

Bumper Maize Crop Rolls To Area Elevators

I guess all of our readers who are Texas A&M fans, at least those who know that we favor the Texas Tech Red Raiders, fully expected a ribbing from this corner last week.

However, we may have surprised them somewhat by constraining ourselves on this point.

Outside of charity, don't know why we held off on a good ribbing. Guess we were just happy with the Red Raider win and ready to let it go at that.

Then, too, since we didn't expound the virtues of the Red Raiders in this space last week, now we have two glorious games in a row to be proud of, and can take our pick as to which one to eulogize.

Actually, having attended several of the Lubbock games during the past two years, we're not sure whether it's the thrill-a-minute games which should be stressed, or something else which has been overlooked in the shuffle.

And that is the fact that two games, played on consecutive weekends in Lubbock, were consummated in about as perfect football whether as you could ask for. And as we indicated, judging from immediate past records, that's something.

Of course, going past the weather, the games were both something to behold.

A parallel could be drawn between this year's Texas Tech team and the weather as we're used to it in West Texas; if you don't like the way things are going, stick around, because it's likely to change.

At least, that's the way things have gone in the two games we've seen the Big Red team play, and so far the changes have all been in favor of the Raiders.

Tech's All-American, Donny Anderson, has given the fans quite a show, and especially was this true the past week. If you haven't seen Coach Light's former Stinnett star perform, by all means take the opportunity before the season is over.

Donny was every inch an All-American against TCU the past week. He stood out in several plays. On his touchdown early in the game, Donny ripped 54 yards on a big third down play for Tech, fighting off would-be tacklers most of the way.

Having left a string of defenders in his wake, and nearing the TCU end zone, it was a sight to see Donny ease up, with a couple of blockers out front, and practically walk into the end zone.

The past week against A&M, he had made a fantastic one-handed catch of a pass from Tom Wilson in another key third-down situation. It was the kind of catch that you'll sometimes see the pros make on TV.

The Friona Association of Retail Merchants (FARM) discussed possible Christmas promotions at its regular meeting last Thursday, and the general consensus was that more prizes would be offered to Friona shoppers this year.

The group felt like offering several nice prizes in a series of drawings might be more effective than giving the one prize, such as last year's automobile. That way, more people could benefit, since there would be several winners instead of just one.

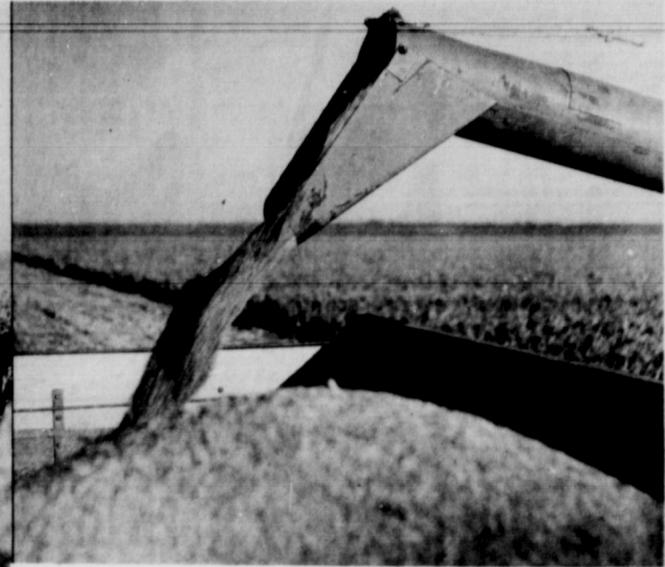

The organization heard a report from Muleshoe's Chamber of Commerce manager Roy Davis, who told how Muleshoe gave away some 70 bicycles in a drawing at Christmas Eve.

Nothing definite was settled on at the meeting, as the group plans to consult a good representation of Friona merchants to find out their feelings. It is thought that several prizes could be given, and yet keep the cost per individual merchant perhaps lower than it has been on one big prize.

Bazaar Planned

At a recent meeting of Union Congregational Church Women's Fellowship in the church basement plans were made for the annual bazaar and bake sale to be held Wednesday, November 3.

Further plans will be announced in a later edition of the Star.

IN FULL SWING . . . The harvest of the 1965 maize crop in the Friona area neared its peak this week, with fine Indian Summer weather aiding the cause. In these pictures, scenes from the P.L. London farm show the number one cash crop being harvested. The Londons have 800 acres, and the grain is making in the neighborhood of 7500 pounds per acre.

Harvest Is Aided By Weatherman

One of the best maize crops the Friona area has ever seen--if not THE best--began rolling to grain elevators in a quickening pace the past week, as farmers were blessed with ideal harvesting weather.

Elevator operators throughout the Friona area were using the term "bumper" as a descriptive word for the 1965 crop, and were indicating that even that adjective might not do the crop justice, once the final figures were in.

Jack Tomlin at West Friona grain said it looked to him as though the 1965 maize crop might be the best in the area's history. He cited one example of a 145-acre farm which had produced 8540 pounds per acre.

"I think there are several who will make 8,000 pounds per acre," said Tomlin, who predicted that the cutting was 35 to 40 per cent finished as of Tuesday.

Bill Raybon at Friona Wheat Growers shared Tomlin's enthusiasm for the 1965 crop.

"From all indications, it looks like this year's crop will be a bumper one. I think everyone is beating their last year's yield," Raybon said. He joined Tomlin in expressing the opinion that there would be some 7,000 and 8,000-pound maize produced on large acreages.

Pete Braxton at Tri-County Elevator in Black, says that evidently the 1965 maize crop in the Black area is the best one that area has had, likewise.

"We're not in full swing as yet. There is still a lot of green maize. The farmers are talking about an over-all average of 7,000 pounds, and while they'll have to have all their maize cut before we know about this, it wouldn't surprise me too much," he said.

Another Friona elevator man, Jim Johnston at Continental Grain, joined his colleagues in reporting that everyone he knew about was making good yields.

However, he pointed out that he knew of none of his customers who had finished up cutting, so couldn't say for sure about what the grain would make. "It's making real good, though," he said.

Helping the 1965 crop toward a "bumper" year was its test weight, Tomlin points out. "We've had a lot to test 58-1/2 or 59 pounds to the bushel. One we know of tested 60 pounds, and that's remarkable maize," Tomlin said.

Much of the crop in the Friona area is still green, and will depend on either a skilling freeze or more of the hot sunny weather of the past week to mature it.

So far, the elevators have not been swamped. Most had a big day last Saturday, when the cutting really got into "high gear." The individual operators thought with luck they might not get swamped with the 1965 crop. It appears to be "staggered" in age and dryness so that it is coming in to the elevators just about right. By the middle of the week, it appeared that the farmers might "catch up" with all the dry maize, and then have to await the maturing of the rest, or a killing freeze, whichever comes first.

