### BEFORE RAIN STARTED

## Grain Harvest Came Close To Finishing Up

Grain Sorghum farmers in Parmer County were all but winding up what had been termed one of the fastest and smoothest grain harvests in the county's history before rains early Wednesday brought an end

to the ideal weather which has blessed the season for more than a week.

Farmers and elevator operators throughout the county ranged their estimates all the way from "over half through"

to 85 per cent completed in various sections of the county, with last week's ideal harvest conditions allowing farmers to harvest the lion's share of the crop. With production figures still spotty due to an undetermined

amount of grain yet unharvested, but the prospects for a record or near-record yield are still hanging in the balance, according to estimates by producers throughout the county.

A canvass of county elevators Monday revealed that an estimated eight and one-half million bushels of grain sorghum had been delivered to elevators in Parmer County as of Monday.

Last year's final production figure for the county was 14,610,000 bushels, an average of 82.5 bushels per acre.

The yield per acre for this year's crop looks like it will be as good or better than last year's crop for the most part, with only a few producers reporting a possible decline or less than they had expected.

An average of 6,000 pounds per acre isn't uncommon anywhere in the county, with a lot of fields averaging 7,900 pounds, and a select few as much as 8,000.

Possibly the best individual report was by C. W. Bradshaw, who farms near Lazbuddie. Bradshaw had a nine and one-half acre plot which was planted this year after being out of production, which yielded 11,000 pounds per acre.

Johnny Williams of Sherley-Anderson-Pitman Elevator in Farwell said "This has been about the nicest harvest I've ever seen."

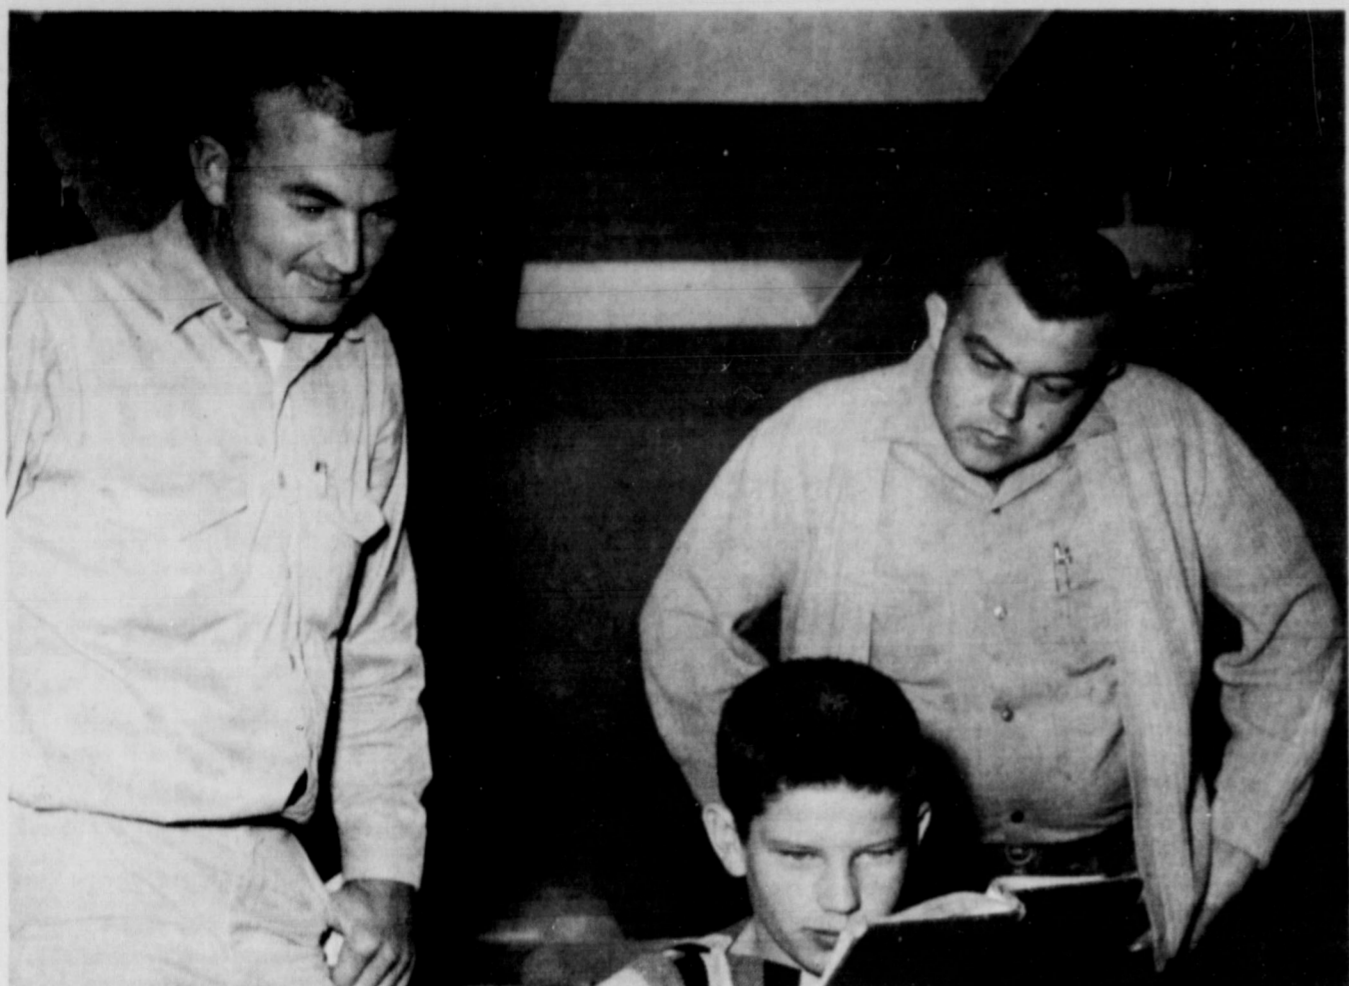

"The grain dried out faster than I ever saw it before," said Pat Patrick, another Farwell grain man. "Quality-wise, it looks real good, as far as I'm concerned, about the best ever," Patrick added.

Most of the elevator managers expected this year's harvest to be at least as good as last year's. "It's comparable to last year's crop," said Harry Johnson of Sherley Grain Company in Bovina.

"Some farmers aren't making as good a yield as last year," said Arthur Drake of Friona Wheat Growers. "A lot of the elevators weren't empty when the grain started coming in, and they didn't have a place for it, and that's one reason it looks like there's so much grain," he said.

Lloyd Prewett of Prewett Grain Company in Black, said the yields in that area were lighter in some cases than they had been in recent years. "I'd say we still had 35 to 40 per cent of the grain yet to come in our area," he added.

Countywide, it appeared that the grain harvest was about three-fourths over, and if the weather held out a few days longer, it would just about all be harvested.

SEEK TIPS . . . Jimmy Norwood, left, and Jarrell Wright visit Jeff Price, a fifth-grader at Friona Schools, to see if he has any "secret formulas" on picking football

games. The three tied for ten correct answers last week, with Norwood taking first place honors thanks to the tie-breaker score.

### WINNERS LISTED

## Three Pick Ten Right

The Friona Star's Cotton Bowl Football contest, which hadn't had a perfect entry all season, came up with three winners with all ten games picked correctly.

Jimmy Norwood, Jarrell Wright and Jeff Price each picked all 10 games right, and had to be separated on the tie-breaker guess.

Norwood won the first place prize of \$5, missing the Friona-Bovina score by 13 points. He guessed 28-12, and the actual score was 35-6. Wright won second prize of \$3, missing the score 17 points, and Price came in third by missing the

score 21 points.

By an odd coincidence, none of the three contestants realized

they had picked all the games right, and were surprised at winning.

Price, a fifth grade student at Friona, has won the contest in previous seasons, but this was his first time among the top three this year.

## Chiefs Welcome Grid Open Date

This week is an open date for the Friona Chieftains, and from a physical standpoint, the break couldn't have come at a more opportune time.

The entire starting backfield for Friona would be out of commission if the Chiefs had a game this week. Quarterback Gary Renner sustained a lung injury against Bovina, and is expected to be out of action for around three weeks.

Fullback Everett Gee, the team's top groundgainer, is still not at full strength, recovering from a similar accident to Gee's the previous week in pre-game drills.

The other starting back, Doug Dodd, received a bruised hip on the opening kickoff last week, although he went ahead and played the game.

