The Lockney club 4-H members consisting of Steve Bell, Carolyn Bell, Louise Jones, Larry Golden, Nancy Bollman and Gregg Williams won a red ribbon in the Share the Fun Contest.

Junior Poultry Marketing Demonstration, Beverly Pierce and Becky Miller, Sand Hill won second.

Junior Vegetable Preparation and Use team demonstration Judy Bullock and Elaine Starkey, Sand Hill won second.

"We feel that the leaders who trained these teams should be congratulated on the fine job of training these boys and girls," said County Agent Cecil Lewis.

W.A. Feuerbacher Named To Succeed Lewis Norman

Tuesday night the city council named a successor to Lewis Norman as city secretary. He is William Alvin Feuerbacher, of Plainview, employed to begin work on Monday of next week when he will make bond, be sworn in and take over the city's books.

The new council was faced with a dilemma on the very first night of the current administration a month ago, when the veteran City Secretary Lewis Norman collapsed while at work with the council. He has been gravely ill since and in a coma most of the time. He suffered a cerebral hemorrhage. His condition apparently has been little changed since he was taken to the hospital.

Feuerbacher is a native of Shattuck, Okla., 32 years of age, married, has two children. He has been in business in Plainview since 1952, except for two years spent at Texas Tech.

A graduate of Plainview High he also attended Wayland Baptist College and Watson's Business College before serving two years in the army from 1950 to 1952.

His affiliations include the Methodist church and the Lions Club. He was a member of Delta Sigma Pi, business fraternity at Tech.

He has good references and the council anticipates he will make the city a good man. His salary will be \$400 per month.

The city had to have a man for the place, the council felt, with urgent duties now pressing, regretfully bowing to the fact that Secretary Norman's illness is such that no date can be set for his return to duty. His illness is expected to last for two days, Thursday and Friday, May 18, and 19, will be set aside for spokesmen representing new growers and new areas in the continental United States.

This information was relayed this week from the Washington office of Congressman George Mahon. After opening the sugar hearings, Chairman Cooley said the Committee will return to consideration of the Administration's farm bill which is the subject of hearings now being held before the Committee.

Representative Harold D. Cooley, Chairman of the House Agriculture Committee has announced hearings on a new long-range sugar bill will begin Thursday, May 18, and that the first two days, Thursday and Friday, May 18 and 19, will be set aside for spokesmen representing new growers and new areas in the continental United States.

This information was relayed this week from the Washington office of Congressman George Mahon. After opening the sugar hearings, Chairman Cooley said the Committee will return to consideration of the Administration's farm bill which is the subject of hearings now being held before the Committee.

Hearings on the farm bill are being recessed for the week beginning Monday, May 15, so that the Gatherings Subcommittee on Equipment, Supplies, and Manpower may conclude its study of high farm machinery costs and high farm machinery costs and the start of the sugar hearings. The Gatherings Subcommittee will hold its hearings on Monday, Tuesday and Wednesday, May 15-17.

In announcing the opening of sugar hearings, Chairman Cooley said he wanted to make it clear that the farm bill is the pending business before the Committee and that the scheduling of sugar days of consideration on the progress will depend upon the progress made in hearings of the farm measure. He said that the resumption of sugar hearings would be announced as far in advance as possible of the hearing date.

Dysons Adding New Department At Modern Shop

Modern Shoe Shop in Floydada will celebrate their 11th anniversary starting on Monday. Bob and Winnie Dyson, operators of the firm and Carroll Sims, staff member, are now busy getting things in order for the celebration.

Dyson said this week he is planning a big stock reduction sale in the western wear department to make more room for Mrs. Dyson's new gift department. Shoppers will find big bargains in such items as western shirts and trousers, children's boots and many other items.

Modern Shoe Shop opened for business in Floydada at the present location, 294 1/2 South Main Street, 11 years ago. The firm has specialized in shoe and boot repair, leather work, and has carried a fine line of western wear including boots and other foot wear as well as shirts, trousers, jackets and the like.

Carroll Sims has been with Modern for three years now devoting most of his time to the repair department.

New at Modern is Mrs. Dyson's gift and hobby department that is fast growing and demanding more space. This stock includes plaster decorator items, plastic molds for making same, paints, glazes, glitter, stains, frames, foam rubber in colors and many more of the necessities for the line of hobby work.

Present plans call for starting classes for learning to make and finish these decorator items in the very near future.

Grain Feed Payments Adding Quick Income

Probable Sign Up Estimated 70 Per Cent

A financial shot in the arm for farm operators in Floyd County is being provided by the Grain Feed Law payments that are moving out of the ASC office into trade channels this week.

An estimate yesterday from a usually reliable source indicates that the payments are just about equal to the high expenses incidental to getting crops planted and under way.

While farm expenses go into orbit in May and usually result in lower bank deposit levels, the impact of the expenses is being offset this year by the ASC payments to a considerable extent.

The ASC office pays off half of the amount of the claim at the time an application is filed. About \$250,000 has been paid out already on the program in this county.

The final date to prove up on a record that will entitle a Feed Grain grower an increased payment rate over the county average under the new law and amount to go in the CCC loan is tomorrow, Friday, Thos. J. Hutchins, ASC office manager reminded farm operators this week.

The procedure is simple: "If you have tickets or can get proof of your 1959 and 1960 production, your productivity index will be increased in the amount you can prove."

About 250 claims have been filed to date for higher production, Hutchins said.

Monday was the biggest "sign up" day to date, when 102 signatures were affixed to applications to participate in the 1961 Feed Grain program. About 350 applications in all had been turned in Tuesday.

This week it was being estimated that 70 to 75 per cent of the 1,400 farm units in the county with a grain feed history would be signed up under the new law.

Office Quarters Enlarged

The rearrangement of the offices in the Agricultural Building were about completed yesterday, except for lighting and painting.

Rearrangement of entrances and hallways by the county without increasing the actual floor space is giving the added room, not so much in anticipation of increasing the working force as for providing more space for the workers already on the payroll, Mr. Hutchins said.

Mixed Reports On Cotton Crop

Mixed reports on stands from early planted cotton fields were coming in this week from over Floyd County, said County Agent Cecil Lewis yesterday.

Some planters do not have a good stand and fear their ground has dried out so that they won't have a stand without replanting. Others have cotton up to a stand and looking good.

Cool mornings and occasional high winds are adding to the farm operator's problems.

Mr. Lewis said he would have 15 to 20 fertilizer demonstrations in various parts of the county this year on cotton and maize.

Slate Concert By School Bands At Auditorium This Friday Night

Floydada Public School bands "Proudly We Play," a march sensation, beginning with a concert Friday night followed by Medallion Overture, "Ambariarea," a Spanish march, "Tocata For Band," a piece from Exodus and "Little and Apache." Then will follow a performance in which the 15-Sports Car.

The senior band, 70 in number derful Year," and the Broadway

will have a rather ambitious pre-musical hits.

Named to serve with the new First Christian Church in Floydada, was elected president of president were Henry Ewing, Whirlwind Band Boosters Club at first vice-president; Marion Tucker, Monday night meeting. Fullerton replaces J. E. Elza who has resigned and Mrs. Dennis Dempsey, secretary and treasurer.

Mrs. Jim Word, retiring secretary-treasurer gave a report of \$3,108 earned in the year just past and of retiring the uniform debt which had hung over the club some three years or more.

A proposed budget this year probably will be set at around \$2,500, main sources of income to be from concession stand proceeds and individual membership card sales.

No business membership drive is being planned and local merchants are promised a rest after seeing the organization through some trying years.

An appeal was issued by outgoing president Elza for band students and parents who have white band coveralls not now in the band locker room. These coveralls were purchased by the students several years ago and must have been offered area shoppers.

The committee leaders have great value to the younger and several good ideas of their own to present and with wider participation the meeting promises to be a lively one.

On May 12 league officials plan to answer a request from a neighboring town that wants to enter a team in the local league. Action to be taken on the request will be based in part on the number of local boys interested in playing, number of teams to be formed and problems of scheduling involved.

Awarded Fellowship By Journal

B. J. Eudy, a Floydada High School graduate, has been awarded a fellowship by the Journal of the University of Texas.

Bishop Motor Company Gets Recognition

Ford Motor Company has honored Bishop Motor Company with the Ford Dealer Distinguished Achievement Award in recognition of progressive management, modern sales and service facilities, high quality standards and continuing interest in rendering superior service to Ford owners during the year 1960.

J. B. Bishop received notice of the award in the past week. A comparatively few Ford dealers over the nation receive such an honor and Floydada motorists are indeed fortunate to have such a dealer in their own home town. Ford Motor Company declares Bishop modestly tried to duck any part in earning the certificate pointing to the team work of the entire staff at the Ford house as being the ones to deserve such recognition.

Congressional Sugar Hearing May 18 and 19

Representative Harold D. Cooley, Chairman of the House Agriculture Committee has announced hearings on a new long-range sugar bill will begin Thursday, May 18, and that the first two days, Thursday and Friday, May 18 and 19, will be set aside for spokesmen representing new growers and new areas in the continental United States.

