Morton, Whiteface Teams to Meet Dimmitt, Plains and Sundown Tonight in Whiteface Invitational Tourney

The Plains boys and the Sundown girls advanced to the second round of the Whiteface Invitational Basketball Tourney, Monday night at the expense of Bledsoe teams.

In winning they qualified to play Whiteface boys and girls' teams in the final two games on tonight's card, the second round of play.

Whiteface teams drew an upper bracket bye and Shallowater got a lower bracket bye.

In other games on the card tonight, Dimmitt and Morton's girls took up at 7:30 and the boys teams from these two schools met at 6:45 according to the schedule.

Shallowater will play the winners of these two games, tomorrow night while the losers will face Bledsoe for consolation title.

Saturday, third place games will be played first, and then the championship round starting at 8:00 & 9:15.

The ease with which Plains handled Bledsoe in the boys bracket & almost equal ease with which the Sundown girls won, indicates Whiteface will have their hands full in their two games.

Dimmitt's Bobbies, always one of the most feared girls teams on the Plains and the Class AA Dimmitt Bob Cats, are expected to be rugged opposition for Morton, and will probably be pre-tourney favorites.

The games Monday found Plains boys rolling up a top-heavy 70 to 24 margin. Though Bobby Tims' 21

'HARDSHIP' ACRES SAVED THE DAY

Cochran County has received its 1958 cotton allotment and the County Agricultural Stabilization Committee office this week sent to individual farmers, Tuesday their individual allotments for 1958.

The original allotment for this year once again — as it was last year — is less than the preceding year. The difference, 1069 acres would have been alarming to the County had not Cochran County received 2,385.7 acres for hardship cases, which together with 21 acres for new farms, leaves our announced allotment 48 acres above last year's original total of allotted, and allowed for small farms, and hardship.

In 1956 our acreage allotment had been 75,304. Last year the original allotment was cut to 74,004.8. To this was added 49 acres for small farms and then 338.2 acres were awarded for hardship cases.

Thus the final figure for this year, 74,503 is 49 acres above the final figure of last year, while the original acreage is 1,909.5 less.

Roy Hickman, County ASC Committeeman, one of the three men group that was responsible for the figuring of individual farm allotments, explained it this way.

"Cochran County has received the 1958 cotton allotment as follows:

Basic allotment 72,096 acres, hardship and inequity allotment, 2,385.7 acres and 21 acres for new farms; making total county allotment of 74,503.0 acres.

"Individual allotments have been made to the farms in Cochran County, and farmers have, or will, receive their allotments soon."

Hickman said they were not allowed to apply a factor to all of the individual allotments thus keeping them in the same percentage.

Hickman went on to explain that Cochran County received a cut in allotment from 1957, but the committee distributed the allotment in such a manner that there should not be many hardship cases, except for the 1955, 1956 and 1957 sod farms.

"No new farm allotments have (See ALLOTMENTS, Page Four)

MOST VALUABLE AWARD TO BE MADE Gridiron Banquet Monday, at 8 P.M.; Kimbrough Will Be The Speaker

Tickets are on sale with Athletic Booster members and at the Tribune office for the annual Morton High School Gridiron banquet Monday night, at 8:00 p.m., in the school cafeteria.

Tickets will sell for \$1.50 each and fans will certainly get their money's worth.

Frank Kimbrough, famed southwestern coach for many years, and most recently coach of West Texas State's Buffaloes until he retired to step into the post of Athletic Director at West Texas State last week-end, will be the main speaker.

In addition, the Morrison Electric Most Valuable Player Award is to be made and films of the Morton - Price College game, in color, will be shown after the speaking.

Admission is open to all fans of Morton, the team and their dates being guests of the Athletic Boosters.

Those who plan to come are urged to purchase their tickets in advance so the group will know how many to expect. However, for those who find it impossible to plan in advance, tickets will be sold at the door.

Quarterback Club members are asked to stop by the Tribune office and secure a block of ten tickets and try to sell them.

Fire Razes House on Thomas Farm; Negro Laborer Is Painfully Burned

A roaring fire which had raged out of hand for 15 minutes or so before the Morton Fire Department was notified, Tuesday evening, destroyed most of a small house and storage building on the J. D. Thomas Farm, at about 7:00 p.m., and sent a Negro farm laborer, painfully and dangerously burned to the Cochran County Hospital.

Wednesday the hospital report listed Johnny Lee Hawkins as in "good" condition but he had received an estimated 40 percent burns on the lower half of his body in the blaze.

Hawkins wife and baby were in the house when it caught fire from undetermined origin but they escaped without injury. Late Tuesday Thomas did not know how Hawkins was burned — whether he was entering the house after the fire was underway or if he was burned trying to get out or put the fire out.

Thomas said he had some \$1200 worth of tools in the building in addition to what furniture and other items were inside.

The Morton Volunteer Fire Department battled the blaze for approximately an hour before being able to save the tool room. The apartment part of the house was destroyed.

Cotton Men Will Discuss 'Pilot Spinning Plant'

By Eddie Irwin

A meeting of the Finance Committee of the Plains Cotton Growers, today, Thursday, at 9:30 a.m., could turn out to be a highly important one, according to advance information sent Gene Benham, a local member of that committee.

Although several important matters are to be discussed, according to George Pfeiffenberger, executive vice - president of the group; the one Gene noted as of interest to all is a project that has received much publicity as of yet.

It concerns the activation of a pilot spinning plant at Texas Tech, something which is no doubt "Greek" to many readers. But it (See COTTON, Page Three)

Indians Edge Muleshoe, 42 to 36; Gals Drop 69 - 66 Thriller In Cage Openers

The Morton Indians rang up the curtain on the 1957 - 58 basketball season in fine style, Tuesday night, as they outthrust and outshot a well regarded Muleshoe, Class AA team, 42 to 36; but their sisters, the Indian Maids, dropped a real heartbreaker, 39 to 36, to an equally capable Mulettete sextet.

The Indians surprised the cocky Mules, of that their can be no doubt. However, they may have surprised themselves, also. Whistle - happy officials tooted four fouls on Morton's Clayton Flanagan before the first quarter was in the books and Coach Travis had to lift him from the game, but Bill Wood took over Clayton's usual important rebounding post and did an excellent job and before the night was over, the close whistling had done (See INDIANS, Page Seven)

New Mexican Still Missing - Since Middle of July

Mrs. C. D. (Bertha) Phillips, who disappeared from her Albuquerque New Mexico home July 15 around 5 a.m. has not been located as yet, I. C. Phillips, her son, reported this week.

