### LOCAL SANTA FE CAR LOADINGS UP

R. L. Bell, Santa Fe station master in Rankin, reported this week that a sharp increase in car loadings of gas has been recorded at the local depot. Thus far in August, they have shipped some 250 cars

In May and June, loadings were down to about 2 cars per month. An increase was noted in July with the August shipping expected to go even higher.

Most of the shipments are being made by the refineries in the North eastern part of the county.

# ABSENTEE VOTING **ENDS TUESDAY 19**

Absentee voting for the August 23rd Runoff election will end at midnight, Tuesday, August 19. All ballots postmarked or cast at the office of the county clerk at the courthuose in Rankin prior to that date will be counted in the Second Democratic Primary.

As of noon Wednesday, August 13. some 78 absentee ballots had either been cast or had been mailed out. 167 absentee ballots were cast in the first primary on July 26.

Any qualified voter who will not be in the county or who is physically unable to go to the polls on election day, August 23, may vote by absentee. Ballots can be secured at the county clerks office either by appering in person or by making written application.

Three races will be decided in the August 23rd Runoff. One will be a state-wide contest for a Supreme Court position while one will decide the State Representative's seat for the 102nd District composed of Midland, Upton, Crane and Pecos

The third race will be the county judge contest in Upton County and is the one presently drawing the most attention.

Voting is expected to be light since only a little more than 1400 Upton ballots were cast in the first round in July with run-off elections usually only drawing about 75 per cent of the votes due to a lack of interest.

THE REPEATER-

When television first came out and started getting some of the newspapers' advertising, the boys in the news business got together and decided to use the same weak points of television in combating the loss of advertising that they had used against radio rather successfullynamely that you could pick up a newspaper and read it anytimeeven a year or so later whereas TV and radio were only heard one time and that was that.

Well, we newsboys are 'gonna hav'ta think up something new Anybody who has tried to watch television for the past month or so knows that some of those programs have not only been on the air once but a haf-dozen times.

We've watched Mr. Dillon perferate the same pole cat at least three times this summer and he still keeps coming back for more. If you missed a program the first likely be back any day now.

Now we're pretty sure that Joe did go to Chicago since his family was with him and he would not likely make any side trips with them along to keep an eye on him-and they all had a mighty big time-but Joe is not the president-elect of the Rankin Lions Club. That spot will be filled next year by A. E. Ivy.

In the past it has been the cusacter, reputation or standing of any ton of the incoming president of firm, individual or corporation will the club to attend the convention be gladly corrected upon being cal- and when we learned that Joe was led to the attention of the publi- going, we naturally thought he was the boy tabbed for the job. Had we known that a fellow businessman like El Mayor was the incoming president, it would have stood to reason that he couldn't afford to attend a convention in Gurvinmuch less Chicago.

We've always heard that the cementing business was the place to go to gather in the loot and that may or may not be so but we do know for a fact that if things get much slower around here, a bunch of local business men couldn't afford to attend their own funeral if one of 'em should die.

#### BACK COPY-

Last week we had occasion to be looking through some of our back issues of The News and ran across a bit that might fit in well in this election year even though it is about over. Here 'tis:

"There is need for a change in the office of County Attorney because it is an unwise practice to leave one man in an elective office too long. Politicians too long in office are prone to forget who is boss and to become lax in the performance of their duties. You and I have seen it happen all too often that a man who has been feeding at the public trough for a long time scarcely knows, or seldom sees us until just before election. I shall never seek more than two terms, and you may keep a copy of this announcement as my written guarantee that I will not seek more than a second term. time-just keep watching for it will If I prove to be any good, I'll be entitled to a promotion, otherwise I should get out. . . . . "

So said Steve Preslar when he ran Since we always like to do things for county attorney in May of 1954. We agree with Steve that there

it's about time to make a correction are office houlders who forget from is boss and who seem to become trough and eat. Upton County has some mighty fine public officials who have held office for a number of years and who always have done and are still doing a good job. The public knows who they are just as well as they should know those who need replacing.

We have always admired Preslar for telling everybody just where he stood on this matter and stating flatly that he would not seek more than two terms-which he has not done. The fact that he has served what will be more than four years is due to the amendment to the State Constitution which extended the office to four-year terms and which was passed after he was elected for a second term.

