Rankin-Iraan Tilt On Tap As Devils Seek Comeback

Last Friday opened with high spirits and much confidence in the fan and player camp of the Rankin Red Devils and ended a long about midnight with just about everyone wishing they had

gone to bed earlier.

Rankin, contesting for the district lead with Wink, made a fine showing for about one quarter—then the Wildcats opened up their claws and raked Rankin for a 58-14 win, leaving the Red Devils to capture second-place honors if they can win over Iraan and Fabens.

Wink must yet play Sanderson and Van Horn before officially being crowned district champs but

this is expected to be only a formality since Rankin already holds wins over both clubs.

In Iraan Friday night, the Red Devils are expected to be the favorites but when the Fabens Wildcats come to town on November 10, it could be a different story since they have the third best record in the district play.

Iraan is said to be a young team and, although they have not yet won a game this season, are expected to be in their best frame of mind Friday night when they come here to contest with their long-time foes, The Red Devils. The two teams have always had a spirited rivalry—although always on the clean side—and Friday fans ought to see a hard nosed ball game.

Rankin will have the edge in size by a slight margin and will also field more experience in almost all positions.

Gametime is 7:30.

B AND JUNIOR HIGH—

Last week, the Rankin B team had an open date while the Junior High squad met an Ozona eleven here on Thursday evening and chalked up a fine 20-6 win.

This Thursday at 5 p.m., the Juniors will host the McCamey Juniors and will be followed at 6 by the Rankin-McCamey B's. The public is invited to attend these games at no charge. Concession stands will be open.

These games will conclude the schedule for the Juniors and the B squad for the current year.

FRIDAY NIGHT DANCE

An invitation to the public has been issued by The Rankin Golf Club to attend a dance at the clubhouse immediately following the Rankin-Iraan football game.

Admission will be \$1 per couple and dancing will continue until 1 a.m. More new records have been added to the juke-box for music.

Members of the Golf Club are reminded of the scheduled meeting of that group on Thursday night, November 2.

SPAGHETTI SUPPER

The Sophomore Class of Rankin High School will sponsor a spaghetti supper Friday, November 3 from 5 to 7 p.m. at the school cafeteria.

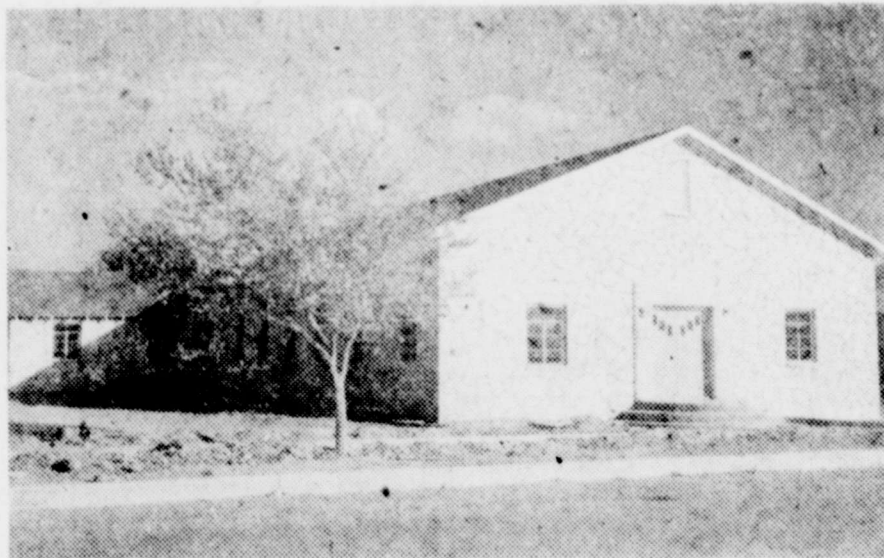

Tickets are 75-cents for adults, 50-cents for students and 35-cents for children under six years of age.

