

Curtain Rises On Football Season Friday

FRIONA'S CHIEFS for 1961 open the season Friday night against Farwell. Squad members are, front row, left to right, Tommy Baxter, Freddie Beaty, Hank Outland and Danny Black.

Second row, Donald Bushy, Dwight Bates, Numan Loanman, Gary Jackson, Angel Aleman, and Mike McKee. Third row, Bill Adams, assistant coach, Glenn Herring, David Carson, James Perkins,

Mickey Wilson, Max Reeve, Gary Renner and Larry Moorman, manager. Back row, Vernon Scott, assistant coach, Ranza Boggess, Reggie Hayes, Everett Gee, Floyd Reeve, Gary Snead, Ronnie Awtry, and Kenneth Miller, head coach.

Tough Farwell Is Chiefs Opponent

The curtain rises on the 1961 football season Friday night when a young, inexperienced Friona Chief team plays host to a big, powerful Farwell eleven at Chieftain Field in Friona.

Once touted as Parmer County's answer to the Oklahoma - Texas gridiron feud, this year's contest will probably be minus the lustre of games in year's past when it was almost impossible to pick a favorite.

In the two teams that will take the field at 8 p. m. Friday, on paper at least, the two teams are as different as night and day.

The Steers, riding the crest of the best five-year won-lost record of any football team in the Panhandle, this year are expected to be as tough as ever.

There are some inexperienced men in key spots on Coach Dempsey Alexander's Farwell squad, and some big question marks prevail as the season opens, but the overall balance and depth of the squad is about the best it has been in several seasons.

The Steers, with 14 lettermen and 6 starters back from a team that posted a 9-3 record last year, have been ranked by the Fort Worth Star Telegram as the No. 5 Class A team in the state.

On the other side of the ledger, the Friona Chiefs, after a dismal 1-9 season last year, are on the bottom with only one direction to look--and that's up.

Coach Kenneth Miller, who moved to Friona from Groom this year, is having to start from scratch in a rebuilding program. And, as the season opens, the youthful Chief mentor admits that he has a long way to go.

One of the biggest problems for Miller

during early season workouts has been to stimulate enough interest to field two squads. When drills opened August 14, he greeted only 13 players.

The number had increased to 26 by Monday of this week, but five players, including two probable starters, quit football, leaving the coach with only a 21-man squad.

On the Friona team are only three starters from last year's squad. They are Max Reeve, 160-pound junior tackle; Gary Snead, 156-pound senior end; and Floyd Reeve, 150-pound senior quarterback.

The rest of the squad is young, comprised of mostly sophomores and juniors, and it is thin in places.

On the other hand, the Farwell starting lineup is made up of seven battle-tested seniors, two juniors, and two sophomores.

The Farwell starting line will weigh 172 pounds, compared to 150 for the Chiefs, and in the backfield the Steers will outweigh Friona 160 to 145.

One point in the Chiefs favor will be that Farwell will be playing without the services of its all-state fullback candidate, Jerry Lovelace, 180-pounder, who suffered a broken hand a couple of weeks ago.

However, Lovelace will be available for kicking chores and possible other limited duty.

Commenting on the game, Coach Miller said it was up to Farwell. "They can beat us about as bad as they want too."

He said that the boys who were out for football had been working hard and he was

(Continued on page 2.)

Maize Days Takes Shape

Deadline For Queen Contest Is Thursday

"Things are shaping up wonderfully," was the way J. C. Claborn, one of the directors of Friona Maize Days, sums up plans for the annual celebration, slated for September 14-15-16.

A complete schedule of events has already been worked up, and committees of various events are pushing forward with plans for the celebration, Claborn says.

Seven Friona businesses had submitted entries for the queen's contest by Tuesday, according to Mrs. Eva Miller, chairman of beauty pageant.

Deadline for submitting entries will be Thursday, September 7, and Mrs. Miller urges all businesses to pick their candidates and submit entries as soon as possible.

An entry fee of \$7.50 is being charged and all high school age girls are eligible to compete. The contest will be at 8 p. m. Thursday, September 14, in the school auditorium.

All contestants will have to appear in two costumes, a bathing suit and long formal and corsages will be supplied by the sponsor.

A black and white picture must be submitted with each entry.

All contestants are to come to the Methodist Fellowship Hall at 5 p. m. next Thursday, September 7, for further information, Mrs. Miller says.

Shave permits have been selling pretty good, according to a representative of the sales committee, and all persons who have

not yet purchased one are urged to do so.

The committee is still debating whether to set up a jail or a horse tank for all persons not sporting a beard or a shave permit during the Maize Days week. "We may have both," says one of the members.

All events planned for the celebration, and the time they are scheduled to take place, are as follows:

THURSDAY, SEPTEMBER 14

8 p. m.--Queen's contest and beard growing contest, Friona High School Auditorium.

FRIDAY, SEPTEMBER 15

6 a. m. to 9 a. m., Breakfast, Rainbow Girls, Congregational Church.

10:30 a. m.--Parade

11:30 a. m.--Lunch, Methodist Ladies, Fellowship Hall.

2:30 p. m.--Kids contest, park area.

4 p. m.--Tractor rodeo, park area.

5 p. m.--Bar-B-Que, "FREE," city park.

8 p. m.--Football game, Friona vs Morton, Chieftain Field.

SATURDAY, SEPTEMBER 16

6 a. m.--Fly-in breakfast, Bengel Air Park.

8 a. m.--to 10 a. m.--Entertainment, Bengel Air Park.

STOCK SHOW, JAYCEE ARENA

10 a. m.--Beef and crop judging

11 a. m.--swine judging

12 p. m.--Lunch

2 p. m.--Sheep judging

TEN CENTS

THE FRIONA

STAR

14 PAGES

VOLUME 38, NUMBER 48

SECTION I

★ Star Needs Your Help

In conjunction with this year's Maize Days celebration, the Friona Star will again publish a special edition.

This year's paper will carry several stories on grain sorghum in Parmer County, its history, methods of harvesting, and what the crop means to this area.

"To assist us with carrying out the grain sorghum theme, we would appreciate receiving old pictures of maize fields and harvest methods of years past," says Richard Hapke, editor.

All persons having pictures which they think might be of interest to Star readers, are asked to contact the newspaper. All pictures submitted will be returned.

Winter Leagues Start Next Week

The winter bowling season at Friona Lanes is scheduled to start next week, according to Ed Hicks, manager.

The bowling alley is still signing up players and teams for the winter season "and we will continue to do so as long

(Continued on page 2.)

Football Contest Begins This Week

Ten Friona businesses have teamed up this year to sponsor the third annual football contest, which has as its grand prize two tickets to the Cotton Bowl game on January 1.

Weekly cash prizes will be awarded to the winners, \$5 going to first place, \$3 to second, and \$2 for third.

A page ad in this week's issue of the Star carries the details of the contest, which this year has two new features.

One of the new features is a weekly forecast by one of the top national football experts, Joe Harris.

Each week during the college football season, the Star will carry Harris' picks, thus permitting Friona's armchair quarterbacks to match wits with a professional.

Also, in this year's contest, Friona fans will be able to vote for the Friona football player of the week.

Each week, a picture of the player receiving the most votes will be printed in the paper. The player receiving the most votes during the year will be awarded an engraved plaque at the end of the season.

Friona merchants sponsoring the contest will buy the tickets,

for the Cotton Bowl games, one night's hotel lodging and give the winner \$55 for expense money.

To Open Bids On Country Club Building

The board of directors of Friona Country Club will meet tonight for the purpose of opening bids on the new club building.

"We will decide whether or not we can construct the club according to present plans and specifications," says Andy Hurst, president. Future plans will be made accordingly.

The directors will also discuss plans for operation of the club building, and they will probably set a date for a general membership meeting in the near future.

Currently underway is another membership drive, in which the directors are hoping to acquire an additional 25 memberships.

(Continued on page 2.)

Grand Jury To Convene Tuesday

The fall session of the Parmer County Grand Jury is scheduled to convene Tuesday, September 5, at 10 a. m. in the county court house at Farwell.

Sixteen jurors have been summoned by Sheriff Chas. Lovelace, and up for review will be 20 criminal cases.

District Judge E. A. Bills will preside over the session and he may try several cases, in which the defendants plead guilty, after the jury winds up its activities.

A criminal jury will probably be summoned at a later date, as will a petit jury for several civil cases which are pending, Lovelace says.

County citizens who have been

(Continued on page 2.)

Dollar Day Is Tuesday

Because Monday is Labor Day, the monthly Friona Dollar Day has been changed to Tuesday, September 5.

Star readers are asked to keep this in mind when reading the various dollar day ads in this issue.

Revival Starts Sunday

A week-long revival is scheduled to begin this Sunday, September 3, at First Baptist Church and continue through the following Sunday, September 10.

Larry Taylor, evangelist from San Antonio, will do the preaching, and Bill Burton, local pastor, will direct the music.

Services will be daily at 10 a. m. and 7:30 p. m., and prayer meetings will be conducted 30 minutes prior to each night service.

Extensive plans have been made for this

revival, Bro. Burton says, and everyone is urged to hear this young man, who is widely known. Taylor has conducted revivals at Southern Baptist Churches throughout the United States.

The evangelist will give his life story of how Christ changed his life. "A product of a broken home, and left to all sorts of evil environment, Larry Taylor has devoted his life to help others avoid this type of existence," Bro. Burton says.

City Okays Budget, Hikes Salaries

Friona's city commission Monday night approved a \$166,705 budget for the fiscal year starting October 1, 1961, and ending September 30, 1962.

Included in the budget will be a salary raise for eight city employees. The pay raises, which go into effect October 1, were about five per cent for each employee and they ranged from \$10 to \$36 a month.

All of the city employees, including the city manager, clerks, and water and sewer system workers, received salary hikes. Members of the police department, who received pay raises a short time ago, were the only ones not receiving a raise at this time.

The \$166,705 budget for the coming year is about \$10,000 below the budget of a year ago. However, the actual expenditures during the past year were only \$164,000, thus making the new budget slightly higher than last year's expenses.

Reason for expenses last year being a little lower than the proposed budget was that the purchase of a new fire truck, and several planned water and sewer improvements, were not made, says Albert Field.

The new fire truck and proposed water and sewer improvements have been included in the new budget, however.

Proposed expenditures for the year are as follows:

ADMINISTRATION--Salaries, \$7,380; city attorney retainer, \$900; corporation court judge, \$600; office supplies and postage, \$750; city hall maintenance, \$400; automobile expense, \$500; telephone, \$250; utilities, \$580; audit expense, \$300; recording and legal, \$250; election, \$100; insurance and bonds, \$1,670; miscellaneous, \$500; and capital outlay, \$112. Total--\$14,180.

POLICE DEPARTMENT--Salaries, \$10,968; uniforms, \$300; materials and supplies, \$200; gas and oil, \$1,700; maintenance of equipment, \$800; telephone and telegraph, \$210; travel expense, \$100; and miscellaneous, \$100. Total \$14,378.

FIRE DEPARTMENT--Firemen's call fees, \$350; firemen's water bills, \$1,900; materials and supplies, \$350; maintenance of equipment, \$450; gas and oil, \$200; insurance, \$187; conventions and training, \$550; miscellaneous, \$200; and capital outlay, \$1,900. Total \$6,087.

STREET FUND--Salaries, \$3,970; materials and supplies, \$1,000; maintenance of equipment, \$850; gas and oil, \$550; street lighting, \$4,000; and capital outlay (street improvements and equipment), \$7,586. Total--\$17,876.

SANITATION--Salaries, \$9,735; maintenance of equipment, \$500; gas and oil, \$700; chemical and sprays, \$1,350; miscellaneous, \$200; and capital outlay, \$71. Total--\$12,485.

PARK--Salaries, \$850; supplies and expense, \$300; and capital

outlay, \$1,000. Total--\$2,150.

CEMETERY--Salaries, \$700; material and supplies, \$350; cemetery association, \$700. Total--\$1,750.

Anticipated revenue for the year is \$60,630 from ad valorem taxes, \$75,920 from water and sewer fees; and \$25,140 from miscellaneous sources.

This is a total revenue of \$161,690, about \$5,000 less than the proposed expenditures.

