**Caprock Hospital
Imports Nurses
From Ireland**

A shortage of registered nurses in the area has prompted Caprock Hospital here to "import" two RNs from England.

Miss Rose Mary Keenan, 31, and Miss Nolea Rourke, 29, arrived here early this week and started their orientation program at Caprock Wednesday after a preliminary look at the hospital Tuesday.

Both Miss Keenan and Miss Rourke were born in Ireland but have lived and worked in England for some time. They plan to be permanent employees at Caprock, and their hiring brings the local hospital RN staff to five full-time and two part-time. The employment of the Irish/English nurses is one example of the hospital's policy of non-discrimination because of race, color or national origin.

After numerous inquiries by hospital administrator Robert

Floyd Farmers Enjoy General Rain

If the "drouth" of '72 wasn't broken, it was at least dented in Floyd County the past week, as rainfall averaging about two inches around Floydada was

recorded. Floyd County farmers enjoyed a slow rainfall that started with a drizzle last Thursday, increased Friday and Saturday and came again Tuesday after a brief sunny "dry spell" Monday. More rain was forecast for yesterday and today.

The total rainfall in Floydada was slightly under two inches, with .85" being measured for the 24-hour period ending at 7 a.m. Saturday, another .49" measured Sunday morning, and

an additional .40" measured yesterday (Wednesday) morning at Producer's Co-op Elevator.

East of the city the Milton Harrisons at Lakeview reported 1.35" from the Thursday, Friday and Saturday rains and another .69" Tuesday night and Wednesday morning.

J. D. Cates at the Dougherty Store reported .61" Tuesday night after a total of 1.60" last week, most of that coming on Friday and Saturday nights. Both north and south of Dougherty, heavier rains of up to

Freddie Chris Parson 20, Robert Steve Reeves 21, and Gary Dale Gee, 19, were charged with possession of marijuana and two Plainview juvenile girls were arrested on a complaint of juvenile delinquency, charges pending.

Parson, Reeves and Gee are out of jail on \$2,500 bond each. Making the arrests were a Lubbock narcotics officer, local DPS officers Bill Dawson and Freddie Cockrell, DPS Sgt. Thurman Keifer of Plainview and local sheriff's officers Walter Hollums and Ellis Butler.

They were accompanied by District Attorney George Miller.

ABSENTEE VOTING

Persons wishing to vote absentee in the June 3 run-off election may do so ten days prior to the election and three days before June 3. Absentee voting therefore will open May 24 and will continue through May 30.

He will serve in this capacity until he becomes sheriff.

Senior Pictures**

Due to the Hesperian still being minus 11 senior pictures we have decided to wait and print the graduation pages in the Hesperian next Thursday.

We are endeavoring to carry pictures of the entire graduating class but if these 11 pictures are not in by Monday, the Hesperian has no alternative but to go ahead with the graduation pages regardless!

NEW CAPROCK NURSES... Two "imported" RN's were added to the Caprock Hospital staff this week. Miss Rose Mary Keenan and Miss Nolea Rourke, both born in Ireland, met the Caprock staff Tuesday. 3 Floyd Run-off Elections

Floyd County voters in a good turnout Saturday elected

Bud Rainey sheriff and H. E. Porter Justice of Peace, precincts 1 and 4.

There will be run-off contests June 3 for county tax assessor-collector and precinct 1 and 3 commissioners. Of 4,399 registered voters, 3,028 (nearly 69 percent) voted in the county and state primary elections, including 2,977 in the Democratic and 51 in the Republican.

A big crowd braved a welcome drizzling rain Saturday night to attend the Hesperian's election party. It was raining when the absentee votes were posted on the election board and still raining at 12

p.m. when all the totals were complete and most everyone had gone home.

Floyd County voters joined those all over the state in giving Dolph Briscoe the big share of the vote in the governor's race. Briscoe faces a June runoff against Mrs. Frances "Sissy" Farenthold. Mrs. Farenthold ran fourth in Floyd County with 302 votes, behind Briscoe's 1387, Ben Barnes' 677 and Preston Smith's 419.

SHERIFF'S RACE
Bud Rainey scored a clear majority over opponents Connie Reed and Fred Cardinal in the county sheriff's race.

Williams attended his first board meeting last week.

Grand Opening At Davis Farm Supply Saturday

DAVIS FARM SUPPLY ON THE MATADOR HIGHWAY

Saturday is the big day at Davis Farm Supply in Floydada as everyone is invited to the big grand opening of a brand new modern building. Hundreds of dollars worth of free gifts will be awarded to a lot of lucky persons.

