## Increased Oil Activity Seen Southeast Of Rankin Area

### OLIN HUNTS S IN RANKIN

Executive of Standolin Oil Rankin last Tuesday set-up housing for some and a number of single to the representa- talked with numerous ed town, the company a doodle bug head- Rankin within the ten days and plans of here for 15 months

crews were on the verge of moving here but this was the first concrete evidence of any large number of families needing housing. Principal need of the group was two-bedroom homes

Earlier this week a number of trailer houses moved into Rankin with employees working for such firms as GSI, Continental Oil Co., and Van Drilling Co. Also a number of the new Western Acidizing personnel arrived and moved into their new homes.

### NEW WELL TESTING

On Wednesday of this week, the No. 1-22 University, drilled by T. M. Evans of Dallas some seven miles southeast of Rankin, was

taking potential on a dual strike in the Devonian and Wolfcamp.

Devonian production was assured at 10 332-272 when the project flowed at the rate of 72 barrels per day of 45 gravity oil. Wolfcamp production flowed at the rate of 148 barrels per day. A show was also recovered in the Ellenburger.

An employee of the company indicated last week that they would "probably" drill several more wells in that area.

It has long been the contention of a good number of Rankin people that new oil development in the area just southeast of town would be of great benefit to the community.

### GIRLS BASKETBALL LEAGUE IS SOUGHT

Sponsors of the youth council's summer recreation program have called a meeting of all school girls from the 6th grade through high school for June 29th to form a girls' basketball league.

Time of the meeting has been set for 7:00 p.m. at the junior high gym. All ladies who would be interested in assisting in the program are also requested to be on hand at that time.

### ALLIE BALCO SUSTAINS INJURIES

Allie Balco, son of Mr. and Mrs. Frank Balco of Iraan and grandson of Mr. and Mrs. J. W. Hearon of Rankin, sustained injuries to the ears and body when he was run over by a car Monday. He was standing in the front of the car when Mrs. J. A. Ballew, sister-in-law of Mrs. Hearon, got in the car and started up, not knowing the child was standing in front of her. His condition was reported as good Tuesday.

### City To Give Traffic Lessons

Beginning shortly, the City of Rankin, backed up by the highway patrol, will begin giving driving lessons. The principal, and only subject, will be how to stop at stop lights. Cost of these lessons will depend entirely on the driver and how long he or she has to go to school before they graduate.

Courses will begin when the driver fails to stop at one of the newly installed traffic lights and will end when the justice of the peace sets the fine. In these lessons, the more you take, the higher the cost becomes.

"We want to give people a chance to get use to the new stop lights and to know they are there, then we are going to have to start a strict enforcement campaign," stated a city official this week. He further pointed out that the lights are probably more dangerous when drivers fail to observe them than if they were not there since a party having a green light in his favor would likely drive on into the intersection without looking for oncoming traffic on the cross street.

"We want to warn drivers that we did not put the lights up just to try to find an excuse to stop them for traffic violations. They were put up as a safety measure on recommendation of highway safety officials and must be observed," was the words from city hall.

Immediately after the lights were put up, numerous drivers were noted failing to observe them, evidently because they were unaccustomed to them. It is for this reason that enforcement has been delayed until now.

David and Nancy Mims of Midland and Tommy Lee Bell of Odessa, grandchildren of Mr. and Mrs. Roy Bell, were visitors in the Bell home over the week-end for the rodeo. Also visiting were Mr. and Mrs. Roy Lee Bell, Jr.

Mr. and Mrs. V. E. Holt and sons and Miss Rovena Langford visited in Hamlin over the week-end with Mr. Holt's mother, Mrs. Joe Holt.

### J. T. JAMES SEEKS CONSTABLE POST

J. T. "Jimmy" James authorized the Rankin News to announce this week that he is a candidate for the office of Constable, Precinct 2, Upton County, subject to action in the Democratic Primary.

James, who operates Home Appliance Co., is a long-time resident of Rankin and is well known throughout the precinct served by the office which he is seeking. He is a member of the Rankin Lions Club and has for some time taken an active part in the Youth Program of the city, particularly the Little League, as well as in 4-H Club work.

In making his announcement, James stated that "he did not have anything to promise anyone and would make no pre-election commitments but that he did sincerely solicit the vote and support of the people of Precinct two.

Mr. and Mrs. Max Schneeman, Sr., and Susie of Ozona, visited the Boyd Cox's and attended the rodeo over the week-end.

Mr. and Mrs. Max Schneeman, Jr. and family of Big Lake attended the rodeo over the week-end.

