CITY COMMISSION TOLD EXTENDED AREA PHONE SERVICE PROGRAM HAS HIT CONTRACT SNAG

In a three and one half hour session Monday night, the Morton City Commission concerned itself with several major problems not arriving at a definite solution to any of them, but making a decision in a few minor difficulties.

Major issues, because they involved a large group of people, concerned the proposed extended area telephone service and street paving. D. E. Lancaster and members of the Board of Directors of the Five Area Telephone Cooperative met with the group to explain at what point the contract between the REA and General Telephone was unacceptable. The two groups have been unable to reach an agreement because of what they called a "settling agreement", a sum in excess of \$500 to be paid monthly by the cooperative to General Telephone.

Setting protest hearings, and later, if a solid majority of folks "want to go" then proceed with the paving. They said the fiscal agent "may accept liens against some persons who didn't want to go."

Questioned about the "force" approach, Schmeiding said he never knew of a completely voluntary plan that would carry on paving, except in the instance where paving units were set up in a brand new subdivision.

Then Schmeiding and City Secretary Joe Seagler agreed that they didn't think any person in the group already contacted wouldn't go. They talked about the possibility of citizens arranging Title One loans to cover the payments, and the plan to pay one-third down with the balance in two years.

A discussion was held on an excessive gas bill charged to a firm now out of business, through an unfortunate error by using a faulty meter. The Secretary was instructed to find out how much excessive charges had been collected.

A discussion was also held on the installation of 3,000 feet of gas line and the secretary asked permission to get ready to order sewer line, both to be installed in new areas south of Grant St.

A discussion was held concerning the police department and police methods. The Commission made recommendations to the secretary to be observed by policemen.

A discussion was made on the covered garbage can ordinance which was again tabled, with all present voting aye.

The Commission voted unanimously to set aside \$5,000 in two separate funds, one for water re-

FLOATS NEEDED TO 'SPRUCE UP' RODEO PARADE

Attention all organizations that have entered floats before in the rodeo parade or who have contemplated entering.

The Rodeo Association, in order to build a better parade and more handsomely reward those who put in the extra effort of constructing floats, are offering \$25 first prize for the winning float; \$15 for second place and \$10 for third place.

Beth Gandy, in charge of the floats, has urged all clubs and organizations interested to contact her immediately. A \$5 entry fee will be charged for each float.

Thus far, only one organization has entered a float, Beth said on Monday.

TRYING TO SET UP MEETING WITH CITY

Paul Farrar, area manager for General Telephone Company of the Southwest was in Morton Wednesday planning to set up a meeting with the Morton City Council to inform them "where they stand" in the current talks with the Five Area Telephone Cooperative concerning Extended Area Service contracts.

NEW COUNTY ATTORNEY NOT NAMED; ACTION EXPECTED WITHIN FEW DAYS

By EDDIE IRWIN

The Cochran County Commissioners Court officially received the resignation, Tuesday morning of this week, of County Attorney M. C. Ledbetter, to accept the appointment as District Judge of the newly created judicial district.

Asked about the possible appointment of a successor to Ledbetter, Tuesday morning, Judge Glenn Thompson showed the letter of resignation dated August 4th.

The County Judge then explained that while discussion had been held with interested individuals and among members of the Court, since it became common knowledge the attorney was accepting the new appointment, the Court as an official group had not taken any action concerning an appointment, since

they had received no official resignation until Tuesday.

"I know a lot of people will find it hard to believe," the judge said, "but we've been so busy on other matters we just hadn't got around to official consideration."

A Tribune reporter had called upon the judge to ask about the situation in view of the many rumors that had been heard around town for the past few months.

Judge Thompson intimated that an appointment would probably be made very soon, and also they hoped to give Mr. Ledbetter's successor a months notice, but it hadn't worked out that way.

He was also asked about persons applying for the post and said that Grover D. Edgar, the only other practicing attorney in the county had applied for the post and several out of county attorneys had visited the county and had written letters concerning the appointment.

Asked about legal aspects of necessary qualifications, the judge said he had received some opinions on the matter, but they were not for publication because they were of a confidential nature.

LOCAL POSSE FAILS IN BID FOR PLACE AT HERFORD

The Cochran County Sheriff Posse failed to place in stiff competition at the Hereford parade last week.

Winning first place was the XIT group from Dalhart; second, Plainview; and third, the Roosevelt County Mounted Patrol of Portales, N. Mexico.

Conducts Revival In Rock Spr'g, Wyo.

Minister Cecil Williams of the Morton Eastside Church of Christ plans to leave here today for Rock Springs, Wyoming, where he will conduct a revival meeting.

Minister Williams and family plan to be back in Morton by August 19.

Making the trip with them will be Foy Howard of Anton, father of Mrs. Williams, who will conduct the song service during the meeting in Wyoming.

The insurance man asked about a situation in which an employee could be injured, draw full pay and then get workman's compensation for being injured. He was assured this idea had been considered and the situation had been erased by the city's new policy that pays workers only two weeks salary after injury.

The insurance man made the

Registration Dates Announced for Students In All of Morton Schools

Registration schedules for Morton High, Junior High, and Elementary schools were released this week by the three principals.

