

## Gas Users Assn. To Meet Tonight

Over a period of time, the Supreme Court of the United States has handed down a series of decisions which require that states reapportion their legislature on the basis of population only. These are commonly referred to as the "one-man, one-vote" decisions. The result has been a long and intense controversy which is far from ended.

It has been common for states to establish the legislatures on a basis comparable to that of Congress. One house is apportioned on population; the other on geographical and political considerations as well as population. The Supreme Court dictum has thrown this old established system out. And the result has been a large and growing movement to restore the right of the states to constitute their legislatures as their people may desire.

At the last session of Congress, a constitutional amendment, usually referred to as the Dirksen Amendment, was offered in the Senate. Its purpose is "... to preserve to the people of each State power to determine the composition of its legislature and the apportionment of the membership thereof in accordance with law and the provisions of the Constitution of the United States." There were 57 yeas against only 39 nays. However, the Amendment was rejected, because the necessary two-thirds majority was not obtained. However, as Senator Dirksen has said, "The final chapter has not yet been written. The battle will be continued." And it promises to provide one of the major issues of the current session.

The arguments in favor of the Amendment and in opposition to forcing all state legislative houses to be apportioned on a population basis only, are many and varied. Justice Harlan, in dissenting from one of the Court's decisions, said "... judicial entry into this realm is profoundly ill advised and constitutionally impermissible ... the vitality of our political system, on which in the last analysis all else depends is weakened by reliance on the judiciary for political reform; in time a complacent body politic may result."

A very different kind of argument comes from Senator Dirksen: "The question is not one of rural domination or urban domination or ethnic domination or labor domination or any other type of domination. The issue, simply, is whether the people of a State are to be allowed to determine for themselves the manner in which they will be governed."

Still another telling argument is put forward by the National Council for Fair Reapportionment, Inc.: "This Amendment will cure the present situation in which a bare majority of the voters can deny representation

The annual meeting of the Farmer County Irrigation Gas Users Association will be held tonight (February 3) at the Hub Community Center, beginning at 8 p.m. Coffee and spudnuts will be served.

The group was organized in 1961 in the interests of securing gas for irrigation purposes at the most reasonable rate possible.

## Board Studies Water Depletion Deductions

The Texas Water Development Board will provide information for landowners to claim income tax deductions for depletion of ground water in the southern High Plains if landowners want the service, Joe G. Moore, Jr., executive director of the Texas Water Development Board, said Tuesday.

The Internal Revenue Service has requested the State agency to explore underground water depletion in the Ogallala aquifer south of the Canadian River so that cost-depletion income tax refund claims may be supported.

Moore said the Texas Water Development Board will make the study if enough landowners want the service. He estimated

the total cost of providing the basic data for this area would be \$165,000 between now and February, 1967. The cost to an individual landowner will depend upon the number desiring the water depletion information.

It is estimated that 10,000 landowners live in the area to be covered by the proposed study. Eligible taxpayers are due an estimated \$1,000,000 in refunds.

"The Water Department Board will need to know how many landowners want the survey before it can begin," Moore said. "This way we can determine the cost to be charged and the personnel needed to make the study."

"Persons wanting the information are requested to notify their county agent or their ASCS office before February 15," Moore said.

The Texas Water Development Board will consider fixing the cost of the study at its February 15 meeting in Austin.

Moore said the High Plains Underground Water District has data which will aid their members in filing their cost-depletion claims.

The Texas Water Development Board, Moore said, has some information on water depletion in counties outside the district, but it is not as complete as that developed by the water district.

Efforts to establish depletion guides are an outgrowth of a successful suit filed against the federal government by a Floyd County farm couple, Mr. and Mrs. Marvin Shurber, seeking a cost-depletion income tax allowance of \$300 for underground water used in irrigation farming.

The suit was filed in U.S. District Court in Lubbock on February 21, 1961.

Federal Judge Joseph B. Doolley ruled in favor of the Shurberts, and the depletion claim was upheld by the U.S. Fifth Circuit Court of Appeals last June.

The Internal Revenue Service last November said it would follow the decision of the U.S. Circuit Court in the disposition of cases involving taxpayers in the southern High Plains of Texas who extract ground water from the Ogallala formation beneath their lands for irrigation purposes.

New officers and directors will be elected at the meeting, according to Gilbert Kaltwasser, vice-president. Officers whose terms are expiring are Bruce Parr, president; and Carl Schlenker, secretary. Kaltwasser's term has a year to run.

Directors whose terms are expiring include W.T. Magness, Marion Carson, Freeman Davis and Ellis Tanum. Those with a year to run include Vernon Symcox, Melvin Sachs, Jim Roy Daniel and D.L. Carmichael.

A nominating committee for the organization is made up of Dick Gerles, chairman, Earnest Anthony, Roy Miller, Raymond Schueler and Gene Ezell. Anyone wishing to serve the organization or who has recommendations should contact a member of this committee immediately.

Beginning in 1962, the organization tried, without success, to pass legislation placing Pioneer Gas under the regulation of the Railroad Commission.

"Annual dues of \$2 per well are now due, and payable to any of the officers or members of the board of directors," Kaltwasser pointed out.

DISCUSS SHOW . . . Making plans for the annual Farmer County Junior Livestock Show are these school and show officials. Standing, left to right are John P. John of Bovina,

Benny Pryor of Friona and County Agent Joe VanZandt. Seated are General chairman Wes Long, David T. McVey and Scotty Windham of Lazbuddie.

### COMMITTEES NAMED

## Junior Livestock Show Prospects Are Bright

Prospects for the biggest Farmer County Junior Livestock Show in recent years were announced this week by show officials. The annual event will be held February 17-18-19 in Friona.

Vocational agriculture instructors, along with County Agent Joe VanZandt, meeting in Friona on Monday, gave indications that there would be some 251 animals exhibited in the county show.

Swine and sheep will be judged on Friday, February 18, with steer judging to be on Saturday morning, February 19. The sale of top animals will be held Saturday afternoon.

Judge for the swine and lamb will be Lannie Tucker, who is vocational agriculture instructor at Hart High School. Judging the steer show will be Kenneth Holloway, who is Oldham County Agriculture Agent.

Preliminary indications are that there will be 158 swine,

52 steers and 41 sheep entered in the show. Entries will come from Bovina, Farwell, Friona, and Lazbuddie Future Farmers of America chapters, as well as from Farmer County 4-H clubs.

Wes Long is general superintendent of the show this year. Gary Brown is assistant, and Bill Ellis is publicity director. The show is sponsored by the Friona Lions Club.

Dwain Menefee is chairman of the swine division, Flake Barber heads the steer division,

and Otho Whitefield is in charge of the sheep division. Steve Messenger is chairman of the sale and billing committee, and J. C. Claborn is chairman of finance and buyers committee.

Other committee members named to help with the show this week by general chairman Long, all members of the Friona Lions Club, are as follows:

Swine Division: Jim Johnston, Marion Fite, Charles Scales, Steve Struve, H.L. Out-

land and Porter Roberts. Steer division: M.C. Osborn. Sheep division: Gary Brown, Danny Mac Balmum.

Sale and Billing: A.L. Outland, Bill Beene and John Messenger. Finance and buyers: A.L. Black, Pudge Kendrick, Pete Buske, Deon Awrey, and Hollis Horton.

