

There was a black spot in Friona's Maize Days Celebration!

We stood on top of Gib's and watched as the gaily decorated floats followed the band and color guard down the Main St. of Friona Friday.

And then, as the symbol of the United States drew abreast, we began to wonder if we were still in that country. Few people were giving more than a casual observance to the passing of the flag.

We have watched as the colors drew more respect from members of a foreign country than spectators gave the Stars and Stripes at the parade. But, if we don't show our flag the courtesy of standing erect, how can we expect those who do not enjoy the privilege of living under the banner to continue to look upon the symbol with respect and awe?

The least we can do is stand up, remove our hats and give the flag its due. The accepted rule is that the flag will be saluted by uniformed personnel six feet before and six feet after it passes. The same distance holds for civilians. Although the salute is not required, standing erect is—unless a leg is broken or missing.

We are not ones to ride the high horse of patriotism, but we do want to be proud of our city and its citizens.

The lack of patriotism displayed at the parade makes us want to hang our heads in shame. We hope this won't happen in the future.

—T. H. —

We learned Tuesday that six more players dropped out of the football team. Well, we've got a question to ask.

What in the world is the reason for big, husky boys refusing to play on the school football team?

We've heard that some of the boys feel that the new coach is just a mite too rough on them. But from what we have seen, he is lax compared to the coaches with whom we were acquainted during our school days.

And then, we've heard that the new coach doesn't treat all the boys with the same degree of fairness. To this, we ask: "What is considered fair and does this fairness apply to every occasion?"

If one boy tries to play to the maximum of his ability and refuses to say die when the going is rough, then he, most likely, will be subjected to less drilling in the following practice session than will the boy who refuses to stick it out and continue to fight, even in the face of defeat.

Admittedly, we are just theorizing, but if we touch a sore spot with someone, we can only say, "Toughen it up." We haven't learned the reason six players quit Tuesday, but we're searching.

Now football is, in many ways, like the military—and that we can talk about with some degree of authority.

One thing you can't do is to quit when the going gets rough, if you belong to Uncle Sam's forces. The old sergeant didn't allow ANYONE to drop his pack and take five until he was ready for them to do so. And what is more, you COULDN'T quit.

REIGNING QUEEN . . . Miss Kay Burleson sits on the throne as Miss Joy Ingram adjusts her crown following the Thursday night contest to select the Maize Days Queen. Miss Janet Buckley and Miss Sharon Reeve (R) were first and second runner-up. Miss Burleson, sponsored by the STAR, was overcome with emotion shortly after the results were announced.

## John L. Ray Gins First Friona Bale

Friona reaped its first bale of cotton Tuesday morning at 11:15 a.m.

John L. Ray pulled the bale of 54-B Paymaster from 10 acres and started it through the power plant delayed the ginning for a short time but it was not until 11:15 a.m. that the first bale was ginned from the Chester and Fleming Gin and Friona Chamber of Commerce.

The Chamber gave a premium of 10 cents per pound on the 515 pounds of lint. The bale was ginned free and bought for 50 cents per pound by Chester and Fleming gin.

Ray has 221 acres of cotton and expects to average one and one quarter bale per acre. In addition to the cotton, Ray has 410 acres of maize and has just finished seeding 290 acres of wheat.

"This is the first premium bale I've had since I came to Friona," Ray said. He has farmed near Friona for the past nine years, and is presently farming four miles west and one and one half miles north of Friona.

Ray arrived at the gin with 2212 pounds of seed cotton after 28 pickers made a couple of passes through the field.

"The bale will probably be middling, or possible Strict middling," Wright Williams, ex-ginner and supervisor of the braceros, said.

The bale beat the 1960 Friona bale by one day. R. C. Davis, Lazbuddie, delivered the first bale to Friona on Sept. 20, in 1960.

The premium awarded by the Friona Chamber of Commerce was the first annual

premium given by the chamber for the first bale of cotton in Friona.

Ray planted his cotton April 28.

## Red Cross Asks For Carla Aid

Donations are now being accepted for relief funds for the hurricane stricken coastal area, Was Foster County Red Cross Chairman, announced this week.

Farmers County has been asked to raise \$550 for the emergency fund, Foster said. No organized drive is scheduled but donations may be mailed or delivered to the banks in Friona, Bovina and Farwell, or Foster Dry Goods in Friona.

Foster asks that all checks be marked "emergency fund" or "Carla Fund."

The call for funds comes in the wake of Hurricane Carla's devastation at Galveston and other Texas coastal cities. The storm sent thirty-foot waves crashing over the seawall that protects Galveston from the Gulf of Mexico. Tornado-like winds flattened over 100 homes, killed six people and injured scores in Galveston alone.

Just as the residents began to relax after the main force of the hurricane passed, a vicious tornado struck, destroying many homes.

There are still 350 people whose homes were destroyed, seeking shelter in the Rosenberg School, according to a Red Cross report.

Donations must be in by Sept. 27.

THE FIRST BALE . . . John L. Ray sits on his premium bale of cotton in front of the Friona State Bank as Wright Williams (L) and Ernest England stand by.

## 15 PLAYERS REMAIN

## Chieftains Lose Six Starters

The Chieftains scored their first touchdown of the season against the Morton Indians Friday.

But their chances of making a fair showing against New Mexico Military Institute took a sudden turn for the worse Tuesday evening.

Six starting players abandoned the team. They are Ranza Boggess, Dwight Bates, Reggie Hayes, Hank Outland, Creig Coon and David Carson.

Coach Kenneth Miller reported that only eight players

turned out for practice Monday. The rest of the team is reported to have gone to the fair in Amarillo.

Fifteen players were left on the Chieftain squad as of Tuesday evening.

The Friona team got off to a bad start in the contest with Morton but returned to give a good account of themselves in the second half.

Morton absorbed 35 yards in penalties in the first quarter but scored three times to

lead the first period 22-0.

Late in the third quarter, Morton attempted a quick kick, but it slipped sour off the side of the Morton Quarterback's foot. Friona's Gary Snead snatched up the spinning pigskin and returned it 32 yards to set up the first Chieftain score.

Tommy Baxter then plunged across with the ice-breaking six points. Floyd Reeve carried the ball across to chalk up two extra points.

Reeve drove the pigskin

## MOVES TO MULESHOE

# City Manager Resigns

Albert Field, Friona City Manager, officially submitted his resignation to the City Council Tuesday at 8 p. m. during a called meeting.

The City Council unanimously accepted the resignation but "with regret."

Fields stepped into the city manager's job May 8, 1958. He has accepted the position as city manager at Muleshoe effective upon his departure from Friona. Field will remain in his position here until a qualified replacement is found, he informed the council Tuesday.

Field expressed his "sincere appreciation for the cooperation and assistance which the council, the mayor and people of Friona have extended him during his three years as city manager."

In accepting his resignation, the council wished him "the best of luck in his new undertaking" and expressed their "thanks for the outstanding job he has done in the city of Friona."

In other business, the council accepted bids by the McWayne Cast-Iron Pipe Co. of Dallas for 1500 feet of two and one-quarter inch pipe and 1800 feet of six inch pipe. Bids were 69 cents and \$1.72 per foot respectively.

Bid of \$128 for six, two and one-quarter inch, valve gates submitted by Western Industrial Supply Co. of Amarillo was also accepted.

The advisability and advantages of installing a new radar unit in the city patrol car was discussed with some opposition to the idea.

Mention was made that several towns used the radar as a fund raising enterprise by setting up "speed traps." Councilman Kenneth Williams firmly opposed the idea of installing radar in the city cars.

"I don't want our town to get the reputation of trying to make money in that manner," Williams said with reference to the "speed traps."

Applications for a new city manager are now being taken.

## Ellis Wins Top Spot In Contest

Eugene Ellis, Friona, won the third gridiron contest by the widest margin yet to be registered for the present season.

Ellis was the only person to pick the winner of eight matches last week. He slipped in picking Olton over Springlake and White Deer over Lefors. The White Deer-Lefors game upset all contest entrants by emerging a tie.

The tie breaker was called upon to decide second and third place winners. C. H. Veasey missed the correct scores of the Friona - Morton game by

These two Teletype technicians were hooking up the "business end of the news" at Plains Publishers in the wee hours last Friday morning. They are Jack Kemp, left, and Dick Taylor. The machine they are checking out regularly gets its output directly from the Albuquerque bureau of United Press International.

## Friona Firm To Print Lovington Daily Paper

Newspaper history will be made next week when Plains Publishers, Friona publication firm, begins printing the Lovington Leader.

The Eastern New Mexico paper, a five-day daily, will be produced in the local plant on an intricate and detailed daily schedule that makes use of electronic communications equipment calls for a fast round-trip by airplane or car from Lovington to Friona and back.

Daily newspapers have previously been printed in remote plants elsewhere in the United States, but until now it has been estimated that 50 miles is the limit of the distance that they can be scheduled and produced to meet deadlines.

With the aid of Teletypesetting equipment, a direct UPI news line, a battery of cold-type justwriter composing machines, and a high-speed offset press, Plains Publishers proposes to nearly triple this

distance. It is 134 miles from Friona to Lovington.

News from United Press International will be transmitted directly to the composing room at the Friona firm from the Albuquerque UPI bureau. Also, the plant will be connected with a "TWX" Teletype circuit to the Lovington editorial offices, and local news copy will be transmitted direct to the typesetting equipment in this manner.

After the papers are printed, they will be rushed either by plane or by car to Lovington to be distributed by 15 carrier boys in the New Mexico city.

W. H. Graham, manager of Plains Publishers, explains that the decision to do the production work at the Friona plant was reached after a recent change in the management of the New Mexico paper. He purchased an interest in the

daily effective September 1 and is publisher and president of The Lovington Publishing Company.

"We want to give the people of Lovington a good newspaper," Graham says, "and we believe that printing it with our offset equipment is the quickest and best way to achieve that end."