Harvesting of sugar beets, meanwhile, has also gotten to the brisk stage, and the beets are once again having a good year. The area also has one of its better cotton crops, with cotton men hoping for another two weeks before a killing freeze to enable the 1965 crop to make all that is possible.

Club Meets

District Governor J.W. Robinson of Hereford will be the guest at tonight's Friona Lions Club meeting.

Tonight's meeting will begin the fall and winter meeting time change to 7:30 p.m. All club members are urged to attend, states A.L. Outland, club president.

Contest Scores Soar As Upsets Dwindle

Something resembling order returned to the football world last weekend after a couple of weeks of upsets, and as a result, scores of contestants in the Friona Star's Cotton Bowl football contest were the best they have been all season.

The week produced the second "perfect entry" of the year, turned in by Jack W. London, who correctly named all 18 games on the slate to claim the weekly first prize money of \$5.

Although London was the only contestant to get all 18 games, 21 others were close, as that many correctly picked 17 games. Another 33 contestants had 16 right, meaning that 55 contestants, more than one-third, had scores of 16 or better.

Benny Pryor and Mrs. Edward White Jr., shared second and third place money, each missing the Friona-Hale Center score by 13 points. They both had called it a 21-7 favoring Hale Center, when in reality the Owls topped Friona 33-6.

As the 12-week contest hit the halfway mark, Edward White, Jr., held onto the lead in the race for all-expenses paid trip to the Cotton Bowl game January 1. White, who has never figured in any of the weekly prize money as yet, nevertheless has a two-point lead over the field.

The overall leader had a score of 17 the past week, his best score in the contest. However, he did not gain any ground on two of his closest pursuers, Celta Loflin and Jerry London, who also had scores of 17.

White has a score of 87 at the halfway mark. London and Mrs. Loflin are next at 85. Mrs. White is staying right on her husband's heels, currently tied for fourth spot with an 84 score.

Bill Ellis, contest director, reminds that no one should become too discouraged by their point standing at this time. With six weeks left, there are a potential 108 points remaining in the contest. "And no one is 108 points behind as yet," he said.

Besides the Cotton Bowl

JACK LONDON

weekend trip for the winner, second place winner will receive two tickets to the Sun Bowl Game in El Paso, along with \$25 expense money, and third place winner will get two sea-

AT DIMMITT

'New Start' Planned As District Play Begins

It's actually the sixth game of the season for Friona High School when the Chieftains journey to Dimmitt tomorrow night, but the Chiefs are viewing their first district game with an air of "starting over," Coach Don Light said this week.

"The two workouts we've had this week have contained something new," Coach Light said after Tuesday's workout. And, although the season is half over according to the number of games played, some changes were still being made on the team.

One change was necessitated by the injury in last week's game to halfback Tim Herring, who received a torn leg ligament against Hale Center. Herring underwent an operation this week, and will be out the rest of the season.

In an attempt to bolster the

backfield and give it some needed power, Coach Light has moved 190-pound tackle Ray Braxton to fullback. Joe Mabry, who has played fullback, will move to Herring's vacated left halfback spot.

Bill Weatherly will move to the tackle spot formerly manned by Braxton.

"It's kinda late in the season to be making major changes like this, but we felt that something had to be done to turn the tide," Coach Light said. In explaining the moving of Braxton to fullback, the Chieftain coach pointed to the many times the team has had the ball with third down and short yardage to go, but failed to make the first down. He thought that Braxton might make the difference in situations such as these, and indicated that he had caught on to his new assign-

ment real well.

Other than Herring's loss to the team, and that of Mike Wooley, reported last week, the Chieftains expect to have the rest of their personnel ready for the district opener.

Friday's game as will the rest of the games this season, starts at 7:30 p.m.

The Bobcats are winless in their five games, having met two common opponents, Muleshoe and Hale Center. Muleshoe downed the 'Cats, 26-0 and Friona 21-0 while Hale Center beat Dimmitt 34-6 and Friona the past week, 33-6.

Other teams which Dimmitt has lost to include Morton and class AAA Hereford and Tulla. "The team has developed a lot of confidence in anticipation of the game. We had a long session with the boys on Monday and it seems that ev-

eryone is in accord now," Coach Light said.

Friona can claim a rare distinction with a winover the Bobcats tomorrow. It would mark three straight wins over Dimmitt for the first time since recorded scores are available on the series.

Last year's 28-6 win over the Bobcats here was the second straight win over the Castro County rivals, only the second time for a two-game streak by Friona over their neighbors.

In 1963, when Friona downed the 'Cats 20-0 at Dimmitt in the conference opener, it snapped a 14-game winning streak which Dimmitt had held over Friona.

Dimmitt's biggest margin in the series was a 56-6 win in 1947. Friona's biggest win was by 49-0 in a 1934 game.

NINTH STREET

City Approves Participation In Paving Street Next To School

Final approval of the city's participation in the paving of

Officers

Re-elected

Officers were re-elected and a new director was named to the board at the annual meeting of the Farmer County Farm Bureau Monday in Bovina.

Re-elected as officers were Harry Hamilton, president; Don Gerles, vice-president; and Jim Dixon, secretary-treasurer. Jimmy Seaton of Lazbuddie was the new director elected.

The membership present voted unanimously to raise the individual dues from \$10 to \$15 effective January 1, so as to give the local Farm Bureau more operating money.

A financial report, service agent's report, and noxious weed committee's report were presented.

Refreshments of coffee and doughnuts were served.

Ninth Street from Grand Avenue to Etta Avenue on the north side of the new high school was granted at the regular meeting of the Friona City Council Monday night.

The city is to participate in the amount of \$1,350.28 or 15 per cent of the total cost.

In other business, the council turned down requests from Delton Caffey and Hollis Horton for city utility service to a residence and a commercial building, both of which are located immediately adjacent to and just outside the corporate city limits.

After considering existing ordinances and policies, immediate past participation with developers and such pending requests in the future, a motion was passed unanimously that the requests be denied, and that both parties be solicited to bring their properties within the city limits so that utilities could be furnished on a normal basis.

The council discussed payment of \$422 to Dan Ethridge developer of Staley Addition number 3, as a pro-rata share

of the recent sale of 155 feet of residential properties in the addition. Discussion brought out that one of the residences consists of only a foundation and wall uprights at the time, so a motion was passed that payment be withheld until completion of the second residence building.

Motions were approved for payment of amounts owed to Farmer County Pump Co. of Friona and Jones Electric Company of Amarillo for repairs on city water wells, upon receipt of a duly authorized statement from the companies.

