Yankees Near Crown In Little League Baseball

League Yankees move closer to the crown on Thursday night, July 7, when the Dodgers and Giants will play in the first game and the Cards and Yanks in the second.

into first place again.

Action is scheduled again this Thursday night, July 7, when the Dodgers and Giants will play in the first game and the Cards and Yanks in the second.

The Rankin All-Star team has already been picked from the 4 clubs and will be managed by E. M. Sullivan. They will begin their workouts shortly.

LITTLE LEAGUE ACTION continues at a serious pace despite the fact that the current season is near its end as Robert Browning, on the mound, tosses one by Tommy Sheffield, at bat. Behind the plate is Clarence Wesley, catcher, and Shorty Taylor, ump. The game was between the Dodgers and the Yankees.

Baptist Vacation Bible School Begins Mon. 11

Rev. R. L. Shannon, pastor of the First Baptist Church, released the following announcement concerning Vacation Bible School at the local church:

"The Vacation Bible School will begin at the First Baptist church next Monday, July 11, and run through Friday, July 15. Miss Carolyn Midkiff will be the principal and Miss Anabelle Lawton, whose parents are missionaries in Hawaii will be the other worker from the State Department of the Baptist Convention. Both of these young ladies have had several years experience in Vacation Bible School work. They have also had special training in this work, and we are looking forward to a real good school this year.

Several of our workers will be working in this school also. Some of them have had several summers experience in this work.

We plan to start at 8:30 a.m. each day and close at 11:00 a.m. However, if some of the older groups need more time to finish their handwork, they may continue working until 11:30 a.m.

All children three years old through sixteen are invited to attend this school. We would like to emphasize that the school is not just for Baptist children, but those of any denomination, and those whose parents are not affiliated with any church, are cordially invited to attend. The only requirement is that a child must be three years old and up through sixteen. There will be a special department for the three-year old children.

We plan to have a parade next Monday, July 11, at 4:30 p.m. We will start from the church at that time and drive along several of the streets in town. Mr. E. M.

Sullivan has kindly consented to help us again this year, and he will lead the parade with the Fire Truck. If the parents will bring their children to the church, we will have cars, pickups and trucks ready to take them in the parade. Please bring the children about 4:15 p.m. and our VBS workers will be there to help the children get a place to ride in the parade. The parade gave the children a real thrill last year, and they are looking forward to it again this year.

Mr. Lee Jackson of Clarksville, is visiting this week in the home of his daughter and son-in-law, Mr. and Mrs. Dell Colledge.

Hardin Re-Opens Dixie Service Station

Mr. W. Leo Hardin, formerly of Big Lake, was scheduled this week to re-open the Dixie El Paso Service Station on Highway 67 under the name of Hardin Dixie Service. Mr. and Mrs. Hardin moved here this week from Big Lake.

At the same time, Turner Bros. Oil Company of Big Lake, distributors for Dixie-El Paso products, pointed out that the station building has not been condemned as unsafe by the State fire inspector as was reported in the News a month or so ago.

"That report was strictly incorrect," Mr. Turner said this week. "The station has never been closed because the building has been declared unsafe."

The owner of the building, a Mr. Black, has said, however, that he does plan to make some improvements to the structure.

Annual Rankin Golf Play Opens Sat.

Golfers by the flights will gather in Rankin this week-end for the annual playing of the Rankin Golf Club's tournament. As usual, Big Lake players are expected to be the tough competition, having provided more winners in the local tournament over the past years than any other club in the area. Iraan will have a good representation, as will Goldsmith and other nearby clubs.

Rankin will also have two big-name players, Walter and Lee Sneed from Midland. Although this father and son combination are not as sharp in their game as the old pro, Sam Sneed, they have always provided plenty of competition on the Rankin course.

Former Rankinites who will be on hand will include Jeff McSpadden, Ted Hogan, Jack Marshall and others.