Coach Kenneth Miller said he doubted whether Gee or Baxter would either work out any this week, but hoped they would be in top shape for the Chieftains' next contest, against the rugged Dimmitt Bobcats here in the Homecoming game October 26.

The team announced the five finalists its elected for the football queen contest.

The five girls are Janet Buckley, daughter of Mr. and Mrs. Jim Buckley; Mary Ethel Wilson, daughter of Mr. and Mrs. Winston Wilson; Sandra Hoover, daughter of Mr. and Mrs. Bill Nunn; Marla Lynn Massie, daughter of Mr. and Mrs. W. M. Massie and Kay Burleson, daughter of Mr. and Mrs. T. I. Burleson.

An interesting sidelight to the contest in regard to the near upset in the Texas-Oklahoma game was the fact that not a single contestant picked the Sooners in the traditional battle.

With five weeks to go, Jack Clark and C.H. Veazey are tied with a score of 42. Three contestants have a score of 41. They are Maynard Agee, Martell LeVeque and Waymon Wilkins. Two games off the pace are Kenneth Watkins and Wright with a score of 40.

### Atkins Attends Mason Reunion

Tom Atkins, Parmer County Deputy Sheriff, attended the fall reunion of Scottish Rite Masons in El Paso this week.

Atkins, a 32nd Degree Mason, helped administer the degrees at the reunion, held at El Paso's Scottish Rite Temple October 15, 16, 17 and 18.

### AT AUDITORIUM

## Friona Thespians Present Operetta Tomorrow Night

The operetta "An Old Kentucky Garden" will be presented tomorrow night at Friona High School Auditorium beginning at 8 p.m.

The Friona Thespians are in charge of production, under the direction of Mrs. L. B. McClain, Thespians sponsor. Tickets are available from any of the Thespians.

The scene for the operetta is the garden in front of the home of Colonel Staunton, played by Wayne Cason. The guest artist for the evening is Stephen Foster, played by Tom Gee, who sings Foster's composition, "Old Black Joe."

### Women Keglers Meet Friday

Mrs. Peterson, who is a director of the Texas Women's Bowling Association, will be at Friona Lanes tomorrow at 2 p.m. for a meeting with the women bowlers.

The purpose of the meeting is to discuss the duties of league and city officers. Mrs. Peterson says that she will be glad to answer any question pertaining to league bowling that the ladies might have.

"We'd like for all the women bowlers to be present," urged Gwen Greenon, secretary of the Friona Women's Bowlers Association.

DISCUSS ISSUES . . . Jack Seale, left, Republican candidate for congress, had a chance to visit with Frank Hinkson of Lazbuddie, Republican chairman of the district, when Seale was in Friona Monday.

## Seale Attacks Acts By Administration

Congressional candidate Jack Seale, making a "handshaking tour" across Parmer County Monday, said the Kennedy Administration used more pressure tactics to get legislation passed than ever before.

Speaking to a group at the

Community Room of the Friona State Bank, Seale attacked the various drives by the present administration for more power for the president.

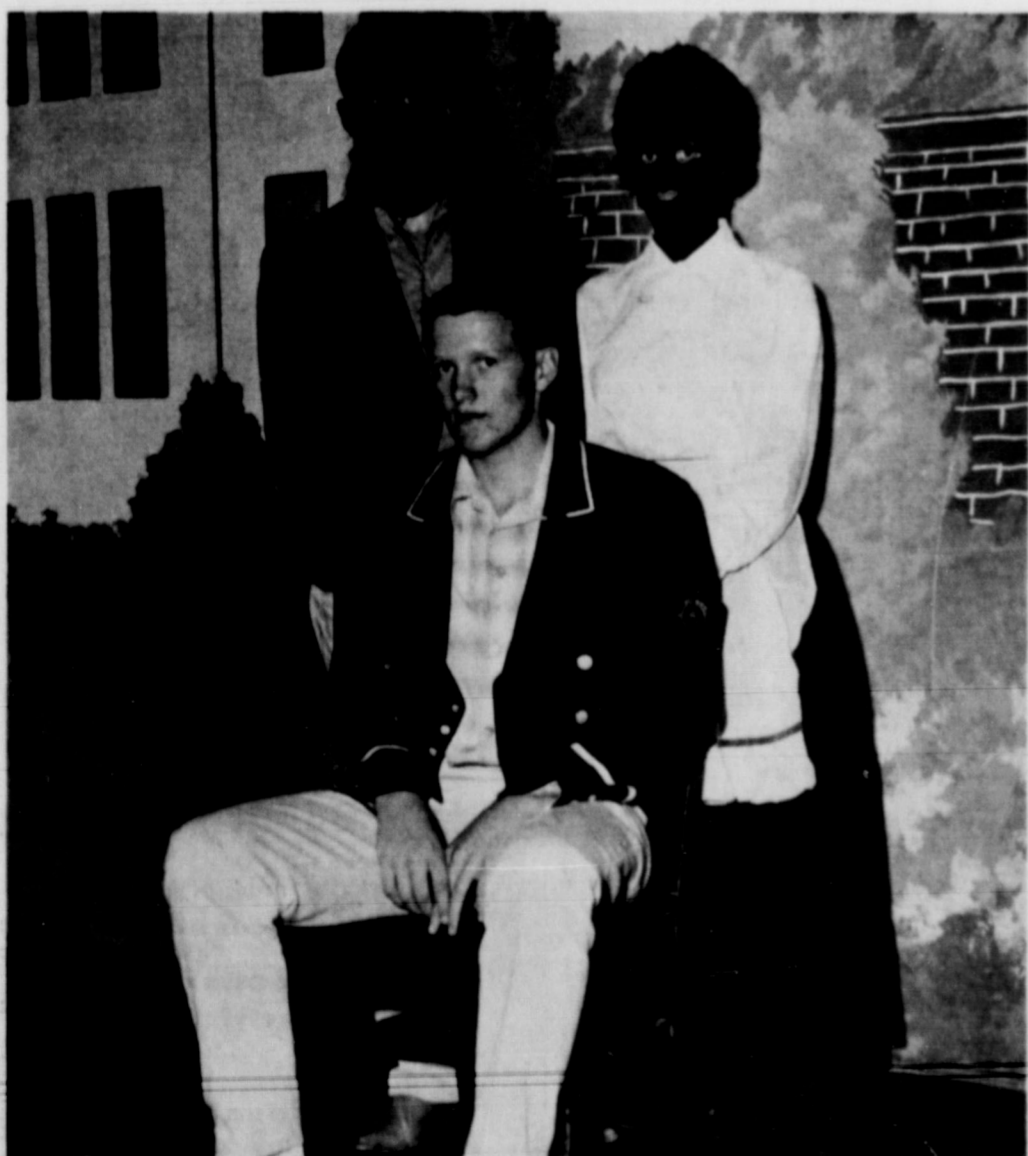

Seale said he was opposed to the Trade Expansion Act as passed by Congress. "The act

wasn't in the best interests of the industries of the country. I can't see how it passed so easily," Seale said.

He pointed out that the act made provisions for compensation for employees of industries it might hurt. "If it is known that a program is going to hurt our own industries, it shouldn't be passed in the first place," he said.

Seale added that the act could destroy our state compensation programs. "It delegated more authority to the president, and I'm against that," he said.

The Amarillo mayor, who opposes Pampa's Walter Rogers in the November 6 general election, said the desires of the people aren't being represented in most of today's legislation, but that it was the desires of the Administration.

OPERETTA SET . . . Colonel Staunton (Wayne Cason), and colored slaves Tom and Lily (Glen Herring and Dianne Taylor) are just a part of the cast which will present an operetta "An Old Kentucky Garden," based on the songs of Stephen Foster, tomorrow night at Friona High School Auditorium.

NUMBER ONE . . . Jimmy Fletcher, left, manager of the Friona Farmers Co-op Gin, and James Jenkins (center) and Bob Mullins, ginners, pose alongside the first bale to be ginned by the area's new gin. The bale, weighing 475 pounds, was grown by C. D. Nolan of the Lazbuddie community, who was unavailable for the picture. The bale was ginned Tuesday, and Nolan was busy with the maize harvest.

The mother lion opened her eyes lazily and saw her young son chasing a hunter around and around a tree. "Junior," she called, "don't play with your food."

The Friona Chiefs are about to decide to abandon pregame workouts on Fridays. For the second week in a row, the Chiefs lost a starting back due to an injury in pre-game drills. Last week it was fullback Everett Gee who hurt an ankle during passing drills. Gee had led the Chiefs to a near victory the previous week against Happy by gaining 113 yards and scoring twice, and his absence was keenly felt.