This will be another in a lengthy list of notable "firsts" for the Friona business which pioneered in the development of offset printing for newspapers several years ago. In a typical week, Plains Publishers produces 25 weekly newspapers at its plant. This, however, will be its first attempt to print a daily.

Equipment being added for the increase in work load include a Teletype teleprinter and reperforator, a Teletype teleprinter and transmitter.

(Continued on page 2.)

## Gun Club Takes Hunting Lease

Friona Gun Club has taken care of their worries about where they can find a suitable place to hunt.

A hunting lease on approximately 3,300 acres has been taken by 26 members of the Gun Club, Ben Moorman reported.

The land is situated west of the game reserve near Muleshoe.

FEMALE FOOTBALLERS . . . four girls shown above became distressed when the Chieftain football squad continued to dwindle this week. They were photographed in the field house by the STAR photographer while trying on suits in search of equipment which would fit Wednesday morning. It seems that they were intending to volunteer their services to replace the six starters who quit Tuesday. They are: Clarissa Floyd (L), Carolin Guinn, Pat Floyd and Marcella Massey.

## Editorial Comment:

### Celebration Shows Friona Spirit

Friona may be a small city in size, but it is bigger than the biggest when it comes to pride, loyalty, enthusiasm and just plain getting things done.

No other city in Texas can boast of a citizenry that will throw itself behind a city-wide celebration with such vigor as did Frionans during the Maize Days pageant last week. And we are not speaking of just a small group. We are talking about the entire town--and its surrounding communities.

We have observed similar celebrations in the largest cities in Texas--largest in population--and there is the overall feeling of commercialism--a feeling that the whole thing is staged solely for monetary reasons.

In contrast, the feeling generated in Friona last week was one which brought to life, the friendly atmosphere of the mythical county fair.

Of course, the celebration, like most of its kind, had its promotional aspects. But the high pressure tactics present in most such events were glaring in their absence.

Many Frionans devoted long hours to preparation and operation of events which

served only to provide entertainment and enjoyment for others.

In celebrations similar to Friona's Maize Days which are conducted in most large cities, concessions are operated by private investors at the expense of the citizens--and for a profit. Entrance fees are charged and if anything is given away free, it is most certainly a special promotion of some industry, organization or business.

In Friona, booths were operated by civic organizations which will benefit the community rather than some individual entrepreneur. No entrance fee was charged and the hundreds of pounds of barbecue along with the trimmings which were passed out free were promoting only one thing--friendship and good will for the city of Friona and its unique citizens.

For the tireless effort, goodwill, friendship, and community-wide interest which brought about the success of the Maize Days Celebration and sets it apart from others of its kind, the STAR extends congratulations and a pat on the back to the citizens of Friona.

### Friona Smashes Sudan Eleven

Friona's seventh and eighth grade football teams overpowered the Sudan opposition 28-0 and 32-0 in Tuesday night tussles here.

Santos Esquivel romped 35 yards for the first seventh grade score and repeated the feat for six more points in the first quarter. Don Hoover ran the first extra points. The second try for two extra failed to leave the first quarter score at 14-0. Billy carried the ball across for the only score in the second quarter.

Ted Renner grabbed a Sudan punt in the third period and returned it 80 yards for the final touchdown of the game. Mike Wooley scampered across for two extra points.

Heavy rain and hail caused the officials to call the game at the end of the third quarter with the score standing at 20-0.

Following the end of the short, torrential-like downpour, the eighth grade teams took to the muddy field.

Larry Johnson splashed through the Sudan line twice in the first quarter to chalk up two touchdowns. Rickey Coon added four points with both extra point tries.

Tommy Sherley raced 62 yards in the second period to score the third Friona TD. Johnny Claborn ran the extra points.

Tommy Sherley crossed the goal line twice in the third to end the scoring in the 32-0 game.

The grade teams meet the Dimmitt squads Sept. 26 in Dimmitt for their third contest of the season. The seventh grade game will begin at 6 p.m. and the eighth grade game will follow.

Tommy Baxter romps across for the first Chieftain score in the Friday contest with Morton.

### Sixth Graders Tour Publishing Plant

Members of the sixth grade classes of Friona school taught by Mrs. Jeanne Adams and Mr. Robert Taylor toured Plains Publishers Wednesday afternoon.

The 64 pupils and two teachers were conducted through the plant by W. H. Graham, publisher of the Friona Star and manager of Plains Publishers.

During the tour pupils were given a detailed report of purposes of various machines used in production of a paper. The visitors watched straightmat-

ter being prepared on Justo-writer machines, ad copy being prepared on Headliners, copy and straightmatter being pasted up and proof readers checking for errors.

They also visited the dark room and watched the camera in operation. An explanation of the process of transferring printed matter to negatives and from negatives to plates for the press was presented to the group.

At press time they were allowed to watch the press in operation and were given samples of papers being printed.

"ALL YOU HAVE TO DO IS TURN A KNOB" says Ronny Ferguson, pressman, as he demonstrates operation of a huge web fed offset press to a group of students.

### Quarterbacks Organized Wednesday

Quarterback club was organized in Friona Wednesday.

A group of Friona business men and farmers met with head football coach, Kenneth Miller, Wednesday to let Miller know that citizens of Friona are behind him and the football team all the way--win, lose or draw.

During the course of the meeting it was decided to organize an active Quarterback Club to stimulate more interest in our school's athletic progress and work with the school system in areas where an outside group could be of assistance.

The following officers were elected: John Renner, president; C. L. Lillard, vice-president; Ralph Taylor, secretary-treasurer and Martell LeVeque, reporter.

Committees were appointed to draft the club's by-laws and meet with the school board. Meetings are scheduled for every Monday night at 7:45 in the school cafeteria for a

### Jaycees Start Relief Drive

The Friona Jaycees and Jaycees Wives begin gathering clothes and canned foodstuffs for shipment to the hurricane stricken area on the Texas coast to day. Mrs. Jack Burnett, secretary-treasurer of the Jaycee Wives, reports.

Clothing and foods collected will be delivered to the Red Cross for shipment to the displaced families in Carla's path.

Mrs. Burnett asks that all persons call Mrs. Walter Haws at 3034 or Mrs. Virgil Phipps at 2472 if they have some article of clothing or canned goods to contribute.

The Jaycees will call on all those interested in contributing to the drive Saturday.

Other donations may be left at the Phipps-Rhodes Texaco station on Highway 66 in Friona.

program and to review films of the previous Friday night's football game.

Everyone is invited to attend these meetings and to let the team and coach know they are appreciated.

### Jury Called For Monday

Farmer County Petit Jury will convene Monday at 10 a.m. in the courthouse in Farwell.

District Judge E. A. Bills will preside over the session for which six civil cases are scheduled. Several criminal cases are also set for action before Judge Bills.

Sheriff Chas. Lovelace has summoned 48 county citizens for potential jury duty. They are Harry Sheets, Elbert Nowell, Virgil Woodson, Finis Jennings, Mrs. Joe C. Moore, Jack Patterson, S. A. Barbee Jr., Reagan Looney and Joe L. McWilliams.

E. D. Chirwood Jr., George D. Magness, H. H. Briggs, John A. Agee, Joe Magness, Mrs. W. M. Roberts, Mrs. Henry Lewis, Glen Lesley, George A. Jones, A. M. Wilson, Hugh Alexander, Buck Falwell, C. A. Felts, Frank D. Spitzer Sr., Thomas A. Beauchamp, and Mrs. Carl Davis.

David White, Sam White, Vernon Symcox, Mrs. Donald Watkins, Mrs. Jimmie Scaton, H. H. Childs, Robert Calaway, Preston Martin, Raymond Schucker, Charles Hawkins

Wayne Clark, Mrs. Vernon Estes, Marlin Ferguson, O. J. Beene, Gilbert Kaltwasser, and Mrs. H. L. Garner.

Mrs. R. F. Blankenship, S. L. Struve, Mrs. W. D. Prince, L. M. Smith, Gene Hardage, Neil Stewart, and A. R. McCutchan.

Cases scheduled to appear before the jury are: Dew Morris vs. Traders and General Insurance Company; Daniel Malinar vs. Travelers Insurance Company; Harris B. Dunn vs. E. T. Jennings d/b/a/ Benger Air Park; Carl W. McClintock vs. L. G. Harris and Jack Blair; Jesus O. Cano vs. Texas Employers Insurance Company; and Casey Carpet Co. vs. Arnold Hromas and J. A. Loflin.

Discussing their youngsters, one mother said to the other: "Is your son hard to get out of bed in the morning?"

"No," replied the other, "I just open his door and throw the cat on his bed."

"How does that awaken him?" the other asked. "He sleeps with the dog."

"I can catch the 6:15 train," explained the hiker, "if you'll let me cut across your field." "Go ahead," said the farmer, "but you'll catch the 5:45 if my bull spots you."

# Maize Days Draws Large Crowds

## 3400 Served At Barbecue

Free barbecue proved the biggest single attraction at the Friona Maize Days celebration last weekend.

A. L. Black, chairman of the barbecue committee, reported 3400 servings of barbecue, beans, onions and tomatoes were dished out to hungry citizens and visitors Friday at 5 p.m.

Chamber of Commerce supplied the 2500 pounds of dressed beef needed for the barbecue. The beef was paid for with the revenue from sale of shave permits, sponsored by the Lions Club, Black reported. In addition to the beef, 300 pounds of beans, 300 pounds of onions and 960 pounds of tomatoes were prepared for the feast.

The fifth annual celebration began with the beauty contest Thursday evening in the Friona

High School Auditorium before a capacity crowd. Miss Kay Burleson, 17-year-old daughter of Mr. and Mrs. T. I. Burleson of Hub, was named Queen to reign over the pageantry. Janet Buckley and Sharon Reeve were named first and second runners-up.

Brilliant sunshine set the stage for the annual parade Friday morning. The 589th Air Force Band from Amarillo led the 18 gayly decorated floats up Main St. at 10:30 to begin the day's activities.