Qualifying will be held Saturday with tee-off time set for 7:00 a.m. Sunday morning. Dunn Low-

ery will be the starter.

Entry fee is \$7 and scores may be called in to MY 3-8824.

CADDIES NEEDED—

There will be opportunities for a number of boys to earn money as caddies during the tournament. They need not be experienced in this line but it would help if they

had a pair of good legs and a strong back. Caddy fees are \$150 for nine holes—winners sometimes offer good tips.

Boys should be at the Golf Club house by 7:30 a.m. Sunday morning. A limited number might find jobs Saturday afternoon.

IT'S CALLED RAIN, SONNY

After almost 24 hours of rain that drizzled out from 3 1/2 to 5 inches of moisture on Rankin and the surrounding area, local citizens were wearing a rather dazed expression of disbelief, ranchers were rubbing their hands and looking for more and some of the younger children had to be taught that the strange stuff would get you

wet. Described by some as the most beneficial rain to fall here in many years, the staker came at a time when rank's land was beginning to suffer severely from heat and high winds.

"We could use one of these every ten days," said one local citizen. He probably has lawn mowers.

TIME FOR TOURNAMENT PLAY will be at Sunday at the Rankin Golf Club. Here Noble demonstrates to P. V. Brown, Leo Tieman and Durden how he will lay one down the mid-first flight Sunday.

THE SCOOP by Scoop

J. B. Hutchens, Jr., Editor

MADE IT—

Assuming that there are no readers of this column from the spirit world, you are all to be congratulated for having made it safe and sound through another 4th of July. Aside from a fair display of fireworks—some exploded after us old folks had gone to bed—it was very quiet here in the village over the holidays. This report is given for the benefit of all who were out of town and that must have been just all the rich folks.

A little late perhaps but maybe it could be used next year would be the slogan: "Drive carefully—the car you save won't be paid for nine times out of ten".

THE CONVENTION—

Beginning next Monday, those who care to watch rigged TV shows can see a dandy when the Democratic Convention opens. Old Harry says the thing is rigged and everybody seem surprised. About as far back as I can remember, these conventions have been more or less a farce since all of the pressure for delegates has been applied long before the gathering at the convention site.

The same will be true this time and it will be interesting to see how it comes out. On one side will be the bid by the Catholics to get their man, Kennedy, in. The old guard Democrats will likely favor Stephenson and then will come Texas own "pride and joy" Lyndon B. Lyndon B. is running strictly for Lyndon B. and again it will be interesting to see just how much political power he can swing.

For the benefit of those of you who like to place little wagers here and there, I will offer the following: Don't bet too strong on the favorite, Kennedy. Everybody is going to be out the crowd him into the rail. Keep you bets light

on Lyndon. These Southern nags just can't run too well around a bunch of Yankees. Now if you like the long shots, take Stevenson. He is an old horse with lots of savvy when it comes to winning out in this sort of parley.

Then if you would bet on the grand finale, take Nixon. He will likely beat the entire field from the Democrat stables.

And if any of these tips don't pay off, don't come to me with your troubles for you should know better than to pay any attention to tips from bystanders.

THE LANDMARK—

One of our readers, an out-of-stater now but former resident of Rankin and old Upland, has written me asking that I pass along the idea of trying to work out a deal for the preservation of what is left of the old Upland Courthouse. He stated that he felt it was a worthy historical landmark from early day Texas history and that there could be much said in favor of trying to maintain it as a relic of pioneer times here in Upton County. He offered to make a contribution to such work and said that he felt sure other old-timers would do likewise.

Well, there is the suggestion. If there are any takers on the proposition, let's hear from you.

THE GOLFERS—

This week end, if things go as planned, Rankin will be host to about 100 golfers from West Texas in their annual tournament. There will be the usual collection of hot-shots and duffers and the public is invited to come out and watch the proceedings.

We have a nice cool place out at the golf club, under the poarch in an easy chair and for those of you who have never seen a truona-

ment in progress, this would be an ideal spot to locate. You will be most welcome.

