FRIONA, PARMER COUNTY, TEXAS, FRIDAY, APRIL 30, 1948

Price: 5c Per Copy

POPPY DAY WILL BE MAY 29TH Origin of Poppy Day Traced by American Legion Ladies Group

The custom of wearing the poppy as a memorial flower seemed to spring up naturally both in the United States and England after the close of World War I. Returning soldiers brought back memorabilia along the edge of the trenches, beneath the tangled barbed wire, around the shell holes and over the fresh earth of the battle graves. They were the one touch of nature's beauty which survived in that area of destruction known as the western front, and came to symbolize the heroism of those who died.

The association of the poppy with the war dead was given beautiful expression in the poem of Colonel John McCrae, Canadian physician who sacrificed his own life shortly after he wrote:

"In Flanders fields the poppies blow,
Between the crosses, row on row—
The poem touched hearts the world over and tied the poppy inseparably to thoughts of the war dead.

The first instance of wearing poppies in tribute to the dead took place in New York City on November 9, 1918, when Miss Moira Michael of Athens, Georgia, a YMCA staff worker, distributed poppies at a conference of that organization.

The poppy was first distributed publicly on the streets of Milwaukee in June, 1919, in connection with the home-coming of the 32-Division, and was first used to raise funds for the disabled veterans in that same city the following May.

The American Legion adopted the poppy as its memorial flower at its national convention in Cleveland in 1920, and by the American Legion Auxiliary at its first national convention in Kansas City in 1921.

At first, silk poppies made in France by French widows and orphans were distributed by the Legion and Auxiliary on Poppy Day. Making of poppies by disabled American veterans was begun in hospitals in Minnesota in 1922, and the veteran-made crepe paper flowers gradually displaced the silk poppies. This year more than 25,000,000 poppies have been made by thousands of disabled men and women working in hospitals and convalescent workshops in 40 states.

The crepe paper poppy was adopted as the official American Legion Auxiliary because its making provided more interesting and beneficial work for the veterans with minimum cost for materials. While the dead of World War I fell in many parts of the world, many of the fiercest battles of that war took place in France, Flanders and western Germany, where the poppy is a native wild flower. Again it bloomed between the crosses which marked the resting place of American dead and it became the memorial flower for World War II as well as World War I. No matter where they died, the poppy is the flower which says we remember and honor their great sacrifice for America.

Thoughts of the dead naturally bring thoughts of the disabled veterans and the children deprived

of a father's support by the war. So, in exchange for the poppies each year Americans contribute approximately \$2,000,000 for rehabilitation and child welfare fund of the American Legion and the Auxiliary.

"A poppy on every coat—remembrance in every heart," is the goal of the American Legion Auxiliary for Poppy Day, Saturday, May 29. "All women who distribute American Legion Auxiliary poppies on Poppy Day serve as unpaid volunteers, all contributions given them going to the Auxiliary's rehabilitation and child welfare funds."

"Disabled veterans unable to do other work make all the memorial poppies which the American Poppy Day to honor the war dead and raise funds for the welfare of children."

HONOR THE WAR DEAD AND AID THE WAR'S LIVING VICTIMS BY WEARING A POPPY ON POPPY DAY, SATURDAY, MAY 29.

Friona FHA Girls Attend FHA State Convention

Patsy Cobb, Gladys Laceywell, and Mrs. Nolan Froehner attended the state FHA meeting in Galveston last week. They went in a chartered bus from Amarillo along with 37 other girls and teachers.

They stopped and picked bluebonnets along the way, visited a large sawmill and visited the state penitentiary in Huntsville. The beach in Galveston had not opened officially, but the girls waded in the water and picked up seashells. They also went on a 24 mile boat and ferry ride. There were several ocean liners from different countries in the docks.

There were 642 schools represented with 1050 girls. A girl from Temple was elected president for the next year. She is an Italian refugee and came to the U. S. for adoption nine years ago. Next year the meeting will be in Dallas.

SENIOR BAKE SALE
The senior class is going to sponsor a Bake Sale at the Star Office Saturday May 1. The following items will be sold:

- Dressed Chickens
 - Fresh Eggs
 - Whipping Cream
 - Pies
 - Cakes
 - Cookies
 - Candy
- Please come and buy your Sunday dinner.