The Mustangs, playing without halfback Jerry Frazier, had star quarterback Don Cumpton back in the lineup for the first time in three weeks, and between the shifty signalcaller and fullback Tally Kelso, they were more than the Chiefs could handle.

Bovina, which is bidding for a regional berth in class B, scored in every quarter to take the win, although the Chiefs had a season high of 209 yards rushing and 277 total yards.

Most of Friona's yardage came on two long runs, an 88-yarder by quarterback Gary Renner and a 70-yarder by reserve fullback Milton Hargus, the longest runs from scrimmage for Friona this year.

out from Cumpton and raced across for an 8-0 score.

On the first play from Scrimmage, Friona almost got the tying touchdown. Danny Murphree returned the kick to his own 15-yard line. On the first play, Hargus, filling in for Gee, found an opening in the Bovina line, found himself in the clear, and raced 70 yards before he was hauled in at the Bovina 15.

Tommy Baxter and Doug Dodd advanced the ball to the nine, but Friona missed its scoring opportunity when Renner fumbled on third down and Bovina recovered.

Bovina drove from deep in their own territory to the Friona 19, before Dodd intercepted a pass on his own 13 to stop the drive. A passing attempt by Renner resulted in a 12-yard loss to the one, and Friona decided to punt the ball. Baize got off a good kick of 56 yards to the Bovina 43.

From there, the Mustangs drove for their second score. A pass from Cumpton to end Mac Glasscock was the big gainer, and after Kelso was taken from the field after being shaken up on a tackle by Max Reeve, Cumpton scored the touchdown from the nine, and passed to Glasscock for two points and a 16-0 Bovina lead.

Jim Snead, replacing Renner at quarterback, put Friona in Bovina territory with an 18-yard gain, but a fumble gave the ball back to Bovina on their 40-yard line.

After an exchange of punts, Friona held the Mustangs on the Friona 20 with less than a minute to play. After Renner lost eight yards on a passing attempt, Snead threw an incomplete pass and it was third and 18 on Friona 12.

Renner then took the ball on the rollout, got into the secondary and ripped off a thrilling 88-yard run, to quickly replace Hargus' run as the longest Friona play from scrimmage this year. Renner's touchdown dash was made possible by a clear-

ing block by Dodd at about the Bovina 40, taking out the last Bovina defender and allowing Renner to go all the way.

A running try for the points failed, and the halftime score stood 16-6 in favor of the Mustangs.

Friona's hopes for a comeback were shattered in the second half when Kelso returned to action, and five minutes deep in the half ran 28 yards for his second TD, giving Bovina a 22-6 lead.

Again the Chiefs missed a chance to close the gap, as Renner pitched out to Baxter as he was being tackled and the fleet halfback, who was the pregame injury the week before, raced down the sidelines, only to have the play called back because a blocker used his hands.

Kelso continued his fine night late in the third quarter, after a Cumpton to Glasscock pass clicked for 60 yards to the Friona 11. Kelso went the last three yards, and Dean Mayhew kicked the point for a 29-6

Ralph Durstine returned home Wednesday from Topeka, Kansas, where his wife has been hospitalized. She is at the home of their son, Kenneth, of that city and her condition is improved.

advantage. The Mustangs got the ball back when Friona was unable to move the ball, and the Bovina fullback wrapped up his night's work after taking a 17-yard pass to the Friona one. He plunged the final yard for the margin of 35-6.

Friona made one final at-

tempt to score with time running out. Snead hit Baize with a 21-yard passing gain, then Baize ran 22 yards on the draw play to put the ball on the Bovina nine with seconds left. Baize carried again to the five, but time ran out before the Chiefs could organize another play.

ONE YEAR TO LIVE

The train was speeding at 70 miles an hour across northern Texas. Two women passengers were engaged in animated conversation. The one had just finished recounting the terrible experiences of her husband in the South Pacific.

Finally she was heard to say: "The doctors give him only one more year to live; so he's working almost day and night on his invention."

One year to live! What would you do if you knew that this year was your last? No matter what other plans you might make, none could be more important than getting right with God.

Getting right with God involves two things. The first is an honest acknowledgement of our own unworthiness in His sight, a frank confession of our sins.

And the second is a firm reliance upon the atoning death of Jesus Christ - not only for the sins of the world in general, but for our sins in particular.

Whether we have one year to live or fifty, there still is nothing more important for us right now than getting right with God. Life knows no greater purpose!

Come to Friona Lutheran Church this Sunday, Oct. 21st., meeting in the Legion Hall, on East 7th Street and Washington Ave. Worship services begin at 9:00 A.M., followed by Sunday School and Bible Class at 10:15 A.M.

Rev. Ervin A. Binger, pastor of Emmanuel Lutheran Church, Rhea community, will be in charge of the service. We invite you to let us help you to get right with God.

## GREATEST SHOW ON EARTH!

And You're the Star

When you walk out of your grocery store you're the envy of a world of people.

It's easy to see why. You get better food, and you pay out less of your pay for it than people in the rest of the world. Here are some comparisons:

Americans spend 20% of income for food  
Frenchmen spend 40% of income for food  
Russians spend 56% of income for food

As Luther H. Hodges, United States Secretary of Commerce says: "The American consumer today is reaping the fruits of 170 years of progress in lowering costs for consumer goods measured in hours of work. We eat and live better than ever before."

### WSCS Circles Meet In Regular Sessions

Ten members of Maggie Hamlin Circle met Wednesday morning in the home of Mrs. Russel O'Brian for a study of "Responsible Adults for Tomorrow's World."

Mrs. J. G. McFarland directed the study. She was assisted by Mrs. Ralph Shelton and Mrs. G. E. Tannahill.

Mrs. I. T. Graves read the prayer calendar and led the opening prayer. The closing prayer was directed by Mrs. W. C. Osborn.

The Mekka Circle met in the home of Mrs. David Moseley. Mrs. Esther Haws read the prayer calendar and led the opening prayer.

A study "Today's Children

For Tomorrow's World" was started with Mrs. J. T. Gee as leader. The scripture was read

MARGIE CARLTON  
Margie Carlton Wins Election

When votes were counted in a recent election of the Women's Council of Wayland Baptist College of Plainview, Margie Carlton of Friona received the nomination for president.

Miss Carlton, daughter of Mr. and Mrs. A. L. Carlton, is a 1960 graduate of Friona High School and is a second semester sophomore at the college. She is an elementary education major.

#### Cathy Cheshier Born Thursday

The baby girl born to Mr. and Mrs. Lloyd Cheshier Thursday, October 11, weighed 7 lbs. and was named Cathy Lynn.

She has an older sister, Cindy. Her grandparents are Mr. and Mrs. Russel O'Brian and Mr. and Mrs. Jess Cheshier. Mrs. T. A. O'Brian Sr. and Clifford Hogue of Mountain, Mrs. T. A. O'Brian Sr. of the Lakeview Community and Clifford Hogue of Mountain Home, Ark. are Cathy's great-grandparents.

#### Frionans Have Weekend Guests

Weekend guests in the homes of Mrs. Ella Dukes and Mr. and Mrs. R. G. Wiley were Mr. and Mrs. R. L. Taylor, Oklahoma City; R. J. Taylor, Fort Worth and Mr. and Mrs. Bill Moore and Terry Lynn of Amarillo. Also Mr. and Mrs. Bryant Dukes and children, Dewayne and Malinda Ann of Amarillo.

#### Rebekahs Meet

The Friona Rebekah Lodge met Monday night with 11 members present. There were 14 cards sent and six sick visits reported.

All members of the Lodge were invited to the Hereford Lodge's 60th anniversary. In a business session, Geneva Williams was elected Lodge Deputy.

**CHESHIER RETURN TO CAL.**  
Mrs. Jimmie Cheshier and daughter Jacque returned to Long Beach, California, this week to join her husband Jimmie C. Cheshier, who has been in Hawaii and Midway aboard the ship U.S.S. Kearsarge, which made the recovery of U.S. Astronaut Walter Shirra.

Mrs. Cheshier and daughter have been with her parents, Mr. and Mrs. J. L. Stowers, for the past two and one-half months while the Kearsarge was out of port. Mrs. George Dobson and daughter accompanied Mrs. Cheshier to Long Beach.

Mrs. Robert H. Osborn, standing, is being served tea by Mrs. Frank A. Spring, in whose home the bridal shower honoring Mrs. Osborn was held. Guests called between the hours of three and five Thursday afternoon.

