SPECIAL NOTICE TO FARMERS AND RANCHERS

Anyone wishing to enter any product of Agricultural nature or any type or kind of livestock, poultry or rabbits in the Cochran County Fair, may do so. It was announced this week by Elwood Harris, Fair manager.

Entries in other divisions which will feature awards are also similarly open. For information on classes, prizes, rules and regulations in the various divisions, see the following persons that are serving on Fair committees.

County Agent Homer Thompson, H.D. Agent Miss Lella Petty, Whiteface Vocational Ag teacher, R. K. McCoy; Bula Vocational Ag instructor, Logan Green; Morton Vocational Ag teacher, Elwood Harris; local Home Economics teacher, Mrs. Helen Crane and Chairman of H.D. Clubs of the County, Mrs. G. C. Keith.

Because only three schools are represented in this list does not indicate that other schools aren't invited to participate. The persons named have agreed to serve on the Fair committees. Farmers and Ag boys, club women and FHA girls from all over the area including Rudoso, Three Way, Enochs, Bula, Whiteface, Pep Pettit Cansy, Morton and all the small communities such as Maple, Goodland, Newby Ward, Fannin, Lehman, Bailey, St. George, and others are invited to enter the various events.

Each farm family in the county is particularly encouraged to exhibit some type of products at the Fair. Many of the fields to be entered are livestock, crops, vegetables, canned goods, clothing, baking, art, flowers, fruits and others.

Local Team Plays Tomorrow At Portales

A Morton team will enter the softball tournament at Portales this weekend it was announced here, but the roster will depend on who is eliminated in tonight's game at the local field.

The Morton boys, 17 men to the team, will meet South Side Weekenders of Portales in the final game of the first round of play, tomorrow night, Friday, at 8:30 p.m., Texas time.

Morton Golfers Set To Contest M'shoe Sunday Afternoon

The Morton Country Club, after their first victory in the newest golfing series between Morton and Mulshoe, will play host to the visiting linksmen, Sunday afternoon, with the matches slated to start at 12:30 p.m.

The two clubs annually clash in a battle for yearly possession of a golfing trophy. Morton, with three straight wins, won the first trophy and got permanent possession. Last year the Morton Club had to put the new trophy into the competition, and Mulshoe won it. Thus they have captured one leg of the second trophy and Morton has yet to win.

Two Songs for Morton Schools

The Morton High school band will introduce two new songs this fall for the approval of the school students and faculty.

These songs, "Morton Alma Mater" and "Fight Morton High," were written especially for use at Morton by Dr. Macon Sumner, well-known Southwestern composer who teaches at McMurry.

Both tunes have been arranged for the local band by John Bealnear, band director.

CALL MEETING TONIGHT FOR L'ALLEGROS There will be a call meeting of the L'Allegro Study Club Thursday evening August 25th (that's tonight) at 7:30 p.m. at the Cochran County Activities Building. The president has urged all members to attend.

Piper Sets 'Family Of Man' Theme

The photograph of this merry fellow, piping a cheerful tune when snapped by the camera in his native Peru, sets the theme for "The Family of Man," a gigantic photographic exhibition to be shown in the Dallas Museum of Fine Arts as a feature of the 1955 State Fair of Texas, October 7-23. The theme photograph is used at intervals throughout the exhibition, which is made up of 503 photographs from 68 countries. It has been termed "the greatest photographic exhibition of all time."

25 Merchants Already Signed For Booth Space At Cochran County Fair

A complete list of committee chairman serving the County Fair was released this week by Elwood Harris, Fair manager. In addition to officials already announced, Harris has listed those who have agreed to serve in certain important duties.

Fred Payne has been placed in overall charge of Community exhibits with one person named in each of eight area communities to head their community's particular exhibit and another man named to see about working up exhibits in any other interested communities.

Serving for their various communities are: J. N. Foster, Bledsoe, G. C. Keith, Whiteface; R. Z. Dewbre, Maple; Fred Stockdale, Morton; Albert Morrow, Neely Ward; Reitha Riley, Fannin; Chester Setliff, Bula; E. N. McCall, Enochs and Lem Chesher, others.

In charge of buildings and grounds, and already completed with the mapping out of the Fair's layout, are Ran Holjoman and Wayne Walball. General livestock chairman is Norman McAnelly. Lee Belcher is in charge of the beef cattle division.

Dairy cattle are under the direction of Orville Cunningham and Swine and Sheep are being handled by Ken Coffman. Speedy Lindsey is in charge of poultry and rabbits.

R. K. McCoy is general agriculture chairman and W. M. Butler is chairman for the agricultural educational exhibits. Crops, vegetables and fruits are under the direction of Logan Green.

In the women's divisions, Mrs. Helen Crane is general chairman and Miss Lella Petty is assisting her. Mrs. G. C. Keith heads the textiles division; Mrs. Vernon Blackley, culinary; Mrs. Evelyn Seagler, art and Miss Lenora Jackson flowers.

Miss Petty will also serve as the chairman of Women's Educational exhibits and Jack Loran and Bill Glassford are in charge of general concessions.

In the mercantile department, Roy Gentry and J. C. Stripling are serving as co-chairmen and have announced good results. Already, last week, with one day of soliciting, they had 25 merchants signed up to put up a display booth at the Fair. This didn't include the implement dealer who are applying under Gene Huggins and Raymond Ross' supervision.

Other special work being handled by the Boy Scouts, who will

Grain Company Names Manager

The Fraser Grain Company with headquarters in Hereford, and storage facilities of over 3,000,000 bu., announced this week that they are reopening their grain receiving and storage facilities in this trade area.

