100 OF REFORESTATION ARMY CAMP IN KEESEY CANYON NEAR FT. DAVIS

Two Companies Of Young Men Eager To Work On Park Program

Two camps of the reforestation with approximately 200 men to be camp beside the officers in Marfa last Friday morning before daybreak and were transported to the camp site three miles northwest of Fort Davis on the scenic drive before noon by citizens of Marfa and Fort Davis.

About twenty cars and fifteen trucks responded to the early morning call from Fort Davis and a number from Marfa.

On arriving at the site the men were set to work raising their tents, making and other things to make the camp. To date much progress has been made in the way of improving the camp. Lumber has been put on the ground and tables, chairs, mess tables and other things have been built.

Expect Workers To Be Located At Canyon By July 15

Three or four C. C. C. worker camps are to be located at Santa Helena canyon, on the Rio Grande, 100 miles south of Alpine, in Brewster county, A. F. Robinson, secretary chamber of commerce, was advised this week. Sites for four camps have been located and approved by U. S. army officers here this week from Fort Bliss.

These sites are located on Terlingua creek, one mile above the mouth of the canyon, on Sec. 2, block 16, G. H. & S. A. Ry. Co. survey, a part of the ground having been donated for camp purposes by W. R. Cartledge, owner of the plantation and store at Castalon one five miles from the camp locations.

An abundance of water for the approximately 800 men to be located in the camps has been secured in four wells recently completed at the site; it was stated here this week.

The camp will be known as State Park Camp No. 15T and all work to be done on the project will be mapped out by engineers representing the state park boards, three of whom are now at the location, with C. R. Bryam of Austin in charge.

It is likely that a number of local people will be given employment when the camp is established, it was said yesterday, as there will be need for carpenters and other skilled workmen to supervise the work of the C. C. C. men. It was stated that several Alpine men had already secured employment as foreman, etc., on the project at Fort Davis.

Mr. Robinson, who has spent the greater part of his time for the past ten days or more in helping to get the details for the camp worked out was high in his praise of the splendid co-operation of the river people in meeting the government's requirements for the establishment of the camp at the Grand Canyon.

Both Mr. Cartledge and J. L. Sublett, who have farms near the site, were of invaluable assistance in many ways in carrying out some of the preliminary details, he said, even to furnishing machinery and equipment used in testing the wells, and in other ways. Other residents of Terlingua and that section were equally helpful, he said.

The road from a point this side of Terlingua to the canyon is being put in excellent shape by the county commissioners, Robinson said on his return from the Canyon Wednesday morning, and there will soon be a good road all the way from Alpine to the camp site near the canyon's mouth.—Alpine Avalanche.

New Year Book Of Agriculture Received

The Times received a copy this week of the new 1933 Yearbook of Agriculture, from Congressman R. E. Thomason, who writes that he has a limited number of copies left which he will mail out to those requesting them so long as the supply lasts.

Prof. and Mrs. B. J. Brannan and sons have returned from a several weeks trip during which they visited in Mineral Wells, McKinney and Austin. While in Austin Prof. Brannan was informed that our Public School would probably receive an apportionment of \$15 per capita for the coming school year.

SOCIETY

BRIDGE PARTY

Mesdames Harry Newton and H. E. Fletcher entertained a party of friends at bridge on Tuesday afternoon of this week at the home of Mrs. Newton which was tastefully decorated for the occasion with a profusion of cut flowers. Twenty-eight guests were present at the affair which they voted as one of the most enjoyable of the season.

High score for the afternoon was made by Mrs. E. J. Chastain, Mrs. C. P. Peavey winning second and Mrs. Bozarth Brown drawing the cut prize.

Refreshments of iced cantaloupe-la-mode were served to Mesdames J. W. McKee, W. H. Savage, A. F. Thrift, Frank Robertson, Carlton White, F. L. Burnside, Clyde Griffith, C. M. Breeding, Mary Lou Keller, LeeRoy Grigsby, Jim Kerr, J. C. Green, D. A. Pollard, Lee McCue, Jim Nance, T. D. Moore, A. E. Creigh, Jr., L. A. Lowe, Max Bogusch, E. J. Chastain, C. P. Peavey, Bozarth Brown, W. H. Doty, Chas. Rogers, "Son" McDonald, A. C. Clafelter, Misses Louise White and Willie Mae Green. Tea guests were Miss Kate Frazier and Mrs. T. J. Laughlin of Del Rio.

GRIGSBY—GLASS NUPHIALS

Mr. Ervin Grigsby and Miss Melburn Glass were united in marriage last Sunday morning, June 18, at the home of the bride's parents in Sterling City at 9 o'clock, Rev. W. B. Everett officiating.

The couple left immediately after the ceremony for a brief honeymoon, after which they will go to the home previously prepared by the benedict for his bride.

