

FOR ENTRANTS

**Maize Queen Deadline
Announced As Sept. 6**

The last two or three times we've been to Lubbock, in fact a good percentage of the times we've been down that way recently, it has rained on us both on the way and while we were there.

This was the case Sunday when we went down, and back in July we made a trip during a rainstorm so hard we finally had to pull off to the side of the road and wait until the heaviest rain was over.

What we're getting at is: the way they are depending more and more on rain in and around Lubbock County, what with the irrigation water getting weaker and weaker, maybe we could tell them about our record and the farmers would want to pay us to schedule our visits at THEIR convenience.

We remember back in the fall of 1964 -- it hadn't rained very much that year. However, when we and 42,000 other people converged upon Lubbock to see Texas Tech play the University of Texas, we were greeted with an almost-flood that sent us to the car early.

Later that fall, the Raiders were taking on SMU. Surely, we thought, as we made our way to Lubbock and the game, this won't happen again. This time, however, the hard rain was mixed with hailstones, and for the first time in Southwest Conference history, a game had to be called for a time because of weather conditions.

In light of this experience, the farmers probably wouldn't want to take a chance on our "rain-bringing", since we can't always guarantee a nice, gentle rain. Sometimes it's a flood. We'll have to work a little more on the details; then maybe we'll be in business.

The trip afforded us a check on the four-lane progress of U.S. Highway 84, which will be a big help for Friona -- Lubbock traffic, and is one of the biggest road programs in our area at present.

A new two-lane portion of the road has been opened going from this end of the present four-lane portion into Sudan, while the old highway is being torn up in order to re-construct it for the other half of the divided highway.

The Highway Department has built up the road considerably this "lake" side of Sudan, where the road has at times gotten under water when the area received a big rain. In light of rain this week, it is probably good that the new lanes are open.

Presently about half of the road's length in Lamb County are four-laned. Approximately 33 miles of the highway cross Lamb County, as the road goes practically corner to corner of the square-shaped county, similar to the way Highway 60 crosses Parmer County.

When the road is four-laned to Sudan, it will make about 55 of the 67 miles from Muleshoe to Lubbock in the divided highway class, with the 12 remaining miles of two-lane road all in Lamb County, -- between Sudan and Littlefield.

If Sudan is not by-passed, it would leave Sudan as the city between Muleshoe and Lubbock which is not by-passed. It also appears that Muleshoe will not be by-passed if-and-when ever the portion of the highway northwest of the Bailey County seat toward Lariat is four-laned.

Meanwhile the other segment of the Friona-Lubbock route -- State Highway 214, has no progress to report in its much-needed widening proposal.

The State Highway Department has officially designated Highway 214 as a state road, which opens the way for the state's participation in construction on the road from a cost-share standpoint.

Less than a year ago, a petition was circulated which collected 297 names, asking that the Highway Department construct an overpass at the railroad crossing.

The state has expressed an interest in both widening Highway 214 and possibly constructing an overpass, but there has been no official action on the project. A group of local officials hopes to meet with District Highway Engineer O.L. Crain in the immediate future to discuss the possibilities of improving the road, and finding out what action needs to be taken.

Deadline for entrants in Friona's 10th Annual Maize Queen Contest has been set as Tuesday, September 6, it was announced this week.

Businesses, clubs or organizations wishing to enter a girl in the contest should mail a check for \$7.50 to Flake Barber at Ethridge-Spring Agency. Girls wishing to enter who have not been contacted by a sponsor

should call Mrs. Deon Awrey at 247-3135. Sponsors wishing help in selecting a girl may also call Mrs. Awrey.

A change in the location of this year's contest has also been announced by the queen's contest committee. The contest will be held for the first time at the new Friona High School Auditorium.

Any girl who will be a junior

or a senior in any of Parmer County's four high schools is eligible to enter the contest.

The celebration which will serve as Friona's 60th Anniversary, will be held September 11-17. The queen's contest is an annual highlight of the celebration, and will be held on Thursday, September 15.

A big parade will be held Friday, September 16. All

businesses, clubs and organizations in the Friona area are invited to enter floats in the parade.

New events on this year's schedule include a Pony Express relay race, to be run around Reeve Lake in northwest Friona; and an old fiddlers contest.

Bill Wooley, general chairman of the celebration this year, says that new events are also being discussed in the Saturday contest division. These may include turtle race, and a women's pancake race.

In charge of the Pony Express race is the Friona Young Farmers Association. Those who wish to enter teams in the race should contact either Gerald Floyd or Leon Massey.

Other suggestions for this year's celebration include a pony show following the parade on Friday, and a possible display of crops in a county fair type show. These possibilities will be discussed at a meeting of all Maize Days committee chairmen Monday night at 8 p.m. at the Friona State Bank.

Anyone with further suggestions or ideas for the celebration is invited to attend the meeting.

**Captains Told
For Chieftains**

Two senior linemen were named co-captains by the 1966 Friona High School Chieftains this week. Tackle Bill Weatherly and Mike Wooley were chosen by their teammates to lead the squad.

The team had to disperse with its outdoor workouts this week due to the rain, but continued indoors. The Chiefs will travel to Boys Ranch for a scrimmage session tomorrow night, beginning at 7:30.

GET AWARD . . . R.E. Bruce, left, is shown congratulating Bill Hannold on the occasion of Galloway Implement Company receiving Allis-Chalmers' "Dealer of the Month" award. On the right are co-owners, Mr. and Mrs. Cliff Porter. Bruce is manager of A-C's Amarillo branch.

BY A-C

**Galloway Implement
Named Top Dealer**

Galloway Implement Company of Friona has been named "Dealer of the Month" by the Allis-Chalmers Company in the Amarillo District.

The announcement was made at a banquet the past week at which company officials were

presented appropriate plaques and a wall banner designating the honor.

Galloway was in competition with some 80 other Allis-Chalmers dealers throughout West Texas and New Mexico. The Amarillo branch covers 94

counties in West Texas and New Mexico.

The award is based on sales, managements, parts, service, and facilities.

Other companies which have won the award this year were located at Wellington, Las Cruces, N.M., Big Spring and Coleman.

By winning the monthly award Galloway Implement Company will automatically be nominated for A-C's "Dealer of the Year" award, which will be announced at the end of the year.

**School Registration
Underway Tomorrow**

Some 1350 students are expected when the 1966-67 school term begins in the Friona School system on Monday.

Actually, registration for the sixth through the 12th grades will take place tomorrow.

The sixth grade will register at 9 a.m. Friday at the junior high school auditorium. Seventh and eighth grades register at 1 p.m. that day, also at the same auditorium. High School students report to high school at 9 a.m. Friday.

**More Enforcement
For School Zones**

The Friona City Council is expected to pass at its next regular meeting a resolution asking for stricter enforcement of speed limits in the school zones around Friona Elementary and Junior High Schools, according to City Manager Jake Outland.

The speed limit is to be 20 miles per hour on Main Street between Eighth and 10th Streets, and on 11th (Highway) between Euclid and Cleveland.

According to last year's census, some 389 would be expected to enroll in high school, 354 in junior high and 621 in the first five grades.

**Boosters Make Annual
Membership Campaign**

The Friona Booster Club held its annual watermelon feed last Thursday night following the nightly workout by the Friona Chieftain football prospects.