Phillips and family were here visiting Mr. and Mrs. S. T. Cox of Morton, Mrs. I. C. Phillips is the former Miss Jewel Cox.

Mrs. C. D. Phillips, who had walked away from her living quarters previously, unannounced, had always been located within a short time. Her son said that this time they had employed a private detective agency in addition to the regular announcements, but all in vain. As far as her son knows, Mrs. C. D. Phillips has not contacted any relatives, or drawn any money from her regular bank account. His only lead is a report from a woman in Oklahoma City who said she met a woman resembling Mrs. C. D. Phillips at a bus station there.

Flores Rites Held At 10 a.m., Mon.

Funeral services were held Monday at 10 a.m. for Juanita M. Flores, mother of six Mertonites, and sister of two others, who died Friday afternoon, at the age of 75.

The Rev. Father Fred Hyland, pastor of St. Anne's Catholic Church conducted the final rites at his church and burial was in the Morton Memorial Cemetery under the direction of Singleton Funeral Home.

Rosary was recited in the Singleton Funeral Home Chapel Saturday night by Father Hyland.

She is survived by ten children, 52 grandchildren and five great-grandchildren.

Morton survivors include Mrs. Benita Hernandez, a daughter; Adelario, Paul, Jack, Fabian and Eucelido, sons; and Rito and Manuel Morales, brothers.

Dear Santa - It's Time Again

To Little Teresa Lynn Mullinax of Route One Morton goes the honor having the first Letter to Santa Claus published this year.

All other letters subsequently received will be published in the Christmas edition.

Dear Santa Claus:

I am a little girl 5 years old. I'll soon be 6 years old. Please bring me a baby doll and a buggy, also a refrigerator. I am trying to be a good girl and I love you lots.

Thank You,
Teresa Lynn Mullinax
Route One, Morton

Exa Kay Ainsworth In Semi - Finals of Scholarship Tests

A senior at Morton high school has been named as a semi-finalist in the National Merit Scholarship competition according to Principal Jim L. Kidd. The local student is listed among the 7,500 high scorers on the Scholarship Qualifying Test, a nationwide college aptitude examination given in 14,000 high schools on October 22nd.

The semi - finalists named today outscored 300,000 fellow seniors, & thus moved a step closer to the \$4 million in Merit Scholarships to be awarded in the 1958 program.

The Morton High School semi-finalist is Exa Kay Ainsworth.

TEC Again Gives Labor Rates They Have Determined

The latest communique from the Texas Employment Commission, relayed to Morton from the Lubbock office, was received at the Tribune office late last week. It gave the most recent wage findings of the Commission and was issued by Ed McDonald, Regional Director of the Bureau of Employment Security.

Text of the cable is as follows: "Wage findings effective November 27, cotton harvest Cochran County: First pulling irrigated and dryland \$1.50 per hundredweight. Rate less than \$1.55 for pulling is not applicable to Mexican contract workers."

March of Dimes Drive for '58 to be Planned, Friday

Charles Jones Cochran County's March of Dimes Chairman, has set Friday night, at 7 p.m. at the High School Library, as the time and place for the most important Polio meeting of the year.

Jones said the purpose of the meeting is to set up the annual January March of Dimes drive.

The chairman urged everyone interested in the drive, and all organizations that will help in the drive to have a representative on hand for the meeting Friday.

Band Boosters Will Sell Bake Goods Saturday Morning

Band Boosters will sponsor a Bake Sale at Tarver's Furniture Store on the north side of the square on Saturday morning.

The sale will get underway at 9 o'clock. Home made pies, cookies and cakes and candy will be sold. For special orders folks are urged to call 3726.

Six Voting Boxes Designated For Cotton Referendum Vote Next Tuesday; Strong Vote Is Urged By ASC

Cotton growers will go to the polls — six places in Cochran County — next Tuesday, December 10th to decide, whether or not they favor marketing quotas to remain in effect for the 1958 cotton crop.

Cochran County was one of the few places in the state, and perhaps in the nation, last year to reject the proposal through it was carried on last year by an overwhelming overall margin. That vote in Cochran County was more or less a protest vote against the cut in allotment we received while other South Plains Counties were getting a raise.

The vote last year was 78 to 76, against quotas.

As previously, if quotas are approved, price support for the 1958 crop will be available to eligible growers at a level between 75 and 90 percent of parity, depending on the supply at the time the support is determined. Also, penalties would apply to cotton produced in excess of farm allotments.

If quotas are disapproved there will be no penalty for excess cotton, but allotments will remain in effect and price support to eligible growers will be limited to 50 percent of parity.

ASC Committeeman Roy Hickman this week urged every eligible farmer to vote. A representative vote is highly important, he said. Whether accepted or rejected, the heavy vote would be more likely to impress legislators of just how important these things are to us.

SURGICAL — Babe Van, Morton, condition is good.

Lions to Join In Christmas Program For the Needy

The Morton Lions will take part two ways, this year, in the helping of needy persons and children during Christmas.

The club voted to purchase nuts, fruit, and candy to be sacked up and either given away in baskets of food or at the dinner for children, if such a dinner is held again this year.

The club also voted to have their own Christmas dinner party on the 18th, at their regular noon luncheon, at which time they will bring a toy, for some other member of the Lions Club, whose name they will draw next week. After these toys are opened and displayed, they also will be donated to the community project and distributed among area children who will have no Christmas at home.

The meeting on the 18th will be the last for the Lions until the 8th of January, since both Christmas and New Year's day fall on the regular meeting date.

Sam Cunningham Rites Today at Enochs Baptist

Funeral services will be held at 2:30 p.m. today (Thursday) at the First Baptist Church of Enochs for Sam H. Cunningham, 38, of Socorro, New Mexico, former longtime Enochs resident.

Mr. Cunningham died Monday at 10 a.m. at the Veterans Hospital in Albuquerque where he was transferred last Friday by ambulance after being in the Taylor Clinic at Lubbock for 10 days.

The Rev. R. W. Harris, a former pastor of Cunningham's, now of Lubbock, will conduct the final rites for Mr. Cunningham and burial will be in the Enochs Cemetery under the direction of a Littlefield funeral home.

Mr. Cunningham came to Enochs 13 years ago, farmed at Enochs for 10 years; before moving to Socorro three years ago.

