

The part I like best about the proposed school expansion program is the 300-car parking lot to be located between the new high school building and the football field.

The current school system is woefully without parking facilities, which becomes only too apparent when anything which has even the hint at drawing a crowd is going on around the school.

Presently, about the only kind of parking available is angle parking on streets adjacent to the school. This goes for athletic events, plays, and other functions which are held at the school.

Of course that's just one good reason for going to the polls and casting a "yes" vote for the school bond election. Another is the fact that by constructing a new football field at the new location, the need for school children to cross dangerous Highway 60 will be eliminated.

Anyone having anything to do with athletics, including band students, must cross the highway at least twice every time they practice on the field.

We've been tremendously lucky in this respect in recent years. If the bond issue passes, this danger will be eliminated after the 1964-65 school year, leaving just one more year to "tempt fate" with the thousands of crossings made by students during the year.

It's going to take everyone interested in the issue casting his ballot to assure its passage. Frionans shouldn't let complacency defeat them at the polls.

Sure, it's a good cause and should go over big. But unless everyone turns out and votes, it could be one of those cases where the minority could band together and force their will on the majority.

We don't think this will happen in this election, but as we stated, voters shouldn't take the chance. Their will for the future of their children is at stake.

Personally, we've tried several, and we are about to decide that (beep-beep) blades are just as good as those which "completely amazed" the fellow on the television commercial who got 30 or 35 shaves with the new miracle blade. Ourselves, we used these super-human blades, and the only time we've gotten more than four or five shaves per blade was this past weekend when we were down to that last blade and it was too sandy to go out for a new package. Just had to grin (or grit teeth) and bear it.

So, we're about ready to write the manufacturer and ask him to buy us a package of (beep-beep) blades. If those 15 barbers who all shaved with one blade had gotten any of the ones I've tried out, I pity that poor 15th barber's face. He sure wouldn't be smiling like he has been on the TV ad.

The old baseball season has started, but it just won't be the same this year. Old Stan (Musial) has retired, and for me, there went half of the game.

For the past 10 years or so (as long as I've been a baseball fan), the first thing I did every morning when I got my morning paper was turn to the sports section, find Stan's name in the St. Louis Cardinals' box score, and see how he made out.

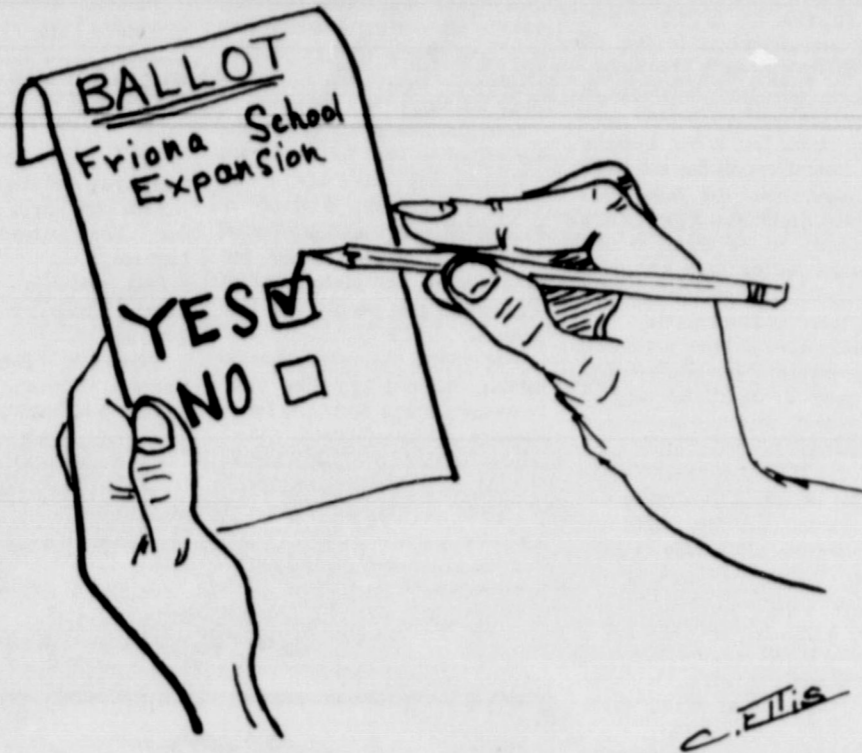

After that, I was ready to turn back to the front page, and see what new mess the world had gotten into. My outlook toward the rest of the world was sometimes affected by how many base hits Stan had collected the previous day. I'll have to admit.

Fortunately for me (and for those associated with me), Musial got a lot of hits through the years—more than any other National League player in history.

But now he has hung up the spikes, so I'll have to find something else to become involved in.

However, I doubt that it would measure up to the satisfaction I received by merely reading that the ageless Musial had had another perfect day at the plate.

An era has truly passed. A "living legend" has retired.

Your Vote FOR School Expansion Is A Vote For The Future Of Friona!

**THREE PERFORMANCES**

**Junior Rodeo Unreels This Weekend Here**

The fourth annual Friona Junior Rodeo, under the sponsorship of the Friona Junior Chamber of Commerce, will be held this weekend at the Jaycee Rodeo Arena.

Three performances of the rodeo will be given, at 8 p.m. Friday and Saturday, and at 2:30 p.m. on Sunday. Admission of \$1.50 for adults, and 75 cents for students will be charged.

"It looks as though we will have a full field for the rodeo," says Dale Williams, secretary of the Junior Chamber of Commerce, who with Glenn E. Reeve, Jr. is in charge of arrangements for the production.

**DISTRICT MEET FRIDAY**

**Chiefs Rate Shot At Track Crown**

The high point of the track season for Friona High School will be unreels at Springlake tomorrow, with the Chiefs rated an outside chance of returning home with their first district trophy in the sport in more than a decade.

The Chieftains, weakened somewhat by the loss of senior Everett Gee from the meet due to grades, still have an impressive array of sprinters and middle distance men and hopefully enough field specialists and overall team depth to take all the marbles in the District 3-AA fray.

Gee had been counted on for high finishes in several events, as well as a leg on the 440-yard relay team, but the squad is blessed with good sprint men, who are expected to buckle down and make up the difference.

For example, David Carson and Danny Murphree have the potential to finish 1-2 in both of the short races. Carson has posted a 22.4 timing in the 220, one of the top times in this event in the region. Murphree has been coming along in both races, and with Gee out, could take the 100.

Williams stated that as of Tuesday, the junior rodeo had entries from Muleshoe, Hereford, Clovis, N. M., and Floydada as well as Friona. A request for entry blanks had come from Paducah.

"Also, we expect entries from Adrian and Vega, since they always send entries," Williams said.

Events in the rodeo are bare back bronc riding, bull riding, tie down roping, ribbon roping, barrel racing, pole bending, and a new event this year, steer riding for youngsters six to 12 years of age. Also, a calf scramble for youngsters will be held at each performance.

The rodeo is limited to entrants 19 years of age and under. A \$10 entry fee is required for two go-rounds. Also, a minor's release signed by parent or guardian is required. Deadline for entering events is Saturday at 7:30 p.m.

Travis Clements is to serve as arena director. Judging the rodeo are Dale Carmichael and Bud Griffin of Dimmitt, Billy King of Brownfield will be the rodeo clown.

Furnishing the stock for the rodeo will be Ratjen Brothers of Happy.

First place trophies are to be awarded to winners in each event at the close of the rodeo Sunday. In addition, first-place go-around trophies will be awarded in each event.

An award for all-around cowboy will be given to the performer scoring highest in three events. Entrants must enter three events to be eligible for

The Chiefs are entering three-deep in every event except the mile and pole vault. Murphree is the only entrant in the latter event, but has done 11 feet in competition, and this might be good enough for a win at the district meet.

Last year the Chieftains finished third in the district meet, behind Muleshoe and Morton. They scored 56 points, beating fourth-place Olton which had 47.

Chief track coach Bob Owen believes that if the team can outscore Olton this year, they will take the crown, since Muleshoe isn't anything like as powerful as they were a year ago when the Mules coasted to the district crown.

Owen nominated the following to compete in the meet: 120-yard high hurdles - Ray Braxton, Numan Loanman and Jerry Cass.

100-yard dash - Danny Murphree, David Carson and S. D. Batze.

Mile run - Lonnie Ellis and Travis Graves.

180-yard low hurdles - Jerry Parker, Bob Welch, Braxton.

(Continued on Page 2)

Present plans call for the old building to be torn down, with six additional classrooms to be built to take care of the expansion and influx of students in the lower grades.

Included in the high school plans are several more classrooms than the present building has. Spacious band and chorus halls are on the boards, as well as a three-room science department, a homemaking department, and an industrial-vocational department in a separate building.

A speech department, complete with miniature stage, also is proposed.

The main classrooms are to be built around a central patio or terrace. Also included will be a lunchroom with a capacity of around 350; a 600-seat auditorium, a new gymnasium with 1,000 permanent seats, and a new football field.

These latter additions will give the high school all its necessities in a compact form for the first time.

Also included at the high school plant would be new offices for the superintendent, as well as the tax-assessor-collector.

In order to finance the building program, the school is attempting to "equalize" district school taxes. Assessed evaluations are being raised, while the tax rate is being lowered.

Farm land, basically, is being raised in its assessed evaluations by 69 per cent of its previous taxes, so that the land will be assessed at 37.5 per cent of its "actual" value. City property will only have to be raised 18 per cent in order to bring its taxes in line at 37.5 per cent of the actual evaluation.

Personal tax evaluations.

SET AT 10,930

**Report Shows County Population Rise Steady**

Farmer County's population has increased by 1,347 persons since the 1960 federal census, according to a recent estimate by the Bureau of Business Research at the University of Texas.

The Bureau in its publication, "Texas Business Review," set Farmer County's population at 10,930 as of 1963, using the method of estimating which it considers most accurate. That is an increase of 14.5 per cent

over the 1960 census figure, which tabulated 9,583 persons in the county.

No breakdowns were made according to towns within counties.

Two other method estimates were given by the publication for Farmer County's 1963 population. The most conservative method placed the figure at 9,758, and the third method's formula came up with the figure of 10,876. An average of the three methods would place the figure at 10,521.

The 10,930 estimate, considered most accurate for the county's 1963 population, is an increase of 422 or four per cent over the bureau's 1962 estimate for the county of 10,508.

Only ten counties of the 254 in the entire state have grown faster than Farmer County in the three years since the census, the study revealed. An adjoining county, Deaf Smith, had exactly the same yearly

average growth rate, 4.4 per cent.

Among the counties which have topped Farmer County's growth percentage since 1960 are Bell, Corvell, Culberson, Hartley, Kerr, Lynn, Maverick, Ochiltree, Oldham, and Randall.

Coryell and Hartley are the state's fastest-growing counties, according to the report. Coryell has increased by 10.9 per cent each year, and Hartley has grown by an even 10 per cent annually.

Of the 12 fastest growing counties in the state, seven are located on the High Plains.

The latest estimate is an increase of 975 persons over the 1961 estimate two years ago of 9,955 population for the county, an increase of 9.8 per cent for the past two years.

By tying for 11th among the fastest-growing counties in the state, Farmer moved up three rungs from a year ago. It was 14th in the state according to last year's estimate.

VOLUME 42, NUMBER 29 16 PAGES SECTION I

**FOR SCHOOL PROGRAM**

**Citizens To Vote On Bond Issue Saturday**

Friona Independent School District voters go to the polls Saturday to decide the fate of the district's future school physical composition, in a \$1,250,000 bond issue.

At stake in the bond issue is the proposed construction of a \$900,000 high school building, and additions and modifications of present school facilities in the amount of \$350,000.

Voting will be at the high school building between the hours of 8 a. m. and 7 p. m. Eligible voters are those who are taxpayers in the school district, and have secured a poll receipt or are otherwise eligible to vote.

In addition to constructing a new high school building, the plans as adopted by the school board call for the present high school building to be remodelled, and to become the junior high school building.

This would allow the "middle grades" to actually take on the "junior high school" status for the first time. Currently, the junior high building has to share its space with three second grade rooms, which complicates its arrangement and identity.

With the junior high school students located in the remodelled high school building, elementary students could "spill over" into the present junior high building, particularly out of the old red building, the original building on the school campus.

Present plans call for the old building to be torn down, with six additional classrooms to be built to take care of the expansion and influx of students in the lower grades.

Included in the high school plans are several more classrooms than the present building has. Spacious band and chorus halls are on the boards, as well as a three-room science department, a homemaking department, and an industrial-vocational department in a separate building.

A speech department, complete with miniature stage, also is proposed.

The main classrooms are to be built around a central patio or terrace. Also included will be a lunchroom with a capacity of around 350; a 600-seat auditorium, a new gymnasium with 1,000 permanent seats, and a new football field.

These latter additions will give the high school all its necessities in a compact form for the first time.

