Column Right

Selected Quotation
Against stupidity the
very gods themselves con-
dend in vain.

...erly everything is being
up in Europe just now, the
attraction being just who
King Edward VII choose to
his pedestal.

...latest addition to the ex-
change table of the Times is the
News, full of politics but
being to be "independent." The
page is edited in toto by one
Lawrence, which belies its
name. There's just lots
of talk today who believe Bar-
row was right—and maybe he
is at that.

...udgeting—Trying to figure
out how to spend the money you
don't get.

...st recently read a glowing
account by a modest Englishman
"How he won the war." If
the European yaps don't quit
trying to hog the glory for win-
ning the late conflict, it's going to
harrass our veterans to a point
where they won't accept their
own money.

...the papers are full of Charlie
Chaplin and his late, young and
beautiful lady trying to marry.
Well, that's news for Hollywood,
anyway, for most of them are try-
ing to separate.

...ur hat is off to Gov. Jimmy.
Recently his sister was killed in a
wreck. A driver of a truck
was arrested. It was established
she was asleep. The court senten-
ced him to 6 months in jail and
a fine of \$500. The driver
was broke. He appealed to the
governor, and was pardoned. The
governor stated: "I don't blame
the driver for a deplorable acci-
dent, but the system that makes
men work long hours for the
paltry low wage of \$3 a day."

...from all accounts Sanderson
is the nucleus for a managerie
of 200, or something. One lady
back from a recent trip in south
Texas, brought back an alligator.
Another young lady returned
from her trip with a giant bull-
dog. What they'll do for water
around here we don't know.

THIS WEEK IN Texas History

1834.—The great necessity for a
well organized judiciary induced
the passing of a decree on April
17, making Texas a judicial cir-
cuit, dividing it into three dis-
tricts, and prescribing the mode
of procedure. The most impor-
tant feature in this law was the
provision establishing trial by
jury.

1836.—Sam Houston left the
banks of the Brazos on April 13,
and arrived at Harrisburg on
April 18.

1843.—Henry Clay made public
his opposition to the annexation
of Texas on April 17.

1883.—A land board was cre-
ated by law of April 12 for the
classification, sale and lease of
lands belonging to the common
schools, university and asylums.

1918.—On April 15 the 10-mile
zone law became effective which
had as an object to protect the
thousands of soldiers whom the
U. S. government was training in
Texas. It stopped the liquor busi-
ness in every important city in
the state. — Texas State College

OIL NEWS

An Oklahoma oil syndicate has
just finished a survey of the Sam
Bell property with a geophysical
locating instrument that has
proven highly reliable in locating
other fields, and although ext-
remely non-committal as to their
report, they did say they were
well pleased with their findings.
The survey parties running the
lines on the Goode and Banner
properties on the Pecos are cer-
tainly not making a temporary
job of it, as they are cutting away
brush, trees, cactus and all other
obstacles in their path. They do
not care to have the same situa-
tion arise that came up in the
Yates Pool and the Iraan field,
causing so many disputes and
court cases on account of vacan-
cies, excesses and shortages in the
surveys.

Authentic information has been
received that the rig for the 7500
foot test in Pecos county just over
the Terrell county line, is on its
way to the property, and the
prospects for Terrell county prop-
erty looks very bright for an ex-
tremely good play this summer.

Health Letter

Austin.—Call has gone out from the State Department of Health to county health officers to act as chairmen and organize committees for observance of Child Health Day during May. Dr. J. W. E. H. Beck, field director of the maternal and child health division, is state chairman by designation of Dr. John W. Brown, the state health officer.

Although May Day is Child Health Day by act of Congress, communities are free to choose any day for the observance. This slogan has been officially adopted for Texas Child Health Day: "Annual physical examination by your physician and dentist. Immunization against diphtheria, typhoid fever and smallpox. Safe water and proper sanitary equipment for the home and school."

May Day—Child Health Day is a challenge to all parents to take stock of the health of their children, with special reference to immunization of those of the preschool age. The records reveal that during the year 1935, 64 per cent of deaths caused by diphtheria occurred before the child had reached the age of 5, 23 per cent between the ages of 5 and 9 years, 6 per cent between 10 and 14, and 7 per cent were over 15 years of age.

An annual examination by the family physician and dentist is recommended, the examination to be made preceding the opening of the fall school term. Your physician and dentist may find some serious defect. If so, they will be in position to advise parents as to proper treatment, and by doing so serious illness will be prevented.