Local Students Win At Austin

All three of the Floydada High School students entered in the state meet placed high to bring honors to themselves and to their school. Big winner in the inter-scholastic competition was typist Rita Colley who took first place in the typing event for class AA schools.

Rita's score for the 10 minute speed test was 59 words per minute with 1 error for a score of 157.47 percent. She was awarded a gold medal and a certificate for the first place victory and her school received an engraved plaque for the feat.

Two members of Coaches Tyer and Curry's FHS track and field team also brought home ribbons for their efforts.

Half-mile Ted Allen ran a fine 1:57.8 in his 800 dash to take second place in that event.

Tommy Ogden tied for third in the high jump with a leap of 5 feet 10 inches.

Both boys had turned in better marks during the season, but found the big meet a little different than those held in West Texas.

Jumpers found an asphalt packed runway to the pit and in the half mile the contestants ran from a staggered start to hold their lanes for the entire first lap before breaking to the inside. The latter was new to Allen and his coach and threw their pacing of the race off. Both boys made fine marks, however, and pleased everyone except the boys themselves.

Honor Students At Lakeview School

Honor graduates of Lakeview average of 94.6 and Kenneth has an average of 93.6.

The graduation exercises will be held May 19 at 8:00 p. m. in the Lakeview Auditorium.

Everyone is welcome.

Guests and members of the club were welcomed by club president, Mrs. Claude Weathersbee. Members answered roll call by introducing their guests.

Who else can bring you more grief, joy, irritation, satisfaction, embarrassment and genuine delight. She can muss up your hair, your hair and dignity, spend your money, your time and temper, and just when your patience is ready to crack, the sunshine peeks through and you're tumbled down she can climb up on your knee and make you feel like a queen when she whispers, "I Love You Best of All."

Was a "War Baby"

Mrs. Morckel continued that our Woman of The Year was no exception during her years of growing up. She was a "war baby" and her mother was busy with Red Cross work right up to the time the little boarder arrived.

The honoree went through a normal childhood, enjoying pranks and was full of questions. Time passed and she gained many friends, she went on to college, using a scholarship for the first year which was given her at the time she was born by Dr. Hardy of Mary Hardin-Baylor College. She went to Wayland the second year where her mother was a trustee. Her last two years were at Baylor.

She worked at Reese Air Force base later where she met Major Ralph C. Johnston, who was to become her husband.

Mrs. Johnston was born Emma Louise Smith, in Floydada. She is the daughter of Mrs. Lon V. Smith of this city and the late Dr. Lon Smith.

Graduate of Baylor

She is a graduate of Baylor University and an active worker at the First Baptist Church. She and her husband were married on July 12, 1945. The couple have three sons, Ralph Jr., Lon Ben, and George Harvey.

Besides teaching a Sunday School class, Mrs. Johnston is a member of the Women's Missionary Society, chairman of Community Missions of the Caprock Association and a member of the 1934 Study Club. She at one time served as county clerk, filling an unexpired term, by appointment of the commissioners court.

MRS. GARLAND KEITH GLOVER (Edna Nadine Harris)

Harris-Glover Vows Said at San Angelo

Wedding vows were solemnized on Saturday, April 29 in San Angelo between Miss Edna Nadine Harris, daughter of Mr. and Mrs. William Harris, and Garland Keith Glover, son of Mrs. Garland K. Glover and the late Mr. Glover, formerly of Floydada, now of San Angelo.

The wedding was performed by Stanley Lockhart, in the Harris and Irving Street Church of Christ in San Angelo. Traditional musical selections were by Mrs. Cass Archer and Bryan Mahon, along with the church choir.

Mrs. Irving Davis Jr., of Dallas, sister of the bride, served as matron of honor. Other feminine attendants were Mrs. Ross Hornor of Odessa, Miss Annette Duncan and Denise Davis of Dallas.

The bride wore a ballerina length gown fashioned of Chantilly lace and tulle. The bouffant skirt of tulle overlaid tulle panels. Her waistline, A Sabrina neckline, edged in lace scallops, was highlighted with iridescent sequins and pearls. Her bridal veil was of silk illusion caught to a pearl tiara. She carried a cascade of white roses.

Brother Is Best Man

Kyle Glover of Floydada, brother of the groom, was best man. Groomsmen were Robert Talley, San Angelo, and Gene Dale Jackson, Abilene. Gene Lively, San Angelo, and Ross Hornor, Odessa were ushers.

The St. Angelus Hotel Green Room was the scene for the wedding reception which followed.

The couple are making their home at 2340 Abilene, San Angelo, where the bride is employed by General Telephone Co., of the Southwest and where Mr. Glover is a salesman for a barber and beauty supply firm.

Mrs. Glover is a graduate of San Angelo High School and San Angelo College where she was a member of Religious Council and Lambda Tau Sorority. Her husband attended school in Floydada, graduated from San Angelo school and college and also attended Texas Tech. He was a member of Alpha Phi Omega.

W M U Society "Sees" Africa

The Women's Missionary Society of the First Baptist Church met in the church Chapel Wednesday, May 3 for the regular monthly mission program.

The theme of the program was "Christ for West Africa" with Mrs. L. D. Simpson as program leader.

Mrs. Charles Craig led the group in singing "Oh Zion Haste".

The Calendar of Prayer was led by Mrs. Jean Law and Mrs. W. C. Sims voiced the prayer.

Mrs. Simpson introduced the program using the idea of visual aides and spoke of seeing Africa as an emerging nation, now on the bridge, disturbed and has become the walking giant.

At the front of the room was a large blank map of Africa. Mrs. Willie Bunch approached the map wearing glasses made of newspaper clippings and placed on the map an African map of Africa today and spoke of "Seeing Africa through eyes of news reporters".

Mrs. T. L. Holland, wearing rose colored glasses, placed a scenic picture on the map and spoke of "As seen by the travelers and tourists".

Mrs. O. F. Cummings, wearing green colored glasses, placed money on the map and talked about "Through the eyes of the American dollar".

Mrs. Bob Durham placed on the map a large picture of African people and spoke of "Through the eyes of the Christian Missionary".

Mrs. Simpson then asked "Can you hear Africa?" She then tuned in the radio for direct reports. Ladies off stage giving reports were Ghana, Mrs. Joe McIntire; New Guinea, Mrs. Dennis Dempsey; Nigeria, Mrs. Charles Craig; Liberia, Mrs. Joe Wilson.

As closing thoughts Mrs. E. D. Morgan spoke of "Can you feel Africa?" and Mrs. Simpson on "Can you help Africa?".

Twenty five ladies were in attendance.

Patrick Rucker Honored With Birthday Party

Patrick Rucker was honored with a birthday party Saturday in observance of his fifth birthday. A cowboy theme was used to decorate the cake which contained cowboys, wagons and other replicas of past events. This and punch were served to all the friends of young Pat, who came to wish him a happy birthday.

The party was held in the home of the honoree's parents, Mr. and Mrs. Ralph Rucker. Children were presented favors of balloons and whistles.

Attending were Mike Montgomery, Mike Hatley, Leonard and Karen Cox, Joe Nash, Danny Martin, Rita Fitzgerald and Leslie Simmons.

Wife of Astronaut Shepard Has Birthday Party

The wife of Astronaut Shepard has certainly set an example for us earth-bound spouses who scream to high heavens every time the man of the house comes to a traffic intersection. Danger is a relative thing. And a woman who has lived closely with it for many years as her husband tested various experimental air craft, could doubtless build up a philosophy for this historic occasion.

Evidently for her, this wasn't the "first American into space" so much as "Alan on another pioneering flight for the government." Had his Mercury capsule failed to perform properly, he would have been no more completely obliterated — as far as his family was concerned — than if a B-47 had cracked up. Having

Club Hears Talk From Reeves On Civil Defense

Mrs. Henry Barber was hostess Tuesday night of last week for the programmed meeting of the 1934 Study Club, with Mrs. Howard Gregory presiding.

Roll call was answered with an item to include in a defense or disaster kit, pertaining to the theme for the evening, "Constructing bridges of local defense."

The program brought by Motley County Judge Elbert Reeves, was highly educational and interesting. It consisted of community planning for disaster relief and civil defense in the home, after which Judge Reeves showed a film. He was accompanied to the meeting by Mrs. Reeves, and introduced by Mrs. John Moss.

Those present included the hostess, the guest speaker and his wife, and the following members: Mmes. Ralph Cogdell, Dennis Dempsey, I. T. Graves, Howard Gregory, L. F. Gresham, Homer Guffee, J. S. Hale Jr., John Hoffman, Tom Hutchins, Ralph Johnston, L. F. Martin, M. J. McCrossen colored glasses, placed a scenic picture on the map and spoke of "As seen by the travelers and tourists".

Mrs. O. F. Cummings, wearing green colored glasses, placed money on the map and talked about "Through the eyes of the American dollar".

