SANDERSON, TEXAS, FRIDAY, APRIL 15, 1932.

NO. 5.

## PROSPECTS ARE BRIGHT FOR A BIG LAMB CROP

### Range Conditions Not So Good; Moisture Is Needed Badly

Prospects are fairly bright for a good lamb crop through out Terrell County. Ranchmen are now busy marking up their lambs. In the northern part of the county there will be from 80 to 90 percent lamb crop, while in the southern part the percentage will not be so good.

On the whole the sheep and the goats are doing well. While the same can hardly be said in regard to cattle there is very little feeding. Sheep and lambs in the northern part of the county are fatter and in better shape than those in the south part. This is due to the fact that the range conditions are better.

Freezing temperature and high winds during early March set range feed back. Sheep and goats did not make good growth during the month and the marketing of sheep will be delayed somewhat. The continued winds and with summer weather now prevailing the ranges will not be so good unless moisture is had soon. Conditions have not been favorable as to a rain any time soon, yet one dares not predict West Texas weather.

With the mohair situation at a stand still and due to the fact that it will be the 15th before true facts of the Mohair situation will be known the prospects are not bright. A Committee of the Texas Wool and Mohair Association is now in Boston seeking to sell the 1932 clip to the mills or dealers. The shearing of sheep is now in progress and a few ranchmen will do some shipping after they are through shearing. Right now the wool market has a more favorable outlook.

## MONTHLY MEETING OF COMMISSIONERS WAS HELD MONDAY

The April meeting of the Commissioners Court was held on Monday of this week, with County Judge Henshaw, W. E. Stirman, commissioner of precinct 1, Eugene Peoples, commissioner of precinct 2 and Jim Mitchell of precinct 3 in attendance.

The trustee election returns were canvassed by the board at this meeting. There were 123 votes cast in the whole county as follows: precinct 1, 91 votes; precinct 2, 22 votes; precinct 4, 10 votes; and no election being held in precinct 3. In the county trustee for the commissioners' precinct 4, M. H. Goode Jr., was elected, he receiving all 10 votes. At Dryden, precinct 2, A. F. Buchanan was elected County trustee receiving 21 votes. In the election for trustee of Common School District No. 1 E. W. Hardgrave was elected receiving 106 votes of the 123 cast.

The commissioners at this time allowed and paid all the regular monthly bills. Out of the Highway fund \$4,000 was transferred to the Road and Bridge Fund leaving a balance in the Highway fund of \$2,850. The \$4,000 transferred will be divided equally among the four precincts to be used for road work. The discussion as to the erection of a tennis court on the Court House ground brought out arguments for and against. Prof. Brannan, of the High school, came before the board and asked that if they built a concrete court, to locate same on the school grounds as a place could be provided for it. The matter was deferred to a later term. The court also at this meeting deferred action on buying road machinery until finances are better.

A new ruling or order that was passed at this Court is that in the future the road foreman's salary will be paid by the precinct in which he is working. Heretofore his salary has been paid out of the undivided road and bridge fund.

After the adjournment of the they inspected the repair work that is being done on the tractor by an El Paso firm.

## Texas Sweetheart

She's the sweetheart of 6,000 students at the University of Texas, and this pretty co-ed, Miss Mary Tom Blackwood, certainly deserves the honor, if appearances mean anything. She will preside at the Round-up Ball to be held soon in her honor at Austin.

## School Assembly Program Given By Students

School Assembly was held Friday morning at nine o'clock. The program for this assembly was arranged by Florine Dawson, Mary Jane Carson, Thomasine St. Claire, and Dorothy Sullivan.

A few extracts from Tony's Scrap Book were read by Miss Fox. A prophecy of the High School girls was read by Mary Jane Carson. A trio composed of Ernest Farley, Andrew Henry, and Aylmer Griffith, sang "Home," "Starlight," "Kiss Me Goodnight," and "Just Friends." Readings were given by Elnora Peels and by Flora Wyatt. Bess McAdams played a piano solo. H. D. Johnson expressed his opinion of what an ideal girl should be like, while Richard Haley attempted to explain why he preferred blonds.

As a climax of this program the boys and girls who composed the 1932 basketball teams were called to the stage, and each was presented with a miniature gold basketball. These trophies express the appreciation of the school for the fine spirit of sportsmanship and co-operations displayed by the members of these teams.