The wedding was a simple ring affair, and took place in the living room of the home which was decorated with Shasta daisies, baskets of gladiolas on lattice work of ferns forming a background of an improvised altar, with graduated chancel rail, lighted candles and subdued lights. Bowls of garden flowers and Crepe Myrtles lent elegance to the scene.

The wedding chorus played by Mrs. David Glass was the signal for the ceremony. The bride on the arm of her father marched to the altar where stood the bridegroom with his best man, Mr. John Williams of Del Rio, Texas, and where the rites were performed in the presence of the brothers and sisters of the bride, and their families, as well as the mother of the bridegroom Mrs. Lee Grigsby, and Mrs. LeeRoy Grigsby and son, Harold Lee Grigsby of Sanderson. In addition to the members of the families, were Misses Annie Bade, Annie Lee Durham and Ruth Cole, who conducted the bridal shower last week, and T. J. Kellis, maternal uncle of the bride.

The bride wore starched chiffon over pink satin. Her going-away costume consisted of yellow ensemble and black accessories. The bridegroom wore conventional black broadcloth. Punch was served in the drawing room. The bowl was presided over by Mrs. S. M. Ray, sister of the bride. The bridegroom is a young business man of Sanderson and of a prominent family of that town. The bride is the daughter of Mr. and Mrs. J. L. Glass. She was born and reared in this community where she is loved and esteemed by all and where her many friends join in good wishes and congratulations.—Sterling City News Record.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Terrell County, Greeting:
YOU ARE HEREBY COMMANDED to summon Essie Carpenter, whose residence is unknown to Plaintiff, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Terrell County, to be holden at the Court House thereof, in Sanderson, Texas, on the second Monday in July A. D. 1933, the same being the 19th day of July A. D. 1933, then and there to answer a petition filed in said Court on the 6th day of June, A. D. 1933, in a suit numbered on the docket of said Court as No. 1887, wherein Gordon W. Carpenter is Plaintiff, and Essie Carpenter is Defendant, and said petition alleging that Plaintiff is now and has been for a period of more than Twelve (12) Months prior to the exhibiting of his petition herein, an actual bona fide inhabitant of the State of Texas, and that he has resided in said Terrell County, Texas, continuously for at least six (6) Months next preceeding the filing of this suit and that the residence of Defendant is to Plaintiff unknown; that on or about the 15th day of May 1927, Plaintiff was legally married to Defendant at Merton, Texas, and that they continued to live together as husband and wife until on or about the 10th day of February 1931, when by reason of the cruel, harsh treatment and the improper conduct of Defendant towards Plaintiff, he was forced and compelled to permanently abandon her since which time they have not lived together as husband and wife; Plaintiff alleges that during the time they lived together, as aforesaid, he was kind and affectionate to her and always provided for her support and maintenance, but Defendant, unmindful of the duties and obligations of her Marital vows about two years prior to the time of their separation, began a course of unkind, harsh, cruel and tyrannical treatment towards Plaintiff, which continued until Plaintiff was forced and compelled to abandon her, as aforesaid; that Defendant often cursed and abused Plaintiff without any cause or provocation on the part of Plaintiff; that on or about the 10th day of February, 1931, at their home in Sanderson, Texas, Defendant cursed and abused Plaintiff, struck him with her fist and threw a chair at him; threatened to do him bodily injury, using the vilest language in the presence of their children thus making it im-

possible for the safety of himself and decency towards his children, to abandon Defendant as aforesaid. Plaintiff alleges that Defendant's actions and conduct toward him generally are of such a nature as to render their further living together as husband and wife insupportable. Wherefore, Plaintiff prays the Court that Defendant be cited as required by law, to appear and answer herein, and for Judgement dissolving the marriage relations, for cost of suit, and other relief special and general in law and in equity that he may be justly entitled to. Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same. GIVEN UNDER MY HAND and the Seal of said Court, at office in Sanderson, Texas, this 6th day of June A. D. 1933.

MISSIONARY SOCIETY MEETS

The Methodist Missionary Society spent a very enjoyable social hour in the home of Mrs. Harry Sharp on Tuesday afternoon.

Psalm 148 was read responsively, the prayer hymn, "Lord Speak to Me" was sung and two prayers of praise were offered by Mrs. F. S. Garrison and Mrs. H. D. Johnson.

Mrs. Garrison was assisted in her program by Mrs. Landon Rose who gave an inimitable description of the "Life of a Rural Deaconess."

Rev. B. M. Stradley told about the Kingdom Extension work among the Mexicans along the Rio Grande.

Shares were sold for the McFaddin fund. The missionary societies of the New Mexico conference are contributing to the whole support of Miss Monta McFaddin, a daughter of the conference who goes as a missionary to Mexico in the fall.

Mrs. Sharp served delicious punch and cake to the following: Mesdames B. M. Stradley, E. Hensley, Landon Rose, J. L. Laughlin of Del Rio, Barker, F. S. Garrison, Lillian Neal, H. D. Johnson, H. C. Goldwire, Miss Rosa Dunman and Rev. B. M. Stradley.