A SKILLFUL OPERATOR

The more we see of the way Mr. Blakley operates, the more we respect his abilities. Naturally, it can be assumed by one and all, that we will support the Democratic candidate against his Republican opponent, excellent gentleman though the latter might be. So our admiration for the tactics he used in the first special election that got him into the run-off makes us feel that he will be equally adroit in the run off. Already he has done the right thing at the right time to get votes. And there is quite a string of votes to be had by one or the other of the candidates. In all the two together got 518,196 votes in the first race. But 523,998 ballots were cast against both of them. We are confident Mr. Blakley will out-manuever Mr. Tower in the bid for this support.

THEY HAD A HARNESS CUTTING

Splash! Splash! The college kids who turned Galveston's Spash Day into a mad house, didn't prove anything except that they are sons and daughters of parents who were boys and girls once and cut up according to the means they had and the opportunities. A generation or two ago this 1961 set of hell raisers would have been principals in the harness cuttings and buggy wheel changing that often marked country singings in Texas.

LAWBREAKING WAS PERSONAL

In that earlier Texas day the law was feared in a more personal way than nowadays. For instance, a kid whose exuberance got him into an escapade was sure to be investigated by the grand jury. A good many times such an occurrence resulted in an 18-year-old "running off from home," to get out of the jurisdiction of the county grand jury. In a few months, sometimes years, the "folks" would hear from the lad and he'd be all right, generally out west somewhere.

POINT OF VIEW HAS CHANGED

Nowadays the "law" as often as not, is threatened with reprisal if the boy's papa is sufficiently important in the community, and often means are taken to shush charges. The old man no longer believes in making his boy "take his medicine", and thus get a lesson in respect for authority. Instead he knows of an instance where some body else got by and he thinks his son should get by also.

THE MILL MAN'S DILEMMA

Cotton growers and the Department of Agriculture may finally get around to considering the advice of the manufacturer of cotton goods. For long the mill man has been obliged to buy cotton, the quality of which is "not based on the manufacturing potential but on the grade and staple." This may be news to the cotton grower in Floyd County and if it is news, perhaps he should begin to inquire around among the millmen. They are the customers to whom staple from our fields will go. In every avenue of endeavor the big question is whether or not the product will suit the intended buyer—in all except the cotton producing business. The mill men claim that the position of the mill is either ignored or neglected in both cotton production planning and ginning practice. This is a serious indictment, it seems to us. The mill men have a great amount of experience which should be considered in any cotton program. Also think on this: The domestic mill buyer has to stand aside and watch while foreign competition picks up American cotton about 25 per cent cheaper than it is available to our mills.

A perfect definition of erosion: A nine year old boy washing his hands. — The Times.

Floyd County 14 Years Ago

(Issue May, 1947)

Jno. A. Hollums succumbed to a heart attack early Tuesday morning at his home. Rites for the veteran real estate dealer were held in the Wall Street Church of Christ. He was born in Alabama and he and his wife, the former Maud Duncan, were married in 1908, two years after Mr. Hollums came to this county. Survivors include his widow and two sons, Duncan of Floydada and Douglas of Odessa.

News of the death of V. F. Hodges, 66, in Oklahoma City Friday night of last week was received here Saturday by Mrs. George W. Smith through Mrs. H. B. Callahan of Amarillo, a sister of the deceased. Mr. Hodges was at one time prominent in Floyd County and operated retail merchandising establishments. Visiting in Floydada on Mother's Day with Mrs. E. C. Henry were Mr. and Mrs. Pitzer Baker and son, Munday; Mr. and Mrs. Kenneth Henry of Vernon; Mr. and Mrs. A. P. Barker Sr. and son, Barry, and Mr. and Mrs. A. P. Barker Jr., and baby of Lockney.

Everett Warren was admitted to Floydada hospital this week to receive treatment for a broken arm sustained while cranking a tractor. Donnie Lewis, infant son of Mr. and Mrs. Jack Gidcomb, died Sunday and funeral rites were held Monday. The baby boy is survived by his parents, two brothers and a sister. The country home of her brother, Dr. I. J. Marshall of Roswell, N. Mex., was the scene for the wedding on April 19, of Vera Nelle Marshall, daughter of Mr. and Mrs. L. A. Marshall of Rio Ora, Calif., and William Robinson of Roswell. The couple will make their home in Roswell. Her husband is an assistant in the Chamber of Commerce office in Roswell.

Mr. and Mrs. A. T. Swepston who had quite a considerable wartime job handling their ranch and farming operations with so little help, have now found the time to take off for a few days of relaxation. They are vacationing along the Sabine River down in East Texas. Darrell Gene Bunch, son of Mr. and Mrs. W. H. Bunch, was brought home from a hospital in Lubbock this week where he has been for the past six days under treatment for pneumonia. He is improving.

There are 58 members of the graduating class from Andrews Ward this school term. Billee Newberry, daughter of Mr. and Mrs. Paul Newberry, has been named honor girl of the class with 96.1 average, and honor boy used to it. Do feel sorry for those around, who have been in the tornadoes. Hope they will not just keep on and on. Seems like they get worse and cover more territory every year.

HOMEMAKING HINTS

By Phyllis Roggendorff County Home Demonstration Agent

Wrinkle-Free Finishes As the temperature rises, so does the homemaker's weekly pile of laundry. But—thanks to new fabrics and new finishes on today's market—the weekly wash-load in most homes isn't what it used to be. Wrinkle-resistant finishes can help make summer clothes easier to care for in several ways. Treated cottons, linens, rayons, and nylons don't need laundering so often because they shed soil as well as wrinkles. When they do require laundering, they usually are easier to iron.

Some fabrics respond to wrinkle-resistance treatment better than others do. Light-weight cottons, such as voile and gingham, usually take the treatment very well. However, most treated rayons will show some wrinkles, and good-quality linens may wrinkle to some extent after treatment although they don't get a rumpled look. As you shop, you can test the effectiveness of a finish by crushing the material in your hand to see how well it resists wrinkles and sheds creases. Because these finishes vary in durability, researchers suggest that you look for a label stating that the finish is permanent.

Annual Reunion Plans Advanced

Final plans for the 37th annual Old Settlers Reunion are nearing completion with committees busily working against time. Less than two weeks are left before the big affair.

A meeting of the reunion committees was held Saturday with president John B. Stapleton in charge. Reports were heard from chairmen on their progress.

There will be one more meeting of committees before the all-day gathering on May 27. This meeting will be on Saturday the 20th of this month. Stapleton urges all concerned to be present in order to make sure the program is completely lined up as planned.

Indications this year point to a bigger parade than ever. There will be bands competing for prize money.

Riding Clubs Coming
Riding clubs will include two from Lone Star, one each from Matador, Plainview and Spur.

There are to be numerous community and commercial floats club and other organizations floats, bicycles, horses, old new cars and of course, where there are children, some pets.

Roy Childress, C. L. Anderson and Jack Henry, are heading the parade committee, also Henry has been called out of town due to illness in his wife's family.

The probability of his returning for the reunion is doubtful. Mrs. Henry is chairman of the Antique committee and has left this part of the program in the capable hands of Mrs. Sam Hale and Mrs. W. O. Tye.

Mrs. Hale has asked that anyone with antiques, "and you may find some lying in your back yard or in the attic", to please call her or Mrs. Tye. They feel that numerous articles are being missed which should be displayed during the reunion.

\$700 in Prize Money
Parade and platform prizes this year total over \$700. Prizes will be paid to first, second and third place winners.

Prizes are being offered for Pioneer Float, Commercial Float, Sheriff's posse or riding club; oldest man and oldest woman in parade; decorated bicycle; best dressed old time cowboy; best dressed old time cowgirl; Shetlands in parade; Sulky in parade; Junior cowboy up to 12; Junior cowgirl up to 12, and new additional prizes for Junior Riding Clubs and original Chuck Wagons.

The platform prizes will go to the oldest man and woman at the reunion. Antique window and style show awards also are included.

The finance committee is busy this week both in Floydada and Lockney, and the surrounding areas. John Stapleton is assisting M. P. Gown in Floydada, and Buck Sams and Bert Bobbitt are working Lockney.

To Feed Old Timers
A. T. Swebston, dinner chairman, reported at the meeting Saturday, that plans are complete for the feed on the day of the celebration. Old timers who have lived in the county fifty years ago or longer will be honored guests at the noon meal, served by a catering service.

The Style Show, which is being headed by Mrs. Q. D. Williams, is shaping up fine. Mrs. Williams said that the committee had asked "Miss Floydada", Carolyn Moore, to present awards for the fashion show and that she had graciously accepted. All judges for the event had not been selected.

AN 1898 PATTERN—Seen above are Mrs. Q. D. Williams, chairman, and two of her Style Show committee women, Mrs. Sammy Hale and Mrs. Kinder Farris. The three are looking over the skirt of a reproduction of an 1898 wedding dress which will be worn at the Old Settlers event by Edwina Overstreet. The copy is from an original worn by Mrs. Williams' grandmother, Mrs. C. R. Jones of Dumas and Vernon.

