

Summer is still in the air, literally speaking, but signs of fall can be seen in certain places in Friona -- and other cities.

One of these places is the school football field. Coach Kenneth Miller and his assistants already have started working out possible ways to improve on last year's win-loss record.

One encouraging fact is the increase in the number of players offering their services for the team this year. Last year, there was little or no competition for the spots on the team because of the small number turning out for practice. Watching the 40 odd boys working out during the past week, I would venture to say that the Chiefs will be able to give a better account of themselves this year -- even if it is just on the bench and not on the scoreboard.

I must agree with the coach though -- it is too early in the season to begin to predict what the win-loss column will look like this year.

There is one incident which I hope will not occur again this year. I hope that the boys who are going to quit -- if there are any -- will do so before the opening game. In fact, I hope that all who have any desire to play will be able to do so and that there will be no injuries during the coming season.

Of course, a few wins would not be frowned upon. But winning is not the most important thing in my opinion.

--TH--  
The schedule for the Maize Days activities has been arranged and from all appearances, the events will be better than ever.

One major change involves the kids contests and a few other events. They have been moved to the football field and track. The move will allow the use of bleachers so that spectators will be able to see all that happens without getting a crick in their neck trying to see over or around the people in front.

In addition, the track will provide an ideal place for the races. The number of entries last year were crowding the park area so much that by the time the entrants gathered around, no room was left for onlookers. By the way, the rest of the beard growers had better get started. Not only is there only about three weeks left to cultivate the brush, but the sale of shave permits will begin tonight. (I hear that the penalty for shaving without a permit is really going to be stiff this year.)

--TH--  
I understand that a meeting in Bovina tonight will be of interest to any farmer who employs assistants, owns land, or makes a living from a farm. This seems rather inclusive, but from what I hear, the subject under discussion is also inclusive. The speaker will deal with the findings of a board appointed to study migrant labor and submit recommendations to the legislature.

Some of the findings sounded rather serious. I have been informed that one of the items turned up was a rather widespread support for the proposal that when a farmer hires a man, he must be given an acre of land to do with as he pleases. It would seem rather serious if a farmer were required to give away his land in order to get help.

And all this socialism is supposed to be in Texas. For more detail, there is a story in this issue concerning the meeting.

### Freak Accident Burns Massey

Leon Massey, who farms southeast of Friona, received second and third degree burns Tuesday afternoon in a "freak" accident.

Massey had been poisoning Johnson Grass on his farm, using Sodium Chlorate, and had some of the chemical on his clothing. While at Duncan's Welding Shop in Friona Tuesday afternoon, a spark from a torch inflamed his clothing.

ALL SMILES . . . Friona High School coaches seem to be in a good mood while checking the list of 47 football hopefuls who reported this week. Left to right are assistant coach Vernon Scott, head coach Kenneth Miller and new assistant Gaylon Woodard.

### SPIRIT IS GOOD

## Chief Squad Totals 47; Coaches Pleased

A total of 44 boys reported for the first football workout for the Friona Chiefs Monday morning at 7 a. m. The number had increased to 47 boys by Wednesday, and the Chief coaches were more than pleased.

"We're extremely pleased with the number that has come out, as well as the spirit evidenced," said Coach Kenneth Miller, who enters his second year as head coach at Friona this year.

The turnout was a marked increase over last year, when only 13 showed up for the first workout. The squad later was increased to 23.

"You might say that we showed an increase of 7,000 per cent over last year," jokingly remarked one of the coaches.

A scrimmage has been scheduled against the Springlake Wolverines at Springlake next Tuesday beginning at 7 p. m.

Pointing up the "youth movement" present on the squad is the fact that only four seniors are among the candidates out for the team. There are 19 sophomores out currently, 11 juniors and 13 freshmen.

Workouts Monday and Tuesday consisted mainly of light conditioning exercises. The squad donned pads on Wednesday for some light contact work.

The workouts are scheduled for twice daily until school starts, with the exception of Wednesdays and Saturdays, when only one workout is to be held.

Those who have come out for the 1962 Chief team include: Seniors--Max Reeve, Dwight Bates, Billy Thomas and DeWayne Holland.

Juniors--Gary Renner, Glen Herring, S. D. Balze, Danny Black, Mickey Wilson, Tex Phipps, Dave Carson, Everett Gee, Tommy Baxter, Numan Loanman and Ronald Awrey.

Sophomores -- Darrell Collier, Neel Lyles, Irvin Brooks, Doug Dodd, Eric Rushing, George Rushing, Jackie Clark, Jackie Stowers, Ronnie Brookfield, Jerry Cass, Milton Hargus, Danny Murphree, Larry Buckley, Don Collier, Jim Snead, Dennis Howell, Joey Taylor, Dale Milner and Pablo Gonzales.

Freshmen -- Travis Graves, Jesse Shirley, Lonnie Ellis, Bobby Sims, Ray Braxton, Scott Cummings, Larry Johnson, Bing Bingham, Bobby Ray, Terry Fite, Eugene Weatherly, Nolen Morris and Tommy Sherley.

### Hayes To Speak At Muleshoe

O. W. (Bill) Hayes, Republican candidate for lieutenant governor of Texas, will speak at Muleshoe Tuesday, August 28, at the American Legion Hall, at 8 p. m.

The appearance is sponsored by the Young Republican Club of Parmer and Bailey counties, which will hold a business meeting in conjunction. The general public is urged to attend, however, states Clarence Mason, president of the organization.

## Two Horseback Travelers Find Friends In Friona

A pair of young men spent the day in Friona Tuesday. They were just an ordinary couple. Not much different from any other young men--except that they were on their way by horseback from Toronto, Canada to Los Angeles.

Peter Stoerchle, 22, and his brother Wolfgang, 20, are seeing America the leisurely way if not the easy way. They left their home, which is actually 200 miles north of Toronto, last January, and have been some 2400 miles.

The German youths, who came to Canada a couple of years ago, are to make their home in Los Angeles when they finally arrive. Wolfgang plans to enroll in UCLA, where he will study architecture. Peter, who

has worked as a hairdresser, hopes to find employment in that field.

The pair talk as if they have almost reached their destination. "Only about 1100 more miles. We should make it in three more months," says Peter.

They have seen all kinds of weather. The day they left home, the temperature was 20 degrees below zero. In recent weeks, they have found the mercury at the other extreme, so that they travel mostly at night, and rest themselves and their animals during the day.

Peter's beard, which would have made him a sure winner of the beard contest at Friona's Maize Days, gets him a lot of comments. He's had it about six months.

"I do most of the talking, because when people see my brother coming, with his beard and on a horse, they think he's some sort of religious fanatic or something," explained Wolfgang.

The pair had no trouble finding a place to rest during the day in Friona Tuesday. Pete Mace, advertising salesman for the Star, promptly took the young men in, and opened his home to the two travelers.

They were able to clean up and rest, as well as having a couple of meals with the Maces. They continued on their way Tuesday night, but not before experiencing a little Texas hospitality--Friona style.

## Record Number Expected To Enroll Next Week

### Schools Prepare For 1200 Pupils

A new all-time record enrollment is expected next week when Friona and area students find that vacation is over and it's school time once again.

Superintendent of Schools Alton Farr said "We are expecting approximately 1200 students to enroll, or about 75 more than enrolled last year." Some 1150 students enrolled at the beginning of school last year, which was a new record.

Registration for junior high and high school students is scheduled for next Friday, August 31.

Seventh and eighth grade students are to report to the junior high school building at 9:30 a. m. August 31.

High school students also report at 9:30 a. m. August 31, to the following rooms: seniors--Room 12; juniors--Room 5; sophomores--Library; and freshmen--Band Hall.

Pupils in grades one through six are to report at 8:45 a. m. September 3, at which time regular classes for the entire school will begin.