A resolution accepting street improvements for 1965 was passed. City Attorney Richard Collard pointed out that the resolution was necessary to authorize payment of money held in escrow.

Miscellaneous business included a proposal for construction of low rental "underprivileged" housing for the city, the meeting of council members with Virgil Phipps, new night patrolman, the reading of an

STARS OF PLAY . . . Carolyn Hamilton and Brian Evans play the leading roles in "Our Town" as Emily Webb and George Gibbs. This play, a drama in three acts will be presented by the Friona Theatrians Tuesday, October 19, at 8 p.m. in the Grade School Auditorium. "The story is the life of any town, any human, from the cradle to the grave, one of the great plays of our day, by Thornton Wilder. It is both beautiful and touching. It sends pulses racing and puts a lump in the throat," states Theatrian sponsor, Mrs. L.B. McClain.

Highlights and Sidelights From Your State Capital

By -- Vern Sanford
Texas Press Association
AUSTIN -- Battle lines are forming! In the political arena, that is.

Big gloves already have been laced on the champvoter-getter -- Gov. John Connally. He's in the ring and squared away -- ready to battle any challenger. Question now is -- will he win by default? It's possible. He has a record few will challenge.

Very likely there will be a free-for-all in most other races. Texas' second highest state office could be an exception. There Preston Smith holds forth in rather firm command as Lt. Governor.

Popular young Waggoner Carr already has proclaimed his interest in becoming U.S. Senator and is agilely dancing around the ring readying for the first sing of Democratic opposition to Republican John Tower's post. This may come from Congressman Jim Wright who is skipping rope to get in shape for something bigger. But so far he hasn't entered any ring.

Secretary of State Crawford Martin has set up his training camp for Carr's to-be-vacated post as Attorney General of Texas. Most likely he will have Connally's blessing, since he was the Governor's appointee as Secretary.

State Sen. Franklin Spears of San Antonio is trying to decide whether he wants to take on Martin. Other possible candidates for Attorney General are Former Sen. Frank Owen of El Paso, Sen. Galloway Calhoun of Tyler, and Harris County District Atty. Frank Briscoe.

U.S. Sen. John Tower told Austin reporters that Texas Republicans will concentrate their statewide efforts on the senate race in 1966, and will field no active candidate for governor. In reference to his own race, and local legislative and congressional contests, Tower predicted a good year for the GOP.

Announcements this early could mean one of two things; a burned out field by '66 -- or several Battles of the Century.

As opponents warm up, only time will tell.

From the Capitol Dome and the focal point of all races -- Austin -- it looks right interesting.

DEATH PENALTY OUT? -- Some attorneys contend that the new code of criminal procedure abolishes the death penalty for crimes in Texas.

They believe that absence of procedures for assessing punishment -- where the state (Continued on Page 3)

New survey proves why most people prefer to insure their cars through independent agents

You want help when you have an accident. You will get it from an independent insurance agent, reveals an impartial, nationally recognized research organization. Survey results show:

9 out of 10 independent agents help with claims. A far lower percentage of other agents do.

This research proved that The Big Difference in insurance is the continuing personal attention of an independent agent. When you insure, look for this seal. Only an independent agent can display it.

Ethridge - Spring Agency

Ph. 247-2766

Friona

Friona Speaks

Question: What would you like to see done in Friona toward improving our city?

Mrs. Ross Ayers: I think our school needs to put more emphasis on subject matter and less on sports and activities. For instance, I'd like to see as much in the budget for English as is spent on the band.

Mrs. J.T. Gee: We need some sort of co-ordinating agency in Friona . . . perhaps a paid chamber of commerce director or a town hall organization. A few of the things this agency could do would be to push the library and make it a community sponsored affair, it could attract more industry to the town and could work on various civic problems that arise rather than having several groups working in small ways.

Mrs. Lee Spring: Friona needs a bigger club house for organizational and civic meetings.

Mrs. Guy Latta: Friona needs a beautification project in the downtown area. We could dress up the park a little and plant flowers along the sidewalks in the shopping areas.

Mrs. A.H. Boatman: There are so many blind corners in Friona, especially coming onto Main Street and also onto the Highway. People let weeds grow up on vacant lots and leave old machinery parked where they create driving hazards. The bus stop at the bank corner is also a driving hazard; a person has to pull into the middle of the street to see around the bus. I believe something should be done about these blind corners.

Mrs. Bill Beene: It would cost very little to plant shrubs in low boxes along the islands on the highway. Out-of-towners traveling through Friona see very little of our beautiful little city from the Highway. Some extra effort could be made here to make the highway nicer.

Homemakers Learn Cake Decorating

Highlight of the Thursday afternoon meeting of Young Homemakers in the school cafeteria was a cake decorating demonstration by Mrs. Geraldine Ferguson. She pointed out several points for different types of cakes.

Mrs. Jerry Brown presented the devotional. Roll call was answered with each member wearing a Halloween mask. Mrs. Leon Massey gave a report on projects planned for the coming year.

Refreshments carrying out the Halloween theme were served by the hostesses, Mrs. Joel Landrum, and Mrs. Bill Brandt. Guests present were Mrs. Bill Nazworth, Mrs. John C. Miller, Mrs. Donnie Waller, Mrs. Lawrence Dunn, Mrs. Dwight O'Brian, Mrs. Max Field, Mrs. J.B. Douglas and Mrs. Gary Brooks.

FBI Director J. Edgar Hoover writes: "Experience shows that swift and impartial justice is one of the most effective deterrents to crime. Yet, swift justice, with all the technical loopholes and unwarranted delays in the law, is almost passe in several jurisdictions, and the rights of peaceful citizens are taking a terrific beating from the 'impartial justice' meted out in some courts. Crime causations are many and varied. Few, however, are more serious than misguided leniencies, including abuses of parole, probation, and suspended sentences. A young bank robber recently blamed such leniency for his turn to serious crime."

Sunday Dinner Honors Three

Mr. and Mrs. Boyd Pipes of the Rhea community were hosts at a birthday dinner in their home Sunday. Guests of honor were Lou and Sue, the couple's twin daughters, who are observing their second birthday, and John Baxter, who is 16.

Others present were Boyd Pipes Jr., Larry Martin, Mr. and Mrs. Oscar Baxter and Mr. and Mrs. Troy Young, Jan Karen, Faren and Denny.

Mr. and Mrs. Paul Fortenberry and Don and Mr. and Mrs. G.B. Buske attended the West Texas-Trinity University football game at Canyon Friday evening. The group visited briefly in the home of Mr. and Mrs. Don Max Vars and daughter, Mayla Dawn, after the game.

Recent visitors in the home of Mrs. Lillian McLellan were Mr. and Mrs. William Houston. The Houstons were en route from Ringling, Okla., to Phoenix, Ariz., to make their home. Mrs. Houston is a twin sister of the late Leo McLellan.

