

Runoff Elections Saturday

Contract Let on Lazbuddie Road

Farm-to-market roads are still being built in Parmer County, in spite of the greatly curtailed state-federal program.

A contract for 9.7 miles of construction on FM 1172 was awarded a Lubbock firm this week, it was announced by the State Highway Commission.

James C. Kerr submitted low bid of \$128,914 on this project. It covers grading, structures, base and surfacing from State 86 (3.5 miles west of the Castro County line) to Lazbuddie.

Building the road, which runs north and south, is expected to take 75 working days, according to Oscar L. Crain, district highway engineer, Lubbock.

Rhea Bradley, resident engineer, Littlefield, will be in charge of the project while it is under construction.

Eventually, it is planned to

continue this road northward to tie in with Highway 60 near the community of Black.

Rev. Sartain Moves To Oklahoma

Rev. L. Aston Sartain, pastor of the First Baptist Church in Friona will move with his family to Oklahoma City, Okla., this week to take a church in that city it was announced this week.

Rev. Sartain, who moved to Friona about three years ago, was honored with a party at the church Sunday night following his last service in local pastorate.

Fallen Veteran's Graves Marked

Friona Cemetery was the site of graves' decoration following a simple ceremony at the city park in Friona early Monday morning.

Members of the American Legion Auxiliary, assisted by Cub Pack 56 and the two local scout troops decorated the graves as the Roll Call of the Dead was read and rifle salute by members of the American Legion's firing squad.

Following this Floyd Reeve blew Taps on the bugle and as the sound of the notes echoed across the wheat fields the youngsters placed wreaths on the graves of the fallen veterans of our wars.

Mrs. E. E. Taylor, a gold-star mother, decorated the Memorial Marker in the city park following a short message by the Rev. Hugh Blaylock.

Charles Baldwin brought the Chaplain's message and the invocation was given by the Rev. Hudson Phillips.

The Rev. H. A. Strobel gave

the benediction after which the crowd left the park to drive to the cemetery for the services there.

Dust Due Monday

Citizens of Friona are warned that if they hear a strange noise next Monday morning, don't become too alarmed as one of Elvie Jennings' buzz boys will be giving the town's mosquitoes a lethal dose of dust.

Or at least that is the plan of the city council at this time. Jennings asks that all residents keep inside during the plane's flights over the town, or at least over their particular section of town.

In addition, if weather permits, the dusting will be Monday morning, if not it will be attempted Tuesday morning.

The flight over Friona will begin right at sunrise in order to take advantage of what is normally the quietest air during the day and to cover the town more efficiently.

The dusting process is viewed as the most successful way to combat mosquitoes in this area.

Moisture Report

Following moisture was recorded at the official weather bureau rain gauge at Friona Consumers during the week ending June 1:

Tuesday	0.00
Wednesday	0.00
Thursday	0.00
Friday	0.00
Saturday	0.50
Sunday	0.00
Monday	0.45
Tuesday	0.18
Total for May	1.13
Total for year	4.19

Growers Meeting Tuesday

Friona Wheat Growers Inc., will hold their annual meeting of their stockholders at the high school cafeteria Tuesday evening announced Arthur Drake, manager this week.

The meeting will kickoff with a free barbecue for all the stockholders and their families at 7 p. m.

Two directors will be elected at the business session following the meal. Sloan H. Osborn and Clyde Goodwine's places on the board of directors of the organization are up for election this year announced Drake.

Door prizes consisting of cash awards will be given away during the business session.

All stockholders are urged to attend this important meeting where the year's patronage dividends will be announced.

REPLACES REV. BLAYLOCK—

Rev. Wallace Kirby New Methodist Pastor

The Rev. Wallace H. Kirby, 39-year old graduate of McMurry College in Abilene, has been named the pastor of the Friona Methodist Church following the Annual Conference in Amarillo last week.

Rev. Kirby will replace Rev. Hugh Blaylock who will move this week to fill the pastorate at Dimmitt.

Rev. Kirby is married and he and his wife, Doris, have three girls, Carolyn Ann, 11; Patricia Kay, 5 and Janet Margaret, 8 months.

He was born at Westminister, Texas, and attended public schools in Colorado City, graduating there in 1940.

He was graduated from Mc-

Murry in 1947 with his B. S. degree. During this time he also served three years in the United States Air Force.

He was graduated from the

REV. WALLACE KIRBY

SALUTE TO THE FALLEN--As Floyd Reeve plays Taps members of the Color Guard and the Firing Squad of the local American Legion Post commemorate their fallen buddies. Summer Baseball Teams Picked Saturday Night

Members of the various baseball teams for play this summer were chosen at a meeting held in the American Legion building Saturday night, announced Sam Williams, post commander of the American Legion.

With only a small amount of work yet to be done on the ball park teams are urged to get to practicing and ready for the season which will begin later than usual because of the construction of the new park.

Teams and their members are as follows:

ETHRIDGE-SPRING--Larry Martin, James Schlenker, Bob Bales, Joe Bill Jones, Wayne Schueler, Mike Schwab, Ira Schlenker, Isidore Cordova, Dean Agee and Radford Estep.
BENGER AIR PARK--Ricky Estep, Randall Schwab, Troy W. Bass, Kenneth Watkins, Danny Kendrick, Joe Brown,

Rickey Weast, Bobby Thomas, Billy Proctor and Steve Buckley.

ROCKWELL BROS.--Larry B. Graves, Scott Wooley, Mike Pavalus, Freddie Bailey, Miles Lillard, Donny Carthel, Daniel Saiz, Larry Rector, Jeffrey Price and Rex Hand.

FRIONA CONSUMERS--Gary Shirley, Joby Fallwell, Charles Short, Gary Lynn Shelton,

David Fields, Randy Mabry, Earl Love, Mitch Terry, Charles Fangman and Joel Osborn.

FRIONA MOTORS--Johnny Barker, Danny Carthel, David Williams, Harold Reed, Billy Peek, Milton Carlton, Rickey Meason, Ramey Beene, Joe Boggess and David C. McFarland.

FRIONA STATE BANK--

Rickey Bob Coon, Bing Bingham, Nolan Morris, Jay Beene, Johnny Claborn, Don Ready, Ronnie Altman, Byron Brewer, Johnny Estep, Walter Carlton, Eddie Wood, Freddy Hughes, and John L. Baxter.
BROOKFIELD DRILLING--Travis Graves, Tim Herring, Delwin Brookfield, Kenny

(Continued on page 8)

Local, district and state contenders for Democratic nominations will spar again Saturday in the second or runoff primary.

The May voting thinned the ranks of office seekers considerably, and only eight names will appear on the ballot that citizens will mark this week.

Even though this is called a "run-off" and the champs of the primaries are merely nominees, in one-party Texas the Demo nomination is virtual election. So, politics is just as earnest now in the state as it will be in the nation this November.

In Parmer County, two commissioners precincts have yet to pick a new commissioner. They are Precincts 1 and 3 (Friona and Farwell). Two years ago the constitution was changed to provide for four-year terms of office, and so the commissioners precinct voting here is on an alternating two-year basis.

In Farwell, Duane Curtis was eliminated in the first primary, and now Guy Cox faces Johnny McDonald, incumbent, for the office. A majority was not voted for any candidate in last month's elections at Friona either, and now it is Wesley Hardesty vs. Tom Lewellen after E. G. Phipps, present commissioner, was crowded out in the first voting.

Elsewhere, the contest drawing most interest is for state representative. Jesse Osborn seeks re-election and is opposed by Clarence Hamilton of Earth. Osborn and Hamilton dropped Bill Shelby of Hart in the first primary.

The 96th legislative district is composed of Parmer, Lamb, Bailey, Castro, and Deaf Smith counties.

On the state level, W. T. McDonald of Travis County will battle it out with Lloyd W. Davidson of Brazos County for the position of judge of the Court of Criminal Appeals.

Women's Leagues To Meet Friday

Two special meetings are planned for Friday, June 3, at Friona Lanes for all women in and around Friona who plan to bowl at the local alley.

There will be a morning meeting at 9 a. m. for those planning to bowl on the morning league. League officers will be elected and league rules will be adopted. Teams will, if time permits, bowl three lines to set averages and be ready to begin regular

play the following week. The second meeting will begin at 6:30 p. m. in the Production Credit Association office for women who plan to bowl at night. The morning program will be repeated. At 8:30 p. m. bowlers will go to Friona Lanes.

Women team bowlers will bowl three lines to set averages. Mrs. Eddie Hall, president, urges all women team bowlers to attend these meetings if at all possible.

Mosquito Control Planned

A county wide mosquito control meeting and the insect's relation to sleeping sickness will be the subject of a meeting to be held in Friona Thursday night at 8 p. m. in the high school auditorium, announced Dr. Paul Spring, county health officer.

This meeting will be important to the health of our citizens this summer, says the health officer, for the control measures in local areas don't do much good when the county as a whole doesn't follow up with some sort of planned program.

Bill Powers, of the Lubbock office of the Texas Public Health Service will be the featured speaker of the evening.

His program will be built around the control of mosquitoes and the insect's associated diseases.

All residents of the county are urged to attend this meeting.

Hail Clobbers Friona

Friona and the immediate vicinity was hard hit by hail Saturday afternoon at 4:50 p. m. when a black thunderhead moved into the local area from the northwest dumping hail the size of marbles on the townsite and leaving a strip of destruction northwest and southeast of town.

The storm, although relatively short-lived, did severe crop damage to farming areas from the C. W. Dixon place about 14 miles northwest of Friona on a line straight to the city limits.

In addition to the Dixon place, farmers reporting 100 per cent losses or thereabouts included J. W. Baxter, John L. Ray, Tom Pruitt, Clarence Martin, and the north edge of the Sloan Osborn properties.

In town itself the hail stacked up to two feet high on the north side of houses and covered the streets and yards.

Trees, shrubs and gardens were heavily damaged with limbs and leaves covering the lawns and houses following the storm.

Old-timers report this is the first time in about 15 years that this severe a hail storm has lashed at the town proper.

The hail didn't extend far to the east of town and a line could be drawn at Benger Air Park as far as any appreciable

damage in that direction.

On the south, only severe winds and dust was reported. At the Hub community Mrs. T. I. Burleson reported that they had only a shower of rain, and none at all on the east side of

their place.

Out in the Lakeview Community the hail picked up again and nipped at several farmers, hitting the farms of J. R. Southward, Raymond Milner, Claude Miller pretty hard.

Milner and Miller reported the most seriously damaged crops in that area.

Again, hail ran true to form, as only a mile away neighbors reported little or no moisture and no hail damage.

IT WASN'T CHRISTMAS--It's seemed to be that time of year from the looks of the ground in front of Steve Messenger's house on West Fifth street in Friona, but it was anything but Christmas to farmers northwest of Friona when this hail storm hit this area. Although short-lived, it rained destruction on wheat, cotton and other crops northwest of Friona and stripped leaves from trees and plants in the city limits. In some areas the hail was several feet deep where it drifted during the storm.