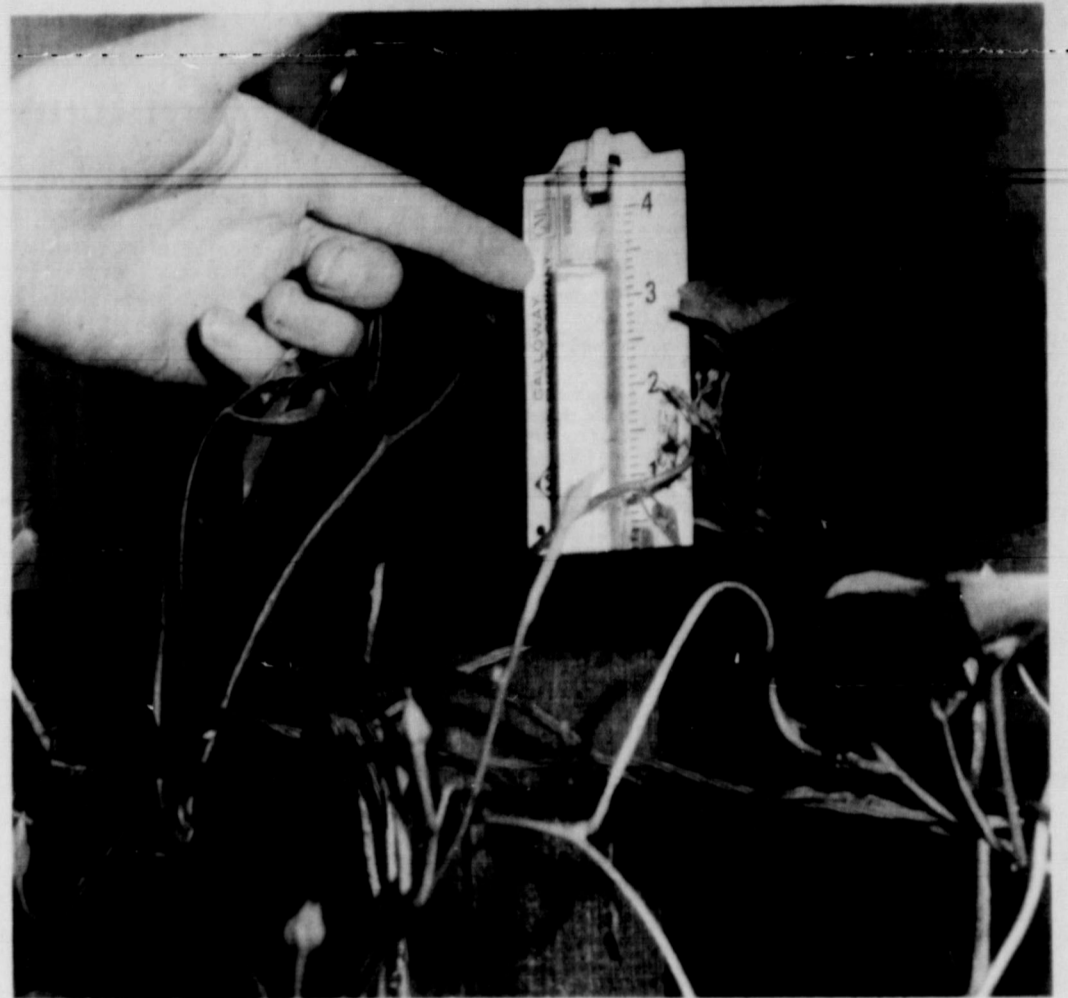

At a business meeting of the group, officers for the 1966-67 school year were elected. Floyd Brookfield was named president; Truett Johnson is vice president and Dale Houlette was re-elected secretary of the organization.

The Boosters are to meet every Monday night during the season, including the coming Monday night beginning at 8 p.m. Spud-nuts and coffee will be served at the meetings. Women who are interested are

urged to attend. Several of the women were present at last week's watermelon feed.

Coach Don Light will have a report of the Friday night scrimmage at Boys Ranch at next Monday's meeting. All who can are urged to attend the scrimmage, which begins at 7:30 here.

The Booster Club is urging all people interested in supporting the team to join. Memberships are currently being sold. Orders are also being placed for the large individual pictures of the team members, which are sponsored by various merchants and displayed in business windows during the season.

DIDN'T IT RAIN . . . Four-inch rain gauges in the Friona area ran plumb over in spots, and in others were near full after four days of slow rain. Raincoats, umbrellas and the like were standard equipment around Friona.

OVER 3 INCHES HERE

**Gentle Rains Soak
Friona Area Farms**

Slow-falling, soaking rains for the better part of four days this week left the Friona area in good shape moisture-wise for this time of year.

With farmers in virtually every part of the area getting at least some rain, it was getting to be one of those rare cases in this part of the world where farmers were actually about ready to yell "calf rope" as far as the moisture was concerned.

Official measurements at the City of Friona just about summed up the way the rain fell in the Friona area during the past few days. The measurements were .19 inches Saturday, 1.29 inches Sunday and Sunday night, .69 inches Monday and .92 Tues-

day and Tuesday night, for a grand total for the four days of 3.19 inches.

August, then, bids to be one of the wettest months of the year, as the city measurement at Friona for the month comes to 4.22 inches.

While practically everyone had good, economic moisture, the amounts varied. It was four inches at Rhea, according to Carl Schlenker. Other places north and northwest of Friona were some lighter.

Hub had received 3.6 inches up to Wednesday morning, but places farther south had more rain. The Lazbuddie and Clay's Corner area had up to five inches, according to Mrs. C.A.

Watson, Friona Star correspondent.

C.C. Matthews, a resident of the Lazbuddie area, was said to have measured six inches. "You hear a lot of frogs croaking but no wells running," Mrs. Watson said.

In the Friona area, a shower of rain fell Saturday afternoon. Official measurement in the city was .19 inches. Then Sunday at mid-day, it got down to serious business, with 1.29 inches falling Sunday and Sunday night. Monday it "drizzled" practically all day long, with .69 inches being the measurement. Again Tuesday it was a slow, steady process, with .92 inches measured.

**Eleven Girls Seek Friona's
Miss Sugar Beet Nomination**

Eleven Friona girls will vie Saturday to become Friona's representative in the first annual "Miss Sugar Beet of the Nation" contest, which will be held in October.

The young ladies, ten of whom will be seniors at Friona High School and two of whom graduated the past spring, will compete in a four-phase contest at Friona High School, beginning at 8 p.m.

The contest is co-sponsored by the Friona Junior Chamber of Commerce with the Holly Sugar Crop. The local Jaycees will also produce the "Miss Sugar Beet of the Nation" contest here in October.

Entered in the contest are Carolyn Hamilton (Ethridge-Spring Agency); Judy Shirley (Friona Wheat Growers); Pat Tannahill, (Friona Farmers Co-Op Gin); Susan Neill (Western Auto); Lydia Buske (Friona State Bank) Kathy Jones, (Friona Motors); Becky Jones, (Reeve Chevrolet); Glenda Mingus (Monsanto Chemicals); Barbara Fletcher (Moore's Super Market); Cindy Ingram (Friona Star); and Betty Taylor (Parmer County Pump).

The competition will consist of appearances informal dress; swimming suits, presentation of a talent act and an interview.

Bill Wooley will serve as master of ceremonies. Entertainment during and before the start of the pageant will be supplied by an Amarillo combo.

The Jaycee-ettes are helping their husband with the production, assisting the girls backstage, and also will decorate the stage at Friona High School. Claborn Funeral Home is furnishing the stage decoration material.

The winner of the local elimination will receive a dozen long-stemmed roses. First runnerup will receive a corsage. Other runner-ups will be presented with certificates.

READY TO CHEER . . . Leading the cheers for the Fighting Chieftains this fall will be (left to right) Pat Roberts, Betty Taylor, Becky Turner, Patti Ragsdale, and Linda Stone. The

FHS Cheerleaders attended cheerleading school at Southern Methodist University this week. Miss Turner is head cheerleader.

Nelson Services Conducted Monday

Funeral services for David Hugh Nelson, 77, were conducted from Friona Methodist Church at 2 p.m. Monday. The Rev. Robert H. Knight officiated. He was assisted by Rev. James Price.

Nelson, who was born September 19, 1888 in Parker County, Texas, moved to Friona from Swisher County in 1954. He and his wife had lived at Nichols Manor in Tulla since it opened in April. He died at 10:30 p.m. Friday following an extended illness.

Survivors besides his wife,

Lois included three sons, Lanh Nelson, Amarillo; David Nelson, Hart, and Grady, Friona; three daughters, Mrs. Mildred Guthrie, Hedley, Mrs. Ann Helmatler, Lubbock, and Mrs. Dorrace Latham, Tulla.

Members of the men's Sunday School class of Friona Methodist Church were honorary pallbearers. Active pallbearers were Kenyth Cass, I.T. Graves, Ernest Anthony, J.H. Boyle, J.V. Houser and Charles Allen.

Burial was in Friona Cemetery under direction of Claborn Funeral Home.

To build a huge 35,000,000 gallon reservoir in Hong Kong, 12 miles of tunnels will have to be bored. Moving 1.25 million cubic yards of rock will fall mainly on the 14-ton shoulders of seven 240 horsepower Allis-Chalmers tractor loaders.

Nothing Tops The Homeowners Policy

- FOR PROTECTION against serious perils and risks.