## THOUGHTS FOR THE WEEK

One of the greatest rewards of living in this present age is that we know more than any previous age ever knew. But to think of what the future ages will unfold! They will make our present achievements look like faint shadows besides theirs.—Acosta.

## Editor Asks Vacant Satterwhite Place

FORT STOCKTON, Apr. 9.—Wed E. Reid, editor of the Fort Stockton Pioneer, today announced his candidacy for the state legislature post vacated by Lee Satterwhite, who has announced that he will enter the race for state railroad commissioner.

Mr. Reid served six terms in the Legislature and did not seek reelection the last time. "Now," he explains, "I feel the policies I advocated at that time are more important; hence my announcement."

Mr. and Mrs. Jim Mitchell were in town Monday from their ranch. Mr. Mitchell having come in to attend Commissioners Court.

Mrs. Carlton White and daughter, Janice, left last Friday for Houston to be with Mr. White who is there in the S. P. Hospital.

Mr. and Mrs. Alex Mitchell were in town Tuesday from their ranch.

## MARFA ROTARY CLUB PLANS FOR DISTRICT MEET

### Large Crowd Is Expected At Conference Held In May

Plans are rapidly materializing for the entertainment of the delegates to the District Conference of the Rotarians which will be held in Marfa on May 3, 4, and 5, according to the announcements made in the Big Bend Sentinel last week.

In addition to the banquet and ball to be staged the first night of the conference, a trip through the historic fort at Fort Davis a drive over the new scenic loop at Fort Davis, and on to Alpine are other entertaining features that are planned for the visitors. The visitors will be guests of the Alpine Club for a short time during the evening of the second day.

The regular business sessions will be held in the auditorium of the Christian Church, while the Paisano Hotel will be headquarters for the convention.

The Rotarians will have as their distinguished visitor at this Conference, Sir Charles Mandor, a Rotarian from London, England. Elaborate plans are being made by the Rotarians for the entertainment of Lady Manor who is accompanying her distinguished husband.

Several Rotarians and Rotary-ans from the Sanderson Club are planning on attending this District Conference.

Marfa is planning to be hosts to over 300 delegates.

## Explorer Tells Of New Texas Cavern

Dr. Frank Ernest Nicholson, explorer of the Carlsbad Cavern, has announced the discovery of a 25,000-year-old Texas cave containing blind fish, white bats and milk-colored frogs.

The cave is 20 miles northwest of San Antonio on the Old Spanish Trail in the hills near Boerne. Its entrance has long been familiar to residents of the section but the cave we believe to end with a body of Giant formations hanging from the ceiling into the water give the impression of a black wall.

Dr. Nicholson said he and his party reached the far side of the water by diving beneath the formation; and there found a grotto a mile in length leading to an underground lake of such great size that powerful flashlights could not distinguish the opposite bank.

"There are literally millions of glittering formations of infinite variety in size and shape," said Dr. Nicholson. "A subterranean stream flows from the first body of water on through the cavern with cascades at intervals."

"There is abundant animal life in the cave. We found crayfish, white beetles, white bats, blind fish and white crickets. There were milk-colored frogs along the shore of the inner lake."

"The water in the lake flows. A waterfall spills into it along the north shore. The main tunnel leads on and is larger than any other part so far explored. The ceiling at this point is 80 to 90 feet high and the grotto is from 75 to 100 feet in width."

"Indian arrowheads were found several hundred feet from the entrance. Immense deposits of fossilized sea shells were discovered along the black shore. The cavern may rival any other on record in beauty and size."

Dr. Nicholson calculated the age of the cavern as 25,000,000 years by measuring the larger formations. These grow at the rate of an inch each 90 years. Some in the cavern are massive. Several chambers along the grotto are of great size.

The cave has been named "Cascade Cavern," by Dr. Nicholson. He will head an exhibition sponsored by the San Antonio Chamber of Commerce which will go farther into the cave with stronger lights and complete equipment. The water in the outer cave will be drained to facilitate operations.

—Kerrville Mountain Sun.

## Fashion Note From S. M. U. Campus

If you really want to know what the boys are wearing this spring the picture above should give a good insight on the fashion trends. Look at these big husky males sleekly attired to show their volupitous forms in feminine raiment. Who are they? Just Southern Methodist University seniors at Dallas cutting up at the annual April 1 "Pikers' Day." And don't you feel just like a bug when Mrs. Astorbilt in the center stares at you through that thingumabob?