CITY OFFICE MOVED
City Manager Roy Johnson announces that he will move his office from the Reeve Chevrolet Building to the American Legion Hall, Friday. (Today) and will be ready to serve the city's customers from that place henceforth.

Those having business with the City may see Mr. Wilson in his office at that location after this week.

THE SABBATH
A Gentile, as such, has never commanded to keep the Sabbath. The Sabbath is the seventh, not the first day of the week. "But the seventh day is the sabbath of the Lord thy God" (Ex. 20:10). After God's deliverance of the Jews from Egyptian bondage he made known to Israel in the commandments given him on Mount Sinai the Sabbath, which was a sign between God and Israel—a memorial to the national deliverance of the Jews. (Neh. 9:13-14; Ex. 31:17; Deut. 5:15.) The covenant containing the Sabbath was made by the Lord with the Jews then living. Moses said, "The Lord made this covenant with our fathers, but with us, even us, who are all of us here alive this day." (Deut. 5:3; Read verses 1-15.) The Scripture called the Ten Commandments the covenant. (Ex. 34:28; Deut. 4:13), which was made when God brought the children of Israel out of Egypt. (I Kings 8:9.) Were any Gentiles servants in the land of Egypt?

The covenant containing the Sabbath which the Lord made with Israel was to be taken away. A new covenant was promised (Jer. 31:31-34). The Apostle Paul declared to the Hebrews that the new covenant, the second covenant, "established which Christ was the mediator, had been made. (Heb. 8:13.) The inspired writer to the Corinthians speaks of the old covenant with the Jews as "that which is abolished." (II Cor. 3:13.) The old covenant or Ten Commandments with (Col. 2:14). "Blotting out the handwriting or ordinances that was against us, which was contrary to us, and took it out of the way, nailing it to his cross."

The Ten Commandments so far as man knows, are the only handwriting God ever had. They were written with the finger of God. (Ex. 31:18.) These Paul declares, were blotted out, nailed to the cross of Christ.

The scriptures above teach (1) that the Sabbath is the seventh day of the week. (2) It was given on Mount Sinai to the Jews then living as a memorial to their national deliverance. (3) It was a part of the old covenant with Israel which was abolished at the cross of Christ. (4) and therefore was never binding upon Gentiles, and is not binding upon anyone today.

Paul said the Gentiles had not the law. (Rom. 2:14). "We know that what things soever the law saith, it saith to them who are under the law." (Rom. 3:19). It stands thus: The Jews had the law; the law said for them to keep the Sabbath. The law said things to those only who were under the law. The Gentiles did not have the law. Therefore, the law said nowhere for the Gentiles to keep the Sabbath.

Choir Prac. Wed.—8 P. M.
The church school is one of the most forceful organizations we have for the spreading of the good news of Christ. The greatest stress which Christ placed upon any phase of his work while upon the earth was on teaching. The power of the gospel speaks for itself when it is a genuine part of one's life, and the church school helps to make this so.

Church School Superintendent, is giving us excellent leadership in the creating of a better and more effective Church School. If you are not attending a church school come and spend a Sunday with us. Our emphasis is to place "Christ Above All" in our daily living.

Hears First Time in 16 Years!

Diphtheria took 19-year-old Marie Tyler's hearing 16 years ago. But recently the Fort Worth, Tex., girl got a cold and sore throat, and began to hear some sounds. Then doctors restored her hearing.

COGITATIONS and APHORISMS of Jodok

I sometimes cogitate about the difference in the talents and the different degrees of talents, that are possessed by the people whom I know and with whom I come in contact. I mean this: Two of my friends we will say, have a talent for public speaking. Mr. A has the greater talent, he having a large vocabulary from which to choose his words and is thoroughly versed on his subject and has all the acute interpretation of the words which he uses, and we will say has an overwhelmingly important subject; but when he appears before an audience, he will, within ten or fifteen minutes have about half of them talked to sleep. Mr. B knows comparatively little about the subject and has a comparatively meager vocabulary from which to express his ideas; but he does have a tact for expressing himself, and a delivery or eloquence that will hold his audience spell-bound for as long as he chooses to speak.

