TEXAS TECH'S way of doing things makes us wonder sometimes, especially in the area of athletics. They messed around for most of the Utah game before doing it all at the last. Well, of course, they were doing all they could, but it did look like they were going to lose, and you can bet nobody will ever sneer at Utah on the schedule again.

Actually the strangest thing Tech did in connection with the game was this, and it is incredible: On the day of the big game, with lots of tickets left, the ticket office was closed. Really. We know because we drove 40 miles to pick up our tickets in mid-afternoon Saturday, so we wouldn't have to fight all that traffic and mob Saturday night.

Last year we did this a couple of times, and the ticket office was always doing a brisk business on the day of the game. So on Saturday about 3 p.m. we made the trip to Daredevil City and managed to get to the ticket office without getting hit. There was a sign on the door reading "Ticket Office Closed. Tickets on sale at 6 p.m. at Gate 47" (or somewhere). As we stared about two minutes in disbelief, groups of persons kept walking up to the door, reading the sign, and registering various expressions of dissatisfaction.

We have on our desk a letter regarding Texas Tech football tickets, sent from the Tech Athletic Dept. In part, it says "tickets will be held for you at the Texas Tech Ticket Office until 6 p.m. for night games. . ."

What they forgot to add was the paragraph saying: "Of course, the ticket office won't be open, but the tickets will sure be in there."

Maybe the girls who sell the tickets don't want to work on Saturdays, and we sure can't blame them for that. But to close up on the day of the game. Gee. . .

**KNOTHOLES** in the Woodwork: Last week was National Highway Week. In observance of this, we're drawing up our own list of folks we'd like to see leave town. . . The National Barrow Show's grand champion was a 248-pound Crossbred from Iowa, we're told. This doesn't mean much to me, but it's of real interest to some of my pork-raising friends, who are naturally just as wrapped up in their business as we are in our own interests. I know one guy, in fact, who thinks a wheel barrow is a mechanized pig.

## CENTRAL COMPRESS RECEIVES FIRST BALE

The first bale of the season was received by Central Compress and Warehouse Monday afternoon from Speck Gin, Bainer Switch. It was grown on the farm just southwest of the gin by Driscall Bryant. Last year's first bale was received October 3rd.

Bryant stated that he had 1900 pounds of seed cotton making a 464 net pound bale. The bale appears to be a SLM and was of good character and the mike should be good. Bryant stated that he has his cotton under contract at 50¢ per pound "Hog Round".

Last year's receipts at the compress exceeded 118,000 bales and with a normal freeze and average weather between now and harvesting time there should be a nice increase of several thousand bales.

Bryant will receive the \$325.00 cash award from various sponsors of the first bale contest sponsored by the Littlefield Chamber of Commerce and Agriculture of which Speck Gin is one of the participating gins.

Attend the Jr. High and JV Pep Rally at 12:45 p.m. Thursday; and the High School Pep Rally at 3:30 p.m. Friday.

# HORNETS SQUEEZE BY DOGS, 24-20

HANNA AROUND LEFT END - Mark Hanna (21) is shown above as he gained some 14 yards on a play around left end against the Anton Bulldogs Friday night. Sudan had a total of 280 yards rushing while Anton could only manage 168 against the Hornet defense. (Staff Photo)

Once again, a "fired-up" Hornet defense saved the game Friday night against a pack of Bulldogs who had their sights zeroed in on an upset. Leading 24-20 with only minutes left to play, the Hornets were required to make two goal line stands that proved once more that "Defense" is the name of the game at Sudan.

Anton surged ahead in the first quarter as Sudan attempted to get the "kinks" out of their defense. A 68 yard drive in only 8 plays, capped by a two-yard plunge for the score gave the 'Dogs a 6-0 edge as the kick for extras went awry. A 23 yard sprint through the middle on a trap play was the "big gainer" in the drive.

The ensuing kickoff found the Hornets still basking in the doldrums as a Hornet back fumbled and an alert Bulldog recovered at the Sudan 22. This time, however, the defense rose up, led by tackle, Richard Tamplin, who threw QB Nelms for a 7 yard loss in a passing attempt.

