News of Our CHURCHES

Methodist Church News

Sunday, June 23, 1946.
Morning Services:
Church School, 10:00 a. m.
Morning Worship, 11:00 a. m.
Sermon Subject: "Living Today for Tomorrow."
Evening Services:
Junior League, 7:30 p. m.
Youth Fellowship, 7:30 p. m.
Evening Worship, 8:00 p. m.
Sermon Subject: "Behold the Dreamer."

The W. S. C. S. met Tuesday, June 18, at the church with sixteen members present.

Mrs. J. H. Boyle was the leader of the study, which was the second chapter of "The Cross Over Africa." Several very interesting talks were given. Mrs. Howard Ford gave the meditation. We invite all ladies to attend the next meeting on June 25th at the church.

United Pentecostal Church News

The monthly Fellowship Meeting of this Fellowship Circle, was held here Monday night.

There were ten visiting ministers present and the program was spiritual and enjoyable.

The second Pentecostal Camp Meeting of the Texico district will be held at Friona, July 23 to 31, inclusive, to which a cordial invitation is extended to all.

Union Congregation Church

This Sunday will be observed as Children's Day at this church, and an interesting program by the children of the congregation has been prepared and will be presented at the morning worship hour, 11:00 o'clock, to which everybody is invited.

Sunday school will be at the usual hour, 10:00 o'clock, but there will be no preaching service on that day.

Our vacation student pastor, Rev. Dale Baker, departed Sunday for Grinnell, Iowa, where he will attend the National Conference of Congregational Churches. He will also attend a conference of young people in Kansas, and will speak at a gospel service at some point in Louisiana before returning to Friona. He will be away during two Sundays.

Sixth Street Church of Christ News

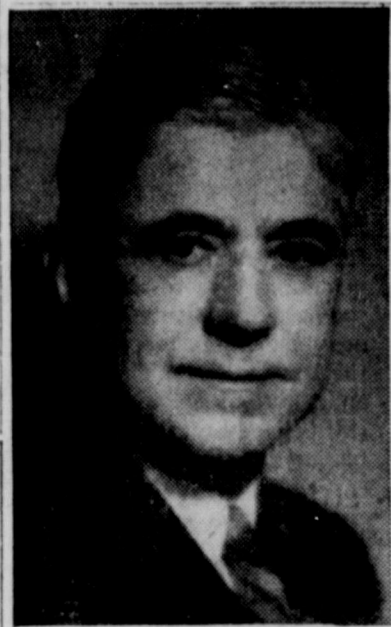

The Sixth Street Church of Christ Bible Class met at the home of Mrs. J. M. Watson, on June 13th. Due to rain the night before there were not so many there as were expected, but we had a lovely dinner and worked on things to be sent to the Beaty family, who lost their home by fire a short time ago.

The Bible lesson was led by Mrs. J. M. Watson. The next meeting will be with Mrs. Ed Bogges, June 27th. Each one bring her own work that day.

There were eight present that day: Mmes. Bogges, Cummings, Lillard, Bates, Harold Lillard, Eugene Bogges, Miller and the hostess.

There has been a young people's class started, to be known

Bride of Lt. Elmo E. Cunningham Is Drowned on Honeymoon in New York

A letter to the Star from Mrs. W. J. Thompson, formerly of Friona, but now of Stratford, brings the following sad news:

Mrs. Elmo Cunningham was drowned, Monday afternoon, June 10th, at Salisbury Mills, New York, while on honeymoon with her husband, Lt. Elmo E. Cunningham. They were married five days before, June 5th, which was the day following his graduation from the United States Military Academy, at West Point, New York. Burial will be at Tulsa, Oklahoma.

Lt. Cunningham is a son of Mr. and Mrs. Sam L. Cunningham, who formerly lived at Friona, but are now living at Stratford. They and their daughter left Wednesday, June 12th, to attend the funeral services. Lieutenant Cunningham plans to spend the remainder of his vacation at their home in Stratford, until he reports for service at Fort Sill, Oklahoma.

Mr. and Mrs. Cunningham and their children were highly esteemed by the people of Friona and built up a large circle of good friends during the time they lived here.

Bishop Selecman To Make Radio Talk on Sunday

Bishop Charles C. Selecman, former president of Southern Methodist University and resident bishop of the Dallas area of the Methodist Church, will be heard on the Methodist hour on Sunday, June 23rd. He will speak on "The Supremacy of Personality," and the program will originate from WSB in Atlanta at 8:30 a. m., EST.

Bishop Selecman is a former president of the Council of Bishops and is the founder of the Golden Cross Society. As president of the General Board of Evangelism he is the leader in the "Year of Evangelism," which is the current emphasis in the Crusade for Christ—the present four year program of the Methodist Church. His two most recent books are "The Methodist Primer" and "The Primer of Evangelism."

The radio speaker served as pastor of Trinity in Los Angeles and First Methodist Church in Dallas prior to his election as president of S. M. U. He was elevated to the episcopacy in 1938 at the General Conference of the former M. E. Church, South and since 1944 has been serving as resident bishop of the Methodist Church in the two Texas Conferences.

The Methodist hour is broadcast over an independent network of 38 stations which covers all the states in the South and Southwest and is presented in cooperation with the Southern Religious Radio Conference.

This program will be heard over KGNC at 7:30 a. m.

as "The Young Married Folks Class," and any other young people who care to attend. Mr. Edelman has charge of it. There has been a goodly number present the past two Sundays, and we hope to see more come as time goes on. Everyone is welcome to all services at all times.

Brother Isabell will be with us again next Sunday if nothing happens to prevent.

Bovina School Is Complimented by Deputy Inspector

According to a report from the Deputy State Superintendent for District No. 1, Mr. E. H. Boulter, the following credits have been added to the accredited list for Bovina High School: General Agriculture 1, Public Speaking 1, and Economics 1/2. No credits were dropped.