A clean-up committee, headed by agriculture instructors and the county agent, is composed of all exhibitors. The show is to be held in the Friona bus barn.

### Mothers Will March Friday

The Friona Jaycee-ettes will conduct their annual "Mothers March" for the March of Dimes Friday night in Friona.

Those wishing to contribute to the drive are requested to burn their porch lights as an indication to the "marchers."

Other events are scheduled for the drive, such as a coffee day for the March of Dimes on Friday.

### Merchants To Hold Meeting

The monthly meeting of the Friona Association of Retail Merchants will be held at 1 p.m. today at Friona Lanes restaurant.

President of the organization, Leon Noack of Moore's Super Market, urges all merchants to attend the meeting.

DATE	HIGH	LOW

### Mrs. McDonald JP Candidate

A contested race developed for the Democratic Primary May 8 in the local Justice of the Peace office.

Filing for the position was Linda (Mrs. Ben) McDonald, Office holder and incumbent is Walter Loveless, who had previously announced for re-election.

The announcement made for the only contested race to date for local voters in the Democratic primary.

In her authorized statement to the Friona Star, Mrs. McDonald said:

"I wish to take this opportunity to announce my candidacy for Justice of the Peace, Precinct 2, Place 1.

"I will perform the tasks of the office of Justice of the Peace Precinct 2, Farmer County, to the best of my ability.

"I would appreciate your support."

Linda McDonald

### Donations Help To Stock Public Library

A donation of \$100 by Progressive Study Club's enabled Friona Public Library to buy forty-one new books for children.

"The books are on the shelves and in use. At present the preschool set are the prime users. These youngsters check out the books then get parents or older sisters or brothers to read the books to them," says a representative from the library.

The forty-one books are classified as "easy" books. Easy books serve the pre-schooler and the young readers into 4th grade. There are many levels of easy books, but all have large print and many picture.

Some of the books purchased with Progressive Study Club's donations are: Dr. Seuss' "Yertle the Turtle," and "If I Ran the Zoo." Also included are McCloskey's "Make Way for Ducklings," "A Duck for

Keeps" by Kay, "The Small One" by Gay, and "Love is Walking Hand in Hand" by Schulz.

"So far all cash donations for Friona Public Library has been used to buy books for children. This continues to be our greatest need. This donation by Progressive Study Club truly helps. Last summer this same club did an outstanding job conducting the story hour at the library. They are indeed appreciated," said Mrs. Ross Ayers, chairman of the library committee.

Friona Public Library, 304, E. 9th St., is open each Thursday and Saturday morning. On Thursday morning from 10 to 11 a story hour is held for preschool children. The library welcomes any age to check out books and pre-schoolers are invited to story hour any Thursday morning.

THANKS, SHERIFF -- W. L. Edelman of Friona, left, is presenting Sheriff Chas. Lovelace with an engraved watch. In the background are Lovelace's sons, Leon and Jerry, and Judge E. A. Bills of Littlefield, who was guest speaker at the appreciation night program. (See story, P. 3)

BOOK USERS . . . Two of the Friona youngsters who will use a shipment of new books which Friona's Public Library received last week are Cheryl Nossaman and Robert Alexander. The two are typical of those who attend a reading hour program. They are shown with Mrs. W.M. Stewart, who was in charge of the reading hour last Thursday.

### Schwab Makes Dean's List

Darrell Schwab, a freshman at Texas A&M University, College Station was recently inducted into Phi Eta Sigma, national freshman honor society. He also made the dean's honor roll the first semester.

Students in Phi Eta Sigma must maintain a grade point of 2.5 or above and must carry an academic load of at least 13 semester hours.

Schwab, who is the son of Mr. and Mrs. Bill Schwab of Friona, was enrolled for 16 hours and made a 3.0 grade point ratio.

BATTLE FOR BALL . . . Four girls went after the loose ball in this action from the Dimmitt game. On the far left is Janet Rushing with Susan Neill having a hand on the ball. At right is Cindy Ingram. The Squaws lost the game, 50-48 in the last minute.

### Star Lites...

(Continued From Page 1)

In the State legislature to all other individuals . . . It will protect racial and religious minorities . . . This Amendment provides for the minority representation in the halls of government and the protection of the rights of individuals to participate . . . This Amendment will make government more democratic because it will insure the appropriate representation in the State legislature of the 49 per cent of the people who might otherwise be denied representation.

The sparks will fly when the Senate is again called upon to consider the Amendment. And the evidence indicates there is a wealth of public sentiment back of it.

Future Farmers of America Week is to be observed during the February 19-26 period. And the theme that has been chosen for it -- "Agriculture Is More Than Farming" -- admirably points up the Week's purpose and significance.

There is a term, "Agribusiness," which often is used in reference to all the occupations that are related to farming. The chain of agriculture starts with the suppliers to farmers -- those who provide goods and services ranging from machinery and chemicals to insurance and technical services. Farmers, the producers of raw materials, are the center link. Then comes marketing, processing, transportation and distribution. All in all, this agricultural complex employs many millions of people and is America's largest industry.

Vocational agricultural education in the high schools provides a start for boys to obtain the training needed to enter these occupations. Some will go on to college or technical schools. About a third will return directly to the farm, and they will have the knowledge that additional education is available to them in young farmers and adult farmer classes conducted by teachers of vocational agriculture.

The Future Farmers' organization supplements the regular school instruction by providing opportunities for leadership development. Its goal is to help train young men for a wide horizon of agricultural occupations. And this is a needed and invaluable work.

## Over 500 Attend Lovelace Reception

Parmer County friends of Sheriff Chas. Lovelace -- some 500 of them -- honored the big, veteran law enforcement official with an Appreciation Night Thursday in Bovina Schools auditorium. Included in the total in attendance were lawmen and officials from neighboring counties.

The sheriff's friends presented him with an engraved watch, a plaque and \$2,000-worth of savings bonds.

"As long as men like Charlie Lovelace are kept in office, you can expect good law enforcement and fair trials," said Former District Judge E. A. Bills, the guest speaker.

Judge Bills, who worked with Sheriff Lovelace in law enforcement for 13 years, pointed out that there has been a nationwide increase in juvenile delinquency. "In Parmer County, I think you'll find that juvenile delinquency is less than in any other county around us and Charlie Lovelace is one of the reasons for this," Judge Bills said.

"You won't find any better law enforcement officers in Texas or anywhere else than in the counties in this immediate area and Charlie Lovelace is one of the best of those," the speaker commented.

Bedford Caldwell of Bovina was master of ceremonies for the appreciation night. He recognized out-of-county guests.

Judge Bills was introduced by Sam Aldridge, Farwell attorney. Presentations were made to

Lovelace by W. L. "Preach" Edelman of Friona. Mrs. Lovelace was presented with a bouquet of red roses by Otis Huggins of Farwell.

A reception honoring the sheriff and his family was in the school cafeteria following the program.

In his acceptance speech, Sheriff Lovelace expressed appreciation to those who arranged the program and to those who were present. He introduced his deputies, Tom Atkins of Farwell, Henry Minter of Bovina, Garland Freeman of Friona, and Raymond Treider, Jr. of Lazbuddie.

Engraved on the watch were the words, "1966 - Chas. Lovelace - presented by Parmer County Friends. Wording on the plaque read, "To Charlie Lovelace - presented in grateful appreciation for faithful and dedicated service as sheriff of Parmer County in the State of Texas by friends of Parmer County - 1966."