Mrs. J.B. Snead Jr. spent several days last week with her brother, Homer Lee Redwine, Muleshoe, who is a surgical patient at Lubbock Methodist Hospital.

G.B. Buske spent several days this week on a business trip to Colorado.

Mr. and Mrs. Floyd Kizzia, Delight, Ark., were weekend guests in the homes of Mr. and Mrs. Sloan Osborn and Mr. and Mrs. Claude Osborn. Mrs. Kizzia is a sister of the Osborn men.

editorial from "Texas Contractor" about the construction outlook for 1966, and a request for the city manager to attend the Texas Municipal League convention in San Antonio, Oct. 30-Nov. 4.

In his monthly report to the council on the summary of activities at the City of Friona, Outland pointed out that a total of 1215 original tax notices were finished during the last part of September and mailed September 28.

There were 12 changes of ownership in city property as reported by the county clerk's office during the month. A total of two purchase and 124 work orders were processed during the month.

Four building permits were issued. One was a new residence valued at \$30,000; two were additions valued at \$8,200 and one trailer house to bring the total estimate for the month to \$38,300.

Records indicate that a total of 18,230,800 gallons of water were pumped during the month, an average of 607,693 gallons per day.

Water main extensions to accommodate new pavings were laid across 15th Street north of Lakeside Addition and across Ninth Street at the new high school site.

The electric motor on well number three burned out September 15. Replacement was still pending at the end of the month.

The fire department reported two fire calls during the month, with little or no property damage. One was at the railroad right of way September 4 and the other was a gasoline fire at the Joe Collier apartment.

Six members of the department attended the Panhandle District firemen's convention in Memphis September 11 and won two places in the firefighting competition.

Police department reported thirty arrests during the month. Twenty-three were for traffic violations, two for failure to appear in court, and one each for drunkenness, speeding, investigation for armed robbery, minor possession and disturbing the peace.

Two thefts were investigated and property valued at \$89 was recovered.

Street department records

showed that triple sealcoating paving was finished around the high school streets, Seventh and Etta September 25. Fourteenth Street and Welch Acres were finished September 27, 15th Street and Western Addition Sept. 29-30. This leaves only Ninth Street north of the new high school pending completion of the program.

Football Contest ...

(Continued from Page 1)

son passes to next fall's Friona High School home games.

So, many of the 225 contestants who have entered the 1965 contest still have a fair chance of claiming one of the top prizes. In addition, the Star gives away \$10 in prizes each week, meaning \$60 in weekly prizes yet to be won.

"If you have missed one or more weeks in the contest and have given up on trying to win a grand prize, there is still the opportunity to win cash prizes in the weekly contests," Ellis reminded.

The game which gave contestants the most trouble last week was the Seagraves-Post game. In fact, had it not been for Seagraves' 20-18 win over Post, there would have been several contestants with scores of 18.

A list of the leading contestants can be found as usual this week on the contest page. The annual contest is co-sponsored with the Star by 18-sports-minded merchants. These merchants' advertisements contain the 18 contest games each week.

Interest in this year's contest continues to be good. Through the first six weeks, there had been a total of 935 blanks turned in, an average of 156 per week. The number of entries has ranged from a high of 179 the first week to 138 each of the past two weeks. The most for any single week in the contest last year was 120.

Dr. and Mrs. Lee Spring have recently returned from a trip East where they toured the World's Fair and Niagara Falls. They visited Mrs. Spring's relatives in Rochester, New York and Ontario, Canada.

AT HALE CENTER

Owls Crown Chieftains In 33-6 Loss Friday

Last year when the Friona Chieftains played Hale Center it was Friona's homecoming. It wasn't homecoming for anyone this year, but the Owls "crowned" Friona to the tune of 33-6 last Friday night.

Last year, when Friona stopped the Owls 24-7, the Chiefs dealt misery to Hale Center's fleet-footed halfback, J.D. Davis. In fact, Davis was injured in the game and didn't see action again during the 1964 season.

Davis and Co. must have

been primed for revenge, for they unveiled an unstoppable offense which saw the Owls roll up the largest win margin against a Friona team in the three years Coach Don Light has been at the helm of the Friona team.

Hale Center showed it was out for revenge on its opening series of downs.

The Owls, with Davis and his halfback counterpart, Buddy Duke, carrying the ball, covered 67 yards in only six plays for the game's first score.

Duke got the touchdown. He had ripped off a 34-yard gain to the Friona 25 to set up the score, and then three plays later covered the remaining 17 yards to paydirt.

A running try for points failed, but Hale Center led, 6-0 with 6:35 left in the opening period.

Friona bounced back. The Chiefs covered 64 yards to tie the score on a sustained drive taking 16 plays. Tommy Sherley returned the kickoff to Friona's 36 to give the Chiefs good field position.

Larry Johnson and Sherley provided the big plays for Friona during the touchdown drive. Sherley carried four times for 27 yards, including two first downs, and Johnson carried five times for 23 yards, including two first downs and the TD.

Johnson carried for five and then eight to give the Chiefs a first at their own 49-yard line. Sherley then put the team in business on the Owl 41 with a 14-yard ramble. On the first play of the quarter, Sherley's dive for three yards kept the drive alive and kicking on a fourth-down try to the Hale Center five. On

the next play, Johnson skirted left end for the score.

Bob Sims' kick was a hair wide and the score was tied 6-6 with 11:24 to play in the first half.

The teams traded possession a couple of times and then the Owls set sail on a 70-yard touchdown drive. Again it was Duke who got loose around left end and scampered 41 yards down the sideline for the score. Try for points again failed and Hale Center led, 12-6.

Friona drove to the Owls' 11-yard line late in the half, but couldn't punch across the score.

Chieftain fans who were hoping their team would overcome the Hale Center lead during the second half didn't reckon with the fired-up Owls.

Late in the third quarter Hale Center pounced on a Friona fumble at the Chieftain 38, and covered the 38 yards in seven plays for another TD. This time it was Davis who got the marker from a yard out. Duke ran for two points and it was 20-6 with 57 seconds left in the quarter.

Previously Unbeaten Olton Falls To "B's"

Friona's B-Team Chieftains added an impressive scalp to their belts last Thursday, downing previously unbeaten Olton, 28-16, in a game played at Olton.

Not only was the Olton team unbeaten, but the junior Mustangs also had been unscored-upon prior to their meeting with Friona.

The Chiefs soon remedied the latter situation. They struck for a touchdown in the first quarter when Randy Milloy ran three yards for the score. The point try failed, but Friona led, 6-0.

