Any Bonds Today?

Treasury officials, or at least those in the savings bond division, have been having quite a hair pulling lately about the public's indifference to series E savings bonds. They are at a loss to understand why after they increased the rate of return on the bonds that people are cashing in so many of their bonds at maturity date and are failing to make new purchases.

There's nothing really difficult to figure out about that. It is just that the citizens, after being brain washed for nearly twenty years, are beginning to wise up a little bit. When this country was engaged in mortal conflict, citizens were driven by a patriotic urge to purchase United States Savings bonds. They were called war bonds in those days. After the war ended, millions of wage earners continued to purchase bonds. The patriotic urge was gone, but the habit of buying bonds, many of them through the payroll savings plan, lingered on. Perhaps you may recall how the old postal savings system died such a lingering death. Once a man or a woman begins to save through habit, they cling to that habit very tenaciously and are slow to change to anything new.

So it was with US savings bonds and only in the past year or so has there been a significant down turn in purchasing.

The reason for this reversal is not difficult to see. Citizens have discovered that if they had any money to save it could be much more fruitfully put to use in some program besides the government savings bond program.

Millions of Americans have in recent years invested for the first time in common stocks. And since the nation's economy has been growing at such a rapid pace, the bulk of these private investors has prospered with their personal portfolios. The federal government has, on the other hand, encouraged policies which have added fuel to the fires of inflation. As a result, many persons who have been redeeming their maturing savings bonds have been doing so because they have realized that, even with the interest that has been compounded since the bonds were purchased, the money which they got from the bonds after the maturity date would buy no more, if as much, as could have been bought with the original investment money when the bonds were taken out.

The United States government has no right to express its disappointment with American citizens because of their failure to buy the savings issue which it offers. The troubles that are behind the current slump in savings bonds sales are of the government's own making.

WITH JUNE

There's nothing we enjoy more and have less of than letters to the editor. The most recent one we have received caused us some distress. Apparently there are some readers who do not understand that anonymous letters cannot be printed.

Had the author of the letter we received signed his name, we could have printed it without the name. If "A Citizen Of Parmer County" will come in and make himself known, we will be very happy to print the letter without his signature.

In the very near future Parmer County mailboxes, or at least those on Star routes will serve as signs advertising where mail patrons live. Even though the marking of mailboxes is a must before mail can be deposited in them, it will be a decided advantage in many ways.

Any time we drive around in rural areas it is always a pleasure to see neatly marked mailboxes. Then when we're especially looking for friends or relatives and have a general idea of where they live, it is definitely helpful to be able to read names on mailboxes.

One of the problems that seem to confront every organization in town is that of getting members to support the organization by giving of their time, talent and money. A solution to this problem would be welcomed by just about everyone we know. A recent article that appeared in The American Press might give us something to think about regarding the problem. By making the application in reverse, we could profit from it.

"When you attend a meeting, vote to do something, then go home and do the opposite," is one of "35 Rules to Kill An Association" recently compiled by Vern Scofield, manager of the Nebraska Press Association.

- The other 34 rules are: (1) Don't come to the meeting. (2) But if you do come, come late. (3) If the weather doesn't suit you, don't think of coming. (4) If you do attend a meeting, find fault with the work of the officers and other members. (5) Never accept an office or committee appointment as it is

easier to criticize than to do things.

(6) Nevertheless, get sore if you are not appointed on some committee; but if you are, do not attend committee meetings.

(7) If asked by the chairman to give your opinion regarding some important matter, tell him you have nothing to say. After the meeting tell everyone how things ought to be done.

(8) Do nothing more than is absolutely necessary; but when other members roll up their sleeves and willingly and unselfishly use their ability to help matters along, howl that the Association is run by a clique.

(9) Don't bother about helping get new members.

(10) When a banquet is given, tell everybody money is being wasted on blow-outs which make a big noise and accomplish nothing.

(11) When no banquets are given, say the Association is dead and needs a can tied to it.

(12) Don't ask for a banquet ticket until all are sold.

(13) Then swear you were cheated out of yours.

(14) If you do get a ticket, don't pay for it.

(15) If asked to sit at the speaker's table, modestly refuse.

(16) If you are not asked, resign from the Association.

(17) Hold back your dues as long as possible, or don't pay at all.

(18) If you don't receive a bill for your dues, don't pay.

(19) When you do receive a bill for your dues postpone paying until the secretary writes for the money--then get sore because you've been dunned.

(20) If you receive a bill you've paid--resign from the Association or at least suggest to some of the members that Central Office tried to work you or is manipulating the accounts.

(21) Don't tell the Association how it can help you, but if it doesn't help you, resign.

(22) If you receive service without joining, don't think of joining.

(23) If the Association doesn't correct abuses in your neighbor's business, and how that nothing is done.

(24) If it calls attention to abuses in your own, resign from the Association.

(25) Always think about and

don't fail to talk about the "mote" in the other fellow's eye -- never consider the "beam" in your own.

(26) Keep your eyes open for something wrong and when you find it, resign, or at least raise plenty of confusion.

(27) At every opportunity, threaten to resign and then get your friends to resign.

(28) Agree to everything said at the meeting and disagree with it outside.

(29) Always delay replying to communications from the Association, or better, don't answer at all.

(30) When asked for information, don't give it, then (31) Criticize the Association for incompleteness of its information.

(32) Get all the assistance the Association gives, but don't give it any.

(33) Talk cooperation for the other fellow with you; but never cooperate with him.

(34) When everything else fails, cuss the Secretary.