### Bridal Shower Honors Mrs. Robert H. Osborn

Mrs. Robert Howard Osborn, who was Joy Ingram before her recent marriage, was honored with a bridal shower in the home of Mrs. Frank A. Spring Thursday afternoon from 3 to 5.

Presiding at the refreshment table were Mrs. Kenyth Cass, aunt of the bride, and Mrs. Claud Osborn, aunt of her husband. Mrs. George Price, Brownfield and Cindy Ingram registered the guests. Others in the houseparty included Mrs. J. B. McFarland, the groom's grandmother, and Mrs. Jones of Hereford, grandmother of the honoree.

Refreshments were served from a table covered with a white linen and lace cloth. Silver appointments, a floral centerpiece of peace roses in an

antique silver bowl and white tapers in silver candlestick holders completed the setting. Hostesses were Mesdames Spring, W. H. Nunn, Bill Baxter, James Buckley, Hayden Cason, Dan Ehrbridge, T. I. Burleson, Roy V. Miller Sr., Arthur Drake, Ralph Shelton, Charles Allen, J. T. Gee and W. M. Stewart.

### Relatives Visit In Rauh Home

Members of the family of Mrs. Minnie McCutchan of Bovina, who is a patient in Parmer County Community Hospital, visiting her and in the home of Mr. and Mrs. Charles Rauh were:

Mr. and Mrs. Jerry McCutchan, Mr. and Mrs. Don McCutchan, Darvil, Leroy and Belvin of Dumas; Mr. and Mrs. Earl Rauh and Lloyd of Master; Mr. and Mrs. Wayne McCutchan and Ronny, Lubbock; Also Everett McCutchan, Blue Lake, Calif; Mrs. Beulah Purnoy, Hurst; Mr. and Mrs. A. R. McCutchan, Mr. and Mrs. E. L. McCutchan and family and Mr. and Mrs. D. A. McCutchan and Barry, Lubbock.

Visitors in the home of Mr. and Mrs. Pat Busby last week were their son, Donald Ray, who is employed by First National Bank at Dallas, and Mr. and Mrs. W. E. Smith of Friona.

### Girl Scout Troop Begins Activities

Troop 93 met in the 6th Street Church of Christ Annex. On October 8, the troop took a hike by the railroad and back through town, practicing rules of the road.

On Monday, October 15, the troop members learned to tie the square knot and clove hitch and demonstrated the use of these knots.

Each girl was required to bind two ends of a rope. They were taught South America Burma and the Canadian Indians. The girls also learned four songs suitable for singing while hiking. These activities are required for Adventurer's Badges which the girls will earn by the end of October.

Refreshments were served at each meeting by members of the troop.

### Club Meet Postponed

Mrs. Weldon Stringer, president, announced early this week that the Thursday afternoon meeting of Hub Home Demonstration Club had been postponed.

Mrs. Wes Long will present a furniture refinishing program at the November 1 meeting. This meeting will begin at 9 a.m. and each member is to bring a salad for lunch.

All members are urged by Mrs. Stringer to attend the meeting and assist with refinishing the piano in the Community Center building.

### FHA Initiation

Formal initiation of the Future Homemakers of America was held at the Friona High School Auditorium October 4.

Thirty-five freshmen girls were initiated into membership. Other F.H.A. members and sponsors attended the initiation.

### Rhea Pastor Leads Discussion

The Ladies Aid Society of the Immanuel Lutheran Church of Rhea met Oct. 11, 8:00 p.m. for a business session and topic discussion. Ten members were present.

Plans were made for Family Nite to be held the fourth Sunday of each month from 4 - 7 p.m.

The visiting committee for the next three months was appointed. They are Mrs. Walter Schueler, Mrs. Roy Ziechang and Mrs. Melvin Sachs. Pastor Binger led the Topic Discussion on "Women of the Bible." The first woman "Eve" was discussed.

After a short entertainment session, Mrs. Robert Schueler served refreshments to the group.

### Baby Girl Born To B. B. Banners

Mr. and Mrs. B. B. Banner Jr. of Odessa became parents of a baby girl September 30. She weighed 6 lbs. 1 oz. and was named Valerie Ann.

Mrs. Banner is the former Vera Ann Jones. Valerie Ann has a brother, Barry, who is 2. Her grandparents are Mr. and Mrs. Raymond Jones of Friona and Mr. and Mrs. B. B. Banner Sr. of Greenville.

Mrs. C. M. Jones of Friona is a great-grandmother. Mrs. Raymond Jones is spending this week visiting in the Banner home.

Recent visitors in the home of Mr. and Mrs. C. A. Guinn were Mr. and Mrs. R. A. Guinn and Mr. and Mrs. Howard Guinn of Matador.

### The Junior Leagues Are Now Forming,

The Junior Leagues are now forming. Students from ages 6 to 18 are invited to attend a free bowling school which will be held Saturday afternoon at 2:30. This school will be conducted at Friona Lanes by a Registered Certified Instructor.

COMPANY OF THE SOUTHWEST

## Janice Clark Honored Sunday

Janice Clark, who was observing a birthday, was honored with a dinner in the home of her parents, Mr. and Mrs. Jack Clark, Sunday.

Guests were Vicky Payne, Linda Carson, Brenda Blackburn, Vicki Renner and Connie Whaley. Games were played during the afternoon.

## Local Events

Mr. and Mrs. Jim Guinn and Mr. and Mrs. C. A. Guinn were Sunday visitors in the home of Mr. and Mrs. Van Boston at Stratford.

Mrs. Pete Hollis and Mrs. Dess Fallwell returned home Saturday afternoon after spending a week visiting relatives in Arkansas. Mrs. Hollis was a guest in the home of her parents, Mr. and Mrs. Guthery Rains at Marshall and Mrs. Fallwell visited her son, Ardean Fallwell, and his family at Fayetteville, Ark.

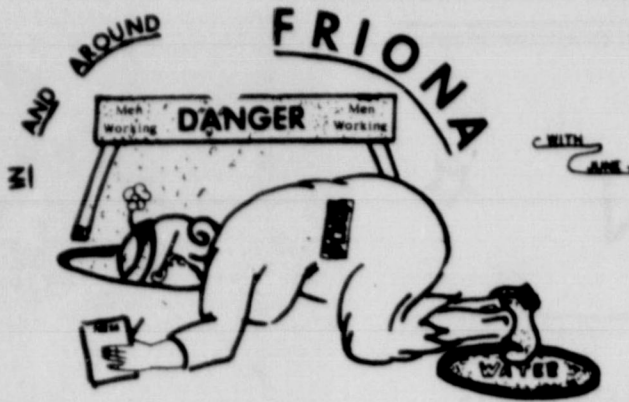

Mr. and Mrs. Rodney Hinkle and sons, Delwin and Roderick, of Amarillo, were weekend guests in the home of Mrs. Hinkle's parents, Mr. and Mrs. Buddy Lloyd, Katherine Brand and Mrs. Henry Lloyd were Sunday afternoon visitors in the Lloyd home.

Mr. and Mrs. J. A. Wigham of Duncan, Oklahoma, were weekend guests in the home of Mr. and Mrs. Aubrey Rhodes and Tim. The Wighams are parents of Mrs. Rhodes.

Sunday dinner guests in the Watson Whaley home were Terry Lynn Moore of Amarillo and Retha Pope of Canyon.

Mrs. John D. Sanders and Mrs. A. L. Carlton Sr. attended Parents Day at Wayland Baptist College at Plainview Monday of last week. Tommy Jay Sanders is a freshman student at the college and Margie Carlton is a second semester sophomore.

Mrs. Ella Faye Holcomb and Phyllis were weekend visitors in the home of Mr. and Mrs. Harold Bails.

Members of the cast and crew of An Old Kentucky Garden have been working hard on the operetta, which will be presented Friday night at 8 p.m. All local residents who miss seeing this production will be missing a treat.

This is the first Thespian program of the year and tickets will be on sale at the door. The operetta is in two acts and is based on the music of Stephen C. Foster.

Another event local residents will not want to miss takes place on the same day. Friona Woman's Club is sponsoring a tour of new homes. Some of the homes are being lived in and others are complete but not occupied yet.

If a member of the club hasn't contacted you to sell tickets, they will be available at the home of Mr. and Mrs. Charlie Doak at 1207 Elm Street. This is the first house on the tour. Persons desiring to make the tour should keep in mind that it begins at 2 p.m.