A western musical band will be playing in the display room of the business from 2 to 5 p.m., and three ladies will be modeling H Bar C Western wear during the day.

There'll be refreshments, door gifts, and fun for everyone.

Lon Davis issued this invitation at press time yesterday, "The people of the DAVIS FARM SUPPLY and THE LOFT WESTERN WEAR invite you to attend the formal opening of their new building. This represents for us many years of hopeful planning for a better place in which to serve the needs of this community. It is our hope that our friends and our neighbors will come and share with us the pleasure of this occasion."

The Rotary Club, Moorhead, Minnesota

IF YOU ATTEND the grand opening of Davis Farm Supply, I hope you'll notice the lights on each side of the road as you go up to the Loft. I believe these were on the M&P train that came up the Caprock. We join other Floyd-likers in congratulations to the folks at Davis Farm Supply grand opening of a very beautiful and modern new building there Saturday. Incidentally, you can begin saving today for several hundred dollars worth of free

SEVERAL HUNDRED people came by our election board meeting, although we had a very welcome drizzle of rain at the time the first box came in until most everyone had gone home.

Jack Stansell's group at box No. 1, SW Floydada, has a kind of record. I have watched elections here for 30 years and this is the first time I ever saw that box win a first. This is the biggest voting box and I believe the results on the board 45 minutes after the election at 7 p.m.

FLOYD COUNTY people are usually just pretty good sports. I mean to say, for every win, there's a loss (except in games like that one at Littlefield) and a person who has spent considerable amount of time and money trying to win the office. One candidate told me, "well, I lost, but enjoyed renewing acquaintances and meeting a lot of people in Floyd County."

THANKS to the members of the Floydada Whirlers dancers for the donation of a table to the MAC. If your name, or if you as an individual want to give a table, it is \$31.96. If you want to give a chair, the cost is \$3.30. In a list of individuals who give in the Hesperian a little

consulting the contractor late Tuesday, it seems now the MAC will not be ready for use by Old Settlers Day. Mr. and Mrs. Wm. Murray, who have given the building to the Floydada, that we will schedule dedication of the center this summer.

Who is in charge of the scheduling of use of the building has called a meeting for Monday night, 7:30, to begin his calendar. You are welcome to attend

ALWAYS had the feeling in this business that if you were on the street, we should be in to greet those who come to see us. When we remain in, we have the feeling that we should be out seeing someone.

Reminded me of the story of the mama skunk who had two baby skunks. One was named Out and the other was named In. When In was in, Out was out, and when Out was in, In was out. One day mama skunk sent Out out to bring In in. So In came and brought In in. Mama skunk said: "Oh, how did you do that? In all this great forest wasn't he hard to find?" "No, I found out by instinct." (Brownfield News)

3 Whirlwinds Place At State Track Meet

The Floydada Whirlwinds finished seventh in the state by scoring a total of 16 points at the state track meet in Austin last weekend.

All three Whirlwind qualifiers placed in their events. Placing third were Langston Williams in 330-yard intermediate hurdles and Randy Quisenberry in the high jump.

Placing fourth even though he ran his best race of the year was Jay Jones in the mile. Jones set a new school record of 4:28.5.

Coach L. G. Wilson said the boys competed very well at Austin and were a credit to the school and community.

WHIRLWIND CINDERMEN Jay Jones (left) and Danny Quisenberry talk with track coach Bill Grissom after the two tracksters placed in the state meet last week. Jones set a school record in placing fourth in the mile run at the state meet, and Quisenberry high-jumped 6-0 to place third at state.

The following boys will receive letters for the past season, designating them as District 3-AA champs:

Three-year lettermen - Seniors - Walter Harris, Rick Watts, Langston Williams, Kim Rose, Charles Jackson, Steve DeLeon and Van Mitchell.

One-year senior lettermen - Jim Kunkel and Macyl Roberts.

Two-year lettermen - Jun-

MRS. GERALD WAYNE PURDY

Wedding Vows Read For Miss Anderson, Wayne Purdy

Miss Nancy Carolyn Anderson became the bride of Gerald Wayne Purdy in a double ring ceremony, performed in Hodges Chapel of First Christian Church, Lubbock, Saturday afternoon, May 6.

