

Well, here we go again. Remember we said with our first appearance in column form that we weren't definitely committing ourselves, and might or might not pop up occasionally. Since Travis said I could have his space this week, here goes with the tidbits I've collected lately:

(Castin' hasn't given up--just relinquished this space this week for the use of Lites.)

If you haven't realized it yet, Friona is suddenly becoming a "convention city." Only last week the Parent-Teachers Association from District 8 held its annual conference here, at the Methodist Church and High School.

Next Thursday, Texas Home Demonstration Association's District 1 will stage its annual spring meeting at Friona High School.

And then, next May 11, Friona will host the Panhandle Firemen and Fire Marshalls Association, which covers 86 towns in the Texas Panhandle.

Ant that's not all, really, Saturday the District 3-AA literary contests are being held in Friona, with over 250 students expected for both high school and elementary competition.

In regard to the Home Demonstration convention next Thursday, an interesting sidelight is that the county HD ladies are putting on the convention without the benefit of having a County Home Demonstration Agent.

A convention is a lot of work to begin with, but the HD ladies are to be commended for carrying on despite the handicap of not having an agent. Parmer County has been without a Home Demonstration Agent since Ette Musil Jesko resigned to be married. According to county officials, the situation is beyond their control. Apparently, there just aren't enough women available for HD jobs throughout the district.

Bill McGlothlin, owner of the Elk Drive Inn Theatre, thought history was about to repeat itself Tuesday when he felt a strong wind shake the snack bar at the theatre where he was working.

"I thought the roof was coming off," McGlothlin said. He looked out to see a huge whirlwind or "dirt devil" leaving his premises and heading toward Friona Blacksmith Shop, where it did lift the roof, and caused extensive damage.

"It was the biggest whirlwind I ever saw, and it was rotating in the same direction as the tornado we had in 1960," McGlothlin said. The theatre was completely wrecked by that funnel. It received some damage in Tuesday's "blow," also.

The Friona Squaws continued their good manners upon returning to Friona from the state basketball tournament in Austin. The team sent out "thank you" notes to various persons and groups around town in appreciation for their support. We appreciated ours, which read as follows:

"Bill, thank you for your fine support by your articles and write-ups in the Star. We appreciate it so very much. The Squaws, Captain Buckley, Bursleson and Hoover."

Then on the back, all the team members and the managers signed the card. Very nice, we thought, and we'll say "You're welcome."

We hope to always give good coverage to groups such as this year's edition of the Squaws, which strive to bring honor to their school and community. (Notice I didn't say as long as a group was winning--there are more important things than this.)

John Renner, Booster Club president, said he wished to thank Friona fans for their support during the year, and especially for the way they responded in financing the chartered bus which took the Squaws to Austin.

The financial response was more than enough for the chartered bus, Renner said, and the extra money, about \$100, was given to Coach Baker Duggins, in appreciation for his many efforts at Friona High School.

WIND DAMAGE . . . Cecil Floyd, who operates Friona Blacksmith Shop, points toward the building in the west part of Friona which was lifted from the building and then slammed down again in Tuesday's high wind. The building is owned by Forrest Osborn.

THDA Group Readies For City Convention

Some 350 people are expected in Friona next Thursday for the annual spring meeting of District 1 Texas Home Demonstration Association.

It will be the second district convention for the city to host within a two-week period.

The District 1 Home Demonstration Association is com-

posed of 19 counties. They are Armstrong, Carson, Castro, Collingsworth, Dallam, Deaf Smith, Gray, Hansford, Hartley, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Sherman and Wheeler.

Featured speaker for the convention will be Bob Wear, minister of the Central Church of Christ, Canyon. His topic will be "Restoring Confidence in Our Spiritual Heritage."

The convention will be held at Friona High School. It will get underway Thursday morning with a coffee at 8:30. Registration of delegates will begin at 9 a.m.

Friona's American Legion post will present the United States and Texas flags. Mrs. Floyd Brookfield will lead the group in singing, accompanied by Mrs. Bill Carthel at the piano.

Rev. W.G. Burton will give the invocation, Raymond Fleming, mayor of Friona, will extend greetings to the group. Loyde Brewer, Parmer County Judge, will give the official welcome.

Others on the program include Mrs. C. E. Roark of Vega, Mrs. R. A. Hodges of Canyon, and Mrs. L. M. Parker, state secretary.

Workshops on five subjects will be presented. These include citizenship, family life, civil defense, health and safety and 4-H.

County reports will be given (Continued on Page 2)

Building Figures Drop Slightly

Building in Friona during the first quarter of 1963 was slightly below the record pace of 1962, according to official building permit records released this week by City Manager Arley L. (Jake) Outland.

A total of 18 permits were issued for construction estimated at \$174,950, during the first three months of the year, figures revealed. That compared to a total of \$190,880 for the first three months of 1962.

However, the 1962 total was boosted by a \$60,000 addition to the Sixth Street Church of Christ.

Construction figures for new homes actually increased over the same quarter a year ago. Figures showed 11 permits for new homes, for an estimated value of \$167,500. Four alteration permits were issued, for an estimated value of \$6,200.

The figures for new homes and alterations for the first quarter of 1962 was \$113,150. This year's total stands at \$172,700. January has been the big

month so far, with eight permits totalling \$94,450. Six of these permits were for new homes, valued at \$94,200.

February dropped to four permits for a total worth of \$21,000. Only one new home was included in this total. March came back up to \$59,500, including four new homes.

Among the new home permits was one for \$34,000 issued on January 17 to Charles Short. George Taylor took a permit on March 6 for a \$27,000 home to be built at 608 Etta.

If the first quarter could have been extended one day, the 1963 total would have caught up with last year's figure. On April 1, Loyd A. Shackelford took a permit for a \$25,000 dental clinic to be located at 1201 Cleveland.

This latest permit would place the total right at \$200,000 for the year, and put it about even with last year's pace, which ended up setting a new one-year record for building in Friona.

P-TA OFFICIALS . . . Getting together during the P-TA convention in Friona last Thursday are (back row) Mrs. Doyle Cummings, Friona president and Charles Eads, Amarillo, State International Relations chairman. In front are Mrs. Woodrow Killingsworth, Dimmitt, district president; Mrs. L. C. Mayo, Galena Park, state vice president; and Mrs. Angus McDonald, Austin, state chairman of publications.

School Election Saturday

Three candidates will vie for two spots on the Friona School Board in the annual trustee election Saturday.

Those in the race are D. C. Herring, Charles Howell and W. M. Massie. Herring and

Massie are candidates for re-election.

Voters are reminded that because of the district literary contests in the high school building, the voting will be held at the primary school building this year. Polls will open at 8

a.m., and close at 7 p.m.

J. L. Shaffer is the candidate for county trustee for the Friona precinct.

At Lazbuddie, six candidates are on the ballot, running for two positions. Terms of Alton

Morris and E. T. Ford are expiring at Lazbuddie. Morris is a candidate for re-election, but Ford did not run.

Others on the Lazbuddie ballot include Hoyt Eubanks, C. W. Bradshaw, Don McDonald, Fred Burch and R. B. Seaton.

SATURDAY

FHS Hosts 3-AA Literary Events

Approximately 250 students will be in Friona Saturday for the District 3-AA Interscholastic League literary contests. The Friona schools will host students both in high school and junior high competition.

About 131 students will make up the entry list in 12 contests in the high school division. Some 125 students will compete in the seven divisions of the elementary school contests.

Muleshoe has the most entrants in the high school division, 38. Olton has 27, Friona and Dimmitt 23 and Morton 20.

Friona entries in the high school division by event include: extemporaneous speaking -- Linda Rector; persuasive speaking -- Darrell Anthony and Brenda Deaton; poetry interpretation -- Bob Welch and Paula Phillips; ready writing -- Carol Ray and Neel Lyles.

Spelling and plain writing -- Karen Osborn and Julia Dennis; typewriting -- Tom Gee, Diana Taylor and Fleta Smith; shorthand -- Janet Buckley and Gayle White; prose reading -- Dwight Bates and Carolyn Gunn; number sense -- Jimmy Schilling and David Talley;

science -- Max Reeve, Cheryl Neill and Rex Nelson; slide rule -- Jimmy Schilling and David Talley.

Friona had no entries in the

(Continued on Page 2)

P-TA Conference Drew 219 For Meet

A total of 219 persons attended the annual conference of District 8 Parent-Teachers Association in Friona last Thursday.

Bob Wear, minister of the Central Church of Christ, Canyon, presented the conference theme, "Homes Create Community Strength Through Good Citizenship."

Wear told the general assembly "If we're going to have

better citizenship and strong citizens, we will have to begin at home. If there is any hope for our survival as a nation it will have to come through re-organization and re-vitalization of the home," he said.

"We are living in a time when efforts are being made to find a substitute for the home. All types of organizations are trying to do the work the Lord assigned to the home," Wear stated.

The minister pointed out that the home is older even than the Church, and that it is the place to learn patriotism and religion.

Nine workshops were conducted Thursday morning, with a variety of subjects discussed. One of the more popular was the group on Legislation, which discussed the controversial local unit ballot, which is to be acted upon by each local unit.

Bill Dupree, principal of the South Georgia Elementary School in Amarillo, led the discussion group. "The main thing (Continued on Page 2)

Council Filled In Light Turnout

With no opposition and no organized write-in campaign, Tuesday's city election passed almost unnoticed in some corners.

Three new councilmen, J. E. (Ed) Hicks, Glen C. Stevick and Joe Talley were elected with only 55 persons casting ballots.

Hicks received 53 votes, Talley 52, and Stevick 44. There were nine write-in votes. Those receiving votes were Ralph Smith, 3; J. C. Claborn, 2; Buddy Lloyd, 1; Howard Mayfield, 1; Mac Batnum, 1; Henry Lewis, 2; Ralph Roden, 1; Bill Stewart, 1; and Wright Williams, 1.

Councilmen whose terms expired were Wright Williams, Kenneth Williams and Bill Nichols. Nichols moved from the city about a month ago, and the other two incumbent councilmen chose not to run for re-election.

A special council meeting Tuesday night declared the election results, and mayor Raymond Fleming swore in the three new councilmen, who will serve two years. Holdover councilmen are Glenn Reeve,

Sr., Ralph Taylor and the mayor.

The new councilmen were given a review of Friona's council-manager form of government by City Manager Arley L. (Jake) Outland.

NEW COUNCILMEN . . . Mayor R. L. Fleming is shown swearing in the three new Friona city councilmen, Joe Talley, Glen Stevick and Ed Hicks. The three were unopposed in Tuesday's election.

Chiefs Hope For Second In District

The Friona Chief track squad will join three other teams in a battle for second place at the District 3-AA track and field meet Friday at the Springlake track.

It is generally conceded that the Muleshoe Mules will walk away with the district track title, leaving the other four district teams battling for the runnerup spot.