The high school schedule, as released by Tom Pate, principal, calls for registration of seniors on August 17.

Juniors will report on August 18, and sophomores on August 19th.

Elmo Smith, Junior High principal, said the ninth grade will register August 17, the eighth grade on August the 18, and the seventh on August 19.

Students are asked to come to their respective buildings to pick up the schedule for the 1959-60 term. If the schedule needs changing, it will be done at this time.

New students should report to their respective buildings to register and to be scheduled.

Any student who cannot re-

Three Way School Faculty Complete Board Will Hire Assessor-Collector

The Three Way School Board, in regular session, Thursday night, July 30th, completed election of its teachers for the fall term and made other plans for the opening of the next school year.

The group voted to elect a Tax-

Assessor-Collector for the 1959-60 school term. That person will be named at a meeting set for Thursday night, August 13th. Anyone interested in this position is invited to meet with the board on that night.

Teachers elected for the 1959-60 school term are as follows:

Mrs. Georgia Perkins will teach the first grade. She has taught in Morton the past three years and replaces Mrs. Cynthia Hughes who moved to Levelland. Mrs. Perkins has had several years experience.

Mrs. Dewitt Allsup of Morton is to teach High School English and typing. Mrs. Allsup taught at Hart last year and also has had several years teaching experience.

Ray Ware, a graduate of Eastern New Mexico will teach science in (See THREE WAY, Page 8)

REV. HOWARD LYONS

Revival to Open At 3-Way Baptist Sunday Morning

Rev. Howard Lyons, pastor of the College Heights Baptist Church, Plainview, Texas, will be the evangelist for a revival at the Three Way Baptist Church, Maple, Texas. Dates of the revival are August 9-16. Time for the morning services has been set at 9:30 a. m. Evening services will be at 8:30 p. m.

Tommy Lyons, a high school junior and son of the evangelist, will have charge of the music.

Rev. Lyons has been pastor of the College Heights Baptist Church for some three years. Prior to that time he held pastorates at Paducah, Texas and White Deer, Texas, among other places. He is a graduate of Hardin Simmons

University and a former employee of Phillips Petroleum Co. a job which he left to enter the ministry.

Byron D. Hardgrove, pastor of the Three Way Baptist Church, extends a cordial invitation to everyone to come hear this spiritual man of God.

Seating Set for Reserved Seats In New Bleachers

Seating plans for the new grandstand to be installed at the Indian Stadium have arrived and reserved seat tickets are now being printed. Plans to sell the tickets, which reserve certain seats in the grandstand for the entire season of home football games will probably get underway some time next week.

Bledsoe Schools To Open Sept. 7th; Still Lack One Member of Faculty

Ottis Parr, superintendent of the Bledsoe schools has arrived from Lubbock to take care of preparations for opening the schools the second week of September.

Parr, whose first name is pronounced with a short "o" as in "not", rather than long as in "no", has been teaching in the Lubbock Public schools for the past three years, and prior to that was superintendent of schools at Shallowater. He said Bledsoe school is to open on Monday, September 7th.

Parr got his education at Texas Tech, earning a Master of Arts degree. A son also attends Tech.

Concerning the opening of Bledsoe Schools, Supt. Parr said a pre-school faculty meeting will be held on Saturday morning, Sept. 5 and a faculty - school board luncheon will be served at noon, giving them a chance to get together before the opening of school.

Supt. Parr said one faculty member was yet to be hired, a combination coaching - teaching job, but other than that said everything looks fine for the opening of another school year. Asked about complying with state regulations, which each year have been getting increasingly tougher on smaller

schools, the Supt. said as far as they know they are complying with all state regulations.

Parr and his wife, who does not teach, have a married daughter, Mrs. Gail Martin, who is the wife of the Curate of St. Luke's Episcopal Church in Dallas; and a son Danny, a sophomore at Texas Tech. They have two adopted children at home; Johnny, a junior in high school, and Janie, an 8th grader.

Bledsoe to Get Two New Buses

The Bledsoe School system, which operates three buses, will have two thirds of their bus problem solved, this semester, with two new buses ordered.

Supt. Ottis Parr said this week he had received confirmation that the two buses will be delivered from Georgia.

Parr had no delivery date, but seemed assured they would arrive in time to run the regular bus schedules on Monday, Sept. 7, the day school will open.

Equalization Board Met Here Tuesday

The City of Morton Board of Equalization met Tuesday to consider tax radiation for the present year and will hear protest from persons whose taxes were raised, next Tuesday.

Neal Ross, H. Golden, and Roy Hill are serving on the Board this year.

Rev. J. E. Moore To Conduct Revival Meeting

Evangelist J. E. Moore of Muleshoe, a member of the West Plains Baptist Association for over 30 years and many times evangelist at meetings in this area will conduct a meeting at the County Line Baptist Church beginning Friday, August 7th.

An 8 p. m. meeting will open the series. Thereafter the gathering will be at 7:30 p. m. each day for a prayer meeting, followed by the 8:00 o'clock services. Morning services will be held Monday through Friday at 10:00 a. m.