These same men are equally qualified as leaders in their community, and each commands the esteem, respect and confidence of his neighbors. Mr. A knows what the community needs and the necessary processes for securing those needs; but when he places his project before his fellows—it may be his church, his lodge, the town board or the board of education—the project falls flat and attracts the interest of no one. He lacks tact and also diplomacy. No action is taken.

At some future meeting Mr. B presents the same matter to the same body of people. He is more forceful and no more logical than Mr. A; he may even use the same words as were used by Mr. A, about the matter, but the proposition went over with a bang, securing a hearing. Mr. B had the knack or the tact, or what it takes.

Again, Mr. A and B are salesmen, or at least appear to be. Mr. A cannot sell \$100 bills at 50 per cent discount, while Mr. B can get out and actually sell airtight breeches for horseflies, if he can secure the goods. Same difference.

Personally, I am in the class of Mr. A. As an orator or lecturer I would be a complete morphia. As a community worker, I would side-track the most desirable plan in the world, should I propose it. As a salesman, if I had the sole agency for an article that people could not live without, I would die of penny for people just would not buy from me.

Now, it occurs to me, that the only difference between Messrs. A and B, is A's lack of tact or diplomacy. They both have talent, but talent alone will not do, for success in the ordinary life, it must be accompanied by "tact." As I can think of no better word to express it, it is that little intricate, indefinite, indefinable something in the human nature that gets the job done. Pardon me for quoting Mr. Guffey's old Fourth Reader again.

Sunday evening at 7:45, the religious film, "Beyond Our Horizon" will be shown. We are happy to announce that the High School chorus will sing at the evening service. We extend to all a cordial invitation to come for this service.

Parmer County Residents Invited to Attend Hereford Golden Anniversary Fete on May 8

HEREFORD, April 29 (Sp)—Hereford citizens have turned back the clock a full fifty years.

A casual visitor to the city these days might wonder if he'd stepped accidentally into Dr. Womung's famous "Time Machine" and been swept back to the Gay Nineties in the Old West.

Hereford men are attired in western regalia, cowboy styles—and Hereford women are appearing on the streets and in the stores in styles which were in vogue half a century ago.

But it's still the 20th century Hereford is preparing to celebrate its 50th Anniversary on Saturday, May 8, and the citizens are dressing the part for one of the most colorful celebrations ever staged on the Plains.

A pioneer reunion, a gigantic parade, an old-fashioned chuckwagon supper, and a street carnival and dancing will feature the big day. Visitors from surrounding towns and counties are invited to come to Hereford and take part in the big jubilee.

Registration will begin at 9 a. m. on the morning of Saturday May 8, at the Cogdell Motor Company here. As pioneers register they will receive appropriate ribbons designating their residence in the Panhandle for 30, 40 or 50 years.

An old-fashioned basket lunch will be held in Lake Park beginning at 11:30. Tables and picnic facilities will be provided there, and each family is requested to bring a well-filled basket in the pioneer manner. The lunch hour will feature visiting between families and old friends. A concession will be opened in the park where those who do not wish to bring lunch may enjoy it.

A welcoming address will be made by Mayor W. E. Dameron during the noon hour. He will be introduced by Francis Hardwick, president of the Hereford Chamber of Commerce. Following his speech ribbons will be awarded the oldest settler, the oldest couple, the largest family, the first person born in the county, and to the person who came the longest distance to the celebration.

One of the most colorful parades ever staged in the Panhandle is being arranged, which will feature floats depicting pioneer days and other events of community and Panhandle interest. The Santa Fe Railway miniature freight train will appear in the parade. The parade will form at 1:30, and following the parade a vault containing historical documents, pictures, and other information will be buried on the courthouse lawn. The vault is to be raised at Hereford's Centennial celebration in 1996.

A Boys Ranch Rodeo will be staged at the Whiteface football field at 3 o'clock under the direction of Hereford Lion's and Roper's Clubs. Following at 4 o'clock will be cakewalk by the American Legion Auxiliary. Following a historical skit, pioneers will be invited to swap yarns, this will be in the district court room at 5 o'clock. Each one who participates will be given a souvenir of the occasion. Mrs. Cecil Williams, general chairman of the day, said:

A chuck wagon supper will be served by Deaf Smith County Home Demonstration Club women at the new Fullwood building at 6 o'clock. A floor show will be featured during the supper hour. At twilight, there will be an old-fashioned street dancing.