Sudan took over at their own 32 and led by their shifty quarterback, Mitch Chester, began a goalward march. The Hornets picked up three quick

first downs due mainly to the running of M. Chester as he "skirted" around the ends on keeper plays. Moving the ball soundly at the Bulldog 26, the Hornets ran into their old nemesis—the fumble, and Anton had the ball once more.

Anton moved to their own 44 before they too fell victim to the fumble, recovered by the Hornets who held on this time. Three first downs and 56 yards later, Halfback Mark Hanna zipped around left end behind a fine lead block by Guard Curtis Chester, to find paydirt. Danny Williams made the first of three important extra point conversions on a pitchout around right end. The Hornets were ahead 8-6, in a lead they would not relinquish with 10:24 to play in the second quarter.

Disaster struck quickly once again for Anton as on their second play after the kickoff, defensive end Tommy Seymour pounced on a fumble and the Hornets owned possession at the Bulldog 30. On the first play from scrimmage, FB Pat Hedges broke loose on a middle trap and escaped 30 yards to the goal-line behind a fine downfield block by Mark Hanna. Williams ran a repeat of the first touchdown conversion and the Hornets lead 16-6.

The Hornets had the ball in scoring territory four more times before the half ended but in each case, fumbles and penalties thwarted each opportunity as the half ended 16-6. Mark Hanna took the second half kickoff, raced around right end and appeared to be headed for an 84 yard TD before being caught from behind at the 25 yard line. On the first play, the effort was nullified however, as an alert Bulldog lineman crashed into the backfield and smothered another Hornet fumble.

Both teams exchanged punts and fumbles with Richard Tamplin getting the pigskin for the Hornets before Anton showed their first spark since their initial touchdown. The Hornet defense had appeared to hold the 'Dogs on the 10 yard line as Anton lined up for a fourth down field goal attempt. However, the tricky 'Dogs caught the Hornets napping again as the holder tipped an aerial strike to all-district end Brady Goen for a touchdown with 2:27 remaining in the third quarter. The Bulldogs ran the identical play for the extra points and were successful again to close the Hornet lead to 16-14.

Sudan retaliated with a 68 yard drive that covered 15 plays. On two vital fourth down plays, tight end Roby Lynn executed key blocks to spring Halfback Mark Hanna for the first downs. Danny Williams got the call for the final two yards and Mitch Chester kept the ball around right end for the extras as Sudan increased their lead to 24-14 with 8:24 remaining in the game.

The Bulldogs were not to be

### FOOTBALL

denied however, as they came roaring back on a 60 yard touchdown sprint by tailback Donald Wills. The pass for the extras was incomplete and Sudan held onto a "shaky" 24-20 lead with plenty of time remaining.

Inspired by the touchdown and a 15 yard holding penalty on Sudan, the Bulldogs forced the Hornets to punt from their own 26. A bad snap forced punter Donnie Noles to the 8 yard line where somehow he managed to get the ball away. Just as the Hornets were counting their blessings, however, another 15 yard penalty for late-hitting moved the ball to the Sudan 21. An offside penalty moved the ball even closer to the 16 but that's as far as the "Dogs reached as the Hornet defense buckled down. Craig Harper came up with an unassisted tackle on second down and Roby Lynn, Donald Johnson, and Pat Hedges combined for the tackle on a fourth and four attempt around right end to end the threat.

The relief was short-lived however as on the second play from scrimmage, you guessed it—another fumble! With only 1:50 left in the game, the Bulldogs owned the ball at the Hornet 19. Two straight tailback plunges into the line drove the ball to the Hornet 6 where Anton received a first down. A gain, TB Wills "bucked" the line to the four where he was stopped by Tamplin, Hedges, and Noles. On second and four, Tamplin, playing inspired defense stopped Wills for no gain. Third and four brought about a crucial play as QB Nelms bootlegged around left end only to be met by an alert cornerback, Mark Hanna, and was dumped for a 6 yard loss. With the clock steadily advancing, the Bulldogs attempted a last-chance pass to their tight end but Danny Williams was there to knock it away as a happy swarm of Hornets rejoiced in the victory with 0:04 showing on the scoreboard clock.