Before we launch into the lighter side of what happen to Tracks this weekend we thought we'd give a plug for a friend of ours who is running for re-election this weekend--one Jesse Osborn.

Jesse is asking for your vote this Saturday in the runoff election of the Democratic Primary and asks for a whale of a job.

He knows what kind of a job it is too, for he has held down the job of being your state representative down in Austin for the past six years.

Jesse is not a politician's politician . . . perhaps that is one reason for his being in a runoff this time.

Mr. Osborn is a man who usually tells you the answer to your question, regardless of your personal feelings in the question.

He tells you his stand, in other words.

And--this one quality for which we so admire him--has gotten him in trouble with some of the folks in this area.

If Jesse has played "politician" and answered some of the queries sent him down at the capital with the answers he knew these people wanted to hear, instead of telling the cold facts, he might be in a different position in the race this weekend.

We don't believe that Jesse Osborn is in Austin for the purpose of serving any favored segment of our society, but rather is down there to serve everyone, and is capable of giving us that type of representation.

He can, and does, spend full time at his job, and has provided himself with all the background possible to give the highest type of representation to the people of the 96th district.

We sincerely hope that Jesse Osborn will be your choice this election day for the position of State Representative, 96th District!

Friday morning Friona Lanes opened with a bang!

We know, for most of that bang was us, sliding down the alley with our paw caught in a bowling ball.

Earl Graham, who took off some of his time from charring hamburgers to show us how to bowl, and yours truly had some of the sorest muscles in Parmer county to show for our efforts Friday morning too!

But--from the apparent lumps Saturday, and Sunday, we weren't alone in the camp of the Charley Horse for Ed Hicks told us that over 1,000 lines were bowled during the opening Friday.

That is a lot of pins, but really isn't so many if everyone bowled a score like we did Friday. In fact, Ed and the boys at Friona Lanes like bowlers like myself imagine, they'll never have to replace any pins, for we don't hit them often enough to harm them any.

Of course, our sort of bowling is hard on the lanes and the posterior regions though!

As we limped around over the weekend, we noticed that if you wanted to find anyone in town Friday, Saturday or Monday you had to go to Friona Lanes to find them.

So--Ed, Gary, Dean and Doyle ought to like that.

We think they have provided

Elsewhere \$4 Per Year

Your Vote Will Be Important

Saturday is the day for the run-off Democratic Primary.

Because of the limited number of contests for office, interest in the election Saturday will be reduced. It usually is that way, and on this account, often the will of the people is not expressed in run-off voting.

Here in Parmer County, there are run-offs in two commissioner precincts. Half of the eight boxes in the county will be affected by these contests. We can look forward to fairly good voting in these instances because of the interest in a local contest, but in the remainder of the county, Saturday will be a very easy day to "forget." The Parmer County newspapers urge that you remember the Saturday election and that you make it a point to get to the polls and cast a ballot.

We also urge that you support the candidacy of Jesse Osborn of Muleshoe in his bid for re-election as our state representative. He is being challenged by Clarence Hamilton of Earth (Lamb County; Littlefield), and unless Osborn receives heavy support from Parmer and Deaf Smith counties, the outlook is not encouraging.

In the first primary, Osborn was endorsed by more than two to one over both his opponents. The electorate preferred the Muleshoe man (and Parmer County landowner) by a four-to-one margin over either of his two opponents.

So, there is little doubt about who the voters of Parmer County prefer . . . but

if they do not vote in strength Saturday, will this preference be expressed?

Jesse Osborn's dedication to the office he holds is without parallel in the history of this district's representation. Osborn has represented his constituents honestly and sincerely. His intelligence and training in matters of business and farming have well qualified him for public office.

He is now being criticized for his position in matters of state finance, but an examination of his record will show that much of the criticism directed at him does not have a basis in fact, namely that he was "against teacher pay raises." He voted for both of the last two raises teachers received, and is in sympathy with the profession's need for more pay. However, he does NOT hold to the idea of voting funds for any purpose until the money is available, and recently in Texas affairs, it hasn't been.

If you haven't heard, Texas is in the red. Deep. The main reason for this is because the oil business is in the doldrums, and oil has been the main financial stay of this state for 75 years. As long as Texas depends so greatly on one commodity, surely we cannot hope to avoid to suffer whatever ups and downs may come to that industry.

With money in a pinch, we need a man in Austin who will use some common sense, and not go into office obligated to pass out political pork to the group that sent him there. That is why we need Jesse Osborn re-elected Saturday.

Some much needed moisture fell in And Around Friona Saturday, Sunday and Monday. Of course, those farmers who received hail didn't appreciate it. Some of the worst damaged crops we saw were those of Vernon Christian, T. L. Houston Jr. and John L. Ray.

Wheat that had been waist high to a man with long beautiful heads was beaten until there wasn't a stalk in the field that was half knee high. Probably wind did as much damage as hail in a lot of fields.

Freshly watered wheat was blown over and barley that was beginning to ripen was also damaged by the wind. Mrs. Truett Pool reported that the wind scared her but the possibility of hail didn't enter her mind until it began beating on the roof.

Young gardens were badly damaged and most of them will have to be replanted. Leaves that were beaten off the trees made a lovely green carpet on many lawns.

The end of school always brings many changes. One of the most noticeable ones is the increase in children playing in the streets. Every driver needs to be extra careful during the next few months. A child flying a kite or playing forgets that it is dangerous to get in the street.

Another change that we always enjoy is seeing college students up and down the street for a few days. Most of them come home for a few days and then are off again to go to school or to work.

Chatted with Lila Gay Buske in the post office early one morning. She plans to spend most of the summer working in vacation Bible schools at various places in Texas.

Jan Edelman plans to attend summer classes at New Mexico University.

Some of the newest graduates of Friona High School are also attending summer school. Larry Crow is enrolled at Texas Tech. Janet Snead, Adelle Smith and Carolyn Wines are attending West Texas State.

Visiting the Brownie Day Camp at the Ralph Wilson farm west of town early Tuesday morning was a real pleasure. Camps were made along the north side of a row of trees. Logs were used for seats. A rick of wood had been neatly cut and stacked near the campsite.

A large number of girls were preparing their breakfast on buddy burners. A huge pot of coffee was boiling for the

except on wash day, hog killing day, lard rendering day or soap making day.

The odor of fresh home made lye soap is something else that we hardly ever have the opportunity of enjoying.

In the "What Next?" department, think the following tops the list. "A Philadelphia manufacturer is seriously experimenting with paper throw-away clothing. Although still in the research stage, there is talk of disposable paper uniforms for industrial and institutional workers.

Last week the Joe Talleys

moved into the new house they purchased from Raymond Fleming. It is next door to Eddie and Pat Mell's new home in the West part of town. Think the street is named Arrah.

Noticeable at the graduation exercises last week was the presence of so many grandparents of the graduates and a large number of ex-students. Graduates of the past several years turned out in large numbers to see their former lower classmen graduate.

Don't forget to call 2291 when you have any news tips that are worthy of development.

Two items that we are interested in but don't have exact details of are the recent appearance of Eugenia Landrum Konis on "The Price is Right" and the honor won by the choir Don Lewis directs.

Grapevine reports have it that Don and his choir were winners of an all-expense-paid trip to Europe. Maybe we will have more details next week.

Bobby Fulks Promoted

Word has been received in Friona that Bobby Fulks, son of Mr. and Mrs. Neal Fulks, has been promoted to the rank of aviation ordnanceman 3rd class. Fulks, who is a member of the U. S. Navy Air Corps, is assigned to a navy all weather fighter plane squadron and is stationed at the U. S. Naval Air Station, North Island, San Diego.

When Fulks entered the navy in October of 1958, he was a senior in Friona High School. Since that time he has completed his high school work under the navy's educational program and has received special training at the Naval Air Station at Norman, Okla.

He also attended ordnance school at the Naval Air Technical Training Center in Jacksonville, Fla.

His squadron recently received the U. S. Air Force "A" award and is the first navy squadron to have this honor. The "A" award is made only to outstanding air divisions for demonstrated effectiveness in air defense operations.

"What did you finally do about that patient of yours who needed sunshine so badly but couldn't afford to go South?"

"Oh, I used hypnotism," replied the doctor. "Had a large sun painted on the ceiling of his room, made him believe it was the real thing. In a short time he was practically well but then, suddenly, he dies."

"So it was a failure after all."

"No, it wasn't a failure. He died of sunstroke."

Why Look Beyond America's 1st Choice Car for the things you want

This is the Kingswood 4-Door 9-Passenger Station Wagon

With wagons like this one in the lineup, it's no wonder Chevrolet is the most popular car in the whole U. S. All five Chevy wagons, 6- and 9-passenger models, are widest where wagons should be wide—with comfortable seating space that becomes up to 92-cu. ft. of cargo area by a simple adjustment. All five feature all the things that are making Chevrolet first choice, too: **FULL COIL SUSPENSION** cushioning all four wheels . . . an **ECONOMY TURBO-FIRE V8** that gets up to 10% more miles to the gallon on regular gas, or that well-known saver, the **HI-THRIFT 6** . . . the shift-free smoothness of **TURBOGLIDE** . . . a wider front seat and more entrance height in Chevy's **ROOMIER BODY BY FISHER** than you'll find in any other car of the leading low-priced 3. Now's the best time to stop by and let your dealer list all the reasons why **YOU CAN'T BUY ANY CAR FOR LESS UNLESS IT'S A LOT LESS CAR!** *Optional at extra cost

Black News

BY
MRS. DELTON LEWELLEN

BLACK COMMUNITY MEETING

The Black Community meeting will be on June 9, at 8 p.m. It is going to be a welter roast and ice cream supper. Everyone try to come and lets really have a community get together.

Mr. and Mrs. Harvey Shapley visited in the home of Mr.

and Mrs. Delton Lewellen and girls on Sunday nite and Monday. The Shapley's are from Amarillo.

Mr. and Mrs. Tom Lewellen and Tommy and Mr. and Mrs. Delton Lewellen and girls spent Saturday nite in the home of Mr. and Mrs. T. A. Kelley and girls of Plainview.

Mr. and Mrs. Carl Calvard and Elmer Calvard of California were visiting in the T. A. Shapley home last week. They are Mrs. Shapley's cousins.

Mrs. Helen Fangman and Charles just returned Friday from a two weeks vacation. They flew to Los Angeles, California and were met by Teddy Fangman who has been in the

reserves there. While in L. A. they enjoyed sight seeing trips and also visiting with relatives. They visited Mr. and Mrs. Jimmy Jesko and family of Santa Anna, California.

They also went to San Francisco and saw various points of interest. While driving home they also enjoyed seeing special points of interest.

Susan and Frieda Floyd spent Friday and Saturday with Mr. and Mrs. Rosco Ivie.

