U. S. Army Planes Crash Near Here

Girl Hitch Hiker Accidentally Shoots Self Sunday

YOUNG WOMAN MAKING WAY TO CALIFORNIA

Says She Was Accosted by Young Man On Highway

CONTENDS WOUND SELF INFLICTED

Pecos County Officers Take Her To Jail At Stockton

A woman hitch hiker, giving her name as R. M. Carter, was brought in here last Sunday about noon from Longfellow suffering from an accidental gun shot wound in her side. She told officers that she was making her way to San Martines, California, to a friend, and that less than two months ago she ran away from a convent rather than be a nun. She would not tell the officers where the convent was located nor where her people lived. In fact she stated she had no people as far as she was concerned. She told them the name she gave was not her real one, but steadily refused to tell them her right name. She claims that the wound was self inflicted accidentally while she was resenting the advance of a young man.

Pecos county officers arrived here late Monday and carried her to Fort Stockton, going by the way of Longfellow to view the scene of the incident, for further questioning. The young man, whom she states made improper advances is now in jail here and will probably be taken to Fort Stockton later. He denies any connection with the incident.

The 25 calibre pistol, which she had in her pocket, had scratched on it "Peggie, Florida, Dec. 21, '31," and the name "R. O. Connell" on the other side.

The wound was not serious. She was given treatment by Dr. A. P. Utterback, county health physician.

Ramsey Buys Big Mexican Ranch

Will Move To 186,000 Acre Place Soon

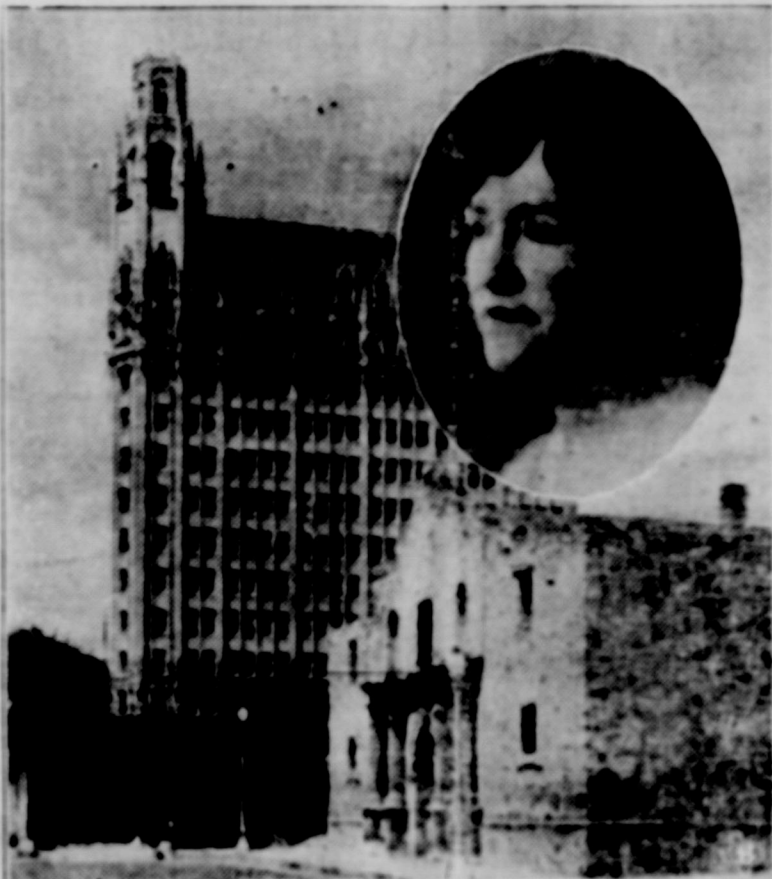

Hal Ramsey, of San Angelo and Marathon, one of the largest ranch operators in the southwest, has acquired the 186,000 acres Higginbotham ranch in Old Mexico, state of Durango and will move there shortly.