The Bank as a Rebuilder

IN place of a 3 per cent loss on an investment of \$10,000 a large New York savings bank is now getting 6 per cent profit on an investment of \$50,000, because it had the good business judgment to spend \$40,000 in modernizing a group of 40-year-old tenement houses on the lower East Side which it was forced to take over on mortgage foreclosure.

The bank remodeled the buildings completely, putting in an oil-burning heating plant, incinerators and other modern changes, with the result the buildings are now entirely rented, and there is \$14,000 a year coming in instead of several thousand going out. At that rate the improvements will pay for themselves in three years.

This same bank has done 15 other renovation jobs similar to this, and all have proved profitable. The bank has its own architects and its employes seven painters who are kept busy continuously.

Railroad Legislation

A RECENT state legislative bill provided that a track man carrying a bell by day and a lantern by night should lead all railroad trains across grade crossings; that conductors must smile when answering questions; that it would be a misdemeanor to serve eggs more than one day old on pullman cars; that trains be required to stop at any time when flagged by hitch-hikers, and that trains crossing rivers wider than twenty-five feet be equipped with lifeboats and life preservers.

THE PRICE OF BUSINESS SPEED

Banking Institute Speaker Says That Bank Failures Followed Business Failures

CHICAGO, Ill.—Many appear to think that failures occur only to banks, but the complete story of business shows that failures of American banks have followed the failure of business enterprises, and have not been a cause of those failures.

"It is true that we have had more failures in our banks than in the banks of a number of other countries," he said. "It is also true that we have had more failures in drug stores, grocery stores, railroads, and in every other type of business enterprise. At the same time, it must be said that we still have left after all our failures, more drug stores, more grocery stores, more railroads, and more banks than any other country."

People do not realize, he said, that we have in excess of 168 banks which have been in existence over a century and we have more than 2,000 banks which have been in existence over 50 years.

"In other words, we have more banks over 100 years of age than any other country—we have more banks over 50 years of age than any country in the world," he declared. "The American banking system has not fallen down—it is not in danger of decay. Such failures as it has experienced are due to the price we pay for too rapid development of business enterprises, but that is the American spirit."

U. S. GOVERNMENT GREATEST BANKER

Runs Fifty-two Financing Institutions With Investment of Two Billion Dollars—Thirty-nine Agricultural

AMERICA'S biggest banker today is the Federal Government, which is now operating fifty-two financing institutions, says Professor John Hanna of Columbia University in the American Bankers Association Journal.

"Forty of these are owned entirely by the Government," he says. "In twelve more the Government has already a two-thirds interest. Thirty-seven are intended to be permanent. Twenty-five of the permanent ones and fourteen of the temporary ones are agricultural."

"The capital stock held by the United States in these banks has a par value of \$1,250,000,000. The Government's total investment is nearly \$1,000,000,000. Resources of these institutions exceed \$3,000,000,000. In addition the Government has detailed supervision over fifty-one mortgage banks, operating under Federal charter.

"The Government also supervises 4,600 local agricultural loan associations with Federal charters. All this takes no account of the relations of the Government to the twelve Federal Reserve banks, nor of the authority recently given to the Reconstruction Finance Corporation to buy preferred stock in national and state commercial banks."

The President has ordered the consolidation of the agricultural credit agencies into the new Farm Credit Administration, says Professor Hanna. He expresses the opinion that before the consolidation of the agricultural financing agencies too much machinery had been created to administer the financing institutions which the Government either owns or supervises.

"Existing institutions represent a considerable differentiation of function, and any consolidations should be preceded by a careful survey of the actual activities of the various institutions," he continues. "The only consolidation the Administration has announced is that of the agricultural credit agencies in the Farm Credit Administration. As a permanent solution this arrangement is too closely bound up with politics.

"A better scheme would be to create a finance corporation under Federal charter to take over either the agricultural finance activities of the Government or all its lending agencies.

"The Government's financing and banking activities should be kept severely apart from subsidy and other schemes for raising the prices of farm products. One is business, the other is major political policy. The advantages of the corporation over bureau control for the business functions are real and significant."

"Shorty" Rochelle was in town the first of the week from his ranch in the southwest part of the county.

Have your neighbors ever dropped into your home to borrow the weekly collection of circular letters, hand bills, etc., that the users think are as good as advertising in your favorite country newspaper?—Menomonee (Wis.) Falls News

Few people realize the actual coverage of even the most modest country newspaper. Not so long ago an advertising expert was quoted as saying that careful research had ascertained that a certain well known metropolitan paper is read, on an average, for the space of 20 minutes, while the average country newspaper has a "reading life" of 3 hours to its credit!

That is something for both subscriber and advertiser to think about.