There is to be a faculty dinner in the school cafeteria Thursday, August 30 at 7:30 p. m. Anticipating the increase in

enrollment, three additional teachers have been hired over last year. The total staff of the Friona School will number 61 this year, as compared to 58 last year.

With the faculty completed, there are to be 15 new teachers in the school system this year, with two teachers who have been in the system being transferred to positions which will be new to them this year.

The new high school instruc-

tors are Gaylon Woodard, freshman football and freshman basketball coach, as well as assistant football coach; Kenneth Pearson, industrial arts and math; S. G. Anthony, math; Joyrene Morton, English and Speech; Benny Pryor, vocational agriculture and Billy Spencer, assistant band and choral director.

Miss Viola Leonard, who has taught in the fifth grade for the past several years, will be the

high school librarian.

New teachers in grade school are Mrs. Benny Pryor, H. V. Rocky and Ladson Worley, all sixth grade; Mrs. Kenneth Livingston, fifth grade; Lois Miller, Mrs. Guy Riggs and Mrs. Billy Spencer, all third grade; Mrs. Travis Harrell, second grade; and Mrs. Ladson Worley, first grade.

Mable Jones, who has taught in the fourth grade, will teach in the first grade this year.

## Methodists Approve New Buildings At Conference

Final approval was given at a quarterly conference of the Methodist Church at Friona last Sunday for the construction of a new church educational building and a new parsonage.

The educational building is to be 50 by 122 feet, and will contain 12 classrooms as well as church offices.

The parsonage will be a three-bedroom home with den and garage.

Construction on the two buildings will begin as soon as bids are made and accepted. Dr. Vernon Henderson, District Superintendent of the Amarillo district, spoke at the church's

evening services last Sunday, and conducted the conference.

Preliminary steps were taken to get ready for the new building this week when the old church property was torn down.

The building was the first

Methodist church building in Friona, built in 1924. It served as a "community center" of sorts for several local congregations for several years, as well as being a center for Girl Scout activities in the city.

## Queen's Contest Officially Opens

Entries are now being accepted for the Maize Days Queen's Contest, it was an-

nounced this week by Eva Miller, chairman of the Queen's Contest committee. Deadline is September 10.

Girls must be sponsored by a merchant or organization. They must be a sophomore, junior or senior and live in Parmer County in order to enter. Entry fee is \$7.50.

The only girls who are ineligible are the past Maize Days Queens. Last year's queen was Kay Burleson, daughter of Mr. and Mrs. T. I. Burleson of Hub.

Because of the length of last year's contest, it was submitted that the bathing suit review be omitted, although it was decided at the committee meeting last week to leave this phase of the contest in, although the details were not discussed.

Other phases of the contest is a review in formals, with an interview while dressed in formals. Rehearsal will be held after school on Wednesday, September 12 at Friona High School auditorium.

The top three contestants will ride on floats in the Maize Days parade. Prizes will be awarded to the winners: \$50 (Continued on page 2)

### ON RECORD ATTEMPT

## Glider Hobbyist Makes Unscheduled Stop Here

Ben Greene of Elizabethtown, North Carolina, made an unscheduled stop west of Friona Monday when he was forced to land his glider in the road in front of the Louis Welch farm, eight miles west and one north of town.

Greene, who pursues gliding as a hobby, had set out at Odessa, with his "declared goal" to have been Spearman, which would have been 345 miles, a new American Gliding record.

But weather conditions became unfavorable, and Greene was forced to put his craft down near Friona, and seek the

record another day.

The North Carolinian explained that he was spending his vacation in Odessa "Because of the excellent soaring conditions in this part of the country."

A lumber manufacturer by trade, Greene remarked that he wouldn't find much raw materials here for his business back home, but that the lack of timber made it all the better for soaring, in the case of forced landings such as the one Monday.

He wasn't kept "grounded" long, Ian Burgin, an employee of West Texas Soaring Com-

pany, Odessa, discovered Greene's location through checking with the home base by telephone, and within a comparatively short time, had driven to the Welch farm.

Burgin's job is to travel the general route to be flown pulling a trailer in which the glider is to be returned to the base.

The job of dismantling the glider for placing in the tubelike trailer was one of interest to the several neighbors who dropped by to see the "visitor from space," and all of them are a bit more versed in the art of gliding now that he has come and gone.

AMBITIOUS PAIR . . . Peter and Wolfgang Stoerchle, who stopped in Friona Tuesday, display signs attached to their saddles which indicate that they are riding horseback from Toronto, Canada, to Los Angeles, California.

## TONIGHT AT BOVINA

### Ladies To Give Farm Labor Report

Three area women will give a report to farmers and their families Thursday night at Bovina High School Auditorium on meetings they attended at Austin and Dallas in regard to migrant workers. The meeting will get underway at 8 p.m.

Some farmers of the area requested the ladies to attend the meetings, so they could report back to them. The meeting is sponsored by the Farmer County Farm Bureau.

The ladies will report on three meetings. Two of the conferences were in Austin. The Migrant Labor Conference, co-sponsored by the Good Neighbor Commission and Texas Committee for Migrant Workers, and the Legislative Study Committee meeting were attended by the women in Austin.

Another meeting to be reported on is the Dallas meeting on Public Law 78, or the Bracero Program.

Mrs. Morris McMillan of Lubbudie will report on the Migrant Labor Conference. Mrs. Jack Schuster, Muleshoe, will report on the Legislative Study Committee, and Mrs. W. B. Kittrell will tell about the Dallas meeting regarding Braceros.

The important thing about the Legislative Study Committee's meeting, says Mrs. McMillan, is that the committee will take the things it learned to the Texas House of Representatives, and use them to propose new legislation.

"Everyone interested in farm

### Golf Tourney

The Friona Country Club course will be the scene of a "scotch foursome" this Sunday, announces club pro, Joe Coronado.

The tournament will feature men and women teams playing against the field.

Play begins at 2:30 p. m., so Coronado says he must have the entries in by 1 p. m. Sunday in order to make the pairings.

### Queen's Contest--

for first place; \$30 for second and \$20 for third.

Entries should be called in to members of the queen's contest committee, Ruby DonNunn, 5391, or Marie Roden, 4431, Friona.

labor should be at the meeting," advises Farm Bureau president Harry Hamilton.

PAINT SCENE . . . Mixing colors to paint the scene for the operetta, AN OLD KENTUCKY GARDEN are Wanda Ready, Thespian president, Carol Ray, and Kay Burleson. Other Thespians who have worked on the project are Janet Buckley, Carol Guinn, Andrea Milligan, Paula Phillips, and Jeanne Taylor. The art instructor is Mrs. Jay Sanders. Pictured is part of the background scene for the operetta which will be presented at the Friona High School, October 19, 1962, by the Friona Thespian Troupe, assisted by the high school choir, under the direction of Mr. Lowell Bynum, by Mrs. Roy V. Miller, and Mrs. Troy Ray. Mrs. C. L. Dunn will direct the drills and dances. The stage is the garden, where a thrilling adventure and love story is portrayed in drama and song. The operetta is based on the music of Stephen C. Foster. Try-outs for the major rolls will be held in the auditorium at 5:00 p. m. on September 11 and 13 according to Mrs. L. B. McClain, Thespian sponsor.

MRS. DEVIN DEAN MCANALLY

## Of Interest To ★ THE WOMEN ★

### Montgomery - McAnally United In Ceremony

Miss Viola Dorene Montgomery, daughter of Mr. and Mrs. A. R. Montgomery of Plainview, and Devin Dean, son of Rev. and Mrs. Russell McAnally, Friona, were united in marriage August 13 in the Trinity Methodist Church in Plainview.

Rev. McAnally, father of the bridegroom, read the double ring ceremony at 7 p.m.

Altar decorations included arrangements of white mums and gladioli flanked by candles. The altar rail laid with lemon leaves and a kneeling bench covered with white satin brocade centered the setting.

