By Albert:
Well, the sunny Southwest just got blown off the face of the map by the third snow of the season. The sleet, snow, intermittent showers, heavy fog all came after midnight Friday and Saturday morning local residents saw quite a bit of sleet and snow visible on some surfaces before the fog came in and stopped all of the falling weather. The fog restricted visibility to "just barely across the street" during the heaviest part.

We have seen very little, if anything, written about Dr. Henry Kissinger and the praise that we thought due him for his diplomacy in the negotiations for peace that have been achieved in Vietnam and by now possibly in Laos and Cambodia. Seems like there should be more said nationwide to point out what he has done and give him the credit that is due him.

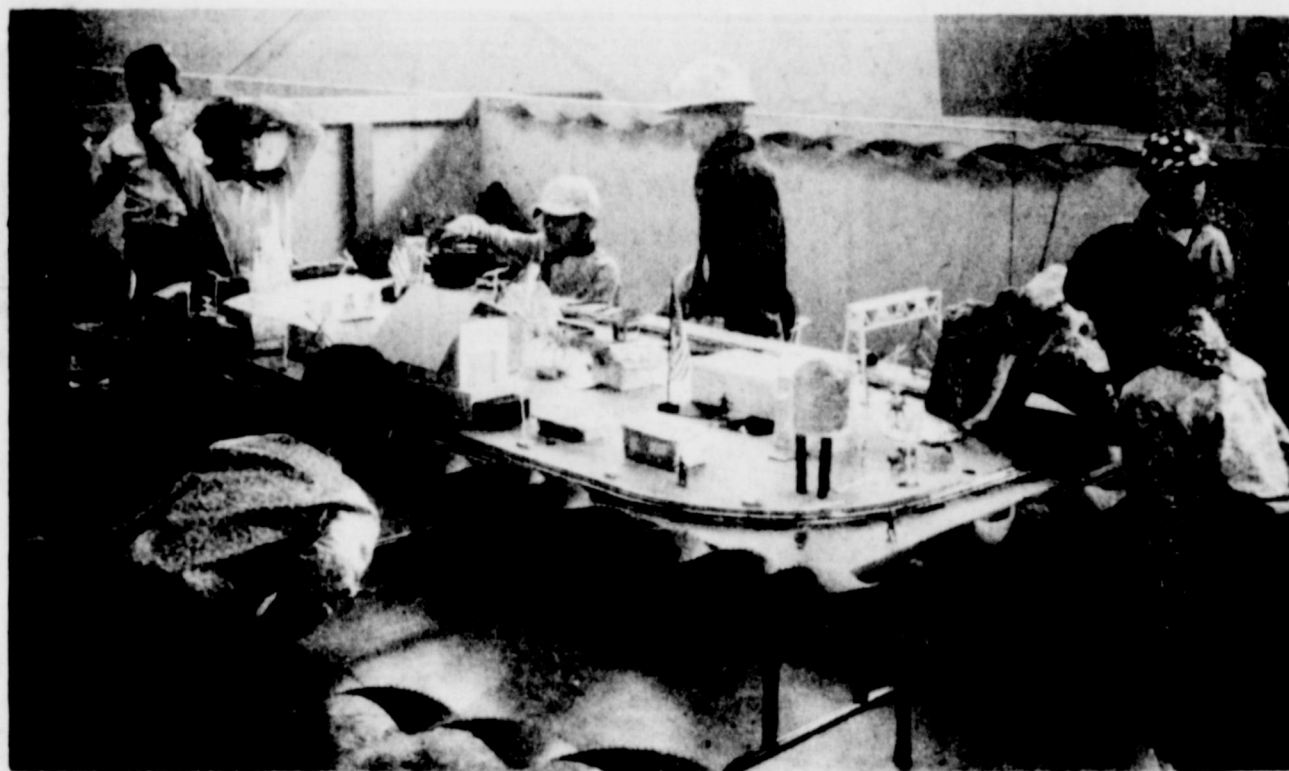

Some might say that he had all the "tools" for negotiating, and that he was told what this nation could and would do and what the other countries had to do, etc., etc., etc. And all of that may be right, but he still is some kind of a diplomat to be able to accomplish these feats in the name of and for the cause of this nation. In other words, I doubt that I would have had the patience to have been the negotiator. And surely, he must have a brain-full of information about the people he was working with and the situation over the world and what had been happening, and on and on and on....

Wonder why he is not already being touted as the next president? We have had politicians galore for presidents for a long time, but all of history-we think-will attest to the fact that we have had few diplomats during the past many years.