Survivors are the wife, Lucille, one sister, Mrs. Velma Hope of Odessa, one brother, L. L. Cunningham of Victoria, Texas; three nieces and three nephews.

Palbearers will be Gerald Byars, Tom Bogard, G. B. Salyers, Dude Altman, all of Enochs, and Joe Seagler of Morton and Earnest Brawley of Socorro, N. M.

By LEILA PETTY

COUNCIL CHRISTMAS PARTY

The annual Christmas party for the retiring and incoming members of the County Home Demonstration Council will be held at 2:00 on Tuesday afternoon, December 10 in the Banquet Room of the County Activity Building. The following committees were appointed by Mrs. H. T. Gardner, Council Chairman, to make arrangements for the party:

PROGRAM: Mrs. C. D. Arnold, Chairman, and Mmes. W. M. Qm.

J. D. Humphries, G. C. Keith, John King, Bill Bailey.

DECORATIONS: Mrs. Vernon Blackley, Chairman, and Mmes. Bernard Nebhut, J. W. Jettcoat, B. H. Kelley, C. C. Benham, R. M. Walker and H. T. Gardner.

REFRESHMENTS AND SERVING TABLE: Mrs. C. O. Bryant, Chairman, and Mmes. C. B. Evans, Edwin Nieman, Raymond Benham, Arvel Snodgrass, Lewis Walker, & Edward Brownlow.

SPECIAL GIFT COMMITTEE: Mrs. Keith, Mrs. Bryant.

DIST. TRAINING MEETING

The annual training meeting for Council Chairmen and Vice Chairmen, County Chairmen of the Texas Home Demonstration Association, and County Home Demonstration Agents will be held in the Board Room of the Plains Coop Oil Mill in Lubbock on Dec. 12. Mrs. Ross

"Just like dad's!" Western boots of matching design are just the thing for a family of real "pardners!" Looks like plenty of fun ahead for dad and the youngsters... and mother, too! Santa, please take notice!

Adamson, vice president for District Two of the Texas Home Demonstration Association, and Mrs. Aubrey Russell, District Agent for the Texas A & M Extension Service will be in charge of the meeting.

Plans will be made at this meeting for the district meeting of the T.H.D.A. which will be held in Big Spring in April.

Attending the December 12 meeting in Lubbock will be Mrs. G. C. Keith and Mrs. C. O. Bryant, the 1956 chairman and vice chairman of the Cochran County Home Demonstration Council; also Mrs. Arvel Snodgrass, County T.H.D.A. Chairman and your Home Demonstration Agent.

FRUIT CAKE

This recipe was published in this column and was very popular. It keeps well in the refrigerator or home freezer if wrapped in aluminum foil after it has cooled.

- 1 lb. coconut
2 cups chopped nuts
2 lbs. dates, chopped
1 lb. candied cherries, chopped
1 lb. candied pineapple, chopped
2 cans sweetened condensed milk

Mix all ingredients. Let stand 15 or 20 minutes then pack in lined pans. Bake 1 hour and 15 minutes at 300 degrees.

Morton

Lunchroom Menu

- MONDAY - Macaroni and Cheese, Battered Green Beans, Carrot Salad, Fruit Cup, Peanut Butter Strips
TUESDAY - Baked Ham, Pineapple and Celery Salad, Battered Carrots, Coconut Custard

- WEDNESDAY - Meat Loaf, Battered Sweet Potatoes, Tossed Green Salad, Bread - Butter, Baked Apples
THURSDAY - Lima Bean Casserole, Battered Spiced Beets, Cheese and Egg Salad, Whole Wheat Bread - Butter, Apple Sauce Cake

- FRIDAY - Tuna Sandwiches, Battered Peas, Mixed Salad, Pickles, Ice Cream

- 1/2 pint of milk

Sundown - Ralls

Tickets on Sale; Lots Of Seats Open

LUBBOCK - Final arrangements for the Sundown - Ralls high school football Class A playoff game which will be played in the Jones Stadium on Texas Tech campus Friday afternoon, Dec. 6 at 2:30, have been made. The City of Lubbock, Texas Tech's Athletic Department, and the Lubbock Chamber of Commerce have been cooperating with officials representing the two teams, including John T. Morris, Supt. of Schools at Ralls, and Billy Key, Supt. of Schools at Sundown.

Tickets were to go on sale Wednesday in Lubbock, Ralls, and Sundown.

The tickets, which will sell for \$1.50 and .50 (students) will be available at the Lubbock Chamber of Commerce, the Texas Tech office, Ralls Pharmacy, Western Auto, & Dismukes Pharmacy, Ralls, and at the school business office at Sundown.

Radio stations KFLD, Floydada; and KLVV, Levelland, will carry the game.

Outsiders Edge Whiteface Five in 3rd Overtime

The Morton outsiders basketball team won their first game of the season in the local gym here Monday night nipping Whiteface, 48 to 46 in a sudden death, triple overtime.

Morton got the tip in the third extra period and Pete Lindsey roared under for a sleeper layup to end the game.

Morton had worked a 20 to 14 lead midway in the third quarter and seemed to be pulling away. But Whiteface stole the ball and scored on four successive break-aways to take a 22 to 20 lead and no team ever had more than a two point lead from there on. The score was knotted at 24 to 24 at the end of the third quarter and 34 to 34 at the end of the game. In the first overtime, an eight minute affair, Whiteface scored in the last 20 seconds to tie it at 42 to 42. The overtime was a three minute affair and Whiteface evened it at 46 to 46 with 15 seconds to go. It took only four seconds of the third overtime to end the game. Scoring honors were fairly evenly divided in the first game. Morton leading Morton, with Larry Mann and Lee close behind; Whiteface, fairly evenly divided.

Billy Mohrwood, of the Morton team said this week the team will get together again for the Whiteface Court next Monday night. Anyone interested is urged to contact him at 414 Food Store.

HOME FROM HOSPITAL

Mrs. L. W. Barrett returned her home here Sunday from Phillips - Dugre Hospital, Lubbock, where she recently underwent surgery. She is reported in "good" condition.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
 AUSTIN, Tex. — Both special sessions of the Legislature passed all the bills for which Gov. Price Daniel called them. Mostly, by wide margins.

Even so, final days found everyone at sixes and sevens. House members and Senators wrangled among themselves. Each house argued at the other. And numerous lawmakers found ways to show they were put out with the governor.