## AN APPRECIATION (Editorial)

The citizens of Terrell County we think fail to appreciate the work of our Commissioners and one Commissioner in particular and that man is none other than J. C. Mitchell, who represents precinct 3.

Sitting in Commissioners Court this week, it was Jim Mitchell who had the interest of the people at heart when he opposed the purchasing of new road machinery. To quote Mr. Mitchell: "We have less money this year than we had last year, and the way that things look now we are liable to have still less money next year. For if times do not pick up we will do well to collect 25 per cent of the taxes next year; of course I can be mistaken and I hope I am, for we hope for better times. Of course if it was an individual and he was the one taking the chance with his own money or one or two others who are backing him, that would be different; but where we have the other fellows money to spend I think that we should be more careful as to spending it."

Such wise judgement of Mr. Mitchell is not to be overlooked and he should be commended and if every county had more such men as Commissioners like Mr. Mitchell they would be better off financially.

We hand this bouquet to Mr. Mitchell for we believe in giving the flowers and praise to one while he is alive and not after he is gone.—The Editor.

## National Tribute Over The Air For Lone Star State

National attention will be focused on Texas on Monday night, April 18, when a radio panorama in music and story of the State's contribution to the historical, cultural and industrial development of America will be broadcast to the country.

The occasion will be the dedication of the "Parade of the States" program of that evening to the Lone Star State as part of the educational plan of the General Corporation to give the people of the rest of the country a more intimate glimpse of each of the states in turn.

The program will be broadcast at 8:30 p. m., EST, over the National Broadcasting Company's chain of more than forty stations and will be heard in every section of the country.

Bruce Barton, widely known author who wrote "The Man Nobody Knows," has written a special tribute to Texas for the program. It recalls the State's history and describes the industries of a land where cotton blankets more acres than any other state holds, where turkeys march to market in droves 10,000 strong and where a single pecan orchard yields a half million dollar crop.

## High School Girls Glee Club Honored

The members of the Sanderson High School Girls Glee Club were honored with a banquet Friday evening, April 8th, at 8 o'clock.

The opera convention scheme was used throughout the program, with green and gold colors predominating in favors, decorations, and menu. Tiny rolls of music, each wrapped in green paper and tied with yellow thread were favors.

Each member of the club invited one guest, while guests of the entire club were: Mr. and Mrs. B. J. Brannan, Messrs S. E. Nelson, K. C. Parker, Duane Smith, and C. C. Cammack.

Mr. and Mrs. E. M. McCright and daughter, Miss Lela Mae, and Mr. J. H. Rush and family, all of Lamesa, Texas, visited here this week with Mr. and Mrs. E. H. McCright and Jack McCright.

## LUPE ESCAMILLA DIES

Lupe Escamilla, a Mexican resident of this city for a number of years, died at his home early last Saturday morning and was buried that afternoon.

It was Lupe who was working at the Loma Alta Filling Station when in the early hours of the morning of October 4, 1930, that the station was held up and robbed, Lupe at the time being shot. J. E. Morris, of Springfield, Ohio, is now serving a pen sentence for the hold-up and shooting.

Dr. and Mrs. W. H. Doty returned Monday night from a week end visit with friends in Del Rio.

Mrs. D. L. Duke and children spent the week end in San Antonio.

## P. T. A. ELECTS OFFICERS FOR COMING YEAR

### Interesting Father's Program Given Last Thursday Night

Parent Teachers Association met in regular session, Thursday evening, April 7, 7:30 o'clock. Mrs. Utterback, President, presided. The meeting opened with prayer by the Rev. John V. McCall. Minutes of the last regular meeting of the organization and of the last meeting of the executive board were read by the Secretary, Mrs. Johnson. The treasurer's report was made by Mrs. Thrift. The following officers were elected for the ensuing year: Mrs. A. P. Utterback, president; Mrs. J. D. Nichols, first vice president; Mrs. R. A. Hurst, second vice president; Mrs. E. W. Hardgrave, third vice president; Mrs. T. R. Arrington, secretary; and Mrs. A. F. Thrift, treasurer.