John Connally has been thrown into the ring already as a possible 1976 runner, and his ability as a diplomat was demonstrated as Secretary of the Treasurer, and the resultant stories of how his threats of retribution or consequences toward certain countries and/or companies got the job done when he was trying to hold the nation's economy and the world's trade and dollar value on the line. Maybe this is diplomacy of the same kind that Kissinger used, we don't know. But it seems that he is a very persuasive man to us! And that would depend entirely on how each person is able to look at it!

The hassle continues on the ways and means of full state funding of public school costs. One of the recommendations recently of the State Board of Education was that the legislature would require a greater taxing effort by many local school districts in an effort to bring their standards up closer to some of the other districts. The plan would depend on legislative enactment of a

Gas, Distillate Discovery Made

A Pennsylvanian detrital gas discovery was assured in Terrell County with the flowing of gas for 12 hours at the stabilized rate of 950,000 cubic feet daily, along with 17 barrels of distillate and 28 barrels of water at Seco Production Co., Midland, No. 1 Allison, in 17-B2-CCSD&RGNG, six miles southeast of Sheffield and five miles southeast of Pennsylvania detrital, South production in the Butte multipay field.

Flow was through an unreported choke and perforations at 9,172-206 feet, which had been acidized with 1,000 gallons.

Earlier, it flowed for six hours on a 15-64-inch choke, making gas at the rate of 879,000 cubic feet daily, along with 17 barrels of distillate and 17 barrels of water. Testing continued.

Formerly drilled by Gulf Oil Corp. as the No. 1 Allison U-Unit, it was plugged and abandoned Oct. 2, 1959 at 11,697 feet in the Ellenburger.

Site Amended For County Wildcat

Texas Oil and Gas Corp., Midland, has amended location for its No. 1 Exchange, 10,500-foot wildcat in Terrell County, now 2 1/2 miles north of the depleted Mesa Grande (Leonard) field and 12 miles east and very slightly south of the Yucca Butte (Ellenburger, Pennsylvania detrital and Connell gas) field, and 10 miles southeast of Sheffield.

Amended location is 467 feet from the most southerly south line and 467 feet from the west line of 23-1-1&GN. Old location was 2,000 feet from the north and 3,200 feet from the most westerly west lines of 24-A2-Mrs. N. King.

Local Cub Scouts won first place with their railroad display at the area Boy Scout field day in Fort Stockton Saturday of last week. The boys were appropriately dressed, set up their own display, and operated it for the visitors to the booths and the judging.

Those participating were Joe Bravo, Shalor Sumrall, Mickey Corbett, Jose Daniel, Johnny Daniel, Benny Fierro, Ele Chris Hagelstein, Nacho Carrillo, Polo Calzada, some of whom are pictured above with their entry.

The exhibit, a miniature electric train set, the basic part of which belongs to Jerry Wennmohs, had some additions made by some of the boys. Mr. Wennmohs worked with the boys here in assembling the set and operating it so that they could be proficient in the management of their display. He also accompanied the boys to Fort Stockton, along with his wife and their son, Lance; Mr. and Mrs. Chris Hagelstein, Mrs. Lupe Daniel, Mrs. Raymond Fierro, leaders; Mrs. Johnny Benavidez.

Cold Weather Hits Hard Briefly

The cold weather that came to the Southwest last weekend was short-lived, but severe during the time that it was here.

Saturday morning there was heavy sleet on the ground and some snow had fallen during the night, but all traces of the cold falling weather was gone locally by noon.

Heavier ice and snow was reported in the northern part of the county with severe ice conditions reported on FM 2400 and parts of US 285 between the junction of FM 2400 and Fort Stockton.

Damage was reported to utility lines west of Sanderson and REA service was knocked out due to icy condition, broken lines and some broken poles, according to word received.

Heavy fog came in locally during the morning and left only moisture from light mist. The fog was present through the early morning hours Sunday and came back again on Sunday night.

One Killed In Head-On Crash Near Dryden

One person was killed and three were injured in a two-vehicle accident six miles east of Dryden about 5:45 p.m. on Monday, according to Texas Highway Patrolman Ben Lockhart, who investigated the accident.