The bride is the daughter of Mr. and Mrs. James O. Anderson, 2122 57th Street, Lubbock, former Floydada residents, and the groom is the son of Mr. and Mrs. Austin L. Purdy, 2508 59th Street, Lubbock.

Guests were invited to sign the bride's book by Mrs. Kelly Ewen, Ushers, Bill Snodgrass, of Joplin, Missouri, Mike Pyatt, of Plainview, Randy Whelan, of Richardson, and Henry Vanston, of Dallas, seated guests.

The ceremony began at 4 o'clock p.m., when soloist, Kelly Ewen, sang, "The Wedding Song."

Miss Shirley Jean Anderson of Dallas, sister of the bride, was maid of honor. Bridesmaids were Miss Judy Purdy of Lubbock, sister of the groom, Mrs. Pete Baldwin and Miss Linda Ulmer of Abilene, Miss Carol Bowen and Miss Linda Pool of Lubbock.

Mike Woods of Lubbock was best man, Groomsman were Jerry Gowder, Robert Brown, Charley Cross of Lubbock, Jim Shultz of Fort Worth, and Jim Stevens of McClain.

Attendants walked to the altar as Miss Marilyn Cooper, organist, and Tony Clines, trumpeter, played "Trumpet Voluntary." As the organist played the traditional wedding march, the bride proceeded to the altar on the arm of her father. The ceremony was officiated by the Rev. H. P. Bishop, grandfather of the groom, and the Rev. Francis Wilson, pastor of Trinity Baptist Church. As the soloist sang "One Hand, One Heart," the couple each took and lighted a candle symbolizing the two of them becoming one; then knelt at the altar as the soloist sang, "The Lord's Prayer."

The bride wore a formal

length gown of silk organza and Venise lace, fashioned with heavy Venise lace bodice overlay, over organza and bridal peau-de-soie. The scalloped lace outlined the shallow scoop neckline and cap part of the sheer lantern sleeves, cuffed with bands of lace. A softly gathered a-line skirt flowed from the empire bodice. A matching lace edge, full length mantilla fastened to a profile headpiece accented with pearls and crystals, swept into a full chapel length train.

Bridal attendants wore gowns of printed floral voile in colors of orchid and hot pink on white, fashioned with a stand up neckline, full length bishop sleeves with a wide cuff, and softly gathered column skirt. The empire waistline was accented with an orchid velvet ribbon tied in a bow with streamers. Their headpieces were orchid picture hats, with matching velvet ribbon.

Immediately following the ceremony, a reception was held in the Green Room, Roger Underwood, pianist, provided mu-

Installation Supper Held For Band Booster Officers

Floydada Whirlwind Band Boosters met Monday night in Farm Bureau where new officers were honored with an installation supper given by Mr. and Mrs. Neal Bertrand.

Prior to the installation service Bertrand extended his gratitude in behalf of him and his wife, for the assistance from the band parents during his tenure as president.

Art Ratzlaff, new Band Booster president, presided over the business meeting, during which time members approved a trip to Canon City, Colo., for high school band students next May. The high school band is also planning a trip to Palo Duro Saturday.

The group voted to sponsor the Date Calendar again. Fifty cents will be charged for each name on the calendar, which will entitle that person to receive a calendar. Each additional name will be 25¢. High school band students are now taking names.

Band Boosters plan to have a refreshment stand set up Old Settlers Day on the court house lawn. Coffee and fried pies will be available as well as other refreshments.

Band Boosters will soon be receiving letters informing them of the projects and purpose of the Band Boosters. Having a child in the band automatically makes a parent a Band Booster, therefore they are encouraged to attend Band Booster meetings. The meetings will resume the first Monday night prior to the first Floydada football game.

Meeting adjourned following a financial report from treasurer, Jack Covington.

Williams resulted in "no luck" in finding registered nurses in the area, the decision was made to make use of the services of a Dallas-based company and "import" the RNs needed to help bring the Caprock staff up to Medicare standards for RN coverage. The RN shortage is the only area where the Floydada hospital has been in danger of falling short of the Medicare requirements, according to Mrs. Sammy Rink, Caprock RN and director of nursing.

The two Irish nurses flew into Texas Monday night after spending a week in New York, and after a short rest and brief inspection of the hospital Tuesday started their new jobs Wednesday when they were shown around the hospital, told procedures, and read their job descriptions.

Is the old saying—the higher the clouds the finer the weather—based upon any scientific knowledge or is it purely folklore and superstition?