It is suggested that parents of children in Texas take special interest in pure drinking water for home and schools. It is strongly urged that provisions be made throughout the state suitable places where children may have proper exercises, sanitary swimming pools and places for play and pleasure.

Watch Your Kidney

Be Sure They Properly Cleanse the Blood
YOUR kidneys are constantly filtering waste matter from the stream. But kidneys sometimes fail to do their work—do not act as intended—fail to remove impurities from the system when required. Then you may suffer from backache, dizziness, scanty or too frequent urination, getting up at night, pain under the eyes, feet, nerves, or bladder upset.
Don't delay! Use Doan's! Doan's are especially for poisoning kidneys. They are recommended by grateful users everywhere. Get them from any drug store.

Ford - FOR ECONOMY

"The Ford V-8 uses less fuel and oil for the power it gives than any other car we have ever made

AND ITS UP-KEEP COST IS THE LOWEST"

ENTHUSIASTIC sales talk often begins and ends with gasoline mileage. Some salesmen would like you to believe it is the whole story of automobile economy. But drivers ought to know better. For, the fact is, it's way down the list. The big items of car economy are low first cost, low up-keep cost and low depreciation. Savings here can make a great deal of difference in cost per mile. Gasoline mileage is more of a talking point than an economy factor. Check up and you will find that the difference between 17 and 19 miles a

gallon is less than \$10 for a whole year's average driving (8400 miles at 18 cents a gallon). Here are the big items that make the Ford the most economical car: More value for every dollar you pay. Lower cost for repairs and service. Long life. Slow depreciation. Quality means economy and the 1936 Ford V-8 gives you more real quality than any other low-price car. No other car under \$1645 has a V-8 engine. No other low-price car has Center-Poise Riding, safe, sure mechanical brakes and Safety Glass all around at no extra cost.

"RIFRAFF"

(Friday-Saturday, Apr. 17-18)

Jean Harlow never displayed her ability as an actress to better advantage than in "Rifraff," which opens at the Princess Theatre today, Friday, April 17 for a two-day run.

Teamed with her for the first time is one of Hollywood's finest actors, Spencer Tracy, and they get the most out of a sweeping story which mixes the most hilarious comedy with tough paths.

The story invades a brand new locale, the commercial fishing fleet that plies the waters of the Pacific off southern California. Much of the story takes place in the fishing village adjacent to the great California metropolis—a community affiliated with the city yet separated as though in a different world.

"Rifraff" tells of the love of Miss Harlow and Tracy, a love that transcends man-made laws, yet is masked with a veil of rough bandage that cannot entirely conceal its depth and sincerity. It presents Miss Harlow in one of her most unusual roles, an angel of the waterfront who marries a braggart and bully and spends the rest of her life trying to reform him.

"BIG BROWN EYES"

(Monday, April 20)

Some like romance—some like thrills—some like comedy—and "Big Brown Eyes," which will be shown at the Princess Theatre on next Monday night, April 20, with Joan Bennett and Cary Grant in the leading roles, will please all, because it has everything!

Romance? With lovely blonde Joan Bennett making the most luscious armful big, handsome Cary Grant ever had? Thrills? With a wide-awake, quick thinking manicurist and her cop sweetheart smashing through crooks' defenses to bring baby-killers and gangsters to justice.

Joan breaks up with Grant when she thinks he is going with another woman, quits her manicurist job and goes to work for a newspaper. A big jewel robbery breaks and she runs the criminals down, brings them to trial.

It's a fine picture—Joan Bennett is as lovely as ever, and Cary Grant is magnificent, and the balance of the cast under the direction of Raoul Walsh, turns in a memorable performance.

"CHINA SEAS"

(Wed-Thurs, April 22 and 23)

Between dangerous thrills and dangerous romance there's something doing every minute in the film "China Seas," which comes to the Princess Theatre Wednesday and Thursday, April 22 and 23. The stars are Clark Gable, Jean Harlow and Wallace Beery.

It is a picture in which interest never slackens and action never lags. It takes its place among the finest entertainment vehicles of the new screen season.

The story deals with the odd love story of a hard-bitten young skipper of a coastwise liner, the part played by Gable, and "China Doll," a lovely wanderer in the Asiatic port, and played by Miss Harlow. Involved with them is a mysterious trader, Wallace Beery, who is suspected of being the master mind of a piracy plot.

