TOP BANDSMEN . . . These soloists won "first division" rating at the all-regional band contest last week. In the back are John Bill McFarland, Susie Carmichael and Randy Ellis. In front are David Smith and Darrell Anthony.

ALL-REGIONAL

Band Students Win Honors At Contest

Soloists and ensemble members of the Friona High School Band received seven "Division I" ratings in the Region XI University Interscholastic League solo and ensemble contests last Saturday at West Texas State University. Heading the list was Darrell Anthony with a class I trombone solo, which qualified him for the state band contest at the University of Texas April 8 and 9. Anthony was the only FHS entrant in class I to receive the top rating. Others winning Division I ratings were Randy Ellis, with a class III cornet solo; Susie Carmichael, class II flute solo; John Bill McFarland, class II alto saxophone solo; Jim Bob Jones, class III baritone saxophone solo; David Smith, class II trombone solo, and the woodwind quintet composed of Frieda Floyd, Shirley White, Darla Howell, Cindy Ingram and Pat Burton, entered in class III. Several received "Division 2" ratings. They included Pat Roberts, Carolyn Brown, Jan

Welch and Joel Osborn, class III saxophone quartet; John Bill McFarland, Jay Potts, Jo Anne Jennings and Joel Osborn, class II saxophone quartet; Christa Evans, class III French horn solo; Ann Ayres, class II bass clarinet solo; Diana Taylor, class I clarinet solo and Kara Beth Sides, class III flute solo. Also rating 2nd Division were Kathy Renner, class I clarinet solo; Sharon Awrey, Patti Ragsdale and Becky Coffey, class III flute trio; Kara Beth Sides, Belinda Mabry, Shirley Johnson and Brenda Blackburn, class II flute quartet; Karene Milner, Kathy Cook, Diana Wilson, class III clarinet trio; Linda Smith, Mary Scales, Janice Clark and Lark Jarrell, class III clarinet quartet; Johnny Claborn, Jerry Coker and Billy Burton, class II cornet trio; Robert Stewart, Joe Murphree, Jeanne Taylor, Ann Prewert, Brian Evans and Don Hoover, class II brass sextet. Rating a "3rd Division" score were Brian Evans, class II baritone solo; Randy Farr, class III snare drum solo; Sherri Tannahill, Mary Short and Barbara Lloyd, class II clarinet trio; Ann Prewert, David Smith, Lonnie Ellis and Darrell Anthony, class II trombone quartet. Those making a "4th Division" rating included a class II clarinet quartet consisting of Kathy Renner, Linda Stone, Connie Stone and Doris Ferguson. High school and junior high bands will enter the UIL concert and sightreading contest in Canyon April 7 and 9. The fifth and sixth grade bands will compete in an elementary band contest at Canyon High School April 25.

WINNING BARROW . . . Theresa Seaton of Lazbuddie exhibited the Grand Champion barrow at the Farmer County Junior Livestock Show last weekend. Cummings Farm Store purchased the winning animal for \$1 per pound.

GRAND, RESERVE CHAMPIONS

Seaton Family Divides Barrow Show Honors

Young showmen from Lazbuddie successfully defended their titles in the barrow division of the Farmer County Junior Livestock show last Friday in Friona. Lazbuddie claimed the Grand Champion barrow, a Hampshire, owned by Theresa Seaton, and the Reserve Champion, a crossbreed, owned by Charlotte Seaton. The ardent showmen from the southern part of the county also won five of six breed champion honors in the show. Besides the two breed champions exhibited by the Seaton sisters,

Bobby Gleason entered the champion Poland China; Mack Holt had the top Chester White, and also the Grand Champion Duroc. Friona salvaged a breed championship in the Berkshire division, where Ronnie Procter's heavyweight entry rated top honors. Cummings Farm Store of Friona bought the grand champion barrow for the premium price of \$1 per pound. Foster-McGehee Fertilizer of Lazbuddie paid 75 cents per pound for the reserve champion animal.

Winners, according to breeds, were (all winners from Lazbuddie unless otherwise indicated): POLAND CHINA Heavyweight - 1, Mersella Mayfield; 2, Linda Gleason; 3, Ronald Mayfield; 4, Bobby Gleason; 5, Larry Riley, Bovina; 6, Marselle Mayfield; 7, and 8, John Claborn, Friona; 9, Leon Watson; 10, Larry Gregory, Farwell; 11, Larry Johnson, Friona; 12, Randy Gregory, Farwell. Lightweight - 1, Bobby Gleason; 2, Buddy Embry; 3, Ronald Mayfield; 4, Sonny Dominguez; 5, Lonnie Ellis, Friona; 6, Tommy Crump, Bovina; 7, Charles Morton, Farwell; 8, Larry Gregory, Farwell; 9, Samuel Drager, Friona. Champion - Gleason; Reserve Champion - Embry. HAMPSHIRE Heavyweight - 1, Theresa Seaton; 2, Charlotte Seaton; 3, Gary Eubanks; 4, Ronnie Procter, Friona; 5, and 6, Charles Kitten, Farwell; 7, Bobby Morris; 8, Mike Fallwell, Friona. Mediumweight - 1, Lewis Seaton; 2, Tommy Crump, Bovina; 3, Mike Camp, Farwell; 4, Lewis Seaton; 5, Mike Camp, Farwell; 6, Ronnie Meltro; 7, Larry Dendy, Bovina; 8, Pamela Hawkins, Friona; 9, John Baker, Friona. Lightweight - 1, Larry Eubanks; 2, Billy Eubanks; 3, Larry Eubanks; 4, Dale Camp, Farwell; 5, Billy Eubanks; 6, and 7, Jackie Stowers, Friona; 8, Derrell Embry; 9, Craig Schumann. Champion - Theresa Seaton; Reserve - Charlotte Seaton. CROSBREEDS Lightweight - 1, Pamela Hawkins, Friona; 2, Derrell Embry, Heavyweight - 1, Charlotte Seaton; 2, Gary Eubanks; 3, Allison Precure. Champion - Charlotte Seaton; Reserve - Pamela Hawkins. BERKSHIRE Heavyweight - 1, Ronnie Procter, Friona; 2, Everett Gee, Friona; 3, Aaron Drager, Friona; 4, Linda Gleason; 5, (Continued on Page 3)

SWEEPS TOP PLACES

Lazbuddie Dominates County Lamb Show

Two exhibitors from Lazbuddie defended their championships in the lamb division of the Farmer County Junior Livestock Show the past weekend in Friona, and a third exhibitor joined them with a first-place to make it a clean sweep for Lazbuddie. Marianna Gammon, with a first place in the fine wool division, and Darrell Mason, winning the Southdown competition, were successful in claiming the same championships they won in the 1963 show. Terry Parham made it an all-Lazbuddie event by taking the first place banner in the fine wool division. Purchasing the first-place fine wool lamb was Foster-McGehee Fertilizer Company of Lazbuddie, at 90 cents per pound. The First National Bank of Bovina bought the first place Southdown lamb, at 95 cents. Farmer County Pump Company of Friona was successful bidder on the medium wool top entry, also at 95 cents. Winners in the show were as follows (all winners from Lazbuddie unless otherwise indicated):

- MEDIUM WOOL 1, Marianna Gammon; 2, Johnny Mitchell; 3, Marianna Gammon; 4, Royce Barnes; 5, Stevie Foster; 6, Johnny Mitchell; 7, Gerry Beauchamp, Bovina; 8, Dennis Johnston, Bovina; 9, Eddie Corn, Bovina; 10, Lane Gober, Bovina; 11, James Dendy, Bovina; 12, James Koelzer; 13, Eddie Reeve, Bovina; 14, Jerry Roach, Bovina. FINE WOOL 1, Terry Parham; 2, and 3, Sammy Harlan; 4, Billy Jones; 5, James Koelzer; 6, Timmy Foster; 7, and 8, Loy Rigner; 9, David Wimberly; 10, James Dendy, Bovina. SOUTHDOWN 1, Darrell Mason; 2, Billy Marshall, Bovina; 3, Timmy Foster; 4, Mac Brown; 5, Stevie Foster; 6, Darrell Mason; 7, Troy Steinbock; 8, Mike Wooley, Friona; 9, Howard Rhodes, Friona; 10, Mike Hand, Friona; 11, Billy Marshall, Bovina; 12, Mike Hand, Friona; 13, Jerry Carlton, Friona; 14, Charles Morton, Farwell.

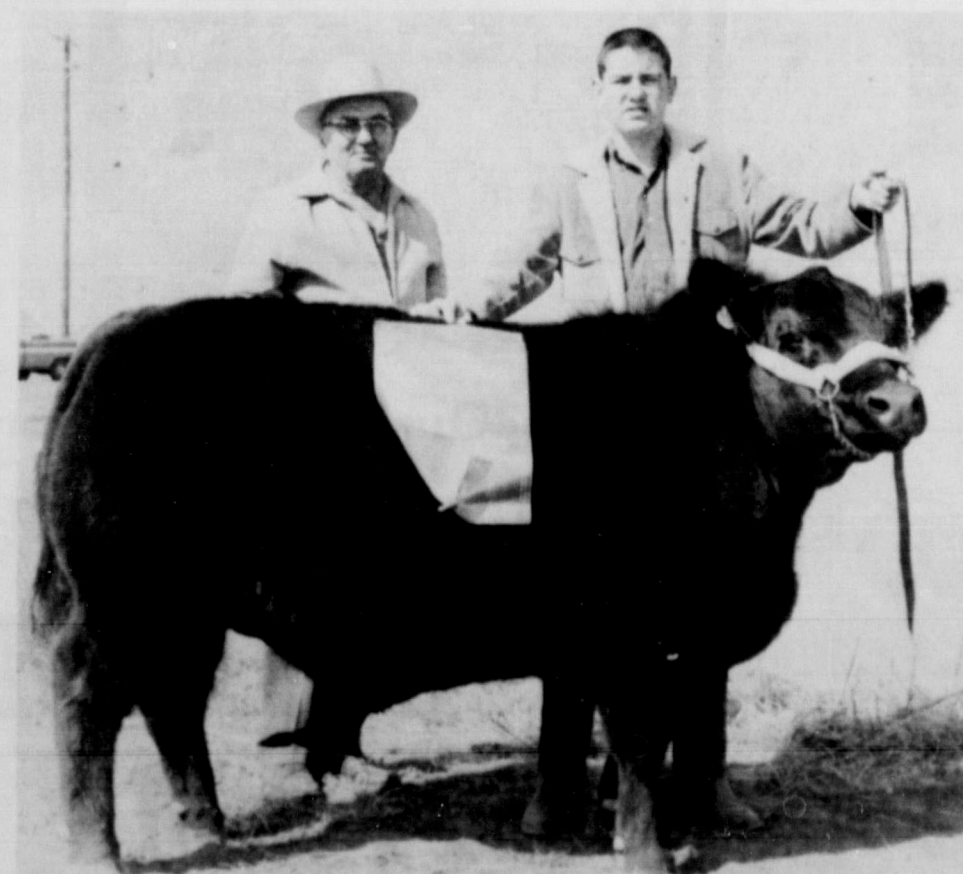

ANGUS ENTRY

Wells Exhibits Champion Steer

Rex Wells of Friona exhibited the Grand Champion steer at the Farmer County Junior Livestock Show Saturday in Friona. His 989-pound Angus steer was judged tops in the show, and later was sold at the premium price of 75 cents per pound to Friona Wheat Growers in an auction of the top animals. Reserve Champion steer was entered by Tex Phipps, whose 863-pound Hereford was purchased by Sheryl-Anderson Grain Company, Bovina, at 60 cents per pound. Friona entrants dominated the steer show, just as Laz-

buddie dominated the barrow and sheep divisions. Winners in each class were as follows (all winners from Friona unless otherwise indicated): LIGHTWEIGHT 1, Gary Hand; 2, James Sides; 3, Joe Bill Jones; 4, Jim Bob Jones; 5, Barry McCutchan, Bovina; 6, Dickie Lee Renner; 7, Scottie Rundell, Bovina; 8, Dennis Johnston, Bovina; 9, Jay Potts; 10, James Calloway, Bovina; 11, Jackie McCarty, Bovina. MEDIUMWEIGHT 1, Lynn Phipps; 2, Mike Riethmayer; 3, Danny Black;

4, Randy Ellis; 5, David Sides; 6, Joe Bob Jones; 7, Kregg Wilson, Bovina; 8, Richard Carson, Bovina. LIGHT HEAVYWEIGHT 1, Tex Phipps; 2, Jim Roy Wells; 3, Randy Gregory, Farwell; 4, Rex Hand; 5, Larry Gregory, Farwell; 6, Joe Murphree; 7, John Hoover; 8, Lonnie Ellis. HEAVYWEIGHT 1, Rex Wells; 2, Bobby Redwine, Lazbuddie; 3, Mike Smith; 4, James Gable; 5, Denny Murphree; 6, Gary Phipps; 7, Danny Parker; 8, Bob Carrother; 9, David Nelson.