The elevators at Levelland, Whiteface and Maple will be under the management of Ben Cowley, who is moving, with his family, to Whiteface this week.

Cowley has had several years of experience in the grain business, and "is qualified to handle every one's grain storage or merchandising problems," it was announced.

All Subpoenas Served For Grand Jury Wind-up

All six persons for whom subpoenas had been issued just before the Grand Jury adjourned last week have notified Sheriff Hazel Hancock they will be on hand as the Grand Jury reconvenes Sept. 8. Technically one still had not received his summons, but that, according to all Hancock, was a clerical mistake and would be cleared up immediately.

After several days of hunting the six men, during which time only one was served his subpoena, the local deputy was called in and Hancock began to try to contact them by phone. The idea met with immediate success and all parties announced they would go to their Sheriff's office and pick up the papers. All but one were returned to Morton this week as served. The other was sent back by Dallas and when Thomas Y. Pickett, Oil Evaluating firm owner went to get it had been forwarded to Morton.

Hancock immediately dispatched it again by special delivery. Pickett was to pick it up last night.

The Grand Jury goes back into session two weeks from today and they will have a month and two days to complete their findings before they would, by law, have to pass it on to the October term of the Grand Jury. But they gave no indication when they adjourned if they expected it to take a long time to wind up the investigation into County irregularities.

A lot of the length of time it will take will be dependent on the outside auditing firm. Necessary, the Grand Jury could not complete their investigation until the auditing firm gave them a complete return on the last nine years of the County's finances.

Those subpoenaed to meet with the Grand Jury when it reconvenes are mostly members of the oil evaluating firms of Thomas Y. Pickett and King, Latham and Stultz, both of whom did some evaluating for Cochran County during the last nine years.

On several occasions the court has been known to have been split on the issue of which firm to hire to do the important and costly job. For the oil evaluation work this past session, the County paid about \$11,500 to one of the firms, a county official has pointed out.

LOCAL FOLKS ATTENDED RUDOSO GOLF TOURNEY Among the Mortontons spending Sunday in Rudoso, most of whom had gone over a couple of days earlier, the men played in the golf tourney, were Messers and Mesdames Ruel Kelley, William Zuber, J. C. Reynolds, Babe Van, Neal Rose, Button Silvers, H. B. Barker, Tye Williamson, Speedy Scott, Tubby Holloman, Miss Erma Long, Mr. and Mrs. Hume Russell and Jack Dr. and Mrs. Newman Monk and children and Dee Williams.

School Needs Two Teachers; Negro School Opens Monday

One more teacher has been added to the Morton teaching staff this past week cutting the list of teacher vacancies to two as the date for school to open rapidly approaches.

Supt. H. A. Owens announced the hiring of Mrs. Johnnie Love to be a 6th grade teacher.

And as the opening of school is rapidly approaching, Owens reminded that all faculty members are expected to attend a curriculum workshop starting Monday, Aug. 29, and continuing on Tuesday and Wednesday. The workshop will be held each morning from 9 to 11 a.m. He urged all teachers to be on hand.

September first and second are the days of registration for Morton students to remember it was announced this week by Supt. Owens. Seniors and Juniors in Morton High will register on September 1st, Seniors from 9 to 11 a.m. and Juniors from 1 to 3 p.m. On September 2nd from 9 to 11 a.m. the Sophomores will register and the Freshmen will register from 1 to 3 p.m. on the 2nd.

First grade orientation will be held from 9 until 12 on September 2nd. All students entering the 1st grade must have a copy of their birth certificate before they can be registered.

Owens also reminded parents of the first graders that they will be expected to attend the orientation period if at all possible. It will provide them with the opportunity of knowing what the first graders will be expected to do.

The students in the second through 8th grades register from 9 to 11 a.m. on Sept. 2nd.

All transfer students from any other school are cautioned to have with them their book card and report card from the school they last attended.

Buses will run their regular schedule beginning September 2nd but the luncheon will not be open until September 5th.

Owens said the luncheon prices will be 25 cents per meal for the first four grades and 30 cents for the older students and adults who eat there.

City Gets \$3,000 Water Tank As Gift From Panhandle - Santa Fe Railway

The City of Morton was approximately \$3,000 richer this week, in one sense, thanks to the donation last Thursday of a 100,000 gallon water tank from the Santa Fe Railway.

W. A. J. Carter, superintendent for Panhandle and Santa Fe, and D. F. Duncan, his secretary were in Morton to make the official presentation of the bill of sale which made the transaction legal. They made the official presentation to City Councilman Bill Crane with

City Secretary A. M. (Van) Greene watching. The tank, 24 feet in diameter & 30 feet high, will have to be moved from its present location at Bledsoe. The railroad's switch to disassemble, outmoded the tanks & prompted the railroad to begin to find ways of getting rid of them. They found it would cost about as much to dismantle and move them as they could get out of them selling them for scrap. So they decided to give them to various towns and schools around the area, and give them a chance to receive the benefit of their use, and at the same time, build a little good will.

Only the tanks at Littlefield, Snyder and Mulshoe will be left in place, Carter said. In case extra freight traffic would be caused by the water tanks at those three locations will be enough, Carter said.

Asked about the possibilities of extending a rail line to Morton, he had no comment except to say that the best possible groundwork for Amoritons to lay would be to have assured traffic for the railroad in the form of industry and farm markets.

He was surprised to learn that Morton is located only seven miles from the Santa Fe tracks at Lehman.

Chester Boaz Rites Pending

Funeral services were pending today, the arrival of sisters from California for Chester Boaz, 39, longtime Morton resident who died at the Methodist hospital in Lubbock at 9 p.m., Tuesday night following a one day illness.