The Chieftains then went on the warpath for three touchdowns in the second quarter. Jimmy Grimsley ran four yards, with Eddie Wood adding two points running for a 14-0 lead. Still in the quarter, Gary Murphree caught a pass from Wood, for four yards and a touchdown. This time Eddie Barker ran for two points and it was 28-0, Friona, at halftime.

Olton got on the scoreboard in the third quarter on a sustained drive, going a yard for the score and then adding two points running for a 28-8 score. The Mustangs then scored in the final quarter and added two more

points for the final margin of 28-16.

The B-Team, now 3-1-1 for the year, meets Canyon here Saturday. The freshmen also play. First game starts at 9 a.m.

Mrs. Travis Stone Heads Black Club

At a called meeting of Black Home Demonstration Club in the Community Room of Friona State Bank September 24, Mrs. Travis Stone was elected president for the coming year.

Other officers elected were Mrs. Beryl Fish, vice-president; Mrs. K.E. Deaton, secretary-treasurer; Mrs. T.J. Presley, council delegate; Mrs. John Benger, parliamentarian; and Mrs. Dick Rocky, reporter.

Thursday afternoon the club meeting was held in the home of Mrs. Presley. A report on the called meeting was given by Mrs. Ralph Price following the presentation of a program on costumes and accessories by Mrs. Cricket Taylor, Farmer County Home Demonstration Agent.

Reservations for the annual luncheon should be sent to Mrs. Adrian Weir, Route 3, Muleshoe, by the end of the month. This club has adopted another girl at Gristown, Teresa Hicks, who is 14, for a project to replace the one they formerly sponsored, who moved away.

During the social hour party sandwiches, spiced tea, coffee and carrot cake were served by the hostess. Those present,

besides Mrs. Taylor, Mrs. Drake and Mrs. Presley, were Mrs. F.W. Barnett, Mrs. J.R. Braxton, Mrs. John Benger, Mrs. K.E. Deaton, Mrs. Helen Fangman, Mrs. Clyde Hays, Mrs. Travis Stone, Mrs. Ralph Price, Mrs. M.G. Mars and Mrs. Ellis Tatum.

WMU Plans Made For Coming Year

At the Wednesday morning meeting of Women's Missionary Union of First Baptist Church in Fellowship Hall of the church plans were made for the coming year.

A preview of programs was presented and the morning circle completed plans for beginning the study of "The Home-Laboratory of Life," by Dr. Drakeford. This study will be directed by Mrs. Joe Talley and will begin this week.

Mrs. Sam Mears, chairman, invites anyone interested in the study to attend the meeting, which begin at 10:00 and last one hour.

Sunbeam Band groups will be provided for children. This circle also plans a Bible study class at the Mexican Mission once each month.

Buskes Make Plane Trip

Mr. and Mrs. G.B. Buske and two of their grandsons, Park and Pepper Weatherly, made a flying trip to the West Coast. In San Francisco they were guests in the home of Mr. and Mrs. Jim Orrell, Mrs. Orrell is Buske's niece.

From San Francisco the group went to Klamath Falls, Oregon to visit Mr. and Mrs. O.W. Nichols and Mr. and Mrs. Gary Nichols and family. Mrs. O.W. Nichols is Buske's sister and Larry Nichols is his nephew. Another sister, Mrs. Millard Webb of Medford, Oregon, joined them at the O.W. Nichols home.

On the way home they stopped off at Los Angeles and Riverside and visited Mrs. Evelyn Buske and family. Mr. and Mrs. Phillip Weatherly and Penni met the quartet in Amarillo and the group visited in the home of Mr. and Mrs. Don Max Vars and Mayla Dawn of Canyon on their way home.

Springs Visit In Colorado

Mr. and Mrs. Frank A. Spring spent last weekend visiting in the home of Mr. and Mrs. James B. Isaac at Pueblo, Colorado. They were accompanied by their mothers, Mrs. F.L. Spring, Friona, and Mrs. T.W. Collins, Canyon.

Mrs. Isaac, the former Mary Tom Spring, is the daughter of the Frank Springs.

Attend Reception

Mr. and Mrs. Elvin Wilson and Mr. and Mrs. James Proctor attended a reception in the new home of Mr. and Mrs. Leonard Nettles, Charlotte and Danny at New Home Sunday afternoon.

Of Interest To THE WOMEN

RECEPTION MARKS FIFTIETH ANNIVERSARY . . . Mr. and Mrs. W.H. (Bill) Johnson, center, were guests of honor at a reception in their home from 2 to 5 Sunday afternoon. Pictured with them are their two children, Mary Hickox, Long Beach, California, and Truett Johnson, Friona. Another son, David, was killed about fifteen years ago.

"Creativity" Is Theme Of Study Club Program

"Creativity" was the theme for the Progressive Study Club program on September 28 in the Federated Club House.

Mrs. Lee Cranfill presided over the business meeting in the absence of the president, Mrs. Baker Duggins.

Mrs. Flake Barber opened the program with a meditation.

"Budget Decorating" was the topic discussed by Mrs. John White. She illustrated her talk with magazine clippings and with actual pieces of furniture, and home accessories that various club members had made at little expense.

Mrs. John Humphrey gave "New Bazaar Items" in conjunction with the club's forthcoming Christmas Bazaar on November 3, which is the big money-making event of the

year for the club. Mrs. Humphrey displayed several items she had made and offered other ideas along bazaar lines.

Mrs. Eble Froener and Mrs. Virginia Gilbreath of Dimmitt brought several gift items made by the Hospital Auxiliary members in Dimmitt. This organization has a gift shop in the hospital and items for sale are

donated by the Auxiliary members. The ladies offered many ideas and gave instructions for making various objects.

Hostesses for the evening were Mrs. Robbie Osborn and Mrs. Clarence Monroe. They served refreshments of cherry tarts, tea and coffee to 19 members and five guests. The guests other than Mrs. Froener and Mrs. Gilbreath were Mrs. Norman Nossaman, Mrs. Loyd Shackelford and Mrs. Wesley Foster.

Johnsons Observe Golden Anniversary

A Golden Wedding Anniversary reception in the home of Mr. and Mrs. W.H. (Bill) Johnson from 2 to 5 p.m. Sunday, October 10, honored the couple. Hosts were Mr. and Mrs. Truett Johnson, Mrs. Mary Hickox and Mrs. Billie Johnson Stewart.

Bill Johnson and Jennie Stovall were married October 10, 1915 in the Stovall family home at Kelton, Texas, by Brother Easley. They moved to Farmer County in January of 1925 and to their present home in Friona a few years ago.

A three tiered white colonnade cake with aqua roses and lace scrolls edged in gold and topped with wedding bells centered the serving table, which was covered with a white lace cloth over gold.

Other table decorations included ferns of golden wedding bells, rings and miniature Bibles. A crystal punch bowl with silver service completed the table setting.