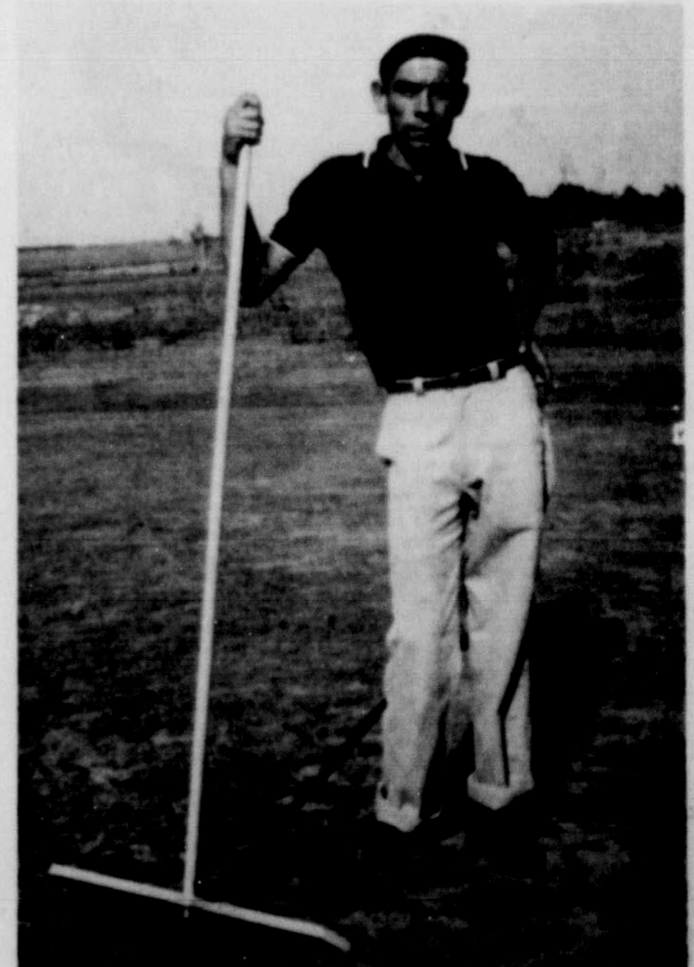

However, the city will have a carry over of \$36,787 from the past year, making the total available funds for the year \$198,477.

The city lowered the tax rate at a recent meeting from \$1.35 per \$100 valuation to \$1.30. If everything goes according to plans, the rate may possibly be lowered another five cents next year.

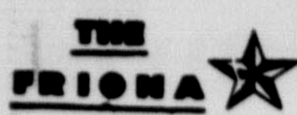

Ad valorem taxes for the year will be raised on a property valuation of \$4,812,130 an increase of about \$4,000 over last year.

The breakdown of taxable property in the city is \$3,714,180, real property; and \$1,097,950, personal property.

Amount of money, \$60,630, which the city anticipates raising from ad valorem taxes, is based on estimated 95 per cent collection.

BEFORE THE GOLF CLUBS one must first learn to use this long stick. At least, that was the story this week for Joe Coronado, newly-hired golf pro at Friona Country Club. Coronado started to work Monday and one of his first duties was to get the greens in shape on Friona's new nine-hole course. Coronado and several workmen were putting sand on the greens in an attempt to make them level.

The Crucial Years

This week, a record number of students enrolled in Friona Public Schools.

It is doubtful whether or not all of the students who will be attending classes at Friona this year are aware of the opportunity awaiting them as they go about their day-to-day activities.

Right now is a good time to remind them, as Harold Hudson of the Ochiltree County Herald recently stated in his newspaper, "that high school youngsters have an opportunity to secure something priceless--an education."

The Perryton publisher went on to say that "Every year there are boys who quit high school in order to go to work and earn a pay check to buy a car, and to do thousands of other things that young boys dream about. This is fine, for a while, but later on, every boy who quits high school wishes fervently that he hadn't."

"Right now, among the nation's unemployed, it is the young, unskilled man who is out of a job. It is this young, unskilled boy who was first to lose his job."

"The boy who quit high school because he was fed up with school is now only an unskilled worker, of which the county is full. Education is provided free for all. It is sheer folly to turn it down."

This advice to high school students in Perryton couldn't have been more sound, and we go along with Mr. Hudson in his attempt to point out the need for acquiring an education.

At no time in the history of this country has an education been more vital, and at no time has one been as easy to acquire as it is today, what with one of the finest public school systems anywhere.

We hope that youngsters who are giving serious thought to dropping out of school, or

who are attending only because "it's something we have to do," will give serious thought to the opportunity that awaits them at school.

We also hope that parents from time to time will stress to these children the need for getting the very maximum benefit from the textbooks they now have in their possession.

The nation is in a critical period in history, and for the youngsters, the school years are equally as critical.

There is unemployment in the U. S. and we think Harold Hudson hit upon probably one of the chief reasons for it. At the same time, along with this unemployment, the nation now has a dearth of qualified, competent teachers in almost every field of endeavor.

Whether it be science, government, business or what have you, there is today a real shortage of persons capable of answering the challenge.

The country's young citizens, who are now enrolled in school throughout their country, have in their hands the power to fill this dire need.

With a little effort, and dedication to the task at hand during these crucial years, the period of development, we think that today's students will be able to meet the challenge ahead.

Maize Days--

4 p.m.--Drawing on trailer, sponsored by firemen, city park.
8 p.m.--Football game, Jaycees vs. Boosters Club.

During the three-day celebration, Lone Star Amusement Company of Amarillo will have rides at city park. Also, various clubs and organizations will have booths.

Open Bids--

The club membership now stands at 102 and the new ones are needed to raise the necessary funds for all of the proposed costs of the club house and golf course.

"We don't want to start off in debt," Hurst says. "Therefore, we need the new members before we can complete the project."

The club this week hired Joe Coronado of San Angelo, as the golf pro.

Coronado, who will be a working pro, in charge of golf course, comes to Friona from Guyton, Oklahoma, where he recently helped build a nine-hole course.

Coronado also helped build a course at Crane, Texas, and has previously served as a golf pro at Clovis and other cities in the area.

In addition to his other duties, the new pro will give golfing lessons as soon as the course is ready for play.

Coronado and several workmen were putting sand on the greens this week in an attempt to get them smoothed down and ready for play.

"The course could possibly be ready for limited use in about three weeks," Coronado says. He pointed out that it won't be in tip-top shape by then, but it should be in good enough shape that local golfers can enjoy playing.

Winter Leagues--

as possible," Hicks says. It was reported in last week's Star that the deadline for signing up for league was September 1. This was erroneous, Hicks says, "and the lanes will do all possible to see that everyone has a chance to bowl in a league."

Schedule for the winter season can be found in an advertisement elsewhere in the paper.

Grand Jury--

summoned to appear on the grand jury are DeWitt Precure, E. A. Parham, and Lee R. Mason, Route 1, Muleshoe; C. M. Coffey, Elmer Scott, J. T. Ford, Clarence Meeks, and Elmer Hargrove, Farwell; Ralph Smith, Carl Schlenker, Douglas Connelly and Fern Barnett, Friona; Gene Smith, Lazbuddie; Edmond Kitten and Leon Billingsley, Oklahoma Lane; and Vernon Jamison, Lariat.

E. H. and Doyle Cummings of Cummings Farm Store spent several days the first of the week attending to business at Jal, N.M.

Mrs. Ella Faye Holcomb and daughters, Peggy and Phyllis, and Harold Balls were weekend guests in the home of Mr. and Mrs. Jerry White at Amarillo. Mrs. White is the former Elaine Holcomb.

HUB HOME DEMONSTRATION Club members are displaying a red and white quilt they have made to be given away Saturday, September 16 to the person holding the lucky ticket drawn on that date. There are 192 blocks and approximately 200 names dating back to 1902. Tickets will sell for \$1.00 each and any one wanting to purchase a ticket may contact club members. Tickets will also be sold at their booth during Maize Days. Pictured are Mesdames Jack Shirley, John Hand, W. E. Stringer, Rene Snead, John Renner, Jack Tomlin, T. I. Bursleson, A. L. Black, Buck Fallwell and Wes Long.

Football Season--

expecting them to improve as the season progressed.

The Chiefs have had three scrimmages to date, against Bovina, Springlake and Happy. "We didn't look too good against Bovina, our first scrimmage, but we looked better against Happy and Springlake," the coach said.

Probable starting lineups for the two teams are as follows:

FRIONA CHIEFS

Something To Think About

6th, Street Church of Christ
Box 515 -- Friona, Texas

quite the contrary. Notice John, chapter eight. Jesus said that many of the Jews "believe on him" (Vs. 30) but refused to do his will. Consequently he said that they were still "of their father the devil." (Vs. 44) They believed, but they were without hope.

Perhaps you recall the case of "certain disciples" mentioned in Acts, chapter nineteen. They not only "believed" but had been baptized. They had avoided the pitfall of "faith alone" only to be ensnared in another of equal danger. Their baptism was all wrong! It was the baptism of John rather than the baptism of Christ. They had not received the Holy Spirit, their sins had not been remitted, and they too, were still without the approbation of God.

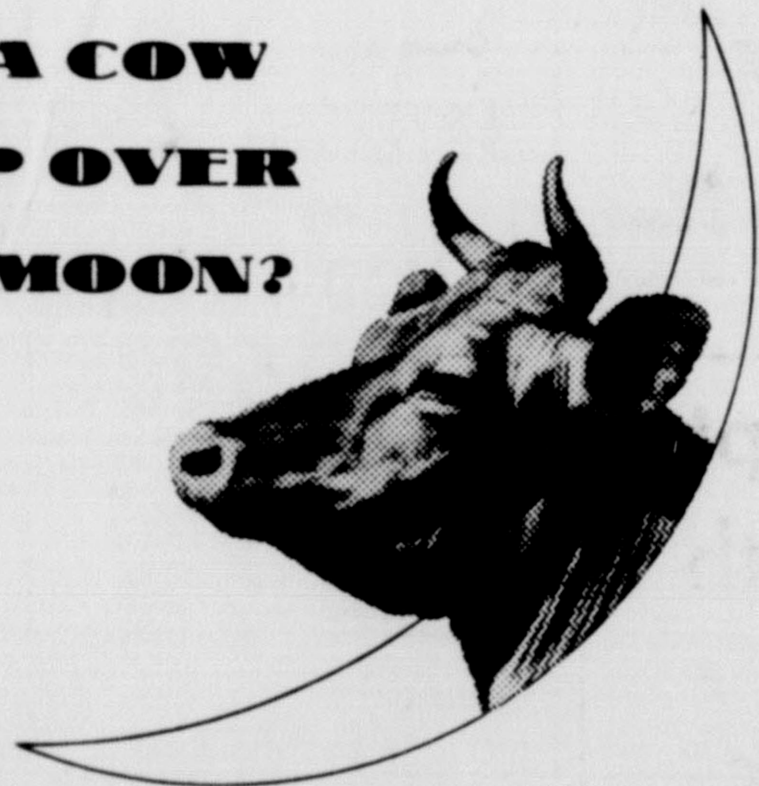

There is only one way to define the saving faith of the gospel of Christ. It is an obedient faith. The "certain disciples" mentioned above is a good example; when they learned that the baptism of John was no longer acceptable unto God, and that only the baptism of Christ offered forgiveness of sins, they responded immediately and without further question. This is the kind of faith that "doeth the will of God" and is the only kind of faith that pleases Him.

An old Indian stood on the top of a hill with his young son, looking over a beautiful valley below them. After a period of silence, the old Indian spoke: "Some day, my son, all this land will belong to the Indians again. Paleface all go to the moon."

A GOOD RULE
It is a good and safe rule to sojourn in every place, as if you meant to spend your life there, never omitting an opportunity of doing a kindness, or speaking a true word, or making a friend.

The little city boy was on his first real vacation with his father. The two were hiking in the mountains when daddy pointed out a brilliant rainbow. "It sure is pretty," said the youngster. "What's it advertising?"

CAN A COW JUMP OVER THE MOON?

We are 'most ready to believe even that, in view of some of the business hurdles which resourceful local farmers have cleared. We know about those, because we've helped with many of them—supplying credit, at low cost, to finance sound needs.

come to church sunday

Light is a very marvelous thing. Light dispels the darkness, not only physically and to the eye, but also in the realm of the mental and spiritual. Wouldn't it be a sad thing if we had to live continually in a world of darkness? Many today have to do this very thing, physically they are blind and cannot see God's beautiful world and all of its glories. Many today are living in a spiritually blinded condition, not being able to perceive the wonders of spiritual perception. Darkness cannot comprehend, or drive out, the light of God's truths. Also we find in God's Word that men do not put a candle under a bushel but on a candlestick, where it may give forth its beneficial light.

