SANDERSON, TERRELL COUNTY, TEXAS 79848

LISTEN TO LUKE

Albert: ---
Our week was completed Saturday morning when we discovered with a great deal of satisfaction that we had another avid reader. Sometimes it takes a boo-boo, or is it bu-bu, on our part to discover another reader, but sooner or later it all comes out.

It is a coyote that chases the badrunner - not a wily fox. There are lots of things we don't know about foxes and coyotes and comedies, and mice and men!

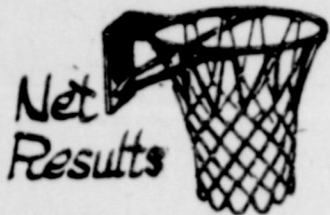

One of the nastiest jobs of the decade, or maybe even the century, we learned about Saturday morning.

Harold Kelly, a heating and air conditioning engineer of Del Rio, had the job of fixing the boiler in the courthouse after it went kaput recently. Among other things the burner had to be replaced and the boiler cleaned out. It was told us that there were about three tubs of soot came out of the boiler and stack and that in the process of the cleaning a small piece was lost off of the burner. The three tubs of soot were being sifted to try to find the burner part and the only place for the sifting process - where else but at the dump ground. If we just had to sift through three tubs of soot, it might not matter that we were at the dump ground with all the stench and filth of all the animal carcasses there, and we doubt that with or without either one, the presence of the other would make for an enjoyable stay, but the job of sifting soot in those surroundings has to be the worst chore of the decade.

We couldn't help but notice in some papers during the past extremely cold weather some of the things that were used to depict the cold. Invariably, some girl was pictured out in the snow, in some sort of mini-costume or bathing suit, molding a snow ball or throwing one, etc. This custom - cheesecake and femininity - catches the eye of the reader and otherwise one would not even notice maybe that it was cold. There was also some comment from several places about the various schools rulings against slacks or pants for the girls even during the most extreme weather.

No, I don't have a daughter in school. No, I don't think mini-skirts are for 99 44/100ths per cent of the girls and women who wear them. Yes, I do like to see pretty girls in pretty clothes. Yes, I do notice pretty and attractive women. Yes, maybe I am a dirty old man. But if mini-skirts are good enough to wear to parties, to church, on dates, etc., during the same weather, and on the same days, why not wear them also to school? If a student stands out in the cold for very long on such days, usually it's because they get back to school too soon or don't want to go in, and if they go from the car to the building in about 15 steps or less, it seems that their all-weather apparel for other occasions is good enough for school, too. We've seen much

The varsity Eaglettes were also victims of Iraan Friday night with the score ending 47-31. Sanderson missed many free throws during the early part of the game which went three and one-half minutes without a score. Brenda Carter had 20 points, Rhonda Louwien had 9, and Jackie Bob Riggs 2. Gina Hardgrave also played forward. The guards were Mitzi Cash, Nancy Harkins, Marilyn Sanchez, Gaylia Coker, and Petra Sanchez.

The varsity boys beat Iraan 60-58 to stay in the race for district honors. Bill Littleton lead scoring with 20, Randy Louwien had 14, Emilio Martinez 2, Leslie Hall 5, Blain Chriesman 17, and Ikey Billings 2.

The Sanderson JV won a squeaker from Marathon on Jan. 16 43-41. Ronnie Stewart was high scorer with 12, Pat Mott had 11, Steve Litton and Ikey Billings 7, Jake Murrah 4, and Jim Cash 2.

Last Friday night here the junior varsity boys lost to Iraan 29-49 with Litton, Murrah, Chago Flores, Damon Harrison, Brad Harrison, Rual Ybarra, Kendrick Harrell, Jimmy Monroe, Roland Rodriguez, Robert Fisher, and Nelson Cooke seeing action.

Mrs. T. O. Moore Jr. returned from San Angelo Sunday of last week after visiting her parents there. She had accompanied her parents-in-law, Mr. and Mrs. T. O. Moore, who went to that city on business.

More Telephones In Sanderson Noted During Past Decade

Southwestern Bell manager Robert Hurt reported that the number of telephones in Sanderson grew to 694 during 1969.

He noted this figure compares with 620 telephones here at the end of 1960.