For the game, the Hornets picked up 16 first downs and 280 yards rushing as compared to Anton's 8 first downs, 168 yards rushing, and 88 passing. Mark Hanna was the leading Hornet rusher with 118 yards on 11 carries, followed by Pat Hedges' 88 yards on 20 carries, Danny Williams 55 yards on 14 carries, and Mitch Chester 24 yards on 9 carries. Williams and Hedges lead the team in tackles with 15 apiece, followed by Donald Johnson 12, Richard Tamplin 10, Donnie Noles 10,

and Terry Graves 8.

Coach Warren commented on the offense. "Our offensive running attack was at its best for the year, but 9 fumbles and 90 yards in penalties almost "blew" the game for us. With the exception of hanging on to the football, our running backs did a good job of running, but our mistakes were costly ones and will have to be corrected if we're to be district contenders." Line coach, Tom Essex was also elated with the offensive blocking of his front line. "Richard Tamplin blocked exceptionally well, especially downfield and was our outstanding offensive lineman. Curtis Chester also did a fine job for us." "We still have too many penalties to be an effective offensive ballclub but these are mistakes that we can and will correct." "Defensively, Mart Davison, Donnie Noles, Richard Tamplin, Craig Harper, Roby Lynn, and Tommy Seymour all did a good job on the front line."

Defensive secondary coach, Gary Campbell sighted the progress of his defenders. "Donald Johnson played his best game so far. He met the sweeps on the line of scrimmage and had 5 unassisted tackles. Terry Graves, Mark Hanna, Mitch Chester and Curtis Chester also did an outstanding job." "Our pass defense is still not as strong as we'd like but is showing daily improvement. Anton hit only 5 of 14 against us but they averaged almost 20 yards per catch, so this is one phase where we must improve, especially against Shallowater who is an impressive passing team."

For the year, Anton is now 1-1 and the Hornets 2-1 with one more game with Shallowater remaining before district play begins. The Hornets will host the Mustangs at home tomorrow night with kickoff time slated for 8:00 p.m. **Let's all come out and back the Hornets!**

\*\*\*

The Shallowater Mustangs invade Sudan tomorrow night at Hornet Stadium in the Hornets' final pre-district clash. Revenge will be on the minds of Bert Grimes' charges as they attempt to rectify a 13-7 loss to the locals in last year's tilt.

The Mustangs are currently 1-2 for the year with a convincing 45-6 win over Whiteface, a 48-7 loss to tough Hart, and a slim 3-0 loss in last week's game with New Deal. Shallowater appears to be an "up and down" ballclub with lots of scoring potential and a good defense as evidenced by their near shutout of New Deal. The Hornets will certainly have to play much improved football in order to take the mighty Mustangs.

### R.A.s HOLD MEET

The R.A. Organization met Saturday morning at the First Baptist Church with Ed King in charge of the program "Why Is Prayer Necessary".

It was announced that a change in meeting date and time had been made. The group will be meeting on Wednesday night at 7:00 p.m. each week instead of Saturdays.

Gaylon Burns provided refreshments to those attending. They included Johnnie Nelson, Donnie Nelson, Perry Kent, Paul Kent, Mike Hill, Victor King, Lester King, Brian Burns, Lynn Williams, Ken Williams.

## JV & Jr. Hi Football

The outcome of the Sudan-Anton Jr. High football games last Thursday left coaches Wiginton and Tom Essex extremely pleased with both team performances and an optimistic outlook for the remainder of the season. With a greatly improved effort, the seventh grade team fought Anton to a 6-6 tie. Although still erratic on offense, the defensive team played a much improved game. A second quarter TD by Running Back Mike Jones gave the seventh grade a 6-0 lead which they held until late in the fourth quarter. A long TD run by Anton tied the score where it remained for the remainder of the game. The offense controlled the ball most of the game behind the running of Bob Graves and Mike Jones but were able to get only one score on the board. The defense played a superior game and kept the Anton offense completely in check except for one long TD run.

