Agenda Covers Many Subjects

The Floydada City Council went on record Tuesday night endorsing the proposed Mackenzie dam project, "because we feel the very future of our city and community is at stake, if we do not plan ahead for water."

Mayor Jimmy Seay said that he had recently completed a lot of careful study of the overall water situation and specifically the Mackenzie Water Authority, and he said that he felt that the council should take a stand on it, since there was a possibility of losing the water rights for the dam this fall.

The council voted 100% to favor the water Authority. It is probable that the next meeting of the Mackenzie Water Authority board will set a vote date for approval by the voters in Tullia, Floydada, Lockney and Silverton to go ahead and build the dam, with piping to be added later.

It was a late meeting for the council with several items of business completed:

Approval of Ordinance No. 484 for law enforcement at public dance halls and public dances;

Approval of Ordinance 487 which will permit the city to remove weeds and trash from vacant lots and other areas of the city anytime of the year at the property owners' expense. (This ordinance appears in this issue of The Hesperian.)

Approved City Attorney George Miller's efforts to stall the new air pollution law re-

MAY 24 has been set aside for the formal opening of the Jimmy Dean Meat Company in Plainview. He and his wife are to be on hand to greet visitors, as well as state officials and their wives. I think Dean put in his meat packing plant just at the right time, what with the high cost of living. Store managers say people are eating more beef and paying dearly for it. The whole reason is supply and demand. The price of beef is raised to see if people won't back away from it so the supply can go further. One way to stop the rise in the price of beef is to stop buying it. What's for lunch you say? Beans and potatoes of course. Then when the price of beans and potatoes goes up maybe the price of beef will go down. It's wishful thinking anyway.

HOW many of us are guilty of this? Tell the truth now! When I hear my husband's car in the driveway I hurry up and stand at attention at the door with a mop in my hand.

"Have you been napping?" he asks.

"No!" I lie. "What makes you ask?"

"You've got a flowered chenille mark on the side of your face."

"It's bad skin."

"One eye is glued shut," he persists.

"It's resting."

"There's a dent in the bed."

"It was the dog."

"Where's dinner?"

"So, I dropped off for two or three minutes. What are you going to do? Call Ted Mack?"

"There's something wrong with a woman who is tired all the time. What did you do this morning?"

"Five loads of sheets, mopped the kitchen, packed lunches, made beds, did dishes, hosed down the porch furniture, and went to the store, dry cleaners, bakery and vet's..."

Next club meeting on May 20, will be a Bon Voyage salad supper in the home of Mrs. Sam-Hale.

FROM the Washington Bureau of News I read where farmers in Lynn County, south of Lubbock received the highest total of farm aid in the nation - \$8.9 million. Lynn County shows a population of only 10,914 persons with 2,282 - nearly 25 percent classified as hard-core poor. How about that?

FRANK O'Hagan, sports writer and photographer, is no longer with us. He left Saturday to reside in Dallas near his parents. I think he got tired of his own cooking either that or got tired of being hemmed in by all the female employees here. Anyway from now until further notice contact Wendell or me for pictures and news.

A PESSIMIST is a person who turns out the light to see how dark it is. That's meddlins for this week.

MISS BETSY WILLIAMS

Floyd County Reaches Goal

The April Cancer Crusade drive has ended with Floyd County persons contributing \$4,500 according to Mrs. Woodrow Wilson, president of the Floyd County Unit. Although April is Cancer Crusade Month, contributions and memorials are acceptable, and certainly needed, the year round. If you were not contacted during April for a contribution, you are asked to please mail your checks to either Mrs. Wilson or Mrs. Alma Holmes in Floydada or Mrs. Barry Barker in Lockney. Make checks payable to American Cancer Society.

Theme for this year's is "To Cure More, Give More." The motto is "Fight Cancer with a check-up for yourself, and a check to help others."

Mrs. Wilson urges everyone to fight this dread disease all year until an answer to the cause is found, then the cure will come easy. Cancer starts small and grows silently, at first without pain. The only way it can be fought is to provide funds and the scientist will do the rest. Mrs. Wilson is asking everyone to make this a world free of cancer for our children and their children, it could be tomorrow with the help of all.

The importance is early detection and immediate treatment to cure cancer and we must not fear cancer to the extent that we avoid discussion and examination. Mrs. Wilson continued. Cancer is not a local but a national problem. Taking cancer out of the hush-hush closet, and putting it on front page news, TV and radio has been the main reason people have learned more about cancer. Some that are examined early and treated are cured, she said.

Mrs. Wilson wishes to extend her thanks to the some 60 workers who accepted the responsibility of being a member of the Crusade team and in doing a job well done.

Mr. and Mrs. Austin Holmes are announcing the engagement and approaching marriage of their daughter, Debbie, to Glen Bertrand, son of Mr. and Mrs. O.N. Bertrand. Both families reside in Floydada. The couple plans a June 27 wedding.