Mr. and Mrs. W. O. Towner and Family of Colorado Springs, Colorado are here visiting the Coy Pattons. Mrs. Towner is Mrs. Patton's sister.

Mrs. R. B. Parkinson and family, Mrs. David Arnold and

family and Mr. and Mrs. Jimmy Patton and daughter all of Amarillo were here visiting Mr. and Mrs. Coy Patton and Virginia on Sunday.

HOME DEMONSTRATION CLUB

The Home Demonstration Club at Black will meet Thursday at the home of Mrs. Lloyd Prewett.

The meeting will be a demonstration on recovering shoes.

DRESDEN PAINTING PARTY

There will be a Dresden Painting party at the Black Community house on Friday, June 3. Everyone is urged to attend and bring a friend and paint all day.

Mrs. Mary Houlette is in New York. She left a week ago last Tuesday. Jerry is getting his discharge from the service and they are going to sight see and visit friends before returning. Mary is staying with Mr. and Mrs. Ben Konis while waiting for Jerry to get his discharge. Mrs. Konis is the former Eugenia Landrum and more news, Mrs. Konis was on the Price is Right on Tuesday morning and was the winner and will appear on the Wednesday show.

Mr. and Mrs. Johnson Griffin and daughters of Independence Mo. are visiting in the home of Mr. and Mrs. Jim Buckley and family.

We were sorry to hear Mrs. Jim Buckley is in the hospital in Hereford. We hope by the time the paper comes out she will be home and feeling fine.

Mr. and Mrs. C. E. Hanna and Kay of Pampa visited Mr. and Mrs. Ralph Price and son Sunday.

Mr. and Mrs. Fern Barnett went to Lubbock Monday to visit Mrs. George Brock who is in the hospital.

Mr. and Mrs. Wesley Barnett have moved to the Black Community. They are living close to the Fern Barnetts.

Some more new residents in the community are Mr. and Mrs. George Frye of Canyon. They have moved to the H. H. Frye farm south of Black. We want to welcome the Barnetts and the Fries to the community.

Mr. and Mrs. J. R. Nazworth, Mr. and Mrs. J. R. Braxton and boys and Mr. and Mrs.

Weldon Tatum were all at Conchas over the weekend. They fished, water skied and just really enjoyed the weekend.

Mr. and Mrs. R. L. Bray and family of Lubbock came Saturday and spent the weekend with Mr. and Mrs. Lloyd Prewett and family. They all enjoyed a picnic reunion for the Tannahill family at the park at Hereford on Sunday.

Mr. and Mrs. Giles Cobb spent the weekend with Mr. and Mrs. I. D. Williams of Clovis. Mr. and Mrs. Gene Welch and family had weekend guests, they were Mr. W. H. Welch of Amarillo and Mr. and Mrs. Earl Harkins and son of Hereford.

Bill Carthel and his mother, Mrs. Wayne Carthel of Hereford went to Kansas to be with Mrs. Mac McClain while she is in the hospital.

Mrs. T. J. Presley visited with Kate Dixon in Hereford one day last week.

Mr. and Mrs. Woodrow Whitaker and family visited Sunday with Mr. and Mrs. T. J. Presley.

Mr. and Mrs. Joe Lewellen and family spent a few days in Cortez, Colo. visiting Mrs. Lewellen's parents, Rev. and Mrs. A. C. Lynch and family.

Mr. and Mrs. E. D. Matlock of Plainview and Mrs. J. B. Ratliff of Hico, Texas visited in the home of Mr. and Mrs. Tom Lewellen Thursday afternoon.

Mr. and Mrs. Forrest Osborn and boys and Mr. and Mrs. Delton Lewellen and girls enjoyed supper in the Lewellen home also on Thursday evening.

Mr. and Mrs. Rockey Hall and family of Odessa visited Sunday with Mr. and Mrs. Travis Stone and family.

SLUMBER PARTY

Miss Brenda Deaton had a slumber party at the Black Community house on Friday nite. Those attending were Mary and Martha Knight, Patricia Fallwell, LaVoyce Burrow, Kay Johnson, Carol Ray, Janet Buckley, Iva Parr, Marie Robinson, Cordelia Parr, Carolyn Singleterry, Glenda Deaton and Mrs. L. L. Deaton and Mrs. Glenn Roberson chaperoned the girls.

MORNING COFFEE
A coffee was given in honor

of Mrs. Henry McClain in the home of Mrs. James McClain. Mrs. McClain is an old time resident of the Black Community. Those attending were good, sound reasons and mesdames. Clyde Hays, Dick

Rockey, T. J. Presley and H. H. Elmore.

Old movies never die -- they're re-played on TV.

Sure is a difference between good, sound reasons and reasons that sound good.

Lots of parents would have a car if the kids didn't have drivers licenses.

**Church Women
Slate Meeting**

The June 3 meeting of the interdenominational Church

Women will begin at 10 a.m. at the Union Congregation Church. Guest speaker will be Rev. M. Alvin Askins, pastor of the Assembly of God Church.

Mrs. John Bradley will lead the opening prayer. Mrs. H. K. Kendrick will present the devotional. All women of Friona and the surrounding area are invited.

**PLANT
TEXIOCA 54**

On Your Irrigated Land
And We Will Pay

\$1.63 Per. Cwt.

When Delivered To Us This Fall With 15%
Moisture Or Lower.

Nothing Complicated— You Grow It

We Will Buy It

Here Are Some Questions Asked By Farmers:

Following are some of the Questions we have been asked by Farmers:

QUESTION: Is Texioca-54 the same as the Waxey Kaffir grown during the mid-forties?

ANSWER: No Texioca-54's main parent is Martin Milo.

QUESTION: How is The Yield?

ANSWER: Substantially the same as Red Hybrids.

QUESTION: How can we pay \$1.63 per 100 pounds?

ANSWER: Because the yield from the acres you plant is already contracted to Corn Products Company at that price. Corn Products Company makes a high-grade cooking starch to go in frozen foods.

QUESTION: Is it more difficult to raise than Milo?

ANSWER: No. The same farming methods are used as for Milo.

QUESTION: Does it stand as well as Milo?

ANSWER: Yes, Better, in fact.

QUESTION: Do you have an unlimited amount of seed?

ANSWER: No. The seed we have on hand is all there is available.

so it will be well for you to make arrangements for your seed now.

QUESTION: What are the prospects for growing Texioca in the future?

ANSWER: There will be more seed available next year and there will be a demand for more acres.

QUESTION: What is the planting rate?

ANSWER: 4 to 6 pounds per acre is recommended.

QUESTION: When is the best planting time?

ANSWER: June 10-20th. However, it makes as well proportionately as Milo when planted earlier.

QUESTION: Must it be 13% moisture when you deliver it to us?

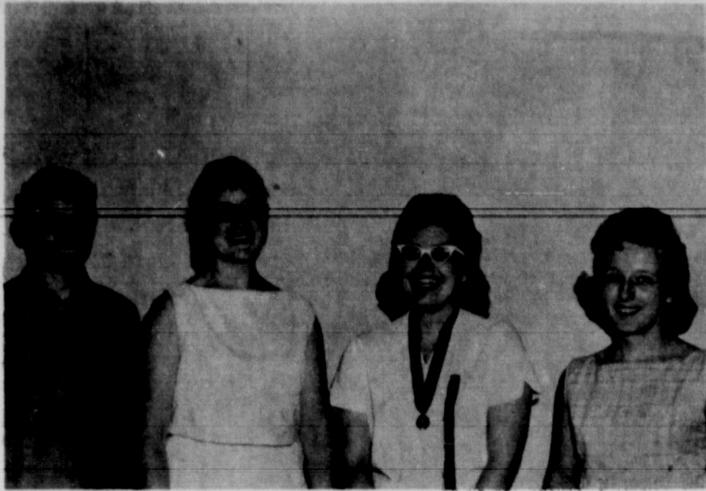

ANSWER: No. 15% or below.

QUESTION: Will it dry well in the field?

ANSWER: Yes. About like Martin and better than most red hybrids.

QUESTION: Is it difficult to harvest?

ANSWER: No. The head grows well above the leaves. It has an open type head which threshes more easily than most red hybrids.

VIRGINIA PATTON HONORED--Announcement has been made recently of the appointment of Virginia Patton as Grand Representative from Michigan to Texas in the Order of the Rainbow. Shown with her are Judy Bock, Junior Past Worthy Advisor; Jimette McLean, Past Worthy Advisor and Pamela Sue Roden, Worthy Advisor.

**Pamela Sue Roden
New Worthy Advisor**

In formal ceremonies at the Masonic hall Monday evening of last week Pamela Sue Roden was installed Worthy Advisor of the Friona Rainbow Girls. Her theme was "Hope." Colors used were mint green and white and her motto was "Give of your best to the master."

Charity project for the year will be visiting elderly people. Decorations included an archway in rainbow colors and a rainbow which ended in a pot of gold.

Those assisting with the ceremonies were Janiece Baxter, installing officer; Linda Castleberry, installing musician; Jimette McLean, installing recorder; Celia Weatherly, installing marshal; and Judy Bock, installing chaplain.

Refreshments of white cake with mint green icing and mint green fruit punch were served.

New officers, other than Miss Roden, are Brenda Collier, Worthy Associate Advisor; Carol Coffey, Charity; Karen Turner, Hope; Beth Akens, Faith; Donna Fields, Chaplain; Joy Ingram, Drill Leader; Sharon Reeve, Musician; and Sherry Woodley, Choir Director;

Also Betty Drake, Outer Observer; Wanda Ready, Confidential Observer; Merylene Massie, Love; Kay Coffey, Religion; Marca Lynn Massie, Na-

imortality; Linda Crow, Fidelity; Cynthia Guinn, Patriotism; Also LaVoyce Burrow, Service; Virginia Patton, Treasurer; and Jimette McLean, Recorder.

Adult officers are Billie Dodd, Mother Advisor; Marie Roden, Chairman of Advisory Board; and Hugh Moseley, Rainbow Dad.

**Mrs. Kinsley
Has Guests**

Guests in the home of Mrs. Pearl Kinsley this week are Mrs. Alma Kuenzli and her two daughters, Bernice and Joan, and her grandson, Paul Schwartz, from Detroit, Mich.

The group plans to go from here to San Francisco. Mrs. Kuenzli and Mrs. Kinsley are sisters-in-law.

Dance Recital Slated Friday

Mrs. Maurine Dunn will present her dance pupils in a recital Friday at 8:30 p.m. at the high school auditorium. Pupils from Portales and Friona will participate in the program.

Mrs. Dunn invites the public to attend and there will be no admission price.

Local students on the program will be Kathy McLean, Carol

Reeve, Dixie Wilkins, Fran Dodd, Debbie Benge, Jo Ann Jennings, Sally Kendrick, Judy Edelman, Ann Ayers, Andrea Wilkins and Tinker Dunn.