County Agent News
Soil Tests Vary Widely

About 400 soil samples have been sent in to the New Soil Testing Laboratory in Lubbock since January 1, as part of the 4-point Soil Fertility Program.

These samples show a wide variation in results. Some soils only have about one pound of phosphorus per acre while others test as high as 132 pounds of phosphorus per acre. The average in most soil test is 20 to 30 pounds per acre.

Organic matter varies from 3 per cent per acre to about 2.9 per cent per acre. Our soil tend to have a low organic content which is one of the reasons for good return from nitrogen.

Mr. and Mrs. Luther Dorrell are back home after a winter's stay in Port Aransas. The couple are glad to be back home after such a long absence. They plan to remain through the spring and Summer.

To The Citizens of Floydada

THE CITY COUNCIL FEEL THAT SOME THINGS SHOULD BE BROUGHT TO THE ATTENTION OF THE CITIZENS TO ENABLE THEM TO BETTER UNDERSTAND THE PROBLEMS WE HAVE TO DEAL WITH EVERY DAY.

The tax rate and the valuations on property in our city are very low in comparison to other cities our size for which we are proud, but if all the services we have are to be maintained we are going to be forced to look to some source for more revenue.

We believe the majority of the citizens of our city are proud of the many fine services we enjoy, a good sewerage system, a good water system (although strained to the limit to furnish all the water we need), a fine electrical plant, beautiful paved streets and many other good things which could be mentioned, but in order to maintain all these services we have to have finances.

While most people pay their taxes when due and pay their sanitary, water and electrical bills promptly there are some who persist in letting such things go unpaid. We do not wish to work a hardship on anyone but we are going to be forced to insist on tax and utility bills being paid. We cannot continue to furnish these services unless we collect for them.

To those who are lax in their tax payments, and those who ignore their light, water and sanitary bills, to those who protest and ignore the ordinance

WE EARNESTLY APPEAL TO ALL THOSE WHO HAVE OVER LOOKED PAYING THEIR TAXES AND THOSE WHO OWE UTILITY BILLS TO MAKE ARRANGEMENTS TO DO SO AT ONCE.

A. T. Swepton, dinner chairman, reported at the meeting Saturday, that plans are complete for the feed on the day of the celebration. Old timers who register as having lived in the county fifty years ago or longer will be honored guests at the noon meal, served by a catering service.

The Style Show, which is being headed by Mrs. Q. D. Williams, is shaping up fine. Mrs. Williams said that the committee had asked pretty on young girls. These reproductions could be modeled for Moore, to present awards for the fashion show and that she had graciously accepted. All judges for the event had not been selected.

AN 1898 PATTERN—Seen above are Mrs. Q. D. Williams, chairman, and two of her Style Show committee women, Mrs. Sammy Hale and Mrs. Kinder Farris. The three are looking over the skirt of a reproduction of an 1898 wedding dress which will be worn at the Old Settlers event by Edwina Overstreet. The copy is from an original worn by Mrs. Williams' grandmother, Mrs. C. R. Jones of Dumas and Vernon.

Soil Tests Vary Widely
About 400 soil samples have been sent in to the New Soil Testing Laboratory in Lubbock since January 1, as part of the 4-point Soil Fertility Program. These samples show a wide variation in results. Some soils only have about one pound of phosphorus per acre while others test as high as 122 pounds of phosphorus per acre. The average in most soil test is 20 to 30 pounds per acre. Organic matter varies from .8 per cent per acre to about 2.0 per cent per acre. Our soils tend to be low in organic content to remain through the spring and which is one of the reasons for good return from nitrogen.

The placement of phosphorus as a side dress can be successful if it is placed at least 5 to 6 inches deep so that it will be in moist soil. The plant can easily use it under these conditions.

Farm Income

The latest figures of cash farm income for 1959 show that Floyd County is again one of the top ranking Agricultural Counties in Texas. Floyd County is sixth in the state with a reported estimated income of \$43,140,065.

Floyd County ranked ninth in estimated income per farm.

To The Citizens of Floydada

THE CITY COUNCIL FEEL THAT SOME THINGS SHOULD BE BROUGHT TO THE ATTENTION OF THE CITIZENS TO ENABLE THEM TO BETTER UNDERSTAND THE PROBLEMS WE HAVE TO DEAL WITH EVERY DAY.

The tax rate and the valuations on property in our city are very low in comparison to other cities our size for which we are proud, but if all the services we have are to be maintained we are going to be forced to look to some source for more revenue.

We believe the majority of the citizens of our city are proud of the many fine services we enjoy, a good sewerage system, a good water system (although strained to the limit to furnish all the water we need), a fine electrical plant, beautiful paved streets and many other good things which could be mentioned, but in order to maintain all these services we have to have finances.

While most people pay their taxes when due and pay their sanitary, water and electrical bills promptly there are some who persist in letting such things go unpaid. We do not wish to work a hardship on anyone but we are going to be forced to insist on tax and utility bills being paid. We cannot continue to furnish these services unless we collect for them.

To those who are lax in their tax payments, and those who ignore their light, water and sanitary bills, to those who protest and ignore the ordinance

WE EARNESTLY APPEAL TO ALL THOSE WHO HAVE OVER LOOKED PAYING THEIR TAXES AND THOSE WHO OWE UTILITY BILLS TO MAKE ARRANGEMENTS TO DO SO AT ONCE.

Twister Swoops Down on Dougherty

HOW BIG IS A BASEBALL? Hail the size of baseballs fell in Dougherty and on adjacent fertile farms during last week's late evening turbulence when three tornadoic formations played tag in east Floyd County. Big hail stones like those above do not do as much crop damage as a rule as the smaller, wind-blown hail stones, but they look awesome. These stones picked up three miles north of Dougherty by Odell Martin and transported to Floydada, were photographed the morning after. The circumstances were a bit unusual. Martin and his family were in process of moving when the storm hit. He picked up these hail stones, put them in their deep freeze, hauled them to Floydada and hooked the juice up again within an hour or so. The stones lost a little in size in the course of handling and moving. The hail stone on the right is bigger than the baseball but with a jagged piece of ice and wouldn't stand upright for the picture to be made. (Staff photo by Kenneth Rimmer).

TELEPHONE TALK

by J. C. Oakley, Manager

TELEPHONES OF THE FUTURE

The other day I was having lunch with some friends and we got talking about how much the telephone has changed in the last few years. We talked about the development of color phones, wall phones and the latest one — the Princess, the first compact phone.

This conversation reminded me of some of the ideas for new kinds of telephones and communications services we're working on now. Some of these ideas will never leave the drawing board. Others will fall by the wayside during the test stage. And some, of course, will be successful—and will certainly be available for your use.

For instance, there's the "dial-in-hand" phone. It has the dial in the receiver. You lift the receiver, hold it in your hand, and dial. The dial lights up when you lift the receiver, too.

Or, how about a picturephone? This telephone of the future will transmit pictures as well as sound, so people will be able to see each other as they talk on the phone. The picturephone has been successfully tested, but it will be quite a while before it is available for widespread public use.

But here's a new phone you may have in the not-too-distant future. It's a small new wall phone called the Slimphone. The Slimphone is trim, not much wider than a Princess phone. It should come in handy for the kitchen and other rooms because it doesn't take up much space.

These are just a few — a sampling — of new kinds of telephones and telephone services we're working on for the future. But even today we enjoy telephone services most of us never dreamed possible just 10 years ago.

CAN YOU GUESS WHAT IT IS?

Like to work riddles? Here's one that ought to be easy. What is it that's found in almost every home, store, business office, church, school and public building? It helps you find things, people and services. It's ready to help you any time — night or day — every day of the week.

I'd be mighty surprised if you didn't know it was the Yellow Pages of your telephone directory. Studies show that nine out of ten people reach for the Yellow Page directory when they're ready to buy. How about you?

SQUIRRELS LOSE, CUSTOMERS WIN

For some unknown reason, squirrels like to gnaw on telephone cables. Their chewing puts holes in the cable's outer covering and lets moisture get inside. This, in turn, interferes with your telephone service.

To protect phone cables, we cover them with metal shields or wrap them with steel tape. We are also experimenting with a fiberglass coating which is painted on the cables.

The squirrels don't like this, but it keeps our cables from being damaged and helps keep your telephone service dependable.

Call by number. It's twice as fast.

SOUTHWESTERN BELL TELEPHONE COMPANY

THIS WAS A TRAILER HOUSE and home of the Jimmy Powells of Dougherty before the storm struck that community last week. Shortly after the twister passed there was nothing left standing but the floor and a washing machine. The Powells watched the storm from about a mile west of their home and returned to see it scattered about much like an explosion had ripped it apart. The Dougherty water tower and elevators are visible in the background.

