

"Do not make yourself an ammunition wagon; make yourself a rifle to use the ammunition of others."  
...Winston Churchill

Last week, I challenged the people of this area, and especially Friona, to start a Spanish class for the businessmen farmers and other residents of the community. I didn't really expect immediate and positive action and was fairly well pleased, therefore, when five persons went to the trouble of personally offering their services or expressing a desire to attend the classes when they could be established.

If and when we can get at least fifteen names on the list, I shall endeavor to arrange for a suitable instructor, quarters and meeting time so that the idea can become a reality. It seems to me that there are enough people in this area who are so greatly handicapped by the lack of knowledge of the Spanish language and would jump at the chance to learn it that there would be little difficulty in making such a project a smashing success--unless the people are considerably more apathetic than I have been led to believe.

I realize that most everyone is very busy at the moment with the harvesting in full swing, but the one or two hours each week devoted to increasing one's knowledge of the Spanish language could pay great dividends--not only to the individual but also to the nation.

I am not going to go out personally and twist some reluctant person's arm and drag him into such a class. He wouldn't get enough out of it when he got there to make it worthwhile. To satisfactorily establish this type of class, the participants must be motivated by a sincere desire to attain knowledge. A charitable attitude is worthless in this case.

It was suggested that some sort of diploma be offered. But consider this idea. I could arrange for the issuance of some kind of certificate at the completion of a Spanish class of this nature and if all the participants wished, I would do so. But if a diploma is all that they are after, I would rather not see the time and effort wasted. I would rather see the people inspired by a desire to learn the language and get along with the Spanish speaking people.

It would not be easy and would require a lot of hard work to learn. But anything worthwhile is difficult. To make a success out of a project such as I propose, would take the cooperation of an outstanding group of people. I hope I am not mistaken in believing that Friona is populated by one of the most outstanding groups in the nation.

Reactions to this proposal in the next week should tell the story.

-TH-

It seems to me that the traditional Halloween celebration is becoming more vicious than in the days past when I was one of the night prowlers.

We (my friends and I) used to pull several pranks which we thought were fairly rank, but we didn't do anything which could cause a lot of expense or destruction to property.

While driving around over town Tuesday night, I noticed several places where the pranks which someone had pulled became more than just aggravating. By 9 p.m., most of the masked ghosts and goblins were chased off the streets by the older more powerful and vicious groups.

Some of the actions of the groups roaming around town prompted the police officials to begin a drive to clear the streets. I can't say that I fully agree with their methods but it proved very effective.

I, and most other residents, I'm sure, regret that the night's activities had to end with such a sour note.

## Local Singers Entertain Lions

Musical selections by Mrs. Eva Miller, Miss Karen Turner, Miss Diana Taylor and Mrs. Rita Beene highlighted the Lions club meeting Thursday.

Each member present at the meeting was asked to bring an absent member to the next meeting in an attempt to raise attendance.

Following the conclusion of a short business session, Mrs. Miller and her musical program were introduced by Bill Sheehan, program chairman.

Miss Turner and Mrs. Beene each rendered solos following piano selections by Miss Taylor and then joined in a couple of duets. Unending applause brought them back for an impromptu duet. After some trouble was experienced with a part of the encores, Lowell Bymun rose to some baiting and added his pealing tones to the program.

ANGELS IN DISGUISE . . . A knock on the door--an extended hand--or an open bag--a gusty, "Trick-or-treat." Youngsters' smiling faces hid behind wierd masks as they made the rounds Tuesday in the traditional Halloween night celebration.

## \$382,600 Earmarked For Parmer County

Approximately one-third of the total State highway and Betterment Program funds allotted to District five for 1962 are earmarked for use in Parmer County.

Application of a seal coating to U. S. 60 is the major project outlined. The highway will be coated from Castro County line to the New Mexico State line. Total cost for the 38.5 miles of surfacing is estimated at \$310,600 by the district office in Lubbock.

D. C. Greer, state highway engineer, announced the \$382,600 allotment for highway betterment in Parmer County during 1962.

The additional project is to widen .8 mile of pavement in Bovina. State highway 86 is to

be widened from the west city limits to the east city limits at an estimated cost of \$72,000.

Funds for the work were appropriated for improvements of U. S. and state highways over the state, at a recent meeting of the Texas Highway Commission. The total earmarked for use in District five was \$908,200. Of that amount, \$382,600 will be used in Parmer County.

Shoulder improvement, as well as surface and base strengthening, is included in the work which specific highways are scheduled to receive, Greer said. This work is in addition to the regular construction and maintenance program already programmed for the counties concerned, the highway engineer added.

## Group Damages Jail Ceiling

## Pranksters Use Axe Chop Doors, Roof

The night began the same as any other normal Halloween night, but it ended with a police roundup of most teenagers on

the streets.

Most of the young trick-or-treaters were home counting their loot by around 9 p.m. But it was about this time that the older pranksters began to see how much mischief they could get away with.

If the pranks had stopped with harmless aggravations, little would have been said. But an axe was brought into the activities.

Two trees were chopped down behind the American Legion Hall, the door to the basement of what was the old hall was battered to splinters, a hole was chopped in the back door of the present building and the blade of an axe driven through the roof of the old basement.

Trash cans were dumped in the streets and then set up as road blocks in the foggy night. Valve stems were loosened to let the air out of automobile tires and cotton trailers were shoved out into the street and abandoned.

Several tractors and trucks were reported tampered with or moved.

City police started stopping the pranksters as early as 7:30 p.m. Before midnight, they were rounding up all teenagers on the streets in an effort to put an end to the night's activities.

Some of the boys were confined in the city jail and proceeded to rip out a large section of the jail ceiling in an effort to escape.

When the jail quarters were filled, boys were brought in and confined in the other rooms of the City Hall.

Police Chief Ben Moorman reported that he escorted groups of boys around town in the early hours Wednesday

(See PRANKSTERS, Page 2)

## Committee Sets Quotas For Community Chest

The budget committee for Friona's 1962 Community Chest Campaign discussed and accepted quotas for the drive in a meeting Tuesday at 7:30 p.m. in the Community room of the Friona State Bank.

The actual drive will not be held until the latter part of November, according to Robert R. Ginsburg, Fund chairman. An early morning breakfast will open the drive on the chosen day. All the workers and representatives will be invited to the breakfast, Ginsburg said. The committee hopes to complete the community canvas and meet their goals with only one day of operation.

Present officers are: Carol Kreig, secretary-treasurer; Glenn Reeve, chairman of the budget committee; and Steve Messenger, chairman of the audit committee.

Attending the meeting were Glenn Reeve, Raymond Flem-

ing, Frank Spring, Paul Fortberry and Ginsburg. The specific date for the community canvas will be set at a later date.

Quotas as set forth in the Tuesday meeting and approved by the committee are:

Boy Scouts	\$1,500.	up \$300
Girl Scouts	\$1,230.	same
Red Cross	\$1,200.	same
Salvation Army		
Field Service Unit	\$ 900.	same
U. S. O.	\$ 250.	Up \$100
Serebral Palsy	\$ 50.	Same
Emergency Fund,		
Local area	\$ 750.	same
Heart Cause	Dropped	Down \$50
Cancer Cause	Dropped	Down \$50

## FOR SCF BUNDLE DAYS

## School Begins Drive To Collect Clothing

CRIME RING EXPOSURE . . . Charolett Allen (Kay Burleson) is showing Rodney Dodd (Tom Gee) an article in the paper where he exposed the city's crime ring in practice for the Junior play scheduled for Friday night at 8 p.m. Proclaimed as a hero by the city, he is horrified to see the story published because of his fear of retribution from the crime ring. He thought he was going to die when he released the article, but now he is going to live--if Scorpio doesn't get him.

School students will be asking to have all their old outgrown and out-of-style clothing to carry to school next week.

The Friona Schools are participating in the Bundle Days program Nov. 6-10, sponsored by the Save the Children Federation to collect wearable clothing to send to the needy children (and adults) in the United States.

"We must stress the 'wearable' factor," Alton Farr said while discussing the condition of clothes for the collection. Anything which is not going to be worn by the family and is wearable--missing buttons, stains or style is not a great hindrance--will be welcomed.

"Most of the clothing collected is distributed to the needy people in Tennessee and Kentucky," Farr said.

Bundles which are prepared in Friona are shipped to Knoxville, Tenn. for distribution.

This is the second year that Friona Schools have participated in the program. Last year, approximately 800 pounds of clothing were shipped, according to Farr.

The Federation was founded in 1932 as an effort to help the needy children in the United States and in many free nations overseas. It has been interested in improving conditions among the children of the Southern Appalachian Mountains---in Tennessee, Kentucky and western Virginia.

(See SCHOOLS, Page 2)

ANOTHER DOUBLE WINNER . . . For the second consecutive week two contestants tied for first and second places in the Cottonbowl contest. Jimmy Norwood and Mrs. Ed White accept checks of \$4 each from Mrs. Ella Faye Holcomb. Although Norwood and Mrs. White have entered several weekly contests, neither of them have placed before.

## Weekly Contest Tied Twice In Succession

For the second straight week, first and second place honors were divided between two entrants in the weekly Cotton Bowl Contest.

Jimmy Norwood and Mrs. Doris White turned in entries with only eight points error in the tie-breaker and correct predictions for eight of the gridiron contests.

The competition was wrapped in eights last week. In addition to the eights turned in by the top winners, eight entrants guessed the outcome of eight games and only eight entrants missed five or more games.

Kenneth McLeilan came in third with a 12 point spread in the tie-breaker. He guessed the score to be Friona 12; Dimmitt, 42 in the 12 to 54 game. Both Mrs. White and Norwood set the score at 6 to 56.

Mrs. White entered a football contest in Clovis three weeks ago and won first place. The last time she won in a STAR contest was in 1959.

In the overall standings, Frankie Allen is first with a total of 61 correct predictions. Thelma Watkins is second with 60. J. S. Clark and Mildred Agee are tied for third place with 59 correct choices for the season.

The contest will continue through one more week after this issue. Next week is

scheduled to be the final chance for entrants to bring their overall score high enough to win the trip to the Cotton bowl game this year.

In the week's balloting, Max Reeve was again picked as player of the week. He made the only touchdown against Daltart.

## Schools Announce '62 Grid Schedule

The 1962-63 Friona football schedule was announced this week following the meeting of the district 3AA football meeting in the Muleshoe Jr. High Cafeteria.

Coaches, Superintendents and principals gathered to work out the formal agreements and schedule the conference games following the redistricting by the State Interscholastic Association last month.

Schools represented in the 3AA district are Friona, Morton, Dimmitt, Muleshoe and Olton. The schedule was agreed upon as follows:

Friona--Open Morton at Muleshoe Dimmitt at Olton Oct. 26, 1962 Muleshoe--Open

Dimmitt at Friona Olton at Morton Nov. 2, 1962 Dimmitt--Open Olton at Muleshoe Friona at Morton Nov. 9, 1962 Olton--Open Morton at Dimmitt Muleshoe at Friona Nov. 16, 1962 Morton--Open Friona at Olton Muleshoe at Dimmitt

In addition the following agreements were made: Gate receipts, minus officials fees, will be split on a 50/50 basis.