"Sanderson residents also seem pretty talkative," Hurt said. "They dialed 2,280 calls per average business day during November."

He said a circuit equipment job in the central office was started in last 1969 and is due for completion in January. The project cost was \$32,000 and will provide circuit relief between Sanderson and Alpine.

During 1969, Sanderson gained 12 telephones.

Hurt said a record \$99 million construction budget has been set by Southwestern Bell for its San Antonio Area, of which Sanderson is a part. The area covers roughly the western half of Texas.

The \$99 million figure is for land, buildings, central office equipment and outside plant such as cable installation.

MRS. HALEY HAYNES GETS DEGREE AT MID-TERM

Mr. and Mrs. Haley Haynes have moved to Canyon and he has enrolled for the next semester at West Texas State University where he will be a freshman with an industrial arts major. Mrs. Haynes, the former Miss Eloise Farley, was a mid-term graduate of Texas Tech, Lubbock, receiving a Bachelor of Science Degree in Child Development and Community relations as a major.

Ruel Adams Asks Re-Election To Post

Ruel Adams, Terrell County Clerk since January of 1943, is seeking re-election through the Democratic Party in its primary May 2. He authorized The Times to announce his candidacy.

Adams stated that he would appreciate the support of the voters in his bid for re-election to the office and would continue to try his best to serve the people in the duties of his office.

As county and district clerk, his duties include the keeping of many records of various types of legal transactions, vital statistics, court procedures, and related activities, and serve as clerk of the commissioners', county, and district courts.

Mrs. J. A. Gilbreath attended a Girl Scout leaders conference in Odessa Friday and returned her granddaughter, Shannan Edwards, who had visited here for several days. Mrs. Austin Nance accompanied her and visited her son-in-law and daughter, Mr. and Mrs. David Kleinbeck, in Midland.

A similar picture published much earlier in our series is repeated this week. It shows the courthouse and jail and in the background the home of the W. H. Mansfield family. The time of the picture must have been about 1912. The courthouse was later remodeled to its present appearance and a study of the plan of the building in the picture shows the extensive changes that were made: eg. re-elimination of the recessed foyer, elimination of the bay-windows on each side of the entrance; adding the third floor.

Medical Center Officers Re-Named

The members of the Trans-Terrell Medical Center, Inc., had their annual election of directors Tuesday night of last week and Lewis Cash of Dryden and Silvestre Silvas of Sanderson were re-elected directors. There were about 40 votes cast including those by proxy.

All the members of the organization were mailed notices of the election and proxies prior to the meeting.

Following the tabulation of the votes the directors had a meeting and officers were elected to include; Troy Druse, president; Sid Harkins, vice-president; and R. S. Wilkinson, secretary-treasurer.

Mr. and Mrs. David Mitchell, Clay and Michael were business visitors in San Angelo recently.

Toni and Jerry Andrews of Pecos visited last week with their grandparents, Mr. and Mrs. Herbert Brown, and family while their mother, Mrs. Kenneth Andrews, was in an Alpine hospital.

The jail which occupies the third floor permitted the removal of the building at right which was the jail and jailer's dwelling. The Mansfield home was razed and replaced by a home for the Joe Kerr family. The fence around the courthouse property seems to be closer to the building than the present curb line and it is interesting to notice the condition of the "street" somewhere between the camera and the fence. The man and lad in the buggy are unidentified. The picture was loaned by W. E. Stavley.

feminine apparel we liked better than the mini - even the sack dresses - and we know of few girls who are forced to wear the mini - so if the weather gets cold, sweet things, it's one of the hazards of winter. Smile your sweetest, there's little else to be done. The no-slacks or pants edict was passed long before there were minis, and we feel there's no spite in the policy, just an effort to try to keep things in and/or some sort of control over some sort of action.

We don't know that there was any request or gripe here about the cold weather for the mini-wearers, and there was no plea from anyone for our expressions, but some expressions have to be made now and then or this would not be a column. And every once in a while we get some interesting things accomplished - like setting things straight on the fact that it is a coyote and not a fox that chases roadrunners!

Mrs. Kenneth Andrews and children, Toni and Jerry, visited her parents, Mr. and Mrs. Herbert Brown, and family the first of the week to recuperate after hospitalization in Alpine for several days with a respiratory infection. Her husband visited here last weekend.