Outstanding defensive work was turned in by linebackers, Steve Warren and Joe Wood; ends, Randy Scott and Mike

Offensively, Shallowater employs a Wing-T set 75% of the time but will also run from a Straight-T and Power Slot. Bobby Reeves, a 145 lb. junior is at the helm and finds the passing game very much to his "liking". FB Bobby James, a 175 lb. senior is the power man and also has good speed on the sweeps. The halfbacks are Lonnie Lambright, a 150 lb. sophomore; William Taylor, 160 lb. senior; and Ray Morris, 150 senior who is also the Wing-back. Morris is by far the speediest man on the team and is also Reeves' favorite passing target. The Mustangs average 160 pounds in the line and 156 in the backfield so the two teams will be about even as far as size is concerned.

On defense, the Mustangs utilize the Split-6 with Safety Ray Morris as their leading defender. "He fills on runs quickly and is an excellent pass defender," states Coach Sonny Wiginton who scouted the Mustangs along with Coach Al Scott and Bo Lance in last week's game with New Deal. Sudan will be attempting to bring their seasons' record to 3-1 against Shallowater before tackling arch-rival Springlake-Earth in next weeks action.

### BOB BULLOCK CAMPAIGNS HERE

Bob Bullock, former Secretary of State, and now a candidate for State Comptroller, campaigned in Sudan last week. Bullock, 44, is the first Democratic candidate to announce for state office. Born in Hillsboro, Bullock received his bachelors degree from Texas Tech in 1955 and earned his law degree in 1958 from Baylor Law School. He served two terms as a member of the Texas House of Representatives, Chief of the Anti-Trust and Consumer Protection Division of the Attorney General's Office and Chief Legal Counsel for the Governor. Most noteworthy, however, was Bullock's tenure as Secretary of State of Texas. There, he worked hard to clean up campaign financing in Texas and developed a fair and economical elections system. During his tour, Bullock said, "Texas taxpayers are losing \$82,500,000 in tax dollars each year because some retailers are pocketing the state and local sales taxes they collect instead of reporting it to the Comptroller. "Frankly, I think it is ridiculous to talk of taxing food and

medicine when ten percent (10%) of the sales taxes now being paid by our citizens is not being recovered by the State.

"As Comptroller, I will work to see that the taxes we now pay, are not lost to some unscrupulous retailer because of faulty collection procedures by the State."

Bullock, a veteran of the Korean Conflict, resides in Austin with his wife and two children.

### LITTLE MISS SETLIFF PLACES IN CONTEST

Little Miss Katrina Setliff, 4, granddaughter of Mrs. Valda Bishop and daughter of Mr. and Mrs. Bennie Setliff of Lorenzo, placed third in the 20th annual sweetheart contest of the West Texas Twirling Festival held in conjunction with the Panhandle South Plains Fair.

Mae Davis, writer-singer, was on hand Monday to congratulate the winners of the first three places in the contest.

Katrina is among the students taught by her mother, the former Diane Clark who was a majorette at Sudan High School in 1967-68. Katrina will be in twirling competition Saturday morning which begins at 9 a. m.

nearly 15 million—are headed by women. Women also head more than 6 million families, which is a 33 per cent increase in the last 10 years.

If you always thought "head of household" and "head of family" meant the same thing, it's not so. The Women's Bureau explains it this way:

A household consists of all persons occupying the same dwelling. The head of the household is a person who heads that group of family, or one who lives alone.

A family, however, is a group of two or more persons who reside together and are related by blood, marriage or adoption. A primary family includes the head of the household, but a secondary family is one that may live in the same dwelling with a primary family but does not include the head of the household. Examples would be guests, lodgers, or resident employees.

The head of the family may be the head of either a primary or secondary family. The male is always considered the family head or the household head in a husband-wife family, and in a family where there is no wife.

Confusing? Maybe this illustration will help to make it clearer. If a widow and her children under 18 years old are the only family members in a dwelling, she is the head of the household

### PARENTS DAY AT ENMU SET FOR SEPT. 29

Plans are nearing completion for the 12th annual Parents' Day activities at Eastern New Mexico University, according to Dr.

Jo Nell Brooks, dean of women.

The annual Parents' Day, held at the university each year since 1961, will be held next Saturday, Sept. 29 and a host of activities, including special recognition of parents, will be conducted throughout the day.

### Booklet Explains Why Car Acts The Way It Does

"There are more than 14,000 parts in the modern motor car and, if anyone tells you he can identify the use and shape of each, either you are speaking to a mechanical genius or, more likely, someone over-confident," says Bob Fendell, president of the International Motor Press Association.