Members of the houseparty, other than the children and grandchildren, were Mrs. Nancy Duncan, Hereford; Mrs. Thelma Pond, Canyon; Mrs. Mary Stapp, Amarillo; Mrs. Rena Slvage, Wheeler; Lorene Tucker, Shamrock; and Mrs. Mattie Stovall, Broadview, New Mexico.

Mrs. R.O. Johnson, Shamrock, 93 year-old mother of Bill Johnson was a guest of honor.

More than 100 guests signed the register during the calling hours. Out-of-town guests were Mr. and Mrs. Harold Slvage and Mr. and Mrs. Albert Johnson, Wheeler; Mr. and Mrs. Aubrey Pond, Canyon; and Mr. and Mrs. Sam Stapp and Mr. and Mrs. Clarence Wilson, Amarillo.

Also Mr. and Mrs. G.W. Dun-

can, Mr. and Mrs. George Olson and Mrs. Louise Axe, Hereford; Mrs. A. Nickless, Tucumcari; Mr. and Mrs. Larry Stewart and children, Kaufman, Texas; Jan and Bobby Hickox, Long Beach, Calif.; and Tom Jones, David Hale and Mr. and Mrs. C. Newbill, Vega.

Also Mr. and Mrs. Woodrow

Bice, Mrs. Pearl Kemper, Tulsa; Mr. and Mrs. N.A. Frost, Denver City; Mr. and Mrs. Jim Cannon, Bula; Mr. and Mrs. Lamont Stovall, Pampa; Mr. and Mrs. J.A. Johnson and Mr. and Mrs. Earl Ladd, Muleshoe; Mr. and Mrs. Webb Johnson, Masterson; and Mr. and Mrs. Truett Stovall, Kansas.

Dr. J.A. Smith Speaks At Meeting

Guest speaker at the Tuesday evening meeting of Modern Study Club in Federated Club House was Dr. Jerome A. Smith, psychiatrist from Lubbock.

The meeting was opened with prayer directed by Mrs. J.G. McFarland.

Harry Emerson Fosdick's statement, "It is magnificent to grow old, if one keeps young," set the theme of the program "Insight to Our Woman's World."

Dr. Smith stressed the importance of hobbies and interest for parents other than children. He discussed the problems of middle aged and older adults. "More discipline and greater responsibilities are two needs of today's teenagers," said Dr. Smith. He further stated, "The

more adaptable to change a person is, the fewer problems he encounters when the children have grown up and gone."

The psychiatrist emphasized the emotional dangers at this period of a person's life and described it as "the transitional period in an adult's life which often causes emotional distress."

A question and answer period concluded the program.

Hostesses were Mrs. Ross Ayers and Mrs. Dalton Caffey.

Dr. Smith was accompanied by his wife, Mr. and Mrs. H.K. Kendrick, Dr. and Mrs. John Humphrey and the Smiths were dinner guests in the home of Mr. and Mrs. J.T. Gee before the meeting.

COVERS FOR GIRLSTOWN . . . The five comforts shown in this picture will be taken to Girls-town later this week for use of the girls there. At least four other comforts have been made and will also be taken. These five women, Mrs. A.W. Anthony, Mrs. Floyd Brookfield, Mrs. A.H. Boatman, Mrs. Wesley Hardesty and Mrs. Emma Elmore, were assisted in the cover making project in the Anthony home recently by Mrs. H.R. Cocanougher, Mrs. W.M. Maasie, Mrs. Lewis Gore, Mrs. Estis Bass, Mrs. Charles Doak and Mrs. Joe Collier.

The most amusing story I've heard in a long time that had to do with wrong numbers was one told in the office Tuesday morning, Monday evening the telephone in a Friona home rang and the man of the house answered.

"Jim," a masculine voice said.

"I'm sorry, you must have reached the wrong number," was the man's reply.

He was very much surprised to hear this statement: "No, I didn't reach the wrong number, you answered the wrong phone."

Rose Lange has decided to add something to her recent suggestion in the Star for the betterment of Friona. She says, "What Friona needs most is for someone to go down and steal the courthouse and move it over here in the middle of the City Park."

Another story which will be interesting to a number of our readers appeared on page one of a Wichita Falls daily recently. Under the caption, "Fightin' Words," the following story appeared.

"The principal of one of the schools here had a classroom teacher visiting in his office after school this afternoon. She reported that during a play period she had noticed two small boys fighting and had gone over to intervene.

While talking to the two, she learned that a single word had been the cause of the fight. One of the boys said, "He called me a beetle." The teacher was Luellen McLean, daughter of the Jim McLeans and a graduate of Friona High School.

One day last week I saw Jake Lamb and Rose Lange visiting in the drug store. It seemed that Rose was doing most of the talking and I thought I saw Jake nod a time or two, so I surmised that she was converting him to her brand of politics.

Then today I visited with Jake and in an effort to confirm my earlier suspicions asked him about his visit with Rose. Of course, had he decided to go over to the Republican camp I would have wanted to report it.

After some talking and nodding . . . he was doing the talk-

ing and I was doing the nodding . . . I learned that his political thinking is the same as ever. In fact, before I got through listening there was no doubt in my mind.

His parting statement went something like this: "You can write a story that says 'Jake passed on, but he never forgot the Democratic party' and have it on hand if you want to because that is what I want you to say when I'm gone."

By that time I was convinced that he was serious and would remain a dyed-in-the-wool Democrat. However, he didn't completely sell me on another story he told.

He said he wasn't particularly interested in having O.J. Declmae and the boys for neighbors. He did qualify this by saying that Declmae, Jay, Ramey and even the two dogs were way above average but that O.J. gave him some static.

Most of us know this isn't exactly the way he related it. The Beenes and Lambs were neighbors for a number of years in the east part of town. Then last year O.J. bought a house out near the new high school . . . maybe to be farther away from Jake . . . and he and Declmae and the boys moved just before school was out.

Pretty soon I heard that Jake had bought a house just across the street from the Beenes residence and was saying that Mam-maw nagged him into doing it. Think if the truth could be ferreted out of this story we would find that Jake just couldn't get along without O.J. for a neighbor.

Bob Sanders, son of Mr. and Mrs. B.E. Sanders and a 1961 graduate of Friona High School must have done an outstanding job filling the pulpit at Friona Methodist Church Sunday morning.

He received his bachelor's degree from West Texas State in the spring and is now teaching in the college and working on his master's degree.

I've heard old people, young people, middle aged people and children commenting favorably on his Sunday morning sermon. One junior high boy apparently opened his mouth and put his foot in it. I heard him relating the incident in the drug store Monday.