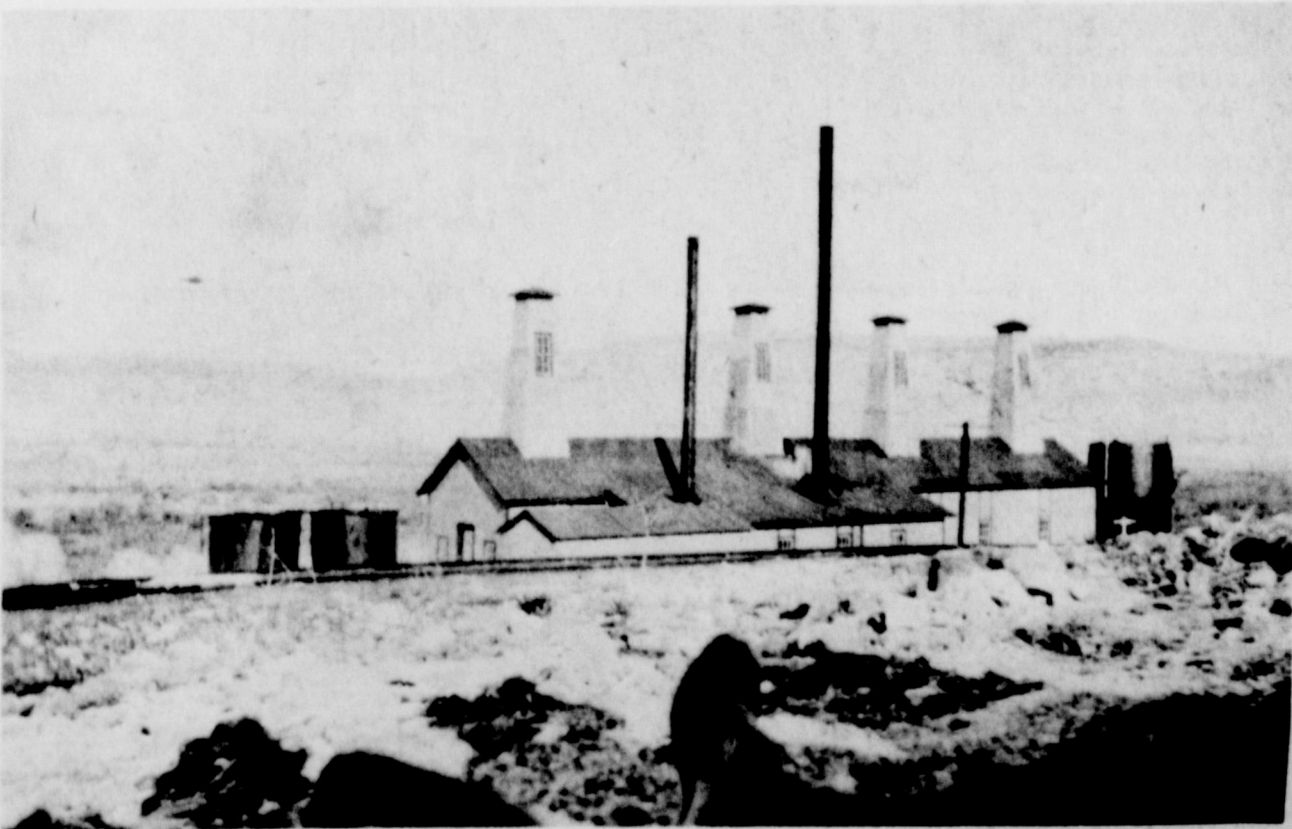

The head-on crash resulted when the passenger car driven by Raul Reyes of Kingsville was west-bound and at the top of a hill crossed into the east-bound lane of traffic and hit the pick-up truck driven by Mrs. Claude O. Speed Jr., 45, of Wimberly, according to the report of Patrolman Lockhart.

Injured in the accident and taken to a Del Rio hospital for treatment were Mr. Speed, 45, who was in the pick-up; Reyes, 33, and Maria Garcia, 58, also of Kingsville, who was in the vehicle with Reyes.

The body was taken to the Janes Funeral Home in Ozona, Justice of the Peace W.G. Shoemaker served as coroner at the accident.

Mr. and Mrs. M.A. Wiese and four children of Corpus Christi were weekend visitors with her parents, Mr. and Mrs. W.E. Mangum.

Last week's picture car was identified as both a Ford and a Star. We won't argue with either one. The place was in front of where McKnight Motor Co. is now. We don't know about that either! The railroad's water pump station just below the rock crusher is pictured below a long time ago when the hills around here were just little humps. The four wells were pumped by the two engines whose smoke stacks rise high above the buildings, and the three water storage tanks are visible. The picture was loaned by Mrs. E.E. Harkins Jr. from her collection.

system for estimating the market value of all taxable property in the state. This is just another of the many examples of a fact that should be well known to all people by now: if local people don't do certain things, then there will be some agency of the state or federal government, or both, that will step in and see that it's done-their way!