This old belief actually has a scientific foundation, since clouds form when air is cooled and moisture particles become visible in the air.

TV COMMENTARY

By John Smiley
WHAT IS TRUTH? Greek philosophers asked the question. A fragment of American TV writers say they have the answer.

SOME TV WRITERS stated recently that a vast majority of Americans think of life (truth) as they see it reflected on TV. These particular writers say life in America as shown on TV is a lie. They say television distorts the image of this country by censoring controversial and provocative themes and replacing them with myths, clichés and stereotypes.

PERHAPS this is accurate and perhaps not. One wonders if these writers are seeking license to sow more of the seedy side of life on the viewing public in the name of truth. There is no doubt that controversial and provocative happenings are occurring. Wholesome, low-key, cliché-ish events of life are happening, too. Both, one suspects, are rooted in truth. ONE WOULD regret seeing non-provocative themes

SOUTH PLAINS, FROM PAGE 6

From that day until their deaths, Uncle Hank Smith and Aunt Hank Smith, as they were affectionately called, were central figures in the settlement of the West Texas Plains.

Hank followed the trail of Mackenzie out to Blanco Canyon in now Crosby County. Here, he built a home of rock, and the hull of the house still stands solidly. He brought his bride to this place. They raised a family, dug a well, tilled the soil and fed their cattle on abundant grasses. Together, they rest in the cemetery at Old Emma.

Now there is romance anew at Mount Blanco...

Couple To Wed
Saturday night (May 13), almost 100 years after that New Year's ball in 1874 and a wedding in May of that year, a great-grandson of the late Uncle and Aunt Hank Smith will be wed.

He is George "Hank" Smith, a senior range management major at Texas Tech and manager of the George Smith Ranch near the original Hank Smith Rock House in Blanco Canyon.

He is the son of Mrs. James Setters of Granbury, Tex.; and the late Allan B. Smith, rancher and farmer of the Mount Blanco community. His (young Hank Smith's) paternal grandparents were George and Sallie May Smith, pioneers of the Plains.

THE MAN ASTRIDE THE CAR is a rodeo performer, played by James Co... "The Honkers," which will have its debut, showing Friday Saturday and Sunday at the Palace Theatre. Co-starring with Lois Nettleton, Slim Pickens and Ann... The picture is released by United Artists entertainment service of Transamerica Corporation.

IT'S A ZIP-A-DEE-DOO-DAH DAY... James Baskett as Uncle Remus strolls Briar Patch country with Bobby Driscoll and Brer Fox, Bear and... Walt Disney's delightful "Song of the South" in color by Technicolor, Disney's "Song of the South." In color by Technicolor the live action-cartoon production is released by Buena Vista. Showing Saturday at the Capada Drive-In.

Area Cotton Pioneer
Also, he is the great-grandson of the late Winfield Scott and Elmira Adams of the Lakeview community, who brought the first cottonseed for pioneer farming in Floyd County.

The bride-to-be is Miss Lyda Cay Winkerhower, daughter of Mrs. Harry Oliver Winkerhower of San Antonio, and the late Mr. Winkerhower. She is a senior English major at Texas Tech.

She is the granddaughter of Mrs. Otto B. Cloutd Sr., of Rock Springs, Tex., and the late Mr. Cloutd; and she is the great-granddaughter of Frank Cloutd, pioneer Texas rancher in the Hill Country of Texas.

The couple will be married in the George Smith Ranch home at Mount Blanco, where the sounds of laughter, joy and merriment can waft out to the old Hank Smith Rock House nearby.

It is said the story rock structure hulled out by the 1940s, else a reminiscence of the ago almost to the take place there.

JUST WANTS YOU TO KNOW THAT HE APPRECIATES THE MANY PEOPLE OF THIS COUNTY WHO VOTED FOR HIM AND HELPED HIM IN THE MAY 6 DEMOCRATIC PRIMARY. THANKS FOR MANY KINDNESSES AND LOYALTIES.

MEANY & STRIKES

Washington--AFL-CIO President George Meany says he no longer believes strikes are good tools for organized labor. He has appointed a committee to find an alternative weapon. Meany emphasized that his comments on strikes dealt with them as tools--not as rights.

Ulster violence still high despite Heath moves.

THANK YOU

I take this means of sincerely thanking each and everyone who voted for me in the Saturday Primary Election, Justice of the Peace Contest.

I will work with the county officials and law enforcement agencies to the best of my ability, and try to serve the people fairly.