Admission will be: Adults--\$1.25; Students--\$.50 and \$.125 per reserved seat sold will be added to gate receipts.

Officials will be selected

from a recognized official's association and all coaches will be notified by May 1 as to what officials will be used.

Pre-game ceremonies will be completed by 7:25 p.m. and district games will begin at 7:30 p.m.

A JV football without a stripe will be used. The ball will be furnished by the home team and will be kept by the home team unless the visiting team wishes to purchase the ball.

In case of a tie game, the winner will be decided on the night of the game on the basis of penetrations first, and in case of a penetration tie, then on the basis of first downs.

If score, penetrations and first downs are tied, the game will

## Editorial Comment:

### Where To Now, Leader?

News from Washington that the Consumer Price Index rose to an all time high last month, reminds us that former Budget Director, Maurice H. Stans, writing in the Tax Foundation's publication, Tax Review, warned his fellow citizens that our unfunded liabilities and commitments for future spending amount to half again so much as our colossal national debt.

Added to the nearly \$300 billion that most Americans realize their country owes, this unseen burden brings our national obligation up to three-quarters of a trillion dollars--an "almost incredible total."

"It begins to look as if these considerations have come to the attention of even New Frontiersmen--and thence to the President himself. Calling together his Cabinet and various agency heads of lesser stature, President Kennedy--long the exponent of prosperity-through-extravagance--has now urged upon his lieutenants "a most careful and frugal policy."

Belated as it is, we can only applaud the President's awareness of our fiscal peril. And we shall watch with interest to see how closely the strings are drawn on the Federal grab-bag, what restrictions are placed on Foreign Aid (especially to the likes of Tito and Cheddi Jagan), what legislation the White House asks to curb the nationwide welfare swindles and, lastly, how many of the 92,000 new Government workers, reportedly hired since last Inauguration Day, will be sent back home.

Something must give somewhere.

### --SCHEDULE--

(Continued from P. 1)  
be considered a tie and will be counted as 1/2 win and 1/2 loss for each team. If the two teams are involved in a tie for the district championship the district representative shall be decided by a flip of a coin.

The seventh and eighth grade teams will play a round-robin schedule as follows:

- Oct. 2 Friona--Open Muleshoe at Morton Olton at Dimmitt
  - Oct. 9 Muleshoe--Open Friona at Dimmitt Morton at Olton
  - Oct. 16 Dimmitt--Open Muleshoe at Olton Morton at Friona
  - Oct. 23 Olton--Open Dimmitt at Morton Friona at Muleshoe
  - Oct. 30 Morton--Open Olton at Friona Dimmitt at Muleshoe
- Game time for the grade games will be 6 p.m.  
Alton Farr, Raymond Cook, Tom Jarboe, Kenneth Miller, Bill Adams and Vernon Scott represented Friona at the meeting.

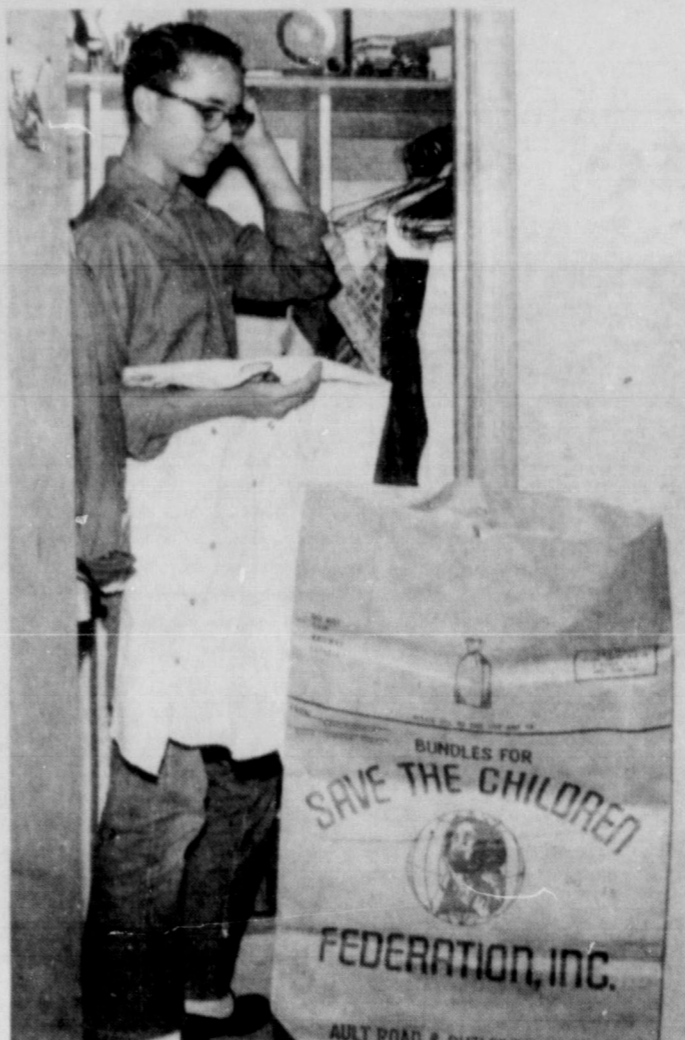

### --PRANKSTERS--

(Continued from P. 1)  
morning and had them clean up a good bit of the damage and put trash cans back out of the street.

It is a toss-up as to who was the most indignant Wednesday morning--the parents of the boys (and the boys) who were innocent but apprehended or the property owners who received the brunt of the night's activities.

### --CASTIN'--

(Continued from P. 1)  
Little of this will be remembered next year, but I sincerely urge all to turn their ingenuity toward dreaming up some good, clean pranks which will not cause brave people to pull their hair in anguish.

A TOUGH DECISION...Ronny Procter son of Mr. and Mrs. James Procter, looks over his stock of clothes trying to decide which to give to the Bundles Day drive which is sponsored by the Save The Children Federation. Students will be asked to bring old but wearable clothing to the school next week.

### --SCHOOLS--

(Continued from P. 1)

As mining, stone quarrying and lumbering have lessened or ceased and the small farms no longer support a family, many mountaineers are poorly fed and poorly clothed. Many of their children who attend small rural schools would be without warm clothing or good shoes during the winter months, except for the work of the Federation in giving American school children a chance to send them and their parents the used clothing which they no longer need. The clothing which is donated

is repaired (if necessary) and sold to the mountaineers at a very low price--enabling these people to retain their self respect. The Federation also makes quantities of clothing and shoes available to welfare workers and schools so that it can be distributed free where it is needed and will be accepted.

Policeman: "Hey you, didn't you hear me say 'Pull over?'"  
Driver: "Oh, I thought you said, 'Good morning, Mayor!'"  
Policeman: "It is a nice morning, isn't it?"

THE "FLAT EARTHERS," "The trouble with the world a British diehard society of, is that it's bogged down with stubborn nonbelievers, propaganda about globes."

## Unseen people at work

What's behind your telephone?

Well, many things. Miles of wire, hundreds of poles, intricate equipment. . . . and, unseen people.

Trained, experienced, dedicated people who work hard to provide good telephone service. People who are interested in you and in this community.

Yes, behind your telephone are people . . . the people who are, in actual fact, your telephone company.

HUNTERS RETURN . . . Bob Riethmeyer and Ed Bogges show the deer bagged in a four day hunt north of Norwood, Colorado last week. Both the 11 point and 4 point buck were brought down by Riethmeyer. Bogges turned down a good shot because the deer did not have a good trophy rack, according to Riethmeyer. The couple joined a party at Norwood and the group of seven returned with ten deer. "I could have loaded a pickup," Riethmeyer said in reference to the quantity of deer seen.

### City Official Attends School

A. L. Outland, city manager, will attend a West Texas regional short school on Water and Sewage Works and Operations, in Lubbock Tuesday and Wednesday.

Mr. and Mrs. Kirby Williams of Anton were weekend guests in the home of Mrs. William's parents, Mr. and Mrs. Johnny Hand and Wesslie.

Mr. and Mrs. H. L. Brown are visiting in the home of Mr. and Mrs. Matt Brown for several days. The H. L. Browns are parents of Mrs. Brown.

### Director Cites Donnie Brecht At Boys Ranch

Don Brecht, a former Friona boy and one of the 275 boys from all over the nation who are making their home at Cal Farley's nationally-famous Boys Ranch near Amarillo, was recently commended for the progress he is making since coming to the Ranch in August.

Don is nine-years-old and in the third grade of the fully-accredited Boys Ranch School. He lives with his dormparents, a young couple with children of their own, who provide as near normal a family life as possible for the 36 boys who live with them. Their home is a large Colorado-stone Ranch-house that has been donated to the boys and has replaced the old army barracks the boys lived in for so many years.

According to his dorm parents, Don made a fast adjustment to the Ranch life and is well-liked by all of the boys and adult staff members at the Ranch. Don's favorite spare-time activity is horse back riding and although there are not enough horses for all of the boys who like to ride, Don saddles up at every opportunity.

"Don is a fine young man and we're proud of the progress he has made since he has been with us," Cal Farley, Ranch founder, said. "Any boy, given a home, some fresh air and a chance to raise his standard of living by merely conforming to a few rules of good citizenship will never willingly go back to his old way of life and he'll make the finest and most appreciative citizen this country has."

Mr. Farley founded the Ranch 22 years ago for homeless and delinquent boys and since that time more than 1,200 boys have been cared for and received their education and training at the Ranch.

## Garrison Predicts Traffic Death Rise

Col. Homer Garrison Jr., director of the Texas Department of Public Safety, reported today statistics indicate at this time that traffic deaths in Texas will run one per cent higher this year than in 1960—which would mean 20 to 25 more motoricides than last year.

A total of 2,254 traffic deaths was recorded for 1960.

Quoting from an analysis by N. K. Woerner, DPS Statistical Services Manager, Garrison said:

"At this time, motoricides are running slightly higher for 1961 than for the same period of 1960. The 234 traffic deaths this past June was 52 more than in June of 1960, and 48 more than the past 15 year June average.

"Statistically speaking, we might show an improvement in October 1961 over October 1960, and we might hold our own in December. But November of 1961 will very likely have more motoricides than November of 1961."

Garrison emphasized that the traffic death picture could well change before the end of the year. Stressing that most fatal accidents involve at least one traffic law violation, he pledged to do everything possible to hold down violations and appealed for "the all-out co-operation of the motoring public to hold the line against traffic death by obeying the laws of safety that were enacted for their protection."

## Allen Hodges Will Serve In Exercise

Allen E. Hodges, electrician mate second class, USN, son of Mr. and Mrs. Paul Hodges of Route 1, Farwell is scheduled to participate in Exercise, "Covered Wagon", a seven-day training exercise for ships and aircraft of the First Fleet off the coast of Southern California, while serving aboard the radar picket destroyer USS McKean.

Vice Admiral Charles L. Melson, First Fleet commander, is scheduling the exercise, and his flagship will be the heavier cruiser, USS Helena. The exercise will be conducted by Rear Admiral Charles T. Booth, commander Carrier Division Five.

### TO BOOSTER CLUB

## Coaches Discuss Basketball Hopes

Friona Boosters Club decided to observe the Chieftain's open date by canceling the Monday meeting. They will meet again on Nov. 13.

The group decided to continue meeting during basketball season when the basketball schedule allowed, or twice each month.