The meeting will end with a Sunday service August 16.

Bro. Jerry Tucker, of Morton Route Two, will lead the singing for the meeting according to Rev. James A. Kelly, pastor of the church.

Rev. Kelly issued an invitation for anyone in the area to attend the revival series. "You'll all be welcome," he said, "each and everyone."

Merchants Slate Back-to-School Promotion

With "Back-to-School" talk beginning, the Tribune announces Morton merchants are preparing for a full week of "Back-to-School" promotion, Monday, August 24 through Saturday, August 29.

In place of publishing a Dollar Day edition on September 6, the Tribune will publish a "Back-to-School" edition with circulation of more than 2,500.

Prices will be good throughout the following week in preparation of "Back-to-School" shopping.

Chancey Buys Edward's '66'

J. C. Chancey, who has been associated with Windom Oil and Butane Company here for the past seven years, announced the purchase of Edward's '66 Service Station north on the Enochs highway.

Chancey said the station will continue to offer a complete line of Phillip's 66 products.

Moving here from Ozark, Ark., in 1950, Chancey was engaged in custom trucking here for two years before joining Windom Oil and Butane Company.

Mr. and Mrs. Chancey have four children: Kinsey, who is in the Air Force; Lindy, associated with the Texas Highway Department; Shelby, who will help his father in the station, and one daughter, Dovie.

Rally Day For 4-Hers Set on Friday

Tomorrow's the day... 4-H Rally Day for members of the Cochran County 4-H Clubs.

County Agent Homer Thompson and County H. D. Agent, Miss Leila Petty, reminded the 4-H'ers via letters this week of the day long activities set for Friday, August 7th.

The program will open with a two hour swim session beginning at 9:30 a. m. A sack lunch will follow... served in the County Park at 12:00 noon if the weather permits, and in the Activity Building, if the weather is bad.

The 4-H Council will lead a session of games in the afternoon to be followed by a skating party at the local rink from 3:00 to 5:00 p. m.

Swimming is free, but any cold drinks to be purchased, will be the cost to 4-H members. Members are also urged to bring their parents.

PREACHERS PAL - George, the redheaded pal of Gene James, will cross talk with the evangelist at Youth Fellowships Friday and Saturday nights, August 7 and 8 according to Bro. J. J. Terry who is the pastor of the First Baptist Church of Enochs.

The fellowship periods will follow the revival services which begin at 8:00 each evening. The revival services will continue

Enochs Baptist Revival Closes On Sunday

Only four days remain in the revival series underway at the Enochs Baptist Church, and those who have not yet attended are urged to do so, by Bro. J. J. Terry pastor.

A special youth session has also been planned for Friday and Saturday (see picture of Gene James, evangelist, and his ventriloquist dummy).

Don Collins is leading the singing and Sandra Austin is providing the piano accompaniment.

Morning services are held each day at 7 a. m. An evening prayer service at 7:45 precedes the 8:00 p. m. services each night. Sunday services are 10:00 a. m. and 7:30 p. m.

SENATOR ☆☆☆ Yarborough's Report

The Senate has passed and sent to the house for action a bill which can mean additional millions of dollars of income to our farmers each year.

This additional income for the farmer would come from finding and developing new uses for farm products.

It was my privilege to co-sponsor this bill with Senator Olin Johnston from South Carolina. It passed the Senate the last session, but died for lack of House action.

Under this proposal an agricultural research and industrial administration would be established under the Department of Agriculture. The Administration is charged with conducting basic research to find new industrial uses for our farm products, particularly those products which are in heavy surplus.

The proposal takes a realistic and scientific approach to helping solve some of our most pressing agricultural problems. With the hard times we've had on the farms in many areas, we are over due in starting concerted scientific research programs to help meet the problem. We have scientific research programs to develop methods of farm produc-

tion; we need scientific research methods to develop uses for farm products.

There is strong indication here that the House will go ahead with passage of the measure during the current session.

DISTRICT SUPT. HAS JOINT QUARTERLY CHURCH CONFERENCE

Dr. D. D. Denison, Brownfield district superintendent of the Methodist church, conducted a joint quarterly conference for the Enochs-Bledsoe and Three Way Methodist Churches Sunday afternoon at the Enochs Church.

Rev. C. R. Smelser, pastor of the Three Way Methodist Church gave the devotionals.

Rev. Thomas Hatcher, pastor of the Enochs - Bledsoe Methodist Churches, was host pastor.

Reports were "very good" it was reported.

JAYCEE ATTENDANCE TAKES SUMMER DIP

Hot summer weather and vacations continued to take a toll of attendance at summer Jaycee meetings, Monday as only seven members were on hand for the weekly meeting.

One piece of business was transacted as a committee was named to look into a community project to aid a local family. The rest of the session was spent in discussion of various topics.

Dick Vanlandingham was a guest of his father, Babe Vanlandingham.

To Preach Sunday At 1st Methodist

Joe Yeats of Morton will speak at the Morton First Methodist Church Sunday in the absence of Rev. James E. Harrell who plans to attend the Laymen's Retreat at Ceta Canyon that week end.