NEWS FOR HOMEMAKERS

by Sherry Mullin
Floyd County H. D. Agent

Too much washing lowers the nutritional value of rice. That's a reminder from the U.S. Department of Agriculture. Washing milled rice before cooking actually isn't necessary, since methods of milling and handling in this country are very sanitary, according to USDA.

You'll find rice goes well with a variety of foods. It combines with eggs, meat, fish, poultry, milk or cheese to supply good quality proteins, vitamins and minerals. It also mixes with green and yellow vegetables and fresh or dried fruits.

Try rice as a cereal for breakfast. Serve it with plenty of fruit and milk or cream. It can be used in meat cakes for dinner, or served in meat or fish dishes. Try it for lunch with eggs or cheese in omelets.

SPANISH RICE WITH CHEESE
6 servings, 2/3 cup each

Bacon, 3 slices
Onion, finely chopped 1 small
Green pepper, chopped, 1/4 cup
Celery, chopped, 1/4 cup
Water, 1 cup
Salt, 1/2 teaspoon
Package precooked rice, 3/4 cup
Tomatoes, cooked or canned, 2 cups
Sugar, 1 teaspoon
Worcestershire sauce, 1/4 teaspoon
Cheddar cheese, shredded, 1 cup

Fry bacon in heavy 1 quart saucepan. Lift bacon from pan and drain. Remove all but 1 tablespoon of bacon drippings from pan. Add onion, green pepper, and celery; brown lightly. Add water and salt, bring to a boil. Stir in rice, tomatoes, sugar and worcestershire sauce. Simmer until rice is tender but still in separate grains 5 to 10 minutes. Stir occasionally.

Plainview Pioneer Round Up Saturday

The theme, "Memories" has been chosen for the 41st Pioneer Round-Up to be held Saturday, May 17. Miss Evelyn Vineyard, president of the sponsoring organization, the Plainview Business and Professional Women's Club, stated that all plans have been completed for this event.

The reception beginning at 10 a.m. at the Hale County Agriculture Center at the Y of Highway 87 in Plainview, is a big feature and is a time when the real "old timers" get together to reminisce and exchange stories of the past. Mrs. Dea Casey, chairman of this committee and her assistants are expecting many pioneers from near and afar to make their appearance soon after 10.

One of the few remaining parades in Plainview will be staged at 3:00 p.m. originating near Sears Store on South Broadway. Parade will move north on Broadway to 11th Street, east to Ash and south on Ash to 4th Street where it will disband.

O. B. Jackson will be parade marshal. The color guard will also head the parade and the Plainview School bands will march. Some floats have already been entered and Miss Doris Hoke, chairman of the parade committee, stated additional floats are welcome on

that date. The horseless carriages and antique car sections promises to be one of the main attractions. Riding clubs and the Hale County Sheriff's posse plus miscellaneous riders will give the western flavor to the event. Winners in the parade will be announced at the night program.

The evening activities will also be held in the Hale County Agriculture Center. From 6 to 8 p.m. the chuck wagon supper will be served. "Take-out" plates will also be available. The meal will consist of so-called-a-gun, barbecue, sour dough biscuits and all the trimmings.

Mrs. Gladys Richards, chairman of the Foods Committee, gives assurance that plenty of food is being planned for and that this year the members of the B&PW Club will prepare the food and assist in the cooking. The club members will "Rock the Beans" on Friday afternoon with the cooking beginning early Saturday morning.

The program will be presented at 8 p.m. Miss Myra Hays, chairman and her program committee, has announced that a musical program will be presented this year by Mrs. Janice Ruth and Dean Kelley, both of Amarillo. Kelley has played a leading role in the production, "Texas" at Palo Duro

Canyon and Mrs. Ruth is a music teacher and serves as a church organist. Miss Hays states that prizes will be awarded to the couple who have been married the longest, to the oldest person present and to the pioneer traveling furthest distance to attend the Round-Up. Persons who have never missed a Round-Up will also be recognized. Mrs. Lena Faye Alford will serve as Mistress of Ceremonies.

An outstanding feature of the program will be honoring the "Pioneer Woman of the Plains". Previous winners have been Mrs. Sallie LeMond and Mrs. Frank Norfleet, both of Hale Center; Mrs. Lillian Fortenberry of Edmonson; Mrs. Maggie Davis, Mrs. Coleman Jones, Mrs. Tom Vaughn, Mrs. L. T. Mayhugh, Mrs. O. B. Jackson and Mrs. Charlie Flack, all of Plainview.

The square dance will conclude the Pioneer Round-Up again this year. Mrs. Bula McGowan, chairman of the committee, has announced that Knox Day of Amarillo will be the caller. She stated that all who like to square dance are invited to participate. The Agriculture Center is air conditioned and will be comfortable for dancing from 9 until 12.