Lovelace was first elected sheriff in 1949. He has not been opposed in his bids for re-election since he was first elected. Hosting the reception were Bovina Woman's Study Club and Bovina Chamber of Commerce and Agriculture.

The sheriff's present term of office will expire in 1968, making a total of 20 years he has held the position. His first four terms were two years each. The last three terms have been of four-year tenure. During the time he has been in office, the positions of sheriff and tax

assessor-collector have been separated. This was done in 1956 in Parmer County.

Rev. J. L. Bass, pastor of First Baptist Church in Farwell, gave the invocation. Benediction was by Rev. Hurschel Thurston, pastor of First Methodist Church in Hereford, who is the sheriff's brother-in-law.

Sheriff and Mrs. Lovelace are the parents of three sons, John, who is a coach at Spur High School, and Jerry and Leon, who are attending Texas Tech on football scholarships.

Lovelace has been a resident of this county since 1920 when he moved here with his parents, the late Mr. and Mrs. Tom Lovelace, from Vernon.

In describing the sheriff's efficiency, Judge Bills pointed out Lovelace's ability to apprehend thieves and burglars quickly.

"I recommend Charlie Lovelace as your sheriff now and forevermore," the speaker said in conclusion.

Herb Potts of Farwell was coordinator of the program.

### Chili Supper:

Arrangements have been completed for a chili supper in the high school cafeteria Friday evening. Serving will begin at five and continue until 10 p.m.

Members of the Black Study Club will serve homemade chili, pinto beans and pie. Prices will be \$1.25 for adults and 75¢ for children under twelve.

Everyone in the area is invited to attend, by Mrs. Travis Stone, a member of the club.

### Meeting Set February 13-20

A series of gospel meetings will be held at the Sixth Street Church of Christ February 13-20, featuring Dr. W.F. Mattox as guest speaker.

Dr. Mattox, president of Lubbock Christian College, is a much-sought-after speaker in the West Texas Area.

Services will be conducted daily at 8:45 a.m. and 7:30 p.m., and at regular times on Sunday.

### Joe Owen's Mother Dies

Mr. and Mrs. Joe Owen and family returned last week from Sinton where they attended the funeral of his mother, Mrs. J. E. Owen.

Mrs. Owen has been ill for the past month.

Owen is the Parmer County Farm Bureau officer.

## Bookmobile Is Loaded With Reading Material

The High Plains Library Bookmobile will really be loaded with new reading material when it rolls your way this week. Approximately 100 new adult fiction books were unpacked this week -- suspenseful mysteries, modern novels, exciting science fiction and many historical novels -- in fact, something to satisfy almost any taste in reading.

"If it's just too cold to do much -- come and look over our wide selection of new books," says bookmobile librarian Georgia Pena. Here are just a few of them that you may find on your "Library on Wheels," the next few weeks.

A STAR IN THE WIND, a novel of modern Rome, of the refugee ships and the hill fortresses of Israel.

FIRE ON THE MOUNTAIN, a novel about a man who decided to defy the whole United States government.

THE ROAD TO BEERSHEBA, the first time the story of the Palestinian exodus has been told.

IN VIVO, a story of men consumed with a passion to know, who follow their dream into the uncharted, risky terra incognita of the modern science.

THE LAST TALLYHO, a big sprawling novel about America's aircraft carrier pilots during the crucial months when they fought for supremacy in the air.

FLOOD, a romance of our time.

ALL THE RIGHT PEOPLE, a fresh and honest novel with a driving and dramatic story, a large cast of thoroughly recognizable characters and a crisp, witty style.

TIME WAS, a forceful story of a man's search for the truth about the father he rejected and the mother he could never quite understand.

WHITE LOTUS, essentially a creation of the imagination, in which dust and confusion of immediate issues are pierced, and the underlying issue of any race against another, or, as it truly is, of man against man, is

searched out.

# THE FRIONA FARM NEWS

## On The Farm In Parmer County

By JOE VANZANDT  
County Agent

### Governor Designates Bureau "Week"

Governor John Connally has designated Feb. 7-12 as "Farm Bureau Membership Week" in Texas -- the special period when thousands of voluntary membership workers will call on their neighbors asking them to enroll in Farm Bureau.

"Farming and ranching are essential to the economy of our state and nation," the Governor said in his official proclamation. "About 40 per cent of all Texans receive their livelihood either directly or indirectly from agriculture," he added.

The Governor said the abundance of food and fiber, produced ever more efficiently, helps assure our citizens of the highest living standard in the world.

"Through their organized efforts and by democratic procedures," the Governor pointed out, "the farmers and ranchers of Texas have sought a voice in state affairs and have campaigned for improvements in the economy and government of Texas."

He said these organized groups recognized the necessity of having an informed, prosperous and organized agriculture in our state.

After designating the special week, the Governor, in his proclamation, urged "our citizens to cooperate in the recognition and observance of this week in an effort to publicize this im-

portant phase of our Texas life."

The Texas Farm Bureau now has a membership of 95,204 and has a goal of 100,500 by Oct. 31, end of the organization's membership year.

### FB Schedules Member Drive

The Parmer County Farm Bureau, which joins its statewide organization in observing Farm Bureau Membership Week next week, will hold a membership kickoff breakfast Tuesday, February 8 at the Bovina Restaurant.

The meeting will begin at 7:30 a.m. Ed McKay, Farm Bureau's legislative chairman, will be the guest speaker.

Have you had your soil tested this year? We suggest you consider this management practice of having some soil tests made and fertilizing according to the recommendations.

The field or farm should be divided according to soil type, as well as past and future cropping practices. Take enough time to collect a good sample and fill the information sheet as completely as possible. Pint boxes, mailing cartons, history sheets and instructions are available at the County Agent's office.

**WEED CONTROL MEETING**  
On Thursday, February 3, at 2:00 p.m. in the Hub Community Center, there will be a meeting on Weed Control for Field Crops.

The program features Dr. Allen Wiese, Mr. James Murphy and Mr. Paul Scott. These men will cover herbicide recommendations for cotton, grain sorghum, soybeans, wheat, sugar beets, Johnsongrass and bindweed. Also the economics of weed control practices will be discussed.

**SCHOLARSHIP PROGRAM ANNOUNCED**

The 1966 Ranger Insurance four-year \$2,000 scholarship was announced recently by Charles R. Rathbun, President of Ranger Insurance of Houston, Texas.

The 1966 Scholarship is open to all eligible high school seniors in this area and will be awarded on the basis of academic standing, character, financial need and active participation in school activities.

Applications, additional information and sponsorship can be secured by contacting Dan Ethridge of the Ethridge-Spring Agency, 602 Main Street, Friona, Texas.

Purpose of the Ranger Insurance Scholarship is to encourage and assist students who, otherwise, might not have the opportunity to complete work toward their first college degree. Applicants must complete their senior year of high school in the spring of 1966 and must be in the upper one-fourth of their class scholastically.

**U.S. Farm Fires**  
NEW YORK - Fires and lightning strike about two out of every 100 farms in the United States each year, according to the Insurance Information Institute.