The Board is reported to have said that if the legislature fails to enact a system for estimating the market value of all taxable property in the state, then the state should assume all basic educational costs and pay them by state tax sources. Full state funding was proposed by the board's public school finance committee in a report issued November 11. The plan was re-examined by the new board members when they took over in January and was re-issued in substantially the same form by a newly appointed committee after their recent meeting.

The State Board did not adopt the new committee's view, but the recommendations of a "task force" of top Texas Education Agency officials. These recommendations would boost the cost of the minimum foundation program by almost a billion dollars by 1978, according to information received, and the local taxpayers' annual share would rise from \$282 million to an estimated \$740 million, counting the "enrichment" expenditures, by 1978.

The chief recommendation says the foundation school program should be financed by both state and local funds, but the complex economic index method of determining a local district's share should be abandoned.

It's going to be interesting to watch how education is equalized -- especially since teachers' qualifications are not any more equal than are the abilities of the students.

At least, that's the way we look at it!

New Arrivals . . .

To Mr. and Mrs. Bill Adams of Wink was born a baby girl, their third child and first daughter, Saturday morning. Her birth weight was eight pounds and eight ounces and her name is Tracy Lanell.

Mr. and Mrs. Leo Adams are the paternal grandparents.

2 Seniors Inducted Into NHS Monday

Hudson Kerr and Maje Harrison, Sanderson High School seniors, who had been invited to become full-fledged members of the National Honor Society of the Sanderson High School, were honored at a dinner served in the homemaking cottage Monday evening.

The guests included the 22 members of the National Honor Society, 10 of whom are probationary members; the parents of the honored guests, Mrs. Edward Kerr and Mr. and Mrs. Dudley Harrison (Mr. Kerr being out of town on business); Mr. and Mrs. Wayne Mitchell, and Mrs. E.E. Farley, NHS sponsor.

Gold and blue candles noting the Society's colors, and yellow roses provided the decorations for the supper served buffet-style. The food was brought by the members of the Society.

Miss Wynne Massey gave the

invocation and Jake Murrach led the group in reciting the Pledge of Allegiance to the Flag after which "America" was sung.

Mrs. Farley was in charge of the induction service and was assisted by the senior members. Miss Susi Robbins joined Miss Sheryl Stewart and Miss Elaine Brown in singing several songs, the latter two playing guitar accompaniment.

Mr. and Mrs. L.W. Mitchell of Gatesville visited their son and daughter-in-law, Mr. and Mrs. Wayne Mitchell, and their daughters last weekend.

With all subscriptions to the Sanderson Times expiring on June 1, 1973, a new subscription in Terrell County is now 85¢ to that date, out of the county, \$1.00. Subscribe for yourself, a relative, friend, serviceman, or college student.

Mrs. Irvin Robbins made a business trip to Fort Stockton Friday. Mrs. Ben Martin and Mrs. L.H. Gilbreath accompanied her on the trip.

Visitors in the home of Mr. and Mrs. M.E. Hope and family last week were her brother-in-law and sister, Mr. and Mrs. Carl Tillman, and their daughter, Mrs. Frank Smyre, and daughter, Kelley, all of Deming, N.M.

Culture Club Meets Last Thursday In Mrs. Ezelle's Home

The Culture Club met last Thursday afternoon in the home of Mrs. H.E. Ezelle. After the singing of the National Anthem and the reading of an inspirational poem "Rainbows In The Heart", by Mrs. C.B. Card for the devotional, Mrs. E.E. Farley presided during the business session. She welcomed a former member, Mrs. R.A. Harrison of Durant, Okla., who was a guest.

Mrs. Card pinned a red rose corsage on Mrs. W.W. Sudduth and welcomed her into club membership. Red rose is the club flower.

After the second reading of the additions and corrections to the club's constitution and by-laws as recommended by a committee on revision, with Mrs. Card as chairman, they were adopted.

The members of the National Honor Society of the Sanderson High School will be honored at a luncheon at the March meeting and members will be advised of their contributions by the committee in charge with Mrs. N.M. Mitchell Jr. as chairman.

Since Mrs. W.H. Savage is one of the nominees for "First Lady of the Year", a project of Alpha Theta Alpha, and Mrs. Farley is to be the speaker for the occasion, Mrs. Ezelle was named to represent the Culture Club at the reception.

Mrs. Farley will be the delegate to the meeting of the Western District, TFWC, in Midland on March 23 and 24.

Mrs. G.K. Mitchell gave several items of interest from the General Federation News. Displaying a map of Texas trails marked and labelled in different colors, Mrs. T.W. McKenzie pointed out the trails showing pictures and giving a few facts concerning each trail. A colored film-strip, "Let's Travel Texas on the Texas Brazos Trail" was shown.