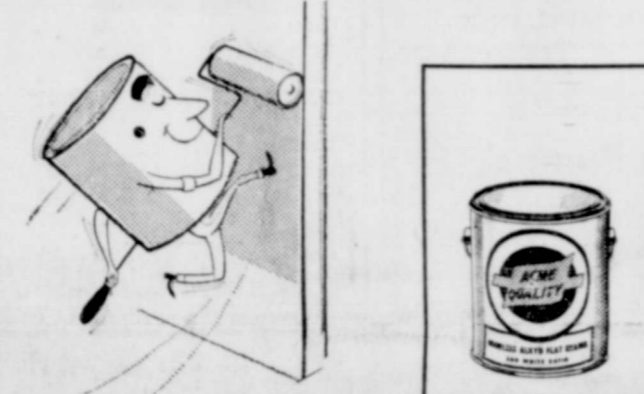

THE ORLAND HOWARD BARN, below, was treated much the same way as the Powell home though it was torn away in bigger pieces. These photographs were taken by Melvin Henry, manager of Lighthouse Electric Cooperative Inc., and loaned to The Hesperian. Lighthouse Electric crews were kept busy for a time restoring service and checking for exposed "hot" wires. Repair crews were back in Floydada by 9:00 p.m. following the storm.

Death Ensues From Stepping On Fish's Fin

Clarence G. Jones, 19 year old son of Mr. and Mrs. H. L. Jones of Plainview, and nephew of Mrs. Austin Holmes of this city, died early Wednesday morning of last week from tetanus which developed from a fish fin piercing his foot.

The victim was with a group in a lake near Plainview when he stepped on the fish with his bare foot. He received hospital treatment and last week seemingly had recovered from the injury. He was able to work Monday before his death. His condition became serious Tuesday and he was taken to the hospital where he succumbed about 3:30 a. m. May 3rd.

Funeral Rites were conducted Thursday in the Church of Christ at Plainview and burial was in Elmore City, Okla. The deceased was born at Winwood, Okla., and moved to Plainview with his parents in 1944 from Elmore.

In addition to his parents he is survived by a sister, Junell and a brother, Rex, all of the Plainview home; two grandmothers, Mrs. Moatte Glenn, Plainview, and Mrs. Essie Rankin, Sulphur, Okla.

Mr. and Mrs. Holmes returned home Sunday night from Oklahoma after interment was made.

Floyd Linch Home on Leave

Pfc. Floyd Linch, son of Mr. and Mrs. T. U. Linch, arrived home May 4 for a twenty-day leave. He will leave home May 24 and on May 23 will ship overseas to Okinawa.

Floyd has been stationed at Fort Leonard Wood, Mo., and is with the 80th Engineering Battalion for 18 months.

Lourie Johnson Cast In Current Drama At Tech

LUBBOCK — Texas Tech's department of speech has currently in production "The World of Shalom Aleichem" by Aronid Perl. It is a dramatic adaptation of three short stories reflecting Jewish life in central Europe. The stories which make up the total play are "A Tale of Chelm," "Bontche Schweig," and "High School."

Lourie Johnson of Floydada is making his first appearance in a Texas Tech drama production in the current play. The junior math major from Floydada is the son of Mr. and Mrs. L. W. Johnson of Route No. 2.

He is playing the Defending Angel in "Bontche Schweig" and also appearing in "The High School" two of the three vignettes making up the play.

Lourie is a student of Mrs. I. T. Graves at Floydada High School.

Harmony News

By Mrs. Mather Carr

HARMONY, May 8 — We were so sorry to learn of the passing of our neighbor and friend, Mrs. Mattie Baird, who had made her home in the Harmony community since 1944. Mrs. Baird died in Matador where she had been for about a year being in the hospital part of the time. Funeral service was held Wednesday in the Baptist Church at Sand Hill. Burial was in Carr's Chapel Cemetery under the direction of the Matador undertaker. Mrs. Baird was 83 years old April 19.

The Woman's Society of Christian Service met Tuesday in the home of Mrs. M. D. Ramsey with Mrs. Ramsey as hostess. The meeting was opened by the president, Mrs. Marvin Smith.

Mrs. Ramsey presented the program assisted by Mrs. Marvin Smith and Mrs. Joyce Davis. Pledges were made and officers were elected. A motion was made that each officer keep her office. The motion carried. We only have six members and only four active members but we are still carrying on with God's help.

The hostess served refreshments to Mrs. Marvin Smith, Mrs. Joyce Davis, Mrs. Mather Carr, M. D. Ramsey and the hostess, Mrs. Ramsey.

Mr. and Mrs. Horace Carr were in Lubbock Thursday. Mrs. Carr had a check-up with her doctor. She is doing fine.

Those attending the funeral of Mrs. Mary Virginia Davis Thursday in Cone Methodist Church were Mr. and Mrs. Marvin Smith and Judy, Clifford and Chester McPeak, Hal Scott, Wesley and Horace Carr, Mr. and Mrs. M. D. Ramsey, Mr. and Mrs. Sherwood Ramsey and Mrs. Mather Carr. Mrs. Davis was the mother of Joyce Davis.

We have had word from Zant Scott that he underwent major surgery Wednesday and was doing as well as could be expected. If he gets along alright he will be able to come home in ten days. As some might not know he is in a hospital in Houston. This is Mrs. Scott's number if anyone wants to send Zant a card: 1956 Dryden, Apt. 3, Houston, Tex.

Mr. and Mrs. Marvin Smith and Judy, Clifford and Chester McPeak and Mather Carr visited Thursday evening with Mr. and Mrs. R. G. Morris and sons in the Allmon Community.

Dwane Engholm, of Amarillo, spent from Thursday night until Friday in the home of his uncle and aunt, Mr. and Mrs. Glenn Pool.

The hat makers finished their course. The report was that they made many beautiful hats.

Irene Daniel, of Mt. Blanco, visited Friday with Jeane Davis.

Mrs. Mae More, of Plainview, spent Thursday night and Friday in the home of Mr. and Mrs. Joyce Davis.

Mr. and Mrs. Rueben Rutherford spent Saturday night in the Zant Scott home with the Scott children. Rueben visited Saturday evening with Mrs. Mather and Delia Carr.

Mrs. Mina Loy Teal and children, Nichi and Nemo, and Mrs. Noel Dwane Davis were visitors in the home of Mr. and Mrs. Joyce Davis Saturday. They were from New Mexico.

Texas Has Taj Mahal

The Mission La Bahia del Espiritu Santo, located in Goliad, north of Corpus Christi, often is called the "Taj Mahal of Texas". Established in 1749, the mission stands proudly today in a rare and enviable beauty — a reversion beauty that is only bestowed upon the great during the ages.

Near the mission is the site of the infamous massacre of General Fannin and his Texas soldiers by the troops of the Mexican General Santa Anna.

Those visiting in the Sherwood Ramsey home, other than those mentioned above, were Mr. and Mrs. Dietrich and Carol, of Tullia and Mr. and Mrs. M. D. Ramsey.

Mr. and Mrs. Glenn Pool and Nita Karen and Larry Scott spent Saturday night and Sunday visiting with Mrs. Merl Wanner and Mr. and Mrs. Dwane Engholm and children. Mrs. Wanner is a sister of Mrs. Pool and Mrs. Engholm is a niece of Mrs. Pool.

Mr. I. C. Kirk was taken to Slaton Friday for a blood transfusion. He returned home Sunday and is feeling better. Mrs. Kirk has been ill for about three

weeks with a cold and cough. Mrs. G. F. McGuire and sons, of Amarillo, visited Sunday with Mrs. McGuire's parents, Mr. and Mrs. I. C. Kirk.

Mrs. Alex Kittrell, of Lorenzo, visited Thursday with her sister, Mrs. W. W. (Bill) Edwards and Mr. Edwards.

Mr. and Mrs. Floyd Trowbridge visited Sunday evening in Floydada with Mrs. Trowbridge's father, W. C. Clubb, who is in Peoples Hospital. Mr. and Mrs. Harry Hungate, of Canyon, were down to see Mr. Clubb and the Trowbridges had a nice visit with them. Mrs. Hungate is a cousin of Mrs. Trowbridge.

Mr. and Mrs. Emmett Foster of Hart, spent Sunday night in the home of her daughter, Mrs. Marion Tucker and family.

Marion Tucker took his son, Ronnie, back to Lubbock Monday evening to check with his doctor. Ronnie has been having foot trouble.

Mr. and Mrs. Everett Miller visited at Bellview Sunday evening with Everett's uncle, Oliver Gross and Mrs. Gross.

Charles Mather Carr spent the weekend home with home folks. He visited Sunday evening with his grandmother Carr.

We were so sorry to learn of the serious accident of Lindsey Graham and hope he soon recovers.

Mrs. H. A. Hagi, Mrs. J. L. Suits, Mrs. Sam Mason and Mrs. Lib Clator, all of Petersburg, attended the hat making Friday night at the Community Center. We were glad to have these ladies over. They were guests of Mrs. Floyd Trowbridge.

able Oil & Refining feature of this campaign is an Enco offer of a free Parker Eversharp motorists of Texas Reporter ball-point pen to the west. Announcement first 200,000 customers who test-drive a new Enco premium gasoline line and report on the results.