Mr. Boulter's report indicated that the school's exhibits were in due order and showed efficient teaching. The organization and over-all supervision were commended highly and so was the excellent condition of the free text books. His commendation extended to the janitor, Mr. Williford, for the excellent condition of the building and to the superintendent for his cooperative and progressive educational thinking.

Recommendations included the suggestion that the elementary faculty continue to give thought and study to the integration of instruction around the recommended core-areas.

VISITING FATHER

Mrs. N. R. Cox and two small sons, of Seagraves, and Mrs. Chancey Watson, and three children of Fort Worth, arrived here last week for a visit of several days with their father, T. J. Crawford.

Mrs. Cox was formerly Miss Mary Kathryn Crawford, and Mrs. Watson was formerly Miss Dorothy Crawford.

LARGE HARVESTING OUTFIT

Whaley Brothers are probably operating the largest harvesting force in this locality, with three combines and three trucks, two of the combines being self-propelled. The other machine cuts a 24-foot swath and is 21 years old, but both the boys being expert mechanics, the machine is kept modernized and in tip-top condition and works like a new machine. While their own large acreage of wheat is getting in condition for combining, the boys have had their big outfit busy last week assisting their neighbors, Clyde Goodwine and Bill Flipplin.

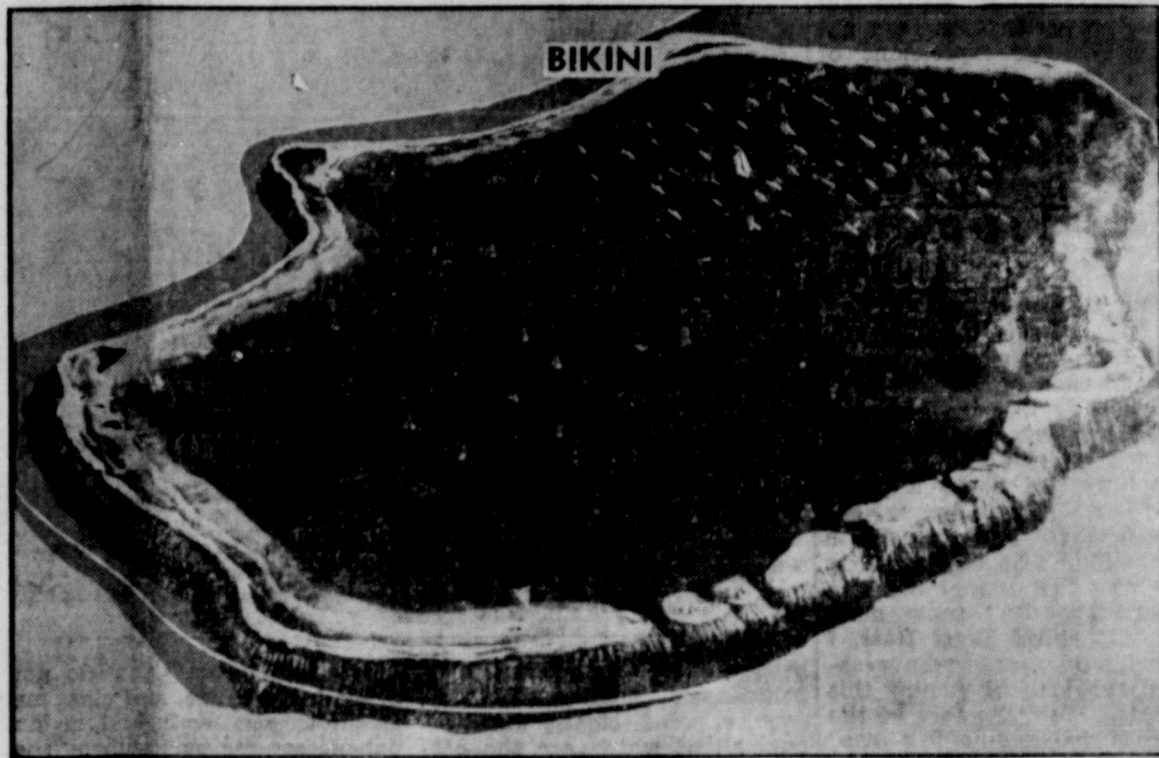

VACATION IN ARKANSAS

Mrs. E. O. Welch, Mrs. F. N. Welch and Miss Murma Welch returned from their trip to Arkansas last Friday. On their trip out, Mrs. John Blackburn rode with them as far as Conway on her way to Columbus, Mississippi, to visit her parents. While in Arkansas the Welches visited F. B. Welch; also they went over to Memphis, Tennessee and into Mississippi. They liked the country pretty well but it was too hot for them.

They came back by Commerce, Texas, and visited Mr. and Mrs. Rex Johnston. Mrs. Johnston is Mrs. Welch's daughter. They report a very nice trip and visit.

Operation Crossroads All Set

Scale model of Bikini Atoll in the Marshall Islands, scene of Operation Crossroads July 1, shows topographical characteristics of the atoll itself, and placement of the guinea pig fleet near Bikini Island. Cones of live coral, lower right, are called "coral heads." Scale is 1 to 25,000. The test is being held inside the lagoon so that coral reefs will break force of the wave and thus permit closer view from non-target ships.

Friona Firemen Answer Call for Help at Hereford

On Friday night of last week, when the terrible fire broke out at Hereford in the Frazer Milling Company grain elevators, the Friona Volunteer Fire Department received a call to render what assistance they could in quenching the fire.

The word was soon passed around but only two of the local firemen, Charley Bainum and Fred White, could be reached, or were able to go. Mayor Glenn Reeve was at home with a real case of mumps, and other members of the force were either out of town or could not be found.

Bainum and White, however, were soon at the engine shed and within thirty minutes thereafter they were unwinding their hose at the scene of the fire, being the first of the neighboring towns to arrive with their fire-fighting equipment, they had, however, been preceded by the crew from the Prisoner of War Camp a few miles out from Hereford.