**Air Mattress Holes**  
Small holes in cloth-covered air mattresses are virtually impossible to locate.  
Try washing your mattress with soapy water. Then when scrubbed with a stiff brush, even the smallest leaks will start to bubble.

**LIVESTOCK**  
We have a beef cattle meeting set for February 16 at 7:30 p.m. in the First State Bank of Bovina community room. Dixon Hubbard, Area Livestock Specialist, will lead the discussion that night on new developments in beef cattle.

**CATTLE CONDITION**  
High condition, or over fatness, can cause temporary or permanent sterility in both cows and bulls. This occurs frequently in purebred heifers fitted for shows.

Excess condition can also affect the longevity of the cow. In addition to reproduction problems, overfeeding can also result in the waste of large amounts of feed not needed by the animal to meek growth requirements. Stockmen must know the nutritional requirements of his animals and feed them accordingly.

On the other hand, some cattlemen may neglect their animals by failing to recognize the existence of ration deficiencies. As a result, animals may not receive sufficient amounts of calcium, phosphor-

**Ladies Make Legal Point**

"It will need more than the 19th amendment to convince me that there are no differences between men and women!"

So spoke Supreme Court Justice Oliver Wendell Holmes in 1923, but not everyone in our government is yet convinced. Women have always caused legal problems. Some countries have simplified the situation by simply refusing to recognize their existence. In many countries a woman is a piece of property, while in others she may be a voting citizen but cannot participate in government.

In **EQUAL JUSTICE UNDER LAW**, a new book being distributed by Grosset & Dunlap many of the cases brought before the Supreme Court are vivid examples of the trouble women have caused these illustrious gentlemen—simply by being women.

ENGAGEMENT ANNOUNCED... Mr. and Mrs. T. I. Burleson Jr. have announced the engagement and approaching marriage of their daughter, Kay, to Roy Don Cash, son of Mr. and Mrs. Bill Cash, McLean. Miss Burleson is a senior English major at Texas Tech. Her fiancé is a graduate of Tech and is employed by Pan American Oil Company, Levelland.

**Son Born To Joe McLellans**

Mr. and Mrs. Joe McLellan is 1 1/2 years old. His grandparents are Mrs. Lillian McLellan, Friona, and Mr. and Mrs. Granville England, Amarillo.

Great-grandparents are Mrs. A.H. Boatman, Friona, and Mr. and Mrs. Ernest England, former Friona residents.

He was named Johnny Leo and weighed 8 lbs. 2 1/2 ozs. He is the first son for the couple. Johnny's sister, Judy Lynn,

**Of Interest To THE WOMEN**

**Club Members Hear Safe Living Hints**

Safe living was the theme for the evening at the regular meeting of the Progressive study Club last Tuesday in the Federated Club House.

Members answered roll call with Hints from Heloise. Mrs. George Frye gave the meditation.

Mrs. Richard Adkins gave a short talk on "Home and Recreational Safety." Mrs. Bill Ellis spoke on "Minor Home

Repairs," and concluded her talk with a demonstration of changing a faucet washer.

Mrs. Andy Hurst introduced Donna Shackelford who gave a telephone monologue entitled "Dear Gabby."

Mrs. Billy Jo Mercer and Mrs. Baker Duggins served refreshments to 17 members and 2 guests, Misses Donna Shackelford and Linda Smith.

**Need For Teachers Told At FTA Meet**

Mrs. John Bengier, for whom the Ethel Bengier chapter of Future Teachers of America was named, was guest speaker at the Thursday evening chapter

meeting of the home of Mr. and Mrs. James Wyly. Hostesses were Gay Wyly, Madalyn Binger and Terri Lynn Wilson.

Those present besides the speaker and the hostesses were Becky Coffey, Shirley White, Glenda Mings, Sandra Schilling, Darla Howell, Jan Welch, Frieda Floyd, Diana Wilson, Lydia Buske, Brownie Cole, Travis Graves, and Mrs. Frank Truitt, sponsor.

**CREATIVE CAREERS**

by Ruth Wade Ray

Ruth Wade Ray, Director of Ray-Vogue Schools, the oldest professional arts school in the U. S. now beginning its 50th year, answers high school seniors' questions about continuing their education in the creative arts.

Q: How can I tell whether I have creative talent?  
A: You can test yourself or ask your high school counselor to give you a creativity test. Ask yourself: "Do I like to do things in an unusual way, bringing my own personality to bear on the project at hand? And: "Do I like to think up new ideas?" If the answer to both is "yes," you will probably do well in this field. In other words, if you feel creative you probably are creative.

Q: Where can a creative person make the most of his talents?  
A: After a careful study of career opportunities for the creative person, our school concentrated on six areas that offer the best opportunities for immediate and long range financial rewards for graduates. They are shown on the chart below.

**Church Women Meet Friday**

Arrangements have been completed for the Friday afternoon meeting of Interdenominational Church Women at First Baptist Church, Rev. Paul Mohr of Union Congregational Church will be the speaker.

A representative of Calvary Baptist Church will present the devotional.

The opening prayer will be led by a representative of the Union Congregational Church and a member of Friona Methodist Church will lead the closing prayer.

Mrs. R. B. McKee, spokesman for the group, invited all women of the area to attend the meeting which begins at 2:30 p.m.

Mrs. R. B. McKee, spokesman for the group, invited all women of the area to attend the meeting which begins at 2:30 p.m.

Mrs. R. B. McKee, spokesman for the group, invited all women of the area to attend the meeting which begins at 2:30 p.m.

Mrs. R. B. McKee, spokesman for the group, invited all women of the area to attend the meeting which begins at 2:30 p.m.

**Party Fetes Wade Kent**

Wade Kent was honored with a birthday party in the home of his parents, Mr. and Mrs. Bill Kent, Saturday afternoon.

Birthday cake and cold drinks were served to Mr. and Mrs. Jack Fulgham and Shannon Kay of Farwell; Mrs. D. J. Holloway of Farwell; Mr. and Mrs. W. B. Fulgham, Friona; and Mrs. D. J. Holloway, Brenda Holloway and Paula Gillespie all of Clovis.

Mr. and Mrs. Jerry Brownd and daughters, Jana and Sherri; Mrs. Fay Reeve, David and Carol; and Mr. and Mrs. Arthur Drake and Peggy visited in the homes of Mr. and Mrs. Floyd Reeve and Mrs. Treva Reece in Canyon Sunday.

MRS. ARLEN MAY

**Southerland-May Wedding Vows Read**

In a double ring ceremony in Clovis Monday, January 24 at 3 p.m. Linda Southerland, daughter of Mr. and Mrs. Charles Southerland, Amarillo, became the bride of Arlen May, son of Mr. and Mrs. Hardy May.

The bride wore a white wool suit. Attendants were Mr. and Mrs. Hardy May.

For the reception in the May home the serving table was covered with an imported linen cloth and centered with an arrangement of pink rosebuds.

The bride cut the three tiered white cake with a silver knife decorated with a pink satin bow.

Refreshments of punch and cake were served.

Others present were Mr. and Mrs. Ross Miller, Kent, Curt, and Dana.

Mr. and Mrs. May are at home in Amarillo. He is a former student of Friona High School and received his high school diploma and junior accounting diploma from Draughon's Business College there in 1964. He is employed by the automotive division of Straus-Frank.

Mrs. May is a graduate of Amarillo High School.