The ranch is about 125 miles from Torreon and the deal called for about 5,000 head of Hereford cattle. The count which is going on now shows 5,600 head in all with tipped horns. The cattle came originally from Midland country and were bred to Hereford bulls. The ranch has mines, rivers and creeks. There is 1,100 acres of irrigated lands.—San Angelo Standard.

Mrs. Julian LaCrosse and children of Del Rio spent this week here with their husband and father, Julian LaCrosse, district attorney, who is attending district court.

Mrs. Wallace Henshaw Jr. spent Tuesday in Comstock visiting with friends.

She Aids the Alamo Second Time

In 1903, Mrs. Clara Driscoll Sevier made a state-wide campaign for funds to buy the Alamo, historic place of the last stand of William B. Travis against Santa Anna. She obtained part of the funds, and donated the necessary \$65,000 herself. Recently, to keep private enterprise

from building business houses on the land adjoining the Alamo, Mrs. Sevier added another \$65,000 to \$150,000 appropriated by the state for purchase of the park site next to the building. Mrs. Sevier is shown in the inset. The Alamo, with the Medical Arts building in the background, is shown.

Local High School Quintet Winners In Annual Meet Of Basketball Held Here

Del Rioan Injured In Sanderson Fall

Special Correspondent. DEL RIO, Tex. Feb. 2.—C. E. Johnson, Del Rio, was brought to Del Rio from Sanderson with a badly sprained knee late Monday afternoon.

Mr. Johnson slipped and fell while running alongside an engine in the T. & N. O. railway yards at Sanderson, badly injuring his right knee. Though painful, the injury will not prove serious, according to attending physicians.

KEYS TO JAIL FOUND

Last June, when Harry Hopmeyer and Claude Elliott, now in the penitentiary, broke jail here they carried with them the keys after locking in a cell, W. D. Hunter, deputy sheriff. Upon being captured at Marathon the prisoners told officers that they threw the keys away and just about where they threw them. However, after a thorough search along the highway the keys were never found.

On Tuesday of this week, while working along the highway between this city and Rufe Murrah's ranch west of here, Will Taylor, a highway employee, found the keys and returned them to Sheriff Lee Cook. They were rusty from being exposed to the elements so long.

L. A. Lowe returned Sunday from a week end business trip to Rocksprings and Kerrville.

J. M. Corder was a business visitor in the city several days this week from his ranch.

The second annual basketball tournament was held here last Friday and Saturday with teams from the towns of Eagle Pass, Comstock, Alpine and Sanderson participating.

The Sanderson High Quintet won the tournament, defeating Eagle Pass in the final game 21-12. The B team of Sanderson lost to Alpine in the finals. In the girls team our team won two out of a series of three games with Comstock.

A large silver basketball was the trophy given to the winning team and each member of the team were awarded individual basketballs. Eagle Pass the runner-up and Alpine the consolation winners were also awarded trophies.

The following members of the local quintet were selected as members of the all tournament five being chosen by the various coaches of the teams participating, Leo Daniels, O. T. Schuppach and William Lea.

The following all tournament team was selected by the coaches and were given awards: forwards, Risking of Eagle Pass and L. Daniels of Sanderson; center Schuppach of Sanderson; guards I Bowles of Alpine and W. Lea Sanderson.

DOCTORS HERE FOR TRIAL

The following doctors were here Wednesday and Thursday being summoned to appear as witnesses in the Bessie Sharp case. Dr. O. D. Judkin and Dr. J. W. Goode of San Antonio, Dr. T. M. Johnson of Del Rio and Dr. B. H. Smith of San Antonio.

Mr. and Mrs. C. M. Breeding spent the week end in Rocksprings and Kerrville on business.