Also included at the high school plant would be new offices for the superintendent, as well as the tax-assessor-collector.

In order to finance the building program, the school is attempting to "equalize" district school taxes. Assessed evaluations are being raised, while the tax rate is being lowered.

Farm land, basically, is being raised in its assessed evaluations by 69 per cent of its previous taxes, so that the land will be assessed at 37.5 per cent of its "actual" value. City property will only have to be raised 18 per cent in order to bring its taxes in line at 37.5 per cent of the actual evaluation.

Personal tax evaluations.

SET AT 10,930

**Saturday, May 2 Set For School Makeup**

The Friona Independent School Board of Trustees set Saturday, May 2 as a school day in order to make up time lost during bad weather, at its regular meeting Monday night.

The board also appointed a board of equalization to meet with them in matters pertaining to adjustments of taxes. Named to the board were Clyde Goodwine, Wright Williams and Charles Mercer, with P. L. London as an alternate.

Mrs. V. J. Zeman, newly-elected to the board, was sworn in as a member. The board re-organized, with the same slate of officers re-elected. D. C. Herring is president; W. M. Masie is secretary, and Cordie Potts vice president.

The board received four resignations from teachers in the system. These were from Mr. and Mrs. Skipper McNeal, who teach in grade school and junior high; Robert Taylor, junior high teacher and coach; and Mrs. Travis Harrell, second grade teacher.

Previously received were resignations from Mrs. Dave Edgington, high school home economics teacher, and Pattison Foster, grade school music teacher.

Dan Ethridge reported to the board that a total of \$3,085.06 in school taxes was collected

meanwhile, will not change, and since the tax rate will be lowered from \$1.90 per \$100 evaluation to \$1.50, personal property tax will decrease by 21 per cent.

LONG WAIT...Lois Moyer, senior member of the Friona Squaw team, typifies members of the team who received their long-awaited letter jackets this week. Prize addition to the jackets this year is the shoulder patch with the words "AA Champs," a historic first for the team.

**SET AT 10,930**

**Report Shows County Population Rise Steady**

Farmer County's population has increased by 1,347 persons since the 1960 federal census, according to a recent estimate by the Bureau of Business Research at the University of Texas.

The Bureau in its publication, "Texas Business Review," set Farmer County's population at 10,930 as of 1963, using the method of estimating which it considers most accurate. That is an increase of 14.5 per cent

over the 1960 census figure, which tabulated 9,583 persons in the county.

No breakdowns were made according to towns within counties.

Two other method estimates were given by the publication for Farmer County's 1963 population. The most conservative method placed the figure at 9,758, and the third method's formula came up with the figure of 10,876. An average of the three methods would place the figure at 10,521.

The 10,930 estimate, considered most accurate for the county's 1963 population, is an increase of 422 or four per cent over the bureau's 1962 estimate for the county of 10,508.

Only ten counties of the 254 in the entire state have grown faster than Farmer County in the three years since the census, the study revealed. An adjoining county, Deaf Smith, had exactly the same yearly

average growth rate, 4.4 per cent.

Among the counties which have topped Farmer County's growth percentage since 1960 are Bell, Corvell, Culberson, Hartley, Kerr, Lynn, Maverick, Ochiltree, Oldham, and Randall.

Coryell and Hartley are the state's fastest-growing counties, according to the report. Coryell has increased by 10.9 per cent each year, and Hartley has grown by an even 10 per cent annually.

Of the 12 fastest growing counties in the state, seven are located on the High Plains.

The latest estimate is an increase of 975 persons over the 1961 estimate two years ago of 9,955 population for the county, an increase of 9.8 per cent for the past two years.

By tying for 11th among the fastest-growing counties in the state, Farmer moved up three rungs from a year ago. It was 14th in the state according to last year's estimate.

NEW LIGHTS...Installation of new vapor street lights on Main Street was nearing completion in Friona this week, giving the city's main street a better-lighted effect after dark.

**"Cleanup Week" Underway Here**

"Spring Cleanup Week" as proclaimed by the City of Friona continues through April 18.

In proclaiming the special week, the city encouraged citizens to participate by gathering trash and debris from their private property and place it in the alleyways where it may be removed.

During this week only, two trucks are canvassing the city each day to take care of the extra trash.

Several Friona merchants are offering special buys on garden and yard tools, as well as other merchandise. See their advertisements in this issue of the Star.

TRAIN DERAILMENT...This Santa Fe freight train was derailed just east of the city limits Saturday afternoon when it attempted to resume its travels on the main track after waiting on the side track. Service was disrupted temporarily because of the wreck.

**AN EDITORIAL**

**Large Turnout Urged For Vote**

Saturday is election day for the school bond issue in Friona. A good turnout is urged of all voters in the Friona Independent School District.

Only when a majority of the voters in the district cast their ballots is there a true idea of how the voters feel about an issue.

There were 329 votes cast in the regular school board election on April 4. We would think that even more people would vote in Saturday's election, since much more is at stake.

The Friona Star has already gone on record as favoring the passage of the bond issue and sanctioning the school expansion program.

But we urge all voters to study the issue. Get all the facts you want about the tax increase. Dan Ethridge at Ethridge-Spring Agency has volunteered to figure anyone's tax change on request.

But we would issue a note of caution to those favoring the issue: don't let complacency defeat your best interests at the polls.

You usually don't have to do a lot of urging to those who are against something of this nature to get them out to vote. So--those who are for the bond issue had better make their wishes known by casting ballots.

**School--**

(Continued from Page 1)

dents of art after school hours. Superintendent of Schools Alton Farr presented his monthly reports on the activity, transportation and cafeteria funds, as well as the school budget.

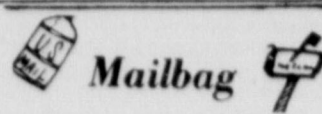

Also, school bond details were discussed with Bill Boykin, of Columbia Securities Corp., the school's bond representative.

**Rodeo--**

(Continued from Page 1)

the all-around cowboy award. Winners in the calf scramble will also receive trophies. The Jaycette organization is to have a concession stand at each performance.

The Jaycees are sponsoring a dance in connection with the rodeo on Friday and Saturday night at Red Barn Fertilizer's plant west of town, featuring Tommy Haney and his "Rainbow Ramblers."

Dear Editor:

I believe in giving credit when and where it is due, so I think the newly organized Parent-Teacher Organization of the Elementary School certainly deserves a big bouquet with lots of credit for the work they have done the past year.

Their goals and results are something to be proud of and I'm sure the teachers and children have appreciated everything that has been done.

I have always been a staunch supporter of PTA and know it has been a wonderful help in our school and community in years past.

At the time I started teaching in Friona and during the war years, the PTA performed a wonderful service in providing things that the school could not; such as library books, extra supplementary readers, record players, records and even helped serve at the cafeteria when it was being started.

On down through the years it has had an important place in our school in bringing about better relationships between parents, teachers and pupils until the last few years when so many parents lost interest or had too many other activities to attend so PTA was disbanded.

I'm so glad our community has such a fine group of enthusiastic and determined young mothers who organized the Parent-Teachers Organization for the Elementary School. Their value and proof of what can be done by organized effort has been demonstrated during the past year. I'm sure students as well as teachers appreciate interest of their mothers in their activities.

The Teacher Appreciation Night sponsored by this organization last week was one of the most clever and worthwhile events Friona has had. Each committee did an excellent job. The original musical arrangement, the decorations, program and refreshments were wonderful.

I'm sure each child's teacher is a better teacher for this expression of appreciation for his or her efforts.

A splendid set of officers has been chosen for the coming term. I hope each parent will cooperate in carrying on the good work for which the chil-

dren and teachers will be grateful and never forget.  
Sincerely,  
Mrs. John Bengner

(Editor's note - The following letter was received recently from a former Friona resident who now lives in Las Vegas, Nevada.)

Dear Editor:

I would like a one year subscription to the Friona Star. Before my marriage I was Alice Palmateer. I lived in Friona 18 years and graduated from High School there but have gotten completely out of touch with the people who live there.

You know, of course, that no matter where you live your hometown stays first and foremost in your memory.

Friona is a lovely little city. I have had the opportunity to travel in many cities, both large and small, since leaving Friona and for my money, Friona is the best by far.

Thank you.

Sincerely,  
Alice Baker

**Mrs. G. Latta Buried Recently**

Mrs. Gertrude Latta of Fargo, Okla., was buried recently at Greenwood Cemetery following funeral services.

Funeral services for Mrs. Gertrude Latta of Fargo, Okla.,

were conducted recently at Greenwood Cemetery. She was the mother of Guy Latta of Friona and sister of John Bengner of the Black community.

Those attending from Friona were Mr. and Mrs. John Bengner, Mr. and Mrs. Guy Latta, Mr. and Mrs. Johnnie Bengner and Mr. and Mrs. Loyde A. Brewer.

**Chiefs--**

220-yard dash - Carson, Murphree and Welch.

440-yard dash - Gary Renner, Tex Phipps and Hugh Latham.

880-yard run - Dale Milner, Jackie Stowers and George Rushing.

Mile relay - (Renner, Phipps, Latham, Parker).

440-yard relay - (Carson, Murphree, Batze and Welch).

Pole vault - Murphree.

Broad jump - Batze, Carson, Milner.

High jump - Milner, Stowers, Cass.

Shot put - Gene Weatherly, Milner, Batze.

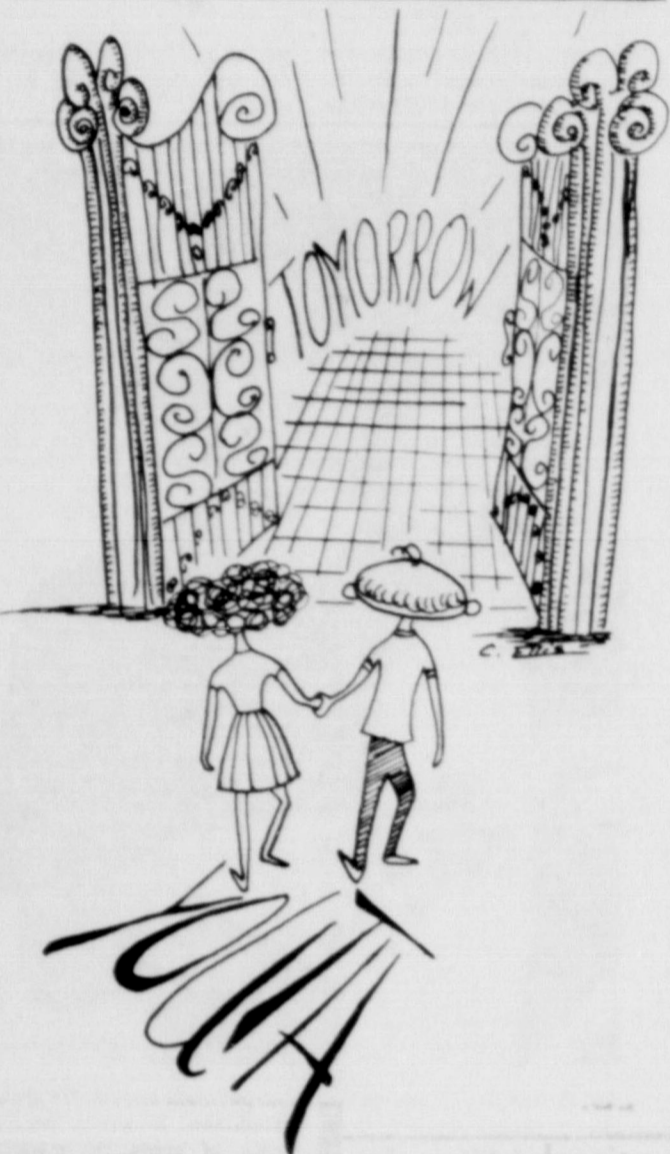

Discus throw - Stowers, Batze, and Doug Dodd.

**Auxiliary Will Meet Tonight**

The hospital auxiliary will meet Thursday at 3 p.m. in the Meeting Room of Farmer County Community Hospital, with at least two important items of business on the agenda.

Mrs. Mary Martinez, president of the organization, urges all members to attend. The group is to vote on making a donation from its fund to the hospital building fund.

Also, new officers for the organization are to be nominated.

## NOTICE TO BIDDERS

Sealed Proposals addressed to the Honorable Mayor and City Council of Friona, Texas, will be received at the office of Arley L. Outland, City Manager, until 1:30 p. m., May 4, 1964, for furnishing all necessary superintendence, labor, materials, tools, and equipment for constructing one (1) water well for the City of Friona, Texas and furnishing and installing a turbine type deep well pump, complete, with vertical hollow shaft motor and electric control equipment. Any bid received after the time and date stated above will be returned unopened.

Each Proposal must be accompanied by a Certified Check, Cashier's Check or Proposal Bond, acceptable to the Owner in an amount equal to at least five per cent (5%) of the total amount of the bid submitted, made payable without condition to the City of Friona, Texas, as a guarantee that the bidder, if awarded the contract will promptly execute such contract and bonds in the forms provided. Bids without the required bid security will not be considered.