Both houses gave lip-sided approval to the two bills requested by the governor to bolster local control of schools. One allows closing of schools threatened with federal occupation. The other empowers the attorney general to assist local

districts in fighting anti-segregation suits.

Then, another bill was proposed to allow county judges to require registration of organizations attempting to interfere with public school operations. Sponsors said it was aimed at the NAACP.

Though there seemed to be no large block of opposition to the measure itself, hazy technicalities stretched out the time table. Some legislators accused others of deliberately prolonging the session to embarrass the governor. Each day (including weekends) made a \$1,650 bite into the governor's emergency fund. House members said Senators were sticking around to have the last word in their feud with the Insurance Department.

Whatever the cause, it seemed evident that the Texas Legislature can't be turned on and off like a faucet.

HINDSIGHT — Renewal of the contest over tidelands ownership brought criticism of Gov. Daniel's role in the federal tidelands law.

Sen. Dewey B. Hardeman of San Angelo said he felt Daniel should have seen to it the 1953 law recognized specifically Texas' claims to lands 10 1/2 miles out.

Daniel, then a U. S. Senator, sponsored the federal law. At present a federal suit challenges Texas' claim to land beyond three miles.

Daniel retorted that if Hardeman would read the bill he would find it gives each state title to boundaries "as they existed at the time such state entered the union." Texas Congress fixed the coastal boundary at 10 1/2 miles into the Gulf, said the governor.

Hardeman replied Daniel should have attached a map to the bill.

NOT HAPPY — Dissatisfaction of a number of Senators with the Insurance Department seems unlikely to simmer down.

Senate investigating committee indicated it is still not through with its inquiry into the Department's delay in action on an unfavorable report on Preferred Life. It recessed after hearing two assistant state auditors confirm the examiner's finding of irregularities in the company.

Sen. Grady Hazlewood stressed the committee's findings in a speech explaining why the Senate had turned down the Insurance Board's appointment of William A.

Harrison as commissioner. He said the Senate felt Harrison had been remiss in not taking immediate action against the company.

Senate finance committee turned critical questions on the three board members for having questioned the Senate's right to pass on Harrison's appointment. Board appeared to ask a bill authorizing the department to reduce the number of examiners and raise salaries.

LAND BUY OKAYED — Legislature moved forward another step in plan for a consolidated state government center in the heart of Austin.

Both houses passed a bill authorizing purchase of two blocks northeast of the Capitol for a Texas Employment Commission Building.

Overall plan is to ring the Capitol on three sides five new buildings. Included will be the State Courthouse, state office building, Insurance Building, TEC Building and library and archives building. Cost is estimated at \$20,000,000 all to come from various special funds rather than general revenues.

OIL LEASING HELD UP — Excessive importing of foreign oil was blamed for the Texas School Land Board's decision not to hold an oil and gas lease sale in February.

Board members said the market is too depressed to make a sale worthwhile. "There's no use putting up our school lands at a cheap price to let the oil companies profit still more because of their excess imports," said Governor Daniel.

At least one large oil company has informed the state it may pay rentals on present leases of submerged land under protest pending outcome of a federal suit contesting state ownership of a portion of the tidelands.

A CHANCE TO SPEAK — Citizens in every county will be given a chance to say what kind of schooling is needed to equip Texas youngsters to live in a space age.

A school study committee set up by the last legislature plans to ask local county committees to submit ideas. Called the Hale - Aiken Committee, the 24-member panel is made up of Legislators and private citizens.

They've promised to heed the wishes of interested citizens in the re-

shorter staple length cotton, and (2) if we do this research will be hard at work finding more ways in which short staple length cotton, of good quality, can be put to use.

Well sir, the pilot spinning plant is a part of this process. You often must get someone to "taste" your product before they'll consider paying money for it. This is true in almost every field. Hence samples. This pilot spinning plant is another way to bring home to cotton buyers how well spinning machines will take our cotton; how they should be adapted to best handle our cotton, etc.

MONEY READY — State Liquidator J. D. Wheeler repeated an earlier statement that he is ready to start making payments of about 33 cents on the dollar to US Trust & Guaranty Co. creditors.

He's been ready since September, said Wheeler, but a court fight among creditors has blocked action. His statement was apparently prompted by legislative criticism of "too slow" liquidation proceedings.

ASHWORTH'S RESUBSCRIBE TO TRIBUNE, ARE DOING FINE
 Word comes from W. M. Ashworth

COTTON PLAN — (Continued from Page One)

should take on increased importance when it is noted the United States Department of Agriculture is interested and will meet with the group on Dec. 5th.

Just what is this pilot spinning plant? In a nutshell, it's another important step in marketing our South Plains Cotton.

Experiments conducted in the plant will enable our "sellers" to know — and even show — cotton buyers for the big mills just what our cotton will do — in other words, how it will handle in the spinning process.

For the past two years we have been hammering two things home to the area farmer. (1) cotton isn't as well grown here with long staple length and the problem for us is to produce the best quality of

CHEVROLET SETS A NEW STYLE IN STATION WAGONS!

The new Nomad—the last word in station wagon style and distinction... 4-door 6-passenger.

Two new Brookwoods—4-door 6-passenger and 4-door 9-passenger models.

Two new Yeoman wagons—2-door 6-passenger and 4-door 6-passenger. Smart, durable all-vinyl interiors.

'58!
CHEVROLET
 FORWARD FROM FIFTY

Wonderful's the word for Chevrolet's five new station wagons! They're boldly beautiful with new length and lowness, new sculptured grace. They're boldly engineered with new ideas that make loading easier, riding smoother, driving happier.

Meet the year's smartest station wagon set—Chevrolet's five new wagons for '58.

They're more than nine inches longer, dramatically lower. The liftgate is hinged into the roof and raises completely out of the way for easier loading. Safety plate glass in all windows gives you crystal-clear visibility.

No station wagon built ever carried loads with more ease or passengers with more comfort! Chevrolet's new standard Full Coil suspension cradles you on deep coil springs at every wheel. And you can have a real air ride as an extra-cost option.

You can choose from two- or four-door, six- or nine-passenger models with livelier V8 or 6 engines. Stop by your Chevrolet dealer's and look over the year's smartest wagons.

Only franchised Chevrolet dealers display this famous trademark **CHEVROLET** See Your Local Authorized Chevrolet Dealer

ALLOTMENTS -

(Continued from Page One)
 been made yet," the committee man said, "but there will be a few new farms making application for allotments before planting time; however, they will not receive many acres allotment, because the county does not have them. The County Committee does not intend to establish a large reserve for new farms, because all such acres would have to be taken from the old cotton farms in the county."