PRE-SHEARING MAXIMUM SET BY COMMITTEE

Money Will Be Allowed On 90 Per Cent Of Number In Flocks

EXECUTIVE GROUP CONTINUES SESSION

National Now Has Large Fund Out On 50-Cent Basis

By Sam ASHBURN (San Angelo Morning Times)

The unlimited resources of the National Wool Marketing Corporation today came to the aid of the West Texas Sheepmen. The corporation does not come bearing gifts, but it does offer advances up to and including 75 cents a head on West Texas sheep.

Cooperatives of the National Wool Marketing Corporation in Texas last night were informed that advances up to 75 cents a head would be made on sheep with strictly choice 12 months wool and that the advances of the 75 cents maximum would be allowed on only 90 per cent of the number of sheep in the flocks.

Same Advances Lower

J. M. Lea, representative of the National corporation, said that this does not mean that every flock will be entitled to the 75 cents a head advance, but that many would get no more than 50 cents a head and that some flocks of poor woolled sheep would receive no more than 25 cents a head advance. Last year's advance was \$1 a head on 12 months wool.

This information came in a telegram from the National headquarters in Boston last night where the executive committee is in session. It continues its conversations all this week and through next week and further announcements on policies will be released later.

The telegram did not mention any advance on goats.

Advance Was 50 Cents

The National this year has out in advances in Texas about \$250,000 on sheep in 12 months wool at the

Judge McMillan Is Sworn Into Office

SAN ANTONIO, Feb. 2.—Robert J. McMillan, who was sworn in Monday as judge of the Federal Court for the western district of Texas to succeed Judge DuVal West, retired, will assume his seat on the bench Wednesday. Judge West will continue the hearing of a civil case started Monday before retiring from the bench. This trial is expected to be completed Wednesday.

The ceremony was brief. McMillan was sworn in by D. H. Hart, U. S. District clerk, who has held office since 1887 and during that time has administered the oath of office to six Federal judges.

Mrs. Tol Murrah and baby are visiting with friends and relatives in Del Rio.

Reports from the bedside of Mrs. W. W. Laughlin, who recently underwent a major operation at the Kinney Sanitarium in San Antonio are that she is continuing to improve.

Simmons Queen

The Students of Simmons, university, Abilene, Texas, believe that this young lady is qualified in every way to be University Queen. They proved it by voting her this honor recently. She is Miss Clara Parnelly, of Abilene.

District Court Still In Session

Sharp Murder Case Takes Whole Week

The regular term of District court is still in session here, the Bessie Sharp murder case being the only criminal case to be tried. This case, which commenced Monday, brought a large number of witnesses here.

The case was called for trial Monday. All of Tuesday arguments were presented before the court for a change of venue, many witnesses being placed on the stand. The Court reserved judgment until after trial for insanity. Wednesday the trial for sanity began and all day was spent in getting a jury. Twenty six jurors were examined as jurymen, with sixteen qualifying.

Thursday morning soon after the opening of the court, the defense withdrew their affidavit of insanity and the trial dismissed. The Court, then of his own motion, changed the venue to Val Verde County. The case will probably be tried there this spring.

The Criminal case of Manuel Nieto charged with bigamy was dismissed by the District Attorney for reasons on file. All other criminal cases on the docket were continued until the July term.

GROUND HOG SEES SHADOW

The further tenure of winter in Sanderson was determined here Tuesday according to those who stay by Mr. Ground Hog and his weather prognostications each year. The quaint animal, said generally to be the wadchuck, saw his shadow here Tuesday and went back into his burrow to remain during six more weeks of bad weather.

Theo Doak, who is working near Marathon spent Sunday here with his parents, Mr. and Mrs. R. L. Doak Sr.

TWO CADETS OF KELLY FIELD IN CRACK UP

One Injured and One Killed When Two Ships Crash

INVESTIGATION HELD AT DRYDEN AIRPORT

Students Returning From Cross Country Flight

Two army planes crashed about eight miles east of here Wednesday afternoon resulting in the death of Cadet Leonard F. Rice, 24 of Denton, Texas and the injuring of Cadet James T. Treweek, 26, of Lead S. D.