Gene Boswell of Abilene, organist, played traditional wedding music, and Wayne Stark of Ralls, soloist, sang the "Wedding Prayer."

The bride, given in marriage by her father, wore a wedding gown made by the bridegroom's mother. The dress of lace and frosted off white crystal peau was fashioned with sheath lines featuring a bell shaped skirt with deep side pleats which swept to the back to a chapel train and tiny self-covered buttons fastening the bodice in the back. A brief jacket of lace edging was styled with a high rounded neckline and elbow length sleeves also fastened with small buttons.

Her veil of bridal illusion fell to fingertip length from a pillbox of crystal peau. She carried a bouquet of gardenias and stephanotis with a touch of honeysuckle.

Mrs. David Manges of Long Beach, Calif., was her sister's matron of honor. Bridesmaids were Patsy Spraggins, Plainview, and Lynette McLaurin of Odessa. The attendants wore street length dresses of antique gold crystal peau with sleeveless bodices styled with scoop necklines and bell shaped skirts. Each carried a long stemmed bronze mum.

John Dale Lewis served as best man and groomsmen were Joe Bruce, Post, and Buddy Wylie of Santa Anna, Tex. Wayne Stark performed usher duties.

The church parlor was the scene for a reception following the ceremony. A hand fashioned net cloth with lace scalloped embroidered with beads laid over a white linen cloth covered the bride's table. The centerpiece was an arrangement of white mums and gladioli flanked by white tapers in crystal holders. A decorated white wedding cake was served with punch.

Members of the houseparty were Miss Donna Kirk, Seminole; Cherry Hastings, Dumas;

Earline Alvas, Rochester; Mary Beth Boswell, Hamlin; Kerry Kay Oberkamp, Iraan and Mrs. J. O. Montgomery, Plainview, sister-in-law of the bride.

For travel on a wedding trip to Albuquerque, the bride chose a dress of pecan colored caracul with black accessories.

Mr. and Mrs. McAnally attended McMurray College at Abilene. She was selected president of Martin Dormitory and vice-president of Gamma Sigma. McAnally graduated in 1951 from McMurray where he was a member of Kiva Club, president of his senior class and editor of the school literary magazine for two years. He was listed in Who's Who during his junior and senior years. Before entering military service in February he taught in Highland High School in Albuquerque.

McAnally is now instructor in the communications corps, stationed at Fort Gordon, Ga. and will return there following their wedding trip. Mrs. McAnally will join her husband there Christmas. She is presently employed as youth director at Trinity Methodist Church in Plainview.

### Country Club Women Have Noon Luncheon

Members of Women's Country Club Association met at the Friona Country Club house at noon Thursday for the regular luncheon. Hostesses were Mesdames O. J. Beene, Loyde Brewer, W. L. Edelman, Grady Dodd and Wayne Stark.

Plans were made to serve lunch during the Pro Am Golf Tournament August 30 and 31 and September 1 and 2. All club members and guests are invited to dinner at noon Sunday, September 2.

These meetings are open to any women who are members of the Country Club.

Anyone wishing to donate stamps to be applied on purchase of tables and chairs for the dining room is asked to contact Mrs. Truett Johnson.

Those attending the luncheon were Mesdames Frank Spring, Charles Allen, Newman Jarrell Jr., Steve Messenger, Deon Awtrey, Bill Nunn, David Carson, Dan Ethridge, Steve Struve, J. G. McFarland, John Renner, J. C. Claborn, H. K. Kendrick, Andy Hurst, Truett Johnson, Lloyd Rector, Lloyd Mingus, Joe Coronado and Maynard Agee.

### Families Make Annual Trip

Mr. and Mrs. Eugene Bandy and family, Mr. and Mrs. Doyce Barnett and children and Mr. and Mrs. Billy Dean Baxter and their family spent a week vacationing in the mountains near Cuchara, Colo.

The group camped out and spent most of the time fishing and sightseeing.

This was the sixth year for these three families to make this trip.

Mr. and Mrs. F. L. Clark and Mr. and Mrs. Earl Clark and children of Elk City, Oklahoma were recent guests in the homes of Mr. and Mrs. J. W. Baxter and Mr. and Mrs. Calvin Martin.

### Mrs. Taylor Hosts Kidnap Breakfast

Mrs. J. B. Taylor, assisted by her daughter, Diana, was hostess to a Kidnap Breakfast in her home Friday morning.

Fruit juices, waffles, sausage and coffee were served to those attending.

Present were Mesdames Johnny Hand, Ansel Renner, Ennis Cummings, Bill Wooley, Jack Clark, John Blackburn, Eugene Boggess, Steve Struve, Nelson Welch, Glen Stevick, David Carson, Ella Faye Holcomb, Lucy Welch, Paul Smith, J. M. Watson and Jack London.

### Vacationing

Mr. and Mrs. Eddie Hall and children and Gloria Brown, daughter of Mr. and Mrs. Matt Brown, attended a family reunion at Lawton, Okla. and are vacationing at Lake Altus this week.

### Rauh Home Scene For Class Meet

Members of the Rebekah Sunday School Class of the First Baptist Church met Thursday morning in the home of Mrs. Charles Rauh for their monthly meeting.

Opening prayer was given by Mrs. Bill Cogdill and the Bible study was taken from the book of Psalms.

Mrs. Rauh served refreshments to Mesdames J. R. Southward, E. E. Taylor, Bert Chitwood, L. R. Dilger, Cogdill and Eva Roberson.

### Claude Porters Tour States

Mr. and Mrs. Claude Porter and Jolene are home after spending last week touring several states and visiting relatives. They were accompanied by Mrs. Porter's sister, Mrs. Joe Hoyle, and her son from Sunray, Tex.

States traveled were Oklahoma, Kansas, Missouri, Wisconsin and Illinois. At Mundelein, Ill., the group visited in the homes of Mrs. Pearl Smith and A. L. Smith.

### J.W. Baxters Have Guests

Mr. and Mrs. Clarence Baxter of Rye, Colorado, were Sunday night guests in the home of Mr. and Mrs. J. W. Baxters. Other Sunday guests were Mr. and Mrs. Charlie Baxter, Clovis, Mr. and Mrs. Bill Baxter, Mr. and Mrs. Louis Baxter. Also Mr. and Mrs. Clarence Martin and children, Mr. and Mrs. Calvin Martin and Mr. and Mrs. Larry Martin and children.

### Attends Reunion

Mrs. Elmer Euler left Friona by bus Thursday evening enroute to Jasper, Missouri, where she will attend a reunion of her graduating class. Of the 27 members of the 1910 graduating class 22 are still living. Following the reunion Mrs. Euler will visit friends and relatives in Missouri and Oklahoma before returning home.

### Visit Carlsbad

Mr. and Mrs. L. G. Blake and Mr. and Mrs. Dale Smith spent the weekend in Carlsbad, N.M.

### Sanders Baby Born Monday

Mr. and Mrs. Ted Sanders of Plainview became parents of a daughter August 20 at 8:45 a.m. in the Plainview Hospital.

The baby was named Audrey Kaye, and she arrived weighing nine pounds and was 21 inches long.

Grandparents are Mr. and Mrs. J. D. Sanders of Friona and Mr. and Mrs. S. E. McSwain of Plainview.

Mr. and Mrs. Sanders will teach in the schools at Mountain Home, Idaho this coming year. She is a teacher of music in the Junior High School and he will teach elementary math.

### Group Makes Weekend Trip

Mrs. Preach Collier, Darrell and Rita spent the weekend near Dallas visiting Six Flags Over Texas.

Accompanying the Colliers was Mrs. Mace who visited in the home of her aunt and uncle, Mr. and Mrs. Spurgeon Berryman of Dallas.