The Friona fire pump, however, was not used owing to the fact that it is only a 500-gallon per minute pump, and the Canyon truck, which arrived soon after, being a 1000-gallon per minute capacity, the Friona hose was attached to that truck. Other trucks to arrive were, one from Amarillo and one from Dimmitt.

The Friona boys left a few minutes after 11:30 o'clock and arrived at the fire at 12:00, midnight, and from then until about 4:00 a. m. all hands were doing their utmost to quench the fire, which was finally brought under control, but not until two large elevators were completely ruined and several hundred thousands of bushels of wheat had been spoiled for milling purposes. The total loss is estimated at more than \$200,000.

Our two boys, Charley and Fred, are extravagant in their wholehearted praise of the royal treatment accorded them by the boys of the Hereford fire crew.

RETURN TO DIMMITT

Floyd Brookfield, who not many weeks ago received his discharge from the Navy and has, since his discharge, been employed in Los Angeles, where Mrs. Brookfield was employed during his service in the navy, has returned to Texas, arriving here last week.

Floyd has been given his old job with the Food Agency at Dimmitt, and he and Mrs. Brookfield moved back to Dimmitt this week. He asked that his Star be sent there. He also had the paper sent to his mother at Dalhart.

Sewer Bond Election Carries by Big Margin As Only Four Votes Are Cast Against Issue

Yvonne McFarland, D. E. Campbell Are Married Saturday Afternoon

In an impressive double-ring ceremony Saturday afternoon, Yvonne McFarland, daughter of Mr. and Mrs. M. L. McFarland of Bovina, became the bride of Donald E. Campbell, son of Mr. and Mrs. C. L. Campbell of Columbus, Ohio.

Rev. Isbill, pastor of the Church of Christ, read the ceremony at four o'clock at the home of the bride's parents.

Large baskets of white gladioli and day lilies, backed by a large fern and graduated candelabra bearing white tapers formed the improvised altar.

Introducing the ceremony, Miss Mary Brown of Lubbock accompanied by Miss Charlene McFarland, sang "Because" and "Wings of Love."

The traditional wedding march was used for the processional, and during the ceremony the pianist played "Au Claire de Lune."

Altar candles were lighted by Miss Lunell McFarland and Charles Osborn, cousins of the bride.

The bride, who entered on the arm of her father, wore a white wedding gown of silk marquisette with matching net mitts and a finger-tip veil falling from a calott trimmed with seed pearls. Her bouquet was of white carnations and gardenias.

Attending her sister as maid of honor, Miss Jean McFarland wore a dress of aqua net. Miss Gwen Campbell, sister of the bridegroom, wore a dress of pale pink net. Both carried corsages of gardenias.

John McFarland, brother of the bride, was best man, and Guy Barton Redding of Lampasas was groomsmen.

A reception honoring the bridal party followed the ceremony. Mrs. L. R. Baxter and Miss Campbell presided at the serving table, which was laid with a lace cloth and centered with a double wedding ring cake.

The cake was surrounded by yellow and white flowers. White tapers in crystal candelabra and the crystal punch service completed the table arrangements. The couple will make their home in Columbus, Ohio, after a wedding trip through South Texas, Louisiana and Arkansas. For traveling the bride wore an apple green gabardine suit with white accessories and a corsage of gardenias.

Mrs. Campbell was graduated from Friona High School and Texas Technological college. Since her graduation from college in January she has been employed at the Clovis Army Air Base. Mr. Campbell graduated from Columbus High School and was recently discharged from the Army Air Corps. He is enrolled in the University at Columbus.

Red Crow Returns From Hospital

W. S. (Red) Crow, who was accidentally burned by the ignition of escaping gas while attending to his duties at the Friona Locker Company plant three months ago, was able to come back to his work on Wednesday morning.

Mr. Crow had gone into one of the rooms of the plant, where his duties called him at certain intervals, and noting that the fire had gone out on the gas jet, he, without forethought, struck a match to light it, when the gas that had already escaped, exploded, blowing a window out of the room and burning him severely about the body, arms and head.

Fortunately the local hospital was in readiness to receive him, and he was able to receive immediate treatment, but remained in the hospital about two months before he was able to be taken to his home.

Red's many friends here are truly pleased to find him again well enough to be back at his work.

VISITING BROTHER HERE

Mr. and Mrs. E. H. Ball, of Albuquerque, New Mexico, arrived on Friday of last week for a few days visit in the home of Mr. and Mrs. Ashford Hill, south of Friona.

Mrs. Ball is Mr. Hill's sister and her husband is a traveling salesman, covering all territory north from Albuquerque to Washington and east to Kansas City.

Mrs. A. O. Drake received a telegram Tuesday morning from her son, Earl Drake, stating that he will sail for the States on June 21, as all father soldiers are being returned to the States. Earl has been stationed in Austria for the past several months.

Out of town guests for the wedding included Mr. and Mrs. George Taylor and Suzanne from Ft. Worth, Mrs. Earlene Roberts and Mrs. Mary Gsainiek of Amarillo.

During the past few weeks the bride has been honored at several pre-nuptial parties, including a shower at the Friona Club House given by Mesdames: L. R. Baxters, J. M. Watson, J. J. Williams and J. H. Hinds; an ice cream supper given by Mr. and Mrs. M. C. Osborn; a dinner at La Vista Dining Room given by Mr. and Mrs. Campbell; a breakfast given by Mrs. J. G. McFarland and Miss Lora Mae McFarland and a rehearsal dinner given by the bride's parents.

Waiting Line Gets Fed Up

Tom's Quality Market in Detroit sympathizes in a practical fashion with the poor consumer as food shortages make waiting lines grow longer—folding chairs and coffee and doughnuts on the house!