ANGUS WINS . . . Rex Wells had the grand champion steer in the Farmer County Junior Livestock Show. Wells' 989-pound Angus steer was purchased by Friona Wheat Growers, represented by A. W. Anthony.

Nettles To Play With All-Stars

Charlotte Nettles, all-state forward on the state champion Friona Squaw team, has been chosen to play on the "North" team in the annual Texas High School Girls Basketball Association all-star game, which will be played at Waco this year on July 18. The game is the eighth to be played, and Charlotte is the sixth Friona player to be chosen to participate in the contest. Previous Squaws who have been chosen for the all-star contest are Charlotte Bock, Jacquelyn Magness, Lawana Houlette, Eleanor Dodson, and Janet Buckley. Also, Coach Baker Duggins has participated as an all-star coach for the game.

State Tourney Films Scheduled

Coach Baker Duggins announces that he has received the official game films of both of Friona's games in the state girls basketball tournament, and plans to show them Tuesday night at the high school auditorium. "These are professional-type films, and anyone who would like to see them should enjoy the game films," Duggins commented. Both the Friona Squaw-Mineral Wells game and the state finals battle with Clear Creek are included, Duggins said he would try to start the first game film at 7 p.m., and indicated the entire showing would take approximately an hour and one-half.

Legion Baseball Meeting Called

A meeting is scheduled Tuesday at 8 p.m. at the American Legion Hall for all boys and their parents interested in playing American Legion baseball. To be eligible for the American Legion program, boys must be between the ages of 15 and 18. J. P. Sims, vice commander for the local post, stated that having a Legion team this year is a good possibility, and that the semi-pro team in the Irrigation League has discussed the possibility of disbanding, leaving the field open for Legion baseball. A district convention is scheduled for April 11-12 in Childress, at which time the details on Friona's team will be worked out, according to Sims.

P-TO To Honor Teachers At Meeting April 2

"Teacher Appreciation Night," a special night to honor teachers of students in the first four grades, will be held next Thursday, April 2, at the school cafeteria. The meeting will begin at 8 p.m. Twenty-two teachers are to

be honored at the meeting, as well as Superintendent of Schools Alton Farr and J. T. Gee, principal. Also to be recognized at the meeting are Baker Duggins, school counselor, Mrs. Mal

Manchee, secretary in the grade school offices, and two retired first grade teachers, Mrs. John Bengner and Mrs. W. E. Stark. The meeting is sponsored by the Friona Parent-Teachers Organization. The P-TO will use the occasion to elect officers for the 1964-65 school year. On the nominating committee are Mrs. George Taylor, chairman; Mrs. Estes Bass, and Mrs. Flake Barber. Mrs. J. T. Gee is ex-officio member. Mrs. Franklin Bauer, secretary of the organization, will give a short resume of the organization's activities for the year.

ONLY SECOND OUTING

Chief Track Team Goes To Springlake

The Friona Chieftain track team, which belatedly opened its season last Saturday at Hale Center, will enter the Springlake Relays this weekend, and will probably have some choice competition with which to "mix spikies." The Chiefs, who held up on opening their season until after the state basketball tournament, picked up three places in the Hale Center Relays. Two of these were by David Carson, who placed second in the 220-yard dash, and third in the 100-yard race. Dale Milner picked up a fourth place for the Chiefs, in the 880-yard run. Coach Bob Owen, commenting on the team's performance at Hale Center, said he thought the Chiefs performed well considering everyone else was about two meets ahead of the local thinclads in experience. The Friona coach lauded the "work of the team, and stated that it appeared that the Chiefs would stack up pretty well against the other district teams, according to their performances to date. Owen complimented the per-

formance of both the mile and sprint relay teams, which were running without regular performers at Hale Center due to boys participating in the county stock show. Members of the 440-yard relay team are David Carson, Bob Welch, Danny Murphree and Everett Gee. On the mile relay team are Dale Milner, Tex Phipps, Hugh Latham and Gary Renner. After Springlake, just one more meet is scheduled by the Chiefs, the Amarillo Relays April 3-4, before the district meet, which will be at Springlake April 17.

Egg Hunt Is On Tap Sunday

The Friona Junior Chamber of Commerce will hold its fifth annual Easter egg hunt Sunday at 2:30 p.m. at the Jaycee Rodeo Arena on the Clovis Highway. Once again, the hunt will be divided into three divisions, ages 0-4, 5-8 and 9-12. Parents are allowed to assist children in the first group. A prize egg will be hidden for each group of "hunters." The prize egg will contain a silver dollar. All children are urged to attend the hunt.

Mr. Bill Ellis
Friona Star
Friona, Texas

Dear Mr. Ellis:

As you know, The Modern Study Club has endorsed Mary Kate Zeman (Mrs. V. J.) as a candidate for the Friona School Board. We would like to tell you why we think she will make a good school board member.

Mary Kate was born and educated in the public schools of Pecos, Texas. She obtained her B. S. degree in Home Economics from Texas Tech. She taught school for five years and was County Home Demonstration Agent for five years. She served as secretary for the Livermore California Chamber of Commerce during World War II. In 1950, Mary Kate returned to Tech for additional work in Home Economics and Business

Education. The accounting and income tax reporting she had have been used for family business since that time.

V. J. Zeman is engaged in farming and they have one son, Alan, who is a third grader this year. Mary Kate teaches an adult Sunday School class at the Friona Methodist Church and is the current president of the Friona PTO. She worked on the library project for Friona, and, as you know, was recently named Woman of the Year.

Mary Kate is level-headed; she won't "fly-off" on a tangent; she can work well with everyone. We think she will be a valuable asset to the Friona School Board.

Thank you very much for your time, your consideration and your support.

Sincerely,
The Modern Study Club

Know Your Candidate

PRESTON SMITH
Democratic Candidate
For Lt. Governor

a farm near Georgetown, the seventh child of a family that grew to 13, young Preston attended public schools in Williamson and Gaines Counties. He worked his way through high school at Lamesa and college at Texas Tech. He never left Lubbock after that, except when official duties took him to Austin and other Texas centers.

Those official duties began with his election to the House of Representatives in 1944. He served six years before voluntarily giving up that place. In 1956 he was returned to the Legislature by his West Texas

homefolks, this time as State Senator from an 11-county district. After six years he moved up into the Lieutenant Governor's post.

Preston Smith's reputation as a legislator was for decisiveness, outspoken convictions, fairness in his dealings with his fellow members, and a conservative approach especially when public funds and taxes were involved.

He retained these qualities as Lieutenant Governor, while making an effort to avoid endorsing or opposing specific pieces of legislation in a partisan manner.

As a legislator Smith was the author, co-author or active sponsor of bills establishing a permanent building fund for state colleges, creating the present underground water code, providing stability for

the farm-to-market road system, and installing the "Gilmer-Aikin Program" to improve public schools.

During his first session as Lieutenant Governor (1963) the Legislature passed measures to enlarge the state's higher education system, regulate small-loan companies, extend women's legal rights in the area of property ownership and transfer, and create the Texas Tourist Development Agency.

Preston Smith is a family man. He and his wife, Ima, have two children. His son Mickey, 22, is a senior at Texas Tech where his daughter, Jan, 18, is a freshman.

Smith is a Methodist member of the Farm Bureau, director in the Salvation Army and a member of the Kiwanis Club.

Seventh Grade Wins Ribbons At Lazbuddie

The seventh gradetrack team had its first competition of the season last Saturday at Lazbuddie, when the team scored 30 points to finish eighth in a field of 17 teams.

In the meet, the 440-yard relay team finished third behind Littlefield and Springlake. Members of this team are Mike Dukes, Delbert Brookfield, Sahara Gonzales and Joe Perez. Gonzales won a second place in the open 440-yard dash, Joe Garcia was second in the discus throw.

Mike Dukes took fourth and Johnny Barker fifth in the low hurdles.

The next meet for the team is April 4 at Hereford, when the seventh, eighth and ninth grade teams will all compete.

Americans spent an average of \$400 per person for food in 1963, less than 19 percent less than the previous year, due mainly to purchase of more expensive and convenience foods.

CARD OF THANKS

Words can not express in any way my appreciation for the many cards, flowers, visits, and prayers during my stay in the hospital. Each thoughtfulness shown me will always be remembered.

I would like to say a "special thank you" to Bro. Audye Wiley, who came before my surgery and stayed with my family. Also a "special thank you" to Roy Miller and Mr. and Mrs. E. H. Bradshaw who were with my family at that time.

At such a time as this we realize how much our friends mean to us, and to each one we say "May God's richest blessings be yours."

Jaycettes Attend Workshop

Two Friona Jaycettes, Mrs. Glenn E. Reeve Jr., and Mrs. Bill Nazworth, attended a one day Area I workshop at Berger Saturday. The 86 members present represented 11 clubs. A dinner and style show at Berger Country Club highlighted the meeting. The workshop was conducted by Mrs. Gene Hollar, Area I vice-president.

Forms Must Be Filed To Get Refund Check

Forms 1040 and 1040A are not only tax returns; they are also the forms taxpayers must

use to claim their refund check or savings bond. Ellis Campbell, Jr., District Director of Internal Revenue, pointed out today.

Mr. Campbell said many people believe that because tax withheld was more than the tax due, they will automatically get a refund without filing a return. This is particularly true among students or other young people who worked only a part of the year, had taxes withheld, but made less than \$600. Although no return is required when income is less than \$600, a return should be filed to obtain a refund of any tax that was withheld.

Mr. Campbell added that everyone whose gross income is \$600 or more must file except persons 65 or over, who must file if gross income is \$1200 or more.

BUYS COWS

H. C. Wells, Friona, recently purchased four registered Angus cows from Frank Hinkson, Lazbuddie.

U. S. oil companies give away about 150,000,000 road maps each year at a cost of about \$15,000,000.

come to church Sunday

Text Acts. 2: 37-47
Bible Thought; Membership in the Church

Text; for the promise is unto you, and to your children, and to all that are afar off, even as many as the Lord our God shall call.

It is fashionable today to be a church member. Over 60 per cent of Americans are of some religious affiliation. Multitudes attend church on Sunday morning, but daily living evidences that our churches "are full of empty people." It has been said that there must be something wrong when so large a percentage of church members seem to ride on a free ticket while a few do the work and pay the bills.