Featured will be tap and novelty dance numbers.

The typical family man has a billfold full of pictures and no money.

FACT ABOUT TEXAS COTTON

(CLIP AND SAVE FOR FUTURE REFERENCE)

The U.S.D.A. has placed the 1959 national cotton crop at 14,551,000 bales. Texas accounted for approximately 4,416,000 bales or 30.3 per cent of this total, as compared to a whopping 37 per cent in 1958.

Texas production for 1959 of 4,416,000 was well above the 1958 output of 4,308,000 bales.

The yield output per acre didn't maintain the record 383 pounds of lint for 1958, but it was a hefty 334 pounds of lint per acre, the second highest in Texas cotton production history.

The U. S. average yield for cotton in 1959 was 462 pounds per acre as compared to 466 pounds of lint per acre in 1958.

In 1959 Texas harvested 6,350,000 acres as compared to 5,395,000 in 1958. The national cotton acreage harvested in 1959 was 15,090,000 acres, a huge boost from the 11,849,000 acres harvested in 1958. It was this big national in-

crease which dropped Texas share of total production from 37 per cent in 1958 to 30 per cent in 1959.

The total value of the national cotton crop in 1959 was \$2,281,300,000.

The 1960 purchase rate for the base quality, midling one inch choice A cotton is 32.42 cents, and the 1960 loan rate for choice B, M-1, is 26.63 cents per pound, at average location, according to an announcement on May 3.

These are 168 and 177 points lower than the 1959 purchase and loan rates, respectively. Complete provisions and regulations of the 1960 cotton price support program bill will be in 1960 CCC Cotton Bulletin 1 (Loan Program) and 1960 CCC Cotton Bulletin 2 (Purchase Program).

CHESTER & FLEMING GIN
Earl Chester, Mgr.

HOW TEXAS COTTON GROWS*

Time to come up—Average 7 x to 10 days, range 7 to 30 days.

Appearance of third leaf (first true leaf) 8 days after emergence.

Emergence to square—35-40 days.

Square to white bloom—20-25 days.

Bloom to open boll—50-65 days.

Boll full grown 20 to 25 days after bloom.

Should be ready to harvest in 160 days (25 per cent open in 130 days).

120,000—number of seed in one bushel of average seed.

Most effective fruiting period is from June 20 to August 1.

Approximately 35 to 50 per cent of blooms make bolls.

August 20 is generally the last date for effective setting of fruit in a normal year.

Boll period ranges from 45 to 65 days.

Fiber length laid down first 25 to 30 days.

Critical period in length of fiber is 16 to 20 days after blooming.

Strength of fiber is built up in second 25 to 30 days of boll development.

Moisture is the limiting factor in determining length of lint in a given variety.

90 is average number of days to blooming peak.

35 is average number of days from first bloom to peak of blooming.

40 is average number of days from first bloom to shed peak.

Average per cent of blooms shed is 60 to 65.

Average number of blooms per plant is 40 to 45.

In 65 to 75 days after first white bloom 30 per cent of crop is open.

In 85 to 95 days after first white bloom 70 per cent of crop is open.

In 95 to 105 days after first white bloom 85 per cent of crop is open.

Plant population per acre with 40-inch row width—1 plant per foot of row, 13,068 plants per acre, 2 plants per foot, 26,136 plants per acre.

IT'S TIME FOR BREAKFAST--Brownies at camp at the Ralph Wilson farm are pictured here cooking breakfast on buddy

burners. Sessions were held daily from 7:30 to 11:30 and featured hand work and nature study.

Brownie Day Camp Ends Friday A. M.

Final session of the Brownie Day Camp at the farm home of Mr. and Mrs. Ralph Wilson will be held from 7:30 to 11:30 a.m. tomorrow. Sessions have been held each morning this week.

Brownies were instructed on proper procedure for setting up a camp in accordance with Girl Scout regulations. Each day began with breakfast cooked on buddy burners.

Nature study was directed by leaders, who also directed outdoor games.

Leaders assisting with the camp were Gladys Day, Nola Faye Vestal, Sue Smith, Louisa Wilson, Edith Johnson, Fay Wilson, Alice Whaley, Mary Roberts, Geneva Riethmayer and Doris Hall;

Also Luella Drake, Mamie Lou Welch, Thelma Ford and Mary Bandy. They were assisted by Sherry Woodley, Janet Rushing, Mary Short, Jimette McLean, Kay Johnson, Mary Ann Roberts, Pamela Moorman, Jan Wells, Donna Fulks and Annette Jennings.

Brownies registering were Lilla Falcon, Brownie Cole, Sherry Cole, Lou Ann Cochran, Vicki Moorman, Kathy Jones, Linda Estep, Shirley White, Cindy Ingram, Martha Martin, Teeri Lynn Wilson, Ruby Judkins, Glenda Mingus and Becky

One Guinea Pig was bemoaning the latest scientific developments of the space age.

"It's terrible," he told a buddy, "what they're doing now. Just think--they put you in this tiny capsule, shoot you thousands of miles into the South Atlantic, the capsule falls into the ocean, and maybe they find you and maybe they don't."

"So what, said the other Guinea Pig, "it beats cancer."

Postman and dog stood eyeing each other at the gate when the lady of the house came to the door. "Don't be afraid of the dog," she said. "She's a female, you see, and she likes you." "Madam," countered the fellow with the sack on his shoulder, "the mere fact that she's a female does not assure me that she had any affection for me. I'm a mailman, not a male dog!"

Kindness is a language the mute can speak and the deaf can hear.

Native Of England Enjoys Living Here

In spite of many adjustments which had to be made, getting accustomed to different ways of doing things and being a long way from home, Anne Moore Spring, a native of Manchester, England, has learned to love living in Friona.

She grew up in a large city in a family of girls. Her parents operated a dry cleaning establishment. It was a family custom to visit a seaside resort for summer vacations.

It was on one of these vacation excursions that Anne met Dr. Lee Spring of Friona. "At first," Anne says, "he was strictly a friend of the family who was a long way from home and very lonely. He was invited to visit in our home by our father several times before we began dating."

One of the biggest differences she observes in the way of life in America and that in England is in the schooling of young people. "We start much earlier there," she said.

Children start in kindergarten classes at the age of 2 1/2 years. "This causes them to finish at a much earlier age," was her explanation of the matter.

During World War II the town in which the Moore family lived was bombed and the family was

evacuated. One of Anne's clearest memories is a scolding she and some playmates received from the head of the school as they were gleefully expressing their pleasure that the school house had been bombed.

The war interrupted Anne's education and she went to work in the office of a munitions factory. Following this she entered nurse's training and worked in the children's ward.

Early in life English girls are taught to work with their hands. Knitting and needlework

classes are a part of their early training in school.

In the fall of 1958 Anne made her first trip to the United States and has not returned to her native country since; however, she plans to visit her parents in the near future.

She flew to Amarillo by way of New York and came by car to Friona prior to her wedding to Dr. Lee Spring in December of that year.

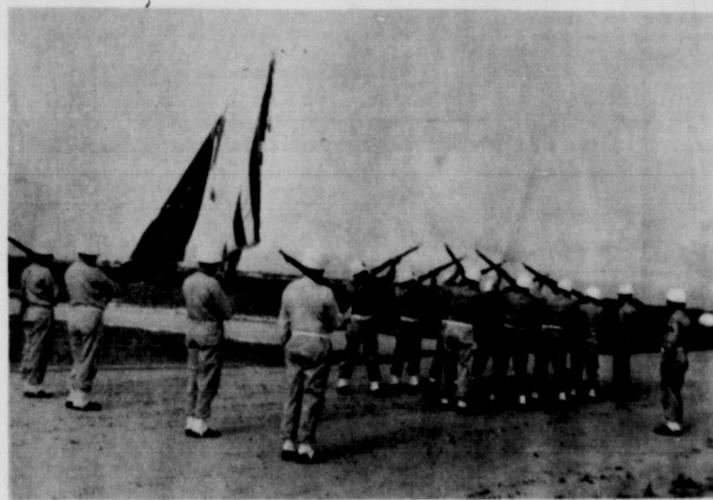

Her home contains many hand made items and Sylvia Anne, young daughter of the couple, very often is dressed in a

hand knitted garment. At the present time the Springs are building a new home and Anne is already making items to beautify it.

When asked for recipes of her native land, Anne replied, "I'm not a very good cook and it is difficult for me to follow American recipes since in England we always measure everything by ounces."

She was kind enough to allow the Star to print some of her favorite recipes and we are

(Continued on page 6)

READY, AIM, FIRE!--As the echoes of the volleys of rifle fire waltzed across nearby wheat fields the Roll Call of the Dead was read and wreaths were placed on the graves of local servicemen who died in the Armed Forces. This tribute was a part of the Memorial Day Services held in Friona Monday morning.

Paradise is not a locality-- If it's true that a fool and then tell us how they got to- it's a state of mind. his money are soon parted-- gether in the first place?

printing them exactly as she gave them to a member of our staff.
If you have difficulty following the recipes, you will appreciate the difficulty Mrs. Spring has with American recipes.

JAM TARTLETS.
Roll 8 ozs. shortcrust pastry (made with 8 ozs. flour) to about 1/4 inch thickness then cut into small rounds slightly larger than the patty tins you want to fill. Gently ease pastry rounds into the patty tins and lightly prick the bases and cook in hot oven (400) for about 10 minutes. Remove from oven and put a teaspoon of jam (jelly or any other kind of preserve) into each case then return to oven for a further 5 minutes. Take tartlets out of tins and cool on a wire rack. Serve topped with whipped cream or flaked coconut.

These tartlets are good with lemon curd or egg custard filling too.

YORKSHIRE PUDDING
Batter. 4 oz. plain flour.
1/2 teasp. salt.
1 egg.
About 1/2 pint of milk or milk and water mixed.

Beat these ingredients together until thoroughly aerated (when surface is covered with bubbles) Use about 1 tablespoon dripping from the roast to cook the batter. Yorkshire pudding may either be made in a large tin and cut into squares before serving or in patty tins and served as individual puddings. Grease the tin with the beef dripping and cook at 450 deg. A large pudding will take about 40 mins. and small ones 10-15 minutes. These puddings are served hot with roast beef and a thick gravy.

PARTY TRIFLE.
Ingredients:
a sponge cake or enough lady fingers to line the bottom of a large glass dish.
Cupful of Sherry (optional)
1 pint of jello.
Tin of fruit salad or any leftover assorted fruit. Whipped cream.

Method. Line large glass dish with sponge cake or lady fingers. Pour over the sherry if desired. Cover with fruit salad and chopped nuts may be

added. Make a pint of bright coloured jello and pour over and allow to set. Later the jello is covered with whipped cream and may be decorated with glace cherries, whole nuts, candy flowers and silver balls as wished. This is a popular Christmas or party dessert in England. It may also be made in individual waxed paper dishes and served at buffet parties.