Lodge Planning Plate Supper

The Pride of Morton Masonic Negro Lodge, No. 397, will sponsor a plate supper with entertainment, Saturday, August 8th, at the New Trinity Baptist Church.

L. D. Burrell, Worshipful Master of the local lodge, has invited everyone to attend. The plate supper will sell for \$1.25 and will be served at 8:00 o'clock. Entertainment will follow.

Proceeds from the supper will be applied on the construction of a lodge hall for the Pride of Morton lodge.

TO VISIT IN TENNESSEE

Dr. J. Walker Davis and son, Julian, will leave Morton August 8 for Memphis, Tenn., and Birmingham, Ala., areas to visit friends and relatives. They expect to be back in Morton, August 17.

This Week in AUSTIN

by Senator Preston Smith

The amount of state taxes you pay depends on what you do for a living.

In appraisals of new tax legislation, and of old established tax laws, some economic groups are highlighted in importance. During this session, for instance, the natural gas taxes have predominated legislation. Lead debate for two different types of natural gas taxes have been blamed by many here as chief cause of delay in needed tax legislation.

But escaping public notice are many other taxes that affect every one of us.

The inheritance tax gets the headline who may not even have an occupatio. Among those who pay direct taxes on their occupations are auctioneers, brokers, insurance adjusters, pawnbrokers, loan brokers, money lenders, pistol dealers, bowling alley owners, ship brokers, and a host of occupations engaged in oil well servicing.

Indirectly, many other Texas businesses collect and pay millions of dollars revenue every year.

Taxation in Texas is a big and serious business. That's why I was surprised when I noticed in a paper the other day that several Texas women were planning to "march" on Austin to "find out why the Legislature hadn't passed a tax bill."

I'm puzzled a little when I hear people "demand" fast action on new tax legislation. I wonder if they would have felt better if

 A training meeting was held
 for the boys and dads by the
 County Agent to enhance their
 knowledge in swine management.
 Rodger Jeffcoat received the
 boar and his brother, Leon re-
 ceived a gilt. The veterinarian
 has visited their premises and
 looked their swine herd over. He
 said the premises looked clean
 and the swine herd looked healthy.

There were five boys who wrote
 essays in the contest to receive
 the free gilts that were not
 selected by the Swine Committee.
 Mr. H. B. King, a Cochran County
 farmer, read about this in the
 newspaper and decided he would
 give a free gilt to each boy who
 did not receive one in the
 Sears Program but who did write
 an essay. These are mixed gilts
 but were free to the boys if they
 wanted them. All five boys picked
 up their gilts Friday morning,

The five 4H Club boys who

 The County Agent thought
 this a good gesture on Mr. King's
 part and all the boys who went

 will be glad they did.

COTTON CROP ESTIMATE

Based on returns from our cor-

respondents in every cotton pro-
 ducing state, the estimated crop
 as of the end of July 1959 comes
 to 13,830,000 bales.
 The average yield for the U. S.
 as a whole comes to 450 lbs per
 acre versus 466 reported as the
 final yield figure of 1958.

FEDERAL GASOLINE TAX REFUND

Applications for refund of fed-
 eral gasoline tax - 3 cents per
 gallon bought for farm use dur-
 ing July 1, 1958 to June 30,
 1959 - may now be made by farm-
 ers. This application should be
 made on IRS FORM 2240 prior to
 the deadline of September 30,
 1959. If you do not have a card
 (form 2240) you may pick one
 up at the County Agent's office
 or one will be mailed to you if
 you will write this office request-
 ing the card.

It is estimated that \$50 million
 of gas tax refund money was not
 claimed last year by eligible farm-
 ers and that two out of every
 three farmers failed to apply for
 the refund.

what."
 Leaders were Mrs. Jud Collier
 of Mumford and Mrs. Minnie Fie-
 her Cunningham of New Waverly
 both workers on the militantly
 liberal Democrats of Texas.

They were, according to Mrs.
 Coddier, "infuriated by the scan-
 dalous lobby which has blocked
 action on the tax bill." Specifi-
 cally, they favored a bill heavy on
 gas taxes and light on selective
 sales taxes.

LEGISLATING ENDED ABRU-
 PTLY - Tax bills have had a lot
 of attention during the current
 special session of the Texas Leg-
 islature. But there were more eyes
 on charming Miss Carol Ralph
 when she stopped in for a Cap-
 itol building visit than ever looked
 at a tax bill.

This fetching miss from Farron
 Utah, whose theme song is "Remem-
 ber the A-La-Mode", is Ameri-
 can's Miss Dairy Princess. She
 was accompanied by Mrs. Anne
 Reeve, whose husband, Lew, is
 publisher of the Ocoola (Wis.)
 Sunday. Mrs. Reeve is chaperone
 for Carol's journey about the
 country.

Moss Dairy Princess was in-
 troduced in the House, addressed
 the Senate, and was the recipient
 of complimentary resolutions from
 both branches of the legis-
 lature.

The lawmakers settled down to
 work again.
71 NEW PATROLMEN - A total
 of 46 new patrolmen now are
 manning Texas highways. These
 trainees have just graduated from
 the Law Enforcement Academy of
 the Texas Department of Public
 Safety. Also graduating were 20
 drivers license patrolmen and 5
 license and weight patrolmen.

