ELEMENTARY STUDENTS REGISTER SATURDAY...

MORTON SCHOOLS SET FOR OPENING MONDAY

With resignations throughout the rest of the Morton School System complete, Morton Elementary students and their parents were reminded again this week by Principal Eli Douglas that registration will be held Saturday, August 29th.

First and second grades begin registration at 8:30 a. m. and Douglas reminded parents that all first graders still need to bring a copy of their birth certificate.

Third and fourth grades begin their registration at 10:30 a. m. and fifth and sixth grades begin registration after lunch, at 1:30 p. m.

Parents who have children in several of these groups are reminded they can register all of their children at one time. However, a parent is asked to come to enroll all children in the elementary school.

Morton faculty members ended a two-day pre-school conference

yesterday (Wednesday) in which members of the faculty of all of the Morton schools got together to discuss general school problems and policies in preparation for a new school year.

P-TA Planning Dinner Meeting September 22nd

The first membership meeting of the Morton P-TA - Teachers Association will be a dinner meeting served at the school cafeteria on Tuesday, September 15, at 8 p. m.

But Byron Willis, president of the Morton P-TA hastened to emphasize, this dinner meeting was not set up as a money-making project. "We don't need money, first of all, we need support by numbers," Willis said.

The meal, which will be served for 1.00 per plate will be what should be termed the "kickoff" meeting of the Morton P-TA for the season. A short business meeting will be included along with other entertainment... perhaps a guest speaker.

The idea for this meeting is "to get more parents out and show and tell them what we hope to accomplish for the good of the school and for the good of the youth of the community," Willis said.

Each officer of the P-TA has 30 tickets to sell to this dinner. Willis thinks they will be sold. He said the 10 officers, by the spirit and effort they have shown in the first two meetings of the year, have proved to him they want to do a good job. He said somewhere on the level of having a truly good, "meaty" program, lies the success of the P-TA. He said Mrs. Murray Crone and Mrs. Lloyd Miller, who are working out the programs, have already worked out some interesting programs that should benefit all who attend.

He urged support of the P-TA from all parents with children in the local school system.

WOMEN'S CHAMP

Lillian Silvers is the new champion of the local women golfers after winning the cup match title over the weekend. Lillian Williamson was defending champion.

Revival Opens At First Baptist Sunday, Sept. 6

Rev. Larry Walker, who will begin a meeting at the First Baptist Church here Sunday, September 6, has been engaged in evangelistic work exclusively for the past six years.

At present he is enrolled in the Southwestern Baptist Seminary, Ft. Worth.

A graduate of Baylor University, Rev. Walker has traveled extensively throughout the United States, North America, and Europe. Last summer he conducted evangelistic meetings in the Scandinavian Countries of Europe.

He is a nephew of Rev. Houston Walker, pastor of the church.

The song service will be led by Ken Saunier, former president of the Baptist Students Association of New Mexico, and now enrolled at the Southwestern Seminary.

Services will be held at 10 a. m. and 8 p. m. A program of "Training in Prayer" will be conducted each evening at 7:30 o'clock.

The public is cordially invited to make plans to attend any and all of the week-long services.

Three Way School Opens Monday With 9 a.m. General Assembly

The Three Way School will open Monday, August 31, with a general assembly at 9 a. m. All parents and citizens of the community are invited to attend this assembly. Archie Simms, superintendent, has announced. Buses will run for the first time on Monday, August 31. Lunch will also be served for the first time on Monday. The charge for lunches will be the same as last year, 20 cents. School will dismiss at 2 p. m. on the first day.

Many improvements have been made to the school this summer. Some of the improvements that have been made have been in the complete remodeling and new equipment of the science department. When completed this laboratory will be one of the nicest on the South Plains. Physics and trigonometry will be offered for the first time at the Three Way School this year. Audio visual

Men's Golf Tourney Set for Aug. 29 - Sept. 6

The annual Morton Country Club Men's Championship Golf Tourney will be held August 29 through September 6th.

Qualifying scores for the championship flight must be shot on August 29-30-31.

All other flights may use their handicap score, according to Tom McAlister, tourney chairman.

All finals are to be played Sunday, Sept. 6th. The entrance fee is \$5 per member and the club officials hope everyone will play. Each player will get to play twice, with each flight having three matches to determine a winner. Eight man flights will be the rule according to McAlister, "unless we get enough men for 16 in the championship flight."

"Little Folks" Return to School On August 31st

"Little Folks School" will open its classroom doors Monday, August 31, at 9 a. m., it was announced this week by Mrs. Joe Gipson, teacher-director of the school.

In making the announcement Mrs. Gipson pointed out that she has just completed a 12x20 ft. recreational room which will be available for the "little folks" in addition to the regular classroom.

Classes will be from 9 a. m. to 12 noon each week day.

Nat'l. Foundation Meets Tonight

All National Foundation Chapter officers are urged to attend tonight's regular fourth Thursday night meeting of the Cochran County Chapter at 8 p. m. in the County Activities Building.

Among business to be considered is a fund drive chairman, the election of new officers, and current bills.

Martinez Rites Held Sunday

Final rites were held at St. Anne's Catholic Church in Morton Sunday, at 4:00 p. m. for 8 month old Raul Martinez, son of Mr. and Mrs. Baldo Martinez Jr. of Morton.

Burial was in the Morton Memorial Cemetery under the direction of Singleton Funeral Home for the infant who died in the Terry County Hospital in Brownfield.

Father Fred Hyland conducted the rites.

Survivors, in addition to the parents, include five brothers, Alfredo, Adolfo, Tony, Francisco, and Ricardo and two sisters, Mary and Olga; and the grandparents, Mr. and Mrs. Baldo Martinez, Sr., of Morton and Mr. and Mrs. Serapia Goana, Plattsville, Colorado.

Gospel Meeting Ends Sunday At Eastside

The gospel meeting being conducted by W. S. Wiley of Hobbs, N. M., at the Eastside Church of Christ will end with services next Sunday, Aug. 30th.

Minister Wiley, of the Jefferson Street Church of Christ in Hobbs, is making a return trip to Morton, having conducted a meeting here last year.

Minister Wiley reported this week a good attendance and a consistent attendance at the meetings. He said this consistency was a trait he had now come to expect of this group after a two meetings here.

Again, a welcome to all to attend the series of meetings was issued.

Three County Men Are Named To Cochran Farm Labor Committee

Three Cochran County citizens, Mr. Don Valentine, Mr. T. K. Williamson, and Mr. Glenn Thompson, will serve as a county farm labor committee and meet with Alonzo Kelly, Manager of Texas Employment Commission Office, to review the total seasonal employment needs developed by the TEC.

The Committee was presented with the figures of the TEC that Cochran County will be short 1,000 cotton pullers during the peak period of the cotton harvest. This shortage will be met by the importation of Mexican National

Revival To End Sunday Night at Missionary Baptist

Sunday's services will terminate the Revival meeting now in progress at the Missionary Baptist Church of Morton, under the direction of Rev. Gerald Kellar, president of the North American Theological Seminary at Jacksonville.

A special showing of films of his recent trip to the Holy Land is scheduled for tonight, Thursday, August 27th, by Bro. Kellar. Rev. Kellar made the tour of the Holy Land under the sponsorship of the Winona Lake Theological Seminary, Winona Lake, Indiana.

During the five-week trip he visited in 14 countries.

Services are being held twice daily, at 10 a. m. and 8 p. m.

Rev. Austin Steadman, pastor of the church, is leading the song services.

Everyone is invited to attend any and all services and a special invitation has been issued to folks to see these inspirational films tonight.

Bula P-TA To Be Formed

Parents of children in the Bula Schools have been asked to check at the Bula Auditorium, Monday morning, August 31, in reference to the organization of a Parent-Teachers Association.

Parents are requested to meet in the auditorium and the first meeting date will be announced. Membership will be accepted at that time.

Mendoza Infant Rites Wednesday

Funeral rites were held yesterday (Wednesday) at 10 a. m. at St. Anne's Catholic Church in Morton for 4 1/2 month-old Elma Mendoza, daughter of Mr. and Mrs. Manuel Mendoza of Morton.

Father Fred Hyland conducted the rites and burial was in the Morton Memorial Cemetery under the direction of Singleton Funeral Home of Morton.

The infant died enroute to Morton from the Portales area where the parents were working when the girl took ill. Judge A. D. Forehand pronounced the infant dead here at the Funeral Home.