Mrs. Carter Murphy, Mrs. Claud Hill and Mrs. Charles Hale were visitors in San Angelo last week.

HOW IT IS DONE—Pictured here is the equipment in the root plowing process being tried in the area by ranchers in the hopes of improving their land.—See story on page 4.

## Kid Rodeo Most Successful

A top show all the way. That, according to most of those who attended the Kid Rodeo last week-end, best describes the fast moving, thrill packed rodeo presented by the young cowpunchers from 7 to 16 years old.

Proving that they could perform with the best of the rodeo riders, the youngsters exhibited some fine steer riding, calf roping times that would have been the envy of many a grown man, and an enthusiasm for all events that was a crowd pleaser. One seven-year-old proved to be the best steer rider in the

junior class while an 8-year-old girl was a top contender in all events open to the girls.

By far the largest of the kid rodeos in attendance and gross receipts, the show was attended by an estimated 1600 persons including the performers and showed a gross receipt of some \$1567.67. Complete expense figures were not compiled as yet and the net profit for the 4-H Club could not be determined. All profits from the rodeo go into the clubs program for the coming year.

A breakdown of the receipts show

that \$967.90 was paid by spectators to get into the show with \$512.90 of this coming on Friday night and \$455.00 on Saturday night. Adults were charged \$1, school children through junior high 35c and all younger children free.

Entrance fees paid by the contestants amounted to \$149.77 while about 350 was taken in on the concession stand and another \$100 was grossed on sale of advertising in the programs.

Us men have been taken. They have a week for Brotherhood, a week for Birds, a week for potatoes, a week for the girl scouts, the boy scouts and the good old scouts—and a day for Father.

If they go much further on this business of establishing a week to observe such and such, they're going to have to add some extra weeks to the year and that will be the time for us fathers to see if we can't get at least one more day.

Another good thing about Father's Day is the fact that it comes around the middle of the month every year and it's a full two or three weeks before father gets the bill for his gifts.

A couple of weeks ago Johnny and Dorothy Hurst went to Florida for a spot of vacation. (Upon their return we reported that they had been to east Texas which was not all together wrong.)

Now that they are back home they have a word of advice that might be of interest to some future vacationer. They reported that it was about as hot in Florida in the summer as it is in Rankin and that all in all, they didn't see or do a thing there that couldn't be seen or done right here in Texas.

It was their general opinion that, unless you just want to say you've been to Florida, it's hardly worth the trip when you can enjoy yourself just as much in Texas.

That, in a way, proves a point that we have had in mind for a good many years and that is that Texas will someday become more conscious of the fact that there's good money for everyone in tourist business and will go after more of that kind of foreign trade. We can offer them the sea shore, the mountains, the plains, the desert, the piney woods, the big cities, the open ranches, the tropical settings and the cool northern areas. There's good fishing and there's good hunting.

There's historic sites and modern developments found nowhere else in the world. We have the best roads of any state in the west and unless we miss our guess will someday, before too long, become one of the most traveled states in the nation.

One thing underway right now that could mean a great deal to Rankin in the future for tourist trade is the effort being made to get a state park established at Horsehead Crossing and Castle Gap and, even more important, to extend a road through this area all

the way through the Big Bend country and on into Old Mexico.

This is a considerable undertaking and one that might seem a little far fetched on first glance but then who would have thought twenty years ago that there would be highways such as we have today. It is definitely a possibility that, given the proper backing from citizens of this area, a road similar to the one now under consideration will someday be built.

If it should ever develop along the presently planned route, it would begin in Rankin with the Crane road, turn west at Castle Gap and on through Horsehead Crossing, then into Fort Stockton, from there to Lake Leon, past 12 mile mesa, through panther mesa, on to Marathon and through the Big Bend and into Old Mexico.

Anytime Rankin can get on one end of a road such as that, it will mean some mighty good business

here. We saw recently where a modern executive is a man who talks golf around the office all day and business around the golf course all evening.

If that's true, there must not be any modern executives in Rankin.

# "BINGO"

(NOTE:—It is hoped that the following will clarify the stand taken by the Rankin News on publication of news or ads pertaining to Bingo, drawings, etc.)