Presenting diplomas to the group
 was Col. Homer Garrison Jr.,
 director of the department. He
 announced that there are still 73
 openings on the force. Eligible
 to fill these post are young men
 21 to 35 years of age - and they
 are badly needed.

CITY BUSES LOSE OUT - Another
 cause, apparently lost for
 this year, is that of exempting
 city bus systems from the state
 gasoline tax.

Rural Senators led by Senator
 Wardlow Lane of Center voted
 it down.
 City spokesmen say the buses,
 needed by low income people,
 can't stay in the block unless they
 get tax relief. San Antonio's Tran-
 sit system went to the wall, and
 was taken over by the city.

Senator Lane made a scathing
 attack on "taking care of High-
 land Park" (a swank Dallas sub-
 urb) when the state is having
 a hard time finding money "to
 pay old age pensioners."

**DANIEL OPPOSES FEDERAL
 TAX** - Governor Daniel asked
 the National Governors Confer-
 ence to join him in opposing an
 increase in the federal tax on
 gasoline.

Congress is considering Pres-
 ident Eisenhower's recommended
 1.5 cent per gallon increase to
 pump new life into the federal
 highway building program.

Governor Daniel charged the
 federal government would have
 plenty of money for the high-
 way program if it would quit
 using gasoline tax money for other
 purposes. He said further gas-
 oline taxing should be left to
 the states, which need the money
 worse.

Earlier this year the govern-
 ment mentioned the gasoline tax
 as a possible source of additional
 future revenue. State gaso-
 line tax is presently 5 cents a
 gallon, federal tax, 3 cents a gal-
 lon. "show those lobbyists what's
 on."

AUSTIN, Texas - With the bot-
 tleneck broken on the tax bill for
 regular spending, legislators be-
 gan to look down the road.
 Rep. Murray Watson of Mart
 proposed a resolution that point-
 ed out the lawmakers' uneasiness
 about having more rough deci-
 sions before the year is out.

Watson's resolution called on
 Governor Price Daniel to say im-
 mediately whether he would call
 another special session to raise
 money for the Hale-Aikin School
 improvement program.

Hale-Aikin proposals, which in-
 clude \$800 a year salary boost
 for teachers, would cost an es-
 timated \$120,000,000 a year. There
 have been repeated rumors that
 the governor will recall the Leg-
 islature next fall to enact
 Hale-Aikin. Also floating around
 is the rumor that a 1 cent per
 gallon hike in the gasoline tax
 is being saved for that purpose.

Watson charged "I think there
 has been a definite deal made
 with the Texas State Teachers
 Association - somebody else
 should know what's going on here
 instead of just the governor and
 the teachers lobby."

Governor Daniel's supporters
 called this unfair. They declared
 that the governor, like everyone
 else, couldn't tell how it would
 be until after the dust settled from
 the fracas over raising money
 for the basic budget.

AT LAST - When the Legislature
 finally voted out the new \$185-
 000,000 tax bill, it voted it out
 in a big way. Talley was 29 to
 2 in the Senate and 115 to 24
 in the House.

This is well over the required
 two-thirds to make the bill effec-
 tive immediately on the gov-
 ernors signing.

The House, which had been
 hamstringed for seven months on
 the tax issue, came unstrung so
 suddenly it surprised the bill's ad-
 vocates. Voting ended good natured
 with yea votes recruited

In the atmosphere of an old fash-
 ioned revival meeting.

Most talked about feature of
 the new bill is a severance ben-
 efitary tax of 1.5 per cent on nat-
 ural gas. It was the first time
 the Senate had approved this tax.
 Many House members had said
 they would not vote for any bill
 that didn't include it. It will bring
 an estimated \$15,000,000 to \$18-
 000,000 over two years if not
 ruled unconstitutional.

Three-fourths or more of the
 bill's revenue will come from se-
 lective sales taxes. Newcomers
 are a 3 per cent tax on jewelry
 and furs, a 3 per cent tax on
 hotel and motel room rentals,
 3 per cent on boats, motors, cam-
 eras, air conditioners, 25 per cent
 on tobacco products other than
 cigarettes.

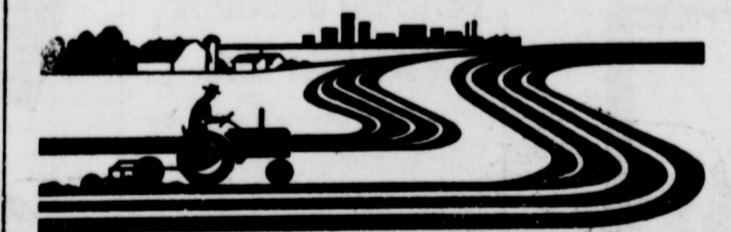

Taxes on cigarettes will go up
 3 cents a pack; liquor and wine,
 20 per cent; motor vehicle sales,
 from 1.1 to 1.5 per cent.

Utility gross receipts will go up
 20 per cent, and the corporation
 franchise tax will go up by 75
 cents per \$1,000 capital for one
 year, 50 cents per \$1,000 there-
 after.

