SECTION I

AT PLAINVIEW SATURDAY

Friona Well-Represented At Girls All-Star Game

A former star for the Friona Squaws basketball team, the team's successful coach, and a future Friona coach will participate in the annual Texas High School Girls Basketball Coaches Association summer clinic and all-star game this weekend in Plainview.

Janet Buckley is the player, who closed out a fine varsity career with the Squaws this past spring, helping lead the team to the semi-finals of the state class AA playoffs, and being named to the all-state tournament team.

Coach Baker Duggins is the coach, who has posted a 183-won, 26-lost record at Friona during the past seven years, including winning district five of those years, and advancing to the state tournament twice and regional three times.

The future coach mentioned is C.W. Dukes, who piloted the Sundown girls to three consecutive state championships in class A. Dukes is to become boys basketball coach at Friona High School this fall.

Janet is a member of the north all-star girls team, which will meet a south squad in the annual all-star game Saturday night at Plainview High School gymnasium at 8 p.m., preceded at 7 p.m. by an exhibition by members of Wayland College's Flying Queens.

Duggins, in addition to being defensive coach for the north all-stars, will be a featured speaker at the Saturday session of the clinic, which is expected to attract 250 girls high school basketball coaches. Duggins will speak on the topic "Driving for the Basket."

Dukes will also be on the Saturday program, speaking on "How We Teach Fundamentals."

Coach Harley Redin of Wayland College will be in charge of the demonstration involving his team members, who are to return today from Durango, Mexico, where they met the Mexican Pan-American team in three games.

Making up part of the demonstration will be members of the "Queen Bees," who formed the nucleus of the T&R Queen Bees team that placed fourth in the national AAU tournament last spring, some of whom played against the Squaws in an exhibition game here.

Participating in the all-star game is nothing new for Friona representatives. In 1960, Friona helped set two records for the game. Three players participated in the game that year from Friona, most ever from one school. They were Lawana Houlette (Moore); Jacquelyn Magness (Hight) and Charlotte Bock (Ratcliff).

Also in 1961, with Duggins as coach of the team, the north romped to a 71-39 win, setting a new all-time scoring record for one team in the game.

In 1961, Gayle Dodson was

Proclamation

By
Loyde A. Brewer, County Judge
Parmer
Farwell, Texas

WHEREAS all the citizens of Parmer county are concerned about the safety and well-being of farm families from whom we receive our abundance of food and other essential agricultural commodities; and

WHEREAS farm accidents result in over 150 deaths and thousands of disabling injuries in Texas each year; and

WHEREAS farm accidents are responsible for needless suffering and incapacity, and greatly effect the economic well-being and progress of our agricultural population in our county, state, and nation; and

WHEREAS the President of the United States and the Governor of Texas have designated the period of July 21-27, 1963, as FARM SAFETY WEEK; and

WHEREAS throughout this special week, a statewide farm accident prevention and educational program will be undertaken by the Texas Farm Bureau, the Texas Farm and Ranch Safety Council, the Texas Agricultural Extension Service, the Texas Safety Association, and the Parmer County Farm Bureau with the theme "Inspection plus Correction Equals Protection"; and

WHEREAS records show a notable and steady decline in the number and rate of accidents among farm people as a direct result of such worthwhile safety education program.

NOW, THEREFORE, I, Loyde A. Brewer, County Judge of Parmer County, do hereby designate the week of July 21-27, 1963, as FARM SAFETY WEEK and urge all farm families, persons, and organizations allied with agriculture to engage in a purposeful concerted effort to reduce further the number of farm, home, and highway accidents.

IN OFFICIAL RECOGNITION THEREOF, I hereby affix my signature this 15th day of July, 1963.

Loyde A. Brewer

Parmer County Judge

Infant Girl Is Accident Victim

Funeral Services were conducted Monday for 15-month old Cecilia Marruffo, daughter of Mr. and Mrs. Jesus Marruffo of 310 Ashland in Friona.

The infant was killed on Saturday when a car driven by a sister accidentally struck her while she was playing in the parking area behind the Marruffo home.

Natalie, 16-year-old sister of the victim, was backing the family car from its parking place enroute to Parmer County Community Hospital, where she was to report to work.

The child was dead on arrival at the hospital at 8:15 p.m. Saturday. Police Chief Bill Morgan said Natalie apparently did not see the child playing behind the car.

Survivors, in addition to the parents and sister mentioned are Alvesa and Josephine, sisters, and Basilio, a brother, all of the home.

Funeral services were conducted at St. Teresa of Jesus Catholic Mission in Friona, Interment was in the City of

Lubbock cemetery, under the direction of Claiborn Funeral Home. Graveside rites were conducted at Lubbock.

Church Team Hosts Playoff Game Tonight

The second playoff game between the Royal Ambassador baseball teams of First Baptist Church, Friona and South Lawn Baptist Church of Amarillo will be held at 8 p.m. today at Reeve Field.

South Lawn, runnerup in the Estacado League, beat Friona, the Palo Duro League champion, 13-9 in a game at the church camp ground near Umbarger last Saturday.

It was only the second loss of the year for the Friona team, which now needs to win to remain in the playoffs. Friona's RA's posted a 15-1 record in winning their league championship.

Long-Time Residents Are Claimed By Death

Mrs. Massey Services Held

Funeral services for Mrs. Otis Massey, 69, who died at 4:30 p.m. Wednesday at Parmer County Community Hospital, were conducted from First Baptist Church at 4 p.m. Friday. Rev. Russell Pogue, Petersburg, former pastor, conducted the service. He was assisted by Rev. A.M. Wyly, pastor of Calvary Baptist Church, and Rev. Bill Burton, pastor of First Baptist Church.

Mrs. Massey, a resident of Friona since 1925, was born in Tennessee and moved to Central Texas with her parents the late Mr. and Mrs. G.W. Price at an early age. She was married to Otis Massey at Middleton December 22, 1912. She was a member of First Baptist Church.

Pallbearers were Kenneth Ferguson, Fred Ferguson, Eddie Massey, Tommy Massey, Weldon Massey, Leon Massey, and David Massey, grandsons of the deceased.

Survivors, besides her husband, are four daughters, Mrs. Virgil Ferguson and Mrs. Sam Williams, Friona, Mrs. Fran-

MRS. MASSEY

Mrs. Day Rites Held

Final rites for Mrs. B.C. Day, 79, who died Friday afternoon, were conducted at First Baptist Church at 3 p.m. Sunday. Rev. Bill Burton, pastor, was the officiating minister.

Florence Jane Tucker was born August 18, 1883 in Osage County, Kansas. She was married August 6, 1901 at Burlingame, Kansas to B.C. Day. The couple moved from Kansas to Arnett, Okla., and from Arnett to Friona in 1928. They moved to a farm southeast of town and Mrs. Day made her home there at the time of her death.

Earl Samuel Day, only son of the deceased, died in 1930.

Survivors are Mrs. Leona Wolfe, daughter; Mrs. John S. Thompson, grand-daughter; Darrell Kenneth Thompson, great-grandson; and Bobby Darrell Thompson, great-grandson.

Also a sister-in-law, Mrs. Ida Tucker, and a nephew, John

MRS. DAY

Henry Tucker, both of Hinton, Okla.

Pallbearers were Dick Rockey, Pete Buske, D. G. Hand, Virgil Ferguson, Fred Dennis Frank A. Spring.

Mrs. Day, who had been under the care of a Plainview physician, was on her way to see the doctor at the time of her death. She was accompanied by her daughter and grand-daughter.

She was buried in Friona cemetery by the side of her husband, who died in June of 1961. Claiborn Funeral Home was in charge of arrangements.

Attend State Meet

Several Future Farmers of America chapter members from Friona and Parmer County are attending the state FFA convention in Lubbock this weekend. The Wednesday-Thursday-Friday meeting of representatives of over 900 FFA chapters throughout the state will include the awarding of advanced degrees, scholarships and awards to outstanding members of the organization.

David McVey and Benny Pryor, vocational agriculture instructors at Friona, and Scotty Windham, instructor at Lubbock, will accompany members to the convention.

Among the business to be transacted at the convention will be the election of a state president from the ten state officer nominees, who have been elected by members in the ten areas of the state. Voting delegates to the National FFA Convention in Kansas City in October will be elected. In addition, delegates will elect a sweetheart from the ten candidates elected by the areas and will select the top talent team in the state.

Nearly 800 members from the 38,000 membership of the organization will receive the state's highest award, the Lone Star Farmer Degree. The membership will confer Honorary Degrees on adults who have contributed in an outstanding way to the accomplishments of the organization. A Vesper Service will be conducted on Tuesday evening, preceding the convention sessions. Vern France of Gooding, Idaho, National FFA Student Secretary and R.C. Irwin of Ford Motor Company, Birmingham, Michigan, are among the speakers to address the 3000 farm youth convened in Lubbock, July 17-19.

Mother, Girl Are Burned

Mrs. Claude Abston and daughter, Deborah Jo, 6, were admitted to Parmer County Hospital Tuesday morning with second degree burns following an explosion at their farm home 17 miles southeast of Friona.

Both Mrs. Abston and her daughter were listed in "satisfactory" condition by hospital officials.

ernor Connally have previously designated that week on national and state levels as a period to call attention to worthwhile safety practices that can reduce disabling injuries and death.

The county farm leader said that farm accidents have been reduced in the past few years; however, farmers cannot afford to let down their guard against accidents. He emphasized that

(Continued on Page 2)

State Art Contest Is Announced

All amateur artists in Parmer County are invited to enter the state citation art exhibition, sponsored by the Democratic Women of Texas.

Mrs. Leon Smith of Route 1, Friona, is Parmer County chairman for the contest. Mrs. Loyde Brewer is Friona chairman.

The exhibition is open to any artist resident of the 31 senatorial districts in Texas. Scholarship awards of \$500 for advanced study in visual arts will be given to artists who are freshmen through senior age (1963 graduates included).

Amateur artists not of school age are urged to enter the contest for a merit award.

Parmer County's district contest will be at Tulla August 16. Anyone interested in entering the district contest should contact either Mrs. Smith or Mrs. Brewer for an application blank.

Entries, which must have been completed within the past two years, may be in the following divisions: oils, pastels, tempera, casein, drawings (pen and ink, pencil, charcoal); watercolor or a combination.

In the state citation exhibition, each district may submit as many as four major entries for the scholarship award with accompanying drawings, and two major entries for the merit award without drawings.

Scholarship entries must be accompanied by a pen and ink, charcoal, or pencil sketch, to show evidence of ability in subjective delineation.

Work done under supervision is not eligible for the contest.

Board Meet

The Board of Equalization for the Friona Independent School District will hold its annual meeting Saturday, July 27, from 10 until 11 a.m. in the Friona High School Library.

"Anyone who has a tax problem to discuss with the board may feel free to come before them at that time," states Alton Farr, superintendent of schools.

Members of the equalization board are Wright Williams, Clyde Goodwine and Paul Fortenberry, along with the seven regular school board members, D. C. Herring, W. M. Massey, Ellis Tanam, Glynn DonHughes, W. R. Mabry, Cordie Potts and Ralph Shelton.

SIGNS PROCLAMATION . . . Judge Loyde Brewer signs letter proclaiming July 21-27 "Farm Safety Week" in Parmer County. Looking on is Harry Hamilton, president of the Parmer County Farm Bureau, one of the sponsors of "Farm Safety Week" in Texas.

July 22-28 Proclaimed "Farm Safety Week"

County Judge Loyde A. Brewer has officially proclaimed July 21-27, 1963, as FARM SAFETY WEEK in Parmer County, according to Harry Hamilton, president of the local county Farm Bureau.

President Kennedy and Governor Connally have previously designated that week on national and state levels as a period to call attention to worthwhile safety practices that can reduce disabling injuries and death.