The basketball coaches will meet with the club and discuss their schedule, program and prospects for the coming season at the next gathering.

Pete Braxton was heartily applauded for his generosity in purchasing after-game meals for the entire seventh and eighth grade teams following their game with Tulla last week. At the conclusion of a brief business session, the group settled back to watch the color and sound movie of the 1961 Cotton Bowl game between Arkansas Razorbacks and Duke University. Duke won 7 to 6.

Mrs. Frances Howard of Abernathy was a weekend guest in the home of her mother, Mrs. A. O. Drake. She also visited in the homes of Mr. and Mrs. Arthur Drake and daughters and Mr. and Mrs. Earl Drake and sons. Erma Drake, a student at South Plains Junior College at Levelland, spent the weekend with her parents, the Arthur Drakes.

## Rice Battles Tech For Homecoming

Rice University's Owls, battling to stay in Southwest Conference contention, engage Texas Tech at the Red Raiders' homecoming game here at 2 p.m. Saturday.

Until University of Texas upended the Owls 34-7 last week, Rice had been beaten only by undefeated Georgia Tech. Included among Rice's victims have been otherwise undefeated Louisiana State, Florida, and Southern Methodist, an 8-7 conqueror of Texas Tech Saturday.

Texas Tech holds SWC triumphs over Texas Christian and Baylor, has been beaten by Texas, Texas A&M, SMU, and Southeastern Conference member Mississippi State.

Only once in 11 previous meetings has a Texas Tech team been successful against Rice. The 1944 Raiders edged Rice 13-7.

More than 3,000 are expected to attend. Remainder of the Tech schedule includes Boston College here Nov. 11, Arkansas in Little Rock Nov. 25, and West Texas State here Dec. 2.

## Frosh Edge Dimmitt With 26-12 Win

The freshmen did it again! Friona's freshmen football team rolled over the Dimmitt squad to chalk up a 26-12 victory in the battle at Chieftain field last Thursday.

Danny Murphree took the opening Dimmitt kickoff and dodged and twisted his way down the field behind some excellent blocking to make the first touchdown. Douglas Dodd rammed across the three yards to make the two points after. Dimmitt sparked a drive which carried them to the Friona 15 yard line but lost the ball on downs as the Braves tightened their defenses.

Danny Murphree churned his way to the Dimmitt 40 on the next play and scampered through the Dimmitt line to register his second touchdown for the night. Milton Hargus tallied an additional two points to end the scoring in the first half. The Dimmitt eleven returned

to play with determination in the second half. They took the Friona kickoff on their own ten yard line and started a drive which carried them into the Friona end zone for their first score of the game. The try for point after failed.

Dodd clutched the Dimmitt kickoff and slipped by seven would be tacklers to bring the ball back 35 yards to the Dimmitt 40. But before another ten yards could be gained, a Dimmitt player pounced on a fumbled ball to start another downfield Dimmitt drive. Ronnie Brookfield plucked a Dimmitt pass out of the air at his own nine yard line to turn the tide and start Friona on the road to their third touchdown.

Murphree proved too much for the Dimmitt squad as he turned on the speed and slipped across fifty yards for his third touchdown. Hargus rammed through for the additional two points.

Dimmitt's second touchdown came with the closing play of the game. They worked their way into Friona territory and tossed a pass into the endzone. Pass interference was ruled by the officials to give the six points to Dimmitt as the final gun sounded, leaving the score at 26-12.

## Smith Reveals Candidacy For Lt. Governor

State Sen. Preston Smith of Lubbock today announced that he will be a candidate for Lt. Governor of Texas.

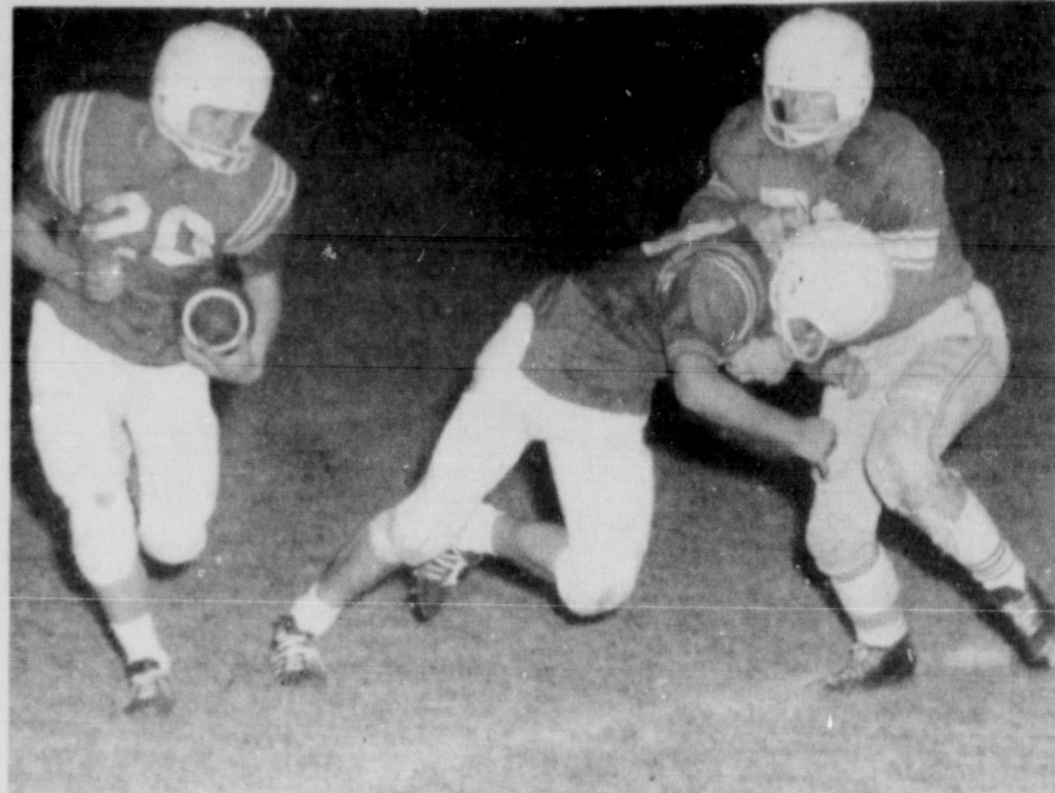

This will be his second campaign for the state's second highest office. He ran in 1950, placing third in a field of 12 candidates and leading the ticket in 68 counties.

Smith, 49, a veteran lawmaker and businessman, was unanimously elected president pro-tem of the Senate during the first special session of the 57th Legislature. He served as Governor of Texas on August 4 in the absence of Gov. Price Daniel and Lt. Gov. Ben Ramsey.

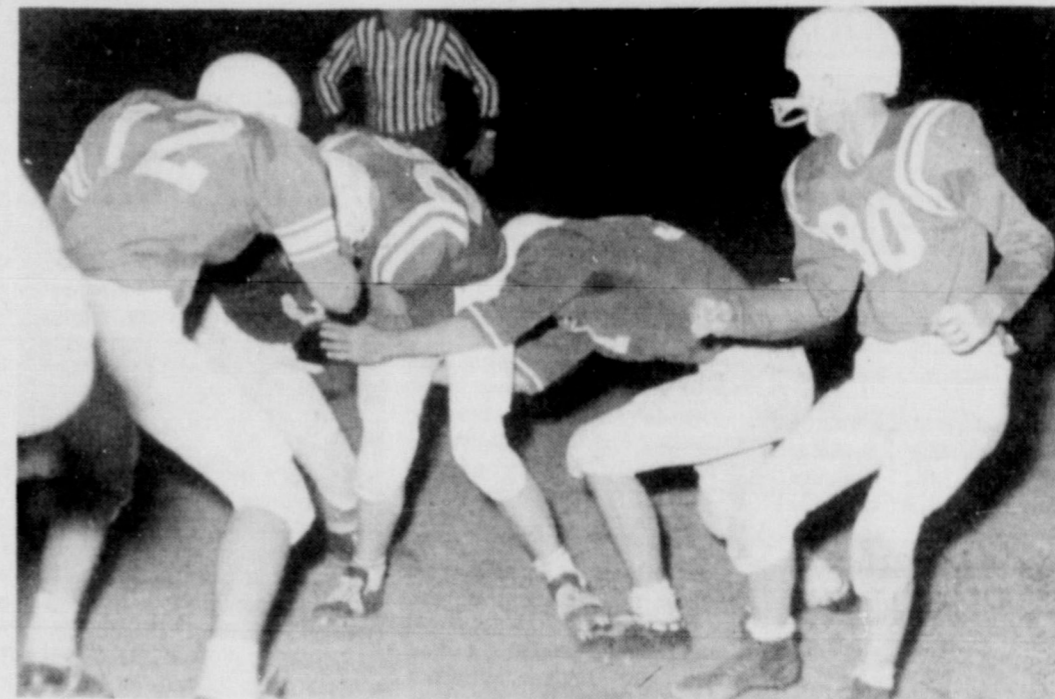

His career in Texas government began in 1944 when he was elected to the House of Representatives, where he served three terms. In 1956 he was elected state senator from the 11-county 28th Senatorial District, and was re-elected without an opponent in 1960.

Smith is a graduate of Texas Tech College in Lubbock. He and his wife, Ima, have two children, Mickey, 20, and Jan, 16. His formal announcement will be made at a later date.

Hundreds of young men and women graduating from the colleges and universities in the Dallas Internal Revenue Service District covering the northern half of Texas will be interviewed for tax jobs within the next few years. The Dallas District of Internal Revenue had 35 students in basic training classes that started in February of 1961, but they increased this number to 83 students attending the classes started during July. The personnel people for Internal Revenue are recruiting about a dozen new men for February 1962 classes at the present time and will be looking for an estimated 150 students out of the June graduates. They will mail many of our college senior students in Accounting, Government, Economics, Business Administration, and several other majors, a brochure telling about the opportunities in our nation's tax service. It takes top flight young men and women to meet the standards set by Internal Revenue. Most taxpayers will readily agree that anything less than the best in tax law enforcement would be unsatisfactory due to the tremendous importance of taxes in our lives.

Evert Gee starts on an end sweep for a three yard gain in the 54 to 12 loss to Dimmitt Friday. The Chiefs scored two touchdowns in one game for the first time Friday. Ronald Awtrey throws a block into a Dimmitt lineman who has broken through the line.

Milton Hargus tries to bull his way through the Dimmitt line in the freshman contest Thursday. Jackie Clark turns back but is too late to remove the tackler who slipped past behind him.

OVER-INDULGENCE in eating has caused 25 per cent of the population to consume so many calories they are physically sub-par in health and vitality, according to a recent symposium. Most nutritional problems in the school-age population result from too much food rather than malnutrition, the experts said.

Our idea of an optimist is a man who took the marriage vows at the ripe old age of 90 and started house hunting for a home close to a school.

Mother (to her young son): "Whose little boy are you?" Son (disgustedly): "Gosh! Don't tell me you don't know."

CHEVROLET

## THE NEW CHEVY II GOING GREAT GUNS!

Chevy II Nova 100 Sport Coupe—and there are 8 more models, just as nifty, where this one came from

This one was on the road to success right from the start, a new kind of solid simplicity blended with economy and dependability. Beneath the hood... a frugal 4- or satiny 6-cylinder engine (your choice in most models). Nine new models... sedans, wagons, hardtop and convertible.

