# New Task-Force 57 Chevrolet Trucks!

They "flattened" Yukon mountains with the most modern truck V8's of all!

Rated G.V.W. of these payload-carrying heavyweights goes all the way up to 32,000 pau

New V8-powered '57 Chevrolet trucks, heavily loaded, made one of the world's toughest roads look easy! In a straight-through test run, they rolled over the famous ALCAN Highway to Alaska-in less than 45 hours (normally a 72-hour run). Here's proof-in-action of power that'll handle your toughest jobs-and keep coming back for more!

Whatever your job, there's an Alcan-proved Chevrolet Task-Force truck ready right now to save you time and money

Six new Task-Force huskies made the run. And six altramodern Chevy engines proved their power and performance-with gas mileage up to 18.17 miles per gallon! Two of the engines were not stopped once, and they hummed along at peak efficiency the entire 1,520 miles!

Chevy's big V8's-including the new 283-cu.-in. Super Taskmaster-turned in top performance jobs. They hauled typical loads up and down towering grades and through washouts that sucked wheels into hub-deep mud. They roared on through miles of heavy dust that narrowed visibility to a few hun-

dred feet. And in spite of the varying altitudes and temperatures, not a single truck was forced to drop out or turn back! Stop by and see them soon!

Proved on the Alcan Highway Champs of every weight class!

Only franchised Chevrolet dealers CHEVROLET display this famous trademark

# Meet the magic of the new kind of Ford!

An Action Test will show you that Ford's newness just begins with its longer, lower, wider beauty. It's a completely new car-right from wheels up! Out on the open road, Ford's magic really takes over! Ordinary

stretches of road become special. In fact, acry trip's a treat. And it's no wonder, with the all-new "Inner Ford" melting the miles. The revolutionary new frame, for example, is a full foot wider at the center. You ride lower, with more inside room . . . full road clearance And this longest of all low-priced cars is a cinch to handle! With a

even tight turns and rutted roads come easy. And talk about "big-car power"! This new kind of Ford offers you your choice of Silver Anniversary V-8's with a wide range of horse-power to suit every need.\* Or if you prefer, you may choose the world's most modern "Six" . . . the new Ford Mileage Maker Six.

lower center of gravity, wider rear tread and new easier steering.

# THANKSGIVING . . .

#### TO GIVE THANKS FOR OUR BLESSINGS!

Since 1621, when the first settlers paused to give thanks for their blessings, Thanksgiving Day has been an American tradition. On this Thanksgiving Day, 1956, we give thanks for the good fortune of being citizens of a mighty Democracy . . . for the peace, prosperity, and freedom it offers its citizens. We offer a prayer that it will continue to be here through the years for ourselves and our children to live in and enjoy. Let us count our blessings, each, and everyday!