Residents Feel Full Force Of Summer

Friona residents have been sweltering the past week in the city's hottest weather of the summer. The mercury climbed to a season high of 98 degrees last Thursday afternoon, and reached 96 degrees Monday. It was 95 degrees last Wednesday and again on Friday. A high of 92 was recorded for Sunday afternoon.

A total of .70 inches of rainfall was recorded late Friday and early Saturday morning, along with a brilliant electrical display. Totals of .02 were recorded Saturday and Sunday, and .01 on Monday, bringing the total for July to .89 inches of rain in Friona.

Temperatures the past week were as follows:

	Max.	Min.
July 11	95	68
July 12	98	69
July 13	95	64
July 14	88	61
July 15	89	61
July 16	92	61
July 17	96	71

The chamber directors will discuss plans for this year's brochure, as well as formulate plans for the annual Matze Days celebration, according to Porter Roberts, Chamber of Commerce manager.

GETTING THE LOWDOWN . . . These three youngsters, who are enrolled for driver's education summer class at Friona High School, are getting pointers from their instructor Tom Jarboe. From the left are Jimmy Grimsley, Dennis Fallwell and Mike Woolley.

Hi-Plains To Build

A contract for the construction of a new office building was let recently by officers and directors of the Hi-Plains Savings and Loan Association of Hereford.

Sloan Osborn of Friona is vice president of the board of directors. Also on the board is G.B. Buske.

The building is to be located on the corner of Fourth and Sampson Streets in Hereford. J. Allen Ritter Construction Company of Amarillo is to be general contractor.

Cost of the building is estimated to be around \$75,000. The building will contain around 3,650 square feet and will be of brick and glass construction. Hucker and Parge Ar-

chitectural Firm of Amarillo designed the building.

Features will include a customer drive-in window, a large parking lot, board conference room, two major offices, lobby and work room.

It is hoped that the company will be able to move its operations into the new building by December 1 of this year.

The savings and loan company was organized and put into operation in August of 1957. It currently owns property in the 100 block of East Third Street in Hereford.

The organization has grown to include more than \$4,000,000 in total assets since its beginning.

Safety Week --

(Continued from Page 1)

farming remains one of the most hazardous occupations in America today.

In his official proclamation, Judge Brewer said: "All the citizens of Parmer County are concerned about the safety and well-being of farm families from whom we receive our abundance of food and other essential agricultural commodities.

"Farm accidents result in over 150 deaths and thousands of disabling injuries in Texas each year, he stated.

"Farm accidents are responsible for needless suffering and incapacity, and greatly effect the economic well-being and progress of our agricultural population in our county, state and nation.

"Throughout this special week, a statewide farm accident prevention and educational program will be undertaken by the Texas Farm Bureau, the Texas Farm and Ranch Safety Council, the Texas Agricultural Extension Service, the Texas Safety Association and the Parmer county Farm Bureau with the theme "Inspection plus Correction Equals Protection."

All-Star--

(Continued from Page 1)

selected for the game, making Miss Buckley the fifth from Friona High School to be honored.

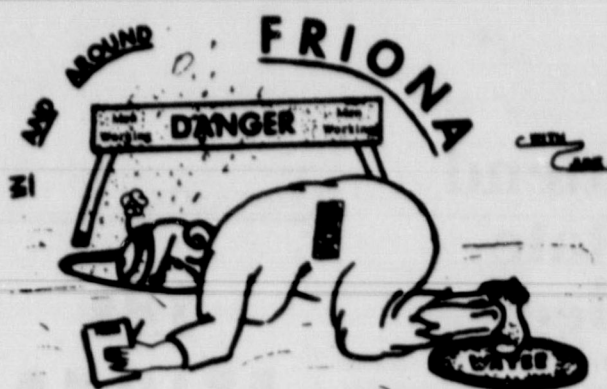

The game is co-sponsored by the Plainview Chamber of Commerce, Wayland College and the Plainview Public Schools.

The girls will work out this afternoon, twice Friday and again Saturday morning prior to the game Saturday night.

Other members of the north team include Sue Janes and Elaine Stokes of Sundown, Cheryl Culwell of Tulsa, Anita Starker of Happy all of whom played against Friona the past season, Bobbie Gregory of Roosevelt and Peggy Davis Abernathy.

Other coaches on the program include Don Sparks of Texas Tech, F.G. Crofford of Claude, Ellen Johnson of Brewer, and Dr. Rhea Williams, director of the University Interscholastic League.

As sons of God all of us are co-heirs with Christ to our Father's riches. Our part in receiving the vast spiritual blessings available to us is only to believe and to give thanks.

In spite of all the building which is being done in Friona there is still a shortage of houses for persons who want to move here to live in. Right now there is an urgent need for housing for teachers with families who have contracts to teach in local schools this fall.

Anyone who has a house for rent or knows someone who does is asked to contact Mr. Farr at his office. The opening of school isn't far away and new teachers want to get situated as soon as possible.

Most of us are looking forward to the time when long distance dialing is available into and out of Friona. One of the things we hope to eliminate is the long period of time it takes to reach an operator many times when we desire to place a long distance call.

Another annoyance we have of being left hanging on the line after an operator answers then says, "just a moment, please."

This isn't really meant as a criticism of telephone operators or a dissertation on the lack of service we feel we are entitled to at times and fail to get, but it is beginning to appear to be so. However, an incident which came up Friday of last week, was most annoying.

We had urgent need of a call to Farwell in connection with funeral notices and time was running out. For some unaccountable reason the first five minutes were spent trying to reach an operator, the next four were spent waiting the "moment" to elapse then there was nothing but silence. Trying to make connections on another line were most exasperating, but finally an operator said, "Number please."

After giving instructions pertaining to reaching the Farwell number several minutes passed before I realized that I had again lost the connection. Twenty minutes after I first dialed the operator, a friendly voice

last week which his daughter, Jan, had mailed at a small Mexico post office during a recent vacation tour of that country. The card, which had a picture of a beautiful resort on it and a brief personal message on the other side was addressed "J.V. Edelman."

J.V. Edelman is Jan's brother, who lives in Dallas. She didn't remember the exact street address when she addressed the card and intended to copy it from her address book before mailing, but posted the card without thinking about the lack of sufficient address.

Although the post mark isn't plain enough to be read and the card had neither street address nor town anywhere on it, the card mysteriously arrived in Friona.

It is possible that Jan mailed a card to her folks at the same time and a Mexican postal employee tied the two cards in the same bundle and directed them to Friona; however, the unaddressed card reached the local post office with no markings or other visible directions.

Crops are beginning to look pretty any direction you care to drive in spite of late planting dates. A number of people are already eating fresh green beans from fields and gardens and there will soon be roasting ears on a lot of tables.

Prospects are beginning to look up for good crops, well stocked deepfreezes and pantries full of canned vegetables.

Perfection is obtained by slow degrees and always requires the hand of time.

came to my rescue and the call was completed in about four seconds. It was about this time that I thought, "How much better direct dialing will be."

Later while visiting with Pat Fallwell I was reminded that all our telephone troubles will not be over when long distance dialing is available.

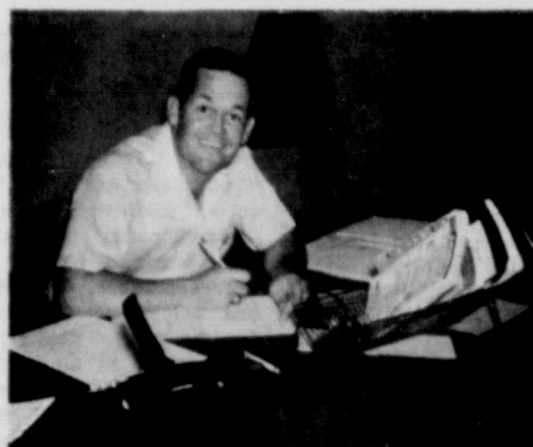

Recently one of her sisters, who lives on a rural line out of Fort Sumner, answered the ring of her telephone and was greeted by a voice from somewhere in the Deep South trying to reach a newspaper office in Baton Rouge, La.

It may be possible that facilities for long distance dialing will increase "wrong number" calls.

ZIP is being built up by newspapers all over the nation as the vehicle for the most efficient postal service in the world. This may be true, but if U.S. postal service becomes more efficient than that of Mexico, our south of the border neighbor, it will really begood.

A postal card turned up in Preach Edelman's box one day

There's a Gun At Your Head!

Any farmer would move carefully, slowly and as directed . . . if he knew a gun was pointed at his head. Yet there is a gun at every farmer's head . . . unseen . . . whenever he is operating farm machinery. The hand on the trigger is yours. A moment of carelessness and you've lost your arm or your life. The National Safety Council says it is human failure that is the basic cause of farm safety. Never push your luck too far . . . the stakes are too high for gambling. You can commit suicide with a farm implement!

Winners in the Friona Country Club's "selective shot foursome" tournament last Sunday were announced this week by club pro, Joe Coronado.

Two teams wound up tied after nine holes, still were tied after a three-hole playoff, and had to play a sudden-death fourth hole to decide the winner.

When the smoke cleared, the team of Mrs. Maynard Agee,

Lloyd Rector, Dwight Whitacre and Danny Kendrick had won. The team of Mrs. John Bingham, Wright Williams, Tom Jarboe and Johnny Barker was the hard-pressing runnerup.

The third-place team was composed of Mrs. Joe Coronado, W. B. Stark, Joe Coronado, Jr., and Steve Messenger, with a 33 score. Fourth-place team was Mrs. Steve Messenger, H. K. (Pudge) Kendrick,

Maynard Agee and John Bingham, with a 34.

Next with a 35 score were Mr. and Mrs. Mick Mingus, Tommy Sherley and Ralph Roden. Posting a 36 were Mrs. Glen Mingus, Lee Renner, Jay Beene and Dean Bingham.

Seventh-place team was composed of Mrs. Dean Bingham, W. L. (Preach) Edelman, Ramie Beene and O. F. Lange, shooting a 36. The team of Mrs. Lloyd Rector, Glen Mingus, O. J. Beene and G. L. (Shorty) Mingus shot a 39.

It was the original plans to hold a "Scotch foursome" tournament, but the "selective shot" tournament was held instead. It proved very popular with all members, according to Coronado.

Under "selective shot" rules, all players in the team play their shots from the best ball position after each shot, including putts.

CONSTRUCTION PROGRESSES . . . Workmen were running the foundation this week for the new building to house Johnson's Food Market. George Taylor, contractor, is shown in center, talking with Jack Coker, who will supervise brickwork for the building.

WELCOME TO FRIONA

Mr. and Mrs. Hugh Buckner moved to Friona the last week in May from Whitharral, where they had been in the grocery business for the past 12 years. The Buckners, who have farmland southeast of Friona, are at home on West Sixth Street in Friona. Mr. Buckner, a native of Wise County, was in the construction business for 14 years, and spent the last 14 years operating a grocery store. They have one child, Clifford, who lives at Muleshoe.

Perkins Makes Dean's List

Mrs. John Blackburn and Mrs. John Hays were hostesses at a surprise coffee in the new home of Mrs. W. L. Edelman at 9:30 a.m. Tuesday. Following presentation of gifts, guests toured the Edelman home.

Refreshments of coffee, cold drinks and assorted fruit breads were served to Mesdames Ed Boggeas, J. M. Watson, D. L. Carmichael, Rosco Ivie, F. W. Barnett, Glenn Floyd, Ralph Price, J. B. Taylor, Nelson Welch and David Carson and John.

Also Mesdames Tom Jarboe and Jay, R. L. Bates, Steve Struve, Ethel Adams, Loy Loafman, Louis Baxter, Eugene Boggeas, Otey Hinds, W. L. Edelman and her daughter, Jan.

James E. Perkins, son of Mr. and Mrs. Richard Perkins of Friona, was on the Dean's Honor Roll for the spring semester at Texas Technological College.