If you're looking for sensibility at its Sunday best—join the celebration at your Chevrolet dealer's. It's Chevrolet's golden anniversary year, and this new Chevy II is making it a year to remember with a new line built especially to save you money on service and maintenance. Get the full story at your dealer's.

A New World of Worth

Chevy II 300 Three-Seat Station Wagon

Chevy II Nova 100 Convertible

Join in Chevrolet's 50th Anniversary celebration at your dealer's now—By picking up a special order form from your dealer, you can order a "Golden Anniversary Album" LP recording of favorite American songs from Chevrolet for just \$1. (For your convenience, many dealers will have the album for sale in their showrooms.)

See the new Chevy II, '62 Chevrolet and '62 Corvair at your Chevrolet dealer's One-Stop Shopping Center

Freshman Larry Buckley slips past a would be tackler in the Thursday game with Dimmitt at Chieftain field.

**Bobcats Down Chiefs 12-54**

For the first time this year, the Chieftains made two touchdowns in one game Friday. But the 12 points was not enough to equal the 54 points scored by the Dimmitt squad.

Dimmitt took the opening kickoff and marched across in two plays to begin the scoring.

Friona managed to come back for their first score in four plays after receiving the Dimmitt kick. Floyd Reeve snapped a pass to Gary Snead who raced the final thirty yards for the score.

The next Friona kickoff slammed into one of the Dimmitt linemen and was pounced on by Tommy Baxter to give the Chiefs possession of the ball. They moved the ball to Dimmitt's thirty yard line but a fumble was recovered by the Bobcats.

Dimmitt pushed the Chiefs

back to their own 10 yard line but two incomplete passes allowed the Chiefs to gain possession of the ball on downs. But, Dimmitt's Jim Ratcliff intercepted the second down pass intended for Gary Snead and the Bobcats moved across for their second TD in the first play of the second quarter.

Friona failed to score again until after the Bobcats had tallied their final touchdown for the night. Early in the fourth quarter, Floyd Reeve intercepted a Bobcat pass on his own 45 yard line and plunged back to the Dimmitt 6 before he was brought down.

Gary Snead rammed across for the touchdown and final score of the game.

The Chiefs will play their final game of the season Nov. 10. They will meet the Canyon squad at Chieftain Field at 7:30 p.m.

**T. Massey Is Aggie Lineman**

A recent Associated Press release from Kansas City reported Oklahoma College teams leading in six of the 12 categories in last week's football statistics of the National Association of Intercollegiate Athletics.

Aggie Coach, Oscar Williams, spotted three Texans as three of the top linemen on the team. They were Tommy Massey of Friona, Jim Anslay, Lockney and Bill Helton of Perryton.

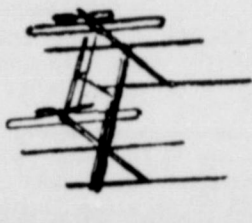

Panhandle A&M Goodwell and Langston University are the teams at the top. A&M leads in team rushing with 384.2 yards.

Victories for the team this year number five against no losses.

WITH JUNE

One of the most original-looking parades that I have ever seen on Main Street was the third grade pupils in Halloween garb Tuesday afternoon. Had the first and second grade pupils joined the group much would have been added. After spending a few minutes in the elementary building, I decided that in about 15 years the annual Maize parade would have some fine looking floats.

Ghosts, goblins, pioneer women, chorus girls, monkeys and fortune tellers were observed, along with a lot of characters that would be hard to describe, making a long uneven line along the parade route.

As this is being written, soap is being put on windows of buildings and cars, a lot of noise is being made and some objects are being moved from their

proper places. All of this is being done in fun, but some destruction is sure to result from some of the activity in town.

On the positive side many students are collecting treats for patients at Abilene State Hospital and enjoying themselves at the same time. Pupils in the lower grades are very conscientious about doing a good job for benefit of these patients.

I haven't talked to any junior high or high school students, but feel sure they can be depended upon to turn in a good account of themselves for the evening.

Another project the entire student body is participating

in at the present time is for the benefit of needy students in some of the southeastern states. Used but wearable clothing is being collected and will be mailed in the near future.

Ever ask yourself the question, "What am I in such a rush for?" Most of us rush from morning until night without ever stopping to think why we are doing it.

Someone expressed our headlong rush as follows:

"We timed a traffic light recently. We could not believe our eyes. Only twenty seconds did that light hold us back. We checked it again, and we found it true. And yet, we were a bit restless. We found ourselves hurrying to get through before the light changed, somewhat chagrined at being caught, and tempted to go through on the amber.

What is the matter with us Americans? Few of us really can use twenty seconds, or care very much about it in our ordinary tasks. If we are but twenty seconds late for a meeting or a game, or a play, we do not greatly care. We waste far more than twenty minutes at a single appointment every day.

Is it not that we have all yielded to a mob psychology, the craze to get ahead of somebody else? We run around the car ahead not because we want to save time, but simply because we cannot abide seeing someone ahead of us.

Construction is underway on an addition to Ruthie's Flower Shop. When the building is completed, members of the staff will have more working space and will be able to serve their customers better.

Display space will also be enlarged and plans are being made for a formal opening in the near future. Watch the advertising columns of the Star for an announcement of this event.

Readers who haven't seen the art display at the junior building will still have time to take advantage of this wonderful opportunity to see some fine paintings and at the same time contribute toward purchase of some paintings for the school.

All proceeds from the show will go toward purchase of paintings for the building.

There is no failure until you fail to keep trying.

SWEET TOOTH PARADISE . . . Representatives of the winning classes in the track-or-treat candy contest help Floyd Reeve, Student Council president, pack the candy in boxes. Shown here Hughes, Mr. Taylor's sixth grade; and Joel Osborn, Mrs. Leonard's fifth grade class.

**Student Council Given 310 Pounds Of Candy**

Huge quantities of candy were turned in to the Student Council at the High School Wednesday following the Trick-or-Treat collection of sweets the night before.

The candy collection was part of a program sponsored by the Student Council to gather candy to send to children in the Abilene State Hospital.

Mrs. Adams' sixth grade class turned in 22 1/2 pounds to squeeze into first place by one-half pound. Mrs. Leonard's fifth graders took second place money with 22 pounds.

Mr. Taylor's sixth grade class dropped into third place with 17 1/2 pounds. Thirty classes participated in the program.

"I would like to thank the people for cooperating and giving wrapped candy," Floyd

Reeve, president of the Student Council, said. Only wrapped candy can be sorted, packaged and shipped to the hospital.

Prizes were awarded to the rooms with the most candy.

The three rooms with the most pounds received \$7.50, \$5, or \$2.50 in accordance with their placement.

The candy will be shipped to the hospital as soon as it can be packaged and shipped.

"I believe that we will be able to send about 99 per cent of the total gathered to the hospital each year," Cook said. A large percentage of candy has been unwrapped in the past and could not be used.

**Something To Think About**

16th. Street Church of Christ Box 515 -- Friona, Texas

Modern methods of travel have done much to encourage people to take less baggage when they go on long trips. No doubt, most people would enjoy life's journey a great deal more if they would eliminate the "extra-baggage!" So many people carry an excessive burden of worry, anxiety, fears, regrets, and such like. Superfluous weight is a dangerous thing and a constant threat to acceptable Christianity. Such unnecessary burdens are prejudice, hate, grudge, suspicion, malice and covetousness are nothing but excess baggage. To carry ill will is foolish, and anyone who goes about with such additional weights is traveling too heavily.

New Testament Christianity offers the greatest incentive for a "balanced load." The gospel offers hope, courage, faith and love. The influence of the gospel of Christ will free us of these excessive burdens and fill our hearts with the spirit of him who is the perfect example. It is a wonderful experience when one lies down to rest at night, to be able to cast off all excessive mental weights and let one's mind relax in meditation and prayer. Can you do this, or are you hindered by anxiety, fear, and all sorts of "extra-baggage" that makes life such a burden? If your load is too heavy, try Christianity and know the joy of companionship with Christ.

**Come To Church Sunday**

TO WHAT ARE YOU DRAWN?

Jesus said, "And I, if I be lifted up from the earth, will draw all men unto me." John 12:32. This reveals to us a marvelous magnet indeed. Many people today are being drawn unto Him. He is not drawing men unto a particular church or denomination, but unto Himself. The force by which He draws men is love. There isn't anything that attracts quite like love, and especially the love which is from above. The Love of God is greater far, than tongue or pen can ever tell, it goes beyond the highest star and reaches to the lowest hell. This magnet force of love draws by a promise of rest. Rest, rest for the weary; peace, peace for the soul. Oh lay down thy burden, oh come unto me. "Come all those who labor and are heavy laden, and I will give you rest." These are all familiar words coming from the Saviour of men. This magnet draws gradually and gently and effectually. No man is forced to accept the Saviour of men. Man, altho in sin and rebellion, has a free choice in either accepting or rejecting the gift of eternal life in Christ Jesus. This then implies that since man is being drawn by Christ, that he in his natural state is a long way off from Christ. It further implies that man will not come to Christ unless He does draw them. He uses many influences; the Bible, a song, a sermon, the kindly compassion of a loved-one—a friend, a near tragedy or the turning of another individual to Christ. But the world and sin and the Evil One is also alluring and drawing. The question quite naturally follows; To what are you being drawn?

## Rites Conducted For John Wise Messenger Named VP Of Car Club

Funeral services for John Harmon Wise, resident of Friona since 1953, were conducted at First Baptist Church at 2:30 p.m. Friday. Rev. Bill Burton, pastor, was the officiating minister.

Wise, a former resident of Lubbock, Midland and Lovington, was a retired hotel cook. He was born near Troy, Alabama, Nov. 21, 1872, and moved to the South Plains from the Indian Territory about 40 years ago.

Pallbearers were Bill Stewart, Curtis Murphree, Harry Hamilton, Frank Spring, J. T. Gee and Claude Osborn.

Survivors, besides his wife, Ella, include two sons, Edward Wise of San Francisco and Loyd Wise of Lovington; two daughters, Mrs. Everett Dickson of Caprock, N. M., and Mrs. Dan Ethridge of Friona; seven grandchildren and seven great-grandchildren.

Burial was in Friona cemetery under direction of Claborn Funeral Home.

Steve Messenger of Friona was installed vice president of the Panhandle Foreign and Sports Car Club at the NCO Club at Amarillo Air Force Base. Following installation of officers, members of the club participated in the Spooks Trail Rally that ranged over 229 miles in the Panhandle. Steve and his wife, Nardia, were awarded a second place trophy at a 4 a.m. breakfast at Ramada Inn.

The Messengers won a first place trophy in the annual Concourse event late in August of this year. They have been members of the club since 1959.

As president of the organization, Steve will be in charge of all activities during the coming year. The annual awards banquet for the club is scheduled for Nov. 4 at the NCO.

Last Sunday afternoon in chapel, a young couple were sitting in the gallery facing the pulpit.

The minister was just about to read the lesson when he noticed that the couple was not behaving in a seemly fashion. Looking up reprovingly at the gallery he said: "I observe a girl cuddling a boy. When he stops, I'll begin."