During the social hour, Mrs. Ezelle and her co-hostess, Mrs. Reid McClellan, served refreshments in the Valentine motif. The white-linen-covered table had a Valentine centerpiece in red and white surrounded by frilled lace paper doilies. A bouquet of flowers in pink, red and white was on a side table. Mrs. Farley served the flower garden cake, Mrs. McClellan the molded chicken salad, and Mrs. Card was at the silver tea and coffee service. Also on the table in silver and crystal appointments was a lazy Susan of relishes, cheese crisps, assorted party crackers, mixed nuts, and Valentine chocolate creams.

Other members present were Mmes. C.F. Cox, A.D. Brown, L.H. Gilbreath, Mary Cox, A.H. Zuberbueller, and E.E. Harkins Jr.

Thursday Bridge Club

Mrs. C.H. Stavley invited the members of the Thursday Bridge Club to a luncheon served at 1:00 o'clock at her home last week. Mrs. Charles Stavley and Mrs. Ross Stavley were luncheon guests.

In the card games, Mrs. Mark Duncan held high score, Mrs. Tol Murrah, second high, and Mrs. Jim Kerr was low, with Mrs. James Caroline and Mrs. Worth Odom sharing slam.

Also attending were Mmes. Herbert Brown, W.H. Goldwire, Diane Andrews, W.D. O'Bryant, Jack Riggs, Weldon Cox, and R.S. Wilkinson.

Mr. and Mrs. N.M. Mitchell Jr. and children attended the livestock show in San Antonio last week. Mr. and Mrs. N.M. Mitchell joined them the last of the week.

Mrs. Jim Neal ...priority Valentine sweetheart

Mrs. Jim Neal of Rankin was chosen 1973 Valentine Sweetheart for Omicron Tau, Beta Sigma Phi, of that city.

Mrs. Neal teaches a class of young adults in the Sunday school of the First United Methodist Church there and is the regular organist at the church, and is also assistant Scout leader. She is the historian and member of the ways and means committee of the BSP Chapter.

Mrs. Neal, the former Betty Jane Robbins and daughter of Mr. and Mrs. Irvin Robbins, is the mother of three sons.

She was presented Friday during the Rankin Beta Sigma Phi's annual Valentine ball.

Ernest Miller of San Antonio was an overnight visitor here Tuesday coming to look after Mrs. A.A. Shelton's property.

Mrs. Manuel Parada Jr., of Alpine began her practice teaching here Monday and will conclude this period of instruction on April 13. She is with her mother, Mrs. Ramona Olivares. She is a senior at Sul Ross State University.

Bonhomie Club

Mrs. Alfred Bendele invited the members of the Bonhomie Club to her ranch home last Wednesday to a luncheon featuring Mexican food. A Valentine candy heart tree was on the dining table and Valentine decorations throughout the house.

After the luncheon the members opened their "secret pal" gifts and observed Mrs. Ray Caldwell's birthday. Her birthday cake, a red velvet cake decorated in the Valentine motif, was served with cold drinks, coffee and iced tea.

Also present were Mmes. Harvey Rogers, L.R. Hall, T.W. McKenzie, H.A. Couch, J.W. Carruthers Jr., W.D. O'Bryant, F.G. Grigsby, and two guests, Mmes. Elma Riley, and Gene Black. Alfred Bendele and John Carruthers were luncheon guests.

Tuesday Bridge Club

Mrs. F.J. Barrett entertained the Tuesday Bridge Club with a dessert-bridge in her home last week.

The guests were Mmes. S.H. Underwood, Diane Andrews, James Caroline, Tol Murrah, W.A. Banner, Weldon Cox, James Kerr, C.P. Peavy, Herbert Brown, R.S. Wilkinson, Jack Riggs, and W.H. Goldwire.

Mrs. Kerr had high score; Mrs. Riggs, second high and slam; Mrs. Wilkinson, slam.

Mr. and Mrs. Ray Clifford made business trips to Fort Stockton and Ozona the first of last week.

Legion Auxiliary Meets Last Week, Has Long Agenda

Mrs. Johnny Hogg, vice-president, used the opening ceremony and presided at the regular monthly meeting of the Legion Auxiliary last Tuesday evening in the Legion Hall.

Delegates were elected to the 16th District spring convention in Alpine on March 3 and 4 and include Mmes. Dalton Hogg, C.P. Peavy, A.C. Garner, and Johnny Hogg. Alternates are Mmes. Barry Pendleton, P.G. Harris, T.W. McKenzie, and H.E. Ezelle.