Caprock Now Using Plastic Bags For Intravenous Feeding

Caprock Hospital has replaced familiar glass intravenous solution bottles with new plastic bags which officials say are safer, easier to use, require less storage space and are much easier to dispose of. Caprock Hospital is one of the first hospitals in the Lubbock area to use the new VIAFLEX (trade-name) plastic containers which were just released in the United States by Baxter Laboratories of Morton Grove, Illinois.

The Viaflex System was developed over a nine year period, and has been used in Canadian hospitals for more than two years. The U.S. Military has tested the plastic bags in Vietnam, and they have proven to be ideal for the rugged conditions there.

Nonbreakability is the most obvious advantage the bags have over conventional glass bottles; however, the Viaflex System does offer hospitals numerous other benefits as well.

SWEEPSTAKES, 30 GOLD MEDALS, OUTSTANDING SOLO

FJHS Big Winner At Band Festival

The Floydada Junior High Band was one of six junior high and elementary school bands taking sweepstakes awards at the junior high band festival held here Saturday. The sweepstakes award went to bands which were rated "P" in both concert and sight-reading. Other sweepstakes winners were Wilson, Friona, Seagraves, Idalou and Brownfield. The FJHS band students won

more first-place solo and ensemble gold medals (30) than any other school represented at the festival. There were 50 students from the Floydada school entered in the events, and 13 of them won at least one of the first-place medals; there were several multiple winners, including Elizabeth Farris with six and Jimmie Kay Sales with five. Brownfield, with 70 students entered,

took 29 gold medals.

Outstanding soloist awards went to Ellen Bradley and Tim Dyess of Floydada for piano and brass, respectively. Also winning Outstanding Soloist awards were Donna Ammons of Post, twirling; Kevin Allmon of Brownfield, who tied with Dyess for the outstanding brass soloist award; Julie Johnson of Friona, woodwind; and Jon Ingram of Friona, per-

fusion.

A fifth-grade band was awarded standing Concert trophy.

Nearly a thousand students representing schools participated, which was a "successful" by the director Jim Switzer.

GSPA Advocates Reseal For 1971 Grain Sorghum

Continuation of "orderly marketing" of grain is encouraged by the Grain Sorghum Producers Association. El-

bert Harp, GSPA Executive Director, reminded farmers that they need to sign up to "reseal" their grain sorghum

that is in government loan by June 30, or it will become property of Commodity Credit Corporation.

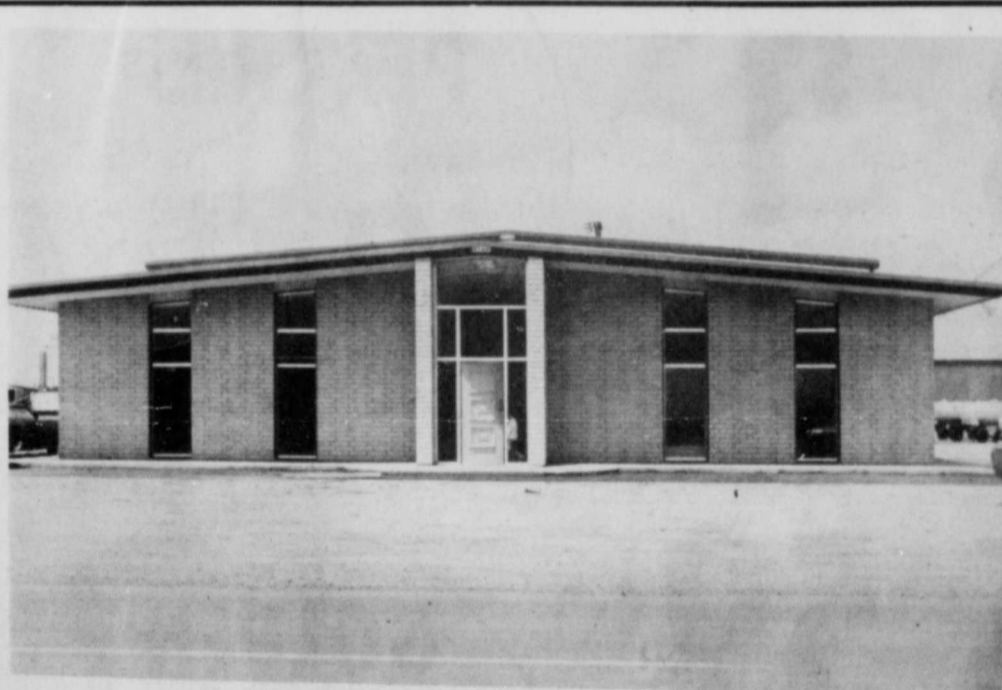

Harp stated, "The grain sorghum farmers are to be commended for their determination to distribute the sale of grain throughout the year. This practice kept the market prices in most areas from dropping back to the loan level, as they did throughout the corn belt."