The story is told from the last war of the training our truck drivers received. They were taken out on steep, winding roads in the darkest night. The drivers were carrying a full complement of equipped men. All lights were forbidden, save a very small slot in the rear light which guided the following truck. "Just think," said the first driver, "if I should miss the road ahead, the driver right in back of me will follow my light right down the precipice, and all will be lost."

Vision is clear when a clear light is given. Pure lives are lived in the Light of His Word. Sin reigns and abounds in the darkness. "Let your light so shine that they may see your good works, and glorify your father which is in Heaven."

Friona's Future Citizens

This is the last in a series of pictures of Friona's Future Citizens. The pictures were taken recently by Winston B. Lucas, Photographer, for a children's photo contest.

These three young citizens are Barbara Dee and Darla Kay Rhodes, daughters of Mr. and Mrs. O. C. Rhodes; and Mike Schwab, son of Mr. and Mrs. Bill Schwab.

Shrine Circus To Be Sept. 13

With an all new performance, and with four huge productions, the 1961 Shrine Circus is scheduled in Hereford at the football field on Wednesday, September 13.

The circus will be under the sponsorship of the Oasis Shrine Club of Deaf Smith, Farmer and Castro counties. There will be two performances, one at 2:30 and another at 7:30 p. m.

The circus will again be produced by Gil Gray, who for 1961 has originated the first new circus feature in many years--the closing production, "Magic Waters."

The entire spectacular is built around a replica of the famous Fountains of Versailles. Tons of water and thousands of colored lights, all controlled by electronics, move in perfect cadence to the music and dances of circus lovelies who fill the arena.

Opening the performance is the colorful processional pageant, "Karnival Time," which has over 200 people and animals, together with new floats.

Other acts will be an aerial ballet, a Polynesian Fantasy, "Song of the Islands," and various animal acts.

Record Enrollment At Friona School

A record 1150 students were on hand Monday morning for the first day of classes at Friona Public Schools, reports Superintendent Alton Farr.

The enrollment was about 50 more than had been anticipated, and it exceeds by almost a 100 the number of students attending classes last year.

The increased enrollment was spread out over all 12 grades, and subsequently "we are not overcrowded in any one grade," Farr says.

Classroom space and teachers are adequate for handling the unexpected enrollment, the superintendent adds.

As was expected, the largest enrollment was in the first grade, where 141 youngsters signed up for classes. This was an increase of about 20 over the number of first graders who enrolled a year ago.

Just about every class in the school had a few more students than last year. The breakdown is as follows:

Elementary school (grades 1 through 4), 483; grade school (grades 5 through 8), 387; and high school (grades 9 through 12), 281.

Last year's enrollment at the close of school was 1,069, and the average daily attendance was 1,004.

School enrollment is expected to climb even higher during the fall harvest months, and it is possible that it may reach 1,200, Farr says.

Asked what he attributed the increased enrollment to, the superintendent said, "It must be that a lot more people are moving into town."

Charles Huff Receives Degree

Charles Kennedy Huff, son of Mr. and Mrs. W. K. Huff formerly of Friona, was one of 96 candidates who received bachelor's degrees from the School of Engineering at Texas Tech. Commencement exercises were held Saturday, August 26, at 7:15 p. m. in Lubbock Municipal auditorium.

Huff received a degree in Bachelor of Science in Chemical Engineering.

Leon Hartman Returns To Idaho

Leon Hartman, who has been visiting in Friona this summer, left Monday night by train to return to his home in Boise, Idaho.

Leon has been a guest in the home of Mr. and Mrs. Orville Houser. Several years ago he lived with the Housers and attended school here. He was accompanied to Boise by his aunt, Mrs. Houser. She will return to Friona next week.

Local Group Attends Meet

Among those attending a camp meeting at Pleasant Valley in Amarillo last week were Mr. and Mrs. P. W. Hughes and Karen; Mrs. Elaine Massey and Marcella; Mrs. Sam Rule and Patsy; Mrs. Frank Griffith; Mrs. J. B. Buske; Rev. and Mrs. Frank Baber and Barbara; Mrs. Erma Stanford, Mrs. Joe Johnson; Mr. and Mrs. Wilbert Varner; Mrs. Jim Griffith and Mrs. Everett Deaton and Bernie.

Friona Families Attend Reunion

Attending the Richardson family reunion last weekend at Las Vegas, New Mexico from Friona were Mr. and Mrs. Glen Stevick and family, Mrs. Beatrice Stevick and Mr. and Mrs. Buddy Stowers and family. About 65 were present for the three day get-together.

The three youngsters shown here are Bennie Lynn Hannold, daughter of Mr. and Mrs. W. L. Hannold; Alan Zeman, son of Mr. and Mrs. V. J. Zeman; and Sharon Smith, daughter of Mr. and Mrs. David Smith.

Citizens of tomorrow in this panel are Kay and Jill Riethmayer, children of Mr. and Mrs. Bob Riethmayer; and Craig Carlisle, son of Mr. and Mrs. Joe Carlisle.

Of Interest To THE WOMEN

Double Ring Vows Unite Patoy Anthony-Don Copley

Patsy Ruth Anthony, daughter of Mr. and Mrs. A. W. Anthony Sr. of Friona, and Don Copley of Muleshoe exchanged wedding vows in a double ring ceremony at Friona Methodist Church at 7 p.m. Saturday, Mr. and Mrs. A. W. Copley of Muleshoe are parents of the groom.

The candlelight service was read by Rev. Wallace Kirby, pastor of the church, before a background of woodwardia palms flanked by Grecian urns gladioli and snowball mums. The urns were mounted on white colonial columns. Crystal chandelier candelabra holding cathedral tapers embraced the setting. Lighted tapers in candelabra were used for window decorations.

White satin bows, pew candlesticks and white tapers decorated the bridal aisle. The aisle carpet was of slipper satin.

Cecil Bolton of Lubbock, organist, presented traditional wedding music and accompanied Harold Bolton, vocalist, also of Lubbock, as he sang "We'll Walk With God," "Through The Years," and "The Lord's Prayer."

Mrs. Dick Hudgins of Amarillo was the Matron of Honor, Miss LaVon Copley of Muleshoe, twin sister of the groom, was the maid of honor. Bridesmaids were Misses Doris Copley of Muleshoe, sister of the groom; Marsha Bruns of Amarillo, Myra Kimmel of Fort Worth and Phyllis O'Brian of Dallas.

Barbara Sue Bass of Friona, niece of the bride, was the flower girl and Dennis Anthony, nephew of the bride, was the ring bearer. Candelbearers were Malda Chandler of Clarksville, Va., cousin of the groom, and Bette Bass of Friona, niece of the bride.

John Hamilton of Friona was the best man, Bob Collins of Shertz was the groom's attendant and ushers were John Elevins of San Antonio, Lewis Wimberley of Plainview, Bob Sanders of Muleshoe and David Voelter of Marlin.

Junior ushers were Charles Bass and Larry Anthony of Friona, nephews of the bride. Escorted to the altar and given in marriage by her father, the bride wore a formal wedding gown of peau satin.

Features of the fitted bodice were elbow length sleeves and a scalloped neckline outlined in seed pearls. The pleated cummerbund extended to a large back bow above a bouffant bell shaped skirt with back fullness falling into a chapel sweep.

Her wedding veil was a queen's crown designed of seed pearls attached to a circular veil of imported illusion with embroidered flower edging. She carried a cascade bouquet of mystery gardenias interspersed with stephanotis and tied with white satin streamers atop a pearlized white Bible.

The matron of honor wore a sheath dress of strawberry pink deep lustre satin featuring a bateau neckline and brief sleeves. Her overskirt was highlighted with soft pleats at the waistline and trimmed with bows. A softly pleated bow hat completed her costume.

Other bridal attendants were dressed identical to the matron of honor. Attendants carried white chapel Bibles opened to the Book of Ruth marked with a pink delight rose.

The flower girl and candelbearers wore dresses designed similar to those of the attendants. The flower girl plucked petals from a miniature nosegay of rose pink beauty asters. The ring bearer presented the rings at the altar on a heart shaped pillow of satin and lace.

As the bride was escorted to the altar she presented a white rose to her mother and as she returned down the aisle following the ceremony, she presented a white rose to the groom's mother.

Mrs. Anthony, mother of the bride, wore a rose pink chiffon dress with complementing accessories and a corsage of cymbidium orchids. The groom's mother, Mrs. Copley, wore a dress of all over blue lace with bone accessories. Her corsage was also of cymbidium orchids.

Immediately following the ceremony a reception was held

in the church parlor. The serving table was draped in floor length folds of bridal satin and clipped at the edge with swags of the same material.

A three tiered silver and crystal epergne holding pink sensation roses, white pom-poms and white duchess roses centered the serving table. Silver candelabra and white simalax completed the decorations.

Miniature floral arrangements designed similar to that of the serving table decorated the registration tables. Mrs. H. C. Biggers of Alexandria, La., sister of the bride, ladled the punch from a silver punch set.

Mrs. R. N. Ginsburg served the tiered white cake, which was flown from Brownsville and was a gift from Mr. and Mrs. R. N. Ginsburg, Robert and Cathy, and Mrs. Mary Ginsburg.

Guests were registered by Mrs. Ralph McBroom and Miss Kay McBroom, cousins of the bride, of Friona. Other members of the houseparty were Mrs. Graham Chandler of Clarksville, Va., aunt of the bridegroom; Mrs. A. W. Anthony and Mrs. Estis Bass all of Friona and Mrs. Duane Key of Amherst.

Mrs. Copley, a 1957 graduate of Friona High School, attended Stephens College in Columbia, Mo. two years before transferring to Texas Tech at Lubbock. She graduated from Tech in May with a bachelor of science degree. She was a food and nutrition major and received a paid internship offered by the Veteran's Administration Hospital in Houston.

Copley is a 1957 graduate of Muleshoe High School and an August graduate of Texas A&M with a degree in mechanical engineering. Upon graduation he received his commission into the Air Force, but has been deferred from active duty to do graduate work in math at the University of Houston.

For a wedding trip to Cowles and Santa Fe Mrs. Copley wore

Winette Beaton Becomes Bride Of Ira Bruce Parr

Miss Winette Beaton, daughter of Mr. and Mrs. Estes Beaton, became the bride of Ira Bruce Parr, son of Mr. and Mrs. Bruce Parr, Sunday, August 27 in the First Baptist Church at 3 p.m.

The double ring ceremony was read by Paul Smith, minister of the Sixth Street Church of Christ, before an altar area accented by palms and sprays of Woodwardia and Boston fern. Placed at the center of the altar was a large basket of pink Princess Ann gladioli flanked by tall pink cathedral tapers descending to baskets of gladioli. Bridal aisles were marked with large pink bows and gladioli.

Given in marriage by her father, the bride wore a floor length gown of imported French Chantilly lace over nylon tulle and Baroness bridal satin. Sleeves tapered to petal points at the fingers. Her fingertip veil of imported French illusion edged with Chantilly lace fell from a Queen's tiara of pearlized orange blossoms. She carried a white orchid with cascades of pink Elle roses tied with white Bible satin and traditional love knots.

Miss Iva Ben Parr, sister of the bridegroom, was maid of honor. Serving as bridesmaids were Mrs. Charles Hough and Misses Kay Struve, Suzanne Taylor, Kitty Black and Pamela Roden. They wore identical dresses of embroidered sand beige crystelle peau de soie fashioned with bouffant bell shaped skirts and three quarter length sleeves. Full circle veils fell from bandeaux of sand beige nylon tulle. Each carried bouquets of cascade design of pink gladioli showered with pink satin ribbon.

Dale Smith served as best man, Charles Beaton, brother of the bride, Johnny Miller, cousin of the groom, Larry Joe Moyer, Jim Laurence of El Paso and Elliott Crabtree of Stratford were groomsmen and ushers.

Billy and Buddy Rhodes of Abernathy, cousins of the bride, were candelbearers, and ring bearers were Mikala Renner and Kim Parr, brother of the bridegroom. They carried identical white satin pillows.