According to information given out, Cadet Rice was only a short distance away from Cadet Treweek's plane when the engine caught fire and he headed toward it in an effort to offer aid. Not being able to extinguish the blaze, Treweek jumped with his parachute. Rice evidently was so intent on watching Treweek that he flew too low and crashed into the hills. Mr. and Mrs. Kendrick Harrell, near whose ranch place the accident occurred, saw the accident and were not long in reaching the injured man bringing him into town where his injuries were dressed by Dr. W. H. Doty. Local parties assisted Sgt. McCabe and others from the Dryden airport in bringing out the body of Rice. Rice's body was taken by an ambulance plane to Kelly Field early Thursday morning.

Both cadets were members of a flight of 15 pursuit ships making their final cross-country hop before graduation, and were returning to Kelly Field from El Paso at the time of the accident.

County Voters Number 773

Gain In All Precincts Over The Last Year

Terrell County, for the second time in its history, will have the largest number of qualified voters during 1932.

Records of deputy Tax Collector, W. D. Hunter, reveal that a total of 773 poll tax receipts were issued. This is just a few short of what were issued in 1929 at which time there were 800 qualified voters in the county. The poll tax receipts issued by precincts are as follows: No. 1, 607, No. 2, 91; No. 3, 30; No. 4, 45.

Registration of passenger cars and commercial vehicles were about the same as last year. Up to and including Tuesday February 2, 383 passenger cars and 133 commercial vehicles were registered.

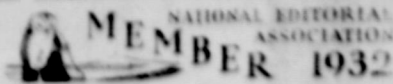

Mr. and Mrs. Alf Locke of the Big Canyon ranch were visitors in the city several days this week.

Mrs. C. V. McKnight who has not been well for sometime left Tuesday for Del Rio where she has entered the Del Rio hospital for medical treatment.

Dr. Robertson was abusiness visitor in Del Rio Tuesday.

ADVERTISING

The late Wm. Wrigley, the chewing gum magnate, had this attitude in regard to advertising: "No matter what the condition of business never stop advertising." This man spent millions for advertising, and advertising made many millions for him.

That some cities are awake, some asleep, and some are dead.

If you want to know the condition of a city that you may chance to be in, don't ask the real estate man because they will want to sell you something before you know whether or not the city is worth staying in.

The easiest way to find out about a city is to get copies of its newspapers and look at the advertising columns. They will tell you everything you want to know.

God loves a cheerful giver. A grumbling heart takes away the beauty of a beneficent act. If you are going to show mercy, then do it with cheerfulness.

When you see that the merchants, the real estate men, the manufacturers, the small business concerns, the banks, the hotels, the professional men and other enterprises are not well represented in the advertising columns, you need go no further for that city is not healthy.

Politically speaking, if the war didn't make this country safe for Democracy, the depression and the Republicans did.—Corpus Christi Caller.

On the other hand, if the papers are full of advertising it indicates that the city is progressive and a worth while city.

Business, we are told, is consoling. Now if we can just keep him from getting up too soon.—Denison Daily Herald.

What you want is a live city to prosper in—not a dead one to die in.

The hardest job a kid faces is that of learning good manners without seeing any.—Corpus Christi Daily Sun.

A Harris County jury has returned a verdict on a question of fact, holding the state automobile license tax law discriminatory in the division of fees in the counties of the state, and the judge will give his decision as to constitutionality of the law in the near future.

TEXAS INDUSTRIAL ACTIVITIES

The Uvalde Rock Asphalt Co. of San Antonio, which for twenty years has devoted its activities to paving, has established a branch plant in Houston where it will develop a new angle in its business—that of flooring and roofing.

While final details are still being withheld, it is reported from Jefferson that those interested in the projected paper mill have secured about 12,000 acres of cut-over and second-growth pine lands in Marion and Cass Counties as a source of supply for the raw materials to be used in making paper.