Hickman went on to explain Cochran County received 2,383.7 acres from the 6 per cent State Reserve and "this prevented us from being cut in an amount equal to that acreage. The county allotments were based on the acreages planted in all counties in 1952, 1953, and '54, '55, and '56."

"The 1951 planted acreage was dropped this year, and that was the largest planted acreage Cochran County had to base its allotment on; however, the law requires that all counties receive as much as 30.5 percent of their 1957 allotments. If the allotments had been distributed from the State Office on a strictly history basis Cochran County would not have fared so well, because the cut would have been approximately 3,000 acres. This would have been due to our low 1952 planted acreage, and the dropping of the 1951 acreage in figuring the 1958 allotments."

Asked if the fact that our original acreage was cut so much wouldn't hurt us in the future, Hickman said that the extra acreage we got in hardship acreage would keep the low original acreage from damaging the county.
 Asked about the new ACP practices for 1958, Mrs. Ruth McGee, County Office manager said those

would be released about mid December but a bulletin issued by the ASC office noted that funds are available for carrying out the following ACP Practices (under the 1957) program which must be completed by January 1st: reorganization of farm irrigation system by installing concrete or steel pipe; deep plowing (15 inches or deeper); and application of cotton burrs.
 The practices to be announced in mid-December will begin on January 1st.
 The Tribune regrets they failed to check with the SCS office in time to get their new list of soil conservation practices for which pay-

ments can be made. Mr. Hickman said he had that list but would rather the SCS office release it.
 The bulletin put out by Mrs. McGee, also noted that applications for Conservation Reserve Contracts to begin with 1958 may be filled out now; the closing date will be April 15, 1958. There are very few changes in the Conservation Reserve Program for 1958. Contracts must be for at least 5 years and may be for 10 years. The annual rental is \$10 per acre.
 Finally, she noted a few producers have not secured their 1957 marketing cards and can pick them up, or they will be required to request.

Wednesday Fire At Nalley Home

A fire which broke out in the rear storage building at the G. W. Nalley home in south Morton around 1:00 p.m. Wednesday, destroyed most of the items stored in the building but did little other damage.
 The frame, cement walled one room structure was heated by a gas stove where it was believed the fire originated. The small structure was gutted but Nalley said there wasn't a lot of things there worth much money.
 Firemen quelled the blaze in about 30 minutes but the flames had completely engulfed the building before they arrived.
 Nalley's house, about 25 feet further toward the front of the lot was not endangered.

Warns Residents To Keep Eye On Their Possessions

Sheriff Hazel Hancock issued a word of caution to local residents & farmers in the area, this week.
 Hancock noted that most of the remaining transient workers will be leaving in the next week or two, and urged everyone to be doubly cautious with their farm equipment and belongings.
 Hancock said, while by far the majority of the transients are honest people, that a good time for dishonest people to pilfer things is just before they are leaving an area.

Young Matrons Plan Party for December 19th

The Young Matrons' Junior Study Club met Monday, November 25, in the home of Mrs. Don Mc Dermott.

Mrs. Bob Mayon gave a very interesting book review and showed slides taken in Korea with the intention and result of making each member more conscious of how much we have to be thankful for, as the Thanksgiving program.

A successful report was given on the club sponsored fashion show.

The Christmas party was discussed and will be held, December 19 at Morton Country Club. Names were also drawn. Each member is to bring a new toy to be given to the less fortunate at Christmas with the other toys and baskets are distributed.

Those present were Mesdames Sammy Leverett, Kenneth Mc Masters, Louis Russell, Buddy Hanna, Jerry Winder, Ike Williams, Roy Tarver, Jr., Kenneth Watts, Jug Hill, Bill Bridge, Steve Monroe Bob Mayon, Lowell Webb and the hostess, Don McDermott.

THE RIVAL WORLD

MAN'S ENDLESS WAR AGAINST THE INSECT

TIMBER!

WILL THIS HAPPEN IF YOU SLAM YOUR FRONT DOOR?

IT MAY MEAN TERMITES HAVE BEEN AT WORK. HERE'S A CLOSE-UP OF THE DESTRUCTIVE PESTS.

the enemy: CALLED "WHITE ANTS" TERMITES ARE NEITHER WHITE NOR ANTS. THEY ARE GRAYISH AND HAVE NO WAIST. ANTS HAVE A PINCHED-IN MIDDLE. TERMITES HAVE NO LARVAL AND PUPAL STAGES (LIKE ANTS) BUT ARE TERMITES.

the attack: FROM COLONIES OF UP TO ONE-QUARTER MILLION, TERMITES RANGE OUT TO FEED IN TIMBER. OF WOODEN STRUCTURES UNTIL ONLY A SHELL REMAINS. THEY CAN DIGEST WOOD BECAUSE OF PROTEIN IN THEIR STOMACHS. THEY CAN ALSO DESTROY CROPS, STORED GOODS. THEY MUST HAVE MOISTURE TO LIVE.

man's counterattack: PEST CONTROL OPERATORS USE POWERFUL NEW INSECTICIDES CONTAINING DIELDRIN. MIXED WITH THE SOIL, THEY PROVIDE A POISONOUS DEFENSE BARRIER (AROUND HOUSE FOUNDATIONS), YET DON'T HURT PLANTS, AND LAST FOR YEARS.

IN AMARILLO HOSPITAL

George Bowlin of Morton was transferred from Morton to Amarillo veterans' hospital Monday by Albert Morrow, county service officer for veterans. Bowlin's condition was reported as 'fair'.

Six A. F. and A. M. Members Attendi'g State Meeting

Six members of the A. F. and A. M. Antelope Lodge, Morton, are attending the 122nd Grand Communication of the Grand Lodge of Texas in Waco.

They are Alec Daricek of Maple, senior warden here, Jerry Winder, Bob Allen, Gene Huggins, C. A. Moore and R. K. Lindsey.

The group left here Tuesday and expect to return sometime Friday.

The program was to begin Tuesday night with a special presentation by Masons of the 61st District.

Guest speaker at the communication will be Chief Justice Matthew W. Hill of the Washington State Supreme Court.