IF IT'S A GAME OF CHANCE YOU CAN'T ADVERTISE IT, REGARDLESS OF WHAT THE AD SAYS —

An Indiana publisher has just received a warning from his local postmaster that three ads recently published were in violation of the postal laws regarding lotteries. This publisher was informed that he must not accept such ads in the future if he expects to keep his second-class-mail permit. The interesting point of this controversy is that not one of the ads referred to—directly mentioned any game of chance. However, the ads did use such terms as PARTY NIGHT, GAME NIGHT, and OPPORTUNITY-EVENT. Here's what Saul J. Mindel, Chief of the Mailability and License Section of the Post Office Department says:

"There is one type of lottery, carried on in all sections of the country with which I have no doubt everyone is familiar, namely, 'BINGO'. You have in this game the awarding of

prizes by means of chance, and most always the payment of a fee to participate in the game, so that the prizes are present all three elements of probability—chance and consideration. It has been my experience that the fact that the name BINGO or BUNCO or KENO or whatever name might be applied to the game is a lottery should ordinarily be apparent to all.

"The difficulty arises because of a misunderstanding that an announcement or advertisement of such a game is acceptable in the mails as long as full details are not included. In other words, it is believed by some if an announcement merely uses such words as PARTY or GAMES or GAME WEDNESDAY NIGHT or even just a dollar sign, that such an announcement does not contravene the law. This, of course is not the case. The matter under consideration is, in fact, an advertisement of a lottery. The omission of the scheme's details renders it none the less objectionable and unmailable."

## Hopes of Better Rangeland Held In Root Plowing

Experimenting with high hopes for a better range land, ranchers in the Rankin area have begun an operation known as "Root Plowing." Shown here is the equipment as it looks out of the ground and in action and the land after it has

been plowed. A comparison of its brush clearing abilities can be noted in the lower picture after a cut was made through heavy brush land on the Noelke Estate.

Also seen in the top picture is a planter box attachment which is used to reseed the land by planting various kinds of seed into the plowed ground. A comparison of the first and second picture gives some idea of the depth to which

the land is cultivated.

So far in the Rankin area a total of 225 acres has been plowed and another 200 is contracted to receive the "treatment." Ranchers who have tried small tracts of root plowing include Bruce McGill with 38 acres, Jeff Langford with 28 acres, Henry Neal with 80, Billy Rankin with 10 and Sam Fitzhugh 19. Ed Guy Branch and John Patterson plan to plow 100 acres each near Stiles.

In central Texas where the plowing has been going on for several years it has increased grass output on rangeland as much as 70 times its original production. In some instances as much as 15,000 acres in a ranch have been plowed in that area. With these experiments it is hoped that it will prove effective in this area and if it should, a change in the appearance of the range land can be expected in the coming years.

### GOLFERS TO ELECT NEW CLUB OFFICERS

As set forth in their constitution and by-laws, members of the Rankin Golf Club will meet on the third Thursday in June for their annual election of officers.

Meeting time has been set for 8:30 p.m. at the club house. All members have been notified by mail and are requested to be on hand.

According to rules and by-laws, all officers of the organization will be up for election along with several directors.

By-Laws of the Club concerning election of officers are as follows:

#### Article III—Officers & Directors

Section 1. The officers of this club shall consist of a President, Vice-President, and Secretary-Treasurer. The number of Directors shall be seven exclusive of the President and Vice-President, who shall be ex-officio members of the Board of Directors.

#### Article IV—Annual Meeting of Members

Section 1. The annual meeting and election of officers shall be held on the third Thursday in June of each year. (No office shall be held by one member over 2 years at one time, except board of directors)

At such meeting, the order of business shall be:

1. Reading of minutes of last membership meeting.
2. Report of President.
3. Report of Secretary-Treasurer.
4. Report of Committees.
5. Election of President and Vice-President.
6. Election of Board of Directors.
7. General Business.

#### Article VI—Election of Directors

Section 1. Directors will be elected by secret ballot by nomination from the floor. There shall be two (2) new directors elected each year.

#### Article VIII—Election of Officers

Section 1. All officers of the Club shall be elected at each annual meeting of the Club, and shall serve for such time as the By Laws allows but will be subject to removal at any time at the pleasure of 2-3 majority of the membership.

## STOCKTON WATER CARNIVAL 21-23

Fort Stockton, June 18.—"Pow-Wow on Comanche" is title of an Indian theme water and stage show which makes up the major entertainment for the 1956 Fort Stockton Water Carnival.

Held successfully since 1936, the Fort Stockton Show is sponsored by the Lions Club, with assistance from many other organizations and with support from towns all over the Southwest. Mrs. Fleeter Eason is director of the stage and water spectacle which will combine precision swimming, diving, exhibitions, dances, music, and novelty comedy acts.

The beautiful Comanche Springs pool is the setting for the show, which also features a bathing revue each of the three nights—Thursday, Friday and Saturday, June 21, 22, and 23.