Donna Jo Parr, sister of the bride, was the flower girl. As the bride was escorted to the altar she presented a white rose to her mother and as she returned down the aisle following the ceremony, she presented a white rose to the groom's mother.

Immediately following the ceremony a reception was held

in the church parlor. The serving table was draped in floor length folds of bridal satin and clipped at the edge with swags of the same material.

A three tiered silver and crystal epergne holding pink sensation roses, white pom-poms and white duchess roses centered the serving table. Silver candelabra and white simalax completed the decorations.

Mr. and Mrs. Ira Scott of Hereford announce the engagement of their daughter, Jo Eddy, to Ray Joe Riley, son of Mr. and Mrs. James Raymond Riley of Dimmitt. The wedding ceremony will be October 7 in the Methodist Church of Hereford at 5:30 p. m. Miss Scott graduated from West Texas State College in 1958. She taught science and mathematics two years at Friona High School and attended St. Anthony's School of Nursing in Amarillo. Mr. Riley is a 1956 graduate from Texas Tech receiving his degree in agronomy and has taught at Tech. He is presently engaged in farming at Sunnyside.

Mrs. W.F. Buske Hosts Esther Class

Members of the Esther Class of the First Baptist Church met in the home of Mrs. W. F. Buske Friday, August 25 at 3 p.m. for a regular business and social meeting.

Mrs. T. E. Wood said opening prayer and Mrs. Jim Maynard

gave the devotional entitled "God's Blessings."

Following a brief business session a program was presented by Mrs. Edgar Carney assisted by Mrs. J. L. Witten and Jere Buske.

Mrs. Buske served refreshments to guests, Mrs. Witten and Mrs. Luther Petty from McLean, Tex. and members Mesdames Reeta Agee, Wood, Truett Pool, Maynard, G. L. Mingus, Dan Laceywell, C. A. Turner, Carney and Jere Buske.

Coffee Honors Mrs. Sanders

Mrs. J. D. Sanders was honored with a surprise birthday coffee Tuesday morning in her home.

Hostesses for the occasion were Mrs. Earl Drake and Mrs. Wesley Hardesty. Gifts were presented to the honoree.

Others attending were Mesdames Paul Fortenberry, Joe Mann, Glen Mingus, Lee Renner, Bill Burton, David Smith and O. F. Lange.

McSwain-Sanders Vows Exchanged

Wedding vows were read for Miss Beverly McSwain and Ted Sanders Sunday, August 27, in the chapel of the First Baptist Church in Plainview.

Miss McSwain is the daughter of Mr. and Mrs. S. B. McSwain of Plainview and the bridegroom's parents are Mr. and Mrs. John D. Sanders, Friona. Dr. Harlan Harris of Boulder, Colo., officiated at the double ring ceremony before an altar that featured an arch formed by candelabra with pink tapers and a background of emerald palms and standing baskets of pink Sweetheart roses and gladioli. Wedding bells tied to the pews with pink satin bows marked the bridal aisle.

Miss Linda Caudle of Plainview, organist and Sam Brown of Silverton, pianist, presented traditional wedding selections and accompanied John Ward as he sang "I Love Thee", "O Perfect Love" and "The Wedding Prayer."

Escorted to the altar and given in marriage by her father, the bride wore a gown of Chantilly lace and silk organza over taffeta. A beaded portrait neckline and braided length sleeves complemented the figurine bodice banded with satin and tapered to the back with two handmade satin roses holding the full sweep of the chapel train. Her finger tip veil of illusion fell from a crown of pearls and she carried a cascade of white roses and pink Sweetheart roses showered with tulle, and satin streamers tied in love knots arranged on a white Bible, a gift from the bridegroom.

For her daughter's wedding, Mrs. McSwain wore a sheath dress of dusty rose lace with matching lace hat and other accessories in beige. The groom's mother wore a blue lace dress with black accessories. Both wore corsages of pink roses.

Miss Janice McSwain was her sister's maid of honor and another sister, Miss Reta Joyce McSwain was a bridesmaid. Other bridesmaids were Misses Sue Ann Rogers and Pat McCarty. Gayle Sanders of Morton was flower girl. They wore identically styled frocks of ice pink organza over taffeta with portrait necklines, full length puffed sleeves, and self-covered buttons detailing the front of the bodice. Each carried a bouquet

featuring white carnations encircling clusters of pink rosebuds. Headdresses were half hats formed of organza petals sprinkled with pearls.

Tommy Jay Sanders served as their brother's best man and a younger brother, David Sanders carried the white satin pillow bearing the rings.

Groomsmen were Jim Hill, Lubbock; Forrest Burt, San Diego, Calif.; Ron Reed, Amarillo and Dan Kelly III, Tucumcari, N. Mex.; Truman Reese of Plainview, cousin of the bride, assisted with usher duties.

A reception was held in the church parlor. Mrs. Randall Roper registered the guests and Mrs. Jim Hill, and Miss Jerry Williams, Lubbock, presided at the bride's table assisted by Misses Brenda Graham and Gay Grant.

A floor length white organdy cloth over taffeta covered the serving table centered with a crystal candelabra holding pink tapers surrounding with the attendant's bouquets. White colonnade wedding cake topped with white sugar bells and pink frosting rosebuds was served with punch.

Mrs. Sanders is a graduate of Plainview High School and a senior music major at Wayland College. She is also a member of the International Choir.

Mr. Sanders graduated from Friona High School and is a junior at Wayland majoring in mathematics. In addition to his college work he is employed at J. C. Penny Co.

The couple will make their home in the Allison-Conkright apartments on Wayland campus where they will continue their studies.

Four WSCS Circles To Meet Wednesday

WSCS Circles of the Methodist Church will have a joint meeting Wednesday, September 6, in the Fellowship Hall. A salad supper will be served and the program theme is "The Life God Gave Us."

Members of the WSCS of the Methodist Church will serve an annual Maize Days dinner Friday, September 15, at the school cafeteria from 11:30 to 1:30.

Menu will consist of turkey, dressing, ham, gravy, vegetables and pie.

Double Ring Ceremony For Darling-Thompson

Miss Janice Darling, daughter of Mr. and Mrs. Duane Darling of Lazbuddie, became the bride of Darrell Thompson, son of Mr. and Mrs. John S. Thompson of Friona, in a double ring ceremony Sunday, August 13, in the Lazbuddie Church of Christ.

Glenn Annear read the wedding vows before an arch of greenery and white gladioli flanked by candelabra and baskets of white gladioli.

Given in marriage by her father, the bride wore a floor length dress of Chantilly lace over satin featuring a scalloped V neckline and fitted bodice with a V shaped skirt. Long sleeves tapered to points over the hands and her fingertip veil of French illusion was attached to a rhinestone tiara. She carried a pearlized Bible topped with an orchid and Stephanotis.

Miss Aline Owens, cousin of the bride, was maid of honor and she wore an orchid dress of silk organza over polished cotton and a white carnation corsage. Miss Donna Gunn of Muleshoe served as bridesmaid and her dress was white silk organza over polished cotton and she wore an orchid carnation corsage.

Jarrell Wright was best man and Jerry Smith of Lazbuddie, cousin of the bride, served as groomsman.

Terry Darling, brother of the bride, and John Agee served as ushers and candlelighters. Escorts, Evelyn Darling and Tommy Wilson, wore white polished cotton dresses with orchid net cummerbunds and orchid carnation corsages.

Mr. and Mrs. Thompson are living near Friona where he is engaged in farming and she is completing her senior year at Friona High School.

Surprise Party For Joe Collier

The home of Mr. and Mrs. J. H. Boyle was the scene of a surprise party honoring Joe B. Collier on his 75th birthday Saturday evening, August 26. Mr. Collier is the father of Mrs. Boyle.

Ice cream and birthday cake were served to Mr. and Mrs. Collier, Mrs. David Moseley, Mr. and Mrs. Jack Moseley, Mr. and Mrs. Herschel Johnson and Kay, Mrs. Inez London, Mr. and Mrs. Charlie Doak and Mr. and Mrs. Carl Hudgins and Carla of Lubbock.

Sheriff Checks Minor Thefts

Parmer County Sheriff Chas. Lovelace this week was investigating several minor thefts which occurred in the Friona-Black area Sunday night.

Reported missing from a barn on the Ernest Osborn farm, southeast of Friona, was some gasoline, and missing from the C. W. Wright farm, north of Black, were some batteries. Also, there were some batteries missing from farms of several of Wright's neighbors.

All of the minor thefts occurred Sunday night.

In other activity for the sheriff's department during the past week, Ruben Vallarreal, a vegetable harvest worker in the Lazbuddie area, was picked up Monday and charged with theft of miscellaneous parts from a tractor belonging to J. T. Eubanks.

The theft occurred Monday afternoon while Eubanks had

left the field he was working in and had gone to the house. When he returned to the field he discovered that tractor headlights and other small parts were missing.

He reported the theft to the sheriff, who arrived on the scene a short while later. The missing parts were found a few miles away and Vallarreal was arrested.

Vallarreal was to have been tried for misdemeanor theft in county court Tuesday morning.

Also arrested this past week was Lois Tatum, 41, of Dimmitt, who was picked up by the state highway patrol east of Farwell Saturday night and charged with driving while intoxicated. She was tried in Farwell Monday, and fined \$100 and court costs.

Money Doll On Display

Members of the Progressive Study Club announced early this week that the money doll, to be given to some lucky person during Maize Days, is now on display in the window at Friona State Bank.

This doll, which is an annual project of the finance committee will be presented to someone at 5 p. m. at City Park Saturday, September 16.

Tickets may be purchased from any member of the club or from Foster's, Jarrell's or Hurst's. All proceeds from sale of tickets will go to purchase thermo water bottles for hospital patients.

Cummings Entertain Guests

Mr. and Mrs. E. H. Cummings returned home late last week after spending two weeks at their cabin near Tres Ritas, N.M. While there their guests were Mr. and Mrs. M. B. Buchanan, Mr. and Mrs. George A. Jones and Mr. and Mrs. John Blackburn and Brenda of Friona.

Also Mr. and Mrs. Wayne Stark and children of Hereford and Mr. and Mrs. E. T. Cummings of Canyon.

Immediately following their return, guests in their home were Clyde and Claude Tatum of Lubbock and Barbara May and daughter, Nicki of Falls Church, Va. Then Friday evening they visited in the Wayne Stark home in Hereford.

Mr. and Mrs. Truett Johnson and family attended a family reunion at Mobbette last weekend.

Farm Facts

Milk production per cow has increased from 5,314 pounds in 1950 to 7,004 pounds in 1960. This is an increase of 31.8%. An indication of the potential for future gains is given by the performance of cows in herds where the level of management is above average. In 1959, output of cows in the Dairy Herd Improvement Association averaged 10,300 lbs. of milk per cow.

The U. S. Department of Agriculture says that revolutionary advances in producing and marketing milk have resulted in some rapid changes on dairy farms.

The size of dairy herds has been increasing and the number of farms producing milk has been declining. The remarkable increase in production per cow and relative stability of the demand for milk mean that the supply can be produced by fewer cows on fewer dairy farms.

The world's milk production in 1958-59 totaled 239.5 million metric tons, according to the Food and Agriculture Organization of the United Nations. Milk production in the United States accounted for an esti-

Milk production per cow has increased 31.8% since 1950.

mated 56.8 million metric tons -- about 23.7% of the total world output. Milk consumption averaged 287 pounds per person in the United States in 1960. Wages for an hour's work would buy 126% more milk than in 1929.

Tea Timers

League To Meet Thursday

The Tea Timers League will have a final business meeting Thursday, September 7, at 9 a. m. at the Friona Lanes. Mildred L. Agee, secretary, urges all members of this league to be present. Those who plan to bowl on Thursday morning winter league must be present at this meeting. New officers will be elected, league rules and etc. will be made for the winter league.

Mr. and Mrs. Doug Whatley of Austin visited several days in the home of Mrs. Whatley's parents, Mr. and Mrs. Sloan Osborn.

Mr. and Mrs. Wesley Hardesty attended the wedding of Ted Sanders and Beverly McSwain in Plainview Sunday afternoon and visited in the home of Mr. and Mrs. Frank Day. Mrs. Day is a sister of Mr. Hardesty.