Winners of the float contest were: Ethridge-Spring Agency, commercial class; Freshman Class, school classes; Northside Home Demonstration Club, club and organization class; and Rhea, community class.

Ancient cars, riding clubs and farm implements followed

the closely spaced floats. An estimated 3,000 spectators lined the street to watch the procession.

Following the parade, the Air Force Band gave a short concert at the fair grounds in the City Park.

During the entire week, the Lone Star Amusement Company had their rides operating in the park. The Friona Lions Club sponsored the five rides.

In addition to the rides, many clubs and civic organizations sponsored booths in the park where hot dogs, cold drinks, cotton candy, popcorn and homemade pies could be obtained.

Bingo, sponsored by the Friona Jaycees, ball throwing and air rifle games, sponsored by the Fire Dept., were also available for entertainment and enjoyment.

Friday afternoon at 4 p.m., the firemen gave away

a fully equipped camping trailer. Clarence Monroe of Hub held the lucky ticket. He had purchased two chances for the trailer.

A money doll dress in 25 one dollar bills was given away by the Progressive Study Club. Mrs. Audrey Graham of Friona received the excellent return for her ten cent investment. Proceeds will be used to purchase thermos jugs for Parmer County Community Hospital.

A friendship quilt, bearing the names, address and arrival dates of many Parmer County residents, was also drawn for. Mrs. Jack Patterson, Rhea, won the quilt which was sponsored by Hub Home Demonstration Club.

Male members of the buzzing crowd turned their undivided attention to the drawing when the shotgun sponsored by the Friona Gun Club went on the

block. Frank Lillard of Phillips, Texas won the gun. He is a bus driver for Phillips High School.

Stock show and judging at the Jaycee arena and aerial entertainment at Benger Air Park started the events Saturday morning.

A sleek angus owned by Jim Roy Wells of Friona captured the Grand Champion Steer ribbon. Craig Coon's Shorthorn was judged reserve grand champion.

Ricky Hasehal's barrow won the grand champion ribbon in that class. Reserve champion went to Jimmy Dale Seaton. Hasehal is from Lazbuddie.

Grand champion and reserve champion gilts were shown by Jimmy Seaton and Paul Wilbark, also of Lazbuddie.

Parachutists from the Lubbock Sky-Diving Club kept the spectators craning their necks at the air show.

Buddie Hood was first to hit the silk following a 10 second delay after leaving the plane at 4800 feet. He was followed by Del Hickmott from 5500 feet. Hickmott dropped for 20 seconds to 2200 feet before opening his chute. Gasps of astonishment were heard as he seemed to bounce in the air when his chute filled.

Ed Walter coaxed the old Sterman biplane into the air to give a breathtaking exhibition of aerial acrobatics. Pete Smith of Portales then tried to better Walter's feats with a series of barrel rolls in his Bronco. To wind up the air show, Del Hickmott again leaped into the 18 MPH wind. His final jump was made from 7,200 feet. He delayed 30 seconds before pulling the rip cord. Knots and sudden turns appeared in the trailing smoke from the flare tied on his foot as he executed controlled maneuvers during

the free-fall. The Sky-Divers reach a top speed above 130 MPH during their delayed dives.

Police Chief Ben Moorman summed up the feelings of the town when he said:

"It has been the best Maize Days we've had. Maybe not the biggest, but the best."

Did you hear about the hunter who climbed through the fence with his gun cocked? He is survived by his wife, three children and a rabbit.

# PHOTO FLASHES FROM MAIZE DAYS

FRIONA'S MARCHING BAND . . . led by prancing twirlers, the Friona High School Band led the floats up Main Street in the Maize Days parade Friday. The school band was almost twice as numerous as the Air Force band which led the parade.

LIKE SARDINES . . . Three young ladies hold on for dear life as the centrifugal force of the Scrambler packs them against the outside of the seat.

## Winners Announced In 'Kids Contest'

The younger set had a smashing good time at the Maize Days Kids' Contests--especially in the egg races.

Winners of the events were announced by Tom Jarboe, chairman of the contest committee.

EGG RACE (girls -- 11 to 14) Becky Turner, Lydia Buske, Jan Shirley.

EGG RACE (boys -- 11 to 14) Joe Murphree, Billy Burton, Danny Nettles.

EGG RACE (boys 10 and under) Ricky Davis, Scott Woolley, David Fields.

EGG RACE (girls 10 and under) Amelia Sims, Pat McVey, tied--Denise Buske and Vickie Payne.

THREE LEGGED RACE (11-14) Donald and Ronnie Richards, Danny Nettles and Jimmy Grimsley, Randy Farr and Mike Woolley.

THREE LEGGED RACE (10 and under) Scotty Woolley and Billy Procter, Ramey Beene and Johnny Barker, Zargosa and Joe Moreno.

BOYS SACK RACE (11-14) Tommy Sherley, Danny Murphree tied for 1 and 2, Mike Woolley.

GIRLS SACK RACE (11-14) Shirley Stokes, Jan Sterling, Ann Ayers.

SACK RACE (boys 10 and under) Zane McVey, Rickie Recker, Gary Shirley.

SACK RACE (girls 10 and under) Janie Lane, Lark Jarrell, Patsy McVey.

PIE EATING (11-14) Joe Bob Mann, Nickie Hand, Randy Ellis.

PIE EATING (10-under) Gary Shirley, Ricky Davis, Johnny Barker.

TRICYCLE RACE (pre-schoolers) Phil Bynum, Phillip Kirk Duggins.

BICYCLE RACE (Boys 10-14) Tommy Sherley, Billy Burton, Don Ready.

BICYCLE RACE (girls 10-14) Janie Lane, Jan Shirley, Lark Jarrell.

GEE BUT IT'S STICKY . . . Christi Ann LeVeque finds the cotton candy most interesting at the Maize Days carnival. She even managed to get some on her face.

TOOLS FOR PARMER COUNTY GROWTH

CHAMPION PIE EATER . . . Gary Shirley, winner of the 10 and under class, looks up as the judges check the near-empty plates. Judges didn't count the pie on the face.

EXPERT DRIVER . . . Jim Roy Wells backs the trailer between the barrels to win the tractor rodeo at the Maize Days contest.

ECONOMY CAR . . . One of the cars entered in the Maize Days parade Friday morning which drew many envious glances from young spectators.

## Rogers Congratulates Frionans

(EDITOR'S NOTE: The following is a transcript of the congratulatory address by Congressman Walter Rogers which was delivered by telephone from Seattle, Washington and taped by KUZOL radio station in Farwell.)

Hello folks, How are you. This is your Congressman Walter Rogers speaking to you. I am terribly sorry that I was unable to be with you in person, so I chose this way of bringing a message to you of congratulation on the great work that you've done in grain sorghum and in the maize field generally. You don't really know, I'm afraid, just how much your contribution has meant to the world and how much it's meant to the

United States Of America. I realize that you feel some times that the farm communities of this country are not fairly treated by some of the metropolitan press. And I certainly agree with you. But I want to tell you that I know and many other members of the congress know of the great work you've done and the great contribution you've made to this country that has placed us first in agriculture and especially in the maize field. Due to your efforts we are moving forward in foreign trade in the maize areas and I think that it's all due to the great work that you folks have done. I just wanted to say "Happy Celebration" to you and congratulations for your fine achievement.

## FRIONA MAIZE DAYS

BARBECUE TIME . . . hungry fair-goers line up and pass through the lines at the barbecue tables where the Friona Fire Dept. served 2500 pounds of dressed beef during the Maize Days celebration.

CHOW DOWN . . . Hungry Frionans and visitors line up at the barbecue tables for a hearty serving of the feast at the Maize

Days celebration Friday. Thirty four hundred plates were served at the event.

WHAT'S THAT . . . One of the many young spectators at the Maize Days parade peeks around the young lady with a questioning look as the long string of farm implements start down the street.

THE SLOW MARCH . . . Entrants in the egg races were unable to reach top speed and keep the egg in the spoon long enough to cross the finish line. This was one event when the smoothest, not the fastest, took the prize money. Thirty four eggs were smashed in the four races.

SWEDISH BEAUTY . . . Miss Anni Jensen, Friona's exchange student from Denmark, prepares to leave the stage as Royce Botiford, master of ceremonies, checks his cards for the next entrant and judges tackle the hard task of comparing notes. Miss Jensen was the last of the 28 entrants to cross the stage.

BEST OF THE BEARDS . . . Granville MacFarland tries to get a firm hold on the beards of Floyd King (R) and Irvin West after the beard contest Friday night. King was judged first, West was second and Roy Young was third. All three claimed five-week-old beards.

## Something To Think About

6th. Street Church of Christ  
Box 515 -- Friona, Texas

The most important thing about love is not "Do we love?" but rather "What do we love?" From the standpoint of true Christianity the supreme object of his love is God, and the proof of that love is obedience. "For this is the love of God, that we keep his commandments; and his commandments are not grievous." (1 John 5:3)

Some people misinterpret the word grievous, and as a result have a distorted view of God's commandments. They understand the expression "not grievous" to mean not difficult. This is wrong. God never intended us to deal lightly with his laws, but made it clear that his people were to be "cross bearers." The Christian life is a sacrificial life.

John is pointing out the fact that it is not a chafing experience to keep the commandments of God, if we love him. In fact, the man who truly loves God gets his greatest thrill in a complete obedience to the will of his Heavenly Father.

In the light of these observations, we all need to reevaluate our profession of love for God. It is most unwise to profess that we love Him but refuse to obey his commands. John did not say that we keep a part of the commandments, or just those that we like. Neither did he say for us to keep only those that seem reasonable and declare the rest as non-essential. To love God is to keep ALL of his commandments. Think about it!

# come to church sunday

Who shall ascend into the hill of the Lord? or who shall stand in his holy place? He that hath clean hands, and a pure heart; who hath not lifted up his soul unto vanity, nor sworn deceitfully. (Psalm 24:3,4.)