Smaller beauties from Ft. Stockton will parade Friday night, with the senior entrants competing Friday night for the "Miss Fort Stockton" title. Saturday night will feature the annual "All-Southwest Revue," with entries from a wide area of West Texas and New Mexico expected.

The annual Water Carnival Parade will be staged Saturday afternoon at 4:30 and contestants in the "Miss Southwest" will be invited to

### 4-H ROUND-UP

Six girls, their adult leader, and agent received certificates of completion in one of the Short Courses offered during the 4-H Round-Up held last week at College Station.

The certificates were awarded at the close of the 12 hour courses to: Joan Lucado, Patricia Fell, and Myrna Holman in clothing; Mary Alice and Joyce Skains in foods and nutrition; Jacquelyn Lucado in Home Management; Sharon Reynolds in Recreation; and Mrs. C. A. Skains in the role of the 4-H leader.

In addition to the Short Courses the girls took part in many other interesting programs and activities

ties under the general Round-Up topic of "Improving Family and Community Living." These included an address by Edward V. Pope, Specialist in Child Development and Parent Education from the Federal Extension Service, Washington, on Mental Health. One of his challenges to the young people was "Do you have a concern for something which is much bigger than yourself? Are you afraid to admire things, enjoy the beautiful, show gratitude, say 'Thank you?'"

The Share the Fun Festival was given one night consisting of the best act from each of the twelve extension districts which had been planned and given by 4-H members. The last evening's entertainment at the Kyle Field Stadium was a Chuckwagon Dinner and a professional variety entertainment sponsored by the Sears Roebuck Foundation.

An outstanding feature of the Round-Up was the emphasis given the heart H as a special feature of the first night program and vespers each evening. Dr. Sterling Price, University Baptist Church,

Abilene, gave the Tuesday evening address on the Four Folds Development represented by the four H's. Dr. Price used his points and held the attention of the over 1900 attendants throughout.

Vesper services conducted by 4-H members each evening's session. These were "The Story of Your Life," "The Church, the Center of

The new Bel Air Convertible—one of 20 sassy-styled new Chevrolets

Want to take the wheel of one of America's few great road cars? Want to send pleasant little tingles up and down your spine? Then hustle on in and try out a new Chevrolet V8!

Now showing—the happiest "double feature" of the year! One part is bold, new Motoramic styling. The other is record-breaking V8 action.

Hollywood has a heap of words that describe it: colossal, stupendous, magnificent. We'll settle for just the name—Chevrolet.

Because once you've driven this sweet-handling showboat, the ad-

jectives will take care of themselves. Horsepower that ranges up to 225 makes hills flatter and saves precious seconds for safer passing. And the way this Chevrolet wheels around tight turns would gladden the heart of a dyed-in-the-wool sports car fan.

Stop in sometime soon and highway-test this new Chevrolet.

The Bible - Best Gift To Mankind

**BACK TO THE BIBLE**

Success in any walk of life depends upon our ability to see that which is unseen and work to make the picture a reality. A successful business man must first visualize his business and then sacrifice to make that business a reality. A successful inventor must picture a needed tool or instrument in his mind, then devote his life to the goal of making the picture a reality.

God looked upon fallen man and saw man as he could be—as he should be—a holy immortal being. He gave His only begotten Son, who took upon himself the form of man and died upon the cross for the fulfillment of that picture—the redemption of man. If we will assemble each Lord's day and approach the communion service visualizing, not the bread and fruit of the vine, but the body and blood of a man, who is both man and God, being sacrificed upon the cross for a cause, and then determine to devote our lives to the fulfillment of that cause, the worship will have been of value both to ourselves and our Lord.

**KID RODEO —**  
(Continued from front page)

that are always heard around rodeos was the one being circulated this week on the ticket sellers, Ed Guy Branch, Ralph Windham and Allen Moore.

It seems that Branch knew most of the ranchers and visitors who were attending the show and would stop their cars as they entered the gate and inquire as to their health, their livestock, their ranchland, their kinfolks and any other bit of gossip that might be of interest. This was reported to have created quite a traffic jam as cars tried to get through the gate.

Allen Moore, a man who is said to be in favor of getting the dollars together and doing a little less visiting, could not resist the opportunity to move down the line of cars, selling tickets and collecting the money. Ralph Windham, who seemed to be the referee in this part of the show, says that at one point Branch was talking to so many people at one time that he had cars backed up clear to highway 67 and that Moore was down there selling tickets.

In fact, he claims that at one point Moore stopped a man driving from Big Lake to McCamey and sold him a ticket to the Kid Rodeo.