The Successful Bidder must furnish performance and payment bonds on the forms provided in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the Owner.

Proposals must be submitted on the form provided and, in case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. The Owner reserves the right to reject any or all bids, to waive any formalities, and to accept the bid which seems most advantageous to the interest of the Owner.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions.

Attention is called to the provisions of the Acts of the Legislature of the State of Texas concerning the wage scale and payment of prevailing wage established by the Owner. The scale of prevailing minimum wages is set forth in the specifications.

Information for bidders, proposal forms and specifications are on file in the office of Arley L. Outland, City Manager, Friona, Texas, and Parkhill, Smith & Cooper, Inc., Consulting Engineers, 201 Avenue R, Lubbock, Texas. Copies of such documents may be secured from either the City Manager or Parkhill, Smith & Cooper, Inc. CITY OF FRIONA, TEXAS

## Community Organization Headed By George Frye

During the business session of a meeting of the Black Community in the Community House Thursday evening, George Frye

### Auxiliary Plans Picnic Supper

Plans were made for a family party for members of Friona Volunteer Fire Department and Fireman's Auxiliary at a meeting in City Hall Monday evening. Mrs. Leo Reed, vice-president, conducted the business session.

The picnic, which is an annual affair, will be in City Park April 30.

During the social hour refreshments were served by Mrs. Ronald Smiley and Mrs. Glenn E. Reeve, Jr. Mrs. Joe Mann was awarded the door prize.

Others present were Mesdames Ralph Shirley, Lee Campbell, Howard Love, Walter Cunningham and J. P. Sims.

### Sheila Terry Born Monday

Sheila Ruth is the name Mr. and Mrs. George Wayne Terry chose for the baby girl born to them at Parmer County Community Hospital at 6:25 p.m. Monday. She weighed 5 lbs. 14 ozs.

Grandparents are Mr. and Mrs. Boyd Gilreath, Bovina, and Mr. and Mrs. Ross Terry, Friona. Mrs. Rosa Anderson, Friona, is the paternal great-grandmother.

### Kimbroughs Hospitalized

Rev. and Mrs. Don Kimbrough of Parkland, Wash. are patients at Lakewood Hospital in Tacoma, Wash. Mr. and Mrs. H. A. Hyde, parents of Mrs. Kimbrough, were advised Sunday that the Kimbroughs had been involved in a highway accident.

Mrs. Kimbrough has a broken leg and her husband has broken ribs.

was elected to serve as president during the coming year. Elected to serve with Frye were Beryl Fish, vice-president and program chairman and Mrs. John Benger, secretary and reporter. Gene Welch, outgoing president, conducted the meeting.

A pie supper followed the business meeting. Special guests were Mr. and Mrs. Bill Flippin Jr. Flippin served as auctioneer for the pie supper. The proceeds, which amounted to \$218, will be used for the Community House.

A vote of thanks and appreciation to Flippin was extended by members of the organization.

After the auction sale, pie, coffee and cold drinks were served by the host couples, Mr. and Mrs. Ralph Price, Mr. and Mrs. Dick Rockey and Mr. and Mrs. Ellis Tatum.

## Latin American Countries Studied at Club Meeting

Latin American Countries, their form of government, climatic conditions and customs were studied at the Wednesday afternoon meeting of Friona Woman's Club in Federated Club House.

### Gaylene Varner Born Recently

Mr. and Mrs. James Varner of 1801 East Fourth Street, Clovis, became parents of a baby girl at Cannon Air Force Base Hospital Friday, March 20. She was named Gaylene and weighed 2 lbs. 5 1/2 ozs.

Grandparents are Mr. and Mrs. J. R. Varner, Friona, and Mr. and Mrs. Elmo Dean of the Rhea Community. Mrs. Floyd Schlenker, also of the Rhea Community, is the maternal great-grandmother.

Mrs. Varner has been dismissed from the hospital, but Gaylene will be hospitalized for several weeks.

### It's A Boy For Herrings

Mr. and Mrs. Glen Herring became parents of a baby boy at 4:30 a.m. Sunday at Parmer County Community Hospital. He was named Richard Glen and weighed 5 lbs. 4 ozs. He is the first child for the couple.

Grandparents are Mr. and Mrs. D.C. Herring and Mr. and Mrs. W.M. Massie.

Mrs. Ora Massie, Claude, Mr. and Mrs. D.P. Smiley, Roaring Springs, Mr. and Mrs. J.W. Roberts, Friona and Mrs. Sadie Herring, Hereford, are great-grandparents.

## Of Interest To THE WOMEN

### FHA Week Concludes With Salad Supper

A salad supper in the school cafeteria at 6 p.m. Friday concluded activities of the Friona Future Homemakers of America in National FHA Week. Members of the chapter and their advisors, Mrs. Dalton Caffey and Mrs. David Eddington, were hostesses.

Guests were foreign exchange students, Nergis Yazgan, Heidi Jonasdottir and Christa Holz; mothers and fathers of the chapter members; chapter members and advisors from Bovina, Hereford and Lazbuddie.

Diana Taylor, president, was master of ceremonies. Two numbers were presented by The Trebelaires with Mrs. Roy V. Miller Sr. accompanying at the piano. Patsy Hough introduced Pat Burton, Sherri Tannahill, Gail McGlothlin, Linda Outland, Sandy Beene, Karen Osborn and Donna Fulks.

A panel discussion pertaining to educational facilities, dating customs, political views and other aspects of everyday living in Iceland, Austria and Turkey was participated in by Misses Yazgan, Jonasdottir and Holz.

Miss Yazgan is the Friona exchange student; Miss Jonasdottir is from Bovina and Miss Holz is from Hereford.

Special recognition was accorded Charlotte Seaton of the Lazbuddie chapter. She was elected fifth vice-president of area one at the recent convention in Amarillo.

Mrs. Frances Walton, Lazbuddie, Mrs. Alan Staley, Bovina, Mrs. Caffey and Mrs. Eddington, chapter advisors present, were also recognized.

Tables were decorated with spring floral arrangements. Name tags were red apples. Karen Osborn served as chairman of the decorating committee. She was assisted by Diana Taylor, Becky Ballis, Sherri

## Three Frionans Receive State Homemaker Degrees

Announcement was made Thursday afternoon that three members of Friona Future Homemakers of America had qualified to receive state homemaker degrees.

Diana Taylor, Lois Moyer and Linda Rector, all seniors, completed junior and chapter degree requirements to be eligible to apply for state degrees. To earn a state degree it is necessary for each applicant to

set and achieve individual goals, chapter goals and community and school goals. Then a history of these activities must be compiled relating individual activities, group activities and community and chapter activities.

There were 96 applications from Area 1 and 64 qualified for state degrees, which will be presented at the Municipal Auditorium in Austin May first.

Students receiving state degrees will be guests of the University of Texas Homemaking Department the first Tuesday afternoon in May. Several persons from Friona plan to attend the state convention, which will be held in Austin the first week in May.

Miss Taylor's parents are Mr. and Mrs. J.B. Taylor; Miss Moyer is the daughter of Mr. and Mrs. O.E. Moyer and Miss Rector is the granddaughter of Mr. and Mrs. Foster Rector, with whom she makes her home.

# WELCOME TO FRIONA

Meet Mr. and Mrs. Larry Rawls, our newcomer to Friona this week. The Rawls two children are Rocky age 4 and Scott age 7 mos. The Rawls family comes to Friona from Dimmitt. Larry is the Ass't. Mgr. at Harry's Super Market. The family attends the Calvary Baptist Church in Friona.

### Frionans Attend Delta Xi Meeting

Eight Frionans attended a meeting of the Delta Xi Chapter of Delta Kappa Gamma in Fellowship Hall of Dimmitt Methodist Church at 2:30 p.m. Saturday, April 4.

Hostesses for the meeting

were members of the Dimmitt and Hart chapters. Honored guests were foreign exchange students, pioneer teach-

**Linda Rector To Head MYF**

Linda Rector of Friona was elected MYF district president at a weekend retreat for Methodist Young Folks at Ceta Canyon, which was attended by eight young Frionans.

The group left Friona Friday and returned Sunday afternoon. Others making the trip were Merylene Massie, Bette Bass, Carolyn Hamilton, Linda Outland, Bobby Ray, Terry Fite and Jimmy Shelton.

**Brown Family Honored Sunday**

Mr. and Mrs. Matt Brown and children, Steve and Gloria, were honored with a housewarming in their new home Sunday evening. Hosts were Mr. and Mrs. J. M. Watson, Mr. and Mrs. Nelson Welch and Mr. and Mrs. Louis Welch.

Following a tour of the home, refreshments of coffee, hot spiced tea and cookies were served to about 40 guests.

**Weekend Guests**

Mr. and Mrs. Otis L. Floyd and daughter, Linda, of Amherst were weekend guests in the homes of Mr. and Mrs. Cecil Floyd and family and Mr. and Mrs. Harrison Gee and son,

ers and future teachers.

Friona's exchange student, Nergis Yazgan, of Turkey, joined exchange students from France, Iceland, Austria and Chile in presenting information pertaining to home countries.

Other Friona residents attending were Mrs. Claude Osborn, pioneer teacher; Mrs. Bennie Pryor and Mrs. L. B. McClain, members; Kay Neel, president of the Ethel Bengier Chapter of Future Teachers of America; Mary Ethel Wilson and Sandra Schilling, members of FTA.

Mrs. John Bengier and Mrs. Wayne Stark, members of organization, were unable to attend due to deaths in their families. Mrs. Ruth Carter was also unable to attend.

**Lamona Gay Myers Born In Hereford**

Mr. and Mrs. Charles Myers of Hereford became parents of a baby girl at 9:20 p.m. Sunday at Deaf Smith County Hospital.

She was named Lamona Gay and weighed 6 lbs. 12 ozs. and is the second daughter for the couple.

Grandparents are Mr. and Mrs. Charles Myers Jr. of Friona, and Mr. and Mrs. E. A. Guinn, Hereford.

**Cooking Class Meets Tuesday**

Five members of the third year 4-H cooking class of the Lazbuddie community met at the school cafeteria Tuesday afternoon for a study on setting tables, menus and foods and nutrition.

The study was directed by leaders, Mrs. Fred Burch and Mrs. Harvey Blackstone.

Members of the class present were Debbie Burch, Ann Blackstone, Christy Ivy, Patience Broyles and Katie Blackstone.

The Lost Pines of Bastrop State Park lie isolated, near Bastrop, Texas, 80 miles west of the main southern pine area of the state.

### In And Around Friona

With June Floyd

ous damage was done.

Mrs. Wallace is a sister of J.W. McMahan.

Kenneth May, son of Mrs. Clara Trowbridge of Hereford, and grandson of Mr. and Mrs. Foster Rector, was on a ship in the immediate area of the quake, but was not injured. He is serving with the U.S. Navy.

The Joe Beatty family received a letter from Beatty's niece, Mrs. Leonard Mellin of Spindart reporting that none of her family was injured but their town and home were severely

damaged.

Mr. and Mrs. Mellin moved to Alaska from Longview, Texas several years ago and have already proved up on a homestead in the wilderness but are living in Spindart at the present time.

She wrote, "Already we have a hit parade. Some of our songs are, 'Shake, Rattle and Roll' by the Earthquakes; 'All Shook Up' by the Rockers; and 'Standing on the Corner Watching All the Streets go By' by the Shifters."

It has been necessary for the family to take typhoid shots, drink boiled water and dig debris from their home. Huge holes in the main street are being filled with slabs of concrete from buildings which collapsed in the earthquake.

After repairs are made, surveys will be made to determine whether or not the townsite is safe for rebuilding.

Mrs. Mellin concluded her letter by saying, "All this is taking place in thirty degree weather and it continues to

### Albert Malacara Pupils To Present Piano Recital

Friona students, who are piano pupils of Albert Malacara of Musical Arts Conservatory at West Texas State University, Canyon and a music major from Texas Technological College, Lubbock, will be presented in recital at Calvary Baptist Church at 3 p.m. Sunday.

Those having parts on the program are Mary Margaret, Kathleen and John Shee-

han, John Bill McFarland, Linda Smith, Denise Frazier, Brenda and Brent Hall, Nancy Martinez, Kathy Horton, Lydia Buske and Donna Parr.

Parents and students invite all friends to attend.

**Eleven Attend Maize TOPS Meet**

Eleven members of Friona Maize Tops Club were present for the "weigh-in" at 7:30 p.m. Monday in the Community Room of Friona State Bank. Mrs. Vernon Roberts, with a weight loss of four pounds, was top loser. Total weight loss for the week was 16 1/2 pounds.

Mrs. Jim McLean directed a game session. Anyone interested in losing weight is invited to join the club. Meetings begin at 7:30 p.m. each Monday.