We soon become like our daily companions. Since our thoughts are our closest companions, the only way to live a clean life is to cultivate purity of mind and heart. As a man "thinketh in his heart so is he." We read in Proverbs, "The thought of foolishness is sin." Usaiah holds out the hope to us that God will forgive the man who forsakes his sinful way and his unrighteous thoughts.

An air conditioner can change the air in a room by drawing out stale air and bringing in fresh, pure air. Thus the atmosphere of the room is changed.

Changing impure thoughts for pure thoughts can alter life. We can fill our minds with the teachings of Christ. Before we know it, our lives will be free from anxiety and worry. We know the peace which comes from inner confidence. We shall have the power that comes to those who are at peace with God, with man, and with themselves.

# Of Interest To THE WOMEN

## Clarendon W.M.U. Ladies Observe Schedules Prayer For Missions Reunion

Homecoming for all Clarendon High School ex-students and ex-teachers will begin at 9 a.m. Sept. 30 with registration and tours of the new building.

A tea for all Kappa Kappa Theta members is scheduled for 1 p.m.

Special acknowledgments and election of officers will be at 3 p.m. A barbecue banquet for all ex-students, ex-teachers and their guests will begin at 6 p.m.

At 7:30 p.m. a football game between the Clarendon Bronchos and Wellington Skyrockets will begin. Following the game a dance will be held in the college gym.

Jeanie Matthews, president of the ex-students, invites everyone who has attended Clarendon High School to attend these activities.

A day of prayer for State Missions was observed September 13 by members of the W.M.U. of First Baptist Church. Program theme was "What is That in Thine Hand?"

"The Outstretched Hands" and "The Sharing Hands" were study topics preceding a covered dish luncheon in the Fellowship Hall.

### Seniors Attend Class Party

Mikie Welch was hostess to a party for members of the senior class in the home of her parents, Mr. and Mrs. Nelson Welch, Friday evening following the football game.

Preceding charades and games, sandwiches, potato chips, dips, cold drinks and cookies were served to about thirty guests.

Following a period of Fellowship, the afternoon program consisted of the subjects, "Busy Hands," "Clasped Hands," and "Your Hands." Attending were Mesdames J. L. Witten, A. W. Wood, Bill Burton, Gary Hicks, Phillip Weatherly, Clyde Tims, Charlie Turner, Ed Hicks, O. B. Moyer, Lee Renner, Joe Talley, Leonard Haws, Joel Landrum, Wesley Hardesty and Jim Maynard.

Also Mesdames C. W. Dixon, Rosa Anderson, Edgar Carney, Curtis Murphree, Leonard Coffey, Richard Adkins, Johnny Mars, and one guest, Bill Burton.

### Scout Troop 144 Elects Officers

Girl Scout Troop 144 met Wednesday, Sept. 13, after school in the Fellowship Hall of the Methodist Church to elect new officers. The group of girls also made decorations for the parade float.

Officers elected were Glenda Mingus, president; Shirley White, vice-president; Linda Fallwell, secretary; Cindy Ingram, treasurer; Sue Rodgers, song leader and Vicki Moorman, reporter.

Reporter, Vicki Moorman

Guests in the home of Dr. and Mrs. Loyd Shackelford are Mrs. Shackelford's parents, Mr. and Mrs. Dee Tipton of San Bernardino, Calif.

Mr. and Mrs. Tom Akers, Mrs. Tennie Mae Scharborough and Mrs. Tina Fonken, all of Amarillo, visited Mr. and Mrs. Paul Smith Sunday. Mrs. Scharborough is Mrs. Smith's mother and Mrs. Akers and Mrs. Fonken are aunts of Mr. Smith.

## Mrs. Varner Hosts Friona H. D. Club

Mrs. J. R. Varner was hostess to a meeting of Friona Home Demonstration Club members Tuesday afternoon, Sept. 12.

Plans were discussed and made to run a "Fishing Pond" for the children in the City Park during Maize Days.

Other business included election of officers. They were Mrs. J. B. Williams, council delegate; Mrs. Walter Cunningham, president; Mrs. J. D. Sanders, vice-president;

Mrs. L. D. Taylor, secretary and treasurer; Mrs. Paul Williams, reporter and Mrs. Wesley Hardesty, parliamentarian.

Mrs. Cunningham presented a program on "Parliamentary Procedures."

Next meeting will be with Mrs. J.D. Sanders.

## Relatives Visit The Cordie Potts

Visiting Mr. and Mrs. Cordie Potts last week were Mrs. W. L. Hopkins, Las Vegas, Nev.; Mr. and Mrs. Karl Dorsey, La Vista, Calif.; Mrs. W. W. Burns, Des Moines, Iowa and Mr. and Mrs. O. C. Schlenker, Bellflower, Calif.

Mesdames Hopkins, Dorsey, Burns and Cordie Potts are daughters of Mrs. Charles Schlenker.

## Mrs. Dan Smith Shower Honoree

A surprise lullaby shower honored Mrs. Dan Smith Thursday afternoon in the home of Mrs. Paul Smith. She is the daughter-in-law of the Paul Smiths and has been visiting in their home for several weeks.

Hostesses for the occasion were Mesdames John Hays, Rosco Ivy and Otey Hinds.

Attending and sending gifts were Mesdames Lucy Welch, Daisy Miller, Rene Snead, John Blackburn, Nelson Welch, Bill Rogers, E. H. Cummings, Newman Jarrell Sr., David Carson, Jim Cocannouer, J. B. Taylor, Ed Boggess, J. M. Watson and Harold Lillard.

## Bengers Make Weekend Trip

Mr. and Mrs. John Benger spent the weekend visiting relatives in Kinsley, Kan. On the way to Kinsley they stopped in Beaver, Okla., to see Mrs. Benger's step-mother and uncle who are in the Pioneer Nursing Home there.

Sunday the Bengers returned via Supply, Okla., visiting Mr. Benger's sister, Mrs. Gertrude Latta. Mrs. Latta has been seriously ill.

Mr. and Mrs. Benger were luncheon guests in the home of Mr. and Mrs. Loyd Benger of Fargo, Okla., before returning to Friona.

Effects of heavy frost were seen in parts of Kansas.

W. A. Timney of Topeka, Kan., a former resident of Friona, visited in the home of several friends last week in Friona.

Mr. and Mrs. Dean Bingham, Friona, announce the engagement and approaching marriage of their daughter, Darla, to Robert Ivy, son of Mr. and Mrs. D. B. Ivy of Lazbuddie. Vows will be exchanged November 4 at 4 p.m. in the Friona First Baptist Church. Invitations are not being mailed locally but friends of the couple are invited to attend the wedding and reception. Miss Bingham is a graduate of Friona High School and Cliff Mann Floral School. She is employed at Billie's Flower Shop in Hereford. Mr. Ivy graduated from Lazbuddie High School and Arlington State College and is now engaged in farming near Lazbuddie.

## Progressive Study Club Has Opening Meeting

Unique decorations were used for the club theme "To everything there is a season, and a time to every purpose under the heaven" at the opening meeting of the Progressive Study Club Tuesday evening.

The entertaining room of the club house was decorated with clocks of many designs representing time. A buffet dinner was served from u-shaped tables facing a world map holding streamers connected to hour-glass place cards. Points

located on the map indicated places to be studied during the year.

Mrs. Robert Ginsburg, accompanied by Mrs. Stanley Benge, sang "The Lord's Prayer" by Malotte, followed by the flag pledge given by members.

Mrs. Newman Jarrell Jr., president, gave the welcome address and conducted a brief business meeting.

Mrs. Lee Cranfill presented year books to each member, and the Club Collect was repeated by those present.

Hostesses were Mesdames Lee Cranfill, Baker Duggins, Sam Green and Bob Reithmayer.

## Christian Women Attend Lectures

Several members of the Ladies Bible Class of the Sixth Street Church of Christ attended a series of lectures at Southside Church of Christ in Amarillo last week.

Mrs. Myrtle Thompson conducted the classes and on Wednesday afternoon she presented a review on the Book of Ruth.

Attending from Friona were Mesdames Rene Snead, James Procter, Ralph Robinson, Bill Rogers, John Blackburn, J. M. Watson, Lucy Welch, John Hays, Otey Hinds, Rosco Ivy, Nelson Welch, Grady Nelson, Paul Smith, Dan Smith, M. C. Dennis and Doyle Cummings.

## Drake Families Have Visitors

Visiting in the homes of Mr. and Mrs. Earl Drake, Mr. and Mrs. Arthur Drake and Mrs. A. O. Drake last week were Dr. and Mrs. W. B. Miller of Iowa City, Iowa and Mr. and Mrs. Stuart Hoover from Denver, Colo.

Sunday guests in the home of Mrs. A. O. Drake were Mr. and Mrs. Arthur Drake and family; Mr. and Mrs. Earl Drake and family; Frances Howard, Abernathy; Treva Reece and Ted, Canyon; Mr. and Mrs. Jim Reece, Amarillo; Mr. and Mrs. Bailey Reece and children of Tullia and Mr. and Mrs. Bud Minor of Hereford.

Mr. and Mrs. Eugene Boggess were in Abilene last week-end visiting with their daughter, Robbie, who is a student at ACC. They were also guests of Mr. and Mrs. Stanley Lockhart and daughters of San Angelo Sunday.

## Benders Return From Vacation

Mr. and Mrs. Karl Bender have returned home following a vacation in California. While there they attended Glendale Sanitarium and Hospital School of Nursing graduation exercises at which their daughter, Denise, received her diploma.

Accompanying the Benders were Mrs. Vivian Cozart and daughter, Pamela Denise, of Cliso and Viddian Weis of Perryton. They were guests in the homes of Mr. and Mrs. Harry C. Weis, Mrs. Ruby Renner and Mr. and Mrs. Edward Rummions and family.

Points of interest visited by the group were Knotts Berry Farm and Forest Lawn.

Visitors in the R. L. Bates home Sunday were Mr. and Mrs. Paul Koeltzow from Clovis. The Koeltzows are formerly of Friona.