Mr. and Mrs. H. H. Horton Jr., Kathy and Trip and John Bill and David McFarland recently returned from a trip to Florida. At Beach Panama City they visited with Mr. and Mrs. H. H. Horton Sr. and other relatives. The group stopped in New Orleans on their way home.

Robert Schuelers Attend Exercises

Mr. and Mrs. Robert H. Schueler and Robert Jr. returned to Friona this week from Dallas. They attended graduation exercises at North Texas State College at Denton August 24, where their son, Arnold, received his master's degree in music.

Schueler will teach music in one of the schools in Dallas this fall.

Bowling News

HIGHLIGHTS AND SIDELIGHTS

From The State Capitol

BY VERN SANFORD
 TEXAS PRESS ASSOCIATION
 AUSTIN. -- Gov. Price Daniel, pointing to the record of most other states that have a general sales tax, warns Texans that without concerted efforts to shelve state spending the Texas tax could grow to three or four per cent in the future.

More than that, he said, unless there is "prudent economy and reorganization of state funds and services," a state income tax might become law. To make his point, Governor Daniel reported that two-thirds of the 34 states that have general sales taxes have increased the rate to three per cent or more, and there are now four states charging a four per cent sales tax.

He again made clear his dislike for the two per cent Texas tax, but added: "So much for the good and bad which will result from the new tax bill. On September 1 it will be the law of our state, and as long as the law is in effect, it behooves all of us, whether we like it or not, to cooperate in its enforcement. This I shall do, and I believe every good citizen will do likewise."

Meanwhile State Comptroller Robert S. Calvert is being swamped with questions about the new tax. After checking with other states which have pioneered in this field, he has become reconciled to the likelihood that confusion will reign for some time to come. A spokesman for his office pointed out that "California and Illinois got a sales tax in 1933, and they're still issuing rulings."

The Texas Research League has noted that the tax bill exempts sales of animals ordinarily eaten by humans. Also food for such animals. Exempt too are seeds and plants edible by humans and raised for sale, fungicides and insecticides for such plants, and fertilizer used on lands where such food is grown.

But the researchers say this exemption would not apply to tropical fish, grass seed and fertilizer for lawns and rose bushes.

MORE WORK FOR NEXT SESSION -- Governor Daniel has found several more items to be submitted to the next special session of the Legislature. He plans to call the lawmakers back to Austin again before the end of the year.

Daniel's expanding package now includes maintenance funds for farm roads, loan shark con-

trol, municipal annexation, tourist attraction, lobbyist controls, adding banks to the abandoned property seizure law, improved law enforcement measures, and action on juvenile crime.

"As long as Texas continues to grow," he said, "there will be more problems to solve, but there are some which should not be delayed. It will be my aim to meet the most urgent of these later this year or in January of next year."

Governor Daniel vetoed the second year appropriation of \$15,000,000 for construction of new farm-to-market roads, in an effort to free these funds for maintenance. The \$15,000,000 for this purpose for the first year of the new biennium was not affected.

A law passed in 1949 provides for the use of this yearly amount for new construction. But the Governor insists, "It is just as important to maintain our vast and important 33,000-mile farm road system as it is to build new roads. Maintenance costs, now amounting to \$18,000,000 annually, are taken from the basic intrastate highway fund which is the poorest of all department programs."

HIKED TRAIN FARES ASKED -- On September 6 the Texas Railroad Commission will consider the request for increased passenger rail coach fares of five railway companies operating in Texas.

Companies asking for the hike in fare included Chicago, Rock Island and Pacific Railroad Company, Fort Worth and Denver Railway Company, Gulf, Colorado and Santa Fe Railway Company, Missouri-Kansas-Texas Railroad Company, and Panhandle and Santa Fe Railway Company.

THE STATE OF TEXAS COUNTY OF FARMER SHERIFF'S SALE

WHEREAS, on the 7th day of June, 1961, in Cause No. 2152, in the District Court of Parmer County, Texas, wherein Friona Independent School District, the State of Texas, County of Parmer and High Plains Underground Water District No. 1 were Plaintiffs, Impleaded Party Defendants, and Intervenor recovered judgment against Marlon Castele, Mrs. Marlon Castele, Ramona Martinez and her husband, whose names are unknown, and the unknown heirs and legal representatives as is more fully described in

Plaintiff's Original Petition Defendant, for taxes, penalty, interest and cost against the hereinafter described property;

WHEREAS, on the 19 day of August, 1961, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 21st day of August, 1961, seize and levy upon as the property of the above defendant the following described property, situated in Parmer County, Texas, to-wit:

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)

FIRST TRACT: All of Lot Number Three (3) in Block Number Ninety (90), of the Original Town of Friona, Parmer County, Texas.

And I will on the first Tuesday in the month of October, 1961, the same being the 3rd day of said month, proceed to sell all the right, title, and interest of the Defendant in and to said property at the Court House door of said county in the city or town of Friona between the hours of 10:00 a. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, which ever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendant to have said property divided and sold in less divisions than the whole.

DATED at Farwell, Texas, this the 21st day of August, 1961.

Chas. Lovelace Sheriff Parmer County, Texas 47-4tc

THE STATE OF TEXAS COUNTY OF FARMER SHERIFF'S SALE

WHEREAS, on the 7th day of June, 1961, in Cause No. 2153, in the District Court of Parmer County, Texas, wherein Friona Independent School District, the State of Texas, County of Parmer and the High Plains Underground Water District No. 1 were Plaintiff, Impleaded

Party Defendant, and Intervenor recovered judgment against Roy Vela and his wife, Mrs. Roy Vela, and the respective unknown heirs and legal representatives as is more fully described in Plaintiff's Original Petition Defendant, for taxes, penalty, interest, and cost against the hereinafter described property;

THE HIGH PLAINS FARM AND HOME

Important Meeting Tuesday

Ready To Start Brucellosis Testing

All cattlemen in Farmer County are asked to be on hand Tuesday, September 5, at 8 p. m. in the Bovina High School Auditorium to hear the plans of the Texas Health Commission in regard to brucellosis testing in the county.

Dr. J. B. Henderson of the state health commission will be on hand to reveal the plan for testing enough cattle to get Farmer County declared a brucellosis-free area.

Also, he will ask for volunteer workers to help line up cattle in the county for the tests, which are scheduled to get under way soon, possibly by the latter part of next week.

Farmer County cattlemen last spring petitioned the state health commission to come into the county and test cattle for the purpose of declaring the area free of brucellosis which is commonly known as "bangs" disease.

After the testing is completed, it will be possible to move cattle from Farmer County to other areas in the country without restrictions.

Purpose of Tuesday's meeting will be to explain to cattlemen how the testing will be done, and what will be required to move cattle into the area after it is declared brucellosis-free. Farmer County Agent Joe

Jones asks that all persons who own cattle in the county, and all persons who plan to own cattle in the future, be present at the meeting. "It is important that all cattlemen and future cattlemen be on hand," Jones says.

Probably within a few days after the meeting a state veterinarian and his crew will come into the county with a mobile laboratory and start to run blood tests on cattle.

The crew will work every farm and ranch which has cattle and will test the following animals:

1. All registered cattle.
2. All dairy cattle.
3. All cattle in herds of 20 or less; and
4. Twenty per cent of all cattle in commercial herds.

If a reactor is found among the 20 per cent of any commercial herd, the remainder will be tested.

"The assistance of all cattlemen will be required in order to carry out this program," Jones says.

For several years, interested cattle owners in the county have been attempting to get the area declared brucellosis-free, and it is about to become a reality," the county agent says. The move to get Farmer County declared free of the

disease was taken because of a price differential between this area and certified areas which are participating in a brucellosis eradication program at a state and federal level.

The program that Farmer County cattlemen are participating in is one adopted by the state several years ago.

Under the program, 75 per cent of the cattlemen in the county had to sign the petitions requesting the state health commission to come in and make the tests.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Attending the District II Farm Bureau meeting in Tulsa last Wednesday were President Herman Gerjes; Gilbert Kaltwasser, chairman resolutions committee; Roy V. Miller, chairman commodities committee; H. P. Hamilton, chairman legislative committee; and Claude Osborn, member of resolutions committee.

Purpose of the meeting was discussion of subjects that county Farm Bureau Groups should consider in preparing resolutions in annual conventions this year. Texas Farm Bureau, for instance, presently has no policy regarding state child labor laws.

Present laws in Texas are not too bad, but some bills introduced in the current session of the legislature could have done immeasurable harm to both employer and employee in the case of migrant labor in the state. This is one of the subjects which will be discussed in your county convention in October, and you should be there to express your opinion.

Continuation of the farm-to-market road system will be another important subject. Efforts have been made, and some of them have been successful, to curtail this program. Texas also presents a problem. Texas Farm Bureaus, it was pointed out, been guilty of asking for more state services without providing a reasonable means of providing the money for such services.

On the national scene, there are also many things that affect rural people. Some of the subjects that should be acted upon after careful consideration come under the following headings: marketing agreements and orders, bloc voting (representatives of organizations voting membership without prior consultation with such membership), status of cooperatives under antitrust laws, farm labor (both Bracero and Domestic) health and medical care (federal subsidy or not?), and direct farm legislation.

Under this last are many questions to be answered: government or individual control of farms? Who shall speak for farmers—government selected and financed committees, or farmers and ranchers through their own voluntary organizations? These are just a few of the questions confronting farmers.

Under this last are many questions to be answered: government selected and financed committees, or farmers and ranchers through their own voluntary organizations? These are just a few of the questions confronting farmers. Consider this: "A gift in secret pacifieth anger; and a reward in the bosom, strong wrath." Proverbs 21:14

MAIZE IS GOOD LOOKING but there's nothing like a pretty girl to enhance the beauty of this crop. This year looks better than ever before. The girl in this picture is Kay Burleson, 17-year-old daughter of Mr. and Mrs. T. I. Burleson of Hub, and she is shown here in a maize field on her father's farm. Grain sorghum fields throughout the county have loaded up with heavy heads of grain, and if weather remains favorable, another bumper crop is forecast.

Cantaloupe Harvest Hampered By Weather

What first appeared to be a good cantaloupe harvest in the Bovina area, has been hampered by the weather. As result, packing shed operations have not yet swung into full force.

"We should have had 80,000 crates packed by now, but we've only packed 13,000," Mario Trevino, office manager for Gateway Produce Company, said Monday.

The shed, which is equipped to handle 1,000 crates an hour, had its best day Sunday when it packed 2,200 crates. "We should pack about 3,000 crates today (Monday)," Trevino said.

The reason for operations having been bogged down since the harvest began around the first of August has been periodic rains.

First off, the harvest was delayed a couple of weeks because rain and cool nights slowed the ripening of the melons. Then, after the melons started getting ripe, more periodic rains have kept pickers out of the fields.

The rain doesn't hurt the melons that aren't ripe, but when they are ripe and you can't get to them, the quality is down,

Trevino said. He pointed out that the cantaloupes going through the shed Monday were about 50 per cent No. 1s and 50 per cent No. 2s. "Normally, only about 15 per cent are No. 2s," Trevino said.

During the first couple of weeks that the harvest was moving at a slow pace, the market price held its own at about \$4.00 to \$4.50 per crate. However, last week, and early this week, the market price had dropped to \$3.00 to \$3.50.

Only the No. 1 melons are shipped, and the remainder are sold to local buyers at the shed.

Trevino said that they were still hopeful that the market price would go back up, and that the rain would stay away for a while. If this did happen, the harvest could still be a good one.

However, the packing shed operators weren't too optimistic. Trevino pointed out that the long-range weather forecast for this area indicated a bad siege of weather around September 1.

And, to add to the woes of

the cantaloupe packers, the slow harvest has not helped the employee problem either. When the harvest first got underway, a record number of braceros and other workers were in the Bovina area, but due to the slow pace many of them have left. "We lost about 15 per cent of them over the week end," Trevino said.

First Conservation Tours Are Next Week

The first of four community tours, sponsored by the Farmer County Soil Conservation District, is scheduled for next Tuesday, September 5, in the Lazbuddie area.

T. O. Lesly will conduct the tour, and all persons interested in observing soil conservation practices in that area are asked to meet at Clay's Corner at 2 p.m.

A second tour, scheduled for the Oklahoma Lane-Farwell area, will be conducted by Robert Calaway on Thursday afternoon, September 7. The tour will meet at Oklahoma Lane Farm Supply at 2 p.m. and will visit several farms in that area.