In our lost and found department this week we are trying to locate a hand tooled billfold with the initials "R. J." on the outside. It contained pictures, papers, driver's license and other personal papers belonging to Jerry Jordan.

If any of our readers know the whereabouts of this billfold Jerry will appreciate a telephone call. He doesn't have a telephone but information called in to 2291 will be relayed to him.

Service--The Key To A Life Worth Living

In this age of "dog eat dog" and every man for himself, we have lost sight of the real reason why we were put upon the earth--to serve mankind. To get the most out of life one cannot live for himself alone. The happy man is the man who serves others. To serve is to work, to help, to use one's talents, not for himself alone but for others as well. One who serves gives much of himself and gives it willingly. Serving others does not suppress one's individuality, rather it expresses and develops it. But, in the expression of that individuality, there is no place for pettiness, greed, or mad ambition.

The world is full of self-will and self-love, which are the reasons for the world's ills and troubles. The world today, and more important to us, our high school needs leaders who will deny self and be very humble. The success of any cause is endangered when the leader thinks himself higher than the cause. I think we all realize the truth of the above statements and I know that all students will try harder to practice these truths. May we never forget that "it is more blessed to give than to receive" and "only a life lived for others is a life worth living." If we, the students, make these above quotations our mottoes we will be much happier, this will be even a greater place, and the world will be much better off.

CHOIR TO ENTER CONTEST

BY VIRGINIA FULKS

Not quite a week and the girls in the Friona High School Choir will be on their way to Canyon to participate in the on-

test that is given every year. The girls will go Wednesday, March 30. There are 31 girls in the choir.

The girls will sing "God Ever Faithful," "Holiday Song," and "Tenderly."

Their director is Frank Smith.

The Squaws start district volleyball play-off, their first game is with Dimmitt here on March 22 and if they win they will go to the District tournament at Canyon on the 23.

The Chiefs go to their first track meet of the season, they will journey to the Panhandle track meet on March 25, Coach Smith is taking 13 boys, and I am sure they will do their best to bring back honors.

Seventh, eighth and ninth grade boys have their District meet in April, but hope to have a couple of duel track meets before then.

WHO'S WHO IN FHS

BY JANETTE JOHNSON

Honored this week is a sophomore girl, 5'4 1/2", blond hair and brown eyes. She is 15 years of age. She belongs to many of the organizations in FHS including FHA, Future Nurses Club, and band. She is majorette and secretary of the Future Nurses Club.

This sophomore girl's ideal boy is tall and has a good personality. She has no pet peeve. Some of her favorites are the following:

Sport	Basketball
Color	Blue
Hobby	Twirling
Subject	History
Teacher	Coach Duggins
Actor	Glenn Ford
Actress	Debbie Reynolds
Movie	IMITATION OF LIFE
Song	Theme from A SUMMER PLACE
Singer	Nat "King" Cole
Car	Chevrolet

Honored this week is Brenda Iris Collier, the only child of Mr. and Mrs. James B. Collier.

Six Cheerleaders, Two Alternates Chosen

Congratulations are in order to the new cheerleaders. Cheerleaders for 1960-61 are Gayle Knight (head cheerleader), Janet Buckley, Tommie Lewellen, Linda Crow, Martha Wages, and Karen Turner. Alternates are Pat Ready, first alternate, and Pat Barker, second alternate.

Girls were judged on jump, kick, posture, motions, limberness, voice, smile and neatness. And these girls must have had it.

They were judged by Mrs. Earl Smith, Owen Green, Paula Fairchild, Raye Jean London, Phyllis Bainum, and Peggy Taylor.

Mrs. Smith said, "They were all good and it was a hard decision to make."

SQUAWS TO PLAY VOLLEY BALL TOURNAMENT

BY LUTHER METCALF

The Squaws will play Dimmitt, March 22, to determine whether they will go to the Volleyball Tournament at Canyon on the 23rd. If the Squaws beat the Bobcats and the winner of 2 out of 3 games will go to the Canyon tournament, to play the rest of the teams in the district.

The winner of the tournament will be the district volleyball champs.

Crimemobile Visits Friona

BY JANETTE JOHNSON

Does Crime pay? From the birds eye view of the Crimemobile everyone in FHS received the morning of March 23, it is evident that it does not. The boys and girls of each class separately toured the Crimemobile seeing such instruments as the fingerprint equipment, x-ray machine, ultraviolet light, comparison microscope, drunk-o-meter, cell block and the exact replica of the electric chair, the instrument of capital punishment in Texas.

Exhibited also in the Crimemobile were police weapons, tear-gas equipment, and photos demonstrating the different kinds of equipment used by actual police departments in crime detection.

Each student received a pamphlet upon entering the mobile containing information about the Texas Law Enforcement foundation and what it does to aid in the prevention of crime which costs Texans more that one billion dollars a year.

A sentence taken from the pamphlet, "Keep Crime on the Run," expresses clearly the reason for the Crimemobile: "The Crimemobile works for YOU as an instrument of CRIME PREVENTION -- dedicated to enlisting the aid of citizens in support of good law enforcement."

LEAD CLEAN-UP DISCUSSION--

Four SFC Representatives To Attend State Meeting

BY BRENDA DEATON

Bob Sander, Adabeth Akens, Max Reeve and Kay Struve are four lucky students. These four will go to the state SFC meeting Thursday, March 31, through Saturday, April 2.

The meeting which will take place in the municipal auditorium at Amarillo is of high importance to the student council and this school. By sending representatives from FHS this school will have a student council with new ideas on how to improve the campus, buildings, school spirit and other important things.

