Teacher Retirement Referendum Vote Slated This Fall

A new teacher retirement system has been designed in an attempt to help attract and hold teachers in the profession. This new retirement program for the teachers is being presented to the voters of Texas for approval on November 6 this year. The plan is being presented in the form of an amendment to our state constitution — amendment No. 4.

The program is simple. It provides that each year a teacher works he will earn 1 1/2 per cent of his salary toward a retirement annuity. If he serves in the public schools for 30 years, he would come to retirement on 5% of his average annual earnings. The program further provides disability benefits, death benefits, and survivor benefits which will protect the families of teachers engaged in the profession. It provides a minimum retirement benefit for any teacher now retired or for any teacher coming to retirement in the future with 20 years or more of service and attaining age 60. That minimum is \$100 per month.

Teachers would increase their own contribution to the retirement program and the state would match the deposits of the teachers. The sum deposited by the state would represent less than 1 per cent of the cost of operating the public schools of Texas for one year.

The plan is also proposed to represent an economical approach to helping to solve the teacher shortage.

It was pointed out that between 5,000 and 11,000 new teachers are needed every year. About 4,000 of these new teachers are required to fill the increasing needs of enrollments. Between 5,000 and 7,000 are needed to replace teachers who leave the profession each year.

Teachers of the state are asking the intelligent study of the merits of the new proposal and are asked to investigate thoroughly the small cost to the taxpayers and the extreme benefit to those who dedicate their lives to the instruction of our children.

LIONS OFFICERS NAMED FOR YEAR

The Sanderson Lions Club named its officers for the ensuing year at their regular meeting last Thursday at noon. The officers will take over in July.

They include: Norman Rath, president; Ruel Adams, 1st vice president; Dudley Harrison, 2nd vice president; Carlos Dunn, 3rd vice president; Matt Bader, secretary-treasurer; Charles Matney, tail-twister and Bernie Kerr and W. E. Grigsby, hold-over directors.

Marion Batson is the retiring president.

Final Stages Of Road Construction Nears

Final stages of the construction of approximately 3 miles of U.S. 90 from Sanderson west and the construction of the channelized intersection of U.S. 90 and U.S. 285 are under way this week-end.

Spreading of the premix on the two projects is complete and cleanup work is underway on the two jobs before the state takes over their maintenance.

Signs will be put up at the intersection within the next few days to assist travelers in maneuvering the intersection safely.

THOUGHT FOR THE WEEK:—

"If it be possible as much as lieth in you, live peaceably with all men." Romans 12:18.

God is not the author of defeat, only you can close the door on the impossible. "All things are possible to him that believeth." — H. B. Dean.

FM1217 TOPPING FINISHED, OPEN

The topping has been completed on FM 1217 between Dryden and Sheffield and the road is now open to traffic.

The final work on this road is the culmination of a dream of the ranchers of the eastern part of the county for many years, and is also of great benefit to other county residents who travel frequently to the central or north part of the state.

The road is also an extension of one of the most direct north-south routes across the United States, coming into Texas at the Panhandle and running almost directly south to Dryden. The designation of the highway is not continuous, however, and carries the designation of FM1217 only from Dryden to Sheffield.

There is great possibility that the route will become more nationally known with the publication of the newer road maps which will indicate to the traveling public the access road connecting the east-west arteries of the nation's travel. Visitors wishing to travel an all-weather route after visiting in the northern part of the state, will have another route available to the scenic possibilities of U.S. 90.

Ranchmen from that part of the county who come to Sanderson or to Dryden frequently and county residents traveling northeastward can cut their travel time considerably. The road has also eliminated the hazard of ruining tires on the rocks of the old unpaved road.

Lions' Broom Sale Planned May 11

The Sanderson Lions Club is planning another broom sale on May 11. The sale is a joint endeavor to boost the local club's sight conservation activities through the "Lighthouse for the Blind" and to add to local funds for the athletic activities that are an annual project of the organization.

The brooms, mops, dusters, door mats, whisk brooms, cup towels and dust cloths are all made by blind people who get 60% of the gross proceeds, leaving the local club 40% of the gross.