COGITATIONS and APHORISMS of Jodok

When thinking of the turmoil, unrest, uneasiness, doubt,

and almost fear, of something, we know not what, that assails and seem to occupy the minds of a large percentage of the people of our land, I sometimes wonder, if life is worth while, worth the price we are paying for it, and if it were not better for us just to shuffle off this mortal coil and seek a fairer land beyond the UNKNOWN. "Whatever that may be."

And I also feel perfectly sure that if most of us were as sure of reaching such fairer land, as we claim we are, right straight we would head for it, and the fact that we do not do so, proves that we are not sincere in our expressions of faith in such things. I know I am not. If I were so sure, this old mundane sphere would soon be rid of my poor physical body, except as it again would take its place with the rest of the mould that forms "Old Mundaney," and restore to it that portion which it has been using the four fifths of a century.

But I am getting off my subject, and what is the difference since nobody knows what that is. But anyway, it occurs to me that our people are all, more or less worried about a peace to be established among the nations, that shall reach to "everlasting." No one seems to know why this cannot be done by our "big-wigs" (now more commonly called Brass Hats, I believe) who seem to have assumed the task of putting this job over. Well, the fact of the matter is, we have no "big-wigs" or Hi-Muckety-Mucks, as the term implies. These men are supposed to be above the average in intelligence and purpose, but their actions and words in the matter, prove that they are not such, or, else, they are

Chief Justice of the U. S.

Frederick Moore Vinson, new Chief Justice of the United States, has a broad background of legislative, judicial, and government experience for his new post. He served six terms in Congress as a Democrat from his native Kentucky, was called to a federal judgeship by the late President Roosevelt, then occupied top war agency administrator positions before becoming Secretary of the Treasury. Vinson, 56, was born in Louisa, Ky., son of a county jailer.

being held back by a spirit of Selfishness, Enmity, Jealousy, Avarice, greed, bigotry and hatred; all of which are the offspring of ignorance or credulity, to say the least. It seems they are just common clay like the rest of us.

And that same evil spirit of ignorance, creates a spirit of doubt, distrust, rivalry, jealousy and any other term of similar meaning. And this same condition seems to exist among all the nations of the world and includes our own great land or its people, to a greater or lesser degree. Just why this is true, I am too ignorant to understand, since the whole matter is just SO simple. The Greatest Teacher, that has ever paced this earth gave us the rule that can bring nothing else but enduring peace, when he spake these words: "Whatsoever ye would that men should do to you, do ye, even so to them." And there is no other rule or formula, that men or nations can use in their dealings one with another, that CAN produce world-wide and everlasting peace.

One often hears the expression: I just cannot get along with that person, and the person may be either man or woman, but such an expression is the densest vagary. The whole matter lies with the persons concerned, and the same can be said of nations. And the same formula mentioned above can and should apply to nations as well as individuals, and when all concerned abide by the formula, then only peace can result.

And it occurs to me, that strange as it may appear, the two things that men become angered with each other oftenest and quickest about are religion and politics, and especially is this true in regard to religion.

And owing to this fact, I seem to be arriving at the point, where I have less and less re-

spect for religion. Now do not misunderstand me, and class me as an atheist or infidel or an unbeliever; for such is not the case. I have still the greatest admiration for Christianity; in fact my esteem or regard for that is becoming so intense that I no longer call it religion. It is so far beyond and above anything that may be classed as religion, that I do not care to associate the two as meaning the same thing. And why?

Religion is so broad in its meaning that it covers the earth and its limits become limitless, and at the same time is so densely vague, that it seems impossible to define it. To a fanatic, fanaticism is his religion; Intemperance is the religion of the intemperate; sorcery is the religion of the sorcerer; bigotry is the religion of the bigot, irreligion is the religion of the irreligionist; sophistry, the religion of the sophist, and so on down the list, so what have we?

But Christianity has little or

For Lieutenant Governor

ALLAN SHIVERS of Jefferson County

Senator Allan Shivers will officially open his campaign for lieutenant governor in Port Arthur, Thursday, June 27. Dean of the Texas Senate and World War II overseas veteran, his speech, which will be broadcast over the Texas Quality Network, 8 to 8:30 p. m., will be of interest to every voter in Texas.

POLITICAL ANNOUNCEMENTS

The Star is authorized to carry the names of the persons in this column under the above heading until after the Democratic Primary Election, in July, 1946, as candidates for the offices under which their names are placed.

For District Judge 69th Judicial District
JOHN ALDRIDGE (Re-election)
HARRY SCHULTZ

For District Attorney
KING FIKE (Re-election)

For Sheriff, Assessor and Collector:
EARL BOOTH

For County Judge:

W. O. CHERRY

For County Treasurer
ROY B. EZELL

For County Commissioner, Precinct 1.
W. H. FLIPPIN, JR.

For County and District Clerk
C. B. (Charley) LOVELACE
LOYDE A. BREWER

For Member of the State Legislature, 129th District:
JOE W. JENNINGS

nothing to do with any of them. It is termed a religion, but as I am beginning to understand it, it is so much more, that it is the one thing that "religion" does not cover. It is a WAY OF LIFE, and the only true WAY, Chris', himself, said so, when he said, "I AM THE WAY."

And as I stated above, this thing called "religion" is one of two of the greatest things there is for the creation of hate. But, I have recently learned something that gives me great hopes that this matter may yet be cleared away from the minds of men and religious hatred may become a thing of the past, and this hope lies in the fact that an association has been formed, known as The National Conference of Christians and Jews, and its object and purpose is to eliminate the prejudice existing among Catholic, Jew and Protestant, and that such a strong man as T. E. Braniff has accepted the active co-chairmanship of that organization. Mr. Braniff, himself, being a Jew, and his purpose is to get these three great classes of people to working together toward a common purpose, which seems to him to be quite a substantial accomplishment. T. E. Braniff is president of Braniff Airways.