BASIC BLACK — Mrs. Earl Drake demonstrates how a basic black dress can be changed by use of accessories. Left, she wears a sporty striped hat for shopping. Right, she demonstrates use of jewelry to change the dress for afternoon or church wear. She also demonstrated after-five wear at the workshop for "Shorter Women" conducted last week by Mrs. Cricket Taylor, County Home Demonstration Agent.

He said as he and his mother were in the vestibule Sunday morning he said, "I surely do hope the preacher doesn't have a long sermon this morning."

Then when a young man with whom he was not acquainted appeared in the pulpit he recognized him as the same young man who was standing in the vestibule a few minutes earlier.

"After he began to speak, I wouldn't have cared if he had talked longer," was his concluding remark.

Mrs. Elvie Jennings, Gay, Annette, and Ricky spent the weekend sightseeing in the vicinity of Ruidoso.

Child Care Studied At New Horizons Meet

Program theme of the New Horizons Junior Study Club at Federated Club House Thursday evening was Child Care. Mrs. Gerald Floyd presented the devotional.

Mrs. Joe Reeve discussed pre-natal care. Care of pre-school age children was outlined by Mrs. Joel Landrum. Mrs. Donnie Spring presented "Diaper Days and Toddlers." Pearl S. Buck's "The Joy of Children," was reviewed by

Mrs. Jim Roy Clements, Mrs. Dale Williams and Mrs. Jarrell Wright, hostesses, served refreshments to Mrs. Robert Neelley, Mrs. Jerry Hinkle, Mrs. Charles Myers, Mrs. Max Field, Mrs. Leon Noack, and Mrs. Glen Herring and twelve members.

Mrs. Carolyn Lynn and Doris Lange, both of Houston, have been visiting in the home of their parents, Mr. and Mrs. O.F. Lange.

Club Elects New Officers

The Lazbuddie Home Demonstration Club met Monday afternoon in the home of Mrs. Dalton Mimms. During the business session Mrs. Adrian Weir was elected to serve as president for the coming year.

Mrs. Jimmy Briggs was elected vice-president, Mrs. Clayton Graef was chosen council delegate, Mrs. Raymond McGehee will be the new secretary-treasurer, Mrs. Everett McBroom will serve as reporter and Mrs. Roy M. Miller will be the historian.

Nine members and two visitors answered roll call with "Posture Pointers." Many good posture pointers were given.

Mrs. Cricket Taylor, Home Demonstration Agent, presented a program on accessories for the basic dress. The three different types shown were street and travel or business, church and afternoon wear and informal

Rev. and Mrs. R.E. Cleveland and children have moved from Friona to Iowa, where he has accepted pastorate of a church.

Mr. and Mrs. H.K. Kendrick have gone to Houston to bring Mrs. Kendrick's father, Joe Shields of Amarillo, home from a hospital where he has been confined for several weeks.

parties or after five.

Mrs. Jimmy Briggs modelled the basic dress and accessories for each of the different occasions. The point system was discussed.

Plans were made for the annual county luncheon and bazaar. Each club member will

make one item for the bazaar.

Mrs. Ralph Broyles, Mrs. Roy M. Miller and Mrs. Everett McBroom are making plans to attend Rural Homemakers Day in Amarillo Thursday. Next meeting of the club will be in the home of Mrs. Ralph Broyles October 25.

Greeson Participates In National Judging Contest

Maynard Greeson of Friona, one of seven members of the senior livestock judging team of West Texas State University, will leave Wednesday to par-

ticipate in the American Royal Livestock and Wool Judging contest in Kansas City. The contest is Saturday and Sunday.

Guests From Fort Worth

Weekend visitors in the home of Mr. and Mrs. Clyde Woodard and Shea of the Hub community were Mr. and Mrs. W.J. Woodard and Mr. and Mrs. Don Bilks and children, Donna and Kelvin, all of Fort Worth.

The Woodards are Clyde's parents and Mrs. Bilks is his sister.

Mr. and Mrs. Bilks and children returned to their home Monday, but the Woodards remained for a longer visit.

Other team members are Oran Burton of Canadian, Lanny Denman of Bronte, Dickie Clark of Elmwood, Okla., Tommy Woodward of Amarillo, and Max Geary and Ronnie Jenkins, both of Clayton, N.M.

NOW! A WHOLE NEW SERIES OF ULTRA-LUXURIOUS CHEVROLETS '66 CAPRICE BY CHEVROLET

Caprice Custom Coupe—with exclusive formal roof line that comes on no other Chevrolet.

Caprice Custom Sedan—with superb new Body by Fisher elegance inside and out.

Caprice Custom Wagon—with fine new look of hardwood paneling on sides and tailgate.

Everything it takes to create a distinguished luxury car has gone into these new Caprices.

Beneath the formal styling elegance that sets the Custom Coupe apart, for instance, you'll find thick wall-to-wall carpeting, comfort-contoured seats and the look of hand-rubbed walnut on the instrument panel, glove compartment and inside door panels. You can order a finely instrumented console, together with new Strato-bucket front seats.

In the Custom Sedan, a new Strato-back front seat is available with bucket-type contours separated by a fold-down

armrest. And in the equally opulent Custom Wagons, offered in 2- or 3-seat models, you can even order carpeting for the cargo area.

Each model rides super Jet-smooth. And for incomparably smooth power, you can specify Chevrolet's advanced Turbo-Jet V8 in either a 396- or 427-cubic-inch version.

The price of it all? Somewhat more than you're used to paying for a Chevrolet. But less, as your dealer will happily confirm—than the select class of fine cars these new Caprices invite comparison with in every detail.

See the new '66 Chevrolet, Chevelle, Chevy II, Corvair & Corvette at your Chevrolet dealer's

I never worry about breakdowns

Maude doesn't cover much ground, but she's dependable. Only been sick once in four years. My neighbor's got a Conoco dealer. He says he's the most dependable fellow he's ever seen. Always there when he needs him. Since he started using Conoco, he's not bothered by breakdowns. I wonder if Maude's collar would fit that Conoco dealer.

The "Hottest Brand Going"

City Manager's Report Reflects Gradual Growth

Continued gradual growth within the City of Friona was reflected this week in the annual report issued by City Manager A. L. (Jake) Outland.

Pointing up the growth was an increase in the number of tax billings of 61, to bring the total to 1215 tax notices as of October 1.

"A review of the statistics indicate that the growth of the City of Friona, while not as great in proportion as the previous year, has been gradual and satisfactory in that streets and utilities facilities have been installed to permit smooth and possibly greater expansion during the coming year," Outland said.

There were 117 changes in ownership, city properties, as reported by the County Clerk's office over the year.

Forty-seven purchase and 1218 work orders were processed. This is an average of 102 work orders per month, with the largest proportions coming during July, August, and September. While this is an indication of the overall work load, there are many jobs that are never put on work orders.