Fruit cups of melon balls are equally delicious fresh or frozen. This luscious cantaloupe is Satco Hybrid.

You know how cool and delicious a fruit cup of cantaloupe and watermelon can be in the heat of summer. It is truly a cup that cheers.

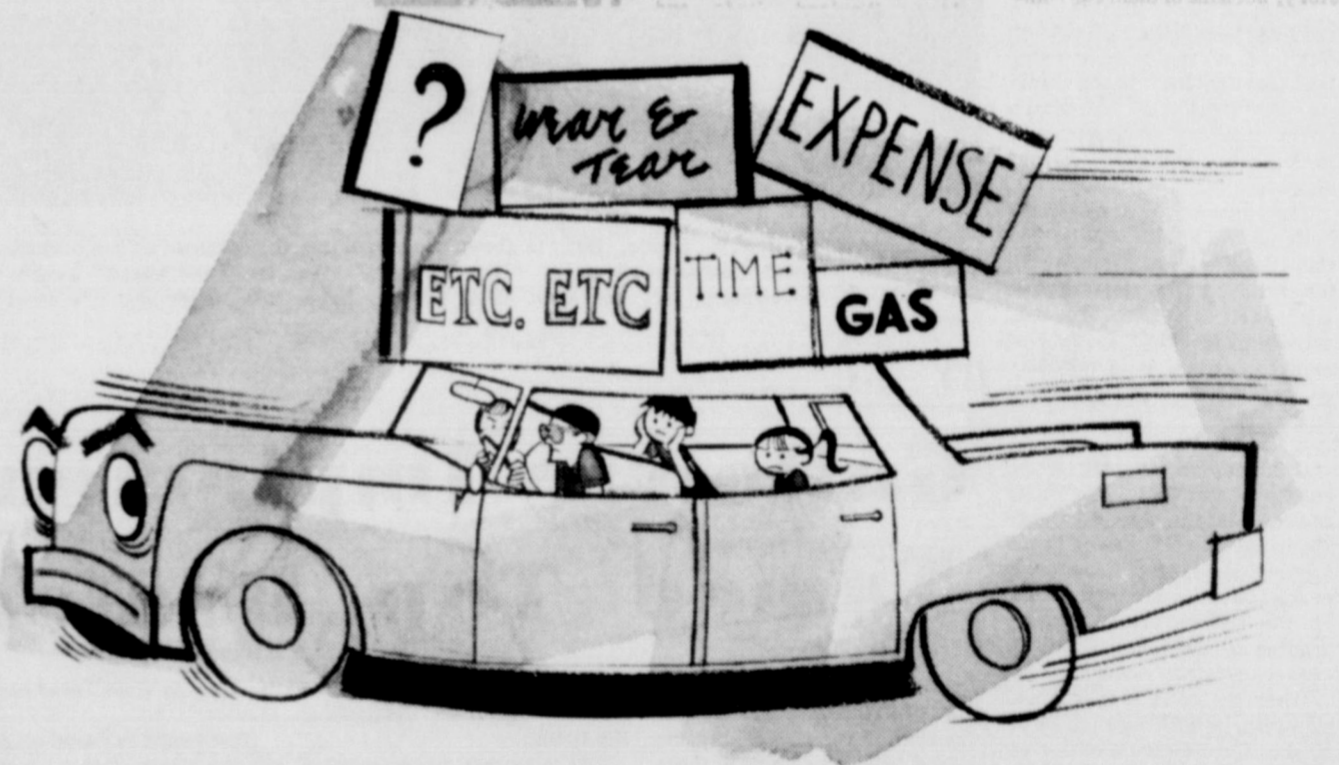

This same combination may be prepared for eating and frozen while the crop is at its height, then used for a special treat during winter.

Pick the melons when fully ripe, pare them, remove the seeds and either make balls with a special cup-shaped tool or slice or cube the meat.

Then add a syrup made of 2 cups of sugar dissolved in 1 quart of water. It is necessary to heat the syrup to dissolve the sugar but it should be thoroughly chilled before mixing with melons. Fill containers and freeze.

Before Your Old Car Becomes A Headache...

TRADE IT IN!

Your Old Car Is Worth More Now Than It Ever Will Be Again. Our New Cars Are Cheaper Now Than They Have Ever Been Before.

Have you ever known the instant delight of selecting a new Impala Super Sport in the color you want, slipping into its Strato-bucket seats, and driving it home from the showroom the same day? Now's your chance. Your Chevrolet dealer has a big choice of models on hand with small August price tags.

More than likely, your present car will never be worth as much in trade as it is right now. Money—another good reason to buy a Chevrolet this month.

Read those articles about when to buy a new car and they'll tell you that August is one of the best months. And your Chevrolet dealer is ready to show you why... with buys that are better than ever.

If you think winter's tough on an old car, believe us, so is summer. There's added strain on the engine because of vacation driving. Greater tire wear. The cooling system has to work extra hard. A new Chevrolet can save you a lot of trouble.

Caprock District To Be Featured

Caprock District, Texas Federation of Women's Clubs, will be featured in the October issue of The Texas Clubwomen, official magazine of the state federation.

"It is a privilege to be the first district represented at the beginning of the 1966-67 club year," said Mrs. Louis Cummings, Plainview, president of Caprock District. "However, as we have done in the past, it will be necessary for us to sell advertising to finance the edition," she added.

At a recent meeting of the Caprock District Executive Committee, it was decided that each club be asked to assume the responsibility of selling at least \$30 worth of advertising. Mrs. Cummings suggests that Federated clubs in each town join together in making the project a cooperative effort in their town. Some clubs have chosen to memorialize their president or other outstanding clubwomen by placing their name and the name of the club on the \$10 ad.

Advertisements in the October issue of The Texas Clubwoman will be widely read as the magazine reaches approximately 8000 homes each month. As the October issue goes to press on September 1, it will be necessary for the advertising copy and funds as well as news copy concerning the clubs, be sent to Mrs. Cummings by August 25.

She requests that clubs 50, 60 or 75 years old send in the history of their organizations, and that other clubs send in stories about outstanding club projects, their plans for the year, and any other interesting information, with current pictures, if any. In the issue, Caprock District would like to emphasize what has been contributed within its bounds to other significant community improvements and the district's cooperation with others in the state toward state and national good-works.

L.R. Hands Host Rehearsal Dinner

Mr. and Mrs. L.R. Hand were hosts at a rehearsal dinner for their son, Michael Lynn, his bride-elect, Jonelle Wood, and members of the wedding party in the reception room of Sixth Street Church of Christ Friday evening.

Tables were covered with white cloths and the head table was centered with a bride and groom surrounded by silver epergnes holding white candles. Steamers were lettered with first names of the bridal couple in blue.

Green Family Has Reunion

Members of the family of Mrs. Mattie Green met at the United Pentecostal Church for a basket dinner and family reunion Sunday at noon. The afternoon was spent visiting and singing songs.

Others present included Mr. and Mrs. Harry Green, Canyon; Mr. and Mrs. Arlie Green and Randy, Mr. and Mrs. Ronnie Green and children and Mr. and Mrs. Sheldon Green all of Borger; Mr. and Mrs. Joe Johnson, Friona; Mr. and Mrs. Elmer Green, Howard and Gerald, Grand Prairie; Mr. and Mrs. J.T. Green, Lubbock.

Also Mr. and Mrs. Bob Myrick, Amarillo and Timmy; Mr. and Mrs. George Gree and Rita, Pampa; and Mr. and Mrs. O'Neill Greeson, Todd and Mark, Black.

Lee Ann Loanman, Clovis, spent last week visiting in the homes of her grandparents, Mr. and Mrs. Loy W. Loanman and Mrs. C.W. Wright, while her grandparents were vacationing in Colorado, Wyoming and other states in the area of Yellowstone National Park.

Mr. and Mrs. Louis Welch Jan, Gay, Holly and Lynn, Mr. and Mrs. Elvin Wilson, Darlene and Dana, Judy Phipps, and Jayn Massie spent several days last week at the Welch cabin, Creste del Monte, in the mountains near Cowles, New Mexico.

For about twenty-four hours everyone you met seemed to be overjoyed by the falling rain. After that many of our "dry land" friends began to make remarks like: "When do you think it is going to stop?" "Do you suppose this will be another fall like 1946?" and "This just may be another year when grown cotton bolls become soft and yields are very poor."