Well, Well, Well! Here I have spent nearly two hours of good daylight time and used up three sheets of mighty good typing paper—when paper is so scarce—writing something that I had not planned to say, when I sat down before the writing mill. But, all-the-same, I do not feel like I want to take back a word of it, unless it might be some word that I did not intend to use. For, why dodge the issue?

Well, I hope you all voted the right way on the "sewer" proposition. And the right way for YOU to vote is to express,

VISITING HERE
M. and Mrs. Ray Landrum and children of Long Beach, California, arrived here last week for a vacation visit with relatives and other friends.
Ray and Rosella farmerly

owned and operated the Regal Theatre here and are now engaged in the same business in their West Coast city home. Mrs. Landrum is the daughter of Mr. and Mrs. W. C. Dixon.

Miss Betty Kizzia, of Delight, Arkansas, is visiting in the homes of her uncles, Claude and Sloan Osborn of Friona, and Jesse Osborn, of Mukeshoe.

H. C. Davis, who has spent the past several weeks visiting his daughter in Idaho, returned to Friona last week. Henry expresses himself as well pleased with the country in that part of Idaho where visited.

JUNE 30 A BIG DATE FOR ARMY MEN!

If you have been discharged from the Army—if you held a grade and wish to retain it—if you have dependents—then act now. . . . June 30, 1946, is the last day on which you can enlist in the Regular Army and still take advantage of two important benefits . . . retention of your old grade and family allowances.

Family allowances for your dependents will be continued throughout your enlistment only if you enter the Regular Army before July 1, 1946.

If you have been discharged from the Army and wish to re-enlist at your old grade, you must enlist within 90 days after your discharge. And before July 1, 1946. Think it over. Act now.

TERRACES.. "Eaves troughs" for River Watersheds

The test tube of river water pictured here is evidence that erosion may be stealing your farm from under your feet. Notice the layer of fertile silt which has settled to the bottom—a tiny sample of 100 million tons one river carries away every year from bordering farms. Erosion means more than gullies scarring hillsides. Much of your soil loss comes from the gentle creeping of top-soil down the slope to lower levels where it is floated away by runoff surface water.

You can anchor your soil safely in your fields by building "eaves troughs"—terraces and contour strips to control runoff water. These operations can be done with regular home-owned farm equipment, such as moldboard plows, disc plows or tiller discs. Allis-Chalmers is cooperating with soil conservation engineers in demonstrating tractor methods of terracing, strip cropping, constructing ponds, reservoirs and waterways.

Ask us for the Allis-Chalmers handbook "You Have What It Takes To Contour and Terrace."

Hailed Out Wheat Makes Come-back On Arnold Farm

L. L. Arnold, who lives 10 miles south of Hereford and just over the line in Castro county, has one for the records. On a field of wheat and barley which was judged 100 percent destroyed in the big hail-storm a few weeks ago, Arnold is now figuring on cutting a better than average crop. He has 40 acres of wheat that should cut about 25 bushels to the acre and 100 acres in barley that he estimates will make 50 bushels to the acre . . . barring

Solution Offered Farmers for Feed, Grain Shortages

A series of emergency measures to help farmers tide-over this summer's grain and feed shortage, and get fullest meat, milk and egg production for world food needs, was recommended here today by authorities of the American Foundation for Animal Health.

Recommended steps include these:

"Cull out unproductive, over-age, or sterile animals.

"If dairy cows do not conceive, have them examined for sterility, and dispose of them if they cannot be restored to usefulness.

"Make maximum use of pasture to conserve on grain.

"Keep abundant water before animals and poultry; it increases grains, reduces feed consumption.

"If livestock disease outbreaks occur, segregate well animals promptly. Every animal lost to disease means a complete loss also of the feed it has consumed.

"Have stock vaccinated against preventable diseases, such as hog cholera, swine erysipelas, anthrax, and such diseases as may be periodic threats in the locality.

"Do not feed straight grains; that is wasteful. See that grain rations are carefully balanced with supplements to stretch feed supplies."

The Foundation points out that there is likely to be a serious shortage of meat, milk, and poultry products next winter, and that these will be excellent property if farmers can carry them through to the fall and winter season.

Lee Spring, who is attending college at Lubbock, was home for the week end.

another hail storm. A month ago when most farmers in that area were plowing up their fields after seeing their wheat crop beaten into the ground by hail, Arnold turned the water on his "just to see what would happen."

Apparently just about everything did. The grain "suckered out" from the old stalks and has been growing rapidly since. Arnold says he'll be cutting it about the middle of July.

There's a legend in Deaf Smith county about farmers making a bumper wheat crop just after such a hail storm, but this is the first time in recent years that anything like that has happened.

Kit-napped Kittens Calmly As Hen Takes Rap

It was a clean case of kit-napping.

Mrs. J. W. Davidson of Friona reports the story of a brooding hen that forcibly adopted a pair of new-born kittens and fought off all attempts by the mother to claim her own.

The pet cat, according to Mrs. Davidson, gave birth to two kittens and, seeking a comfortable home for her offspring, carried them into the hen house and deposited them in one of the nests which Mrs. D. had prepared for her laying hens.

That's where Biddy took over. The mother cat, after unsuccessful attempts to dislodge the hen, came into the Davidson kitchen, uttered a few pleading "meows" and dashed back to the nest. This performance was repeated several times until Mrs. Davidson finally followed her to the hen house, where she discovered the hen in complete charge of the nest, the kittens cat-napping calmly while Mama Cat tossed a cat-fit.

Mrs. Davidson removed the hen, placed her in a coop for two days, then released her. Soon Mother Cat was back at the kitchen door, crying for help. The hen had again taken over the kittens, and resisted all efforts at peace-making.

Biddy is now back in the coop on charges of "kitty larceny."