Group singing was led by Mr. O. H. McAdams. Several numbers were played by the orchestra. Lowry Stradley in his talk paid tribute to dad. Rev. John V. McCall talked on the subject of being a pal with your boy. Mr. Branan discussed a father's help and what it means. A trio composed of Mr. McAdams, Mr. Duke and Mr. Kennedy sang several numbers.

A demonstration of some of the work done by the physical education classes under the direction of Mr. Smith, Coach, was given in the gymnasium.

Those interested in the study course met 30 minutes before the regular meeting began. The discussion was led by Mr. Nelson.

The next regular meeting of P. T. A. will be the last one of the year, and will be May 5th, 4 o'clock p. m. The Study Course will be conducted from 3:30 to 4.

## U. S. HIGHWAY 90 WORK BEING RUSHED TO COMPLETION

Work on U. S. Highway 90, State No. 3, which is now under construction through Pecos County is progressing nicely. The Dozier Construction Company of Austin has the contract for the work. In fact that part of the Highway that is completed shows to be a fine piece of road work and two miles of the road is now open to travel.

The detour through Pecos and Brewster Counties are now being maintained and are in good condition.

Following a few days delay, due to the fact that the caliche in the pit had been exhausted, work has been stopped while crews moved to a new pit. Work has been resumed again and construction is being rushed to completion.

The State will soon commence work on the Highway in the eastern part of Val Verde county near the Terrell County line and this stretch of road will be put into a first class condition. Right-of-ways are now being secured and it is to be hoped that soon work will be started.

Plans have been announced by the State Highway Department in Austin to pave and re-route 11 miles of the highway in the vicinity of Comstock. Under the tentative plan of re-routing the "Borderway" at that point, the new road will follow the old route closely but will shorten the distance one-half mile. The project starts east of the Pecos River and continues to a suitable site for a grade separation, probably an underpass, to be located about three miles west of Comstock at the T. & N. O. junction.

When the present construction work on Highway 90 is completed this will be the best route between San Antonio and El Paso. Traveling the "Borderway" the motorist will not only have a good short route, but will have a scenic beauty that cannot be surpassed.

Bobby Lea who was operated upon in Del Rio the first part of last week for appendicitis was able to be brought home and is now recuperating from the operation.

OUR BELOVED COUNTRY

We should all love our country every day—all day. It is not sufficient to attempt to prove our love by waiving the "Stars and Stripes", by heralding it abroad noisily on special occasions, but rather by labor, service, acts, deeds, performing every duty of citizenship, and remembering the Nation's welfare in our supplication to Deity.

The people of the land, in very large numbers, are restless, discontented, dissatisfied. Communism, especially, and other vicious "isms" each boldly proclaiming itself as the panacea of all ills, even promising an Eden on earth, and its impossible and ridiculous claims, are not falling upon deaf ears. Have men and women stopped analyzing causes and conditions, but accepting the wild views of any who are capable of stringing together superlative adjectives and descriptive words in a plausible and attractive manner? It would seem so, for many of the proponents of these various "isms" are not illiterate. Or, have we grown so soft as a nation that we cannot endure even a hardship which our pioneer fathers would have considered a luxury? In my opinion we are to blame for our present "so terrible a predicament," which so many are bewailing, but which I believe will eventually prove a blessing. What interests spread the propaganda that we could spend, spend, as thus only could "good times" continue, setting aside as obsolete the teachings of thrift, implanted in earlier generations? This led to installment buying, even of luxuries, on a large scale, contracting obligations when any one of many emergencies would be enough to prevent their fulfillment. Other irrational things were done, unnecessary to mention. How many stopped to think, who remembered God's laws, Nature's laws? Nearly everyone has an idea that he knows the remedy for present conditions. Many of the remedies are chimerical, absurd, ridiculous. We need a thought of Nature's great law of equilibrium. The old world evens things up pretty generally in the long run. What is lacking at one time is made up at another. If we leave readjustments to the mandate of Supply and Demand, instead of trying to circumvent them artificially, I believe matters would more satisfactorily and permanently, if not more quickly, adjust themselves than by all the legislative acts that could be passed. The irrevocable Law of Supply and Demand may be depended upon to prevail in the end. God's laws cannot be violated with impunity. They are eternal and unchangeable. Patriotism should be sufficient appeal to the best men to aspire to office. We need to revive idealism, to create a deep and profound reverence for Deity. If we are a Christian nation as claimed, then, with a firm reliance upon Him, there is a cure for anarchy, lawlessness, graft and corruption. Washington's faith in God held him steadfast through all the vicissitudes that assailed him and led him to the triumphal success which founded this Government.—Hon. John H. Cowles, Louisville, Ky.