As this is written there is a steady fall and it is cool. The rain may not be good for cotton at some stages, but it is surely good for wheat land, growing maize and pasture land.

Those of us who have been here twenty years or longer learned long ago that when it comes to weather we never have anything in "little bits". If it is hot, it is really hot. When it is dry, it is really the word or it might even better to say arid. When it is cold, watch out for low temperature readings and when it is wet, be sure to take along an umbrella and rain coat when you leave home.

Plans have been completed for the annual Rainbow Girls pancake breakfast at American Legion Hall from 6 to 9 a.m., Friday, September 16. Mrs. Lillian McLellan, mother advisor, said, "We hope to be a little bit better organized than we were last year. The hall has been re-decorated and the girls are being instructed in methods to speed up service."

Not too long ago a book entitled "Here Comes The Brides," was a best seller. I've been a few years behind on my novel reading and didn't get around to reading it until last weekend.

The author understood a lot of problems faced by brides to be, their mothers and prospective attendants. A number of amusing situations arose in the story, but none of them can compare with some of the things which have happened locally as weddings were being prepared for. If any one is interested in recording amusing local situa-

Enjoyed reading "Old Friends," by Rev. John R. Gunn recently. Am sharing it with you and hope you enjoy it too. It goes like this, "A man that hath friends must show himself friendly." Proverbs 18:24.

Our friends are our greatest asset in life. They are more important to us than any material assets we may possess. Material things afford little enjoyment unless we have friends to enjoy them with us. If one owned the whole world, and there was nobody else here to enjoy it with him, he would be a miserable creature.

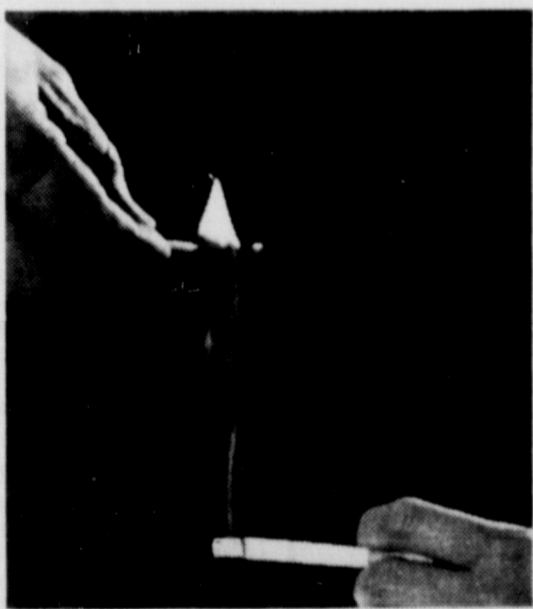

There is no more pitiable object than the miser in his lonely isolation. We are by nature social beings. We are created for society. Society is created by friends. It is society that makes life enjoyable. Without the society of friends life would be dull, monotonous, unbearable. We need friends, not only to share our joys, but to share our troubles, to help us in times of trial and need. "Woe to him that is alone when he falleth," says Solomon. I can think of nothing more pathetic than when a man falls into serious difficulty and he had not a friend in the world to whom he can turn for sympathy counsel and assistance.

It is more important to make friends than to make money. Whatever else we may achieve in life, if we fail to achieve any friendships, we have failed in that which is most essential to our happiness and most needed in the day of trouble.

To make friends we must make ourselves friendly. It takes friends to make friends.

Mrs. Wayland Hinds and daughter, Amarillo, visited in the home of her parents, Mr. and Mrs. E.S. White, Monday.

Testing... 1-2-3-

1. Take a lighted cigarette.
2. Hold a match flame in path of smoke.
3. Watch smoke disappear.

This simple test shows why GAS cooking is cleaner. The flame consumes smoke. It means you can enjoy smokeless, closed-door broiling with GAS. Put a modern GAS range to any test. You'll find it can't be equalled.

The blame GAS MAKES THE BIG DIFFERENCE ... COSTS LESS, TOO!

Baptist Church Sets Annual Fall Revival

DR. LEON MARSH

The First Baptist Church in Friona will be engaged in their Fall revival beginning Sunday, September 4 and continuing through Sunday, September 11. Dr. Leon Marsh, who is Director of Doctoral Studies in the Southwestern Baptist Theological Seminary in Fort Worth will be doing the preaching. Dr. Marsh has been teaching in the Seminary since 1956 and is being used quite extensively in revival meetings such as this one. He is a very effective preacher of the Gospel, church officials say.

Dale Coody is in full-time Music Evangelism and will be leading the music. He has been with the local church leading the music in a previous revival. His home is Lawton, Okla. and he is being kept busy serving in revivals in many states.

Coody presently has two recordings featuring many selections he uses in his crusades. The services will be conducted at 10 a.m. and 7:30 p.m. and the public is cordially invited to attend all the services, according to Bill Burton, pastor.

If the rains don't stop pretty soon there are sure going to be a lot of boll weevils starving to death this year.

DALE COODY

Rainfall Amounts

Rainfall during the last week (up to Wednesday morning) in the Friona area was reported as follows:

Mrs. A.O. Drake returned home Saturday after spending a week visiting in the home of her daughter, Mrs. Frances Howard, at Abernathy. Mrs. Howard accompanied her home and spent the weekend visiting other local relatives.

Maynard Ages Take Vacation

The following report of a trip recently made by the Maynard Ages was written by Mrs. Agee.

Mr. and Mrs. Maynard Agee, Karen, Dean, and Kyrstal of Hub Community returned home last week after a vacation trip of 3,475 miles. They toured through seven states, New Mexico, Colorado, Wyoming, Montana, South Dakota, Nebraska, and Oklahoma, and visited all the sights along the route. This is the Agee's first trip back to South Dakota since moving from there twelve years ago. They visited with Mr. and Mrs. Ernest Slack, Mr. and Mrs. Slim Davis and children, Mr. and Mrs. Dub Clements, and Mike all of Miller, South Dakota, Mr. and Mrs. Don Deuter and children, Mr.

and Mrs. Laverne Aymar and Nancy, Mr. and Mrs. Joey Poindexter, and Mr. and Mrs. J.T. Poindexter and Paula all of Ree Heights, South Dakota, and several others around Ree Heights and Miller, and Mrs. Frank Reed and children at Keyes, Oklahoma.

Some of the points visited were the Royal Gorge Suspension Bridge 1,653 feet above the Arkansas River, World's highest bridge and they rode the incline railway to the bottom of the Gorge and saw the Seven Falls in Colorado. In Wyoming we visited the Grand Teton National Park and Jackson Hale County, Yellowstone National

The drive across Beartooth Pass was beautiful, elevation 10,940 feet.

In South Dakota we visited

the State Capitol at Pierre and the State Historical Museum across from the Capitol building; the Oake Dam at Pierre, the world's largest earthen Dam; The Black Hills; the Badlands; Mount Rushmore, (American's Shrine of Democracy); World's Largest Reptile Gardens at Rapid City.

We took in the car racing at Miller and Pierre and swimming and bowling at Highmore, South Dakota. Many other points of interest and museums were visited and a very wonderful trip was enjoyed by all. Contrary to reports we had heard, most crops are in pretty good shape and were harvesting wheat when we were there. The cattle look good but there is a shortage of hay for the coming winter.

Friona Girl Is Unconscious

Doris Ferguson, 15-year-old daughter of Mr. and Mrs. V.M. Ferguson, is in West Texas Hospital, Amarillo, unconscious since last Friday night, following an accident in which she was involved.

Miss Ferguson and Conrad Armstrong, 16, were involved in a one-vehicle wreck last Friday night five miles southeast of Friona. The Volkswagen which young Armstrong was driving turned over after a blowout.

Doctors say Miss Ferguson is in good shape physically, and may remain unconscious for several days. Armstrong was not hurt, except for scratches and bruises.

THE FRIONA FARM NEWS

Edelmon Testifies At USDA Cotton Hearing

W.L. (Preach) Edelmon, Friona, is in Dallas today where he will give a testimony at the U.S. Department of Agriculture's hearing on the proposed cotton research and promotion order.

Edelmon is a member of the Cotton Producers Institute steering committee for the High Plains. The CPI is pushing the acceptance of a uniform collection of \$1 per bale for research and promotion of the cotton industry.