The Mules, with outstanding relay teams (including top mile relay time in Region I) should annex the district track title to go with the football crown they won last fall. They were runnersup in the basketball race to Dimmitt.

The Chiefs, meanwhile, will try for their highest district finish this school year. A dead last in football, where they failed to win a game, Friona was third in the basketball chase, and with a good showing, can improve their standing a rung in the district track meet.

Friona outscored two district teams last week at the Kress Invitational track meet - Olton and Dimmitt, while Muleshoe and Morton were competing at Amarillo.

Sprinter Everett Gee has been the most consistent pointgetter for the Chiefs in two meets. Last week Dwight Bates won the 880-yard run, but will run into James Cowell of Dimmitt in the district meet. Cowell, Dimmitt's main track threat, has the best time among regional performers in the event.

The Chiefs' 440-yard relay team also copped first-place and an attractive trophy at Kress, but will have to contend with Muleshoe, which has posted better times.

Coach Kenneth Miller has entered men in each of the 14 events. Those placing first or second in the district meet will be eligible to enter the regional meet April 19-20.

Those entering from Friona, by event, are:

440-yard relay-David Carson, S. D. Balze, Gee and Bob Welch.

880-yard run-Bates, George Rushing Jackie Clark.

120-yard high hurdles - Wayne Jones.

100-yard dash-Gee, Carson, Balze.

440-yard dash-Gary Renner, Tex Phipps.

180-yard low hurdles-Jerry Parker, Doug Dodd.

220-yard dash-Gee, Balze, Welch.

1 mile run-Ronald Awtrey, Numan Loanman and Eric Rushing.

1 mile relay-Phipps, Bates, Renner and Parker.

Pole vault-Glenn Herring and Tommy Baxter.

High jump-Larry Buckley, Dale Milner and Milton Hargus.

Broad jump-Gee and Milner.

Shot put-Max Reeve, Milner and Renner.

Discus throw-Reeve, Dodd.

District Meet

(Continued from Page 1)
 debate division, a contest that only two district schools -- Muleshoe and Olton -- entered. Most of the high school events begin at 9 a.m. Saturday in rooms in the high school building. Exceptions will be the shorthand and slide rule contests, which start at 10, and prose reading, which begins at 10:30 a.m.

Raymond Cook, principal of Friona High School, is district chairman of the high school

contests. In the grade school division, Friona has entrants in each of the seven divisions. In declamation, Friona entries are John Bill McFarland and Terri Lynn Wilson, with Ricky Hurst and Betty Taylor as alternates. Number sense entries are David Smith, Martha Martin and Dennis Fallwell, Susan Neill is alternate. In ready writing, Don Hoover and Jim Bob Jones are

entrants, with Jerry Coker as alternate. Fifth and sixth grade entrants in spelling and plain writing are Janet Mingus, Susan Vestal, Darla Perkins and Bernard Binger. Doris Ferguson and Danny Carhel are alternates. Seventh and eighth grade entrants in spelling and plain writing contest are David Smith and Darla Howell. Lyda Buske is alternate. Sally Kendrick and Richard Shirley are entered in the story telling contest. Ann Hurst is alternate.

Two teams are entered in the picture memory contest. Team one is composed of Susan Vestal, Donny Carhel, Becky Neill, Kelly Barber, Risa Howell, Larry Johnston, Connie Huereca, Richard Dickson, Terri Schueler, Sherry Walker, Bruce Fite, Kenneth Watkins and Randy Mabry.

Team two is made up of Johnny Ellen Cudd, Dale Schueler, Mike Buchanan, John Bingham, Debra Wyly, Rita Mullins, Cyndee Bailey, Lana Morris, Lana Renner, Debra Mears, Freddie Bailey, Glenda Deaton and Regina Gay Duke.

Alternates in the picture memory division are Patsy McVey, Ester Nabours, Gloria Brown and Joe Bill Jones. Tom Jarboe is directing the elementary school division. Schools entered besides Friona are Olton, Morton, Richland Hills and Mary DeShazo elementary schools of Muleshoe. Dimmitt may enter, but no entries had been received as of Tuesday night.

Elementary contests will be held in the junior high building, beginning at 9 a.m., with the exception of picture memory, which starts at 10:30 at the cafeteria; story telling, 10:30 in Room 8 of the elementary building, and number sense.

Convention--

(Continued from Page 1)

by president of each county council, telling of the work done in each county.

Also in the afternoon session, reports will be given on the workshops. An address, "How THDA Grows in Your County," will be given by Mrs. Glynn Harrell of the Castro County HDA.

Mrs. R. A. Hodges, district director, will preside over the convention. Mrs. Vernon Symcox, county THDA chairman, and Mrs. John D. Sanders, county council chairman, are co-chairmen for the convention.

One of the main items of business at the convention will be the report on resolutions to be presented at the state convention, which will be held in San Antonio in September.

The Hub Home Demonstration Club is in charge of the noon meal Thursday. Friona and Black clubs have charge of the coffee. Oklahoma Lane members will register the visitors. The Midway club will register the board members. Rhea and Northside clubs are in charge of the lunch tickets. Lazbuddie is furnishing typists for the convention.

Each of the eight clubs in Parmer County is furnishing two pages to help with the convention.

In The Courts

CORPORATION COURT

The following cases were tried before Judge Thelma Jones in the City of Friona Corporation Court for the period ending April 1:

Ranza B. Boggess Jr., muffler violation.
 Enrique Rodriguez, no driver's license.
 John Michael Wilson, left turn from wrong lane.

Albert Lee Chesher, improper start from a stopped position.
 Kenneth Summers, drunk in public.

Lavinda Ann Cheek, no valid driver's license in possession.
 Randa Carmona, no driver's license.

William Russell Scales, improper start from stop.
 Nativida Ramos, possession and consumption of alcoholic beverage.

Sam Solts, possession and consumption of alcoholic beverage.
 Domingo Sanchez, possession and consumption of alcoholic beverage.

J.P. COURT

The following cases were tried

before Judge Walter Lovelace in Friona's Justice of the Peace court for the period ending April 1.

Gerald Loftis, speeding 76 miles per hour in 55 mph zone.

Glen Evan Reeve, selling an unregistered car.

James Robert Allison, speeding 75 miles per hour in 55 mph zone.

Rudolph Oballe, no driver's license.

William Malone, speeding 70 miles per hour in 55 mph zone.

P-TA Sets

Dues Deadline

Parents of students in Friona schools will be eligible to vote in upcoming P-TA elections if they pay their annual dues by Friday, according to a spokesman for the P-TA.

Dues are 50 cents per parent or \$1 for both. The dues may be sent to the principal of the school the student attends. Next meeting of the P-TA is Thursday, April 18.

P-TA Conference--

(Continued from Page 1)

to remember is that the ballot is merely a description of the legislative program of the National P-TA in ballot form," Dupree said.

"Don't let it (the ballot) hurt your P-TA," Dupree cautioned. He recommended that local groups which had not acted on it to study the ballot individually and then discuss it in an open meeting before taking any action.

In a board of managers meeting following the conference, Tullia was awarded the con-

ference for 1964. Textline P-TA was awarded the attendance prize on the basis of percentage of membership present. Wil-dorado was second.

Friona was complimented on its role as host for the conference. The number who attended was smaller than anticipated, but all concerned voiced their approval with the conference as a whole.

SCHOOL HOLIDAY

School will dismiss in Friona at 3 p.m. on Friday, April 12, and resume Tuesday, April 16, after the Easter weekend.

ASK ME ABOUT MY BUSINESS

WILL GO TO JAPAN

Burton Tells History, Details Of "Crusade"

(Editor's note: This is the first in a series of articles by Friona's ambassadors to Japan for the Japan "New Life Movement.")

By Rev. Bill Burton

I have been asked to write a few impressions about the coming Japan Baptist New Life Movement. First I confess that should I list them all, there would not be room in this edi-

tion, but I shall try to relate the most important.

The idea originated in the heart and mind of one of our Southern Baptist Missionaries to Japan . . . W. H. "Dub" Jackson. He had opportunity to come to the U.S.A. and to speak to the Texas Brotherhood Convention meeting at Waco, Texas. He challenged Texas Baptist men to send 1,000 laymen and preachers to come to Japan to preach Christ to a people who

had been placed in a religious vacuum since the war. The men accepted the challenge. The issue was brought before the Baptist General Convention of Texas. The Convention voted approval to help sponsor the Crusade. The Baptist Convention of Japan extended the invitation. The Foreign Mission Board of the Southern Baptist Convention approved the endeavor.

During all of these preliminary proceedings, my heart was stirred by the gigantic possibilities this might afford, but little did I ever feel that I would be included to have a part. Soon a committee was selected to extend invitations to preachers and laymen. During the Convention which met in Austin, Texas when the General Convention voted to sponsor the Crusade, I had opportunity to have fellowship with Dub Jackson. One couldn't be around him long without feeling the enthusiasm he had, and the burning zeal which was his for the people with whom he worked there in Japan. He made us all feel that this was indeed an appointment with destiny. During this time of association we worked out a schedule with Dub to come to Friona to speak. This was Sunday, December 17, 1961. We had 335 in Training Union that Sunday night, and his enthusiasm was again felt, and by our people.

On Sunday, February 18, 1962 our church voted to send their pastor to the 1963 Crusade if he should receive an invitation to participate. On September 14, 1962 I received an invitation from the Japan Baptist Convention, the Baptist General Convention of Texas, and the Foreign Mission Board to go to Koga, Japan on Team D, leaving April 22, 1963.

During all of this time I simply prayed that if it were the Lord's will that I go that He would open the way. If it wasn't His will I had no business going anyway. The church has been so kind and generous in making this possible. They have even made it possible for Mrs. Burton to go too. To them and to the people here in Friona who have also had a part, we shall be eternally grateful.

Now as the time approaches, how do we feel? There have been endless details of preparation. We have secured passport pictures and birth certificates and hence the Passports. We have had a number of (ugh) shots. We have sent in for Visas to the foreign countries. We have been trying to learn some words which we might need and use in Japan. We have been in constant communication with Pastor Kenji Tsumuri, Pastor of the Koga Baptist Church which has 40 members. Since this assignment, we have also received invitation to conduct a meeting immediately following this one in Hong Kong. We will be with Pastor John Cheung and the Shatin Baptist Chapel, Shatin, N.T., Kowloon, Hong Kong. We are beginning to feel the butterflies. We hold not our lives dear in the Lord's

March 1 -- Cynthia Louise Dowler, six pound, 11 ounce daughter of Mr. and Mrs. James Dowler, Friona.

March 5 -- Mark Douglas Sims, eight pound, two ounce son of Mr. and Mrs. Andrew David Sims, Bovina.

March 18 -- Darrell Wayne Ketchel, six pound, 13 ounce son of Mr. and Mrs. Leon Ketchel, Route 3, Friona.

March 19 -- Thomas Miller Young, seven pound, 10 ounce son of Mr. and Mrs. Albert Monroe Young, Hereford.