**Richard Porter Born Tuesday**

Mr. and Mrs. Claude Porter, Farwell, formerly of Friona, became parents of a baby boy at 3:37 a.m. Tuesday, April 7, at Clovis Memorial Hospital.

He was named Richard Euin and weighed 7 lbs. 11 ozs. He has an older sister, Jolene, 3.

Grandparents are Mr. and Mrs. L. M. Porter, Clarendon, Elton Smith, Denver City and Mrs. Pearl Smith, Amarillo.

SUNDAY AFTERNOON

# Open House Scheduled At Euler Residence

Open house will be held Sunday from 1 until 6 p. m. at the new home of Mr. and Mrs. Elmer Euler at 1203 Columbia. The attractive cream brick features 3 bedrooms, 1 3/4 baths, family room, formal living room, kitchen, utility area and a basement playroom. Other outstanding features of this spacious home include an Arkla-Servel gas air conditioning unit for year-round heating and cooling and a complete array of other gas equipment, including range and oven, water heating, laundry equipment and outdoor patio broiler. Of special interest to the visitor will be the Euler's built-in book shelves and desk across one end of the family room and built-in china cabinets on the

opposite wall. The step-saving kitchen includes a multitude of work-saving arrangements including hinged corner cabinet doors which provide for the application of four Lazy-Susan rotating shelves. The lower section of the beautiful ash cabinets feature two roll out shelves as well as a quartet of dough boards which Mrs. Euler requested and will use a great deal. Another attractive feature which will appeal primarily to the ladies is the large utility area which houses the washer and gas dryer and still has plenty of room left for ironing and sewing. The three large bedrooms are equipped with walk-in

closets and the master bath includes two ceramic built-in basins and a multitude of cabinets. The basement area of this lovely home is located beneath the double garage. An ideal location where visiting grandchildren and their friends can play for hours without disturb-

ing those on the ground level. The home will be open this Sunday from 1 p. m. until 6 p. m. Hosts in addition to Mr. and Mrs. Euler will be Ralph Shirley, local manager of Pioneer Natural Gas Company and H. T. Wicker, Pioneer utilization representative from Amarillo.

## Practice Storm Warning Slated

A "practice" storm warning will be sounded by the Friona Fire Department Saturday afternoon at approximately 2 p. m. The warning will consist of a long blast of the siren of

about 30 seconds. Later, the "all clear" signal, several short intermittent signals. Fire Chief Ralph Shirley indicated that in the event there actually are clouds, the "practice warning" will not be made.

## School Menu

APRIL 20-24, 1964  
 Monday - creole spaghetti, blackeyed peas, buttered beets, green salad, apricot cobbler, hot rolls and butter, milk.  
 Tuesday - baked ham, sweet potatoes, green beans, cabbage and carrot salad, banana nut cake, hot rolls and butter, milk.  
 Wednesday - pinto beans, cheese sticks, greens, onions, cherry cobbler, corn bread and bread and butter, chocolate milk.  
 Thursday - fried chicken, potatoes, buttered carrots, Jello salad, chocolate cake, hot rolls and butter, milk.  
 Friday - salmon croquettes, English peas, potatoes, tartar sauce, pineapple rice pudding, hot rolls and butter, milk.

READY FOR MEET... These Friona Chieftain track team members are set for the district track meet Friday. In the back are Coach Bob Owen, Travis Graves, Tex Phipps, Jerry Cass, Gene Weatherly, Gary Renner and David Carson. In the middle row are George Rushing, Hugh Latham, S.D. Baize, Dale Milner, Ray Braxton and Numan Loanman. Kneeling are Bob Welch, Jerry Parker, Milton Hargus, Lonnie Ellis, Doug Dodd and Danny Murphree.

## Slides On Alaska To Be Shown Today

Alaskan slides will be shown in the auditorium at 2:45 today. April 16. Mr. and Mrs. Dan Ward of Abernathy will comment as they show their slides. Their Alaskan trip included visits to Anchorage, Fairbanks, Nome, and many other well

known points. Some exceptional slides of Eskimo life were made at Kotzebue which is within the Arctic circle. The showing is especially for third and fourth grade students. Anyone interested may

come. There is no charge. Mrs. Dan Ward is the cousin of Steve Struve of Friona. Former Abernathy residents know her as Irma daughter of the Fritz Struves. The Wards will be guests of the V. J. Zemans.

## Merger Of Fertilizer Companies Announced

Announcement was made today of the consolidation of the business formerly operated by Easter Fertilizer Co. and Paetzold Fertilizer Co. and Spencer Chemical Company in Hereford, Dimmitt, Black and Easter Texas.

The consolidated operation will be managed by Herman Paetzold and will continue to market a complete line of fertilizer products manufactured by Spencer Chemical Company of Kansas City, Missouri. Spencer has recently become a subsidiary of Gulf Oil Corporation. Raymond Paetzold will continue the operation of the blending plant at the location east of Hereford.

"The consolidation will prove to be an asset to Hereford and the surrounding territory" was the comment of Herman Paetzold, former owner of Easter Fertilizer Co. and co-partner of Paetzold Fertilizer Co. "The operation will not only remain here and continue to supply Spencer products but plans are already being made to expand both services and facilities.

"The variety of materials to be supplied will qualify the facility as a "fertilizer super-market."

## Girls Debate On Tap Today

The Friona girls debate team will host the Muleshoe debate team in a practice debate today at 5:15 p. m. at the High School Library, for anyone interested in seeing the team in action.

Muleshoe's team won the state championship last year as sophomores, and this year has captured district honors.

Friona sported a debate team this year for the first time in several years.

## In And Around--

be enjoying the convenience of a paved road right by their house.

Feel sure that a lot of residents of the Rhea Community will enjoy having the road paved. Think plans are for the pavement to be extended north from Mrs. Floyd Schlenker's house two or three miles then west to the New Mexico line.

This proposed route will put the Claude Mears family, Robert Schuelers, the Rhea Lutheran Church, Raymond Schuelers and Bovina Wheat Growers Elevator in the Rhea community all on the pavement. I think.

The Robert Schuelers, who have lived at their present location many many years, will probably be almost unable to imagine a paved road where there were only wagon trails when they first moved there.

If things don't seem to be coming your way, perhaps you're on the wrong road.

## Furniture Sale Set Monday

A furniture auction sale is scheduled at Roberts Furniture in Friona Monday, April 20. Porter Roberts, owner, is closing out his furniture business in order to devote full time to the school tax assessor-collector's job he recently accepted.

Included in the sale will be bedroom, living room and dining room furniture, chairs, recliners, rockers, tables, lamps, stoves, refrigerators, and numerous other items. Bill Filippin, auctioneer, is in charge of the sale.

## JIM LANGDON--A WINNER!

Railroad Commissioner Jim Langdon is a 49-year-old native Texan with a winning record in public office. When John Connally appointed him to the Railroad Commission, the Governor said:

"I have for several weeks been attempting to find a man I consider to have outstanding ability, integrity and honor. . . I am happy we have found that man -- Judge Jim C. Langdon."

Jim Langdon has fully lived up to Governor Connally's expectations. He has conducted his office in the spirit of Governor Jim Hogg, who had the Commission set up in 1891 to look after the public interest in railroad and freight rates. It now regulates also truck and bus rates and the production of oil and gas. Judge Langdon will continue to keep transportation rates in line and see to it that our oil reserves are protected against waste and greed. This will help keep down Texas gasoline prices, already among the lowest in the nation.

Jim Langdon was elected District Judge twice and re-elected Chief Justice of the El Paso Court of Civil Appeals.

## ON THE OTHER HAND--

Jim Langdon's Opponent Is a 10-Time Loser!

Jesse Owens, 69-year-old attorney, is still running for office after 38 years and TEN DEFEATS. He has lost the following races:

- 1926--Defeated for Sheriff of Foard County by L. D. Campbell.
- 1930--Defeated for District Attorney by John Meyers.
- 1932--Defeated for District Attorney by Ed Gossett.
- 1940--Defeated for District Attorney by T. Gene Rogers.
- 1946--Defeated for Court of Criminal Appeals by Tom L. Beauchamp.
- 1952--Defeated for Court of Criminal Appeals by K. K. Woodley.
- 1956--Defeated for Court of Criminal Appeals by W. A. Morrison.
- 1958--Defeated for District Judge by Tom Davis.
- 1960--Defeated for Court of Civil Appeals by James Denton.
- 1962--Defeated for Texas Supreme Court by Meade F. Griffin.

## A Winner All the Way--

# Jim C. Langdon

for Railroad Commissioner

(Pol. Adv.--Paid for by Jim Langdon Campaign Committee, Charles C. Langdon, Chairman)

Where do you find that Old Fashioned Buttermilk Goodness these days?

If you'll just try a glass of Cloverlake Buttermilk you'll suddenly know... and you'll wonder why you haven't been enjoying such goodness all the time. Golden Flake Buttermilk we call it... because of the tiny flakes of butter you'll find in every drop. Golden Flake has a rich, tangy taste, but most of all, you'll probably appreciate its freshness. Golden Flake is made with care from fresh, locally produced milk. Try some today!

farm fresh goodness in every drop

## Juniors Take Honors In Literary Contests

Friona Junior High School and elementary school students placed well in the District 3-AA literary contests last Saturday at Dimmitt High School. John Bill McFarland won first place in boys declamation, with Sharen Awtrej winning second. The elementary school picture memory team also placed first. Members of the team were Debra Wylie, Lana Morris, Janetta Cole, Jonnye Cudd, Susan Floyd, Jayn Massie, Esther Smith, John Bingham, Regina Duke, Lavoy Johnston, Darrell Schueler, Deborah Clausen and Cyndee Bailey.

LITERARY WINNERS... John Bill McFarland, left, won the district declamation contest in the boys division, while Sharen Awtrej was second in the girls division.

## Seven Named To Top List

Only seven students made the straight A honor roll from the fifth and sixth grades, according to the release from Tom B. Jarboe this week. In the fifth grade, Mike Buchanan, Larry Johnston, Dale Schuler, Susie Spring and Debra Wylie made the straight-A list. Making it in the sixth grade were Bobby Thomas and Susan Vestal. Making one B and the rest A's was Lana Morris in the fifth grade. Making two B's and the rest A's was Deborah Clausen. Sixth graders making one B and the rest A's were Risa Howell, Gail McAllister, David McFarland, Becky Neill, Rhonda Ragsdale and Jerry Shelton. Making two B's and the rest A's in the sixth grade were Gayetta Gable, Joe Bill Jones, Janet Mingus, Billy Procter, Kay Riethmayer, Jane Rushing, Sherrie Shelton and Wayne Schueler.

FIRST-PLACE TEAM... Winners in the elementary division of the district literary contest was the picture memory team shown here. In the back are Darrell Schueler, Larry Johnston, Susan Floyd, Jonnye Cudd, Jayn Massie, Debra Wylie, and John Bingham. Seated are Deborah Clausen, Esther Smith, Cyndee Bailey and Janetta Cole. Not present for the picture was Lana Morris.

## Volleyball Team Takes Trophy

Friona Junior High School's entry in the district volleyball tournament at Muleshoe returned home with the first-place cup. Members of the team from the junior high Physical Education class, are David Reeve, Sammy Bailey, Mike Reznik, Tommy Hernandez, Harold Hammonds, Walter Carlton and Charles Short. Joe Evans, physical education instructor, coached the boys.

## Grade School Honor Roll Is Announced

The honor roll for the fifth-six weeks was announced this week for the first four grades by J. T. Gee, elementary principal. The honor roll is as follows:

**FIRST GRADE**  
All A's -- Tip Nunn, Vicki Dunn, Kevin Welch, Beverly Schueler, Pamela Wilcox, Clay Cudd, Lisa Cummings, Jerry Wayne Johnson, Tonna Morgan.

## Merger Of Fertilizer Companies Announced

Announcement was made today of the consolidation of the business formerly operated by Easter Fertilizer Co. and Paetzold Fertilizer Co. and Spencer Chemical Company in Hereford, Dimmitt, Black and Easter Texas.

The consolidated operation will be managed by Herman Paetzold and will continue to market a complete line of fertilizer products manufactured by Spencer Chemical Company of Kansas City, Missouri. Spencer has recently become a subsidiary of Gulf Oil Corporation.

Raymond Paetzold will continue the operation of the blending plant at the location east of Hereford.

"The consolidation will prove to be an asset to Hereford and the surrounding territory" was the comment of Herman Paetzold, former owner of Easter Fertilizer Co. and co-partner of Paetzold Fertilizer Co. "The operation will not only remain here and continue to supply Spencer products but plans are already being made to expand both services and facilities.

"The variety of materials to be supplied will qualify the facility as a "fertilizer super-market."

## Girls Debate

### On Tap Today

The Friona girls debate team will host the Muleshoe debate team in a practice debate today at 5:15 p. m. at the High School Library, for anyone interested in seeing the team in action.