This is the twenty-fourth state conference meeting for student councils and is proscribed to be one of the best. The theme, Youth, Dignify Thyself, will be carried out by discussion groups.

FHS's representatives will have charge of one discussion group in which clean-up campus campaigns will be the topic.

Here's wishing Bob, Adabeth, Max, and Kay good luck.

Recruiting Officers Speak To Boys

Representatives of the United States Army, Navy, and Air Force came to Friona Monday, March 21, to speak to the junior and senior boys about their military obligations. Representatives were Chief Petty Officer Pat Horner, Navy; M/S Pat Conner, Air Force; S/S Gano, Army; and T/S Alexan-

der, Army.

Pat Horner acted as spokesman for the group. Each man spoke concerning his particular branch of the service respectively. The only branch which was not represented was the Marine Corp. Horner told the boys the things that the Navy had to offer and also explained the program offered by the Marines.

Most of the programs offered by these services are basically alike. Each requires four years of active duty followed by two years of stand-by reserve for all volunteers. A choice of the type of training desired is given to all high school graduates.

Most of the numbers that will be presented will be for the different contests. Everyone is invited to attend. The concert should prove to be very entertaining.

Swap Shop

BY CLARE SAVAGE

Not many people realize time is marching on. Nothing can slow it down or speed it up. Days, weeks and years pass at a steady pace.

Now it is time to prepare for the future. I know you hear this every day but believe me when you get to be a senior, and on the last road, you'll wish you had studied harder and learned all that was offered you.

I wish I could start over again and make up for my mistakes. I would read more books, and not just those required for book reports. I would learn grammar because it is the foundation of the English language. I would try to remember all vocabulary and spelling words. I would pay attention in class and really try to hand in all assignments. I would study for tests and not say, "Well, if I know it, I know it, so why study?"

This may sound silly to the freshmen and sophomores; but don't laugh, you'll be a senior someday and then you'll understand what I mean. I'm trying to give you the benefit of my experiences. Try to do your best and don't rely on others to do your work for you.

A hint to the wise is sufficient, so take this advise and try to do better in school. Let's make Olton High School a place all can be proud of . . . The Student Chronicle.

A rose is a rose is a rose. And a prude is a prude is a prude. But forget roses and think about prudes. Are we prudes? The dictionary defines a prude as one who makes a false display or affected modesty. In our language we think they're real 'square cubes.' Now a kid of this type is usually too good to be human. He gets every lesson up perfectly. But not only that, he never does anything wrong. In short, no prude is well rounded. But too often students are called this by friends, teachers, and others because of various reasons. These reasons include looking shocked at hearing a teacher curse, especially in a class room, refusing to drink or smoke or to go along with the gang just because its the thing to do regardless of how one feels about it. No, these people that refuse to follow along are not prudes. In fact, they are true individuals.

When Freezing, Bake In Large Quantities Advises Homemaker

Mrs. James Procter, a farmer's wife with three active sons, is completely sold on freezing baked products and advises other homemakers to take advantage of quantity baking for the freezer. Sue Peterson grew up in Dawson County where she attended a country school until the last three years she was in high school.

After graduating from Lamesa High School she married James Procter and began perfecting her culinary skill in her own kitchen. Although the Procters have a new home on West Fifth Street, Sue still looks forward to the time when she can have a spacious kitchen in which to work.

On a typical pie making day Sue generally produces about twenty-five pies. She says, "If I'm making fruit pies, I use ten pounds of flour, six pounds of shortening, six cups of water and four teaspoons salt. I prefer Fluffo and mix the entire amount at one time."

For pecan, chess or Jeff Davis pies, which are about the only kinds of one crust pies she freezes, she uses five pounds of flour and one half the other ingredients.

When baking any kind of fruit pies except apple, she bakes them until they are thoroughly cooked but not brown. Then when it is time to serve them, they are placed in the oven to thaw and brown. Apple pies are frozen uncooked.

The Procters moved from Lamesa early in 1952 and lived on a farm northwest of town before moving into their new home about Thanksgiving. They have three sons, Ronnie 13, Dewayne 10 and Billy Ross 8.

Each member of the family enjoys having company and Sue relies on her deep freeze, home canned and frozen fruits and vegetables for assistance in serving well balanced meals on short notice. If you were a guest in the Procter home for a holiday meal, the menu would probably be baked ham, hot rolls, tossed salad, potato salad, cherry salad, green or red beans, white cake and ice cream.

The recipes follow:
BAKED HAM
Mix six cokes, one number two can pineapple juice, 1/2 pint cherry syrup and 1 cup brown sugar. Pour over ham and bake in moderate oven about 30 minutes. Turn ham and bake on other side until thoroughly cooked.

Green beans are generally served from a jar of home canned beans. They are seasoned with bay leaves, salt, pepper and bacon drippings and simmered for two or three hours.

For potato salad Sue prefers small new potatoes. These are boiled with the skins on, skinned and cubed and mixed with boiled eggs, pimiento pepper, onions, mustard and mayonnaise.

HOT ROLLS
Heat 1 cup milk, 4 tablespoons butter, 2 tablespoons sugar, 1 teaspoon salt to boiling point and cool. Add 1 beaten egg, 1 package yeast dissolved in 1/4 cup warm water. Add 2 cups flour and blend thoroughly. Add an additional cup of flour and blend well.