March 19 -- Sidney Lloyd Lookingbill, seven pound, three ounce son of Mr. and Mrs. Billy

work, but the thought of speaking through an interpreter to a people who do not understand is causing some concern. We leave three children at home which is not easy. We leave a church for one month, and this is not easy.

The plane will leave Lubbock at 8:30 a.m. Monday, April 22. We hope to be back Sunday, May 19. We will go to Los Angeles, Calif. then to Seattle, Washington, then to Anchorage Alaska and Tokyo, Japan. We then go to the Hong Kong meeting, then two days in Manila and then to Hawaii and Los Angeles and back home. We feel deeply our need of prayer and God's help. This is not a vacation and pleasure trip. This is an appointment with destiny, and we will be Missionaries from Friona for a month. True, we will see a lot, and we hope to be able to share many wonderful experiences with all of the wonderful people here at home. We hope to bring back items and films of interest for you to see. Thank you again. First Baptist Church and friends, and please pray for us.

Lions Schedule Club Broom Sale Monday

The Friona Lions Club will stage its annual broom sale in cooperation with Caravan Sales For the Blind Monday in Friona. Housewives are reminded that they may purchase a variety of household items from members of the club, which will canvass the city.

Included in the items which the Lions will sell are several kinds of brooms and mops;

Lloyd Lookingbill, Route 3.

March 20 -- Jerry Kemp Northcutt, Jr., eight pound son of Mr. and Mrs. Jerry Kemp Northcutt of Route 2.

March 23 -- Michael Lee Page, seven pound, three ounce son of Mr. and Mrs. James Earl Page, Grady, N. M.

March 23 -- Angela Lea Jesko, seven pound, five ounce daughter of Mr. and Mrs. Lee Dennis Jesko, Route 3, Mulshoe.

March 23 -- Lester Duane Cole, seven pound, 13 ounce son of Mr. and Mrs. Lester William Cole, Friona.

March 28 -- Robert Howard Osborn, Jr., six pound, nine ounce son of Mr. and Mrs. Robert Howard Osborn, Friona.

March 28 -- Julie Renay Lorenz, six pound seven ounce daughter of Mr. and Mrs. Maurice William Lorenz, Farwell.

mop heads and handles, brushes, cup towels, dish cloths, ironing board covers and pads, pot holders, dust cloths, aprons, rakes, and other items which will be needed now that spring is here.

Members of the club will canvass the entire town, as well as sending delegates to Hub and Black.

Club members who are heads of committees to work the town include Hollis Horton, J. C. Claborn, George Jones, Newman Jarrell, Jr., John T. Wilson, Danny Mac Balmun, Flake Barber, Wesley Barnett and Wes Long.

The sale will start at 9 a.m. and last until 2 p.m. If anyone isn't contacted, they may call Lions secretary A. L. (Jake) Outland at 8311.

Parmer Bond Sales Are Behind Schedule

February Savings Bond sales in Parmer County totaled \$2,718. This announcement was made recently by Frank A. Spring, Chairman of the Parmer County Savings Bonds Committee. Sales for the first two months of 1963 were \$5,006, which represents only 6.3 per cent of the 1963 sales goal. Parmer County raised 181 per cent of its goal in 1962.

Bond sales in Texas for the first two months of 1963 were \$28,367,297 and 18.8 per cent of the 1963 sales goal of \$150,600,000 has been achieved. "According to a report just received, hundreds of civic, fraternal, business, labor, professional and women's organizations are assisting the Treasury Department in urging all Texas families to buy a Savings

Bond before the Fourth of July. Lions, Civitan, Kiwanis, VFW, Texas AFL-CIO, American Legion Auxiliary, and Texas Federation of Women's Clubs are only a few of the clubs that are cooperating in this year's Freedom Bond Drive," Chairman Spring advised.

FRIONA CONSUMERS

Ph. 9071 Or 2121

Mr. and Mrs. Charles Myers Jr. have announced the engagement and approaching marriage of their daughter, Patricia, to Charles Leonard Bass, son of Mr. and Mrs. Estie Bass. Wedding vows for the couple will be read at 7:30 p.m. April 20 at First Baptist Church. They are both graduates of Friona High School. Invitations are not being mailed locally, but friends and relatives are invited to attend.

Bride Elect Honored With Party Tuesday

Miss Janet Buckley, bride-elect of Jobey Claborn, was guest of honor at a party in the home of Mrs. Tom Lewellen Tuesday afternoon at 4:30.

The serving table was centered with a cake in the form of a bride, surrounded by pom-poms and daisies.

Preceding a scrambled word game, a reading portraying the future life of the couple was given by Kay Burleson. Favors were miniature announcements with pictures of the couple and an engagement ring.

Hostesses with Mrs. Lewellen were Mrs. Joe Lewellen, Mrs. Delton Lewellen and Mrs.

Gary Goetz. Signing the guest register were Mesdames Jimmy Buckley, Jay Claborn and Forrest Osborn.

Also Kay Burleson, Carol Ray, Mary Knight, Gayle Green, Teto Jennings, Linda Davis, Sheryl Long, Willene Baxter, June Phillips, Cynthia Gunn, Wanda Ready, Eve Braunschweiger, Iva Ben Parr and Cathy Bailey.

Also Lois Moyer, Wessie Hand, Nan Lillard, Carolyn Herring, Martha Knight, Carol Struve, Sandra Hoover, Margaret Duggins, Diana Taylor, Kay Neel and Marca Lynn Masie.

Special Services Announced

The Friona Minister's Alliance met April 2 at the Union Congregational Church. The member churches announced the following special services and programs that have been planned for the Easter season.

First Baptist Church: Easter Cantata, 7 p.m. April 7. This cantata will be a musical production written by John W. Peterson entitled "Hallelujah, What a Saviour."

Calvary Baptist Church: Easter Cantata 7 p.m. April 14. Union Congregational Church: Good Friday communion serv-

ice 8 p.m. Friona Methodist Church: Evangelistic service directed by Rev. Clifford Trotter, pastor of First Methodist Church at Dumas, 7:30 p.m. Wednesday, April 3; McMurry College Choir, musical program 7:30 p.m. Thursday, April 5; evangelistic service and communion, 7:30 p.m., Friday April 6.

Member ministers wish to urge all people to make every effort to attend regular worship services of the churches during this Easter season.

Of Interest To THE WOMEN

TWO FRIONA clubwomen were honored by the Caprock District Federated Women's Clubs last Friday. Mrs. Roy Miller was named Woman of the Year for the district and Mrs. O. J. Beene was named Teacher of the Year. Seated is Mrs. Bob Rietzmayer, president of the Modern Study Club of Friona.

Club Awards Announced At Banquet In Lubbock

Two local women, Mrs. Roy V. Miller Sr. and Mrs. O. J. Beene, were named first place winners in contests at the Caprock District Federated Club Banquet in the Colonial Room of the Pioneer Hotel in Lubbock Friday evening.

This banquet is the highlight of the annual convention. Local club members attending were Mrs. C. W. Dixon, Mrs. Wesley Hardesty and Mrs. Carl Maurer, representing the Friona Woman's Club; Mrs. Mack Batnum, Mrs. Dan Eth-

ridge and Mrs. Charles Allen from the Modern Study Club; and Mrs. Walter R. Rietzmayer, Mrs. Newman Jarrell Jr. and Mrs. Mack Ragsdale of the Progressive Study Club.

Mrs. Miller was named "Mother of the Year" and Mrs. Beene was named "Teacher of the Year". Both these women are members of Modern Study Club, but were sponsored in the contests by the Progressive Study Club.

Members of the community service committee of the sponsoring club are Mesdames George Anderson, chairman, Tom Pruett, Andy Hurst, Wesley Barnett and Mack Ragsdale. Information on each entrant was compiled and combined in book form for the contest entries.

Outstanding events relating to community service in the lives of Mrs. Miller and Mrs. Beene in this and other communities were recorded in the books. These books have been sent to Austin and will be eligible for state competition.

The Progressive Study Club yearbook, a colorful handbook using the theme "Our Children's Heritage" also won first in the yearbook contest. Members of the program-yearbook committee are Mrs. Bill Sheehan, chairman, Mrs. M. C. Osborn, Mrs. Tom Jarboe and Mrs. Homer Lindeman.

This club also placed in the "Family Living and Child Development" contest in the "Home Life Department."

Classes To Present Festival

The grade school music classes will present their spring concert Friday, April 5, at 7:30 p.m. in the High School Auditorium under direction of Mrs. Carolyn Kite.

The fourth graders will sing songs of spring, "Peter Cottontail" and songs of Easter. Special numbers will be sung by Cyndee Bailey, Charlotte Livingston, Gay Welch, Esther Smith and Debbie Burton. A special number, a pantomime by John Bingham, will be of interest to golf players.

Fifth graders will present a short skit entitled "Our American Music," by Maurine Wagner. Characters are Sherry Woodruff, Dean Agee, Connie Huereca, Susan Vestal, Sally Howard, Carlene Creeson, Rita Morris and Melva Rule.

Also Jackie Jones, Randy Campbell, Isidore Cordova, Jan Jameson, Sherry Walker, Gail McAllister, and other members of the choir.

Folk songs from all over the northern, southern and western sections of our nation will be sung by the sixth graders.

Mrs. Kite invites everyone in the area to attend the program.

MR. AND MRS. BOBBY FULKS

Marilyn Brandon Weds Bobby Fulks

Miss Marilyn Brandon became the bride of Bobby Fulks in the home of her parents, Mr. and Mrs. C. R. Brandon of Bovina, at 2:30 p.m. Saturday. Parents of the groom are Mr. and Mrs. Neal Fulks, Friona.

The double ring vows were read by Rev. John Ferguson, pastor of First Baptist Church, Bovina, before an arrangement of pink daisies and pink stock.

The bride, who was given in marriage by her father, wore an aqua street length dress with a slim skirt, jewel neckline and three quarter sleeves. Her veil was attached to a white pill box hat and her corsage was of white orchids.

An heirloom lavalere, which had belonged to her grandmother more than 50 years, a blue garter, which was a gift from Mrs. Jessie Williams and a penny, minted in the year of her birth, worn in her shoe carried out the traditional something old, new, borrowed and blue and good luck charm.

Mrs. Glenn E. Reeve Jr., sister of the groom, of Friona was Miss Brandon's matron of honor. She wore a mint green dress with black accessories and a white orchid corsage.

Glenn E. Reeve Jr. was best man. Hosts for the reception, which followed the ceremony, were parents of the bride. A white

two-tiered wedding cake topped with wedding bells and pink roses centered the serving table, which was covered with a white organdy cloth bordered with pink linen and appliqued with sprays of pink roses.

For travelling Mrs. Fulks chose an apricot three piece knit suit, white accessories and her bridal corsage.