Muleshoe's team won the state championship last year as sophomores, and this year has captured district honors.

Friona sported a debate team this year for the first time in several years.

## In And Around--

be enjoying the convenience of a paved road right by their house.

Feel sure that a lot of residents of the Rhea Community will enjoy having the road paved. Think plans are for the pavement to be extended north from Mrs. Floyd Schlenker's house two or three miles then west to the New Mexico line.

This proposed route will put the Claude Mears family, Robert Schuelers, the Rhea Lutheran Church, Raymond Schuelers and Bovina Wheat Growers Elevator in the Rhea community all on the pavement. I think.

The Robert Schuelers, who have lived at their present location many many years, will probably be almost unable to imagine a paved road where there were only wagon trails when they first moved there.

\*\*\*\*\*  
If things don't seem to be coming your way, perhaps you're on the wrong road.

## JIM LANGDON—A WINNER!

Railroad Commissioner Jim Langdon is a 49-year-old native Texan with a winning record in public office. When John Connally appointed him to the Railroad Commission, the Governor said:

"I have for several weeks been attempting to find a man I consider to have outstanding ability, integrity and honor... I am happy we have found that man — Judge Jim C. Langdon."

Jim Langdon has fully lived up to Governor Connally's expectations. He has conducted his office in the spirit of Governor Jim Hogg, who had the Commission set up in 1891 to look after the public interest in railroad and freight rates. It now regulates also truck and bus rates and the production of oil and gas. Judge Langdon will continue to keep transportation rates in line and see to it that our oil reserves are protected against waste and greed. This will help keep down Texas gasoline prices, already among the lowest in the nation.

Jim Langdon was elected District Judge twice and re-elected Chief Justice of the El Paso Court of Civil Appeals.

## ON THE OTHER HAND—

### Jim Langdon's Opponent Is a 10-Time Loser!

- Jesse Owens, 69-year-old attorney, is still running for office after 38 years and TEN DEFEATS. He has lost the following races:
- 1926—Defeated for Sheriff of Foard County by L. D. Campbell.
  - 1930—Defeated for District Attorney by John Meyers.
  - 1932—Defeated for District Attorney by Ed Gossett.
  - 1940—Defeated for District Attorney by T. Gene Rogers.
  - 1946—Defeated for Court of Criminal Appeals by Tom L. Beauchamp.
  - 1952—Defeated for Court of Criminal Appeals by K. K. Woodley.
  - 1956—Defeated for Court of Criminal Appeals by W. A. Morrison.
  - 1958—Defeated for District Judge by Tom Davis.
  - 1960—Defeated for Court of Civil Appeals by James Denton.
  - 1962—Defeated for Texas Supreme Court by Meade F. Griffin.

## A Winner All the Way—

**Jim C. Langdon**  
for Railroad Commissioner

(Sp. Adv.—Paid for by Jim Langdon Campaign Committee, Charles C. Langdon, Chairman)

# Legal Notice

THE STATE OF TEXAS  
 To: J. H. McClellan and G. S. Demots, a/k/a Geo. Demots and the unknown heirs of each of said named Defendants and the legal representatives of the unknown heirs of each of said named Defendants,  
 Defendants, Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 4th day of MAY 1964, at or before ten o'clock A.M. before the Honorable District Court of Farmer County, Texas, at the Court House of said County in Farwell, Texas. Said Plaintiff's Petition was filed in said court, on the 20 day of March A.D. 1964, in this cause, numbered 2440 on the docket of said court, and styled, FRIONA UNITED PENTECOSTAL CHURCH OF FRIONA, TEXAS Plaintiff, vs. J. H. McClellan, ET AL Defendant.

The names of the parties to the cause are as follows: George Long, James Hubanks, and Earl Dunn are Plaintiffs and J. H. McClellan and G. S. Demots, a/k/a G. S. Demots, a/k/a Geo. Demots are Defendants. A brief statement of the nature of this suit is as follows, to wit: This is a suit to clear the cloud from Plaintiff's land which resulted as a result of Defendants in the subject cause having the property described in a Petition sold for delinquent taxes, which such sale was made by a Sheriff's Deed in October of 1930, A.D., which said sheriff's deed conveyed the acreage described in Plaintiff's Petition to Otis L. Kiel.

The property involved in this suit is all of Lots 1, 2, 3, 4, 5, 6, 10, 11, and 12, Block 89, Original Town of Friona, Farmer County, Texas as same appeared in the Deed Records of Farmer County, Texas; There is a plea covering the three, ten and twenty-five year Statute of Limitations to perfect title to the above described property, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unexecuted. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

### LEGAL NOTICE

THE STATE OF TEXAS  
 To: S. K. Lillard, Stanton R. Lillard, and A. B. Carroll, and should either of them be married, then their unknown wife or wives, and should any of said aforementioned parties be deceased, then their unknown heirs or legal representatives, Defendants,  
 Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 11th day of May 1964, at or before ten o'clock A.M. before the Honorable District Court of Farmer County, Texas, at the Court House of said County in Farwell, Texas. Said Plaintiff's Petition was filed in said court, on the 30th day of July A.D. 1963, in this cause, numbered 2390 on the docket of said court, and styled, GEORGE C. TAYLOR, JR. Plaintiff, vs. S. K. LILLARD, ET AL Defendants.

The names of the parties to the cause are as follows: George C. Taylor, Jr. is Plaintiff and S. K. Lillard, Stanton R. Lillard, and A. B. Carroll, and should either of them be married, then their unknown wife or wives, and should any of said aforementioned parties be deceased, then their unknown heirs or legal representatives, are Defendants.

A brief statement of the nature of this suit is as follows, to wit: Suite in trespass to try title, Plaintiff alleging that he was the owner in fee simple and in possession of Lots 4 and 5, of Block 75, of the Original Town of Friona, Farmer County, Texas, on the 15th day of July, A.D., 1963, and that thereafter Defendants entered thereon and ejected him therefrom, and likewise invoking the 10-year statute of limitations so far as same applies to land titles in the State of Texas, and praying for title to and possession of said property, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unexecuted. The officer executing this

 TAM-ANNE FERTILIZER - Tam-Anne

## come to church Sunday

We have a promise from God's Word that if we will draw near to God, He will draw near to us. "Draw nigh to God, and He will draw nigh to You". (James 4:8).  
 To draw near to God there must be a personal commitment to God. Jesus said "Whoever therefore shall confess me before men, him will I confess before my Father which is in heaven. But whosoever shall deny me before men, him will I also deny before my Father which is in heaven. (Matthew 10:32-33). Thus it stands to reason if we are to draw near to God there must be a commitment of our life to Him.  
 Secondly, to draw near to God there must be personal prayer. Jesus gave to His disciples and to us the model prayer not to be quoted and forgotten but to teach us how to pray. Therefore it is important that we learn how to pray and then pray often for in doing so we will draw nearer to God.  
 And, how do we expect to draw near to God without reading His Word and meditating upon the things which will stimulate our spiritual growth. As we read His Word we are made conscious of our sin and by the strength received in meditating upon the Word of God we are able to overcome the temptation to sin.  
 Last, we would mention that to draw near to God there must be personal worship and public worship. The Psalmist said "I was glad when they said unto me, Let us go into the house of the Lord". (Ps. 122:1)  
 Thus through personal commitment to God, personal prayer, personal Bible study and personal worship we draw nigh to God. "Draw nigh to God, and He will draw nigh to You".  
 Audye M. Wiley, pastor  
 Calvary Baptist Church

## Anthony Re-elected To Officer In GSPA

The election of an executive committee, earmarking of funds for stepped-up research on water use, sorghum midge control, and continued promotion of foreign markets highlighted the annual meeting of the Grain Sorghum Producers Association. Friona's A. W. Anthony, Jr. was re-elected secretary-treasurer of the organization. Sixty directors, officers and county leaders attending the one-day session in Amarillo Thursday, April 9.

Pat Northcutt, a farmer-rancher of Silverton, was elected as a new member of the executive committee as Vice President for Research and Education. The group set February 25 and 26, 1965 as the dates for the association's next regular biennial Research and Utilization Conference. Those held in 1959, 1961 and 1963 have attracted over 300 sorghum research and industry

people from some 30 states and several foreign countries. The board under leadership of President Elbert Harp of Abertathy authorized \$7,500, for sorghum midge research in cooperation with Texas A & M University Entomology Department on a matching fund basis. Funds for active membership in the High Plains Water Institute to study and promote water conservation were also designated. GSPA will also continue its membership in the U.S. Feed Grain Council through which it conducts grain sorghum foreign market development programs. Association leaders attending were given copies of a research report on the High Concentrate Grain Ration Research at Texas Technological College in the Department of Animal Husbandry. The association supports the study through a \$2500 research grant.

Jay Taylor, Amarillo cattleman and grain producer and member of Secretary Freeman's Advisory Committee told the association that groups such as the sorghum producers should not just support their organization when they are in trouble but should give continuous support to a strong association to help keep problems from developing for their commodity.

Dr. Willard Williams, Head, Department of Agricultural Economics at Texas Technological College, discussed some basic farm policy concepts with the group. He indicated that the idea of "perfect", "ideal" and "free" markets are often confused by farmers and others. He said that farmers and their organizations should meet the challenge of developing "workable" farm programs, as "no government policy" is not always "good government policy".

In addition to Harp and Northcutt, other members of the GSPA executive committee are, R. G. Peeler, Hereford; Frank Moore, Plainview; and A. W. Anthony, Jr., Friona.

**NEW OFFICERS...**1964-65 officers of the Grain Sorghum Producers Association elected last week are (left to right) Elbert Harp, president; Pat Northcutt, vice president (research); R.G. Peeler, vice president (market development); Frank Moore, vice president (services) and A.W. Anthony, Friona, secretary-treasurer.

## Bookmobile Schedules Stops In The County

The Texas State Library's bookmobile is to make its first stop in Parmer County today, and in the next two weeks, it will make 10 other stops in various parts of the county.

The mobile library will stop in Lariat in the southwestern corner of the county at 10:15 today, and then will stop in Bovina at the school from 12 noon until 1 p.m., and downtown between 1 p.m. and 4 p.m. Today's excursion will be the last excursion into the county for a week, as the bookmobile will make stops in Lamb and Bailey counties for the remainder of the week.

Next entry into Parmer County will be April 23-24-25, when it will make the remainder of its stops in the county. Thursday, April 23, stops are scheduled at the Oklahoma Lane Farm Store from 9:35 until 10:30; at the Rhea community from 11:30 until 12:30, and at Black between 2 and 3 p.m. On Friday, April 24, the book-

mobile will stop at Hub, White's Elevator, Lazbuddie and Clay's Corner. Then on Saturday April 25, the library on wheels will make its final stops in Parmer County on its first "run," stopping in Farwell Saturday morning, and in Friona Saturday afternoon.

Under the present schedule, the bookmobile has a total of 44 stops in the counties of Parmer, Bailey, Lamb and Cochran, and will make its rounds every three weeks.

Its schedule for the next two weeks includes:

**THURSDAY, APRIL 16**  
West Camp ..... 9:00- 9:45  
Lariat ..... 10:15-11:00  
Bovina School ..... 12:00- 1:00  
Bovina ..... 1:00- 4:00 (Downtown)

**FRIDAY, APRIL 17**  
Lums Chapel ..... 10:00-10:45  
Bainer ..... 11:15-12:00  
Spade ..... 12:45- 1:45  
Hart Camp ..... 2:00- 2:45  
Fieldton ..... 3:00- 3:45

- SATURDAY, APRIL 18**

**If this has ever happened to you you know about The Big Difference in insurance**

If you insured your car through an independent insurance agent, you remember how he helped make sure you were paid not just promptly but fairly as well.

If you bought your policy directly from some companies, you probably never again saw the man who sold you the insurance. You almost certainly had nobody on your side to help you.

If you've never had an accident, why wait until it is too late? Insure your car—and your home or business—through us today. We're independent agents. As such, we represent not one but several strong insurance companies. And we're free to be on your side! Stop in...or call. We'll give you The Big Difference in insurance—continuing, personal attention.

**Ethridge - Spring Agency**  
Ph. 8811 Friona

**POLITICAL CALENDAR**

The Friona Star is authorized to make the following political announcement subject to action of the Democratic Primary in May, 1964:

**FOR DISTRICT ATTORNEY**  
Jack Young (Re-Election)

**FOR SHERIFF, Parmer County**  
Chas. Lovelace (Re-Election)

**FOR ATTORNEY, Parmer County**  
Hershel R. Harding (Re-Election)

**FOR COUNTY TAX ASSESSOR-COLLECTOR:**  
Leons Moss  
Hugh Moseley

**FOR COMMISSIONER, PRECINCT 1:**  
Tom Lewellen (Re-Election)  
Forrest Osborn  
Thomas Parson (Republican)

Lamb County in the Texas Panhandle is almost square, measuring 30 miles from east to west and 34 miles from north to south.