Tired of the tame and the ordinary? Slip into a swinging Cutlass S.

This one's got excitement, even standing still. Makes you glad it's also got an anti-theft steering column lock, too—to discourage the envious.

Turn on the key and you turn on a Rocket 350 V-8 to instant escape—with an action, a ride, and a certain class ordinary cars can't duplicate.

It's all part of the Olds extra value that goes far beyond its price.

About that price: It's lower than many "low-price" models on the road today.

Here's how you slip into something exciting, without tripping on the price tag.

Mudslinging at pigs called dirty politics

By Lyn Shepard
Staff correspondent of
The Christian Science Monitor

Washington

Even stone-faced Rep. H. R. Gross (R) of Iowa must have cracked a secret smile the other day as the House sang its praises of a prize Midwestern product—the noble hog.

Most House colloquies, one must admit, tend toward dullness. This one proved a real "bear."

It was all the idea of Iowa Rep. Fred Schwengel (R), critic of the trucking lobby, congressional reformer, history buff, and, it turns out, a promoter par excellence.

"My purpose here," Mr. Schwengel explained, "is to further correct the general image of that much maligned animal, the 'picked-on porker.'"

"I like pigs, and I honestly believe that most pigs like me. Hogs are beautiful. Some of my best friends are hogs."

"Against all those who would besmirch them, I stand ready to speak in their de-

fense—even on the floor of the House of Representatives."

The nation's pork industry, the congressman disclosed, feels deeply disturbed over the pig's public image. It ranges from aversion to plain stupidity.

To counter this, Mr. Schwengel passed around green-and-yellow buttons for each member to wear in his lapel. A gift of the National Pork Producers Council, they proclaimed: "Hogs Are Beautiful."

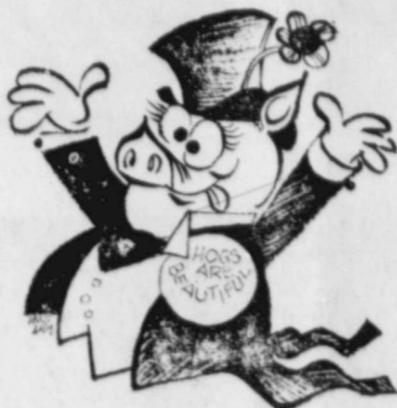

"Such phrases as 'Dirty as a pig,' 'This place looks like a pigsty,' and so forth have conditioned the consumer's mind since childhood," Mr. Schwengel lamented. "It would be strange indeed if there were no negative ruboff on pork and pork products."

Emotions seconded

Such ecstatic praise brought other Midwesterners to their feet.

"We have all heard the expression 'beautiful people,'" another Iowan, William J. Sherle (R), pointed out. "Some probably wonder how they got that way. It was because they consumed those beautiful hogs from Iowa."

"One of the most beautiful things about a hog," he added, "is that every part of it

Hogwash?

Pinning down congressmen with this label could be difficult.

can be marketable except, as the old Iowa saying goes, the squeal."

Not to be outdone, Rep. Ancher Nelsen (R) of Minnesota offered a personal glimpse of swineedom.

"There are those who say that pigs are

not clean," he said. "I can honestly say that I slept in the pig house during the time of the farrowing of the spring litters."

"It must certainly be said that if you gave that lowly animal a chance, he would be clean. If the pigsty is unclean, it is not the fault of the pig but the fault of the man in charge."

Mr. Nelsen opined that Minnesota pork is "just a little bit superior" to that of Iowa. Mr. Schwengel tactfully said he would let the record speak for itself.

That brought a snort from Rep. Paul Findley (R), whose hometown of Pittsfield, Ill., has acquired the title, "Hog Capital of the World." Pike County in Mr. Findley's district produces 100 million pounds a year.

"While city dwellers may envision hogs in terms of mud, squeals, and grunts," Mr. Findley declared, "I have seen many an animal that deserves the word beautiful."

That beauty—especially the economic splendor—isn't just in the eye of the butcher, insisted Rep. Wiley Mayne (R), also an Iowan. American farmers received \$3.8 billion last year from the sale of hogs. And Iowa, the nation's leader, contributed more than \$1 billion to that figure.

That's not exactly hogwash.

FARM PRICE TRENDS—The trend lines plotted in this U. S. Department of Agriculture graph indicate an inverse relationship between prices received by farmers for cotton and prices received for all farm products has developed since 1963. Prices received by farmers for cotton have declined rather sharply since 1963 while prices received for all farm products have made some gains during the same period. Neither of the price series plotted here includes direct government payments to farmers. Cotton price data for this chart are based on season average prices received by farmers for all cotton (upland and American-Egyptian) converted to an index (1957-59 equals 100). Price data for all farm products are based on the index of prices received by farmers for all farm products converted to a 1957-59 base.