A contribution of \$10.00 was voted for the Heart Fund and \$10.00 to the fund for the promotion of Mrs. Maurice Kubby of El Paso as a candidate for National Vice-President, 1973-74.

The committee which was to investigate the cost of carpeting the repose room and the reupholstering of some of the furniture made a report and was authorized to select and have the carpeting laid and some of the chairs upholstered.

A birthday party celebrating the organization of the Legion in 1918 was planned for Tuesday, March 13, and will be a salad supper at the Legion Hall at 6:30. The members of the Legion will be invited guests. Hostesses will be Mmes. C.P. Peavy, Jack Riggs, and Herbert Brown.

Mrs. Hogg, membership chairman, reported that the membership quota had been met with 56 adult members and 9 junior members, a total of 65. A rising vote of thanks

was given to Mrs. Clyde Higgins for her diligent efforts in getting the membership quota by January 31.

Mrs. E.E. Farley, Girls' State chairman, submitted the names of the junior girls as chosen by the high school faculty as delegates to Bluebonnet Girls' State in June. The Auxiliary selected Wynne Massey as the delegate, Janice Carter, first alternate, Barbara Freeman, second alternate.

Mrs. Pat Harris gave a very interesting discussion of National Legislative procedures.

Using a map to point out the migration of Indian tribes from the northwestern part of the American continent to the United States, Mrs. Farley for her program gave a brief history of the Lipan Indians, planning to present more information concerning them.

Mrs. W.H. Savage, music chairman, told the story of the composing of the hymn, "Bless Be The Tie" and since it was the Hymn of the Month, it was sung with Mrs. Savage as pianist.

Mrs. Higgins and her co-hostess, Mrs. Troy Druse, served refreshments of pecan pie, tea, and coffee during the social hour.

Also present were Mmes. T.W. McKenzie, Jim Kerr, L.H. Gilbreath, Mark Duncan, Ruby McSparran, H.E. Ezelle, and C.P. Peavy.

Mrs. Gene McSparran is in Lubbock for a few days' visit with her daughter, Mrs. Mike Davis, and family while Mrs. Davis is ill.

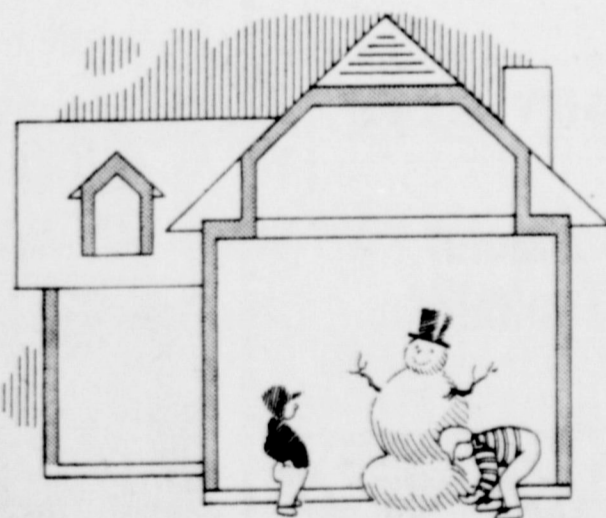

Mrs. Ronnie Hall took her children to Alpine last Wednesday for medical check-ups. Mrs. Lizzie Billings accompanied her on the trip.

MONEY SAVING

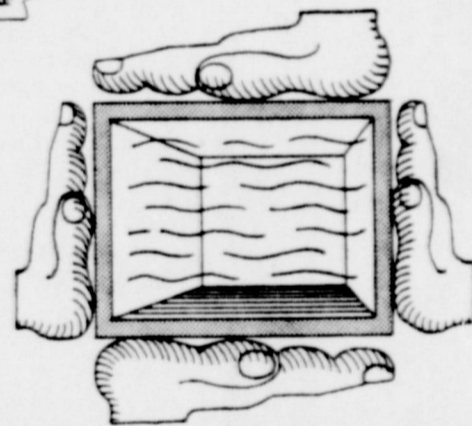

SUGGESTIONS

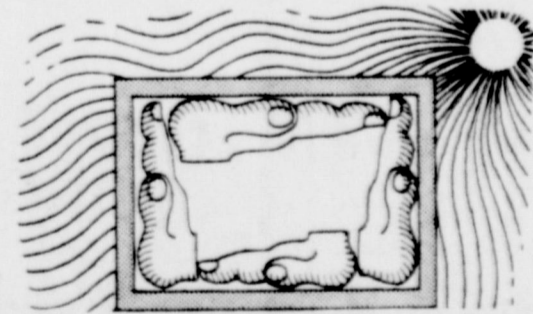

You can save as much as 23% on fuel consumption and heating bills if your home is insulated to meet FHA standards.