GETTING ALONG BETTER

Mrs. Robert Fly, injured in an auto accident between Lehman & Whiteface a few weeks ago, and later transferred to a Lubbock Hospital, was reported by a member of the family to be doing better on Tuesday. Mrs. Fly, the daughter of the G. G. Nesbitts, suffered a broken back and was placed in a cast and later developed phlebitis in one leg. The family member said doctors had nearly cleared up the phlebitis.

VISITED DAUGHTER

Mrs. Polly Paulk spent part of last week visiting her daughter & family in Lamesa. Mr. and Mrs. Sol Cleveland and children, Jim, Bill and Bob.

Engagement of Kay Doss Is Told

Mr. and Mrs. Truman Doss of Morton are announcing the engagement and approaching marriage of their daughter, Kay, to Bob Polvado, son of Mr. and Mrs. E. L. Polvado, also of Morton.

The wedding has been set for Sunday, Jan. 26, at the Church of Christ in Morton.

Virginia Nichols, Wayne Short Wed In Ceremony at Bledsoe Baptist, Sat.

The Bledsoe Baptist Church was the scene, Saturday, November 30, at 8 p.m. of the wedding of Miss Virginia Nichols and Wayne Short which was solemnized.

The bride is the daughter of Mr. and Mrs. E. Nichols of Bledsoe & Mr. Short is the son of Mr. and Mrs. Short of Vernon.

The church was decorated with greenery and candles, highlighted with tall baskets of white chrysanthemums. The Rev. Harris performed the double ring ceremony.

Rita Young sang "Whither Thou Goest" and "I Love You Truly," and "The Lord's Prayer" was sung by Tom Williams as the benediction.

Given in marriage by her father, the bride wore a white length dress of nylon tulle over net and satin. The full skirt featured 3 tiers of silk lace with matching belt. Her silk illusion veil was pinned to a white satin pillow hat. She carried red roses atop a white Bible.

Mrs. Jay D. Standerfer of Clovis attended as Matron of Honor, and Mrs. Raymond Lewis of Levelland was bridesmaid. Both are sisters of the bride. They wore identical dresses of red tulle with full skirts and carried white chrysanthemums. Candles were lighted by Nancy Thomas and Mrs. Peggy Thomas. Flower girl was Mary Jane Griffith and the ring was carried by Benny Ralls, both of Bledsoe.

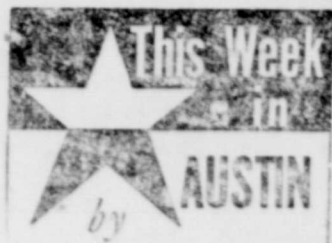

A friend of the groom served as best man while ushers were Raymond Lewis of Levelland and Jimmy Sample of Seminole and Lewis Young of Bledsoe.

A reception followed the ceremony in the home of the bride's parents.

The white lace covered table was centered with a wedding cake and decorated with the bride-made bouquets. The couple left immediately on a wedding trip.

The bride selected a coffee brown tuxedo suit and black accessories for traveling.

They will be at home in Tatum, New Mexico.

Senator Preston Smith

Looking back at the second special session, one thing stands out. While legislators were involved in considering how to keep paratroopers off Texas school grounds the second special session may have been the first such governmental body to take concrete steps toward keeping up with Russian technological advances.

In the midst of confusion concerning the anti-troop bill, the House completed final action on a concurrent resolution instructing the commission on higher education to coordinate a statewide program to study the feasibility of state encouragement for graduate study in mathematics and physical sciences.

This resolution asks that a report of the study's findings be made at the next Legislature.

Prompting this action was an address by Dr. Frederick Eby mentioned last week in this column, for his startling disclosures that Texas schools are not offering anywhere near the scientific courses of study available to Russian children.

Dr. Eby's talk also brought about other observations which prove interesting to most of us connected with the special session.

First of all, it is strange that neither Texas school superintendents, P-TA groups, classroom teacher leaders, school board members — the groups so active in the Capitol just a few months ago when the teacher pay raises were being debated — none of these people have spoken for or against the two measures that have affected their school systems as seriously, if not more seriously, than pay raises.

While integration, anti-troop laws and other points of real concern to Texas Public schools were being discussed, very little in the way of information or thought was produced from the very people who have most of the facts dealing with this legislation.

In checking with several lawmakers, a survey showed that most of them hadn't gotten any letters or phone calls on the anti-troop bill or the other school bills. A typical reply was: "I have not been contacted by one single letter or telephone call by any of those people on the bills before the Legislature now. I'd really like to have their views."

Senator Fly of Victoria summed it up this way: "I don't know where the school people are now but rather than fight over their personal benefits they ought to be down here fighting for their schools."

SWATH BUSINESS

There is a growing suspicion in Washington that a portion of the government's program of "stockpiling" so-called strategic materials is merely a plan to give some foreign monopolies a surplus program such as afforded to the American farmer.

The government now has stockpiled 1,200,000 tons of natural rubber.

It is also significant that the production of natural rubber is a virtual British monopoly, and that it was not too long ago British rubber interests publicly complained that their production of natural rubber had fallen to slightly below 25%.

As a matter of fact, with the great investments made in synthetic rubber, natural tree rubber has become almost as obsolete as the buggy whip. There are a few minor uses where natural rubber is best, but by far in most applications such as tires, hoses, other uses, synthetic rubber does job better.

Actually, without government buying up natural rubber and storing it away, price of the natural product would undoubtedly drop to quite a low level.

American rubber industry leaders say that in event of a national emergency, of serious proportions, nation could be entirely independent of foreign rubber.

Last year, when due to a heavy worldwide demand of rubber, the price of natural rubber was being boosted, an effort was made to get government to release a part of this vast store as it would have been the most logical time for the taxpayers to get back a reasonable share of the money that has been poured into an expensive stockpile. Government refused to do so.

But so far this year, reduced demand for rubber has brought the price of natural rubber down, so that it would be hard for government to get back a fair share of the investment.

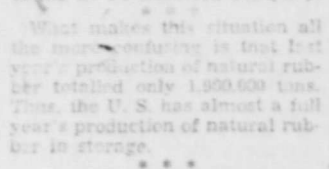

It very much appears that natural rubber bears the same relation to synthetic rubber that silk does to cotton. In other words, premium price is paid for synthetic because of its better qualities, and natural product is considered secondary in value.

Thus, there is no telling what price levels natural rubber would have dropped to by this time, to the detriment of the British monopoly, had not the U. S. been quick to support the product with huge stockpiles.