The grain market has held from 20-30 cents per hundred pounds above the loan level ever since last fall. "There is little doubt that, had everyone dumped his grain during harvest season, the market would have gone below this level. It still will if everyone suddenly decides to sell," Harp said.

The reseal program offers farmers the opportunity to hold their grain for higher prices later in the year, with CCC paying the storage after June 30. The farmer has to sign up for reseal to take advantage of this program.

If the drought continues to cut wheat production so that it will not compete with grain sorghum in feed lots; if 1972 corn and sorghum crop prospects deteriorate; and if overseas sales of grain to Russia and other countries materialize, there should be some strength in grain markets this summer.

Letters To The Editor

Pampa, Texas
May 3, 1972

Floyd County Hesperian
Floydada, Texas

We take this opportunity to invite each and everyone who ever lived in or near Starkey or Cone - or any surrounding area, to meet us at the Cone school house May 14 for another reunion. Since our last one in June of 1968 we have been asked so many times by old-time friends when we are going to have another - so this is it!

Everyone brings a lunch and we spread them together. No special program is planned, only recognition of "Mothers Day" and hopefully a sing-song in the afternoon, but mostly just old time fellowship and reminiscing - that's the way memories are made!

The time span in chronological years since we moved from there, is 44 years, but our love for our "Old Home" has not diminished one iota and we hope to see everyone who loves and cherishes memories of yesteryear.

Come and bring someone with you.

Sincerely,
The Moores:
Mrs. Virginia Zora, Everett,
Marion, Corene, Thula, Bessie
And all Starkey and Cone friends

GEE WHIZ - I never was so tickled the way the State Election came out last Saturday. But of course; would have liked to see "Barefoot Sanders" get twice as many votes.

Texas this time had a chance to do a housecleaning and it was long overdue.

Dear Editor;

I do not like writing a letter of this kind but others have agreed that something needs to be done. Over the years I have received any number of graduation announcements, wedding invitations etc., and most of the recipients thanked me orally or by written acknowledgment, a few being careless and failing to do so. I didn't think too much of it at the time. Unfortunately the situation has reversed itself, in the last few years and failure to respond has become the rule rather than the exception. I could cite many many examples experienced not only by myself but others as well. To call your attention to just a few - one graduate sent a thank you for that gift some six months later along with the wedding announcement. The wedding gift went unacknowledged, I myself sent one young man a graduation gift and ordered a wedding gift to be sent to the shower many months later. Evidently his bride didn't have any better manners either because others beside myself never heard anymore about it.

I could go on and on. But when our local merchants are actually blamed for not sending ordered merchandise to a show-er simply because the "giver" never heard anymore about it, that is too much. I cannot always attend the showers and must order items or leave graduation gifts with parents or others. Too many times that is the last of it. Several months ago I stopped to pay a bill for an ordered item the bride-to-be picked out. The merchant has had this type of problem (failure to acknowledge plus being blamed because of it) and explained how orders are checked and double checked minimizing the margin of error. Our local merchants do a splendid job of sending these things along with cards, relieving many who either cannot attend or making a long drive from the country to purchase something.

The final blow comes, however, when hand made items go ignored. One individual I know, who is skilled in leathercraft, has sent any number of initialed billfolds - too many have been unacknowledged in recent years. Others have given hand-made articles ranging from types of sewing and needlecraft to hand painted china. Again the same story, too many times.

Those who fail to thank people make it hard on our many fine young people who are so very appreciative of these efforts on our part. I do hope this situation will improve with the 1972 graduating class. I am offering the following suggestions which I hope will be helpful.

1. To Parents - Do you encourage your youngster in good manners and help see to it that all gifts are acknowledged?
2. Young people - Remember a lot of time and effort is spent as well as money in giving these "showers". No matter how big or small the gift, whether you like it or can use it or not at least remember, that someone spent time and effort as well as money in the selection of the gift. At least appreciate that.