Action takes place entirely on the wheezy old liner Kin Lung as it plows down the China Sea between Hongkong and Singapore. Under the polite veneer of the passengers runs a dramatic current of fierce loves, bitter hates and sinister intrigues, to which a typhoon and the sudden catastrophic pirate raid are fitting background.

PRESENTS PUPILS IN RECITAL

Miss Myrtle Harrell presented her pre-school class and music pupils in a program which was given last Thursday evening at 8 o'clock in the high school auditorium. There was a nice crowd in attendance and unusually good attention.

The first number was by the pre-school children, a little operetta, "The Box of Dolls." They were all dressed like Japanese dolls, and looked so pretty in their huge white boxes. They sang several songs and at the "enchanted hour of twelve" they came to life and, getting out of their boxes, went to the other side of the stage where they seated themselves on cushions and played two rhythm band numbers, after which they returned to their boxes and sang their good-by song.

Next on the program was a ne-

gro scene in which David Duke, dressed as an old negro man, sang "Massa's in de Cold, Cold Ground," and "Missouri Waltz." For an encore he sang "There's One More River to Cross."

Then followed a playlet, the incidents of which were taken from the life of Franz Joseph Haydn when he was a boy. The following took part: Helen Turner, as Mathois Haydn; Bertha Mae O'Bryant, Frau Haydn; John Hardgrave, Joseph Haydn; Ethel Laura Nance, as Johann Frankh; Margaret Jane Higgins, as Frau Frankh. The parts of the first and second boys were taken by James House and Mary Nell Higgins; Bill Cargile as George Reulter and David Duke played the part of Reulter's helper.

Following the playlet Lillian Harrell played a piano solo written by Haydn, and Ruby Ware played a violin solo, written by Haydn.

Then followed a musical program in which Margaret Jane Higgins, Mary Nell Higgins, Mary Bess Hardgrave, Ethel Laura Nance, Bertha Mae O'Bryant, Lillian Harrell, Helen Turner and James House played piano solos. Piano duets were played by Ethel Laura Nance and Bertha Mae O'Bryant, and by Mary Bess Hardgrave and Lillian Harrell. Near the close of the program John Hardgrave played a violin solo on a beautiful violin made by his brother, Lee.

The concluding part of the program was a Bach playlet with several of the pupils playing short selections from some of his compositions.—Reported.

Mrs. Jeff Pugh arrived Wednesday afternoon from Eden, Texas, to visit her parents, Mr. and Mrs. C. H. White.

Mr. and Mrs. Lee Roy Grigsby and son, Harold Lee, of McCamey spent the week end here with his parents, Mr. and Mrs. Lee Grigsby.

Current Comment

Every one seems to be happy although we lost first place at the district meet. Well, that is a good way to feel because after all we play to learn to be a good sport more than just to win, and we did place second in volleyball.

This week was the first week of the last six weeks. There are only five more weeks of school and then everyone will be saying good bye and wishing his friends a nice vacation. Then you will think again of the "Good Ol' Days."

Have you noticed that everyone is wearing spring clothes since Easter? Even our professors are in style, too, with their light suits.

There weren't many students at Miss Harrell's recital Thursday night. However, there was a nice crowd just the same. I guess everyone was at the district meet. Well, anyway, it was a good recital, being a little different from most plain recitals. It had scenes from the life of Bach.

Senior Play Set For May Second

The Senior all seem to be cutting up a lot in the senior play "College Cutups." The characters seem to fit the class as most of them do nothing but cut up. From what I can derive of the seniors, this is going to be one swell play.

In case any one would like to know why Frank Short is called "Zoo," and how Donald Dixon gets over his bashfulness, you had better see the senior play to be presented on May 2. I wonder why "Zoo" and "Bashful" nearly get kicked out of school? I bet it is all the fault of Miss Van Tyne. Well, anyway, it gives the college some gossip.

Boy! won't that movie queen, who will appear in person, give the college a thrill! But we will have to wait and see. The best thing to do now is for everyone to think about all this, and on May 2 be sure to see "College Cutups."

ASSEMBLY

The first year Spanish class had charge of assembly Tuesday.

Allen Hardgrave gave a talk on "The Flags of Latin America," Wesley Lochausen on "The Relation of the U. S. With Latin America," Jimmy Goodykoontz on "Pan-American Day. The national dance was given by Maria Bustamente and Lupe Gutierrez.