LEMON CURD
Ingredients:
4 lemons.
5 eggs.
4 oz. butter.
1 lb. sugar.

Method. Wash and dry the lemons carefully then grate the rind from each. Squeeze out all the juice. Put the rind and juice in a double saucepan. Add the eggs, previously beaten, with the butter and sugar. Heat the mixture, stirring it well with a wooden spoon, until the sugar dissolves and the curd thickens. Remove the pan from the heat and strain the curd into warmed jars and cover at once. It is best to make this tasty preserve in small quantities as it does not keep very long.

EGG AND BACON PIE
Ingredients:
8 ozs. shortcrust pastry
4-5 rashers of bacon cut in small pieces
4-5 eggs
Salt and pepper to season.

Method:
Line a 7 inch pie tin with pastry rolled about 1/4 inch thick. Break the eggs gently, one at a time and slide into the pastry case having one egg lying in the centre and the others surrounding it. Salt and pepper to taste. Cover the eggs with the chopped bacon and cover over with the remaining pastry, and press down gently to seal. Make 2-3 slits in the centre of the pastry to let the steam escape but take care not to break the eggs. Brush over with a glaze of beaten egg or milk and bake for 30-35 minutes in a fairly hot oven 400. F. Serve hot or cold and will serve 3-6 portions.

TO THE VOTERS OF PRECINCT NO. 1 PARMER COUNTY

I wish to thank each and every one for their kindness and support during the first primary and to assure you that I will appreciate your vote and support on June 4th.

I have lived in Friona for 17 years and feel that I am well acquainted with the problems of this precinct and what the people expect of their commissioner.

I believe my college education and business experience qualifies me to look after the business of the county, and my road building experience will enable me to maintain your roads.

Having disposed of my farming interests I can therefore devote my full time to the duties of the office. I believe the office of Commissioner is too important to be considered a part time job any longer.

Sincerely
WESLEY HARDESTY

The pretty school teacher was trying to tell her pupils about the advent of autumn. "As I stood on the station platform one sunny September morning waiting for my train I felt something lightly caressing my cheek. Can anyone tell me what it was?" she asked. "The station-master's moustache?" suggested the small bad boy of the class. Santa Fe Magazine

At a dinner, a rabbi was seated next to a pompous woman. "One of my ancestors," boasted the lady, "signed the Declaration of Independence." "Is that so?" asked the rabbi. "One of mine wrote the Ten Commandments."

"Your son," said the dean to the proud father, "will probably go down in history--" "Why that's wonderful!" exclaimed the glowing parent. The dean lifted his eyebrows and continued: "But of course he might manage to pass chemistry and economics."

Native- (Continued from page 6)

Alternate fillings for this savory pie are Cheese and onions. 2 large onions previously chopped up and cooked, 3 ozs. grated cheese stirred in about 1/2 teaspoon mustard.

Spam and onions. A tin of spam--the meat cut into small pieces and arranged on the pie-crust then the onions added.

Sausage meat and onions. About half pound sausage meat spread over the pie-crust (it will cook whilst the pastry is baking) and the onions spread over it.

BAKEWELL TART Ingredients: 8 ozs. shortcrust pastry. 3 tablespoons red jelly. 2 ozs. butter or margarine. 2 ozs sugar. 1 egg. 2 ozs. ground almonds. 2-3 drops almond essence. Method. Roll out pastry and with it line a square or round pie tin. Make strips with trimmings and keep for decoration. Spread jelly over bottom of pastry. Cream fat then stir in sugar and when blended, drop in whole egg and stir until light and fluffy. Lightly stir in ground almonds and essence. Spread mixture evenly over the jelly. Arrange pastry strips diagonally across the top. Bake in moderately hot oven (390 F.) for 35-45 minutes or until the filling is risen firm and golden brown.

This can be served hot with a custard or almond sauce as a dessert or cold as a cake.

When parents are able to answer the children's questions it's a sign that the kids are growing up.

"Your son," said the dean to the proud father, "will probably go down in history--" "Why that's wonderful!" exclaimed the glowing parent. The dean lifted his eyebrows and continued: "But of course he might manage to pass chemistry and economics."

Bowling Association Completes Officers

W. H. (Gene) Awrey Jr., of the Hub community was elected vice president and Hollis Horton Jr. and Waymon Wilkins were elected directors to complete the officers of the Friona City Bowling Association at a meeting held Saturday night. In other business one league, the Major League, was organized to bowl on Monday nights during the summer league season.

Officers elected by this organization include Bill Wooley, president, George W. Jones, vice president, and Jerry Hinkle, secretary-treasurer. A city association constitution was approved by the organization and plans for the summer leagues outlined by T. I. Burleson, president of the city association. Three more leagues, Tuesday, Thursday and Friday

nights, are still in the making with several openings on each night still available for men's teams.

League bowling is scheduled to begin Monday night at Friona Lanes providing sanction is approved by the American Bowling Congress.

If any other men's teams wish to apply for membership in the Friona Men's Leagues

they should contact the desk at the bowling center or phone either Dave McReynolds, city secretary, or Burleson.

It's pretty hard to convince the kids that the shortage of teachers is a calamity.

There are only two kinds of parking nowadays -- illegal and no.

Mail Service Improved

Postmaster General Arthur E. Summerfield Wednesday announced sweeping improvements in mail transportation that will mean better service for Friona and 124 other communities in the Amarillo and Lubbock areas.

Postmaster Leo McLellan reports that mail for and from offices outside the area, all over the United States, will be expedited by the new arrangement.

George A. Gray, regional operations director, reported at a recent meeting of postmasters in Amarillo that tests just concluded have proved the mail pattern to be highly successful.

He also said that this improvement in letter mail service is the result of intensive study and he credits the co-operation of dedicated postal employees in the 125 offices involved.

McLellan further states that barring infrequent delays in media of transportation and occasional distribution errors, first-class letters mailed at the outside collection box or in the post office before 5 p. m. on a business day will be delivered on the first delivery day at any office in the area on the following business day.

Of Interest To THE WOMEN

THURSDAY, JUNE 2, 1960

THE FRIONA STAR

SECTION II

MRS. ROY SLAGLE HEADS OFFICERS--Pictured with other officers of the Friona Women's Club is the president, Mrs. Roy Slagle, lower left. Others pictured are Mrs. Wesley Hardesty, vice-president; Mrs. H. C. Kendrick, secretary; Mrs. Joe Moyer, treasurer; Mrs. M. J. Stacy, reporter; and Mrs. Mary Officer, parliamentarian.

Installation Concludes Woman's Club Meetings

Highlighting the closing meeting of the Friona Woman's Club for the current year was the formal installation of officers and a covered dish luncheon Wednesday afternoon at the club house.

Special guests were Mrs. J. D. Adams of Davidson, Okla., mother of Mrs. Bill Baxter; Mary Ann Stacy, daughter of Mrs. M. J. Stacy; and Mrs. Bomar Moore of McAllen, mother of Mrs. Stacy.

Guest entertainers were the Trebelaire's, who presented several vocal numbers.

Newly installed officers are Mrs. Roy Slagle, president; Mrs. Wesley Hardesty, vice-

president; Mrs. Mary Officer, parliamentarian, Mrs. H. C. Kendrick, secretary; Mrs. Joe Moyer, treasurer and Mrs. M. J. Stacy, reporter.

Hostesses were Mrs. Floyd Schlenker, Mrs. L. R. Dilger and Mrs. H. C. Kendrick. Nineteen members were present.

Mrs. W. C. Wooley Jr. and sons, Mike and Scotty, are visiting relatives in Oklahoma this week. They expect to return Thursday of this week.

When a congregation sleeps it's the person who needs waking up.

Bridal Shower Saturday Honors Nancy Outland

A bridal shower in the home of Mrs. Bob Rule Saturday afternoon from 2 to 5 honored Nancy Outland, bride-elect of Jon Mack Roden. Hostesses were Mesdames W. S. Crow, Paul Spring, Bob Rule and R. L. Fleming;

Colors of pink and silver were used on the tables and carried out in flowers, ribbons and other decorations. Refreshments were served by the hostesses.

Those signing the guest register were Mesdames Ray Dean Fleming, Leon Massey, J. R. Roden, G. B. Buske, Jerry London, Don Reeve, Deon Awtry, H. C. Kendrick, Owen Houston, Larry Fairchild, Glenn E. Reeve Sr. and E. S. White;

Also Mesdames Johnnie Beniger, Gordon Massey, A. S. Grubbs, Jesse Sinclair, Bill Baxter, Joe Moyer, Bob Jones, Wilburn Carlton, Jack Tomlin, M. J. Stacy and James B. Collier.

Also Mesdames Tom Pruett and Melissa, O. C. Jones, Sloan Osborn, Roy Clements, Weldon Fairchild, Eugene Ellis, Roy Slagle, Pearl Kinsley, Ethel Chitwood, Buster Davis, Ralph Shelton, Guy Latta and Dan Ethridge;

Also Lila Gay Buske, Brenda Iris Collier, Marie Roberson, Mary Jane Grubbs, Celia Weatherly and Mary Tom Spring;

Also Mesdames W. H. Long and Sheryl, Charles Hough, Frank A. Spring, Dick Rockey, J. T. Gee, George Treider, W. M. Stewart, O. L. Rankin, Dorothy Hough, W. L. Hannold and Bennie Lynn and Grady Dodd.

Twin Girls Born To Fergusons

Mr. and Mrs. Kenneth Ferguson became parents of twin girls at Deaf Smith County Hospital Thursday morning. Sherrie Lou was born at 9:27 a.m. and weighed 4 lbs. 12 1/2 ozs. Jerrie Sue was born at 9:32 a.m. and weighed 5 lbs. 8 ozs.

Mrs. Ferguson and her daughters were dismissed from the hospital Monday morning and returned to their home in the west part of town.

Grandparents are Mr. and Mrs. V. M. Ferguson of Friona and Mr. and Mrs. Charlie Phipps of Muleshoe, former Friona residents. Mr. and Mrs. Otis Massey, also of Friona, are great-grandparents and Mr. G. W. Price of Midlothian is the great-great-grandfather.

Methodist Bible School Slated

Plans have been completed for vacation Bible School at the Friona Methodist Church. Directors are Mrs. Hollis Horton Jr. and Mrs. Paul Hall. Sessions will be held from 9 to 11 each day Monday through Wednesday of the following week. There will be a nursery for children of the workers. Classes will be conducted for 3, 4, 5, and 6 year olds and for the primary department 1, 2 and 3 juniors 1, 2 and 3.

Nancy Crow Parmley Weds Jimmy Norwood

In a double ring ceremony at the Friona Methodist Church at 8 p.m. Saturday Nancy Crow Parmley became the bride of Jimmy Norwood. Wedding vows were read by Rev. Hugh Blaylock, pastor.