Edelmon's testimony was as follows:

This is W.L. Edelmon from Friona, Parmer County, Texas, cotton farmer, producer delegate to the National Cotton Council, secretary - treasurer and member of the Plains Cotton Growers Board, chairman of the Plains Cotton Growers legislative Committee since 1957, director of the American Cotton Producers Associates and a member of the Cotton Producers Institute Steering Committee for the High Plains. It is in this last capacity that I ask to be heard today.

Mr. Chairman, out of all this long pedigree, the title I am proudest of is "cotton farmer". We grow 129 acres of cotton and our proven yield is 855 pounds.

I believe wholeheartedly in research and promotion. I am, as a matter of fact, growing 23 different varieties of cotton this year in cooperation with the Extension Service as a part of their research program. And I have been a participant for years in the Council and CPI and in other efforts of cotton farmers to pull together for their mutual benefit all across this great cotton-growing empire.

In working with CPI, we have found that its machinery will not function effectively in our area and cannot do so because of the very competitive nature of the

ginning business in our section. I gin at two gins -- the Chester Gin and the Friona Farmers Coop -- and I know a little bit about their situation. I have also had some personal experience with another kind of collection procedure.

Two years ago, for example, when the boll weevil arrived on the Caprock, cotton growers in our area agreed to put up 50¢ a bale collected at the compress to carry out a massive cooperative control program. We already had experience with collection problems such as Cotton Producers Institute had experienced. So we established a uniform collection procedure to collect the assessment on every bale -- just as the Research and Promotion Law proposes to do. Refunds were provided for just like the Research and Promotion Law does. In fact, they may have gotten the idea from us. I want to report that participation in our collective boll weevil control program -- operated in the same manner as the Research and Promotion Law will be -- exceeded 95 per cent. It has been a success in every way.

The only way we can get an adequate research and promotion program for cotton is to have a uniform collection. And the only way we can stay in the cotton business on any basis that a Texan can live with is through more research and promotion to keep our markets. There is only one conclusion to draw from these two conditions, and that is to support this Research and Promotion Law. I believe that the closer you get to real farmers -- the fellows who make their living out of the soil -- the more support you'll find for this Law.

One more thing and I am through. Out in Texas, we realize that cotton has asked

for a lot of consideration and support and cooperation from the Federal Government, especially in research. We appreciate it and value it. But I am, nonetheless, very proud to come to this hearing of the United States Department of Agriculture and say that the only thing we are asking from government is to borrow the machinery to enable farmers to put up their own money to help themselves.

Thank You.

Mr. and Mrs. Walter Cunningham and daughters, Cathy and Christy, spent the weekend visiting in the home of Mr. and Mrs. Vernon Stewart and daughters, Misty Lane and Mindy Brook, in Fort Worth. They also toured Six Flags Over Texas and other points of interest.

At Home In Parmer County

By CRICKET TAYLOR
County HD Agent

BRIDES & GROOMS - BIG QUESTION: WHAT WILL IT COST TO LIVE?

This is the big question of the new bride and groom. The summer months have brought forth many new brides starting out to make a home. Stated in its simplest terms, what it will cost any individual or family to live is what they have to spend.

Some economists say that it is all you have to spend, plus all you can borrow, but when you borrow, you have to face the uncomfortable situation of paying it back. It has been stated by some economist that if the present rate of personal

bankruptcies continue, by year 2,000, four million young men and women who are going into business now will file bankruptcy proceedings. If this is true, the ability to live within your income will be a highly prized and valuable skill.

Actually there is no legal way to live beyond your income. The tendency of young couples to overspend has become the subject of many cartoons and jokes.

How do we avoid the unhappy situation of over-spending? How do we manage to achieve and maintain the level of living we want with money and resources we have to use? Your attitude makes a dif-

CRICKET SAYS

Don't Be Discouraged By A Vegetable-Hater

If you have a "vegetable hater" in the family, don't be discouraged from serving appealing vegetables to the rest of the family.

Vegetables are important protective foods. They serve as rich sources of vitamins and minerals while adding flavor, color and texture to your meals, according to Mrs. Cricket B. Taylor, County Home Demonstration Agent with the Texas A&M University Extension Service.

Of course, "vegetable hating" is a temporary thing. Children may go through periods when they refuse to eat a certain vegetable. This does not indicate a permanent dislike, Mrs. Taylor explains. Serve vegetables in appetizing ways to build up your family's enthusiasm for eating vegetables.

Introduce new vegetables under favorable conditions by serving them at meals which include other familiar, well-liked foods. Prepare vegetables so

that they are at their attractive tempting best. Cook them quickly in a small amount of water only until tender crisp. Overcooked vegetables lose color, texture and food value.

Use imagination, in seasoning vegetables. Taste before serving. This is the best way to make certain that the vegetable is cooked and seasoned to suit your family's taste.

Encourage a spirit of adventure and willingness to try new vegetables. It may take several exposures to develop a liking for a second new one. Keep the servings small and let those who wish have seconds.

Serve vegetables in variety of ways. Try raw vegetables as relishes or in salads when cooked vegetables are not accepted. Children often will eat vegetables when they refuse the same vegetable cooked. They'll get the most vitamins and minerals when vegetables are served raw. Use vegetables in main dishes such as chowders, soups and casseroles.

ference - the way you feel about money and its uses, makes the biggest difference in whether or not you are able to live within your income.

We tend to think our problem is solved by increasing income. Actually, increasing income increases the number of decisions we have to make, thereby increasing problems in money management.

Here is a way to start in three steps.

1. Estimate the cost of living you will have - rent, food, clothing and so forth.
2. Adjust your estimated costs of living to your estimated income.
3. Keep a record of living costs of your present home for two months.

From this record, a study will help you adjust your cost of living to your income.

To brides and young married couples, a pack of bulletins and pamphlets are available free from the County Ex-

LARGE SPECIMEN . . . Melvin Southward proudly displays a large sugar beet which he dug from his field the other day. The beet, top and all, weighed 20 pounds, and as you can see, is a yard in length.

MISCONCEPTIONS

If you believe going into debt is sure to make a marriage unhappy, says the National Consumer Finance Association, you hold a common misconception. Actually, the wise use of credit can help prevent the unhappiness that comes from having to do without things that make life easier and more pleasant.

Wheat Farmers Receive 15 Pct. Acreage Hike

Parmer County ASCS News Release for week of August 25, 1966.

By: Prentice L. Mills
All farms on which a 1967 wheat allotment has been established will receive a 15 percent increase in allotment, it was announced this week by the ASCS. Notices will be mailed within the next few days to all farm operators on farms having a 1967 wheat allotment.

This notice will advise the farm operator that the 1967 wheat allotment is 15 per cent greater than the allotment originally established for 1967 on the farm. In other words, a farm operator may compute his effective farm wheat allotment for 1967 by multiplying his original farm allotment by 1.15. "This increase in wheat acreage is going to create a small problem on the majority of farms in Parmer County as it will cause some farms to become 'over-allotted' for 1967 states Prentice Mills, office manager of Parmer County ASCS.

"By this, we mean that the allotments for the farm, plus the feed grain base, is greater than the cropland for the farm," Mills says. In those cases,

the regulations require that the feed grain base (barley doesn't count) will be reduced to the extent that the farm will not be "over-allotted".

This reduction in feed grain base (corn or grain sorghum) will be automatic; unless, the farm operator requests (of the ASCS office in writing) that the reduction be made in some other allotment crop. For example: cotton or wheat. Operators of farms which will become "over-allotted" as a result of this increase of wheat acreage should, no doubt, visit the ASCS office for the purpose of making sure just what their situation is relative to this matter.

"Now about barley - Barley is out of the feed grain program for 1967," Mills says. There are approximately 300 farms in Parmer County which have a barley base established for 1966. These barley bases will not be established on these farms for 1967 feed grain program purposes.

The taking of barley out of the feed grain program for 1967 is going to cause farm operators, of those farms now having a barley base, to have some important things to consider in planning their 1967 plantings.

Some of the things to be considered by such farm operators are as follows:

1. The farm will not be in a position to enter into the 1967 Feed Grain Program on the same basis as in the past few years because the substitution of barley for grain sorghum or corn is not permitted under the 1967 program.

2. There will be no limitation on the acreage planted to barley for harvest in 1967. Anyone may plant all the barley they wish. It will not interfere with any other program provisions. Except, of course, the normal conserving base requirements on farms participating in either the feed grain, wheat or cotton programs.