Perkins, a freshman student at Tech, and a 1962 graduate of Friona High School, was required to make a 3.0 grade average or better to make the list.

At Friona High School, Perkins was the class valedictorian with a 95 average for the four years of high school work.

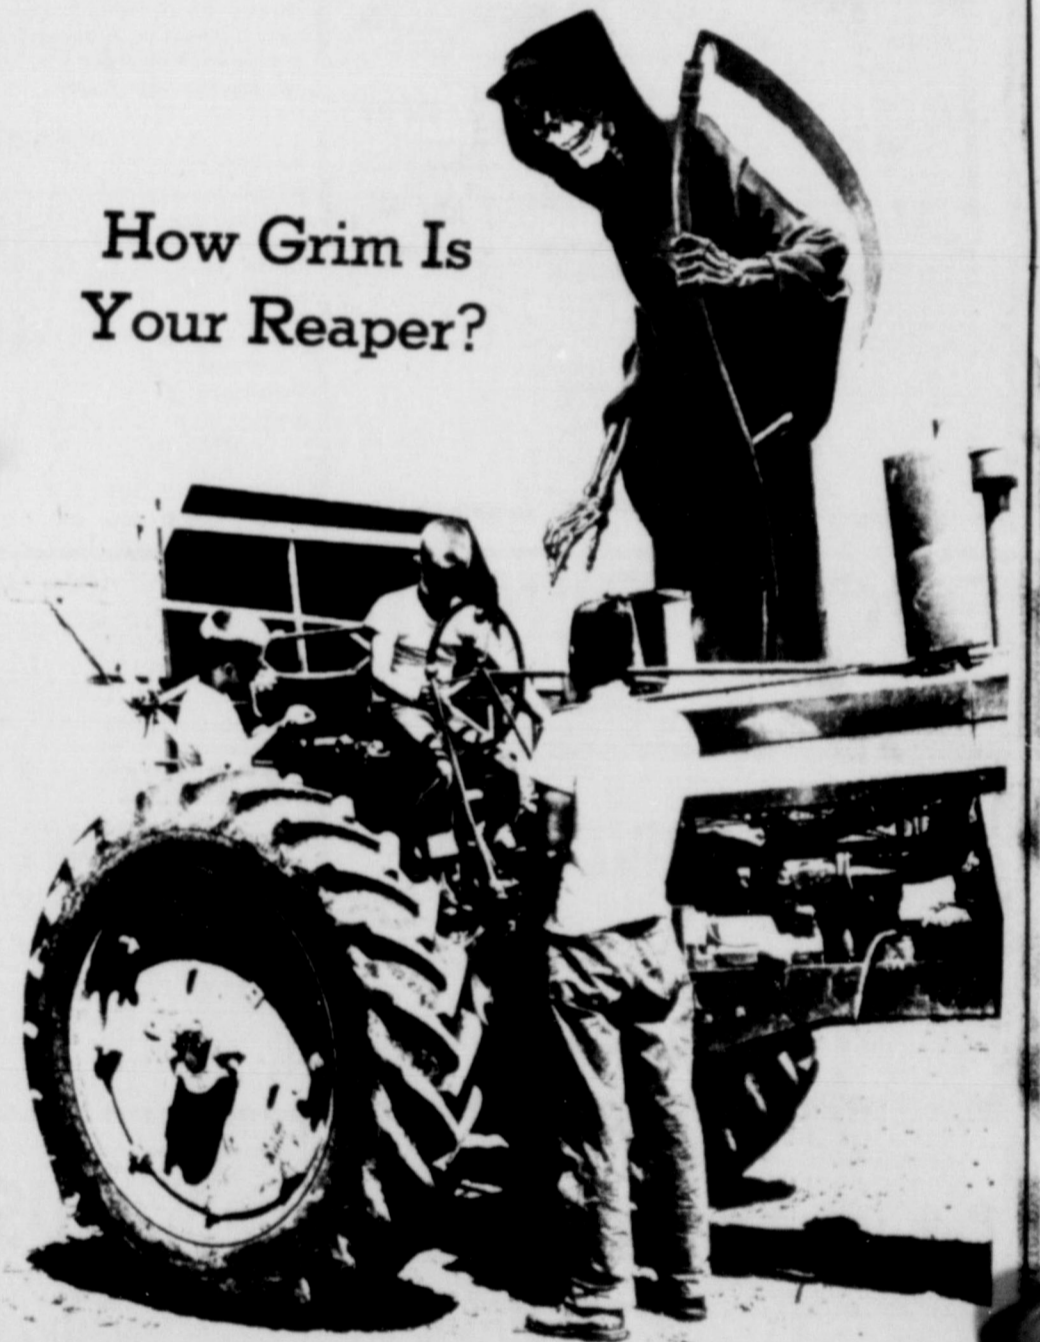

Tower Installed

The City of Friona's Police Department two-way radio antenna network was removed from its old position at City Hall and re-installed atop the old water tower on Monday, with the hook-up completed on Tuesday.

The move was made to improve radio efficiency, transmission, and receiving, according to Police Chief Bill Morgan. The improvements should aid materially in storm warnings for the area.

With the new position, the patrol car is able to read Dimmitt clearly, which had not been the case previously, and also at times can pick up Amarillo units.

How Grim Is Your Reaper?

What will you harvest in your fields this year . . . a bin of grain or a bed of pain? Will you reap the fruits of your labor . . . or the grief of your carelessness? The harvest is to sustain life, not destroy it.

Your harvest can be exceedingly grim if you permit your children to play around or operate farm machinery. A shocking 17 per cent of all deaths involving farm tractors are of children under 10 years old. Youngsters under 19 account for 34 per cent of all deaths in farm machinery accidents.

Permit no young riders on your implements . . . or the Grim Reaper may board by their side. More than 11,300 farm residents are accidentally killed every year. About 950,000 more are injured. There are four times as many accidental deaths in farming than in manufacturing! How grim is your reaper?

Wild 40-Run Game Features Pony Action

The last unbeaten team in Friona's summer baseball program fell last Friday night when Chester-Fleming Gin downed Herring Implement, 5-4, but Herring continues to lead the Pony League standings with a 5-1 record.

On Tuesday night, Farmer County Implement won its third game to even its season record, in a wild 21-19 win over Hub Grain, a game that wasn't finished until after 11 p.m.

The 40 runs were a new record for the city baseball program in 1963. Farmer County Implement scored seven times in the top of the seventh to take a 21-17 lead, then had to stave off Hub Grain, who scored twice in their half of the inning, and

had the tying runs on base when the game ended. To top things off, the winners had just eight players in the game.

Duane Reed, Dennis Howell and Nolan Morris led the winners with three hits, Brian Jameson had three hits for the losers. Leaton Noyes, Reed and Mike Heady all pitched for the winners. Ted Renner and John Claborn pitched for Hub Grain.

Farmer County Implement took a 6-0 lead in the first inning, scored once in the second and four more in the third, Hub Grain came back with two in the third, six in the fourth and four in the sixth, to pull ahead, 16-14, before the wild seventh-inning climax.

In addition to collecting 17

hits, Farmer County Implement had 11 walks to aid their cause. Hub Grain had 10 hits, 10 walks, and were helped by five errors by the winners.

Bobby Jordan went the distance for Chester-Fleming on Friday as his team knocked Herring Implement from the unbeaten list. Jordan gave up seven hits and walked just one batter, striking out 11. Ray Braxton pitched for Herring.

The winners scored all their runs in the first inning, as Tommy Sherley, the fifth batter, slammed a home run out of the park with two men on base. It was the first ball hit out of the park in Pony League play this year.

Terry Fite led off the first

with a single, Jordan tripled him home. Then Bobby Sims singled and Jay Beene doubled preceding Sherley's blast.

Herring scored once in the third and fourth and twice in the fifth, Braxton, the losing pitcher, had a home run for Herring.

WITH 18-2 RECORD

Friona Nine Ends Regular Season

Friona finished as the league leader in the Irrigation League's regular season, finishing with an 18-2 season record, and 14 consecutive wins, or 15 if you want to count a forfeit game.

The local nine, which will now compete in a playoff involving the first four teams in league standings, finished their regular season last Wednesday night, thumping Tulla, 8-3 in a seven-inning game. The teams were to have played a makeup

game, but due to playing conditions, Tulla decided to forfeit the game to Friona, since it would not affect either team's standing in the league.

Gary Renner went the distance for Friona, giving up six hits, striking out seven and walking none. In addition, Renner teamed with shortstop S. D. Balze to collect six of the team's 12 hits.

Renner socked a home run, double and single in four times

at bat, knocked in a pair of runs and scored twice. Balze had three singles and a run-batted-in for his night's effort.

Friona took a 2-0 lead in the second inning on singles by Jimmy Collier and Renner, two Tulla errors and a hit batsman. They made it 4-0 in the fourth on a single by Floyd Reeve and doubles by John Renner and Gary Snead.

After Tulla struck for two runs in their half of the fourth, Friona went after three more runs in the fifth on Renner's home run, singles by Reeve and Danny Carmichael, a walk and a hit batsman. They added their final run in the sixth, aided by errors.

Manager Duane Balze said he would have a meeting in the near future with league officials to discuss the playoffs. It appears that teams from Nazareth, Silvertown and Umlager will be in the playoffs with Friona.

Representative Is Honored

Edgar J. Diers, Lubbock, District Representative in this area for Aid Association for Lutherans, of Appleton, Wis., attended the 1963 President's Club convention held at the Jack Tar hotel in San Francisco, June 26-July 1.

He was honored at the convention for his outstanding insurance sales last year. Diers was one of 360 AAL representatives and their wives who qualified for the San Francisco convention.

Something To Think About
5th. Street Church of Christ
Box 515 -- Friona, Texas

SIGNS OF SPIRITUAL DECLINE

- When you dislike religious conversations, or the company of Christians.
- When you stay away from church by your own willful choice.
- When you worry more about a clean conscience than a clean heart.
- When you are more afraid of being called overstrict, than of honoring Christ.
- When you trifle with temptation or think lightly of sin.
- When you condemn in others that which you tolerate in yourself.
- When you are impatient and unforgiving toward others.
- When you confess but don't forsake sin; and acknowledge, but still neglect duty.
- When you shrink from self-examination.
- When you "strain out the gnat, and swallow the camel."

come to church Sunday

Send us bigger and better rattlesnakes

"Once upon a time there was a family of wayward members of a church. Members and deacons and the pastor had visited them to try to get them back to church, but no avail. Then one day while out in the pasture, a large rattlesnake bit a son John, and he became very ill. The doctor said, "About all you can do is pray." The father called the preacher and asked for prayer. This was the preacher's prayer: "O wise and righteous Father, we thank Thee that in Thy wisdom Thou has sent this rattlesnake to bite John in order to bring him to his senses. He has not been inside the church house for years, and it is doubtful that in all that time he has felt the need of prayer. Now we trust that this will be a valuable lesson to him, and that it will lead him to genuine repentance. And now, O Father, wilt Thou send another snake to bite Sam, and another one to bite Jim, and a BIG ONE to bite the old man. We have been doing every thing we know for years to restore them, but to no avail. It seems that all our combined efforts would not do what this snake has done. We thus conclude that the only thing left that will do this family any good is more rattlesnakes. So, Lord, send us bigger and better rattlesnakes. We Pray in Jesus' name, Amen." I hope the rattlesnakes don't get you unless the Lord sends them. I hope you will get back into the Lord's work without a disaster.

BJ Bees Keep Lead In Pee-Wee League

Parmer County Pump's BJ Bees remained atop the Pee Wee League standings this week with a 10-4 win over Ethridge-Spring Agency, but the latter team bounced back for two wins to strengthen its hold on second place in the league.

In the makeup game last Wednesday, The BJ Bees used eight hits and five walks for the win. Job Garcia, Gary Pope and Mickey Morris all pitched for the winners. Leon Mendoza and Brian Hall hurled for the losers.