North Carolina, by taking over its county roads and incorporating them into its State highway system, supplants Texas as leader in highway mileage. The 45,000 miles of local roads now brought into the State system brings the total mileage of the system to 55,000 miles.

ADVERTISING WILL CHANGE OLD DEPRESSION INTO PROSPERITY

TIMES CARRIES NEWS FOR THE ENTIRE FAMILY

"United We Stand Divided We Fall," these words spoken by one of the greatest of men, applies not only to government but to our businesses as well. We are striving to give the people of this town a real live newspaper, to do this we must have the whole hearted support of all our subscribers, as well as the advertisers. Let's all do our part, and make our little city a place of business. Why not talk prosperity for a while, get the word depression out of your mind for a while. But of course just thinking, won't bring back prosperity, but nevertheless will be a great help.

Advertising is a sure way of bringing back prosperity, why not let a few dollars loose, and let the returns of advertising be the proof to you. Newspapers are the backbone of any town or city. Let a newspaper die in your town, and then see the results. Let's all work together, for the good of our town, and bring back prosperity.

GIVE UP

Some people say "Well I just as well give up, it seems that every thing has gone to the dogs," sure go ahead who cares, that will be one less to look out for in the future.

WISE MEN DECLARE EMPTY STOMACHS TO AID IN RETURN OF PROSPERITY

This Assertion is True To The Present Situation

Someone has said, Overloaded stomachs are the cause of the present depression. This article was written to show the people the cause of the hard times that now exist. During prosperity people gorged on this and that, never giving a thought to what might happen in the future; just eat drink and be merry so to speak, but now after several months of hard times, people are wondering what it is all about.

It is a known fact that we can think better if our stomachs are not over stuffed, our minds will function better, in fact our movements as a whole will be better regulated. These points are brought out in the article to show, that during boom times we never give a thought to the future or the ones who are to govern our future. This year people who have never before voted will go to the polls with their mind made up as to whom they will cast their vote for, and be sure to vote for the man who they think can be a leader to help them out of the rut of hard times. January 31st, is the last day to pay your poll taxes, don't fail in this duty to your country.

SLOGANS

In glancing over different publications we ran across these snappy slogans. These slogans are short but to the point, much can be said in very few words, as the following:

The printed news chases the Blues—Advertise.

In Black and White put up your fight—Advertise.

The printed word tells the World—Advertise.

Your Magic Carpet is your Newspaper.

Know the truth, read the newspapers.

Newspapers Tell and Sell.

You have heard the old saying "More Truth Than Poetry." This applies to the last of these slogans. The Newspaper keeps you posted on the latest news, at all times, and also sells for the advertisers, who use the columns of their home paper to let the public know of their many bargains.

We say "Be Wise and Advertise."

MORE BUSINESS

You say you have tried every known scheme of reviving your business, yet you have failed. Why not for the last hope try a little advertising, this has proven a sure way to revive business.

HOME ADVERTISING IS A GUIDE TOWARD GREATER BUYING

Of what value is Newspaper Advertising? This is a question being asked the world over. Merchants say, "Yes I have advertised, but times were better, and I felt like I had the money to spare. Of course when things pick up, I will advertise again, but not now."

Yes! when things pick up, that's the cry, yet when we stop to think it seems absurd that we should think of things picking up without doing our utmost to help out. Can things just automatically change for the better without us first giving them a shove? Do men make their millions by taking a seat and saying, well when things pick up I will make a little money? Emphatically NO, they keep moving, watching their cue to grab something good as it comes along. Are we going to sit back and wait for good times to return of their own accord? If we do we might as well lock up now and join the bread line. But if we are to pick the winner, we will always pick the advertiser. The man who advertises, is the man who will come out with the big end of the deal when this so called "Depression" has gone its way. Let's set our advertising budget, and get out on top of these hard times.