"Accidents resulting from worn shocks, bad brakes, poor wheel alignment and the like, can often be prevented by a simple spot check," he explained. "It's all a matter of knowing what to look for and a driver need not be a resident mechanic for that."

To provide motorists with information on how a car works, Mr. Fendell has authored a 24-page clearly-written illustrated booklet entitled "Everything You Need To Know About Cars."

It explains everything from what happens when a driver steps on the gas to when and why the tires roll. It not only details the workings of the carburetor, fuel pump, cooling system, and exhaust system, but the steering and suspension system as well, all in non-technical language.

For quick reference, "Instant Replay," a backcover special, provides a reprise of safety tips culled from the entire booklet. Copies of "Everything You Need to Know About Cars" are available at \$1.00 per copy by writing, Perilli Performance Bureau, 600 Third Avenue, New York, N.Y. 10017.

**FARM DISCUSSION SET FOR OCT. 8**

An excellent cotton crop can turn into trailer loads of headaches if producers do not plan well enough for cotton harvesting and handling, says Buddy C. Logsdon, County Extension Agent.

Growers might be able to save themselves hundreds or even thousands of dollars by taking advantage of information to be offered at two meetings in Lamb County for producers and area citizens at Earth, Halsell Foundation Building, October 8 at 1:30 p. m. and at "Willy Room", Lamb County REA Building in Littlefield, October 8 at 7:30 p. m.

Designed to update producers on facts about harvest-aid chemicals, cotton harvesting and field storage, the meetings are sponsored by the South Plains Development Program and the Texas Agricultural Extension Service.

**LUBBOCK COUNTY TO RECEIVE FUNDS**

Governor Dolph Briscoe awarded \$29,514 Thursday to Lubbock County for continued funding of administrative assistants in the county's district courts.

The money will come from the Criminal Justice Council, which administers the state's block grant from the Law Enforcement Assistance Administration under the Crime Control Act of 1973.

Previously funded one year by CJC, the project provides assistance to the four district courts in handling administrative matters and coordinating court dockets with clerk's, district attorney's and sheriff's offices.

According to an external evaluation report, the project during its first year had substantial impact on the county's criminal justice processes. "The administrative assistants are doing an excellent job," the report said.

The award to Lubbock County was one of 34, totaling \$1,631,730 recommended for the governor's approval by the CJC Executive Committee at its August 14 meeting.

Special guests of the meeting were QB Mitch Chester, Tackle Richard Tamplin, and SE Donald Johnson who were outstanding in the Anton game.

The film of the Anton-Hornet game was then shown with comments by Coach Jim Warren. He stated that he felt like everyone got their money's worth Friday night, but he felt like the Hornets should have been more dominant offensively and felt like they could correct their mistakes and eliminate fumbles.

Warren stated that the coaching staff was also pleased with the outcome of the junior high games. The seventh grade tied Anton 6-6 and the eighth grade won 22-0. The Anton schools did not have enough boys for a

**Berlin Beauty Blazes Inky Trail**

Sabine Vennekamp of West Berlin is young, petite, blonde, single, beautiful: a widely-known and hugely successful graphic artist and designer; and the Federal Republic of Germany's only woman lithographer. She commutes to her second home and office in Bonn, creating her own inimitable style of books, brochures and prize-winning posters. She is now busy on a series of children's books that depend for their impact mostly on photos, a format which has already won her great acclaim for a recent album on Berlin and its people.

It is not by coincidence that Miss Vennekamp works out of Berlin: Berlin has some 420 firms and more than 10,000 craftsmen that excel in fine printing and bookbinding. It also hosts the International Book Fair where over 30,000 new books are exhibited each November. There are 1,800 stores that sell books either on an exclusive or part-of-the-line basis. Then again, the two million volumes in the city's 101 public libraries are borrowed 8.3 million times in an average year; and the American Memorial Library in Berlin, the State Library, and the libraries at two of the city's major universities can make an additional 4.2 million books available.

Six million books may seem a lot for 2.1 million people, but Berliners must also like to keep up with the news, for the city has six major newspapers with a combined circulation of 861,000 copies per day.