The public is also invited to register in the "Enco Energy Travel-code," an obligation-free drawing. There will be 2,946 prizes, including the grand prize — a "Happy Motoring" family vacation every year for five years.

The Enco trademark was first tested last summer when the Humble Oil & Refining Company began to market Enco gasolines through Carter stations in the Pacific Northwest. Later, the identification sign was tested in eastern Washington and western Montana, and Enco gasolines were introduced at Pate stations in Wisconsin. Humble found that the name was popular, easily remembered and quickly associated with the company's slogan — "America's Leading Energy Company."

Humble is the largest domestic oil company in the United States. It is a leader in production, refining, research, transportation and marketing. The company has national headquarters in Houston, where a new 44-story Humble Building is scheduled for completion by mid-1962.

Sand Hill News

By Mrs. James Jeffress

SAND HILL, May 8 — A few fields of cotton are up this week and some are just now planting. The cool weather seems to be slowing down the cotton. Looks like this is gonna be "another spring where the cotton is gonna be hard to get up. The onions in the community are coming along and looking good.

The district 4-H contest was held Saturday in Lubbock and the Sand Hill 4-H club was well represented. Two Junior teams brought back second place ribbons. They were Beverly Pierce and Becky Miller with their poultry team demonstration and Judy Bullocks and Elaine Starkey with their vegetable team demonstration. Others giving demonstrations were Norma Hollums, Dairy foods, Bunny Hopper and Janice Miller, Poultry, and Beverly Jeffress and Mary Starkey, Vegetable team demonstration. Leaders and parents attending were Mmes. Jess Starkey, Lynn Miller, Tom Pierce, R. L. Bullocks and Mrs. Orton Miller.

Warren Mitchell will be going to State with his crop demonstration. We are proud of all the 4-H members that were able to go to the district meeting.

Mr. and Mrs. Doyle Miller entertained the young married couples Training Union class with an ice cream supper Friday night in their home. Plenty of home made ice cream, cake and cookies were enjoyed by all. Every-

one enjoyed visiting afterwards. Those attending were Mr. and Mrs. Bill Stringer and Christy Mr. and Mrs. Darrell Mayo, Mr. and Mrs. Tom Pierce and family, Bro. and Mrs. Jimmy McGuire and family, Mr. and Mrs. James Jeffress and sons, Mr. and Mrs. Harold Miller and Lori from Aiken and Mr. and Mrs. Doyle Miller and Randy.

The Brotherhood of the Sand Hill Baptist Church was held Tuesday night at the church. James Jeffress and Tom Pierce were in charge of the program and refreshments. Others attending were Jimmy McGuire, M. B. Swanner, Kirk Slater, Dale and Stinson Stringer.

Our deepest sympathy goes out to the Edward Baird family on the death of his mother, Mrs. Mattie Baird. Funeral services were conducted Wednesday at the Sand Hill Baptist Church. May God be with them in their hour of sorrow.

Bro. Jimmy McGuire and Bro. Johnny Tims of Quanah conducted the services. Grandmother Baird was a member of the Sand Hill Baptist Church. She was the mother of Mr. Olen Baird, a former member of the church. He and his family moved to Hereford two years ago.

We were happy to have Brother Joe Peterson of Floydada lead the song services at the Sand Hill Baptist Church Sunday. Fifty seven were present in Sunday School. It is good to see the attendance continuing to hold.

Ken Roberts of Floydada was the Sunday dinner guest in the home of Beverly Jeffress. In the afternoon, Ken, Beverly, Mary Starkey and Cecil Jackson enjoyed a trip to Roaring Springs.

Mr. and Mrs. James Jeffress and family and Ken Roberts of Floydada were Sunday supper guests in the home of Mr. and Mrs. Gene Bloys and family.

Mrs. Meeks of Floydada visited in the home of her daughter, Mr. and Mrs. C. P. Carley Sunday. She attended church with them Sunday.

Terry Mayo of Muncy enjoyed a visit in the home of his grandparents, Mr. and Mrs. William Mayo Friday night.

Mr. and Mrs. Allen Pinner and son of Walds, Ark. were supper guests in the home of her grandparents, Mr. and Mrs. Dale Stringer Saturday night. They went on to Lockney to visit with Mr. Pinner's parents.

Mr. and Mrs. James Jeffress and sons visited in the home of Mr. and Mrs. Lynn Miller and family Friday night.

Mr. and Mrs. Gene Bloys and David made a business trip to Amarillo Saturday afternoon. Kenny spent the afternoon visiting his grandmother, Mrs. Ludie Sanderson.

Mrs. Ludie Sanderson and Grandmother Cates were in Plainview Monday on business. Weekend visitors in the home of Mr. and Mrs. Jess Starkey and family were Mr. and Mrs. J. A. Hampton and Mr. and Mrs. J. E. Billingsley of Amarillo, and Mrs. Starkey's grandmother, Mrs. Jones from Aspermont. Sunday dinner guest was Cecil Jackson.

Mr. and Mrs. T. C. Hollums and Norma visited in the home of Mr. and Mrs. J. M. Williams in Floydada Sunday.

Mrs. W. R. Billington spent Sunday visiting in the home of her parents, Mr. and Mrs. Glenn in Plainview.

Six R. A. boys from the community are planning to play ball in the little league this year. They are Jimmy and Timmy Jeffress, Steve and Stanley Pierce, James and Johnny McGuire.

Those enjoying the operetta, "Sadie Shaw from Arkansas" Monday night at Lockney were Mary Elaine and Harold Starkey and Cecil Jackson. Mary was one of the leading actresses in the play.

4-H Hears About Records

The Sand Hill 4-H Club met Monday night with the president, Warren Mitchell calling the meeting to order. Beverly Jeffress was acting secretary for the

meeting. Roll Call was answered with safety rules. Danny Watts gave the devotional and Jimmy Huckabay led the Pledge and Motto. Warren Mitchell gave the council report, saying there would be two 4-H camps this year, one for juniors up to thirteen. One of the camps will be in July and one in August. Cecil Lewis presented the program on "Keeping Records".

Although we have this program every year, we still never know enough about keeping our 4-H Records. Mr. Lewis brought out many interesting points, and the club appreciated his coming out. Becky Miller and Beverly Pierce served refreshments to David and Kenny Bloys, Judy Bullocks, Kelly and Robbie Becker, Jimmy Huckabay, Beverly Jeffress, Janice and Ronnie Miller, Becky and Trudy Miller, Warren Mitchell, Sammy and Danny Watts, Beverly Pierce, Willie and Ran-

dy Patterson, Mrs. Tom Pierce, Mr. and Mrs. Gene Bloys and County Agent Cecil Lewis.

The next meeting will be June 12. This program will be on "Rescue Breathing". This will be a very interesting and surprising program, so everyone is invited to attend.

Mr. and Mrs. Tom Pierce and family spent Sunday at Farmer, visiting in the home of her brother, Mr. and Mrs. Jim Robertson and family.

Mrs. T. T. Davis Cone Resident Died Wednesday

Funeral rites for Mrs. T. T. (Mary) Davis, 90 year old resident of Cone, were held Thursday afternoon of last week in the First Methodist Church in that city. She died suddenly Wednesday morning.

Mrs. Davis had been a resident of Cone community since moving there in 1918. She lived alone and had been able to be about and in fairly good health until her demise. Mrs. Davis was the mother of the late Bennie Davis, whose wife is a sister of Mrs. Albert Pricer of Floydada. A daughter of the deceased, Mrs. T. T. Teal, is married to a brother of Mrs. Pricer and Mrs. daughter, Robin of Fort Worth, Binnie Davis.

Mrs. Aubrey Guthrie and her daughter, Robin of Fort Worth, Binnie Davis, were weekend guests of her husband's parents, Dr. and Mrs. A. L. Davis, Truth Or Consequences, E. Guthrie.

CARD OF THANKS

Fairview News

By Mrs. Clyde Bagwell

FAIRVIEW, May 8 — Our weather is very disagreeable these days, high winds and dust in the air. Today we have a rather cool north wind blowing.

We are all upset over the serious accident of Lindsey Graham early Saturday morning while he was on his way to his field to work. Friends and neighbors are doing all they can to help the family. Lindsey is in a very serious condition in Methodist Hospital in Lubbock. The report this morning was that he seemed to be improving some. We all wish him a complete recovery.

More Liberal Regulations Under SS Law

"One question we hear a lot," says John G. Hutton, District Manager of the Lubbock Social Security Office "is how much social security credit is needed for people to qualify for old-age or survivors benefits?" Today, this newspaper offered Mr. Hutton the opportunity to give the answer.

Mr. Hutton not only gave us the answer, but it's news. The Social Security act was changed in 1950 and the amount of work covered by the program needed by workers now reaching or past retirement age, or who have died, is less than it was. Under the old law, the worker needed social security credit equal to one year of work for each two years after 1950 and before he died or reached retirement age.