Let rise until double in bulk. Turn on well floured surface and knead well. Then let rise ten minutes. Roll and shape into desired shapes and sizes. Bake in 475 degree oven.

WHITE CAKE
2 1/2 cups flour
1 teaspoon soda
1/8 teaspoon salt
1 cup buttermilk
1 teaspoon vanilla
1 cup shortening
2 cups sugar
4 eggs
Sift all dry ingredients together. Add milk and shortening and beat two minutes. Add egg yolks and beat two more minutes. Fold in stiffly beaten egg whites last. Bake in 300 degree oven.

ICING
2 cups scalded milk
1 cup sugar
3 heaping tablespoons flour
2 egg whites, beaten stiff
Mix sugar and flour. Add to milk. Cook until thick then fold in egg whites and 1 teaspoon vanilla. Add coconut. Spread pineapple preserves between layers of cake and cover with icing.

This cake can be used very attractively for an Easter cake. Nests of green coconut can be placed on top and filled with jelly beans.

Sue generally prepares tea syrup and spiced tea in large quantities. Her favorite recipes for these two drinks follow:

SPICED TEA
1 teaspoon whole cloves
2 sticks cinnamon
5 quarts water
2 1/2 tablespoons tea
1 large can frozen lemonade
1 large can frozen orange juice
1 can pineapple juice
1 quart apple cider
1 cup sugar

Bring one quart water to a boil and add tea. Set aside. Mix all juices together. Add sugar, and 3 quarts of water then bring to a boil and simmer. Mix one quart of water and spices together and simmer. Then mix all three mixtures together.

TEA SYRUP
Bring four cups water to a boil. Add six tablespoons tea and let set about an hour. Strain then add two cups sugar. Store in refrigerator and use as desired. This keeps real well.

PIE BAKING TIME AT THE PROCTER HOME--When it is pie baking time for Mrs. James Procter, her family usually gets a one dish meal prepared in an electric oven, a tossed salad and a piece of pie. When this picture was made, it was almost time for lunch.

Westbrooks Adopt Baby

Word has been received in Friona of the adoption of a baby girl by SP/4 and Mrs. Dale Westbrook of Heilbronn, Germany. She was born Feb. 21, weighed 6 lbs. 8 ozs. and was named Kimberly Diane.

The Westbrooks expect to return to the States later this year. Grandparents of Kimberly are Mr. and Mrs. Bee Westbrook and Mr. and Mrs. Bill McGlothlin all of Friona.

Very few go to church on Sunday who do not plan to do so beforehand. It all begins with the family plans for the weekend. Does your conscience speak to you when the day of rest and worship is mentioned? Someone has said,

"It makes a difference what you call it-- Our great grandfathers called it 'Holy Sabbath.' Our grandfathers called it 'Sabbath.' Our fathers called it 'Sunday.' We refer to it as the 'Weekend.' How times have changed."

SIX-PASSENGER CAR OR STATION SEDAN ...CORVAIR IS BOTH!

A wonderfully useful folding seat makes every Corvair two cars in one. Just one quick flip and you increase the luggage and parcel space to 28.9 cubic feet. And just as simply, you're back to comfortable six-passenger capacity. It's standard equipment... and extraordinarily practical.

Corvair does car-pool duty with the biggest and best of them. Going to work or school or out for the evening, you've got a genuine six-seater. As for carting around piles of stuff instead of people, just look at Corvair's station-

sedan load space with the rear seat folded. And when that's full you can start on the trunk. Corvair, you see, is no ordinary compact car. No others are so versatile, so ingeniously engineered--with independent suspension at all four wheels, an air-cooled rear engine that never needs water or antifreeze. You just can't compare anything else coming out these days with a Corvair. Drive one... soon.

Federated Club Members Attend District Convention

Friona's federated clubs were well represented at the district convention at Lubbock Tuesday and Wednesday. Mesdames C. W. Dixon, Dan Ethridge and Sage Knox serve in the capacity of board members. Delegates from the Friona Woman's Club were Mesdames Roy Slagle and Wesley Hardesty. Other members attending were Mesdames Leo McLellan, A. H. Boatman and Pearl Kinsley.

Mrs. Frank A. Spring of the Modern Study Club modeled the ensemble which placed first in the Friona competition recently.

Other Modern Study Club members attending were Mesdames Dan Ethridge, Wesley Foster, Mack Bainum, Guy Lat-

ta, Paul Hall, Sloan H. Osborn, Bill Stewart and George C. Taylor Jr. Mrs. Robert N. Ginsburg, alternate delegate, Mrs. Flake Barber, delegate, Mrs. Lee Spring, Mrs. Dave McReynolds and Mrs. W. R. Riethmayer represented the Progressive Study Club.

Texas Day Featured On Club Program

A Texas Day program was featured at the Friona Woman's Club meeting at the club house Wednesday. "Keeping Our Historical Records and Documents" was the title of Mrs. S. L. McLellan's discussion.

Mrs. Mary Officer spoke on "Keep Our Old Forts and Missions." Roll call was answered with Texas vacation spots.

Mrs. S. L. McLellan, vice-president, presided over the brief business session.

Refreshments of salad, party sandwiches and coffee were served by the hostesses, Mesdames Carl C. Maurer and M. J. Stacy.

A Girl For Bill Buchanans

Mr. and Mrs. Bill Buchanan became parents of a baby girl at the Parmer County Community Hospital Tuesday, March 8. She weighed 6 lbs. 13 ozs. and was named Felisa Ann.