On Friday, Ethridge-Spring came back for an 11-10 win over Friona Consumers, Brian Hall won this game, Steve Baxter pitched for the Co-op. The winners had four hits and were aided by 10 walks. The losers had seven hits and 12 bases on balls.

The game was tied in the bottom of the fourth. Hall led off with a single, and circled the bases for the winning run, Tuesday, Ethridge-Spring

scored three runs in the bottom of the fourth for a 4-3 win over Bainum Butane. Weldon Peace, Larry Paul, and Leon Mendoza pitched for E-S, Bill Bailey went the route for Bainum.

Bainum took a 3-1 lead into the fourth inning, but two singles and a walk turned the tide for Ethridge-Spring.

Country Club Tells

New Directors

Steve Messenger and O.J. Beene were elected to the board of directors of the Friona Country Club at a recent meeting. The two will replace H.K. (Pudge) Kendrick and Andy Hurst, whose terms expired.

Holdover directors are Wright Williams, Bedford Caldwell, Kenneth Neill, W.L. (Preach) Edelman and Dr. Paul Spring.

Friona Drilling Keeps Intermediate Lead

Friona Drilling maintained its leadership in the Intermediate League during the past week with a pair of wins, 12-9 over Friona Star-Hurst Stores and 5-3 over Friona State Bank. In the game last Thursday, the drillers collected 10 hits as Danny Carthel took the win. Trailing by 12-4 going into the last of the fourth inning, Star-Hurst scored five times to give the league-leaders a scare. Mike Pavalos was the losing

pitcher. Carthel pitched Friona Drilling past Friona State Bank in a game Monday night. The bankers took a 2-0 lead in the third inning. Friona Drilling scored all of its runs in the last of the fourth on three walks, an error and a hit batsman. Friona State Bank rallied for a run in the sixth, but couldn't come closer than two runs, 5-3. Johnny Barker was the losing pitcher.

Brookfield Drilling remained in the race by blasting Reeve Chevrolet, 19-3 last Thursday. The winners had 15 hits and six walks. Ray Peace went the distance for the winners, giving up only two hits and three walks.

Scott Wooley pitched three innings for Reeve, being relieved by Joe Moreno. Brookfield scored eight runs in the second inning to take a commanding 12-0 lead.

McCaslin Lumber Company took a firm grip on fourth place in the intermediate standings by topping Reeve Chevrolet on Monday, 6-2. Isadora Cordova went the distance for McCaslin, allowing just two hits and three walks.

Jim Schlenker started for the losers, relieved by Scott Wooley. McCaslin scored five runs in the top of the sixth, to erase a 2-1 Reeve lead. Cordova helped his own cause by slamming a home run with a man on.

LEGAL NOTICE

The City of Friona passed after its first reading an ordinance entitled "The City of Friona Subdivision Regulations" at its regular meeting Monday, July 8. The ordinance will take effect following its second reading at the council meeting August 12.

The caption of the ordinance, number 357, is as follows: "An ordinance regulating the subdivision of land in the city of Friona, Texas, and within one-half (1/2) mile of its corporate limits; requiring and regulating the preparation and presentation of preliminary and final plats for such purpose; establishing minimum subdivision design standards; establishing final plat approval requirements; providing minimum improvements required prior to acceptance of final plat; establishing variances and prescribing penalties for the violation of its provisions."

Put A Tube And A Pole By The Old Water Hole!

A little bit of water like your farm pond is enough to drown in... and a little bit of your time is enough to prevent it. Use that little bit of time now to save a lifetime later! It's easy to erect a rescue station beside your farm pond that could make it easy to save a life. More than 6,200 Americans a year drown in farm ponds. Every 84 minutes of every day, farm ponds claim another victim. Will one of those dead bodies be in your pond? Will it be you, or one of your children, or one of your friends? Perhaps not, if you make a rescue station like the one shown in the picture. It's simple to make. Only 5 inexpensive articles are needed. Here's how you do it...

- 1—You need a 2x4 or 4x4 about 5 1/2 feet long, a small inertube such as from a tractor front wheel, a 40-foot length of quarter-inch rope, a 12 or 14-foot bamboo pole or sapling, and an empty 16-ounce fruit juice can.
- 2—Set post about 18 inches in ground at any point near the water where swimmers might get into difficulty. Nail a metal shelf bracket or heavy spike about 1 foot from top of post.
- 3—Securely tie one end of rope around inertube, on which should be lettered in white, "For Emergency Only." At opposite end of rope, tie a small piece of 2x4 to prevent rope from slipping through hands during rescue. Coil rope with inertube around the post.

DON'T GAMBLE WITH YOUR LIVELIHOOD OR LIFE!

Accidents can happen to anyone — even you, Mr. Farmer or Mr. Rancher! Accidents take a heavy toll in lives and injuries each year among farm families, but many of these accidents could be avoided. Here's how: Keep all machinery and equipment in top condition; follow the rules of safety in operating your equipment; check your farm for fire, water and electrical hazards; approach your animals with caution; learn first aid methods and use them promptly.

A SAFE FARM IS A PRODUCTIVE FARM — CHECK YOURS TODAY!

It's Hard to Pump With Just a Stump!

Farming is a two handed business and the man who challenges that fact by sticking one hand in a corn picker hasn't thought about the handicap he will labor under for the rest of his life. Most of the tasks on a farm require two hands . . . even the simple ordinary acts of every-day life. The man in this picture, for instance, He has one hand to hold his cup, but none to grasp the pump handle. That's just one of the simple acts that get tough when you've thrown away one of your hands!

How about fixing fence with one hand? You'd have one hand to thold the staple, but none to swing the hammer. How about putting a repair part on your machinery? You'd have one hand to hold the part in place, but none to sink the bolt. Why make it that tough on yourself?

**National Farm Safety Week
July 22 - 28
REEVE CHEVROLET COMPANY**

"SAFETY FIRST"

Farm the Land Without a Hand?

Wheeling your tractor around while pulling the trip rope to the plow is one of farming's simple jobs. But . . . how simple would it be if you had only one hand? Go ahead . . . try it! Pretend the chair you're sitting in is your tractor seat and put one arm ahead as if you were steering that power-packed machine. Now close your other hand into a tight fist and reach back for the trip rope. Try grabbing and pulling the rope with your wrist. Can't do it? Then you'd have a hard time farming with one hand!

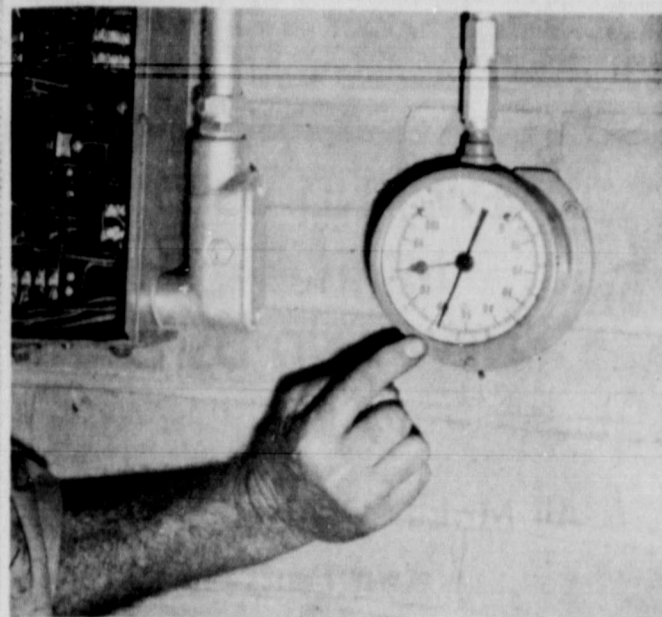

Sure, you could get a hook like the man in the picture. You could tie a knot in the trip rope to catch the hook. But that's only one of the problems. Try tying baler twine or wiring a gate with one hand. Try putting a repair part on your machinery. You are deliberately asking to farm with one hand unless you are constantly alert.

FOR CITY OF FRIONA

New Tower Completion Boosts Water Situation

WATER PRESSURE UP . . . Clyde Fields indicates the water pressure meter at the City of Friona east plant, which shows the city's water pressure to be near 60 pounds when the picture was taken, several pounds above previous average.

The City of Friona's new water tower, completed recently at a cost of \$48,753.93, began to make its existence known last week with the installation of the final piece of equipment -- an altitude valve.

The valve, which cost \$727, is connected to water mains from both the old and new towers, was installed to hold the water level in the new tower high enough to take full advantage of the two towers for pressure purposes.

The need for such a valve comes about because the new tower is about 19 feet higher than the old tower. It is 117.5 feet from the foundation to the top of the water level at the old tower, and 136.3 feet from the foundation of the new tower to its top water level.

Other measurements reveal that it is 92 feet from ground level to the bottom of the old tower, and 108 feet from the

ground to the bottom of the new tower, a difference of 16 feet, further complicating pressure problems.

With the newly-installed valve, however, Friona water superintendent Clyde Fields states that the water level in the new tower has been maintained about eight feet above the old tower.

Fields said that prior to the installation of the valve, water pressure varied from 45 pounds in the western portion of town, and 47 pounds in the northern section to as much as 60 pounds near the old tower.

In the past week, however, the pressure has been raised to about a 54-pound average for the entire city. It stays fairly constant at around 56 pounds between the two towers, and lessens toward the western section, although it has been greatly improved in that district.

The new tower means 200,000 gallons of additional water storage space for the city. This brings the storage capacity to 850,000 gallons for four tanks. This includes 50,000 gallons at the old elevated tower, 100,000 gallons of ground storage at the old tower site, and 500,000 gallons at the ground-level tank at Sixth Street and Grand Avenue.

The city has five wells with a total pumping capacity of approximately 1875 gallons per minute.

"We'd have to use 220,000 to 230,000 gallons of water in a hurry to lower the pressure at present. Formerly, a drop of around 50,000 gallons would lower it," Fields said.

The water superintendent explained that the purpose of having a second water tower as opposed to another storage tank is to keep water pressure high throughout the system.

Fields further stated that the old tower would overflow without the new altitude valve. Pressure on either side of the valve tells it when to open and close.

City officials began to think about a second water tower a little over a year ago, when on June 29, 1962, an electrical outage for 45 minutes caused the city's water supply to become depleted, since all the city's wells operate by electricity.

Since that time, another precaution has been taken with the installation of an auxiliary diesel engine at the well at the west water plant, which is capable of pumping 750 gallons per minute in case it is ever needed.

Preliminary steps were taken toward the construction of the new tower on October 8, 1962, when the city engineer met with the city council and provided estimates on cost, as well as

advisements on size and location of the tower.

On November 5, plans and specifications for the tower were presented to the council by the engineer, and the council voted to solicit bids for the project.

The bids were opened on December 10, and the contract was awarded at the council meeting that night, to Chicago Bridge and Iron Company, Tulsa, which had built the city's first water tower, as well as the ground storage tank at Sixth and Grand.