### Guinns Have Recent Guests

Recent guests in the home of Mr. and Mrs. C. Z. Guinn were Mr. and Mrs. John P. Guinn and family of Comanche and Mrs. Verda McCreary of Hawaii. John Guinn is the son of the couple and Mrs. McCreary is Mrs. Guinn's sister.

Mr. and Mrs. James B. Collier have announced the engagement and approaching marriage of their daughter, Brenda Iris, to Lee Dennis Jesko, son of Mr. and Mrs. A. J. Jesko of Muleshoe. Wedding vows for the couple will be read August 30 at 4:30 p.m. at St. Teresa of Jesus Mission in Friona. Invitations are not being mailed locally, but friends of the couple are invited to attend.

### Kenneth Heady's Parents Of Son

Mr. and Mrs. Kenneth Heady of Lubbock became parents of a son August 5 at 12:15 a.m. The baby was named Randal Lee and weighed seven pounds and three ounces.

He has an older brother, Carl William, 12, and his grandmother is Mrs. C. D. Carter of Friona. Mrs. Heady is the former Zada Carter.

### Large Crowd Attends Church Cabin Service

Eighty-five persons attended the open house for the Church Cabin of Friona's First Baptist Church last Sunday afternoon at the Amarillo Baptist Association Assembly Grounds.

George Taylor, chairman of the building committee, opened the service with a prayer. Hubert Reeves, Educational Director of the church, introduced members of the various committees.

Rev. W. G. Burton, church pastor, delivered the dedicatory message. Curtis Murphree, chairman of the board of deacons, led in the dedicatory prayer.

Members of the building committee in addition to Taylor were Weldon Dickson, Ed Hicks, Sis Mars and Gertrude Renner. The lot committee was composed of A. L. Black, Murphree, Bruce Parr, Billy Dean Baxter

and Paul Fortenberry. Pete Buske, Johnny Mars and R. J. Renner, Jr. composed the finance committee. The furnishings committee was made up of Sis Mars, Gertrude Renner, Murphree and Rev. Burton.

The planning committee was composed of Weldon Dickson, Mrs. Johnny Mars, Mrs. Noyle Wood, Billy Dean Baxter and Murphree.

### Fidelis Class Has Meeting

Members of the Fidelis Class of the First Baptist Church met August 16 in the home of Mrs. M. C. Osborn Sr.

Officers were elected during the business meeting following a salad supper.

Attending were Mesdames Richard Adkins, Philip Weatherly, Leon Massey, Dale Smith, Jim Roy Clements, Joel Landrum, Clyde Tims, Jim Dixon and Melody, Gary Hicks and one visitor, Mrs. Jerry Loflin.

Tuesday dinner guests in the home of Mr. and Mrs. Calvin Martin were Mr. and Mrs. Walter Patterson of Elk City; Cynthia and Kathryn Droll of San Antonio; Mr. and Mrs. J. W. Baxter, Mr. and Mrs. Clarence Martin and family and Mr. and Mrs. Lawrence Martin and family of Friona.

### Bert Shackelfords Gone Three Weeks

Mr. and Mrs. Bert Shackelford returned home this week following a three weeks vacation.

Mrs. Ray Hurst, daughter of the Shackelfords, and children who have been visiting in Friona were accompanied by her parents to her home in Corpus Christi.

The couple visited relatives in Winnsboro and Killgore, Tex. and Okolona, Ark. before returning home.

That NEW black magic... \$17.95

MR. AND MRS. L. R. TALLEY

## Pleasant Hill Couple To Observe Sixtieth Wedding Anniversary

Mr. and Mrs. L. R. Talley are observing their sixtieth wedding anniversary Sunday, August 26. Friends are invited to call at the home of their son and family, Mr. and Mrs. Calvin Talley at 1212 White Avenue from 3 to 6 p.m. in Friona.

Lillard R. Talley and Miss Stella Johnson were united in marriage August 31, 1902 at the home of the bride's parents, Mr. and Mrs. F. M. Johnson, near Sanger, Texas.

Following the ceremony, read by Reverend Miller, a Methodist

minister, the couple made a 45 mile buggy trip to their temporary home near Frisco. There a wedding supper was served in the home of the bridegroom's parents.

The Talleys purchased a farm in Denton County and lived there until 1904 when they moved to Childress. In 1912 a move was made to Yoakum County by covered wagon. Their present home is in the Pleasant Hill Community northeast of Clovis where they moved in 1924.

Ten children were born to the couple. They are Mrs. Rose Goodman, Denver, Colo.; Mrs. Lillian Maberry, Vernon, Tex.; Mrs. May Ardissone, Los Angeles; Mrs. Mary Hope York, Anaheim, Calif.; Mrs. Sallie Ann Cole, Friona; Hubert and Harry, Texico, N. Mex. and Richard, Joe and Calvin of Friona. They all plan to be present for the occasion. There are seven grandchildren and five great-grandchildren.

## Carolyn Crump And Billy Richards Wed

Mr. and Mrs. Bud Crump of Bovina announce the marriage of their daughter, Carolyn, to Billy Richards, son of Cash Richards of Bovina.

The couple exchanged vows Monday, August 13, at Tucumcari, N.M.

The bride wore a pale pink sheath dress accented with batteau neckline and cap sleeves.

Attending her as matron of honor was Mrs. Jack Fulgham, cousin of the groom from Friona.

Serving as best man was Jack Fulgham of Friona.

Miss Crump is a 1960 graduate of Bovina High School and attended Amarillo Beauty Culture School.

He is a 1956 graduate of Bovina High School and a graduate of West Texas State College in Canyon.

Following a short wedding trip the couple will make their home in Reserve, N.M., where he will teach in the school system there.

MRS. BILLY RICHARDS

## Youth-Led Revival Now In Progress

The youth-led revival sponsored by the Amarillo Baptist Association is in progress this week, with services nightly through Saturday at 7:30 p.m.

Leading the revival are the Baker Brothers, Dick and Bo, whose work has carried them throughout the United States, portions of Europe, the Near East, Bahama Islands, Cuba, Hawaii, and Japan.

Bo, the preacher, was an original member of the famous Youth Revival Movement while a student at Baylor.

Dick, the singer, was a member of the Billy Graham team during the New York City Crusade, widely known as a com-

poser as well as vocalist and pianist, Dick has made many records and albums.

Rev. W. G. Burton of Friona says "With all the news we hear of juvenile delinquency these days, it is inspiring to see the work of these two men, and what they are doing on the other side of the question."

### Wilbur Moores Have First Son

Mr. and Mrs. Wilbur Dean Moore of Dumas are parents of their first son, Jeffrey Dean, born August 16. He weighed nine pounds and four ounces.

Grandparents are Mr. and Mrs. Kenneth Houlette of Dumas and Mr. and Mrs. C. H. Moore of Stinnett. Mrs. Rosa Anderson of Friona is a great-grandmother.

Mrs. Moore is the former Lawana Houlette.

### Baby Girl Born To Ratcliffs

A daughter was born to Mr. and Mrs. Hal Ratcliff of Fort Worth August 14. She was named Sheri Beth and weighed 8 pounds and 2 ounces.

Sheri Beth's grandparents are Mr. and Mrs. Glenn Ratcliff and Rev. and Mrs. Hugh Blaylock all of Dimmitt.

Mrs. Ratcliff is the former Charlotte Bock and she attended Friona Schools.