Local Lions will make a house-to-house solicitation in selling the merchandise and local housewives are asked to foresee their needs so that they will be able to tell the vendors what their needs are.

Ranch people are asked to call Ruel Adams, J. A. Gilbreath, or Dudley Harrison and give their orders to them for the merchandise they need. The items will be kept for the customers.

The mops and brooms come in household and industrial sizes and there are juvenile size brooms and mops, also.

Eagles Split Wins Of First 2 Games

The Sanderson Eagles won their season baseball opener from the McCamey Badgers by a score of 10-8 here last Friday and lost to the Marfa Shorthorns Tuesday in that city by a 10-5 score.

In the opener here the Eagles collected nine hits from three of the visiting hurlers. Gary Harrell, first sacker, began the scoring in the first frame by belting in two runs. Adolfo drove in two in the fourth and Stanley Sullivan drove in three in the fifth to account for most of the Eagles' scoring.

Roland McDonald relieved Fernando Vasquez on the mound in the sixth. Vasquez was credited with the win.

In the game at Marfa, Sanderson scored once in the first, once in the second and two in the third to lead 4-0 at the end of their half of the inning. The Shorthorns wiped out the lead in their half of the third with a 5-run streak.

The game was clinched in the fifth when the Shorthorns racked up another scoring streak, making four runs. Sanderson scored one other run in the top of the fifth.

Roland McDonald was charged with the loss for the Eagles, but allowed only eight hits. The locals were charged with four errors, accounting for some of the difference in the scoring.

Marfa is placed on top of the district standing with a three for three record. Alpine was forced to forfeit two by officials of the district for using an ineligible player.

The Eagles will play the Rankin Red Devils here Friday afternoon at 4:15 p. m.

Local baseball enthusiasts are urged to come out and watch the baseball game on the diamond west of town.

Town 'Chiefs' Nine To Open Season Here On May 6

The organization of a town baseball team has been completed and new uniforms ordered which are expected to be here this week.

The team will be called the "Chiefs" and will replace the V.F. W. team which was disbanded at the end of last season.

The players asked that their sincere thanks be expressed to local merchants who helped them to get their new uniforms and to those who helped in any way with the organization of the team.

The Chiefs will play Fort Stockton here on May 6 to open their season locally. They expect an out-of-town game prior to that date.

Hal Tyler had minor surgery in a Fort Stockton hospital Wednesday.

FINAL SESSION OF SCHOOL YEAR NEAR

Entering into the final 5-week period of the current school year, plans are shaping up for the closing of the present school term on Saturday, May 25.

The tentative plans, announced by Supt. Matt Bader this week, will be for the schools to be dismissed for the summer at noon on Saturday, May 26. This is necessary because of an extra half-day holiday that was observed and the state's requirement of 175 teaching days in a school year.

There have been no definite plans made for the Baccalaureate or Commencement programs, but it is likely, according to Bader, that Baccalaureate Sunday will be May 20 and Commencement exercises on Friday, May 25. Announcement of definite plans will be made later when more details are worked out by school officials and the graduating seniors are consulted.

No tentative date has been set for the 8th grade graduation yet, Bader stated.

Members of the graduating class are preparing their invitations for mailing this week-end.

A son, their second child, was born in a Uvalde hospital Monday morning to Mr. and Mrs. C. W. Carson, Jr., of Brackettville. The baby's birth weight was seven pounds and two ounces and he was given the names, Charles Willis Carson, III.

Mr. and Mrs. E. H. Jessup are the maternal grandparents.

Mrs. Jessup went to Brackettville Monday to be with her daughter and family.

Mr. and Mrs. W. S. Forth received word Wednesday evening of the birth of a son weighing six and one-half pounds, their first child, to Mr. and Mrs. Kenneth Harz, of San Antonio.

COMMUNISM AND RELIGION

Nothing the Communists are now doing should lead Americans to think that it is their intention to tolerate the Christian religion in the lands they control.

Here are statements from official Communist documents published in Moscow in recent years: "As the Party bases its activity on scientific foundation, it is bound to oppose religion."