Felisa Ann's grandparents are Mr. and Mrs. M. B. Buchanan of Friona and I. J. Boren of Collinsville. She has two older brothers, Bill and Mike.

Party Honors Jane Rushing

A birthday party in the home of Mr. and Mrs. Eric Rushing Thursday afternoon honored their daughter, Jane, who was observing her eighth birthday. Decorations and refreshments carried out the St. Patrick's Day theme.

Green shamrocks decorated the white cloth on the serving table. Plate favors were green cups filled with colored candies. Games were directed by Janet Rushing and Frieda Floyd.

Ice cream and cake were served to the honoree, Susan Vestal, Susan Floyd, Carla Sue Mann and Roxanne Hall.

cases of wine in the 1952 Pontiac. The liquor had been purchased in Castro County and the men were headed back to Clovis with it.

It was the first time either had appeared in Parmer County courts.

In JP court at Farwell, three Bovina men were fined in other law enforcement activity during the past week. Pedro Aguayllia, 36, Amanda Perez and Pablo Perez Jr., were the Latin Americans who ran afoul of the law.

State Highway Patrolman Don Tabor picked up the three after he had heard a complaint on their behavior. He found them in a car on Bovina's Main Street about 3 o'clock Saturday.

Amanda Perez, driver of the car, was booked for having no driver's license and improper driving. The other two were charged with drunkenness.

JP Judge Roy Thornton fined Aguayllia \$25.50 and the other two \$16.50 each. All pled guilty.

UNCLE BOB CHILES DIES SUDDENLY

Word was received in Friona late Saturday of the sudden death of R. L. (Uncle Bob) Chiles at his home in Dallas. Mr. Chiles, was a pioneer resident of Friona.

Although he had a heart condition, he was not ill and his death at 6:45 p. m. Saturday was unexpected.

Two Grass Fires Fought Sunday

Two grass fires brought firemen on the run Sunday afternoon at about an hour and a half interval.

The first fire was reported at about 4:15 p. m. at the Nelson Welch home place north and east of town. It was already under control when firemen arrived on the scene.

About an hour and a half later at 5:45 p. m. the siren sounded again--this time a grass fire along the Santa Fe Railroad right of way at the west end of Friona Wheat Growers elevator.

This was promptly extinguished by two pumper trucks.

Firemen were treated to a family supper in the school cafeteria by the Chester & Fleming Gin Tuesday night.

Jimmy Chesher To Graduate

Jimmy C. Chesher, apprentice petty officer second class, son of Mr. and Mrs. J. O. Chesher of 606 West Fifth, is scheduled to graduate March 25 from nine weeks of Recruit Training at the Naval Training Center at San Diego.

Apprentice petty officers are chosen from the ranks of the seaman recruits to assist company commanders. Selection is based on individual aptitude and leadership qualities.

To Take Catholic Census

Men of St. Anne's Catholic Church in Bovina, in connection with St. Anthony's Church in Hereford, will conduct a Catholic census in Parmer County this month.

Dates for the census are March 20 and 27.

Sole purpose of the census is to determine how many people in the county are Catholic, a spokesman for the group says.

Mr. and Mrs. James R. Cook and children, Sharon and James Wendell of Amarillo were weekend visitors in the homes of Mr. and Mrs. E. E. Sparkman and Eldon and Mr. and Mrs. Preach Collier and children. Mrs. Cook is a daughter of the Sparkmans and sister of Mrs. Collier.

John Scott Carson Born Sunday Morning

Mr. and Mrs. David H. Carson became parents of a baby boy at Parmer County Community Hospital at 3:05 a. m. Sunday. He weighed 5 lbs. 3 ozs. and was named John Scott.

The Carsons have two other children, David Lee and Linda. Grandparents are Mr. and Mrs. Fred Carson of Friona and Mr.

and Mrs. J. L. Gober of the Oklahoma Lane Community.

Dr. and Mrs. Foy Shackelford and son Lynn, of Amarillo were weekend guests in the home of Dr. and Mrs. Loyd A. Shackelford and children.

Mr. and Mrs. Hyrum Crownover of Santa Rosa, Calif., and Mr. and Mrs. S. E. Lance of Amherst, Texas were weekend guests in the home of Mr. and Mrs. George W. Jones and Kathy.

WILL YOU BE LEFT OUT?

Many people are now driving 57-58-59 model Automobiles, and will wait until the end of the year to buy. If you are one of these owners here's how you will be left out.

- 1 You will miss several months of pleasure of driving a Chevrolet while it is new.**
- 2 You will spend more money on a new car by waiting than by buying one now.**

THE BEST TIME TO BUY IS NOW . . . IN MARCH! WHY?

Your Automobile depending on the model will depreciate quite a bit this year. This depreciation does not take place at once. Your present car will be worth less money each month.

We, as a dealer pay the same amount for the last car we buy in any model year, as we do the first one we buy. It is true we will sell the last ones with slightly greater discount. But the savings in no way can equal or even approach the loss you will suffer in the depreciation of your present car.

IT'S THE NET DIFFERENCE THAT REALLY COUNTS

So the time to buy is now . . . But which Car? Year after year as the New Models come out one is always outstanding in Style, Engineering and performance. Ask the man on the street which is the "HOT CAR" for 1960 -- 8 out of 10 will say CHEVROLET.

CHEVROLET OFFERS YOU ALL THE BEST IN NEW CAR IDEAS.