LADIES DAY - Senate debate
 on the tax bill was enlivened by
 the arrival of a "women's march
 on the Capitol."

The Gallery was filled with
 flowery hats and excited chatter
 as some 40 to 100 women (esti-
 mates varied widely) swept in
 to "show those lobbyists what's

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

The Standard Soil Survey has
 been in progress in the Cochran
 Soil Conservation District since
 July, 1957. Over 200,000 acres
 have been mapped in a farm by
 farm survey of Cochran County
 soils. Ansell Outlaw, soil scientist
 with the Morton work unit office
 of the Soil Conservation Service
 is in charge of the survey.

Power soil-saugers, spades, and
 other soil sampling equipment is
 used. The information is recorded
 on aerial photographs that were
 taken from a height of about
 15,000 feet. When the survey is
 completed these photographs will
 be made into a soils map of the
 county. This map will later be
 published with a report describ-
 ing the soils and outlining uses
 for them.

This survey is a part of the
 National Cooperative Soil Survey.
 It is a cooperative project of the
 U. S. Soil Conservation Service
 and the State Colleges of Agri-
 culture. The purpose is to get
 a complete inventory of the agri-
 cultural land of the nation and
 to learn as much about it as pos-

sible.
 How much land do we have
 that is subject to wind and water
 erosion? How much damage has
 already occurred? These and ma-
 ny other questions will be an-
 swered by the survey and will be
 of importance to the nation with
 its rapidly expanding population.
 Every year our population in-
 creases by nearly 3 million while
 at the same time we are losing
 over a million and a half acres
 of good land to erosion and to
 the spread of cities, the building
 of highways and other develop-
 ments.

Farmers in the Cochran Soil
 Conservation District are using
 soil maps as a basis for their soil
 conservation plans. Already many
 farmers have made plans to
 include crop rotation, grass
 waterways, terraces, etc. But
 all these plans are based on
 the use of land in the accordance
 of the way Nature made it - for
 grass, trees or cultivated crops
 depending on the physical fea-
 tures of the land itself.

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

Seventy-eight per cent of the nation's independent businessmen are opposed to an increase in social security taxes to help defray medical expenses. It is revealed in a just completed nationwide poll of businessmen, by the National Federation of Independent Business.

Currently, a poll is being made on the bill before Congress introduced by Sen. Murray and Rep. Dingell to levy a 3% tax on salaries and wages to provide government health insurance. While the returns are not in on this vote, it seems logical that the nation's independent businessmen will be no more in favor of this proposal than one they have already voted upon.

Of course, the argument for government health insurance is that many people cannot afford illness at today's costs.

It is known, however, that under a free enterprise system the majority of the nation's people have some type of private health insurance, and there are such plans open to most of the rest, merely by paying the premiums. However, that fact does not seem to be so germane at this time. There is a more serious aspect to this desire for government to be all things to all men.

It is quite possible that a case could be made for the thesis that many people in the country today cannot actually afford to eat.

Thus, if the sole measure of what the government shall do, or not do, is the criteria for compulsory government medical

Behold the Ant . . .

• Science tells us that the strongest thing in the world for its size is the common red ant. This marvel of nature can lift 10 times its own weight.

As strong as the red ant may be, it has been proven that the most powerful thing for its size is the little want ad in your local newspaper.

The want ad, which costs only a few cents a day, does a hundred-fold job. This mighty mite of the printed page finds jobs for folks, sells used lawnmowers, rents houses, sells farms, loans money, finds missing persons, locates lost dogs, rents appliances, thanks folks, locates homes for surplus puppies, and performs a hundred and one useful services for the community.

Lehman Reunion Set August 16th

The 7th Annual Lehman reunion will be held in the Morton City Park on Sunday, August 16th, it was announced this week by Mrs. Lem Chesher, former Lehman resident in charge of this year's planning.

The event will be an all-day affair with a basket lunch brought by each group attending — and spread together.

All present Lehman residents & ex-Lehmanites are invited and urged to attend.

Mrs. Chesher said the reunion was originated in 1952. There are no elected officers, the group just asks a certain member of the group to do the planning for the next year, before ending the present meeting.

She emphasized the get together was to be at the City Park and not at the County Park.

Experienced Help Is Feature of Shamrock Service

Barton's Shamrock Service, two blocks north of the square on the Muleshoe highway, is owned and operated by Mr. and Mrs. O. R. Barton.

The Shamrock Service handles a complete line of fine Shamrock products, all brands of oils and lubricants, Goodyear and Gates tires, Goodyear batteries, and such accessories are car mats, Kool Cushions, portable air conditioners, & other small accessories.

The Bartons moved to this area from Mangum, Okla., in January of 1944 while in Oklahoma, Ott was engaged in farming.

Ott farmed here for about 12 years prior to opening his Shamrock Service. He farmed in the County Line area for about ten years, then a year at Levelland, and a year here at Morton.

Ott and his wife, Estelle, were wed in Hollis, Okla., on a happy May 29, 1931.