## McFarland-Bainum Host Study Club

Mrs. J. G. McFarland and Mrs. Mack Bainum were hostesses for the Modern Study Club Tuesday evening in the Friona Club House.

Mrs. Otto Whitefield gave the devotional preceding a brief business meeting. The Modern Study Club will contribute \$25 to Girlstown USA, at Whiteface.

Program topic "New Dimensions for Senior Citizens" was introduced by the quotation, "It's not by the gray of the hair that one knows the age of the heart."

Mrs. Bill Nunn discussed "Problems of an Aging Population" and Mrs. Loyde Brewer presented "social Security and You," followed by a round table discussion.

Twenty members were present.

# NOW! A NEW WORLD OF WORTH!

NEW FROM DIESEL TO DAZZLE!

**'62 CHEVROLET JOBMASTER TRUCKS!**  
WITH NEW High Torque Power

Here they are—handsome, functional '62 Chevrolet trucks powered to work harder in every weight class. Hefty new V8's with the highest torque in Chevrolet history. New diesel brawn for medium-duty models. And new power to pick from in light-duty models. There's a wider choice of power, a wider choice of torque, across the board. For heavies, there's the new High Torque 409 V8\*, with 16% per cent more torque than ever before available from Chevrolet. Big news in the middle-weight class is the new Chevy-GM 4-53 Diesel. It's compact, rugged, high in torque, and backed by years of GM Diesel experience. In the light-duty lineup, the High Torque 261 Six\* adds new sock, new savings in extra-tough applications. You can pick from nine rarin'-to-work, ready-to-save engines.

Handsome new work-styling includes forward-sloping hoods that allow drivers to see as much as 10' feet more of the road directly ahead. Chevrolet's famous Independent Front Suspension gives you a smoother riding, easier working, longer lasting truck. New heavier duty, smoother hypoid rear axles for middle-weights. Rugged new I-beam front axles\* of 9,000- or 11,000-lb. capacity are available on Series 80 heavyweights. Mufflers are longer lived on all models. You'll find a total of 198 models in the new '62 Chevy line—including three work-proved, versatile Corvair 95's. Every model is built to out-haul, out-last and out-value any other truck at anywhere near the price. See your Chevrolet dealer! \*Optional at extra cost

New SERIES 80 DIESEL. Diesel savings and sure Chevy durability.

New FLEETSIDE PICKUP. Most modern version of America's most popular pickup.

See your local authorized Chevrolet dealer

### Assembly Of God Starts Revival

Revival services began Sunday at the Assembly of God Church in Friona. Services will be held each evening at 8 p.m. and will continue through Sunday, Sept. 24.

Evangelist Norman Gordon, Atoka, Okla., has been ministering nightly preaching salvation for the soul, deliverance, and healing for the body. Rev. Gordon has traveled from coast to coast, conducting healing services in which many have been healed of afflictions of

various kinds. He is the former editor of Jack Coe and T. L. Osborn healing publications.

Rev. M. Alvin Askins, pastor of the church, extends to all an invitation to attend these special services.

They are slaves who fear to speak for the fallen and the weak. They are slaves who dare not be in the right with two or three. --J. R. Lowell

NORMAN GORDON

### Tomlin Farm Sale Next Thursday

The farm auction sale of Jack Tomlin will be Thursday, September 28, announce Bill Flippin and Jack Howell, auctioneers. The sale will start at 10 o'clock Texas time.

It will be held at the Hub Community Center, nine miles south of Friona on the Muleshoe highway. The Hub Community Club will serve lunch.

The sale includes combines, tractors, trucks, and general farm equipment. It will be clerked by Hugh Moseley and O. J. Beene.

### in and around FRIONA

WITH JUNE

Another Maize Days celebration is now history. For the most part the entire performance was considered a success by the committees in charge of the various parts of the program. There were a lot of visitors in town and many favorable comments were heard up and down the street.

Of course, there are numerous improvements that can be made in next year's program and most of them are things that some of us fully intended to do this year, but just didn't get done.

During Friday's parade many of us saw Friona's 1961-62 marching band in action for the first time. Mr. Bynum and members of the band are to be congratulated for the fine job that is being done by this organization. I'm going to be disappointed if we don't hear more from this group as the school year progresses.

According to the grapevine report that reached the Star office Monday, one of the Jaycee workhorses is going back into the armed forces right away. It is possible that Uncle Sam needs Gaylon Rhodes worse than Friona does, but his report to Fort Sam Houston next month is sure going to leave a gap in the working force of the Junior Chamber of Commerce

Virgil Phipps probably feels that he needs Gaylon's services, too. These two young men are operating the Rhodes-Phipps Texaco Station on Highway 60 under a newly organized partnership.

Entrance of these two into the automotive service business was a link in hooking up a brother-in-law arrangement in this particular field in Friona in several directions.

Ira Holt and Kenneth Ferguson are brother-in-laws and are operating the Mobile Service Station, which is also located on Highway 60.

Virgil and Kenneth are also brother-in-law as are Gaylon and David Smith, formerly a station operator, who is now employed by Friona Battery & Electric.

Surely all this brother-in-law-ing comes in handy when it comes to making helpful suggestions to motorists when the particular item or service is not available at one station.

Pierre, the French poodle belonging to Mr. and Mrs. Ray Dean Fleming, has caused quite a lot of local interest in the past few months and has now widened his horizon.

Monday afternoon Ray Dean went to Lubbock in a truck and took Pierre with him. Pierre enjoys riding in the truck, but

Makie Welch Brenda Collier Linda Castleberry Charlott Nettles Ann Baxter Pamela Roden

### FRIONA'S HIGH STEPPING TWIRLERS --FEATURE ATTRACTION

isn't too wise about the ways of hitch hiking which is exactly what he and Ray Dean had to do before they got home.

When the two left Friona Pierre had no leash. This presented no problem as long as the truck would run, but when motor trouble developed things were different. After it became apparent that the only way to get help was to walk after it, Ray Dean really had a problem. There was no way to restrain Pierre from chasing every car in sight except by holding him bodily. The two attracted some attention, but no one was curious enough to stop until two women on their way to Sudan met the man and dog.

After meeting the two and driving on southeast a few miles, their curiosity was aroused to the extent that they turned around and overtook the

hitch hikers. After pulling off the road, one of them inquired, "Is that a bear?"

By that time Ray Dean had decided it would be necessary for him to walk the entire distance to Muleshoe, so for once in his life appreciated the fact that women are curious. During the drive to the nearest telephone, Ray Dean learned that one of the women was a teacher in the Sudan school and was acquainted with Dempsey Watkins, a former Friona teacher.

Reading family horoscopes daily is a joke in the Fleming family, so when Ray Dean called his parents to report his trouble, his mother said, "You should have read your horoscope this morning." It read, "Leave your own car home and depend upon public transportation."

I feel sure that before Ray Dean starts out in a truck with Pierre again, he will surely read his horoscope and take a leash. Or then he just might print a sign reading "THIS IS NOT A BEAR" and tie it around the dog's neck. This might not work though because had it not been for Pierre's identity being hard to determine, the two might still be walking.

If enthusiasm, stickability and support from classmates add up to a winning football team, Friona should have a winning team (regardless of how the scores add up) in a few years. In Tuesday evening's game between seventh and eighth grade teams, these three things were quite evident. A downpour of rain made it necessary

for play to cease for a few minutes. As soon as the deluge ceased, playing was resumed and members of the pep club were as numerous as before the rain began. Even though a number of them had to go home and change into dry clothes, they returned to support the Braves.

Texas launching an insecticide war against garden pests should take care that it doesn't backfire, warns the State Health Department. Among tips: (1) Read labels carefully. (2) Keep sprays away from children and pets. (3) Don't smoke while spraying. (4) Don't inhale insecticide or get it on your skin. (5) Avoid contaminating food or water supplies. (6) Throw away leftovers.

the **BEST** way to **BEAT HEAT** is with **GAS** air conditioning

Enjoy COMPLETE cooling comfort for little more than the cost of Gas heating! Choose either the dual cooling-heating unit for new homes, or the add-on cooling unit for existing ducted central heating plants. And remember, Pioneer provides continuing maintenance—a mighty important factor to consider.

# THE HIGH PLAINS FARM AND HOME

AT SATURDAY BANQUET

## SCD Presents Top Farmer

Outstanding Farmer County Farmer will be cited at the seventh Farmer County Soil Conservation Banquet in the Bovina School Cafeteria Saturday at 7:30 p.m.

Candidates for the yearly award are: Neil Bradshaw, Lazbuddie; Burt Williams, Oklahoma Lane-Farwell; Bob Riethmayer; Friona-Black; and Gilbert Schueler, Bovina-Rhea.

Miss Marilyn Brandon, Bovina, will receive first place plaque in the Soil Conservation essay contest. Miss Brandon submitted the winning essay on the topic of "Why I Believe in Soil Conservation." The contest was open to school students.

Review of district accomplishments during the past year and recognition of clubs, organizations and people which have assisted the district in the attainment of its goals are

also scheduled.

Approximately 150 Farmer county residents, surrounding SCS supervisors and state officers are expected to attend, Bob Crozier, Friona conservationist, reports.

The program will begin with the invocation by Reverend Harold Morris, pastor of the First Methodist Church in Bovina. Jack McCracken, Bovina Chamber of Commerce, will deliver the welcome address. Awards will be made by T. O. Lesly, Bill Nichols, Joe Jones, and Roy Crawford.

Dr. Gerald Thomas, Dean of the School of Agriculture, Texas Tech College, will be guest speaker at the dinner.

A. L. Black, chairman of the Soil Conservation District Board of Supervisors, will serve as master of ceremonies.

### NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Gilbert Kaltwasser, chairman of the Farm Bureau resolutions committee, has called a meeting of members of that committee and also legislative committee members Thursday night. These men will discuss and prepare resolutions for consideration of the membership in the annual convention October 5.