Mr. and Mrs. Fulks are at home in Friona. He is an employee of City Body Shop. She is a graduate of Bovina High School and former employee of Plains Publishers.

Out-of-town guests were Mr. and Mrs. Ramey Brandon and David of Lubbock, Mr. and Mrs. Joe Stephens of Matador and Virginia Fulks, Donna Fulks and Glenda Reeve, all of Friona.

It's A Boy For Osborns

Robert Howard Jr. is the name Mr. and Mrs. Robert Howard Osborn chose for the baby boy born to them at 12:05 Thursday morning at Farmer County Community Hospital. He weighed 6 lbs. 9 ozs.

Grandparents are Mr. and Mrs. Sloan H. Osborn and Mr. and Mrs. W. S. Ingram, all of Friona. Mrs. J. B. McFarland of Friona is one of the great-grandmothers.

Dinner Party Honors Buske

G. B. Buske, who was observing a birthday Saturday, was guest of honor at a dinner party in the family home on Euclid Avenue that evening.

Out of town guests were Mr. and Mrs. Ken White and Judy, Mr. and Mrs. Jack Copeland and Mr. and Mrs. Benny Hardesty, Chuck and Kathalynn, all of Clovis, and Mr. and Mrs. D. C. McWhorter of Hereford.

Others attending were Mr. and Mrs. Philip Weatherly, Park and Pepper; Bro. and Mrs. Bill Burton, Pat, Billy and Debote; Mr. and Mrs. Noyle Wood, Jonelle and Eddie; Mr. and Mrs. A. L. Black and Danny; Mr. and Mrs. Paul Fortenberry, Mrs. Mae Magness and Mrs. G. B. Buske and Kim

I. V. Day Has Guests

Mr. and Mrs. E. A. Schmidt, Glenview, Illinois and Mr. and Mrs. T. E. Armstrong, San Bernadino, Calif. were guests in the home of Mrs. I. V. Day last week.

Weekend guests in Mrs. Day's home were Mr. and Mrs. E. R. Day Jr. and children of Lubbock.

Girl Born To Jerry Browns

Mr. and Mrs. Jerry Brown named the baby girl born to them at 5 a.m. Saturday, March 30, Jana Renee. She was born in Farmer County Community Hospital and weighed 6 lbs. 11 ozs.

Grandparents are Mr. and Mrs. Arthur Drake of Friona and Mr. and Mrs. R. V. Brown of Levelland. Mrs. A. O. Drake also of Friona, is the maternal great-grandmother.

O. L. (Mac) McMurtrey

McMurtrey Is New Manager

Stockholders of the Friona Country Club Gin announced this week that O. L. (Mac) McMurtrey, 36, has been hired as manager of the gin, replacing Steve Hargus.

McMurtrey, a resident of Friona since 1952, has had six years of experience in the gin business. He helped build the Fleming and Son gin south of Hub, and worked with that gin for six years.

He worked as a salesman for Brown Supply in the Friona area for two years, and has been with Hub Grain Company for the past three and one-half years as a bookkeeper.

McMurtrey and his wife, Helen, have two boys, Darrell, 7, and Claude, 9.

Youth Arrested After Breakin

Johnny Star, Jr., 21, of Newkirk, Oklahoma, was jailed on a burglary charge last week following a break-in attempt at the Black Mercantile store in Black last Thursday morning. Star broke the window of the store operated by L. L. Deaton, and started to enter the store when he was frightened away by Deaton, who was aroused by the noise. Deaton lives in back of the store.

Star was then picked up moments later after Deaton called Friona law officers. Bill Morgan apprehended Star as he walked along Highway 60 toward Friona, about a mile out of Black.

The colored youth told officers he "was hungry." Deaton said there were crates of bananas outside the store which had been left there by a truck earlier in the night.

Friona officers and county sheriff Charles Lovelace investigated another break in in Friona Thursday at the Hughes Barbecue Stand, where a burglar raided the company's cigarette machine.

MR. AND MRS. C. B. EDDINS

Cordelia Parr Weds C.B. Eddins Jr.

Wedding vows were exchanged between Cordelia Parr, daughter of Mr. and Mrs. Roscoe Parr Sr., and C. B. Eddins Jr., son of Mrs. C. B. Eddins Sr., Center, Texas, at 5 p.m. Wednesday in Fellowship Hall of First Baptist Church.

Rev. Bill Burton, pastor, read the double ring ceremony before an arch of greenery centered with a white wedding bell and entwined with miniature wedding bells. Bouquets of white chrysanthemums flanked the arch.

Traditional wedding music was by Miss Brenda Deaton at the piano. She also accompanied Mrs. Edward Gunnels of Clovis as she sang "Because" and "Always."

Mrs. Gunnels, cousin of the bride, was also the matron of honor.

Best man was Roscoe Parr Jr., brother of the bride.

The bride, who was given in marriage by her father, wore a floor length gown of white or-

gandy topped with a white lace over blouse. Her finger tip veil was attached to a crown of red roses. Her corsage was of red roses and white stephanotis.

Special guests were Mrs. Florence Parr, Hereford, and Mrs. W. A. Beazley Clovis, grandmothers of the bride. The groom presented each grandmother with a corsage of red roses.

A reception followed the ceremony. Punch and wedding cake were served from a table covered with a white crocheted cloth.

Mrs. Eddins is a former student of Friona High School and West Texas State College at Canyon. Her husband attended Center High School and is currently farming.

Following a brief wedding trip Mr. and Mrs. Eddins are at home at 709 Grand Street.

MR. AND MRS. INDALECIO BENGEOA

Rando - Bengoa Wedding Vows Read Recently

Leonora Rando became the bride of Indalecio Bengoa in a formal ceremony at First Baptist Church at 2 p.m. Sunday, March 17. Rev. Joe Garcia, read the double ring ceremony. He was assisted by Rev. Jimmy Timmons, Hereford.

Parents of the couple are Mr. and Mrs. Santos Rando, Friona, and Mr. and Mrs. Eustralia Bengoa, pastor of Baptist Mission at Dimmitt.

The maid of honor was Angella Gutierrez, Natalie Maruffo and Virginia Rando, sister of the bride, were bridesmaids. Jackie Rando was the flower girl and Johnny Rando was the ring bearer.

Javier Enterrez, Hereford, was best man and groomsmen were Santos Rando Jr. and Joe Garcia Jr.

The bride, who was given in marriage by her father, wore a formal wedding gown of white peau de sole and Chantilly lace. The fitted bodice featured a round neckline and long sleeves which ended in points over her hands. Her veil was of tulle and illusion.

Bridal attendants served wedding cake and punch. The white three tiered cake formed the centerpiece on the serving table.

Mr. and Mrs. Bengoa are at home in Dimmitt.

Mothers, Dads Guests At FHA Salad Supper

Highlights of National FHA Week in Friona was a salad supper in the school cafeteria at 7 p.m. Tuesday. Guests of honor were mothers and dads of members of the Friona chapter. Other guests were Raymond Cook, high school principal, Mrs. Dorothy Hough and several persons from Hereford.

Heather Gordon, a native of Johannesburg, South Africa, and foreign exchange student at Hereford, was guest speaker of the evening. Sharon Reeve, president, recognized guests and gave the welcome address.

Miss Gordon was introduced by Marca Lynn Massie, chairman of the entertainment committee. The Trebelaires, under direction of Mrs. Roy V. Miller Sr., sang "The Easter Parade."

Table decorations were pastel colored runners and Easter eggs in baskets of green grass. Merylene Massie was chairman of the decoration committee.

Sharon Dean served as chairman of the foods committee. She was assisted by Nan Lillard. Hospitality chairmen were Karen Osborn and Nan Lillard. The clean-up committee was headed by Julia Dennis.

Mrs. Ernest Osborn and Mrs. Dalton Caffey, home making instructors, assisted with hospitalities.

Following Miss Gordon's report on the geographical location of her country, she explained many social, religious and political aspects of the entire continent of Africa as well as her own native land. Colored pictures, made in South Africa illustrated her talk, which was followed by a question and answer session.

Other FHA activities this week included church attendance on Sunday, wearing of FHA colors, red and white, on Monday, and "Howdy Day" Wednesday.

Thursday afternoon the Homemaking 1 girls will be hostesses at an informal tea in the homemaking laboratory. Guests will be eighth girls and their mothers. Lois Moyer will register guests and they will be welcomed by Sharon Reeve, president.

"What FHA Means To Me" will be the topic of discussion of Marca Lynn Massie. The purposes of the organization will be explained by Karen Osborn and Sharon Dean. An explanation of the meaning of the emblem will be presented by Sheryl Long.

Friday will be "Be Kind To Teachers Day." White tags with FHA in red are being worn by members of the chapter all week. Each member is required

FRIONA LANES

Many nice compliments have been paid the Friona Squaws by news reporters and radio announcers since they first appeared on the floor at Gregory Gym in Austin during the state basketball contests. Coach Duggins and each member of the team deserves a pat on the back for the good will Friona has received as a result of their good sportsmanship.

One of the nicest and most unexpected bouquets I have heard about came early this week in the form of a letter to Kay Burleson from University of Texas student, Kay brought it in for me to read, and I secured her permission to share it with readers of this column.

It reads as follows: "Dear Kay, I would like to take this opportunity to congratulate your fine basketball team for their winning of third place in the Texas Interscholastic League Basketball Tournament this year.

Your team was my favorite of all the teams which played in the tournament. Throughout the entire tournament your team exemplified the best of sportsmanship and it was really a pleasure to watch you play. I feel that your team was a wonderful example of the ideals of sportsmanship, team work and town support.

I attended high school in Baytown, Texas, which is a 4A high school with over 2000 students in grades 10-12. Our girls are not allowed to compete in any sport except tennis, so I had never seen a girl's basketball team play until last year at the state tournament.

I was amazed and very surprised to learn that girls could play the game so well. When we played basketball in our physical education classes at school, it looked more like a Chinese fire drill than anything! It was quite a different sight that the teams such as yours which I saw at this year's tournament. Congratulations, once again, to you, Janet, Sandra, Teto and all the rest of your fine basketball team.

Best wishes for continued success in the future. May God bless you and keep you.

Sincerely, Molly Hornsby, Senior UT '63."

ESCAPE ARTIST

If you'd like to escape everything but pure enchantment, try this Chevy II Nova SS with full Super Sport equipment. Special instrument cluster. Front bucket seats. All-vinyl interior. Distinctive SS identification. Full wheel disks. Choice of three-speed shift or floor-mounted Powerglide automatic* with sporty range selector console.

All this plus Chevy II standard features: flush-and-dry ventilating system that helps remove rust-causing elements from rocker panels; battery-easing Delco-tron generator; convenient self-adjusting brakes; longer lasting exhaust system; styling fresh as morning coffee, poured into a rugged Body by Fisher—and more. You'll find two can live as cheaply as one—when they're living it up in a new Chevy II! *Optional at extra cost.