# Of Interest To THE WOMEN

## Clubs Prepare Girls For Woman's Role

Virtually all 4-H Club girls believe that woman's place is in the home, if the more than a million engaged in a home economics project could be quoted.

At any rate, future wives and mothers are preparing early for woman's destined role: that of

## WMU Leadership Course Taught

A WMU Leadership Course was conducted at the First Baptist Church Tuesday with guests from Calvary Baptist Church and Farwell attending. A covered dish luncheon was served at noon.

Mrs. William Solomon, Amarillo, instructed the WMS and Mrs. T. L. Jameson, also of Amarillo, taught the G. A. course.

Visiting from Farwell were Mesdames J. L. Bass, Joe McWilliams, W. C. Hardage, Truitt Hardage, R. T. Langston, Ralph E. Franse and H. L. Garner and Carol Dean Huggins and Wanda Walker.

Guests from Calvary Baptist Church were Mesdames Clarence Monroe, Ellen Wiley, Elroy Wilson, O. C. Rhodes, S. M. Bailey Jr., Faye Wilson, Evert Bales, W. S. Crow and E. S. Euler.

## Rita Collier Has Slumber Party

Rita Collier was hostess to a slumber party in the home of her parents, Mr. and Mrs. Robert Collier, Friday night.

Sandwiches, corn dogs, assorted dips, chips and cold drinks were served to Sandie Beene, Lorena and Lanore Jackson, Lyndia Chandler, Willie Grace Grubbs, Judy Phipps, Phyllis Holcomb, Patsy Rule, Darlene Wilson and Cindy Lu Cason.

Saturday morning Mrs. Collier served to guests waffles, bacon and fruit juices.

## Mrs. Hight Among Large Enrollment

Mrs. Jackie Hight, a Friona High School graduate, is among the 1,024 making up the largest enrollment at Panhandle A.S.M. College in the institution's 52 year history, reports Dr. Eugene Meyer, registrar of the college at Goodwell, Okla.

the homemaker. Perhaps more aptly today she should be called "homekeeper."

According to statistics released by the U. S. Department of Agriculture, some 1.3 million girls between the ages of 10 and 21 in 50 states belong to 4-H Clubs. And judging from interest in projects such as cooking, sewing, interior decorating and home management the young ladies are anxious to learn how to do a first-rate job.

To sum up homemaking activities under one general 4-H category, home economics, the Cooperative Extension Service and Montgomery Ward offer a full-scale program that sets up specific standards, goals and rewards.

Each year members recount achievements and submit their

records in county, state and national competition. The Extension Service selects the winners. Montgomery Ward provides awards.

The last week of this month (November) six outstanding girls will be named national winners and receive \$400 scholarships. Approximately 50 girls are expected to win state awards of an all-expense paid trip to the 40th National 4-H Club Congress convening in Chicago Nov. 26-30. Home economics medals already have been presented to the top-ranking girls in the county.

The mail order firm is among the oldest sponsors of 4-H in the nation, reports the National 4-H Service Committee. Wards was host to Chicago 4-H congress delegates 40 years ago.

## Party Honors R. Fergusons

Mr. and Mrs. Ronny Ferguson, who are moving to Herford soon, were guests of honor at a farewell party Saturday evening in the Friona Club house.

Hostesses were Mesdames Glenn Floyd, Gerald Wright, Ella Faye Holcomb, George Jones and Walter Cunningham. Assorted cookies, coffee and cold drinks were served from a table covered with a cloth of Halloween design and centered with a jack-o-lantern and candle arrangement.

Following games of "42" and Rummy, gifts were presented to Mr. and Mrs. Ferguson.

## Garth Families Attend Reunion

Mr. and Mrs. Wayne Garth and family and Mr. and Mrs. Herbert Garth and Kenneth attended a family reunion in the home of Mr. and Mrs. C. L. Schmitz of Seagraves Sunday.

Mrs. Schmitz is the sister of Wayne Garth. About seventy-five were present for the occasion.

## Primary Class Has Halloween Party

Primary I Sunday School Class of First Baptist Church was entertained with a Halloween party in the Fellowship Hall Monday afternoon.

Mrs. Wesley Hardesty assisted by Mrs. T. E. Lovett, Mrs. Frankie Fortune and Mrs. Aubrey Cannon conducted a ghost and goblin event followed by games.

Halloween motif was used throughout the entertainment

room and refreshments.

Attending were Debbie and Jerry Bengel, Jim and Carolyn Murphree, Cynthia Barnett, Tanya Kay Chester, Donna Kay and Katie Lewellen, Sharon Sue Smith, Teresa Bingham, Rene Taylor, Randy Terry, Gary Mingus, Larry Kim Parr, David Sanders, Kirk Taylor, Larry Floyd, Mike Hughes, Dub Haws and Glen Cannon.

## Mrs. Beene Guest Of Delta Xi Chapter

Mrs. O. J. Beene was a special guest from Friona at the recent meeting of the Delta Xi Chapter of Delta Kappa Gamma Society in the homemaking cottage of Bovina High School.

Parmer County members serving as hostesses for the occasion were Leola Williams, Eunice Thorton, Grace Paul

and Irma Stark.

First program of the year was presented by Della Stagner. She gave a report and showed slides of her nine weeks' tour of Europe through 12 countries.

Helen Richardson, president, conducted a brief business meeting which followed the program.

## Mrs. Landrum Hosts Fidelis S.S. Class

The Fidelis Sunday School Class of the First Baptist Church met for a regular monthly meeting Thursday, Oct. 19, at the home of Mrs. Joel Landrum.

Bible study from the book of Revelation was conducted by Mrs. Charles Allen.

Refreshments were served by Mrs. Landrum and Mrs. Jim Dixon to Mesdames Claude Osborn, Allen, Leon Massey, Philip Weatherly, Gary Hicks,

Clyde Tims, Dale Williams, Richard Adkins, Fred Lookingbill, Ronald Clark, Charles Hough, Fred Kelly and Veldon Carroll.

Miss Gaye Rosson of Roswell was a weekend guest in the home of Mrs. Ella Faye Holcomb and daughters. Saturday evening dinner guests in the Holcomb home were Miss Rosson, Travis Harrell and Harold Balls.

**HALLOWEEN PARADERS** . . . About 100 third grade students dressed in Halloween costumes and masked paraded Euclid and Sixth streets before marching down Main Street to stop in the Bi-Wize Drug Store for ice cream. Accompanied by their

teachers, Mrs. June Rhodes, Mrs. Wana Brewer, Miss Jo Phillips and Mrs. Gladys McVey, the group continued their trek up Pierce Street before a final stop-over at the Tasty Cream for cold drink refreshments.

## 4-H Clothing Program Reports Upward Trend

A new high in the national 4-H clothing program enrollment is predicted this year, according to the National 4-H Service Committee, which reports a record 740,000 enrolled in 1960. Current figures released by several states on

over-all 4-H enrollment, already show an upward trend, a committee spokesman said.

Although participation is extremely high in the clothing project, the committee points out that chances for winning awards are narrowed down to

comparatively few. This is because standards for judging are exacting.

For example, from the entire nation only a dozen girls will qualify for a national award. At the county level four girls can win a clothing achievement medal, while there is but one state award winner.

The young home sewers learn about colors, styles, fabrics and buying. Older members are guided in selection of accessories and wardrobe planning. The work is carried out under the supervision of the Cooperative Extension Service and local adult and junior clothing leaders.

Climax of the year's work will be reached when 50 girls from as many states arrive in Chicago Thanksgiving weekend to attend the 40th National 4-H Club Congress. They will be the 1961 state winners, and their congress trips will be made possible by Coats & Clark Inc. of New York, a long-time backer of 4-H.

In addition to the free trips, the firm will give scholarships of \$400 each to the national winners. President John B. Clark is expected to make the scholarship presentations at the annual congress banquet, Nov. 30.

The firm also will be host at another congress event, the "4-H friendship party" to take place in the famed Aragon ballroom on Chicago's north side.

## MYF Sponsors Weiner Roast

About 35 Intermediate boys and girls attended a hayride and weiner roast sponsored by the Methodist MYF Saturday evening at the home of Mr. and Mrs. Bob Jones southeast of Friona. Hostesses were Mesdames Eugene Ellis, Bob Jones and Paul Hall.

Games were played by the group following the picnic supper.

## Smiths Return From Colorado

Mr. and Mrs. Paul Smith returned to Friona Monday from Colorado Springs where Mr. Smith conducted a series of meetings at the Security Church of Christ.

Mrs. Smith visited several days in Denver with her daughter and family, Mr. and Mrs. Bob Blume, Brenda, Marti, and Robbi.

The Smiths will leave Sunday evening for Bridgeport to hold a seven day meeting there.

Others present were Mesdames Lester Dean, Bob Wyly, Edgar Walters, Oscar Baxter, A. H. Hadley, Gene Bracken, Ronald Smiley, Windle Sikes and Alfred Beavers.

## Linderman-Nichols Host Progressive Study Club

Mrs. Homer Lindman and Mrs. Bill Nichols were hostesses for the Progressive Study Club Tuesday evening, Oct. 24. The meeting was opened with a prayer given by Mrs. Stanley Bengel.

Mrs. Hewman Jarrell Jr. conducted the business meeting. Mrs. Bill Sheehan gave a re-

port on the workshop at Denver City. She also proposed an investigation of the possibilities of conducting a children's Art Classes in Friona. This proposition was accepted by members.

"A Time to Heal" was the theme and "Cancer" the subject for the program. Pamphlets, "If You Only Knew," from the Cancer Society was given to each one present.

Mrs. Hollis Horton spoke on Current Proposed Legislation and showed a film, "Conquer Uterine Cancer." Mrs. Tom Pruitt presented "The Value of Periodic Health Examinations."

Guests present were Mesdames Philip Weatherly, Bill Buchanan, Porter McGee, John White and John Payne.

## Baby Boy For The Wilkins

Eddie Dale is the name of the new son of Mr. and Mrs. Waymon Wilkins born Monday, Oct. 23, in the Parmer County Community Hospital.

The baby weighed seven pounds and five and three fourths ounces.

Other children in the Wilkins home are Andrea, Dixie and Charles.

Grandparents are Mr. and Mrs. Joe Wilkins of Richmond, Calif. Great grandparents are Mrs. Ethel Adams, Friona, G.A. Jones, Paris, Texas and Mrs. Mary Ann Bradley, Calsbad, New Mexico.

## Friona On The Move

Mr. and Mrs. Keith Battey have moved to 1312 Euclid. Mr. and Mrs. F. L. Prince and children from Amarillo have moved to 907 Virginia. Mr. and Mrs. O. B. Eckelkamp from Harlingen have moved to 603 W. 7th.

Mr. and Mrs. Carlus Barber and children from Big Spring have moved to 615 Euclid, apartment 2.

Mr. and Mrs. Paul Williams and children have moved from 906 Summitt to 712 Cleveland.

Mr. and Mrs. Dick Martin have moved to 404 Ashland. They moved from the country. Also Mr. and Mrs. J. Ray Scott from south and east of Friona have purchased a new home at 603 Watkins.

Mr. and Mrs. Cecil Asher and family have moved from 707 West 8th. to 706 Summitt. Mr. and Mrs. Jack Slaughter and family have moved from 409 West 5th. to 510 West 5th.