3. To those who order selected items or otherwise from our local merchants - Check first with others who have sent different things to a shower before complaining to the merchant. Since you "never heard anymore about it" you'll probably find that other donors haven't either.

FLOYD PHILOSOPHER

Comes Out With Outrageous Plan To Cut Down On High Rate Of Crime

Editor's note: The Floyd Philosopher on his Johnson grass farm is bound to be kidding in his letter this week.

Dear editor:

According to an item I read in a newspaper the other day, there is such a big backlog of un-tried criminal cases stacked up in New York city that if the police made no arrests at all it'd take a year for the courts to catch up, and other big cities and some not so big are reporting similar situations.

Even the Supreme Court is having trouble, the Chief Justice having reported that there were 4,000 cases filed with the high court last year compared with only 1100 in 1940. I have been thinking about this, trying to find a solution. Take the Supreme Court. If it's getting four times as many cases now, you'd assume maybe we ought to have four times as many Justices, or 36, but judging by the way Congress turns down appointees, there may not be 36 men in the country qualified to serve.

Or take the big cities. Maybe they should have four times as many courts, but that'd require four times as many judges, four times as many court rooms, four times as many prosecutors, four times as many grand juries, petit juries, bailiffs, etc. Half the cr-

would be tied up in court most of the time and half the criminals would have to start robbing each other.

The only solution I can think of is to develop no-fault crimes, like the town I know that cut down on speeding violations on its streets by raising the speed limit.

Why not? We've got no-fault insurance in some places, haven't we?

I never had understood what no-fault insurance meant until just the other day when a friend explained it to me.

"No-fault insurance," he said, "is the kind of insurance the insurance companies never have to pay off on. They say "We find no fault with that type insurance."

This doesn't sound right to me, but in a political year a man is naturally confused. Why just last night I read that some consumer organization has claimed that there are 88,900 bridges in this country unsafe to use. This leaves a politician not only unwilling to cross a bridge before he comes to it, but unwilling after he gets to it, although I guess it's only fair to say a lot of them have been following that practice for years anyway.

Yours faithfully,
J.A.

Satellite School Is Proposed In Ralls

The Ralls Young Homemakers are soliciting everyone's help so that a Satellite School may be started in Ralls, in cooperation with the Lubbock State School.

The school to be located in Ralls will be designed with a basic purpose of educating the mentally retarded youth in the Lorenzo - Crosbyton - Ralls area.

The school will have state assistance and assistance from the Lubbock State School plus local support, monetary and volunteer help.

The state supplies the teachers' salaries and minimum classroom supplies. The remaining needs, building, utilities and supplies are met from public donations. A twelve-member advisory board will supervise the local donations and see that the school's expenses are met.

This free satellite school will be for children 3 years old and up who are ineligible for public school. For those not sure the child is ineligible, a one day clinic will be held in Ralls under the supervision of Sue Ward, director of the Lubbock State Schools Diagnostic and Evaluation Center, to deem if the child is ineligible for public schools. The school will be held 5 days a week, 4 hours each morning.

Those who have a child or know one who will be qualified for this school, are asked to contact Mrs. Eddie Verett, Rt. 1, Ralls, Phone 253-2795, or Mrs. Bill Binder, Ralls 253-3451.

The Ralls Young Homemakers will be sponsoring the school and are very anxious to begin work. The school cannot be started without the enrollment of six to eight students.

Crowd Attends "Annie Taylor Day" Observance

Wendell Tooley and a crowd of friends and family gathered at the Della Plains school on Sunday afternoon to observe "Annie Taylor Day."

The program included a big stage area, a presentation of a plaque, and a reading of a letter from the community and the school. The theme of the program was one of appreciation for an outstanding teacher in the community and the school.

The program was as follows: Processional - Mrs. Lavada Garrett; Prayer - Rev. Raymond Campbell; Music - Mrs. Charles Taylor; Superintendent - Mr. J. C. Wester; Superintendent - Mr. A. E. Baker; Music - Community Choir; Reading - Mrs. A. T. Hull; Duet - Eliza Garrett - Nanette Burk; Poem "Trees" - Mrs. Marie Jones; Principal - Mr. A. W. Coltharp; Music - Mrs. Joni Gilstrap, singing and playing "When You Come to the End of a Perfect Day".