Boaz, father of one small child, a farmer on the Slaughter lands South of Morton, was stricken ill Monday night when he awoke with a severe headache. He died about 22 hours later of a brain hemorrhage.

The victim had been a resident of Morton and Cochran County for 16 years, having come here in 1939. He had spent most of his time farming.

Close kin said rites would probably be held in Morton but gave no immediate indication where interment would be. Boaz was born and raised in Jackson County, Oklahoma.

He was visiting in Crosbyton at the time he was stricken, was at first taken to the Crosbyton hospital and was later transferred to the Lubbock hospital.

Survivors include the wife, one five year old daughter, Margaret; his mother, Mrs. Jennie Boaz who lived with him; five sisters; Mrs. Alice Jackson of Norwalk, California; Mrs. Addie Klepper of Santa Monica, California; Mrs. Katie Gillespie, Mrs. James Turner and Mrs. James Smith, all of Altus, Oklahoma; and two brothers, Johnny, of Ripon, California and Henry of Altus.

All of the family are expected to be here for the funeral and the arrangements are pending the arrival of those from California.

Brother's Daughter Injured Slightly In Accident

A nine-year-old daughter of a brother to Cochran County Sheriff Hazel Hancock was injured only slightly in a car mishap Sunday night near Tahoka.

Diane Hancock daughter of Deputy Sheriff and Mrs. Joe Hancock of Lamesa was injured slightly & a sister, Judy, also in the car escaped injury.

The girls were riding with Morris Zimmerman and his daughter when the accident occurred. Zimmerman was the only one with a serious injury, having to undergo a kneecap operation the next day.

The Lubbock paper, erroneously reported that the girl was the daughter of Sheriff and Mrs. Hazel Hancock. The accident occurred at the community of Tarzan.

LEROY (SPEEDY) SCOTT Joining the Williamson Insurance Agency staff last week was Speedy Scott, former head coach at Mulshoe. Mr. and Mrs. Scott plan to move to Morton within the near future, but are among the growing list of newcomers who are leaving the house hunting blues trying to find a nice home. Both are native West Texans.

BLEDSOE SCHOOL BEGINS SEPT. 5

Bledsoe schools will open on the 5th of September according to J. E. Roane, Superintendent and school will be conducted the full day.

The opening exercises for the entire school are slated for 9 a.m. & the general public is cordially invited to attend, Roane said.

The school luncheon will be open on Monday, the first day of school.

Registration for all grades will be had from 9 a.m. to 11 a.m. on September 2nd.

Roane said two new faculty members have been added to the staff and one more may be announced later. Joe Elliott who comes to the Bledsoe schools from Durant, Okla. will teach science and Mrs. Myrtle Austin of Shamrock will be the Bledsoe Homenaking teacher.

Joe, his wife and three children have moved to Bledsoe. He once was in 5th grade under Mr. Haje who was Morton's Elementary principal last year.

Mrs. Austin attended college at North Texas State Teachers College at Denton and is slated to get her Master's degree next week.

JAYCEE ETTES MET TUESDAY

The Morton Jaycee-ettes met in the Fred Payne home for their regular monthly business meeting on Tuesday evening.

Following the business, games were played and refreshments served to Mesdames Merin Roberts, Buddy Hanna, Alvin Gartman, Bill Glassford, Eddie Irwin and the hostess.

GUESTS OF CHANDLERS

Rev. Weir Will Conduct Meeting At Bledsoe Church Rev. S. Frank Weir, Pastor of the First Methodist Church of Morton, will be the guest speaker, two times daily, at a meeting to be held at the Bledsoe Methodist Church August 28 through Sept. 4.

Rev. Weir will speak each morning at 10 a.m. and each evening at 8:30 p.m., according to an announcement by Kiel Quisenberry, pastor of the Bledsoe Methodist Church.

Clide McCormack of Bledsoe is to conduct the music service at the meeting. Everyone is issued a hearty invitation to attend.

Ray's Hardware Takes Part In Nation'l Promotion Ray's Hardware and Furniture is joining with hundreds of Maytag dealers throughout Texas in an ambitious sales program tagged "Operation 64" a part of the big Maytag Marathon.

For 64 exciting hours the sales staff of Ray's Hardware will be on hand, day and night starting Thursday morning, August 25 at 8 a.m. and continuing through Saturday at 10 p.m. The idea for a retail marathon materialized after a highly successful "Operation 72", during which Maytag representatives throughout America called on dealers for a continuous 72-hour period. An all-time sales record was achieved during this campaign.

If a salesman is caught "asleep on the job", Carl Ray claims he'll give the finder a brand new Maytag washing machine.

One of the many slogans to come out of the current marathon campaign is the now famous: "We're sleepy, take advantage of us." Another is "Marathon trade-ins make prices just a dorp in the budget."

The Maytag dealers of Texas, in preparation for this event, ordered 6400 Maytag appliances, an unequalled number for a single sales event. The Maytag factory at Newton, Iowa is sending the entire shipment by super-rail convoy 64 giant trailer trucks, the largest truck shipment ever made according to the participating transit lines.

Ray's Hardware of Morton is set to receive part of this large shipment.

IS SERIOUSLY ILL Mrs. B. E. Hall of Morton, mother of Mrs. Walter Sandefor, Sr. is reported seriously ill this week after being taken to the Cochran County Hospital Thursday. However, she was allowed to go home Tuesday.

Band Boosters Set First Meeting The Morton Band Booster Club will hold its first meeting of the new school year on Monday, Sept. 5th, at 8:00 P.M. at the High School Band Hall. All band parents and others interested in the band program are urged to attend.