NO. 1 ROAD CAR NO. 1 ECONOMY NO. 1 STYLE LEADER NO. 1 STABILITY

The best salesman we have for Chevrolet is a new one setting in your driveway. Since March is the best month for you to buy . . . Reeve Chevrolet, your Parmer County Dealer is going to do all possible to make March Chevrolet Month . . . Ask about our 60 Chevrolets Now.

A Tribute To Our Neighbors!

Those people who live next door or down the street a way or around the corner. Do you know them? Do you put yourself out just a little sometimes to make their lives more pleasant? A cherry "hello," a genial smile, an invitation to come in and sit awhile. These are the tiny miracles that make neighborliness blossom and grow into a thing of strength and beauty. Charity, they say, begins at home. Similarly, it is from your home that nextdoorness emanates. Let's all be good neighbors. Remember, there is no tax on your investment in friendship!

(1) Bobby Gleeson didn't win a Grand Champion's ribbon except in the hearts of everyone present . . . this youngster from Lazbuddie won the Best Showmanship Award in the Swine Division and was the largest, but one of the best showmen present Saturday (2) John Mack Brown got two winners in the top Lamb Division awards, he is shown here with Paul Hall who purchased this lamb for Brown Supply Co. of Muleshoe (3) Catch him Hugh! Did you know Parmer county has one of the "fastest" county clerks anywhere? Hugh Moseley really had to hold on tight to keep his Reserve Grand Champion barrow which he purchased from Craig Coon of Friona when the animal decided he didn't want his picture taken (4) Hawking the sale, Bill Flippin, center with mike, takes assists from Wes Long, left and Pete Buske, right, as the sale gets into full swing (5) Part of the crowd which got their heads blistered during the sale Saturday afternoon as the bidding and the weather got rather warm (6) Tommy Tatum and his Reserve Grand Champion steer which was purchased by Friona Wheat Growers Inc. (7) Doyle Cummings, left, looks over his purchase of E. C. Wilson's Grand Champion barrow for which Cummings Farm Store paid \$470.40 for the 224-pound barrow (8) John Brown again, this time with his medium wool entry purchased by Red McFarland for Parmer County Implement Co. (the Clovis Cattle Commission Co. and the Livestock Show committee upped the price of the champion lambs to bring the bid prices to \$1 per pound.) (9) Pat O'Brien of Bovina and his Champion Southdown with Pete Bradley of the Clovis Cattle Commission Company who, along with the Livestock Show Committee gave \$1 a pound for this animal.

CHAMPION LAMBS AT LIVESTOCK SHOW--Tops in their classes, the three champion lambs are shown above, left to right, by Pat O'Brien, Bovina FFA; James Brown, Lazbuddie FFA and owner of the third champion also, shown in this picture by Pat Chitwood. Standing are T. L. Leach of Texas Tech, judge of the show, and Otho Whitefield of Friona, superintendent of the Lamb Division.

GRAND CHAMPION STEER--Bobby Redwine, Lazbuddie FFA chapter member shows off his Grand Champion steer which was purchased by the Sherley Grain Company of Bovina for \$1.00 per pound and brought a total of \$1,071 for a record price for the Farmer County Junior Livestock show. Wes Long, above left, bid for the Grand Champion on behalf of the Sherley Grain Company.

THE HIGH PLAINS FARM AND HOME

Fat Stock Show Largest in History

Experiencing the largest show in its history, Farmer County Junior Fat Stock Show was Friday and Saturday in Friona. The 1960 show in warm, spring-like weather, had an increase

in entries of 50 per cent over last year. Total entries were 66 steers, 97 barrows and 30 lambs for a total of 193. Over 125 4-H and FFA youngsters were showing stock in the annual event. All clubs and chapters in the county were represented.

Grand champion steer of the show was shown by Bobby Redwine, Bobby is a Lazbuddie 4-H club member. Showing the grand champion barrow was E. C. Wilson of Friona. Wilson's Poland barrow was champion in the Poland class of the show.

Reserve champion steer was shown by Tommy Tatum of Friona, a 4-H club member. Craig Coon showed the reserve champion barrow, a Chesterwhite. Coon is a Friona 4-H club member. Showmanship in the swine division was awarded to Bobby Gleason of Lazbuddie. In the swine division, Duroc grand champion, weighing 188,

was shown by Tom Gee of Friona. Reserve champion was exhibited by Larry Drake, also of Friona. Gee's champion took first place in the lightweight class. Larry Drake's reserve champ took first place in the medium weight class and competed with barrows shown by Keith Blackburn, first place in heavyweight class, and Buddy Turner, second in light, to win the reserve slot.

Craig Coon showed the champion barrow in the Berkshire class, a 183 pounder, while Bobby Gleason exhibited the reserve champion. Coon's champion was first in lightweight and Gleason in heavy. E. C. Wilson, second place lightweight, competed with Gleason's winner for reserve.

In the Hampshire class, the champion was shown by Larry Potts, who took first in the lightweight class. Potts' 186 pound Hampshire won over the reserve champion and winner of the heavy class, shown by Larry Hough. Second place winner in the light weight class, which competed for reserve against Hough, was shown by E. C. Wilson.

E. C. Wilson's 231 pound Poland took champion in that class. Reserve champion was shown by Jimmy Broadhurst of Friona. Jimmy Foster showed the third place winner. Chestershite champion was Craig Coon's 220 pounder. Charles Roberts of Farwell exhibited the reserve champion. Third Place winner was shown by Roberts also. Butch Barker of Friona showed the champion Cross, weighing 206, and also exhibited the reserve champion in that class. The champion took first in the heavyweight class and the reserve was lightweight winner. Jerry Rigdon of Bovina showed the second place heavy that competed for reserve against Barker's winner.