Your Home Town Paper

Newspapers are often referred to as mirrors, they reflect our thoughts, our homes, our schools, our churches, in fact our community as a whole. Advertising is the key to all successful newspapers large or small. Advertising is known to be a stimulant in buying dollars, lets all in our part in these so called hard times work together and strive to win out regardless of cost. The little dollars make little men, idleness gives us a chance to think of the hard times we are having, lets get this thought out of our minds, and start on the upward grade to happiness and prosperity.

Texas State College for Women
(CIA)

DENTON, Jan. 29—On the winter days when children come home from school cold and hungry, hot inviting suppers are eagerly anticipated. If the dinner has been served at noon, there is still a need for this for the growing child. Two hot meals a day will do much to keep the youngsters (and older ones too) well and free from colds. These suppers need not be elaborate but they should be appetizing and easily digested. Children are usually hungry when they get home and so often they are permitted to eat. It would be so much better for them if the supper be served rather early and no previous eating be allowed. Regularity in eating or in other habits of health should early become a habit.

MENUS

Breakfast: Fresh fruit, wheetena, cream cheese on toast, coffee, milk.

Dinner: Baked ham, escalloped potatoes, lettuce salad, bread, butter, peach cobbler.

Supper: Shepherds pie, apple and celery salad, rolls and butter, rice pudding.

Breakfast: Stewed fruit, corn flakes, French omelet, buttered toast, coffee, milk.

Dinner: Creamed salmon, lima beans, stewed tomatoes, prune salad, whole wheat bread, lemon pie.

Supper: Lamb stew, rice with tomato sauce, rye bread and butter, cabbage salad, apple pudding (brown betty).

RECIPES

Rice Pudding: 1-3 cup rice, 3 t sugar, 1-4 t salt, 1-8 t, numeg, 1 qt. milk. Wash the rice and place in a baking dish with salt, sugar, and spice. Pour over this the milk which has been scalded. Bake slowly for 2 1-2 hours. Stir in the crust gently as it forms. Allow to brown slightly and serve hot.

Shepherds Pie: 1 cup left over meat cut in 3-4 inches dice; 1-2 cup each of cooked carrots and turnips, 1 t grated onion. Place in baking dish; moisten with broth or gravy and cover with mashed potatoes. Bake until brown and serve hot.

Rice with Tomato Sauce: 2 c rice cooked, 1 tomato, 1 t grated onion, 1-2 t salt, 1 green pepper, 2 t butter, 2 t flour. Rice may be cooked in a double boiler or it may be cooked in a large quantity of water directly over the fire and drained when tender. Strain the tomatoes to remove the seeds. Add the grated onion, salt, and chopped green pepper if desired. Rub together the butter and flour and add to the tomatoes. Place over the fire and stir until the mixture boils. Add the rice and reheat and serve hot.

Brown Betty: 4 apples, 1-2 c sugar, 1-4 t salt, 3 t water, 1-2 t cinnamon, nutmeg, 3 t butter, 2-3 cup dry bread crumbs. Peel and cut the apples in thick slices and place in a buttered baking dish. Mix the sugar, salt, and spices, and pour

over the apples. Moisten with the water. Melt the butter, being careful not to burn. Add the crumbs and stir until blended. Cover the apples with the crumbs and bake in a moderate oven until the apples are tender. Serve hot with cream.

PASTOR BEGINS NEW SERIES OF SERMONS

Sunday morning the Methodist Church Pastor Rev. B. M. Stradley, preached the initial sermon of the series of sermons on the book of Psalms to a filled Church.

During this series of sermons on the book of Psalms the Church music committee is rendering at each service a group special in keeping with the topic of the message.

The pastor suggests that as many as can to bring their Bibles, or an old testament, or if they have it a separate copy of the Psalter.

The entire Church membership have united in what they call a constant prayer League. There was one addition to the church at the morning service Sunday.