Fate of VFW In Morton Will Be Decided Tonight

An important meeting of all Veterans of Foreign Wars has been set for tonight — one that may determine whether or not Morton is to have a VFW Post.

To be in Morton will be Ray Nichols of Lubbock and a District VFW man.

Guy Reed, Commander of the local post and Homer Thompson, a past commander, urge all members, and those eligible for membership to attend. The meeting is set for 8 o'clock, tonight (Thurs.) at the Veteran's Hall.

Refreshments of sandwiches and cold drinks will be served at 8 p. m. sharp.

Bledsoe Sets Budget Hearing

The Bledsoe schools will hold their annual budget hearing on Tuesday September 22, it was announced this week by the superintendent, Otis Parr.

Superintendent Parr said the school board meeting would be held at the regular time, 8:00 p. m., but said anyone desiring to look over the budget is invited to do so anytime during the day.

COUNTY ADOPTS \$419,820 BUDGET

The Cochran County Commissioners' Court, Monday, after holding the annual budget hearing, approved a budget of \$419,820 for the year 1959.

With an estimated assessed valuation of \$30.5 million, based on 25 percent of true market value, the county will levy a tax of 95c on each \$100 assessed valuation, the same tax levy that was in effect this past year.

Estimated receipts for the county, based on 90 percent collection plus "car tag" money which goes into the precinct funds, will be \$387,015. This compares with receipts of \$393,370 for the year 1958. The 1959 total receipts are, of course, not yet complete.

Total expenditures in the last complete year, 1958, were \$396,056. County Auditor Joe Nicewarner said Wednesday, if the county has 95 percent tax collections, as it had in 1958, the Court should be able to balance the approved budget.

Beginning balances for the year 1959 should be \$122,495, giving a total resources available of \$509,510. That would leave a year ending balance of \$89,690, showing a deficit spending for the year.

The approved budget did point up three important avenues of improvement as far as county finances are concerned. A hospital budget of \$18,000 was approved, which is \$3,000 more than has been annually approved in recent years. However, the court has in those recent years, known it would have to transfer another \$10,000 or more into the Hospital

funds. This time, records indicate the Hospital may, for the first time in history, be able to stay within the budget, meaning a possible savings of \$8,000 to \$10,000.

The Court approved a cut in salary in two Justice of the Peace offices, Pct's 3 and 4, and a cut in all four Constable offices, to \$1 per month. This move will virtually eliminate the six offices and will mean a savings of \$4,968 in salaries. That's the tax money off of about \$80,000 worth of county valuation.

The other proposed move will cut the appropriation for the office of County Service Officer from \$4,740 to \$1,800, a savings of \$2,940. Just how this program will be handled has not yet been completely settled.

The Court made it clear they were proud of the work of Albert Morrow, Service Officer, but that they felt this office was one place where appropriations could be cut.

The new budget also does not call for a County Mechanic, a position cut out the middle of this year.

The approved budget includes the following amounts of money to be expended by funds:

Jury Fund —	\$3,475.00
Read and Bridge Fund —	\$166,187.00
General Fund —	\$75,496.00
Permanent Improvements —	\$23,100.00
Officer's Salary Fund —	\$104,537.00
Interest and Sinking Fund —	\$47,025.00

New County Attorney, District Judge Prepare to Take "Oaths of Office"

Grover D. Edgar, Morton attorney at law who was recently named to the post of county attorney, will take the official oath of office Tuesday morning, Sept. 1, it was announced this week.

Edgar will complete the term of County Attorney M. C. Ledbetter who will become the first judge of the newly created 121st District Court Sept. 1. Ledbetter will take the official oath of office as district judge at Levelland Monday night.

Services for Son Held at Clovis

PORTALES (Spl.) — Funeral services were held this week for William Swinney, 23, of Clovis son of Mrs. Bernice Swinney of Bula.

Swinney, an employee of Worley Mills in Clovis, formerly resided here.

Officers said he shot himself before the eyes of two Clovis policemen about 7 a. m. Sunday. He died about 11 a. m. Sunday in Clovis Memorial Hospital.

Two patrolmen at Clovis arrived at the scene only seconds before it occurred. They had been alerted by Dist. Atty. James Compton of Portales after Dick Worley, co-owner of the Worley Mills in Clovis, reported the employee was at the mill with a gun.

Swinney was born June 11, 1935 at Belen, N. M. He was a member of the National Guard unit at Portales.

Survivors include: the wife; a daughter, Linda, of the home; his mother, Mrs. Bernice Swinney Bula; three sisters, Miss Marie Swinney, Bula, Mrs. Beth Wawak of Victoria, and Mrs. Louise Gillette, Albuquerque.

Construction Is "On the Boom"

Construction was moving along at a fast pace this week on three commercial buildings in Morton.

The medical clinic, being constructed by Dr. J. Walker Davis, just east of P&E Automotive service, had a steel roof in place by Wednesday and construction had begun on brick partitions.

The brick building being constructed by Henry Bedwell on the northside of the square has been roofed and plaster is being applied to the inside walls.

Mar-Ket, which has grain storage under construction in north Morton, has a crew busy raising timbers.

In addition, Forrest Lumber Company has a number of homes under construction in the residential section of Morton.

Higginbotham-Bartlett Lumber Company is also erecting some new homes here.

Comments About Pony Express Run

Comments from out of town folks regarding the Cochran County Sheriff Posse's "Pony Express" U. S. Mail delivery began to trek back to Morton this week.

George Dolan, who authors "This Is West Texas" daily for page one of the Ft. Worth Star Telegram, writes: "It's made me think too, that the Post Office Department should stop experimenting with letter-carrying rockets and give some thought to going back to the old Government mule for mail delivery."

Paul Goodman, a former Morton resident who now resides in Alpine writes: "It's nice to know that this service (Pony Express) has been established out there on the "Last Frontier." It seems that this is an improvement."

Steve Bracken Joins Staff of Smith Furniture

Roy Smith of Smith Furniture and Appliance announced this week the association of Steve Bracken of Morton in the sales and service department of the firm.

Smith's Furniture and Appliance is located on North Main just north of the Rose Theatre.

Bracken joins Smith following three years experience in the furniture field.

He is the son of Mr. and Mrs. S. J. Bracken who farms south of Morton. He attended Morton schools.

Mrs. Steve Bracken is the former Miss Janice Baker, daughter of Mr. and Mrs. H. L. Baker who farms northwest of Morton.

The Brackens have two children, Ronda, 2, and Kim, 1.

Prior to his going into the furniture field, Bracken was employed by the State Highway Dept.

Band Meeting Set For Friday Night

Morton's new band director, Mr. Hulse, hired only this week, lost no time in making preparations for his 1959-60 school band.

Hulse announced a meeting of all students who will be in the high school band for 7:00 p. m. tomorrow night (Friday), August 28, at the Band Hall.

Usually, by this time, the band has already started marching, and this year band will be starting out about two weeks late.

Services for Son Held at Clovis

PORTALES (Spl.) — Funeral services were held this week for William Swinney, 23, of Clovis son of Mrs. Bernice Swinney of Bula.

Swinney, an employee of Worley Mills in Clovis, formerly resided here.

Officers said he shot himself before the eyes of two Clovis policemen about 7 a. m. Sunday. He died about 11 a. m. Sunday in Clovis Memorial Hospital.

Two patrolmen at Clovis arrived at the scene only seconds before it occurred. They had been alerted by Dist. Atty. James Compton of Portales after Dick Worley, co-owner of the Worley Mills in Clovis, reported the employee was at the mill with a gun.

Swinney was born June 11, 1935 at Belen, N. M. He was a member of the National Guard unit at Portales.

Survivors include: the wife; a daughter, Linda, of the home; his mother, Mrs. Bernice Swinney Bula; three sisters, Miss Marie Swinney, Bula, Mrs. Beth Wawak of Victoria, and Mrs. Louise Gillette, Albuquerque.

Buyers Interest In Willingham Farm and Ranch Store

Sam Tidwell of Sudan has purchased an interest in Willingham Farm and Ranch and in the Willingham Chicken Farm, it was announced this week by E. O. (Red) Willingham.

Tidwell, who has been associated with High Lay Hatchery, a concern with headquarters at Bryan, Texas, has been living and working in Sudan. He is an A&M graduate. He also served in the Air Force.

He will move with his wife and daughter, 4 year old Becky, to Morton as soon as he can find a house.

The Tidwells are originally from Kaufman, Texas, just east of Dallas.

Willingham did not sell an interest in the gin.

The partners announced that Elwood Harris would remain with the joint business establishment.