New Dormitories At West Texas Open in Fall

CANYON, Texas, June 18—Conner Hall, new dormitory planned to take care of 100 unmarried World War veterans enrolled in West Texas State College this fall, is expected to be ready for occupancy of the fall semester.

The one-story rambling building of a modified colonial design has been named for L. G. Conner, the founder of Canyon and the man who gave the campus site to the State of Texas where West Texas State College was located here in 1909.

President J. A. Hill is making every effort to provide sufficient housing for all students who wish to attend West Texas State College this fall. An addition to Randall Hall provides for the care of 100 more girls. A centrally located cafeteria will increase capacity and reduce feeding problems. All the new facilities are to be ready at the opening of college, September 17.

DIAMOND DUST AND SPARKLES

By ED WHITE

Friona lost to the Tucumcari Utes, of Tucumcari, New Mex., by the one-sided score of 14 to 6 on June 9th, and won at Sudan by the score of 10 to 7 on June 16.

Friona lost the Tucumcari war due to ineffective pitching, as the Utes hit Brookfield for fifteen hits, Brookfield being very much off form. J. Renner and B. Lawson were the hitting stars for Friona.

Friona won over Sudan through some fine pitching by J. Renner, who allowed only eight hits and one base on balls while striking out thirteen.

Hanna, for Sudan, allowed 8 hits to Friona but was very wild and walked 8 and struck out 8. Billas also struck out one and walked one for Sudan.

The hitting stars for Friona in the Sudan game, were Sylvester, J. Renner and F. Brookfield, each getting two hits, while Sylvester was the only one who got an extra base hit for Friona. Friona had only 7 play-

ers at the game, owing to wheat harvest, which caused some to be absent. We surely hope to have them there Sunday with the game with Bell Park at Clovis, with the Army Air Base team, as that will probably be the best team we will have to play this season.

Friona used Mingus, R. Adams and young W. Wilkins, who is but 14 years old, to fill out the team, Sunday. Mingus and young Wilkins looked very good and should be some of Friona's future players. Young Wilkins drew a walk, his first time at bat and singled to right field the next time up for a perfect day at bat, and scored one run. He is a son of our fine catcher, Wilkins, who is doing a fine job one of our best hitters. Babe Lawson also looks fine at short and Schlenker is a whiz in center field.

Game at Clovis, Sunday, will begin at 3:30 p. m., Texas time. We hope to see several of our fans over there. P. Brookfield or Renner may be pitchers and Wilkins, catcher for that game. We are glad to have F. Brookfield back on the team as he is a good hitter and a star first baseman.

Appointment of John W. Snyder, 50, longtime friend of President Truman, as Secretary of the Treasury to fill the post of Fred M. Vinson, new Chief Justice, makes the third time the St. Louis banker has followed Vinson's footsteps in government. Snyder succeeded Vinson as Federal Loan Administrator in April, 1945, and three months later as Reconversion Director.

CULL INEFFICIENT HENS

Any hen laying less than a dozen eggs a month is losing money for her owner, considering prevailing prices of feed and eggs. These inefficient hens should be culled from laying flocks, Lee H. McElroy, County Agricultural Agent, is advising farm families and backyard poultry raisers of Parmer county.

A hen consumes about five pounds of feed per month even though she is not laying, so further seduction of laying flocks is being sought by the government in view of the current feed shortage. For the nation as a whole, the reduction sought is one of every seven hens.

According to Sam Moore, Extension poultry specialist, most Texas flocks could lose one of every seven hens, and with proper culling profits would increase. Until recently, he says, Texas egg production this year has exceeded last year's for the same period, although the state has reduced its poultry population to or below pre-war numbers. This indicates a rise in production per bird.

While chick production this spring was 20 per cent less than last year, with good management an average number of pullets should go into production on Texas farms this fall, Moore says. He indicates that there are large amounts of shell eggs and poultry meat in storage and the demand for fresh eggs has been good this spring.

Farmers interested in culling their flocks should contact Lee H. McElroy, county agent.

Mr. Braxton will move his family to Black this week, and has asked that his copy of the Friona Star be mailed to that post office hereafter.

MISS MINGUS HOME FROM HOSPITAL

Miss Mildred Mingus, daughter of Mr. and Mrs. G. L. Mingus, returned home last Wednesday, from the Northwest Hospital at Amarillo.

Miss Mingus suffered a major dental operation at the hospital, from which she seems to be slowly recovering.

Miss Ruth Lyn and her mother, of Shawnee, Oklahoma, visited here over the week end.

Miss Ethel Taylor, who is working at Hereford, spent the week end here with home folks.

Pfc. Charles Weis, son of Mr. and Mrs. H. H. Weis, has been returned from overseas and expects to be home soon.

Mrs. T. E. Lovette received word Tuesday of the death of her grandmother at Hot Springs, New Mexico.

OUR WEATHER

While we are still having typical Panhandle weather, there has been some variety this week from the monotonous dispersion during the past six months, by the fact that we had a good shower Monday evening and night and another during Tuesday night, the combined amount of moisture, here at Friona, was an estimated inch to an inch and a half.

The precipitation during Monday afternoon and night, was much heavier to the south and east of Friona, ranging from a half an inch from the Hub to Lazbuddy. To the east of Friona the clouds were heavy with much lightning, and an apparently heavy rain, but no definite word has reached the Star office as to the amount received there.

The rain on Tuesday night began shortly before midnight, and appeared to be heaviest to the north and northeast, and so much for the moisture. On Wednesday morning, however, we awoke to experience, not the heat of the day before but a decided chilliness with the wind

Follows Vinson

Appointment of John W. Snyder, 50, longtime friend of President Truman, as Secretary of the Treasury to fill the post of Fred M. Vinson, new Chief Justice, makes the third time the St. Louis banker has followed Vinson's footsteps in government. Snyder succeeded Vinson as Federal Loan Administrator in April, 1945, and three months later as Reconversion Director.

whistling in from the north, running the temperature down to between forty and fifty, and continued cold and partly cloudy throughout the day.