OTHER EDITORS—

A few clipping from editors of other newspapers has come to hand and contains, among others, these few gems:

LISBON FALLS (Main) ENTERPRISE—Mull this bit of information over in your mind a couple of times. In the old Athenian democracy, only idiots, foreigners, and women did not vote. In the 1958 election only 44 per cent of the entire U. S. electorate voted.

GREENVILLE (Ill.) ADVOCATE . . . Advocates of federal aid to education say we need \$975 million in federal funds to build new schools in the next three years. They have a bill in Congress to appropriate the money, at \$325 million per year . . .

Under the Congressional bill, 42 per cent of the federal tax money would go to just seven states. Far from being the seven "neediest" states, these seven are the richest: New York, California, Pennsylvania, Texas, Ohio, Illinois and Michigan.

PITTSBURG (Tex.) GAZETTE: If you don't have words to express your feelings, you can find half a million in the dictionary. By the time you find them, your feelings will have settled down to a peaceful calm.

CHEERS—

There can be no denying Upton County has its share of patriotic citizens as witness the birth announcements carried in this issue of The News.

Just about the biggest crop of new youngsters were born in the Rankin hospital over the past week end as has been produced any time since the place has been in operation for the same period of time.

And note those who hit it right on the button: Birthday, July 4th.

Jimmy Campbell from Hanover, Germany and son-in-law of Mr. and Mrs. J. W. Kennedy, was a recent visitor in Rankin. He had been attending a missile school in El Paso. Mr. and Mrs. Kennedy will go to Germany on July 15 for a visit with the Campbells.

Linda Crow Tells Of United Nations Tour

EDITOR'S NOTE—The following article was received last week from New York and was written by Miss Linda Crow, Rankin's delegate to the United Nations Tour, sponsored by the Rebekah and Odd Fellow Lodges of Rankin.

Representing Texas on the Eleventh Annual Odd Fellows United Nations Pilgrimage for youth in New York City is Linda Crow of Rankin.

Highlighting the pilgrimage were many conferences with officials of the permanent missions to the United Nations by the young people from every section of the United States and Canada. During the week, the total young people participating since the first year is 5,295.

Visiting the Holland and Hungary delegations to the UN, the local area student had the opportunity of discussing many conditions and problems of these countries. With other young people she learned first hand about cultural, educational, economic, social and political situations facing the people of those countries.

Discussion periods also held at International House where the

students have the opportunity of learning about other nations from the foreign students living there.

These visits along with various meetings and council sessions at the United Nations are designed to create a better understanding of the problems of the world and world peace.

This summer some 850 young people are participating in this youth program for junior and senior high students. Each young person has been selected through competition by local Odd Fellow and Rebekah Lodges.

Considered one of the most ambitious programs of its type in the country, the "United Nations Pilgrimage for Youth" give young people the opportunity of seeing the UN in action and observing its method of organization and to study some of its accomplishments. Many points of historical interest in the United States and Canada are also visited by those traveling in educational bus tours.

Among the adult leaders from Texas who are with the students are Mr. Linzie J. Johnson of Pampa; Mrs. Johnson and Mrs. Elfrieda Schriber of Galveston.

Amanda Williams Honored With Party On Sixth Birthday

Mrs. J. A. Williams honored her daughter, Amanda, on her 6th birthday recently with a party at her home from 5 until 7 o'clock.

Favors were given the children and games were played. Refreshments of cake and lemonade were served to the guests.

Attending the party were Rene Sproul, Debbie Jeannie and David Stanley, Johnnie and Pattie White of McCamey, Johnnie and Dianne Moore of Abilene, Jackie Watkins of Odessa, Linda and Jerry Smith, Carrol and Kerry Cranfill, Lesa and Carla McCormick, Billy Clark of Odessa and Mrs. W. H. Tate, the grandmother of the hostess.

How's Your FORESIGHT Today?