Mr. and Mrs. C. L. Stoner from Bovina have moved to 616 Cleveland.

Mr. and Mrs. R. W. Sherrill from Amarillo have moved to 615 Euclid, Apartment 4.

Mr. and Mrs. Syon Walker have moved from 1202 Main to Odessa.

Billy Joe Games and his mother have moved from 510 W. 5th. to Clovis.

Mr. and Mrs. Holland Linzy and baby have moved from 615 Euclid to Star City, Ark.

Mr. and Mrs. Albert Field and family have moved from 404 Ashland to Muleshoe.

A surprise party honored Mrs. Leo Balls on her birthday Thursday morning, October 26, at her home.

Mrs. James Pope and Mrs. Donn Tims, hostesses, served birthday cake and coffee to guests, following the opening of surprise gifts presented to Mrs. Balls.

**FEMINE LEADERS** . . . Installed as new leaders of Friona Girl Scout and Brownie troops at investment ceremonies Monday were: standing left to right: Mesdames Christeen Mann, Winifred Hurst, Maedell Taylor, Melba Kreig, Waneen Ragsdale, Sue Proctor, Bobbie Wilson and Martha May Pruett. Sitting are other leaders: Mesdames Pearl Kinsley, Geneva Riethmayer, Louisa Wilson, Lillie

Mae Baxter, Pearl McLean, Mary Bandy, Thelma Ford, Olive Massie and Nora O'Brian. Leaders absent were Mrs. Alice Whaley and Mrs. Deke Kendrick and new officers, Mesdames Marie Perkins, Ann Jensen and Carolin Gunn. All received yellow ribbons signifying their office. They will guide activities of the 130 members of the troops during the coming year.

## THE HIGH PLAINS FARM AND HOME

### Awards Program FU Meeting Next Saturday

The County 4-H Council has made plans for the Annual County 4-H Achievement Awards Program to be held Saturday evening, November 4, at 7:30 in the Oklahoma Lane Community Center. Eighty-one 4-H Club boys and girls will receive

achievement awards or project completion year pins. Parents and friends are invited to attend.

There are so many awards that are available that the national donors sponsor. In some awards only two or four are offered. Since only the boys and girls who had the best record books will receive achievement awards medals, others will be awarded completion year pins.

The program will consist of the presentation of the awards, a 4-H movie, "Man Enough For the Job", recreation, and refreshments. All girls are asked to bring two dozen cookies to be served with punch made by the Lazbuddie Sr. 4-H Girls Club. Recreation will be led by boys or girls from each of the clubs. Each club should have two games planned and ready to lead. Boys have volunteered to clean up the building after the program.

Registration will be in charge of the Jr. Leadership Club. Decoration by Farwell Sr. 4-H Girls Club.

#### 4-H Club News

Farmer County 4-H Council met in regular session Saturday, October 23 at 9:30 a.m. in the District Courtroom of the courthouse in Farwell. Eleven council members, and two visitors of six of the fifteen clubs attended.

Linda Gleason, chairman, presided over the business. Kathryn Gober was appointed as acting secretary. Katie Blackstone was appointed as summarizer for the meeting. Gary Foster led the members in the 4-H pledge. Katie Blackstone led the pledge of allegiance to the U. S. flag and red the meaning of green and white as 4-H club colors. Judy Koelzer read the 4-H Club Creed.

Reports of summer 4-H activities were given by council members. Reba Lesly summarized the County, District, and State 4-H Dress Reviews. Linda Gleason described the County and District 4-H Bake Show and television program. The 4-H Boys Camp was reported by James Schlenker, and Kathryn Gober reported the results of the Girls Cookout and Slumber Party.

For new business plans were made for the annual County 4-H Achievement Awards program to be held Saturday, November 4, at 7:30 p.m. in the Oklahoma Lane Community Center. Different 4-H Clubs volunteered for decoration, registration, refreshment, and cleaning committees.

Council discussed each club setting up their own treasury for club expenses. Council will have one joint treasury for county-wide activities.

Before election of new officers for 1962 Linda Gleason read the qualifications of office. The following officers were elected by secret ballot. Gary Foster, chairman, Reba Lesly, vice chairman, D. H. Foster, vice chairman, Judy Koelzer, secretary, Greta Mears, treasurer, and Kathryn Gober, reporter.

To represent the county at the District 4-H Council district council delegates were elected. Delegates are Linda Gleason and Bobby Tomlinson. Alternate delegates are Katie

### FU Meeting Set Monday

An important meeting of Farmer County Farmers Union is scheduled Monday night at 7:30 in Hub Community Center.

Purpose of the meeting will be to elect county officers for coming year. Also to be elected are delegates to state convention which will be in Waco December 8-9.

Some resolutions will also be adopted at the Monday night session, a spokesman for the group says.

Blackstone and Johnny Mabry.

For the program Mrs. U. L. Lesly, adult leader, conducted the installation of officers. Script used was written by the State 4-H Leaders of College Station. Council meeting adjourned at 11:15.

Friona 4-H

by Barbara Bracken

Friona 4-Hers were off to a good start at their first of a series of meetings, that will help the young people of today become better citizens of tomorrow.

Forty-nine members were present, also Mrs. C. W. Tannahill and Mrs. Lloyd Rector, Unit leaders; Miss Ettie Musil, and Deryl Coker.

Purpose of the 4-H Club was discussed and the following officers were elected: Dennis Howell, president; Keith Black, vice-president; Bette Bass, Con. del.; Darla Howell, alt. del.; Jim Bob Jones, secretary-treasurer; Barbara Bracken, reporter and Sherri Tannahill, rec. leader.

Following the meeting, officers met and planned future programs.

A Civil Defense program will be presented November 6 by Miss Musil, county home demonstration agent. Food, shelter and survival will be discussed.

A cordial invitation is extended to everyone. Time and place will be given at a later date.

Friona 4-H Club will meet the first Monday night of every month. Parents are invited to attend these meetings.

In order to make this a successful year of 4-H club work, we need the help and interest of the community.

### Farm Facts

The number of horses and mules on farms decreased from 11,626,000 in 1945 to 3,089,000 in 1960, according to the U. S. Department of Agriculture.

While horses and mules have been disappearing from the farms, the number of tractors has been increasing at an impressive pace. In fact, tractor numbers more than doubled from 1945 to 1960. There were 2,354,000 tractors on farms in 1945 as compared with 4,770,000 in 1960.

Since about three acres of land are needed to feed one mule, a drop of more than 8,000,000 in the horse and mule population released 24,000,000 acres for other purposes.

Mules, however, are stubborn critters and are making a mild comeback in some areas. Wade Tribble, who operates the last mule barn in Memphis, sold 100 to farmers during the first eight months of 1960 as compared with a total of 80 for the year before.

A Birmingham dealer says families living in small rural communities and in rural areas, even though not engaged in farming may now be eligible for the housing loans made by the Farmers Home Administration according to Eddie T. Taylor, the agency's county supervisor for Yoakum County.

The Housing Act of 1961 broadened the eligibility requirements for rural housing loans. As a result owners of non-farm tracts in rural areas and in small rural communities of not more than 2,500 as well as farmers, may be eligible for this type of credit.

"This program is an important new tool in promoting the development of rural areas," Bolling said. "Rural housing loans will not only help families obtain better homes but will put more carpenters, plumbers, and electricians to work, and will increase the sales in lumber yards and building supply firms."

Housing loans are made for the construction, repair and remodeling of dwellings and essential farm buildings and to provide water for farmstead and household use.

In addition to major construction, funds are available to modernize homes--add bathrooms, central heating, modern kitchens, and other home improvements, as well as to enlarge and remodel farm service buildings and put in related facilities such as paved feedlots, yard fences, and driveways.

Rural housing loans may also be used for the construction of fall-out and storm shelters. The interest rate is 4 per cent per year on the unpaid balance of the loan. Loans may be scheduled for repayment over periods up to 33 years.

The proposed housing must be adequate to meet the family's needs yet modest in size and design.

To be eligible an applicant must own a farm or a housing site in a rural area; be without decent, safe and sanitary housing; be unable to obtain the needed credit from other sources; and be without sufficient

Harvesting came to an abrupt halt in Farmer County and surrounding areas Sunday evening as high winds and rain ushered in a cold, wet period.

The gusty, cold wind struck north Farmer County at about 5:50 p.m. Sunday and swept across the county leaving from one-quarter to three-quarters inch of rain and some hail in its wake.

Thick fog covered the countryside Monday but cleared except for small patches by noon. But the relief was short lived as light mist began to fall and the fog rolled in to cut visibility to a few hundred yards early Monday evening.

With the misty clouds clinging to the ground and soaking everything exposed, some of the cotton began to drop from the burr. At least two fields near Bovina were severely shaken during the initial wind and rain Sunday.

By Monday, the cotton had begun to string out and droop from the burr. As the soaking wet weather continued Tuesday, several small, white clumps could be seen dropping to the ground as the well opened Paymaster 54-B soaked up too much moisture for the burr to hold.

Combines stood deserted and glistening in the cold wet weather, waiting for the warming sunshine to drive enough moisture out of the grain so that threshing could begin again. Grain harvesting is approximately 60 per cent completed on a county-wide basis, according to reports gathered Friday and Saturday.

Light hail did some damage to crops in the southern part of the County and in the Farwell area according to reports received Monday. The hail slashed down at the beginning of the storm Sunday evening and partially covered the ground in isolated spots.

The prevailing moisture also has its bright side.

"I know this is hurting some of the grain and cotton, but it is sure helping my wheat," one farmer was heard to comment in Friona Monday.

Families living in small rural communities and in rural areas, even though not engaged in farming may now be eligible for the housing loans made by the Farmers Home Administration according to Eddie T. Taylor, the agency's county supervisor for Yoakum County.

The Housing Act of 1961 broadened the eligibility requirements for rural housing loans. As a result owners of non-farm tracts in rural areas and in small rural communities of not more than 2,500 as well as farmers, may be eligible for this type of credit.

"This program is an important new tool in promoting the development of rural areas," Bolling said. "Rural housing loans will not only help families obtain better homes but will put more carpenters, plumbers, and electricians to work, and will increase the sales in lumber yards and building supply firms."

Housing loans are made for the construction, repair and remodeling of dwellings and essential farm buildings and to provide water for farmstead and household use.

In addition to major construction, funds are available to modernize homes--add bathrooms, central heating, modern kitchens, and other home improvements, as well as to enlarge and remodel farm service buildings and put in related facilities such as paved feedlots, yard fences, and driveways.

Rural housing loans may also be used for the construction of fall-out and storm shelters. The interest rate is 4 per cent per year on the unpaid balance of the loan. Loans may be scheduled for repayment over periods up to 33 years.

The proposed housing must be adequate to meet the family's needs yet modest in size and design.

To be eligible an applicant must own a farm or a housing site in a rural area; be without decent, safe and sanitary housing; be unable to obtain the needed credit from other sources; and be without sufficient

resources to provide the necessary housing on his own account. He must also have or be able to obtain sufficient income to meet payments on existing debts, take care of his other expenses, and make the payments on the proposed loan.

The local county supervisor of the Farmers Home Administration will review building plans and inspect the housing construction as it progresses in order to make certain that the borrower obtains sound and acceptable construction.