The new law, however, specifies that this worker now needs social security credit equal to only one year for each three years after 1950 and up to the year he reaches retirement age or dies.

Under both the old and the new law, the social security credit needed can be earned anytime after 1936 — no one needs credit for more than 10 years' work, and a minimum of a year and a half of work under social security is always required.

Because of the new law, many people who have had their claims for old-age or survivors benefits rejected because of lack of sufficient work credit, may now be eligible. For instance, all workers who reached retirement age (65 for men and 62 for women) before 1957 need credit for only 1 1/2 years of work under social security to be eligible. Under the old law, only people who reached retirement age before July, 1954, could qualify with credit for only 1 1/2 years of work.

Mr. Hutton urged people who have had an application for benefits rejected because of lack of sufficient work credit, may now be eligible. fits turned down, or who have failed to apply or report because of insufficient social security credit, to get it again with the social security office. They may now be eligible for benefits.

A representative of the Lubbock Social Security Office will be in Floydada on Monday, May 15 in the Court House, Room 106 at 9:30 a. m. and will be glad to assist in all matters pertaining to social security.

Honors and Responsibilities
While a senior Helen has been the schools annual editor, president of the Honor Society, with her office ending Tuesday, and as Lion's Club Sweetheart.

She was fourth in her class based on a four year scholastic average. She was voted most likely to succeed and was elected to Who's Who.

Helen is a member of the First Baptist Church where she is active in YWA, and a member of the Chorales sextet.

She is the granddaughter of Mr. and Mrs. W. B. Griffin of Crowell, Clarence Foster, and of Mrs. Carl Smith of Floydada.

Mrs. Hale State Director
Also attending the State Federation of Womens Club convention last week were Mrs. Lane Decker, Mrs. Charles Craig and Mrs. Sammy Hale.

Mrs. Hale was elected along with Mrs. Reasoner of Burkburnett, to be presented before the State Board next year as State Junior Director.

Mrs. Hale will be State Junior Director for this part of the state and Mrs. Reasoner for the eastern portion.

The Floydada women attended the Tuesday's sessions of the Convention and were honored along with other junior members with luncheon and a talk from Mrs. Walter Magee, treasurer of the General Federation.

Mrs. Reasoner is the daughter-in-law of Bill Reasoner of Floydada.

Civil Defense Program Given For Study Club

Civil Defense was the program subject presented Thursday before members of the 1929 Study Club when they had as their guest, Mrs. Christine Colston of Dougherty, who spoke on the emergencies which arise in homes and communities.

"The home is the center of all other institutions, therefore all defense, civil, national, military, moral and spiritual should begin in the home," she said. Members answered roll call to the question, "do you have a plan for civil defense in the home?"

With the Wednesday night's storm at Dougherty still fresh on the minds of those present for the meeting, they felt the need of civil defense in every home in case of such emergencies.

Mrs. Colston who took a defense course, related in detail how to prepare for every emergency which arises, ahead of time. Mrs. Colston opened her talk by showing the book, "Wake Up and Live". A question and answer period followed.

Will Have Window Display
Mrs. Jewel Norman was leader and Mrs. Tate Jones, president of the club, was hostess for the meeting in her home. A brief discussion was held on the forthcoming Old Settlers reunion and the club made plans to have a window display of antiques.

Farm Trailer Bill To Have New Chance

(Letter to the people of the 39th District from Representative H. G. Wells)

AUSTIN — Many of the legislators from rural areas were very disappointed when Governor Daniels vetoed the so-called "Trailer Bill," which passed both houses by a substantial margin. This bill is the one I mentioned recently in this letter which would exempt from

registration up to 12,000 pounds the trailers used by farmers in transporting their products. It further would have removed the tremendous financial burden requiring trailers to be equipped with brakes. The cost of equip-

ping trailers — such as cotton trailers — with brakes was prohibitive for those who use their trailers only for a few weeks in each year. Fortunately, time still remains in the regular session to accomplish some legislation to alleviate the present situation and still meet the Governor's objections to the bill. The House of Representatives has passed a second bill to meet this situation and it is my privilege to co-sponsor the bill. It is hoped that the Senate will likewise act favorably on this second "Trailer Bill" and that it will be signed into law by the Governor. I will write more on this later.

Senator Andy Rogers worked the first bill through the Senate and is lining up support for this second one.

Encephalitis Epidemic Area
Many people of District No. 39 are undoubtedly unaware of the fact that our area, due to our shallow water irrigation belt, has become an epidemic area for encephalitis. The reason is this: Our irrigation "playa lakes" provide a favorable breeding ground for a certain type of mosquito that has been found to be the carrier of encephalitis (or inflammation of the brain) germs. Our State Health Department

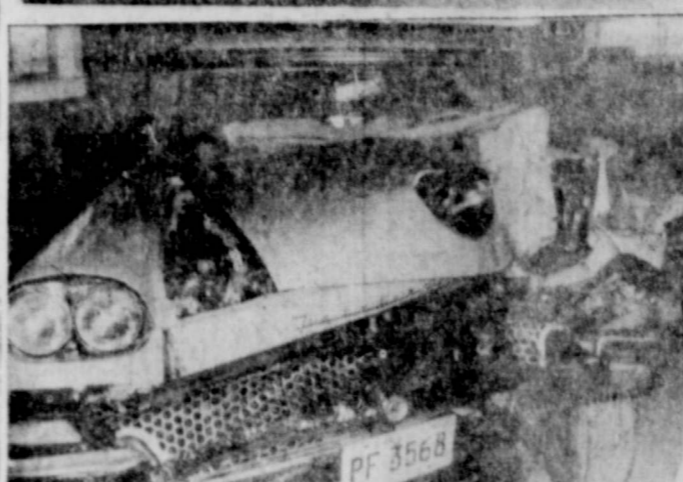

has done an excellent job of isolating the cause of this disease and has done a great deal of experimentation in our area due to the high rate of encephalitis. The majority of the 1,382 cases discovered in the last seven years were found to be in our locale. As a coordinated effort of the whole area is highly preferable to isolated efforts to control mosquitoes, I introduced enabling legislation to allow counties and cities to pool their resources in an attempt to combat this disease-bearing mosquito and the disease. I am happy to report the passage of this legislation from the House of Representatives and I feel sure that it will be passed into law in the near future.

Allocating School Funds
The TEA is responsible for allocating the State Foundation School Funds to local districts according to the need of the area — that is, according to the economic wealth of the district in relation to the wealth of the State. This relationship is called the "economic index."

Needless to say, it is a rather difficult and complicated matter to determine what percentage of the state's wealth is represented by the income of a given county. To reach this relationship, seven factors are considered. Much information that would be helpful in determining this "relative wealth" of an area is unavailable or difficult to be gathered. In some cases, outdated statistics are used in the formula for arriving at the "relative wealth" of a district.

There are indications that the present formula used in determining the "economic index" is unbalanced in favor of urban areas and is discriminatory to rural, agricultural areas.

In an effort to determine whether this is the case, I introduced a resolution calling for the appointment of a 5-member committee of Representatives to study the formula used in determining the economic index for the purpose of correcting any inequities that may exist. The House unanimously approved this resolution and it is my hope to serve

THE BURK-GRAHAM CRASH. Upper picture is of the pieces of the Lindsey Graham tractor involved in the early Saturday morning crash on Highway 207, four miles north of Floydada, and the lower is of the car that was enroute from Rockwall to South Plains. Graham is in a hospital at Lubbock, gravely injured, and the driver of the car Glenn Burk also has broken bones and severe bruises. The car hit the tractor from behind in the early morning light. (Staff photos)

and it is my hope to serve this committee which will work with the TEA in the interim to study this matter.

With only 23 days remaining in the regular session, we still are hopeful that our work may be completed in this allotted period. At present, all eyes are on the Senate as they have yet to act on a tax bill for retiring our mounting State deficit, the number one problem we face.

Olton Girl Named Cotton Queen

Miss Tommy Witten, an Olton High School girl, was elected "Miss Cotton Queen" at the High Plains Cotton Carnival held at the Co-op Congress east of Plainview Thursday night. The Olton beauty received a crown of roses, a watch and \$25 gift certificate. She participated at festivities Friday and Saturday during the celebration.

Fridays events were highlighted by an all cotton-style show. Jeffery Walker, son of Mr. and Mrs. Charles Walker was named Prince Bolls and Lori Young, daughter of Mr. and Mrs. Jerry Young was selected Princess Blossom in the contest held Saturday afternoon. All are from the Plainview area.

Saturday night the Talent contest completed activities for the Carnival, with a Style Show presented Friday night.

Ceremonies Mark Ground Breaking

Mrs. Lon V. Smith of Floydada was among the Women's Missionary Union leaders who took part in the ground breaking ceremonies last week when work on the home and family life building at Wayland College was initiated.

Erection of such a building on the campus at the school has been a long-time goal of WMU. Funds were raised by the women. The construction project will represent an outlay of \$215,000.