# Economy, Politics Linked By Speaker

"If you are interested in the amount of your income, you should be interested in politics." Those were the words of H. M. Baggary, editor of The Tulsa Herald, who spoke at a meeting of Farmer County Young Democrats at Hub Community Center Tuesday night.

The meeting was open to the public and was attended by some 60 Farmer Countians.

Terming the two political philosophies in this country liberal and conservative instead of Democrat and Republican--because there are "too many kinds of Democrats--Baggary said that the world and this country face lots of problems now and in the future. "It won't be the conservatives who find the answers," he said, "if solutions to the problems are found, they will be found by the liberals."

He pointed out that the liberal philosophy of government has

been in effect in this country since Franklin Roosevelt took office in '33.

Three accomplishments of liberal administrations on the domestic level since that time have been (1) saving the country from a revolution, and possibly communism in '33, (2) breaking the trend of having a depression follow a war and (3) ushering in the highest standard of living in history of the world.

Baggary told his attentive audience that the conservative philosophy "wants to look to the past for solutions, wants to return to the 'good old days,' thinks that anything new is probably bad, and glorifies the uncommon man--another way of saying the 'favored few'.

On the other hand, the weekly newspaperman said, "The liberal philosophy stays in step with the times."

"Liberals seek new deals when old ones break down," he said.

# Volleyball Meet Scheduled Here

The Friona Booster Club is sponsoring an "outsiders" volleyball tournament April 23-24-25 in the high school gymnasium. There will be both a men's and women's tournament.

Deadline for team entries is Saturday, April 18. An entry fee of \$6 per team is being charged.

Brackets are to be made up and mailed by April 20. Entries should be sent to Jimmy Maynard, in care of Herring Implement Company, Friona.

# GRADE HONOR...

(Continued from Page 1)

Buske, Larry Sanders, All A's and 1 B -- Andrea Hurst, David Sides, Randy Dorrell, Carleen Schlenker, Jill Riethmayer, Lou Whaley, Nina Latham, Denise Frazier, Sally Kendrick, Kathy King. All A's and 2 B's -- Clinton Schueler, Denise Cudd.

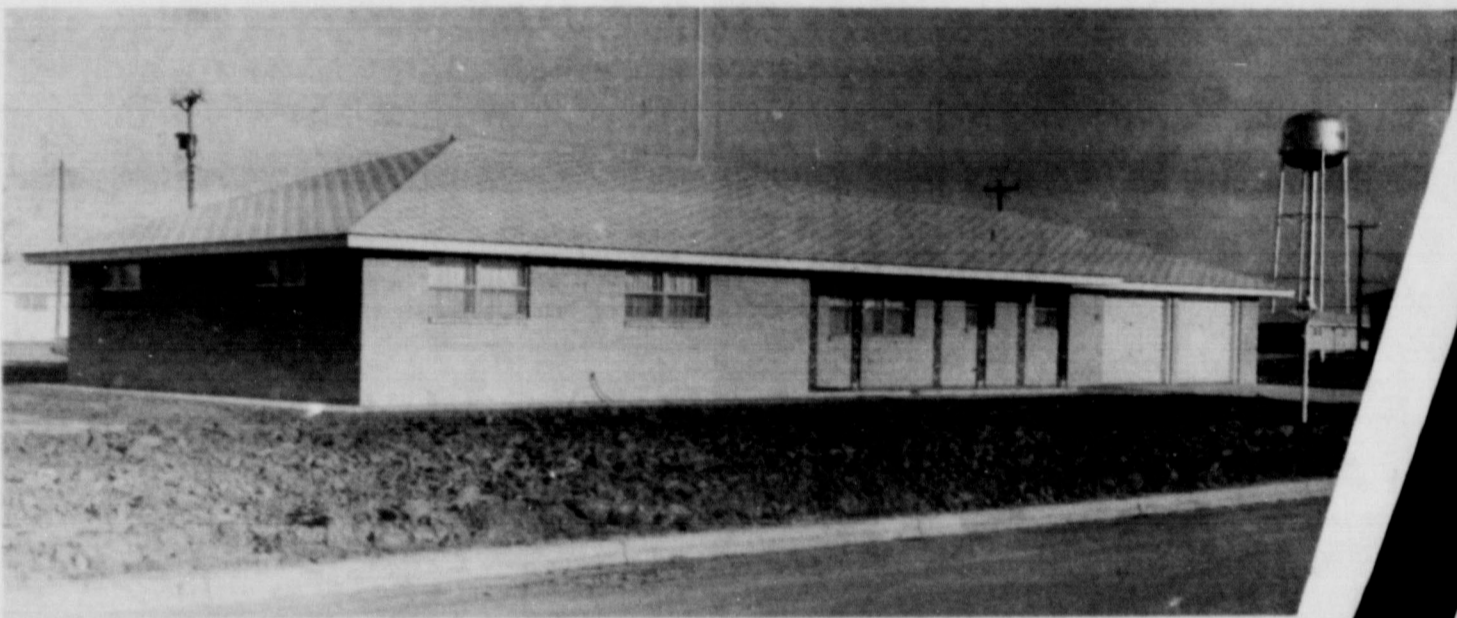

GETTING STARTED... Norman Sundwall, left, representative from the Texas division of Community Resources for Overseas Programs, discusses the program with Paul Mohr, center, county chairman, and Gary Brown, county treasurer. Plans for Farmer County's drive are underway. Mohr hopes to receive commitments of acres of wheat to the CROP program.

It has been computed that since the New Frontier took over in 1961, federal spending has increased by \$16 billion a year; the national debt has increased \$19.1 billion; unemployment has risen from 3.9 million to 4.5 million; bankruptcies and mortgage foreclosures have greatly risen; and the cost of living has reached an all-time high.

HOME OF THE CLEANEST CARS IN WEST TEXAS  
**McCracken Motor Company**  
1300 Block - West 6th - Amarillo, Texas

Relaxed living with room to spare is featured in this modern brick home to be open Sunday from 1:00 until 6:00 for your inspection. It offers three large bedrooms, highlighted by walk-in closets and one and three-quarter ceramic tiled baths. The cozy carpeted living room is set aside for formal entertaining and the family room is large with many built-ins. A compliment of gas appliances fills the kitchen which is large enough to prepare for a banquet but compact enough to save many extra steps. There is a large utility area equipped for laundry and sewing activities and beneath the double garage you will find a gigantic basement-playroom. Gas heating and cooling equipment insure year round comfort, convenience and economy. If you like living in a BIG way be sure to see this home Sunday.

# Lazbuddie Is Winner In Soil Judging Contest

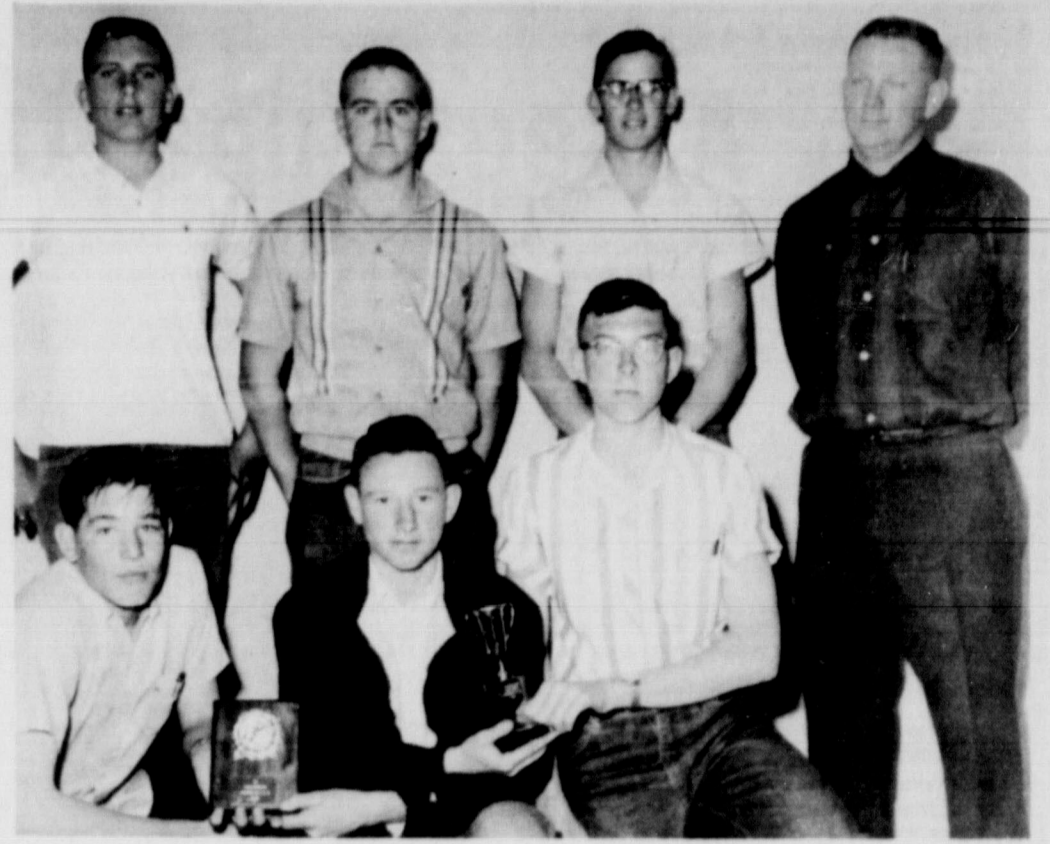

Lazbuddie High School's entry won the annual soil judging contest sponsored by the Farmer County Soil Conservation District last Friday at Hub. The Lazbuddie team rolled up 603 points of a possible 720, to nose out Farwell, whose team scored 593 points. Bovina scored 588 points for third. Friona's team was forced to withdraw due to members on the falling list, so there were just three teams in the judging. Ronnie Melton of Lazbuddie, who entered the contest as an

alternate from Lazbuddie, undoubtedly won a place on his school's regular team, by claiming individual honors in the contest. Melton scored 217 of a possible 240 points. Richard Haseloff of Farwell was second with 208 points. Farwell's Gilbert

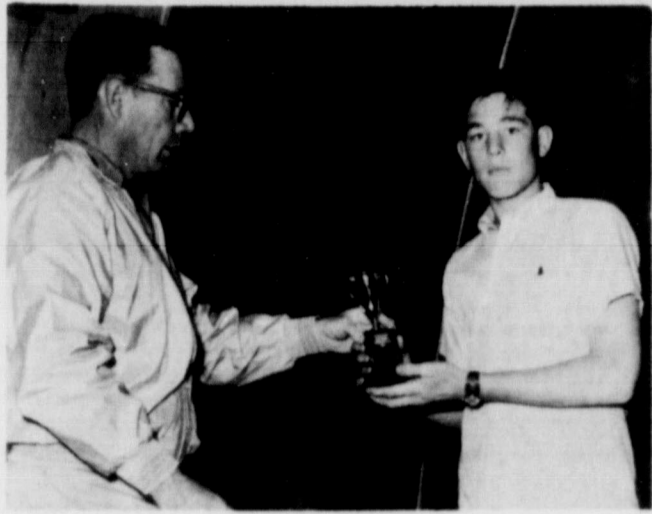

Dale took third with 207, and Bovina's Billy Marshall was fourth at 205. Members of Lazbuddie's winning team included Ronnie Melton, Bobby Morris, Sammy Harlan, Charles Ramage, Mack Holt and Hoppy Jennings. Scotty Windham is team coach.

Farwell's team members were Roger Dowdy, Richard Haseloff, Delton Wilhite and Gilbert Dale. Robert (Prof.) Morton is coach.

Team members on Bovina's entry included Scotty Rundell, Richard Carson and Billy Marshall. John Paul Jones is the coach.

WINNING TEAM. . .The champion soil judging team, from Lazbuddie High School, are pictured above. In the front are Ronnie Melton, who also won the high individual award, Bobby Morris, and Sammy Harlan. Standing are Charles Ramage, Mack Holt, Hoppy Jennings and Scotty Windham, coach. (SCS photo)

TOP INDIVIDUAL. . .Winning top honors in the soil judging contest with a score of 217 of a possible 240 points was Ronnie Melton, right, of Lazbuddie. Bill Lyles, left, representing the Soil Conservation Service, sponsor of the contest, makes the presentation. (SCS photo)

## "Hit Parade" Style Show Theme For HD Club

The general public is invited and urged to attend the style show "Hit Parade" to be presented by Farmer County Home Demonstration Club women at the Hub community building (tonight) Friday, 8 p.m.

fashions created by ladies in the recent basic and advance clothing workshops, directed by Cricket Taylor, Farmer County HD Agent.

Ten original designs will be modeled among which will be a cocktail dress, a tea gown and fantasy of fur. Narrating the

show will be Mrs. Davis Gulley of the Midway Club.