Such things as pasture grasses, graded waterways, grain sorghum variety demonstrations and fertilizer dem-

onstrations, graded borders, and other things of interest, will be shown.

Other SCD tours planned in the near future will be on September 19 in the Bovina-Rhea area, and September 21 in the Friona-Black area. More information on these tours will be given next week.

Weed Committee Continues Project

Members of Farmer County Farm Bureau weed committee held their monthly meeting in the Friona office Monday night. A letter from the Texas Highway department clarified its position on the treatment of bindweed on right of ways, in stating that the department would treat plots of bindweed on the right of way if the area extending into adjoining property had been treated.

It was then decided that it would be appropriate to contact the highway department and inform them that the railroad has treated all known plots on their right of ways, and ask the highway department to treat such plots as extended from the railroad right of way onto the highway right of way.

County Agent Joe Jones reported that the Farwell Schools have treated bindweed on the school grounds.

Jack Patterson, Dee Brown and Calvin Meissner were appointed on a committee to con-

tact Lloyd Killough, highway maintenance foreman in Farmer County, to encourage him in treating as much of the bindweed as it is possible, in areas where adjoining portions of the plots have been treated.

Visiting with the committee were two men from Ochiltree County Farm Bureau, Bill Lance and Doug Smith from near Perryton. They were interested in gaining information on the operation of the local weed committee so they can form a similar committee in their county. Bill Lance stated that the West Texas Chamber of Commerce has recommended that the highway department use sterilant on right of ways for the control of noxious weeds.

J. T. Jones is chairman of the Farm Bureau weed committee. Others attending, Manager Prentice Mills, Bovina Vo-Ag Instructor Roy Crawford, FHA Office Manager Bill Boling, Bob Crozier, SCS office manager and E. D. Chitwood, Jack Patterson, E. C. Schilling, Calvin Meissner, members and Herman Gerjes, Farm Bureau president.

Extension Agents Attend Meeting At College Station

Farmer County's extension service agents, Joe Jones and Miss Ette Musil, were at College Station last week attending a special training meeting.

They were selected to represent District I at the special meeting, which was designed to help state extension agents plan a better program.

Only one county agricultural agent and home demonstration agent was present from each of the state's 14 districts.

Both Jones and Miss Musil are to assist members of the state extension service when they conduct similar training meetings in the district at a later date.

New Home or Grain Storage

Remodel or build New home or Grain storage—improve your irrigation system on your farm or ranch with a long-term FEDERAL LAND BANK loan. See Ernest Kerr, 316 Main St., Muleshoe, Tex. Ph. 30100.

HD Agent's Notes

BY MISS ETTIE MUSIL

Here is news for you of new designs in clothing for the slightly chubby miss in your family. You'll be interested in knowing of the new designs which have been sized for her.

So far we have been able to find ready-to-wear garments for the infants, babies, toddlers, children, boys and girls. Now in some ready-to-wear departments, it also is possible to find an additional group known as "chubbie size." This sizing has been adopted by certain manufacturers to offer a better fit for the young child who is sturdy in build.

According to information just received, one of the commercial pattern companies will be featuring this chubbie size, as of this season. The sizing is labeled as 8 1/2C to 14 1/2C. You'll need to check the counter pattern catalogs.

These new designs and future styles are resized versions of girls' 7 to 14 fashions in ready-to-wear and patterns. They are smart in appearance and will solve many of the fitting problems. Now mothers can dress their daughters attractively.

Dark cottons will be in the family wash again this fall. Solid dark colors and plaids are popular among the school crowd as well as among other family members. However, lint in the water can spoil the fresh, attractive finish on dark cottons.

Of course, there are a few tricks of the trade. Always wash dark cottons separately in clean water. This eliminates the possibility of picking up lint

from towels, sheets and other white articles.

Brief, gentle washing is recommended, too. If grease or oil spots are taken out with cleaning fluid or Fuller's earth before laundering, washing time can be cut to a minimum with fine results. Don't overlook soiled neck lines. Thorough rinsing in soft water insures fresh colors.

One more very important precaution applies to any laundry, especially for dark garments. Go through all pockets for particles of lint. One piece of wadded cleansing tissue or one small paper napkin left in a pocket can "lint" the entire wash load. The hard part is that it may cling to fabrics through several washings and is particularly unsightly on dark pieces.

From time to time we have contracts that have to be signed. A word of caution to remember, "Contracts with tricky terms are used by tricky concerns." By all means do not sign a contract without reading and understanding it. Always consult a lawyer or attorney who can help you understand the contract.

Don't sign a blank contract that will be filled in later. This is just as dangerous as signing a blank check. Once the contract is signed you are bound to all parts of it. Always get a copy of the contract you sign for your safety of provisions stated.

And by all means never sign a paper to get rid of a salesman. First stop to read all of the contract with a full understanding. You may be starting a long complicated responsibility according to the contract rather than just getting rid of the salesman. It's always important to know who you are dealing with before signing any agreement. We can never be too careful with tricky terms.

"Everything's Big in Texas" as shown by the six-year old against a background of last year's DeKalb sorghum show at Amarillo. This "World's Largest Sorghum Show" is being staged for the third time at the Tri-State Fair on September 18-25 by the producers of DeKalb Hybrid Grain Sorghum. 7,500 heads will be on display.

Farm Beef Production Alternate Income Source

Crop restrictions are forcing some farmers to consider other means of making money from the farm. One possibility is the raising of beef calves, says U.D. Thompson, extension animal husbandman. They offer a way to increase the value of farm produced roughage and grain.

How would such a system operate? Here is one possibility. Calves which are either bought or raised by you would weigh about 400 pounds this fall, and they would be weaned and ready for grazing. They could be grazed on permanent pasture, cotton fields after harvest, sorghum field stubble or any other crop residue. These sources of roughage are considered good feed if they are supplemented with cottonseed meal or cake, says Thompson. If none of these feeds are available, then silage or hay

crops need to be included in the farming system. Even if crop residues are available, you will need a supply of silage or hay if you plan to full feed the calves. The idea is to provide all the grazing possible from crops like oats, wheat or winter legumes during the fall and winter.

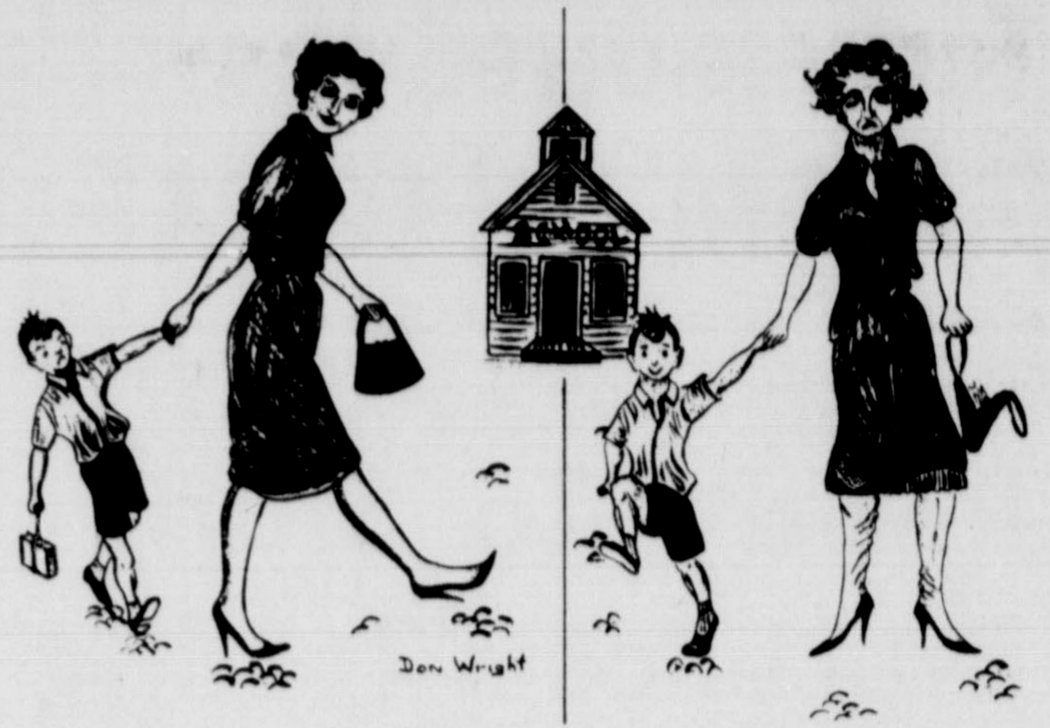

As long as there is sufficient green grazing there is no need for any additional feed. But on days when the cattle can't graze, they should be fed a roughage and about 1/2 pound of a 41 percent protein supplement. It is important to keep the calves gaining at least one pound daily during the grazing period.

After spring grazing, the calves may either be put on summer pasture or drylot. This decision depends largely on the weather -- if it has been wet, summer grazing works well. On

the other hand, if it has been dry, drylot feeding would be better. If the cattle are summer grazed, then put them in the drylot when the grass plays out. The gain put on from full feeding in the drylot will be more expensive than the grazing gain, but when you sell the cattle out of the drylot you get the same price for the grass gain as you do for the feedlot gain.

The main thing is keep the feeding simple, says Thompson. A protein supplement, a grain and a roughage, properly fed, will do a good fattening job. Ask your county agent for a copy of L-507, "A System of Farm Steer Production."

Registration: the before and the after . . .

Broaden Farm Operating Loans

A revision by the U.S. Department of Agriculture of its eligibility requirements for operating loans so as to better serve the credit needs of small farmers will aid many Texas farmers.

Farmers who can profitably use operating loans to increase their farm income and have the ability to repay their debts are now eligible even though they cannot presently obtain all the resources needed for family-type farm operations, and lack opportunity at this time to adequately supplement their farm income with off-farm employment.

Previously, operating loans were made only to farmers who could obtain the resources needed for family-type farm operations, or who could supplement their farm income with off-farm employment to the extent that their total income was equal to that from a family-type farm.

Included in the group of small farmers not previously eligible are (1) young farmers who in the near future will be able to obtain additional land and other resources, (2) young and middle-aged farmers who may be able to obtain off-farm income in the near future, and

(3) some farmers who are nearing retirement.

Operating loans are made for the purchase of livestock and equipment, for fertilizer, tractor fuel, feed and other essential farm and home operating needs, and to refinance chattel debts. The loans are scheduled for repayment in accordance with the borrowers' abilities to repay, over periods not exceeding seven years. The interest rate is five percent. Other eligibility requirements remain unchanged. Applicants to be eligible must be unable to obtain adequate credit from other sources, and with the aid of the loan be able to earn an income sufficient to pay necessary farm operating and family living expenses and meet the required payments on their debts.

Applicants to be eligible must be unable to obtain adequate credit from other sources, and with the aid of the loan be able to earn an income sufficient to pay necessary farm operating and family living expenses and meet the required payments on their debts.

Halfway Station Reports On Barley

Cordova barley and a cross of Texan and Ludwig were the earliest to mature in a test of eleven varieties of barley at the High Plains Research Foundation. The eleven varieties were planted October 15, 1960 and were harvested May 29 through June 1, 1961 at Halfway.

The yields in the test were as follows: Rogers, 116.4 bushels; selection #48-59-38, a cross of Cordova and Kido, 115.4 bushels; Wintex, 114.7 bushels; Cordova, 113.2 bushels; a cross of Texan and Ludwig, 100.7 bushels; selection #41-54-757, a cross of Cordova and Omigt, 100.6 bushels; selection #48-53-75, a cross of Cordova and Kido, 100.3 bushels; selection #41-54-133, a cross of Cordova and Omigt, 92.3 bushels; Kearney,

91.2 bushels; Tennessee Wintex, 90.1 bushels; and Harbine, 85.7 bushels.

Farmers who graze their barley will be interested to know that the two which had the earliest growth were Cordova and a cross of Texan and Ludwig.

All varieties were irrigated and had a fertilizer application of pre-plant on October 7, 1960 of 300 pounds of 10-30-10 and top-dressed in March, 1961 with forty pounds of nitrogen in the form of ammonium nitrate. The barley test was conducted at Halfway by Delbert Langford, associate agronomist. This test is included in the intra-state fall-sown barley variety test conducted in cooperation with Texas A&M, under the supervision of Dr. L. M. Atkins.