And if your home is fully insulated with 6 1/2 inches of thickness in ceilings and 3 7/8 inches of thickness in side walls, there can be a savings of 45 to 55 percent.

Insulation limits the amount of heat which escapes through ceiling, walls and floors in winter

or heat which enters during the summer. Contact your heating contractor or call Community Public Service for further information on insulation.

Work Done On Courthouse Block

Noticeable accomplishments were started last week at the Terrell County courthouse in Sanderson.

County crews Monday removed all of the sotel and dagger plants from near the sidewalks of the perimeter of the courthouse block, particularly on the west side and near the entrance to the Girl Scout and Boy Scout houses. The plants spines were growing out over the sidewalk and causing some kind of a hazard to the passers-by.

The commissioners court also authorized the installation of a water supply line on the east side of the courthouse block, just outside the sidewalk to run to the northeast corner of the lot for a building project there as well as for possible future needs of structures on the block.

A Fort Stockton contractor has begun work on the construction of a building on the northeast corner of the block, authorized by the Terrell County Commissioners at their meeting on Monday of last week. County Judge R. S. Wilkinson stated that the building was to house the Terrell County Public Library.

RANDLE CHILDREN WIN TWO RECENT STOCK SHOWS

Tate, Jim Terry, and SuZane Randle, sons and daughter of Mr. and Mrs. Jimmy Randle of Fort Stockton, former Terrell County residents, have been winners in two recent stock shows with their Rambouillet sheep bred by Pat Rose III of Val Verde County.

Jim Terry had the champion and reserve champion ram and the reserve champion ewe in the El Paso show.

Tate Randle showed the champion yearling ewe of the junior Rambouillet show in San Antonio.

SuZane exhibited the champion yearling ram in the junior show and the 3rd-place yearling ram. She had the reserve champion ewe yearling and another ewe lamb was 3rd.

Jim Terry showed the reserve champions in both the yearling ram and yearling ewe divisions, and the 3rd-place yearling ewe.

Lloyd Goldwire is employed in the parts department at Word's Auto Supply.

Burned Trestle Halts SP Traffic

A 270-foot timber trestle at Haymond on the Southern Pacific railroad, 43 miles west of here, was completely destroyed by fire last week. The trestle was 22 feet above the ground at the deepest point of the streambed. The fire was discovered Monday afternoon and train service was halted for about 24 hours before the "shoo-fly" was built around the destroyed trestle.

Work has been going on all week on a replacement trestle, built of steel and pre-stressed concrete, according to information received from the construction site.

Haymond is located about 10 miles south of the highway from Lemons Gap west of Sanderson.

Local volunteer fireman took the fire truck to the site of the blaze and were joined there by units from Marathon and Alpine. They were unable to save any of the bridge because of the time lapsed between their notification and arrival at the site.

The passenger train and the SP's fast "symbol" freight trains were detoured over the Texas and Pacific, rejoining the SP at Sierra Blanca during the time service was discontinued because of the fire. This was the second time in as many weeks that service has been blocked west of Sanderson, the other time being due to a derailment near Alpine.

It is also the second time in as many weeks that the fire truck has been called out into the country for a fire, the previous time being to the ranch of Mrs. Mary Cox when grass fires threatened her pens, outbuildings, and ranch house. The truck's water was able to keep the flames from damaging anything besides the rangeland.

Mrs. Ola Brooks returned home last week after visiting for three weeks with friends in Irving.

by MARY LEE THOMPSON

Making our environment cleaner, quieter, and safer is everyone's responsibility. And by starting at home to reduce indoor pollution you can make an important contribution toward the improvement of precious resources.

Of course, you'll want to support recycling centers, reuse as many things as possible, and save on water and electricity. But there are many small things you can do to help keep your home in the clear, and your budget in balance, too.

Some of the following suggestions from the home economists of the American Gas Association may come as a surprise. For example, if you eliminate excessive humidity from any part of your home, you'll reduce a lot of indoor grease and dust. Adequate exhaust fans in the windows of the kitchen, bathroom or laundry are a great help.

A ventilating hood with a fan over a range also is a help in removing grease-laden moisture before it settles on walls and ceiling. Another neat trick is a splatter-mesh lid to cover frying pans; it eliminates a lot of work in keeping a stove clean. So does wiping up spills immediately with a damp detergent-dipped cloth.