## Something To Think About

6th. Street Church of Christ  
Box 515 -- Friona, Texas

Have you ever noticed how many people are reluctant to talk about their religion? When given an opportunity to explain what and why they have certain convictions, or when they are called upon to defend their belief they make it clear that they just don't want to talk about it. This is a questionable attitude for two reasons; in the first place it is inconsistent. We are glad to promote and defend the things that really mean something to us, and when we won't talk about our religion - when we won't even defend it, there is a little reason to even profess it. In the second place, there is substantial evidence that a great many people are afraid to examine their religion by the standards of God's Holy Word. They are afraid that something might actually be scripturally wrong with what they have been taught all of their lives, and rather than take this chance, they just refuse to discuss the matter. They don't want to be disturbed! It's so much easier to drift along and not even think about the dangers that lie ahead. The man who has this problem, needs to be disturbed. He needs to be disturbed to the point that he will do something now to make things right with his God. His soul is too precious and eternity is too long to treat with indifference a matter of such great importance.

### Crooked Lives

A little boy who was paging through his first geography asked his mother: "Why are all the rivers crooked?" The answer is simple. Rivers are crooked, because they follow the lines of least resistance.

The same is true of men. Our lives, as a rule, do not become crooked, warped, and out of joint, because we deliberately set out to make them that way -- but rather because we do not have the moral courage to overcome the hundred and one temptations that cross our daily paths.

It's so much easier to listen to gossip than to stop it. So much easier to be a "regular fellow" than a wet blanket. So much easier to say what others want to hear than what you know needs to be said.

When compared with the perfect rule of God's Son, there is "none righteous, no one." Like the rivers in the little boy's geography, our lives are terribly crooked. But not hopelessly so. In Christ we have complete forgiveness for our sin. He is our only Solution and Cure.

**Talley Northwest Visit Served A Dual Purpose**

(Editor's note: The following is the sixth in a series of articles written by area residents who attended the World's Fair in Seattle. This week's article deals with the trip by the Joe Talley family and Tommy Roberts.)

By MRS. JOE TALLEY  
We had a dual purpose in making our trip to the Northwest this summer. Not only did the fair beckon us, but we planned to visit my family in Northwestern Oregon. They live in the beautiful Wallowa Valley, which is known as the "Switzerland of America."

Two of my brothers have ranches on the Grand Canyon of the Snake River, which is the deepest canyon on the North American continent.

After a week of visiting, eating and a little fishing, we drove

down the Columbia River toward Portland. We visited a friend of mine at Pendleton, whose husband had just harvested 800 acres of dryland wheat, yielding over 40 bushels per acre. The boys saw their first hillside combines running.

At Portland we crossed the Columbia River by bridge and headed to Seattle.

Our first day at the Fair was most exciting for all of us. We couldn't decide what we wanted to see first, but after taking a look at the line at the Space Needle, we knew that wasn't it.

The attendance reached an all-time high that day of 78,000 people. Most of them were standing in lines. However, you can walk through most of the exhibits without waiting and that was what Joe and I did. We visited nearly every building on the grounds except the Gay Way and the Carnival.

Joe and I took a helicopter ride over the fair grounds, the city and Puget Sound. We were very impressed by the view. After a two-hour wait, we all went up in the Space Needle our second day. The helicopter ride was much more exciting.

We ate lunch in the French Restaurant, which was on a balcony, overlooking the Food Circus. I enjoyed watching the crowds amid the colorful food booths from all the countries. I think Joe enjoyed our pretty French waitresses the most. Our feet enjoyed any place of rest.

Tommy and David found the Japanese Exhibit closed our first afternoon. They were so curious that they stayed close by to see why. Finally, Mr. Richard Nixon and family emerged.

Our boys must be real Democrats, because they didn't even ask him for his autograph.

David had the opportunity to talk with Jackie Sanders, the director of the Official World's Fair Band. He guessed that David was from Texas, since he was from Dallas himself. He autographed a record for David. The foreign exhibits were most interesting to me. The exhibit from Yugoslavia was the only one from a Communist country. Great Britain had one of the most elaborate exhibits. We were interested to see the advances made in medicine by Canada.

The Science Pavilion was very interesting to the boys, but Joe and I found much of it beyond our understanding. Colonel

Glenn's space capsule was on display while we were there. Judging by much of what we saw, we feel that our country is anxious to educate all of us in the problems of space.

When Joe and I would get tired of walking, we would take a tour in an electric car, and once we made the round trip on the monorail.

Everyone was friendly and kind to us and interested in the fact that we were from Texas. After leaving Seattle, we visited Grand Coulee Dam near Spokane, Washington. This dam is the largest man-made structure in the world.

After seventeen days and 5,000 miles of travel, we are happy to be back home... the best place in the world!

**Friona Swim Team Goes To Hereford**

A Friona swimming team will swim against a Hereford team Saturday morning at Hereford, according to Jobey Claborn, who is coach of the team.

Events in the contest in addition to diving will be a 25-yard freestyle for those 12 years of age and under, and a 50-yard freestyle for 13 and over. It is expected that backstroke and butterfly races will also be held.

Ribbons are to be awarded to the winners.

Claborn invites any swimmer in the area who would like to work out with the team to join them at weekly workouts Friday at 5 p. m. Those interested should contact Claborn or Truett Johnson at Dive-Inn Swimming Pool.

# HD Agent's Notes

BY MISS ETTIE MUSIL

Here's a change for you for this week. The remainder of this newspaper visit was written by Miss Celia Patton, our junior assistant. Last week she wrote the story about the 4-H Club Bake Show results. This week she has much food for thought and your practice in the following:

"Time and energy are two of your most valuable resources. The way you use them depends on what is most important to you. Time and energy often will not permit one to do two things and therefore you must choose that which is more important to you and your family. To do more of the things that you want to do, you may need to change the management of your time and energy.

For good management, take what you have and use it to get what you need and want. You may do more work with a given amount of time and energy. You may work a certain amount with less time or less energy or less of both.

Observe and study the way you use your time and energy. Study one job at a time. Break it down into three parts: get ready, do the job, clean up. Study how time, motions, and equipment are now used in connection with the job. For what purpose is the job? Is it necessary? Who does the job? Perhaps the job can be done by family members working together. Would the job be more enjoyable or more comfortable if done elsewhere? Could it be done at a more convenient time or less often?

There is no one best way to do a job. Consider changes or new methods. Study all possible changes or new methods before deciding which method will be best for you to do a job. You might consider changes in posture and body motions or changes in equipment of work areas arrangement. There might be a need of a change in the order of work, in the

finished product, or in the raw materials used. The following MAY suggest ways to simplify the job you studied:

1. Leave out any part of a job you can.
2. Use the best equipment for the job.
3. Work in a comfortable position.
4. Combine jobs or parts of a job.
5. Keep everything within easy reach.
6. Make both hands work.

Now you are ready to decide what changes to make in managing your time and energy. Make a plan for putting these decisions into effect. Include the family in decision making and planning. Each member will have a better understanding of what and why plans are made. As well as what jobs will be done, the plan should include who will do them when and perhaps where.

After observing and studying, considering changes or new methods, deciding and planning, take action. Doing jobs in a new or different way may not require less time and energy the first time. It requires practice to develop new skills and overcome old habits. Put your plans into action and give them a fair trial.

Check on the results. Reconsider. Since this is a continuously changing world, why do your work the same way? Better management of time and energy will help you and your family to do the things that you never seem to have time for before."

"An optimist is a fisherman who takes along a camera."

HE WHO TOOTETH

# County's Annual Soil Tours Get Underway Next Week

The first in a series of four farm tours by the Farmer County Soil Conservation District is scheduled Monday, September 27. For the second year in a row, the annual tours will be divided into four sections. The first tour August 27 will be in the Farwell area, and the following schedule has been arranged by Soil Conservation District Technician Bob Crozier and County Agent Deryl Coker: The tour will leave the Oklahoma Lane Farm Supply store at 2 p.m. Farms to be visited include those of Wendal Christian, where a fertilizer demonstration will be seen; Leon Grissom, cattle feeding operation and irrigated pasture; Donald Watkins, grain sorghum variety

demonstration; and Delbert Garner, irrigated grasses. The second tour will be in the Lazbuddie area August 30, leaving Lazbuddie High School at 2 p.m. Farms to be visited include Truman Gleason, for a view of a farmstead windbreak; John Gammon, irrigated grasses; Gerald Ramage, a lake pump demonstration; and John Littlefield, conservation prac-

tices demonstration. The other two tours, for Bovina August 31 and Friona September 4, are being worked out, and more information will be available on the latter tours next week. The annual tours wind up with the banquet September 8, at which the "Conservation Farmer of the Year" will be named.