No admission will be charged.

## 4-H Contests Set

The County 4-H Awards contests will be held Saturday afternoon, April 18 in the Oklahoma Lane Community Center, according to Cricket Taylor, HD Agent.

The favorite food show awards program includes 4-H members enrolled and participating in Food and Nutrition projects during the current year. Judging of the Favorite Food Show will start promptly at 1:30 p.m.

Other contests will be held at the same place from 2-4 p.m. Contestants include three competing teams in Electric

Awards contest, Public Speaking, Food and Nutrition Educational Activity, Dairy Demonstration and Soil Testing Contests. Max Bush and Franklin Bauer, 4-H adult leaders will be in charge of these contests.

The two highest scoring participants in the Favorite Food Contest will represent Farmer County at the district contest to be held in Canyon, April 25. Highest scoring contestant or team in all other events will also go to Canyon for the district contest.

Parents and all 4-H members are urged to attend these contests.

## Beef Stocks Abundant In Stores

Most newsworthy item on the food front this week is that beef supplies continue to be abundant. Generally, this means the appearance of frequent "specials" at meat counters.

Beef short ribs, stew meat and liver make for economical and nutritious dishes, says Mrs. Gwendolyn Ciyatt, Extension consumer marketing specialist. Consider the various cuts for pot roasting, and check price tags on round steak as well as T-bone, porterhouse and sirloin steaks.

Poultry counters also offer a wide selection at low cost.

Look for real buys in fryers, chicken hens and eggs.

Heavy demand and somewhat limited supplies will keep prices up on many fresh vegetables for the next week or so. Variety and quality of the vegetables has improved. Items to consider are cabbage, carrots, celery and cooking greens. Other selections include head lettuce, asparagus, cauliflower, green beans, broccoli and tomatoes.

Apples from storage continue in good supply at moderate price levels. The supply and quality of fresh strawberries will depend largely on weather conditions. Other good selections are pineapples, lemons, avocados and oranges.

## Farm Programs Explained At Bovina Meeting

All Farmer County farmers are urged to attend a meeting at the Bovina School Auditorium Thursday night, April 23, 7:30 p.m., at which time Prentice Mills, manager of the Farmer County ASC Office will explain the new wheat and cotton farm programs which have just been released.

Members of the county committee, Archie Tarter, Lazbuddie, Louis Welch, Friona

and Tom Beauchamp, Oklahoma Lane are also expected to be in attendance.

Think twice before you air your clothes in the sun, advises the National Institute of Drycleaning. If they are green, blue or white, they could change color. White garments may contain fluorescent whitening dye which is destroyed by sunlight causing the garment to yellow, and many green and blue dyes in silk and wool are susceptible to sunlight and will fade.

# Why A Beet Sugar Quota Of 750,000 Tons Is Necessary

## 1. PRESENT BEET SUGAR QUOTA IS GROSSLY INADEQUATE

The basic beet sugar quota (Section 202 (a) (1) of the Sugar Act) should be increased by 750,000 tons -- from the present 2,650,000 tons to 3,400,000. The higher levels of production requested by the government for 1963, 1964, and 1965 make an increase of this amount necessary. This increase is in the interest of U. S. sugar consumers, and is vital to American farmers who need sugarbeets as a cash crop and as an alternate or replacement for crops now in surplus production. Also it is important to the welfare of factory and field labor in the 25 states in which the Beet Sugar Industry is now located.

## 2. WHY BEET SUGAR PRODUCTION IS ABOVE EXISTING QUOTA

To encourage "growth and expansion of the beet sugar industry" in new areas (Section 302 (b) (3), the Congress in 1962 provided for erection of six new beet sugar processing plants in the 1963-1966 period. And early in 1963, when the critical foreign sugar supply situation became alarming, the Executive Branch of Government turned to the Domestic Beet Sugar Industry as the quickest dependable source of greater production in the period ahead, and announced that there would be no acreage restrictions on sugarbeet planting in 1964 and 1965 as well as in 1963. The industry responded with immediate and substantial increases in production far above existing quota levels.

## 3. DRASTIC ACREAGE CUTS INEVITABLE UNLESS BEET SUGAR QUOTA INCREASED

Unless the basic beet sugar quota is increased, established sugarbeet growers will be faced with a 40 per cent cut in acreage. Moreover, authorization of additional new beet sugar factories would be out of the question. It would be grossly unfair thus to penalize present growers who have contributed so importantly to the national sugar supply, and to prohibit

sugarbeet production in new areas where the crop is so urgently needed.

## 4. BEET SUGAR INDUSTRY SAVED MILLIONS OF DOLLARS FOR CONSUMERS IN 1963

Consumers are benefiting materially from the Beet Sugar Industry's response to the Congressional intent and Executive requests. The industry produced a half million tons more sugar in 1963 than in 1962, and is in the process of producing an additional quarter million tons of sugar this year -- thus contributing substantially to relieving the supply problem. Moreover, the Beet Sugar Industry has significantly recognized its obligations to consumers under the Sugar Act. In 1963 beet sugar sold from \$1 to \$3 a hundred pounds less than cane sugar in the same markets. Both the volume and price of beet sugar helped keep U. S. prices of imported raw cane sugar lower than many other countries had to pay for the same sugar.

By saving millions of dollars for U. S. consumers in 1963, the Beet Sugar Industry was continuing its tradition of serving consumers: beet sugar never sells for more than cane sugar, and usually sells for less. It is significant that in the one section of the country where only cane sugar is normally available -- the Northeast states -- the basis price for sugar has been the highest in the United States for many years.

Recognition of the importance of domestic sugar production for American consumers was given by President Johnson on January 31, 1964, when he urged Congress to authorize unlimited 1964 marketing of domestically-produced sugar.

## 5. INCREASE IN BEET SUGAR QUOTA WOULD COME FROM UNALLOCATED "GLOBAL" QUOTA

The 750,000-ton increase in the basic beet sugar quota could be made without disturbing any of the present individual country quotas. The increase would come from the so-called global quota. Under changed world sugar supply-demand con-

ditions it would appear undesirable to continue a system wherein a large quantity of United States supplies is not specifically allocated.

## 6. OTHER DOMESTIC PRODUCER QUOTAS NOT AFFECTED BY INCREASED BEET QUOTA

The transfer of 750,000 tons from the global quota to the beet area quota would not adversely affect the quotas of the other domestic producing areas -- Mainland Cane, Hawaii, Puerto Rico, and the Virgin Islands.

## 7. SUGAR ACT BENEFITS TO CANE SUGAR REFINERS

Cane sugar refiners had their position materially improved by 1962 amendments to the Sugar Act. These added 450,000 tons to the cane refiners' volume by prohibiting future importation of that amount of foreign refined sugar authorized by the previous law. This brought total volume of cane refiners to nearly 7 million tons, and left only 75,000 tons of foreign sugar which may be imported as refined sugar. The slight increase in the beet quota in 1962 was offset, in the cane refiners' favor, by the transfer of Hawaiian and Puerto Rican deficits from domestic areas to foreign countries, which were required to ship the sugar in raw form.

It should be noted that 100,000 tons of protected beet sugar expansion have already been awarded to cane sugar refiners and that cane refiners' interests have applied for another 100,000 tons of the reserve. Thus cane sugar refiners are prime recipients of the benefits of the beet sugar expansion authorized by Congress.

## 8. WORLD SUGAR SITUATION CONTINUES TO BE UNCERTAIN

Many changes have taken place in the sugar world since Congress wrote the 2,650,000-ton basic beet sugar quota into the law in 1962. No longer is there a world surplus. World reserve stocks of sugar, large in mid-1962, are now almost non-existent. Even if talked-of increases in foreign production are eventually realized it will take time and a vastly improved investment climate.

Nearly a third of world sugar production is under Communist control. Instability and political turmoil plague many of the other sugar-producing nations of the world. Therefore, in this uncertain atmosphere, it is in the public interest to rely on the Domestic Beet Sugar Industry for an additional 7 1/2 to 8 per cent of our total sugar supplies -- which a 750,000-ton increase in the basic beet sugar quota, to 3,400,000 tons, would achieve. Even after adding 750,000 tons to the beet area quota, foreign countries would still be guaranteed a third of the total United States market of about 10 million tons.

It pays to know about special Fabric and Garment Features for complete satisfaction. The National Retail Merchants Association sponsors a set of symbols which indicate the care a garment should receive. Look for them attached to labels of garments you buy or printed on the selvage of fabric.

With a vast multitude of finishes -- wash and wear, crease resistance, stain resistance, shrinkage control, water proofing and etc. -- add to the complexity of the problems of selecting clothing. Some finishes are permanent, others are not. The only way to know is read labels carefully to determine special qualities and care requirement.

Buying Guides--since styles, fabrics, and even sizing and methods of construction and finishes vary and change so rapidly it is not possible to set up general rules for buying clothing. However if you carefully check fundamentals you will have little difficulty.

Foam-back Fabrics -- are new on the market that are light in weight. These are not completely proven yet but are comfortable to wear because of

light weight and warmth. Instructions state they may be laundered or dry cleaned successfully. If you expect to launder them, be sure all linings and trims are washable.

Blends -- some of the crease resistant fibers are blended with natural fibers of rayons to give more wash-wear qualities. A certain proportion of the proper man-made fibers must be present in every blend to insure the desired qualities.

Here are some recommended blends:

- 65% Dacron Polyester - 35% cotton
- 50% Dacron Polyester - 50% cotton
- 70% Orlon Acrylic-30% rayon
- 80% Acrilan Acrylic-20% cotton
- 70% Acrilan Acrylic-30% wool
- 55% Dacron Polyester-45% rayon
- 80% Orlon Acrylic-20% cotton
- 70% Orlon Acrylic-30% wool
- 70% Acrilan Acrylic-30% rayon
- 65% Dacron Polyester - 35% linen
- 55% Kodel Polyester-45% rayon

It really does pay to read labels whether its ready-made or fabric you are buying. A bulletin called "Sewing Today's Fabrics" is available in my office that is helpful too.

When we gave our 15 year's accumulation of business to our successor, to become independent, we did so in the interest of our family's security. With your help, and the help of God (in whom we trust), we will build again. We are thankful for the volume of patronage we are already receiving.

# United States Biggest Beef Importing Country In The World

The United States is the biggest beef importing country in the world, cattlemen attending the annual convention of the Texas and Southwestern Cattle Raisers Association were told recently.

Dr. G. Alvin Carpenter, extension economist, University of California, said 55 percent of all beef and veal moving in international trade last year was received in the United States, and he pointed out that beef and veal imports have increased from 1.5 percent of domestic production in 1956 to about 11 percent last year.

Carpenter explained that if beef imports had been rolled back to 1957 levels that cow prices last year would have been about five dollars per hundred higher.

He stated that in the past, beef imports had fluctuated up-

ward and downward with cow slaughter and the price of beef in the United States, but that there is reason to believe that this would not necessarily be true to the same extent in the future. This has come about because production costs abroad are much lower than can be achieved in the United States, and world trade patterns have changed so that Australia is more dependent on the United States market.

As an example, he singled out land costs. In the United States a cattleman has an average land investment of \$25 for each cow. In Australia, the cost of land for one cow is 15 cents in many areas.

Another factor contributing toward higher beef imports in the United States is the fact that it has lower tariffs and fewer non-tariff trade barriers than any major importing country of the world.

Levies on beef entering Great Britain, other than from Commonwealth countries, are 20 percent ad valorem, and in France they are 31 percent. The United States tariff is three cents per pound or about 10 percent ad valorem. Tariffs on imported beef in Canada is eight cents per pound.

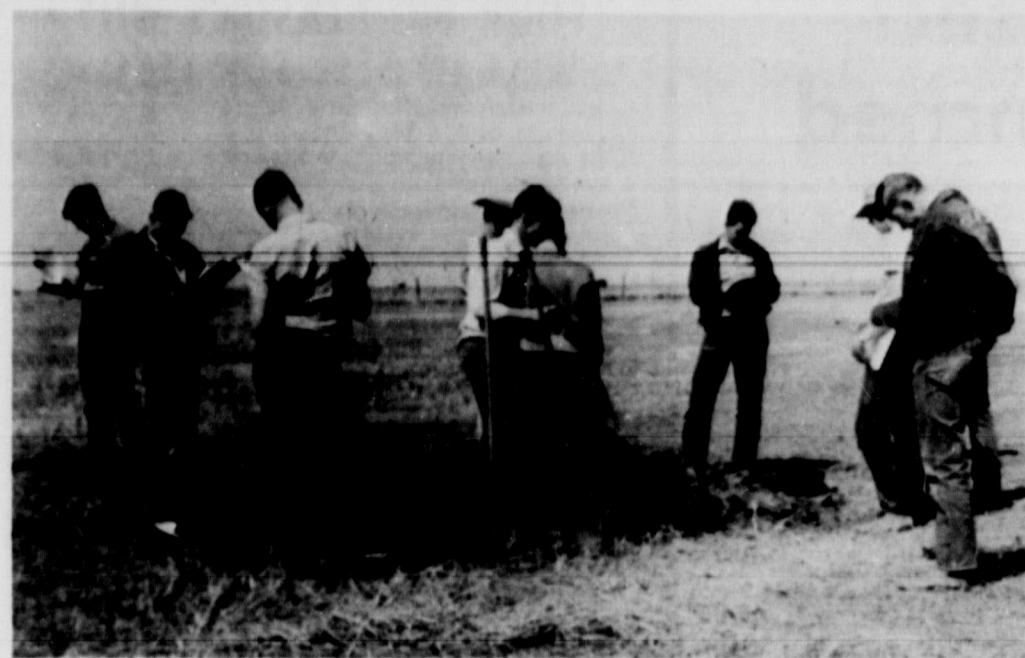

Carpenter pointed out that in early 1963, Choice steers in Chicago were selling for \$27 per hundred but they had dropped down to \$22 per hundred by December 1963.