Attractions Being Planned For Panhandle South Plains Fair

With the opening of the Panhandle South Plains Fair about one month away, several crowd-pleasing attractions have already been signed, Fair officials said.

Feature attraction in the Fair Park Coliseum for the 1961 Fair will be the 21st edition of Ice Capades, which recently returned from a smash hit in Europe. The ticket office will be in the Pioneer Hotel in Lubbock and advance ticket information is available from the Lubbock Chamber of Commerce.

One of the top attractions of the 1960 Panhandle South Plains Fair was the I. Q. Zoo. Due to its overwhelming popularity, Fair officials resigned a larger

I. Q. Zoo this year. It will feature two more acts than in 1960 and a stage show which is being introduced this season. Also scheduled is an antique auto show, the parade of bands, the Bill Hames midway, and children's barnyard, just to name a few.

The 1959 Census of Agriculture reported that there were 3,704,000 farms in the United States. This is the smallest number (for the 48 states) of any census since 1870.

There were 1,079,000 fewer farms in 1959 than in 1954. About 232,000 were no longer counted as farms because of a change in census definitions.

To be considered a farm, a place must have a minimum of 10 acres of productive land,

8 July Accidents In Parmer County

The Highway Patrol investigated 8 accidents on Rural Highways in Parmer County during the month of July, according to Sgt. Roger Sosebee Highway Patrol Supervisor of this area.

These wrecks accounted for two persons injured, and a property damage of \$3,165.00. The rural traffic accident

summary for Parmer County from January through July of 1961 shows a total of 51 crashes. As a result of these crashes there were 21 persons injured and one person killed.

The estimated property damage amounted to \$26,575.00. This compares with the first seven months of 1960's total of 45 rural crashes injuring 23

people, killing three persons and causing an estimated property damage of \$6,805.00.

"Prior to August 1, throughout the state of Texas, there had been a total of 974 fatal crashes resulting in 1214 persons losing their lives needlessly," the Sgt. stated.

This compares with 929 fatal

crashes and 1134 lives lost for the same period in 1960. Therefore, in 1961 there have been 45 more fatal crashes resulting in 80 more lives lost, or a 7% increase.

With the summer vacation period in its final month and Labor Day approaching, many thousands of people will be crowding in their final visit, outing, etc., before their children start back to school. This means many people will be trying to travel too far in a short time. Many will be carefree and careless in their driving.

The Sgt. listed some facts about last year's Labor Day Weekend and some suggestions to remedy this. There were 22 fatal crashes resulting in 30 smashed out lives over the 19-60 three-day Labor Day Weekend. In order to arrive alive at your destination start in plenty of time to allow for delays along the way. Give the right of way, don't take it. Be prepared for the other driver's actions; if he can't or won't stop at an intersection, YOU CAN, REMEMBER, drive with caution so as not to ARRIVE in a COFFIN!

FADING-OUT COMMON LAWN TROUBLE

Fading-out is a common summer disease of lawn grasses in all areas of Texas. It most often occurs on grasses that have suffered from lack of soil moisture in mid-summer followed by a heavy watering. Fading-out is sometimes called "melting out," "going out" or "gray leaf mold."

Irregularly shaped dead areas occur in the lawn. Isolated, scattered sprigs of living grass are usually found in the disease areas. Leaves die back from the tip end. Runners or stems of the grass may have small dead spots. These spots may or may not enlarge and girdle the stem. Roots may be rotted.

The disease is caused by a complex of Helminthosporium, Curvularia and Fusarium species of fungi. These soil molds are most active following a heavy rain or watering on grass that has previously been weakened by drought. There is an indication that soil nematodes may be associated with fading-out in some cases.

Fading-out is controlled by proper management of the lawn. Proper watering, fertilizing, mowing and aeration are important.

In lawn areas that respond slowly to proper management practices in the summer, zineb or captan fungicide drenches may prove helpful. Use the

above fungicides at the rate of 2 to 4 pounds per 100 gallons of water. For small amounts of spray, use 1-1/2 to 3 table-spoons of 50 percent wettable captan or 1-1/3 to 2-2/3 table-spoons of 75 percent wettable

zineb in one gallon of water. Wet the grass with the solution down to the soil line. Use a sprinkler can or hose on sprayer for small areas. Apply drench right after mowing. Also, drench the healthy grass beyond the diseased area to a width of several feet. If nematodes are a problem, drench with Nema X, Nemagon or Fumazone as the manufacturer directs.

Local county extension agents can supply additional information. Ask for a copy of B-203, "Home Lawns."

Cerebral Palsy Clinic Scheduled September 14th

Dr. Esther E. Snell, Director of the Lubbock Cerebral Palsy Treatment Center, has announced the next clinic for Thursday, September 14.

The Center was founded by the Lubbock County Society for Crippled Children and the Lubbock Rotary Club in 1948, and is located at 3502 Avenue N in quarters planned to meet the needs of the treatment program and built by community effort. Through the generosity of interested individuals and organizations, the Center offers treatment without charge to all cerebral palsied children regardless of race or creed. Cases must be referred by their local physicians for admission to the center and must register at the Center prior to the clinic date.

Qualified physicians and dentists, donating their services, are present at all clinics to examine patients and prescribe treatment.

Hog Raising Is Profitable Project For 4-H Members

Among the nation's hog growers are 4-H Club members who are learning how to breed, feed, show and market animals. Last year nearly 170,000 members raised more than a half million hogs in the 4-H swine program, reports the National 4-H Service Committee.

Pork ranks second in the tastes of American meat eaters. The average consumption is 64.5 pounds compared to 85 pounds of beef. The 1961 production and consumption is expected to reach a new high and 4-H swine projects have expanded accordingly.

Both girls and boys are enrolled in this program. One of the six national scholarship winners last year was a 17-year-old Kansas miss who also won the Miss Duroc Princess title in 1957.

She is Connie Reder who

lives on a farm in southeastern Kansas. Connie has had a swine project throughout her nine years of 4-H membership, and like other state and national champions, has served in various club offices and as junior leader.

This year six new national winners will be named by the Cooperative Extension Service along with state and county winners.

Awards will again be provided by the Moorman Manufacturing Co., Quincy, Illinois. They consist of \$400 scholarships, expense paid trips to the National 4-H Club Congress in Chicago, and gold-filled medals.

During the Congress, Moorman officials will personally congratulate the winners and will host a special recognition event.

Let us help put your family in a home of their own!

Picturing your family in a house is fun . . . but the real pleasure is having a home of your own. We can help you achieve this goal. If buying or building a home is close to your heart, why not act now?

Farm Safety: A Year 'Round Job

We Americans seem to need an official "week" each year to remind us of things we really should practice every week of every year.

There's nothing wrong with the idea--the official reminder usually proves helpful--but too often too many people will substitute one week's observance for a year's practice.

National Farm Safety Week, which was July 23-29 this year, was a good example of a "week" that should be considered a continual part of the rural life. Especially is that true in this area in which agriculture plays such a leading role in our economic life. It is just plain good sense to avoid the suffering and economic losses

resulting from farm accidents. Co-sponsored on the national level by the National Safety Council and the U.S. Dept. of Agriculture and on the state level by the Texas Farm & Ranch Safety Council, the Texas Farm Bureau and the Extension Service, the 18th annual Farm Safety Week had as its theme, "Safety is a Family Affair." The Parmer County newspapers were glad to be among the many newspapers helping in the campaign to draw attention to the need for the year 'round observance of safety practices on the farms and ranches.

Accidents in American farm homes take about 2,700 lives a year, according to the Texas

Farm and Ranch Safety Council, and some 3,400 persons are killed each year doing farm work. This is in addition to the 4,700 farm residents who die on the highways in nonwork accidents.

If we think of safe practices

as a means of doing things, rather than as a set of do's and don'ts, accident prevention will become a way of life--a way of that will preserve the lives of farm families.

Let's make every week Farm Safety Week.

Farmers Give Overwhelming Approval To Wheat Quotas

Allotted Acreage Down 11 Per Cent

Farmer County's wheat farmers turned out in record number last Thursday to approve wheat marketing quotas, and a new stabilization program for 1962, by better than a 5 to 1 majority.

The number of voters casting ballots in the referendum, 702 of them, was more than double the number of last year, and it was the largest turnout of any county in Texas.

The vote count was 614 for and 88 against the quotas, or 87 per cent of the farmers in favor of the program and 13 per cent opposed.

On a nation-wide basis, 79 per cent of the farmers voting in the referendum okayed the quotas. This was a drop of about 6 per cent below last year when 85 per cent of the farmers voiced their approval.

Two-thirds of the farmers, 66 2/3 per cent, had to approve the quotas before they would go into effect.

The vote in the county, by precinct, was as follows:

Rhea, 31-14; Friona, 245-26; Lazbuddie, 71-12; Oklahoma Lane, 59-7; Farwell, 203-23; and Bovina, 105-6.

By approving the quotas, the farmers also gave their approval to a new wheat stabilization program, which calls for a mandatory 10 per cent reduction in acreage and a price support of 85 per cent of parity.

"The price support will at least be \$2.00 on the national average," says Prentice Mills, Farmer County ASC manager. Last year's national average price support was \$1.83 per bushel.

The new wheat program, which farmers will start signing up for in September, is similar to the feed grains bill of this past year with a few exceptions.

While the feed grains program was completely voluntary, the wheat programs requires all farmers to divert at least 10 per cent of their acreage from production. On this 10 per cent lay-out, farmers will receive payments in cash or kind equal to 45 per cent of normal production.

Farmer County ASC committeemen are now establishing normal wheat yields for each

farmer, and these average yields will probably be mailed soon after September 1, Mills says.

Like they did under the feed grains program, however, farmers may submit records of their 1959 and 1960 crops if their average yield was higher than the one set by the county committee.

The 1961 wheat allotment for Farmer County has been set at 104,850 acres, a decrease of 1.4 per cent under last year, Mills says. Individual allotments have already been mailed to county farmers.

After the 10 per cent reduction, total acreage for the county this year will be 94,365.

The number of acres planted will probably be considerably lower than the 94,000, however, if many farmers take the option of laying idle and additional 30 per cent of their allotment.

Under the new program, farmers may lay idle up to 40 per cent of their acreage. There will be payments in cash or kind equal to 60 per cent of normal production on wheat acreage voluntarily removed from production.

One phase of the wheat program which is different from the feed grains program of this past year is that farmers will receive the price support on all grain produced on their allotted acreage.

Under the feed grains bill, farmers receive the price support on only the amount of grain produced up to their established normal yield. All grain produced in excess of the established yield sells on the open market.

Another change in the new program reduces the minimum

number of acres which a farmer can plant, and be exempt from marketing quotas, from 15 acres to 13.5 acres. And, a farmer can plant the limited acreage only if he has planted at least 13.5 acres of wheat during one of the past two years.

The Farmer County ASC manager also reminds farmers that they will be able to sign up for a barley program this year.

Barley has been included in the one-year extension of the feed grains program, and farmers who want to sign up for the program will have the option of laying idle 20 per cent of their established acreage or as much as 40 per cent.

Payments in cash or kind will be 50 per cent of the established normal yield on the first, 20 per cent lay-out, and 60 per cent of the normal yield on lay-out acreage up to 40 per cent.

County ASC committeemen are now figuring the normal yields for farmers, and they will be mailed soon after September 1.

Like on the wheat program, farmers who plan to comply with the barley program, can probably start signing up by September 15, Mills says.

Barry Goldwater says: "When liberals talk loosely about this country's lost purpose, I suggest they might remember that one of our Republic's purposes is freedom and that we have remained free for nearly two centuries; and that we have, must be listed as one of the great achievements of history."

Make Your Pond Safe

To youngsters, summertime is swimming time. This is especially true of rural children, many of whom have a convenient farm pond available. Unfortunately, many of these swimming excursions end in tragedy. All too often you read stories about children drowning while swimming in a farm or ranch pond.

W. L. Ulich, extension agricultural engineer, says most of the drownings that occur in farm ponds could be prevented if a few simple safety precautions were taken. The first thing to remember is to never let anyone, adult or child, swim alone. Children should never, under any circumstances, be allowed to play alone anywhere near the pond.

It is also a good idea to keep life preservers handy, and to insist that non-swimmers wear them when playing in the pond. "Life preservers do not mean plastic bags," Ulich warns. Although a plastic bag will support a person when inflated, they puncture very easily.