FIRE DESTROYS RAIL FREIGHT CAR

An empty box car being hauled by truck on the Portales Highway, burned 12 miles west of Morton Tuesday afternoon, and then, some 5 hours later was destroyed by the re-kindled blaze.

The freight car was being hauled by the Horner-Bennett Moving Company of Clovis. It had been purchased by W. P. Houston of Morton, who intended using it as a grainery, on his farm south of Morton.

A fire which blew out on the trailer hauling it may have been the cause of the blaze. The Morton Volunteer Fire Department answered the call at about 2:30 p. m., emptied a truckload of water on it, and thought the fire was out with light damage.

They got another call around 7 p. m., but this time the box car was destroyed.

COX, KUYKENDALL, JOHNSON ELECTED PCG Battles To Help Cochran County Avert Heavy Cotton Acreage Slash

W. B. (Willard) Cox and J. R. Kuykendall were re-elected directors to the Plains Cotton Growers from Cochran County, Friday night, in a meeting attended by 127 farmers and businessmen, and featured by a talk by George Pfeifferberger, executive vice-president and manager of the PCG.

ReRoy Johnson was elected Cochran County Cotton Growers president in another election held.

For Cox, it was the second consecutive term and for Kuykendall it was the third year in the high school band for 7:00 p. m. tomorrow night (Friday), August 28, at the Band Hall.

Usually, by this time, the band has already started marching, and this year band will be starting out about two weeks late.

Ministers Meet Here, Tuesday

The ministers of Morton and the Cochran County area will meet for their regular Ministerial Alliance meeting this coming Tuesday at the First Baptist Church here in Morton beginning at 10:00 a. m.

Rev. Houston Walker, pastor of the host church, will be in charge of the devotional. All the ministers of this area are encouraged to be present for this meeting.

Comments About Pony Express Run

Comments from out of town folks regarding the Cochran County Sheriff Posse's "Pony Express" U. S. Mail delivery began to trek back to Morton this week.

George Dolan, who authors "This Is West Texas" daily for page one of the Ft. MRS. DON C. VAN PELT

Miss Deanna Rose, Don C. Van Pelt Exchanged Vows Here, August 21st

Miss Deanna Rose, daughter of Mr. and Mrs. Neal H. Rose was married Friday, August 21 to Don Cullen Van Pelt, the son of Mr. and Mrs. Grady Van Pelt of Wellington.

The Rev. Houston Walker, pastor, performed the double ring ceremony in the First Baptist Church at Morton.

A background of woodwinds, fern and English Ivy screened the choir left, and centering the altar area was a white wrought-iron arch entwined with fern and daisies. The white satin covered prayer bench completed the arrangement.

Miss LaVon Copley of Maheshoe presented the nuptial organ music and accompanied the maid of honor, Miss Denise Rose, sister of the bride, when she sang "Because", "The Wedding Prayer" and "The Lord's Prayer" as part of the ceremony.

Wearing an original gown of Alencon lace and fluted ruffles over satin, the bride was escorted to the altar by her father. Her gown was fashioned with a portrait neckline outlined with pearl and sequin embroidered lace. Long sleeves were tapered to petal points over her hands. The pearl and sequin embroidery was repeated around the lace apron which cascaded over the full, billowing skirt of ruffles and lace tiers flowing gracefully into a chapel train. The veil of imported illusion was held by a crown of pearls with lace and sequin trim. A cascade bouquet of feathered white carnations accented with miniature ivy and centered with a white orchid rested on a pearl covered Bible. The bride carried a hankerschief of white chantilly lace made from her mother's wedding veil.

Attending the bride were Miss Denise Rose, maid of honor; and Miss Gerrie Bolt of Gorman, Miss Tina Mae Rose, cousin of the bride, of Oklahoma City, Mrs. Allan Williams of Whitharral, and Mrs. Charles Lenua of Lubbock.

The attendants wore dresses of emerald green Peau de Sois, fashioned princess style with empire waistline and scoop neckline crossed over to form a vee in front. The girls wore hats of green veiling dotted with green velvet stars. They wore matching green satin pumps and carried baskets of white daisies and English Ivy. The maid of honor carried a nosegay of daisies and gladiolas.

Tommie Lewis of Wellington was best man and the ushers were Newell Van Pelt, brother of the bridegroom, of Clovis New Mexico, Lonnie Fulson of Wellington, Jack Russell of Morton, and Dick Townley, the brides cousin of Gorman.

Cassandra Dean of Midland and Paul Dean Ormsby of Borger, both cousins of the bride, served as candle lighters. Melissa Monk of Lubbock and Becky Greene of Morton were the flower girls. Jim Van Pelt, the bridegroom's nephew, of Memphis was the ringbearer.

For her daughter's wedding Mrs. Rose wore a dress of coffee colored silk brocade and matching hat and gloves and black shoes and bag. Her corsage was a mi-

WHITEFACE MEN EARN MASTERS DEGREES AT TECH

Two Whiteface teachers among the 103 who received masters degrees at the August 22nd commencement exercises at Texas Tech.

Included in the list of receiving Master of Education degrees were James Allen Gorman and Kenneth Edward Ker, both of whom have been teaching at Whiteface for several years.

5 from Here Attend 4-H Clubs of the Nation Now Have Breeder Meeting

Five Cochran Counties attended the Hereford Breeder's Association tour of farms Monday.

County Agent Homer Thompson, Ralph Cadjew, Garland Brown, Don Brown and J. M. Brown made the morning half of the tour and witnessed some interesting grass operations as well as seeing some fine animals, breeding and offspring comparisons, and enjoying two fine meals.

College Station, June - The 4-H clubs of the nation now have a home of their own. It is the National 4-H Club Conference 7100 Connecticut Avenue, Washington D. C. and it is also headquarters for the National 4-H Club Foundation.

The Center was formally opened on June 16. The opening coincided with the 29th annual National 4-H Club Conference (formerly National 4-H Club Camp). Delegates to the Conference from the 50 states and Puerto Rico were the first large group to use the Center. In April, the 1959 International Farm Youth Exchange delegates to Northern Europe and Central America held their orientation program at the Center and thus became the first to utilize its facilities.

The Foundation was incorporated in November 1948 and a prime objective was the establishment of a National 4-H Club Center. State 4-H club leaders had for many years favored such a facility and were instrumental in pushing the project.

In February 1951 the Chevy Chase Junior college, including 12 and one-half acres of land and three buildings, was purchased and officially dedicated as the National 4-H Center. It was immediately leased to the Department of Defense for emergency use. Across the nation, 4-H members participated in a "Share and Care" program and raised \$135,000 for use on the Center. In November 1955 the mortgage on the Center was paid in full. Two grants to the Foundation, one for \$490,000 from the Ford Foundation another for \$200,000 from the Danforth Foundation, greatly aided in the development of the center.

The Defense Department released the facilities to the 4-H Foundation in January 1958 and rebuilding commenced at once. The remodeling, now complete at a cost of more than \$900,000, provided facilities adequate to care for 300 people.

Texas 4-H club members participated in the "Share and Care" program and other contributions have been made to the Foundation by individuals and business concerns of the State.

VISITED DAUGHTER

S. B. Admire of Dumas spent from Wednesday until Saturday with his daughter Mrs. W. W. Williamson and family.

ATTEND WEDDING

Mr. and Mrs. W. W. Williamson and Mr. and Mrs. Tye Williamson were in Childress last week to attend the wedding of W. W.'s sister, Miss Jewell Williamson.

As expected, Congress passed price support limitations . . . not much doubt but that the President will sign the bill into law . . . limitations are set at \$50,000 per commodity . . . means that you can receive a support of \$50,000 for your cotton and also an equal amount for your soybeans, if you grow both items . . . some exceptions, however: you may receive supports in excess of \$50,000 for one commodity if you agree to pay back the excess within a specified time (recourse loans) . . . or if you reduce your production in accordance with rules set up by the Secretary of Agriculture . . . law won't allow him to demand cuts of more than 20 per cent . . . while members of co-operatives are restricted to the \$50,000 maximum, the co-ops, themselves, are not placed under this restriction . . . all this applies to the 1960 crop . . . this year's crop doesn't come under the bill.

Crop Estimate

An estimate of U. S. cotton for this year places the yield at 14 million bales . . . this figure comes from the International Cotton Advisory Committee . . . group also thinks foreign production will be lower . . . we had about 11.5 million bales produced in the U. S. last year . . . estimate of world production this year is 28.9 million . . . last year it was 27.8 million.

Surplus Down??