## Cotton Market Review To Emphasize Local Conditions

First major change in the 43-year-old weekly cotton market review of Texas and Oklahoma trading has been announced by the U. S. Department of Agriculture. Emphasis has been shifted from the national and regional level to the local markets in line with general trade practices, points out John L. McCollum, manager, southwest area cotton office, USDA's Agricultural Marketing Service, Dallas. What happens to cotton in the territory covered by each of the nine cotton classing field offices in the two states will be featured weekly with a table of spot prices for each of the designated spot markets -- Galveston, Houston, Dallas and Lub-

bock. McCollum says the name and format of the report have been up-dated to meet the needs of farmers as well as the cotton trade. The report will be titled -- "Cotton, Texas-Oklahoma Weekly Market Review." In addition to information on cotton market conditions and prices, the report will cover crop conditions, insect control, wages for chopping and snapping, costs of machine harvesting and ginning plus other spot news and pertinent facts. The Review is released every Friday and the complete report is available by mail without cost. Persons interested in receiving the report should direct their requests to Cotton Division, AMS-USDA, Room 404, 708 Jackson Street, Dallas 2, Texas.

GRAIN SORGHUM Producers Association President for Farmer County, A. W. (Dub) Anthony, and Ernest Anthony, who farm north of Friona, inspect a field of milo for insect or disease damage. Through research, the Grain Sorghum Producers Association is making a great headway against new milo diseases of this nature that appear on the scene nearly every year.

## Grain Storage Facilities Need Attention Prior To Harvest

The summer grain harvest in Texas is picking up momentum each week and farmers are reminded that grain storage facilities should be put in first class shape before the harvest begins. C. F. Garner, extension entomologist, says grain should be stored only in bins which have been cleaned thoroughly with a residual spray, and treated with a residual spray.

He says all old grain, trash, feed sacks and debris that furnish living quarters for insects should be removed from the bin. A sweep-down of the ceiling and walls and a thorough cleaning of the floor are musts. A good cleanup job around the bins will also help keep down insect infestations, he adds.

Grain storage structures should exclude all outside moisture, and they should be easily accessible for inspection and fumigation of grain. Bins in which grain can be aerated are helpful in cooling or drying grain. For the residual spray, Garner suggests either malathion (premium grade) or methoxychlor used in a two and one-half percent formulation. The latter is available as a wettable powder or emulsifiable concentrate. Premium grade malathion may also be used as a protectant on corn and grain sorghum. One pint of 57 percent malathion mixed with 2 to 5 gallons of water is required to treat 1,000 bushels of grain. Sprays may be applied to the grain stream as

it is being unloaded or turned into final storage. The use of this chemical will reduce the possibility of insect damage, Garner adds.

The entomologist explains that only clean, sound grain with a moisture content of 12 percent or less should be stored. Grain with a high moisture content attracts insects, promotes mold growth and may induce heating. Grain, he adds, that is free of broken kernels is safer from insect damage than dirty, cracked grain. Garner suggests leaving adequate space to inspect and fumigate the grain if necessary at the time the bin is filled.

Finally, the entomologist suggests that grain producers visit the local county agent and pick up copies of the latest publications on grain storage problems.

## Farm Facts

Homemakers now demand built-in maid service in the food they buy and it costs them more. These services include more grading, packaging, processing, storage, and other operations. They have nearly doubled since 1940, according to the U. S. Department of Agriculture. The USDA says at least half the cost of meals is for preparation and service of food. This includes cost of meals not eaten at home -- now at the rate of about one out of every four.

Housewives, of course, are buying freedom from kitchen chores -- food with less waste and requiring less trimming, sorting, or washing. Three ready-to-serve meals, costing \$6.70 for a family of four, could be prepared in the home kitchen for \$4.50.

It would take the housewife about 5 1/2 hours to prepare the home-cooked meals. She would need only 1 1/2 hours, however, for the ready-to-serve meals. In many cases, furthermore, convenience foods save money as well as time. Enough fresh oranges for a pint and a half of juice costs about 70 cents, compared with about 30 cents for a can of frozen concentrate. It costs about 41 cents to make a Devil's food cake with mix -- including two eggs.

## 1963 Wheat Allotments Announced Cantaloupe Harvest Picks Up Steam

Farmer County's 1963 wheat allotments were mailed last week, and are in the hands of the farmers, announced Prentice Mills, office manager of Farmer County ASC.

The acreage for 1963 in the county is 104,076, or 774 acres short of the 1962 figure. This is a reduction of only .7 of one per cent. Mills pointed out.

"Those farmers with small acreages won't even be affected, because of the small fractions involved, although the larger allotments will notice a small change," Mills said.

Harvest of cantaloupes began to pick up steam in Farmer County this week, with three new fields being "broken" on Monday.

By Monday, the market had declined a bit, according to Mario Trevino, office manager of

Gateway Produce Company in Bovina, although it simply was a matter of the supply matching the demand for the first time, and he wasn't concerned with the market outlook.

As of Monday, the price for the melons was \$4 per crate. A total of 4,000 crates had been shipped from the Gateway plant.

Before this week, all the harvesting had been done in fields belonging to Tom Caldwell. Three additional fields were broken Monday, belonging to John Lorent and James Boardman.

All the melons picked so far have been of a good quality,

THE CANTALOUPE HARVEST moved ahead this week, as three new fields were broken for the first time. Harvesters in the above photo were picking melons in the James Boardman farm south of Friona, which was begun on Monday.

### FOOTSAVING EDUCATION

by James E. Edwards

#### Do Ill-Fitting Shoes Affect Adults' Dispositions?

In an article in Reader's Digest in October 1940 Walter B. Pitkin a professor at Princeton University warns not to read part of the article unless you read all of it.

He tells that leaving Columbia to join the Princeton faculty he felt he had to play tennis because at Princeton everyone plays tennis. He forgot that he was long since 25 and leaping for an overhand shot he came down breaking his arches.

During the long stay in the hospital, then on crutches, he noted that although he loved sympathy when he had a headache, a toothache or other malady, the foot pain made him want to lash out at anyone who came near. He wondered if anything had been published about the effect of foot trouble on one's disposition.

He found nothing published but someone referred him to the President's bootmaker in Washington. From him he learned that Woodrow Wilson suffered torture with his feet. When trying on the handmade shoes Mr. Wilson would sometimes kick the bootmaker off the stool. Many other evidences that Wilson's feet tortured him are cited by Pitkin.

In closing the article Mr. Pitkin suggested that World War II (which was still more than a year off) would never have happened if Mr. Wilson's pained feet had not made it possible for Lloyd George and Clemenceau to beat down the "14 points" and ruin the League of Nations.

**Record Savings**  
NEW YORK (UPI) — The Federal Home Loan Bank Board reports Americans' personal savings rose \$8.9 billion to a record high of \$345 billion in the first quarter of 1962.

### WITH THE COUNTY AGENT

DERYL COKER

**ABSTRACTS**

See Johnson Abstract Company in FARWELL Fast, Accurate Phone 481-3878

Mr. V. R. Smith of the United States Fish and Wildlife Service will be in Farmer County September 18 and 19 to give assistance and work on the control of prairie dogs. If anyone in this county has prairie dogs and has not been by the office to notify us and give the dog location, be sure to do so as this will be a good opportunity to get rid of prairie dogs.