Thanks of the Star staff this week go to each person who called in to report vacancies in

Mr. and Mrs. Nelson Welch, Bob and Monte Sue and Dwight Bates spent the weekend visiting Mike Welch, Phillip Bates and Mr. and Mrs. Guy Welch at Abilene.

Mr. and Mrs. Weldon Fairchild and Mark of Canyon were weekend visitors in the homes of their parents, Mr. and Mrs. Carl Fairchild and Mr. and Mrs. A. S. Grubbs.

## Friona Youth Is Enlistee

Donald Wayne Wilson, son of Roy Wilson, 302 East Seventh Street, enlisted in the United States Navy on September 25, according to L.M. Puckett, Clovis.

Wilson, who attended Friona High School prior to his enlistment, will undergo recruit training at San Diego, California. After completion of nine weeks of training, he will return home on a 14-day leave.

Following his leave, Wilson will report to a ship in the Navy Fleet.

Teacher: "Johnnie, did you want to leave the room?"  
Johnnie: "Say, teacher, you don't think I'm standing here hitch-hiking, do yuh?"

John Sez

## Lawana Towery Elected To Office At SPJC

Lawana Towery of Friona was elected enlistment chairman of Baptist Student Union of South Plains College, Levelland, during a regular meeting Monday morning.

Other officers elected were: Terry Sires, Witharral, president; Gerry Etchison, Levelland, vice-president; Donna Williams, Matador, secretary; Melissa Reece, Tahoka, publicity chairman; Betty Payne,

Roaring Springs, social chairman; Don Ford, Plainview, Christian Citizenship chairman; Fran Wilson, Welch, program chairman; and Martha Goode, Post, Student Council Representative.

Forty students attended the meeting and heard discussions on the BSU State convention to be held in San Antonio Oct. 19. Some 2,000 college students from over the state are expected to attend, with some twenty-five from South Plains making reservations.

Miss Towery, daughter of Mr. and Mrs. Eldon Towery, Friona, is a 1961 graduate of Friona High School.

## Dates Set For Rummage Sales

Beginning date for a series of rummage sales, sponsored by Parmer County Community Hospital Auxiliary has been set for Saturday, October 20.

Selling will begin in the Welch Building on South Main Street at 10 a.m. each Saturday through November 10 and will continue until 7 p.m.

Mrs. Marty Martinez, president, Mrs. Paul Spring and Mrs. Ross Ayers will accept rummage for the project from 2 to 4 p.m. Friday, October 19 at the building.

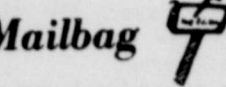

Any useable item of wearing apparel or household item will be acceptable.

## James Gee Is Cast Member

James Gee of Friona is a member of the cast which has been selected at Eastern New Mexico University to present "The Teahouse of the August Moon" at the college October 18-20.

Gee, son of Mr. and Mrs. Harrison Gee of Friona, graduated at Friona High School with the class of 1960. He is one of 37 members of the cast chosen for the famous comedy, one of the few to be presented more than 1,000 times on Broadway.

Eastern's version of "Teahouse," staged by Dr. R. Lyle Hagan, will be a feature of Homecoming week.

To the Editor:

I have just heard that the League of Women Voters Guide has been distributed, but it has omitted the name of Mrs. Hargrove Smith, Republican candidate for State Comptroller of Public Accounts. This seems a little strange since Mrs. Smith is the only woman candidate for a state-wide office on the ticket of either political party!

Certainly it must have been an oversight, since her opponent was listed. Mrs. Smith received more than 526,000 votes in 1960 when she ran for the same office. She is now pointing out in her campaigning that if she is elected she will see that balance sheets on the State of Texas' business are prepared and published. This is something that has never been done by any State Comptroller. On this one promise alone, I think Mrs. Smith deserves election. Imagine trying to run a business without knowing its financial position, except that it is good or bad! The State's business is probably the largest business in Texas. We should know what its assets, liabilities, cash position is. Mrs. Smith has said she will see that we get it.

Sincerely,  
L. F. Bruns

## VOTERS STILL WAIT FOR ANSWERS FROM MR. ROGERS

People want to know why Mr. Rogers refuses to answer the questions about his voting record. People continue to ask why he voted for a farm bill to enslave the farmers, why he voted for the Arms Control and Disarmament Agency, why he voted to increase the national debt limit to \$308 billion, and why he has consistently supported the New Frontier's plans for increasing bureaucracy and wasteful spending. When, if ever, will he give answers instead of generalities?

## Outland Releases Annual Report On City Affairs

Arley L. (Jake) Outland, City Manager, has compiled an annual report for the City of Friona, which was presented to the city council recently. The report, which deals with the fiscal year ending September 30, is more or less a first-year's "report card" for Outland, who became city manager in Friona October 9, 1961. The annual report is broken down into each department of the city:

### 1. ADMINISTRATIVE

(a) The principal administrative activity throughout the year was the almost continual problem of posting, billing, notifying delinquents, collection of water-sewerage and trash bills. With 829 customers at the beginning of the period and 865 at the end, we had an average of 847 bills per month throughout the year. With the approach of 1,000 City meter services and a like number of tax billings it appears that a billing, posting, addressograph ma-

chine will soon be a necessity for adequate operation of the office.

(b) There were 1,162 work orders processed during the year for an average of 97 per month. The heaviest month was January with 137 orders. This due to extreme cold weather during that month.

(c) There were 35 and one-half days work time lost due to accidents; 62 one-half days due to illness of employees. With 12 one-half emergency-type leave and 161 ordinary leave time this brought the total to 272 one-half days of time off.

(d) There were 54 building and/or alteration permits issued for a total estimated costs of \$468,325. March was the busiest month in this connection with seven permits to total \$124,900.

(e) Personnel changes during the year included the retirement of Ed Duke, night policeman, and the employment of Rex Cowart as his replacement. Bob Traylor, colored employee, of the Sanitation department quit work and Andy Hensley was hired as his replacement.

### 2. WATER DEPARTMENT

(a) Thirty-six new water services were installed to bring the total to 865 meters in service at the end of the fiscal year. A summary of the records indicate a total of 169,060,710 gallons of water were pumped with 145,787,000 gallons accounted for in sales, for an annual average of 86 per cent efficiency in the water distribution system.

(b) Capital improvements in the water system included the laying of 2,380 feet of six inch mains; 2,540 feet of two-one-fourth-inch mains and the installation of three fire hydrants.

(c) Water samples sent each month showed negative coliform

count. This continued satisfactory water treatment process resulted in the city obtaining State Health Department Water Approved signs during July 1962.

### 3. SEWER DEPARTMENT

(a) Records show that approximately 38,572,154 gallons of sewerage was pumped during the year for an average of 3,214,346 gallons per month.

(b) There were 31 new sewer taps made during the period.

(c) A total of approximately 11 feet, eight inches of sludge was drained from the Imhoff tanks on seven different occasions.

(d) There were four new manholes constructed six clean-outs were installed, bringing the total to 141 manholes and 45 clean-out holes within the City sewer system. There were 1,280 feet of six inch main and 395 feet of four inch main installed into the system during the year.

### 4. FIRE DEPARTMENT

(a) Records show that of a total of 44 fire calls made from December 1, 1961 to September 30, 1962, 37 of these calls were outside the City limits and only seven inside the limits. This results in only 19 per cent of the fire calls made within the City limits. The estimated damages were \$27,175 outside the limits and \$2,265 within, for a total estimated damage of \$29,440.

(b) Regular scheduled fire drills were held on the first and third Thursdays of each fire call and the morale and efficiency of the Friona Volunteer Fire Department is considered "Excellent."

(c) With the addition of the 1962 model Chevrolet truck, additional hose equipment and warning siren in the west part

of town, it is believed that the city has one of the best equipped and manned volunteer fire departments in the state of Texas.

### 5. POLICE DEPARTMENT

(a) Records show that a total of 294 arrests were made during the year, for an average of 24.5 per month. The majority of these were for traffic violations. There were 33 automobile accidents investigated with only four cases of hospitalization.

(b) There were no deaths due to traffic accidents within the City limits during the period.

(c) There were three burglaries, two at Allen's Jewel-

store and one at Texaco warehouse.

### 6. PARK - CEMETERY DEPARTMENT

(a) Records show that there were 16 adult and 11 children interments made at the cemetery during the year. One disinterment was made, that of Rolla E. Darling on February 12, 1962.