The same group . . . ICAC, that is . . . also thinks that there will be an increase in consumption especially in the U. S. and Canada . . . all this adds up to a slight reduction in stocks.

Colored Cotton???

The Russians who invented the telephone, radio, automobile and the ability to take credit for most everything someone else does, have a new claim . . . they say they are growing a colored cotton that doesn't need to be dyed . . . wonder if it's red?

Penalty Rates

Cotton farmers who exceed their acreage allotments take note: here are penalty rates for "excess" cotton . . . upland cotton, 19.1 cents per pound . . . extra long staple cotton, 49.9 cents per pound.

sand miles by pipeline for less than a penny. Just open a can of never before seen by human eye wax - another petroleum product.

THE AMAZING PIPELINE STORY . . .

Gasoline Production Is Fascinating From Crude Oil to Service Station

The next time a hurried service station attendant dribbles a few drops of gasoline on your car fender, don't flare up - just stand in awe. Shades of Galileo, Magellan and Admiral Byrd. That gasoline you're looking at is something that no human being has ever seen before.

Amazing? You can well believe it.

From the moment that crude oil is raised from its underground prison, it enters a closed system of pipes and tanks. The end of that system, which may be 1,500 miles or away, is the nozzle through which the gasoline pours into the tank of your automobile.

Here is what lies between: well pipe, a producer's lease tank, a crude oil pipeline, the tubes and towers of a refinery, a products pipeline, a bulk station, a station. It's a complex system that hides the oil and its products transport truck - and the service from view as effectively as nature conceals from us the other side of the moon.

The first oil from Col. Edwin Drake's well at Titusville, Pa., in 1859 traveled a different route. You could see crude oil then, as it was poured into wooden tanks or dumped into wooden barrels to be hauled by wagon team and railroad flat car to refineries. They sold petroleum in glass bottles in those days, too, as medicine to treat all kinds of ills.

It was a matter of economic necessity that oil was first enclosed in a pipeline. The cost to haul a barrel of oil five miles by wagon was about four dollars. In addition, teamsters and wooden barrels couldn't keep up with the demand for transportation in the oil boom days of the early 1860's.

A man named Samuel Van Syckel was the first to make a success out of putting together some pieces of iron pipe and pumping oil through them. He charged a dollar a barrel to move oil through his line from Pithole, Pa., to the Oil Creek Railroad, a distance of five miles. From that beginning in 1865 evolved one of the world's largest and most economical transportation systems.

Today, the United States has a network of more than 200,000 miles of crude oil and products pipelines. The pipeline industry includes more than a hundred companies small and large. Together they move 9 million barrels of crude oil and products daily, serving half a million oil wells and more than 300 refineries.

A great majority of these pipelines are common carriers - required to provide transportation for any and all shippers, to the extent of their facilities. They are subject to the Interstate Commerce Act the same as other common carriers, such as trains, trucks, airlines and barges.

Service Pipeline Company, which operates lines in this vicinity, is a common carrier transporter of crude oil with a pipeline system totalling more than 15,000 miles. It delivers 85,000 barrels of crude oil daily to 74 refineries directly or through connecting pipelines.

From its beginning in 1916 with 487 miles of pipe in Oklahoma and Kansas, Service has expanded to include gathering and trunk lines in 15 states. It employs some 2,500 people, and its total investment in lines, tanks, stations and other facilities is about \$270 million - more than

\$108,000 per employee.

Twenty four hours a day, the nation's pipelines use giant diesel engines and powerful electric motors to boost the unseen, unnoticed underground river of oil on its way.

Samuel Van Syckel, with his five miles of 2-inch line, started the industry that today provides the most economical overland means of transporting oil. One gallon of oil can be carried a thou-

Vega, Texas, Man Reports - More Uniform Production of Quality Seed Wheat

C. G. Richardson, owner and operator of Richardson Seed Co., produces high quality, high germination seed wheat.

Mr. Richardson says: "We watch all of the things that will give us higher quality seed - both grain sorghum and wheat. For example, we have a clean farm, free of weeds. We use the latest and best cleaning and handling equipment.

"And," he continued, "we use Phillips 66 Ammonia to give us more uniform and higher quality yields of seed wheat. We apply 100 pounds of ammonia pre-plant on wheat land; and we plow down 125 pounds of ammonia in the fall on our maize land."

Other successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin . . . yields of sorghum grain or ensilage are increased . . . profits on wheat and small grains are increased through higher grain yields and improved forage . . . more marketable vegetables are harvested.

Phillips 66 Ammonia can be easily applied either by you or your distributor. See us today about Phillips 66 Agricultural Ammonia . . . it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

Order Your Supply of Phillips 66 Agricultural Ammonia Today!

"1 BARREL - 5 MILES - \$1.00"

Samuel Van Syckel built the first successful oil pipeline in 1865. He charged \$1.00 for moving a barrel of oil five miles.

Today, through pipeline technological efficiency, spurred on by competition, and the skills of pipeline workers, you can ship a barrel of oil a thousand miles or more for 35 cents.

Letter from Husband

Hello, my fellow Texans. There's a favorite game being played in Washington these days. It involves guessing when members of the Congress will go home.

WORK TO BE DONE
I wish I could say we will all be going home tomorrow. I want to get back to Texas - back home - just as quickly as I can. But there is still work to be done and it's very important work. And I believe the Congress will stay here until it is completed. At least, that's the way it should be.

A PRODUCTIVE CONGRESS
Actually, the Congress has already accomplished a fine record of accomplishment. I'm confident more will be added to that record of achievement before the session ends.

Texas - because of its size, but more particularly because of its dynamic growth - has played a large part in this session of the Congress.

The Senate last week approved and sent to the White House a Public Works Appropriation bill, what we call up here the Civil Functions bill.

This measure is highly important to Texas.

In all, there are 32 separate Texas projects included in the construction and planning provisions of the bill. In addition there are a score or more of Texas survey or reclamation projects.

Here are a few of the projects - not necessarily the most important by any means - that are included in this bill now at the White House.

TO THE FUTURE
There is the Brazos Island Harbor project . . . Buffalo Bayou and tributaries . . . Canyon Reservoir . . . Cooper Reservoir . . . Galveston Harbor Channel and Seawall . . . four projects all involved in the Gulf Intracoastal Waterway . . . deepening and widening of the Houston Ship Channel . . . the Lampasas Reservoir . . . the Matagorda Ship Channel . . . McGee Bond Dam . . . the Port Aransas-Corpus Christi waterway . . . the Sabine-Neches Waterway . . . the San Antonio River Channel . . . Texas City Channel . . . and the Waco Reservoir.

And in addition, reclamation projects and surveys range all the way from San Angelo to the Lower Rio Grande Valley.

These projects are not only important now. They are important to the future of Texas and the future of our Nation.

That is why they have been approved by both the House and by the Senate.

RESPONSIBLE SPENDING
These expenditures have been approved while other spending proposals have been cut.

The record at the end of this session will show this. And it will be dramatically demonstrated in total appropriations hundreds of millions of dollars less than the President urged the Congress to appropriate.

But the Nation needs more than this.

Here in Washington we operate - in effect - under two calendars. This is August, 1959, on the calendar that hangs in my kitchen. But to men who do Government's bookkeeping, this is already 1960. Fiscal 1960 is what they call it. Actually, the old year ended last June 30. Fiscal 1960 started on July 1. A decade has ended.

A NEW DECADE AHEAD
During these last ten years the Nation has experienced two brief and relatively mild recessions. Over the long haul, prosperity has been the keystone.

But over the same period, there have been only three years in which the Government has lived within its income. In all seven other years, the Federal Government has spent more money than came in. And this has been in spite of increasing tax burdens on everyone.

A new decade is ahead. The job of the Senate and my goal is to see that the Federal Government achieves a better fiscal record in the ten years ahead than it did in the decade just past.

With your help, I'm confident that it can be done.

Thank you for listening. This is your Senator, Lyndon Johnson, speaking from Washington and saying good-by and God bless you.

3rd Field Day Set for Sept. 24 At Halfway, Tex.

The Third Annual Field Day of the High Plains Research Foundation will be held September 24, 1959, at Halfway, Texas, 10 miles east of Otton and 15 miles west on Plainview highway 70, Dr. Thomas C. Longnecker, director of the Foundation, announced today.