The problem lies not in the fact that men do not have faith, but that they do not have the right kind of faith.

"Unless a man's faith saves him out of selfishness into service, it will certainly never save him out of hell into heaven. The reason for the condition of the church is that men are religiously inclined but have not experienced, through Christ, spiritual regeneration whereby they become partakers of Christ, nature which leads to love and the practice of righteousness.

That which will restore the world's sanity is not large church rolls but regenerate people . . .

Highlights and Sidelights From Your State Capital

By—Vern Sanford
Texas Press Association

AUSTIN, — District, county, city and precinct officials learned the hard way from the Texas Supreme Court that the constitution and laws mean what they say.

Since 1876, the constitution has provided that a federal or state official is not eligible to serve in the Texas Legislature "during the term to which he was elected" to his previous office.

Even resignation before filing will not cure the ineligibility, the high court held in ruling former Bexar County Commissioner Sam Jorrie off the ballot as a House candidate and in

refusing to order ex-Fort Worth City Councilman Doyle Willis certified as a Senate candidate.

Jorrie has resigned February 1, and his successor has been named. Willis' place was automatically vacated when he filed for the Senate. His successor, too, has been named.

The decisions also will apply to a Port Arthur city councilman, Bob Wyde, and to a Fort Worth constable, O. L. Watson Jr., both of whom had filed in the Democratic primary for legislative seats.

In a Travis County case, the Court held that Justice of the Peace Curtis Lacy could not

run for re-election because he had moved out of the precinct, and did not meet the law's standard which is: You must have lived in the precinct, county or district you seek to represent for at least six months before the primary or general election at which you seek to be elected.

Supreme Court also kept in force an earlier decision that slant-hole oil wells can be re-drilled or straightened. A Railroad Commission motion for rehearing was refused.

In a San Antonio case, the Court agreed with a Court of Civil Appeals ruling that income from a Texas trust could not be spent for establishing a non-medical "clinic-hospital" in California which would be illegal in Texas.

Attorneys for two big discount stores challenged Sunday closing laws. Shoppers World Inc. of Corpus Christi claimed any type of article may be sold

on Sunday if customers sign a certificate that their purchase is necessary to their welfare, health or safety. Spartan stores' attorney attacked the 1961 blue law's constitutionality.

In the Third Court of Civil Appeals, a 1960 ordinance by which LaPorte annexed 12 square miles of territory in Harris County won approval in a decision reversing the trial court.

REDISTRICTING HEARING SET—Houston federal court has set the showdown hearing on congressional redistricting for Friday (March 27).

"We will be ready," said Atty. Gen. Waggoner Carr who had anticipated an early setting.

Outcome of the case will determine whether Texas must hold statewide elections for all congressmen or perhaps hastily redraw congressional boundaries in a special session of the Legislature.

U. S. Supreme Court has up-

held the Houston court's October 19 finding that present districts are unconstitutionally drawn in favor of rural areas. It has permitted the state to go back to the lower court, however, to explain problems involved in statewide congressional voting after the regular election process already has been set in motion.

Houston court has held — and the Supreme Court has agreed — that districts must be based as nearly equal in population as is feasible. Texas districts, if absolutely equal, would contain 416,000 population each. They now vary from 216,371 to 951,527.

State Democratic administration wants to delay effect of the ruling until the next regular legislative session in 1965.

Five Republican leaders brought the original suit. Twenty-two Republican con-

Jennings Edges Nettles For Team Scoring Title

Junior Annette (Tito) Jennings won a tooth-and-nail battle with teammate Charlotte Nettles for the scoring championship of the 1963-64 Squaws, according to season statistics compiled this week.

In a race that went right down to the final game, Jennings was able to hold onto the leadership, with 692 points to Nettles' 682 points. Tito grabbed the leadership for keeps when she bombed the baskets for 35 points in the state tournament semi-final game in Austin.

Jennings won the scoring crown for the second straight year, winning it last season as a sophomore. Both she and Nettles increased their scoring averages somewhat over the previous season.

Last season, Jennings averaged 18.5 points per game, scoring 634 points in 34 games, one more than the team played this year. Her average for

TITO JENNINGS

the season just past rounded off to 21 points per game. Nettles increased her average more, coming up from 17.2 a year ago to her 20.7 of this season. Her 682 points were

133 more than she scored last season as a junior.

Linda Jo Davis scored 341 points in 32 games, giving the team three players with better than a ten-point per game average for the second straight year. Davis' average was 10.7. Last year Janet Buckley, a graduating senior, averaged 12.4 points per game, to finish third behind Jennings and Nettles.

As a team, the Squaws averaged 58.5 points per game, almost six points more than

the 1962-63 team, which averaged 52.6. The team was also better on defense, holding their opponents to 41.9 points per game, compared to 43.4 points a year ago.

Nettles closed out her career as a Squaw with 1231 points during the past two years, 595 of them coming on free throws, where she excelled.

Jennings, meanwhile, has scored 1326 points in two years as a varsity member, with a year's eligibility remaining.

Her best game point-wise came against Claude in a post-season non-district game at Tulla, when she scored 38 points, including 16 field goals, a season individual high mark.

Tito came up with 37 points in the team's official season opener against Happy, and as mentioned, saved one of her best games for the state tournament, hitting 35 points against Mineral Wells.

Nettles came up with her top

point production in the regional playoffs, scoring 32 points in the team's 65-53 win over Spearman. She had scored 30 points only one other time, against Muleshoe at the Farwell tournament, but scored 27 or more points on five different occasions, including against Post in the bi-district game.

Davis likewise proved that

champions are best when the chips are down, running up 25 points against Post in the team's 73-40 romp, her season high. She had been over 20 points just one other time, with 22 points when the team downed Roosevelt, 72-61, in the Tulla tournament.

The team's top point output was 75, scored against Farwell and Claude, its lowest was 44, against Muleshoe and Morton, both in the Farwell tournament. Highest score against the Squaws was the 61 by Roosevelt. Lowest was the 25 by Morton.

Stock Sale Hits \$23,308 Total

M. C. Osborn, general chairman of the Farmer County Junior Livestock Show, reports that

a total of 174 animals were sold in connection with the show, for a grand total of \$23,308.97.

Osborn expressed his appreciation to all who helped with the show in any manner. It was under the sponsorship of the Friona Lions Club.

Nettles Leaves Torrid Trail Of Free Throws

Charlotte Nettles, all-state forward for the Friona Squaws, who has hit free throws like she owned the baskets for three years as a varsity member, captured the team free-throw leadership for the second straight year.

A tabulation of season free-throw statistics showed that Charlotte maintained a remarkable 80.3 per cent shooting average during the season just past, a feat which helped the team considerably in its push to the first state championship in the history of Friona High School.

Finishing second on the team, and also sporting a commendable average, was scoring leader Tito Jennings, whose free shot percentage figured out at 74.3.

Nettles, always a consistent shooter during her high school career, managed to improve her free throw average by more than 10 points over her team-leading figure of the preceding year. During the 1962-63 season, she had a 69.8 per cent accuracy.

The team's "Blonde Bomber" actually had one less shot than during the preceding season, 396 to 397, but hit 41 more, 318 to 277. Having taken every free shot on fouls committed against offensive team members for the better part of three years, Nettles had a lot of shots. She scored 595 points from the foul line the past two seasons, and during that time hit a commendable 75 per cent of her tries.

Charlotte's best game from the free-throw line came when the team needed it the most—in the playoffs. She scored 20 out of 20 in a regional game against Spearman, and had a streak of 36 consecutive free throws at one time, having hit 16 consecutive against Post in

bi-district warfare, a game in which she hit 17 of 18.

But much of the team's free throw success should go to Jennings. She raised her average almost 20 points over her percentage as a sophomore. She actually had more shots (263) last season than this year (210), but hit the basket 156 times this season to 146 times a year ago.

The team average of 71 per cent accuracy from the free throw line was definitely a big factor in its success. As proof, the team was outscored or tied from the field in both of its battles with Spearman, but in each case came on strong at the free throw line.

In the Tulla tournament, when the Squaws edged the Lynxettes, 53-50, Friona hit 23 of 26 free throws, to six of 15 by Spearman. Then in the regional game, Friona connected on 29 of 34, compared to 17 of 29 for the losers.

Most free throws by the Squaws were the 43 scored at Farwell early in the season, which may be a school record since it tops the 40 against

Tulla in last year's 82-80 regional battle.

In the Farwell game, the Squaws had a lot of shots at the basket—53 to be exact. This is more than twice the average number of free throws which the team attempted per game. Officials called 36 fouls on the Farwell girls, which explains all the shooting. Every forward on Friona's roster scored at least one free throw in that foul-happy contest.

'64 Corvair Monza Club Coupe (108-in. wheelbase)

'64 Corvette Sting Ray Sport Coupe (98-in. wheelbase)

Chevrolet will go to any length to make you happy

Things have changed a lot since a Chevy was only a Chevy. Especially your ideas of what you want a Chevy to be.

So now you have the Jet-smooth Chevrolet—17½ feet of pure luxury, bumper to bumper. The size makes it a luxury car. But not the price.

Or you can choose the thrifty Chevy II, a 15¼-foot family car with all kinds of passenger and luggage space.

This year, your choice might be the new 16-foot-plus Chevelle, which fits nicely between Chevrolet and Chevy II (and between parking meters, with five whole feet left over).

Then, too, there's the sporty 15-foot Corvair, so right for so many people (you girls, in particular) that we've never touched an inch of it. And finally, Corvette—still 14½ feet and still too much for any true sports-car lover to say no to.

The long and short of it is, you don't have to go to any length to find exactly the kind of car you want. Just see the five different lines of cars at your Chevrolet dealer's.

THE GREAT HIGHWAY PERFORMERS Chevrolet • Chevelle • Chevy II • Corvair • Corvette

Don't Be In The Dark . . . About The Many Benefits of Your Credit Union

- A DEMOCRATIC ORGANIZATION run by the people you elect to your Board of Directors.
- PROFITS are returned to you because you are part-owner when you have shares on deposit.
- PERSONAL ATTENTION given to you because you are dealing with your fellow members.
- INSURANCE BENEFITS (if you are insurable) for your family in the event something happens to you. In most cases, your designated survivor will receive double the amount of your shares (up to \$2,000) and any existing loan will be automatically paid off.
- JOINT ACCOUNTS provide accessibility for your family. And, you can have more than one share account. In fact, each member of your family can have an account with you as a joint owner.
- LOW INTEREST RATES when you borrow money. You will never pay more than 1% per month on your unpaid loan balance.
- BIG DIVIDENDS on your deposited shares. You get a big return on the money you have invested in your credit union. The Board of Directors declared a 4 1/2% dividend on your investment for 1963.
- Every One Within A 22 Mile Radius of Friona Post Office is eligible for membership.

FRIONA WINNER . . . Ronnie Procter of Friona broke Lazbuddie's stronghold in the county stock show by taking the only breed championship (Berkshire) not won by Lazbuddie exhibitors.

Reeve Installed Jaycee Prexy

Glenn Reeve, Jr. was installed as president of the Friona Junior Chamber of Commerce for 1964-65 at the organization's installation banquet Tuesday night.

Other officers installed were Joe Walters, first vice president; John Miller, second vice president; Dale Williams, secretary, and Lonnie Dement, treasurer. Directors are Monte Fowler, Travis Clements, Virgil Phipps and Ronald Smiley. Rayford Smithson, Dimmitt, state Jaycee director for this district, installed the new officers.