Simple rescue equipment should also be kept at the pond. A long lightweight pole is very good for reaching swimmers in trouble. Another item that should be available is a length of light, strong rope. This rope should be at least as long as the pond is wide at its widest point. A lightweight float attached to the end of the rope will help if you want to throw it to a person in distress. Most ponds already have one good piece of rescue equipment—a small boat. If your pond does not, it would be a good idea to get one if at all possible. July 23-29 is Farm Safety Week, and Ulich points out that making the farm pond a safe recreational area would be an excellent way to start preparing for it.

Husband to wife: "I'm wearing my golf socks today." Wife: "What golf socks?" Husband: "You know. The ones with the eighteen holes."

What's "High Fashion" In Women's Fall Clothes?

With fall fashions arriving daily in the local and area dress shops, the early shopper questions, "What is high fashion for this year?"

The look of the dropped waistline is one of the new fashion items for fall, according to Miss Ettie Musil, County Home Demonstration Agent, from fashion news received from extension clothing specialists.

Generally the waistline is hinted at with low placement of belts and pockets, rather than definitely marked with a seam.

When it comes to skirts the flare is new. In many designs the flare starts at the pockets on the elongated waistline and spreads gradually to the hem.

The two-piece look is significant in dresses. This means the gentle overblouse tops are good for another season, now mainly over flared skirts. Flared shirts are even good with suits.

Suits will have the same variety of styles. The semi-fitted, flared "riding habit" type paces the new coat shapes flared from various levels. Chanel's loose fitting jacket will be worn with slightly flared skirts this season. New cut away styles and tubular breasted models with low belt detail.

A variety of styles will be featured in coats. New coat shapes will be flared from the high rising or low slung waist line. Many will give a full sweep

The very small boy came home dejectedly from his first day at school.

"I'm not goin' tomorrow," he sputtered.

"Why not, dear?" his mother asked.

"Well, I can't read, and I can't write, and teacher won't let me talk, so what's the use?"

Second Payments May Be Delayed

Prentice Mills, Farmer County ASC office manager, said this week that the second payments to farmers who diverted acreage under the feed grains program may be delayed until October.

"We had hoped to start making these payments by September 15," Mills said, "but bad weather has interfered with our measuring operations."

Mills said that it would probably be October 1 before all of the measuring could be completed and the county ASC office could start making the second payments.

A farmer's barn had burned down and the agent from the insurance company arrived to discuss the claim. Explaining the policy that covered the structure, he told the farmer that his firm would build another barn of similar size instead of paying the claim in cash. The farmer was furious.

"If that's the way your company does business," he exploded, "you can just cancel the insurance policy on my wife."

Another of life's tragedies is that we get old too young and wise too old.

WITH THE COUNTY AGENT

JOE JONES

Brucellosis must go, has been the theme of interested cattlemen over the past two years. If plans don't change this should be near reality by the last of September. Dr. J. B. Henderson, with the Texas Animal Health Commission, informed me by phone yesterday that he is ready to begin work. Dr. Henderson feels it will take about three weeks to work the county and he will be ready to begin work soon after September 5.

I am calling a meeting of all cattlemen for Tuesday night, September 5, beginning at 8, to give you an opportunity to hear the Animal Health Commission's Mode of Operation explained. This meeting will be held in the High School auditorium as Bovina. Everyone with one or more cows should be present as well as those who may plan to lease their wheat pasture for grazing. There will be certain regulations we will have to abide by concerning cattle movement within the county as well as movement of cattle into the county.

Cotton is coming along fine and some will likely be mature early enough for defoliation. If you are interested in knowing a little more about defoliation I have the Texas Guide for Cotton Defoliation. This guide gives the percent open cotton you should have before applying various types of defoliants or desiccants. If you would like one of these guides, come by or let me know you need one.

Soybeans are doing fine and with the cool weather we should have a good bean set. You should keep in mind soybeans need good soil moisture to fill the pods. This usually means watering them in September and a watering in early October will pay in some instances.

When making your plans for the 1962 wheat crop, don't forget the soil test can serve as a guide to your fertilizer needs. The soil test is only a guide, but can be very useful in helping you determine the plant food needed. The use of phosphate

is paying off good on the lighter soils, so don't forget this element. Phosphate should be banded prior to seeding or at the time of seeding. Top-dressing with phosphate is not recommended, so make your plans to put it down in bands this fall. A good fertilizer program to follow on wheat is to apply all the phosphate in bands prior to seeding or at seeding, where phosphate is needed, along with two thirds of the needed nitrogen. Top dress with the other one third of the nitrogen next February. You can't be far from right where this program is followed.

Nelson Welch Real Estate

715B Main • Friona, Texas • Telephone 2601 • Residence 2961

September 1, 1961

To The Folks Of Parmer County:

I wish to announce that I am entering the Real Estate Business. I have had many years of experience with the farms and the land in the county and I feel that I can do you an excellent job of representing you in a Real Estate transaction.

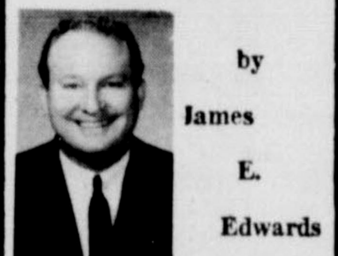

I will be able to devote most of my time and efforts to securing the best real estate buys for my customers. I have some choice listing on hand, but am anxious for your listing -- to Buy or Sell or Trade. Call me at Home 2961 or Office 2601.

Very Truly Yours,

Nelson Welch

FOOTSAVING EDUCATION

by James E. Edwards

Shouldn't Footsaving Education Be Learned First By Shoe Clerks?

It may be almost incredible but the fitting of children's shoes has improved immeasurably in the last twenty years. Parents are no longer flabbergasted when a shoe-fitter measures both feet of their child. Twenty years ago you felt fortunate if he measured either foot.

After careful measurements the modern shoe-fitter may try three or four shoes in this same size before he is satisfied that he has the correct last for the child's foot. Twenty years ago if the last of the shoe was wrong the shoe clerk changed the size. Almost all shoe sizes were concealed in code so the customer didn't know the difference.

It is a sad commentary on our nation's interest in foot health that the law requires a manufacturer of clothing to show the percentage of wool, cotton etc., but the shoe manufacturer is not required to mark shoe sizes so the buyer can read them.

REMEMBER HOW GREAT CIGARETTES USED TO TASTE? LUCKIES STILL DO

LUCKIES DON'T SKIMP

They're so round, so firm, so fully packed—so free and easy on the draw. They're fully packed with fine tobacco. They're firmer than any other regular cigarette. And Luckies smoke longer. THAT'S WHY THEY TASTE SO GREAT.

**in and around
FRIONA**

WITH JUNE

With the opening of school, planning of Maize Days and all that goes with this occasion, most Frionans are busy as bees this week. Think the school enrollment was even more than school officials anticipated.

Fall of the year is wonderful and it is just around the corner. Early morning air is so brisk that just being up and around is a grand experience. In some ways other areas of the state is ahead of the Golden Spread, but weatherwise we are at the top of the list.

Pretty soon binders and ensilage cutters will be running, homemakers will be making soup from vegetables remaining in gardens, farmers will be making preparation for maize and cotton harvest and everybody will be getting ready for winter.

So many things are being planned for Maize Days that there will be several events that will be of special interest to everyone who attends. It seems that fewer men are growing whiskers for that particular contest, but some of those who are seem to be making progress.

Members of the Progressive Study Club have displayed their annual Money Doll in the window of Friona State Bank. This project is carried out each year during Maize Days and all proceeds are used for community service. If you haven't purchased a ticket, contact a member of the club or stop at Jarrell's, Foster's or Hurst's.

Then there will be a quilt given to some lucky person by members of the Hub Home Demonstration Club. This quilt is beautifully made of red, white and blue and has names and birthdays of residents of the community. Some of the information on the quilt may be the un-doing of persons who usually fill in "over 21" on questionnaire that inquire about age.

For several years there have been no kindergarten facilities in Friona. Mary Sheehan, who conducted kindergarten classes here several years, has completed plans for classes this year.

Mrs. Sheehan, who has also

taught in the elementary school, will conduct regular classes in her home at 905 West Fifth Street each day Monday through Friday.

Anyone interested in enrolling a child is asked to call Mrs. Sheehan at her home Tuesday of next week.

Maize Days plans always remind me of the annual Bean Day festival I used to attend with my family at Wagon Mound, New Mexico. This was a one day affair complete with carnival, rodeo, displays of produce and other festivities.

Think the name Bean Day came into being because of the free noon meal of barbecue and beans. Of course, beans was one of the principal crops of the area at that time and it is possible that the name was selected to advertise pinto beans.

If this celebration has survived down through the years, it must be at least 40 years old by now. If any of our readers have attended Bean Day in Wagon Mound in recent years, I'd enjoy hearing about it.

This may turn out to be a Maize Days column, but Richard Hapke is interested in securing pictures that feature maize in any way.

Does anyone have a picture of the long maize ricks that were stacked in the area of the Old Syndicate Hotel about 1929, 1930 or 1931. Think the exact location of these ricks was about where John and Billy Jo Hand live. We'd like to borrow them or any others.

Any picture will be taken care of and returned to the owner without damage. If it isn't convenient for you to bring the pictures to the Star office, just call 2291 and someone will pick them up.

Visitors in the home of Mr. and Mrs. John Hand and boys last week were Mr. and Mrs. Bill Brock from Bakersfield, Calif.; Mr. and Mrs. Edward Lowrance and children from Pampa and Mr. and Mrs. Ted Brock and children from Wellington.

They were guests of Mrs. Carrie Shirley also.

Legal Notice

THE STATE OF TEXAS
COUNTY OF FARMER

In the Name and by the Authority of The State of Texas To:

David Salinas and his wife, Mrs. David Salinas, whose residence is unknown, and the respective unknown heirs and legal representatives of all the above named parties, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiff herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 154th Judicial District, Farmer County, Texas, wherein the Friona Independent School District is plaintiff; The City of Friona, Texas, a municipal corporation, and The State of Texas, County of Farmer and High Plains Water Conservation District No. 1 are impleaded party defendants; and David Salinas and his wife, Mrs. David Salinas are defendants, by the filing by said plaintiff of a petition on the 19th day of August, 1961 and the file number of said suit being No. 2226 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

All of Lot Number Five (5) in Block Number Ninety (90) of the Original Town of Friona, Farmer County, Texas; together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows: The Friona Independent School District, \$3.00.

The names of all taxing units which assess and collect taxes on said property not made party to this suit are None.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and

costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

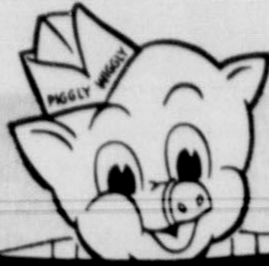

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance thereof, the same being the 2nd day of October, A. D. 1961 (which is the return day of such citation), before the honorable District Court of Farmer County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

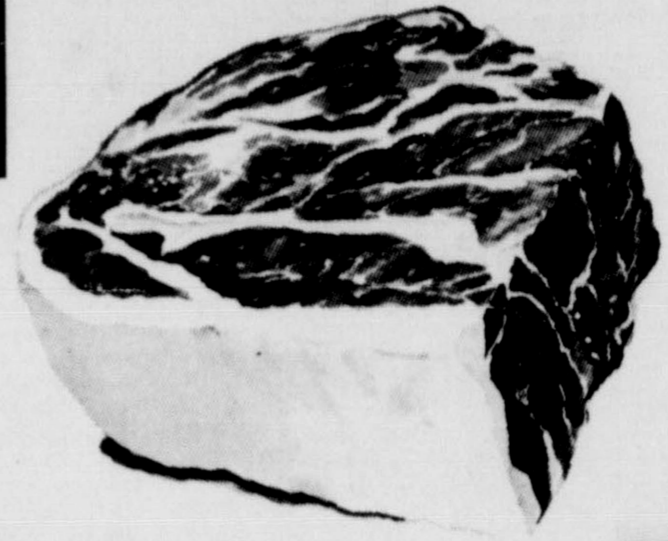

Issued and given under my hand and seal of said court in the City of Farwell, Farmer County, Texas, this 19th day of August, A. D. 1961.

Hugh Moseley
Clerk of the District Court,
Farmer County, Texas,