Both Italian Spaghetti and chicken spaghetti will be served.

NOTICE

Anyone interested in playing in the Duplicate Bridge Club is requested to be on hand at the Rankin Park Building at 7 p.m. Tuesday, November 7.

Baptist To Dedicate Educational Building

Dedication services for the recently paid for educational building of the First Baptist Church

are to be held Sunday, November 5 at 2 p.m. in Rankin.

Regular services will be conducted on Sunday morning and night at the usual times. At 12:30 Sunday at the church, a lunch will be served, followed at 2 by the dedication. All former pastors, former members and friends of the church are invited to attend all phases of the Sunday program.

The main church unit was constructed in 1952 with the educational unit being added in 1958; more than doubling the Sunday school capacity for the church.

Rev. R. L. Shannon has been pastor of the Rankin church since 1951. Present officers include Mr. Robert Holden, Sunday school superintendent, J. T. Bushong as training union director, C. G. Taylor, chairman of the deacons; H. Wheeler, brotherhood president; and Mrs. R. H. Bearden, WMU president.

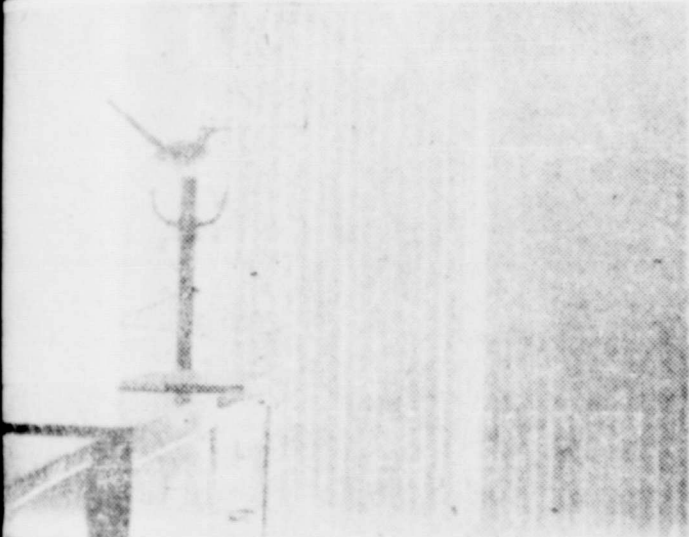

"We want to extend a most cordial invitation to all the people of this area to attend our dedication services. All are welcome," Rev. Shannon has said.

New Schedule Near Completion for RHS

Definite plans are almost complete for Rankin's 1961-1962 football schedule. Junction, an original member of the re-shuffled District 8-A, has been granted permission to enter another district. Plans call for picking up Coahoma to replace them on a practice game basis.

Following is the tentative 1961-1962 schedule:

- Sept. 7—Bronte here
- Sept. 14—Open
- Sept. 21—Crane in Crane
- Sept. 28—Alpine in Rankin
- Oct. 5 Coahoma in Rankin **
- Oct. 12—McCamey in McCamey
- Oct. 19—Eldorado in Eldorado
- Oct. 26—Sanderson in Rankin
- Nov. 2—Ozona in Ozona
- Nov. 9—Big Lake in Rankin
- Nov. 16—Iraan in Iraan
- ** Tentative
- Last 5 games District Play.

ING UP FOR TRICK OR TREAT—A small portion of youngsters who marched in the Hallowe'en Parade Saturday jam Main Street. On Tuesday night, they will be on all streets, and doorways and things in general for perfect trick or treat weather.

Registration for Tuesday 7th

Registration for Brownies and girls will be held next Tuesday, November 7 from 3 to 5 at the school. This will be the regular time with the patrol system in place of the

troop system of last year. "Let your girls prepare themselves for the future through Girl Scouting. We urge the mothers to come and register their daughters," Sam Fitzhugh, chairman, has said.