Donna Burnett Is Senior Winner In 4-H Dress Revue

The Cochran County 4-H Dress Revue was held Friday evening, August 12, in the County activities building in Morton with 14 girls modeling garments they had made.

In the senior division, Donna Burnett was the winner and will represent Cochran County in the District 4-H Dress Revue at Lubbock, on September 16th. Dixie Lovelace was second in this division and Barbara Waltrip was third.

Brenda Brotherton was first place winner in the age 13 group and Judy McCauston was second.

In the 11-12 year old group it was Linda Skaggs who placed first out of eight contestants. Runnerup was Glenna Ford and third was Lois Courtney. Others in this division were Penny Gruesendorf, Daria Brotherton, Paula Burnett, Linda Elliott and Barbara Elliott.

Linda Gay Key was the only entrant in the 9-10 group and took first place on a skirt.

Mrs. Richard Key, 4-H leader, presented cash prizes to the girls.

Patsy Sybert played background music for the revue and Miss Leila Petty, local H-D Agent was emcee for the show.

Serving as judges were Miss Clara Pratt, Lubbock County Home Demonstration Agent and Miss Wanda Roach, Lynn County H-D Agent.

INSECTS

The cotton insect situation in Cochran County after looking over 19 fields last week, is not too bad. Most farmers have been carrying on a systematic insect control program. Where this condition exists, cotton is well fruited, lower limbs on the stalks are loaded with bolls and young forms are filling the stalk from top to bottom. There is a shedding of young bolls and forms in a few fields but this is to be expected. Don Jones, Supt. Sub-Experiment Station, in Lubbock, says cotton normally sheds 66 percent.

Many farmers have become disturbed about the cabbage looper. This insect eats holes in the leaves. Of course, it takes a lot of them to eat up the cotton leaves and injure a few bracts or shucks growing around the base of the cotton boll. In all the fields I've seen the damage has been light. I have never seen the cabbage looper do heavy damage to cotton in this area. That does not mean he won't there is always a first time. Remember this, the bollworm is still your Number One cotton enemy.

When you observe your cotton, look for flares. These are the squares that have turned light in color and if you find a small hole in it, then it is a small boll worm.

likely which has done the damage. If you find four or five flares on that many different stalks of cotton, get busy. Now, if the hole is as large or larger than a kitchen match, the worm is a third grown or larger and insecticide will not do too much good. Timeliness is the main factor in getting the boll worm. To be effective, you must get the little worm when he hatches out and starts down the stalk to the first or second square. At this stage he is very small, so tiny you can hardly see him. Insecticide application at this stage when 4 to 5 small bolls are found on an average of each 100 stalks of cotton, is very effective.

Lice has been doing some damage in a very few fields. You can see this honey dew droppings, and when the damage is severe you don't have to be told about it.

Most of the cotton is about the trip or fleahopper stage, because young cotton not loaded with form now is not in too good a shape. Why? Because research has taken us the 80 percent of the cotton produced on the Plains is in the bloom or above stage by August 20. That was last Saturday.

A few farmers are troubled with wilt. There are many kinds of wilt. This is caused by a disease that is prevalent in the soil. There isn't much cure for this. Three things that may be done — One is to rotate and not plant cotton on the land for three years. Two is to plant cotton seed which is tolerant or resistant to the disease. Three, always treat planting cottonseed with mercury dust. This gives the seedling cotton plant a good start the first six weeks before the plant picks up the wilt disease from the soil.

Anthracnose fungus is the main disease producing organism responsible for seedling blight and damping off. Ascochyta blight in 40% rainfall area and could be when heavy irrigation is done. Other important organisms which attack cotton seedlings are sore shin fungus and bacterium causing bacterial blight. This is found in the area.

Symptoms seedlings affected by anthracnose have reddish or brown lesions on the stems below the soil line and frequently on the roots. The seed leaves (cotyledons) may also display brownish spots that enlarge before the plant wilts and dies.

Ascochyta blight symptoms first appear as small round brown colored spots on seed leaves and young true leaves.

The sore shin fungus causes dark to reddish brown cankers on the stems near the soil surface.

The first symptoms of bacterial blight are small round water soaked lesions on the seed leaves as they emerge from the soil cover. These lesions serve to infect the developing true leaves, terminal buds and main stem.

The root knot nematode because of its distribution is by far the most destructive of the nematodes attacking cotton. It is found in soil of light texture throughout the cotton belt. The damage caused by root knot varies from slight stunting of the plants to complete destruction of the crop in localized areas of severe infestation.

An adult female root knot nematode can often be seen with the eye being about the size of a small pin head and pearl white in color. This microscopic larvae when hatched, enters the tips of the small roots, moves for a short distance in the root tissue then becomes stationary. They feed on the root cells by puncturing their walls. The feeding stimulates the growth of the cells and results in knot galls on the roots.

Fusarium wilt may attack cotton young or old but usually when cotton is more mature. It causes stunting and "death of plant. It enters through the roots. Once inside the root, the fungus moves upward through the woody part of the plant and into the leaf, stems and veins. It may enter the bolls and infest the seed. Infested seed often serve to spread the disease into disease free areas. The symptoms in early stage of fusarium wilt are the yellowing and browning of seed leaves and small true leaves. The leaves fall off and the bare stems soon blacken. In older plants the first symptoms may be stunting, yellowing, wilting and dropping off of most leaves. Leaf discoloration appears around the edges near a vein. When a stem or branch is cut crosswise a brown or black ring is usually found just beneath the bark. Wilting usually occurs gradually. However, after a rain that follows a dry period, plants may wilt suddenly and in large numbers. Wilted plants fruit earlier than normal plants and the bolls are smaller and open prematurely. Empire cotton grown in this area is tolerant or resistant to this disease.