CHEVY II

Chevy II Nova 400 SS Convertible above. Also available as SS Coupe. Super Sport equipment optional at extra cost. Also a choice of 10 regular Chevy II models.

NOW SEE WHAT'S NEW AT YOUR CHEVROLET DEALER'S

REEVE CHEVROLET COMPANY

510 Main Street Friona Phone 2021

Neither Kay nor any of the other girls remember meeting Molly, so the letter was quite a surprise.

Arthur Drake and Dub Ingram have recently been named to the "grandpas for the first time" set. Dub, who farms near Hub, became a grandfather a few days before Arthur, who manages Friona Wheat Growers, did, so guess that puts him in the category of an "older grandfather."

Dub's grandchild is the son of Mr. and Mrs. Robble Osborn and Arthur's is the daughter of Mr. and Mrs. Jerry Brown, who was born Sunday. Congratulations Grandpa Ingram and Grandpa Drake.

Who has lost a flock of geese? Mrs. W. H. Flipplin Sr., who lives east of Black called to report that six big grey geese had strayed to her farm home. They are big nice looking geese and Mrs. Flipplin has to keep them penned up to keep dogs from killing them.

If anyone knows where these geese belong, please call Mrs. Flipplin. Her telephone number is Hub 2618.

Mr. and Mrs. C. B. Eddins Jr. will have no difficulty in future years remembering birthday and anniversary dates, because for them there will be no plurality.

The couple learned some time ago that they shared the same birthday, so planned their wedding for that day. It will not be necessary for them to think in terms of "your birthday," "my birthday", or "our anniversary". Perhaps they can

Big Enough To Accommodate - Small Enough To Appreciate

MAKE DEMONSTRATION . . . Members of Boy Scout Troop 56 were guests of the Friona Lions Club last Thursday. Johnny Barker, Gary Shirley and Eddie Barker demonstrate the Scout first aid kit, taken on all hikes and camping trips.

Husbands Guests At Study Club Meeting

Husbands of Progressive Study Club members were special guests at the Tuesday evening meeting at Friona's Federated Club House. The buffet menu consisted of rolled roast, gravy, green bean casserole, baked potatoes, tossed salad, hot rolls and assorted pies.

The serving table was centered with an Easter basket filled with jonquils, forsythia and tulips. Yellow candles in silver holders completed table decorations.

An Easter basket also centered the head table. Place cards were multi-colored Easter eggs with names printed in gold letters. Other tables were lighted with pastel color candles.

Sarah Barber directed singing of "Texas, Our Texas" and The Pledge to the Texas Flag. Bob Rethmayer led the invocation.

Guest speaker, Chester M. Rowell, assistant professor of botany and taxonomy at Texas Technological College in Lubbock, illustrated his talk on

Chanters Sing Here Tonight

The McMurry College Chanters, widely-known choral group, will perform tonight at the First Methodist Church here, beginning at 7:30 p.m., according to Rev. Russell McAnally, pastor.

One of the members of the Chanters is Jimette McLean, Friona High School graduate who is the daughter of Mr. and Mrs. James C. McLean.

The 55-voice choir is under the direction of Dr. Richard C. von Ende, chairman of McMurry's Fine Arts Division. The choir is in the midst of a 900-mile tour.

The Friona program will consist of sacred music, presented in five sections. Some of the numbers to be presented include "Venite," "How Shall I Fitty Meet Thee," "Glory To God," "Rock - a - My Soul," and "This Is My Commandment."

In And Around--

(Continued from P. 3, Sec II)

just observe March 27 as "our day."

A number of residents of West Fifth and Sixth Streets took advantage of Saturday afternoon's beautiful sunshine without any wind. Winifred Hurst eradicated some weeds from her front lawn. Mary Sheehan removed all the trash from her flower beds and James Procter and Leonard Nettles deviated from their regular routine by going riding on DeWayne's and Danny's motor scooters.

Several others in that neighborhood did yard work or just soaked up the sunshine. Beautiful afternoons like that make Tuesday's windy day bearable.

The newest item in my collection of humorous errors made by newspapers, other than the Star, came from a report of a beauty contest and went like this, "The winner walked across the state in a tailored suit, etc." Surely it wasn't a Texas contest.

The popularity of the automatic dishwasher is due to the fact most husbands would rather buy than be one.

"Panhandle Wild Flowers and Plants" with colored slides. Members of the social committee were hostesses.

Stork Shower Fetes Mrs. Eune Martin

Mrs. Eune Martin was guest of honor at a stork shower in Fellowship Hall of Calvary Baptist Church Thursday afternoon of last week from 2:30 to 5.

A yellow styrofoam stork surrounded by spring flowers formed the centerpiece of the serving table. Refreshments of lime sherbet punch and yellow, and green cake squares were served.

Hostesses were Mesdames Ira Holt, Charles Howell, Monte Fowler, Claude Porter and Max Self. A corsage of baby socks was presented to the honoree.

Others present were Mesdames O. L. McMurtrey, James Howell, Clarence Monroe, Ernest E. Martin, Mary Shackelford, Bill Sheehan, Lewis Jordan and Linda Jo and Ray Castleberry.

Mary Ann Stacy To Return Home

Mr. and Mrs. M. J. Stacy have gone to McAllen, Texas to visit Mrs. Stacy's parents.

Their daughter, Mary Ann, who has been recuperating from surgery at the home of her grandparents, in McAllen plans to return home with them.

Couple Initiated Into Rebekahs

Mr. and Mrs. Hop Lewis were initiated into Friona Rebekah Lodge at the Monday evening meeting. Following the initiation a salad supper was served.

Reports were made of 20 sick visits being made and 24 cards being sent.

Guests In Drake Home

Weekend guests in the home of Mrs. A. O. Drake were Mr. and Mrs. Josh Howard and son, Roger, of Abernathy. Howard is Mrs. Drake's grandson.

Sunday dinner guests were Mr. and Mrs. Arthur Drake Betty and Peggy and Mr. and Mrs. Earl Drake and sons. Betty Drake is a nursing student at Northwest Texas Hospital School of Nursing in Amarillo.

Mother, Dad--

(Continued from page 3)

to bake and sell a cake to a neighbor or friend. Proceeds from this project will go into the treasury.

Posters have been made and placed in several downtown locations by members of a committee headed by Sharon Reeve. She was assisted by Linda Rector, Marca Lynn Massie and Sheryl Long. Miss Reeve will receive her state FHA degree at the state meeting in Dallas April 19.

Displays for the high school building were made by Jeanne Taylor, Merylene Massie, Nan Lillard, Julia Dennis and Karen Osborn.

About 200 persons attended.

15-Acre Producers May Hold Key To Referendum

By Prentice Mills
ASCS Office Manager
(Note: The following article is the first in a series of ar-

ticles dealing with the coming wheat referendum.)

The voting or failure to vote by the 15-acre producer might very well be a controlling factor in the coming wheat referendum.

The 1964 wheat program provides for a significant change in the status of the small allotment of 15-acre wheat growers.

Under the program for 1964 and subsequent years, farms which grew wheat under the 15-acre rule will get an allotment based on their average planted acreage for 1959, 1960, and 1961, but not in excess of 15 acres.

Operators of farms such as these have not been eligible to vote in past referendums. However, it is possible for them to become eligible to vote in the coming wheat referendum.

Operators of these farms who register their intention to participate in the program (should the referendum carry) will be eligible to vote in the referendum.

If the program is voted in, and if they participate, these producers will receive marketing certificates and price support just as larger producers do.

They will also earn diversion payments. Entire farm allotments up to a maximum of 15 acres will be eligible for diversion.

In order for a small allotment farm operator to be eligible to vote in the referendum, it will be necessary that he file his intentions to participate with his ASCS office at least seven days prior to the date on which the referendum is to be held, in order that his name

be placed on the list of eligible voters.

A special notice will be mailed to each of these persons by the ASCS office approximately 30 days prior to the referendum date. This notice may be used to file his intention to participate in the program.

This procedure will have no bearing on the way the producer might vote in the referendum.

Operators of small allotment farms who do not wish to participate in the program may, without penalty, plant an acreage of wheat based on their 1959-60-61 wheat average, but not over 15 acres.

These farms will not be eligible for price support wheat certificates, land diversion payments, or to vote in the referendum.

Date Set For Wheat Voting

The Secretary of Agriculture has announced the date for the 1964 Wheat Referendum as Tuesday, May 21.

Prentice Mills, office manager of the Farmer County ASCS said that he anticipated that his office would mail acreage notices, yield and payment figures to county wheat farmers on or shortly after April 20.

WITH THE COUNTY AGENT

DERYL COKER

There is at the present time a great deal of interest in Sugar Beet production in Farmer County, and everyone is still in the dark as to what Holly Sugar Cooperation's schedule or plans are. They have advised me that their personnel will keep us informed.

Some of their personnel have moved into the Hereford area, and construction of their plant has started. Later on in the year they will contact people who are interested in growing beets and also start selecting growers.

Sugar beets are planted in February and March, and are harvested in the fall and winter.

Normally they are planted on 30-inch centers. Beets are not a hard crop to grow, but they are grown differently than cotton and grain sorghum.

Farm machinery dealers will handle some specialized types of sleds that will do the planting, incorporate the pre-emergence weed killers, do a precise job of planting, thin the beets, and also cultivate. These types of machines are not necessary because the flex planters we already have can be used, and flex planters do a good job. Sugar beets require more water and phosphorus than grain sorghum, but do not require very much nitrogen.

Sugar beets will fit into your farming operations real well, especially where you have excess acres.

Our office will try to keep everyone informed as we get ready to grow the 1964 crop.

If anyone should be interested or would like to grow beets next year, we would be happy to sign you up. Our list will be turned over to Holly Sugar Cooperation later in the year.

Farmers are being faced with a decision on the 1964 wheat program. A referendum vote will be held across the nation

(Continued on Page 8)

FOOTSAVING EDUCATION

by James E. Edwards

This is the most important foot in the world -- your child's!

You want only the best for your child -- in shoes as in everything else. We at Edwards' know this, and we take pride in saying that nowhere in America -- at any price -- can you find better children's shoes than these we bring you; Robin Hood.

Footwear for children (as for grown-ups) can be good, bad, or indifferent. We insist on the best for you -- There's a tremendous difference in quality, a trifling difference in price.

We'll look forward to your next visit.

THE HIGH PLAINS FARM AND HOME

ASSISTING WITH ARRANGEMENTS for the District Home Demonstration convention which will be in Friona Thursday, April 11 are these presidents of the various Farmer County clubs. In the back are Mrs. Henry Haseloff, Oklahoma Lane; Mrs. Bill Carthel, Black, Mrs. L. D. Taylor, Friona. In front are Mrs. Luella White, Midway; Mrs. Jack Shirley, Hub; Mrs. Jimmy Briggs, Lazbuddie; Mrs. W. M. Massie, Northside. Not shown is Mrs. Jack Patterson, president of the Rhea club.