J. B. Hutchens, Jr., Editor

FOOTBALL—

The Cowboys beat the Giants, SMU downed Tech and Wink topped Rankin. Who can figure a football game?

Say, I surely want to thank all you folks who have pointed out to me that I missed the Rankin-Wink game last week when I picked the Red Devils to win. It appears at this time that you are correct and that Scoop got carried away. But if I hadn't thought they could have won, I would not have said so.

You will never make me believe that Wink has that much better ball team than Rankin—regardless of how far they go in playoffs.

Having contested myself in a number of sporting events over the years, I know that sometimes you can't hit the ball—no matter what and Rankin definitely had one of those nights last Friday. I still think just as highly of this ball club as I ever did and so do a good many other fans. In fact, Ennis Hurst down at Hurst's Barbecue, treated them to a barbecue supper last Tuesday night to show his appreciation for their efforts. A fine gesture, I'd say.

One thing should be said for Wink: they certainly put up a good argument for intergration and Federal aid last Friday night.

This week, you should see the following results in District 7-A play:

RANKIN wins over Iraan and then gets ready to capture the runner-up slot the following week. It will be a good game.

WINK hammers Van Horn by just about any score they decide and I will now move into their corner and root for them to go all the way in State.

SANDERSON tries Fabens and here will be the game of the week in the district. It's had to pick—depending on Herral—but Sanderson will have to be the choice. Scoops score: 30 right, 8 wrong, 1 tied.

WHAT ELSE—

Almost as hard to figure as the football games is the oil business.

The Rankin (Tex.) News— Thursday, Nov. 2, 1961

For years now, first one and then another have punched holes into the ground around Rankin and come up with dry holes until it was getting to the point where you couldn't find a new place to drill. Then along came the Blue Danube Oil Company, scrapped off a spot among the dry holes just a piece out of town, and got for themselves a duel-completion well.

Next, a well was drilled across from the Western Company and they put a gas well into their pocket. Now the north offset to the Blue Danube appears to be in the process of making a fair well in the Ellenburger and two more locations are being readied for drilling. A west offset to the discovery well was under construction this week and Blue Danube will start an east off-set in the next few days.

All of a sudden, we're right in the middle of what must be a hot spot for oil and if it proves to be just that, it will put truth into what old timers have long said: that Rankin is located right on top of one of the best oil fields in the county.

Time will tell.

POLITICKING TIME—

Since they moved up the election dates in Texas for the benefit of Lyndon Johnson, the various political races are getting off to a much earlier start than they did in years before Lyndon when January 1 was the signal for the hopefuls to start running. Already we have a number announced for state offices and much maneuvering is going on for others. Down in San Antonio, a most interesting election is to be held this week as folks there pick a new congressman. It's a strictly liberal Democrat vs. a conservative Republican and both sides are pulling out their big guns with even Ike getting into the back patting.

It may forecast things to come.

Locally, one of the hardest runners, although not officially announced. (Continued to Page 3)

RUTHERFORD AWARD—

Three times Upton County girls
 won the J. T. Rutherford Award
 for the most outstanding record
 of 4-H club work in the district
 and the large trophy became the
 permanent property of Upton
 County.

The second trophy offered by
 Mr. Rutherford was presented on
 Friday to Diane Proffitt of Big
 Lake, another of our 4-H mem-
 bers. We're right proud of our
 girls for capturing the coveted
 trophy, considered the outstand-
 ing award in the district, for 4
 of the seven years it has been
 presented.

In making the presentation, Mr.
 Rutherford stated that among all
 of the worthy youth organizations
 he had cast his lot with, the 4-H
 groups because of their four fold
 youth development program say-
 ing that he had never known a
 true 4-H club girl who was not a
 lady nor a real 4-H club boy who
 was not a gentleman.

More ingredient foods will be
 on the market in recipe size pack-
 ages, such as nuts and shredded
 cheese.

Among the new products are
 new cake mixes, a new mix for
 scones, pancakes, biscuits, muff-
 ins, etc.; and a prepared zucchini
 and Souerkraut.