Three dances, beginning at 9 o'clock will furnish a variety of entertainment for late-layers. The Hereford Fire Boys will sponsor a modern dance at the City Hall; the Deaf Smith Riders will be in charge of square dancing at the Ireland building; and the Veterans of Foreign Wars will supervise folk dancing at the Fullwood building.

Games, entertainment, and food will be available throughout the day at the mid-way on the courthouse lawn and in the vacant lots west of the court house. The street there will be roped off to form the mid-way.

The pioneers of the community have given us a great heritage, and Mrs. Cecil Williams, general chairman states that all committees are working together to make Hereford's 50th Birthday party a momentous occasion, and the representatives of the eleven local organizations taking part in the arrangements for the celebration extend a cordial invitation to the entire Panhandle to come to Hereford May 8, and join in the fun.

CARD OF THANKS
I take this opportunity to thank each of you for your visits, flowers, and cards, while I was ill in the hospital. Each was a great help, and since I have been home you have continued to visit me with your presence and cards. Especially do I thank Mrs. E. H. Cummings, Mrs. Joe Pitman and Mrs. Charles Vezzey. God bless you everyone.

Sincerely,
Mrs. C. A. Guinn.

Twenty four dollars worth of trinkets were paid the Indians for Manhattan Island.

If I sell them to Lou, I'm a fakir; And I'd think I'm so smart, I'd be wakened my heart— Well—Gilliland's my undertaker.

FRIONA WEATHER

There has been little change in the weather locally since last week with the exception that the mornings and most of the forenoons so far this week have been decidedly cool, while the afternoons have been decidedly the warmest of the season.

No moisture in any form has been received and farmers are expressing concern as to the wheat crop prospects in the few fields that were planted with the exception of those fields that are under irrigation. Thus far row crop prospects are nil.

FARM NEWS

Well, it looks like the wheat harvest in Parmer County will be rather light. First came the dry weather last fall making it impossible to sow at the usual time. Then came light rains giving barely enough moisture to get up a decent stand and affording no sub soil seasoning. Cold weather all last winter kept freezing it back until no cover was furnished the ground. These conditions set the stage for some real dusters this spring which blew out many fields and damaged much more. And to top all this dry weather prevails this spring and the cut worms have moved in. Looks bad doesn't it? Many acres of wheat will be plowed up and either put in row crops providing it rains in time or summer fallowed in preparation for a fall seeding of wheat. As in years past PMA will sponsor a program for the protection of this summer fallowed land. The payment will be 50c per acre and the provisions which the farmer must comply with to draw this payment are as follows: Make a request for payment at this office now or in the near future. Plow the land at least before the 15th of June leaving whatever stubble is on the ground on top or mixed in the top soil. Plowing at intervals to control weed growth must be done. Fifty cents per acre last much, but it may look big after a complete failure.

Many acres of improved pasture mixtures are being seeded on irrigated land. Most farmers are reporting excellent stands and the grass seeded last fall and irrigated is affording abundant grazing. Practically all of this grass is being seeded under the program whereby less than two-thirds of the expense is paid for by the farmer. We don't believe that the land should be given back to the Indians, but we do believe that more land should be seeded back to an improved grass.

The Love Grass that we seeded last winter on dry land has now shown up yet due to the prevailing weather but we are hoping to see some of it after this next rain we are going to get.

Bind Weeds have taken up a good portion of the High Plains. This year we are offering a program for the assistance in its control. J. G. McFarland of Friona will sell a commercial mixture of 2-4-D and will have a spray available for its application. Two sprays will be in the Friona locality operated by H. H. Barlow and Graham Thornton. Our Bind Weed infestation is not heavy as it is in other portions of the country, but the time is ripe now to start on it.

Mrs. C. C. Weis departed Saturday for a few days visit in the home of Mr. and Mrs. Paul Renner at Donna. Mrs. Renner is her daughter.