Mrs. Smith: "Liza, this meat tastes queer." Liza: "That's funny, I admits I burnt it, but I applied unguentine immediately."

Wife: "Do you like this hat turned down, dear?" Hubby: "How much is it?" Wife: "Eleven dollars." Hubby: "Yes, turn it down."

Heien: "Was he on his knees when he proposed?" Margaret: "No indeed—I was on them."

Isolation is always unfortunate. A philosophy made in isolation needs to be checked by the experiences of all mankind.—Henry Szuzallo.

Serving seventy five per cent of the people continuously over a period of several years speaks for itself. We have not sacrificed quality and do not intend to do so, as we thoroughly realize that our customers want only the best. In case you are not using our service regularly it will pay you to give us a trial. Empire Cleaners' & Dyers. F. Robertson.

Washington correspondents give the bonus bill a 50-50 chance to go through. They point out that the House and Senate will probably pass the measure, but express a doubt as to whether it will pass the Senate over President Hoover's veto. Strong opposition has suddenly developed to block passage of the bill, and a bitter battle is in prospect before final disposition of the matter. Anti-bonus forces from the Wall Street financial caverns have descended on Washington to spread their propaganda. Texas, thought to be solid behind the bonus bill a few weeks ago, has developed some opposition. The Dallas News, Amarillo News, Scripps-Howard papers in Texas and a few others have declared against payment.

THIS AND THAT

By JIMMINY \*\*\*\*\* The Tyler Courier-Times is the first Texas paper to come out openly against John Garner's nomination as the Democratic presidential candidate. Roosevelt is the man the Tyler paper will champion. "You don't send dead men into battle," says this East Texas paper, "and there is no use sending a man into the primaries who has been fatally shot but hasn't yet fallen over." \*\*\*\*\*

That statement will be disappointing to many who have labored under the impression that "Cactus Jack" was very much alive and awake. But listen: "John Garner is as politically dead as any Herring." Franklin D. Roosevelt is the only real hope that the Democratic Party has had since 1916, and the Courier-Times-Telegraph is glad to champion his cause right now and from now on. \*\*\*\*\*

In that event, there is nothing to do but go ahead—nothing can be done about it. But Tyler might be looking for a postoffice some day don't forget that. \*\*\*\*\*

While all these presidential and prohibition polls are being taken, and while the fever is still in the air, it's a wonder some enterprising newspaper hasn't taken a poll on a minimum wage law for Texas. The question is "ripe." It is understood a minimum wage law measure will be presented to the next legislature. The subject is timely now, and highly controversial. When so many of our people are looking for work it is apparent that many advantages have been taken by unscrupulous employers who exploit the defenseless workers. \*\*\*\*\*

Women workers in department stores and factories in Texas are working for little or nothing, because employers refuse to pay a sustaining wage. Contractors have forced laborers to work 10 hours a day for 10 cents an hour in some cases. Many abuses have been committed in the name of "Depression." Texas needs a law to guard its citizens against the iniquities of labor exploiters. \*\*\*\*\*

Those opposed to the bonus say the government is already spending one billion dollars annually for veterans' relief, and further "raids" on the treasury will wreck the government's credit. \*\*\*\*\* But the government belongs to the people. The fight is going to be hard. If you are interested one way or the other, now is the time to tell your representatives in Congress.

CLEAN UP NOTICE

TO THE CITIZENS OF SANDERSON: You are hereby notified that our town is in need of being cleaned up of all trash or filth of any kind. Hogs are not allowed to be kept in the limits of the town. Cows, pens, horse lots and privies must be kept as sanitary as reasonably can do so; and please attend to all the sanitary work about your premises and not wait for an officer to report to you what and when to do your scavenger work. Keep your outside privies well guarded by using lime or other preventives for flies and any other nests for the germs that are the makers of all diseases. We have had very few cases of Typhoid fever in 14 years. Let's all work together and try to keep all of those infectious and contagious diseases out of our little town. Yours for a healthy town and community. P. F. Robertson, County Health Officer of Terrell County Texas.