WELCOME TO FRIONA

This week we introduce you to Mr. Merritt Brooks, his wife Jo Faye and son, Steve, age 8. The Brooks have moved to Friona from Plainview. They are formerly Friona residents. Mrs. Brooks folks are the J. W. McMahan's of Friona. Merritt is the manager of the Chandler Tire Service. The family has been attending the First Baptist Church.

PRIZE STEER . . . Tex Phipps of Friona had the reserve champion steer in the county show last weekend. With Phipps in the picture is Rose Ann Greeson, Friona FFA Sweetheart who presented banners during the show. Sherley-Anderson Grain of Bovina bought the animal for 60 cents per pound.

Jeskos Return From Week Of Schooling

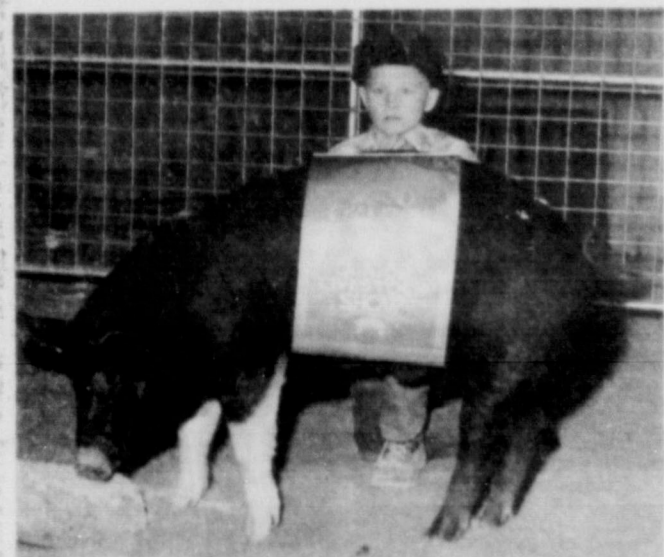

Mr. and Mrs. Pete Jesko of the La-buddie community returned Saturday from a week's school in Denver, Colorado. Pete attended an Artificial Insemination and Herd Management School, March 16-20, sponsored by International Beef Breeders. Classes consisted of reproduction, artificial insemination, storage and care of semen ampules, nutrition, genetics, reproduction diseases, and overall herd management. Last year in the United States the percentage of artificially inseminated cattle was one per cent of all dairy cattle. Teaching the all-day and two night classes were Dr. L. M. Cropsey, D. V. M., Dr. Carman Hawkins, D. V. M., and J. J. Prosser all of I. B. B. in Denver. The 31 men and women enrolled in the week long school came from Montana, South Dakota, Nebraska, Kansas, Missouri, Texas, and Colorado. One student drove from 40 miles south of Houston, Texas.

WIN PRIZES... These three showmen won the showmanship awards at the Farmer County Junior Livestock Show. Left to right are Mike Riethmayer (steer division); Theresa Seaton (barrow) and Terry Parham (lamb). Riethmayer is from Friona, the other youngsters from Lazbuddie.

Highlights--

(Continued from Page 5)
gressional candidates and Bob Looney, Democratic candidate for Congressman - At-Large, have intervened on the side of immediate redistricting.
--CONNALLY THREATENED --The FBI filed charges in Nashville, Tenn., against two women alleged to have made telephone threats on the life of Gov. John Connally the day Jack Ruby was sentenced to death.
Connally told newsmen threats and "vile" letters had increased since the Ruby verdict. Most of the letters and calls come from out of state.

RESERVE CHAMP . . . This is the reserve champion barrow from the Farmer County show. The animal, a crossbreed, was owned by Charlotte Seaton. It was purchased by Foster-McGehee Fertilizer Company of Lazbuddie at 75 cents per pound.

Several Enjoy Fishing Trip

A total of 138 persons registered during the week of March 15-21 at Chester-Fleming Gin Company's annual spring fishing trip to Lake Brownwood in Central Texas. The bulk of these came on Sunday, March 15, when the party fed over 100 people at noon. Many of these stopped over for a visit enroute back to Friona from the state girls basketball tournament. Several men spent as many as three or four days enjoying the fishing at the lake, and many others came for just a day or two. Earl Chester, one of the sponsors, stated that approximately 1,000 pounds of fish were caught during the week.

EASTER ...
among Friona's younger
citizens

Little sisters in look-alike Easter frocks pose prettily for the camera. Kneeling are four-year-old twins, Sherri and Jerri. Little Wendy, aged 2 1/2, completes the picture. They are the daughters of Mr. and Mrs. Kenneth Ferguson.

The Smith boys pick an Easter Lily from the floral display at the local flower shop. Randall and Stephen are the sons of Mr. and Mrs. Jimmy Smith.

Saying "Howdy" to Mister Easter Bunny are Joy Lou, age 2, and Ross Glenn, age 3 1/2. They are the children of Mr. and Mrs. Harvey Neal.

Hunting for Easter eggs is serious business for Laura Ann, three-year-old daughter of Mr. and Mrs. Bill Ellis.

These little fellows are all dressed up for Easter Sunday Services at the Sixth Street Church of Christ, John Carson, left, is the son of Mr. and Mrs. David Carson. Lynn Welch, right, is the son of Mr. and Mrs. Louis Welch.

4-H Members Present Club Program Monday

Members of Lazbuddie 4-H club presented the program at the Monday afternoon meeting of Lazbuddie Home Demonstration Club in the home of Mrs. Ralph Broyles following a spring, summer and fall gardening demonstration by Mrs. Roy M. Miller and Mrs. Harvey Blackstone.

The 4-H club is making preparations to enter the annual Favorite Foods Show and presented a program emphasizing the nutritional value of different foods.

Those taking part in the program were Patsine Broyles, Linda Hodges, Kathy Coker, Maxine Broyles, Marsha Johnson, Evelyn Darling, Karen Paul, Susan McBroom, Marilyn Fred, Delayne Steinbock, Jean-

nie McGehee and Katie, Dale and Ann Blackstone. Ten members of the home demonstration club were present.

Keyboard Members Make High Ratings

Several piano and voice pupils of Mrs. Eva Miller, who are members of the Keyboard Club, participated in the annual festival sponsored by the State and National Federation of Music Clubs at Hereford Friday of last week.

Each individual in the voice division received a superior rating. They were Lisa Taylor, Mary Margaret Sheehan and Cyndee Bailey. Miss Bailey, who has received a superior rating three years in a row, received a superior plus.

Carolyn Murphree received a superior plus in the piano division. Cindy Ingram received her fourth superior rating in a row. Other piano students receiving superior ratings were Rex Talley and Cyndee Bailey.

Ann Hurst received an excellent plus rating and excellent ratings were received by Estier Gail Smith, Sally Kendrick and Darla Howell.

Club Women Attend Caprock Convention

Ten members of federated clubs in Friona attended the Caprock District convention of Federated Clubs in Levelland March 19 and 20.

Friona Woman's Club was represented by Mrs. C. W. Dixon and Mrs. Wesley Hardesty. Modern Study Club members attending were Mrs. Charles Allen, Mrs. Sloes Osborn, Mrs. H. K. Kendrick, Mrs. Newman Jarrell Jr., Mrs. Dan Ethridge and Mrs. J. T. Gee.

Those representing Progressive Study Club were Mrs. Lee Cranfill and Mrs. Walter Riethmayer.

Mrs. Frances Howard of Abernathy was a weekend guest in the homes of Mrs. A. O. Drake, Mr. and Mrs. Earl Drake and Mr. and Mrs. Arthur Drake.

Of Interest To THE WOMEN

Thirty-One Attend Area One Convention

Friona Future Homemakers of America was represented by a thirty-one member delegation at the Area 1 Convention in Amarillo Saturday, Mrs. Dalton Caffey and Mrs. David Eddington, chapter advisors, sponsored the group.

Houstonians Visit Here

Mr. and Mrs. Guy Welch and daughter, Lisa, of Houston arrived in Friona Tuesday morning for a visit in the homes of Mr. and Mrs. Eugene Boggess, Mrs. Nora Welch and other relatives and friends. Mrs. Welch is the former Robbie Boggess.

First session of the convention began at 8:45 a.m. in City Auditorium. Featured entertainers on the program were The West Texas State University stage band; The Continentals, a stage band from Monterey High School, Lubbock; and The Pretenders, an Amarillo High School musical group.

A talent show presented by members of several chapters was the feature of the second session, which followed welcome addresses by Amarillo's mayor and Chamber of Commerce president.

Madalyn Binger, Linda Outland and Mary Ebel Wilson were members of the area choir. Karen Osborn was the

chapter's voting delegate and Donna Fulks was a candidate for recording secretary.

Others making the trip were Mary Margaret Sheehan, Pat Tannahill, Shirley White, Terry Lynn Wilson, Gay Wylie, Barbara Fletcher, Lydia Buske, Susie Carmichael, Lou Cochran, Brownie Cole and Sharon Dean.

Also Carolin Gunn, Danni Gibson, Darla Howell, Frieda Floyd, Cindy Ingram, Martha Martin, Kay McBroom, Linda Rector, Lois Moyer and Judy Phipps.

This group was accompanied by Mrs. W. D. Buske, Mrs. Glenn Floyd and Mrs. O. B. Moyer.

Mrs. Dale Smith Feted With Shower

A come and go lullaby shower in the home of Mrs. Darrel Thompson Friday afternoon was a courtesy for Mrs. Dale Smith. Hostesses with Mrs. Thompson were Mrs. L. G. Blake, Dee Taylor, Danny Smith, Richard Adkins and Johnny Miller.

Baby sock corsages were presented to the honoree, her mother, Mrs. W. F. Buske, and mother-in-law, Mrs. Lewis Smith. Refreshments of pink and blue cup cakes and white punch with pink and blue ice

were served. Those attending and sending gifts were Mesdames Larry Moyer, O. B. Moyer, Ernest Anthony and Beverly, A. W. Anthony Jr., and Linda, James Anthony, Hoyt Smith, Ralph Smith, Jim Greeson and Claude Osborn.

Also Mesdames Mike Ellis, Philip Weatherly, U. S. Akens, Larry Taylor and Kim, W. D. Buske, Lydia and Denise, Lewis Smith, W. F. Buske, Wesley

Foster, Wright Williams, C. L. Vestal, Gary Brown, Larry Mabry and James W. Cunningham.

Also Donna Baker, Patsy Bender, Bobby Thompson, Lola Goodwine and Mrs. Bill Taylor, Also Mesdames Jack Nelson, Charles Allen, G. B. Buske, Don Max Vars, Ricky Styles and Joe B. Douglas.

T. E. Parson IV Born Recently

Mr. and Mrs. T. E. Parson III became parents of a baby boy at Parmer County Community Hospital February 28. He weighed 7 lbs. and was named Thomas Everett Parson IV.

Grandparents are Mr. and Mrs. T. E. Parson I, Friona, and Mr. and Mrs. J. F. Laferty, Richland Springs. Great-grandparents are Mr. and Mrs. T. E. Parson I, Brownwood and Mr. and Mrs. Ellis Wilson, Fort Worth.

The great - great - grandmother is Mrs. W. E. Thompson, Palestine.

VALENTINE SWEETHEART-Judy England was chosen sweetheart of the High Y of Fannin Junior High School in Amarillo recently. She was honored at a banquet for members of the organization and was presented a bouquet of red roses. She is a former Friona resident and daughter of Mr. and Mrs. Granville England.

Fidelis Class Meets With Mrs. J. Wright

The regular monthly business and social meeting of Fidelis Sunday School class of First Baptist Church was held Thursday evening in the home of Mrs. Jarrell Wright with Mrs. Cleatus Rhodes as co-hostess.

Mrs. Skipper McNeal presented a devotional based on the lives of Priscilla and Aquilla. Mrs. Jimmy White of Muleshoe, a former member of the class, was a special guest.