MRS. DRAKE HOME
Mrs. A. O. Drake returned on Monday of this week from a visit of two weeks with relatives at Redding, Iowa, her girlhood home.

Mrs. Drake was called there on account of the serious illness of her older sister; the condition of whose health was still quite serious when she left. If no improvement is made, which condition does not seem hopeful, Mrs. Drake plans to make another visit there some time in the near future.

She reports that while the rain-fall in Iowa has not yet been as abundant as usual, nevertheless, the spring crops are up and growing nicely, and the bluegrass pastures are lovely.

Minister Sol Morgan of the Sixth Street Church of Christ, is being kept quite busy now, preaching or lecturing in the various cities throughout the Panhandle, in connection with his weekly radio program over station KICA at Clovis.

Truman's Southpaw Opens Season

President Truman officially opens the 1948 baseball season in Washington's Griffith Stadium with a southpaw pitch in the opening game between the Washington Nationals and the New York Yankees. At left, in the Presidential box is Mrs. Truman. At right stand opposing managers Joe Kuhel of Washington and Yank Ducky Harris.

MARKETS

(USDA)—Strong livestock markets contrasted with lower trends on most other farm products in the southwest during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Hog prices varied widely up and down but closed Monday around \$2 higher on butchers at Kansas City, Denver and Wichita, and \$1 up at Oklahoma City and Fort Worth. Sows ranged generally around 50 cents higher at \$14 to \$16, and pigs sold unchanged at \$15 to \$18 at Fort Worth. Top butchers varied from \$21.50 to \$22.90.

Cattle sold generally 50 cents to \$1 higher for the week, though Texas markets held steady and yearlings about unchanged and Houston closed steady on about all classes. Common and medium slaughter steers and yearlings ranged from \$19 to \$25 at Houston, while medium and good grades brought \$23 to \$28 at Oklahoma City and Fort Worth. Sows ranged generally around 50 cents higher at \$14 to \$16, and pigs sold unchanged at \$15 to \$18 at Oklahoma City, San Antonio paid \$23.50 to \$27.50 for medium light steers, and Wichita gave \$28.50 to \$29 for good kinds. Denver took heifers to \$28.50.

Spring lambs gained around 50 cents to \$1 during the past week, though old crop lambs sold steady to lower and ewes remained about unchanged. Common to good spring lambs turned at \$14 to \$23 at San Antonio early this week, as good and choice grades brought \$24 to \$24.50 at Fort Worth, to \$26 at Oklahoma City, and Wichita, and \$27 at Kansas City. Denver bought medium and good wooled lots at around \$25.

Egg markets weakened further this week under seasonally heavy production and light hatchery demand. Favorable storage demand prevented even lower prices. Current egg receipts ranged from 35 to 40 cents at most southwest terminals. Good demand for barely adequate supplies of poultry kept prices firm.

Onions sold a little lower Monday in all South Texas producing areas, after finding strong markets all last week. Shipments of yellow Bermuda had about reached their peak. A few cars of beets, cabbage and carrots still moved from the Lower Rio Grande Valley, where some squash was available and green corn started moving this week. Grapefruit loadings continued heavy last week. Strawberries sold higher early, but fell again as pickings increased in Louisiana, Arkansas and Texas.

After showing slight strength early, grains began to fall rapidly for weekly losses of 10 to 15 cents a bushel, as timely rains improved crop prospects. No. 1 hard wheat closed Monday at \$2.47 1/2 at Texas common points. No. 2 grades of white corn sold around \$2.61, yellow corn \$2.39 1/2, milo fell 22 cents to \$3.65 to \$3.70.

Active Cuban demand held rice markets firm last week. Millfeeds and oilseed meals sold higher, while most other feeds brought lower

Sam's Hens Wear Spectacles!

Yes, it's a fact! Sam's brood of two dozen hens are wearing spectacles—which he bought from a mail-order house in Capitol City.

Sam says it works (and big poultry raisers say so, too). The hens see each other through soft colored glasses, and instead of fighting and picking at each other, they go around placidly, gain weight, and lay more eggs.

Makes me almost wish we could have rose-colored glasses for human beings, too. So that instead of quarreling and criticizing, like we do so much of the time, we'd live and let live in contentment.