Jack Cavender of Leakey, Texas, is visiting his sister, Mrs. John Newton.

EDSON R. WAITE

United States Senator C. C. Dill, of Washington, says: That Habits make us what we are.

Habit causes us to arise at a certain time in the morning, eat a certain kind of breakfast, return at a certain hour in the evening, and eat certain foods.

Habits, while we are young, tend to influence our activities all thru life and, most of all, they influence our method of thinking.

The greatest benefit of an education is not the information children secure in school, but the training of the mind in the meeting of problems of different kinds that concern us in every-day life.

The boy or the girl who forms right habits of thinking, acting and talking will find them invaluable in later years.

GUESTS AT WHEELER RANCH

Mr. and Mrs. Wallace Henshaw Jr., Misses Louise White, and Willie Mae Green and Mrs. Lucile Mason, Messrs Jack Laughlin, Ray Qualthrough and Fred Garrison motored to the Wheeler ranch this past Sunday where they were the guests of Mr. and Mrs. Clyde Wheeler and son at a barbecue. They all reported a wonderful time.

Charles Robertson was a week end visitor in San Antonio with relatives.

"Your medicine has helped me wonderfully," wrote the grateful woman. "A month ago I could not spank the baby and now I am able to thrash my husband. Heaven bless you."

Teacher: "What was the greatest character the Finns have contributed to this world?" Willie: "Huckleberry!"

Mother: "Well how would you prefer to take your castor oil?" Jimmy: "Wid a fork."

(CIA)

DENTON, Apr. 14.—A semi-formal tea offers to the hostess the opportunity to entertain a large number of guests at one time. The hostess and a few of her friends receive the guests in the dining room. A few of the younger friends of the hostess may be called upon to aid in serving. At a semi-formal tea both tea and coffee may be served, one or more kinds of sandwiches, nuts, olives, mints, and cakes or cookies may also be served. The girls, who are assisting with the service, find out whether the guest prefers tea or coffee and serve accordingly. The sandwiches, nuts, etc., are passed to the guest after she receives her beverage.

## MENUS

Breakfast: Strawberries served in cream, corn flakes, graham biscuit, coffee, milk.

Lunch: Creamed salmon on toast, bread and butter, ambrosia and cookies.

Dinner: Breaded pork chops, gravy, rice, potatoes, buttered carrots, combination fruit salad, bread, wafers.

Breakfast: Prunes and cream, bacon, toast, coffee, milk.

Dinner: Stuffed beef heart, glazed sweet potatoes, buttered peas, cole slaw, tapioca cream.

Tea: Coffee and tea, cream, sugar, spiced lemon, cheese and olive sandwiches, Philadelphia cream cheese sandwiches, ripe olives, salted nuts, filled cookies, mints.

## RECIPES

Mints: 5 c sugar, 1 c water, 2 t corn syrup, 10 drops peppermint. Method: Put all the ingredients except the peppermint into a sauce

pan and cook, stirring constantly until the sugar is dissolved. Then cover and cook for two minutes so that the steam may wash the sugar crystals down. Remove the cover and cook, without stirring, to the temperature of 265 degrees F. Pour on to buttered platter and add peppermint. When cool enough to handle, pull. When becomes white, fluffy, and firm, stretch out and cut as after dinner mints.

Filled Cookies: 1 c sugar, 1-4 c butter, 1-4 c crisco, 1 egg, 3-4 c milk, 3 1-2 c flour, 2 tsp. of baking powder, 1-4 tsp. salt. Method: Cream the shortening, sugar, and egg; stir in the milk alternately with the sifted dry ingredients. Roll out on floured board to a thin sheet. Shape with a cookie cutter. Put a teaspoon of filling on each. Place a second shaped cookie on top, pressing the edges together to prevent escape of the filling. Bake until brown in a very hot oven.

Filling: 1-c chopped raisins, 1 c boiling water, 1-4 tsp. salt, 3-4 c sugar, 1 t flour, 2 tsp. lemon juice. Blend the sugar and flour. Add the raisins and water. Cook until it is thickened. Add lemon juice and salt. Cool before spreading.