Guided tours will begin at 1:30. Staff members and scientist from the Extension Service, Soil Conservation Service, Texas Experiment Station and agriculture representatives of commercial companies will be at designated stops to discuss the research being conducted. The tours will cover such experimental research as cotton fertilization, grain sorghum varieties and fertilization experiments, irrigation efficiency on cotton, recharge well and bench leveling, cotton skip-row and interplanting, soybean fertilization and rate of seeding and row spacing tests, castor bean variety and fertilizer tests.

The usual bar-b-que will be held at 6:30 p. m. Dr. Longnecker said everyone is cordially invited to attend this third annual field day to observe the research being done to help agriculture maintain its role as the foundation for the continued growth of these Great High Plains of Texas.

SENATOR * Yarborough's Report**

One of the most hotly contested provisions of the new Housing Act now being considered by the Congress is the proposal to lend money to colleges to help build badly needed college classrooms.

Following their policy of "no stars," the Administration has opposed the move. This proposal would only provide funds and a loan basis to be paid back with interest.

The proposal to help build more college classrooms is a vital one. We in America, are learning a lesson in the school of hard knocks about education. The rise of Sputnik in 1957 gave warning of the rise in education and technical know-how which put this Russian satellite into orbit. We are coming to realize that to help our people stay healthy, stay ahead of the advances of the time - and stay alive, we must provide more and better education for our young people.

More of our young people are realizing that what they don't know will hurt them. And the clamor for entrance into colleges is overflowing many schools. Next year, three and one-half million students will be enrolled in America's colleges and universities. By 1965, that figure will have leaped to 4,800,000 and by 1970, the enrollment will be over six million. And, in many states, only 18 percent of the college age young people are actually in school. In other states, such as California, the percentage is as high as 60. The percentage in Texas is 31 and one-half.

We have been giving our young people some encouragement along this line but we need to do more.

We know right now that the experts who six years ago estimated the number of college students who would be in school next year fell short by more than a million.

Vice Admiral Hyman G. Rickover just returned from a visit to Russia. He said that what frightened him most about the Communists was not their arm system, but their educational system. And Dr. Edwin Teller, the father of the H-bomb, has said recently that unless we step up our educational activities, Russia will be ahead of us in science by 1969.

Our schools, particularly our colleges and universities, are like the old woman in the shoe we sang about in nursery rhymes. They have so many students they don't know what to do. And many more are on the way.

This situation is no nursery rhyme - it is a stern, real fact. We must meet this challenge in education so our young people will be able to meet the challenge of the modern world.

RETURNING TO TEACH AT DALLAS

Edgar P. Ward, who has been visiting here this summer with his parents, Mr. and Mrs. J. Ward, will return Thursday to Dallas where he will resume his duties as a teacher at the Brown Miller School.

HOME FROM YELLOWSTONE

Mr. and Mrs. L. E. Childs and daughter, returned last week from a short vacation in the Yellowstone Park area. They reported they observed none of the effects of the recent quakes there.

TEACHERS

WELCOME BACK! We know of no one we are happier to see. We know of no one more competent to take charge of our youngsters.

We hope you stop in and say "hello". And if there is any service we can perform, don't hesitate for one moment to see . . . you know whom.

Story Behind Designing of New SC Stamp

SOIL CONSERVATION

SOIL CONSERVATION STAMP

This is a black and white reproduction of the 4 cent soil conservation stamp now on sale at the post office here. The stamp, printed in three colors, went on sale yesterday in Rapid City, S. D. at the annual meeting of the Soil Conservation Society of America.

The stamp portrays a modern conservation farm, according to D. L. Tucker, chairman, Cochran Soil Conservation Board of Supervisors. Grasses in the rolling pasture, foreground, prevent soil erosion and conserve moisture. Grazing is regulated to favor growth of the best forage grasses.

A farm pond, lower right, provides water for domestic and livestock use, for fire protection, for wildlife, and for recreation such as fishing, swimming, and boating.

Contour strip-cropping and rotation systems, left and right center, include grasses and cultivated crops in alternating bands. The grass strips catch and hold soil that may move out of cultivated strips during rainstorms, and they increase moisture in-soak.

Trees and shrubs control erosion, provide a home for wildlife, and protect the farmstead from hot winds of summer and cold winds of winter.

Conservation farming, as depicted in the stamp, gives assurance of a plentiful supply of food and other products of the land for the seven-tenths of our people who live in town, symbolized in upper right.

CHEVROLET

most m.p.g.* miles per gallon

one of 7 big bests Chevrolet gives you over any car in its field

Proof that Chevy delivers the most miles from a gallon comes from an indisputable source: this year's Mobilgas Economy Run. For a pair of Chevrolet sixes with Powerglide walked away with the first two places in their class - got top mileage, in fact, of any full-sized car. Over the Run's long, rugged course, over mountain and desert in the long, long haul from Los Angeles to Kansas City, the winning Chevrolet averaged a whopping 22.38 miles per gallon. That's the kind of economy-engineering that keeps you saving while you drive!

BEST STYLE-It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

BEST BRAKES-In competitive tests of repeated stops from highway speeds, conducted by NASCAR**, Chevy outstopped both of the "other two." Naturally-Chevy brakes with bonded linings are far larger, built to lengthen brake life by up to 66%.

BEST TRADE-IN-Look at the record-the used car prices in any N.A.D.A.+ Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."

BEST ENGINE-Chevrolet engines have long won expert praise and, just recently, Chevrolet received the NASCAR Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

BEST ROOM-Official dimensions reported to A.M.A.† make this abundantly clear. Chevy front seat hip room, for instance, is as much as 5.9 inches wider than in comparable cars.

BEST RIDE-MOTOR TREND magazine names Chevy . . . the smoothest, most quiet, softest riding car in its price class." But this is one Chevy feature you really should discover for yourself, at your Chevrolet dealer's. Stop by soon!

Ramsey's Watch Morton's Growth With Great Pride

Ramsey Shoe Repair, located on the eastside of the square in Morton, is the oldest shoe repair shop in Morton -- and at present it is the only shoe repair shop in the area.

At Ramsey Shoe Repair your leather and canvas goods get the attention that only experience can give them. Mr. and Mrs. S. A. Ramsey have been in the shoe repair business here for 28 years.

Mr. and Mrs. Ramsey moved to Morton from Littlefield in September of 1932. While in the Lamb County town, S. A. was employed by the City Shoe Shop. Ramsey Shoe Repair was first opened in Morton on September 2, 1932, just one door north of where Clarke's Dry Goods is now located. In 1935 the shop was moved to its present location on the east side of the square.

In 1952 the present modern building in which the shop is located was completed.

Running back over the years -- S. A. and Cora, his wife, were wed at Lamesa on October 27, 1929. They have six children, four of whom are married: Joyce is now Mrs. Wayman Marshall of Vernon; their only son, Gerald, whose wife is associated with the First State Bank, is serving a hitch in Uncle Sam's Army; Geraldine is now Mrs. Burly Taylor of Houston; and Belva, who attends Wayland College with her husband, is now Mrs. Vernon Stokes of Plainview. At home are Sue, 15, and Peggy, 13, both students in the Morton Schools.

The Ramseys are active members of the First Baptist Church here. S. A. is a former member of the City Council.

Returning to the shoe shop, Ramsey Shoe Repair makes a business of repairing anything made of leather or canvas -- shoes, belts, bags, canvas irrigation equipment, canvas tarps, etc.

The shop also offers shoppers a complete line of Justin, Tex Tan, Cactus Jack, and Frontier brand boots.

Also you'll find Bandera and Panastraw western hats, Shaw brand dress shoes, and Tex Tan Moccasins for men, women and children.

Another popular item is Rhino steel-toe work boots.

When you're seeking a leather gift item, such as a billfold, Ramsey Shoe Repair is a good place to look first.

Leather name belts are also a specialty at Ramsey Shoe Repair, and for cowboys in the area they repair saddles.

For the best in shoe repair, the best in brand name footwear, and the best in canvas and leather goods repair, drop by Ramsey Shoe Repair -- you'll be glad you did.

The Ramseys like the area and they are always among the first to express their appreciation for the people here, not only their customers, but to everyone who helps Morton, Cochran County, and the area grow.

VISIT BUTLERS

Recent visitors in the home of Mr. and Mrs. W. W. Butler, Jr. and daughter, Regina of Morton were Mrs. Newman Perry of Windom, and Mr. and Mrs. Roy Newman Perry and Ricky of Ft. Worth.

'Best in Cleaning' Is Constant Goal Of Stricklands

It's an old custom along "Texas Last Frontier" to think of Stricklands when one thinks of "cleaning."

And, one might add, it's customary to think of Stricklands when one considers tailored clothes -- either for ladies or men.