Wheat planting time is growing close and many farmers still have not made a soil test. It takes 10 days to 2 weeks to get the results after the soil test is mailed in. The cost of the soil test is \$2.00 per sample. If you plan to fertilize, a soil

test could mean the difference between a profit and loss.

A good soil sample is as important as the soil test. Take soil from several locations over the field and mix them together and take approximately 1 pint of soil from this. The soil should be taken from the top 6 inches of the field.

Containers and soil sample sheets are available in our office.

To get a refund of federal gasoline tax on gasoline used on the farm you must file a claim on form 2240. The claim must be filed no later than September 30, 1962.

Weather conditions and bacterial blight have caused some shedding of small bolls in Farmer County. Bollworms have contributed some to the loss of fruit also.

In areas where bollworms have not as yet posed a problem, it appears that grain sorghums have "absorbed" most of the worm activity. The grain crop often has rather heavy infestations of the worms, either in the buds or heads, depending on the stage of development of the crop.

In order to protect bolls from damage, all cotton should be closely watched for the appearance of damaging infestations. Make insecticide applications as soon as damaging infestations appear.

## Farmers Vote On Wheat Referendum August 30

Next Thursday, August 30, is the day farmers in Farmer County and throughout the nation will go to the polls to decide whether or not to continue marketing quotas for their 1963 wheat crop.

County farmers will have their choice of six polling places, according to Prentice Mills, office manager of Farmer County ASC.

Voting places will be as follows:

Farwell--ASC offices.  
Bovina--Sherley Grain Company office.  
Oklahoma Lane--Oklahoma Lane Farm Supply office.  
Rhea--Carl Schlenker Elevator.  
Lazbuddie--Sherley-Anderson Grain office.  
Friona--City Hall.

If two-thirds of the farmers throughout the nation approve the quotas, they will be continued through another year. "Some farmers have been saying they are against government controls. Now is the time to evidence their preference," stated Mills.

He emphasized that the farmers were to vote on the right to plant all the wheat

they want to, rather than the price support.

"The main thing," Mills said "is for the farmers to vote, regardless of how they vote."

Last year the quotas carried in the county by more than five to one, or 87 per cent for keeping quotas.

Any person who will be engaged as owner-operator, cash tenant, standing rent or fixed rent tenant, landlord of a share tenant, share tenant or sharecropper in the production of more than 15 acres of wheat for harvest as grain in 1963 will be eligible to vote in the referendum.

The wife of any person eligible may also vote, it was pointed out.

The national average support price for 1963 wheat has been announced as \$1.82 per bushel, or 75 per cent of parity.

Persons who will plant 15 acres or less of wheat will not be affected by the referendum.

### Research Foundation Sets Open House

Sunday, August 26, is the date for the open house and dedication of the new buildings at the High Plains Research Foundation at Halfway, 14 miles west of Plainview. The open house will extend from 2:30 to 5 p. m. and the dedication ceremonies will be at 3:30 p. m.

O. L. Bybee and R. L. Thompson.

The Pioneer Gas Company gave the air conditioning and heating units. C. L. Wall, President, and others will represent the company at the dedication. Jimmy Willson, Jr., Floydada, and David Willson of Plainview presented the acoustical tile for the office building. Others who contributed to the buildings will be honored. Plaques for them and for the first director, Dr. Thomas C. Longnecker, will be unveiled.

A 45 foot flag pole is the gift of Graddy Tunnell, Secretary Treasurer of the Foundation. The Roy Blakemore Post #26 will present the U. S. Flag and conduct the flag raising ceremony.

A large number of friends of the donors and of the Foundation are expected to attend the Open House and participate in the afternoon program.

# Farmers Help Cotton Grade Through Harvest Mechanics

Drink an extra cup of coffee and make money. Does this sound reasonable? It makes a lot of sense to Texans who use mechanical pickers to harvest their cotton and explains why they are in no great rush to start their pickers early in the morning.

The wise farmers wait so that cotton moisture can drop to a reasonable picking level, says B. C. Reeves, extension cotton ginning and mechanization specialist. This waiting can get them a full grade or more when they go to the gin, adds Reeves.

Regardless of how dry the weather, cotton should never be harvested at night nor in the early morning or late evening, explains the specialist. Even on the driest day, he adds, cotton will probably never be dry enough for machine harvest until 8 a.m. or later.

Moisture in seed cotton from humidity may not be seen or felt, but it is there. And, it limits the kind of a job the ginner can do. Excess moisture in cotton usually results in the loss of grade and quality and this in turn can cost the grower \$10 or more per bale, points out Reeves.

The ginner must increase the heat in the dryers to get desirable grades from high moisture cotton. Using more heat increases the danger of fiber quality damage on the bale being ginned and the bale following, explains Reeves. Over drying can result and this makes for the kind of cotton the mills don't want.

How can you know when to start your mechanical pickers? Delay harvesting, advises Reeves, until the relative humidity in the field at ball height is 60 percent or less. Normally, 60 percent relative humidity is correlated with eight percent lint moisture, he adds.

If you don't have a hygrometer or a cotton moisture meter, Reeves says to pick a handful of cotton, squeeze it tightly in your hand and release it quickly. If the cotton fluffs out when released, it is dry enough for mechanical picking. Otherwise, wait and make the test again later. And make the test at several different spots in the field, advises Reeves.

POWER MOWERS injured some 75,000 persons this past summer, and rotary models did most of the damage. About three of every four accidents resulted from contact with blades--the rest from flying objects.

SATURN, the mighty missile slanted to carry U. S. astronauts to the moon, will have a thrust equivalent to 24 of the biggest jet airliners now in service.

Most of the nation's land and water conservation job is on privately owned or privately operated land.

Three-fourths of the nation's land area is in private ownership. Sixty percent is in farms and ranches. In addition, since agriculture in the broader sense includes forestry and grazing management, there are the National Forests and Grasslands, administered by the Department of Agriculture, and that part of the public domain used for grazing.

Mothers of school girls, whether they be kindergarten or college age, generally have to exercise a great deal of self control in order to avoid over-dressing. All school clothing should be very simple in design.

It seems that even the shirt designers are catching onto the idea of simplicity in boy's shirts. Some of the newer ones have just one or two buttons. This tends to reduce ironing time and then you eliminate much of the replacement of buttons during the year.

## The HAPPY HOMEMAKER

BY JUNE FLOYD

**SOIL CONSERVATION DISTRICT NEWS**

OUR SOIL \* OUR STRENGTH

With school opening just a few weeks away many homemakers are beginning to make school clothing for their children. Materials have never been prettier and since keeping clothes for school simple is almost a must, very little trimming is needed.

If you lack one ingredient or another called for in a recipe, you can make the following substitutions:

**For one whole egg, for thickening or baking, you may use 2 egg yolks or 2 1/2 tablespoons sifted dried whole egg plus 2 1/2 tablespoons water.**

**For one cup butter or margarine for shortening, you may use 7/8 cup lard, or rendered fat, with 1/2 teaspoon salt or 1 cup hydrogenated fat (cooking fat sold under brand name) with 1/2 teaspoon salt.**

**For 1 square (ounce) chocolate, you may use 3 tablespoons cocoa plus 1 tablespoon fat.**

**For 1 teaspoon sulfate phosphate baking powder, you may use 1 1/2 teaspoon phosphate baking powder or 2 teaspoons tartrate baking powder.**

**For 1 cup buttermilk or sour milk, for baking, you may use 1 cup sweet milk mixed with one of the following: 1 tablespoon vinegar or 1 tablespoon lemon juice or 1 3/4 teaspoons cream of tartar.**

**For 1 cup fluid whole milk, you may use 1/2 cup evaporated milk plus 1/2 cup water or 1 cup reconstituted dry whole milk or 1 cup reconstituted dry milk plus 2 1/2 teaspoons butter or**

# Gross Farm Income Increases While Net Income Declines

Farmers, like other businessmen, in recent years have increased their gross sales but have received less net income, reports C.H. Bates, extension farm management specialist.