MR. AND MRS. WILLIE ELLIS

### Ellises To Be Honored On Golden Anniversary

Mr. and Mrs. Willie Ellis, long-time residents of Farmer and Bailey Counties, will be honored with a reception at their home at 1907 W. Avenue F in Muleshoe on Sunday on the occasion of their 50th Wedding Anniversary.

The reception, to be hosted by children and grandchildren of the couple, will be from 2 to 5 p.m. All friends of the family are invited to attend.

The Ellises have had farm land in Farmer County since

1946, but first came to Bailey County in 1931.

Besides rearing six children and Ellis' youngest brother to maturity, Mr. and Mrs. Ellis also reared two grandsons, who were children of their eldest son, Lowell, killed in a car accident in 1938.

The oldest grandson, Bill, graduated from Muleshoe High School, but attended grade school at Midway, Lazbuddie and Oklahoma Lane schools. He currently is editor and manager of the Friona Star.

### Teams Split With Abernathy

The Friona Chieftains and Squaws split a pair of games at Abernathy. The Squaws scored their second win over Abernathy, 69-54 but the Chiefs fell, 68-51.

The Chieftains, dropping their third district game, had foul trouble, finishing the game with four players. Friona, as it has done in each district game it has lost, outscored the winners from the field.

Janet Rushing led the Squaws with 24 points. Gene Weatherly had 20 and Bobby Jordan 11 for the Chiefs.

"Winter Wonderland" would have aptly described our area just about any morning last week. Ordinary looking trees, bushes and other objects took on a look of glamour with their coverings of ice. Occasionally the sun came out and turned the whole outdoors into a field of diamonds.

Temperatures were low and I'm sure some livestock lost weight, but as far as I have heard there were no hardships that were insurmountable.

One day when most of us were thinking, "This is the worst day I have ever seen," Will Harris of Summerfield was in the drug store. Of course, those of us who were complaining loudest were still brave enough to go across the alley for a cup of coffee.

An old time blizzard and snowstorm, typical of those which were very common in this area about fifty years ago, was described by Harris. It was necessary for him to make a trip from his farmstead near Summerfield to Hereford to get a load of coal to heat the family home.

A neighbor who was also about out of fuel, loaned Will a span of mules and he hitched his mules and the neighbor's mules onto a wagon and was able to get to Hereford and was on his way home when darkness overtook him and the wagon became stuck in a snow drift.

"Although neither of the mules had ever been ridden before, I knew I had to ride one of them or freeze, so I climbed onto the back of the one I felt was least likely to object. Before we got home I became lost from the fence which I had been following and knew it would be impossible for me to ever get home without finding it. The only thing I knew to do was to circle my mount in the direction which would take us back to the fence and fortunately was able to find it and get back to my wife and daughters. By morning the storm had abated and the neighbor and I were able to get fuel for our fires before we completely used up our supply."

Incidents like that which we know our forefathers experienced make us realize that had they been in our shoes with butane for heating purposes and heated pickups and cars for hauling our supplies they would have probably thought "We've never had it so good!"

Carolyn, Susan, Linda, Loren and Jerry Martin must be snow man enthusiasts. The size and color of their snowman could serve as a barometer to serve the snow. When the fall is heavy and drifts are deep, these children of Mr. and Mrs. Larry Martin, build large snowmen.

However, when the fall is light and has to be raked from a wide area, the snow man is likely to have a dirty face, but even then he is always recognizable.

Friends of Mrs. Mary G. Ginsburg, who lived here a few years ago will probably be interested in learning she is back in the newspaper business. She and her late husband were co-publishers of the St. Clair County Democrat in Osceola, Missouri.

At the present time she is writing a column "Go-Go - Grandparents" in the Richardson Daily News at Richardson Texas.

A treat is in store for basketball fans Friday evening. Members of the Black Community Club are sponsoring a pie and chili supper at the new cafeteria from five to ten. Tickets are being sold for \$1.25 for adults and 75¢ for children.

There may be better cooks than those who live in that community, but I don't know them. They make the most delicious pies, cakes, salads and anything else that is edible.

Homemade chili at this time of year is always good and I know all of us who eat with these ladies will enjoy it. Then we can see the Friona-Floyd-ada basketball games and not even have dishes to wash.

Visited briefly with Mr. and Mrs. Kenneth Williams and Rev. and Mrs. Alvin Askens Tuesday afternoon. These four are former Frionans who have chosen to move farther north. Kenneth, who was "Tasty Cream" to most Frionans for several years, and Mickey live north of Stratford and farm over in the Sooner State.

I'm wondering if Mickey is like another friend here. Her husband was good naturedly teasing her about buying a farm in Arkansas. He was extolling the beauties of that state and comparing them to scenes in our own state.

His wife's reply was, "I wouldn't mind living in another state, but I certainly want to live close enough to the state line to have a Texas tag on my car."

One of the most precious of human faculties is memory. Youth thinks of it as an aid to learning and advancement. But as the years roll on, it becomes a treasure storehouse. The highlights of all the years are there -- vivid pictures of beauties appreciated heartwarming reminiscences of friends we have known, tender thoughts of family mingled with gratitude for their understanding through the years, the satisfaction of recalling work well done, a feeling that we have meant something to those who have meant so much to us -- highlights stored in memory's treasure house to be recalled at will to encourage and sustain us whenever we need them.

Utopia is the place where the common cold is unknown.

Too many cutting remarks can chop down the strongest friendships.

### Kara Beth Sides Installed

In a formal ceremony in Fellowship Hall of Friona Methodist Church at 2:30 p.m. Saturday, Kara Beth Sides, daughter of Mr. and Mrs. Billy Sides, was installed Worthy Advisor of Friona Rainbow Girls.

KARA BETH SIDES

Her theme was Religion. "I Know In Whom I Have Believed", was her song. It was sung by Becky Coffey and Sharen Awtrely. Her flower was a Talisman rose and her colors were orange and white. Her scripture was Mark 9:23. For an emblem she chose the Bible.

For a charity project for the year Miss Sides has chosen collection of used hose. Sharen Awtrely, outgoing worthy advisor, was installing officer. Installing marshal was Pat Taylor; Mary Ann Roberts was installing recorder and Dorothy Hough was installing musician.

Mrs. Leonard Coffey served as installation officer for members of the advisory board. Mrs. Coffey is mother advisor. Other board members are Mrs. James E. Collier, Mrs. David McVey, Mrs. W. M. Massie, Mrs. U.S. Akens, and Mrs. Charles Russell.

Also Mrs. Lloyd Rector, Mrs. B.J. Mercer, Mrs. Kenneth Watkins.

Other officers to be serving with Miss Sides are Becky Coffey, worthy associate advisor, Pam Hartwick, charity; Linda Stone, hope; Jennisu Fellwell, faith; Sharen Awtrely, recorder and Pat Taylor, treasurer.

Also Rhonda Ragsdale, chaplain, Melva Rule, drill leader; Becky Neill, lover; Myra Sue Day, religion; Pat Roberts, nature; Linda McVey, immortality.

### TEXAS 1965 STATE SALES TAX TABLE

If you itemize your deductions, you may use this table to determine the general sales tax to be entered on Form 1040, page 2, Part IV. However, if you can establish that you paid a larger amount, you are entitled to deduct that amount. This table is based on the Texas State sales tax of 2 percent. Sales taxes for automobile purchases are not included in this table. See instructions on Form 1040 to the table amount, if applicable.