It's farther between gas stops on today's superhighways. It's farther in a Dodge, too. Reason? Economical Dodge engines. Two Sixes for Lancer. A Six and five V8s for Dart.

That's what Torsion-Aire was made for. It takes a firm stand against roll, sway, squat. The ride is something you should try.

Why does Dodge offer a three-speed automatic for both cars? To give that added punch for passing right-when you need it.

THE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

From here on the ten-man conference committee is at work ironing out the differences between House and Senate versions of the general appropriations bill.

House bill would cost about \$16,000,000 more than the Senate's. Committee's task of striking a balance between the two is expected to take three weeks.

Senate members of this important committee are Senators Ray Roberts of McKinney, A. M. Aikin Jr., of Paris, Crawford Martin of Hillsboro, Grady Hazlewood of Amarillo and Wardlaw Lane of Center.

House members are Representatives James Cotton of Weatherford, Bill Hollowell of Grand Saline, B. H. Dewey of Bryan, J. W. Buchanan of Dumas and Malcolm McGregor of El Paso.

TEACHER PAY PUSHED — Advocates of higher teacher salaries are pushing to get their bill in position for quick final action once the money-raising and general appropriations measures are out of the way.

House Appropriations Committee approved and sent to the floor a bill that would provide the full \$800 a year salary increase sought by teachers.

Goal is to get a pay raise bill passed in both houses, then send it to a conference committee to work out differences. Then at the strategic moment, it would be ready for final adoption by both houses.

TRAINING METHODS SCORED — House members are pressing for speedy action for a measure that would require less emphasis on "how" and more emphasis on "what" in public school teacher training.

Rep. Henry C. Grover of Houston, a teacher on leave, is sponsor of the bill that would reduce required education (teaching method) courses from 24 semester hours to 12 for junior and senior high teachers. For grade school teachers the maximum would be

reduced from a possible 60 to 24 semester hours.

One supporter observed that the late Albert Einstein wouldn't have been eligible to teach mathematics in a Texas high school. House voted to instruct the Education Committee to report on the bill immediately.

RE-DISTRICTING HITS BUMP — Senate efforts to pass a senatorial re-districting bill were postponed by Sen. Jep Fuller's filibustering opposition.

Senator Fuller of Port Arthur opposes the proposed measure because it would continue to combine Orange County with Jefferson (Beaumont, Port Arthur) to form his district. Jefferson County alone has more than enough voters to be a one-county district, says Fuller, and Orange would rather be in another district with counties of the same size.

Pressure to force agreement on a re-districting bill will be very strong since, if the Legislature fails to act, a non-Legislative Board will take over.

GLOOMY REPORTS — While lawmakers struggled to find new taxes, the news about present taxes was bad all over.

State Treasurer Jesse James reported that Texans apparently are not smoking and drinking like they used to, causing a million dollar slump in tobacco and liquor taxes in April. Revenue dropped from \$8,689,855 in March to \$7,362,176 in April.

Motor fuel tax revenue was also off, according to State Highway Engineer De Witt Greer. A 3 1/2 per cent drop during the past eight months cost the state \$3,000,000.

Meanwhile, in the Third Court of Civil Appeals, the state lost in its effort to collect a state sales tax on component parts of radio sets, such as hi-fi tuners. Court said the law is not clear.

LOAN DISPUTE FLARES — Words were hot, but the issues unclear, as Senate committee hearings on a small loan bill stretched out.

Critics of the House-passed bill fell into at least two factions: (1) those who felt the interest rates (up to 40 per cent on the smallest loans) were too high and (2) those who felt over-all changes should be higher for loans of \$100 and less.

Meanwhile, Atty. Gen. Will Wilson issued a statement blasting "powerful out-of-state loan sharks" trying to "bottle up" regulation. Senate Committee invited him to appear and discuss the matter with them.

MORE "NEATNIKS" NEEDED — Amid its \$7,000,000 a year job of gathering up mountains of litter from public roadsides, the Texas Highway Department issued a plea to Texas motorists.

Please don't use the highway as a trash can, said the Department; be a "neatnik" and save on state costs.

Most of the litterbugs, says the Department, are home grown, not out-of-state visitors.

ACTION AND REACTION — After thousands of college students took a long, riotous weekend in Galveston, the Senate called on the Higher Education Commission to look into why the students weren't at their books.

In the opposite wing of the Capitol, the House passed two measures concerning the Gulf Coast area.

One would authorize the state to turn over 88.5 miles of Padre Island to the federal government for national park development. Other is a proposed constitutional amendment that would give city and county governments authority to regulate traffic and sanitation on adjacent state-owned beaches.

A state agency, such as the Highway Department, would be authorized to set flexible speed limits, according to road conditions, under another proposal for constitutional change given House approval.

House also passed a proposed constitutional amendment removing the present \$47,000,000 a year ceiling on state welfare spending. Change would allow Legislature to appropriate for welfare as needed, up to the amount that would be matched federally.

Sixteen-year-olds accused of very serious crimes could be tried as adults rather than in juvenile court under a House-passed bill. Present minimum age for adult handling is 17 for boys, 18 for girls.

Running for one state office while holding another would be barred under a proposed constitutional amendment given preliminary House approval.

All proposed amendments have to be approved by the people in the 1962 general election before becoming effective.

Short Snorts

A group of steel importing firms are seeking court action to stop the State Highway Department's ban of use of foreign made products in state highway projects. Suit was filed in a Travis County district court.

Construction contracts let during March in Texas set a record for the month of the year, reports the University Bureau of Business research. Economists did not expect the peak to hold, but held hope that the renewed vigor meant the end of the building slump.

Texas' unemployment picture also brightened during March. Total number employed rose to 3,387,300 and unemployment declined by 28,100. But the number of jobless persons was still higher than for the same month last year, said the Texas Employment Commission.

Ed Brasher, Tulia, Killed By Tractor

Edward Brasher, 46 year old farmer and businessman of Tulia, who is known personally by several in the Floyd County area, was killed Saturday when he was crushed against machinery by a tractor on his farm.

Brasher was connecting tandem disc machinery to the rear of the tractor, when the clutch was accidentally engaged. The tractor lurched backward and over the man.

Rites were held Sunday in the First Methodist Church in Tulia of which the deceased was a member.

Mr. Brasher was selected Tulia's outstanding citizen of 1960. He was a member of the board of stewards of his church, and a former member of the Chamber of Commerce board at Tulia.

He moved there from Petersburg in 1950 and was a part owner of the Tulia Farm Equipment Co. Inc., and the Houston Elevator Corp., of Tulia.

His survivors include his wife, two daughters; a son; his parents, Mr. and Mrs. Alford Brasher of Petersburg; three brothers, one being Virgil Brasher of Lockney and three sisters.

Rites Held For Mrs. Kitchens At Silverton

Mrs. Reba Iweta Kitchens, 40 year old housewife and native of Silverton, died in Lockney General Hospital early Friday morning.

Mrs. Kitchens was the sister of Rex Holt of Silverton, widely known family of the area. Mr. and Mrs. Holt were on the planning committee of the Lighthouse Electric Co-op annual dinner this year and have many friends here as do the Kitchens family.

Rites for the woman were conducted Saturday in the Silverton Church of Christ with burial in Silverton cemetery.

Survivors include the husband; two sons, Ronald of Silverton, and Robert of the home; a daughter, Sandra of the home; the parents, Mr. and Mrs. Bill Holt of Silverton; one brother, Rex of Silverton; and a sister, Mrs. Peggy Garvin, also of Silverton, and one grandchild.

A new stamp series issued at The Hague, Netherlands, shows flowers in full color, including seashells, gorse and water-lilies.

SHOWS PRIZE COLLECTION OF COINS IN CONTEST

Joy Lambert, daughter of Mr. and Mrs. Fred Lambert of this city, was awarded a trophy for presenting the best old coin collection in a recent contest held in Lubbock, where the former Floydada girl resides.

Miss Lambert showed old gold pieces hanging from a money tree. She was first place winner in the event.

Alma Ruth Nelson returned home Sunday from California where she has been since the death of her late father, visiting a brother, Dean and family at Compton and a sister, Mrs. B. M. Higgins and family at San Diego.

Mr. and Mrs. Johnny Carr of Snyder were visitors in Floydada Saturday with old friends and attended to business while here. This is their former home.

LOCAL FISHERMEN DODGE TORNADO AT STAMFORD

Mr. and Mrs. Charlie Warren and children spent the weekend at Lake Stamford on an outing and reported they were some six miles from the tornado which struck there Sunday.

The local family were joined there by Mr. and Mrs. Bud Queen and children of Andrews.

The group was forced to higher ground after a deluge of rain hit the area, and returned a short time later for their camping equipment when they saw the tornado funnel. It veered away from the lake, however, and struck some nine miles from the city of Stamford.

Mr. and Mrs. Robert O. Turner and son of Pampa were weekend visitors in Floydada with his parents, Mr. and Mrs. V. D. Turner, and her parents at South Plains.