From where I sit, the human race wastes a powerful lot of time in wrangling over minor issues... whether a man should drink beer or cider... whether a woman should wear slacks or skirts... instead of seeing each other through "spectacles" of tolerance that enable us to live-and-let-live like Sam's brood of chickens.

Joe Marsh

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Carl Maurer announce the engagement of their daughter, June, to Robert E. Cleveland, son of Mr. and Mrs. T. H. Cleveland of Anniston, Alabama.

The wedding is planned for June, the 29th, and will take place at the Congregational Church at Friona.

Timmons Enters Race for State Representative

AUSTIN, April 29.—(Sp)—State Representative J. Blake Timmons of Amarillo, serving his first term in the Texas Legislature, this week filed for a second term with chairman C. C. Acker of Deaf Smith's County Democratic Executive Committee and in other Panhandle county chairmen of Dist. 123. Timmons will formally announce his candidacy later.

A World War II veteran and former newspaperman, young Timmons was the Panhandle's lone member of the important constitutional amendments, commerce, conservation and redistricting committees this term and a floor leader in securing the necessary two-thirds vote to submit two constitutional amendments strongly backed by West Texans.

If adopted by Texas voters Nov. 2, one proposal would give West Texas added power in the Legislature by requiring an ex officio state board to re-district in proportion to population in 1951 if law-makers then fail in their duty to redistrict under the 1950 census as they failed after the 1930 and 1940 federal census-takings. Present districts were carved out in 1921, and the Panhandle's population has more than doubled since then, while some down-state districts have actually shrunk in population.

Another proposed constitutional amendment which Rep. Timmons is urging voters to approve this fall would abolish the present 30c State general revenue property tax, long criticized on the Plains because some 34 wealthy, down-state counties are exempt through "tax remission for flood control." The new proposal, if adopted general election day, will permit counties so desiring to re-levy the 30c tax locally for farm-to-market road or conservation purposes.

Rep. Timmons efforts to obtain \$90,000 additions for the Panhandle-Plains and Tech's West Texas museums, a new experiment station near Hereford to study water-logged land problems and bindweed eradication, and a much needed library for West Texas State College at Canyon, all received over-riding majorities in the House of Representatives. However, Sen. Grady Hazelwood's numerous attempts to bring them up in the Senate were blocked by Cosqueas Sen. Jim Taylor's powerful Senate Finance Committee. The museum bill finally passed the Senate after all available funds had been appropriated.

Timmons-Hazelwood amendments to the Rural School Aid bill, however, gave Boys Ranch, Hereford Rural High, Sunny Hill and Fairview new State Aid.

PERFORMING MIRACLES in FILLING STATIONS, GARAGES

Biggest improvement since the jack was invented! Coats Iron Tireman simply ROLLS tires on or off rims in 30 seconds. The only machine on the market that handles ALL sizes of passenger car tires. Quick, simple, easy. Sells for less than any other tire-mounting tool... actually does more for less. Pays its way in every shop.

E-A-S-Y ON TIRES

No more mallets or irons. No tugging, no pulling on a customer's tires. Keeps all rubber free of grease and dirt. White sidewalls stay white. Customers appreciate the difference... drive in where their tire got this modern service.

DEALERS, Write Today!
See how Iron Tireman can save you time, manpower, boost your profits. Illustrated literature on request.

CHEVROLET Advance-Design Trucks

are the only trucks with all these extra-value features of production leadership...

THE "CAB THAT BREATHES"
Only Advance-Design trucks have the cab that "breathes"! Fresh air—heated in cold weather—is drawn in and used as it is forced out.

FLEXI-MOUNTED CAB
Chevrolet's Advance-Design cab is mounted on rubber, cushioned against road shocks, torsion and vibration!

... including these great new HEAVY-DUTY features that only Advance-Design trucks offer:

Entirely new, Chevrolet-developed helical gear 4-SPEED SYNCHRO-MESH TRANSMISSIONS provide greater, quieter operation and greater durability in heavy-duty models. "Double clutching" and gear "clashing" are virtually eliminated. Faster shifting promotes greater road safety and the maintenance of speed and momentum on grades!