Income as shown on line 9, page 1, Form 1040	Family Size (Persons)	1 & 2	3 & 4	5	Over

LOCAL CASE GIVEN

Signup Necessary Under Medicare

"FB WEEK" PROCLAIMED --- Governor John Connally is shown signing a proclamation designating Feb. 7-12 as "Farm Bureau Membership Week" in Texas as Texas Farm Bureau Queen Cheri Lee Norman of Taboka and TFB President C.H. DeVaney of Waco look on. During the special week, thousands of voluntary membership workers will call on their neighbors and ask them to join Farm Bureau. The state farm organization has a goal of 100,500 members in 1966.

Fred White, who operates Fred White's Automotive Electric Service at 409 West 11th Street, recently completed necessary forms to receive benefits under the newly enacted Medicare program, which goes into effect on July 1, 1966. White has been a resident of Friona for 51 years and has been in business here since 1930, except for the period from 1955 until 1957 when he sold out and worked for the new owner.

White agreed for the Social Security Administrator to release information about his social security because he felt that many of his friends and neighbors might not be aware of their eligibility under the new Medicare program. Social Security records are confidential and information about a person's social security account can be released only upon their giving written permission for such release.

Many businessmen, like White who are 65 or past have never filed a claim for social security benefits because they knew they were still earning too much money to qualify for monthly payments. A person can qualify for Medicare regardless of whether he has retired. There is no limitation on income or earnings for this hospital and medical protection. This applies to everyone whether they are businessmen, farmers, or wage earners.

It is imperative that everyone, 65 years of age or older,

Green Thumb Tips

Do you know that sweet alyssum seeds may be sown in pots indoors and within a few weeks will open white flowers if set close to the glass of a sunny window?

Assuming you brought a bushel basket of potting soil into the house last fall, use some of it to fill a flower pot over an inch of any roughage such as gravel or broken pot pieces. Firm the soil lightly, scatter seeds on top, cover with a sprinkle of soil (no more than 1/4 inch) and keep watered as necessary.

If you live where soil is unfrozen at times during winter, you should harvest parsnips during every open spell. It doesn't pay to leave them until spring for if they start growing again their taste is going to be bitter when you eat them. Just as the starch in the roots changes to sugar when frost arrives in fall, so the sugar changes back to starch with a new season's growth.

even those who are still employed or self-employed, sign up for Medicare immediately. They must make a decision about the supplemental medical insurance, which pays "Doctor bills". Anyone who was 65 on or before January 1, 1966 must sign up by March 31, 1966, to get this coverage beginning on July 1, 1966. Otherwise, they will have one other opportunity to do so, but not until October 1, 1967, and then coverage would not be effective until July 1968. Another dis-

advantage about waiting until the 1967 enrollment period would be a 10 per cent higher premium for this insurance. Basically a person can qualify for Medicare by meeting two simple requirements. First he must establish that he is either insured for social security benefits under the regular rules or that he is either insured for social security benefits under the regular rules or that he is a United States citizen. If he is not a United States citizen he may

still qualify providing he has lived in the United States continuously for the last five years. Secondly, he must establish that he is at least 65 years of age.

It is very simple to meet both of these requirements. Anyone who was born in the United States a citizen; therefore, this does not present a problem for most people in this area. Almost any document that is several years old will be of value in establishing age. All social security representatives are highly trained in as-

sisting people in establishing their ages. Millard urges everyone to file immediately and not to put off filing because they do not have evidence of their age. A social security representative will be happy to advise them on what documents are available and how they may be obtained.

White has discovered another advantage to filing for Medicare in addition to the Medicare coverage. He now has established his entitlement to social security retirement benefits,

and when he finally retires, or reaches age 72, his payments will start immediately. Work that he does between now and retirement, or age 72, will automatically be considered in figuring the monthly social security payment he will receive. White is not eligible for monthly payments at this time because of his earnings from self-employment. Millard advised that he has taken many claims from other people thought who signed up for Medicare that were also entitled to monthly payments and were not previously aware of this.

"Some people have actually lost thousands of dollars in payments by not filing as soon as they reached age 65," Millard says.

To look a word up in the dictionary one must have an idea as to how it is spelled. A man reaches middle age when he loses some of that old get-up-and-go.

What's the best 5-letter word for fertilizer?

And for wheat — NIPAK 45.

Get better wheat crops and earn bigger profits. Topdress your wheat with Nipak 45 right now — for greater yield and higher protein. Nipak 45 — 45% nitrogen fertilizer from Urea — gives you one-third more nitrogen per pound than any other form of solid nitrogen fertilizer — which enables you to handle less fertilizer and cover

more ground in less time. Nipak 45 is uniformly prilled, too. It flows easily, won't clog — or corrode your equipment. Nipak also dissolves in the soil moisture and moves quickly to the root zone where it stays put until your crops need it. So for more grow power, ask your local Nipak dealer about Nipak 45. He can help you plan a complete fertilizer program because he can provide a complete fertilizer service.

What happened to the irrigation company you've been doing business with? It's still there—with a new name! Now it's Southwest Irrigation.

And that's not all that's new. Southwest Irrigation now stands for new reliability and new know-how in the irrigation business. Meet Bob Gressett, the new president of Southwest Irrigation. Bob has fifteen years experience in the irrigation business. Many farmers have known Bob a long time. And, they're calling him every day to help with their new irrigation installations.

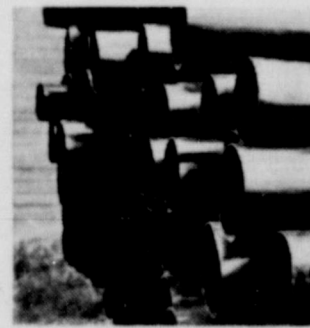

BOB GRESSETT

nothing new here...

Perm-O-Ring concrete pipe

Fused-joint plastic pipe

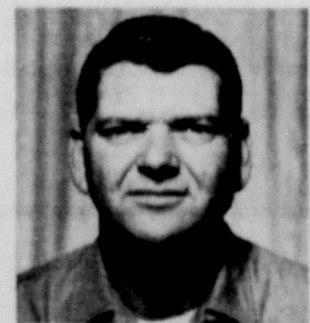

Aluminum pipe

Cement-asbestos pipe

This irrigation pipe is still available right where you've always bought it in Muleshoe. And Darrell Kennemer is still the man to see. Just the name is new — Southwest Irrigation — a new company with a new name and the pipe you know.

Sen. Hightower Is Local Visitor

Senator Jack Hightower of Vernon was in Friona on Wednesday of this week in connection with his candidacy for re-election to the Texas Senate from the new 30th Senatorial District. Senator Hightower filed his application to be placed on the official ballot in the Democratic primary with Nelson Welch, Democratic Chairman for Parmer County.

The new senatorial district which includes Parmer County is now composed of 21 counties stretching from Wichita and Archer Counties on the east, to the New Mexico line on the West. The redistricting was done by the last session of the Legislature under orders of the federal courts to comply with the new "one man-one vote" decision of the Supreme Court.

While in Friona Senator Hightower visited briefly with campaign supporters and advised that he will publish his formal announcement in the near future.