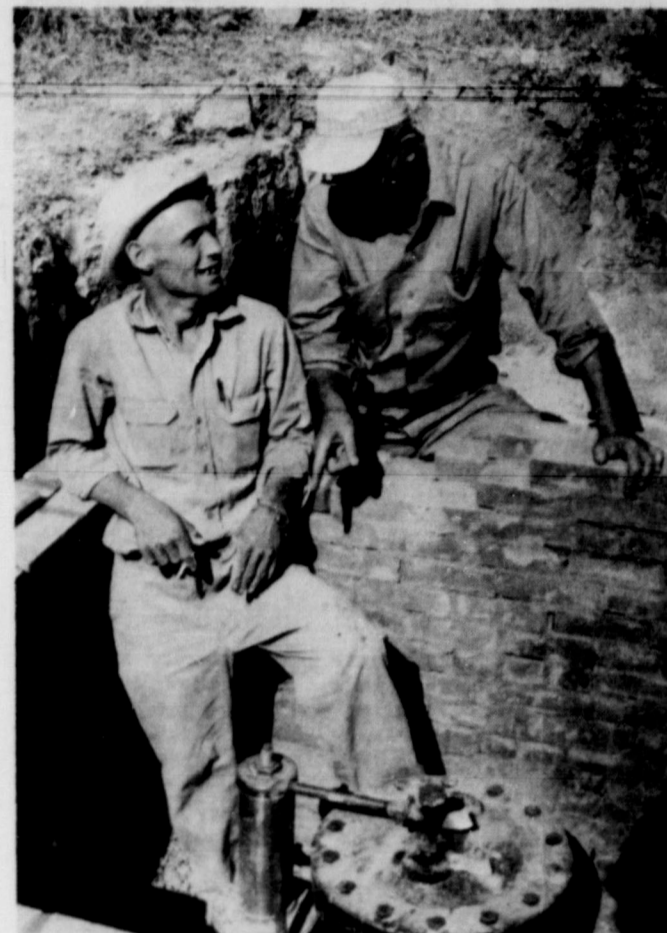

On January 3, foundation specifications were given by the engineer, and the contract for the foundation was awarded on January 25 to W. B. Abbott of Lubbock.

The work on the tower's foundation began on February 18, with the footings being poured on February 20. A month later, on March 20, the construction crew from Chicago Bridge and Iron Company erected the stand pipe, and construction began in earnest.

Another month, on April 20, found the construction of the tower complete, with the construction crew leaving Friona. Preliminary electro-rust proofing equipment was installed on May 6.

The painters began the task of painting the new tower on May 8, and on May 27 the job was finished and the inside was sterilized.

The tower was filled for the first time on May 28. Soft ground caused by excessive rains resulted in a connecting main bursting after the initial filling, but on June 12 the mains were repaired and the tower was put into service for the first time--less than a year after its need was fully realized.

INSTALLING VALVE . . . Clyde Fields, right, Friona water superintendent, discusses the new altitude valve which was installed recently by the city with Pete Hollis. The valve allows maximum efficiency for the recently-completed north water tower.

DENVER, COLO., HERALD-DISPATCH: "What would happen if this nation turned her microscopes away from studying the selfish, the lazy, the crafty and the confused-- and focused them instead on the industrious, the able, the honest and the morally strong."

BARTOW, FLA., DEMOCRAT: "We read where school teachers are taking examinations to determine their eligibility for competency rewards, which entitle them to an additional \$400 pay annually....this sort of thing should develop a greater sympathy between teachers and students."

You Can't Lift Much With Just a Crutch!

Farming is a business that requires a lot of lifting and carrying. Think how many times a day you must lift and carry something quite heavy. Ever try one of those lifting chores on one leg . . . or with a crutch? Go ahead . . . hold one leg off the ground while you lift a bale of hay and stack it. Pick up a basket of feed and hop around on one leg. Can't do it? Then how would you farm on just one leg? Farming is a two-legged business. You would think about this . . . even during the piercing pain . . . while your friends were taking the machinery apart to free your mangled leg. Thinking about it now is the easier way! So take it easy. Practice farm safety . . . your safety . . . constantly.

NEW NOBLE GRANDS . . . New officers installed by Friona Oddfellows and Rebekahs last week included Waymon Wilkins and Katie Parr, new noble grands.

Oddfellows, Rebekahs Have Joint Officer Installation

Formal installation of newly elected officers of Friona Oddfellows and Rebekahs was held at Oddfellows Hall Tuesday evening, July 9. Supper was served prior to the installation.

Rebekah installing team from Dimmitt directed the Rebekah installation. Members of the team were Mayme Birdwell, noble grand; Nell Copeland, deputy marshal; Polly Elmore, chaplain; Connie Ivy, deputy warden and Sarah Blackwell, inside guardian.

Music was presented by Pearl Patterson, Friona. Lauretta Brookfield was seated as past noble grand. Officers installed were: Katie Parr, noble grand; Fern White, vice grand; Pat Fallwell, outside guardian; Nola Adams, inside guardian.

Also Inez Shirley, right supporter to noble grand; Lucille Collier, left supporter to noble grand; Joyce Wilkins, right supporter to vice grand; Eula Mae Holder, warden; Juanita Reed, conductor; Wilma Wise, chaplain and Pearl Patterson, musician.

The Oddfellows installing staff members were Floyd Houston, Earth, district deputy grand master; Bud Reed, district deputy grand marshal; Joe Moyer, district deputy warden; Jay Sanders, chaplain and Frank Reed, inside guardian. Goscoe Parr was seated as past grand. Other officers installed were Waymon Wilkins, noble grand; Luther Scales, vice grand; Charill Wise, conductor; Hop Lewis, warden; Frank Reed, right supporter to noble grand.

Also, George Grant, right supporter to vice grand; C.B. Eddins, left supporter to vice grand; O.T. Patterson, right scene supporter; Carroll Parker, left scene supporter; Bud Reed, inside guardian and Jay Sanders, outside guardian.

VICE GRANDS . . . Fern White and Luther Scales were installed as vice grands at the Oddfellows and Rebekahs installation last week.

Local Ladies Score High At Play Day

Three of the nine Friona ladies who attended the play day of High Plains Golf Association at Muleshoe Thursday of last week turned in good scores. Tillie Coronado had a low gross of 96 and a low putt of 28 in the first flight; Mildred Agnew had a low net of 76 in the second flight and Betty Carrothers posted a low gross of 115 and a low net of 79 in the fourth flight.

There will be an all day meeting of Friona Country Club Association Ladies at the club house Thursday. Tee off time for the putting tourney will be 8:00 a.m. Entry fee will be two creek balls.

Bridge playing will begin at 10:00 a.m. Luncheon will be served at noon.

Recent visitors in the home of Mrs. Mildred Chandler and Lyndia have been Mrs. Forrest Huffman and Mrs. Virginia Jarvis and children of Fort Worth and Sue Wesley of Brownfield.

Proper Skin Care Studied At Meeting

Mrs. Lauranetta Mason, Muleshoe, a guest at the Thursday afternoon meeting of Lazbuddie Home Demonstration Club in the home of Mrs. Raymond McGehee, presented the program. Carrying out her topic, "Make-up and Skin Care," she stressed the importance of applying make-up to maintain a natural look.

Eleven members and three guests were present. Other guests were Mrs. John McGehee and Mrs. Billy Chester, both of Lazbuddie.

Next meeting of this club will be all day painting party at the Lazbuddie school cafeteria. Mrs. Lewis Jurcek, Plainview, will direct the program.

Anyone interested in Dresden painting is invited to attend this painting session, which will be Thursday, July 25, by Mrs. C. A. Weir, spokesman for the club.

Attend Meeting

Mrs. C. W. Dixon, Mrs. Joe Talley and Mrs. Bob Knight attended an associational meeting of the district woman's missionary union in Amarillo Tuesday. The meeting was at San Jacinto Baptist Church.

Modern Study Club Has Called Meeting

Mrs. Sloan H. Osborn had charge of a called meeting of Modern Study Club at Federated

Boy Born To Arnold Fangmans

Mr. and Mrs. Arnold Fangman became parents of a baby boy at 8:22 p.m. Friday, July 12, at Deaf Smith County Hospital in Hereford. He was named Russell Dean and weighed 7 lbs. 1 oz.

Russell Dean is the first child for the Fangmans. Grandparents are Mrs. Helen Fangman, Friona, and Mr. and Mrs. George Venhaus, Happy.

Guests In Humphrey Home

H. J. Lee, Brownwood, came to Friona Friday to get his wife, who had been visiting in the home of Dr. and Mrs. J. L. Humphrey and daughter, Dodie Lynn, two weeks. The couple, parents of Mrs. Humphrey, returned to their home Sunday.

Other recent visitors in the Humphrey home have been Mr. and Mrs. L. M. Humphrey and children, Brenda and David, of Colorado Springs, Colo. The Humphrey men are brothers.

Mr. and Mrs. Don Arnold and Mark of Richardson, Texas, have been visiting in the home of Mr. and Mrs. David McVey, Linda, Patsy and Zane recently. Mrs. Arnold and Mrs. McVey are sisters.

We should bend every effort toward magnifying God's good by living an exemplary life. A faith-filled heart will enable us to avoid evil and hold to the good.

Club House Friday morning. During the session Mrs. Wesley Foster was elected parliamentarian and the budget was approved for the coming year. Three new members, Mrs. Ernest Osborn, Mrs. Kenneth Neill and Mrs. Lois Miller were accepted in the club. Sixteen members were present.

Country Club Men Cook Outdoor Meal

About 110 members of Friona Country Club were at the Club House for an outdoor hamburger feast Monday evening. Portable barbecue grills were set up and men of the group did the cooking.

Hamburgers, relishes, and chips were followed by dessert of home made ice cream.

Bridge, forty-two, ping pong and swimming followed the supper. Host couples were Mr. and Mrs. O. J. Beene, Mr. and Mrs. A. L. Black, Mr. and Mrs. Marion Fite, Mr. and Mrs. Tom Jarboe and Mr. and Mrs. Elvie Jennings.

Rebecca Jones Born Thursday

Mr. and Mrs. Glendel Jones became parents of a baby girl at 3:50 a.m. Thursday, July 9, at Parmer County Community Hospital. She was named Rebecca Kay and weighed 6 lbs. 12 oz. She is the first child of the couple.

Grandparents are Mr. and Mrs. Cayson Jones and Mr. and Mrs. Buck Fallwell, all of Friona. Mrs. A. S. Curry, Friona, and Mrs. Dessie Fallwell, Fayetteville, Ark. are the great-grandmothers.

Artists Conclude Course With Show

Highlight of an eight lesson art course taught by Mrs. Loyde Brewer in her home was a showing of works by pupils in the backyard of the Brewer home from 4 to 6 p.m. Sunday.

Hostesses, who were mothers of the students, served cookies and punch to the 46 guests who signed the register.

Students completing the course were Fran Dodd, Melissa Pruitt, Kathy McLean, Susan Vestal, Ann Hurst, Sally Kendrick, Jill Riethmayer, and Kay Riethmayer.

Paintings on display were in charcoal, water colors, tempera paints and payons.

Recent visitors in the homes of Mr. and Mrs. Lewis Gore and Bob Spohn were Mr. and Mrs. R. N. Gore, Quinlan, Mrs. Milton Gore and Mrs. Mary Ford, Mineola.

Oklahomans Attend Day Funeral Service

Mr. and Mrs. Charley Thompson and son, Doyle, Arnett, Okla., Mr. and Mrs. Glenn Thompson, Booker, Okla.; Mr. and Mrs. John Henry Tucker and daughter and Mrs. Ida Tucker, Hinton, Okla. visited in the homes of Mr. and Mrs. John S. Thompson and Mrs. Leona Wolfe and attended funeral services for Mrs. B. C. Day Sunday.

The Charley Thompsons are parents of John S. Thompson, Glenn Thompson and Doyle Thompson are his brothers. Mrs. Ida Tucker was a sister-in-law of Mrs. Day and John Henry Tucker was Mrs. Day's nephew.

Jan Edelman is a guest in the home of her parents, Mr. and Mrs. W. L. Edelman, Mr. and Mrs. J. Van Edelman and children of Dallas have been visiting in the Edelman home.

Who's To Blame When The Barn's Aflame?

Who's to blame? You! You're to blame for your burning barn... 90% of the time. Only 10% of the nation's fires start from natural causes. The other 90% are caused by carelessness or failure to face the facts of fire. So if it's your barn that burns tonight, tomorrow, some time this year... where will you have failed to protect your property?

