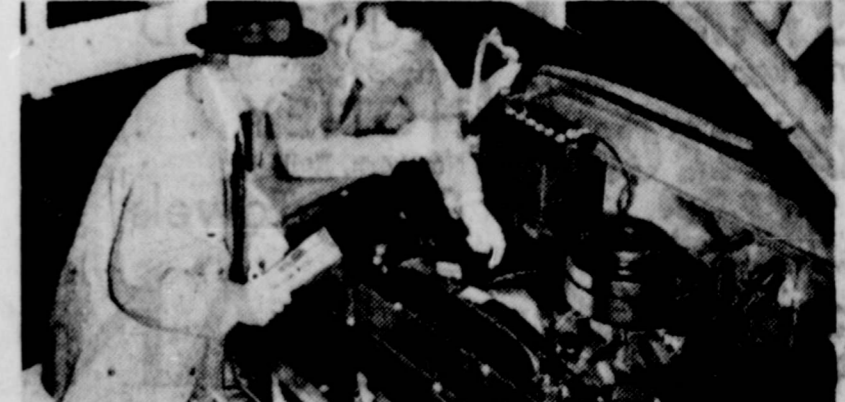

You'll find modern features everywhere! For example, there are famous Chevrolet high-compression 6's—the world's most popular truck engines! A great new 5-speed transmission, optional at extra cost, handles tough jobs with ease in a wide range of models. New

**WATCH for modern cab design**  
Chevrolet truck cabs offer greater comfort, panoramic windshield for better vision and modern concealed Safety Steps.

**WATCH for automatic transmissions**  
In 3000-4000 Series models there's famous HYDRA-MATIC. And for 5000 through 10000 Series models there's exclusive, revolutionary POWERMATIC! Both are extra-cost options.

**WATCH for modern short-stroke V8's**  
There's a new V8—either standard or optional at extra cost—for every model. They're compact, efficient engines, too—the leaders in their respective classes for horsepower-per-pound!

Triple-Torque tandem options for heavy-duty trucks hike G.V.W.'s up to 32,000 lbs. . . G.C.W.'s up to 50,000 lbs. Certainly, there are many things that point up Chevrolet truck modernity . . . many reasons why anything less than Chevy is an old-fashioned truck!