Always folks to believe in progress, only recently Stricklands introduced the nationally advertised "Sanitone Dry Cleaning" system to area folks.

It was on Jan. 1, 1935, that Mr. and Mrs. R. C. Strickland opened their first dry cleaning shop in Morton in a building on the north side of the square.

Their equipment consisted of a press and a cleaning unit. Since then they have expanded as the growth and development of the area demanded. Today the Stricklands operate one of the best equipped cleaning plants in West Texas.

They've always been first with the latest cleaning methods.

Among other equipment, Stricklands operate a complete silk finishing department that is "strictly" modern.

The cleaning establishment also offers alteration service of all kinds -- and, they are always on the alert to see that buttons, rips, and tears are mended on all garments passing through their shop.

Now, something about the folks you find at Stricklands.

Mr. and Mrs. Strickland, he usually referred to as "Mr. Strick" or "Strick," were married June 20, 1929, in Hamilton. Their first business was a tire and station there.

In 1925 they moved to this County, making Bledsoe their home.

In 1931 "Mr. Strick" was elected county tax assessor, and the Stricklands moved to Morton where he could be close to his work -- recall the lack of paved roads at that time?

And, the Stricklands have been ardent boosters of "Texas Last Frontier" ever since they set foot in Cochran County.

Mr. and Mrs. Strickland have two children, Mrs. Arlin Mullinax of Morton and Raymond Strickland, who is an architectural engineer for Magnolia Petroleum Company, with his home in Dallas.

The Stricklands have four grandchildren, their "pride and joy." They are Carrie Ann Mullinax, and Lynda, Vicki, and Randy Strickland.

Incidentally, "Mr. Strick," who has always taken more than his share of civic work, is presently serving on the Morton City Commission. Among other things he served the county as County Judge for four years (two terms in those days.) He has been Commander of the local American Legion Post, president of the Morton Lions Club, president of the Chamber of Commerce, and is a retired member of the Volunteer Fire Department.

Both are active members of the Church of Christ.

Mrs. Strickland always referred to as "Sally" by friends, is and always has taken an active part in community. She is past president of the P-TA and the 1936 Study Club.

And both are proud of their experienced "help" at the cleaning establishment. Mrs. Alice Tarlton, Mrs. Alma Lindsey, Mrs. Margee Coats, Mrs. Bess McDaniel, and Floyd Banks are all ready to serve you and see that you get the best cleaning and pressing that can be had.

Like many West Texans, "Mr. Strick" enjoys fishing. As the saying goes, he "never catches any, but loves to try."

And Stricklands always try to please their customers. Their business slogan is "We Appreciate Your Business," drop by the next time you have cleaning to be done -- seein' is believin'.

ACCEPTS SCHOLARSHIP

Clyde Brownlow, son of Mr. and Mrs. Earl Brownlow here, has accepted a basketball scholarship to attend South Plains College, Levelland, this fall.

Clyde, who was president of the senior class at Morton High last year, was a member of the High School basketball team.

BACK FROM THE ARMY

Mr. and Mrs. James Dewbre, former Morton residents, were visiting here this week. Dewbre is the son of Mr. and Mrs. R. Z. Dewbre of Cochran County. He has been serving with the U. S. Army for the past two years, much of which time was spent in Germany where he was joined by his wife.

VISIT IN MILLER HOME

Lubbock Man Elected President of Central Plains Baptist Brotherhood

Jack Medley of the Central Baptist Church, Lubbock, was elected president of the Central Plains Brotherhood at an area brotherhood meeting here Aug. 22 at the First Missionary Baptist Church.

Six area churches were represented at the meeting by 49 men. Other officers elected for the 3400 year were LaVern Bens of the Central Baptist, Lubbock; president; Orlan Cook of the Central Baptist, secretary-treasurer; Gilbert Bryant of College Avenue Levelland, assistant secretary; Rev. Austin Steadman of Morton church, song leader; and Rev. Paul Robinson of the Main Street Baptist, Muleshoe, pianist.

Refreshments of coffee and icecream, and cookies were served.

The next quarterly meeting of the group will be in November at the College Avenue Church, Levelland.

GOVERNOR ASKS "ALL OUT EFFORT TO REDUCE DEATHS ON TEXAS HIGHWAYS OVER LABOR DAY WEEKEND

Governor Price Daniel, Saturday, called for "an all out effort to save lives on the Texas streets and highways during the Labor Day weekend" in the light of a 6 per cent increase in traffic deaths the first half of this year.

TO VISIT IN NEW MEXICO
Mr. and Mrs. Roy Smith and family of Morton and Roy's nephew and niece, Ronny and Janice of Floydada, are heading west this week for a "before school" sight-seeing tour around Cloudcroft and Carlsbad Caverns in our neighboring state of New Mexico.

As little understood as any function in the cotton industry is the role of the cotton merchant . . . yet without him the industry would be in about the same predicament as if all gins closed down . . . after all, there is nothing so useless as a bale of cotton until it reaches the manufacturer . . . without the merchant (often known as a shipper) the cotton would have an almost impossible trip . . . here's what the merchant does—or at least part of what he does—he buys cotton of all kinds and assembles the different kinds into even running lots for sale to spinners . . . since his livelihood depends upon cotton markets, he seeks and develops new markets . . . and he has taken American cotton to markets all over the world . . . since the merchant does business on a "year-round" basis the farmer has a market when he wants and needs it

... also the merchant offers the spinner a constant source of supply . . . and he guarantees that the spinner will receive the cotton he wants . . . and guarantees quality, weight and delivery . . . and the merchant, or shipper, not only pursues markets but by his services encourages the spinners to use cotton in preference to other fibers . . . for all of this the merchant makes a profit of about one per cent.

Study Group
Committee made up of members from seven major cotton exporting countries will present its recommendations for averting a cotton price war to the Cotton Exporting Countries' Study Group within next two or three months . . . the study group is made up of members from 12 nations.

Weevils
A boll weevil lays an average of about 81 eggs . . . but sometimes she may lay 450 . . . she only needs to be five days old to start laying . . . incidentally there are more male weevils than female . . . just thought you would like to know!!

Orders Up
Cotton mills had more firm orders on June 1 than at any time since early 1951 . . . also the spinners were getting higher prices . . . "mill margin" was at highest point since late 1956.

TO OBSERVE BIRTHDAY
J. A. Vernon announced this week that members of the late Mrs. J. A. Vernon's Sunday School class would observe her birthday Sunday afternoon from two to five o'clock at the Vernon home.

VISITING FROM MIDLAND
Mr. and Mrs. Calvin Hall of Midland has been visiting in the home of his niece, Mrs. Burt McCasland and family and his sister, Mrs. W. O. Staleup and family for the past week.

GUESTS OF VERNON WRIGHTS
Mr. and Mrs. Cullen Busher of Winters visited last week with the Vernon Wrights. Mr. Busher and Mrs. Wright are brother and sister.

Robert Vinson of Hereford was a Monday night visitor.

VISITING PARENTS
Mr. and Mrs. Bert Jennings and son, Curtis, are visiting Mrs. Jennings parents, Mr. and Mrs. E. E. Melton in Antlers, Oklahoma and her aunt, Mrs. Ada Golden in Atoka, Oklahoma this week.

VISITORS FROM LOUISIANA
Visiting in the home of Mr. and Mrs. Hughes Smith last week were 1st Lt. and Mrs. Don Smith and baby son.

The 23 year old Lt. is a navigator on a 135 jet tanker with the Strategic Air Command at Bossier City, Louisiana.

**Lyndon Gathright 'Works Out' for
Howard Payne Cross Country Team**

Track is a year round proposition for some people.

A 1956 graduate of Morton High School, Lyndon Gathright, is the son of Mr. and Mrs. J. G. Gathright. Lyndon was an all-around athlete during his high school stint. He will begin his third season this year at Howard Payne, as he starts his third season with the Yellow Jacket endowment.

During the fall, Howard Payne endowment are known as one of the strongest competitors for the N.A.A.U. Cross-Country title. The meet is held in Omaha, Nebraska, every year. Lyndon was one of the top cross-country men for the Jackets last year. His best time in the three mile was 14:21. He has run a 12:59 four mile on the different cross-country courses.