These are documentations. For those who cannot believe the Reds are genuinely anti-religious, I recommend Lt. Thomas A. Dooley's book, "Deliver Us From Evil."

which was published in condensed form in the April Reader's Digest. A young navy doctor stationed in South Viet Nam when the Communists took North Viet Nam, Lt. Dooley organized a makeshift refugee camp and emergency hospital for the wretched Vietnamese who fled the horrible consequences of Red victory in the North.

In one illuminating section of his shocking story, medical doctor Dooley writes: "As the weeks passed I found myself puzzled not only by the growing number but by the character of Communist atrocities. I was accustomed by now to patching up emaciated men, and women whose breasts had been mutilated, and even little children without fingers or hands.

He gives vivid details on the cases of preachers, horribly tortured, who were brought down to his medical station out of Communist Viet Nam under cover of darkness. He gives details of other fiendish anti-religious acts of the Communists. "On (one) gruesome day," he relates, "there came to my hospital tent seven little boys and an emaciated young man who was barely conscious. The children looked like zombies. Thick pus was running from their ears. Two of them still had queer-looking things protruding from their heads. Chopsticks!

"We pieced together the story. The young man was a school teacher. The Communists had caught him leading his class in the Lord's

Prayer. They made him repeat it for them, line by line, and made a mockery of the words. (Then) two Viet Minh guards held a child by the arms, and another grasped his head. Then the leader rammed a chopstick deep into each ear, splitting the canal and shattering the inner ear.

True Nature "When all seven children had been treated the guards turned to the teacher. They drew forth his tongue with pinchers and sawed it off with a blunt bayonet. In Lt. Dooley's improvised hospital, the seven boys and the teacher survived. "One young man who never again would pray aloud, and seven children who would hear the Word of God only in their hearts."

At another time, the young doctor was summoned to attend a clergyman who had been brought out of Communist Viet Nam on a stretcher by members of his flock. "Lying on a straw mat was an old man moaning in delirium," Lieutenant Dooley relates. "I counted eight swollen and badly infected wounds encircling his skull. In this instance Communist re-education had consisted of tying the priest's hands behind his back and driving eight nails into his skull to simulate the Crown of Thorns!"

This is the nature of Communism. Those who accept Communism must accept its evil nature, for Communism and evil (as the Christian world understands it) are interwoven and inseparable. "Our morality," wrote Lenin, "is entirely subordinated to the interests of the class struggle" to conquer the world.

By VEEN SANFORD Texas Press Association

An all-out campaign to elect Texas' senior Senator Lyndon Johnson, to the presidency of the United States, is under way.

It isn't just a drive to name him chairman of the Texas delegation. It isn't just a "favorite son" compliment. It definitely is an all-out

effort to elect a Texan as President, on the Democratic ticket.

Held high as proof that it can be done is the 1952 election to the Presidency of Texas-born Dwight D. Eisenhower on the Republican ticket.

Popular Tom Miller, Austin's mayor, has been chosen to co-chairman the campaign, with Austin philanthropist and realtor E. H. Perry, Sr.

Endorsements already received from out-of-state national figures indicate that the "favorite son" movement, which had been gaining momentum, has outgrown its Texas boundaries.

Johnson also is being boosted as chairman of the Texas delegation to the Democratic national convention in Chicago. Selection of a chairman will be made at the May 22 state Democratic convention in Dallas.

Gov. A. Dan Shivers, who also has been recommended to lead the delegation, pointed out Johnson as presidential timber as far back as 1954. However the two have clashed over the chairmanship.

Johnson has said he would accept both the designation as chairman of the delegation, and as Texas' favorite son candidate for president.

Shivers said he would serve as chairman, but is not interested in the favorite son role.

Over the state both sides are working to get their supporters to the May 5 precinct conventions. Races Taking Shape

A rapid-fire series of announcements is fast bringing the summer political campaign into focus.

James P. Hart will not run for governor. The former Supreme Court Justice said he did not find enough financial support. Barring the unexpected, Austin attorney Ralph W. Yarborough will be the only liberal candidate for governor.

Will Wilson, Associate Justice of the Supreme Court, announced for attorney general. John Ben Shepherd is vacating that job. Judge James R. Norvell of San Antonio promptly announced for Wilson's post.