IN CONNECTION WITH PROJECT

Locals Urged To Press For Dam Recreation Facilities

Flip Calhoun of Plainview, chairman of the Steering Committee for the Running Water Draw Watershed Project, said recently he thought the door was open for multiple purpose storage dams on the project, and recommended that local groups investigate the possibilities immediately.

In a letter to Work Unit Conservationist Jimmy Smith of Friona, Calhoun said he was very pleased with the hearing for the project before the Army Corps of Engineers in Plainview March 20.

"I feel we overcame a lot of misunderstandings concerning the project and are now in much better shape than ever before," Calhoun said.

Calhoun pointed out that in his statements representing the State Water Commission, Judge Otho Dent of Lamb County was most favorable to the project. "The Running Water Draw Watershed project was the only project mentioned by name in his entire talk," Calhoun said. "I feel that he threw open the door to us for multiple purpose storage that can be justified in our project," he added.

"If there are any groups in your area that might be interested in multiple purpose storage, they should be contacted immediately and asked to investigate the possibilities," Calhoun emphasized.

Smith, speaking on behalf of multiple purpose storage dams for Farmer County, said the county needs to get something underway by the end of April. Smith said the excellent opportunity for establishing a form of water recreation should not be by-passed. "If we let the planning for the project get underway without provision for extra water storage in one of our structures in the county, we will be missing one of the best chances for recreation the county has ever had," he warned.

Next hurdle for the project is set for April 24, when a priority hearing will be conducted. The State Soil Conservation Board will be in the area that day, and will be taken on tours of the entire watershed.

This meeting will be highly important, as the state SCS board has the power to deter-

mine whether the project can have a definite start within the next year or two, or whether it will be delayed several years.

COKER ATTENDS MEETING
County Agent Deryl Coker was in Amarillo last Thursday and Friday for a meeting of county agents of District 1 with the district agent.

SOIL CONSERVATION DISTRICT NEWS

More than a million acres in northwest Texas are presently susceptible to severe wind erosion, according to reports just received by H. N. Smith, State Conservationist of the Soil Conservation Service. This is mostly cropland on which there are insufficient residues to protect the surface from wind blasting.

The areas most susceptible are the sandy soils in the eastern Panhandle around Wellington and Wheeler. There are about one half million acres in the south High Plains that are presently unprotected.

Although the wind season has not fully started, there have already been 39 windstorms reported in the southern High Plains that have been of sufficient velocity to move soil and about 62,000 acres of cropland have already been damaged, according to reports from the SCS field offices.

The windy season, when damaging winds are most frequent, is just starting, according to Smith. March and April are the months when the greatest amount of wind damage usually

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

"I dream of the hour when the last congressman is strangled to death on the pews of the last preacher—and since the Christians seem to love to sing about the blood, why not give them a little of it—slit the throats of their children and drag them over the mourner's bench and the pulpit, and allow them to drown in their own blood; and then see whether they enjoy singing these hymns." (Gus Hall, General Secretary of the American Communist Party, speaking at the funeral of Conrad Eugene Dennis, February, 1961)

And yet, an Amarillo TV Editor wondered, among other things, if Billy James Hargis and Edwin Walker might not be trying to get the people of America "too alarmed" about the inroads of Communism in their cross-country lecture tour. Are you too alarmed? Gus Hall, quoted above, is being invited to speak to college young people in some areas. Would you be content if you knew this man was the speaker on the campus of the college your young son or daughter is attending? Or would you be alarmed enough to do something about it? Farm Bureau, in attempting to carry out the mandates of its members, is using every opportunity to try to get men like this excluded from campuses and included in prisons of our country, where the law says they belong. (The first paragraph, above, is from Thomas J. Anderson's "STRAIGHT TALK, Farm and Ranch.")

"Free enterprise is an unsatisfactory alternative to government regulations for solving the farm problem." This is a quote from another man, Orville Freeman, speaking to the Midwest Regional Agricultural Convention in Chicago. Freeman, you know, is the USDA Secretary who says you had better vote "yes" in the upcoming wheat referendum, or else, is this statement alarming, or pleasing to you? It must be one of the two. To Farm Bureau people, and many others, it is alarming.

Here are some Mills we believe you will be proud to know Farm Bureau was instrumental in getting to their present status in Texas Legislature; H. B. 13, limiting annexation authority of cities and towns and setting fourth rules governing such annexation. (Passed by the House and sent to the Senate)... H. B. 386, exempting locally used fertilizer trailers from regular registration. (Passed by the House)... B. B. 50, allowing speeds of up to 70 for cars and 60 for other vehicles on certain highways. (Passed by Senate and sent to governor for signature) There are others, but these are familiar to most of you.

CONSIDER THIS: He that is soon angry destroyeth foolishly; and a man of wicked devices is hated. Proverbs 14:17.

HOUSEHOLD HINTS

Putting in a new tile floor? Buy a few extra tiles and keep them in reserve in case other tiles become damaged.

A dry mop only chases or redistributes dust. Use a vacuum cleaner to remove surface dust.

Some cut flowers and leaves contain a milky substance or juice. This can be sealed into the stem by quickly dipping stem ends into boiling water. Protect upper leaves and flowers from steam with thickness of paper.

When clearing the yard for spring planting, don't burn twigs, leaves and other debris on a windy day. Keep the children away from the fire.

To speed the basting-thread pulling operation, wrap cellophane around your finger, sticky side out. Use it to pick the threads from the garments.

More than half of all firearm accidents occur at home. One fourth of them hurt or kill children in the five to 14 age group. Make sure the "unloaded" firearms in your house do not contain ammunition.

SOME OF THE WINNERS in the County 4-H Club eliminations last Saturday at Farwell are shown above. In the back are Jimmy Broyles, Dale Blackstone, Christine Ivy and Katie Blackstone. In front are Ann Blackstone, Patcine Broyles and Ann Blackstone.

WINNERS in the County 4-H Club eliminations at Farwell last Saturday included (back row) Janis Billingsley and Rebe Lesly (senior safety), Bobby Redwine and John Gulley (junior electric), In front are James Gulley and Randy Bush (junior safety).

Lazbuddie 4-H Clubbers Take Top Honors In Eliminations

Lazbuddie and Farwell youngsters took all the county honors in the County 4-H elimination contests last Saturday at Farwell. First-place winners in each division are eligible to enter the district eliminations April 27 in Canyon. First and second place winners in the district contest are then eligible to enter the state contest later in the year.

Winners in both senior and junior divisions advance from the county to district contests. First-place winners included John Gulley and Bobby Redwine of Lazbuddie in the junior electric contest; Jill Mimms, Lazbuddie, public speaking; Gary Foster, Lazbuddie, tractor operator; James Gulley and Randy Bush, Lazbuddie, farm and home safety.

Vernon Symcox acted as judges for the contests. There will be 21 counties in the district eliminations at Canyon. County Agent Deryl Coker expressed his congratulations to all the winners, and commented that he expected more of the clubs to take an active interest in the eliminations in the future.

NOTICE TO BIDDERS Notice is hereby given that Farmer County will accept bids at the office of the County Judge in Farwell until 10 a.m. April 22, 1963 for the purchase of the following new equipment: One one-half ton six-cylinder pickup, with long wheel base and four-speed transmission, heater, spare tire and wheel mounted on side, trailer hitch, four-ply tires and side-view mirror. Successful bidder will be required to accept as trade-in a 1951 Chevrolet pickup, which may be inspected at the County Warehouse in Bovina.

Also, Janis Billingsley and Reba Lesly, Farwell, senior safety; Bruce Billingsley, Farwell, Johnny Mabry, Gerald Foster and D. H. Foster, Lazbuddie, senior rifle; Ann Blackstone, Lazbuddie, junior favorite food contest (meat). Also, Kathy Coker, Lazbuddie, junior favorite food (bread-cereal); Patcine Broyles, Lazbuddie, junior favorite food (vegetable); Christy Ivy, Lazbuddie, junior favorite food (bread-cereal). Also Jimmy Broyles, Lazbuddie, senior favorite food (meat); Dale Blackstone, Lazbuddie, favorite food (vegetable) and Katie Blackstone, Lazbuddie, senior favorite food (milk group).

County Agent-- (Continued from Page A) and the outcome of this will determine whether the proposed program will go into effect. Between now and the date of the referendum (May 21) we want every wheat farmer in the county to have an opportunity to learn as much about the provisions of the program as possible. We think this is his decision. But our job as an educational agency is to see that as many facts as we can assemble on this program are made available.

According to Newsweek, space industry business will exceed \$5 billion this fiscal year, and will provide half-a-million jobs. Of the federal government's space budget of \$5.5 billion, 85 per cent will go to 500 prime contractors and some 8,000 subcontractors. Universities, non-profit institutions, and government facilities will get the remaining 15 per cent. In addition, private firms are expected to spend \$500 million on space research and development.

HOUSEHOLD HINTS Putting in a new tile floor? Buy a few extra tiles and keep them in reserve in case other tiles become damaged. A dry mop only chases or redistributes dust. Use a vacuum cleaner to remove surface dust. Some cut flowers and leaves contain a milky substance or juice. This can be sealed into the stem by quickly dipping stem ends into boiling water. Protect upper leaves and flowers from steam with thickness of paper. When clearing the yard for spring planting, don't burn twigs, leaves and other debris on a windy day. Keep the children away from the fire. To speed the basting-thread pulling operation, wrap cellophane around your finger, sticky side out. Use it to pick the threads from the garments. More than half of all firearm accidents occur at home. One fourth of them hurt or kill children in the five to 14 age group. Make sure the "unloaded" firearms in your house do not contain ammunition.

New Jewelry Fad May Prove Dangerous To Agriculture

An astonishing fad in costume jewelry is causing grave concern among quarantine officials in Texas and the nation. Large insects bedecked with gem-cut colored stones and glass are being smuggled into the United States and sold as "living jewelry."

The jeweled beetles are being prepared and sold as curios in Mexico. USDA quarantine inspectors report. The importation of insects to the United States is strictly forbidden under the large, gaudy bugs are being smuggled across the border and sold for relatively high prices as novelties. Many of the beetles that have been seized are about an inch long and have a small chain glued on for fastening to the owner's clothing so the bug can crawl around as a living ornament. Some have been found for sale in San Antonio as well as New York and other large cities. A prime sale point seems to be from bars where male customers buy them for presentation to wives or girl friends. Importation of any live insect pest is restricted because of the danger that they might escape and start damaging crops, forests or ornamental plants. The two species most commonly used as "live brooches" are reported to feed on wood. They are not known to be present in this country in a natural state.