N.A.A.U. CHAMPIONS

While going into his first year under Coach J. E. "Cap" Shelton, (southwest Hall of Fame) among the athletes best in track, Lyndon placed 20th. There were about 125 men in the National meet in which the Baptist school brought home the championship trophy. It was a four-mile course of many obstacles such as: river banks, hills, creeks, bridges, and water traps. Last year while competing in the same meet (N.A.A.U.) in Nebraska, Lyndon was running about 12th place at the three-mile mark with a team-mate. Then unfortunate sprain, and he didn't get to finish the race. A muscle cramp prevented him from placing, but the team still placed sixth in the overall meet.

TRANSFER FROM WAYLAND

Lyndon completed one year of College at Wayland in Plainview. He played on the Pioneer Freshman Basketball team. He participated in all four sports for the Indians of Morton - Football, Track, Basketball, and Baseball. His senior year he went to the state track meet in the mile run.

He started his training program the first day of August. He does most work which helps him in his distance races, works out daily after he has put in a ten hour day. But most of his daily workouts have been at the Indoor practice field as well as some work on the out of town "Sand Hills."

ACTIVE IN ORGANIZATIONS

Lyndon not only participates in sports, but is active in the Baptist Student Union Jackets for

Lyndon Gathright, a 1956 graduate of Morton High School, is the son of Mr. and Mrs. J. G. Gathright. Lyndon was an all-around athlete during his high school stint. He will begin his third season this year at Howard Payne, as he starts his third season with the Yellow Jacket endowment.

THREE WAY SCHOOL

(Continued from Page One)

Her duties at Three Way will be to help with the testing program, library and film coordinator.

The lunch room supervisor will be Mrs. Naomi Juman, assisted by Mrs. Florence Fine and Mrs. Elmer Battless.

Mr. Dave Poindexter will be the school custodian.

Mrs. Michael Flanken will be the new tax assessor collector for the 1959 - 60 school term. Her office will be in the school building.

The bus foreman is Russ Upstegrove. Bus drivers will be Bill Wood, Charles Bowen, Elbert Adams, Ray Clay, Dave Poindexter, and Ray Ware. Mrs. Dave Poindexter will drive the bus to Morton.

Three Way's first football game will be at Three Way Friday night, September 11 with Cotton Center, last year's district champions. Friday night, September 18 will be with neighboring school of Bula to be followed the following Friday night, September 25 with Smyer. The first three games will be at Three Way.

The faculty is complete. Following are their assignments:

1st grade, Mrs. Georgia Perkins; 2nd, Mrs. Fannie Walker; 3rd, Mrs. Lorena Carter; 4th, Mrs. Mary Rose Bowen; 5th, Ray Clay, 6th and elementary principal, Elbert Adams.

Junior High and High School: David Neel, H. S. math and physics; Ray Ware, H. S. science and grade math; Billy Wood, coach and history; Betty Adams, Home Economics; Mrs. Dewitt Allsup, H. S. English and typing; Mrs. Loretta Hardgrove, language arts in the 6th, 7th, and 8th grades and junior high English; Jack Tharp, Agriculture, Charles Bowen, high school principal, and social sciences; Arvile Sims, Superintendent, commercial; Mrs. Katherine Sims, the itinerant teacher, will divide her time between Bula and Three Way.

We hope your next Picture bears this mark of Quality

TRIBUNE SOCIETY . . . NEWS - FOR - AND - ABOUT - WOMEN - AND - CLUBS

Mr. and Mrs. G. F. (Floyd) Cooper Observe 50th Anniversary, Sunday

An open house to be given at the home of Mr. and Mrs. Junior Cooper, northeast of Morton, on Sunday, August 30th, will honor his parents, Mr. and Mrs. Floyd (G. F.) Cooper, on their 50th wedding anniversary.

Receiving hours will be from 2 until 5 o'clock.

Co-hosts will be the Cooper's sons and daughters, and daughters-in-law: Mr. and Mrs. Junior Cooper, Mr. and Mrs. Olen Cooper, Mr. and Mrs. Virgil Willis, Mr. and Mrs. Chester Miller, Mr. and Mrs. Wayne Kendred, all of Morton, and Mr. and Mrs. Buddy Fort, Lovington, New Mexico.

Mr. and Mrs. Floyd Cooper were married August 29, 1909, in Haskell County, moving to Morton on Jan. 2, 1924. They began farming two miles north and one mile east of Morton and have lived on and farmed the same place ever since. They were among the first pioneering couples moving to Morton.

Mr. Cooper was one of the Morton's school's first trustees and served on the board when the two story brick building, formerly the high school and later junior high (now housing 5th and 6th grades) was first constructed. Altogether he served on the local school board for a total of 12 years.

Mr. and Mrs. Cooper have 19 grandchildren and 8 great-grandchildren.

Because the couple have so many, many area friends, the children decided against sending invitations to all, for fear they might miss a few. Therefore, all friends of Mr. and Mrs. Cooper are invited to drop by during the special hours, Sunday, August 30th, and pay their respects.

The Junior Coopers residence is located one mile north and one mile east of Morton.

FOUR FROM HERE ATTEND WMU "HOUSE PARTY"

Four members of the Women's Missionary Union of the First Baptist Church are attending the Texas WMU "House Party" workshop this week in Waco.

Leaving Monday morning for Waco were Mrs. Charles Jones, Mrs. Houston Walker, Mrs. Earl Palvado, and Mrs. Weidon Newsome.

They are expected back in Morton today, Thursday.

Double Ring Wedding Rites Unite Miss Judy Oliver, Carrol G. Sexton

In a double ring ceremony at 8 p. m. on August 20th, Miss Judy Oliver became the bride of Carroll Gayland Sexton, son of Mr. and Mrs. R. C. Sexton, Morton, in the home of her parents, Mr. and Mrs. N. B. Oliver, Route 1, Anton.

The bride wore a white ballerina length gown; a fingertip length veil and carried white flowers on a white Bible.

The bride was attended by Miss

SEWING CLUB TO MEET AGAIN AFTER VACATION

After three months vacation, the Busy Fingers Sewing Club will meet in the home of Mrs. Fred Crow, September 4. We hope all will be on hand to start a new year.

We regret to say that a few of our good members resigned but

there will be others to take their places, I am sure. Please remember the date, September 4th at 2:30 p. m.

Steve has a number of years experience in the field, and we feel he is qualified to offer you the service you deserve ... drop by he next time you're in Morton, and see for yourself ...

WEDDING REHEARSAL SUPPER HOSTED BY THE NORMAN MONKS AND VAN GREENES

Dr. and Mrs. N. A. Monk of Lubbock, and Mr. and Mrs. Van Greene hosted the Rose-Van Pelt rehearsal supper at the Greene home on Thursday night, August 20, preceding the wedding Friday afternoon of Miss Deanna Rose and Mr. Don Van Pelt of Wellington.

Supper was served al fresco on the back terrace to fifty guests; all members of the wedding party and their families.

The serving table, covered in white linen was centered with a large apothecary jar filled with floating white flowers and greenery, surrounded by ivy, carrying out the bride's chosen colors of green and white.

Tables for four covered with green were centered with miniature apothecary jars containing white flowers and lighted tapers. The scene was further enchanted by hurricane lamps placed at vantage points on the terrace.

Miss Rose presented her attendants with green net headpieces, ornamented with tiny green velvet bows. The two flower girls were given pearl necklaces. Cuff links were given the male attendants by Mr. Van Pelt.

The prospective bridegroom's gift to Miss Rose was a strand of pearls and her gift to him was cuff links of Florentine gold, matching their wedding rings.

Out of town guests were: Mrs. and Mrs. Mahon Rose, Tina and Carl, Oklahoma City; Mrs. Frank Rose, Peoria, Illinois, Mr. and Mrs. Allan Williams, and Gerrie Bolt, Whitharral; Mr. and Mrs. Charles Lenau, and Mr. and Mrs. Jack Russel, Lubbock; Mr. and Mrs. Jimmie Dean, Cassie and Debbie, Midland; Mr. and Mrs. Paul Ornsby and Paul Dean, Boger; Mr. and Mrs. Lonnie Fugson; Mr. and Mrs. Grady Van Pelt; Mr. and Mrs. Tommy Lewis all of Wellington.

Also Mr. and Mrs. Jimmie Van Pelt, John, Frankie and James of Memphis; Mr. and Mrs. Newell Van Pelt and Ricky, Clovis; and Dickey Townly, Gorman.

BRIDAL SHOWER FOR JOY DANE IN ALTMAN HOME

Miss Joy Dane, daughter of Mr. and Mrs. J. O. Dane of Enochs, bride-elect of Jackie Shan, son of Mr. and Mrs. V. J. Shan of Carlsbad New Mexico, was honored with a wedding shower, Fri. August 21st in the home of Mrs. P. A. Altman of Enochs. The table, covered with a lace table cloth, over pink, which is the brides chosen color, was spread with squares of white cake with pink icing, and pink punch.