Cotton root rot symptoms above the ground are a slight uniform yellowing of the young leaves at the top of the plant. This is followed by a sudden wilting and death of the entire plant, usually within 2 or three days. Below the ground the root is covered by a fine white mold and brown threadlike strands. There are many others. If your plant has a disease, bring stalks

How To Be At Home With The World

By WILLIAM PARKER McFADDEN

Prominent Interior Decorator and World Traveler

"Souvenir hunting" can be one of the most rewarding—or one of the most wasteful—features of any trip, whether it's 100 or 10,000 miles from home.

The ultimate value of any souvenir you acquire depends on "selective buying"—the purchase of good items which can be worked into your everyday pattern of living.

One of the chief objections to souvenirs—which can mean any object acquired as a reminder or memento—is that people store them in boxes in the backs of drawers. Consequently, they are never reminded of anything, unless it's the presence of a lot of "junk" when they start cleaning out those drawers.

"Selective souvenir hunting" was the objective on a three-month trip around the world to acquire furnishings and art objects for a series of model homes being decorated by McFadden Associates at the 1955 State Fair of Texas.

Articles were brought back to Dallas from Japan, India, Finland, Mexico, Denmark, Hong Kong, Siam, Burma, Spain, Morocco, Java, Bali, Lebanon, Syria and Italy. The various items as used in the State Fair rooms will illustrate true values.

to the County Agent's Office and we will send them to a plant pathologist and try to determine the kind of trouble. Some cotton varieties are resistant to some, but not all diseases.

Remember next year, use tolerant varieties. (Get them at county agent's office.)

Rotation with grain crops in irrigated areas.

Planting on high beds. Increase of plant population by planting thicker, use good seed, certified if possible, and treat with mercury dust. Fall plowing with use of phosphate additions and destroy residues early.

These will help overcome some of our serious wilting problems.

Texas Farmers and Ranchers Getting Biggest Pet Loans from Local Banks

the 888 insured commercial banks in Texas served agriculture by making farm loans during 1954.

ON VACATION HERE
Mr. and Mrs. Walter Letje, Jr. and their six year old son, Terry, of Ft. Worth are in Morton visiting friends and relatives during part of a two week vacation trip.

They plan to visit her mother and family, Mrs. Frank Silhon and children and his sisters, Mrs. Eddie Irwin and family and Mrs. Thurl Lemons.

Quoting from the 14th annual farm lending survey of the Agricultural Commission of the American Bankers Association, Mr. William H. Blacker stated that on January 1, 1955, Texas banks had loans outstanding to farmers and ranchers totaling \$263,253,000 including both production and mortgage loans. It compares with a total of \$137,016,000 held by the federal land banks, the second largest lender to Texas farmers. In addition, Texas banks held \$346,876,000 in CCC loans under the government's price support program, not included in the above figures.

"Despite reduced net income & continued high production expenses on farms," Williamson said, "repayment of loans is rapid and farm assets are at near-record levels, indicating that these factors have not in any sense weakened the financial soundness of agriculture. Bank loans play an important part in maintaining this strong financial position by permitting our farmers and ranchers to make use of the latest equipment and modern production and marketing methods, resulting in greater efficiency. The majority of farm and ranch loans held by Texas banks are for those production and operating expenses."

Williamson reported that 859 of 1,000 farms in Texas are financed.

Mr. Hesse B. Scotts spent the week-end with her father, Mr. J. F. York of Roaring Springs.

These will help overcome some of our serious wilting problems.

These will help overcome some of our serious wilting problems.

W. F. Lisenbees Honored Recently On Sixty-first Wedding Anniversary

Mr. and Mrs. W. F. Lisenbee were honored on the occasion of their Sixty-first wedding anniversary a couple of weeks ago, from 2 until 6 o'clock in the evening when their sons and daughters held an open house at the family home in Morton.

Mr. and Mrs. Lisenbee's granddaughters were in charge of presiding at the guest register and at the serving table, and they also furnished soft music during the afternoon.

The serving table was laid with a white satin cloth centered with a cake which was designed as an open book with the names of the honored couple and their wedding date inscribed. White napkins with their names and the dates 1894-1955 inscribed in silver were used along with crystal punch service. Fresh garden flowers were used throughout the house and pale lime sherbet punch served further carried out the color scheme of pastel green, silver and white.

All but two of the eight children were able to attend the special occasion.

Bula Schools Remain Shy One Teacher

BULA (Spl.) — The Bula school will open the current school year September 5, with nine teachers, according to Supt. H. A. Reynolds.

In the grade school will be Mrs. Hazel Jane Cooke and Mrs. Bernice H. Swinney, primary; W. C. Ricinger and Claude Morrison, intermediates; and in the High School, Marion J. McDaniel, English; H. A. Reynolds, Math; J. Logan Green vocational agriculture; Mrs. John Gunter, homemaking and a commercial teacher yet to be employed.

On the lunchroom staff will be Mrs. F. L. Archer and Mrs. J. D. Reynolds.

Reynolds said there has been considerable improvement of the school plant the past summer. All of the floors will have been reconditioned, the halls and one office have been wainscoted and the auditorium and stage floor have received a gym coating.

One of the major improvements has been the separation of the English room into two rooms, one of which will house the library. The sum of \$450 is to be expended for new library books.

Other new items either on hand or contemplated are a new vacuum cleaner, a piano for the music department and a new freezer.