If you have suggestions along this line, tell Gilbert, Edmund Kitten, or Claude Osborn, who compose the committee. Legislative committee members are Harry Hamilton, chairman, M. T. Glascock, Charles Howell and Clarence Johnson. You are welcome to attend the meeting, too if you wish.

President Herman Geries will also be present, and you may want to convey your ideas to him. Opportunity will also be given for submission of resolutions from the floor of the convention.

If you have not yet filed for federal gas tax refund (4 cents per gallon) be sure to do so before the end of this month. Remember that the wife can do this for you if you are unable to get around to it.

The house and senate has named conferees to develop a final version of a bill already passed by the senate extending the Mexican farm labor program for two years. Amendments to the bill, added by the senate agriculture committee, place major restrictions on the work which Mexican workers can perform and enlarge the authority of the secretary of labor establish a minimum wage of 90 per cent of the average wage paid in the entire state or in the nation, whichever is lower (for farm workers).

American Farm Bureau is asking Secretary Freeman for a substantial increase in cotton acreage for 1962. The request is based on the fact that actual plantings of cotton this year were almost 500,000 acres under allotments.

Consider this: "The righteous man wisely considereth the house of the wicked; but God overthroweth the wicked for their wickedness." Proverbs 21:12.

Driving her car down a country road, the little lady spotted several telephone linemen scrambling up some poles.

Turning to her husband, she said: "Those men must think I never drove before."

## Brucellosis Testing Enters Final Stage

is Texas' drive against brucellosis bogging down? There are many indications that this is or has already happened. How soon the drive gets back into high gear will have a lot to do with the profits of thousands of cattle owners and swine producers this year and for a number of years to come.

To the individual farmer living in an area where the disease is still not under control, the cost of brucellosis can continue to be very heavy. It can cause a milk loss of up to 25 per cent through alteration of the normal lactation periods. It can result in a high abortion rate, and can cause temporary or even permanent infertility.

And, brucellosis strikes the swine producer, too. In swine it causes abortions, posterior paralysis, lameness, swollen joints and infertility.

For the farmer who owns swine or cattle, or both, one of the baffling things about brucellosis is that it can resemble several other diseases. This applies to abortions in cattle or swine. It applies also to such symptoms as infertility in cattle and swine, and swollen joints in swine. If problems of this kind develop, it is usually best to have a veterinarian check the herd to determine exactly which condition is causing the trouble. Then proper protective measures can be taken.

Livestock men who want to get something done about brucellosis of cattle will do well to get behind an "area control" program. This plan has proved best to date in getting results. Under an area control plan, the stockmen of an area unite in a common effort to clean up the disease. Veterinarians make periodic tests of all cattle in the area and those cattle which react are eliminated. Thus, all reactors are gradually weeded out. When this plan is coupled with a program of calfhood vaccination, excellent results are usually obtained. The ultimate profit difference to the stockmen of the area can be very great.

For the livestock producer who wants to stop brucellosis losses in his herd, the important thing to remember is that "brucellosis control is always local." It starts on the individual farm and in the individual locality. If farmers in each locality will push hard enough on this project, they can get their area-control program underway and begin reaping the benefits from it. They are our best hope for putting new life and vigor into the drive.

Charles Burnett, lab technician, mixes antigen with the blood sample in a check for Brucellosis. Burnett is attached to the portable lab stationed in Bovina while Farmer county undergoes a check for the disease, more frequently known as "bangs disease."

## HD Agent's Notes

BY MISS ETTIE MUSIL

Last Saturday Linda Gleason entered muffins and cinnamon rolls in the 4-H Bake Show of the Tri-State Fair in Amarillo. Linda assembled eight muffins and eight cinnamon rolls for judging and exhibit. Results from nineteen counties in the district will be announced next Saturday, September 23.

Don't forget to watch the Rural Youth Day program that will be televised Saturday morning on one of the Amarillo TV stations, Four-H, FFA, and FHA youth groups will appear on the program at 9:45-10:45 a. m. On this program the winner of the District 4-H Bake Show will be announced.

Next week, September 27, 28, and 29, we shall take part in a special 4-H adult leadership training workshop at Ceta Canyon. We do hope we can take five leaders of the boys and five leaders of the girls clubs to this expense paid training.

I asked one home demonstration agent last week how successful they were in their county in reaching their quota for the workshop. Her reply was, "Oh, there are more who want to go than can go for our 10 leaders quota."

In Farmer County we have five leaders so far -- one or two men and four ladies. Can some others of you go that we have not contacted? This will be the only workshop of this kind in District 1. If you are interested in working with youth, do come by to see me for details, even if you do not have a boy or girl in 4-H Club.

Subject matter group training will be conducted by Extension Service specialists in Clothing, Recreation, Entomology, Wildlife, Citizenship, Field Crops, Beef Cattle, Automotive, 4-H Money Management, and Two groups for Organization leaders.

It is always a challenge to assist in judging county fairs. Last Friday morning I helped judge the girls' division of the Swisher County Fair in Tulla. While judging I had to constantly remind myself that I was judging products made by young girls rather than experienced homemakers.

Yes, our future homemakers can do a fine job of canning, freezing, baking, cooking, and sewing if we adults will just let them. Any number of times 4-H girls have come up to me to apologize that they could not practice what they had seen at a meeting. Their plea was "Mother won't let me cook or try to sew." If you have a chance to visit surrounding fairs, do pay special attention to the Junior or Girls Divisions. It's truly amazing, but not too surprising what they can accomplish.

## Fight Against Brucellosis Lags

Brucellosis testing crews working in Farmer County passed the half-way mark this week.

If there is no increase in the percentage of positive reactions when the remaining herds are checked next week, Farmer County will receive a modified Brucellosis-free rating.

Crews working in the north and west of the county had completed tests on 2200 head by Monday evening. Of the 160 herds checked, only four were found to be infected. This sets the percentage of infected herds at 2.5 per cent.

The number of infected herds must be under five per cent for a Brucellosis-free rating. In addition, the number of infected cattle must be under five per cent for a Brucellosis-free rating.

Final tests for the first check are scheduled to be completed by Sept. 30. The testing crew will return between 60 and 120 days and recheck the herds in which infected cattle are found.

During the period between the present check and the recheck, a herd with a reactor will be placed in quarantine. The cattleman will not be allowed to mix his cattle with any other herd but may sell the animals at an approved market.

If the second tests are negative, the county will be certified as a Brucellosis-free area. Cattle can then be shipped into other Brucellosis-free areas without restriction.

Testing crews are scheduled to move into the fifth and sixth areas of the county this weekend. The areas begin at Oklahoma Lane and extend through Lazbuddie to the county line.

The testing lab in Bovina is one of five operated in Texas by the Animal Disease Eradication Commission of the Agricultural Research Service.

## Authorize 1250 Nationals

Farmer County citizens, Judge Loyde Brewer, Bill Nichols, and Ross Ayers, will serve as a farm labor committee and met with Billy Lynch, manager of the Texas Employment Commission office, to review the total seasonal employment needs developed by the TTC, last week.

The committee was presented with the figures of the TTC that Farmer County will be short 1250 cotton pickers during the peak period of the cotton harvest. This shortage will be met by the importation of Mexican national bracero workers.

The committee will function under Public Law 78, obtaining facts relevant to the supply of domestic farm workers existing in Farmer County and the shortage of workers, if any, which must be met by importing Mexican nationals to harvest the cotton crop.

Under Public Law 78, the TTC must supply this information to the secretary of labor who must limit the number of nationals to be used in this county by granting a "ceiling." The committee consults with the local office manager to assist him in estimating the number of workers who will be needed, based on current local conditions affecting the cotton crop.

"Ceilings" granted by the secretary of labor limiting the importation of Mexican nationals into this area will be posted in post offices in Friona, Farwell, Bovina, Black, Lazbuddie, Lariat, in the county agent's office, and in the county courthouse.

# The HAPPY HOMEMAKER

BY JUNE FLOYD

All homemakers who enjoy making dried flower arrangements or winter bouquets should be scouting around now for materials to be used later. Maize heads, okra pods, weed pods, cotton bolls and a large number of other items are available for the picking.

These items can be picked now and stored for later use. Pyracantha berries are also available and work in very nicely with just about any kind of winter arrangement you want to make.

If you haven't tried decorating with seeds, you've really missed an adventure. Any kind of seeds can be used for making pictures, decorating place cards or greeting cards or for decorating any small object. Collect whatever kind of seeds you desire to use. These may be sprayed various colors then glued with any type of strong glue which is on the market.

Ordinary stationery can be beautifully decorated in this manner. Just outline the flower or design you wish to make then glue the seeds in place and let dry thoroughly before handling. Weed seeds are very good for stationery or card decorating.

Television snack trays can be used in several ways around the house. When you are ironing, they may be used for stacking napkins, handkerchiefs and other small items then only one trip will be necessary when you start storing the ironed pieces.

Since watermelons are plentiful at this time of the year, any homemaker who enjoys trying new recipes will be interested in

**Watermelon Mince Meat**  
3 cups ground watermelon rind  
1 lemon  
2 oranges  
1 cup raisins  
1 1/2 cups crushed pineapple  
2 cups brown sugar  
1 teaspoon cinnamon  
1/2 teaspoon cloves  
Grind lemon, oranges and raisins. Put in cooking kettle and add remaining ingredients. Cook until rind is done. Freeze or can. Add 2 cups chopped apples to a pint of mince meat for each pie.

During the winter months most families spend more time in the living room or den after supper. In recent years it seems that on most occasions some kind of sweet bread is preferred for refreshments.

A recipe that you might like to add to your "bread" collection is

**Pumpkin Bread**  
2 2/3 cups white sugar  
4 eggs, beaten

2/3 cup shortening  
2 cups pumpkin  
3 1/3 cups flour  
1/2 teaspoon baking powder  
2 teaspoons soda  
1 1/2 teaspoons salt  
1 teaspoon cinnamon  
1/2 teaspoon cloves  
2/3 cup water  
2/3 cup nutmeats  
2/3 cup raisins or chopped dates

Cream shortening and sugar thoroughly. Add eggs, pumpkin and water and mix. Sift together flour, baking powder, soda, salt and spices then add to pumpkin mixture.