## W. M. S. MEET

The Ladies of the W. M. S. met in a business meeting at the Methodist Church Tuesday afternoon April 12. Mrs. Davis acted as president in the absence of Mrs. Garrison who is ill. Those present were Mesdames Davis, Lettison, White, Freeman, Osgood, Stradley and Watts.—Reporter.

## SPRING CLEANING

Have your winter wearing apparel thoroughly cleaned and moth proofed now. We will place garments in sealed mothproof bags ready for storing, at no extra charge during April.

Empire Cleaners' & Dyers  
F. Robertson.

## AUXILIARY MEETS

Mrs. Jesse Lochausen, who is Circle chairman of the Presbyterian Auxiliary this year, was hostess to the first meeting of the Circle on Monday, when the year's work was planned and laid out.

"Partners with Him," is the theme for all studies and programs during the year. Hebrews is to be the Bible study.

The year books with names of leaders and hostesses will be given out at next meeting.

Mrs. J. W. McKee who attended the Presbyterial at Kingville, gave a most interesting account of that gathering, the largest and best she ever attended. All 50 Auxiliaries sent reports, 41 of them were personally represented. 307 prayers were registered. A dinner at "Tex Mex," the school for Mexican boys, was an interesting feature.

Mrs. Lochausen served tea and coffee during the social hour.

Mr. and Mrs. W. R. Angermiller and son came in Sunday from Del Rio and will make this city their home for a while. Mr. Angermiller is working temporarily on the Woodward Smith Cattle Co. ranch near Emerson.

Jim Hunter came in Monday from Uvalde for a visit with his brother, W. D. Hunter.

Mrs. Bessie M. Darling of Buena Vista spent the week end here visiting friends.

John V. McCall, pastor of the Presbyterian church, attended the Western Texas Presbytery which was held in Mission, Texas, this week.

Miss Christine Caruthers of Del Rio visited Mrs. Bertha Brown this week.

He: "Will you be my complete wife?"

She: "Yes—if you will let me have enough companions."

This winter was bad—the next may be worse. Don't throw the old coat away. Let us clean, press and repair it, deliver it in a nice sealed mothproof bag ready to store away. No extra charge.

Empire Cleaners' & Dyers  
F. Robertson.

## EVENTS OF SOCIETY

### WEDNESDAY BRIDGE CLUB IS ENTERTAINED

Mrs. James Kerr was hostess to the Wednesday Bridge Club. The players were Mesdames Max Bogusch, F. B. Carter, A. E. Creigh Jr., S. S. Daggett, John Green, Clyde Griffith, H. R. Laurence, L. A. Lowe, J. W. McKee, W. H. Savage, John Stovell and Sims Wilkinson.

For high score Mrs. Lowe received lingerie and for second Mrs. Laurence received dainty handkerchiefs.

Mrs. Joe Kerr and Mrs. John A. Craig were tea guests.

Spring flowers were used in the decorations.

Delightful refreshments of cherry nut sundae and cake were served. Reported.

### CELEBRATES BIRTHDAY

Last Friday afternoon, at the home of his parents, Mr. and Mrs. M. P. Lester, Preston Lester celebrated his fourth birthday with a party, from 4 to 6 p. m. A color scheme of pink and white was carried out.

After playing several games the guests were served ice cream cones and angl food cake. Rubber balls were given as favors.

The following youngsters enjoyed the afternoon: Jackie Branan, Clyde Griffith, Frances and Willie Grigsby, Louis Rochet, Margaret and Earis Pierson, Betty Jo, James and Edward Kerr, Jimmy Wilkinson and Al Creigh III.

Preston received many lovely gifts. Mrs. Lester was assisted in entertaining by her sister, Mrs. Sims Wilkinson.

### NIGHT BRIDGE CLUB

The members of the Night Bridge Club and several guests were delightfully entertained last Saturday evening at the home of Mr. and Mrs. Al Creigh Jr. Boquets of

# Turney Terrell Asks New Term In Legislature

J. Turney Terrell our present Representative of the 87th District has announced for re-election, he is asking the people of this district to return him to Austin for a second term in order that he may carry out the plan inaugurated by him to reduce the cost of State Government, he is the author of a resolution creating a Committee known as the efficiency and economy Committee whose purpose it is to reduce the cost of State Government, he says the cost of State Government has increased approximately 200 per cent over 1920 and that under existing conditions it is absolutely necessary that the cost of Government be reduced.