BACK FOR VISIT

FAMOUS TEXANS' RECIPES

Texas Sage Recommends Old Pioneer Beef Dish

J. Frank Dobie
Some cowboys like to chew on a hunk of jerky as a substitute for the less-nutritious black-horse tobacco.

The Texas Beef Council, in its search for authentic pioneer jerked beef recipes for inclusion in the Famous Texan Cookbook, asked Mrs. A. C. Jones of Beeville, a third generation Texan and family-friend of Dobie, for her "Picadilla" (jerked beef hash) recipe. The following measurements will serve four:

- 4 cups chopped jerked beef
- 1/2 cup shortening
- 1 cup chopped onion
- 3 cloves garlic
- Chilipines or jalepanes (optional)
- 2 cans tomatoes
- 2 tablespoons chili powder
- 1 tablespoon pepper
- Salt to taste

Soak jerky in warm water until softened; place on meat board and chop into small pieces. Sauté lightly onions and garlic in shortening in heavy skillet; add beef, tomatoes, (4 cans tomato sauce may be substituted for tomatoes.) Add seasonings; cover and simmer for about one hour.

For Carne Con Arroz, another Dobie favorite supplied by Mrs. Jones, add two cups uncooked rice to shortening with onions and garlic and brown slightly; add potatoes, canned corn or hominy.

"My way of cooking it is to chop it up and boil it with potatoes, plenty of onions and a few Mexican peppers. It makes a whole, satisfying and balanced meal."

"Jerked" beef, not to be confused with dried or corned beef, is a cured meat which is still very much in evidence around cow camps, even in this era of refrigeration. During round-up time, cow hands feast on the forequarter cuts the first few days after killing an animal, after which they rely on "jerked" beef for their meat supply.

To preserve freshly killed beef by the "jerked" technique, it is boned and stripped in one-half inch lengths, seasoned and stretched over wire or rope to dry in the sun. The sun-cooked beef, called "jerky," keeps indefinitely.

WHAT HAD BEGUN to appear as a farce now may have been lightened out. Seems those 6 subpoenas have finally been served and will appear in Grand Jury room, when called in month. And, oddly enough, though a deputy had been attached to serve the subpoenas, stayed several days in Dallas to locate the men, they were mainly surprised when contact-

ed by phone several days later. It seems they had no idea anyone had been looking for them.

WE CAN FINALLY get those hearings wound up and begin to do whatever rebuilding is necessary in our county organization. Can't begin to rebuild, though, until we get completely through with the Grand Jury proceedings. There is little or no indication at all, how much longer the session will take it resumes, September 8th. Sure do hope they get the entire matter settled so we can go back to nor-

mal living. we're glad . . .

TO SEE THE judge back in circulation after three weeks of illness, and we weren't the only ones. Sheriff Hancock had quite a few items piled up that needed his attention, not a mention all he problems the Commissioner's Court is trying to get settled. After all, the judge is a pretty busy man during the time of the year when the budget is being drawn up, the taxes figured, and impending business is waiting on a tax complaint by one of the major oil companies.

we haven't . . .

GOT THE FULL particulars on the complaint, and it's not the policy of Cochran County Commissioners Courts to release information about what is going on, so we just can't say how important the complaint may be. But, according to rumors, it may be very important. It has been said it could force us to pay higher taxes if it comes out the wrong way.

oh well . . .

THESE ARE ONLY rumors & we can hope they're not true.

another rumor . . .

MAKING THE ROUNDS is that the hospital is going to be closed down. A man who says he traced it to the source, says it's only a bit of gossip by someone who wouldn't know anything about it.

we haven't . . .

CHECKED WITH the hospital on this rumor for reasons that should be very obvious.

congratulations . . .

TO THE SEVERAL Mortonites who entered the golf tourney at Ruidoso last week and brought a few trophies home with them. And, especially to Babe Van whose win was his second in two weeks. The boys are going to be calling him a trophy hunter, but those who have known Babe for a long time, and have watched him play terrific golf on most occasions and then always seem to get beat in the tourneys because he won't go after a lower bracket trophy are glad to see him getting some breaks and winning some trophies.

it's already . . .

FOOTBALL SEASON, even tho we haven't got the softball bats & balls tucked away yet and the local boys started working out on Monday of this week. It's far too early to ask anyone to predict what the success of the team will be but the coach is optimistic and that's at least a major part of the battle, over at . . .

BULA AND Whiteface, they're predicting great things for their teams. Bula has lots of strong men returning from last year's di-

strict winning squad and will be feared by the others. They have a knack for coming up with strong defensive teams and in 6-man football the strong defensive team is usually the winner.

the Antelopes . . .

OF WHITEFACE ARE a bit happier about their lot now that they can compete in Class B with schools more nearly their size. In the class A warfare they gave the bigger schools fits, but they just

didn't have much of a chance of turning out a team strong enough to beat the much larger schools in the same bracket.

so look for . . .

SOME GOOD TEAMS in the area in football, and keep a pullin' for those Indians. They need your faith and your support.

the rains . . .

THAT APPEARED to have missed us the other day did deposit a little moisture west of town. Up

to one half inch was received on several farms and even as this is being written on Wednesday, just before press time, it looks as tho we might get a little rain before tomorrow morning.

the cry now . . .

OF COCHRAN COUNTY farmers is "just one more good rain & we've got the best crop in six years." At least that's better than the no hope at all attitude that was so prevalent only last year.