The following article appeared in Time magazine June 18, 1951 about Mrs. Taylor: "Mrs. Annie Taylor has spent half of her 48 years as a teacher in the Floydada, Texas grade school for Negroes. This year, before she could qualify for a renewed contract, state law required that she go back to school herself for some

courses in elementary education. And the most convenient place for "Miss Annie" to do her graduate work was Wayland College, a white Baptist institution at Plainview only 28 miles away.

Wayland has received inquiries from Negroes before, but not until Miss Annie sent a transcript of her record did the college find one who was academically qualified. Like other Southern colleges, Wayland might well have waited until the courts ordered an end to racial restrictions. But one day before the spring term ended, Wayland's president, Dr. J. W. (Bill) Marshall, called faculty and students away from final exams, asked them to vote on Miss Annie's application. No faculty members, and only nine out of 274 students, had any objection.

The next night Dr. Marshall faced the board of trustees. "Our concern," he explained, "is that we do right, and if we do right, God will see that we come out right." Despite token resistance from some West Texas trustees, the board decided that to "do right" was to open "the academic facilities of Wayland College... to students of all races and nationalities."

Last week when Miss Annie enrolled, Wayland proved that it meant just what it said. Taking advantage of Wayland's new democracy, three other Negroes had also signed up in the

Durwood Hart In Plainview Credit Meeting

Agricultural credit specialists from throughout the state gathered in Plainview's Holiday Inn May 10-11 to look closer at how best to meet growing credit needs of Texas farmers and ranchers.

The approximately 50 conference participants represent Production Credit Associations of Texas.

Plainview participants include H. L. Howerton and Donald Loafman, both assistant managers; Douglas Eubanks, office manager; and Jerry Dixon, W. M. Greenhaw, Robert White and Wade Wright, all loan representatives.

Other area participants are B. M. Bryant, Dimmitt; Durwood Hart, Floydada; Dale Cary and Richard Francis, Friona; J. A. Petty, Littlefield; W. B. LeVeque and Curtis Walker, Muleshoe; Don Loafman, Olton; A. D. McWilliams, Silvertown; and Billy D. Black, Tulla.

James A. Rogers, PCA manager, Plainview, said the two-day conference is designed to help PCA credit men meet the money needs of agricultural producers who last year bor-

rowed almost \$1 billion from Production Credit in Texas. "Agricultural loans are becoming larger and more complex," the PCA officer pointed out. "This special training will better prepare us to service these needs which increase daily due to higher operation and expansion costs."

The conference is sponsored by the Federal Intermediate Credit Bank of Houston, source of funds for the state's 34 PCAs.

NEWS FOR HOMEMAKERS by Billie Vahlenkamp Floyd County H.D.

FREEZING GREENS

Have a garden? If so, spring and summer meals will abound with fresh garden greens, such as mustard and spinach.

What are you going to do with the surplus? Do you have a home freezer or locker that enables you to preserve these greens for future use.

Preserving food means money in your pocket, if you have time and know-how. Greens provide Vitamin A which is needed for growth, normal vision and health conditions of skin and other body surfaces.

Select mustard and spinach with young, tender leaves that are easy to freeze. Freeze as soon after picking as possible for highest quality.

Prepare the greens as you would for cooking - wash and remove tough stems and imperfect leaves. It is necessary to heat greens before freezing to slow or stop the action of enzymes.

Until greens are ready to pick, enzymes help them grow. After that they cause loss of flavor and color. If not heated, the enzymes continue to be active during the frozen storage. The greens then develop off-flavors in a few months and discolor and toughen.

Heating also wilts greens and makes them easier to pack. Heating too long results in softening of texture and an unnecessarily large loss of water soluble vitamins and minerals.

So, put the greens in a blanching basket or a large kettle or saucepan that can be covered or into a pan which a fine mesh basket fits. It's possible to use cheese cloth bag in a covered saucepan.

Lower the basket or bag into boiling water and cover. Keep the heat high and begin counting immediately. Heat the mustard greens in boiling water for two minutes, and heat very tender spinach for one and one half minute.

Plunge the heated greens into a large container of ice water or into cold running water. When the greens are cool, remove them from the water and drain. Pack the greens into moisture-vapor proof containers, leaving a half-inch headspace if using jars or rigid containers. When working with plastic bags, press out the air before closing with a goose-neck twist.

Freeze the greens immediately. Store at zero degrees Fahrenheit or below. The greens will be no better when you take them from the freezer than they were when you put them in. So remember - use fresh, tender greens, freeze as soon as possible and keep

the freezer zero or below. Temperatures for freezer food after the season, money in your pockets important.