Others present were Mrs. Claude Osborn, teacher, and Mesdames Larry Moyer, Richard Adkins, Jim Roy Clements, Dale Smith, Jimmy Maynard, Joel Landrum, Charles Hough, Dee Clark, Dale Williams, Leon Massey, Lionel Young and Bailey Clements.

Six Attend Church Meet

Mrs. W. H. Ford, Mrs. Kenyth Cass, Mrs. Ralph Shelton, Mrs. Russell McNally, James Boyle and Ernest Anthony attended the annual meeting of Women's Society of Christian Service of the Methodist Church Northwest Conference at Plainview.

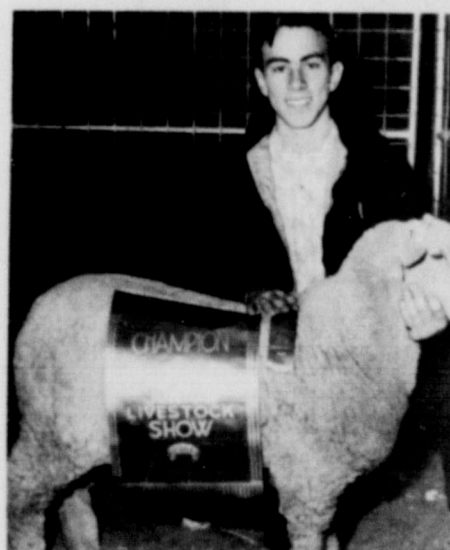

During the business session new officers were elected. Mrs. Ford was re-elected conference secretary of promotion.

Theme of the meeting was "In Faith We Serve." Guest speakers were Mrs. J. Russell Henderson, Little Rock, Ark. and Mrs. Joyce Hill, missionary to Argentina.

Legal Notice

THE STATE OF TEXAS
 To: J. H. McClellan and G. S. DeMots, a/k/a G. S. DeMots, a/k/a Geo. Demots and the unknown heirs of each of said named Defendants, and the legal representatives of the unknown heirs of each of said named Defendants,
 Defendants, Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 4th day of MAY 1964, at or before ten o'clock A.M. before the Honorable Dis-

trict Court of Parmer County, Texas, at the Court House of said County in Farwell, Texas. Said Plaintiff's Petition was filed in said court, on the 20 day of March A.D. 1964, in this cause, numbered 2440 on the docket of said court, and styled, FRIONA UNITED PENTECOSTAL CHURCH OF FRIONA, TEXAS Plaintiff, vs. J. H. McCLELLAN, ET AL Defendant.

The names of the parties to the cause are as follows: George Long, James Eubanks, and Earl Dunn are Plaintiffs and J. H. McClellan and G. S. Demots, a/k/a G. S. Demots, a/k/a Geo. Demots are Defendants. A brief statement of the nature of this suit is as follows, to-wit: This is a suit to clear the cloud

from Plaintiff's land which resulted as a result of Defendants in the subject cause having the property described in a Petition sold for delinquent taxes, which such sale was made by a Sheriff's Deed in October of 1930, A.D., which said sheriff's deed conveyed the acreage described in Plaintiff's Petition to Otis L. Kiel.

The property involved in this suit is all of Lots 1, 2, 3, 4, 5, 6, 10, 11, and 12, Block 89, Original Town of Friona, Parmer County, Texas as same appeared in the Deed Records of Parmer County, Texas; There is a plea covering the three, ten and twenty-five year Statute of Limitations to perfect title to the above described property, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unissued.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 20 day of March A.D. 1964.

Attest:
 Dorothy Quickell Clerk,
 District Court, Parmer County, Texas.

(SEAL)

NO. 2440
 FRIONA UNITED PENTECOSTAL CHURCH OF FRIONA, TEXAS, PLAINTIFF VS. J. H. McCLELLAN, ET AL, DEFENDANTS
 IN THE DISTRICT COURT, PARMER COUNTY, TEXAS

PLAINTIFF'S ORIGINAL PETITION

TO THE HONORABLE JUDGE OF SAID COURT:

NOW COMES, Friona United Pentecostal Church of Friona, Texas, an unincorporated Church Association, acting by and through its duly authorized Trustees, George E. Long, James Eubanks, and Earl E. Dunn, hereinafter known as Plaintiff, complaining of J. H. McClellan and G. S. DeMots, who is also known as G. S. Demots, and who is also known as Geo. Demots; if living, whose places of residence are unknown to Plaintiff, and if dead the legal representatives of each of said named Defendants and the unknown heirs of each of said named Defendants; the legal representatives of the unknown heirs of each of said named Defendants, if the unknown heirs of said Defendants are dead; the unknown heirs of the unknown heirs of the unknown heirs of the unknown heirs of said named Defendants are dead;

whose places of residence are unknown to Plaintiff; all of said parties being Defendants in said cause and hereinafter called Defendants and for cause of action Plaintiff represents to the Court the following:

I. That on the 29th day of February, 1964, Plaintiff was and is still at this date of filing of this petition the owner in fee simple of the following described tract of land located in the City of Friona, Parmer County, Texas, to-wit:

All of Lots Numbers One (1), Two (2), Three (3), Four (4), Five (5), Six (6), Ten (10), Eleven (11), and Twelve (12) of Block Eighty-nine (89) of the Original Town of Friona, Parmer County, Texas, as the same appears of record in the Deed Records of Parmer County, Texas, together with all improvements located thereon.

II. That on the date last mentioned, the Defendants unlawfully entered upon and dispossessed Plaintiff of such premises and withholds from it possession thereof to which possession it is legally entitled.

III. That the rental value thereof during Defendants' such occupancy is \$100.00 and which amount, by virtue of such wrong, the Defendants are justly indebted to Plaintiff, and though demands have been made upon Defendants for such rental, they refused and still refuse to pay the same to Plaintiff's damage in the sum of \$100.00.

IV. That, if Plaintiff fails to recover under the foregoing count, nevertheless it says, by way of further count, in addition to the foregoing allegations, hereby adopted and made a part hereof, that the Plaintiff and those under whom they claim and hold, have had peaceable and adverse possession of said land, under title and color of title, from and under the sovereignty of the soil, using, claiming, and enjoying same, for a period of more than three years after their cause of action accrued, and before the filing of this suit, whereby the Plaintiffs acquired, and had at the time of filing this suit, the superior title to said real estate and are entitled to recover same as against the Defendants.

V. And for further plea, Plaintiff says that it, and those whose title they have and hold, have had and held peaceable, continuous, and adverse possession of the land and tenements claimed in Plaintiff's Petition, cultivating, using and enjoying the same for more than ten consecutive years, after Defendants' alleged cause of action, if any, accrued, and before commencement of this suit, during which period they have had said lands and tenements enclosed; wherefore they say that they have good and perfect title to said lands under and by virtue of the ten year statute of limitations of the State of Texas, and this they are ready to verify.

VI. Plaintiff further alleges that those under whom it claims, claiming to have and hold good and perfect title thereto, have had and held peaceable and adverse possession of the lands and premises heretofore described, containing nine city lots, cultivating, using and enjoying the same continuously for a period of more than ten years before the institution of this suit, and Plaintiff holds its said title under and by virtue of the ten year statute of limitations.

VII. Comes now the Plaintiff and further says that it ought to have and maintain this cause of action because it and those through whom it claims title have claimed and owned the above described property under the Deed or Deeds duly registered for more than twenty-five years prior to this date, and that all of said land has been patented, and for more than twenty-five years the Plaintiff and those through whom it claims title have had continuous, adverse, peaceable and open possession of all of said property, claiming and using the same, rendering the same for taxes and paying all taxes thereon as the same became due and before becoming delinquent, for more than twenty-five years immediately preceding the filing of this suit, and if the Defendants or each or any or all of them ever had any right, title or interest in and to said property the same is now barred by the twenty-five year statute of limitations.

VIII. Plaintiff further alleges that it took said property into its possession and thereafter made valuable improvements thereon; that Plaintiff and its predecessors in title have lived in the improvements on said property, and have cultivated, used and enjoyed all of said property for more than twenty-five years and that said Plaintiff has paid the taxes on such property as the same accrued and kept said property in repair and exercised and assumed full and complete authority and jurisdiction of said property; that Plaintiff's possession and use of said property was plain, open and obvious and was at all times, as mentioned herein, adverse to any claim of right, if any, of the defendants and each of them.

WHEREFORE, premises considered, Plaintiff prays that the Defendant be cited to answer this petition and that Plaintiff have judgment for the title and possession of the above described land and property and premises, and their damages in the amount of \$100.00 and costs of suit, and Plaintiff further prays for such other relief as it may show itself entitled to upon the hearing of this cause either in law or in equity.

Interested in a new discovery?

We call this one Prilled Sulphur. It's 99.5% elemental sulphur made into round little balls. And to a farmer, this is important.

Why? Because the round, clean shape makes it simple to spread with no dust. And its unique size makes it easy to mix. Prilled Sulphur gives even coverage with uniform distribution of plant nutrients in your soil.

Farmers everywhere are learning the importance of sulphur application to their soil. They have found that elemental sulphur neutralizes alkaline soils and makes needed soil nutrients available for profit yields.

Ask your local supplier about this new discovery.

Blake, Dee Taylor, Danny Smith, Richard Adkins and Johnny Miller. Baby sock corsages were presented to the honoree, her mother, Mrs. W. F. Buske, and mother-in-law, Mrs. Lewis Smith. Refreshments of pink and blue cup cakes and white punch with pink and blue ice

were served. Those attending and sending gifts were Mesdames Larry Moyer, O. B. Moyer, Ernest Anthony and Beverly, A. W. Anthony Jr., and Linda, James Anthony, Hoyt Smith, Ralph Smith, Jim Greason and Claude Osborn.

Also Mesdames Mike Ellis, Philip Weatherly, U. S. Akens, Larry Taylor and Kim, W. D. Buske, Lydia and Denise, Lewis Smith, W. F. Buške, Wesley

Foster, Wright Williams, C. L. Vestal, Gary Brown, Larry Mabry and James W. Cunningham. Also Donna Baker, Patsy Bender, Bobby Thompson, Lola Goodwine and Mrs. Bill Taylor. Also Mesdames Jack Nelson, Charles Allen, G. B. Buske, Don Max Vars, Ricky Styles and Joe B. Douglas.

TE Parson IV Born Recently

Mr. and Mrs. T. E. Parson III became parents of a baby boy at Farmer County Community Hospital February 28. He weighed 7 lbs. and was named Thomas Everett Parson IV.

Grandparents are Mr. and Mrs. T. E. Parson I, Friona, and Mr. and Mrs. J. F. Lafferty, Richland Springs. Great-grandparents are Mr. and Mrs. T. E. Parson I, Brownwood and Mr. and Mrs. Ellis Wilson, Fort Worth.

The great-great-grandmother is Mrs. W. E. Thompson, Palestine.

Curtis W. Beard Born Wednesday

L/Cpl and Mrs. Ray Beard became parents of a baby boy at 6:55 a.m. Wednesday at Farmer County Community Hospital. He weighed 7 lbs. 15 ozs. and was named Curtis Wade.

Grandparents are Mrs. Hop Lewis Jr., Friona, and Mr. and Mrs. R. C. Beard, Amarillo. Great-grandparents are Mr. and Mrs. Bee Westbrook, Friona.

Mrs. T. J. Bevel, Anton, Mrs. Ronie Clark, Amarillo and

Jimmie Word, Amarillo are great-grandparents.

Cpl. Beard is currently serving with the United States Air Force and is stationed at Iwakuni, Japan.