Will you have been too lazy to frequently inspect newly-filled hay mows? Will you have thoughtlessly left matches in the barn for children to strike? Will you have forgotten to move your tractor, truck or car from in or around the barn? Will you have failed to keep your brooder houses at least 100 feet from your barn or other buildings?

Will you have been smoking in the barn? Will you have neglected to check all electrical wiring for frayed areas? Will you have been guilty of keeping gasoline or kerosene in or near the buildings? Will you have carelessly burned rubbish or brush close to the barnyard? Will you have failed to install complete lightning rod systems that are properly grounded?

Such a little bit of carelessness can cause such a great amount of damage and suffering. Farm property worth 180 million dollars will be destroyed by fire this year. More than 800 farm folks will die in flames. Farm safety is a personal matter. The responsibilities and the choices are yours... and the price of safety is eternal vigilance.

National Farm Safety Week Is July 22-28

Others sending gifts were Linda Beaty, Judy Kirby and Marcella Massey.

Mr. and Mrs. Travis Harrell spent the weekend visiting in the homes of Mr. and Mrs. Lavon Davis and children and I.S. Harrell at Andrews.

Of Interest To THE WOMEN

Phyllis Robbins, James McDaniel United In Double Ring Ceremony

Miss Phyllis Robbins, daughter of Mr. and Mrs. Miles Robbins, and James McDaniel, son of Mr. and Mrs. Stuart McDaniel, all of Blunt, S. Dak., exchanged wedding vows in a candlelight ceremony at 8 p.m. July 6 at Madison Avenue Church of Christ at Pierre, S. Dak.

Donovan M. Sigle, minister, officiated at the double ring ceremony before an arrangement of baskets of white gladioli and blue daisies and tall candelabra. The 150 guests were registered by Mrs. William Wendt of Pierre.

Rhonda Massey and Dewayne Robbins, Blunt, niece, and nephew of the bride lighted the candles which marked the white carpeted aisle. Sprays of white gladioli tied with blue taffeta bows decorated the ends of the pews.

Mrs. Jim Coble of Presho played traditional wedding selections and accompanied James Wyly of Fort Pierre as he sang, "Because" and "The Twelfth of Never."

The bride, given in marriage by her father, wore a floor length gown of white peau de sole styled on princess lines with sabrina neckline, Chantilly lace fashioned the fitted bodice with long sleeves and the chapel sweep train. Appliques of lace re-embroidered with pearls and sequins decorated the full skirt.

Her finger tip veil of imported illusion was attached to a small pill box hat embroidered with pearls and tiny roses matching her gown. Her bou-

MR. AND MRS. JAMES MCDANIEL

quet was of white roses and stephanotis arranged atop a white Bible. She carried a lace trimmed handkerchief which belonged to the groom's great-grandmother. The traditional blue garter was made and given to the bride by Mrs. Virgil Mercer.

Mrs. Marvin Massey was her sister's matron of honor. Other attendants were Mrs. Phillip Johnson, sister of the groom, and Mrs. Darrell Robbins, sister-in-law of the bride.

Mrs. Massey wore a sheath gown of bisayne blue crystal-ette with a matching overskirt trimmed with a bow at the waistline. Mrs. Johnson and Mrs. Robbins wore dresses styled identically to the one worn by the matron of honor. Matching shoes, pill box hats with veils and brief white gloves completed their costumes. They carried bouquets of white carnations.

Miss Lauri Coble of Presho was the flower girl. Her dress was of pastel blue crystal-ette identical to the one worn by Rhonda Massey. She wore a lace half hat and white gloves and carried a basket of rose petals.

Attending the groom were Donald Skinner of Rapid City as best man and James Maxner and Everett Kelley Briton were groomsmen. Ushers were James Karkow and Richard A. Howard.

Mrs. Robbins, mother of the bride, wore a sheath dress of beige colored lace with matching shoes and hat. The groom's mother, Mrs. McDaniel, wore a pastel blue sheath with matching shoes and hat. The two had identical corsages of white roses.

A reception honoring Mr. and Mrs. McDaniel was in the community room of Pierre National Bank. The five tiered wedding cake resting on a base shaped like a four leaf clover was decorated with white roses and topped with a miniature bride and groom. Blue pom poms entwined with white fern encircled the cake.

Mrs. Robert Cook, Spearfish, and Mrs. David Darling, Watertown, cut and served the cake after the bride cut the first slice. Mrs. J.D. Coble served at the punch bowl and Mrs. Max Cruse presided at the coffee service.

Mrs. Delbert James and Mrs.

Mrs. A.O. Drake Feted On Birthday

A surprise birthday party in the home of Mrs. Frances Howard at Abernathy honored Mrs. A.O. Drake, who was observing her birthday. She had been a guest in the Howard home a week and was expecting a member of her family to bring her home.

Mrs. Howard baked a birthday cake, which was the centerpiece on the serving table.

Others present were Mr. and Mrs. Arthur Drake and Peggy and Mr. and Mrs. Earl Drake and Bobby and Mr. and Mrs. Jerry Brown and Jan all of Friona; Mr. and Mrs. Josh Howard and Roger, Abernathy and Mrs. Treve Reece, Canyon.

Hospital Staff Has Fourth Of July Picnic

Dr. and Mrs. Paul Spring, Susie and Johnny, and Mr. and Mrs. Marty Martinez, Nancy, Peggy and Connie were hosts at an outdoor supper in the backyard of the Spring home July Fourth.

Others present included Dr. and Mrs. George Anderson, Kathy and Linda; Mrs. Genevieve Anderson; Dr. and Mrs. Lee Cranfill, Beth, Jay, and Guy; Dr. and Mrs. Lee Spring and Sylvia Anne; and Dr. and Mrs. John Humphrey.

Also Mr. and Mrs. H.E. Barnett; Mr. and Mrs. Mike Pavulus and Mike and Dr. and Mrs. Loyd Shackelford, Gary, Donna and Mark.

Special guests were Mrs. H.J. Lee, Brownwood, mother of Mrs. Humphrey and Mrs. Rose Pleszewski, Dunkirk, N.Y., mother of Mrs. Paul Spring.

Richard A. Howard served the bridal table, which was laid with a white cloth and centered with white wedding bells with streamers attached to small doves holding wedding rings. Blue candles in blue candle holders with matching nut cups completed the appointments.

The gift table was presided over by Mrs. Walter McMullins and Mrs. Johnny Pellé. The groom's cake was wrapped in blue paper and tied with white ribbon and was handed out at the door as the guests left the reception.

Out-of-town guests included Dr. and Mrs. Gordon Shambaugh of Des Moines, Iowa; Mr. and Mrs. Phillip Johnson and family of Detroit Lake, Minn.; Mrs. Mae Henthorn, Oklahoma City, Oklahoma; Mr. and Mrs. David Darling, Watertown and Jan Rumpca, Webster.

Also Mr. and Mrs. Everett Kelley, Britton, Donald Skinner, Rapid City, James Maxner, Rapid City, Mrs. Robert Cook, Spearfish, Mr. and Mrs. Archie Millard, Mr. and Mrs. Jim Coble and Lauri, Presho; Mr. and Mrs. Charlie Stephens, Ellen and Dorothy, Onida.

Mrs. McDaniel chose a blue pure silk dress with white accessories and a corsage from the center of her bride's bouquet for a going away ensemble.

After a wedding trip through several Western states, Mr. and Mrs. McDaniel will be at home in Rapid City, where both will be employed. She attended Northern State Teacher's College at Aberdeen and was employed as receptionist to former governor Ralph Herseeth. At the time of her marriage she was employed in the Department of Game, Fish and Parks in Pierre.

Mr. McDaniel graduated from Black Hills Teachers College in Spearfish in June with a degree in business administration.

The groom's parents entertained the wedding party with a rehearsal dinner Friday evening in the banquet room of the Holiday Inn in Pierre.

Mrs. McDaniel, a former Friona resident, is the granddaughter of Mr. and Mrs. J.W. Baxter.

MR. AND MRS. JOE REEVE

Wanda Ready, Joe Reeve Exchange Wedding Vows

Wanda Ready, daughter of Mr. and Mrs. J. P. Ready, and Joe Reeve, son of Mr. and Mrs. Glenn E. Reeve Sr., exchanged wedding vows at Union Congregational Church at 6:30 p.m. Thursday.

Rev. U. S. Sherrill, Abernathy, former pastor of Friona Methodist Church read the double ring ceremony before an arrangement of white tapers backed by greenery.

Miss Kay Johnson, soloist, sang "O Perfect Love," "Whither Thou Goest," accompanied by Miss Sharon Reeve, cousin of the groom at the piano and Tom Gee at the organ.

Candlelighters were Don Ready, brother of the bride, and Glenn Goggans. Guests were registered by Miss La-Voyce Burrow.

Mrs. Gerald Webb, Lubbock, sister of the bride was matron of honor. Andrea Milligan was the bridesmaid. Bridal attendants wore lavender sparkle silk

organza dresses with scooped necklines, full skirts and cap sleeves. Their bouquets were of long stemmed white roses.

The bride, who was escorted to the altar and given in marriage by her father, wore a formal gown of Alencon lace over taffeta. A high Victorian collar studded with sequins enhanced the fitted princess styled bodice with long tapered sleeves. Fluted ruffles in the front of the billowing skirt cascaded over the lace back which flowed into a chapel train. Her shoulder length veil of silk illusion fell from a white pill box hat. She carried a bouquet of white orchids and roses atop a white Bible.

Max Reeve, brother of the groom was best man; Roy O'Brian served as groomsmen and ushers were Glenn E. Reeve Jr. and Don Reeve, brothers of the groom.

Mrs. Ready attended her daughter's wedding in a two piece suit of beige linen with matching accessories. Mrs. Reeve, mother of the groom, wore a beige and green brocaded linen dress with beige and green accessories.

Plans Made For July Family Night

At the Friday evening meeting of Immanuel Ladies Aid at Parish Hall of Rhea Lutheran Church plans were made for the July Family Night, which will be held July 28. Young people of the church will present entertainment.

Mrs. Walter Schueler, president, had charge of the business session. Plans were also made for this group to assist with the Lutheran Layman's League Convention in Amarillo August 18 and 19.

Closing number on the program was a topic discussion "Why Worry" led by Pastor E. A. Binger.

It's Time To Become Safety Conscious On The Farm

It really isn't news to those who live and work in rural areas that farming can be a hazardous occupation.

Earlier this year the American Medical Association sponsored the First National Congress on Farm Safety.

Next in the farm safety campaign comes National Farm Safety Week, proclaimed by the president, governor and county judge for the week of July 21-27.

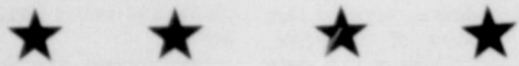

Inspection, Correction and Protection are the three keynote themes of National Farm Safety Week.

Farm resident accidents cause 9,000 deaths and 800,000 disabling injuries every year.

Accidents don't just happen, they are caused. More than 90 per cent of all accidents involve some human failure -- improper attitudes, carelessness, lack of attention to rules and regulations.

American physicians, particularly those who practice in rural areas, are well aware of the serious problem of farm accidents.

Farmer -- once again your physician urges you to Inspect, Correct and Protect. It might save your life, or the life of one of your loved ones.

Be Careful When Viewing Eclipse, Eye Specialists Warn

On April 8, 1959, 170 Australians -- principally school children -- suffered permanent retinal damage and partial loss of central vision in watching an eclipse of the sun.

Similar eye damage may be anticipated over most of North America on July 20, the date of our next solar eclipse, total from Alaska to Maine.

There is real risk of eye damage in viewing an eclipse according to the members of the South Plains Optometric Society.

A safe alternative is a pinhole camera. Punch a clean hole in one end of a shoe box with a pin or needle.

In a completely darkened room, a larger image can be viewed at a greater distance. A pinhole works like a lens of universal focus but the greater the distance, the less the illumination.