They have two daughters, Patsy, who is Mrs. Corky Evans of Levelland; and Barbara, who is Mrs. Lonnie Allsup of Roswell, N. M.

Prior to the opening of the Shamrock station, and in addition to farming, Ott was a mechanic for McMaster Tractor Company, and for a while, he drove a truck.

Ott and Estelle are members of the Country Club and are ardent golfers. They also enjoy fishing. In fact, Ott likes all kinds of sports.

In order to serve his customers better, Ott attended the Shamrock school at Amarillo before he opened his all new station here.

Ott and his attendants have the experience it takes to service your car — the way you like it.

Attendants are Han Rogers, who owned the Friendly Service Station prior to his association with the Shamrock; C. O. Phillips, who was associated with White's Col-Tex; Tommy Villalvicio, who has tire experience from his employment at Luper Tire Service; and Buddy Holland, who was associated with Texaco.

This experienced staff can take care of any problem that may confront you. And they service your car with one of the best — Shamrock.

Flash - O - Gas Is Morton's Oldest L. P. Gas Company

Tommy Lynch is manager-operator of Morton's oldest continuing L. P. Gas company.

Of course we refer to Flash-O-Gas, located on the corner of 4th Street and Levelland road since 1943.

And to provide Bula and Enochs folks with the fastest possible service, a Flash-O-Gas firm is managed and operated by Leonard Clevegher at Bula.

Tommy Lynch moved to Morton from Cordell, Okla., in December, 1937.

Prior to entering the Flash-O-Gas firm, Tommy was engaged in farming, and he still does some farming northwest of Morton.

Tommy and Lova, his wife, were wed in 1935 at Mountain View, Okla. They have three children: Thomas, who is married; Linda, 13; and Ellen Sue, 7.

Mrs. Tommy Lynch is the former Miss Lova Butler, daughter of Mr. and Mrs. B. C. Butler who farm south of Morton.

When he gets the opportunity, and that is seldom, Tommy enjoys hunting and fishing.

In reference to Flash-O-Gas being the oldest L. P. gas company hereabouts, Tommy says that when the company began business here in 1943 the office was located in a cow pasture a "good ways" out of town.

But Morton has grown around Flash-O-Gas, and now plans are being considered for moving the firm's location out of town.

Offered at the company's plant here are butane and propane, motor oils, and appliances.

Drop by sometime and let the folks at Flash-O-Gas show you how to save three dollars out of every four spent today for fuel by converting your tractor, pick-up, truck, or irrigation motor to L. P. gas.

They'll be happy to — and besides, you'll be saving money you could surely put to a good use elsewhere.

In addition to Tommy, others on the staff at Flash-O-Gas here are Earl Sybert, bookkeeper; Thomas Lynch, serviceman; Connie Clevegher, salesman-driver; and Lawrence Corder, salesman-driver.

These men are ready to help you in any problem you are having with your gas-drinking engine; or, if you're interested in gas appliances, you're especially invited to drop by Flash-O-Gas. As Tommy says, "Come to see us."

Local Graduate Is Band Director At Monterrey High

Fred Stockdale, Jr., son of Mr. and Mrs. Fred Stockdale of Albuquerque, N. M., and former Morton residents, will assume duties as band director at Monterrey High School, Lubbock, Aug. 10, it was reported in the Olton Enterprise last week.

Stockdale resigned his post as director of the Olton High band recently.

He was band director at Olton for three years, moving there

in 1936. The 25-year-old director received his degree from ENMU, Portales, N. M., and is at present working toward a master degree there.

Stockdale was named Olton's outstanding teacher of 1935.

DISTRICT DRESS REVUE

More than 190 persons attended the 4-H dress revue sponsored by the District 2 Agricultural Extension service Friday morning in the ballroom of the Student Union Building at Texas Tech.

There were 18 girls in the Senior division and 19 in the Junior division. Each county in the district could have one entry in each division.

Lois Courtney was among the third place winners in the Senior group. Laquita Masten was among the second place winners in the Junior group.

A \$500 scholarship was presented to Billye King of Gaines County. The scholarship was made possible by contributions from the Home Demonstration Clubs in the district.

Those from Cochran County attending the dress revue and luncheon Friday were Lois Courtney, Laquita Masten, Mrs. W. K. Courtney, Sandra Courtney, Mrs. James Masten, Mrs. C. R. Melton, Mrs. Bill Wood, Mrs. Russell Hudson, Carol Ann Masten, and Leila Petty.

4-H RALLY DAY

Final plans are being made for the 4-H Rally Day Friday Morning beginning at 9:30 a. m. with swimming at the county pool. All boys and girls in 4-H clubs as well as their parents and leaders are invited.

HOME DEMONSTRATION PICNIC

The annual picnic for Home Demonstration Club members and guests will be held Tuesday, August 11. The picnic will begin at 9:30 a. m. with swimming at the county pool. A basket lunch will be spread at noon.