Mr. Terrell states if the people of this district will return him to the Legislature it will be his aim to continue to represent the Live Stock Industry and Agriculture in General; to abolish all unnecessary Boards and Commissions; to consolidate those departments that can be consolidated thereby eliminating duplication of work and reduce state expense.

Mr. Terrell states he will appreciate your support that he stands on his own record as faithfully representing the district.

### DRYDEN LOCALS

By Mrs. C. C. Chambers

A benefit dance was given last Friday night for the Dryden Baseball team at the Community house, which was well attended. Cake, coffee and ice cream was sold and the sum of \$91 was realized. Mrs. Lulu McDonnell Smith and Miss Mattie Pressley were in charge of the refreshment booth and son McDonnell and Slim Pressley were floor managers for the dance. Charlie Roger's stringed orchestra furnished the music for the occasion. Many out of town people were in attendance. Three cakes were given to the best dancers; Mrs. Bertha Brown and Frances Mansfield of Sanderson for the best waltzers; Mr. and Mrs. Holmes of Sheffield for the best two-step and Woodrow Mason and Ruby Lee Haines of Dryden won the cake that was awarded the best junior dancers.

Mr. and Mrs. Hubert Holmes, Mr. and Mrs. Will Monroe and Miss Morene Smith and several others, whose names we did not learn, came over from Sheffield last Friday night for the dance.

Mr. and Mrs. L. J. LaMontague, Miss Judie Lee Jeffries and Mr. Joe Jeffries went to Del Rio last Friday returning Sunday.

J. A. Kercheville has moved his filling station and residence over on the west side of town.

Mr. and Mrs. R. T. Taylor are visiting relatives in Ozona this week.

Mr. and Mrs. A. A. Henning are visiting their son and daughter-in-law, Mr. and Mrs. A. A. Henning in Indio this week.

Mrs. Mamie Wilkinson, Mrs. Landon Rose and Mrs. Robert Gatlin attended Church services in Dryden Sunday.

Mr. and Mrs. O. J. James and family have returned from Eagle Pass where they went to attend the funeral of Mrs. James' brother Bob White.

Mr. and Mrs. W. R. House and family of Saragosa, and Miss Duderstadt, of Lytle, were guest of Mr. and Mrs. W. A. Latimer Sunday.

Mrs. C. D. Ellington and little daughter, Mary Lillian, of Sheffield were the guests of Mr. and Mrs. A. F. Buchanan last week.

Mrs. Dulcie Reynolds of Langtry attended the dance in Dryden Friday night.

Mr. Miller of the Scott ranch, went to San Antonio Tuesday.

Mrs. C. W. Thomas visited in El Paso this past week.

### VACANCIES IN THE GOVERNMENT

The United States Civil Service Commission has announced that until April 19 it will accept applications for the position of guard-attendant in the Medical Hygiene Division of the United States Public Health Service, for duty at Federal prisons throughout the United States.

The entrance salary is \$1,620 a year, less \$360 a year for quarters, subsistence, and laundry when provided.

For this position the Treasury Department wishes men.

Applicants must have been graduated from a recognized school for trained nurses which requires a residence of at least two years in a hospital giving thorough practical and theoretical training, or in lieu of such graduation they must have served at least one three-year enlistment in the hospital corps of the United States Navy or have had at least three years of active service in the Hospital Corps of the United States Army.

Competitive examinations for the following positions are also announced by the Civil Service Commission:

Assistant gardner, \$1,260 a year, or \$424 a day when actually employed. Office of Public Buildings and Public Parks of the National Capital, Washington, D. C. Closing date April 28, 1932.

Senior inspector, engineer construction (marine), \$2,600 a year. Office of Inspector of Machinery, United States navy, Groton, Conn. Closing date May 3, 1932.

Senior plasterer, \$1,860 a year, plasterer, \$1,680 a year, departmental service, Washington, D. C. Closing date May 3, 1932.

All States except Delaware, Iowa, Maine, Maryland, New Hampshire, Vermont, Virginia, and the District of Columbia have received less than their share of appointments in the apportioned departmental service at Washington, D. C.

Full information may be obtained from the Secretary of the United States Civil Service Board of Examiners at the post office in any city