Stir in nuts and raisins or dates. Bake in 350 degree oven for one hour. Makes two loaves.

If you want to make a quick job of making a large quantity of pop corn balls, try the following recipe. Melt one ten ounce bag of marshmallows and 1 stick margarine in top of double boiler.

Pour over 2 gallons freshly popped corn, stirring as you pour. Let cool before making balls as the mixture will stick.

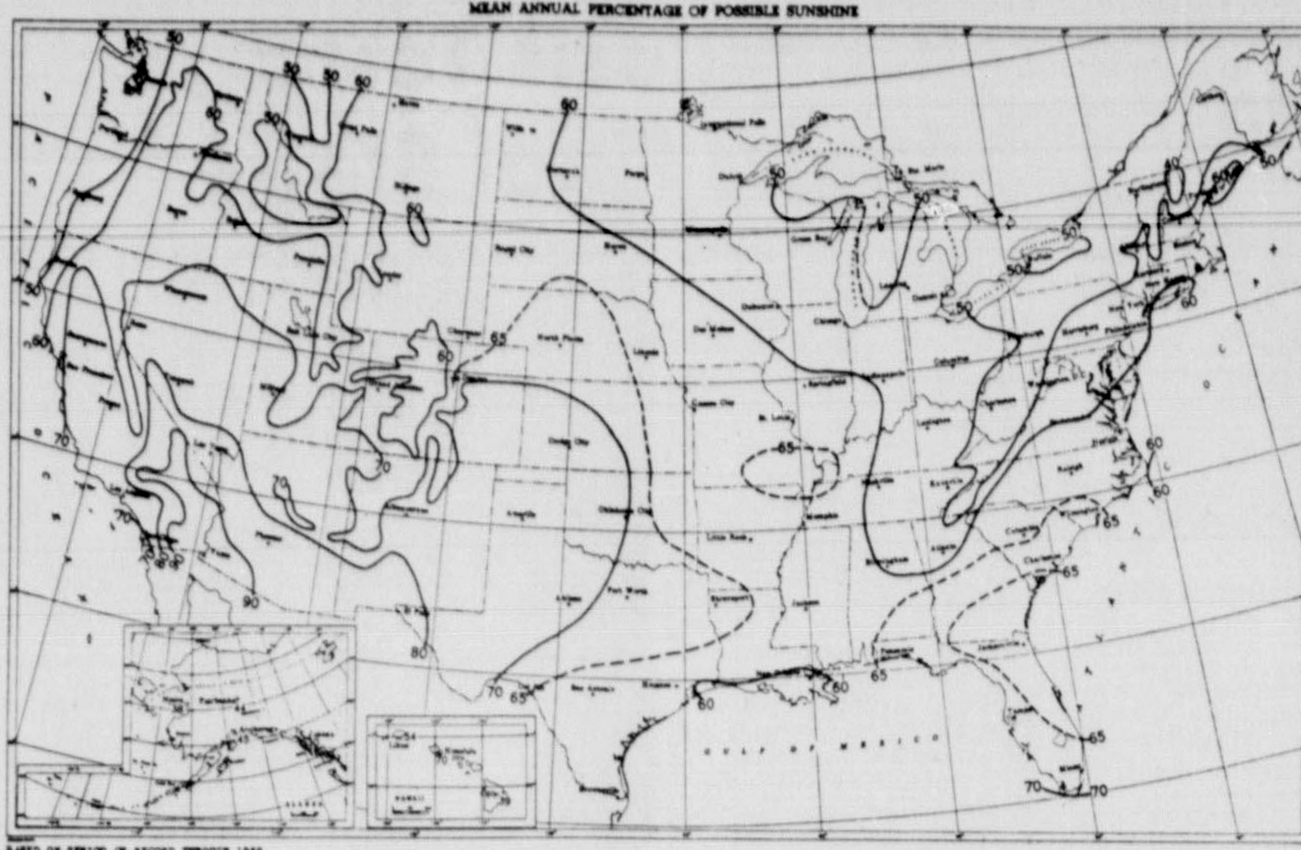

## Grant Assures Headquarters

A headquarters building for the High Plains Research Foundation was assured by a grant made by the estate of Florence Lee and C. L. Kilgore this week. This grant, along with the prior gift of the Jim Hill Estate, Hereford, of a greenhouse, will give the Foundation its much needed laboratory, library, meeting room and office space. Construction of the buildings will start soon after Field Day, September 27.

The Kilgore grant was made by the estate trustees, C. E. Weymouth, rancher; W. H. Durham, Jr. Vice President, First National Bank and A. A. Bush, accountant, all of Amarillo. The Research Foundation officials who met with the Kilgore Trustees were: Virgil Patterson, President, First National Bank of Amarillo, member of the Executive Committee; R. V. Payne, President, Hale County State Bank of Plainview; Vice Chairman of the Board; Frank Moore, President of the Foundation; Dr. T. C. Longnecker, Director of the Foundation, all of Plainview and Halfway.

The Kilgore grant will be approximately \$45,000 and the Jim Hill Estate will be \$17,500.

Last year it was compact cars. This year we're getting compact refrigerators, compact dishwashers, compact freezers. To keep up with these challenging times, man, you've got to think small.

## Wheat Baking Quality Premiums Part Of 1962 Loan Program

There is a new feature in the 1962 wheat price support program that farmers and elevator operators will want to consider.

The government has just announced that premiums for gluten "strength" quality in hard red winter and hard spring wheats will be used for loans on 1962 wheat. This is to encourage farmers to raise more of the kind of wheat in demand by commercial bread bakers

and to cut down on those varieties of "weaker" baking quality which are usually in plentiful supply on the market.

Ben Spears, extension agronomist, says that although weather, soil and moisture factors affect the baking quality of wheat, the variety planted is most important.

For Texas, Spears suggested that local county agents be consulted about the best varieties to give the premium-earning

quality. This addition to the price support program is announced now so that growers can decide on varieties before fall planting is completed.

A "bread-baking quality" test measures the combined quality and quantity of protein. It will replace the protein percentage tests now included in the price support schedule. The new sedimentation test is available now in some areas, and facilities will be expanded in the

next few months to meet the needs of the 1962 price support program, Spears explains.

With this new test, he adds, both the farmer and the buyer will have a better measure of the value of the wheat.

The premium schedule for the 1962 wheat crop will be announced soon. Discounts for undesirable varieties will continue, Spears says local county agents can supply information on these undesirable varieties.

## Rudder To Speak At Dedication

Earl Rudder, president of the A&M College, will be the principal speaker at the formal dedication of the new Lubbock Research and Extension Center on September 19, County Agent Deryl L. Coker announces.

His subject will be "South Plains Research, Past and Present." The new center, located about 7 miles north of Lubbock on the Plainview highway, is known as Substation No. 8 of the Texas Agricultural Experiment Station.

Rudder was reared on a Concho county farm, attended the public schools of Eden, and was graduated in 1932 from the institution he now serves as president.

## County 4-Her Is District Officer

During the District 4-H Council meeting in Amarillo last Saturday Richard Chitwood was elected secretary-treasurer. Chitwood succeeds Cooper Young, also of Farmer County, who held the same office during 1961.

Other Council officers are Dick Plank of Deaf Smith County, Mary Ann Edlin of Hartley County, and Corwin Pagdet of Ochiltree County. Council advisors are District Agents, Miss Edith L. Wilson and W. W. Grisham, Jr.

Attending the council from Farmer County 4-H Council were Judy Billingsley and Richard as district council delegates, and Cooper Young as district council secretary-treasurer.

## Progress Noted In Rural Areas Development Program

Real progress is being made under the Rural Areas Development Program, states Dr. R. E. Patterson, dean of agriculture, Texas A & M College, chairman of the State Resource Development Committee.

Long range Overall Economic Development Programs have been developed by local leaders in Houston, Morris and Red River counties and the Deep East Texas Development Association has submitted an area program which includes Angelina, Newton, Sabine, San Augustine and Shelby counties. The programs from these sources have been reviewed by members of the State Committee, State Technical Panel and have been approved by the Governor's approving agency -- Texas

Employment Commission. They have been sent to the USDA's Office of Rural Areas Development, Washington, D.C. also for review and approval, the state chairman said.

Local leaders, in developing long range programs, emphasized the importance of balancing agriculture with community and industrial development, Dr. Patterson said. Their plans describe what local leaders would like their economy to be in the next 5 to 10 years and what is needed to achieve these objectives.

Dr. Patterson reminded that 47 Texas counties have been designated as eligible to receive financial assistance under the Area Redevelopment Act (P. L. 87-27) which is administered by the U. S. Department of Commerce. Specific project proposals have been submitted by several of the eligible counties, Dr. Patterson said. They include requests for loan and grants for water systems, sewerage plants, street improvement, expansion of existing industries, development of industrial parks, and recreational and health facilities.

## Slaughter Cattle Prices Improve

Prices on slaughter cattle improved during the past month but cattle feeders are still confronted with the prospect of paying more for the cattle they put in the feedlot than they are getting for finished slaughter cattle.

In the monthly market summary for August, Lloyd Bergsma, director of the Texas and Southwestern Cattle Raisers Association's Feeder Division, points out that feed costs will likely be above those of last year, and feeder cattle prices are also above those of a year ago.

"With the cost of the two major resources in cattle feeding above last year, and returns from the finished product below last year, the cattle feeder will be hard pressed to maintain a profit margin," Bergsma said.

Prospects for a bumper grain sorghum crop in the Southwest may bring about cheaper feed, but at the same time the prospects for a good wheat pasture season will have a tendency to boost feeder cattle prices, according to the market summary.

the Southwest which normally have a large volume of stocker and feeder cattle available report very few of these cattle still for sale, however some of these buyers have indicated that a good many of the contracted cattle are not in final hands.