Some of the farmers believe they have received enough moisture to warrant planting some row crops. Wheat harvest has been going on with good speed, with yields reported from eight to about twenty bushels per acre, averaging perhaps, ten to twelve bushels of good quality of grain.

BRAXTON TO BLACK

J. R. Braxton, who has been employed with the Friona Grain growers for some time past, has accepted a position as manager of the elevator at Black.

Mr. Braxton will move his family to Black this week, and has asked that his copy of the Friona Star be mailed to that post office hereafter.

MISS MINGUS HOME FROM HOSPITAL

Miss Mildred Mingus, daughter of Mr. and Mrs. G. L. Mingus, returned home last Wednesday, from the Northwest Hospital at Amarillo.

Miss Mingus suffered a major dental operation at the hospital, from which she seems to be slowly recovering.

Miss Ruth Lyn and her mother, of Shawnee, Oklahoma, visited here over the week end.

Miss Ethel Taylor, who is working at Hereford, spent the week end here with home folks.

Pfc. Charles Weis, son of Mr. and Mrs. H. H. Weis, has been returned from overseas and expects to be home soon.

Mrs. T. E. Lovette received word Tuesday of the death of her grandmother at Hot Springs, New Mexico.

STRAY DOG MENACE

Attention has been called to the City Officials about the stray dogs that are taking the town in. In several cases there have been persons bitten by these dogs and this is very serious at this time of the year. Dogs are playing havoc with gardens, yards and flower beds and it must be stopped. If you have a dog, please see that it is kept in your own yard as we are going to start killing these dogs that are running loose around over town. We do not want to kill a dog without just cause so see that yours is kept where it belongs. If the people will cooperate with us we will not kill one that is not supposed to be killed. Don't feel hard toward the City Officials if your dog is killed because we will not kill one in your yard. We must take action, so help out by keeping yours where it should be kept.

VISITING GRANDPARENTS HERE

Yvette and Sherril Reece, of Lubbock, are spending a few days visiting their grandparents, Mr. and Mrs. J. A. Wimberley, of Friona community.

War Department Announces Plans to Return Bodies of Overseas Dead to United States

The War Department has announced plans for returning to the United States for burial bodies of American servicemen, and of certain civilians serving overseas with the armed forces, subject to the wishes of their families.

President Truman has approved an act of Congress authorizing disposition of these bodies at the expense of the Federal government, and the War Department has announced that all next-of-kin will be asked to state their wishes in the matter.

Four options are offered. The remains may be interred in a permanent American military cemetery overseas. Establishment of permanent American cemeteries in European and Philippine areas is contemplated should the number of requests justify it.

A second option provides that the remains may be returned to the United States for final interment in a national cemetery. This is restricted to members of the armed forces only. The National cemetery may be selected by the next-of-kin.

Third, the remains may be returned to the United States or any possession or territory for interment by the next of kin in a private cemetery. Ship-

ment will be made to the city or town designated by the next of kin.

Fourth alternative provides that the remains may be returned to a foreign country, the homeland of the deceased, for interment by next of kin, subject to the ability of the U. S. government to obtain entry.

The program has been extended to civilians who died overseas while serving with the Red Cross or with the War Shipping Administration, or newspaper correspondents and other civilians attached to the armed forces.

Next of kin will be recognized by the War Department in the following order:

If the deceased was unmarried: father, mother, brothers over 21 years of age in order of seniority; sisters over 21 in order of seniority; and relatives over 21 in order of their relationship to the deceased.

If the deceased was married: the surviving husband or wife (if not divorced, separated or remarried); sons of the deceased over 21 in order of seniority; daughters over 21 in order of seniority; other relatives over 21 in order of their relationship to the deceased.

The War Department has re-

'Boning Up'

Warren Robinson Austin, 68, Vermont Republican and U. S. Senator since 1931, will take over as U. S. Delegate to the United Nations Security Council when his term expires the first of the year. Austin says he's spending a lot of time "boning up" at the State Department. He succeeds Edward R. Stettinius Jr., who resigned.

A Bonnell Storm

Actress Gale Storm proudly holds son Peter Wade Bonnell, who wails loudly in his photo debut at their Hollywood home. Peter is the second son of the actress and actor Lee Bonnell.

quested that persons having a special interest in disposition of the remains of those who were killed or died overseas and who are not within the foregoing classifications would communicate with the Quartermaster General, Memorial Division, Washington, D. C., explaining all pertinent facts.

Legal next of kin may formally relinquish their rights and delegate authority to another to designate what disposition should be made.

Next of kin who have been notified by the Army of a death, and who have since moved to another address should notify the Quartermaster General as above.

Navy next of kin should send change of address to Bureau of Medicine and Surgery (EDC), Navy Department, Washington, D. C.

Marine next of kin should send change of address to the Commandant, U. S. Marine Corps, (Casualty Section), Navy Department, Washington, D. C.

Coast Guard next of kin should send change of address to Commandant, U. S. Coast Guard (Casualty Section), Washington, D. C.

The War Department requests that next of kin send notices of change of address to the appropriate command immediately.

Summerfield

BY MRS. GUY WALSER

Misses Charlene Jones and Freda Tullis went to Dimmitt, and Painview Saturday. They taught a BTU study course in the local church last week.

WMU met at the church last Friday afternoon with Mrs. Tandy Legg in charge of the program. Attending were Mesdames L. L. Cannon, B. E. Roberson, Kenneth Nell, Lynn Powellson, C. R. Walsler, D. C. Walsler, Jim Clark, Ralph McLean, O. B. Sumner, Gene Johns, and the leader, Mrs. D. C. Walsler and Mrs. Ralph McLean sang a duet.

Sunday school and church were attended by 85 Sunday morning. There were 59 present Sunday evening.