Chevrolet's new SPINED REAR AXLE SHAFT ATTACHMENT to wheel hubs eliminates breakage and loosening possible with bolt-type attachments—assures greater strength and durability in heavy hauling!

Advance-Design trucks, Uni-Built for uniformity, durability and economy, 107 models on 8 wheelbases, include: All-round cab visibility with rear-corner windows* • Unweld, all-steel cab construction • Super-strength frames • Specially designed brakes • Hydrovac power brakes • Heavier springs • Ball-bearing steering • Wide base wheels • Standard cab-to-axle length dimensions • 12-color and two-tone options

*Front air heating and recirculating system and rear corner windows optional at extra cost

17 Scholarships Offered by Mary Hardin-Baylor

BELTON, April 26—Mary Hardin-Baylor College is offering seventeen scholarships for the coming year to Texas girls in honor of Mrs. Fannie Breedlove Davis and the Woman's Missionary Union of the State, according to Dr. Gordon C. Singleton, president of the college.

One of the scholarships is to be awarded to a girl in each of the seventeen WMU districts in Texas. Each will amount to \$180 for the year 1947-48. Mrs. Fannie Breedlove Davis, a Mary Hardin-Baylor graduate, led in the organization of the Texas Woman's Missionary Union in 1889; she also led in the organization of the Southern Baptist Woman's Missionary Union and served as the first president of the WMU in Texas. Applicants must be 1947 graduates of accredited high schools and must be in the upper fifty per cent of their classes. Applications must be filed with the secretary to the

Tech Gridders To Meet Texas U At Lubbock in 1949

LUBBOCK, April 26—Agreement for the Texas Longhorn football team to make its first appearance in Lubbock on Saturday, Sept. 23, 1950, and for Texas Tech to play in Austin Sept. 17, 1949, has been reached, Morley Jennings, Tech athletic director has announced. Texas and Texas Tech have met five times, the Longhorns winning each time, 14-0 in 1928; 12-6 in 1934; 25-12 in 1937; and 33-0 in 1943 and 1947. A three-year contract was signed for Texas by D. X. Bible athletic director at Austin, last summer but dates for the last two games were not agreed upon until this week, Jennings said.

Forms for applications may be obtained by writing to the president's secretary, Mary Hardin-Baylor College. Forms for applications may be obtained by writing to the president's secretary, Mary Hardin-Baylor College. Forms for applications may be obtained by writing to the president's secretary, Mary Hardin-Baylor College.

**Vega Voters
Okay Two
Bond Issues**

VEGA, April 24—Voters of Vega Saturday approved two bond issues of \$40,000 each for municipal water works improvements.

Both issues passed by an overwhelming majority.

The program calls for construction of a 150,000 gallon reservoir, to supplement the present 50,000 gallon overhead storage tank, and laying of approximately 11,000 feet of new water lines, plus drilling of a new municipal water well and installing two automatic booster tanks.

One of the \$40,000 bond issues, backed by tax assessments, carried by a vote of 117 to 14; and the other, also for \$40,000, and to be issued as revenue bonds, carried by a vote of 120 to 14.

"There will be no increase in city taxes as a result of the bond issues," according to Vega's Mayor Bill Swanson.

In addition to the water works program, Vega is now finishing a paving program. "We now have 38 and one-half blocks of hard surfaced or paved streets," Mayor Swanson said.

POLITICAL ANNOUNCEMENT

The Star is authorized to announce the name of Charley Lovelace, of Farwell, as a candidate for the office of Sheriff-Assessor-Collector of Parmer County, Texas, subject to the results of the Democratic Primary Election, to be held on Saturday, July 24, 1948.

FOUR CHORUS RECITAL

Mrs. Patricia Murphy, Music Instructor in Friona Grade School, will present a Four Chorus Recital, Friday night, May 7th, in the school auditorium.

Everyone is cordially invited.

There Has Been Much Guessing

As to how many A Bombs we now have. That is a matter of little consequence to us as individuals. We can live a long time without A Bombs, but we cannot live long without FOOD. And there is no guess work about it, when you come to our store for foods for your family. We handle the standard, time tested and proven brands of food products, neatly packaged and plainly labeled and you make your own selections.