## Teams Are "Bitten" By Old Dimmitt Hex

The old hex, a hex called "having to play at Dimmitt" again hexed Friona basketball teams last Friday night, as both the Chieftains and Squaws lost important District 3 - AA Matches.

The Chiefs lost at least their eighth straight basketball game in contests played at Dimmitt, when the unbeaten in district Bobcats toppled them, 58-48. Last year the champion chiefs lost their only district game (only one of five losses) at Dimmitt.

And the Squaws, who have been one of the most successful girls teams in the state the past four years, winning 82 per cent of their games, have never-the-less dropped four of their last six games at Dimmitt.

The Squaws trailed by two after one quarter, 16-14, but grabbed the lead quickly as the second quarter opened, and had a six-point edge for a time. However, Dimmitt scored to tie the game up at halftime, 27-27.

Friona again jumped ahead as the second half opened, having a 40-34 lead with chances to increase that, but seemed to "hang" on the 40-mark, and once again Dimmitt caught up.

The Squaws played catch-up for the entire fourth quarter. Dimmitt led alternately by one and three points, until Cindy Ingram finally tied the score

at 48-all with a free throw with 20 seconds left.

However, the Bobbies worked the ball down, and scored with five seconds left to win the match, 50-48.

The Chiefs, playing the district favorites on their home court, made it uncomfortable for the Bobcats for most of four quarters.

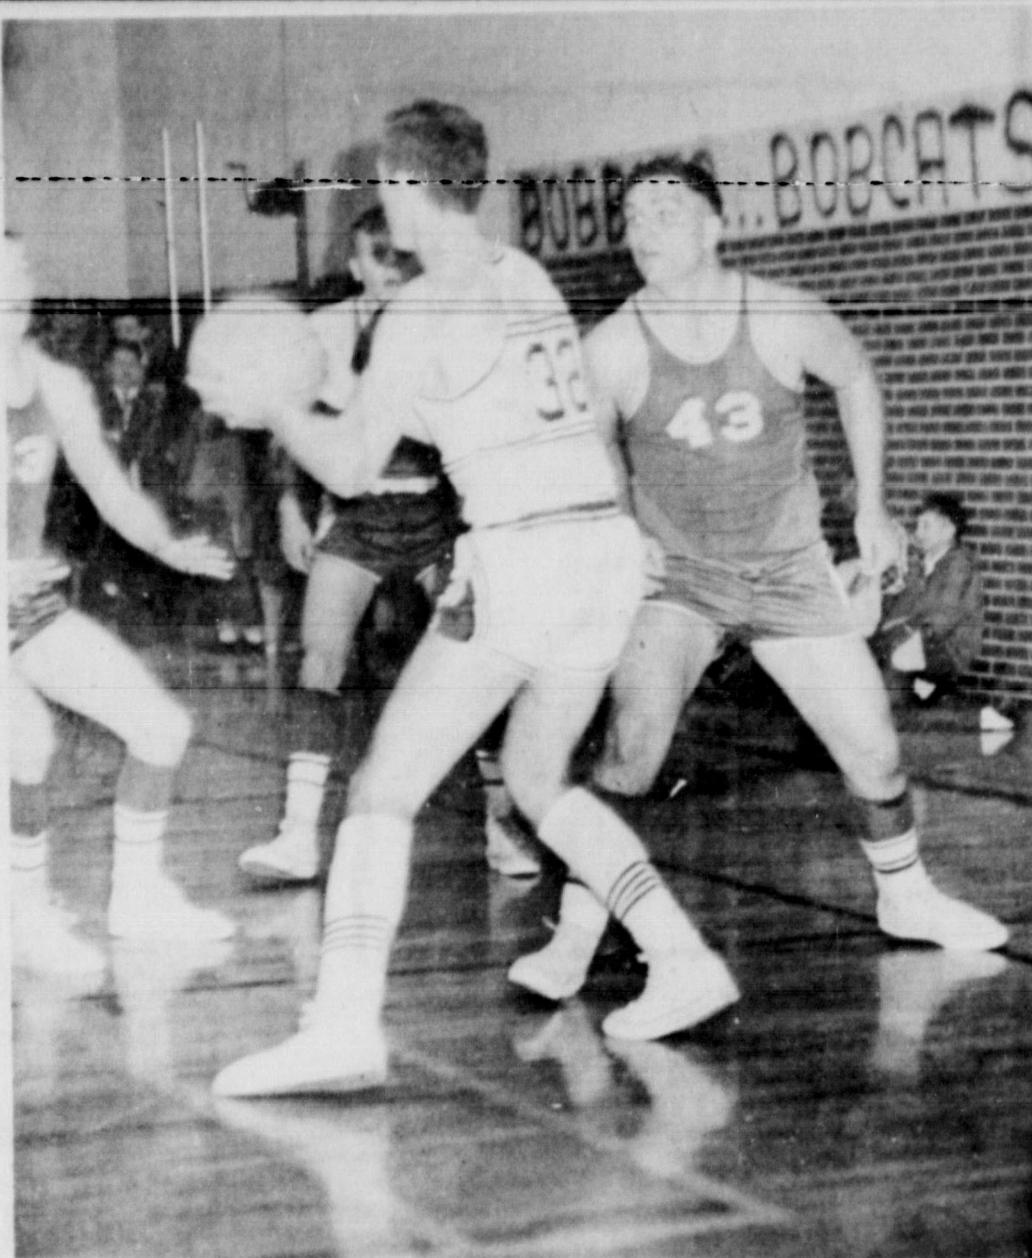

The Chiefs never had the lead but tied the count at 5-all and were within one point numerous occasions. After a close-fought first quarter, Dimmitt scored five quick points for a 17-11 first period lead.

Travis Graves led a comeback in the second quarter, when the Chiefs pulled to within a point at 21-20. Dimmitt responded to pull ahead 25-20, but baskets by Graves and Gene Weatherly made it close at halftime, 27-26.

Dimmitt slowly pulled into an eight-point lead in the third quarter, which they enjoyed, 44-36 after three quarters.

Friona fought from nine points behind to stay doggedly in contention until with three minutes left Gene Weatherly's jump shot got the team to within a point for the last time at 47-46.

From there, Dimmitt went on to score 11 additional points to Friona's single point, with desperation fouls hurting the Chieftain cause.

WHAMMY . . . Gene Weatherly (43) is shown giving his Dimmitt opponent the "evil eye" during a game at Dimmitt last Friday. Almost out of the picture at the left is Lonnie Ellis, and Bobby Jordan is mostly hidden in the background. Friona played them close but dropped the game in the last few minutes, 58-48.

## Weed Control Meeting Set At Hub

Tonight (February 3) at 2 p.m. in the Hub Community Center, there will be a County-wide meeting on Weed Control for field crops.

This is the second of a series of meetings this winter sponsored by the Parmer County Program Committee, the Chambers of Commerce of Friona, Bovina and Farwell and the County Agent. These meetings are to help area farmers and businessmen keep up-to-date

on the latest agricultural developments and recommended practices.

The program features three outstanding speakers in their field of work. Dr. Allen Wiese, Agronomist at the Southwestern Great Plains Field Station, Bushland, Texas will discuss weed control and recommended herbicides for cotton, grain sorghum, soybeans, wheat, Johnson grass and bindweed. Wiese, a well-known authority in this area on herbicides will cover the advantages, disadvantages, hazards and residues of various chemicals.