In the slaughter cattle market better grades were from one to two dollars per hundred higher in August than they were in July. The lighter weight slaughter cattle grading standard and good have continued in strong demand but the price increase for this type cattle has been less than on the choice cattle weighing 900 pounds and up.

# Do You Make Best Use Of Your Rainfall?

Most any farmer you talk with today will tell you that this 1961 crop is one of the least expensive he has produced in some time.

Why? There are perhaps many reasons, but one is because most farmers have not had to do a great deal of irrigating. The snows and rains have come at times when they were most needed.

Now with the 1962 crop laid by in most communities of the High Plains, it is not too early to commence thinking about next year's plans.

Keeping in mind the fact that irrigation is generally one of the largest expenses involved in making a crop, why isn't it good business for you to try and figure out how to better use natural precipitation both where it falls and also by pumping from lakes thereby minimizing the use of underground water.

The loss of irrigation "tail-water" is also a problem that confronts most irrigators, at least to some degree. This expensive loss should be alleviated, or at least minimized.

With records of the High Plains Underground Water Conservation District indicating that underground water levels are dropping annually, it becomes apparent that if this High Plains country is to continue as a major agricultural area, rainfall must be used more efficiently.

Before you bed your land for next year's crop talk with your High Plains Water District people, the Soil Conservation Service folks or your County Agent about some of the things others are doing to conserve rainfall and underground water. You can probably make some simple inexpensive changes in farming methods that could result in more net income to you from the crops you raise.

After all, isn't financial gain one of the primary reasons you're in the farming business?

## Creep Feed For Extra Weight And Finish

"Beef producers can put extra weight and finish on their calves - faster and more efficiently - by creep feeding," advises the POLLED HEREFORD WORLD.

"A ration of 65 pounds of corn or milo and 35 pounds of oats is good for four month old calves. Then, later in the year when green grazing disappears, additional protein supplements should be considered. Recommended are 10 pounds of cottonseed meal, 25 pounds of oats and 65 pounds of corn or milo."

Bone meal and salt should be fed free-choice.

## You Heard Strange Things About Catholics

During the presidential campaign of John Kennedy there was much opposition to him because he is a Roman Catholic. From many pulpits and in many newspapers we hear such statements as: "A Catholic President will turn the country over to the Vatican," "A Catholic can't be a good American and a good Catholic," "A Catholic President will follow the dictates of the Roman Hierarchy," "Catholics will take over the nation and will kill off all Protestants and Jews." These and so many other things have been said about a Catholic as President. Yet, we have a Catholic President and none of these things have come to pass. Why? Because they were untruths spoken to mislead right thinking people. The Catholic Church was deliberately pictured in a bad light to mislead.

If you wish to learn the truth about the Catholic Church write today for a free pamphlet explaining Catholic teachings. The Knights of Columbus of your area are making this pamphlet available so that you will know the truth. Write to: Home Study Center, Box 5644, Amarillo, Texas.

Please send Free pamphlet about the Catholic Church to:

## FOOTSAVING EDUCATION

by **James E. Edwards**  
Do strap shoes provide adequate support for children's feet?

We should not look to the uppers of shoes for support. There is grave danger of assuming that lace shoes hold up the arch simply because arch support shoes are usually oxfords. Does lacing hold the arch up or down?

Arch type shoes, lovingly referred to by shoeman as "old ladies running shoes" are comfortable on weak adult feet because they tend to keep a flexible foot from sliding forward. The same result could be accomplished by eliminating the heel but, when a woman has worn nothing but high heels, a shortened Tendon of Achilles may cause a lot of trouble in flat shoes.

Children do not have this problem so whether the shoe be a strap, pump or oxford is not nearly as important as how the shoe fits.

**Edwards' SHOE STORE** Successors to Olivers' 512 MAIN CLOVIS, N. MEX.

FIRST OF MANY . . . Joe Talley stands by as Wesley Hardesty, Friona Wheat Growers sifts through a hand full of grain. Talley delivered the first load of grain to the Friona elevator Wednesday. The grain is DeKalb F-62 with a moisture content of 15 per cent.

## Joe Talley Delivers First Maize Load

Joe Talley delivered Friona's first load of maize to The Friona Wheat Grower's Elevators in Friona Wednesday afternoon. Talley brought the 17,840 pound load of DeKalb F-62 into the elevator at 3:40 p. m. The grain had a moisture content of 15 per cent.

"I believe this field is going to make about 6,000 pounds per acre," Talley said. He has 85 acres of the DeKalb F-62 which he is cutting now and a total of 215 acres of grain sorghum. This is the first time that Talley has delivered the first

load of grain since he started farming near Friona in 1942. "I haven't been able to get the first bale of cotton either," he said. Talley's farm corners that of John L. Ray who brought the first bale of cotton to Friona Tuesday. He is located three miles west and three miles north of Friona. The maize was pre-watered and then watered twice during the growing season, Talley reported. Anhydrous Ammonia was also distributed at the rate of 120 pounds per acre.

Two beatniks watched a jet plane streak across the sky. Suddenly the plane burst into flame, and the pilot used his ejection seat to get clear. "Man," said one beatnik, "dig that crazy toaster."

Neighbor: "My wife is pro-longing her holiday. I need her at home but it seems useless to suggest that she return." Other neighbor: "Get one of the neighbors to suggest it."

### THE STATE OF TEXAS COUNTY OF PARMER SHERIFF'S SALE

WHEREAS, on the 7th day of June, 1961, in Cause No. 2153, in the District Court of Parmer County, Texas, wherein Friona Independent School District, the State of Texas, County of Parmer and the High Plains Underground Water District No. 1 were Plaintiff, Impleaded Party Defendant, and Intervenor recovered judgment against Roy Vela and his wife, Mrs. Roy Vela, and the respective unknown heirs and legal representatives as is more fully described in Plaintiff's Original Petition Defendant, for taxes, penalty, interest and cost against the hereinafter described property;

WHEREAS, on the 19 day of August, 1961, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 21st day of August, 1961, seize and levy upon as the property of the above defendants the following described property, situated in Parmer County, Texas, to-wit:

FIRST TRACT: All of Lot Number Six (6) in Block Ninety (90) of the Original Town of Friona, Parmer County, Texas.

And I will on the first Tuesday in the month of October, 1961, the same being the 3rd day of said month, proceed to sell all the right, title, and interest of the Defendant in and to said property at the Court House door of said county in the city or town of Farwell between the hours of 10:00 a. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendants to have said property divided and sold in less divisions than the whole.

DATED at Farwell, Texas, this the 21st day of August, 1961.

Chas. Lovelace Sheriff Parmer County, Texas 49-4tc

### THE STATE OF TEXAS COUNTY OF PARMER SHERIFF'S SALE

WHEREAS, on the 7th day of June, 1961, in Cause No. 2151, in the District Court of Parmer County, Texas, wherein Friona Independent School District, the State of Texas, County of Parmer and High Plains Underground Water District No. 1 were Plaintiff, Impleaded Party Defendant, and Intervenor recovered judgment against Artis Fallwell and his wife, Mrs. Artis Fallwell Defendants, for taxes, penalty, interest, and cost against the hereinafter described property;

WHEREAS, on the 19 day of August, 1961, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 21st day of August, 1961, seize and levy upon as the property of the above defendant the following described property, situated in Parmer County, Texas, to-wit:

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)

FIRST TRACT: All of Lots

Numbers Fifteen (15) and Sixteen (16) in Block Sixty-one (61) of the Original Town of Friona, Parmer County, Texas;

And I will on the first Tuesday in the month of October, 1961, the same being the 3rd day of said month, proceed to sell all the right, title, and interest of the Defendants in and to said property at the Court House door of said county in the city or town of Farwell between the hours of 10:00 a. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of

judgments against said property in said suit, which ever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendants to have said property divided and sold in less divisions than the whole.

DATED at Farwell, Texas, this the 21st day of August, 1961.

Chas. Lovelace Sheriff Parmer County, Texas 49-4tc

Candied Shots Right during a campaign against jay-walking, a man in Memphis walked into the side of a car, fell down, lost a shoe, got up, ran away. Traced by the lost shoe, he was found and fined for "hit and run."

**THE STATE OF TEXAS  
COUNTY OF FARMER  
SHERIFF'S SALE**

WHEREAS, on the 7th day of June, 1961, in Cause No. 2152, in the District Court of Farmer County, Texas, wherein Friona Independent School District, the State of Texas, County of Farmer and High Plains Underground Water District No. 1 were plaintiffs, Impleaded Party Defendants, and Intervenor recovered judgment against Marlon Castele, Mrs. Marlon Castele, Ramona Martinez and her husband, whose name is unknown, and the unknown heirs and legal representatives as is more fully described in Plaintiff's Original Petition Defendant, for taxes, penalty, interest and cost against the hereinafter described property;

WHEREAS, on the 19 day of August, 1961, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued in Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 21st day of August, 1961, seize and levy upon as the property of the above defendant the following described property, situated in Farmer County, Texas, to-wit:

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)

**FIRST TRACT:**  
All of Lot Number Three (3) in Block Number Ninety (90), of the Original Town of Friona, Farmer County, Texas.

And I will on the first Tuesday in the month of October, 1961, the same being the 3rd day of said month, proceed to sell all the right, title, and interest of the Defendant in and to said property at the Court

House door of said county in the city or town of Farwell between the hours of 10:00 a. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, which ever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendant to have said property divided and sold in less divisions than the whole.

DATED at Farwell, Texas, this the 21st day of August, 1961.

Chas. Lovelace Sheriff  
Farmer County, Texas  
49-4tc

**PTA Buffet  
Dinner To  
Honor Teachers**

A "Get Acquainted" buffet dinner honoring teachers in the local schools will be served tonight in the school cafeteria at 7 p.m.