DEPRESSION HALTS, SAYS ITS PROPHECY

WELLESLEY, Mass., Jan. 26.—Roger W. Babson, economist and statistician, who predicted the stock market break of 1929, today said in a prepared statement:

"The depression is in retreat." Babson did not predict a quick return to prosperity but said that the outlook at long range was for better times.

"The Babson chart which was the basis for my forecast of the market break in 1929," said Babson, "is now with equal positiveness indicating that we have seen the trough of the depression of 1930-32, and that the present year will show an irregular movement towards higher levels.

"The chart is now turning upwards for the first time in more than two years, except for the temporary rally of last spring. For some years to come I do not expect to see the Babson chart below the depth reached last November. Of course, this does not mean any sharp rise back to normal conditions but it does indicate the depression is in retreat. The long range outlook is that fundamentally better times are now definitely assured."

WORLDS DAY OF PRAYER

Friday, February 12, the first day of Lent, is the date of the World's Day of Prayer this year.

Sanderson churches will observe the day with a program of prayer and praise at 3 p. m. at the Baptist church and all the christian women of the city are invited to attend.

Fostered by the Council of women for Home Missions and the Federation of women's Board's of Foreign Missions, this day has grown from a small beginning, until now the whole world is guided with prayer by christian women in every country.

Assistant District Attorney's DeLois Finch and B. F. Ladon of San Antonio, Bexar county, have been here this week in attendance at the trial of Mrs. Bessie Sharp. Messrs Finch and Ladon represented the state in habeas corpus proceedings which were to have been held in San Antonio last summer.

Judge R. S. Spencer of San Antonio was in attendance at the regular term of district court here this week, being one of the attorneys for Mrs. Bessie Sharp who is charged with murder.

Brinkleys Announce Their Severance Of Relations With Broadcasting Station XER

Severance of all their business and financial connections with radio broadcasting station XER was announced by Dr. and Mrs. J. R. Brinkley at a recent meeting of the board of directors of the Villa Acuna Broadcasting Company.

The statement asserted that Dr. and Mrs. Brinkley interested their friends in financing XER and have held an active interest until the station was put on a satisfactory engineering and financial basis, and that having accomplished this the Brinkleys considered their obligation to their friends cancelled.

Dr. and Mrs. Brinkley will be retained as advertisers until their present contract expires, when they will return to their home in Milford, Kans. The statement did not reveal the expiration date of the contract, nor the date when the Brinkleys plan to leave for Kansas.

Issues Statement

Dr. Brinkley made the following significant statement: "For the past 12 months my name has been linked as the actual owner of XER and I have permitted this statement to go unchallenged as it gave me a certain amount of pleasure to know my enemies were working in the dark. However, as you gentlemen know, it was at my suggestion and insistence that XER was constructed so that Mexico and Mexican people might have a voice in radio. This has been done and I am glad for my mantle of responsibility to fall upon the shoulders of others whom I am sure will carry on and make in the world. My business calls me to Kansas where my home and heart is, and I must return. I have received what money I had invested, have had an excellent fight and am satisfied."

Officers Elected

Mrs. Brinkley thanked her audience for their kindness and co-operation and assured them she would retain pleasant memories of her activities with XER, the people of Del Rio and the Mexican people.

The board of directors' annual meeting resulted in election of the following officers to serve for the next 12 months:

Engineer Isaias Gallo, president; H. L. Munal, vice-president and general manager; Jesus Montemayor, secretary; Raymundo Rivero, treasurer; and Jesus Ramon, supervisor.—Del Rio Evening News.

RECEIVES COPIES OF WEEKLY BROADCASTING

Hon. Joe Kerr's name has been listed by J. A. Arnold, manager of the American Taxpayers League, to receive copies of the weekly broadcast on taxation.

The American Taxpayers League are engaged in an effort to make the nation "tax-minded" and to bring tax payers to a full realization of the tremendous weight of taxation as an overhead in business.