With all the new ready prepar-
 ed products and convenient pack-
 aging, we'll need to check even
 more carefully on the food dollar
 to decide if we are buying mainly
 food or service—fine either way,
 just so we know what we are
 doing! However, we can't always
 assume that ready prepared foods
 are more expensive. For example,
 we find that graham cracker
 crumbs already prepared are
 cheaper than an equal weight of
 the whole crackers. It pays to
 read labels!

DEDICATION SERVICES SUNDAY, NOV. 5

Beginning at 2:00 P. M.

DEDICATION OF EDUCATIONAL UNIT—

MAN'S LOVE FOR GOD

"For this is the love of God
 that we keep His commandments:
 and His commandments are not
 grievous" (I John 5:3).

The above statement is the rule
 by which to tell whether or not
 one loves the Lord—he cannot
 tell by his feelings. If one says,
 "Let all who love the Lord stand
 up," as has been so often done,
 many rise who are known not
 to have kept the Lord's command-
 ments. "He that saith, 'I know
 God,' and keepeth not His com-
 mandments, is a liar, and the
 truth is not in him" (I John 2:4).
 Do you want to know whether
 or not you really love the Lord?
 Then apply the "acid test." Jesus
 said, "If ye love me, ye will keep
 my commandments." (John 14:15)
 He also said, "Ye are my friends,
 if ye do the things I command
 you" (John 15:14).

Those who love the Lord do
 not classify His commandments
 as "essential" and "non-essential."
 They regard the least command-
 ment as a test of their love for
 God, and keep it. They are con-

cerned about: "What does the
 Lord require of me?" For the
 answer to such a question, they
 search the scriptures—the Bible.
 This study necessitates the proper
 division of the word. To illustrate:
 God's command to Abraham to
 "offer up Isaac" is not part of
 our duty. The duties of the Levi-
 tes in the tabernacle and temple
 are obligations of no one today.
 The law of Moses is not the law
 of Christ. God said, "This is my
 beloved Son; hear ye Him."
 (Matt. 17:5). We prove our love
 for Christ by keeping His com-
 mandments and not by keeping
 the law of Moses.

Sinners are commanded to:
 "Believe on the Lord Jesus" (Acts
 16:31) . . . "Repent, and be bap-
 tized everyone of you in the name
 of Jesus Christ for the remission
 of sins, and ye shall receive the
 gift of the Holy Spirit." (Acts
 2:38). DO YOU LOVE CHRIST?
 ARE YOU WILLING TO OBEY
 "ALL" OF HIS COMMAND-
 MENTS?

will give leaders training each Monday in November. These meetings will be from 9:30 a.m. to 2:30 p.m. in Iraan and transportation will be provided by the neighborhood service team. "Your help will be greatly appreciated," he stated.

Week's Question

QUESTION: Do you think the U. S. should go ahead and shoot off the nuclear bomb in the cavern near Carlsbad?

P. A. Whisman—No, I fear that when the salt formations are destroyed it may set off a chain reaction that could destroy us all. After all, we have all these underground storages of gasoline that are in the salt formations.

Billy Ray McDaniels — Yes, they've tested everything else, so they might as well give this a try.

Alva Batchelder— Yes, they've got to test them someplace.

Viv Urbanek—Yes, we've got to shoot off something to show the Russians our strength is as great as theirs.

Henry Vineyard—I'm not really in favor, but America is going to have to keep pace with the rest of the world.

W. C. Klein—No, I'm not in favor of them shooting off any of them anyplace.

R. L. Mann—No, I think the danger of fallout is too great.

Glen Donaulson—Yes, I think it is necessary to keep testing our nuclear weapons, at least, until a ban is agreed upon by all world powers.

M. F. Phillips—No, in my opinion, we're wasting our time and money with these so-called little bombs. We ought to shoot off a great big one, and aim it right at Kruschev.