Now campaigning for Congressman-at-large is W. F. "Bill" Elkins, formerly of Killeen and now a Dallas real estate man.

In the Lt. Governor's race for the first time, and with a strong organization, is Sen. A. M. Aikin of Paris, one of the sponsors of the Gimer-Aikin school bill.

Busy campaigning for re-election are Judge W. A. Morrison of the

Court of Criminal Appeals; and Supreme Court Justice Meade F. Griffin.

Actively seeking Jesse James' post at State Treasurer is Warren C. Harding of Dallas. High Polio Rate Feared

Texas may be headed for a major polio epidemic in 1956 unless vaccinations speed up, say State Health Department officials.

Doctors have been urged to use all available supplies of Salk vaccine, immediately.

Number of cases already has hit 181 as compared to 114 for this time in 1955. Only four of the victims had received shots. Of the 1956 cases, 96 were paralytic.

Some 90,000 new polio shots have been earmarked for shipment to Texas. Less than one-third of Texas children under 20 have received shots.

They Travel "In Class"

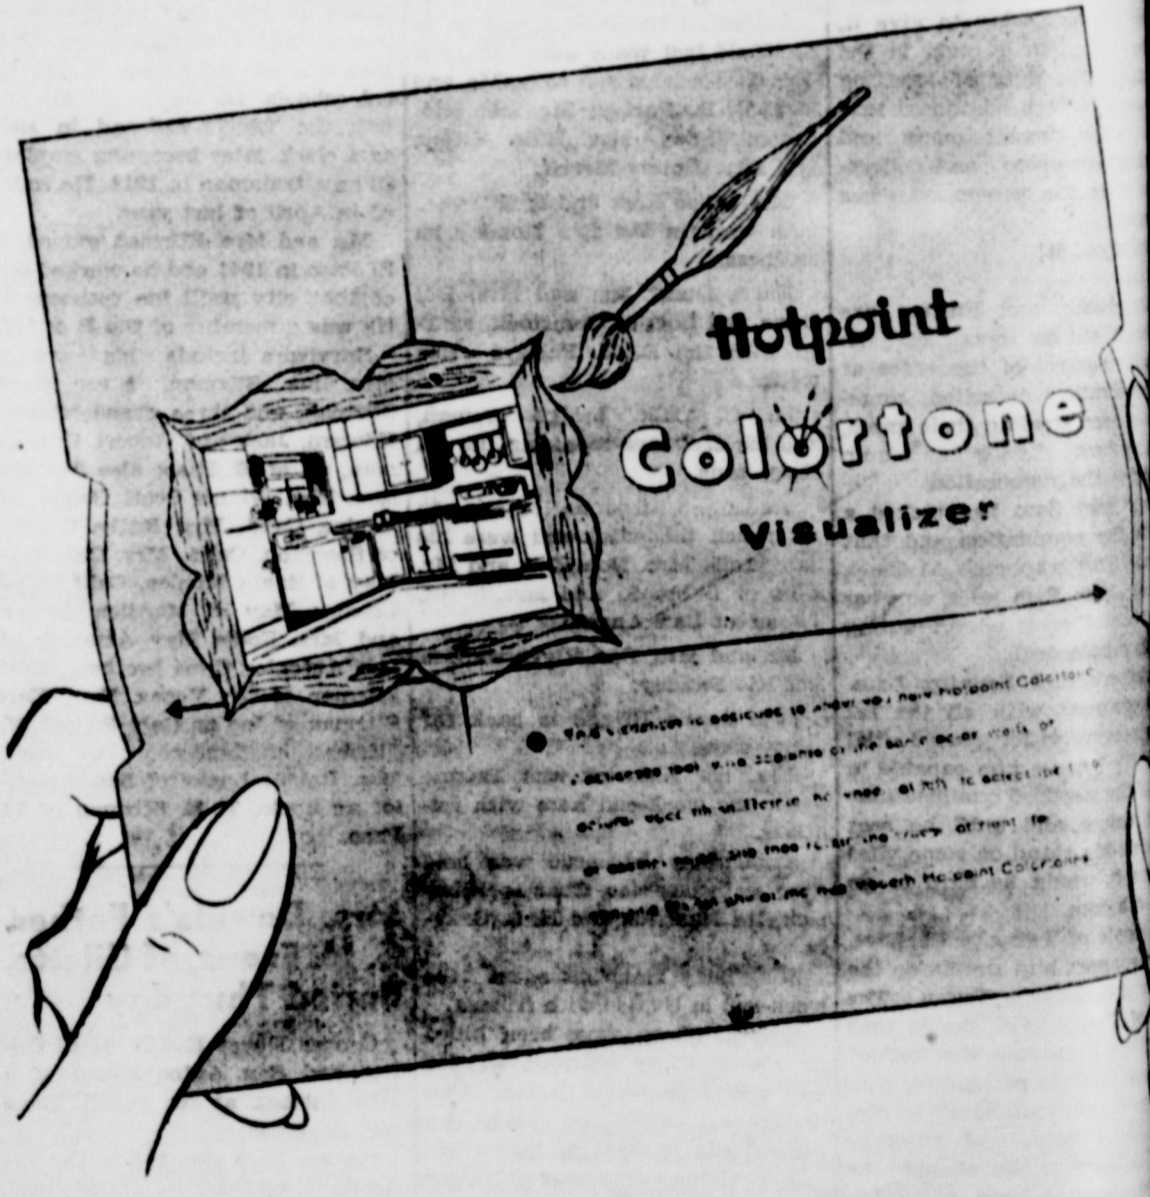

Our high school correspondent says that Economics and Geography students are going in for "grass roots" studying. They're going to charter buses and take off on Operation See-For-Yourself—have a ten-day look at some of the things they've been studying about. As I remember, it was hard to keep your mind on schoolbooks at this time of year. Today's kids can give in to that old urge to bust out of the classroom—with a clear conscience. Wish they'd take me along.

Giving a party? Or just interested in giving the family a special supper treat? Then you'll like this delicious baked yam dish with its subtle maple flavor plus the piquancy of pineapple and the crunchiness of pecans. Easy to make—with the added advantage of being able to prepare the yam part in advance. Then, when preparing dinner, heat the maple-blended syrup with the fruit and nuts and pour over the yams and bake. Try it on the family... but for "outside" applause, serve this dish at your next buffet supper!