They broadcast every Wednesday from 8:00 to 8:15 p. m. Eastern Standard Time, through the N. B. C. network.

GETS WATER IN WELL

Johnnie Cox, who for the past two weeks, has been drilling a water well for Jim Kerr on the vacant lot next door to his residence on Oak Street, on Tuesday afternoon of this week struck water at a depth of 235 feet. Not finding a strong well Mr. Cox drilled to 240 feet and when tested by means of a bucket it showed four to five gallons a minute. More test will be made and if necessary a greater depth will be made to insure a good flow of water.

This is the shallowest water well in town. Hugh Cox recently struck water in a well he was drilling for John Cox in the northwest part of the city at a depth of 300 feet.

Ranger Archie Miller, who is stationed in Del Rio has been here this week in attendance at district court.

PRE-SHEARING—

(Continued from Page 1)
rate of 50 cents a head. Further advances of 5 to 25 cents a head may be made to some of these ranchmen who have the first advance of 50 cents, but all advances are to be made on basis of 90 per cent of the number of the flock.

The new arrangement is effective today and the staff of the cooperatives and of the National Wool Marketing Corporation will be in the field immediately to care for demands for advances. The advances are to be repaid out of the sums received when wools are delivered to the corporation and this spring and summer. The average sheep in 12 months wool will shear about 8 pounds or more and there should be additional sums coming to the grower. The corporation takes the first mortgages only in protecting advances. Money going into these advances comes largely from private sources to the corporation.

The advances to be made on wool will not be determined until some time in March or April so far as Texas wools are concerned. Most of the shearing is done in Texas in April, May and June.

Sol Mayer, president of the National Wool Marketing Corporation and L. W. Elliot of Sonora, mohair director, are given the acclaim of the growers for securing what is considered a liberal advance on 12 months wool.

A. F. Thrift Buys Forchheimer Store

A. F. Thrift, who for the past three years has been manager of the L. Forchheimer store in this city, has purchased the business and on Monday of this week took charge as the owner.

"Mr. and Mrs. Thrift are well known to our citizens and by their courteous service and pleasant manner have built up a good will and many satisfied customers. Mr. Thrift states that he will continue to handle high quality merchandise, both dry goods and ladies, men's and children ready-to-wear and will appreciate a continuance of the business that has been given them as managers. The store in the future will be known as the Thrift Dry Goods store.

In a brief interview with our old friend, Judge Joseph Jones, at the closing of the present term of Court in this county, we were able to get from him a definite statement that he would be a candidate for reelection. However, in the hurry of closing up the minutes and adjourning the Court he got away from us without our being able to obtain from him the very necessary preliminaries—the Sineus of War. In this we were somewhat disappointed because we would like to have been the first to announce the judge. However, in a later conversation with his accomplice (Mrs. Sutherland) she assured us that it was purely an oversight and that she would call the judge's attention to it as soon as they got home and felt sure that we would have results.

Mr. and Mrs. A. C. Clatfelter were shopping visitors in Del Rio Tuesday of this week.

W. A. Ernest, manager of the Del Rio Lumber Company at Del Rio was a business visitor in the city last Saturday.

ANNOUNCEMENTS FOR STATE SENATOR

Judge J. C. Fuller, of Marfa, this week announced his candidacy for Senator of the 29th. District. Judge Fuller is well known all over the Big Bend district, having practiced law in this section for the past fifteen years. He was at one time County Attorney of Presidio County, has served as president of the Chamber of Commerce of Marfa and is favorably known as an upright, progressive citizen and a gentleman. Judge Fuller was instrumental in the passing of a joint resolution by the Texas Senate the past year advocating the retention of the Texas Army posts.

In making his announcement Judge Fuller expressed himself as favoring fewer laws and lower taxes on real estate in Texas.

Judge Fuller will visit every town and city in the district at some time during the campaign and will endeavor to interview everyone before election.