3. There will be a price support loan available for barley in 1967.

4. There will be NO price support payment or diversion payment made for barley under the 1967 program.

5. A farm operator (on a farm with a 1966 barley base) CAN request (in writing to the ASCS office) that the barley base (or any part of it) be re-established for the purpose of planting this acreage to wheat. This provision could possibly

keep a farm from having some unallotted or "dead" acreage. Of course, it is possible that the increases in wheat allotment on some farms will offset the loss of the barley base thereon.

"We want to urge all farmers (with farms having a 1966 barley base) to visit the ASCS office and discuss this matter personally with one of our employees and make sure that they understand the options available to them under the 1967 programs," Mills concludes.

LAZBUDDIE NEWS

By Mrs. C. A. Watson

Rufus Carter has returned home after several days vacation in California visiting relatives in different parts of the state.

Dinner guests in the C.C. Matthews home Sunday were Mr. and Mrs. C.W. Bradshaw.

Barbara Matthews returned to her home Friday after being a surgical patient in the Methodist hospital in Lubbock.

Mr. and Mrs. W.A. Waddell visited in Rotan, Texas, the past weekend.

Mrs. Della Morris has returned to her home after having major surgery in the Clovis Memorial Hospital. She is the mother of Alton and Valton Morris both of Lazbuddie.

Mrs. Laura Treider, Mr. and Mrs. Juel Treider attended the wedding of her granddaughter, Brenda Chaney of Amarillo last Saturday night. She is the daughter of Mr. and Mrs. Ray Chaney of Amarillo. Miss Chaney and Allen D. Powell exchanged wedding vows in the Lutheran Church, Amarillo.

Benny Watson has finished his basic at Ft. Bliss and is home visiting relatives and friends in the area. He will go to Ft. Ord, California Sept. 3, for duties there.

Gary Albertson, son of Mr. and Mrs. Rodger Albertson received his BS degree at South W. State College in Oklahoma and will enter the school of Osteopathy and surgery in Sept. at the Kirksville school in Mo. Mrs. Albertson is the former Twila Gallman of Lazbuddie.

Mr. and Mrs. Kenneth McGehee, Mr. and Mrs. Raymond McGehee and children and Mr. and Mrs. John McGehee and children attended the McGehee Family Reunion at Plainview Sunday. The occasion was planned to be in the Plainview Park but due to the rains the families met at a First Baptist Church in Plainview to spend the day. About 50 persons were present, some coming from as far as Ft. Worth and many other places in surrounding areas to attend the Reunion.

Mike Goodnough, son of Mr. and Mrs. N.J. Goodnough, Lubbock visited the past week with his grandparents, Mr. and Mrs. Riley Goodnough. The Goodnough's carried their grandson, Mike home Tuesday.

No Applicant For Co. Agent

Routine business filled Monday meeting of the Parmer County Commissioners in Farwell.

County Judge Loyde Brewer reports that there have been no applications for the vacant county agent's job. Applications have to come through the extension service.

A POINT WITHOUT A BARR
The use of barbless hooks by many trout fishermen is commonly accepted and practiced, but little has been done to encourage this idea among anglers seeking other species.
Aside from the obvious conservation aspects, vow the fishing authorities at Mercury outboards, barbless hooks can be a definite advantage in certain fishing situations.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER ELEVEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966. SENATE JOINT RESOLUTION NO. 19 proposing an Amendment to Section 49-d, Article III of the Constitution of the State of Texas, declaring state policy regarding optimum development of water reservoirs; providing for the use of the Texas Water Development Fund under such conditions as the Legislature may prescribe by General Law in the acquisition and development of storage facilities and any system of works properly appurtenant thereto; providing for the sale, lease or transfer of such facilities under General Laws; providing for long-term contracts for water storage facilities; authorizing the issuance of an additional \$200,000,000 in bonds by the Texas Water Development Board upon a two-thirds (2/3) vote of the elected members of each house; providing that anticipatory legislation shall not be invalid because of its anticipatory character; providing for the necessary election, form of ballot, and proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 49-d of Article III of the Constitution of the State of Texas be amended to read as follows: "Section 49-d. It is hereby declared to be the policy of the State of Texas to encourage the optimum development of the limited number of feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public waters of the state, which waters are held in trust for the use and benefit of the public. The proceeds from the sale of the additional bonds authorized hereunder deposited in the Texas Water Development Fund and the proceeds of bonds previously authorized by Article III, Section 49-c of this Constitution, may be used by the Texas Water Development Board, under such provisions as the Legislature may prescribe by General Law, including the requirement of a permit for storage or beneficial use, for the additional purposes of acquiring and developing storage facilities, and any system or works necessary for the filtration, treatment and transportation of water from storage to points of treatment, filtration and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods; provided, however, the Texas Water Development Fund or any other state fund provided for water development, transmission, transfer or filtration shall not be used to finance any project which contemplates or results in the removal from the basin of origin of any surface water necessary to supply the reasonably foreseeable future water requirements for the next ensuing fifty-year period within the river basin of origin, except on a temporary, interim basis.

"Under such provisions as the Legislature may prescribe by General Law the Texas Water Development Fund may be used for the conservation and development of water for useful purposes by construction or reconstruction or enlargement of reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, together with any system or works necessary for the filtration, treatment and/or transportation of water, by any one or more of the following governmental agencies: by the United States of America or any agency, department or instrumentality thereof; by the State of Texas or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the state; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations. The Legislature shall provide terms and conditions under which the Texas Water Development Board may sell, transfer or lease, in whole or in part, any reservoir and associated system or works which the Texas Water Development Board has financed in whole or in part.

which the Texas Water Development Board has financed in whole or in part.

"Under such provisions as the Legislature may prescribe by General Law, the Texas Water Development Board may also execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as state bonds issued under the authority of the preceding Section 49-c of this Constitution, and the provisions in said Section 49-c with respect to payment of principal and interest on state bonds issued shall likewise apply with respect to payment of principal and interest required to be paid by such contracts. If storage facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment.

"The aggregate of the bonds authorized hereunder shall not exceed \$200,000,000 and shall be in addition to the aggregate of the bonds previously authorized by said Section 49-c of Article III of this Constitution. The Legislature upon two-thirds (2/3) vote of the elected members of each House, may authorize the Board to issue all or any portion of such \$200,000,000 in additional bonds herein authorized.

"The Legislature shall provide terms and conditions for the Texas Water Development Board to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities together with any associated system or works necessary for the filtration, treatment or transportation of water at a price not less than the direct cost of the Board in acquiring same; and the Legislature may provide terms and conditions for the Board to sell any unappropriated public waters of the state that might be stored in such facilities. As a prerequisite to the purchase of such storage or water, the applicant therefor shall have secured a valid permit from the Texas Water Commission or its successor authorizing the acquisition of such storage facilities or the water impounded therein. The money received from any sale, transfer or lease of storage facilities or associated system or works shall be used to pay principal and interest on state bonds issued or contractual obligations incurred by the Texas Water Development Board, provided that when moneys are sufficient to pay the full amount of indebtedness then outstanding and the full amount of interest to accrue thereon, any further sums received from the sale, transfer or lease of such storage facilities or associated system or works may be used for the acquisition of additional storage facilities or associated system or works or for providing financial assistance as authorized by said Section 49-c. Money received from the sale of water, which shall include standby service, may be used for the operation and maintenance of acquired facilities, and for the payment of principal and interest on debt incurred.

"Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such Acts shall not be void by reason of their anticipatory character."
Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:
"FOR the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities."
"AGAINST the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities."
Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

What to do while the line is busy

- 1 Take for granted that whoever is talking on the line will hang up soon.
- 2 Hope that no one left his receiver carelessly off the hook.
- 3 Think about how reliable a telephone connection is once you get it. And how Gen Tel is constantly at work to modernize and improve service.
- 4 Be patient. After all, you may have talked for 20 or 30 minutes once yourself. So decide not to call the telephone company to report an out-of-order phone.
- 5 Think again about trouble-free telephone service. Then, when you get a line, think of the other party, too.

Ceremony Unites Wood, - Hand

MRS. MIKE HAND

In a double ring ceremony at First Baptist Church at 7:30 p.m. Saturday, August 20, Jonelle Wood, daughter of Mr. and Mrs. Noyle Wood, became the bride of Michael Lynn Hand, son of Mr. and Mrs. L.R. Hand.