The local county or area committee of the Farmers Home Administration determines the eligibility of the applicants.

Farmers who need to enlarge or develop their farming operations in order to obtain enough income to pay for housing loans may obtain farm enlargement and development loans and farm management help from the Farmers Home Administration.

Moisture laden cotton stretches from the burrs in a field near Bovina Monday. The cotton is in E.G. Howard's field and is Paymaster 54-B. Howard said that the first planting was hailed out and the present crop was planted on 22-23 May. The high wind and rain Sunday shook many of the open bolls of cotton into long, stringy strands which seem ready to drop to the ground at any moment.

### Ridiculous Hat Parade Scheduled

A "Ridiculous Hat Parade" will be part of the program at the annual County Home Demonstration Clubs luncheon. The salads luncheon will be served Thursday noon, November 9 beginning at 11:30 a.m. in the Methodist Church in Friona.

A prize will be awarded to the homemaker wearing the most ridiculous hat made of egg cartons, papers, ribbons, boxes, and other articles.

All homemakers will bring a salad to be served for the luncheon. Following the luncheon, reports will be presented by Mrs. Ralph Price, Mrs. Vernon Symcox, and Mrs. Lewis Gore who attended the Texas Home Demonstration Association state meeting in San Angelo, August 9 and 10 as county delegates.

Serving on various committees are Friona, Northside, Lazbuddie, Rhea, and Oklahoma Lane Home Demonstration Clubs.

All club members and visitors are invited to attend.

## Rural Housing Loan Program Expanded

Families living in small rural communities and in rural areas, even though not engaged in farming may now be eligible for the housing loans made by the Farmers Home Administration according to Eddie T. Taylor, the agency's county supervisor for Yoakum County.

The Housing Act of 1961 broadened the eligibility requirements for rural housing loans. As a result owners of non-farm tracts in rural areas and in small rural communities of not more than 2,500 as well as farmers, may be eligible for this type of credit.

"This program is an important new tool in promoting the development of rural areas," Bolling said. "Rural housing loans will not only help families obtain better homes but will put more carpenters, plumbers, and electricians to work, and will increase the sales in lumber yards and building supply firms."

Housing loans are made for the construction, repair and remodeling of dwellings and essential farm buildings and to provide water for farmstead and household use.

In addition to major construction, funds are available to modernize homes--add bathrooms, central heating, modern kitchens, and other home improvements, as well as to enlarge and remodel farm service buildings and put in related facilities such as paved feedlots, yard fences, and driveways.

Rural housing loans may also be used for the construction of fall-out and storm shelters. The interest rate is 4 per cent per year on the unpaid balance of the loan. Loans may be scheduled for repayment over periods up to 33 years.

The proposed housing must be adequate to meet the family's needs yet modest in size and design.

To be eligible an applicant must own a farm or a housing site in a rural area; be without decent, safe and sanitary housing; be unable to obtain the needed credit from other sources; and be without sufficient

resources to provide the necessary housing on his own account. He must also have or be able to obtain sufficient income to meet payments on existing debts, take care of his other expenses, and make the payments on the proposed loan.

The local county supervisor of the Farmers Home Administration will review building plans and inspect the housing construction as it progresses in order to make certain that the borrower obtains sound and acceptable construction.

The local county or area committee of the Farmers Home Administration determines the eligibility of the applicants.

Farmers who need to enlarge or develop their farming operations in order to obtain enough income to pay for housing loans may obtain farm enlargement and development loans and farm management help from the Farmers Home Administration.

#### FOOTSAVING EDUCATION

by James E. Edwards

#### Why Can't I Find Cheap Play Shoes That Fit As Well As Good Shoes?

There are at least six good answers for this question but let me first ask a question--why cheap shoes for play? Many men and women who work in industries have long since given up the practice of buying cheap work shoes. Good work shoes mean more to a person whose work requires standing than a comfortable car means to a traveling man.

We parents hate to see a good pair of shoes made to look old in a few days of hard play but the abuse taken by the shoes should indicate to us that good shoes are much more important for hard play than they are for sitting in school or in front of a television.

(More on this subject next week.)

The number of horses and mules on farms is less than 1/3 that of 1945.

he can sell all he can get--as many as 5,000 head a year. In 1957, he wasn't selling enough to meet expenses.

Tribble says farmers with small acreages of cotton and tobacco consider mule power the most economical.

While horses and mules have been disappearing from the farms, the number of tractors has been increasing at an impressive pace. In fact, tractor numbers more than doubled from 1945 to 1960. There were 2,354,000 tractors on farms in 1945 as compared with 4,770,000 in 1960.

Since about three acres of land are needed to feed one mule, a drop of more than 8,000,000 in the horse and mule population released 24,000,000 acres for other purposes.

Mules, however, are stubborn critters and are making a mild comeback in some areas.

Wade Tribble, who operates the last mule barn in Memphis, sold 100 to farmers during the first eight months of 1960 as compared with a total of 80 for the year before.

A Birmingham dealer says families living in small rural communities and in rural areas, even though not engaged in farming may now be eligible for the housing loans made by the Farmers Home Administration according to Eddie T. Taylor, the agency's county supervisor for Yoakum County.

The Housing Act of 1961 broadened the eligibility requirements for rural housing loans. As a result owners of non-farm tracts in rural areas and in small rural communities of not more than 2,500 as well as farmers, may be eligible for this type of credit.

"This program is an important new tool in promoting the development of rural areas," Bolling said. ## SOUTHWESTERN PUBLIC SERVICE COMPANY

# BIGGEST VALUE IN YOUR BUDGET!

# HD Agent's Notes

BY MISS ETTIE MUSIL

Last Wednesday afternoon it was a thrill to see 49 enthusiastic 4-H boys and girls organize their joint Friona 4-H Club. This is the first joint 4-H club to be organized in the County.

Of course, the Jr. 4-H Leadership Club is a boys and girls club that was organized about two or three years ago with a membership of older members. Their chief duty is to act as junior leaders in their communities. As junior leaders they help younger members with record book workshops, method demonstration trainings, recreation leaders at community meetings, and help younger members get started in their club work.

Our new Friona 4-H Club is open to all interested boys and girls from 9 years of age through 20 years. All members must carry a demonstration or project and be an active member.

During the Wednesday meeting the Friona 4-H Club elected officers. They are Dennis Howell, president, Keith Black, vice president, Betty Bass, council delegate, and Darla Howell, alternate delegate. Other officers include Jim Bob Jones as secretary-treasurer, Barbara Bracken, reporter, and Sherri Tannahill, recreation leader.

After the club members were adjourned the executive committee planned programs for the whole year. August is vacation month with no meetings planned. Different county and civic leaders were designated for the variety of programs planned for the interest of boys and girls of all ages.

It truly was an inspiration to hear the officers exclaim while planning the programs for the year, "Oh, I can hardly wait," and "This sounds like so much fun." Of course, they know there is much work behind anything worthwhile.

Recreation will be an important part of every joint club meeting once each month. Meetings will be held each first Monday of the month at 7:30 p.m. so parents could also attend. Location of meeting will be announced later.

Subject matter leaders will be selected, appointed, or volunteered later in each subject of interest to the club members. These leaders will be trained

by the Extension Agents so they can better assist the boys and girls.

We want to congratulate all the 49 members for their newly organized club and we wish you the best of cooperation for a successful club.

Similar meetings are being planned by the Farwell and Lazbuddie communities 4-H club boys and girls. In fact, Farwell will have met Monday, October 30 following their Halloween Party at Oklahoma Lane Community Club. Lazbuddie boys and girls and their parents will meet Tuesday evening, November 7 at 7:30 in the Lazbuddie School Auditorium.

If other communities are interested Deryl Coker, County Agricultural Agent, and I are ready to explain the set-up to your group.

# Tax Meet Tues.

A county-wide Income Tax Management meeting will be conducted Tuesday afternoon November 7 at 1:30-4:00 in the Hub Community Center according to Farmer County Extension Agents, Miss Ettie Musil and Deryl L. Coker.

The program should be of interest to all farmers, ranchers, business men, and other interested people. This will be the only such meeting to be held for the remainder of 1961.

Planned for the program is a report by Jack Patterson, chairman of the County Extension Management Committee on the programs planned by the committee for 1962. James Murphrey, Area Farm Management Specialist in Amarillo will speak on "Records to be Kept, Accounting Methods and Analyzing."

"What income should be reported as income tax?" is always a question to farmers and ranchers. This income will be explained by Robert Ginsburg, Public Accountant of Friona, Howard Martin, Internal Revenue personnel of Amarillo, and James Murphrey.

Recreation will be an important part of every joint club meeting once each month. Meetings will be held each first Monday of the month at 7:30 p.m. so parents could also attend. Location of meeting will be announced later.

Subject matter leaders will be selected, appointed, or volunteered later in each subject of interest to the club members. These leaders will be trained

# WITH THE COUNTY AGENT

DERYL COKER

There are two events coming up, which all of the people in Farmer County will be interested in. The first event is an Income Tax School which is going to be held on November 7 at the Hub Community Center. The meeting will begin at 1:30 p. m. and should be over around 4:00. The main items to be discussed will be:

1. Plans of the Farmer County Management Committee for 1962
2. Records to be kept - accounting methods and analyzing
3. Income Tax - Income to be reported -
  - A. Farm Business Expense
  - B. Deductions and Personal Exemptions
  - C. Depreciations and depletions
  - D. Capital gains and losses
  - E. Soil & Water Conservation expense
  - F. Trades, Condemnations & Diseased Livestock
4. Social Security
5. Special Problems - Questions and answers

The other event is the annual 4-H Club Achievement Program which is going to be held at the Oklahoma Lane Community Center at 7:30 p. m. on November 4. This is the years highlight for all 4-H members. Everyone is invited to attend.

Listed below are two grain sorghum result demonstrations dealing with phosphate levels and sources of P205. These are interesting results and everyone concerned appreciates getting them. It is only through this type of demonstrations, that we will be able to determine what is best, for your farms, and, also, result demonstrations of this type is the only way you have of knowing if you are getting the most return of money per dollar spent. Let's keep in mind that it is not yields we are after, but profit per acre.

The prices of fertilizer may vary as well as the prices you receive for grain sorghum, but in the demonstrations below, we have given these prices. We are looking forward to all the other grain sorghum and cotton results.

### GRAIN SORGHUM FERTILIZER DEMONSTRATION

Conducted by: Wendol Christian - Oklahoma Lane

1. Variety and planting date - Asgrow TT planted May 5
2. Irrigations - Had three irrigations
3. Fertilizer applied - Fertilizer was applied on 4-18-61
4. Soil type - sandy loam or what we call mixed land.
5. Crop history - 1958 and 1959 grain sorghum - 1960 wheat.
6. Remarks - There was no difference noted in lodging. Mr. Christian gave me the cost of the phosphorus.

Phosphorus cost - 0-20-0	- \$40.00 per ton
0-46-0	- 80.00 per ton
11-48-0	120.00 per ton
Phosphoric acid	.07 per lb.

Nitrogen was figured at \$4 per lb. Mr. Christian said he didn't understand why the demonstration came out the way it did. Some of it could have been due to land difference or variations. This sort of thing just happens when keeping results on demonstration plots. Grain sorghum was figured at \$1.78.