Linda Crow, sister of the bride, was the maid of honor. She wore a white dress with blue accessories and an orchid corsage.

W. B. Norwood Jr., brother of the groom, served as best man.

The bride wore a blue street length dress with white accessories and her corsage was twin orchids.

Others attending the wedding were Mr. and Mrs. W. B. Norwood Sr., parents of the groom; C. S. Crow, father of the bride; Mrs. W. B. Norwood Jr. and children from Albuquerque; Lois Norwood; Mr. and Mrs. LeRoy Blaylock and children and Wanda Ready;

Also Mr. and Mrs. L. M. Crow, grandparents of the bride.

After a brief wedding trip Mr. and Mrs. Norwood are at home in the Robert Schueler apartments. She is employed at Friona Wheat Growers, Inc. and he assists his father as a building contractor.

Welch Family Gets Together

A family get together in the home of Mrs. Lucy Welch on Memorial Day included all her children and grandchildren

except two families. Those present for the all day affair were Mr. and Mrs. France Welch and children, Noel and Vicki, of Abilene; Mr. and Mrs. Jack R. Miller and children, Brent, Kim and Hal, of Dimmitt;

Also the following from Friona: Mr. and Mrs. Nelson Welch, Mikie, Bob and Monte Sue; Mr. and Mrs. Steve Struve, Kay, Carol and Sheila; and Mr. and Mrs. Louis Welch, Jan, Gay, Holly and Lynn.

Family members unable to attend were Dr. and Mrs. Rex Johnston and children of Los Angeles and Mr. and Mrs. Joe Brown and daughters of Tulsa.

The time to get primed for the future is when you're still in your prime.

It's A Girl For Crows

Mr. and Mrs. Gary Crow of Lubbock became parents of a baby girl Wednesday, May 25. She weighed 8 lbs. 5 ozs. and was named Diana Marca. She is the first child for the couple.

Paternal grandparents are Mr. and Mrs. C. S. Crow of Friona. Mr. and Mrs. L. M. Crow are paternal great-grandparents.

Mrs. C. S. Crow is spending the week in Lubbock helping take care of Diana Marca. Mrs. Crow is also visiting Mr. and Mrs. Gerald Barnett.

If you want to know what's behind the headlines, ask any housewife. She'll tell you it's her husband, especially at the breakfast table.

THE HIGH PLAINS FARM AND HOME

Hail, Wind and Rain Break Weather Pattern

The three-month dry spell in the western part of the High Plains has been broken. It was rough getting rid of it in spots, but for the most part, farmers are glad to see a shift in the weather.

Until last Saturday, 1960 had brought one of the driest and most uneventful springs in history. Thunderclouds boiled up over the High Plains that afternoon, though, and ended the dusty pattern. In some localities, the clouds spewed tons of hail onto maturing wheat and young row crops with devastating results.

Crop damage was quite spotted and locally severe. On the whole, the hailstorms of Saturday could not be considered general, however, and did not compare with two or three such storms experienced over large areas last spring. Most of the damage was north and west of Friona and east of Farwell. Wheat was the hardest hit crop, and a few 100-per cent losses were reported.

After the Saturday break in the weather, showers dotted the area, and the most general visit of rain occurred Sunday night and early Monday morning.

Rainfall amounts ranged from .35 to an inch, with most points getting from two-thirds to three-quarters of an inch.

This moisture was very welcome to most farmers, in spite of the problems that it brought with it. For one thing, strong winds accompanied the wet weather, with the result that a substantial portion of the better wheat in the area was toppled.

This type of crop damage is hard to assess in dollars and cents. In fact, the loss is usually not determinable until harvest time, and even then, farmers are hard pressed to figure out what they MIGHT have made had the crop not been so affected.

"There was a lot of rank wheat that blew down," says County Agent Joe Jones, "and it is sure going to be hard to cut."

He points out that farmers will now have to lower their combine settings and in some cases use special pick-up attachments to get the grain. This means that they will be handling an enormous amount of straw, and that the combining will be slow and tedious.

"We'll get more of the wheat picked up than you might think."

he says, "but there's no doubt but what yields will be reduced to some extent and expenses

will increase."

The extremely dry weather has been a problem for cotton farmers of the area. They have not been at all happy with the way their 1960 crop is starting off. Quite a few of them have been forced to irrigate down the row, which is something they don't like to do. That has been necessary this spring in many instances, however, just to keep the plants alive.

Therefore, the moisture to them was a welcome sight, and they expect the outlook for cotton to perk up considerably on the strength of the showers. All things considered, the new spell of weather is regarded as beneficial. "A rain can hardly ever hurt more than it helps in this country," says Jones.

likely that the income attributed to Plains counties such as Parmer actually was generated. Take a pencil and figure it out for yourself. Even including such uncertain elements as livestock receipts, vegetables, and minor crops, the most generous allowances will not bring the total to \$39 million.

Furthermore, the matter of expense is not taken into account at all in such a report, and the illusion that profits are always higher when the gross is higher is easily created.

We doubt if there are a dozen farmers in Parmer County who would trade the 1959 crop year for 1958 if they could, and the report plainly states that 1959 was an all-time high!

There is no question but what Parmer County had very sizeable gross receipts in 1959, but to leave the impression that it was the best year we ever had is unwarranted.

Here are figures on the top 25 counties, as appeared in the report:

COUNTY	TOTAL INCOME FMS. FARM	NO. AV. PER FMS. FARM
Hale	\$83,584,268	1,703 \$48,969
Lubbock	\$77,085,796	2,081 \$36,839
Lamb	\$55,287,518	1,787 \$30,939
Hidalgo	\$54,617,180	4,973 \$11,413
Floyd	\$46,555,220	1,184 \$39,320
Cameron	\$46,167,420	2,836 \$16,279
Nueces	\$39,692,275	1,157 \$34,306
Parmer	\$30,873,144	909 \$33,845
Castro	\$38,053,832	828 \$45,959
Hockley	\$36,041,863	1,209 \$29,402
Swisher	\$36,029,692	967 \$37,259
Lynn	\$29,743,285	1,132 \$26,219
Beeves	\$29,039,376	322 \$90,184

Brazoria	\$18,848,970	1,969 \$9,572
Balley	\$17,496,050	584 \$29,792

THE PARMER FARMER

By W. H. Graham Jr.

You might think that it is hard to be disturbed and enthused at the same time, but actually it isn't. That's how we feel after reading a lengthy and well-displayed story in last Sunday's issue of the Lubbock Avalanche-Journal.

The South Plains daily gave full treatment to a report from the Bureau of Business Research at the University of Texas which tabulated gross farm income for the state.

Figures published in the report were astounding; at least to us they were. For example, the report credits Hale County with a gross farm income of \$83,584,268 in 1959. That was the top in Texas.

As another example, the tabulation lists Parmer County as eighth in the state of 256 counties, with a gross of \$30,873,144. That is pretty close to \$10 million more than the county agent and other ag observers had guessed the gross last year.

Who is right—the UT research men or local authorities? We are inclined to think the recent report is slightly exaggerated. We reach this conclusion not on a strictly local basis (which would point in the direction of error, alright), but because authorities all over the Plains have set county gross incomes at substantially less than what is credited them by the new report.

We said we were enthused and disturbed at the same time. We are, and here is why. First, it is only natural that we feel a sense of pride in seeing Parmer County ranked so high. Naturally, we are enthusiastic about this.

However, being credited with doing more business than you actually do can have its detrimental effects. One of the most noticeable of these is the constant refiguring the state authorities do on what they call an "economic index."

They have a complicated formula that is supposed to show the relative economic condition of counties all across the state. This is for purposes of taxation—or, more accurately, for purposes of tax distribution.

Parmer County's economic index has been rising in recent years, and the result has been that the State Educational Agency has reduced the amount of money available from taxes collected at the Austin level to keep our schools going.

This is only fair, provided that our prosperity is actually increasing. However, when a report such as the one that came out last week causes the impression to be made that "we've never had it so good," then the information is damaging because it is plainly misleading.

To begin with, it is not

HIGH WINDS AND DAMP WEATHER bowled over a lot of extra good wheat in the area Sunday night and early Monday morning. Here Joe Jones, county agent, looks over a field on the Jewel Castor farm south of Texico. Last year this wheat made around 70 bushels and it looked that good again this year.

Designate CROP Wheat Now

The wheat harvest will soon be in full swing. This is the time most wheat growers designate how much wheat they intend to contribute to Christian Rural Overseas Program, commonly known as C.R.O.P.

The need for food to destitute refugees and others overseas is greater than ever, the communist threat continues. C.R.O.P., the Christian approach to overseas relief, has done much to aid these people who have escaped into free countries.

Wheat farmers desiring to assist the overseas needy are urged to contact their elevator managers before or at the time the wheat is delivered. The elevators will credit CROP with the number of bushels of wheat you designate before it goes into a government loan. Your County CROP Chairman will assist your local Commodity Chair-

man of CROP make arrangements for overseas shipment. Commodity transfer blanks are furnished by CROP to all elevators and county officers of CROP. These blanks can also be secured at the Plains CROP office, 118 Main Street, Panhandle, Texas.

TO BE CLOSED
Bill Boling, head of the local Farmers Home Administration office, announced that the office would be closed all day Tuesday, June 7 for a personnel meeting

Farming Becomes More Competitive

The financial position of farmers at the beginning of 1959 was favorable. But now the prospects are less encouraging, reports John McHoney, extension economist. Farm income has dropped substantially from 1958 levels and a further decline is likely in 1960.

Farm assets and equities continued to increase in 1959, but by the lowest percentage since 1955. The rise in farm assets and equities may stop for a time in 1960 or 1961. Also, farm debts rose during 1959 and are likely to increase further in 1960, the economist says.

Even though the farm financial outlook is less favorable, it varies considerably by types of farming and by areas of production. The outlook for operators of the larger and more productive farms and of those operators who have been able to expand their volume of business is much better than for the operators of smaller and less productive farms.

The production and marketing of agricultural products is becoming more and more competitive between farmers and areas of production. Agriculture is becoming more commercialized and specialized with larger investments. This is not only true in agriculture, but also in most businesses outside agriculture, McHoney points out.

One way the individual farmer may solve the price-cost squeeze is through the proper amount and use of land, labor, capital and management. Some farmers have the resources to be efficient and others do not, the economist emphasizes. Every farmer should study and

evaluate his own resource situation and determine what he should do as a farm manager to stay competitive in a business that is getting more competitive every day.

More Profit From Fewer Acres

Texans take pride in the size of their farming operations. Sometimes they overlook the fact that large operations also may be inefficient—that more profit often can be obtained by more intensive farming methods practiced on fewer acres.