Wedding vows for the couple were read by Rev. Bill Burton, pastor of the church, before an arch decorated with greenery, wedding bells and red roses. The arrangement was centered with a giant bouquet of white glads and flanked by palms of Woodwardia. Brass candelabra holding white tapers completed the setting.

Mrs. Roy V. Miller Sr., organist, played traditional wedding music and accompanied Mrs. Ronnie Wood, Amarillo, soloist, as she sang "Because," "Whither Thou Goest," and "The Wedding Prayer."

The bride who was escorted by her father, wore a formal length gown of white silk taffeta designed with a Florentine neckline and long fitted sleeves which terminated in points over her hands. Scaloped re-embroidered Alencon lace accented the natural waistline and hem of the sheath skirt.

The lace trimmed removable overskirt formed the chapel train. A cluster of pearls edged white silk roses held her elbow length English silk illusion veil. She wore an heirloom gold watch which belonged to her maternal grandmother, the late Mrs. V. J. Schiller, and a string of pearls, a gift from the groom.

Her corsage was fashioned of lillies of the valley and stephanotis centered with a white orchid atop a lace covered Bible.

She borrowed the engagement ring of her sister-in-law, Mrs.

Ronnie Wood, and a handkerchief from the groom's sister, Mrs. Herman Bush Jr., Lubbock, and carried them inside her Bible. She also wore panties, mated in the years of the birth of the bridal couple and a blue garter.

Mrs. Ronnie Wood of Amarillo was matron of honor for her sister-in-law, Mrs. Lloyd Wood, Amarillo, was bridesmatron and Pat Burton, Friona, was the bridesmaid. Candel-lighters were Bruce Fite, Friona, and Kathy Wood, Sundown, cousins of the bride. Tawyna Hand, niece of the groom, was the flower girl.

Feminine bridal attendants wore identically styled formal gowns of blue silk chiffon over taffeta. Each carried a giant red Happiness rose.

Burke Hand, brother of the groom, was the best man. Groomsman were Herman Bush Jr., Lubbock, brother-in-law of the groom, and Gary Hand, cousin of the groom.

Guests were seated by Ronnie Wood, Amarillo, Eddie Wood, Friona, brothers of the bride, Nick Hand, brother of the groom, and Everett Gee.

The serving table for the reception in Fellowship Hall of the church was covered with white net cloth over white satin and centered with the bride's bouquet surrounded by roses carried by her attendants.

The wedding cake was white with four tiers decorated with blue rosebuds and topped with a miniature bride and groom standing under an arch. A silver punch service was used. Mrs. Bill Wood, Sundown, and Mrs. Marlon Fite Jr., Friona, aunts

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER FIFTEEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966. SENATE JOINT RESOLUTION NO. 33 proposing an Amendment to Section 6, Article XVI, Constitution of the State of Texas, to authorize state participation in programs financed with funds from private or federal sources and conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations for establishing and equipping facilities for assisting the blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, for their rehabilitation or restoration, or for providing other services essential for the better care and treatment of the handicapped.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 6, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 6. (a) No appropriation for private or individual purposes shall be made, unless authorized by this Constitution. A regular statement, under oath, and an account of the receipts and expenditures of all public money shall be published annually, in such manner as shall be prescribed by law.

(b) State agencies charged with the responsibility of providing services to those who are blind, crippled, or otherwise physically or mentally handicapped may accept money from private or federal sources, designated by the private or federal source as money to be used in and establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handi-

capped, and in providing other services determined by the state agency to be essential for the better care and treatment of the handicapped. Money accepted under this subsection is state money.

State agencies may spend money accepted under this subsection only on other money, for specific programs and projects to be conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations, in establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care or treatment of the handicapped.

"The state agencies may deposit money accepted under this subsection either in the state treasury or in other secure depositories. The money may not be expended for any purpose other than the purpose for which it was given. Notwithstanding any other provision of this Constitution, the state agencies may expend money accepted under this subsection without the necessity of an appropriation, unless the Legislature, by law, requires that the money be expended only on appropriation. The Legislature may prohibit state agencies from accepting money under this subsection or may regulate the amount of money accepted, the way the acceptance and expenditure of the money is administered, and the purposes for which the state agencies may expend the money. Money accepted under this subsection for a purpose prohibited by the Legislature shall be returned to the entity that gave the money.

"This subsection does not prohibit state agencies au-

thorized to render services to the handicapped from contracting with privately-owned or local facilities for necessary and essential services, subject to such conditions, standards, and procedures as may be prescribed by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment authorizing assistance to the blind, crippled, or otherwise physically or mentally handicapped, in the form of grants of public funds obtained from private or federal sources only, to local level or other private, nonsectarian associations, groups, and nonprofit organizations for establishing and equipping facilities to assist the handicapped in becoming gainfully employed, for their rehabilitation or restoration, or for providing other services essential for the better care and treatment of the handicapped."

"AGAINST the Constitutional Amendment authorizing assistance to the blind, crippled, or otherwise physically or mentally handicapped, in the form of grants of public funds, obtained from private or federal sources only, to local level or other private, nonsectarian associations, groups, and nonprofit organizations for establishing and equipping facilities to assist the handicapped in becoming gainfully employed, for their rehabilitation or restoration, or for providing other services essential for the better care and treatment of the handicapped."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Whites Return From Vacation

Mr. and Mrs. Edward S. White Sr., spent two weeks recently vacationing and visiting relatives in Illinois, Kansas and Missouri. In St. Louis they attended several operas, took several sightseeing tours and attended three ballgames. Then they went down the Mississippi on the Steamship Admiral and visited relatives at Chester, Illinois. In Kansas

City, Missouri they were guests in the home of Mrs. Don West, niece of Mrs. White.

They also visited Ruby Huffman at Topeka, Mrs. Huffman and Mrs. White are sisters.

On the way home they visited relatives at Cunningham and Pratt, Kansas, and in the home of Mr. and Mrs. John Cannon and daughters, Perryton.

Mr. and Mrs. Clarence Ashcraft took their grandchildren, Vonya and Ronnie Reed, Keyes, Oklahoma, home Friday. On their return trip to Friona they visited in the home of Mr. and Mrs. Noel Berry, Dumas.

Mr. and Mrs. Edward White and sons and Mrs. E.S. White Sr., were weekend guests in the homes of Mr. and Mrs. Roy Campbell and children and Mr. and Mrs. Gary Bradley and daughter, Shawna, in Lubbock.

Sheryl Long Honored With Bridal Showers

Courtesies extended Sheryl Long, who will become the bride of Jim Snead Friday evening, have included a lingerie shower and a bridal shower.

Mesdames E.G. Phipps, T. I. Burleson, Truett Johnson, Newman Jarrell Jr., J.C. Claborn, John Renner, Frank Spring, A. L. Black, D.C. Herring, Marion Flite Jr., Ed Clark, A.S. Grubbs, Ernest Osborn, G.W. Fleming, Christine Shirley and Neal Fulks were hostesses at a bridal shower in the Shirley home, 1203 West Sixth Street, from 3 to 5 p.m. Friday.

The serving table was covered with a handmade cutwork cloth and centered with an arrangement of yellow daisies and white carnations. Roses were used on the registration table and throughout the entertaining rooms. A satin streamer with the names of the bridal couple and date of the wedding highlighted the centerpiece.

Hostesses for a lingerie shower in the home of Mr. and Mrs. E.T. Jennings recently was hosted by Teto Jennings.

Linda Jo Davis, Merylene Mastate, Karen Osborn, Shirley Phipps and Lyndia Chandler.

Others present were Lydia Buske, Nan Lillard, Mrs. DeWayne Holland, Pat Burton, Joan Gall Brookfield, Sharen Awtry, Becky Coffey, Karene Milner, Jo Anne Jennings, Patti Ragsdale, Jan Stansell, Vickie Renner, Kathy Jones, Cindy Ingram, Wille Grace Grubbs,

Mrs. Jackie Lee and Phyllis Renner.

Also Glenda McClellan, Mrs. Mike Hand, Kara Beth Sides, Mrs. Bill Boatright, Karen Reddell, Mrs. Michael Collier, Mrs. Frank Green, Anna Kay Foster, Gay Jennings, Peggy Drake, Mrs. Larry Rust, Ann Prewett and Carolyn Herring.