(b) An inventory of the cemetery was made in September and a new cemetery register was printed and put into use. This will enable the city office to maintain more detailed and accurate records on the cemetery in the future.

### 7. STREET DEPARTMENT

(a) Routine maintenance, cleaning sweeping and patching of the city streets continued throughout the year. No major street repairs were undertaken on the approximately 22 miles of paved streets.

(b) The State Highway Department re-sealed three blocks of Main Street on May 30, 1962.

(c) The City Dump was serviced during the year. The fill pits are rapidly filling and it is estimated that new pits will have to be dug during 1963.

of extra refuse.

(b) 3,600 pounds of BHC dust was sprayed over the City on seven different occasions to assist in the control of flies and mosquitos. One aerial flight was made with dieldrin solution during April and is believed to be a factor in the overall control of mosquitos during the year.

(c) The City Dump was serviced during the year. The fill pits are rapidly filling and it is estimated that new pits will have to be dug during 1963.

Arley L. Outland  
City Manager.

## Final Results Given From Lazbuddie Fair

Winners in the crop and vegetable division at the Lazbuddie School Fair last week were listed by fair officials.

The following placers were announced:

Open Cotton bolls -1. Frank Hinkson; 2. Sammy Harlin; 3. Leon Watson.

Stalks of cotton - 1. Kenneth McGehee; 2. Lewis Seaton; 3. Kelley Mimms.

Gallon wheat - 1. Sammy Harlin; 2. Charles Ramage; 3. Bobby Redwine.

Barley -1. Charles Ramage; Peanuts -1. Lewis Seaton; Sudan Gallon 1. Bobby Redwine.

Gallon Red Grain Sorghum -1. Leon Watson; 2. Lloyd Bradshaw; 3. Ronald Ashford.

Soy Beans Gallon -1. Dale Blackstone.

Millet -1. Richard Gorden.

Peanut Sheaf -1. Leon Watson; 2. Mike Burreson; 3. Benny Watson.

Alfalfa Sheaf -1. Lewis Seaton; 2. Mike Holt.

Soy Beans -1. Mack Holt; 2. Lewis Seaton; 3. Lloyd Bradshaw.

Grain Sorghum Heads, Red 1.

Bobby Morris; 2. Leon Watson; 3. Sherman Morgan.

White Grain Sorghum -1. Lewis Seaton; 2. Richard Gordan; 3. Darrell Mason.

Corn, White-2. Lewis Seaton; Corn, Yellow-1. Theron Vaughn; 2. Frank Hinkson.

Corn-Other Varieties 1. Mike Burreson, 2. Mack Holt.

Potatoes-1. Buddy Embury; 2. Mack Holt; 3. Gary Eubanks.

Onions-1. Lewis Seaton; 2. Mack Holt.

Turnips-1. John Gulley; Beets-2. Lewis Seaton.

Carrots-1. Vic Schumann; 2. Lewis Seaton.

Tomatoes-1. Mike Hinkson; 2. Vic Schumann; 3. John Ward.

Squash -1. Leon Watson; 2. Benny Watson; 3. Dale Blackstone.

Pumpkin-1. John Mitchell; 2. Mike Hinkson; 3. Frank Hinkson.

Watermelon -1. Bobby Gleason.

Peppers-1. Leon Watson; 2. Larry Davis; 3. Bobby Gleason.

Okra-1. Benny Watson; 2. James Gulley, 3. Bobby Gleason.

Cucumbers-1. Leon Watson.

# Screwworm Program Needs Help From County

"A screwworm-free Southwest will cost an estimated \$12 million," Jack McCracken, chairman of the county animal health committee, reported this week.

Of this, livestock producers and sportsmen will raise \$3 million and the rest will come from State and Federal sources, McCracken said.

The Screwworm Eradication Program entails the release of sterile screwworm flies by airplanes. The sterile male flies mate with naturally-occurring females, thus producing infertile eggs. The program

is a cooperative venture of the U. S. Department of Agriculture, the Texas Animal Health Commission, the Southwest Animal Health Research Foundation and agencies in other Southwestern States.

McCracken outlined the expenditures that are required to wipe out the livestock pest that does an estimated annual damage of \$100 million. From February 14, 1962 when the first sterile screwworm flies were released in Texas--until July 1, a total of \$1,850,000 was spent.

Program officials expect expenditures of \$4,700,000 during the year July 1, 1962 to June 30, 1963. Broken down, this amounts to nearly \$1 million for meat, blood and honey to raise the sterile screwworm flies at

Mission, Texas; \$550,000 for fly dispersal; \$2,050,000 for salaries and travel; and \$1,100,000 for plant maintenance, utilities and other services.

After July 1, 1963, officials anticipate a cost of \$5,450,000 for final eradication and establishing of a barrier zone which will keep flies from entering the United States from Mexico.

Mr. McCracken said that if producers contribute on a basis of 50 cents for each head of dairy and beef animal and 10 cents per head of swine, sheep and goats, the remainder can easily be raised.

Donations can be turned in at either of the three banks in Farmer County or to McCracken at Bovina.

# THE HIGH PLAINS FARM AND HOME

## Farmers Told Of Choices Available For Wheat Crop

Parmer County wheat farmers can voluntarily reduce their wheat acreage from 20 to 50 per cent and receive a diverted acreage payment on the acreage not planted and receive a higher price support on wheat harvested, the ASCS reminded this week.

Prentice Mills, office manager of the ASCS, gave three examples illustrating courses farmers might take.

In the first example, if the farmer has a 100-acre allotment, and his normal yield has been established at 30 bushels per acre by the Agricultural Marketing Service and he plants his entire allotment and averages 40 bushels, he would expect to receive \$7,280, based on 4,000 bushels of wheat at the \$1.82 support price.

In the second example, assuming the farmer diverted 20 acres and the diversion payment was \$27 per acre, and averages 40 bushels, he would receive: \$5,824 for 3200 bushels at \$1.82; \$540 diversion payment; and \$132 for an 18 cent per bushel "participation premium" based on the established 30 bushels per acre, for a grand total of \$6,796, or \$484 less than the non-participating farmer.

For a third example, a farmer with an established yield of 60 bushels planting all 100 acres would receive a total of \$10,920 at the \$1.82 support price.

Diverting 20 acres, the farmer would get \$8,734 on his yield; a diversion payment of \$1,080; and \$864 for participation premium, or a grand total of \$10,680. This is \$240 less than the non-participating farmer.

Mills stated that the farmers would be mailed notices in about two weeks telling their

normal yield as established through the Agricultural Marketing Service, and the payment they might receive.

"Possibly one-half of our farmers will participate in the program. Those who have planted, fertilized, irrigated and have a stand of wheat no doubt won't care to participate," Mills said.

He added that the ASCS would hold at least one public meeting to discuss the program and give farmers a chance to ask questions on the subject.

**FOOTSAVING EDUCATION**

by **James E. Edwards**

**Would shoes cause corns on my baby's toes?**

In my experience as a shoefitter I have never seen a true corn on babies feet. Red marks which mothers refer to as corns never seem to have the hard center that causes the pain of adults' corns.

If babies cannot have corns the reason would probably be that the soft bones of the toes do not exert enough pressure against the tight shoes, socks or pajamas. The toes tend to conform to the encasement as readily as a child's teeth grow into the pattern of braces used by an orthodontist.

The foregoing is called "scare advertising" and it must be admitted that many children develop fine healthy feet in spite of misfit and outgrown shoes but when we see child after child, whose toes were once straight, develop enlarged joints and hammer toes we feel that a little scare is better than a lot of regret.

## HD Agent's Notes

What's this we hear about an insecticide in cement? What next? It may soon be possible to keep a new building free from termites. Can you imagine "How?" you ask. Simply by mixing an insecticide in the concrete foundations.

Research on this project has been done by entomologists at the University of Wisconsin in conjunction with the U. S. Department of Agriculture's Forest Products Laboratory in Madison.

They have found that dieldrin mixed with cement will poison the insects that crawl over the concrete. Termites absorb the poison through their feet.

Now we ask, "How long will the dieldrin last in the concrete?" This is now being investigated. They have found that after 18 months, concrete posts containing 16 percent dieldrin were still 100 percent effective after 10 minutes' exposure.

Testing of this treatment of concrete began in 1960 and will continue until 1965. If, at the end of this time, it is still effective, the practice will be recommended as a long-term control measure.

Here's more on research findings. Time was when cherry pits were good for nothing more than making wishes. This is not true any longer. Researchers have found that cherry pits make excellent charcoal briquets.