BOOKKEEPING

The bookkeeping students have just completed a project of farm accounting. They pretend they are working for their uncle on a farm and kept his book for him. It includes the inventories of his sheep, cattle, grain, cotton and other productions.

It is a new subject for them and they have learned quite a lot about keeping books for a farmer. For the next week or two the bookkeeping students will study the partnership of a filling station business. They will take up all the details of the expenses incurred and the profits that are realized.

H. E. NEWS

The Vocational Home Economics classes will model their major class and home projects in a public showing tonight in the high school auditorium. This showing follows a judging of all projects. Judges acting in this event are from Sul Ross college. Following the precedent set by the state meet directors all judging is closed, due to the vast amount of judging to be done. Winners will be announced tonight. The class plans an open house later in the term at which time garment construction may be inspected more closely by friends who are interested.

Since February the girls have completed 78 garments, which are divided into class and home work. There are nine groups of projects. The garments constructed by the first year students are divided as follows: Home Projects: undergarments and dyed salt sack dress projects. Class Projects: Sleeping garments and school girls' costumes. Members of the class are Adair Edmiston, Maxine Clatfelter, Emma Fay Harris, Marybeth Banner, Sarah Kelly, Ruby Ware, Margaret Gregory, Alice Van Cleave, Eliza Calzada, Ermenia Munoz, Elizabeth Brown, and Martha Bassett.

Garments constructed by second year students are divided as follows: Home Projects—remodeled or dyed dresses, party dress. Class Projects—layette garments, play suits, and street costumes. Members of the class are Rosa Mae Clark, Helen Turner, Bennie Mussey, Bertha Mae O'Bryant, Connie Richardson, and Mildred Haines.

Garments to Be Modeled
All garments will be modeled publicly with the exception of the undergarments, sleeping garments and infants' garments. A one-act play with two scenes will be presented following the modeling. Each number on the program will be preceded by the modeling of 1836 costumes. Students not in the class assisting in the program are Margaret Jane Higgins, Mary Bess Hardgrave, Betty Jo Kerr, and Laurence Gutierrez.
The class is indebted to Mr. King for musical numbers he will add to the program; also to the Kerr Mercantile company for the discount offered on patterns. The Home Economic girls are to be commended for their hard and willing work. They have participated in preliminary state contests, including Centennial song writing, planning for a Future Home Making Association, and Centennial plays. Adair Edmiston won second place in the Play Division in the State contest for C group schools.

Sanderson Makes Fair Showing

Out of the thirteen contests entered by Sanderson students at the district meet held in Fort Stockton last week end, two third places, one second place, and other qualifications were won by the representatives from the Sanderson schools.

Elizabeth Brown, member of the typing team, placed third among the five highest scores in the typing contest. This placing qualifies her for participation in the regional meet to be held in Alpine April 24 and 25. The other member of the typing team was Laurence Gutierrez.

Roberta Lochausen placed 3rd in the junior girls' declamation. Other declamation contestants from Sanderson were Melven Pollard, senior boys; Mildred Haines, senior girls; and Edward Rutledge, junior boys.

After playing five volleyball games the Sanderson Eaglets came out holder of second place in the district. They competed against teams from Pecos, Ward, Reeves and Brewster counties.

In the track events Wilburn Short placed third in the quarter mile, and finished fifth in the 100-yard dash, which qualified him to run in the 220 finals. Donald Nelson placed fourth in the mile run. Howard Black finished "just out of the money," according to the Coach, Duane Smith, in the half-mile run. Jesse Lochausen and Lloyd Gant, the tennis players, were defeated in both singles and doubles.

Other contestants representing Sanderson at the meet were Sammie Carter, senior ready writer; Billy Jo Corder, junior ready writer; and the one-act play cast.

Inspector Raises Affiliation Units

Miss Sue B. Mann, deputy state superintendent of this scholastic district, was a visitor at the Sanderson schools Wednesday, on a tour of inspection. While here, Miss Mann announced that Sanderson would be awarded an additional half unit in typing, making one affiliated unit in that course. Other credits of affiliation announced by Miss Mann were Economics, one-half credit; Texas history, one-half credit, and one additional credit in band. Credit of affiliation in Advanced Arithmetic was changed to one credit in Commercial Arithmetic.

These new units of affiliation have increased the total units for Sanderson from 23 to 25.

Miss Mann, representing the state department of education, inspected the grammar school, the high school and the Mexican elementary school.

Regional Meet in Alpine April 24-25

To date there has been no program issued as to the events and their schedule.