Walter Acker— Yes, we've got to keep up with Russia.

Lester Davis—I haven't given too much thought to it, but I certainly don't think they should.

Willie Taylor—No, I'm not in favor of it, mainly because it's too close to home.

James Bohlar—Yes, because if we're going to have an arms race, we might as well stay in contention.

W. D. Stephens—No, we should never forget the damage done to Hiroshima. If a bomb can do that much damage above ground, then stop and think what it would do underground.

Bro. and Mrs. Jerry Bob Taylor attended a workers conference in Iraan on Monday and are planning a trip to Austin this week-end to attend the Texas Baptist General Convention. Billy Barsch will fill the pulpit Sunday night.

Mr. and Mrs. Claude Davis of Tuscola, Texas were guests of Mr. and Mrs. C. L. Davis of the Phillips Camp in Midkiff this past week-end.

Hi ONE AND ALL

BY FAYE SCARBOROUGH
Box 6607
Midkiff, Texas

Well, as of this week, we are city folks—we have telephones. Hot Dog—No more getting out and scratching for the news. You are going to call me now and give me all the "latest" aren't you? Come on, be a sport. My phone number is JE 5-2224. Remember it's your paper same as it's mine.

Weren't you all proud of our carnival and parade? I thought the parade was the best ever—and we certainly had the best array of costumes that we have ever had. Didn't you think Judy James, Jan Goodwin and their "Jass-Honkey" were the best act in the whole parade? Of course, medals of honor should be given to all the little kids who stood in the streets and on the floats like little troupers while the band played on. Those kids nearly froze. I don't know who won the prizes but I do know that my vote for the best costume there would have gone to the little boy dressed as a "Hoot Owl". Well, to be truthful, as cute as all the kids were and as pretty as the floats were—I would have wanted to be a judge.

What did you think of the turnout at the Wink game. Boy, don't you know those Wink people nearly lost their uppers when they saw how crowded our stands were. I heard that Beth Green, she lives at Wink now but used to live out here in our Phillips Camp, was there—they said she sat on our side with friends—but yelled for Wink. Boy, it's a wonder someone didn't "clobber" her. She's one of my best friends, but I tell you when she started yelling for Wink— I might have forgotten where friendship and school spirit are supposed to draw the line. Well, I've just got to say one thing: they might have beat us playing ball, but I'll bet our band put theirs to shame. Doesn't it always? By the way, Mr. Mabry, we sure like you.

Slowly but surely our camp is thinning out. We are losing another family. James Bohlar has resigned his job with Phillips to take a job with Rexall Chemical in Odessa. We'll miss you, James and Virginia, but our best wishes go with you. The Bohlars have three children: Nathan, Cheryl and Charles. They'll be living at 2605 N. Adams St. and invite their friends to stop by and see them.

The latest victim of the mumps is little Jackie Bob Taylor of the Permian Camp. I went by his house for a few minutes and he was laughing about how fat his face was. He really has a good case—both sides.

Well, it looks like we are all

pretty worried, and with a just cause, about all these nuclear tests and what the results will be. It brings to mind the story of the two cave men who were out watching a bad electrical storm from the mouth of their cave homes. One looked at the other and said with a big frown on his face: "Just look at this weather. I figured it would happen when those blasted Indians started fooling around with those bows and shooting those arrows up in the sky."

So see, we "ain't" the only ones who have had worries.

Bye now—See you next week?

Our survey of the migration and incidence of the screwworm fly is nearing the end of its second year. Information gained through this survey to date will be extremely valuable to any future screwworm control project. It is important that this survey be continued not only until that date, but must also be very diligently carried on during any control project. Otherwise, we will not know where the insect is prevalent at the beginning nor the results of our efforts during such a program.

A control project in Texas will cost millions of dollars, but, if successful, will result in tremendous annual saving to the livestock industry. The expenditure of any sum of money, however, would be in vain without the continued cooperative support of the livestock owners. Therefore, your continued cooperation in the survey program is urgently needed.