Purpose of the week is to focus public attention on the importance of our natural resources and on the broad and pressing problems of conservation.

This year's theme for National Wildlife Week is "Water: Key to Your Survival."

**H. D. AGENT'S
CORNER**
Jimmie Lou Wainscott

Next time you shop for fabrics or ready-to-wear, be sure to check the fiber label. That's an important clue to the kind of care and wear you can expect, according to extension clothing specialists of Texas A&M.

Since March 3, the new Textile Fiber Products Identification Act has been in effect. This means that all textile fiber products must now carry a label which gives the generic (family) names and percentages by weight of the fibers in the product.

Literature on Soil Stewardship Week was distributed among the supervisors to be given to churches in the district for use during the observance. Also shown at the meeting was the film "The Earth is the Lord's." It was purchased by the board for use in the district.

Other times discussed were the district banquet to be in September and selling of grass drills and interrow legume seeders.

Now is the time to order your Arizona cypress seedlings. Information on how to order may be obtained at the SCS office, Steve Messenger's office and County Agent Joe Jones' office.

Water has shaped our living customs just as it has played a part in shaping the earth's surface and the animals and plants upon which we depend to live. It has determined the way in which our land serves us and the course of country's development. Without it, we cannot survive.

By learning about the need for conserving water, through study of water problems in their own communities, people can play a part in making plans and recommendations to protect and assure adequate water supplies for the future. This is a responsibility that must involve people from all walks of life.

The Farmer County SCD Board of Supervisors met Thursday of last week. Present were A. L. Black, Bruce Parr, T. O. Lesley, Robert Calaway, Dean McCallum, Steve Messenger, Bob Crozier, and a representative from the State SCD, A. W. Dalrymple.

Area Farmers Race To Complete Work

F. Z. Beanblossom, extension poultry marketing specialist, suggests that turkey producers carefully check their 1960 production plans and give major attention to the prospective demand for turkeys at market time.

As the worst winter the High Plains has experienced in many

years gradually nears its end, Parmer county farmers are back in the fields again, after almost three months of bad weather that held farmwork at a near standstill. Almost every field in the county is under cultivation. Work usually reserved for the

winter months, such as plowing, disking and fertilizing, is being done at breakneck pace as the farmers attempt to catch up on their lost time.

Wheat irrigation has not been a necessity this winter because of the large amount of moisture received in rains and snows, but many wheat growers are watering so their top dressing of fertilizer will be more effective.

Wheat acreage is not the only land being fertilized. Much of the maize land under cultivation is also fertilized, usually with anhydrous ammonia.

Although a tremendous windstorm recently forced most of the county's farmers into the field to try stopping their land from blowing, the soil was still too wet to do much cultivation at that time. Some weather continued to hamper work during the last few weeks, it appears to be clearing enough now to allow farmers to complete their work in preparation for spring planting.

Even though the stormy weather was detrimental to most farmers, it was in a sense, a blessing. It gave rural folks a chance to catch up on home, building and machinery and equipment repairs that might otherwise have gone undone and hampered them in their work later when time is more critical.

Those raising wheat benefited even more from the weather because of the moisture received during the rain and snow storms.

At the moment time is not critical, but further bad weather will cause the farmers to be still behind when planting time rolls around. Temperatures are still low enough to reddens the working farmer's nose, but conditions seem favorable to soil cultivation.

A few farmers got behind in shredding and utilizing their maize stubble, and they are also catching up, so they can plow the stubble under.

Even with time still now considered critical, most farmers are working almost frantically to avoid being caught in more inclement weather.

THIS FARMER was among hundreds of Parmer county farmers who were plowing and disking their land last Saturday. Most area farmers are working hard in an effort to regain time lost during the winter from severe weather. Possibility of continued rain or other inclement weather has kept farmers in the field even when temperatures are low.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Farmer cooperatives are important to farmers of this part of the country. For this reason we are giving an outline of the American Farm Bureau's stand on the policy for taxation of these farmer-owned businesses, as presented to a House Ways and Means Committee hearing in Washington recently. Here briefly is the AFBF plan as presented by president Charles B. Shuman:

(1) That net savings and income of a farmer cooperative paid to its members in cash should be taxable to the member and tax exempt to the cooperative.

(2) That net savings and income paid by a cooperative to its members in the form of a "written instrument of such legal quality that all members receiving it will be under legal obligation to include the face amount thereof as gross income" should also be taxable to the member and tax-exempt to the cooperative.

(3) That other income of cooperatives should be subject to the corporate income tax.

It was made clear that the "written instrument" referred to in the second recommendation should be of real value to the cooperative member, and that it should be the responsibility of the cooperative to so certify to the Internal Revenue Service.

The American Farm Bureau Federation has more than 1,602,000 member families, many of whom are members of cooperative associations through which they purchase farm supplies and market farm products. "We believe," said Shuman, "that no one should be expected to pay a tax with respect to something which is without value. It is the purpose and intent of our position to cause the written instruments issued by cooperative associations reflecting net savings and income not paid in cash to have a taxable value if they are to be deducted by the cooperative."

LAZBUDDIE 4-H NEWS BY CRAIG SCHUMANN

The meeting was called to order by Joe Jennings, president, and the minutes read. Demonstrations were given by David Wimberly and Sammy Harlan on "Electricity," and by Terry Prahm and Bobby Gleason on "Windbreaks."

The club has two new members, Sammy Harlan and Bobby Morris.