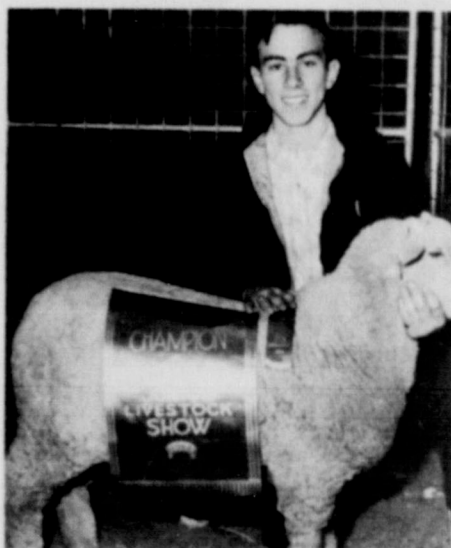

Mrs. Beard and Curtis have been dismissed from the hospital and are at the home of her mother, Mrs. Hop Lewis Jr.

Cats have highly developed vision and hunt by sight, while dogs rely on their keen sense of smell.

Legal Notice

THE STATE OF TEXAS
To: J. H. McClellan and G. S. DeMots, a/k/a G. S. Demots, a/k/a Geo. Demots and the unknown heirs of each of said named Defendants and the legal representatives of each of said named Defendants,
Defendants, Greeting:
You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 4th day of MAY 1964, at or before ten o'clock A.M. before the Honorable Dis-

tribut Court of Parmer County, Texas, at the Court House of said County in Farwell, Texas. Said Plaintiff's Petition was filed in said court, on the 20 day of March A.D. 1964 in this cause, numbered 2440 on the docket of said court, and styled, FRIONA UNITED PENTECOSTAL CHURCH OF FRIONA, TEXAS Plaintiff, vs. J. H. McCLELLAN, ET AL Defendant.
The names of the parties to the cause are as follows: George Long, James Eubanks, and Earl E. Dunn are Plaintiffs and J. H. McClellan and G. S. Demots, a/k/a G. S. Demots, a/k/a Geo. Demots are Defendants.
A brief statement of the nature of this suit is as follows, to-wit:
This is a suit to clear the cloud

from Plaintiff's land which resulted as a result of Defendants in the subject cause having the property described in a Petition sold for delinquent taxes, which such sale was made by a Sheriff's Deed in October of 1930, A.D., which said sheriff's deed conveyed the acreage described in Plaintiff's Petition to Otto L. Kiel.
(SEAL)
NO. 2440
FRIONA UNITED PENTECOSTAL CHURCH OF FRIONA, TEXAS, PLAINTIFF VS. J. H. McCLELLAN, ET AL, DEFENDANTS
IN THE DISTRICT COURT PARMER COUNTY, TEXAS

PLAINTIFF'S ORIGINAL PETITION

TO THE HONORABLE JUDGE OF SAID COURT:

NOW COMES, Friona United Pentecostal Church of Friona, Texas, an unincorporated Church Association, acting by and through its duly authorized Trustees, George E. Long, James Eubanks, and Earl E. Dunn, hereinafter known as Plaintiff, complaining of J. H. McClellan and G. S. DeMots, who is also known as G. S. Demots, and who is also known as Geo. Demots; if living, whose places of residence are unknown to Plaintiff, and if dead the legal representatives of each of said named Defendants and the unknown heirs of each of said named Defendants; the legal representatives of the unknown heirs of each of said named Defendants, if the unknown heirs of said Defendants are dead; the unknown heirs of the unknown heirs of the said named Defendants if the unknown heirs of said named Defendants are dead;

whose places of residence are unknown to Plaintiff; all of said parties being Defendants in said cause and hereinafter called Defendants and for cause of action Plaintiff represents to the Court the following:

I. That on the 29th day of February, 1964, Plaintiff was and is still at this date of filing of this petition the owner in fee simple of the following described tract of land located in the City of Friona, Parmer County, Texas, to-wit:

All of Lots Numbers One (1), Two (2), Three (3), Four (4) Five (5), Six (6), Ten (10), Eleven (11), and Twelve (12) of Block Eighty-nine (89) of the Original Town of Friona, Parmer County, Texas, as the same appears of record in the Deed Records of Parmer County, Texas, together with all improvements located thereon.

II. That on the date last mentioned, the Defendants unlawfully entered upon and dispossessed Plaintiff of such premises and withholds from it possession thereof to which possession it is legally entitled.

III. That the rental value thereof during Defendants' such occupancy is \$100.00 and which amount, by virtue of such wrong, the Defendants are justly indebted to Plaintiff, and though demands have been made upon Defendants for such rental, they refused and still refuse to pay the same to Plaintiff's damage in the sum of \$100.00.

IV. That, if Plaintiff fails to recover under the foregoing count, nevertheless it says, by way of further count, in addition to the foregoing allegations, hereby adopted and made a part hereof, that the Plaintiff and those under whom they claim and hold, have had peaceable and adverse possession of said land, under title and color of title, from and under the sovereignty of the soil, using, claiming, and enjoying same, for a period of more than three years after their cause of action accrued, and before the filing of this suit, whereby the Plaintiff's acquired, and had at the time of filing this suit, the superior title to said real estate and are entitled to recover same as against the Defendants.

V. And for further plea, Plaintiff says that it, and those whose title they have and hold, have had and held peaceable, continuous, and adverse possession of the land and tenements claimed in Plaintiff's Petition, cultivating, using and enjoying the same for more than ten consecutive years, after Defendants' alleged cause of action, if any, accrued, and before commencement of this suit, during which period they have had said lands and tenements enclosed; wherefore they say that they have good and perfect title to said lands under and by virtue of the ten year statute of limitations of the State of Texas, and this they are ready to verify.

VI. Plaintiff further alleges that those under whom it claims, claiming to have and hold good and perfect title thereto, have had and held peaceable and adverse possession of the lands and premises heretofore described, containing nine city lots, cultivating, using and enjoying the same continuously for a period of more than ten years before the institution of this suit, and Plaintiff holds its said title under and by virtue of the ten year statute of limitations.

VII. Comes now the Plaintiff and further says that it ought to have and maintain this cause of action because it and those through whom it claims title have claimed and owned the above described property under the Deed or Deeds duly registered for more than twenty-five years prior to this date, and that all of said land has been patented, and for more than twenty-five years the Plaintiff and those through whom it claims title have had continuous, adverse, peaceable and open possession of all of said property, claiming and using the same, rendering the same for taxes and paying all taxes thereon as the same became due and before becoming delinquent, for more than twenty-five years immediately preceding the filing of this suit, and if the Defendants or each or any or all of them ever had any right, title or interest in and to said property the same is now barred by the twenty-five year statute of limitations.

VIII. Plaintiff further alleges that it took said property into its possession and thereafter made valuable improvements thereon; that Plaintiff and its predecessors in title have lived in the improvements on said property, and have cultivated, used and enjoyed all of said property for more than twenty-five years and that said Plaintiff has paid the taxes on such property as the same accrued and kept said property in repair and exercised and assumed full and complete authority and jurisdiction of said property; that Plaintiff's possession and use of said property was plain, open and obvious and was at all times, as mentioned herein, adverse to any claim of right, if any, of the defendants and each of them.

WHEREFORE, premises considered, Plaintiff prays that the Defendant be cited to answer this petition and that Plaintiff have judgment for the title and possession of the above described land and property and premises, and their damages in the amount of \$100.00 and costs of suit, and Plaintiff further prays for such other relief as it may show itself entitled to upon the hearing of this cause either in law or in equity.

Interested in a new discovery?

We call this one Prilled Sulphur. It's 99.5% elemental sulphur made into round little balls. And to a farmer this is important.

Why? because the round, clean shape makes it simple to spread with no dust. And its unique size makes it easy to mix. Prilled Sulphur gives even coverage with uniform distribution of plant nutrients in your soil.

Farmers everywhere are learning the importance of sulphur application to their soil. They have found that elemental sulphur neutralizes alkaline soils and makes needed soil nutrients available for profit yields.

Ask your local supplier about this new discovery.

"Put The Kids In The Wagon Ma, It's Gonna Be A Rough Year"

The early morning breeze out toward Lazbuddie was blowing a bad omen for Farmer County farmers Sunday, when J. W. "Indian" Crim made his annual weather prediction. The wind was from the southwest, and on Crim's weather compass, it indicates the very worst forecast that is possible.

According to the Lazbuddie farmer, it has been years and years since the reading had been so depressing. Many of the spectators who gathered at the Crim farm to hear the forecast as the sun was peeking over the horizon, were surprised at the wind direction, because it is unusual for the wind to blow from that direction at this time of year. Most years find the wind to travel from south or southwest. Last year, it was from the northwest.

The forecast is a tradition in the Crim family with Mr. Crim having participated in the March 22 reading at sunrise for 65 years. He has carried on the pioneer practice, which had been a yearly observance of his father before him. The legend originated from Indian folklore, and has become not only a special hobby of Mr. Crim, but is a special family occasion. All the Crim children and grandchildren are present each year, if possible, for the ritual, it's a family reunion time.

About two dozen friends and neighbors and family members gathered at the home this year, the campfire was ignited and at sunrise, the reading was taken. The observance is always on March 22.

Readers of Farmer County

A fresh, high quality egg stands high in the frying pan and doesn't flatten when broken out of the shell, says the U.S. Department of Agriculture.

newspapers have followed the predictions from year to year, and Mr. Crim has gained quite a following of his annual forecast. Usually on March 22 each

year, the phone rings at the newspaper offices as readers inquire about the forecast. This year, the report was "very gloomy."

Last year, the Farmer County weather prophet stated "We've been trying to come up with a good prediction moisturewise for the past 12 years." It was

pointed out that the last ideal crop year as far as moisture was concerned was in 1949 with 1957 coming in as a fair year.

J. W. "Indian" Crim, Farmer County weather prophet, points the direction the wind is blowing, as friends, neighbors and family members listen for his annual weather pre-

diction, based on an old Indian legend. His grandchildren gather around to help their grandfather.

THE HIGH PLAINS FARM AND HOME

Deryl Coker Resigns As County Extension Agent

Deryl Coker, who has been serving as Farmer County Extension agent for the past three years tendered his resignation to the commissioners court on Monday. The resignation was accepted with regret by the county body. He had previously sent his resignation to the extension service. He will leave the end of the week for Cheyenne, Okla., where the family will live on a farm bought last year by Coker.

Coker came here from Hockley county where he had served as extension agent for five years. He has been with the extension service for the past eight years.

In leaving the post Coker made the following statement: "I would like to express my appreciation to each person in Farmer County for three most enjoyable years. At all times the work and relationships with the people have been at the

highest level and I believe the people of this county are indeed fortunate to have such fine county officials (particularly the judge and commissioners with whom I have worked closely are to be commended)." In conclusion Coker said "Again

it has been a pleasure working and associating with each of you."

A new agent will be hired for Farmer County in the near future by the extension service with the approval of Farmer County commissioners court.

How is the best way to apply fertilizer now? First, what is to be applied? If only ammonia is needed, it can conveniently be applied on 20" centers on flat ground, chiseled in the side of the beds on 20" centers or it can be applied in the middle of the furrow with one chisel every 40". Where 27" rows are used for grain sorghum, applying ammonia with one chisel in each furrow works very well. Where double row maize is to be planted, ammonia can be applied directly over the ammonia band.

Phosphorus fertilizers can still be applied. Some methods of application, however, may be more desirable than others to use this late in the season. The main thing with phosphorus application is that it should be placed within the root zone and within reach of young plant roots. Ideal placement is 4 to 7" below the seed and from 0 to 10"

Call your Public Service Company this week to arrange appointment.