Mr. and Mrs. J. E. Cunningham and family spent the weekend in Brownwood visiting relatives.

# Walker-Welling Vows Upton 4-H Girl Is

A second honor in one week has come to Pat Fell, active 4-H club member and junior 4-H leader from McCamey. Pat was chosen to represent the district at the fourth annual state 4-H council workshop held in San Marcus the

Pat has been a member of the district council for the past year and was recently chosen co-chairman for the coming year. At the state workshop were 24 delegates one boy and one girl from each of the twelve extension districts. During the week these young people exchange ideas on 4-H programs and consider ways to develop more effective 4-H work on a county, district and state level. State 4-H leaders, extension specialists, and representatives of the United Gas Co. who sponsor the workshop, will work with the young people.

Joyce Skains, another McCamey 4-H member and vice chairman of the district council had originally been chosen as representative to the workshop. When she moved from the district in June, Pat was chosen from the 15 council members to be her successor. Joyce was signally honored in her new district when she was chosen to represent them at the state workshop when their representative was unabe to go. The choice of such a new member in the district speaks well for Joyce's ability and leadership training.

Part of the fun Pat was looking forward to when she left for the state meeting was a reunion with Joyce and an opportunity to catch up on the 4-H news from the two districts.

SIMPLE HONESTY AND INTEGRITY

# What About Permian?

So they want to talk about that Permian Countythat dream county they want to carve out of Pecos and Crockett Counties-filled with oil wells and happy citizens-and leaving the other two counties without one of their major sources of revenue-revenue on which their future had been planned and pledged. They keep saying Andy Anderson wouldn't introduce the bill in the Legislature to creat the new county-and they are right. Andy Anderson did not introduce the bill-just as no other member of the Legislature would introduce it-although approached repeatedly by members of the so-called Trans Pecos Development Association. Andy Anderson will not introduce such a bill-just as few legislators would vote for it—because it would place a new and staggering burden on the taxpayers—a million dollars for a new courthouse, another half million a year to run it. Simple honesty and integrity will not permit him to do so. It's simply a situation where good judgment and experience must prevail over easily dropped promises and pledges to attract a few votes and please a small group. Andy Anderson promises and pledges only to continue to honestly, and with increasing influence in Austin, represent the good people he has served so well during the last four years.

Representative Louis Anderson has been a resident of West Texas for almost a quarter of a century and heads a successful accounting firm in Midland. Going to the Legislature four years ago, he has grown steadily in influence and prestige, serving now on such important committees as Oil, Gas and Mining; Highways and Roads; Banks and Banking; and Claims and Accounts.

# TEXAS CHAMPIONS OF FREEDOM JAMES BOWIE

### Defender of Lone Star Liberty

Like so many heroes of Texas legends, Jim Bowie was no peaceable homebody. He was born for adventure, and lived to write his name indelibly in Texas history, as one of the defenders of the Alamo.

He came to Texas in 1828, trailed by tall tales of derring-do . . duels . . smuggling forays with pirate Jean Lafitte . . free-wheeling speculations in lands. riding alligators. In Texas the Bowie legends grew..his long lost Spanish mine . . a Colonel of Texas Rangers . . Indian fights . . marriage to a high-born Mexican girl and her tragic death.

But when the critical hour of Texas independence came, Jim Bowie was on hand . . as a leader at the battle of Concepción, the Grass Fight, the siege of Bexar. And when Wm. B. Travis reached the Alamo with the regular army troops he found Jim Bowie commanding the volunteers. Together these two champions of freedom in Texas faced Santa Anna's final charge on March 6, 1836.

Today Texans still demand and get their right to choose the way they want to live. In this vigorous and freedomminded homeland . . "Beer Belongs" and this is why the United States Brewers Foundation works constantly, in conjunction with brewers, wholesalers and retailers to assure the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interests of Texans, the Foundation stresses close cooperation with the Armed Forces, law enforcement and governing officials in its continuing Self-Regulation program.

#### THOA CONVENTION

Mrs. V. B. Duncan of Big Lake and Mrs D W Boswe , . McCamey ar enresen ing Reagan and Upton Home ) menstration Clubs at the 32nd armual meeting of the Texas Home Demonstration Association being heid at the Aust a Hotel in Austin Wannesday through Fri-day of this week.