The researchers are now investigating to determine whether it will be economically feasible for backyard chefs to use the cherry seed briquets. Results of the study will influence the new market for cherry seed.

For us in Parmer County, we have a few sour cherry trees, so we'll have to just wait for the large cherry canning industries. It would certainly be a slow process to save the one pit we usually find in every cherry pie. Just a thought.

Now here's something that needs investigating by each of us. The approach of cool weather means harvest time, hunting season, and warm glowing fires and heaters. And heaters and open flames mean the return of the annual problem of sweating walls and windows.

When open flame heaters are burned a considerable amount of moisture is given off. When this moisture contacts cold walls, windows, doors or any cold surface, it condenses to a liquid that we call sweating.

To solve this problem all gas stoves, floor furnaces, central heating systems, gas refrigerators, dryers and water heaters would be vented. If these appliances have been installed in an old house without built-in vents, it is sometimes possible to vent space heaters through a closet or old chimney. Still some condensing of the moisture will occur if the open flame heater is used.

Check your instructions for the appliances to show you how they may be vented properly to prevent mildew and sweating in the house where the excess moisture occurs.

## Mrs. Bullock Presides Over Demo Women's Coffee

Democratic women of the 30th Senatorial District held a coffee Tuesday, October 9, to discuss their role in helping to elect their party's nominees November 6.

In charge of the program was Mrs. Wyle Bullock of Lazbudie, committeewoman representing the 15-county 30th District on the State Democratic Executive Committee. The committeewoman said approximately 75 per cent of the counties in the district were represented at the Tuesday morning meeting in John Connally headquarters at Plainview.

Special guests for the coffee were State Senator and Mrs. Andy Rogers of Childress. Among those on the program was Mrs. Dorris Harvis, former committeewoman from the district, who briefed the group on local organization. Also on the program was a

discussion by comparison on five areas of the Democratic and Republican platforms. The comparisons were by Mrs. O. G. Hill, Sr. of Hereford on industrial growth and development; Mrs. Ed Johnson of Muleshoe on education; Mrs. O. D. Spittler of Muleshoe on agriculture; Mrs. Pat Bofo of Muleshoe on law enforcement; and Mrs. J. A. Ballard of Estelline on health and welfare.

Mrs. Freeman Davis of

Muleshoe concluded the program with a discussion on "Women's Activities."

"I felt we had a very informative program and we had very enthusiastic women in attendance," said Mrs. Bullock.

The 30th District is comprised of Armstrong, Bailey, Briscoe, Castro, Childress, Collingsworth, Deaf Smith, Donley, Floyd, Hale, Hall, Lamb, Motley, Parmer and Swisher counties.

### Payments Are Available

Only about one-half of the payments on the 1962 Feed Grain and Wheat programs have been made to Parmer County farmers.

Those farmers who have not collected their payments may come by the Parmer County ASCS office in Farwell and pick them up, reminds Prentice Mills, office manager.

### Wheat Grazing Is Clarified

Wheat planted on this year's diverted acres may now be grazed, according to Prentice Mills, office manager of the Parmer County ASCS.

This does not apply to volunteer wheat on diverted acres, however, Mills points out, nor to barley or oats.

All diverted acreage may be grazed after November 1.

**HOPE FOR UPSET**

**Longhorns Brace For Whitharral Friday**

The Lazbuddie Longhorns are braced this week for their toughest game yet this season, after scoring their second win of the season, 32 - 0 over New Home last Friday.

Lazbuddie hosts Whitharral, one of the area's top class B teams, which has had its record marred only by a 14-14 tie by Bovina, another class B powerhouse.

The Longhorns made their season record 2-3 last week as they coasted past the inexperienced New Home crew, 32-0.

Halfback Terry Darling scored twice, as did Mac Brown. Guard Eugene Houston even got into the scoring column with an intercepted pass which he ran back 35 yards for a touchdown.

Johnny Mabry made good on two kicks for points after touchdowns to round out the

scoring. Lazbuddie scored four touchdowns in the first half for a 26-0 lead, and added their final score with about two minutes gone in the third quarter. From there on out, Coach Charley Walton gave his reserves a chance to gain experience.

"We played everyone we had. The subs played more the last half than the regulars did," Walton said.

The entire team was commended for its play, with guard Jerry Engelking being cited for his improvement on defense. Fullbacks Mike Bean and Johnny Mabry were offensive standouts.

Walton said that the team's morale should be high for the Whitharral battle, as they have been anticipating the game for some time.

"We'll give it all we've got,

Whitharral will know they've been in a ball game, regardless of the outcome," Walton said.

The Longhorns are improving physically, and some of the players who have been out of action will probably be able to play if not this week, the following week for sure.

Some of the players have been at the State Fair with entries this week, and have missed workouts. Both of the offensive ends have been gone, and Steve Young, who has had a blood clot on his leg, is expected to start at end this week.

Whitharral has a large team, Walton pointed out, with three of their backs among the top ten scorers in Class B for the area. "But we'll be bidding for an upset," he said.

**Friona Grade School Lists First Honor Roll**

The honor roll for Friona Elementary School for the first six weeks was released this week by principal J. T. Gee.

Gee explained that in order to make the honor roll a child must not have more than two Bs on his card, and a C in citizenship or any other subject will automatically keep him off the honor roll.

The first grade receives check sheets for the first six weeks, so isn't included in the honor roll.

**SECOND GRADE**  
James Bynum, Bill Carrothers, Rafael Gonzales, Michael Hughes, John Ollie Cole, Cynthia Barnett, Teresa Bingham,

**THREE TEAMS PLAY**

**Freshmen Play Final Home Contest Today**

The Friona freshman football team, with a 3-1 record for the season, will play their final home game of the season tonight against the Hereford freshmen, directly following the grade school games against Morton, which begin at 4:30.

The freshmen were originally scheduled to play Farwell, but that team cancelled the game. "Our boys should be out for a win, since Hereford was the only team to beat them last year as eighth graders," said Coach Gaylon Woodard.

The Friona team racked up its third win of the season here

against Dimmitt last Thursday, with fullback Tommy Sherley continuing his scoring pace with a pair of touchdowns.

With Friona ahead 12-0 at halftime, Sherley ripped off a 70-yard sprint for a touchdown on the second play of the second half, and the Frosh Chiefs went on for a 20-0 win.

Sherley had scored from five yards out in the first half, and James Carroll Wilson recovered a fumble for the other Friona score.

Larry Johnson ran across the double stripes for a two-point conversion following the final Friona touchdown.

# Community Needs \$550 To Meet Exchange Student Fund Goal

The community of Friona needs to raise \$550 for their share in the Foreign Exchange Student Fund, it was reported this week.

Last year the student body of Friona High School voted to sponsor and raise money to support one exchange student, with the understanding that the community would furnish the money for the expenses of the other student.

It requires \$1,000 to sponsor each exchange student through the American Field Service. The students are selling football dolls, and when the proceeds from the sales are in,

their budget of \$1,000 will have been reached.

The American Field Service insists that the students bear community responsibility. It was pointed out that several nearby towns failed to get an exchange student this year because there were not enough students to fill the demand.

The local AFS committee met with the "new mothers" of this year's Friona exchange students recently in Superintendent Alton Farr's office. The mothers reported satisfactory progress in their families' adjustment to the foreign students and in getting acquainted with one another's ways and customs.

Mrs. Herring reported that Carlos Azofeifa, their student

guest, has been working around machinery since moving to Friona, that he doesn't enjoy extra early morning hours, and that he doesn't talk very much.

Carlos reportedly told Mrs. Herring that his mother wondered how Mrs. Herring could do the laundry for four men. She said we need to be careful about using the term "America" to mean the United States exclusively, since Carlos rightly claims that when he is in Costa Rica, he is also in America, thus is an American.

Mrs. Ernest Osborn, Eve's "foster mother" reported that Eve was very easy to get acquainted with, and that she and Karen had settled down as "sisters."

Also discussed at the meeting was a proposed budget for the year for Eve and Carlos. Mrs. W. M. Massie was very helpful in this respect, since she could remember how much money Anni Jensen needed for the various occasions that arise during the year.

The students receive \$14 per month from the American Field Service to cover expenses, and the local chapter supplied an additional \$10 per month in addition to furnishing money for special expenses such as senior pictures, senior trip and graduation expenses.

The committee also asked for suggestions for a permanent method of financing Friona's exchange students.