YAMS WITH PINEAPPLE

- | | |
|--------------------------------------|-----------------------------------|
| 2½ cups mashed cooked Louisiana yams | 3 tablespoons maple-blended syrup |
| 1 tablespoon maple-blended syrup | 1 tablespoon butter |
| 3 tablespoons butter | ¼ cup crushed pineapple and juice |
| 2 tablespoons milk | ¼ cup chopped pecan meats |
| ¼ teaspoon salt | |
| ¼ teaspoon pepper | |

Combine yams, 1 tablespoon maple-blended syrup, 3 tablespoons butter, milk, salt, and pepper in saucepan. Place over medium heat and cook until mixture is heated, stirring constantly. Place in greased 10x6½-inch baking dish.

Combine 3 tablespoons maple-blended syrup, 1 tablespoon butter, pineapple and juice, and nuts in saucepan. Place over medium heat until mixture is heated—about 3 minutes. Pour over sweet potato mixture. Bake in hot oven (400°F) 25 to 30 minutes. Serve at once. Makes 4 or 5 servings.

long and that we do not necessarily go as "Long-time" Sam leads. Johnson has always been noted for being a "middle of the roader" that's true. Most of that trait, however, has been in answering questions evasively, rather than political practices.

We cannot forget his "middle of the road" answer to a pointed question of ours once concerning a major political question. His answer was, besides the salutation and usual queries as to our good health, etc.: "Quiet aside from all politics, I think your letterhead is very distinctive." Boy, that's right down the middle.

He doesn't know it, but flattery won't get any votes for him here. And we can't help but remember the tales of the missing ballot boxes of Duval County that named Johnson to that post. Nor can we forget easily his Tidelands stand, his hunched back from following in pianist Harry's shadow.

Nope, Mr. Johnson, if you want Texas' support, stand on your own hind legs like a Texan tell your might-be supporters what you think.