A new training union department was organized Sunday night for the young people.

J. A. Noland returned home this week from Plainview where he has been helping in the harvest with Joe Storey.

Inez Tucker of Hereford visited Rose Stephens a few days last week.

Mr. and Mrs. Acton have sold their farm north of Summerfield and are moving to Hereford.

Miss Billie Rae Johnson, who is attending school in Canyon, spent the week-end with her parents, Mr. and Mrs. Ray Johnson.

Rev. Ralph McLean was taken to the hospital in Hereford Monday morning.

The Training Union study course closed Friday night with an average daily attendance of 55. After the examinations Friday, the young people's union entertained with a program. Refreshments were served to 66 persons.

Mr. and Mrs. Jim Noland of Amarillo, formerly of Summerfield, are the parents of a baby girl, born June 8 at Amarillo.

Mr. and Mrs. Earl Lance Jr. have moved to S. L. Walsler's place. Mr. and Mrs. Jim Clark moved from there recently.

Mrs. O. B. Roberson is in the Deaf Smith County Sanitarium where she underwent an operation last Thursday.

Mr. and Mrs. Hiett and two small grandsons and Mrs. Jay Boston and daughter of Hart were Sunday guests in the home of Mr. and Mrs. W. B. Boston.

Mr. and Mrs. Ted Stotts and family were recent visitors in Clovis.

Rev. and Mrs. M. D. Rexrode and family of Dallas spent a few days here last week with friends.

Willis DeLozier returned home Sunday after being in the hospital in Hereford for a week.

Mr. and Mrs. Ray Johnson were recent visitors in Canyon with their daughter, Billie Rae.

Mr. and Mrs. L. J. Counselman recently enjoyed a visit from their son, who is in the air forces. He flew a plane to Amarillo, and then came to Summerfield for a visit.

Mrs. Brandon of San Benito, Texas, is staying with her daughter, Mrs. W. B. Boston, who returned home last week from the Deaf Smith County Sanitarium after undergoing an op-

When next of kin request burial in a national cemetery or in a military cemetery overseas, the War Department bears all expenses. If private interment in the United States or overseas is requested, the government will pay transportation costs to the city or town designated, and allow up to \$50 to cover interment expenses, upon application to the Quartermaster General.

Indications are that the program will not actually get underway until as late as the end of this year, because of the inability of casket makers to meet schedules under the steel shortage. The design, style, and type of casket to be used in seamless water-tight construction, all steel and hermetically sealed.

other communities and enjoyed a program and social hour.

Mr. and Mrs. W. A. Powell and son, Douglas, returned Friday from a visit with their son and brother, Bob, who is in the Army Air Forces at San Antonio.

Mrs. Malone, mother of Mrs. Raymond Palmer, is in the hospital at Hereford where she underwent an operation.

Misses Marco Leta and Shirley Sumner of Dallas are visiting in the home of their aunt and uncle, Mr. and Mrs. O. B. Sumner.

W. M. U. put on a special program Sunday night at the church. The program on "old ministers relief" was conducted in the form of a "Dr. I. Q." quiz.

Mr. and Mrs. Jessie McMinn of Abilene visited in this community over the week-end. They are former residents of Summerfield.

Mr. and Mrs. Walter Hawkins and boys of Lamesa spent a few days with her parents, Mr. and Mrs. B. A. Atchley.

Mr. and Mrs. Bob Fullwood and Mr. and Mrs. Edward Fullwood of Hereford called in the home of Mr. and Mrs. Charlie Noland Friday night.

Mrs. Clara Freeman of Hereford spent a few days last week in the home of Mr. and Mrs. Ray Johnson.

Last Wednesday afternoon part of the members of the Vacation Bible school went to Hereford where they met with

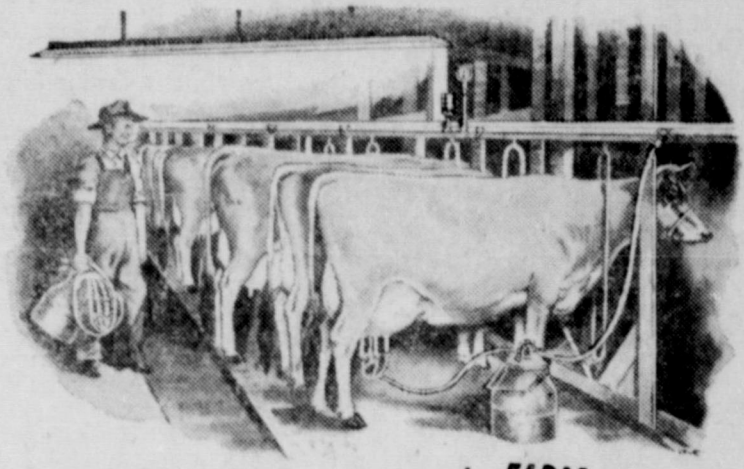

W. O. Cherry, superintendent of schools at Bovina, and who is also candidate for County Judge, was in Friona Friday.

Mrs. Womac, our popular telephone operator, was a visitor in Amarillo a part of last week.

John McLean, of Bovina, brother of George McLean, of this city, was in Friona Monday morning on business and spent a short while visiting with his brother.

County Judge A. D. Smith, of Farwell, was in Friona Saturday.

Mrs. Pipkins is here visiting her daughter, Mrs. Fat Fallwell and family.

IT WON'T BE LONG UNTIL YOU'LL FARM BETTER ELECTRICALLY

The efficiencies, the advantages of electricity on the farm are well-known to hundreds and hundreds of farmers in this territory.

There's the electric milking machine that makes it possible to milk more cows at a lower cost. There's water pumping, good lighting, grinders—and a score of other labor savers.

Under our expansion program, electricity will soon be available to additional hundreds of farmers. See your nearest Public Service Company office or your local R.E.A. Office for information.