Twelve of the members age giving demonstrations at Farwell. They are Sammy Harlan, Terry Prahm, Royce Barnes, Mike Hinkson, Bobby Gleason, Johnny Mitchell, David Nelson, Danny Miller, Mike Ward, Larry Davis, David Wimberly and Timmy Foster.

LAZBUDDIE 4-H NEWS BY BUDDY EMBRY

The meeting was called to order by Steven Young, with Max Eubanks leading the pledge. The meeting was turned over to Joe Jones and a discussion was held on giving demonstrations.

NEWS FROM THE FARM BUREAU

RONALD ASHFORD AND GARY gave a demonstration on "Soil and Water." Steven Young and Buddy Embry gave one on "Electric Wires."

Shortages of adequate and quality roughages and protein supplement have caused excessive weight losses in beef cattle. These shortages coupled with the rough weather of this winter have left cows in such condition that calving and after calving troubles can be expected, says U. D. Thompson, extension animal husbandman. He suggests that cows be given a daily minimum of 2 pounds of 41 percent protein supplement and additional good quality roughage may be needed in some instances. Cows should also be checked for vitamin A deficiency.

ANOTHER WAY YOUR NEIGHBORS LIVE BETTER ELECTRICALLY

"I like everything about my ELECTRIC CLOTHES DRYER!" says Mrs. BILL HAMMAN, 1007 SMYTHE, PLAINVIEW, TEXAS

"Certainly one reason is because it is trouble-free. I've had mine for over 2 years with no trouble—just delight. There's no fading of colors either and I dry delicate things, too, just by setting the dial for delicate fabrics."

Hallelujah! Crim Forecasts Change

For the first time since 1949, John "Indian" Crim of Lazbuddie, acknowledged scion of weather forecasters in Farmer County, has predicted a good crop year.

His annual forecast, made at sunrise each March 22, came off on schedule at the family farm home Tuesday. With all his "tribe" gathered round, the Old Indian took a reading on the smoke from the traditional campfire as the sun poked over the horizon. The wind was blowing gently from a north-by-northwest direction. "A good year," says Crim.

He says he expects 1960 to be something like 1949, which was the last year in which farmers on the Plains made good dryland crops.

The Lazbuddie family is continuing a many-generation heritage in their early spring ritual. The practice was passed on to the Crim family settlers from the early-day Indians. It has been handed down to this day.

The Old Indian joins in with his family and friends in enjoying the practice and getting a lot of fun out of it. But he is completely serious in his faith in the annual weather reading, and he stands solidly by the signs he sees.

For years, the Crims have gotten up early on March 22 to find the wind puffing out of the

west or southwest. It was downright monotonous. Each year, the old Indian would shake his head and report the sad news: another poor crop year.

But this year it is different. For the first time in more than a decade he has good tidings.

Crim points out that his report is mainly for rainfall in June, July, and August, the critical months in bringing out a crop. The Indians were interested in summer rains to make a corn crop, he says.

He says that's why the heavy

spring rains of last year "didn't count" and actually shouldn't be figured against his forecast. He says the campfire smoke indicated a dry summer, and that dry summer was a reality last year.

The cheapest and most effective method for providing food for bobwhite quail is disking strips in old fields and along fence rows. Ed Cooper, extension wildlife specialist, says disking is often all that is needed to get a good stand of choice quail foods, such as doveweed and partridge peas, growing.

Shelby Runs For State Rep

BILL H. SHELBY

This newspaper has been authorized to announce the candidacy of Bill H. Shelby for the office of State Representative of District 96, subject to the action of the Democratic Primary on May 7th.

Shelby is a native of Texas, having been born and reared in Parker County. He is 34 years old, married, and the father of one daughter. An overseas veteran of World War II, he served with the Navy for three years.

Now employed as a teacher and coach in the public schools at Hart, Shelby is also presently engaged in farming.

A member of the teaching profession for the past twelve years, Shelby holds the B. S. degree in government from Texas Wesleyan College, at Fort Worth. He also holds the Master's degree in administrative education, from the same college. He is a member of the Church of Christ, the American Legion, and the Texas State Teachers Association.

Shelby states the basis of his platform as follows:

"I am in favor of—(1) better schools, (2) water conservation, (3) continuation of tax refund on Farmers' Gas, (4) better care for mentally ill and aged

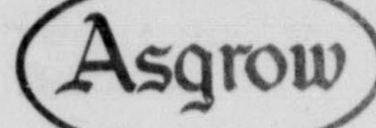

people, (5) revision of insurance program in Texas, (6) improving efficiency of state bureaus, and (7) A GOVERNMENT FOR THE PEOPLE AND BY THE PEOPLE.

I am AGAINST federal aid to public schools. As I see it, the federal government has too many strings attached to our states' rights already. My aim is to represent all

the people of this District, in the state legislature, and to deal fairly and honestly with all. Your vote and influence will be appreciated," Shelby concluded.

What if the lights went out in your house tonight?

Well... while you were looking for a candle, or kerosene lamp, you'd have ample time to consider the many blessings electricity has brought. Because electricity is so vital to better living, the entire household would be affected.

Power failures are rare. But if an emergency should cause a temporary interruption in electric service, just stop and think for a moment of the marvelous contributions electricity has made.

The Electric Cooperatives of Texas brought this electricity to rural areas that no one else would serve. They offer a steady, dependable source of electric power for the home and for rural industry.

The member-owners of the Electric Cooperatives of Texas can point with pride to a better life, with Partnership Power For Progress.