Pink roses were used as a centerpiece and small bridal bouquets made of lace centered with a small garden flower were plate favors.

Miss Sandra Seagler served the cake, Miss Gracie Altman poured the punch, and Miss Ja Nell Seagler registered about 23 guests.

About 40 gifts were brought or sent. Hostesses for the shower were: Mrs. R. H. Baker, Mrs. C. R. Seagler, Mrs. C. H. Byars, Mrs. L. E. Nichols, Mrs. W. A. Pool, Mrs. E. N. McCall, Mrs. K. N. Coats, Mrs. P. A. Altman, and Miss Gracie Altman.

Miss Dane has been employed as a stenographer at Engine Service and Supply in Odessa. Mr. Shan is in the Navy and is now stationed in Maine. The couple will make their home in Maine where he will serve another year and a half.

RETURN FROM MEXICO

Mr. and Mrs. Mike Tamez and daughter returned this week from Reynosa, Mexico, where they visited with his grandmother and other relatives. At Reynosa, which is across the Rio Grande from McAllen, they fished in "18 March" Lake. On their way home they visited with her folks in Sea Antonio.

PLAINS COTTON GROWERS

(Continued from Page One)
 pointed out that the PCG's climb to prominence emphasizing that it was only rightful, since this area produces 48 per cent of all cotton in Texas and 17 per cent of all cotton produced in the United States . . . or one bale out of every six.

After a careful study of the three phases of the PCG program, Pfeiffenberger launched into a discussion of the A and B cotton program in which he theorized that the 71 per cent parity to be paid by the government to purchase A cotton would probably set the pattern for a similar ceiling on B cotton being put in the loan.

He noted instances in which the cotton industry had paid higher prices for cotton raised in the Valley this year but indicated the reason was that they had run out of cotton and made purchases only to fill out their stock for necessary production.

He indicated that he would not be surprised at all if Congress doesn't take some kind of major action next year to change the cotton production program, because it is an election year. Nevertheless, he traced the cotton program as it is now set up to cover through the production of the

1962 cotton crop. In tracing the development of the PCG, George said the group was "by far the largest cotton producing organization in the nation with an estimated 25,000 members." A total of 260 gins, all the compresses and oil mills in the 23-county area, 50 to 60 banks, and a lot of implement dealers are members. He said the organization membership was still 85 per cent producers and they felt that was a healthy percentage of farmers as compared to

businessmen. They stress the control of the organization by the producer. The general program of the PCG is divided into Research, Promotion and Service. In the field of research, Pfeiffenberger said the PCG doesn't own any experimental farms but the program consist of grants-in-aid to various stations. In presenting a list of many items for which the PCG has spent money in the field of research he pointed the fact that they had spent

\$6,000 for salary to get a representative of the Department of Labor in the area to study the relationship between the cotton breeding and mechanization and another \$4,000 on the program. Until 3 years ago, only at Experiment Station were these things even minutely studied. The PCG has spent \$6,000 on experiments on cotton fertilization at the Tex's Experimental Station and \$7,000 at Halfway on the same subject, but with different types of land studied. They have spent \$2,500 at Spur in experiments on the proper utilization of water on cotton crops. One of the most important investments he felt was the \$16,000 worth of fibre and spinning tests made at the spinning plant at Tech, to measure the progress of the area cotton and to help promote it in the cotton industry. They advanced \$45,000 to help add a wing at the college for the spinning plant which he called "a vest pocket cotton mill." This money will all come back to the PCG in credit toward spinning tests and "certainly was well spent," he said.

He noted investments in marketing research in which the PCG puts out a bulletin to cotton buyers the world over showing the Pressley Strength and Micronaire report of Plains Cotton, the only such report being published anywhere. The Micronaire increase on Plains Cotton has been outstanding as well as the increase in staple length of cotton from this area. This is highly important, he told the group, because although the government does not yet count micronaire as measure of cotton worth, cotton mills do. Pressure is being brought to have micronaire readings placed on the "green card." PCG will not oppose this. The Cotton Exchange has adopted a rule that no cotton with a micronaire of less than 3.5 can be on the future cotton market. In promotional work, Pfeiffenberger outlined an advertising program started in the Cotton Trade Journal, also in post card form pointing out the advantages of Plains Cotton and hammering on the spinability and blending quality of light spot cotton, of which the Plains has considerable production.

He listed the meetings already held and planned by the PCG in promotional effort. But the long suit of the PCG Pfeiffenberger felt, was the service to the producer. He traced the participation in the legislative matters needed in the cotton industry. He traced the development of the A and B plan as a measure to get around acreage cuts, and felt it was a step ahead for our farmers. He outlined the tremendous fight undertaken by the PCG to get light spot cotton classified in which it was later found the Commodity Credit Corporation was making \$18 a bale on light spot cotton in the sale to cotton buyers, when they refused to classify it any different than spotted cotton as they purchased it from the producer.

He traced the fight, on a state level, for cotton allotments for the 23-county Plains area . . . first urging the state to cut down the amount of reserve acreage held, and later leading the fight to get an area man on the state board . . . which was finally accomplished. Their present fight, in which the entire 23 county strength of the PCG stands squarely behind Cochran County, is to hold the state reserve to 1 per cent and to allow no county in the state to suffer more than a 3 per cent acreage cut. Cochran County is in a position to get the greatest cut, and it could amount to 6 per cent, if PCG is unsuccessful. And Pfeiffenberger outlined PCG's activity in the Bracero Labor problem field. "PCG will be represented in Washington next month at the labor hearings along with the West Texas Labor Association," George said. In showing how PCG's name has become important in the industry, Pfeiffenberger pointed out that the organization is now one of those which has a voice in naming delegates and directors to the National Cotton Council. He also emphasized the financial importance to Plains Cotton in the establishment of the cotton classing plant at Lubbock and the installation of cotton sample humidifiers for which the PCG paid \$45,000 to be installed. He said the average staple length increased 1/32 of an inch. They expended \$6,000 at Lamesa and will probably spend another \$5,000 at Brownfield on cotton classing stations. County Agent Homer Thompson opened the meeting with a discussion on fertilizer demonstrations which have been held and called for the naming of a crop committee for the county to push sowing of the best seed available in all crops. Gene Benham, who emceed the program introduced Willard Cox who discussed PCG's fight with Cochran County to save cotton acreage for this county in next years allotments and also discussed the social security problem of farmers to cotton crews and suggested the farmers sit down with Thompson and work out these problems.

COMING TO ROSE FRIDAY — John Wayne, Myrtle Collins and Dean Martin cavort in an exciting scene from the picture "RIO BRAVO" showing Friday, Saturday, Sunday, and Monday, at the ROSE THEATRE in Morton.

DOSS BACK TO SCHOOL SCHOOL STARTS AUG 31.

BLED SOE

(Continued from Page One)

ayed basket-ball for three years at Westport High School, where he made the all-state team. They plan to move to Bledsoe within the next few days.

The fifth and sixth grade teacher is Mrs. Zoe Mills. For the past 16 years, Mrs. Miles has taught in the Queen City, Texas, Public Schools. She has a Master's degree. She is in the process of moving to Bledsoe at this time.

Other members of the faculty are: Mrs. Myrtle Collins, first and second grades; Mrs. Myrtle Howard, third and fourth grades; Mr. H. F. Collins, seventh and eighth grades. In the High School, Mrs. Lois C. Selman will teach commercial subjects; Mr. Leon Ward is the high school English teacher; Mr. Parr will probably teach history and civics.

The buses will begin on regular schedules the first day. Lunches will be served in the cafeteria the first day of school. Lunches again this year, will be 30 cents each. Mrs. Vera Bailey will be supervisor of the cafeteria. Mrs. Katherine Hill will be her assistant.

Mrs. Gene Benham

Will Teach In Whiteface Schools

Mrs. D. E. (Gene) Benham

Mrs. Benham previously in the Morton Schools 10 years.

Mrs. Pat Hatcher, who accepted a post in the Whiteface Schools, and Mrs. Benham drive to Whiteface tonight school day.

NEW DISTRICT COURT REPORTER MOVES HERE

Robert George, who is named court reporter for the newly created 11st District arrived in Morton Wednesday. George, who attended School of Court Reporters in Plainview, is moving to from Kress. He is a member of the Baptist Church.