Lockney Girl Visits Friona

Colleen Harper, daughter of Mr. and Mrs. Newell Harper, Lockney was a weekend visitor in Friona. She is a graduate of Lazbuddie High School and attended South Plains Junior College, Levelland, one year. She will enroll at Santa Anna

College, Santa Anna, California, next month.

Her sister, Suzanne, a graduate of Friona High School and the University of Colorado, will teach home economics at Garden Grover, California this fall.

Luncheon Honors Visiting Rainbows

A luncheon at 1 p.m. Monday, August 15, at Masonic Hall was a courtesy for visiting Rainbow girls. Special guests were Janice Wright, Dallas, grand worthy advisor; Janice Wagner, El Paso, grand worth associate advisor; Sylvia Rost, Fort Worth, grand recorder; and Sandra Eliff, Amarillo, grand representative from South Carolina to Texas; and Beverly Shurette, grand representative from Wisconsin to Texas.

Mrs. Bessie Boatman. The same evening Melissa Pruett, daughter of Mr. and Mrs. Tom Pruett, was initiated into the assembly.

Those attending were Linda Stone, Melva Rule, Rhonda Ragsdale, Becky Coffey, Pam Hartwick, Jenisu Fallwell, Kara Beth Sides, Sharen Awtry, Paula Fortenberry, Pat Roberts, Becky Neill, Linda Mc-

MELISSA PRUETT

The grand officers are visiting the ten assemblies in this district. Miss Wright reported on her recent trip to Supreme Assembly in Denver. Miss Shurette explained duties of the grand representatives.

Adults present included Mrs. Lillian McLellan, mother advisor, Mrs. Billy Sides and Vey, Kathy McLean, Fran Dodd, Andrea Hurst, Ginger Murphree and Jayn Massie. Also Patsy McVey, Connie Stone, Vickie Beck, Mrs. Lloyd Rector, Mr. and Mrs. Leonard. Also at the initiation were Mr. and Mrs. Charles Russell, Mr. and Mrs. Leonard Coffey, Mrs. Grady Dodd and Mrs. Kenneth Watkins.

Mrs. Porter Roberts and son, Mike, spent the weekend in the home of Mr. and Mrs. L.S. Jackson and son, Doug, Lamesa. Mrs. Roberts and Mrs. Jackson are sisters. Other visitors in the Jackson home included three aunts and a cousin of the women.

Hendersons Observe Sixtieth Anniversary

Mr. and Mrs. R.S. Henderson were honored with a surprise coffee in their home Wednesday, August 3, at 10:00 a.m. Friends and neighbors came in with refreshments and gifts for the couple.

Daisy Norris and R.S. Henderson were married in Eastland County, August 3, 1906. A double ceremony was performed for this couple and one of Mr. Henderson's sisters and a cousin of Mrs. Henderson. They had grown up in Eastland County and lived there several years after their marriage.

In 1936 the Hendersons moved

to Amherst and lived in the Amherst - Sudan - Littlefield area until moving to Friona in June of 1964. Living children of the couple include Myrtle Bouldin, Friona, Vestal Henderson, Lubbock and Truman Henderson, El Dorado, Oklahoma. They also have nine grandchildren and 14 great-grandchildren.

Cake, doughnuts, coffee and tea were served. Those present included Mrs. Charles Rauh, Mrs. Henry White, Mr. and Mrs. W.O. Brown, Mrs. H.V. Bouldin, Mrs. Melvin Gray and Mrs. Elvin Wilson.

Bridal Brunch Held In Taylor Home

Mrs. George C. Taylor Jr. and Mrs. Ronnie Wood, Amarillo, were hostesses at a brunch in the Taylor home Saturday morning as a courtesy for Jonelle Wood, who became the bride of Mike Hand that evening.

Arrangements of cut roses were used throughout the entertaining rooms. The serving table was covered with a white imported linen cloth and centered with a bride flanked by silver candlesticks with white tapers, Melonballs, sweet rolls, tea and coffee were served.

Others present included Mrs. Noyle Wood, mother of the honoree; Mrs. T.E. Wood, grandmother of the prospective bride; Mrs. Bill Wood and daughter, Kathy, Sundown; Mrs. L.R. Hand, mother of the prospective bridegroom; Mrs. Lloyd Wood, Amarillo and Pat Burton, Friona, members of the bridal party.

Mr. and Mrs. Delbert Sager of Toledo, Ohio, have been recent visitors in the home of Mrs. Sager's brother and sister-in-law, Mr. and Mrs. Leo Balls, and family.

Ceremony . . .

(Continued from Page 8)

of the bride, presided at the table.

Others in the houseparty were Wessie Hand, Mrs. A.L. Black, Mrs. Kenneth Neill, Mrs. G.E. Buske, Mrs. Paul Fortenberry, Mrs. Bill Stephens, Mrs. J.L. Witten, Mrs. JeDon Gallman, Mrs. J.B. Snead, Mrs. George Taylor, Mrs. Mae Magness and Mrs. Roy Clements.

Guests were registered by Mrs. Herman Bush Jr. and Glenda McClellan.

For a wedding trip to Ruidoso Mrs. Hand wore an onidone imported silk turquoise suit with matching shoes and beige accessories.

Mr. and Mrs. Hand will be at home in Fort Worth. He is enrolled at the North Texas Horseshoeing Institute, Grapevine. They are both graduates of Friona High School. He attended Lubbock Christian College. She is attending Western Republic College, Amarillo, and will be graduated Friday evening. She is a member of Phi Beta Lambda.

CAMPUS CLOTHING CARE . . . You can get more mileage from your campus clothes if you give them the right kind of care, says Mrs. Mary Routh, Texas A&M University clothing specialist. Shoppers will want to make sure a garment or material has been pre-shrunk or stabilized before buying it. Check the belt of dresses carefully, for some expensive garments may have inexpensive paper-backed belts that are not durable. After you have purchased a garment, keep the hangtags. It's a good idea to file these hangtags -- which contain important cleaning instructions -- at your dorm for quick and handy reference, says the specialist.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER THIRTEEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

HOUSE JOINT RESOLUTION NO. 69 proposing an Amendment to the Constitution of the State of Texas by adding a new Section, Section 63, to Article III; authorizing the Legislature to provide by statute for the accomplishment of governmental functions within any county having one million, two hundred thousand (1,200,000) or more inhabitants by the consolidation of the functions of government or by contract between any political subdivision(s) located within the county and any other political subdivision(s) located within the county or with the county; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section in Article III, to be known as Section 63, reading as follows:

"Section 63

"(1) The Legislature may by statute provide for the consolidation of some functions of government of any one or more political subdivisions comprising or located within any county in this State having one million, two hundred thousand (1,200,000) or more inhabitants. Any such statute shall require an election to be held within the political subdivisions affected thereby with approval by a majority of the voters in each of these political subdivisions, under such terms and conditions as the Legislature may require.

"(2) The county government, or any political subdivision(s) comprising or located therein, may contract one with another for the performance of governmental functions re-

quired or authorized by this Constitution or the Laws of this State, under such terms and conditions as the Legislature may prescribe. The term 'governmental functions,' as it relates to counties, includes all duties, activities and operations of state-wide importance in which the county acts for the State, as well as of local importance, whether required or authorized by this Constitution or the Laws of this State."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1966, at which time the ballot shall have printed thereon the following:

"FOR the Amendment to the Constitution authorizing the Legislature to provide by statute for any county having one million, two hundred thousand (1,200,000) or more inhabitants to consolidate the functions of government and for such counties or any political subdivision(s) located therein to contract for the performance of functions of government."

"AGAINST the Amendment to the Constitution authorizing the Legislature to provide by statute for any county having one million, two hundred thousand (1,200,000) or more inhabitants to consolidate the functions of government and for such counties or any political subdivision(s) located therein to contract for the performance of functions of government."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and Laws of this State.

MOORE'S SUPER MARKET

What's behind the closed door?

Clean GAS Cooking.

No way around it, broiling creates smoke. But there is a way to keep it out of your kitchen. Close the broiler door and let the GAS flame consume the smoke. Closed door broiling is just one of many reasons why GAS cooking is cleaner and cooler.

The flame GAS MAKES THE BIG DIFFERENCE ... COSTS LESS, TOO!

Pioneer Natural Gas Company