At the present time, when not only Congress, but the entire nation, is appalled over the extraordinary high federal budget, it would perhaps be the logical time to launch a probe to get at the bottom of this situation.

Obviously, the American taxpayer is paying huge sums to price support American farmers.

It would be quite ironical if it developed U. S. taxpayer is also being assessed to price support British rubber tree farmer.

Senator Preston Smith

As a matter of fact, with the great investments made in synthetic rubber, natural tree rubber has become almost as obsolete as the buggy whip. There are a few minor uses where natural rubber is best, but by far in most applications such as tires, hoses, other uses, synthetic rubber does job better.

Actually, without government buying up natural rubber and storing it away, price of the natural product would undoubtedly drop to quite a low level.

As a matter of fact, with the great investments made in synthetic rubber, natural tree rubber has become almost as obsolete as the buggy whip. There are a few minor uses where natural rubber is best, but by far in most applications such as tires, hoses, other uses, synthetic rubber does job better.

WHITEFACE SUPT. SAYS THANKS FOR SUPPORT OF ANTELOPE TEAM

Supt. Nathan Tubb of Whiteface this week personally thanked the merchants of Morton and the folks of Morton for the words of support for the Whiteface Antelopes in their football games this year.

"We especially appreciated the full page ads in the papers sponsored by the Morton merchants," he said.

He added, "our community was as disappointed as yours when the Indians did not win their district."

The only 1958 car that offers more of everything you want... yet is priced lower than in '57

Here's great news! While prices of 1958 cars of other manufacturers are up, the price of Ford's exciting new Custom 300 Series is down. A brand-new 58 Ford Custom 300 with all of its exciting new styling and engineering advances is priced lower than a '57 model, similarly equipped!

World approved styling. A Custom 300 brings you styling that is dramatically new. With its Honeycombed grille, Slitstream roof, Deep-Sculptured rear deck, and Safety-Twin headlights and taillights, Ford styling drew admiring glances from Paris to Saigon... yet it's yours now in any 58 Ford Custom 300 without extra cost!

New handling ease. Slide behind the wheel of a Custom 300 and you'll soon discover just how much fun driving can be. Notice how smoothly it handles. That's Ford's new feather-touch Magic-Circle steering, the next best thing to power steering.

New riding comfort. Notice, too, the solid comfort of your ride. That's Ford's easier-acting front and rear suspensions. They soak up the bumps before they reach you.

Thrifty, new engines. You have a wonderful choice of new, more efficient power plants... designed for real gas-saving economy plus greater performance. Six or V-8, they give you more power, smoother power, from less gas!

Priced as much as \$50 lower. A comparison of manufacturer's suggested retail delivered prices shows that a 58 Ford Custom 300 is priced as much as \$50 less than the same model for '57! You'll wonder how Ford can offer so many of the things you want in a car priced so low. One big reason: Ford gives you more car for less money, because Fords sell more!

See and drive a Custom 300 and we believe you'll agree that these Fords give you more real value for your car-buying dollars than any car on the American road today.

FHA Held Its Christmas Party On Monday

The Morton FHA Chapter had their annual Christmas party on Monday, December 2, in the school cafeteria. Games were led by Barbara Waltrip, Carol Bridges, and Jean Wells.

To carry out the western Christmas spirit the gifts were handed out by Clayton Flanagan playing the role of a lay western Santa Claus. Peggy Willoughby gave a humorous talk about how Morton was to beat Muleshoe Tuesday night (and they did).

Cakes and cookies were served to the more than fifty people attending the party.

The group did not forget those less fortunate than they. Seventy-two Christmas cards were brought to the party to be sent to the State Mental Hospital for the patients to send to friends and relatives.

LOCAL FARMERS HEAR OF EXPERIMENTS BEING CONDUCTED AT RENNER STATION AT HALFWAY

Dr. Tom C. Longnecker, of the Experiment Station at Halfway, who spoke to a gathering of Morton farmers and merchants at a luncheon last week, had quite an interesting 20-minute talk about the one year history of the newest experiment station and what they are doing.

Longnecker, a 1935 graduate of Purdue University, at Lafayette, Indiana, has been with the Renner Foundation since 1947. Tracing the

history of the Renner foundation, he noted that it was started by a group of Dallas businessmen on the north city limits of Dallas in 1914 and that since its foundation, funds have been about 80 per cent supplied by businessmen. It started with 100 acres and a \$15,000 budget for the first year and grew to embrace 850 acres and a \$425,000 budget with \$2 million in capital improvements.

In 1956 substations were established at Henderson, Corpus Christi and Abilene, all small acreage plots. Also that year a group met at Muleshoe and Plainview asking the Renner Foundation to set up a station in this area. They felt that the Lubbock Experiment Station, under A & M College, did not give results applicable to the type of soils found out this way. After a number of meetings the station was established with a quarter section of land, conducting experiments for a 19 county area.

Since it was voted to establish the station last year, much more land has been added and the site of the station is on Highway 70, about halfway between Plainview and Olton. The land is level, easily accessible, easy to apply water to, and easily visible from the highway.

They have added an experimental recharge well and added other well; these are the only improvements of that nature to the original land; though it has been prepared many ways.

They started out with experiments on cotton, grain sorghum, and wheat and have spread to several other crops including castor beans, sesame, soybeans, and others.

One of the biggest experiments they have been carrying out, Dr. Longnecker told the group, concerns the use of fertilizers on cotton, grain sorghum and trying to determine just how much nitrogen can be put on without delaying the growth of the crop. He joked that the test plot had suffered nearly every kind of weather, both detrimental and beneficial, possible, in this very first year. He said complete figures on crop production are to be released as soon as possible. They found they could go pretty high, he said, with putting nitrogen on the land but as the phosphate was added, they began to get a depression in yield.

They compared rates of seeding, and number of plants per bed to 3 fertility rates. Their rates of seeding were 5.6, 7.1, 8.4, and 10.2. They experimented with one and two rows per bed and with 100 and 200 lbs of fertilizer per acre.

Results, so far, tend to show that lighter rates of seeding were best regardless of the other variations, 100 lbs of fertilizer, light rate of seeding, and two rows to a bed appear to have given the best yield. Nitrogen applied just before or just after seeding far outstrips the effectiveness of late season application of nitrogen.

Dr. Longnecker, emphasized in closing, they are not trying to take the place of any existing experiment stations. He emphasized that all the stations are working cooperatively and that with the differ-

ent types of soil, weather, etc., there was plenty of room for all of the stations and the farmer would have to take his choice of which conditions at which station most nearly fit his situation.