The purpose of the annual meeting is to transact the business of the Association, provide the opportunity for the elected delegates from each county to participate in the meeting, review achievements, and make recommendationts to clubs on a program of work for the next

Workshops in the six committees through which the association does give each woman an opportunity health and safety, recreation, citizenship, education, civil defense, and 4-H.

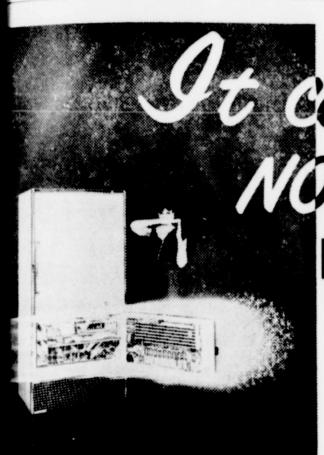

The Texas Home Demonstration Association is a federation of home demonstration clubs, organized at The Farmer's Short Course, Texas A and M College in 1926 for the purpose of giving the women training in parlimentary procedure and providing a scholarship for a deserving 4-H club girl. Their purpose and program has been much expanded since that time.

The membership consists of wo emn's home demonstratiod clubs though work is carried on by a county home demonstration agent of the A and M College. There are 1,800 clubs in the state and approximatey 33,000 members.

#### THE WEEK AHEAD

Our schedule is surprisingly free of scheduled meetings for the week but it seems to have a way of getting filled up before the paper gets out. We hope to work with groups of 4-H girls on their records, due in the various contests on September 1.

Mr. and Mrs. Pete Brown of San Angelo visited over the week end with her mother .Mrs. J. W. Garner.

NO DEFROSTING

FRIGIDAIRE

OST-PROOF FOOD KEEPING - WHERE YOU NEVER DEFROST AGAIN

In the Flowing-Cold Refrigerator...

wing Cold means super-fast, more uniform chilling for all your foods no matter where you store them - in the refrigerator ion or on the door — regardless of outside temperatures.

Flowing Cold means no more frost! Here's how it works:

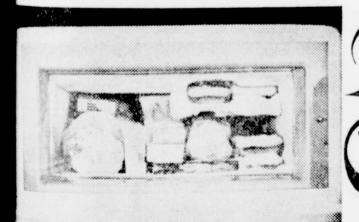

fresh warm air enters the refrigerator section every time you open the door — and is drawn by a fan up and over the hidden Refrig-o-Plate that cools it and removes the excess moisture after which it comes back in at the top as Flowing Cold.

of all, the moisture removed is evaporated automatically re's nothing you have to do!

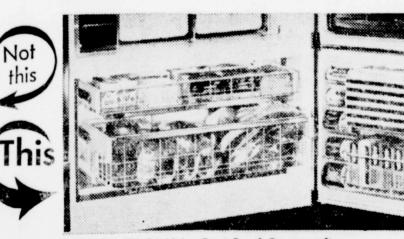

Completely new and revolutionary - completely different from so-called "automatic" defrosting systems. Frigidaire patented Frost-Proof Freezing actually whisks away heat and moisture before frost

Frost-Proof Cold enters at the top, rear, cooling and removing moisture from the entire freezer. Then this warmer, moist air is drawn out of the freezer across sub-zero freezing plate underneath and completely separate from the freezer, where the air is rechilled, changing warm air into dry, sub-zero Frost-Proof Cold!

And the moisture, of course, evaporates automatically. Frost never accumulates on freezer walls or on food. No more chipping, scraping at a stubborn ice crust. No more melting frost, no more pans to spill!

FROSTED-UP! Ordinary freezer chest after 30 days. Everything has liberal coating of frost! Some types demand do-it-yourself defrosting. Others apply electric heat to freezer to melt frost. Sometimes frost water drips down on food — refreezes on packages. Foods may thaw, then refreeze - lose flavor and vitamins!

FROST-PROOF! Frigidaire Frost-Proof Freezer after months or even years! Not a whisker of frost in sight! The secret is a new kind of circulating cold — dry, subzero cold — that's hungry for heat and thirsty for moisture. Carries away warm air and moisture before frost can form! Freezes foods faster — keeps them