Difficult to predict the course of human events? True. But not so difficult to *change* it in your favor — by *foresight*.

Foresight means making wise provision for the *unpredictable* (the sudden emergency, the unexpected opportunity) as well as for the *inevitable* (growing older, for instance).

May we be specific?

At some crucial turning point in your life, the possession of a sound reserve of ready cash in the bank may make all the difference in the world in *your* future.

You can face the future with more courage, more confidence, more chance of success by reason of your *foresight* now . . . in opening a savings account in this bank, and adding to it regularly.

New Miniature Telephone Took Five Years To Prefect

... call the wife and I'll take you out to the house for a home-thawed meal!"

It's a changing world—even the traditional telephone is taking on a new shape.

A new oval-shaped telephone—called the Princess—was introduced July 1. This oval phone is about one-third smaller and two pounds lighter than current desk model instruments, according to Manager Mac Hudgins of Southwestern Bell Telephone Company.

"The Princess is two inches lower and five inches smaller from front to back than present desk phones," he said. "And it wasn't as simple as it might seem to shave seven inches off the dimensions of the new phone."

In fact, telephone engineers spent more than five years turning this designer's dream into a working telephone.

Because of the Princess' small base, Bell Telephone Laboratory scientists had to pare down the size of the complex dial and switch equipment inside the telephone without hurting the operating efficiency of this apparatus.

"The miniature design of the phone was further complicated by the dial and the receiver, or handset," Hudgins said. "These two parts could not be made miniature size because they are designed to fit human dimensions which, of course, aren't getting smaller."

Thousands of customers in a number of test cities actually contributed to the final design of the new phone, Hudgins pointed out. Customers were shown clay models of the Princess, along with models

of present desk and wall telephones, to get their suggestions on styling. Working Princess phones were placed in customers' homes for a month's test use, along with two other new style phones. Telephone salesmen also sold the Princess against present desk and wall model phones to help determine its popularity.

Before the Princess was manufactured, 3,000 customers were interviewed to learn their choice of colors. The Princess is made in five of the six colors customers preferred—blue, beige, turquoise,

pink and white. Their sixth choice, gold, presents production problems that have not yet been solved.

Despite its small size, the Princess also has an illuminated dial, Hudgins said, so calls can be made in a dark room. This light also can be turned on to glow softly as a night light when the phone is not in use.

Hudgins said the new Princess phone was on display at the telephone business office beginning on July 1.

Members of the Rankin Chapter participating in the ceremony were: Flora Shaw and R. L. Craig, Associate Matron and Associate Patron; Odessa Edwards, Conductress; Janie Craig, Associate Conductress, Blanch Mitchell, Treasurer; Mary Ann Workman, Secretary Wynema Little, Organist; Myrna Holman, Chaplain; D. L. Trowbridge, Marshal; Maggie Taylor, Sentinel; Monnie McSpadden, Ruth; Estelle Herral, Esther; and Maude Frazier, Electra.

Gifts from the Chapter were presented to the new members by Janie Craig.

Refreshments were served to members and visitors by Flora Shaw, Estelle Herral, Monnie McSpadden, Blanche Mitchell, Janie Craig and Maggie Taylor.

INTERESTED IN AN INVESTMENT . . . ?

Nowadays, everybody is talking about investments and earnings, dividends and security. That is wise thinking . . . but all investments are not in the form of stocks and bonds.

Insurance is a type of investment—one in which you secure your property, assure your continued income in case of sickness, protect yourself against all types of financial loss. Come by and let us go over your needs—it's time to invest in protection.

WHODONEIT?

Naw, the Rankin News wasn't late this week but either the U. S. Mail was or the Pecos Enterprise who does our engraving was.

The News was all set and ready for Wednesday afternoon publication but the postman—for the first time—failed to deliver our engravings on schedule.

It also rained a real country rain for the first time so somewhere in there things ought to be about even.

CLASSIFIED ADS