This is particularly true with vegetable crops, says Dr. H. C. Mohr, associate professor of horticulture, Texas A&M College System. For example, cabbage, when grown in twin rows on the bed, gives yields about double those of single rows on the bed. Very little additional fertilizer and irrigation are required. Cultivation is the same and labor for thinning and harvesting is much more efficient than on the single row. Thus the yield is doubled at much less than double the production cost. The difference, Mohr points out, is additional profit.

Failure of more efficient methods (or of improved hybrids or varieties) to make more money for growers has been related to failure to adjust acreage. Vegetables are very responsive to the supply-demand situation. If more efficient practices are used, without proportionate adjustment of acreage, excessive supplies usually result in severe price

Planned Decisions Aid Profits

BY C. H. BATES
Extension Farm Management Specialists

The margin of potential profits from present day farming and ranching is narrow. Sometimes

small savings are of tremendous importance. With the trend toward larger volume of business, there are increased risks from lower prices or higher costs.

For example, a few cents less per hundredweight on 200 steers marketed means a reduction of thousands of dollars in returns. Similar variation on prices for a cotton or grain crop will influence profits materially. Not all risks can be avoided, but careful planning may help reduce their impact on profits.

Individual operators may benefit more from planning by concentrating on their "recurring" and high-cost items. This

emphasizes the reduction of per unit costs.

On crop enterprises, the aim should be to minimize labor costs through the economic use of machinery. Often adverse weather causes costs to increase for weed control, combating insects and for certain harvesting operations. Planning should include alternate methods of handling these practices under adverse conditions.

Timeliness of many operations often means the difference between a fair crop and a larger one. Also, the unit cost of products is higher with a reduced yield such as often results from poorly timed insect control

measures, for example.

For the livestock producer, economical gains or lower unit costs are important. Here again the well planned operation must reduce labor needs. Full use should be made of mechanical feeding and automatic devices which reduce costs.

A small reduction in important production items may bring sizable savings in total annual costs resulting in more profit. For example, feed costs comprise about 75 per cent of the outlay for pork production. Thus, a small saving of \$4 per ton on the ration needed for 500 market hogs would total almost \$1,000. Similarly, the use of feeders designed to avoid waste

can reduce costs because of the cumulative saving.

Other considerations which involve planning in livestock operations may include: carefully scheduled breeding to fit market demands; shortening or prolonging feeding periods as justified by changes in feed-price ratios; and contracting for delivery of commodities at a pre-determined price. This may include feed items to be purchased as well as the animals to be marketed.

In short, no business requires more careful study and management than does farming and ranching. The carefully planned operation should net a wider margin of profit.

POLITICAL CALENDAR

The Parmer County newspapers have been authorized to announce the candidacies of the following persons, subject to the action of the second Democratic Primary June 4, 1960.

SPORTS AFIELD

By Ted Kesting

Too many deer in some areas, not enough in others, is the big problem of wildlife agencies throughout the range of white-tailed deer, states Perry Walper in the May issue of Sports Afield Magazine. In Pennsylvania the situation has become critical. Hunger has driven deer from the mountains to the lowlands and farms. Fruit growers, nurserymen and farmers suffer great loss from deer damage. Adding to the problem, thousands of new homes have been built since World War II on what were once farms and woodlands.

Deer find the new environment much to their liking. It doesn't take long for new landowners to close the region to the deer hunter by posting legally obtained forbiddance signs. Choice browse, with no hunters, makes a haven for the deer. As a herd increases, damage mounts. In some areas deer are shot for control, but in heavily populated sections this can't be done.

In the Ligonier Valley of southwestern Pennsylvania, experimental trapping is being tried by the Pennsylvania Game Commission. Traps are built of heavy oak in openwork slatted construction. They resemble huge rabbit traps.

Trapping is best in severe winter months when ice and snow make fodder scarce. The hungry whitetail follows a food trail of apples and corn into the trap and is caught when it trips a wire. A boxed-in deer may panic and be severely injured in its wild surge for freedom. Therefore trap dimensions are such as to allow comfortable entry, head down. Once the trap is sprung, the victim is so confined that there is no room for movement to cause injury. The sides of the trap are moved inward to restrict the animal further as it is transferred to a transporting crate. A panel in the top of the crate is opened, and as the deer puts its head out, one game protector holds the head and another affixes an ear identification tag. Thus the deer is marked and recorded to establish its history after release.

Loaded on trucks, deer are taken to selected release areas. Most deer are set free on game lands managed for public hunting. Others are set free in remote areas where these animals are scarce and forage is good.

Some whitetails refuse to accept new range and return to be trapped repeatedly. A repeater, so identified by its tag, is moved many miles farther, in hopes that it will stay put.

The teacher sent a note home with Johnny asking his mother to see that he had a bath. The next day Johnny not smelt. He ain't no rose."

Economist Takes A Look At What's Ahead For Agriculture

The 1960 outlook is brighter for some agricultural products, reports John McHaney, extension economist.

Hog slaughter this summer and fall will come largely from a reduced 1960 spring pig crop. Therefore, McHaney continues,

prices should be a little higher than during the same period in 1959.

During the next several months, prices of fed cattle are expected to fluctuate a little below current levels. Weaker

fed cattle prices will probably slow the usual spring rise in the price of feeder cattle. Moisture conditions are favorable over most of the country and this will likely bring good pastures and a strong demand for stocker cattle. Cattle prices in the fall

of 1960, however, will probably be lower than during the same period last year.

With consumer incomes at a new high in 1960, prices received by farmers for milk will average a little higher than in 1959. The outlook after 1960 is not favorable as that for this year, because of the expected drop in beef cattle prices which could result in more emphasis being placed on dairying and milk cow numbers could begin to increase in 1961. The stage for such a reaction probably will be set in 1960 with just enough price increase among dairy products to give dairy farmers renewed confidence, thus causing dairy farmers to increase production in 1961, the economist points out.

Egg prices are expected to average noticeably higher in the last half of 1960 than in the same period of 1959 because of the decrease in production. Because of the expected 6 per cent increase in production, turkey prices are not expected to repeat the rise that occurred in late 1959.

Feed prices have been weakened by large supplies, lower livestock prices and reduced demand for commercially prepared feeds. Due to this, McHaney believes feed prices will probably continue a little below a year earlier through the first half of 1960.

Wheat Referendum Set for July 21

In line with currently controlling legislation, Secretary of Agriculture Benson has proclaimed marketing quotas on the 1961 wheat crop and set July 21 as the date for a referendum to determine producer approval or disapproval of quotas.

The Secretary also proclaimed a national wheat acreage allotment of 55 million acres, the minimum permitted by law and announced State shares of the allotment. Texas' share of the

allotment was set at 4,047,136 acres. This compares with 4,092,251 acres in 1960. An announcement was also made that the minimum national average support price for 1961 production will be determined before the wheat referendum on the basis of the latest available supply information.

If producers approve marketing quotas, under the proclamation announced, the national average support price available to eligible growers in the commercial area will be no less than the minimum support to be announced before the referendum. On the basis of the present supply of wheat and present legislation, the legal minimum wheat support price for the 1961 crop would be at 75 per cent of parity.

Individual farm marketing quotas will be the normal production or the actual production from the farm acreage allotment, whichever is larger. Growers in the commercial area who stay within their allotments will be eligible for price support on their entire production. Growers who ex-

ceed their acreage allotments will be subject to market quota penalties if they have more than 15 acres of wheat for harvest.

Growers who sign applications for exemption under the feed wheat provision permitting 30 acres or less to be used exclusively for feed on the farm will not be subject to marketing quota penalties.

If marketing quotas are not approved by the necessary two-thirds of the voting producers in the July 21 referendum, there will be no restrictions on wheat marketings. Acreage allotments will remain in effect as a condition of eligibility for price support at 50 per cent of parity as required by law.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

Part of every homemaker's job is looking out for the health, safety and welfare of every member of her family. At this time of year there are so many things she needs to remind others that it is difficult to remember all of them.

In recent release from the State Bar of Texas, ten rules to follow in the event of an automobile accident were printed. If everyone knew them and observed them, much confusion would be avoided.

This release is being reprinted here in hopes that many persons will read these rules and be benefitted therefrom.

"Vacation time is near. Soon millions of people will be driving about the country and automobile accidents will occur with increasing frequency. What should a person do when involved in an accident?"

At such times it is hard to keep your wits about you and know just what to do, it is therefore a good idea to plan in advance just what you would do in the event of a smash-up. Here are a few simple rules that every driver should commit to memory:

(1) STOP! Failure to stop can result in serious criminal consequences.

(2) RENDER AID! If anyone is injured: (1) render first aid. (2) Stop bleeding. (3) Call a doctor or an ambulance or both.

(4) DO NOT move an injured person in any way that could possibly add to his injury.

(5) PROTECT THE SCENE FROM FURTHER DAMAGE! You may be liable for damages to approaching drivers, unless they are properly warned. If the highway is obstructed at night, have someone turn his headlights beams on the wrecked vehicles.

(6) CALL AN OFFICER! Policemen, highway patrolmen, sheriffs and their deputies are trained accident investigators whose testimony may be invaluable in establishing your civil claim for damages.

(7) GATHER INFORMATION . . . WRITE IT DOWN! Don't trust your memory. Don't guess -- be specific. Measure skid marks. Step off distances. Be sure to obtain names and addresses of witnesses. You are required by law to exhibit your driver's license to the other driver -- and he must do the same.

(8) BE CAREFUL WHAT YOU SAY! Even if you feel you probably are to blame, it is best to make no admission. You may learn later that the other driver was equally at fault, or more so . . . Emotional comments can be misconstrued by others, or may be misquoted. Whatever you say, make it factual.

(9) SEE YOUR DOCTOR if there is the slightest chance you may be injured. Serious injuries do not always result in immediate pain or bloodshed.

(10) CONSULT YOUR LAWYER IMMEDIATELY! The sooner your lawyer is brought into the matter, the better he can advise you and protect your rights. He can obtain statements from the witnesses while their memories are fresh, and do many other things to insure that the true facts are preserved. Get your lawyer's advice before giving any interviews or statements to investigators or adjusters for the other side.

(11) INFORM YOUR INSURANCE COMPANY PROMPTLY! Failure to do so may void your policy.

(12) REPORT THE ACCIDENT to the Department of Public Safety. This is required by law if there is any injury, death, or total damages exceed \$25.

"Memory is what keeps telling you that you know the guy without giving you any idea of who he is."—Franklin P. Jones.

"The laymen are the greatest single frozen asset of the kingdom of God."—Bishop Richard C. Raines.

"If the cost of a college education continues to snowball for many more years, a person can make a profit by remaining ignorant."—Grit.

Search me, O God, and know my heart; try me, and know my thoughts.

—(Psalm 139:23)

When we pray to God to search our hearts, we humbly place ourselves in His hands, knowing and admitting our weakness, seeking His love and guidance and strength—seeking to know and obey His law and His will. It is only through our humility and prayer that God, ever present and willing, can enter our souls.