Movement of insects to new geographical areas can result in great losses to farmers and consumers alike. The Japanese beetle, an extremely damaging pest in the United States, was not considered a serious pest in Japan where natural enemies kept its numbers under control. The "living jewelry" is an unknown factor in this country and every effort is being made to prevent its importation. This fad could possibly have serious implications in this country, Agriculture Commissioner John C. White warns. And it seems almost incredible that the ornamented bugs brought a

Versatile Mines In addition to nickel, International Nickel's mines in the Sudbury District of Ontario yield copper, iron, cobalt, sulphur, platinum, palladium, iridium, rhodium, ruthenium, gold, silver, tellurium and selenium — 14 elements in all. price as high as \$12.50 in San Antonio bars. Agricultural Research Service inspectors of the USDA have seized a number of the jeweled insects along the Mexican border during recent months. Yet an unknown quantity is known to have penetrated far inside the borders. Customs officials recently seized nearly 200 of them in New York City. Persons who know of the pests

being offered for sale are urged to contact Texas or United States Department of Agriculture officials immediately.

Di-System kills thrips, aphids and mites for 6 to 7 weeks

GIVES YOUNG PLANTS THE POWER TO BITE BACK AT SUCKING INSECTS

GIVES CONTINUOUS PROTECTION WHEN YOUR COTTON SEEDLINGS NEED IT MOST

Di-System is the new granular systemic insecticide that pre-controls destructive, early cotton insects. Planted with the seed, it is taken up by the roots as soon as the seed germinates. It flows in the sap stream and is translocated to all parts of the plant — even protecting the terminal growth from sucking pests. Di-System will give you these four unique and profitable advantages.

County Helps Area To Near Record Cotton Production

Final figures released March 22 by the U. S. Bureau of the Census confirmed the fact that Parmer County's 1962 cotton crop set a new all-time production record with 80,328 bales ginned.

Parmer County, which doesn't have the cotton "history" that most cotton-producing

counties has, and therefore has an allotment much smaller than many, moved up to 16th in the state for its 1962 crop, surpassing seven other counties. Last year the county ranked 23rd in cotton production among Texas counties.

The production of 80,328 bales of cotton on less than 49,000 planted acres figured out to about a bale and two-thirds per acre. State rankings on a per acre basis aren't known, but Parmer County had led the High Plains counties in that regard for the past several years.

The High Plains of Texas came close to setting a new record for itself with 2,328,293 bales produced in 1962,

only 16,510 below its all-time high.

A 23-county area surrounding Lubbock harvested 49.16 per cent of the state's total, and 16 per cent of the total United States cotton yield.

Three High Plains counties led the state in production once again, and were ranked in the top 10 counties in the nation. They are Lubbock County, whose 296,148 bales was a new record there, leading the state as it has done for several years. Lubbock County was also sixth in the nation.

Second county in the state by number of bales ginned was neighboring Lamb County, with 224,473 bales, which also gave it eighth position in the nation.

Hockley County was next, with 223,914, third in the state and ninth nationally.

The High Plains annually produces more cotton than any comparable area in the nation.

The near-record was achieved for the area despite a 2.6 per cent cut in acreage for the High Plains and a dry crop year for dryland farmers. Another slash in acreage came for the 1963 crop, although the area received more than twice the number of reappportioned acres for this year's crop than last.

In fact, Parmer County will be the only county among the 23 High Plains counties which has more acres for planting in 1963 than it did in 1962 after the reapportionment. Parmer County's total stands at 50,024 acres, an increase of 670 acres over last year's final total of 49,354.

PUTTING THE FINISHING touches on a tailwater tank system near Bovina are J. D. Kirkpatrick, Buster Howard and Jim Howard. The tank is on the Jack Dunn farm, and tailwater which collects from about three farms in the vicinity will be used by Kirkpatrick in his farming operations.

Rhea HD Club Holds Meeting

The Rhea H. D. Club met March 25 in the home of Mrs. Jim Dixon. Mrs. Floyd Schueler gave the program on discipline and the family life of a home. She also showed a film on the topic.

Mrs. Schueler, vice president, called the meeting to order. Mrs. Franklin Bauer gave a Council Report.

Members present were Mesdames Franklin Bauer, Bill Brandt, Jim Dixon, Leland Gustin, Dwayne Ridley, Charles Sanders, Herman Schueler, Floyd Schueler, Walter Schueler, and Clyde Tims. Guests were Mrs. R. Armstrong, and Floyd Schueler.

The next regular meeting will be held at 8 p.m. April 8 in the home of Mrs. Joe Allen. Mrs. Bill Brandt will present the program on Home Business Centers and Storage Ideas.

SCD News--

(Continued from Page A) occurs. The extent of the damage this year will depend largely on how severe the winds and how much moisture is received so that the farmers can list or otherwise treat their land as an emergency measure to control erosion.

State Conservationist Smith warned that the present conditions have the potential for a severe dust season. Twelve soil conservation districts out of 51 are very dry, the soil moisture inadequate to plant crops. Thirty-four have only fair moisture conditions and unless additional moisture is received, will be in poor shape to resist erosion even with emergency treatment. Only 7 counties report good moisture conditions.

Wind erosion is always a potential problem in the north-

west part of the State and when coupled with drought, conditions can get serious in a short time. The only means of controlling wind erosion is to use cropping systems that maintain considerable amounts of residues on the surface for protection, and to keep soils subject to severe wind erosion under permanent grass cover.

Soil conservation districts have been providing assistance for preparing plans that will control wind erosion. Research data and farmer experience have shown that residues left after grain sorghum harvest will provide adequate protection if they are left on the surface through the blow season. A conservation plan includes crops that resist wind erosion and provides for the management of the residues to protect the soil.

Cattlemen Asked To Watch For Signs Of Stock Disease

Leptospirosis, commonly known as "lepto," is a disease which livestock producers should watch for during this season. It causes losses of more than a \$100 million to cattle owners annually in the nation, points out Dr. C. M. Patterson, extension veterinarian. Swine, sheep and horse losses add more millions to the total and humans are susceptible, he adds.

Lepto now exists on farms in every part of the state and because it can cause abortions, is often confused with brucellosis, says Dr. Patterson. The peak danger period is at hand since most cases occur during and following warm, wet weather. In areas of slow moving streams or swampy and low-lying pastures, stockmen should be especially alert. "Carrier" animals can contaminate such areas and spread the disease to other animals on the farm or to those on farms downstream, the vet says.

In cattle, lepto can cause a death rate of up to 10 percent.

In calves up to 25 percent, in addition to abortions and a sharp drop in milk production. It is hard to diagnose in mature cattle. In addition to abortions and a drop in milk output, it may cause the milk to become thick, yellow and blood-tinged. Calves may become depressed, lose appetite and develop diarrhea, Dr. Patterson says. Symptoms in swine may be overlooked because they are not as apparent as in cattle.

Because of the chance of confusing it with something else, Dr. Patterson suggests that a veterinarian be called when symptoms appear in any animal. He may have to resort to rather complex laboratory tests to identify the cause of the trouble. If the diagnosis is positive, the veterinarian will make recommendations for handling the situation, explains Dr. Patterson. Vaccines are available for cattle and swine but must be properly used to provide protection.

Preventive measures sug-

gested by Dr. Patterson include keeping of livestock out of low, swampy areas and away from ponds and slow-moving streams where they can pick up the infection. Feed and watering facilities should also be protected from possible carriers and swine and cattle should not be run together. Replacement animals should be vaccinated before being allowed to mingle with the home herd if lepto has been a problem but above all, Dr. Patterson says be alert to trouble in the herd.

NITROGEN FERTILIZER

FORM The farmer is in the fortunate position of being able to choose from a number of good nitrogen fertilizers. Compounds that supply nitrogen are available in three forms — dry, water solutions and anhydrous ammonia. These forms supply nitrogen in various concentrations. There are a number of different brands of each form of fertilizer, so the choice is broad.

We recommend anhydrous ammonia generally and Nitromite specifically for these reasons: 1) Anhydrous ammonia provides almost twice the nitrogen by volume as the next most concentrated fertilizer.* 2) As it is in a gaseous form in the soil, it permeates freely and uniformly throughout the zone of crop roots. 3) Since it is electrostatically affixed to the clays in the soil, it is less subject to leaching and dissipation.

We recommend Shamrock Nitromite specifically because we know how it is made, how it is handled and transported, the reliability of the dealers who sell it and the collateral services and benefits offered to the farmer.

Your Nitromite dealer is ready now to put this profit maker to work in your fields. Call him right away. He has all the information on the Shamrock Farm Credit Plan.

*% N	COMMERCIAL FERTILIZERS	(1)	(2)	(1) The number of pounds of other nitrogenous fertilizers that must be bought and applied to the soil to equal one ton of SHAMROCK Nitromite in nitrogen content; and,
82.2	SHAMROCK NITROMITE	2,000	1,640	(2) The number of pounds of Nitrogen (N) in a ton of each commercial fertilizer.
45.0	Urea (Dry)	3,660	900

TEXAS COTTON GROWERS REPORT:

Entire Season Control of Thrips, Aphids and Mites...

Untreated plant at four weeks

Di-Syston treated plant at four weeks

Di-Syston Treated Plants Are Stronger, Straighter... Produce More Squares Earlier

West Texas and New Mexico cotton growers now have a new way to control thrip damage and early-season stunting... with Di-Syston granular insecticide. Di-Syston is placed in the soil with the seed or side dressed after planting. The chemical is then absorbed by the growing roots and carried to all parts of the plant through the sap stream—as soon as the plant emerges. No part of the plant is unprotected—even tender new growth as it is formed.

The result? With Di-Syston, your early cotton grows faster, has stronger, straighter stems, more vigorous foliage. Squares form earlier and the plant produces more of them. Many growers in the Lubbock area have reported full season control of thrip with just the one application. You get higher yields because of the good Di-Syston start. This year, get your crop off to a good start with Di-Syston. Complete instructions for use are printed on the label on every package. Use Di-Syston.

How to Plant Trees

FOR MAXIMUM GROWTH

Thin and shorten branches in a manner to preserve the natural form of the tree

Entire lower branches may often be removed (cut close to trunk)

Use rubber hose or inner tube to protect tree from guy wire

IF DREAMS COULD COME TRUE

EVEN FDR URGED ENDING RELIEF

"The lessons of history, confirmed by the evidence immediately before me, show exclusively that continued dependence upon relief induces a spiritual and moral disintegration fundamentally destructive of the national fibre.

"To dole out relief in this way is to administer a narcotic, a subtle destroyer of the human spirit. It is in violation of the traditions of America. Work must be found for able bodied but destitute workers. The federal government must and shall quit this business of relief."

You are bound to be surprised when you learn who made the above statement. It was President Franklin D. Roosevelt. But ever since he made it in 1935 the federal government has pursued the opposite course by getting deeper and deeper into the "business of relief." Welfare expenditures today are 10 times what they were in 1935.

During the last 11 years, alone, these payments-skyrocketed from \$4.9 billion annually to \$37.3 billion a year. Washington should lose no time in getting the government out of the relief business by restoring welfare responsibilities to states and communities.