At this date, screwworms are still active in all parts of Texas. Soon the winterkill will begin in those counties farthest north and proceed south as winter progresses, until only a comparative few counties will be infested in South Texas during late winter. This is one of the most vital seasons relative to our survey. We need to ascertain when the problem is eliminated in each county by the change of weather conditions or in which counties the fly is able to remain active throughout the year. This can be accomplished only by the continued receipt of screwworm samples from you.

Another vital season for our survey extends from late winter through the spring months, at which time the fly migrates from south to north causing screwworm infestation in all parts of Texas again. We also request samples during the months of constant infestation in order to remain informed as to the severity of the problem and the percentage infestation in each county.

Screwworm control program for Texas is headed by Mr. T. A. Kincaid of Ozona and Marvin J. Bridges of Buffalo, trustees of the Southwest Animal Health Research Foundation, met with officials of the Texas Education Agency and the A&M College of Texas to discuss plans for combatting multi-million dollar annual losses to the livestock industry in Texas. Purpose of the Foundation is to receive and disburse funds and to foster research and educational programs in animal health.

First on the agenda is a statewide program to control screw worms, Kincaid said. He pointed out that losses from this pest alone amount to some \$50 million each year. The organization will employ the sterile fly technique developed by USDA scientists and proved effective by Florida cattlemen.

Two New Directors Picked By West Texas Utilities

Abilene, Oct. —The election of two additional members of the Board of Directors of West Texas Utilities Company was announced today by Cal Young, WTU President, following a meeting of the Board of Directors.

Elected new WTU directors were Arch D. Batjer of Abilene, and Ennis L. Grimes of Quanah.

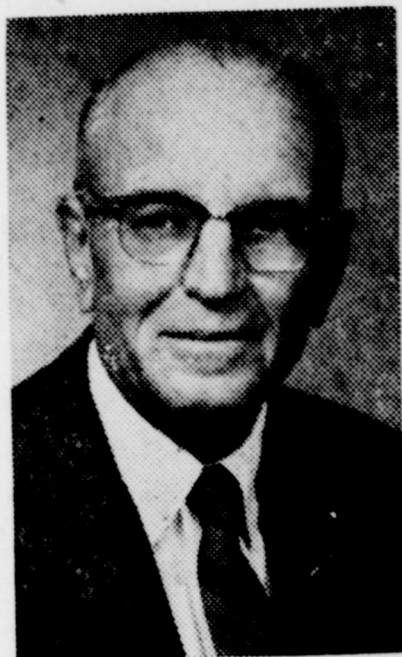

Batjer, senior partner in Batjer and Associates, was born in Abilene in 1901 and is the son of the late Ernest George Batjer, early Abilene settler. The elder Batjer came to Taylor County in 1889 and was associated with a wholesale grocery firm, Walshe Wholesale Grocery.

The new WTU director is a graduate of Abilene High School and the University of Texas. He was associated with T. S. Lankford and Sons, Inc. until 1945, and in 1947 formed a partnership to establish one of Abilene's first air conditioning firms.

Batjer is one of Abilene's leading citizens, having served as president of the Abilene Chamber of Commerce in 1960, the Abilene United Fund in 1959 and the Community Welfare Council in 1957-1958. He is currently serving as chairman of the Abilene Council on Alcoholism, Vice President of the Abilene Chamber of Commerce and President of the YMCA. He was elected a director of the First National Bank in 1958 and is a member of the Abilene Club and the Abilene Country Club.

Mrs. Batjer is the former Patti Douthit of Abilene. They were married in 1931 and are members of the Episcopal Church of the Heavenly Rest.

Ennis Grimes, President of the First National Bank of Quanah since 1948, is a graduate of Merkel High School and was attending dental college when called to military service during World War I. He moved to Chillicothe in 1919 where he was employed in a drug store. His long career in banking