This sign on a heating dealer's door is your assurance of a qualified electric heating installation covering the complete job and... including financing, if that is your wish.

Electric Comfort Heating for the comfort of your life!

Beef Purchase Program To Assist Cattle Producers

The Department of Agriculture will buy substantial quantities of USDA Choice grade beef for distribution primarily to schools in a further effort to improve prices to producers.

Under a second program, USDA will purchase substantial quantities of canned beef in natural juices for distribution to needy families.

Secretary of Agriculture Orville L. Freeman said today that all beef and other meats bought by USDA are produced in the United States. He made the statement, he explained, to end what he called rumors that USDA is buying imported meats for school lunch and other food distribution programs.

"All contracts require that meat bought by the U.S. Department of Agriculture must be produced in the United States, in plants under surveillance of USDA's Meat Inspection Service, to make certain the meats of U. S. origin and meet rigid requirements of quality, content, and wholesomeness," Secretary Freeman pointed out.

"A further safeguard against purchase of imported meats by USDA is that the Federal Meat Inspection Service makes sure the origin of imported meat is clearly marked at all ports of entry."

Officials responsible for USDA food programs point out that State or local procurement officials buy more than 80 per cent of the food that goes into school programs from local merchants.

Although not responsible for local purchase of food by schools, USDA has continually

L. S. (Sonny) Nancy of Haslet is the new president of the Pioneer Beef Performance Association. Other officers are Bill Stearnman of Hico and Nelson Dunn, Jr. of Waxahachie. The Association, now in its seventh year, has members in Bosque, Ellis, Hill, Kaufman and Tarrant counties. It started as a demonstration by the Agricultural Extension Service of Texas A&M University and became self supporting in 1961.

and strongly urged school lunch administrators and managers to buy U. S. produced foods to expand markets for U.S. farm products.

USDA has bought 34 million pounds of frozen ground beef and 24 million pounds of canned pork which have been distributed to schools so far in the current school year.

Two new publications featuring simplified techniques used by professional tailors in making or altering suits and coats are now available. Single copies may be obtained free from the Office of Information, U.S. Department of Agriculture, Washington, D.C., 20250. Send a postcard with your name and address and ask for "How to Tailor a Woman's Suit" (HG-20) and "Fitting Coats and Suits" (HG-11).

Time spent now getting the irrigation system in shape can save many headaches next summer. All equipment should be checked and repaired. Any new equipment to be needed during the season ahead should be purchased early to make certain it will be available when needed.

At Home In Farmer County

By CRICKET B. TAYLOR
County HD Agent

Sewing Classes in the County are in progress at Black and Lazbuddie. One important point being emphasized in Advance Dressmaking is accuracy. If ever there was an example of haste makes waste, it is in the cutting of a garment. Unless a seamstress takes time to cut accurately, she will have trouble later in the sewing—and spend a lot more time adjusting for the careless cutting job. In cutting, sharp scissors are essential—never cut with pinkish shears.

Making a one-piece tailored buttonhole is another place where accuracy and skill is essential. After a method has been learned it does take practice to develop skill. Grainline is another term used frequently in the workshops. Directional stitching to maintain grainline can mean the difference between a well fitted garment with that professional quality look and that of an amateur. This is especially demonstrated in the construction of collars and necklines.

Due to various reasons many homemakers who planned to take the Advance Course were

unable to do so. The widespread interest throughout the county does suggest the need for more workshops in the area of clothing construction. Homemakers will need to make their wishes known by calling my office 481-3619 in Farwell courthouse. The County Sub-Committee on clothing, with Mrs. Davis Gulley as chairman, will soon be considering future programs in the county and this type of information about homemakers desires will be considered.

Preservation Finding To Be Presented

Latest research on food preservation—and how it relates to the consumer—will be presented during the two-day Fifth Annual Technical Session of the Texas Section, Institute of Food Technologists at College Station, March 20-21.

Dr. Fred A. Gardner of the Texas A&M University Poultry Science Department, program chairman, has announced that presentations in the first afternoon will concern freeze dehydration as a means of food preservation, and will include principles, applications and commercial considerations of that method of food preservation.

The second day's program will be directed to a better understanding of irradiation and its potential as a means of food preservation. A business meeting is scheduled at 8:30 a.m. the final day.

Officers of the Texas section are C. T. Dreschel of the C&D Flavor Company, Houston, chairman; Dr. Carl Vanderzant, professor, Dairy Science Department, Texas A&M University, vice chairman; G. T. King, associate professor, Animal Husbandry Department, Texas A&M, secretary-treasurer, and Dr. I. J. Peters, professor, Dairy Science Department, counselor.

The public is invited to attend the discussions at the Ramada Inn, according to Dr. Gardner.

To insure maximum yield, rice must be harvested within 24 hours after it ripens.

Fed Cattle Market Continues Decline

Fed cattle prices continued to decline in February and reached their lowest point since early 1957.

The best demand in the Texas fed cattle market has been for high good and choice steers weighing 1,000 to 1,100 pounds, according to the latest summary published by the Cattle Feeders Division of the Texas and Southwestern Cattle Raisers Association. The spread between good and choice grades has been narrow.

During the past month there has been a noticeable decline in beef prices at the retail level. Lloyd Bergsma, director of the cattle feeders division, said this price adjustment was long overdue but it should help to move the tonnage of beef available through trade channels with less pressure on live and wholesale prices.

For the week ending Feb. 22, total production of meats under federal inspection was 485.5 million pounds. This was down 12 million pounds from the previous week, but was 48.4 million pounds above the same week last year.

The average weight of cattle

slaughtered during the week ending Feb. 22 was 1,075 pounds, up five pounds from each of the previous two weeks and 14 pounds above the comparable week last year.

Dressed beef prices were lower during the month. At Houston, 400-600 pound good steer beef was quoted at \$34.50-\$35.50, down \$1.00 from prices quoted at the end of January. Good grade calf in the 180-350 pound carcass weight range was selling at \$36-\$38 compared to \$37.50-\$38.50 last month.

At San Antonio, good steer and heifer beef, 500-650 pounds, was selling for \$33-\$35.50 compared to \$34-\$37 in January. At Omaha, choice steer beef in the 600-700 pound weight range was quoted at \$34-\$35 at the close of February, down 50 cents per hundred weight from the previous month.

The freeze-dried foods industry, now a \$2 to \$5 million concern, will increase to almost a quarter of a billion dollars by 1970, the U.S. Department of Agriculture predicts.

Dairy Animals, The Milk Supply And Fallout

by Tommy Holmig and Bobye Hiney
The dairyman, like all other farmers, is concerned about the prospect of a nuclear attack and effect it might have on his family, livestock and business. In producing a vital part of our nation's diet, dairymen have some definite problems and responsibilities in protecting the nation's food supply.

The possibility of radioactive contamination has presented dairymen with two very real and immediate problems. Of major concern to today's dairyman is the fact that many of his customers, through gross misunderstanding, have begun to consume less milk because of the widely publicized association of milk and radioactive contamination.

The dairyman is also asking what can and should I do to protect my cattle and feed supply in event of a nuclear attack? Best protection will come from a plan that is well thought out ahead of time.

A closer look at the first problem will show the customer's present reaction to the continued talk about milk and radioactivity. First, the dairyman must know the answer to some of the questions customers are asking. Why was milk chosen as the food to use in measuring rate of fallout throughout the country? How does milk rank with other foods as a possible source of radio-

active contamination? What happens when a cow eats feed that is contaminated by fallout? What is the relationship between calcium and strontium 90? Why should we be drinking more milk rather than less?

The scientists picked milk as a sampling material because it is produced in all parts of the country, brought to central collecting depots and is easily sampled. Cattle generally harvest forage over a large area and since they pass into milk some of the radioactive isotopes which they consume they are, in effect, sampling agents. Further, an increase in the radioactivity of milk may be at least in some ratio to the increase of radioactivity on the earth's surface and is a fairly good indicator of isotope concentration in the human diet.

Of the natural sources of calcium, milk is the least contaminated with radioactive strontium. For example, if there are 100 units of strontium to each 100 units of calcium in pasture plants, only 1/2 unit of strontium for each 100 units of calcium would get into the human population. The strontium-calcium ratio in milk is only about 1/10 that of feed the cow eats. Vegetables and meats actually have a higher percentage of strontium 90 from a given acre than does milk. Looking at it another way, plants actually supply about 15 percent of our calcium and 63 percent of our strontium. Milk

supplies 80 percent of our calcium and 14 percent of our strontium. Meat supplies about 5 percent of our calcium and 3 percent of our strontium.

The two questions, what happens when a cow eats radioactive contaminated feed and what is the relationship between calcium and strontium 90, can best be answered together. Fortunately, the metabolic processes of both man and animal act to reduce the amount of strontium that is deposited in the bones as compared to the amount that was originally present in the vegetation and soil. This protective mechanism is measured by the term, "discrimination factor," and refers to the natural preference of the body for calcium over strontium.

There are two good reasons why we should encourage people to drink more milk. First, milk is an excellent source of calcium and much of the strontium has been screened out by the cow. And secondly, animal research has shown that a body well nourished with calcium does not retain as much strontium as a body that is deficient in calcium.

Contamination of milk from iodine 131 may also be a problem for the dairyman, particularly during the first few weeks after a nuclear attack. However, this element decays rapidly, with a half life of eight days, and would decay away in about sixty days. Studies indicate that five to ten percent of the radioactive iodine on forage crops consumed by animals would get into the milk. Dairyman also have the problem of guarding their animals against radiation and the eating of contaminated feed. Protection from these hazards would be the same as for other livestock.

TDN Needs Of Beef Cows Explained

"Cows raising a 450-pound calf each year will need an average of 10 pounds total digestible nutrients (TDN) per day," said Dr. K. S. Eng, Jr., assistant animal husbandman, Gulf Coast Pasture-Beef Cattle Research Station, Angleton.

Eng made this statement during a discussion on efficiency of feed use in a cow herd at Beef Cattle Field Day held recently (March 5) at the Livestock and Forage Research Center located here.

However, the 10 pounds of TDN per day is only an average, the husbandman said. During the four months following calving when a cow is scheduled to be rebred and at the same time is nursing a calf, she needs 16 to 18 pounds

of TDN per day. Forage is about 50% TDN and grain is about 75% TDN, he pointed out.

From the time the cow's calf reaches four-months age until weaning, the cow's TDN requirement lessens until she needs only about nine pounds TDN weaning. "After weaning she's on vacation," Eng said. "During this period her TDN requirement remains low."

In his remarks, Eng emphasized that good stockmen feed their cows according to need during the annual production cycle. He suggested planning calving dates for periods when forage is most plentiful so cows will have necessary energy for good milk flow and for fertility.

"If cows don't get enough to eat during the critical period after calving, they may be in such poor condition they won't breed back. When this happens, there's no calf the following year and this is infinitely inefficient," he said.

Interest Focuses In Plains Grains

The Plains sorghum area was the center of national and international grain discussions the past week.

Grain traders, export elevator operators and government officials met in two separate meetings with grain producers, cattle feeders, grain brokers, transportation men and market

news representatives, Bill Nelson, Executive Vice President of Grain Sorghum Producers Association, host of the groups, said sessions of this type on international trade policy, transportation decisions and market information are of increasing importance to stability of farmers income as more grain is being produced, handled and fed in the open market under the effective influence of the current feed grain program.

Ammo Notes --

(Continued from Page A)

to the side. If phosphorus fertilizer (without ammonia) such as 7-21-0, 11-48-0 or 0-46-0 is banded, it can be placed directly under the seed row and 3 to 7" deep. If ammonia and phosphorus fertilizer are placed together, they should be at least 3" to the side of the seed row and 4 to 7" below.