INDIANS WIN -

(Continued from Page One)

more damage to Muleshoe than it did Morton. The Indians finally lost Flanagan in the fourth quarter on fouls but Oike Alexander, Roger Atchehi and Darrel Oliver all went out on fouls for Muleshoe in the fourth stanza.

What really beat the Mules was a bit of frigid shooting from the floor. They caged only 3 field goals in the first half and 10 in the game. This coming from 46 shots for a weak 22.2 percentage. On the other hand Morton caged 14 of 42 for a 33.3 mark, considered fine in any league and especially good for a first outing.

The girls had a humdinger of a battle. Muleshoe took a 16 to 13 first quarter lead but Morton outshot them in the second quarter to go to the locker rooms with a 35 to 34 edge at halftime. Muleshoe got the edge again 51 to 48 at the three quarter pole but Morton erased the margin in the first 40 seconds and led 52 to 51. That was the last time Coach Travis' girls saw the lead. They slipped behind and on several occasions cut the margin to one point only to have long set shot sniping and freethrows put the Mulesets farther in front.

This too was a very closely officiated game and with 20 seconds to go in the game Morton's Delores Stephenson flipped in two free throws to cut the margin to 67 to 66. Had Morton been able to get the ball a basket or a foul would have won or tied the game. But the overanxious Morton guards just did n't know how to go about it and as they looked to the bench for instructions they let a Muleshoe girl go under for a basket unguarded.

Nevertheless, this too was an excellent showing for the Maids in their first game out. Morton's Delores Stephenson and Muleshoe's Gwen Williams each notched 32 points for scoring honors but they were hand pressed by Fincher with 27 for Morton and Holt with 25 for Muleshoe. A huge number of fouls were called and six players were whistled out of the game.

In the boys game, Morton jumped off to an early lead and were never headed, though always threatened. On the center jump Morton controlled and passed the ball to Ed Gattis who fired a jump shot with four seconds gone for a 2-0 lead. Gattis remained the sparkplug hitting three field goals in the initial period and Muleshoe stayed in contention only on the fouls they were able to convert. Morton had 8 fouls at the end of that first quarter and Muleshoe sank six free tosses. The score was 13 to 10 and on the jump to start the second quarter the Indians duplicated their opening tipoff play, Middleton scoring with just five seconds gone. Here Coach Travis instructed his boys to just stand in the rear of the forward court and practice ball handling until they could shake a man loose for a shot. He had already taken Flanagan out and was afraid of losing all his men by the foul route, so decided to play possession ball. The Mules refused to come and get the ball and the Indians stalled away five minutes on two possessions of the ball. As the half ended they held an 18 to 12 lead but had picked up only two more fouls.

Midway through the 3rd period the Mules cut the Morton margin to 20 to 19 and were seriously threatening but Clayton Flanagan came off the bench to help on the rebounding and Middleton and Gattis paved the way to a 30 to 21 lead at the quarter; Brownlow chipping in with four quick points.

The fourth period could have been a rugged one for Morton. Muleshoe cut the lead to 30 to 27 but began to get overanxious as Morton played possession ball and four errors and eight fouls in the final period, let Morton keep a healthy lead. The Indians cashed six free tosses to go with 3 baskets and won going away.

Attesting to the fine team spirit of both teams, scoring very evenly divided. Morton's Gattis and Middleton each got ten points as did Bob Sanders for Muleshoe. Eddie Thompson added eight and Wood and Brownlow six each for Morton.

Though Flanagan was held to just two early in the game free throws, the Indians evened this disadvantage by holding 20 point per game man Bill Black to only six for the Mules. Black got his share of rebounds but caged only three of 18 shots from the field and failed to hit a free throw.

The victory also enabled Morton to avenge one of last season's few losses, an early season defeat at the hands of Muleshoe. It was the first loss this season for Muleshoe which had defeated Levelland last week by 15 points.

Muleshoe did far better at the free throw stripe, caging 16 of 23 shots while Morton was dropping only 14 of 24. But both marks are creditable for early season performances. Muleshoe grabbed seven more rebounds than did the Indians.

High School's Honor Roll Is Released

Jim L. Kidd, principal of Morton High School has announced the list of 12 students who made the second six weeks "A" Honor Roll at Morton High School.

Included on the list are six seniors and three each juniors and sophomores.

Seniors earning the select honors were LaVelle Benham, Jerry Beth Lebow, Ronald Lindsey, Ray Ann Ross, Dolores Stephenson and Bill Wood.

Honor students in the Junior class were Suste Hawkins, Carol Leavitt, and Judy McCuistion.

Sophomores are Henrietta Bedwell, Mary Ledbetter and Charlene Spencer.

PRACTICE SET FOR TONIGHT: 8 O'CLOCK

The Morton outside basketball team will practice tonight, (Thursday) at 8 o'clock in the local gym. It was announced by Bill Mohmood. Anyone interested in working out for the team is urged to join in the practice sessions.

NEW TRANS-PORTABLE... The car radio that goes where you go... lends enchantment to

OLDSmobility

THE NEW MEASURE OF PLEASURE FOR THE ROCKET AGE!

NINETY-EIGHT HOLIDAY SEDAN

Just pull out Oldsmobile's Trans-Portable Radio with attractive Hide-A-Way Handle and you have a compact, lightweight radio to take wherever you go. Easily slides back into dash and double-locks for theft protection.

The stunning Trans-Portable Radio is transistor equipped and powered by a long-life, 160-hour battery when used as a portable. For motoring use, it automatically connects with the car's regular electrical system.

Get the Features of the Future... in a '58 Olds!

So new! So practical! And so convenient! Oldsmobile's Trans-Portable Radio actually combines a car radio and a personal portable in one neat package! And it's just one of the fresh ideas that make OLDSmobility a totally new way of going places and doing things. You enjoy sure-footed safety with Oldsmobile's new Anti-Spin Rear Axle* that transmits power to the wheel with the best grip on the road—gives you new control in snow or mud and on ice! Brilliant new "Mobile Look" Styling is distinctive, original... in marked good taste... inside and out! And it's so easy to "see"... there's clear-vision Safety-Plate Glass all around! The famous Rocket Engine, too, is greater than ever... delivering all the performance you can use with greatly improved gas mileage! So, enter the world of OLDSmobility... at your dealer's now!