FETED WITH HOUSEWARMING

Mr. and Mrs. Nath Crackett were recently feted in their remodeled home with a housewarming hosted by Mesdames Iva Williams, LeRoy Barnett, Eddie Irwin, Raymond Hoffman, W. G. Heflin, Walter Taylor, Margie Coats, John Lloyd, Leonard Davis, Olin Harris, Burj Deavers, Elra Oden, Vernon Wright and Blackie Sullivan. The couple, longtime Mortonites, were presented with many lovely and useful gifts and refreshments were served to approximately 40 guests.

Morton Enochs In 1st Round Losses Morton and Enochs stumbled by the wayside as Maple and Bula took the opening first round playoff games in the Softball loop on Monday.

Maple pounded out a 13.4 win to take their series lead and Enochs lost to Bula by a 9-5 count in the second game on Tuesday.

Neither game was ever much in doubt. Enochs clung on for two innings before they dropped behind by a 5-2 count. Morton, with Carl Kernell still having arm trouble, found themselves outclassed in a big hurry.

The victories for the two teams meant they would each need only one more win to advance to the final round of the playoffs. That second game was played on Tuesday and the third, if necessary, is slated tonight, Thursday.

Bula entered the playoffs as a favorite having topped the league by one full game. Morton finished in second spot and Enochs and Maple tied for third.

Enochs tie for third came at the expense of Bula whom they edged, 15-14 last Thursday, for the right to tie for third place. That was the last regularly scheduled game of the season.

Bula's win in the first playoff battle, gave them a 2-2 edge over the boys from Enochs in times they've met this season. Morton, in losing to Maple, dropped their fourth verdict to the farmers in six games.

Jaycees To seek Rental Information On Colliseum In what could turn out to be the biggest project they've ever sponsored, the Morton Jaycees voted at their meeting Monday to check into the possibility of renting Lubbock's new municipal auditorium, as soon after its completion as possible, and booking the Blackwood Brothers into the Hub City.

There was no indication that the City of Lubbock has any intention of renting the spacious building now under construction, especially for the use of out of town organizations; however, the local Jaycees decided they might as well check and see.

A committee of S. M. Monroe, Bill Glassford and Merle Ensor was appointed to contact the Mayor of Lubbock about the possibility. Meanwhile the club was still unsure of the date the famous quartet will again appear in Morton. They dispatched a wire to the manager of the singers and expected a reply soon.

In other business attended, the local club named "Speedy" Scott, as treasurer replacing Marvin Doss who is moving to Muleshoe.

A report from the Fair committee pointed out that a sudden illness to the man who owns the carnival that usually plays the Fairs in this area, has forced all committees to seek another carnival. None has been booked, as yet.

One guest, Cliff Howell of Houston, brother of Ed Howell of Morton, was on hand for the meeting.

ANNUAL COCHRAN COUNTY 4-H GIRLS CAMP HELD AT AGRICULTURAL BARN ON AUGUST 18 AND 19

The annual County Camp for 4-H girls was held at the Agricultural Barn east of Morton, on August 18 and 19.

Registration began at 2:30 p.m. and 15 girls and 2 adults present.

Miss Lovelace and Patsy Sybert were song leaders for the camp. The girls had recreation led by Paula Burnett who was in charge of crafts. Each girl presented a part on the party, flag ceremony, or vespers.

A picnic supper was held Thursday evening in the County Park. The girls' parents attending the party were held in the park following the supper, with vespers and much sleep afterwards. The girls enjoyed swimming on both days. Each girl made a copper bracelet Friday morning under the direction of Paula Burnett.

The Junior Leaders for the camp received their training at district camp and the 4-H Round-Up. Dixie Lovelace was recreation chair, and song leader at the Girl's District Camp in Lubbock in August. Paula Burnett was a delegate to the same camp and learned to make the copper bracelets at district camp. Patsy Sybert attended District Electric Camp at Lubbock early this month where she heard many of the songs she did. Donna Burnett was chosen

from this district to attend a recreation workshop at College Station. This group of 4-H Club boys and girls directed all the recreation at the 4-H Round-Up this summer. Their expenses were paid by the United States Rubber Company. The training all the girls have received was reflected in their enthusiastic teaching.

Attending the camp were Dixie Lovelace, Patsy Sybert, Donna Burnett, Judi McCauston, Glenn Ford, Linda Elliott, Doris Fleming, Ginger Skovall, Ellen Phillips, Lois Courtney, Glenda Chessier, Joan Faulkner, Linda Gay Key, Marjane Hoffman, Jimmie Ruth Stokes, Billie Lee Crockett, Penny Farmer, Mrs. Richard Key and Miss Leila Petty, County Home Demonstration Agent.

SOIL CONSERVATION PROJECT ON BOWERS-CRUM FARM IS MAPPED

District Cooperators are still planning corn for wind erosion protection. A.C.P. will assist the tenant or land owner in protecting his land from the blow hazard in that a payment is set up for this purpose — provided enough money is received.

The payment schedule reads: Sorghums, in normal width rows, \$1.20 per acre; 16 to 24 inches in width, \$1.90 per acre; drilled or broadcast \$1.90 per acre; millet \$1.75 per acre; and small grains, (rye, oats or barley) \$2.00 per acre.

Clyde Cravens, John Crowder & Mrs. Myra Briley are planting blue

panic grass this week. With good moisture grass has plenty of time to make root growth to carry thru the dormant period and will be ready to graze by May 15th.

We encourage all interested in farming to observe the operations that will take place on the Earl Crum - Max Bowers farm immediately north of McDermott Liquefied Gas.

Following silage harvest the land will be listed in preparation for seeding the 1956 crop. After listing a band of fertilizer will be placed approximately six inches deep on the outer edge of the bed. Immediately above, winter legume is to be planted. This will serve to prevent blowing and will store nitrogen in the soil as well as replace humus. Through addition of humus our soil will be in much better tilth and condition.