Applying both ammonia and phosphorus on 20" centers in the side of the bed works very well for most crops. It is ideally suited for double row maize. For single row maize, cotton and beans, one chisel offset 3 to 4" from the center of the bed is a good method. Cotton stalks or maize residue can often be a problem if chisels are placed in the bed or on the sides. Clean out sweeps usually are needed. If fields have not been bedded, phosphorus fertilizer can be broadcast and disked in for good results. If land is bedded up without disking in the fertilizer, much of the phosphorus will be up in the top 3" of the bed and consequently will be at seed level or above. If this happens, results from phosphorus may not be as great as anticipated this first year.

Ammonia can, of course, be applied as a sidedressing for most crops. Phosphorus fertilizer should, if at all possible, be applied prior to planting. This is to permit phosphorus to have its fullest effect on seedling vigor and establishment of a good root system. Phosphorus can be sidedressed but it should be done as soon as possible after the plants emerge. Late sidedressing of phosphorus may pay off in a few cases where phosphorus is critically low, but odds are that it would not pay.

If you have any questions about these or other farm topics, drop me a line . . . Bill Bennett, Agronomist, in care of this newspaper.

Austin Chosen For 1965 THEA Meeting

Austin will be the site of the 1965 Texas Home Economics Association annual meeting next spring.

Mrs. Gladys Kolander, state home demonstration agent at College Station, who has been named first vice president of the association for 1964-66,

will have the responsibility of planning next year's program. It is expected that the state organization will select a general theme closely related to that of the American Home Economics Association, which has chosen "leadership" as the keynote idea for its annual meeting in Detroit, Michigan in June. Mrs. Kolander said, "Date for the Texas meeting will be set by the executive board this summer."

Committee appointments for 1964-66 are to be announced soon by Julie Hunter, new president of the Texas home economists. Officers, in addition to Miss Hunter and Mrs. Kolander, are Mrs. Gayle Wilson, Fort Worth, president - elect; Layne Chapman, Dallas, second vice president; Dr. Margaret Eppright, Austin, treasurer; Dr. Bethel M. Cester, Denton, secretary, and Dr. Wills August Tinsley, Lubbock, counselor.

Approximately 500 of the state's graduate home economists took part in the recent THEA meeting in Fort Worth. Participating also were more than 60 college students who are majoring in home economics.

Halfway Station Growth Continual

The High Plains Research Foundation has undergone quite a face-lifting since it first set up shop in Clyde Bray's real estate office in Mulshoe seven years ago.

Those seven years have been progressive ones, not only for the High Plains area served by the Foundation, but for the Foundation's appearance as well.

Today, the Foundation boasts one of the most modern centers of agricultural research in the world, and more is in store when a \$2 million fund drive now underway over the area is completed this month.

Bulk of the Foundation's facilities are located at the headquarters at Halfway. Offices are housed in the beautiful Killgore Memorial Building which was provided by a gift of the Killgore Foundation and Pioneer Natural Gas Co., of Amarillo, in 1962. The Killgore building also houses the ultra modern plant science laboratory and conference room.

Adjacent to the Killgore building is the Jim Hill Greenhouse, also built in 1962 with funds provided by the Jim Hill Estate of Hereford. The greenhouse enables invaluable research to be conducted throughout the year.

Latest addition, building-wise, to the Foundation picture is the cotton gin and farm machinery building south of the office at Halfway. The structure was completed last fall, it replaces the building destroyed by fire last winter.

The 20-saw cotton gin housed in the building enables the Foundation to gin its own cotton for testing, a vital factor in the cotton research program.

The building also provides seed storage, out-of-the-weather storage and maintenance facilities for machinery and office space for several of the Foundation staff.

Possibly the most vital facilities of the Foundation, however, not discounting the

laboratory and greenhouse, are the two farms on which the research programs are conducted. The Foundation has conducted research on 310 acres at Halfway since 1957 and has conducted virtually all its experiments on the more than 6,000 plots on the farm.

Acresage was more than doubled recently, however, with the purchase of 504 more acres some 10 miles southwest of Halfway. The land, boasting 413 acres in cultivation and three irrigation wells will enable the Foundation to broaden its scope of research immeasurably in the future.

Interest--

George Koppel, Vice President of Koppel Bulk Terminal at Long Beach, California; Jim McJunkin, Transportation and Development Manager of the Port of Long Beach; Arnold Ferguson of the Commodity Credit Corporation of Kansas City, Missouri, along with local grain dealers and transportation officials to develop pricing, transportation and shipping policies which might help the grain sorghum area to regain fair competitive position with corn moving to the West Coast under recently announced freight rate reductions from the Mid-West.

Currently approximately 117 million bushels of grain sorghum moves from the Plains area to the West Coast domestic and export market.

In the next five years, per capita consumption of food won't go up much -- although people will change their eating habits slightly, predicts the U. S. Department of Agriculture. Americans will tend to eat more low carbohydrate foods, and homemakers will likely increase their purchases of convenience foods as more and more come on the market.

Many Convenience Foods Save Homemakers Money

Many convenience foods can actually save the homemaker money as well as time, Extension specialists say.

In a recent study, the U. S. Department of Agriculture compared cost of 158 items with the cost of equal amounts of homemade or fresh counterparts. Figuring price alone, 48 convenience items actually were less expensive.

And if reasonable value was placed on the homemakers' time, many other convenience foods would have a lower cost than fresh or homemade items, Extension Service specialists point out.

Other factors to consider are the savings in work and utensils needed, and less waste in preparation. Packages for convenience foods are designed to keep the contents fresh and convenient for storage. Modern processing methods make it possible to retain top nutritional values, and many processed foods also are fortified with necessary vitamins.

Some of the ingredients used in packaged foods are not even available on the market. Examples of these items are made-to-order cheeses used in many specialty packages, say Extension foods and nutrition specialists.

Best buys in convenience foods probably are frozen orange concentrate and instant coffee. Orange juice prepared at home from fresh oranges costs about twice as much as juice prepared from frozen concentrate, according to Gordon R. Powell, Extension fruit and vegetable marketing specialist.

Convenience foods that add to the cost of a meal are fresh, ready-to-serve rolls, frozen broccoli, and pre-cooked rice. Shoppers buy convenience foods not only for what they cost, but also for what they do for them. The foods can be bought in combinations and amounts that actually decrease total food costs.

Flower seeds lose much of their vitality when stored under household conditions, and are generally no saving when held from one year to the next, according to U.S. Department of Agriculture plant specialists. They suggest that new seeds be purchased not too long before planting time. Allow no more than a three-month holding period, they say.

children to keep their clothing from becoming ignited. Instruct all members of the family on what to do if clothing should catch fire. Do not run. Drop to the floor and roll. Roll up in a rug, heavy coat, anything that will smother the flames. If outdoors, roll on the ground. Falling prone keeps the flames from mounting up to the face.

There are simple formulas for making clothing fire resistant. One consists of dipping the garment in a solution of 7 ounces of borax and 3 ounces of boric acid in two quarts of water. This makes the garment somewhat stiff, but it's safe from flames. Flame-proofing the flimsy costumes that children wear on Halloween, to parties or in school or church plays is an important safety move.

Older folks often fall asleep sitting in a chair while smoking. The cigaret drops into the lap and -- poof! Small boys are often fascinated by matches or mechanical lighters. They will even hide in the clothes closet to strike matches, if they can get hold of a packet.

The problem of the fire hazards of fabrics is so widespread and serious that it received consideration by the House of Delegates of the American Medical Association at a recent meeting. The AMA leaders agreed that an education program to create public awareness of fire hazards of clothing is needed. Safety leaders offer a few pointers for minimizing the dangers around your home --

- Never take a chance with fire, no matter what kind of clothing is being worn.
- Be especially careful when wearing full, flowing, fluffy garments of sheer material, chiffon, voile, tulle, net or those with a long nap such as brushed rayon.
- Dress small children for play in clothes of slow burning material such as denim, or of fabrics treated to become fire resistant, and of rather plain design. Watch them carefully when dressed in lighter, flimsier garments so they will not be exposed to a possible source of ignition such as stoves, unprotected heaters, fires in unscreened fireplaces and outdoor open fires.
- Watch elderly people with infirmities of poor eyesight, shaky hands, poor balance, tendency to fall asleep in chairs while smoking. They should never smoke in bed, in fact, no one, whatever the age, should smoke in bed.
- Caution babysitters regarding the protection of

Facts Of Interest About Parmer County

1. Parmer County has 35,000,000 bushels of storage facilities.

2. Parmer County feeds 130,000 cattle per year, but has Grain Storage facilities for 500,000.

3. Parmer County has two main Santa Fe railroads and two U.S. Highways.

4. Parmer County is the No. 1 Grain Sorghum County in the U.S., according to the Crop and Livestock Reporting Service, producing 14,885,000 bushels on 195,000 acres with an average yield of 79 bushels an acre.

5. The Crop and Livestock reporting Service reports that Parmer County is the No. 1 county in Wheat production, producing 2,824,000 bushels on 99,000 acres.

6. The Crop and Livestock reporting Service reports that Parmer County is the No. 1 cotton county in Texas on Yield per acre in 1962, producing 789 pounds of lint cotton per acre on 50,000 acres.

7. Parmer County has 465,000 acres in cultivation, with 425,000 being irrigated from 2600 irrigation wells.

8. Parmer County has the thickest water pumping strata in Texas with 17,000,000 acre feet.

9. There are 32 crops grown in the county including nearly all of the vegetable crops.

10. Land sells from \$400 to \$600 per acre.

11. The average pumping depth of irrigation well is 260 feet. The average cost per well is \$800,000 48 1/2 of wells are on Natural Gas.

12. There is 850 miles of underground irrigation pipe costing about \$6000 per mile.

13. Parmer County has an Agricultural Income of \$46,000,000.

14. The population of Parmer County is 10,500.

15. The Tax rate is one of the lowest in the State.

SCIENCE SKETCHES

FAMILY LIFE, says the Population Reference Bureau, is more popular than ever. Nine out of 10 Americans--177 million out of 190 million--live in the country's 47 million families. (The Bureau of the Census defines a family as two or more people living together related by blood, marriage or adoption.) Average family size in 1960 was 3.7 persons, up from 3.5 in 1950 and reversing a downward trend of more than 150 years' duration.

PHOSGENE, a colorless gas that smells like new-mown hay, plays an important role in the manufacture of polyurethane foams which have rapidly growing insulating and cushioning applications, reports Chemtron Chemicals, Chicago, a major phosgene producer. The name comes from the Greek words for "light" and "to produce" since it was first made in 1812 by the action of light on a mixture of carbon monoxide and chlorine.

HARDENING of the arteries is being studied in hogs by the University of Illinois because a swine's circulatory system is similar to man's. Half a group of hogs get regular workouts on a treadmill; the others do not. Theory being tested: exercise increases the size of certain blood vessels reducing the danger of arterial disease.

Is the prevalence of foot trouble caused by faulty design of the foot?
A doctor who studied engineering before entering medical school has stated that the human foot is the best designed machine in the world for the transfer of stresses. Man, the inventor, can point to no greater achievement than the round wheel and the arch which is still our strongest structure. The round heel of the foot has all of the advantage of the round wheel and the heel comes equipped with its own tubeless puncture sealing tire. As for arches, the foot has five of them.
The percentage of babies who are born with deformed feet is miraculously small and corrective measures have been devised for most of the abnormalities.
When we look for someone to blame for foot trouble it isn't necessary to go beyond our own or our parents' unwillingness to properly clothe the foot.