The crack in the Liberty Bell occurred while the bell was tolling for the funeral of Chief Justice John Marshall in 1835.

HARRY SHEETS and his son are shown here by a ditching machine that Sheets uses in his business. Originally Sheets and his father got into the blacksmith business and later branched out to installing plastic and steel gas lines for irrigation engines. Sheets and Son now install from 40 to 50 miles of pipeline a year.

Pipe Pioneer 10 Years Old

One of the pioneers in High Plains irrigation engine gasoline installation is Sheets and Son, blacksmiths and pipeline contractors in Texico, a firm that is 10 years old this year.

Harry Sheets and his father got into the blacksmith business in 1950.

"About a year later we started laying steel and plastic gas lines," Sheets says.

"We have laid pipe as far away as Floydada." Most of the pipelaying done by Sheets and Son is in an area of about a 100 mile radius of Texico-Farwell.

"When we are laying gas lines, we have about seven men working." Since this is not the pipe laying season, Sheets has only four men working for him now.

Welding, blacksmithing, building stalk cutters, and general repair work is done in the shop, located on the highway in Texico two blocks west of the railroad tracks.

Among the equipment Sheets uses in the pipeline end of his business are a ditching machine, four pickups, one truck, and welding equipment. His most expensive equipment is the ditcher which cost about \$14,000.

"It will dig a mile and one-half a day, and it sure beats a shovel," says Sheets of the ditcher.

"We lay between 40 and 50 miles of pipe in an average

year." Sheets feels the number of miles a year has been unchanged for the last six or seven years. After the first three years, the big boom occurred and has been going ever since, he says.

"It's been good every year. "On the average, hooking up a well will usually cost the farmer about 32 cents a foot for the pipeline." In New Mexico, Sheets has a special license to lay gas pipe. No such permit is required in Texas.

"We usually lay about a mile or a mile and one-half complete in one day."

The main season for pipe-

laying is when the farmers have their crops out during the winter. Usually the fall and winter months are busiest on the gas line side of the business. The shop is pretty busy the year round.

"I usually have two welders working and the rest are just laborers."

Sheets says he has done a lot of pipelaying in both Texas and New Mexico. "I guess the biggest part is in Texas."

Sheets says there are usually about two wells per mile of pipe they lay or about 75 or 100 farmers who go over to gas every year.

people in the district. This can make a great difference in the effectiveness of your representative, too. Be sure to vote Saturday.

Several of you have been neglecting to file for the five cents per gallon state tax refund on farm-used gasoline. Wives, remember that if your husband is too busy, you may file for him, and he may give you part or all of the refund.

Those of you who have not filed for more than six or seven months, please take notice: We are returning the invoices we have received from your dealer, to your dealer and asking him to determine whether or not you wish to claim the refund. If you do not, he will discontinue issuing the invoice of exemption to you. This will save the dealer and your Farm Bureau Office the trouble of filing and notifying you if you are not interested. If, at a later date, you do wish to begin filing again, simply let your dealer know. He will begin issuing the invoice of exemption and we will notify you in plenty of time for you to file.

We are very thankful for the rains that have come in the last few days. Naturally, we are very sorry for the damage wrought to many because of the accompanying hail. Let us hope that there will not be any more hail.

Farm Bureau directors will meet Monday at 8:30 p. m. in the Friona Office. You are welcome to meet with them and observe the activities, and your suggestions will be welcomed and considered, if you wish to make some.

CONSIDER THIS: Trust in the Lord with all thine heart; and lean not unto thine own understanding. Proverbs 3:5

A tourist stopped where a farmer was erecting a building. "What are you building?" he asked.

"Well," answered the farmer, "if I can rent it, it's a rustic cottage. If I can't, it's a cowshed."

NEWS FROM THE

FARM BUREAU

BY RAYMOND EULER

We urge that you make a determined effort to get to the polls Saturday and vote. We do, of course, have a preference as to how you vote, but above all, we hope every eligible voter will cast his ballot. Farmers and ranchers and businessmen need to study the qualifications of the two candidates for state representative and vote for the one of their choice. Then, the elected one will know that he has your support, or the support of the real majority of the

Corner on Cotton

BY BOB COLLINS

Millions of dollars are going to be lost to cotton farmers this season just because some of them aren't smart enough to follow the picking and ginning practices the experts say that one should practice at the gin will make a farmer from \$10 to \$30 per acre. . . . this practice is the grouping of seed cotton according to moisture and trash content. . . . talk to your ginners about it. . . . you'll find more than cooperative. . . . we suggest you talk to your county agent about good picking practices, even if you do know about growing cotton that does!!!

Paper vs. Cotton

Paper is making more inroads into cotton's markets. . . . the Army is experimenting with a paper bed linen and several other types of clothing. . . . also, a large mail order house is offering paper ties with nylon reinforcements for use in making tablecloths, napery, etc.

New Weapon

Scientists have just come up with new facts about using cyanide arsenate to kill boll weevils where it was once thought that the pests had to eat the chemical before it would kill them. It has been discovered that the poison can kill through contact.

Cotton Meeting

Theme of the Beltwide Production - Mechanization conference 1960 will be "Growing Quality Cotton Efficiently". . . . should worthwhile for the producer. conference will be held in Memphis, Tenn., on January 11-13. . . . some of the top technical men in the country will be there.

Moisture Meter

We hear of some cotton producers who are using a moisture meter to determine when to pick, and making \$5 to \$10 per bale. . . . they check the cotton in an open boll early in the morning. . . . if it's too wet (that over 15 percent moisture for hand picking, over 8 per cent for machines) they wait an hour and check it again. . . . when it's ready, they go by. . . . they stop when the late evening reading shows too much moisture.

Land belongs to these two: to the Almighty God; and to all his children of men that have ever worked well on it, or that shall ever work well on it. -- Thomas Carlyle.

GILBERT KALTWASSER, who farms six miles southeast of Farwell, nails up a Game Cooperators sign. Kaltwasser is a member of the executive committee of the Farmer County Game Management Association which is now directing a program among area landowners to raise quail. Signs cost \$1 each.

ADDING SOME MORE dead branches to this large quail cover is Gilbert Kaltwasser of Farwell. He is participating in the program being sponsored by the Farmer County Game Management Association to have farmers raise quail this year. Landowners must provide covers for the birds which are furnished for 50 cents each.

A gentle old lady on a suburban bus watched for some time, with the kindest interest, a young soldier sitting next to her. The fellow was chewing gum vigorously. Finally, she leaned across, patted him on the knee and said:

"I'm awfully sorry, but it simply isn't any use trying to talk to me, young man. I'm completely deaf."

Preparing for a visit from the Archbishop of Canterbury, an orphanage superintendent instructed his charges to address the primate either as "Your Grace" or "My Lord." The dignitary arrived in all his flowing robes and asked one little fellow how old he was. Awed, the youngster replied: "My God, I'm ten."

WITH THE COUNTY AGENT

JOE JONES

Farmers who did not apply fertilizer before planting their cotton and plan to sidedress should get it done as early as possible after cotton comes to a stand. Sidedressing has given good results but should not be delayed any longer than necessary after the cottons up. In some instances where cotton is watered down the row and plant food leached out the importance of this application being made as early as possible is even more critical.

by January 1, 1964. With cattle numbers building up rapidly caution in the cattle business should be exercised say most all economists. One other reminder to people who normally handle cattle is that lower grade cattle usually take the greatest price reduction in time of depressed cattle prices.

Three boys will accompany me to District 4-H Camp Tuesday, Wednesday and Thursday. These club members are Bruce Billingsley, Farwell; Johnny Mabry, Friona; and Cooper Young, Lazbuddie. We will spend two nights and parts of three days learning new skills and will participate in other leadership activities to be used with other club members throughout the years ahead.

Farmers Join In Program

About 55 Farmer County farmers have joined in cooperative program for quail production this year. The program is under the direction of the Farmer County Game Management Association.

vide cover and plant quail from the state game farm at a cost of 50 cents a bird. Land is now being inspected by Pat Donnelly, game warden.

The association has bought 125 game cooperators signs which will be placed on fences of the landowners in the program. Signs cost \$1 each. Several farmers have already erected their signs.

According to W. J. Cutbirth, Jr., assistant executive secretary of the Game and Fish Commission, it is expected that some 60,000 birds will be produced at the state hatchery in

Tyler this year for landowners who want to re-stock their places and can qualify with feed and cover.

Officers of the Farmer County Game Management Association are A. L. Kerby of Bovina, president; Bruce Parr of Friona, vice president; Joe Jones, secretary; and Bill Nichols of Friona, treasurer.

Members of the executive committee of the association are Jack Patterson of Friona, Bob Wilson of Bovina, Jack Smith of Lazbuddie, Gilbert Kaltwasser of Farwell, and Woodrow Fleming of Friona.

Farm Facts

Last year farmers bought the equivalent of 15 billion gallons of crude petroleum, making them better fuel customers than any industry.

Egg prices to producers for the last half of 1960 are expected to average considerably higher than for the same period a year ago, says John G. McHaney, extension economist.

The dairy industry is big, essential, modern and diversified, has stability and is expanding, A. M. Msekma, extension dairy husbandman, declared today as Texas and the nation prepares to celebrate June as Dairy Month.

Would you like to know how to make a rope halter? Ask your local county agent for a copy of L-459, Tying Rope Halters. Copies are also available from the Agricultural Information Office, College Station, Texas. Each of the 18 steps in tying a halter is illustrated to make the job easier.

THE HEARTY HEROES AT A LAST MEAL--It was breakfast time at the Fellowship Hall of the Methodist Church following graduation of these seniors last week. The class gathered at the church to eat breakfast prior to boarding busses for the annual senior trip.

Two small boys were returning from Sunday school and were discussing the first lesson.

"Do you believe all that stuff about the devil?" one asked the other.

"No," he replied, "It's just like Santa Claus--it's your old man!"

A lawyer got a frantic call from one of his clients. The man said: "I'm in prison. They've shaved my head, cut a slit in my trouser leg, and rolled up my sleeve. What do you advise?"

"Don't sit down," the lawyer said.

Two youngsters had strayed away from their mother in a department store and were riding up and down the crowded elevators. Suddenly the boy noticed that his ice cream cone was dripping and wiped it against the back of a woman's mink coat.

"For goodness sakes, Jimmy, watch yourself," whispered his sister. "You're getting fur all over your ice cream."

The man who weighs his words retains his balance.

A TRIBUTE TO ELECTION DAY

In the blessed home of the Free and the land of the Brave, it is still our privilege to vote for the man or woman of our choice. No machine guns. No threats. No techniques of terror. This is your own United States. It's Election Day and it is your patriotic duty to get out and vote. Whatever your political affiliations or favorites, give your support to the nominees you think will serve our community best. Consider their qualifications, their trustworthiness, their past records. Then scratch out all except the one you vote for and thus show your convictions. Rain or Shine be a Voter. It's the American thing to do.