September 12 has been set as the date to witness conservation practices on the land. Plan to go and bring your neighbors.

PUBLIC HEARING OF COUNTY BUDGET SET FOR 10 A.M., AUGUST 29TH

Public Hearing on the proposed 1956 Cochran County Budget has been ordered for August 29 according to an announcement in this issue of the Tribune.

The hearing, to convene at 10am, is open to the public at which time the Commissioner's Court will explain the proposed budget. The proposed budget, according to law, will be on file in the office of County Clerk several days before the hearing so interested parties can get an idea of how the finances are to be partitioned out.

The Commissioner's held their preliminary hearing Wednesday to set the date for the hearing. It must, by law, be advertised 10 days prior to the meeting.

County Judge Fred Stockdale, recently hospitalized because of a heart condition and an acute attack of asthma, was unable to be on hand for the meeting.

There was no advance word on what the proposed income and expenses for the coming year will be. The budget had not been completed Wednesday, according to one of the local officials but is expected to be ready in a few days.

Miss Jerrye Harris, James E. Taylor Wed At Enochs

Miss Jerrye Wanona Harris of Abilene, daughter of Mr. and Mrs. R. W. Harris of Enochs, and James Ernest Taylor, son of Mr. and Mrs. E. E. Taylor of Houston exchanged wedding vows last month in a ceremony at the First Baptist Church of Enochs, performed by the bride's father.

The double ring ceremony was held July 15th at 7:30 p.m. with the bride's brother-in-law, Richard Skinner, giving her in marriage.

Mrs. Richard Skinner served as Matron of Honor and Ronnie Taylor of Houston, brother of the bridegroom served as best man.

The vows were exchanged before an arch of greenery and candleabra and baskets of white daisies completed the church floral decorations. Candlelighters and ushers, Belva Jean Hall was flower girl.

The bride's ensemble consisted of the gown of white lace over taffeta with portrait neckline outlined in seed pearl and a full gathered skirt. It was waltz length with the veil depended on a half crown of lace and the veil of silk illusion extended waist length. She carried a bouquet of white giamella and carnations with white satin streamers atop her white Bible, covered with lace and edged in seed pearl.

The Matron of Honor was attired in an aqua crystalene over taffeta gown with full gathered skirt and portrait neckline.

Mrs. J. C. Buchanan, Jr. accompanied Paul Hilbeck of Abilene at the organ as he sang "Because," "Through the Years," and "The Wedding Prayer."

A reception was held in the dining room of the church. The table was covered with a white lace cloth over blue and centered with a three tiered wedding cake and flanked by the attendant's bouquet. Miss Wanda Hall of Enochs presided at the bride's book and Misses Barbara Holcombe and Phyllis both of Abilene and Mrs. Cleo Hall of Enochs were at the serving table.

The couple took a wedding trip to Corpus Christi and are now at home in Abilene where both are seniors at Hardin Simmons University. She is employed by an insurance firm and he is educational director of the 1st Baptist Church of Robert Lee, Texas.

September 12 has been set as the date to witness conservation practices on the land. Plan to go and bring your neighbors.

MIRACLES

In the world today, we have people who claim to have miraculous power; that is, power to perform miracles such as healing the sick, opening blind eyes, and making the deaf to hear. The basis of their contention in this respect may be summed up in two ideas based on two scriptures:

First, it is contended that the Lord provided healing for the body as well as forgiveness of sins in the atonement—in the shedding of Christ's blood on the cross for our sins. Isa. 53:4,5 and Matt. 8:16, 17 are cited as proof.

"Surley He hath born our griefs, and carried our sorrows, yet we did esteem Him stricken, smitten of God, and afflicted. But He was wounded for our transgressions, He was bruised for our iniquities: the chastisement of our peace was upon Him; and with his stripes we are healed" (Isa. 53:4,5).

"When the even was come, they brought unto Him many that were possessed with devils and He cast out the spirits with His word and healed all that were sick. That it might be fulfilled which was spoken by Isaiah, the prophet, saying Himself took our infirmities, and our sickness" (Matt. 8:16, 17).

This last verse is obviously a partial quotation of Isaiah's language. Isaiah spoke a prophecy to be fulfilled in Christ. When was it fulfilled? Matthew says "That it might be fulfilled which was spoken by Isaiah. Evidently, Jesus healing in his personal ministry, was the fulfillment of the prophecy of Isaiah. We do not imply that atonement for sins was at that time fulfilled, for Matthew is careful to point out the definite prophecy of Christ's healing sicknesses and bearing infirmities was by Jesus' action fulfilled. Nothing is said in Matthew 8:16, 17 of atonement for sins. There is nothing in the passage that supports the idea that Jesus provided healing for physical ailments in the atonement. Such miracles as are claimed for today are delusion and men are perpetrating fraud.

Two Are Named Members of Family Test Group

PHILADELPHIA (Spl.) - Mrs. Lloyd C. Miller, Box 246, Morton, and Mrs. Raymond C. Ross, Box 451, also in Morton, have been named members of the national Family Test Group of Town Journal magazine.

For both women it is a repeat performance, the two having served last year.

Mrs. Miller and Mrs. Ross will be two of 400 members in the group that includes members in every state in the Union.

The purpose of the family test group is to test new food and home making products; to advise Town Journal editors on homemaking matters to their readers, and to reflect consumers' opinion.

Town Journal is a nationally published magazine with 1,650,000 subscribers.

Members of the group were selected for their excellence as homemakers, and for their special interest in some phase of homemaking or family life.