Delinquent bills totaled 1080 for an average of 90 per month. This is an increase of approximately 29 per cent over the previous year with the months of January and June being outstanding.

This is the second straight year that no employee time has been lost due to accident; 29 1/2 days were lost due to illness; 148 days ordinary leave; 13 days to emergency nature leave and 12 days less than the previous year, however, much of the leave time of the police department was not recorded.

There were 64 building permits issued for a total estimate of \$1,537,640. The number of permits are down 23 from the previous annual report, however, much of the increased cost estimate of \$444,175 is readily accounted for by the inclusion of the new high school buildings.

Personnel changes throughout the year all have been in the Police Department. Gary Darragh, Patrolman, resigned April 30 to begin work at Hereford. Mr. W. A. Hatfield was employed as his replacement but quit without notice on July 5. Mr. Robert E. Hopewell was employed on July 28 as patrolman. Mr. Marvin C. Morgan resigned as Chief of Police September 15 and Travis Clements, patrolman, accepted that assignment. Vacancy for an additional patrolman existed at the end of the fiscal year.

WATER DEPARTMENT
Records showed that 194,431,620 gallons of water were produced and 167,849,000 gallons accounted for in sales. This computes to 16,202,635 gallons per month and is 87 per cent efficiency in the distribution system for the year. This is a reasonably correct figure by all pumpage system for the year. This is a reasonably correct figure by all pumpage being metered.

This percentage is about as good as can be expected from a normal system. Production

figures are down about 8 million from last year and can be accounted for in as much as the annual rainfall amounted to 17.57 and is 7.09 inches more than for the same period last year.

The net increase of active water services was 38 to bring the total as of October 1, 1965 to 1007.

Capital improvements in the water system were as follows:
Six inch mains - 750 foot in Lakeside between Cleveland and Elm on 15th Street; 2,000 foot Welch Acres, 650 foot in Etta Avenue; 800 foot Western Addition, two fire hydrants each addition.

Four inch mains - only 1625 feet in Welch Acres.

Two and one-fourth inch mains - 683 foot Prospect Avenue between Third and Fifth Streets; 250 foot alley Block 78 O.T.; 357 foot alley Block 21 O.T.

Other Capital expenditures included the cyclone fence about well #6; the water dispensing machine across from city hall and the new International Harvester tractor and shredder-mower attachment.

Repairs were necessitated on Well #5 when the tubing separated during August. The pump was pulled, inspected and lowered 30 feet.

SEWER DEPARTMENT
Records show that approximately 57,026,566 gallons of sewage were processed at the plant during the year. This is an average of 4,752,214 gallons per month, and is only a three per cent increase over the previous year. Nine feet of sludge was drawn during the year.

There were 52 new sewer taps made to bring the total active sewer taps as of October 1, 1965 to 942.

Sewer main extensions included 3500 feet of six inch and 175 feet of eight inch in Welch Acres; 1500 feet of six inch in Western Addition with 2400 feet of eight inch connecting Baxter to Western Addition.

There were 78 stoppages cleared from the system during the year with a definite increase in the main line stoppages occurrences. This indicated a need for periodic maintenance with heavier equipment on the mains.

FIRE DEPARTMENT

There was a total of 39 fire calls during the year. This is 20 less than the previous year. Sixty-three per cent of these calls were made outside the city limits for a total estimated loss of \$22,045.00, while thirty-seven per cent were inside the city limits for a total estimated loss of \$3,283.00. The greatest single loss inside the city was J. G. McFarland residence with the estimate at \$2,500.00 while outside losses predominated at the Co-op Gin and Cordie Potts farm being \$6,000.00 each.

Periodic training drills have been held on 1st and 3d Thursdays of each month. 33 Volunteer firemen continue to be carried on the roster and response to fire alarms continues to be good.

The principal addition to the department was a 500 GPM pumper truck and equipment that was fabricated by General Safety Equipment Corporation North Branch Minn. at a net cost of \$14,677.00. The old 1949 pumper was sold to City of Wickett, Texas, for \$3,110.00.

POLICE DEPARTMENT

There were 370 arrests made during the year. 259 or 67 per cent of these were traffic violations. The figure is up 5 per cent over the previous year. 54 accidents were investigated with 11 of these re-

sulting in injury warranting hospitalization.

Fortunately there were no deaths due to traffic accident within the city limits, however, Mr. George Jones remains in rather critical condition as the result of the railway crossing accident August 19.

PARK-CEMETERY

Interments at the cemetery totaled 26. Four of these were infants. This is comparable to the previous year when there were 18 adult and nine infant interments.

The city park was fertilized with 640 pounds of chemical during March and periodic watering and trimming kept it presentable throughout the year.

STREET DEPARTMENT

32 1/2 Blocks of new street pavings were completed within the city limits during the year; 11 about the new high school; seven in Western Addition; four in Welch Acres; five on 14th Street; three on 15th Street and 2 1/2 in Drake Addition. Three blocks were added outside city limits just south of Western Addition.

Forty-eight blocks of seal-coating street maintenance was completed in the Original Town and Staley-McMillan-Fergus Additions during July. Nine street lights were installed and thirteen new street lights about the new high school were authorized for installation.

SANITATION DEPARTMENT

No new equipment was added to the department and collections to the residential areas were limited to approximately once per week. There were no serious breakdowns with the trash truck although clutch, ignition and bearing troubles were experienced.

The City was fortunate to get

versity and government sources. Not only that but she has opportunity for participation in affairs beyond her home, and helps her to understand problems in her community and nation. All this can make her a better citizen as well as a wiser homemaker.

4-H ACTIVITIES
Mrs. Travis Dyer will be assisting Mrs. Earl Hise as organizational leader for the Bovina 4-H Club. I had a visit with Mrs. A.M. Wilson this week and she is a very busy homemaker, but she will help the project leaders with food project work. Bovina Club is real fortunate to have these leaders along with Mrs. Howard Snell, Mrs. T.A. Mills, and Mrs. Hise to work with the girls in that club.

CLOTHING NEWS
Fall is really in the air. Women are serious about their appearance and selection of fall clothing to add to their wardrobes. Home Demonstration Clubs are studying about the importance that accessories have in planning a complete costume. It takes discipline to buy and wear the things that are right for us rather than buying according to personal preference. Many times our purchases are completely apart from what we admire or would like to have because our knowledge of ourselves, physical proportion, the occasion and our way of life must be con-

sidered. To help you check yourself, use the point system for dressing smartly.

A well dressed person does not wear more than 10 points for street, travel, work and daytime wear, and she does not wear more than 15 points for dress-up daytime wear or evening wear.

THE POINT SYSTEM