Foundation Elects 1963-64 Officers

Officers of the High Plains Research Foundation were all re-elected for 1963-64 at the semi-annual meeting of the Board of Trustees at Halfway, March 23.

Dr. D. M. Wiggins of Lubbock was elected a member of the Executive Committee. Dr. Wiggins has been a member of the board since 1958.

New members elected to the Board of Trustees were: W. E. (Jack) Little, Muleshoe, Macyl K. Orman, Fort Worth & Denver Railroad, Fort Worth, and Cephas Glover of Littlefield.

Mr. Hinn, Chairman of the Board of Trustees, appointed a nominating committee to interview prospective members of the Board of Trustees who had been suggested for membership at the meeting. These will be nominated for election on September 10 meeting of the Board.

A resolution of appreciation and for the services of three members of the Board who had passed away during the past year was presented by Graddy Tunnell, Secretary-Treasurer of the Foundation and passed unanimously by the Board. The members who have passed away during the past year were: Cleo Smith, Olton, Clyde Bray, Muleshoe and Garvin Randolph, Lamesa.

The Annual Field Day for the Foundation was scheduled by the Board for Tuesday, September 10.

The Audit of the Foundation was presented by Robert Metzger, CPA and was accepted by the Board of Trustees.

Approval of the plans for a building replacing the fire destroyed shops, storage and gin was made by the Board.

From the New York Times: "The airlines, like the railroads, have been suffering from rising costs and declining earnings. They spent a great deal to equip themselves for the jet age, which has brought a vast increase in capacity. But the growth in passengers has slowed down, so that planes are flying half empty. . . . Competition has been excessive. . . . The airlines. . . have not been able to maintain adequate earnings under such conditions."

Running water isn't the camel's concern. But it is yours—especially if your home is among the 17% in rural areas with no running water.

Do you still carry all the water you need—for drinking, for washing clothes and dishes and for personal use? If so, your home is not modern.

Running water is more than a convenience—it is a necessity. It's no accident that the highest degree of general health among rural and suburban families across the country is

found where the most use is made of pressure water systems. An automatic water system is indispensable to almost all modern comforts and necessities.

It makes possible easier food preparation, garbage disposal, up-to-date sanitary facilities and automatic dishwashing and laundering.

Give your family a break! Don't deny them the benefits of an automatic water system. Ask your rural electric for professional help in planning an electric water system today.

SPORTS AFIELD

By Ted Kesting

Just a few weeks ago it seemed that all gaps in the array of factory cartridges had been filled; there apparently was no possible need for further wildcatting. The thought of it was a little saddening. Gunshop experimenters and basement researchers have been a tremendous influence in creating a demand for new and interesting cartridges. Cartridge developments and constant change in gun design have provided a healthy stimulant to all of the shooting sports.

Aside from the immediate interest in the .44 Magnum, recent attention has been focused on the smaller-caliber high-velocity Magnums. This has been true in pistol, varmint and big-game cartridges. We've seen a rash of the flat-shooting, go-getter Magnums. There have also been a few developments in the big and powerful elephant poleaxers. In the short- and medium-range heavies—between the .44 Magnum and the .458 Magnum—it looked as if the standard .35 Remington, .358 Winchester and the faithful old .45 70 pretty well met the demand.

Two avid gun enthusiasts, of Phoenix, Arizona, have hit on an idea that could upset any possible status quo in the cartridge business. They have come up with a more powerful cartridge which can be put into the popular Model 94 Winchester and 336 Marlin lever-action carbines. They have done it without having to make any alterations in the frame or breechblock! Alteration involves carrier, cartridge guides and chamber.

This wildcat .44 development was kicked into the open by E. Van Houten and then pursued by him and Fred D. "Lucky" Wade. Van got the idea of trying to shape a cartridge with more powder capacity. He was primarily interested in .44 caliber, which not only has a lot of glamour behind it, but, given enough impetus, the heavy bullet travels with a tremendous clobber factor. These two men pooled their talents and went to work. Fortunately, they could go back and tap some previous experience that flowed neatly into this new project.

If these cartridges work out as well during continued usage as they do on paper, says Pete Brown, Arms Editor, Sports Afield Magazine, as the ones he has fired so far, they offer thousands of owners of the little level-action carbines a possibility of stepping well up on the power scale.

Anyone who, for the first time, encounters the new freeze-dry foods for sportsmen that were introduced a little over a year ago at the National Sporting Goods Association show in Chicago will be impressed, but will undoubtedly retain a sneaking notion that the whole thing is too good to be true. Yet, the excellence and practicability of this type of food cannot be too strongly emphasized.

"I have used it in quantity for months," says John Jobson, Camping Editor of Sports Afield Magazine, on two lengthy wilderness trips, one to the north-central Yukon Territory and the other to the coastal grizzly country of British Columbia, not to mention forays into the mountains of northern California. "I have never eaten better or with more ease in the field."

Consuming such exotica as fresh-shrimp cocktails, fresh boneless pork chops, aromatic and wholesome chicken stew, superb shrimp Creole and choice beef-steaks in the midst of shrieking, subarctic gales may seem like a starving man's delirium, but it's true nonetheless.

Even using the term *fresh* is done advisedly, for that is exactly how the food—both meat and vegetables—appear when prepared according to directions. Take beef-steaks. As they come from the package, they are rather small, undistinguished-looking objects, so lightweight that a person gets the impression that if he tossed one in the air, it would sort of drift to the ground like a piece of goose down.

But just add water, and an amazing transformation occurs. As the cells fill, the hemoglobin unites with the water, and blood is formed. The steak swells, and it's a juicy piece of meat ready to be broiled or pan-fried—exactly as would be its counter-

Halfway Foundation Leads Nation In Flame Research

The independent research organization at Halfway (High Plains Research Foundation) today became the nation's undisputed leader in flame cultivation research after the announcement that the Foundation had extended its research program with flame cultivation to the Rio Grande Valley of Texas. In commenting on this expansion of the Foundation's research program, Dr. Earl H. Collister, director, stated that the Foundation would conduct

a full-time year-round research program in the Rio Grande Valley with field and vegetable crops. This expansion of the Foundation's research work with flame cultivation was made possible by money that was raised by businessmen in the Rio Grande Valley area. They came to the Foundation at Halfway and requested that a full-time program be conducted on a private enterprise basis in the Valley for a minimum of three years. Jack H. Parks, Assistant Agricultural Engineer with the Foundation, has been conducting flame cultivation research with several vegetable crops in the Valley since October, 1962. Parks is in charge of the Foundation's Flame Cultivation Research Program, and he will supervise the expanded program in the Valley. Don Staggs, laboratory assistant in flame cultivation research, and family, will move to the Rio Grande Valley and reside in Harlingen. Staggs will conduct the Foundation's research program on flame cultivation at two locations through the lower Valley.

In commenting further on this major expansion of the Foundation's research program with flame cultivation Dr. Collister stated that, "the Rio Grande Valley represents a tremendous potential for the use of flame cultivation as a means of weed control, and flame cultivation could represent a significant reduction in the cost of producing cotton, grain sorghum and vegetable crops in the area."

Freeze-drying combines the best features of quick-frozen foods with dehydration. The food does not change its basic character; it retains essential nutritive elements; it rehydrates readily and rapidly, absorbing a volume of water approximately equal to the amount removed in drying; and it is stable without refrigeration. From the standpoint of preservation alone, this method may be called the greatest invention since the metal can.

Combine all this with space-saving, light weight, ease of preparation without trimming, peeling or long waiting, and one can see that this deal deserves a long, interested look from all outdoorsmen.

Easy to Clean

Because it is hard, tough and corrosion-resistant, nickel stainless steel is one of the easiest materials to keep clean, and if given proper care its attractive finish will last indefinitely.

Annual Weed Conference Scheduled At Bushland

The 16th annual Weed Control Conference sponsored by the Texas Weed Control Association, will be held at Southwestern Great Plains Field Station in Bushland Thursday, April 18.

Chairmen for the day-long meeting are Ed Jacobsen, president Texas Weed Control Association and Fred Dines, chairman of the Farm and Ranch Council of the Amarillo Chamber of Commerce who are co-sponsors of the Conference.

Experts will discuss latest procedures for an expected 250 guests meeting in morning and

afternoon sessions. "Moisture Loss Due to Weeds" will be discussed by Ronald G. Davis and Joe L. Pafford of the Southwestern Great Plains Field Station. E. D. Robinson, Range Scientist, Texas Agricultural Experiment Station at Spur, Texas, will speak on "Control of Woody Plants on Range Land." His speech will be followed by instruction on "How to Form a Weed Control District" by Douglas Degge, Supervisor of the Floyd County Noxious Weed Control District.

The afternoon program will include "Spraying Equipment for Weed Control" by Lambert Wilkes, Agricultural Engineer, Texas A & M College, and a "Progress Report of Weed Control Research" by Dr. Allen Wiese, Agronomist at the Field Station at Bushland. Lunch will be served at noon at \$1 per plate by the Potter County 4-H Club.

Lake Wells Will Get Federal Aid

The High Plains Underground Water Conservation District has received word from the State Office of Agriculture Stabilization and Conservation that the State ASC Committee has approved the expenditure of federal funds for constructing pits in wet-weather lakes, and for installing pipelines from lakes to cropland.

Lester Young, Chief of the Agriculture Conservation Practices Division of the State ASC Office in College Station, in a telephone conversation with the Water District Office, stated that funds could be made available immediately by local ASC County Committees. They will need only to amend their county handbook to include such practices.

Young said that any county that presently has Practice C-14 (construction of reservoirs) available, could supplement it by including the construction of pits for channeling lake water to recirculating pumps; and where Practice C-12 (irrigation system construction) is available, it may be supplemented to include the construction of permanent pipelines from recirculating pumps in the lake back to the farm's irrigation system.

The State Committee's action culminates several years of efforts by the High Plains Water District and others to make funds available for salvaging rainwater and irrigation runoff water that collects in the lakes.

The State ASC Committee consists of Frank Moore, Plainview; E. B. Smith, Lampasas; W. W. Poole, Sinton; Ralph Price, Bryan, and Jim Goad, Rosebud.

Coker, Ellis Attend Wheat Conference

County Agent Deryl Coker and co-workers from some 20 other wheat-producing counties were to meet in Amarillo Thursday to obtain detailed information on the approaching wheat referendum.

Bill Ellis of Friona was to accompany Coker to attend a special press conference for area newsmen earlier in the day.

Similar meetings will be held in six other Texas cities, all conducted by a panel of Texas A&M College specialists headed by John E. Hutchison, director of the Texas Agricultural Extension Service.

In the series of meetings, agents will receive training and material which will prepare them to conduct needed educational programs that are designed to acquaint producers with all aspects -- pro and con -- of the referendum, Coker said.

As in the past, county Extension agents will take no sides in the issue, but will present factual, unbiased information so that wheat growers can decide for themselves whether they wish to vote "yes" or "no," Coker said.