Plot no.	N-P-K	Lbs. of N-P-K	Source of N-P-K	Yield per acre	Fertilizer cost	Value of increase	Return per dollar spent on phos.	Increase less fertilizer cost on phosphate
1	102-40-0	125#	anyh. amm. 200# 0-20-0	7195	\$12.16	none	none	none
2	102-46-0	125#	anyh. amm. (check)	7502	12.16	none	none	none
3	102-0-0	125#	anyh. amm.	7680	8.16			
4	105-48-0	115#	anyh. amm. 100# 11-48-0	7822	13.52	2.53	.47	Lost 2.83
5	102-42-0	125#	anyh. amm.	7853	13.76	3.08	.55	Lost 2.52

### IRRIGATED GRAIN SORGHUM FERTILIZER DEMONSTRATION

Conducted by: Jack McCracken, Bovina, Texas

1. Variety and planting date - DeKalb E-55-planted May 18
2. Irrigations - Had three irrigations after being planted
3. Fertilizer applied - 130# of anhydrous ammonia and 280# of ammonia sulphate which would give 156# of actual nitrogen, which was put on before planting. 106# of 0-46-0 was sidedressed on feed when knee high. Nitrogen was figured at \$4 per lb. Phosphate was figured at 14¢ per lb.
4. Soil type - sandy loam
5. Crop history - 1957-1958- 1959 - milo - 1960 cotton
6. Remarks - Jack said that birds got about 10% of grain from both plots. Grain sorghum is figured at 1.78 per hundred.

Plot no.	N-P-K	lbs. of (check)	yield per acre	fertilizer cost	value of increase	return per dollar spent on phos.	Increase less fertilizer cost on phosphate
1	164-0-0		5919	13.20			
2	165-49-0		6221	N-13.20 P-6.86 Total-20.06	5.38	.78	Lost 1.48

# HD Leaders Study Fallout Problems

Where will you protect your family against radioactive fallout? How safe is it? How much food do you have available?

One thing is certain if this country is attacked with nuclear weapons our air and missile bases will be primary targets. Fallout shelters can mean that 85 to 90% of the people could survive a nuclear attack.

A special training "Civil Defense Shelters" was conducted Friday afternoon at 2:00 in the Community Room of the Friona State Bank. Each of the 12 volunteer leaders of the home demonstration clubs who were trained by Miss Ettie Musil will present this same program in their respective clubs in November meetings. Interested homemakers are always invited.

Different fallout shelters were discussed or seen. These included concrete block shelters built in basements, above ground double wall shelters, preshaped corrugated metal shelters buried in ground, underground concrete shelter, and entrance change of present day food and tornado cellars.

Miss Musil explained how present food and tornado cellars could be made into fallout shelters if they were large enough and covered with three feet of soil or two feet of concrete. The direct entrance could be changed to a right angle entrance to keep fallout debris out of the cellar or shelter. Any-

one who is interested in more details may contact her office in Farwell in the Courthouse. Do-it-yourself concrete block shelters could be built at a cost of \$150 to \$200 in basements. Above ground double wall shelters would cost about \$700 plus additional charges of a contractor. Materials for preshaped metal shelter would cost about \$700 plus installation.

The main plan in building or providing a fallout shelter is to use the shelter for other purposes. This protection can, also, serve as a recreation room, spare bedroom, hobby room, food storage, and tornado shelter.

Leaders who were trained are: Mrs. Jack Shirley, Mrs. E. J. Hall, Mrs. Lewis Gore, Mrs. Joel White, Mrs. Chris Drager, Mrs. Herbert Schaefer, Mrs. J. R. Braxton, Mrs. Davis Guiley, Mrs. R. L. Foerster, Mrs. A. L. Reznik, Mrs. J. D. Sanders, and Mrs. Earl Drake.

The high school student was carried away with his own rhetoric in the story of the launching of a high carrier, and he wound up his theme: "Miss Smith smashed a bottle of champagne against the bow of the USS Missouri with unerring aim, and then, while the huge crowd cheered madly, she slid majestically down the greasy slipway into the sea."

### NEWS FROM THE FARM BUREAU

BY RAYMOND-EULER

#### COMPROMISE?

Because the question is so common here and everywhere with Farm Bureau leaders, we are copying the following article from the AFBF Washington Newsletter. It was written by Dick Perkins, Membership Chairman, Washington State Farm Bureau:

"WHY DON'T WE COMPROMISE?" The question is constantly being put to Farm Bureau people. "Why don't we get together with all of the other farm organizations and compromise our differences?"

At first thought, to many people, this seems like a simple and logical way to settle these differences of policy, and then we as farmers, the nation over, would all be in agreement and would speak as a united group. The fallacy in this line of thinking lies chiefly in the fact that many things in this world cannot be compromised.

# Gas Report Study Indicates Increase in Cost To Farmers

By TRAVIS HARRELL (EDITOR'S NOTE: This is the second of two articles in connection with a report on the irrigation gas rate increases by Pioneer Natural Gas Company. The report was prepared by E. A. Steinberger at the request of the Plains Irrigation & Gas Users Association.)

How much additional will the Farmer County farmer have to pay for his gas as a result of the February, 1961 increases in the irrigation gas rate? This is one of the first questions which the average farmer asks. This is the question which we will deal with first.

The second question is, "Why did Pioneer believe that they had to raise the rates?" This question shall also be dealt with here.

To better illustrate just what the increase means to the farmer in terms of dollars and cents, let us install four hypothetical wells on a hypothetical farm. Say the wells are small and shallow and only use 600 cubic feet of gas per hour. Each well would use 100,800 c.f. of gas each week if it were operated 24 hours per day.

One well would then use 302,400 or 302.4 M.c.f. in this bracket, the gas bill would be \$84.67. Under the new rate of 32 cents (which is a 14.28% per cent increase over the old rate), the month's gas bill would be \$106.76. This is an increase of \$22.09 for fuel to run one well for three weeks.

To illustrate, let us take the story of the hunter who went into the woods and found a bear. He raised his gun to shoot but the bear cried out, "Why do you want to shoot me?" "I need a fur coat," the hunter replied. Said the bear, "All I need is a full stomach, so perhaps we could sit down and compromise our problem."

Wanting to be fair, the hunter consented and so they sat down together. After a while, the bear got up alone. He had a full stomach--the hunter a fur coat.

Suppose some day a man were to approach you and say, "Your wife is very appealing to me and I want her for myself." Would you try to compromise with him by offering to let him have her half of the time and you keep her the other half?

If you had \$1000 in your pocket that you had just earned by hard labor and a shiftless bum came by and said, "Since you have money and I have none, let's compromise our differences in wealth and each take \$500." how receptive would you be to this line of reasoning? You cannot compromise a situation where there is everything to lose and nothing to gain.

These examples are in no sense any more extreme or ridiculous than the idea of compromising away our freedom just because some socialistic-minded organization in cahoots with left-wing politicians want it supplanted with a socialistic design of their own.

Our heritage of the American way of life is far too precious to be bartered away so easily. America was settled by freedom seeking peoples escaping the tyranny of the old world. Since the founding of our country, Americans on battlefields in far-flung corners of the world, have suffered, fought, and died to protect our freedom of the individual.

What was won so hard, and is to freedom loving peoples more precious than life itself, is a way of life that it is our duty to preserve.

If two wells were operated constantly for 28 days, they would consume 806,400 M.c.f. of gas. This would place the farmer in the 501 to 1,000 M.c.f. bracket with a lower price per thousand cubic feet. At the 24 cent rate under the 1960 rates, he would have a bill of \$193.54. Under the new rates, of 28 cents per M.c.f. (which is a 16.67 per cent increase over the old rate) he would have a bill of \$225.79--an increase of \$32.25.

Three of the wells would consume 1,209,600 c.f. of gas in 28 days and would put the farmer in a still higher consumption bracket. In this bracket of over 1,000 M.c.f., the old rate of 23 cents per M.c.f. would bring the bill to \$278.21. Under the 1961 rate of 27 cents in this bracket (an increase of 17.39 per cent over the old rate) the bill would be \$326.59. This is a rise of \$48.39 with the rate increase.

Farmers who used over 1,000 M.c.f. of gas under the old rate paid 23 cents per M.c.f. which was five cents less than the farmer who only use 302 M.c.f. and paid 28 cents per M.c.f.

Under the 1961 rates the farmer who uses over one million cubic feet per month will pay 27 cents per thousand cubic feet which is still five cents higher than the farmer paying the 32 cents in the 301 to 500 bracket.

A glance at the rate schedule in the report would seem to indicate that a farmer would be ahead in the long run to put his wells on separate meters so that he would fall in the 101 to 300 M.c.f. bracket where there was only an 8.57 per cent increase over the old rate as compared with the 17.39 per cent increase over the old rate in the bracket of over 1,000 M.c.f. This is far from correct.

The bill for operating four wells on two-well meters for 28 days would be \$387.06 under the old rate. Under the new rate, the bill would be \$451.58 which is an increase of \$74.52.

If all four wells were on the same meter and operated for 28 days, the bill would be only \$435.46 under the new rate. This is a saving of \$16.12 by having all four wells on one meter rather than having a meter for every two wells. The reasons why Pioneer Natural Gas Company raised the

rates, are two-fold, according to C. I. Wall, president of the company.

"An increase in the average field cost of gas and an increase in operating expense," Wall promptly answered when asked why the rates were raised.

"Some of the figures used by the association were submitted at the request of the association as estimates on our part," Wall stated. "We do not agree with the application of the figures as used in the (Steinberger's) report," he added.

The report indicates that the rate increases raised Pioneer's rate of return from 10.342 per cent in 1960 to an estimated (or pro-forma) rate of 12.292 per cent for 1961 in its west Texas irrigation division.

The increase in the per cent of rise in the rates from low volume consumption to high volume consumption is the result of a decrease in the per cent of graduation between the old and new rates.

As an example, the minimum bill was increased from \$1.50 to \$1.65. This is an increase of 15 cents but is only an increase of 10 per cent over the old rate.

In the bracket of over 1,000 M.c.f., the rate increase of four cents (from \$.23 to \$.27) per M.c.f. represented a per cent increase of 17.39 over the old rate. A 10 per cent increase would have been only 2.3 cents per M.c.f.

Wall explained that the higher per cent increase in the high volume range was necessary because of the "very narrow margin between high volume handling costs and income from the volume."

In the preceding articles we have done little more than touch on the contents of the report by Dr. Steinberger and, therefore, have not given the complete picture. We have tried to give some explanation to that part which directly affects the farmers in Farmer County. Further information concerning the report may be obtained from the Farmer County Irrigation & Gas Users Association.)

**Texas FARM & RANCH OWNERS POLICY**

**All Your Protection In 1 Policy**

It combines all the necessary farm insurance protection in one policy. Insures your dwelling and personal effects against fire, tornado, theft, and a number of other perils, with coverage on barns and outbuildings optional. It also protects you against farm liability losses with optional coverage for Employer's Liability.

**COVERAGE ☆ ECONOMY ☆ CONVENIENCE**

You actually get more coverage for less money. You receive the benefit of a three year term rate. With Farm Bureau, you save an additional 15 per cent on the fire and allied lines portion of the premium.