A solar eclipse has a deservedly popular appeal. It should be an opportunity for us to extend our knowledge of the universe, but not an occasion for damaging our precious vision.

Star Flashbacks

(FROM THE FILES OF THE FRIONA STAR)

ONE YEAR AGO

July 19, 1962 -- Ed Walters, Friona farmer, was injured when his pick-up collided with a Santa Fe freight train at the Country Club Gin crossing one mile west of Friona.

The exchange students for 1962-63 school term were announced for Friona High School. Carlos Azofeifa from Costa Rica and Eve Braunschweiger from Switzerland will be the two students.

THREE YEARS AGO

July 21, 1960 -- The Rhea Lutheran Church will celebrate its 50th anniversary with special services on Sunday.

Rev. Audye Wiley assumed duties as pastor of the Calvary Baptist Church, new Baptist Church in Friona.

High wind and hail batters a wide area to the north and west of Friona.

Lawana Houlette, Jacquelyn Magness and Charlotte Bock, along with Coach Baker Duggins, leave for Huntsville and the annual girls north-south all-star game.

FIVE YEARS AGO

July 17, 1958 -- Five lives are lost in train, plane crashes. H. T. (Tiny) Magness is killed in the crash of a light plane. Four Mexican farm workers die in crash involving their car and a Santa Fe passenger train.

Two new doctors join the staff of Farmer County Community Hospital. They are George H. Anderson and Lee Cranfill.

.. Or Any Other Week

HEY, KIDS... PAW SAID -- DON'T DO NOTHIN' DANGEROUS DURING FARM SAFETY WEEK!

ASK ME ABOUT MY BUSINESS

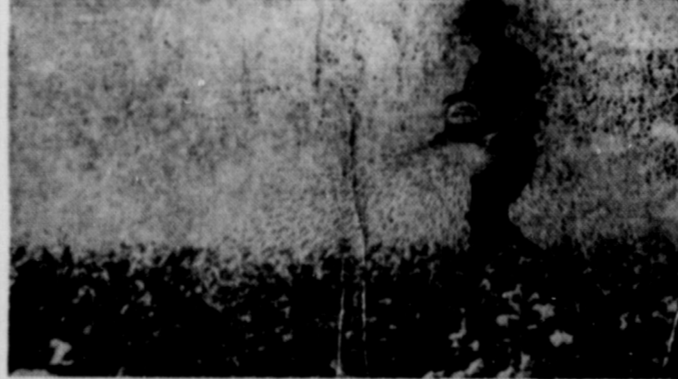

AZTEC, N.M., INDEPENDENT-REVIEW: "The family household in the old days was a busy, happy place, with the bid kids taking care of the little kids, mother was kept busy in the kitchen, cooking, ironing, sewing, and peeling and cooking vegetables out of the garden or cellar and chopping off chicken's head and picking it. The old man worked twelve hours a day for three bucks to keep the household going. For some reason in those days folks were paying their bills, the divorce court had no business, folks were not suing each other for an easy buck, and no one was having a nervous breakdown, and nobody knew what a tranquilizer was. Isn't it odd how they lived?"

OCEAN GROVE, N.J., TIMES: "Uncle Sam is rapidly preparing to crack down on taxpayers who neglect to report dividends. Wives are wailing because they don't want their husbands to know that they have savings, and The New York Times quotes Manhattan Tax Director Charles Church as saying, Solomon-like, "If it's a choice of arguing with your husband or arguing with the Tax Collector, you had better argue with us."

20 MULE TEAM BIND WEED KILLERS DO MUCH MORE FOR A LOT LESS

NEW LIQUID TRITAC-D® Is your lowest cost weed killer for noxious perennial weeds such as: field bindweed, Canada thistle, leafy spurge, bur ragweed, Russian knapweed, etc. Why? Because only 4 to 8 gallons will effectively treat an entire acre of non-cropped land.

DRY GRANULAR BENZABOR® is the most effective, nonselective weed killer to use where spray equipment or water are not available. Or where accuracy of rate of application is essential on small scattered patches of these same noxious weeds.

There's A Tiger In Your Field!

If you knew for sure a tiger was crouched in your field, would you go into that field without protecting yourself? Would you deliberately ignore the deadly animal? Would you poke a stick or your hand in the tiger's mouth? Of course you wouldn't!

Well, there is a tiger in your field. It paces relentlessly down your cotton rows . . . back and forth . . . waiting for you to get careless. It snaps and growls through jaws fully as dangerous as those of a living tiger.

Your cotton picker is a tiger! Quick as a cat, your picker can snatch you. Terrible as a tiger, its teeth can rip and tear your flesh. Vicious as a wild animal, your picker can kill you. It is stalking you constantly . . . head down, tail high . . . waiting to strike.

This is to remind you that your cotton picker "tiger" cannot harm you unless you give it a chance. Now, as you enter your field with that dangerous machine, is the time to solemnly resolve you will not provide that chance.

Take time to shut off the power when you must approach the tiger's jaws. Stay alert and stay alive. No minute of time is worth a leg or a life.

More than half of the gins in this territory have applied for the U. S. Department of Agriculture's new micronaire cotton testing service.

This was announced today by W. K. Palmer, Officer in Charge, Lubbock Cotton Classing Office.

In past years, these 218 gins have ginned about 49 percent of the cotton produced in this area, according to Mr. Palmer.

NEWS FROM THE

FARM BUREAU

BY RAYMOND EULER

"We must realize that our party's most powerful weapon is racial tension. By propounding into the consciousness of the dark races that for centuries they have been oppressed by the whites, we can mould them to the program of the Communist Party. In America, we will aim for subtle victory.

While inflaming the Negro Minority against the Whites, we will instill in the Whites a guilt complex for their exploitation of the Negroes. We will aid the Negroes to rise to prominence in every walk of life, in the professions and in the world of sports and entertainment. With this prestige the Negro will be able to intermarry with the Whites and begin a process which will deliver America to our cause."

Cricket

At Home In Parmer County

By CRICKET B. TAYLOR
County HD Agent

With the 4-H County Dress Revue close at hand--July 18, the 4-H girls taking clothing projects have been working hard, getting ready for the big event.

Leaders have given freely of their time to assist with this work, and they will be rewarded as these pretty young girls model their dresses on Thursday in the Farwell High School Homemaking Department.

The girls in 4-H learn many things in their clothing project other than the construction of a garment. How to choose fabrics, color and design best suited to their individual needs; they

learn also about the many different pattern types and how to choose the right pattern for their figure type. In addition to learning good techniques in sewing and how to judge a good outfit, choosing appropriate accessories to complete the costume.

Work Smarter; Not Harder - can apply to sewing as well as other jobs. Doing a job in less time does not mean working harder or faster to get it done. It does mean working and leaving out the unnecessary motions and trips. Take sewing for instance. Where is your work area and what equipment will you need to do the job? Is this area conveniently arranged to save steps or motions, and reduce energy and time doing the job?

One way is to organize work centers for sewing, arrange everything within easy reach, use the best tool possible for the job (good scissors, ironing equipment for pressing and other small tools), sit in a comfortable position, wear comfortable clothing and take a rest break at intervals to keep up energy and moral.

Prices Rise

Demand for fed cattle was strong during June and prices moved upward from the lows established in May. Demand was particularly good for cattle under 650 pounds and toward the end of June there was a marked improvement in the demand for heavier cattle. Prices generally were up 50 cents to a dollar per hundred.

On The Farm In Parmer County

By DERYL COKER
County Agent

The 4-H Club members are reminded that the County Camp date has been set July 29 through August 1. All 4-H club boys, or prospective 4-H club boys are encouraged to attend.

I will need to know by July 22 if you plan to attend, so as I will know how many groceries to buy and how much transportation to arrange for. All adult leaders are encouraged to contact the members in their area and help get ready for camp.

A great number of people have become concerned about the sorghum Midge. Let me remind you that we probably won't have to worry about this insect until after the first of August.

To date sorghum Midge have never affected early sorghum, so we won't have to worry about the feed that is heading out now.

As we go along I will try to keep you informed about sorghum Midge in my column or on radio station KZOL in Farwell.

The Internal Revenue Service has asked me to bring the following to your attention:

It has been evident through auditing that farmers have the wrong idea about re-investing the proceeds of a sale. Many farmers believe that if they sell their farm, their tractor, or any of their other capital assets

that they do not owe any tax as long as they re-invest the proceeds in like property. This, of course, is not true in the case of a voluntary sale. There are some non-taxable trades allowed under the law, but the regulations governing non-taxable trades are very restrictive, and "like property" means like property.

The only benefit that farmer would gain from a voluntary sale of his farm--even if he bought a new farm with the proceeds--is a possible capital gain. Many farmers would not sell their farm if they knew the tax facts. Our advice is to get the tax facts before engaging in any transaction.

Early Damage Isn't Midge, Says Coker

County Agent Deryl Coker said this week that some maize farmers may be becoming prematurely concerned about sorghum midge.

with damage to early-heading maize, and are calling this midge," Coker said. "I think that it will be around the first of August before midge will make an appearance in our county," he added.

The county agent explained that it was his theory that the damage being experienced by early maize was caused by cold temperatures during the rains during June, which were followed by hot weather, throwing the young plants into "temporary distress."

It is a plant's natural tendency to bear fruit when in distress, Coker explained, and this might explain the early heads having a damaged appearance.

"Now, there have been definite cases of midge reported to the south of us, but I think it's too early for the midge in our county," Coker said.

He added that farmers would be able to tell midge, by the appearance of the orange, knot-like flies.

"I think most of the early damage is a physiological damage of some kind, due to the weather and planting season," Coker re-iterated.

Hereford's Harvest Festival Begins

Hereford is preparing to welcome all guests to its 5th Annual Harvest Festival from July 18th through July 27th. Again this year the city will have its best decorations out to greet everyone as they come to enjoy a gala time. Events for the affairs will include a Queen Contest, Carnival, Amateur Rodeo, Barbecue and Parade. The Hereford Jaycees will conduct their Queen Contest, Thursday, July 18th, at 8:00 p.m. Dan True, KFDA-TV personality, will perform the Master of Ceremonies duties at the pageant. The judging will be done in the Hereford High School Auditorium. At 7:00 o'clock, July 19, 20, 22 through the 27th the gates will open for rides, games, eats and treats for the Hereford Lions Club Carnival. No charge will be required for admission through the gate. The Hereford Riders Club will sponsor the Amateur Rodeo, July 25, 26 and 27 at 8:15 each night in the Riders Club Arena. The rodeo, produced by M & R Rodeo Company of Tahoka, Texas, will feature Calf Roping, Bull Riding, Bulldogging, Bareback and Saddle Bronc riding and a Girls' Barrel Race. At 4 p.m., on Saturday, July 27, the Harvest Festival Parade will be held featuring floats, bands and horses.

Sgt. Hughes Has Completed USAF Course

Staff Sergeant Marlon G. Hughes of Farwell, Tex., has completed the United States Air Force management course for supervisors at Hurlburt Field, Florida.

Sergeant Hughes, an air traffic controller, was given classroom and practical instruction in the principles and techniques of effective management and use of resources.

The sergeant, son of Mr. and Mrs. Jim C. Hughes of Farwell, is a graduate of Farwell High School. He and his wife, the former Onetta McMath, also of Farwell, have three children.

Former Frionan Approved For SW Seminary

Robert A. Miller, White Deer, formerly of Friona, has been approved for admission to Southwestern Baptist Theological Seminary, according to Felix Gresham, director of admissions. The fall semester begins Sept. 5 with orientation and testing for new students. Classes begin Sept. 9. President Robert E. Naylor will deliver the opening chapel message Sept. 10. The formal opening address will be given by Joe Davis Heacock, dean, School of Religious Education, on Sept. 11.

ON FARM ELECTRICITY

Local FFA Members Attend Conference

Local Future Farmers of America last week attended a farm electrification conference

in Amarillo, sponsored by Southwest Public Service Company.