Those present at the chapter meeting were Raymond Cook, Alton Farr, Mrs. W. M. Massie, Mrs. Osborn, Mrs. Herring, Mrs. Joe Talley, and Mrs. Bill Sheehan. Rev. Bill Phillips was elected treasurer of the organization.

## Wayland Hosts Parents' Day

Among those serving as hosts and hostesses for the annual Parents' Day gathering at Wayland Baptist College recently in Plainview were three students from Friona.

They were Margie Carlton, daughter of Mr. and Mrs. A. L. Carlton, Tommy Jay Sanders, son of Mr. and Mrs. John D. Sanders, and Ellis Jim Parson, son of Mr. and Mrs. Thomas Parson.

The "Stay All Day" party included a lunch, a panel discussion, and dedication services for Wayland's new Home Life Building at 2 p.m.

## SCHOOL MENU

Monday -- Weiners & Kraut, Corn, Lettuce, Carrot, Green Pepper Salad, Butter, Rolls, Milk, Peanut Butter & Honey

Tuesday -- Pinto Beans, Cheese Slices, Light Bread, Butter, Pineapple Cobbler, Spinach, Onions, Corn Bread, Milk

Wednesday -- Roast & Gravy, English Peas, Rolls, Milk, Mashed Potatoes, Applesauce, Butter, Applesauce Cake

Thursday -- Pork Chops, Rice, Green Beans, Carrot Cabbage Salad, Pear Halves

Friday -- Campfire Stew, Carrot Sticks, Milk, Corn Bread, Crackers, Butter, Oatmeal Cookies

## COURAGE VS. INFLUENCE

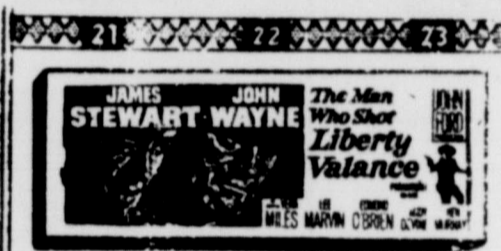

Do you want a man with the courage to speak up for you in Congress... or do you want a man who has publicly admitted he fears to speak up on the floor of the House because of the influence he might lose? Jack Seale will not yield to New Frontier pressures... He has the courage to speak up FOR a sensible farm program... FOR a firm foreign policy... FOR a balanced budget and a sound dollar... and FOR election law reforms.

Elect JACK SEALE to Congress

The Courage to Speak up for you

WE WANT 1000 ASSOCIATE AGENTS AT ONCE!

Every family that owns a car, truck, or tractor, NEEDS OUR AMAZING PRODUCT TO SAVE THEM MONEY; PROLONG THE LIFE, AND IMPROVE THE OPERATION OF THEIR MOTOR VEHICLES. (The product sells for \$3.00)

Our product has been used for years by thousands of satisfied customers, and BEST OF ALL, it has been APPROVED BY AGENCIES OF THE U.S. GOVERNMENT AFTER MANY HEARINGS TO PROVE ITS MERIT.

A \$1.00 DEPOSIT will bring full details about both our product and the Associate Agency. Also about the \$500.00 CASH PRIZES we expect to award our Associate Agents from time to time. Your dollar will be credited on first order, or returned, if requested. Southern Sales Syndicate, Tyler, Texas

## EXCITING! GO '63 CHEVY II

### SPUNKY NEW WAGONS THAT LEAD LONGER, HAPPIER LIVES

What a new kick you'll get out of going places in this one! And what a solvent feeling you'll get as the savings on upkeep mount! There's a full line of models, including three wagons. Basically, we've kept Chevy II's liveliness and roominess and easy loading ways. Kept its crisp looks, too (with a bit of freshening here and there). The changes we've made weren't for change's sake, you see—but for yours. Just for a sample: the brakes are self-adjusting. The new Delco generator gives you more electrical reserve power and helps your battery reach a vigorous old age. The Body-by-Fisher

beauty lasts longer, too; air pushes rain and wash water down through the rocker panels (where most rust begins!) in a clever new flush-and-dry system. The ride is smoother and quieter because of a large number of small improvements we've made. And things are a lot plusher inside. Now you've read this far, haven't you? Isn't that good evidence that Chevy II is made for you? The clincher will come when you take the wheel at your Chevrolet dealer's.

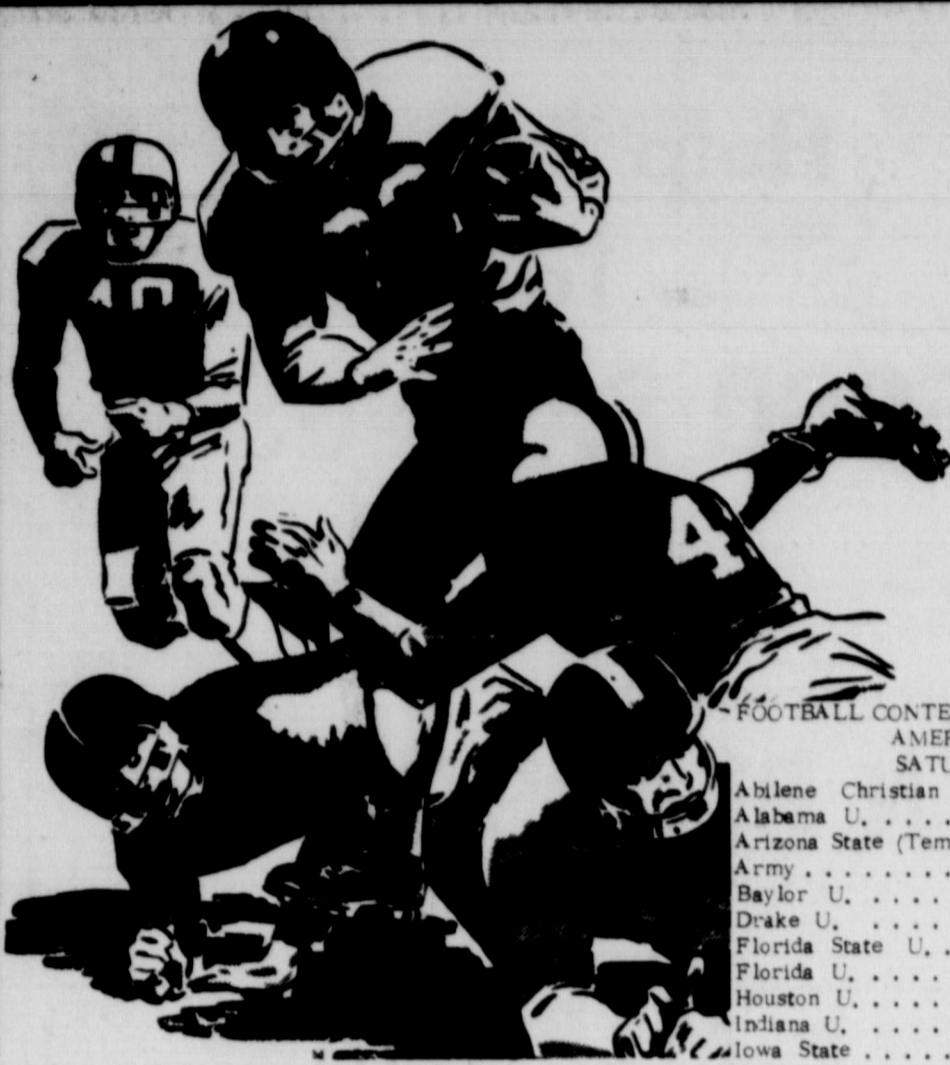

the make more people depend on

See four entirely different kinds of cars at your Chevrolet dealer's... Chevrolet, Chevy II, Corvair & Corvette.

EVERETT GEE

DOUG DODD

- There are 10 college and high school games in the ads on this page.
- Pick the winners you think will win and place the WINNER'S name beside the sponsor's name in the Contest Entry Blank at bottom right of this page.
- PICK THE SCORE of the GAME OF THE WEEK and place your guess in the appropriate blank on the entry. Bring or mail the entry blank to the Star office by 6 p. m., Friday following this issue of the paper.
- Winners will be chosen by a group of judges each Monday.
- Weekly entry blanks will be kept all season and at the end of the Football Season the winner of the Grand Prize of 2 Free Tickets to the Cotton Bowl Game PLUS \$55.00 Expense Money will be presented to the lucky person who has picked the great number of correct games throughout the season. Ties will be determined by the judges.
- Only One Entry Per Person.
- Contestants must be 12 yrs. old or older.
- All employees of this paper and their families are not eligible to enter this contest.