BLACK SPOT ON ROSES

In general, spraying will give better control than dusting of rose foliage diseases. Rose bushes should be dusted or sprayed at the first appearance of black spot or other diseases on the foliage. Sulphur - copper mixture containing about 90 per cent of 325 mesh dusting sulphur and about 10 per cent of the fixed copper fungicide is usually considered to be the best all round foliage fungicide. The sulphur-copper mixture should not be used once a week except in hot dry weather. This is mainly preventive treatment. After diseases become established, spraying once a week with captan, maneb, or zineb combined with Karathane is most effective for control. Care should be taken to see that both sides of the leaves are well covered. A spray pressure of 150 - 300 lbs. is desirable in commercial plantings. Since good coverage is very difficult with hand sprayers, these chemicals such as captan, maneb, or zineb may fail to give good control. Repeat applications of the spray or dust at weekly intervals until July (or until hot dry weather begins), thereafter spray or dust within 24 hours after each rain or sprinkler irrigation, but not more often than once a week, until growth of the plant is checked by cool weather. Use a sufficient amount of spray or dust to cover the top and bottom of each leaf lightly. Although captan, maneb, or zineb are effective for black spot control of properly used, they will not control powdery mildew. Karathane (or sulphur if Karathane is not available) is necessary for powdery mildew control. Remember that sulphur burns leaves in hot weather. Providing a good mulch just before new growth starts in the spring has been useful in some cases for

MRS. NEBHUT IS HOSTESS FOR FRIENDLY CIRCLE

The Friendly Circle H.D. Club met July 17 in the home of Mrs. Dexter Nebhut with five members present.

A Council report was given in which it was stated that Mrs. Horace Gardner had been elected along with two other ladies from the county to attend the State Convention in September. It was also reported that the county-wide picnic was to be held August 11 at the County Park at 10:00 a. m.

Posters were made for the Bill Mack Show which was held July 25.

Mrs. Gardner and Mrs. Scogg-

ins had the program. It was on "Giving Showers."

Members present were Mesdames Woodrow Self, Jake Reid, Gardner, Scoggins and Nebhut.

MRS. R. A. THOMPSON HOSTS QUILT CLUB

The Friendly Neighbor Quilting Club met in the home of Mrs. R. A. Thompson on Thursday July 30th, and in connection with the quilting party a pink and blue shower was given for Mrs. Burl McCasland. Many lovely gifts were brought in and punch and cake was served to these club members, Mesdames: H. C. Tapp, J. W. Pond, Neta Blackstock,

Gilbert Wilson, Bert Darland, Lawrence Nesbit, Vernice Brown, Evelyn Sandifer, Pat Clayton, Burl McCasland, and the hostess Mrs. R. A. Thompson. Also present was one visitor from Odessa, Mrs. Udell Hood. She is the daughter of Mrs. Gilbert Wilson. The hostesses for the shower home on Thursday, August 13th, were Mesdames: H. R. Coleman, D. T. Burris, Carl Koontz, R. A. Lindsey, Pat Clayton, R. A. Thompson, H. C. Tapp, J. C. Buchanan, Bert Darland, Lawrence Nesbitt, and J. T. Daniel.

Mrs. Gilbert Wilson will have the next quilting party in her home on Thursday, August 13th.

the 7th and 8th and high school. Mr. and Mrs. Ware have one child.

Keith Coburn, a graduate of Texas Tech will teach vocational agriculture. His wife, also a teacher, will not teach this year.

David Neel will teach high school math and physics. He is a graduate of McMurry of Abilene.

These elections made the Three Way faculty complete.

The board also elected Dave Poindexter as school custodian for another year. Mrs. Poindexter will drive the bus to Morton. They have two children.

The board okayed vouchers to

taling \$5,435.99 salaries amounting to \$4,026.84. They paid \$750 as transportation note and had other expenses.

There will be a hearing on Wednesday night, August 13, at the Three Way School. Anyone who is interested in the budget is invited to come between the hours of 7:00 and 9:00 o'clock.

The school expects to have the new science equipment installed by the beginning of August 31. Other improvements have been made.

Board members of the Three Way School are W. E. Lane, President; Earl Bowers, Secretary; Jack Furgerson, George Gene Kenley, A. G. Taylor and Morris Gant.

Summer Snowfall in the Everglades

The summer dusks near Everglades City, Florida are filled with "snow".

It's the snow-white, graceful flocks of White Ibis springing downward to their evening roosts on the National Audubon Society's Duck Rock Refuge at sunset.

A true wonder of nature, this spectacular sight has been duplicated for centuries, as thousands of birds follow their mysterious instincts to the tiny island.

But the White Ibises are only part of the dazzling airborne display. Joining them are flocks of Common and Snowy Egrets, Great and Louisiana Herons, Pelicans, Cormorants and Roseate Spoonbills adding a riot of color and motion to the fading light.

Further north, at Corkscrew Swamp Sanctuary another

breath-taking wonder looms across the landscape. Here, at the Northern tip of Big Cypress Swamp, huge virgin cypresses rise in a spire-like fashion over a landscape of exotic, ornate, spectacular ferns and aquatic plants. It leaves you breathless.

This year, as in the past, the National Audubon Society has arranged special tours from Miami that include either both of these magnificent attractions as part of their wildlife conservation, public education program.

Details are available by writing: National Audubon Society, 13 McAllister Avenue, Miami 32, Fla.