The conference, first of its

kind ever conducted, drew 96 FFA members from the High Plains of Texas, New Mexico and Oklahoma.

Attending from Friona were George Rushing, Rex Nelson and Ronnie Brookfield, along with Benny Pryor, advisor. From

Lazbuddie, Sammy Harlan and Ronald Ashford were delegates, accompanied by Scotty Windham, vocational agriculture instructor.

There were five divisions of the conference: wiring, electric motors, heating, lighting and control. Delegates selected the course which appealed to them.

The outstanding student in each division was awarded an expense-paid trip to the national FFA convention in Kansas City next October. Rex Nelson of Friona was second alternate in his class (lighting).

The conference was held at the Episcopal Church Center in Amarillo. Everything connected with the course was free, including meals. For entertainment, the boys were guests at a Texas League baseball game between Amarillo and Albuquerque. They also toured the Nichols Electric plant.

Some of the instructors who lectured in the courses included Price Hobgood, head of the Agriculture Engineering Department at Texas A&M, Bob Jaska, adult education director for Texas Education Agency, also of Texas A&M, and other Southwestern Public Service Company personnel.

Pryor stated that the conference was conducted on a trial basis, and participation indicates that it will be held again next year.

COUNTY FIGURES GIVEN

State Fatal Accidents Heading For Record

The Highway Patrol investigated 14 rural traffic accidents in Parmer County during the month of June according to Sergeant W. E. Wells, Patrol Supervisor of this area.

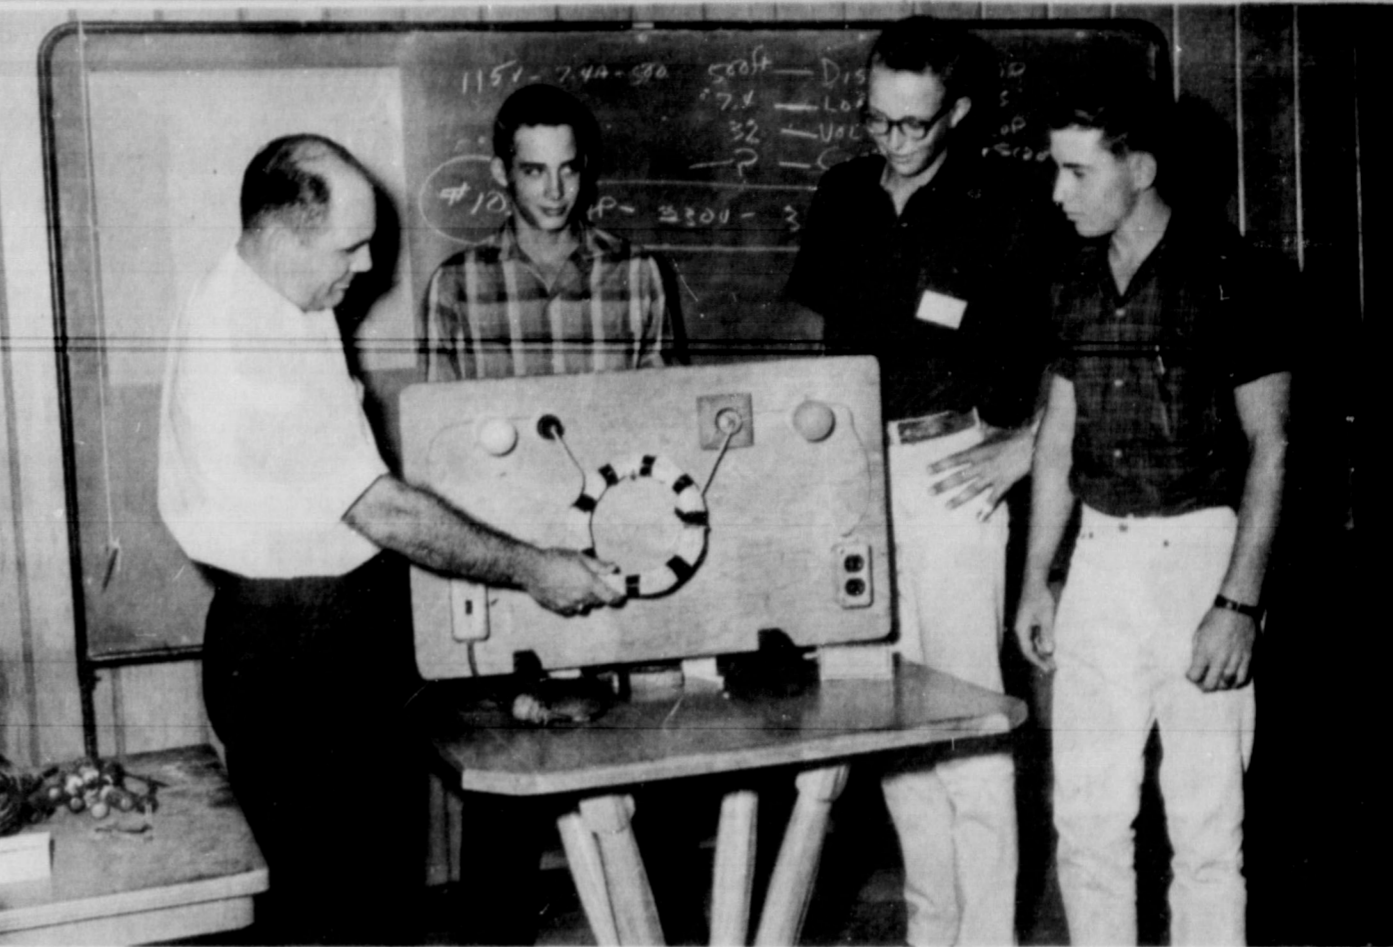

These wrecks accounted for six persons injured and an estimated property damage in the amount of \$11,028.

The Sergeant stated that this brings the total for the year thus far in Parmer County to 62 accidents that claimed one life, injured 18 people and caused property damage of \$31,742.

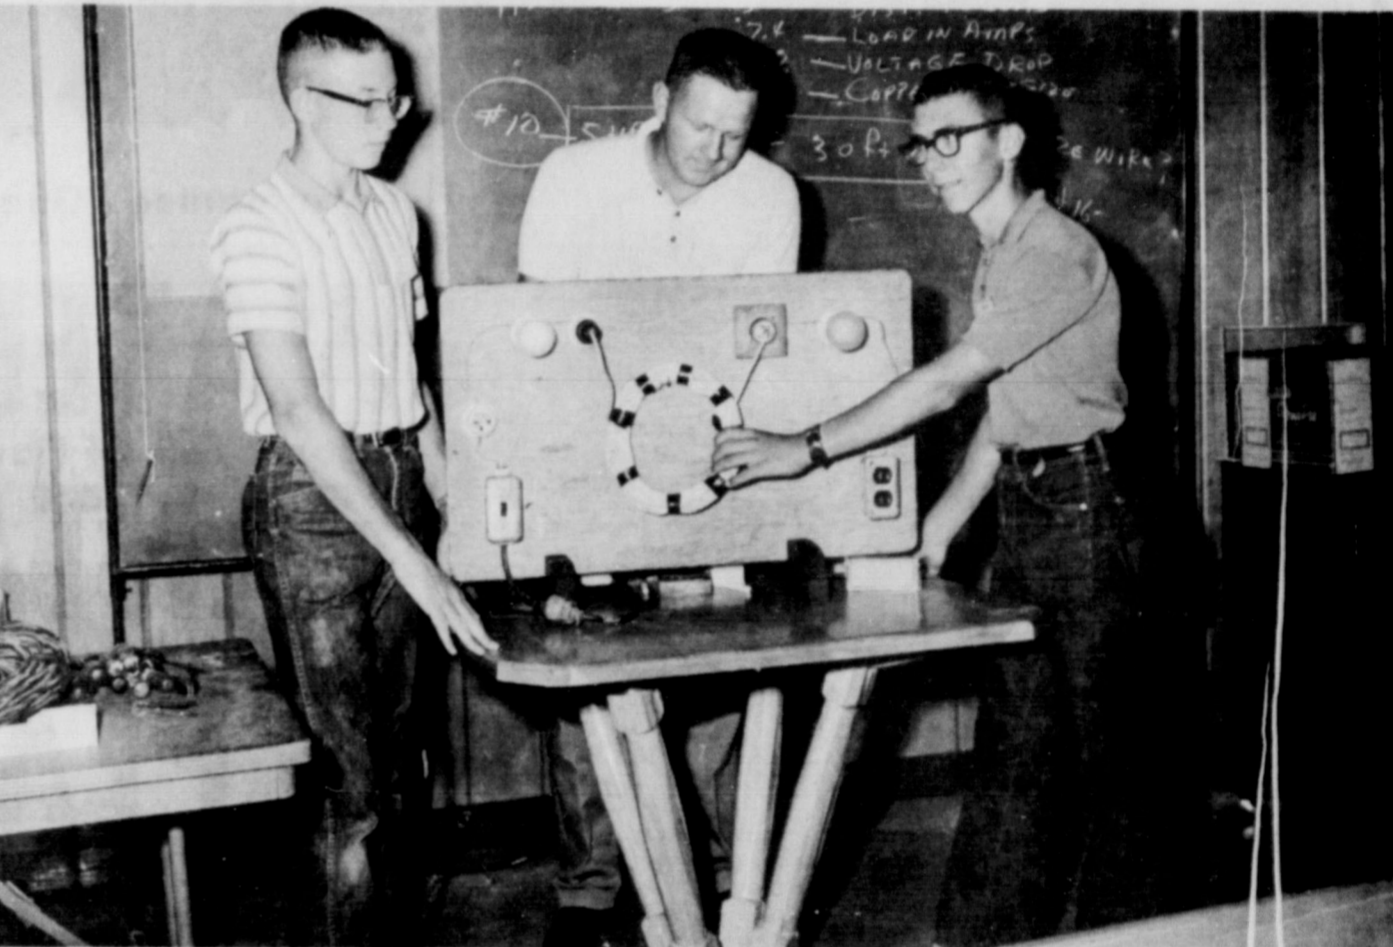

For a comparison, the Patrol Supervisor pointed to accidents in this County for the first six months of 1962 that accounted for three deaths, 33 injuries, and property damage of \$33,275.00.

"Prior to July 1, there had been a total of 941 fatal accidents in Texas," Sergeant Wells said, "That took the lives of 1136 persons."

"As the year is over half gone, there are definite indications that traffic deaths will hit an all-time high in 1963. Motorcycles at this time are over 100 more than at the same time last year," the Sergeant said. "If we continue to take lives at the present rate, 1963 will become the most deadly year in Texas history for traffic fatalities. Considering the trend of increased accidents and casualties, we have every reason to expect that traffic deaths will exceed the previous all-time high in Texas of 2611 in 1956."

STUDY ELECTRICITY . . . These three Friona High School students attended a Farm Electrification Conference for Future Farmers of America in Amarillo last week. From the left are Benny Pryor, vocational agriculture instructor, George Rushing, Rex Nelson and Ronnie Brookfield.

LAZBUDDIE FFA members attended a Farm Electrification Conference July 9, 10 and 11 in Amarillo. From the left are Sammy Harlan, Scotty Windham, vocational agriculture instructor, and Ronald Ashford, Sponsor of the conference was Southwestern Public Service Company.

It's Hard to Farm Without an Arm!

Ever try scooping grain with one arm? It can be done, but it isn't easy. Maybe you'd like to try operating your combine or your baler with one arm? Go ahead . . . put one hand in your pocket and pretend you're pulling some power-operated equipment behind the tractor. Rather rugged, eh? Farming calls for two hands and two arms and two legs. It can be done with less, but you wouldn't deliberately ask to farm that way, would you? You are asking for it unless you observe every rule of farm safety . . . every minute of every day.