Paul Scott, Research Agronomist with Holly Sugar Corporation, Hereford, will cover the area of weed control and herbicides on sugar beets.

James Murphrey, Area Farm Management Specialist with the Extension Service, will discuss economics of various weed control practices and economic loss from various levels of weed infestations.

# Still more new cars and diesels, too, for Santa Fe.

Our \$145-million improvement program for 1966 includes 60 high-horsepower diesels and 5,000 freight cars. That brings our investment—in just 4 years—to more than \$360-million for 18,000 modern cars and diesels. All to serve still better our busy Santa Fe Country.

Soon more than 20 per cent of Santa Fe's huge fleet will be less than four years old. But this does not tell the whole story. Many new cars are longer; others have capacities multiplied 2½ times; many haul double the tonnage of cars they replace.

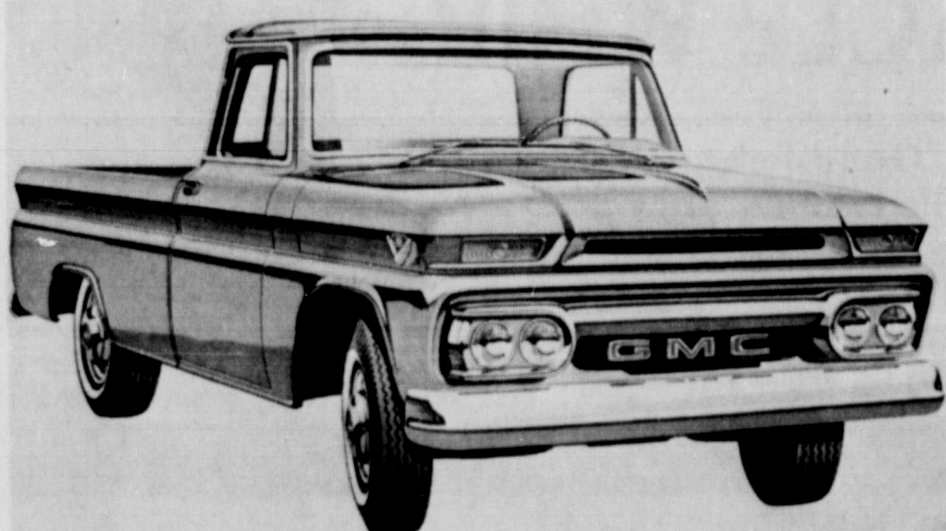

Our fleet of giant 100-ton covered hopper cars for grain, and other bulk commodities is being expanded. Soon 5,600 of them will be in service—with the carrying capacity of 11,000 conventional box cars! Half of Santa Fe's diesel freight

power is in new high-horsepower units—and more keep coming to move our trains on fast, dependable schedules.

How can we help you? Just call your local Santa Fe Agent.

The railroad that is always on the move toward a better way.

**LAZBUDDIE NEWS**

By Mrs. C. A. Watson

Mr. and Mrs. Max Steinbock entertained Marilyn Fred with a going away party Friday night in their home. The occasion followed immediately after the ball games Friday night at Lazbuddie gym. Entertainment was furnished by Gary Matthews, Kirby Burch, Terry Parham, and Troy Steinbock. Refreshments were served.

Mr. and Mrs. Maurice Fred, Marilyn and Mike are moving to Elkhart, Kansas this week. The two Fred children attended Lazbuddie school.

Mrs. Leon Smith Sr., daughter Tonia and her niece, Jan Sigman were in Canyon Sunday visiting Mrs. Smith's mother, Oma Sigman.

Mr. and Mrs. Dee Chitwood were on vacation in South Texas last week. They were accompanied by the Jerry Hutons of Muleshoe. The Chitwoods met their son Dick at Corpus where he joined the group on the vacation. Dick Chitwood is at home this week during semester.

Miss Pam Watson from Houston was weekend guest in the E.D. Chitwood home.

Mr. and Mrs. Emory Hobbs Ropesville spent the night Saturday in the home of C.A. Watsons.

Mr. and Mrs. Raymond McGehee was in Slaton Thursday of last week visiting relatives.

Mr. and Mrs. Leon Smith Jr. and children visited her parents, Mr. and Mrs. L.H. Davenport, Needmore, Sunday.

The Claud Heaths visited recently in Drumright, Oklahoma with Mrs. Heath's mother, Mrs. J.L. McClain, and with their grandson, Wayne Hudnall. They also visited other relatives in different parts of Oklahoma before returning to Lazbuddie.

Mrs. W.G. Harlin received word Friday of the death of a sister-in-law, Mrs. P.C. Griffin of Wichita Falls. Mrs. Griffin, 68, had been a resident of Wichita Falls. Funeral services were in the First Baptist Church in Muleshoe with the pastor, Rev. Murray officiating. Burial was in the Muleshoe Cemetery.

Mr. and Mrs. James Harvey and children visited Sunday in Plainview with relatives.

Mrs. John Neil Agee, Lazbuddie, was honoree at a pink and blue shower Thursday afternoon in the home of Mrs. Leon Smith, Sr.

The refreshment table was laid with white lace over blue, and centered with a floral arrangement of roses.

Appointments were crystal and sterling. Pink cakes, pink punch, coffee and nuts were served by Mrs. Max Steinbock and Mrs. Leon Smith Jr.

Approximately fifty people were registered by Mrs. Raymond Houston. The guest book was on a table covered with white linen edged in lace.

Mrs. Clyde Redwine led the guests in a get-acquainted game and then read the poem, "A New Year, a New Life," dedicated to the honoree.

The hostess gift was a car seat and gown and bed jacket.

**537 Poll Taxes Sold Locally**

Total number of poll tax certificates sold at the local special office (Ehridge - Spring Agency) came to 537 it was announced this week by Lois Norwood.

Of this number, 225 came in on the final day, January 31.

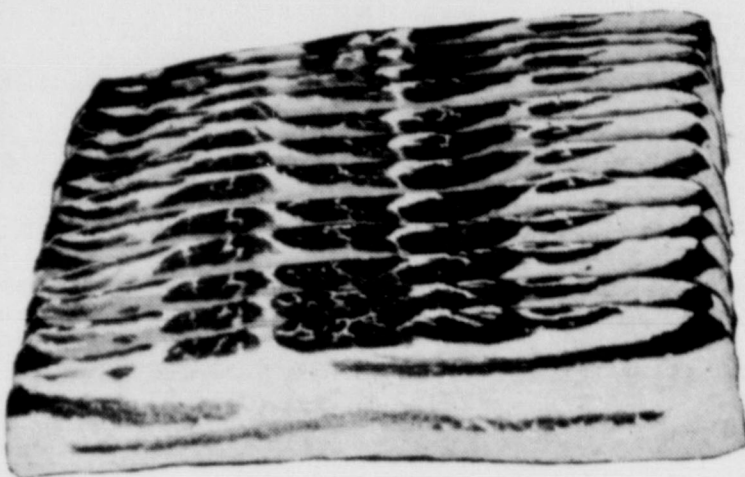

County tax-assessor-collector Hugh Moseley reports that approximately 2,000 people have bought poll taxes in the county, which is close to average for an election year.

Poll tax certificates will be necessary in all precinct, local, county, state and school elections, of which there will be several offices up for re-election this year.