The nation's farmers have increased gross sales since 1945 by 46 percent but their net income has declined more than 9 percent, Bates adds. Gross income in 1945 was \$25.7 billion and production expenses were \$12.9 billion. Net income equaled \$12.8 billion. By 1960, gross income was up to \$37.9 billion but expenses had jumped

to \$26.3 billion, leaving a net of only \$11.6 billion.

Farmers have sought to improve their situation, says Bates, by shifting the inputs or "mix" of production resources. They have substituted machinery for labor. In 1940, U. S. farmers spent \$1.75 on machinery and buildings for each dollar spent on hired help. By 1960, they were spending \$2.77 on these items for each dollar spent for hired labor.

# July Rural Accidents Total Six For County

The Highway Patrol investigated six rural accidents in Farmer County during the month of July according to Sergeant W. E. Wells Patrol Supervisor of this area.

These wrecks accounted for three persons injured and an estimated property damage of \$6,500.

The rural traffic accident summary for Farmer County from January through July of 1962 shows a total of 58 crashes. As a result of these crashes there were three persons killed and 36 persons injured. The estimated property damage amounted to \$39,775.00.

The familiar yellow school buses will soon be back on our highways. The Sergeant reminds all motorists of the State Law regulating school buses. "The driver of a vehicle upon a highway outside the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may then proceed past such school bus at a speed which is prudent, not exceeding (10) miles per hour, and with due caution for the safety of such children."

The veteran patrol supervisor said, "Remember. These children are our most precious heritage, who hold the future of our nation."

## Smooth Textured Cream Potato Skillet

Carnation Company Photo

It's the milk... evaporated milk with twice the vitamin D proteins and minerals of whole milk, that makes this Cream Potato Skillet more nutritious and creamy. Developed by Carnation Company's home economists, it is an economical and flavorful addition to any main dish or when served with soup and dessert, it is ideal for lunch.

### CREAM POTATO SKILLET (Makes 6 servings)

- 1/2 cup butter
- 2 medium-sized onions, sliced
- 5 cups diced cooked potatoes (about 2 lbs. potatoes, cooked, peeled and diced)
- 1 1/2 cups (2 small cans) undiluted evaporated milk
- 1 teaspoon celery salt
- 1 teaspoon pepper
- 1 teaspoon salt
- 1/2 cup sliced canned pimientos
- Paprika

Melt butter. Add onions and cook over low heat 5 minutes, or until tender. Add potatoes, evaporated milk, celery salt, pepper and salt; cook over low heat, stirring frequently 5 minutes. Add pimientos and mix lightly. Sprinkle with paprika, as desired.

### ORANGE OATMEAL ROUNDS

- 1 cup shortening
- 1 cup brown sugar, packed
- 1 egg
- 2 tablespoons orange juice
- 1 tablespoon grated orange rind
- 1 cup rolled oats
- 1/2 cup raisins
- 1 cup sifted flour
- 1/2 teaspoon soda
- 1/2 teaspoon salt
- 1/4 cup coarsely chopped nuts

Cream shortening and sugar together. Add the egg and beat well. Mix in the orange juice and grated rind, rolled oats, and raisins. Sift together the flour, soda, and salt. Combine with the creamed mixture. Add the nuts. Drop dough by teaspoonfuls onto greased baking sheets. Bake at 350 degrees about 12 minutes. Makes about 30 cookies.

## Crozier Resigns Position With SCS

Bob Crozier, Work Unit Conservationist for Farmer County for the past four years, has resigned his position with the Soil Conservation Service effective September 1.

Crozier came to Friona in the summer of 1958 as acting Work Unit Conservationist, and received his permanent appointment shortly thereafter.

He was just recently awarded his 10-year service pin by the SCS.

As yet, no replacement for Crozier has been named. He is to accept a position with Gifford-Hill Western in Canyon.

Crozier's wife, Jackie, has been on the office staff of the Friona School System.

# THE LOST MONTH

This dream girl turned dreary drudge has only 11 months each year to ENJOY life. She spends the other month doing dishes by hand.

It's true. On the average, it takes two hours a day to wade through three stacks of dishes--breakfast--lunch and dinner. That comes out to 730 hours a year. And, friends, that's a month. A month of full 24 hour days.

Don't be a drudge and do dishes -- and lose a month a year. "Dial" dishes in an electric dishwasher and enjoy life all year long. It costs just a cent and a half a day to wash and dry dishes electrically. You couldn't buy the hand lotion for that little money -- and you get another month to live better electrically.

Friona

### Rites Conducted For Anton Zeman

Anton Zeman, father of Virgil Zeman of Friona, died Friday at his home in Abernathy and funeral services were conducted Sunday at 4 p. m. at the Abernathy Methodist Church with Rev. Carlton, pastor, officiating. He was 87.

Zeman was born in Bohemia and came to the United States in 1884. He was a farmer in Wisconsin until he moved to Abernathy in 1921.

Survivors include the wife, Ida, Abernathy; one son, Virgil, Friona; three daughters, Mrs. Fern Aune, Norwalk, Conn.; Mrs. Blanche Cook, Abilene and Mrs. Vera Martinson, Wheeler, Wis.; two sisters, Mrs. Mary Rice, Black River Falls, Wis. and Mrs. Anna Helsenki, Chicago; 14 grandchildren and 24 great-grandchildren.

Friona residents attending the services were Mr. and Mrs. Loyde Brewer and Billy Stone.

### Frionans Attend Northern Rites

Mr. and Mrs. O. J. Beene and Mrs. Jack Moseley attended funeral services for R. D. (Buster) Northern at the First Baptist Church in Amarillo at 2 p. m. Tuesday.

Northern, office manager for Sealtest Dairy Products in Amarillo, died at his home at 2:30 a. m. Sunday. His wife, the former Sally Brashears of Dimmitt, and Mrs. Beene are cousins.

THOMAS C. SCALES

### Thomas C. Scales Home On Leave

Airman Apprentice Thomas C. Scales of the United States Navy is visiting in the home of his parents, Mr. and Mrs. Charles C. Scales, following boot training in San Diego, Calif.

After a 14 day leave, Scales will be stationed at Memphis, Tenn. where he will enter the Navy Aviation School.

Scales, accompanied by his parents, Mr. and Mrs. C. C. Scales and Mr. and Mrs. Allen Parson, will leave Friday to visit at Paris, Ark. and will leave from there to Memphis.

Miss Veveca Welch is spending the week with her grandparents, Mr. and Mrs. W. H. Welch in Amarillo.

### BLACK NEWS

BY BRENDA DEATON

## THE TRUTH SHALL MAKE YOU FREE

— John 8:32

The rights and freedoms guaranteed in the basic documents of our country, and secured by men who gave their lives to protect them, would be jeopardized if dictatorial control were imposed upon our search for truth. For, not only will knowing the truth make you free, you must be free in order to know the truth.

To find the truth, there must be free access to all facts related to a subject, and the mind must be trained to use the facts in drawing intelligent conclusions. An education in a free society opens the way to all knowledge.

In our country we have such freedom of education: Schools are open to all, rich and poor alike. Schools are supervised by the will of the people, with each school district governed by parents within that district. And, most important, students are free to seek any source for knowledge; they are free to think.

And, in our country, education need never end. Not only are education courses open to adults, but public libraries, fine inexpensive books, specialized magazines, and your own fact-filled newspaper all offer important knowledge and a way to truth.

A nation whose people are educated to think for themselves and will do so, is a nation of strength — a bulwark of freedom. It is, then, not only our privilege to have an education, and to think freely and intelligently — it is our duty to do so; for freedom rests on truth. This opportunity we are given to know truth is our Right — it is our American Heritage.