Among the reasons for the lower prices were the rising trend in beef imports, an expansion in cattle feeding, competition from other meats such

as pork and broilers, and feeding to excessive weights.

Carpenter said that in 1963, 84 percent of the beef and veal exported by Australia, approxi-

mately 90 percent exported by New Zealand and 35 percent of the beef and veal exported by Ireland was received in the United States.

CONTESTANTS AT WORK. Contestants in the soil judging contest last Friday are shown in action during the contest. It was held at Hub, with Lazbuddie taking team honors. (SCS photo)

Maybe it's just the spring weather making the sap run a little more freely in our veins, but we've recently been remembering some childhood advice to the effect that it's often wise to "look on the brighter side of things."

And, while the sunny side of the cotton industry street may seem pretty narrow and rocky at the moment, a little searching through the mass of cotton information that comes across our desk has revealed that a sunny side does, in fact, exist. For instance, a nationally

known manufacturer of children's clothing, using anklets as an example, says his company is getting back into the all-cotton ankle market as fast as possible after the synthetic stretch-sock craze pushed foot disease up 5,000 percent over just a few years. He says all-cotton socks let your feet "breathe" and cut down on foot disorders, and that mothers in particular are finding this out.

"Man-made fibers" he says, "have a long way to go in matching the natural qualities of cotton, and a high quality product will always find a market."

Researchers of North Carolina State's School of Textiles have started a new project that they expect will lead to socks, T-shirts and underwear knitted from stretchable cotton yarns, enabling cotton to compete more

successfully in stretch fabrics. Director of the project says he hopes to develop all-cotton yarns that will retain all of the favorable properties of cotton and at the same time have the additional advantage of being stretchable. If you don't know what he's talking about when he speaks of "the favorable properties" of all-cotton, compare an all-cotton T-shirt with one from synthetics on a hot summer day. The difference will be obvious to you, especially if you are engaged in a strenuous sport.

A host of other new and improved uses for the king of fibers are being investigated, many of which show high promise.

On the production side of the industry, research is underway to lick some of the long-standing obstacles to lower cost and higher quality cottons. The boll weevil and other insects, verticillium wilt, weeds, seedling and other diseases, -- all are coming under the big guns of expanded efforts in this direction.

Right here in our own back yard research is making strides toward adapting the cotton plant to our low night-time temperatures during the growing season, and success in this undertaking can mean improved quality and yields for High Plains cotton through faster and fuller maturity, irrigation, fertilizer, breeding, different cropping systems and other production elements are also under scrutiny to better the conditions for growing our cotton.

Again, maybe it's just the spring weather, but it appears to us that more and more of these bright spots are showing up on cotton's horizon, and we don't think it's accidental. We believe it is the direct result of the increased interest shown by producers and others in the industry in research and promotion of their product. And as this interest increases, the bright spots will increase, too.

While this was being written the news came in that the cotton bill was passed by the House on the close vote of 211 to 203, climaxing over two years of painstaking legislative work by almost the entire cotton industry. Here too is an indication that our optimism may not be entirely misplaced. All pros and cons aside, the bill does make cotton available to U. S. mills at a price competitive with foreign mills... a big step in the direction of increased cotton consumption.

The natural gas industry of Texas began in 1870 after a farmer in Washington County accidentally ignited gas in his water well.

## FOOTSAVING EDUCATION

by James E. Edwards

Why is it that my neighbors' children get along very well with ill-fitting shoes?

In a survey of shoes conducted in the public elementary schools of Lorain, Ohio, it was found that 3,000 of the 4,000 children were wearing shoes that were one half to three and a half sizes too short.

Each child was asked, "How do your shoes feel?" Every child but one said, "Swell - Fine - Good" etc.

Medical textbooks confirm the conclusion that children's feet do not hurt internally. The same "high pain threshold" that allows a baby to sleep blissfully in cold wet diapers also allows his feet to be deformed by ill-fitting shoes without pain at the time. Chinese babies whose toes were turned under and bound until deformed must not have screamed as they ought. At the age of sixteen when the bunions and hammer-toes begin to hurt, it is too late for anything except surgery to straighten the deformed feet. Your neighbors' children will probably become footsore parents who will take good care of their children's feet.

FORD MUSTANG HARDTOP

## New Ford Mustang \$2368\*

F.O.B. Detroit  
Mfrs. suggested price.

This is the car you never expected from Detroit. Mustang is so beautiful, it has received the Tiffany Award for Excellence in American Design. Mustang brings you the look, fire and flavor of the great European road cars. Yet Mustang is as practical as its price.

Here's what the price includes: Deep foam bucket seats • Padded instrument panel • Full wheel covers • All-vinyl interior • Wall-to-wall carpeting • Sports steering wheel • Cigarette lighter • Glove box light • 2 automatic courtesy lights • Floor-mounted 3-speed shift.

Also: Twice-a-year (or 6000-mile) service schedule • Wrap-around front bumper • Curved side glass • Heater (unless ordered without) • Front arm rests • Parallel-Action windshield wipers • Safety-Yoke door latches • Front seat belts (unless ordered without) • Self-adjusting brakes • 170-cu. in. 6-cylinder engine.

**Mustang was designed to be designed by you!**

**Convenience Options:** 260-cu. in. V-8 • 3-speed Cruise-O-Matic transmission • Power steering • Power brakes • White sidewall tires • Push-button radio • Backup lights • Deluxe seat belts front and rear • Outside rearview mirror • 2-speed electric wipers and washers.

**Luxury Options:** Full-length console • Padded sun visors • Deluxe wheel covers • Air conditioner • Tinted glass • Vinyl-covered hardtop roof • Power-operated Convertible top.

**Sports Options:** 289-cu. in. V-8 • 4-speed manual transmission • Rally Pac (tachometer and clock) • 14-inch wheels and tires • Heavy-duty battery.

See your Ford Dealer

# Irrigation Timing Very Important

As far as the High Plains Research Foundation at Halfway is concerned, in irrigation the question is not how much water to apply, but when to apply it.

The Foundation's irrigation research has extended into most of the principal money crops of the High Plains such as cotton, grain sorghum, castor-beans, soybeans, and wheat. Timing of the applications of

water has proved of the essence in all cases.

"Our tests have revealed very definite trends in each crop," Jim Valliant says, "The tests indicate irrigation timing and not necessarily the total amount of water applied is the major contributing factor in determining net return."

The Foundation tests have been aimed at finding the critical balance of water and fertilizer where the proper amount of water, applied at the right time, coupled with the right amount of fertilizer will produce the most return for the amount invested. "We believe there is a balance between irrigation and fertilizer," Valliant says, "and our goal is finding the method of getting the biggest return for dollar spent."

The studies, dating back almost to the birth of the Foundation research program in

1957, have changed the researchers' thinking about some of the crops.

"For instance," Valliant says, "we've been told to irrigate soybeans at first bloom. Our tests have proved to us that the water should be applied earlier."

Similar results have been gleaned from tests on other crops, and in all cases the timing of the irrigation has been found to be most important. The researchers still hold to the theory of watering until the crop is wet, but at the right time.

The irrigation research program will be greatly expanded in the coming growing season. The wheat program is a prime example with five methods on 12 fertilizer levels planned for 1964 where three methods on four fertilizer levels were followed in 1963. Other crop research will be expanded.

## AMMO NOTES

By Bill Bennett, Agronomist

**FACTS AND FIGURES**

West Texas farmers used 366,300 tons of fertilizer last year. The biggest percentage of this was anhydrous ammonia at 159,264 tons. This is over 3/4 of the anhydrous used in the entire state. Tonnage figures, by county, are as follows: Castro 17,410; Deaf Smith 24,931; Lamb 20,569; Hale 45,886; Parmer 29,207 and Curry Co., N.M., 7,173.

Farm income figures compiled by The Progressive Farmer show that the top counties in the state are in this area. Gross farm income per county and per capita farm income is given for several counties: Castro \$28,642,718 and \$38,038; Deaf Smith \$31,389,280 and \$42,707; Hale \$63,955,658 and \$41,664; Lamb \$56,921,168 and \$34,793; Parmer \$35,705,306 and \$41,373. Highest total farm income per county was Lubbock with \$83,707,600. Highest income per farm was in Kenedy County in South Texas with \$200,742 per farm. Kenedy County is the home of the King Ranch.

If you fertilized at the same rate some people salt a steak, you would apply 1,000 pounds per acre.

Research and education are vital to the progress of agriculture. Let's support our local experiment stations and encourage off-station fertility research work.

It takes approximately 250# of nitrogen, 75 pounds of P2O5 and 150# K2O to grow a 25 ton silage. The soil will supply a portion of this need. The rest has to be supplied.

A chrysanthemum by another name would be easier to sell.

# Cotton Insect War Launched

A three-way attack that combines use of beneficial insects, cultural controls, and chemicals within the plant is being launched in the war against harmful cotton insects.

A \$29,000 research grant to uncover facts necessary for such an attack has been made to the University of California at Riverside by the Cotton Producers Institute. It was announced by Roy B. Davis, Lubbock; Leroy Durham, Plainview; Roy Forkner, Lubbock; and Jack Funk, Harlingen, Texas trustees for the producer organization.

Scientists will place special emphasis on problems related to cotton bollworms, lygus bugs, and spider mites.

Project aim is to develop a broad control program for use by growers. With it growers could combine cultural methods and selective insecticides for more effective use of natural pest control. In this type control insect parasites and predators are encouraged to attack and destroy harmful cotton pests.

To develop the broad control program scientists are probing the basic biological interrelationships of pests, chemicals and beneficial insect life in cotton fields.

Effective systemic insecticides would be almost perfect to control pests and gain maximum benefit from beneficial insects. Production practices to reduce or prevent migration of

The typical American family spent \$1,500 on groceries last year, says the U. S. Department of Agriculture. But, say home economists, this grocery bill can be cut as much as 10 percent with smart shopping practices such as supermarket "specials."

Bacon is the most popular meat with all age groups, according to the Market Research Corporation's National Menu Study. Hot Dogs and hamburgers turn up on the tables of the wealthy more often than the poorer families; and 25 percent of all chicken is eaten on Sunday.

pests into cotton fields would reduce the need for insecticides, enhance effectiveness of beneficial insects, and lower the cost of producing cotton. It is recognized insecticides have proved highly beneficial in curbing insect damage and that they are essential for profitable cotton production.

However, it has become increasingly apparent reliance upon insecticides has created problems such as: (1) reduction of parasites and predators which results in still heavier dependence upon repeat applications to control certain pests; (2) outbreaks of pests other than those for which the treatment was originally intended; and (3) increasing number of pests which have developed resistance to insecticides.

THE STATE OF TEXAS	
COUNTY OF FARMER)	
Before me, the undersigned authority, on this day personally appeared Mabel Reynolds, County Treasurer of Farmer County, who being by me duly sworn, upon oath, says that the within and foregoing report is true and correct.	
Mabel Reynolds, County Treasurer.	
Sworn to and subscribed before me, this 10 day of April 1964.	
Bonnie Warren Clerk, County Court Farmer County, Texas.	

**FOUR BIG REASONS WHY WE CAN SELL FOR LESS**

- 14,000 sq. feet of floor space, rent free
- Lower taxes in a small city.
- Family type operation. No salesmen's commissions.
- Seventeen years experience in furniture business with "know-how" to buy.

/s/ Ben O. Smart, Manager

**NOT EVERYBODY BUYS SEAL-TITE CONCRETE PIPE**

Of course not. How many years ago did you buy your concrete pipe? If you bought it before 1950, you probably bought Seal-Tite. Seal-Tite is the only concrete pipe that has been tested and approved by the Federal Government for use in irrigation systems. It is made of a special concrete that is stronger and more durable than ordinary concrete. It is also lighter in weight and easier to handle. Seal-Tite is the only concrete pipe that is guaranteed to last for many years.