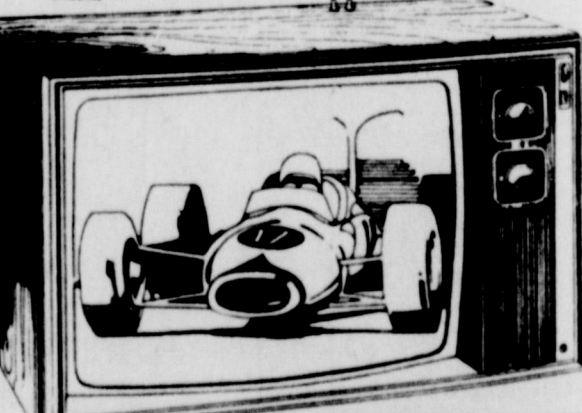

Cover saucepans when feasible to cook food faster and use less fuel. Watch that high flame, too; it's seldom needed for long, and a low flame will do as well. Since water boils at only one temperature, slow boiling or even simmering in a covered pot produces better results than fast boiling.

And don't take a long time to preheat the oven.

Baptist Youths Had at Banquet

Beautiful Valentine decorations were featured in the basement of the First Baptist Church when the youths of the church were honored at the annual Sweetheart Banquet. The young married couples' class and the members and associate members of the couples' class planned the affair, did the decorating and furnished the food for the dinner served buffet-style by candlelight, using red and white candles, Saturday evening.

Rev. Paul Tatum, pastor, extended the welcome and gave the invocation.

Jim Cash and Janice Carter played guitar accompaniment for the religious and popular songs sung by the youths.

The names of the honored guests were placed in a box and in the drawing for Miss Valentine and Mr. Valentine, the names of Jan Tatum and David Carter were drawn.

Mrs. Raymond Sanders of Alpine was the guest speaker and used the theme "Love".

Steve Burleson led the dismissal prayer.

KIRK MCKENZIE NAMED WINTERS' MAN OF THE YEAR

Kirke McKenzie of Winters, a former resident when he was director of the Sanderson Eagle Band, was named Man of the Year last Friday night at the annual Winters Chamber of Commerce banquet.

McKenzie was praised for the way he had "put Winters on the map in certain circles". He has been band director at Winters since 1968, during which time the band has won a number of sweepstakes awards plus the 1971 Brady Band Festival award and a tie for the 1972 Six Flags Over Texas Band Festival Award. It was pointed out that many of his students have been named to all-region and all-state bands.

He is a graduate of McMurray College where he was named the most valuable band student.

SCHOOL SCHEDULE CHANGE MADE

Due to the two holidays during bad weather in January, a schedule change was necessary for local schools, according to Supt. C.B. Card.

The two dates, February 19 and March 19, scheduled for student holidays and in-service days for teachers, will be school days. The teachers in-service day has not been scheduled at this time.

Since January 25 was a state holiday, observed out of respect for the late ex-President Lyndon Johnson, the day will not have to be made up.

Easter Seal Sale Begins March 1

The 1973 Easter Seal Appeal will open in Terrell County on Thursday, March 1, according to Charles G. Riggins, who serves as Easter Seal Representative for the county.

Riggins said that Easter Seal Appeal letters would begin arriving at homes in the county about March 1.

As Easter Seal Representative, Riggins is the person to contact to request services from the Easter Seal Society for Crippled Children and Adults of Texas. These services include physical and occupational therapy, speech and hearing programs and special information services to help solve the many problems faced by the families of handicapped children and adults.

Last year 16,572 handicapped people received help from the Texas Easter Seal Society. With the costs of providing expert professional care rising, more money than ever will be needed.

Funds help support 18 centers in Texas, where crippled children and adults are treated, regardless of their ability to pay. Providing walkers and wheelchairs is an example of the services provided to those who cannot provide for themselves and who do not qualify for help from any other source.

The Newtons are former Sanderson residents.

Phone Calls Can Establish SS Pay

People can now establish an application filing date for monthly social security payments by making a telephone call to any social security office, according to social security officials here.

"Dates of application for benefits should be established when it appears you may not be able to return a signed application to social security until the following month and may lose some benefits," a spokesman said. "And when you call you must express your intention to claim benefits."

"The date you apply for social security benefits can be important," he said, "especially if retroactive payments are involved."

People who fail to apply for social security payments at the time they become eligible may be able to get back payments -- but only for up to 12 months before the month they apply. "The date of application helps determine how many months can be paid in back payments," the spokesman said.

Previously the date was established by the postmark on a written inquiry about benefits or the time a written application was received in a social security office.
